FOR IMMEDIATE RELEASE

### G. WILLI-FOOD REPORTS FINANCIAL RESULTS FOR THE SECOND QUARTER AND FIRST SIX MONTHS OF 2007

#### CONTINUED FOCUS ON PROFITABLE GROWTH

YAVNE, Israel - August 27, 2007 - G. Willi-Food International Ltd. (NASDAQ: WILC) (the "Company" or "Willi-Food"), one of Israel's largest food importers and a single-source supplier of one of the world's most extensive range of quality kosher food products, today announced its unaudited financial results for the second quarter and first six months ended June 30, 2007.

#### SECOND QUARTER 2007 FINANCIAL HIGHLIGHTS

- o 29.1% increase in sales over second quarter 2006
- o 17.6% increase in gross profit over second quarter 2006
- o 9.6% increase in net income over second quarter 2006, including one-time expenses related to the move to the new logistics center

Second quarter 2007 results include consolidated results of Laish Israeli, a U.S. importer and distributor of kosher food products acquired by the Company and the Company's global kosher trade and export joint venture with the Baron family.

Revenues for the second quarter of 2007 increased 29.1% to NIS 55.8 million (US \$13.1 million) compared to revenues of NIS 43.2 million (US \$10.2 million) in the second quarter of 2006. The increase in revenues continues to be driven by the Company's international expansion and addition of new business units.

Gross profit for the second quarter of 2007 increased by 17.6% to NIS 13.4 million (US \$3.2 million) compared to gross profit of NIS 11.4 million (US \$2.7 million) in the second quarter of 2006. Second quarter gross margin was 24.1% compared to 26.4% for the same period in 2006. The global increase in the prices of raw food materials overall, and in particular goods related to milk and dairy products, had a negative impact on gross profit for the period.

Mr. Zwi Williger, President and COO of Willi-Food commented, "Second quarter results remained strong. We experienced some margin pressure in the quarter due to the global increases in raw material prices, but are pleased to consistently

## Edgar Filing: G WILLI FOOD INTERNATIONAL LTD - Form 6-K

deliver significantly higher margins than those generated by most other companies in our industry."

Willi-Food's operating income for the second quarter of 2007 declined to NIS 2.7 million (US \$0.6 million) from NIS 3.8 million (US \$0.9 million) reported in the comparable quarter of last year. Second quarter selling expenses as a percentage of revenues increased slightly to 13.1% compared to 10.9% in the prior year's period, reflecting increased one-time expenses related to the transition to the new logistics center.

The Company completed its transition to the new state-of-the-art logistics center situated in Yavne. Storage and distribution operations are now integrated in the same facility, and the Company expects to realize future cost savings from the consolidation of warehouse operations and implementation of new inventory management systems.

Willi-Food's second quarter 2007 net income was NIS 2.9 million (US\$0.7 million), or NIS 0.28 (US\$0.07) per share compared to a net income of NIS 2.6 million (US\$0.6 million), or NIS 0.31 (US\$0.07) per share, recorded in the second quarter of 2006.

Willi-Food ended the quarter with \$21.6 million in cash and securities and approximately \$1.5 million in short-term debt.

The Company's Gold Frost subsidiary, which develops chilled and dairy products, reported a 37.1% increase in second quarter 2007 revenues to \$3.5 million from \$2.5 million in the same quarter of 2006. The subsidiary's gross profit for the quarter was \$1.4 million or 41% of revenues compared to \$1.3 million or 53% of revenue in the same 2006 period. Second quarter operating income for Gold Frost was \$787,000 or 23% of revenues, compared to \$816,000 or 32% of revenues in the same 2006 period. Gold Frost's income before taxes was \$904,000 compared to \$914,000 in the second quarter of 2006. Second quarter net income for Gold Frost increased 15% to \$769,000 from \$670,000 in second quarter 2006.

### SIX-MONTH RESULTS

Willi-Food's revenues for the six-month period increased 30% to NIS 127.2 million (US \$29.9 million) compared to revenues of NIS 97.7 million (US \$23.0 million) in the first half of 2006. Gross profit for the period increased 33% to NIS 34.2 million (US \$8.1 million) compared to gross profit of NIS 25.8 million (US \$6.1 million) for the six month period in 2006. First half gross margins remained level at 26.9% compared to gross margins of 26.4% in the same period in 2006.

Operating income for the first half of 2007 increased 55% to NIS 12.8 million (US \$3.0 million) from NIS 8.3 million (US \$1.9 million) reported in the comparable period of last year. First half 2007 income before taxes was NIS 15.1 million (US \$3.6 million) compared to NIS 28.8 million (US \$6.8 million) recorded in the first half of 2006. Net income for the first half of 2007 was NIS 9.4 million (US \$2.2 million), or NIS 0.92 (US \$0.22) per share compared to NIS 25.3 million (US \$6.0 million), or NIS 2.94 (US \$0.69) per share, recorded in the first half of 2006.

### OUTLOOK

"Our business is growing rapidly and we remain focused on maximizing long-term

## Edgar Filing: G WILLI FOOD INTERNATIONAL LTD - Form 6-K

profitability and expanding the Willi-Food brand globally," stated Mr. Williger. "We have integrated our new business units and are making necessary adjustments to improve our overall blended margin both domestically and internationally.

"The evaluation of our traditional dry-goods import business in Israel and Laish's extensive product line was initiated last quarter, as part of our strategy to improve margins in these business segments. We have been analyzing revenue and profit contributions across various products and categories and identifying opportunities to eliminate or replace certain items with those generating higher returns. As we move forward with this process, we are finding more opportunities for product elimination or replacement than we had originally planned, which will likely result in further short-term revenue reductions in these businesses in 2007; however we are confident that this strategy will deliver better profit returns in the future.

"We are also reviewing the optimal timing for penetration of the U.S. kosher dairy market, in light of worldwide cost increases in dairy production. We are working closely with our global suppliers to manage rising costs and develop additional resources and have decided to temporarily delay the sale of dairy imports into the U.S. until we have more control over this issue. We are still pursuing our own dairy import license for our Gold Frost subsidiary with the U.S. authorities, and Gold Frost is still working on new product labeling in compliance with USDA and kosher regulations, so we will be ready to execute when this cost challenge is resolved.

"Our strategy of building a distribution network in the U.S. through acquisition of channels with local and national retailer relationships is moving ahead. The goal is to expand Willi-Food's brand presence through distribution of existing high-margin innovative products and then leverage this foundation to penetrate the kosher dairy market once we are able to achieve more favorable margins in this segment.

"Including all of these factors, we are reducing our 2007 estimates for revenue growth to a range of 30-40% over the NIS 191.5 million (US \$45.1 million) in reported revenues for 2006, adjusted for currency fluctuation. We believe that this estimate represents very significant revenue growth with the ramp-up of our newly added business lines, but more importantly, enables us to deliver the highest margins possible. Demand for innovative kosher products remains strong and we are confident in our ability to leverage our enhanced international platform to become a highly profitable leader in the global marketplace."

The Company will host a conference call to discuss results on August 27, at 10:00 AM EDT. Interested parties may participate in the conference call by dialing (877) 407-0778 (US), or (201) 689-8565 (International) 5-10 minutes prior to the start of the call.
