Item 3.02 Unregistered Sales of Equity Securities.

Pursuant to the original terms of the Strategic Alliance Agreement (the "Alliance Agreement") dated March 18, 2009, Elite Pharmaceuticals, Inc., a Delaware corporation (the "Registrant") and Epic Pharma, LLC, a Delaware limited liability company, and Epic Investments, LLC, a Delaware limited liability company and wholly-owned subsidiary of Epic (collectively "Epic" or the "Purchaser"), entered into the second closing of the Alliance Agreement (the "Second Closing Date").

Under the terms of the second closing, and in order to provide the Registrant with the additional capital necessary for the product development and synergies presented by the strategic relationship with Epic the Registrant sold one thousand (1,000) shares of Series E Preferred Stock Price to the Purchaser for the sum of One Million Dollars (\$1,000,000) in cash consideration. The 1,000 shares of Series E Preferred Stock is presently convertible, by the terms of the Company's Certificate of Incorporation as amended, into 20,000,000 shares of common stock.

On the Second Closing Date, the Registrant delivered to the Purchaser one thousand shares of Series E Preferred Stock, plus a warrant registered in the name of the Purchaser to purchase up to forty million (40,000,000) shares of Common Stock at an exercise price of Six and 25/100 Cents (\$0.0625) per share, in exchange for \$1,000,000 paid by the Purchaser.

The Second Closing was conditioned on various items, including shareholder approval of the contemplated amendment to the Company's certificate of incorporation to increase the number of authorized shares of common stock, reduce the number of shares of authorized preferred stock, and reduce the par value of the Company's common stock. In addition, the Second Closing was conditioned upon the Company and Purchaser fulfilling covenants, representations and warranties that are customary for transactions of this nature, as set forth in the Alliance Agreement.

In connection with the foregoing, on October 27, 2009 the Registrant amended its Certificate of Incorporation to (i) increase the number of authorized shares of Common Stock from 210,000,000 to 355,516,558, reduce the authorized shares of Preferred Stock from 5,000,000 to 4,483,442 and reduce the par value of the authorized shares of Common Stock from \$0.01 to \$0.001 per share.

Item 8.01 Other Events.

Reference is made to the issuance of securities by the Registrant as described in Item 3.02 above, which is incorporated by reference into this Item.

Use of Facility and Joint Development of Drug Products

Epic and its employees and consultants are using and intend to continue to use a portion of the Registrant's facility located at 165 Ludlow Avenue, Northvale, New Jersey (the "Facility"), for the purpose of developing new generic drug products, all at Epic's sole cost and expense (other than Facility related expenses). Under the Alliance Agreement (i) at least eight additional generic drug products will be developed by Epic at Elite's facility with the intent of filing abbreviated new drug applications for obtaining United States Food and Drug Administration ("FDA") approval of such generic drugs, (ii) Elite will be entitled to 15% of the profits generated from the sales of such additional generic drug products upon approval by the FDA, and (iii) Epic and Elite will share with each other certain resources, technology and know-how in the development of drug products, which Elite believes will benefit the continued development of its current drug products. Epic will also be entitled to receive additional shares of Elite's Common Stock and warrants to purchase shares of Elite's Common Stock upon achievement of certain milestones relating to the eight additional generic drug products being developed together. The development of these products has been initiated.
