**Clarification of Financial Position**

LONDON, UK, 3 March 2006 - SkyePharma PLC (LSE: SKP; Nasdaq: SKYE) wishes to clarify its financial position regarding the NAV group in the media today.

Under the UK Listing Rules a company is required to report if there is a material change in its financial position. There has been no material change in SkyePharma's financial condition since the working capital statement in the last financial statement.

Yesterday the NAV group issued a document and SkyePharma responded to all its claims proving that the allegations against its governance are completely without foundation. However, verbally the NAV group has made outrageous claims about SkyePharma's position.

No mention of the alleged cash problem was included in the NAV group's written release. This is a deliberate tactic by this small collection of shareholders who are using their influence to continue to destroy value in SkyePharma. The damage these slurs are causing.

Jerry Karabelas said:

"There is no cash problem.

"The behaviour of the NAV group is disgraceful. Having failed to make their innuendos over the years, they have now spread rumours which are simply untrue.

"The time has come for other shareholders to stand up for SkyePharma before the NAV group do anything else.
