## Edgar Filing: ANSELL LTD - Form 6-K

Indicate by check mark whether by furnishing the information contained in this Form, the registrant is also thereby furnishing the information to the Commission pursuant to Rule 12g3-2(b) under the Securities Exchange Act of 1934.

Yes  No

This Form 6-K is designated as incorporated by reference into the Form F-3 Registration Statement filed with the Securities and Exchange Commission on November 20, 1990 with file numbers 33-37752 and 33-37752-01, the Form F-3 Registration Statement filed with the Securities and Exchange Commission on April 30, 1991 with file number 33-40228, the Form F-3 Registration Statement filed with the Securities and Exchange Commission on October 31, 1994 with file numbers 33-85802 and 33-85802-1, the Form S-8 Registration Statement filed with the Securities and Exchange Commission with file number 33-18603, and the Form F-3 Registration Statement filed with the Securities and Exchange Commission on July 25, 1997 with file number 333-6472.

This Form 6-K contains forward-looking statements within the meaning of the Securities Exchange Act of 1934 as amended, and information that is based on management's beliefs as well as assumptions made by and information currently available to management. When used in this Form 6-K, the words anticipate, approach, begin, believe, continue, expect, forecast, going forward, improved, likely, look for, outlook, plans, potential, proposal, should and would and similar expressions are intended to identify forward-looking statements. These forward-looking statements necessarily make assumptions, some of which are inherently subject to uncertainties and contingencies that are beyond the Company's control. Should one or more of these uncertainties materialize, or should underlying assumptions prove incorrect, actual results may vary materially from those anticipated, expected, estimated or projected. Specifically, the ability of the Company to realize its ongoing commitment to increasing shareholder value through its ongoing restructuring, asset dispositions, strategic review and implementation, and cost cutting initiatives, may be affected by many factors including: uncertainties and contingencies such as economic conditions both in the world and in those areas where the Company has or will have substantial operations; foreign currency exchange rates; pricing pressures on products produced by its subsidiaries; growth prospects; positioning of its business segments; future production output capacity; and the success of the Company's business strategies, including further structural and operational changes, business dispositions, internal reorganizations, cost cutting, and consolidations.
