Proposal One

ELECTION OF DIRECTORS

Edgar Filing: UNIVERSAL CORP /VA/ - Form DEF 14A

Four directors are to be elected at the Annual Meeting for terms of three years. Seven other directors have been elected to terms expiring in 2005 or 2006, as indicated below. The following pages set forth certain information for each nominee and each incumbent director as of March 31, 2004, except as otherwise noted. With the exception of Chester A. Crocker, all of the nominees and all the incumbent directors listed below were directors previously elected by the shareholders.

The election of each nominee for director requires the affirmative vote of the holders of a plurality of the shares of Common Stock cast in the election of directors. With a plurality vote, the nominees that receive the highest vote totals for the director positions up for election will be elected. Votes that are withheld and shares held in street name (Broker Shares) that are not voted in the election of directors will not be included in determining the number of votes cast. Unless otherwise specified in the accompanying form of proxy, it is intended that votes will be cast for the election of all of the nominees as directors. If, at the time of the Annual Meeting, any nominee should be unavailable to serve as a director, it is intended that votes will be cast, pursuant to the enclosed proxy, for such substitute nominee as may be nominated by the Board of Directors. Each nominee has consented to being named in this Proxy Statement and to serve if elected. Section 16(a) Beneficial Ownership Reporting Compliance

The Company's directors and executive officers are required under Section 16(a) of the Securities Exchange Act of 1934, as amended, to file reports of ownership and changes in ownership of Common Stock with the Securities and Exchange Commission and the New York Stock Exchange. Copies of those reports must also be furnished to the Company.

Based solely on a review of the copies of reports furnished to the Company and the written representations of its directors and executive officers, the Company believes that, during the preceding fiscal year, all filing requirements applicable to directors and executive officers were satisfied.

CORPORATE GOVERNANCE AND COMMITTEES

The business and affairs of the Company are managed under the direction of the Board of Directors in accordance with the Virginia Stock Corporation Act and the Company's Articles of Incorporation and Bylaws. Members of the Board are kept informed of the Company's business through discussions with the Chairman, President, and Chief Executive Officer and other officers by reviewing materials provided to them and by participating in meetings of the Board and its committees. The corporate governance practices followed by the Company are summarized below.

Corporate Governance Guidelines

The Board of Directors has adopted Corporate Governance Guidelines that set forth the practices of the Board with respect to the qualification and selection of directors, director orientation and continuing education, director responsibilities, Board composition and performance, director access to management and independent advisors, director compensation, management evaluation and succession, evaluation of the Board's performance, and various other issues. The Guidelines are available to shareholders and the public free of charge under the Investor/Corporate Governance section of the Company's website at www.universalcorp.com. A printed copy is available to any shareholder free of charge upon written request to the Treasurer of the Company, at Universal Corporation, 1501 North Hamilton Street, Richmond, Virginia 23230.

The Board of Directors, in its business judgment, has determined that nine of its ten members are independent as defined by the New York Stock Exchange listing standards. In reaching this conclusion, the Board evaluated each director in light of the specified independence tests set forth in the New York Stock Exchange listing standards. In addition, the Board considered whether the Company and its subsidiaries conduct business and have other relationships with organizations of which certain members of the Board or members of their immediate families are or were directors or officers. The Board evaluated such relationships, if any, with respect to each director except Mr. King, the Company's Chairman, President, and Chief Executive Officer, and determined that no such relationships were material.

Code of Ethics

The Board of Directors has adopted a Business Ethics Policy applicable to directors, officers, and employees of the Company and each of its subsidiaries and controlled affiliates. The Business Ethics Policy includes the New York Stock Exchange requirements for a Code of Business Conduct and Ethics and the Securities and Exchange Commission requirements for a Code of Ethics for Senior Financial Officers. The Business Ethics Policy addresses such topics as protection and proper use of Company assets, compliance with applicable laws and regulations, accuracy and preservation of records, accounting and financial reporting, conflicts of interest, and insider trading. The Business Ethics Policy is available

Edgar Filing: UNIVERSAL CORP /VA/ - Form DEF 14A

to shareholders and the public free of charge under the Investor/Corporate Governance section of the Company's website at www.universalcorp.com. A printed copy is available to any shareholder free of charge upon written request to the Treasurer at the address set forth above.

Board and Committee Meeting Attendance

In 2003, there were four meetings of the Board of Directors. Each director attended 75% or more of the total number of meetings of the Board and of the committees on which he served.

Executive Sessions

The independent directors of the Board meet in executive session at least annually without management or employee directors present. The independent directors designate the director who will preside at the executive session. This year, the independent directors designated Mr. Stallard as the presiding director. The presiding director is responsible for advising the Chairman and/or the Chief Executive Officer of the outcome of any decisions reached or suggestions made at these sessions. Executive sessions where non-employee directors meet on an informal basis may be scheduled either before or after each regularly scheduled Board meeting.

Communications with Directors

Shareholders may at any time direct communications to the Board as a whole, to the director who presides at the executive sessions of the non-management directors, or to any individual member of the Board, through the Company's website or by contacting the Company's Secretary. The Company's website contains an e-mail address established for receipt of shareholder communications, and provides the full mailing address for communications to be delivered via the Company's Secretary.

Shareholders making such communications are encouraged to state that they are shareholders and provide the exact name in which their shares of Common Stock are held and the number of shares held. Each shareholder communicating with the Board will receive a written acknowledgement from the Company's Secretary after receipt of the communication sent in the manner described above. After screening such communications, the Company's Secretary will distribute communications to the intended recipient(s) as appropriate.

Committees of the Board

The standing committees of the Board of Directors are the Executive Committee; the Audit Committee; the Executive Compensation, Nominating, and Corporate Governance Committee; the Finance Committee; and the Pension Investment Committee.

Executive Committee

The Executive Committee has the authority to act for the Board of Directors on most matters during the intervals between Board meetings. The members of the Executive Committee are Messrs. King (Chairman), Farrell, Foster, Sheehan, and Stallard. The Executive Committee met five times during the fiscal year ended March 31, 2004. The Board, in its business judgment, has determined that all members of the Executive Committee except Mr. King are independent as defined by the New York Stock Exchange listing standards.

Audit Committee

The responsibilities of the Audit Committee include the review of the scope and the results of the work of the independent public accountants and internal auditors, the review of the adequacy of internal accounting controls, and the selection and appointment of independent public accountants. The Audit Committee operates under a written charter last amended by the Board in October 2002. The Audit Committee Charter is available under the Investor/Corporate Governance section of the Company's website at www.universalcop.com.

The members of the Audit Committee are Messrs. Stosch (Chairman), Adams, Johnson, Moore, and Sheehan. The Board of Directors has determined that each of the Audit Committee members is independent, as defined under the applicable independence standards set forth in regulations of the Securities and Exchange Commission and the New York Stock Exchange listing standards. The Board has also determined that all of the Audit Committee members are financially literate as defined by the New York Stock Exchange listing standards. In accordance with the applicable regulations of the Securities and Exchange Commission, the Board of Directors has further determined that the Audit Committee contains at least one audit committee financial expert as defined by such regulations. Walter A. Stosch, the Chairman of the Audit Committee. The fact that the Board did not name any additional Audit Committee members as audit committee financial experts does not in any way imply that other members do not meet that definition.

The Audit Committee met six times during the fiscal year ended March 31, 2004. Additional information with respect to the Audit Committee is discussed below under Audit Information.

Executive Compensation, Nominating, and Corporate Governance Committee

The Executive Compensation, Nominating, and Corporate Governance Committee performs the responsibilities of the Board of Directors relating to compensation of the Company's executives. The committee's responsibilities include reviewing and approving corporate goals and objectives relevant to compensation of the Company's Chief Executive Officer, evaluating the Chief Executive Officer's performance in light of those goals and objectives, and determining and approving the Chief Executive Officer's compensation level based on this evaluation; making recommendations to the Board with respect to annual and long-term incentive compensation and equity-based plans; evaluating the performance of, and determining the salaries, incentive compensation, and executive benefits for senior management; and administering the Company's equity-based, deferred and other compensation plans. For additional information regarding the activities of the committee, see Report of Executive Compensation, Nominating, and Corporate Governance Committee on page 11 of this Proxy Statement. The committee also develops qualifications for director candidates, recommends to the Board of Directors persons to serve as directors of the Company and monitors developments in, and makes recommendations to the Board concerning, corporate governance practices. The committee acts as the Company's nominating committee. The committee operates under a written charter last amended by the Board in April 2004. The committee's Charter is available under the Investor/Corporate Governance section of the Company's website at www.universalcorp.com.

The members of the Executive Compensation, Nominating, and Corporate Governance Committee are Messrs. Sheehan (Chairman), Farrell, Foster, and Stallard, all of whom the Board, in its business judgment, has determined are independent as defined by the New York Stock Exchange listing standards. The committee met four times during the fiscal year ended March 31, 2004.

Shareholders entitled to vote for the election of directors may submit candidates for consideration by the committee if the Company receives timely written notice, in proper form, for each such recommended director nominee. If the notice is not timely and in proper form, the nominee will not be considered by the committee. To be timely for the 2005 Annual Meeting, the notice must be received within the time frame set forth in Proposals for 2005 Annual Meeting on page 26 of this Proxy Statement. To be in proper form, the notice must include each nominee's written consent to be named as a nominee and to serve, if elected, and information about the shareholder making the nomination and the person nominated for election. These requirements are more fully described in the Company's Bylaws and Corporate Governance Guidelines. The committee does not differentiate between Board candidates submitted by Board members or those submitted by shareholders with respect to evaluating candidates. All Board candidates are considered based upon various criteria, such as their broad-based business skills and experience, prominence, and reputation in their profession, a global business and social perspective, concern for the long-term interests of the shareholders, knowledge of the Company's or related industries, and personal and professional integrity, ethics, and judgment all in the context of an assessment of the perceived needs of the Board at that point in time. Because the needs of the Board change from time to time, the committee has not established specific minimum

qualifications that must be met by potential new directors. However, the Board believes that, as a matter of policy, there should be a substantial majority of independent directors on the Board.

Finance Committee

The Finance Committee has the responsibility of establishing the Company's financial policies and controlling the use of its financial resources. The members of the Finance Committee are Messrs. Foster (Chairman), King, Trani, and Stosch. The Board, in its business judgment, has determined that all members of the Finance Committee except Mr. King are independent as defined by the New York Stock Exchange listing standards. The Finance Committee met two times in 2003.

Pension Investment Committee

The Pension Investment Committee establishes the investment policies, selects investment advisors and portfolio managers, and monitors the performance of investments of the pension plans, the retirement plans and other qualified employee benefit plans of Universal Leaf and the Company's other U.S. subsidiaries. The members of the Pension Investment Committee are Messrs. Stallard (Chairman), Farrell, Johnson, Moore, and Trani, all of whom the Board, in its business judgment, has determined are independent as defined by the New York Stock Exchange listing standards. The Pension Investment Committee met three times during the fiscal year ended March 31, 2004.

Annual Meeting Attendance

The Company expects and encourages each member of the Board of Directors to attend the annual meeting of shareholders when it is reasonably practical for the director to do so. All of the directors attended the 2003 Annual Meeting of Shareholders.

DIRECTORS' COMPENSATION

Each director who is not an officer of the Company receives an annual retainer of \$30,000, a fee of \$1,500 for each Board meeting attended, and a fee of \$1,500 for each committee meeting attended. A non-employee director may elect to receive his annual retainer in cash, shares of Common Stock, or an option to purchase such shares. If option payment is elected, the number of shares of Common Stock covered by the option is determined by dividing the Black-Scholes value per share on the date of grant into 125% of the cash value of the annual retainer.

The Outside Directors' 1994 Deferred Income Plan permits a non-employee director to defer all or a portion of his compensation. Deferred amounts are deemed hypothetically invested as designated by the director in certain investment options offered by the Company. In 1998, this plan was amended to add a deferred stock unit fund to the investment options available under the plan. Each deferred stock unit represents a hypothetical share of Common Stock and fluctuates in value with the market price of the stock. The portion of a director's deferral account that is invested in the deferred stock unit fund is increased by the number of deferred stock units that could be purchased with Common Stock dividends paid by the Company. With respect to investment options other than the deferred stock unit fund, the Company may, but is not required to, invest the deferred amounts in a Company-owned life insurance product with parallel investment options. Subject to certain restrictions, the director may elect at the time of deferral to take cash distributions, in whole or in part, from his deferral account either prior to or following termination of service.

Pursuant to the Restricted Stock Plan for Non-Employee Directors and the 2002 Executive Stock Plan, each non-employee director is awarded 700 shares of restricted Common Stock each year following the Annual Meeting. No director may receive in the aggregate more than 2,100 shares of restricted Common Stock under these plans. Restrictions on awards under this plan expire in the event the director becomes disabled, dies, is

not nominated for reelection, or is not reelected. The number of shares issued to non-employee directors will be adjusted for stock dividends, stock splits, and certain other corporate events that may occur in the future.

Under the 1994 Stock Option Plan for Non-Employee Directors and the 2002 Executive Stock Plan, each non-employee director receives an option to purchase 2,000 shares of Common Stock on the first business day following the Annual Meeting. The exercise price of all such options is the fair market value of the Common Stock on the date of grant. All of the options become exercisable six months after the date of grant and expire ten years from the date of grant. Shorter expiration periods may apply in the event an optionee dies, becomes disabled, or resigns from, or does not stand for reelection to, the Board. The options will be adjusted for stock dividends, stock splits, and certain other corporate events that may occur in the future.

As part of its overall program of charitable giving, the Company offers the directors participation in a Directors Charitable Contribution Program (the Charitable Program). The Charitable Program is funded by life insurance policies purchased by the Company on the directors. The directors derive no financial or tax benefits from the Charitable Program, because all insurance proceeds and charitable tax deductions accrue solely to the Company. However, the Company will donate up to \$1,000,000 in aggregate to one or more qualifying charitable organizations recommended by that director. The donation(s) will be made by the Company in ten equal annual installments, with the first installment to be made at the later of the director's retirement from the Board or age 70; the remaining nine installments will be paid annually beginning immediately after the director's death.

Each director is also eligible to participate in a Directors Matching Gifts Program in which the Company matches directors' contributions to charities. The maximum amount that can be matched in any fiscal year is \$5,000 per director.

REPORT OF EXECUTIVE COMPENSATION, NOMINATING, AND CORPORATE GOVERNANCE COMMITTEE

The Company's executive compensation and benefits program is administered by the Executive Compensation, Nominating, and Corporate Governance Committee (the Committee), which is composed entirely of non-employee directors, all of whom the Board, in its business judgment, has determined are independent as defined by the New York Stock Exchange listing standards. The goal of the program is to attract, motivate, reward, and retain the management talent required to achieve the Company's business objectives, at compensation levels that are fair and equitable and competitive with those of comparable companies. This goal is furthered by the Committee's policy of linking compensation to individual and corporate performance and by encouraging significant stock ownership by senior management in order to align the financial interests of management with those of the shareholders.

The three main components of the Company's executive compensation program are base salary, annual cash awards under incentive compensation plans adopted by the Company and its principal subsidiaries, and equity participation usually in the form of stock option grants and eligibility to participate in the Employees Stock Purchase Plan of Universal Leaf. Each year the Committee reviews the total compensation package of executive officers to ensure they meet the goals of the program. As a part of this review, the Committee considers corporate performance information, compensation survey data, the advice of consultants, and the recommendations of management. The Committee has undertaken a fundamental reappraisal of the mix, form, and calibration of the Company's executive compensation program for the 2006 fiscal year. The existing program will remain in effect for the 2005 fiscal year.

Base Salary. Base salaries for executive officers are reviewed annually to determine whether adjustments may be necessary. Factors considered by the Committee in determining base salaries for executive officers include personal performance of the executive in light of individual levels of responsibility, the overall performance and profitability of the Company during the preceding year, economic trends that may be affecting the

Edgar Filing: UNIVERSAL CORP /VA/ - Form DEF 14A

Company, and the competitiveness of the executive's salary with the salaries of executives in comparable positions at companies of comparable size or operational characteristics. Each factor is weighed by the Committee in a subjective analysis of the appropriate level of compensation for that executive. For purposes of

- 10 -

assessing the competitiveness of salaries, the Committee reviews compensation data from national surveys and selected groups of companies with similar size or operational characteristics to determine ranges of total compensation and the individual components of such compensation. Such compensation data indicates that the Company's salary levels generally are below the median of such data when compared to executive positions of similar scope and responsibility.

Mr. King became the CEO of the Company on January 1, 2003, and Chairman of the Board on October 28, 2003, and has 35 years experience with the Company. For the fiscal year beginning April 1, 2004, Mr. King's base salary was increased by the annualized rate of 3.3% after a thorough review and evaluation by the Committee of the competitiveness of Mr. King's salary and total cash compensation to those of other Chief Executive Officers at comparable companies.

Annual Cash Incentives. The Company and its principal subsidiaries have incentive compensation plans under which key management employees may receive annual cash incentive awards that vary from year to year based upon corporate, business unit, and individual performance. Pursuant to the Company's Executive Officer Annual Incentive Plan (the "Incentive Plan") approved by the shareholders at the 1999 Annual Meeting and slated for a vote of approval at the Annual Meeting, with respect to the Named Executive Officers based in the United States, the bonus awards in the 2004 fiscal year were based 50% on the generation of economic profit, which is defined as consolidated earnings before interest and taxes after certain adjustments minus a capital charge equal to the weighted average cost of capital times average funds employed, and 50% on the generation of earnings per share, adjusted to exclude extraordinary gains and losses and bonus accruals under the plan. Mr. King's cash incentive award for the 2004 fiscal year was approximately 5.9% less than the award he received in fiscal year 2003. This decrease is directly attributable to the financial performance of the Company, including the Company's economic profit and adjusted earnings per share performance during fiscal year 2004. In May 2004, the Committee approved amendments to the Incentive Plan, subject to shareholder approval, that will give the Company the option of paying a portion of bonus awards under the Plan in shares of stock or stock units authorized under the 2002 Executive Stock Plan.

Equity Participation. The Committee administers the Company's 1989, 1997, and 2002 Executive Stock Plans, under which it has granted to key executive employees options to purchase shares of Common Stock based upon a determination of competitive aggregate compensation levels. The primary objective of issuing stock options is to encourage significant investment in stock ownership by management and to provide long-term financial rewards linked directly to market performance of the Company's stock. The Committee believes that significant ownership of stock by senior management is the best way to align the interests of management and the shareholders, and the Company's stock incentive program is effectively designed to further this objective.

During the 1992 fiscal year, the Committee instituted the Career Equity Ownership Program (the "CEO Program") to promote an increase in the equity interest of key executives through systematic option exercises and the retention of shares. The CEO Program requires each participant to make an investment in the Company by contributing to the CEO Program currently owned shares equal to at least 10% of the number of shares subject to the initial options granted to the participant under the CEO Program. Option exercises occur automatically at not less than six-month intervals when at least a minimum stock price appreciation has occurred. The exercise price of options granted under the CEO Program is the fair market value of a share of Common Stock on the date of grant. CEO options cannot be exercised until six months after the date of grant and expire ten years from such date. Stock options granted to key executives under the CEO Program in the 2003 fiscal year were intended to meet the Committee's three-year targets for CEO Program grants and, therefore, no new option grants (excluding reload options described below) were made under the CEO Program during the 2004 fiscal year, and none are anticipated for the 2005 fiscal year (excluding reload options and possible grants to any new CEO Program participants).

Except under extraordinary circumstances or as otherwise determined by the Committee, participants have agreed that the options granted under the CEO Program may be exercised only through stock-for-stock swaps, and both the contributed shares and additional shares acquired through option exercises under the CEO Program may not be sold by the participating executives during the ten-year option term. Each option granted under the CEO Program included a reload replenishment feature that entitles participants each time a stock-for-stock

exercise occurs to receive automatically a new option grant at the fair market value of a share of Common Stock on the date of grant. The number of reload options granted is equal to the number of shares contributed by a participant to effect a stock-for-stock swap. In exchange for this replenishment feature, each participant has agreed to retain in the CEO Program shares equaling at least the after-tax gain realized upon each exercise.

Over the years, the CEO Program has served the Company well. Its automatic exercise feature has delivered real share ownership into the hands of executive management. Its up-front investment and share retention features have made executive management long-term investors with skin in the game, aligning their interests with those of shareholders. Solid gains in the stock price over the term of the CEO Program have generated amounts of performance-based equity compensation, at modest dilution, which have permitted the overall executive compensation program to approach market competitive levels. However, with the expensing of stock options soon to be made mandatory, it appears likely that the accounting cost of the CEO Program will dictate consideration of other, more cost-efficient forms of equity compensation. This issue will be examined as part of the fundamental reappraisal of executive compensation referred to above.

Tax Considerations. Section 162(m) of the Internal Revenue Code of 1986, as amended (the Internal Revenue Code), generally disallows a tax deduction to public companies for compensation of more than \$1 million paid in any year (not including amounts deferred) to a company's chief executive officer and to the four other most highly compensated executive officers. However, the statute exempts qualifying performance-based compensation from the deduction limit if certain requirements are met. In this regard, the Company has taken appropriate actions to preserve the deductibility of stock option grants and annual cash incentive awards, and to date, all executive compensation has been either deductible or deferred. While the Company's policy is generally to preserve corporate tax deductions by qualifying compensation over \$1 million paid to executive officers as performance-based, the Committee may, from time to time, conclude that compensation arrangements are in the best interests of the Company and its shareholders despite the fact that such arrangements might not, in whole or part, qualify for tax deductibility.

Retirement Benefits

Employees of Universal Leaf and certain of the Company's other U. S. subsidiaries are covered by a defined benefit retirement plan, which is qualified under the Internal Revenue Code, and a defined benefit supplemental retirement plan, which is a non-qualified plan intended to provide benefits in excess of limits allowed by the Internal Revenue Code. The table below shows estimated annualized benefits payable under both plans at normal retirement (age 65) based on the average salary and bonus (as reported in the Summary Compensation Table) for the highest consecutive three years. The actuarial equivalent of benefits under the supplemental retirement plan is payable in a lump sum upon retirement.

by employer and participant contributions. During the fiscal year ended March 31, 2004, N.V. Deli Universal contributed \$73,700 to the plan on behalf of Mr. van de Winkel. His estimated annual pension benefit under the plan assuming retirement at age 60, continuance of current salary level and 20 years of service would be \$172,750.

During fiscal year 2003, the Company provided funding payments to individual trusts for covered officers with vested accrued benefits under Universal Leaf's defined benefit supplemental retirement plan. Due to the abbreviated fiscal year resulting from the Company's change in fiscal year end, however, the Company did not provide any such payments during the fiscal year ended March 31, 2004.

The following tables contain information concerning grants of stock options to the Named Executive Officers during the fiscal year ended March 31, 2004, exercises of stock options by such executive officers in such fiscal year and the fiscal year end value of all unexercised stock options held by such executive officers.

¹ The Black-Scholes option pricing model was used to determine the Grant Date Present Value of the options listed in the table. The model assumed a risk-free interest rate of 1.60%, a dividend yield of 3.62% and a stock price volatility of 0.30 based on the average weekly stock market closing price over the past ten years. Because the magnitude of any nontransferability discount is extremely difficult to determine, none was applied in determining the value of the reported options. The grant date present values set forth in the table are only theoretical values and may not accurately determine present value. The actual value, if any, an optionee realizes will depend on the excess of market value of a share of Common Stock over the exercise price on the date the option is exercised.

Contractual Obligations

To ensure that the Company will have the continued dedicated service of certain executives notwithstanding the possibility, threat, or occurrence of a change of control, the Company entered into change of control employment agreements (the Employment Agreements) with certain executives, including Allen B. King, William L. Taylor, Hartwell H. Roper, and James H. Starkey, III. The Employment Agreements generally provide that if the executive is terminated other than for cause within three years after a change of control of the Company, or if the executive terminates his employment for good reason within such three-year period or voluntarily during the 30-day period following the first anniversary of the change of control, the executive is entitled to receive certain severance benefits. Such severance benefits include a lump sum severance payment equal to three times the sum of his base salary and highest annual bonus, together with certain other payments and benefits, including continuation of employee welfare benefits and an additional payment to compensate the executive for certain excise taxes imposed on certain change of control payments.

The Board of Directors believes that the Employment Agreements benefit the Company and its shareholders by securing the continued service of key management personnel and by enabling management to perform its duties and responsibilities without the distracting uncertainty associated with a change of control.

CERTAIN TRANSACTIONS

In December 1997, the Company made an unsecured loan to Mr. Starkey, a Named Executive Officer, as a participant in the CEO Program for the purchase price of shares of Common Stock purchased by Mr. Starkey and contributed to the program. Mr. Starkey paid the loan in full on June 21, 2004. Interest accrued on the loan annually at the applicable federal rate for demand loans. Interest has been paid annually. The principal amount of the loan, and the loan balance as of June 21, 2004, was \$65,355. The average annual interest applicable to the loan as of June 21, 2004, was 4.11%.

Proposal Two

RE-APPROVAL OF THE UNIVERSAL CORPORATION EXECUTIVE OFFICER

ANNUAL INCENTIVE PLAN, AS AMENDED

On July 27, 1999, the Executive Compensation Committee (the Committee) of the Board of Directors adopted, subject to and effective upon shareholder approval, the Universal Corporation Executive Officer Annual Incentive Plan (the Section 162(m) Plan). The Section 162(m) Plan was approved by the shareholders at the 1999 Annual Meeting of Shareholders. On May 3, 2004, the Committee amended the Section 162(m) Plan, subject to shareholder approval, to afford the Committee the ability to award annual bonuses in the form of Common Stock, restricted stock or stock units in addition to cash and to increase the maximum award payable. Common Stock and restricted stock awarded through the amended Section 162(m) Plan would be issued from the pre-authorized amounts of Common Stock available under the Universal Corporation 2002 Executive Stock Plan, as amended. The purposes of the Section 162(m) Plan are to promote the financial success of the Company; to provide designated executive officers with an opportunity to receive incentive compensation dependent upon that success; to attract, retain, and

Edgar Filing: UNIVERSAL CORP /VA/ - Form DEF 14A

motivate such individuals; and to provide awards that are qualified performance-based compensation under Section 162(m).

The Section 162(m) Plan has been designed to qualify bonuses awarded under the Section 162(m) Plan as qualified performance-based compensation for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). This qualification enables the Company to exclude compensation payable

- 18 -

under the Section 162(m) Plan from the deduction limitations of Section 162(m), which generally preclude a deduction for compensation paid to the Company's Chief Executive Officer and next four highest compensated executive officers to the extent compensation for a taxable year to any such individual exceeds \$1,000,000. Under Section 162(m) of the Code, the material terms of a plan such as the Section 162(m) Plan must be submitted to shareholders for approval every five years. Because the Section 162(m) Plan was last approved by the shareholders in 1999, and because the Section 162(m) Plan was recently amended, the Company has included the material terms of the Section 162(m) Plan in this Proxy Statement. The following description of the Section 162(m) Plan is qualified in its entirety by reference to the full text of such plan, which is set forth in the attached Exhibit B.

Material Terms of the Section 162(m) Plan

Duration and Modification. The Section 162(m) Plan became effective upon its approval by the shareholders at the 1999 Annual Meeting. According to its terms, the Section 162(m) Plan is hereby submitted for re-approval by the shareholders. If approved by the shareholders, the Section 162(m) Plan will remain effective for the fiscal year ending March 31, 2005, and each of the next four succeeding fiscal years. For the fifth succeeding fiscal year, the Section 162(m) Plan will again be submitted for re-approval by the shareholders at the annual meeting held during such year. Payment of all awards under the Section 162(m) Plan for future fiscal years will be contingent upon such approval.

The Committee may at any time amend or terminate the Section 162(m) Plan. However, no amendment may be made after the date an executive officer is selected as a participant for a performance period that may adversely affect the rights of such participant for that performance period, and no amendment may increase the maximum award payable under the Section 162(m) Plan without shareholder approval or otherwise be effective without shareholder approval if such approval is necessary so that awards will be qualified performance-based compensation under Section 162(m) of the Code.

Administration. The Section 162(m) Plan will be administered by the Committee. The Committee will be composed of not less than two Directors, each of whom is intended to be an outside director within the meaning of Section 162(m) of the Code.

Eligibility. The Committee will designate the executive officers of the Company eligible to participate in the Section 162(m) Plan for each performance period. The executive officers of the Company are the Company's Chief Executive Officer and such other executives of the Company as may be considered from time to time to be executive officers for purposes of the Securities Exchange Act of 1934, as amended.

Performance Measures and Goals. Payment of an incentive award to participants is conditioned upon the attainment of pre-established performance goals measured over a performance period designated by the Committee. A performance period may be one or more periods of time over which the attainment of one or more performance goals will be measured for the purposes of determining a participant's right to payment in respect of an award under the Section 162(m) Plan. The performance goals applicable to a performance period must be established in writing by the Committee no later than the earlier of (i) 90 days after the start of the performance period, or (ii) the date upon which 25% of the performance period has elapsed. The performance goals are determined by reference to one or more of the following performance measures, as selected by the Committee and as applicable to Company and/or business unit performance: net income; earnings per share; net revenues; gross profit; income before income taxes; economic profit; return on assets; return on funds employed; and return on equity. In each case, the performance measures are determined in accordance with generally accepted accounting principles, where applicable, as consistently applied by the Company and, if so determined by the Committee, adjusted to the extent permitted under Section 162(m) of the Code to omit the effects of extraordinary items, the gain or loss on the disposal of a business segment, unusual or infrequently occurring events and transactions and cumulative effects of changes in accounting principles. From among these, performance measure(s) may vary from performance period to performance period and participant to participant.

Determination and Payment of Incentives. The incentive amount that is payable to a participant in a performance period will be determined in accordance with a pre-established objective award formula based on

the achievement of performance goals. The Committee has the discretion to reduce or eliminate, but cannot increase, any amounts otherwise payable under the Section 162(m) Plan. Awards under the Section 162(m) Plan will be made in cash, Common Stock, restricted stock, stock units, or a combination thereof. The maximum incentive awardable under the Section 162(m) Plan to any participant with respect to any fiscal year (or a portion thereof) contained within a performance period is \$2,500,000.

Death, Disability, Retirement, or Change of Control. The Section 162(m) Plan provides that if a participant dies or his or her employment is terminated by reason of disability or retirement after an award has been granted but before it has been determined to be earned, the Company will pay to the participant or, in the case of death, to the participant's designated beneficiary or estate, a prorated portion of the award that the Committee determines would have been earned had the participant continued in employment. If a change of control of the Company occurs, the Company will promptly pay to each participant for the performance period in which the change of control occurs 100% of the target incentive award for that performance period. Moreover, if, at the time of a change of control of the Company, award payments for the preceding performance period have not yet been determined or paid, the Company will also pay those award payments based on performance in such prior period with no reduction for subjective performance factors. Change of control under the Section 162(m) Plan means change of control as defined in the Company's 1997 Executive Stock Plan. Under both plans, a change of control shall be deemed to have taken place if (i) any individual, entity, or group becomes the beneficial owner of shares of the Company having 20% or more of the total number of votes that may be cast for the election of Directors of the Company, other than (a) as a result of any acquisition directly from the Company, or (b) as a result of any acquisition by any employee benefit plans (or related trusts) sponsored or maintained by the Company or its subsidiaries; (ii) there is a change in the composition of the Board of Directors of the Company such that the individuals who, as of July 1, 1997, constituted the Board of Directors (the Incumbent Board) cease for any reason to constitute at least a majority of the Board; provided, however, that any individual who becomes a member of the Board of Directors subsequent to July 1, 1997, whose election, or nomination for election by the Company's shareholders, was approved by a vote of at least a majority of those individuals who are members of the Board of Directors and who were also members of the Incumbent Board (or deemed to be such pursuant to this proviso) shall be considered as though such individual were a member of the Incumbent Board; but, provided further, that any such individual whose initial assumption of office occurs as a result of either an actual or threatened election contest or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Board of Directors shall not be so considered as a member of the Incumbent Board; or (iii) if at any time, (w) the Company shall consolidate with, or merge with, any other person and the Company shall not be the continuing or surviving corporation, (x) any person shall consolidate with, or merge with, the Company, and the Company shall be the continuing or surviving corporation and in connection therewith, all or part of the outstanding shares of Common Stock of the Company shall be changed into or exchanged for stock or other securities of any other person or cash or any other property, (y) the Company shall be a party to a statutory share exchange with any other person after which the Company is a subsidiary of any other person, or (z) the Company shall sell or otherwise transfer 50% or more of the assets or earning power of the Company and its subsidiaries (taken as a whole) to any person or persons.

New Plan Benefits. Because participants are selected for each performance period and because amounts payable under the Section 162(m) Plan are based on performance measures, performance goals, and award formulas established for each performance period, it cannot be determined at this time what amounts, if any, will be received by or allocated to any person or group of persons under the Section 162(m) Plan if the Section 162(m) Plan is re-approved. All amounts awarded under the existing Section 162(m) Plan during the last completed fiscal year are reported in the Summary Compensation Table on page 15 of this Proxy Statement as Bonus payments to Messrs. King, Taylor, Roper, and Starkey.

Vote Required

In order for it to be re-adopted, the Section 162(m) Plan must be re-approved by the holders of a majority of the shares of Common Stock present or represented by properly executed and delivered proxies at the Annual Meeting. Abstentions and Broker Shares voted as to any matter at the Annual Meeting will be included in determining the number of shares present or represented at the Annual Meeting. Broker Shares that

are not voted on any matter at the Annual Meeting will not be included in determining the number of shares present or represented at the Annual Meeting.

The Board of Directors recommends that the shareholders vote in favor of Proposal Two.

Audit Committee Report

Management is responsible for the Company's internal controls, financial reporting process, and compliance with laws and regulations and ethical business standards. The independent auditor is responsible for performing an independent audit of the Company's consolidated financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States) and issuing a report thereon. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended. In addition, the Audit Committee has received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees) and discussed with them their independence from the Company and its management. Moreover, the Audit Committee has considered whether the independent auditor's provision of non-audit services to the Company is compatible with maintaining the auditor's independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Transition Report on Form 10-K for the fiscal year ended March 31, 2004, for filing with the Securities and Exchange Commission. By recommending to the Board of Directors that the audited financial statements be so included, the Audit Committee is not opining on the accuracy, completeness, or presentation of the information contained in the audited financial statements.

Management will promptly submit a pre-approval request to the Committee with respect to the additional fee. The Committee will consider, discuss and approve the additional fee at its next scheduled Committee meeting or earlier if the Committee deems it necessary and practicable. The Chairman of the Committee has the authority to consider and approve the additional fee, and the Committee will consider, discuss and ratify the Chairman's approval at the next scheduled Committee meeting. Management will notify the corresponding subsidiaries of the Committee's decision.

B-2

3. **Participation.**

3.1 Participants shall be selected by the Committee from among the Executive Officers. The selection of an Executive Officer as a Participant for a Performance Period shall not entitle such individual to be selected as a Participant with respect to any other Performance Period.

4. **Awards.**

4.1 **Award Schedules.** With respect to each Performance Period with respect to which an Award may be earned by a Participant under the Plan, prior to the expiration of the Determination Period the Committee shall establish in writing for such Performance Period an Award Schedule for each Participant. The Award Schedule shall set forth the applicable Performance Period, Performance Measure(s), Performance Goal(s), and Award Formula(s) and such other information as the Committee may determine. Once established for a Plan Year, such items shall not be amended or otherwise modified to the extent such amendment or modification would cause the compensation payable pursuant to the Award to fail to constitute qualified performance based compensation under Code Section 162(m). Award Schedules may vary from Performance Period to Performance Period and from Participant to Participant.

4.2 **Determination of Awards.** A Participant shall be eligible to receive payment in respect of an Award only to the extent that the Performance Goal(s) for such Award are achieved and the Award Formula as applied against such Performance Goal(s) determines that all or some portion of such Participant's Award has been earned for the Performance Period. As soon as practicable after the close of each Performance Period, the Committee shall meet to review and certify in writing whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, to calculate and certify in writing that amount of the Award earned by each Participant for such Performance Period based upon such Participant's Award Formula. The Committee shall then determine the actual amount of the Award to be paid to each Participant and, in so doing, may decrease, but not increase, the amount of the Award otherwise payable to the Participant based upon such performance. Anything in this Plan to the contrary notwithstanding, the maximum Award payable to any Participant with respect to each Plan Year (or portion thereof) contained within a Performance Period shall be \$2,500,000.

4.3 **Payment of Awards.** At the Committee's discretion, awards may be paid in cash, Common Stock, Restricted Stock, Stock Units or a combination of cash, Common Stock, Restricted Stock or Stock Units. Payments shall be made as soon as practicable after the amount of the Award has been determined and certified in accordance with Section 4.2. The Committee may, subject to such terms and conditions and within such limits as it may from time to time establish, permit one or more Participants to defer the receipt of amounts due under the Plan in a manner consistent with the requirements of Code Section 162(m) so that any increase in the amount of an Award that is deferred shall be based either on a reasonable rate of interest or the performance of a predetermined investment in accordance with Treasury Regulation 1.162-27(e)(2)(iii)(B). If any Award which is earned pursuant to this Section 4 is paid prior to the time determined when the Award was initially granted, the amount of such Award shall be reduced by an appropriate discount factor determined by the Committee.

4.4 **Change of Control.** All Performance Goals and other conditions to payment of Awards shall be deemed to be achieved or fulfilled as of the time of a Change of Control. In the event of a Change of Control, the Company shall promptly pay each Participant 100% of the Participant's Award for the Performance Period in which the Change of Control occurs. In addition, if at the time of a Change of Control there has been no determination or payment of an Award for the preceding Performance Period, the Company shall pay to each individual who was a Participant with respect to such prior Performance Period the full amount to which he or she would have been paid assuming certification by the Committee of the performance for such Performance Period and no reduction in Award payments for factors other than performance factors. Payments under this Section 4.4 shall be made not later than ten (10) days following the Change of Control.

5. Termination of Employment.

5.1 *Termination of Employment.* Except as otherwise determined by the Committee or as otherwise provided in Section 4.4 or Section 5.2, no Award with respect to a Performance Period will be payable to any Participant who is not an employee of the Company on the last day of such Performance Period.

5.2 *Death, Disability or Retirement.* In the event that a Participant dies or his or her employment is terminated by reason of Disability or Retirement after an Award has been granted to the Participant but before it has been determined to be earned pursuant to Section 4.2, there shall be paid to the Participant (or, in the event of death, to the Participant's Beneficiary or estate) a prorated amount equal to the Award payment that the Committee determines would have been paid to the Participant pursuant to Section 4.3 had his or her employment continued, multiplied by a fraction, the numerator of which is the number of completed calendar months of employment during the Performance Period and the denominator of which is twelve.

6. Administration.

6.1 *In General.* The Committee shall have full and complete authority, in its sole and absolute discretion, (i) to exercise all of the powers granted to it under the Plan, (ii) to construe, interpret and implement the Plan and any related document, (iii) to prescribe, amend and rescind rules relating to the Plan, (iv) to make all determinations necessary or advisable in administering the Plan, and (v) to correct any defect, supply any omission and reconcile any inconsistency in the Plan.

6.2 *Determinations.* The actions and determinations of the Committee or others to whom authority is delegated under the Plan on all matters relating to the Plan and any Awards shall be final and conclusive. Such determinations need not be uniform and may be made selectively among persons who receive, or are eligible to receive, Awards under the Plan, whether or not such persons are similarly situated.

6.3 *Appointment of Experts.* The Committee may appoint such accountants, counsel, and other experts as it deems necessary or desirable in connection with the administration of the Plan.

6.4 *Delegation.* The Committee may delegate to others the authority to execute and deliver such instruments and documents, to do all such acts and things, and to take all such other steps deemed necessary, advisable or convenient for the effective administration of the Plan in accordance with its terms and purposes, except that the Committee shall not delegate any authority with respect to decisions regarding Plan eligibility or the amount, timing or other material terms of Awards.

6.5 *Books and Records.* The Committee and others to whom the Committee has delegated such duties shall keep a record of all their proceedings and actions and shall maintain all such books of account, records and other data as shall be necessary for the proper administration of the Plan.

6.6 *Payment of Expenses.* The Company shall pay all reasonable expenses of administering the Plan, including, but not limited to, the payment of professional and expert fees.

7. Miscellaneous.

7.1 **Nonassignability.** No Award shall be assignable or transferable (including pursuant to a pledge or security interest) other than by will or by the laws of descent and distribution.

7.2 **Withholding Taxes.** Whenever payments under the Plan are to be made or deferred, the Company will withhold therefrom, or from any other amounts payable to or in respect of the Participant, an amount sufficient to satisfy any applicable governmental withholding tax requirements related thereto.

7.3 **Amendment or Termination of the Plan.** The Plan may be amended or terminated by the Committee in any respect except that (i) no amendment may be made after the date on which an Executive

B-4

Officer is selected as a Participant for a Performance Period that would adversely affect the rights of such Participant with respect to such Performance Period without the consent of the affected Participant and (ii) no amendment shall be effective without the approval of the shareholders of the Company to increase the maximum Award payable under the Plan or if, in the opinion of counsel to the Company, such approval is necessary to satisfy the applicable requirements of Code Section 162(m).

7.4 Other Payments or Awards. Nothing contained in the Plan will be deemed in any way to limit or restrict the Company from making any award or payment to any person under any other plan, arrangement or understanding, whether now existing or hereafter in effect.

7.5 Payments to Other Persons. If payments are legally required to be made to any person other than the person to whom any amount is payable under the Plan, such payments will be made accordingly. Any such payment will be a complete discharge of the liability of the Company under the Plan.

7.6 Unfunded Plan. Nothing in this Plan will require the Company to purchase assets or place assets in a trust or other entity to which contributions are made or otherwise to segregate any assets for the purpose of satisfying any obligations under the Plan. Participants will have no rights under the Plan other than as unsecured general creditors of the Company.

7.7 Limits of Liability. Neither the Company nor any other person participating in any determination of any question under the Plan, or in the interpretation, administration or application of the Plan, will have any liability to any party for any action taken or not taken in good faith under the Plan.

7.8 No Right of Employment. Nothing in this Plan will be construed as creating any contract of employment or conferring upon any Participant any right to continue in the employ or other service of the Company or limit in any way the right of the Company to change such person's compensation or other benefits or to terminate the employment or other service of such person with or without cause.

7.9 Section Headings. The section headings contained herein are for convenience only, and in the event of any conflict, the text of the Plan, rather than the section headings, will control.

7.10 Invalidity. If any term or provision contained herein is to any extent invalid or unenforceable, such term, or provision will be reformed so that it is valid, and such invalidity or unenforceability will not affect any other provision or part hereof.

7.11 Applicable Law. The Plan will be governed by the laws of the Commonwealth of Virginia, as determined without regard to the conflict of law principles thereof.

7.12 Effective Date/Term. The Plan shall be effective only upon the approval by the shareholders of the Company at the 2004 Annual Meeting of Shareholders and shall be effective for the Plan Year in which such approval occurs and each of the next four succeeding Plan Years unless sooner terminated by the Committee in accordance with Section 7.3. For the fifth succeeding Plan Year, the Plan shall remain in effect in accordance with its terms unless amended or terminated by the Committee, and the Committee shall make the determinations required by Section 4 for such Plan Year, but the Plan shall be submitted for re-approval by the shareholders of the Company at the annual meeting of shareholders held during such fifth Plan Year, and payment of all Awards under the Plan for such Plan Year and any future Plan Years shall be contingent upon such approval.
