Item 8.01. Other Events.

On October 11, 2004, we issued a press release announcing that we have become aware of a possible accounting error in the amount of the fiscal 2004 year end charge that was taken with respect to the shutdown of our Middletown, Ohio coil coating facility. Preliminary information suggests that the impairment charge that was taken in the fourth quarter of fiscal 2004 may have been overstated by up to approximately \$1 million. We are currently reviewing this issue. If an adjustment is made it could result in an increase in fiscal 2004 earnings and an increase in our fiscal 2004 year end and fiscal 2005 property, plant and equipment. No cash flow impact is expected. A copy of the press release is being furnished as Exhibit 99.1 to this Form 8-K and is incorporated by reference herein.

The information, including Exhibit 99.1, in this Form 8-K is being furnished and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934 or otherwise subject to the liabilities of that Section. The information in this Form 8-K shall not be incorporated by reference into any filing under the Securities Act of 1933, except as shall otherwise be expressly set forth by specific reference in such filing.
