Item 1.01. Entry into Material Definitive Agreements***Potential Disposition of Certain Properties in the Portfolio***

On February 25, 2005, Wells Real Estate Investment Trust, Inc. (the Registrant), along with various Wells affiliated entities, entered into a purchase and sale agreement (the Agreement) to sell 27 properties from its existing portfolio for a gross sales price of \$786.0 million, excluding closing costs and brokerage fees, to Lexington Corporate Properties Trust, an unaffiliated third party (the Purchaser). The Registrant and other affiliated property owners originally purchased the 27 properties from various unaffiliated entities for an aggregate purchase price of approximately \$609.7 million. The Registrant's share of the \$786.0 million in gross sales price is approximately \$760.3. The Registrant's share of the \$609.7 million aggregate original purchase price paid for these properties is approximately \$587.1 million.

The properties included in the Agreement and the Registrant's ownership percentage in each of the properties is listed below. The Registrant expects the closing of this transaction to occur before the end of April 2005 as described in more detail below. The completion of this transaction and each property sale involved in this transaction is currently subject to, among other things, various conditions and closing requirements. Accordingly, there are no assurances that this transaction will be completed in whole or in part. The material terms of the Agreement are set forth below.

Properties Involved in Potential Sale

Under the Agreement, the Registrant intends to sell up to 23 properties that are wholly owned through various affiliated subsidiaries. Of the \$786.0 million gross sales price, approximately \$714.9 million relates to these 23 properties, which the Registrant originally purchased for an aggregate purchase price of \$555.1 million. The names and locations of the properties are listed below.

In addition, the Registrant intends to sell up to four properties that are owned through joint ventures with affiliates. Approximately \$71.1 million of the \$786.0 million gross sale price relates to these four properties, which were originally purchased for an aggregate purchase price of approximately \$54.6 million. The Registrant's share of the approximately \$71.1 million of gross sales price attributable to these four properties is approximately \$45.4 million. The Registrant's share of the approximately \$54.6 million original purchase price for these four properties was approximately \$32.0 million. The names and locations of these four properties, along with the name of the joint venture affiliate and the percentage ownership of the Registrant in each of these properties are listed below.

<i>Property Name</i>	<i>Property Location</i>	<i>% Owned</i>	<i>Joint Venture Affiliate</i>	<i>Building Square Footage</i>

Certain Material Terms of the Purchase and Sale Agreement

Under the Agreement, the Purchaser is required to deposit \$40.5 million in earnest money with an escrow agent, which will be applied towards the purchase price at closing. Under the Agreement, the Registrant and its joint venture affiliates are required to pay certain closing costs including attorneys' fees, any escrow closing fees charged by the title company, recording costs, title examination fees and title insurance premiums, transfer fees with respect to letters of credit, and all other costs and expenses incurred by the Registrant and its joint venture affiliates in connection with the closing and consummating the transaction. The Purchaser and the Registrant and its joint venture affiliates are each required to pay 50% of the costs of all surveys and real estate transfer taxes, although the Purchaser's obligation for transfer taxes is capped at approximately \$0.9 million. If this transaction closes, in addition to other typical closing costs relating to this transaction, the Registrant will be required to pay a real estate brokerage commission of an approximately \$2.2 million to an unaffiliated third party real estate broker.

The Agreement contemplates the closing of this transaction to occur no earlier than March 25, 2005 (the Primary Closing Date). The Purchaser or the Registrant has the right under the Agreement, however, to extend the Primary Closing Date until no later than April 29, 2005, if one or more conditions for a property or properties are not satisfied, by giving written notice to the other party no later than March 22, 2005. While the Agreement contemplates the sale of 27 properties, in order for the sale to be consummated, a number of conditions relating to each property must be satisfied. Under the Agreement, if the tenant of the Bank of America Orange County Building exercises its right of first refusal to purchase the property under the provisions of its existing lease, the Agreement will be terminated as to that property. Accordingly, both the timing of the property closings and the actual number of properties to ultimately be sold to the Purchaser pursuant to the Agreement is unclear at this time.

There are still a significant number of conditions required to be satisfied with respect to the properties included in this transaction. In addition, the sole remedy against the Purchaser for failure to close is a forfeiture of the earnest money under the Agreement. Accordingly, there are no assurances all conditions relating to all 27 properties can be satisfied prior to the outside closing date, or that the Purchaser will actually perform under the Agreement and close this anticipated transaction.
