PROXY STATEMENT

Annual Meeting of Rayonier Shareholders

Thursday, May 18, 2006

QUESTIONS AND ANSWERS

Q: WHAT AM I VOTING ON?

A: You are being asked by the Company to elect three directors, Richard D. Kincaid, W. Lee Nutter and Ronald Townsend (for more information on each nominee, turn to *Information As To Nominees For Election To The Board Of Directors* beginning on page 4).

Q: WHO IS ENTITLED TO VOTE?

A: The record holder of each of the 76,450,937 shares of Rayonier common stock (Common Shares) outstanding at the close of business on March 20, 2006 is entitled to one vote for each share owned.

Q: HOW DO I VOTE?

A: You can vote in any one of the following ways:

You can vote on the Internet by following the *Vote by Internet* instructions on your proxy card. If you vote on the Internet, you do not need to mail in your proxy card.

You can vote by telephone by following the *Vote by Phone* instructions on your proxy card. If you vote by telephone, you do not need to mail in your proxy card.

You can vote by mail by signing and dating your proxy card and mailing it in the enclosed prepaid envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct. If you return a signed card but do not provide voting instructions, your shares will be voted in accordance with the recommendations of the Board of Directors (i.e., FOR the three named nominees for election as directors).

You can vote in person at the Annual Meeting by delivering your completed proxy card or by completing a ballot available upon request at the meeting. However, if you hold your shares in a bank or brokerage account rather than in your own name, you must obtain a legal proxy from your stockbroker in order to vote at the meeting.

Regardless of how you choose to vote, your vote is important and we encourage you to vote promptly.

Q: IS MY VOTE CONFIDENTIAL?

A: Proxy cards, ballots and reports of voting results that identify individual shareholders are mailed or returned directly to Automatic Data Processing, Inc. (ADP), our vote tabulator, and handled in a manner that protects your privacy. Your vote will not be disclosed except:

as needed to permit ADP to tabulate and certify the vote;

as required by law;

if we determine in good faith that a genuine dispute exists as to the accuracy or authenticity of a proxy, ballot or vote; or

in the event of a proxy contest where all parties to the contest do not agree to follow our confidentiality policy.

Table of Contents

Q: WILL ANY OTHER MATTERS BE VOTED ON?

A: We do not expect any other matters to be considered at the Annual Meeting. However, if a matter not listed on the proxy card is legally and properly brought before the Annual Meeting by a shareholder, the proxies will vote on the matter in accordance with their judgment of what is in the best interest of Rayonier. Under the Company's bylaws, all shareholder proposals (including director nominations) must have been received by December 1, 2005 to be considered at the Annual Meeting. To date, we have not received any shareholder proposals or director nominations from shareholders that will be acted upon at the Annual Meeting.

Q: HOW MANY VOTES ARE NEEDED TO HOLD THE MEETING?

A: In order to conduct the Annual Meeting, a majority of the Common Shares outstanding as of the close of business on March 20, 2006 must be present, either in person or represented by proxy.

Q: HOW MANY VOTES ARE NEEDED TO ELECT THE NOMINEES FOR DIRECTOR?

A: The three nominees who receive the largest number of votes will be elected. Accordingly, any action other than a vote for a nominee will have the practical effect of a vote against the nominee.

Q: HOW ARE VOTES COUNTED?

A: In determining whether we have a quorum, all properly submitted proxies and ballots, including abstentions, broker non-votes and withheld votes, will be counted as present and entitled to vote. However, under NYSE rules, your broker is entitled to vote your shares with respect to the election of directors if no instructions are received from you. Abstentions and broker non-votes, if any, as well as votes withheld, are not considered votes cast and will not be counted for or against a matter or nominee.

Q: WHO WILL COUNT THE VOTES?

A: Representatives of ADP will count the votes, however submitted. A Company representative will act as inspector of elections.

Q: WHAT SHARES ARE COVERED BY MY PROXY CARD?

A: You should have been provided a proxy card for each account in which you own Common Shares either:

directly in your name as the shareholder of record, which includes shares purchased through any of our employee benefit plans; or

indirectly through a broker, bank or other holder of record.

Q: WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE PROXY CARD?

A: It means that you have multiple accounts in which you own Common Shares. **Please vote all proxy cards you receive to ensure that all your shares are voted.** However, for your convenience we recommend that you contact your broker, bank or our transfer agent to

Edgar Filing: RAYONIER INC - Form DEF 14A

The notice must satisfy the requirements for shareholder proposals under the federal securities laws. Under our bylaws, this deadline also applies to any shareholder proposal sought to be considered at the 2007 Annual Meeting, not just to those sought to be included in the Proxy Statement and on the proxy card for the Annual Meeting.

ITEM 1 ELECTION OF DIRECTORS

The Board of Directors is responsible for establishing broad corporate policies and for overseeing management and the overall performance of Rayonier. The Board reviews significant developments affecting the Company and acts on matters requiring Board approval. The Board held sixteen meetings during 2005. The Board operates under a set of Corporate Governance Principles, a copy of which can be found on the Company's website at www.rayonier.com and which are also available in print to any shareholder who requests it by writing to the Corporate Secretary at Rayonier, 50 North Laura Street, Jacksonville, Florida 32202.

The Board is divided into three classes (I, II and III) serving staggered three-year terms. The terms of the Class III directors, Rand V. Araskog, Richard D. Kincaid, W. Lee Nutter and Ronald Townsend, will expire at the 2006 Annual Meeting, at which time Mr. Araskog will retire in accordance with the Board's policy regarding mandatory retirement age. Messrs. Kincaid, Nutter and Townsend have each been nominated for re-election for a term expiring in 2009.

Unless there is a contrary indication, the Common Shares represented by valid proxies will be voted for the election of all three nominees. The Board has no reason to believe that any nominee will be unable to serve as a director. If, however, a nominee should be unable to serve at the time of the Annual Meeting, Common Shares properly represented by valid proxies will be voted for the election of a substitute nominee recommended by the Board.

A biography of each member of Rayonier's current Board of Directors, including the three nominees for election, is set forth below.

Table of Contents

On average, directors attended 93 percent of the aggregate meetings of the Board of Directors and Committees on which they served during 2005, and no director attended less than 75 percent of such meetings.

Director Independence

The Board of Directors has affirmatively determined that, with the exception of Mr. Nutter, no director has a material relationship with the Company, either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company. Accordingly, all directors, other than Mr. Nutter, qualify as independent under the applicable listing standards of the New York Stock Exchange. In making such determination with regard to Mr. Gross, the Board specifically evaluated his consulting arrangement with the Board (see *Director Compensation* on page 9) and determined that given the modest level of direct compensation received under the arrangement, and that the consulting services are provided to the Board rather than to management, the arrangement does not constitute a material relationship with the Company.

With regard to Mr. Hance, the Board evaluated the banking services provided to the Company by Bank of America and the fees paid for such services. Services provided consist of cash management, debt issuance, financial advice and letter of credit support. The Board determined that given the reasonable level of fees and that such services are provided in the usual and ordinary course of business, the Company's banking relationship with Bank of America is not significant enough to preclude Mr. Hance's independence from management. Given Mr. Hance's retirement from Bank of America, the Board will not need to consider relationships between the Company and Bank of America in making future independence determinations.

With regard to Mr. Morgan, the Board evaluated the Company's purchases of equipment from Hughes Supply, Inc. and concluded that such purchases were insignificant and carried out in the ordinary course of business at the field level, and therefore would not impair Mr. Morgan's independence.

Submission Of Director Nominations By Shareholders

Our bylaws provide that nominations of persons for election to the Board of Directors may be made at the Annual Meeting either by or at the direction of the Board or by any shareholder who complies with the requirements set forth in our bylaws for submission of director nominations. Such requirements are that the shareholder: (i) be a shareholder of record at the time of submitting the required notice of nomination, (ii) be entitled to vote for the election of directors at the subject Annual Meeting, and (iii) comply with the notice procedures detailed below.

Notice of director nominations from shareholders must be in writing and received by the Corporate Secretary at the Company's offices at 50 North Laura Street, Jacksonville, Florida 32202, not less than 120 days prior to the first anniversary date of the Proxy Statement released to shareholders in connection with the previous year's Annual Meeting (provided that if we have changed our Annual Meeting date by more than 30 days from the previous year's date, notices from shareholders must be received by a date that is a reasonable time before we begin to print and mail the Proxy Statement). Each shareholder's notice must include the shareholder's name and address and the number of Common Shares owned and, as to each potential nominee, information substantially the same as that required to be disclosed in solicitations of proxies for election of directors pursuant to Items 7(a) and (b) of Regulation 14A under the Securities Exchange Act of 1934, as amended, along with such potential nominee's written consent to being named as a nominee and to serving as a director if elected.

Director Nomination Process

It is the policy of our Nominating and Corporate Governance Committee to consider director nominees submitted by shareholders based on the same criteria used in evaluating candidates for Board membership identified by any other source. While there are no specific minimum qualifications for director nominees, in evaluating the suitability of potential nominees, it is the policy of the Nominating and Corporate Governance

Table of Contents

Committee to seek individuals who have the knowledge, experience, skills, expertise and diversity, together with the highest personal and professional integrity, to be most effective, in conjunction with the other Board nominees and members, in collectively serving the long-term interests of the Company’s shareholders. These criteria for Board membership are periodically reevaluated by the Nominating and Corporate Governance Committee taking into account the Company’s strategy, its geographic markets, regulatory environment and other relevant business factors, as well as changes in applicable laws or listing standards.

The Nominating and Corporate Governance Committee has, at times, utilized independent third party search firms to identify potential director candidates.

Share Ownership Requirements For Directors And Senior Management

The Board of Directors believes that it is important for directors and senior management to acquire a substantial ownership position in the Company to underscore the level of commitment Rayonier’s management team has to the future success of the business. Our policies require Rayonier share ownership by directors at a level equal to three times their annual equity retainer, and by officers at the level of Vice President or above as follows:

<u>Position/Level</u>	<u>Share Ownership Requirements as Multiple of Base Salary</u>
Chairman, President and Chief Executive Officer	4X
Executive Vice President	3X
Senior Vice President	2X
Vice President	1X

These ownership levels for directors and officers are required to be achieved over a three-year period. Currently, all directors and persons holding a position of Vice President or higher for three or more years have met their required levels of ownership.

Director Compensation

Each non-management director currently receives an annual retainer of \$35,000 in cash plus an annual award of 1,000 Common Shares. They also receive a fee of (i) \$2,000 per Board meeting attended; (ii) \$1,500 per Committee meeting attended; (iii) an additional \$500 per Committee meeting chaired; (iv) \$2,000 for each business trip taken to one of the Company’s facilities for a business purpose other than a Board or Committee meeting; and (v) \$2,000 for any other business trip taken at the request of management; provided, however, that the fee for a director’s telephonic participation in a non-telephonic meeting of the Board or any Committee is one-half the otherwise applicable fee. Mr. Nutter, as an employee of Rayonier, is not compensated for service on the Board or its Committees.

Each year The Rayonier Foundation, a tax-exempt charitable foundation funded by the Company (the Foundation), makes a \$1,000 contribution in the name of each director to a charity of the director’s choice.

Edgar Filing: RAYONIER INC - Form DEF 14A

Mr. Gross has provided consulting services to the Board under a Consulting Agreement since January 1, 1999. Under this Agreement, he is paid an annual retainer of \$50,000 for as long as he remains a director.

Directors Charitable Award Program

The Company established the Directors Charitable Award Program in 1995 to recognize the interest of Rayonier and its directors in supporting worthy educational institutions and other charitable organizations. Under this Program directors may nominate up to five organizations to share a total contribution of \$1 million for each

Table of Contents

director from the Foundation. These contributions will be made by the Foundation in ten annual installments after the death of any director who:

has completed 60 full months of service as a director;

dies or becomes disabled while serving as a director; or

is actively serving as a director at the time of a change in control of the Company.

The Company has acquired joint life insurance contracts on the lives of directors, the proceeds of which will be adequate to fund Rayonier's contributions to the Foundation related to the Program, as well as to fund the premium costs of the contracts. Directors receive no financial benefit from this Program since the charitable deduction and insurance proceeds accrue solely to the Company.

Effective January 1, 2004, the Directors' Charitable Award Program was discontinued for new directors.

Majority Voting Standard For The Election Of Directors

The Nominating and Corporate Governance Committee has begun a review of the appropriate process to provide that director nominees be elected by an affirmative vote of the majority of shareholder votes cast, rather than the current plurality vote standard. Any required shareholder action to implement a majority vote standard will be addressed at the 2007 Annual Meeting of Shareholders. If approved, majority voting will apply to elections of directors commencing in 2008.

REPORT OF THE AUDIT COMMITTEE

Management has primary responsibility for the Company's financial statements and its reporting process, including the Company's internal control system. The independent registered public accounting firm is responsible for auditing the Company's financial statements and expressing an opinion as to the conformity of such statements with accounting principles generally accepted in the United States as well as to audit the Company's internal controls over financial reporting.

The Audit Committee's role is to assist the Board of Directors in oversight of the Company's financial reporting process including annual audits and quarterly reviews of its financial statement filings, and audits of internal controls over financial reporting. The Committee has sole responsibility for the appointment, compensation and oversight of the Company's independent registered public accounting firm. The Committee is composed of five directors, all of whom have been determined by the Board of Directors to be independent and financially literate as defined under applicable securities laws and rules of the New York Stock Exchange, and operates under a written charter adopted by the Board of Directors. A copy of the Audit Committee charter is attached hereto as **Appendix A**. The Committee held ten meetings during 2005.

The Audit Committee has reviewed and discussed the audited financial statements of the Company for the three years ended December 31, 2005 with management and with Deloitte & Touche LLP (Deloitte & Touche), the Company's independent registered public accounting firm for 2005. In addition, the Committee has held discussions with Deloitte & Touche covering the matters required by Statement of Auditing Standards No. 61 (Communication with Audit Committees), as amended. The Committee asked Deloitte & Touche to present to the Committee any unusual items observed during their quarterly reviews of the Company's interim results. No such items were presented during 2005. The Committee has also received the written disclosures and the letter from Deloitte & Touche required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and has held discussions with Deloitte & Touche regarding their independence.

The Audit Committee discussed with the Company's chief internal audit executive and with Deloitte & Touche representatives the overall scope and plans for their respective audits, and met with each of them to discuss the results of their examinations, their evaluations of the adequacy of the Company's internal controls and disclosure controls and procedures, and the overall quality of the Company's financial reporting. Separate private meetings without management present were also held with the Company's chief internal audit executive and with representatives of Deloitte & Touche at six meetings of the Committee in 2005. The Committee also held four regularly scheduled private meetings with the Company Ombudsman. The Ombudsman is responsible for handling concerns and inquiries regarding compliance matters, including any submissions regarding the Company's accounting, internal controls and auditing, as required by Sarbanes-Oxley.

In reliance on the Audit Committee's reviews and discussions with management and the independent registered public accounting firm as discussed above, the Committee recommended that the Board of Directors include the audited financial statements of the Company in the Company's Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the Securities and Exchange Commission.

Audit Committee Financial Expert

The Board has evaluated whether at least one Audit Committee member meets the qualifications for an audit committee financial expert as defined by the Securities and Exchange Commission. Based on such evaluation, Katherine D. Ortega qualifies as an audit committee financial expert and is independent of management.

the Annual Meeting. The Audit Committee, at its discretion, may change the appointment of the independent registered public accounting firm at any point if it determines that such a change is in the best interest of the Company and its shareholders.

Representatives of Deloitte & Touche will attend the Annual Meeting, will have the opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

Deloitte & Touche charged the Company the following fees (billed or to be billed) for services performed in fiscal 2005 and 2004:

Audit fees include amounts for the audits of the annual financial statements and internal control over financial reporting, quarterly reviews of Forms 10-Q, statutory audits, accounting research and consents for SEC filings.

Audit-related services include services such as audits of benefit plans, a separate creditor required audit report for a subsidiary and transaction-related fees. Tax services include tax consultation and assistance to the Company in preparation of foreign entity and expatriate tax returns. The Audit Committee determined that the provision of such services was not incompatible with maintaining the independent registered public accountant's independence.

The independent registered public accountants are prohibited from providing professional services to Company executives for personal income tax return preparation or for financial or estate tax planning.

All fiscal 2005 services provided by the independent registered public accountant were pre-approved, in accordance with the Committee's pre-approval policies and procedures set forth on the attached **Appendix B**.

REPORT OF THE COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE

The Compensation and Management Development Committee (the Committee) oversees the compensation and benefits of Rayonier employees. The Committee must authorize individual compensation actions for the Chairman, President and Chief Executive Officer and all senior executives, including the executives in the Summary Compensation Table on page 18 (the Named Executive Officers). Specifically, the Committee establishes and approves base salaries, annual cash bonuses and long-term equity-based incentive awards. In setting compensation levels, evaluating the weight given to various forms of compensation and establishing and implementing compensation programs, the Committee uses outside compensation expertise and outside legal counsel, retained by the Committee.

The Committee's charter reflects these various responsibilities and is reviewed annually. The Committee's membership is determined by the Board on an annual basis and is composed entirely of independent directors. The Committee meets several times during the year, with each regularly scheduled meeting including an executive session, and at other times as the work of the Committee dictates. During 2005, the Committee held five regularly scheduled meetings and one special meeting by teleconference. Following each regularly scheduled Committee meeting, the Chair of the Committee reports to the full Board.

Executive Compensation Philosophy

The key elements of the Company's executive compensation program are base salary, annual cash bonus incentives and long-term equity-based incentive compensation. These key elements are addressed separately below. In determining each component of compensation, the Committee takes account of all other elements of an executive's total compensation package. The Committee is provided with a summary compensation schedule for W. Lee Nutter, Chairman, President and Chief Executive Officer, and for each of Mr. Nutter's direct reports, at each regularly scheduled meeting.

The Committee believes that the Company's direct competitors for executive talent, especially at senior levels, are to be found not only in the forest products and real estate investment trust (REIT) sectors, but also in broader-based general industry. The Committee relates total compensation levels for the Company's senior executives to the median compensation paid to executives of comparative companies within the forest products and REIT sectors, and within the general industry sector. The Committee's approach to total compensation considers market level pay practices of comparable companies, but with a greater emphasis on at-risk or pay-for-performance compensation, which the Committee believes more closely aligns management incentives with shareholder interests. For the same reason, the Committee also has recommended, and the Board has adopted, mandatory share ownership requirements for senior executives. All senior executives are in compliance with the applicable minimum ownership requirements.

The Committee also has responsibility for oversight of the Company's management succession planning process and takes continuity and development issues into account in setting compensation levels. Each year the Committee conducts a comprehensive review of the Company's management continuity and development plan.

Base Salary

Edgar Filing: RAYONIER INC - Form DEF 14A

The Committee has oversight of the general administration of base salaries, salary grades and salary range structure for the Company's 47 executives, and regularly reviews the base salary of Mr. Nutter and each of his direct reports. While base salaries are competitive in order to recruit and retain qualified executives, they are maintained at levels consistent with the Committee's philosophy that a greater proportion of total compensation be at-risk or pay-for-performance incentive compensation. The Committee authorizes base salary adjustments in recognition of the executive's level of responsibilities, performance, prior experience, breadth of knowledge, internal equity factors and external pay practices. While the normal interval between salary reviews for most executives is 12 months, senior executive salary reviews are at 15 and 18 month intervals, depending on salary grade. Executive salary actions for 2005, comprised of merit pay and promotion/equity increases, averaged 4.32% and 3.46%, respectively, on an annualized basis.

Table of Contents

Incentive Compensation

Incentive compensation is paid pursuant to both annual cash bonus and long-term equity-based incentive programs. The 2004 Incentive Stock and Management Bonus Plan (the 2004 Plan), as approved by shareholders, provides for various incentive arrangements, which are described in the following sections of this report.

Annual Bonus Awards

The Company's Annual Corporate Bonus Program (the Bonus Program), adopted pursuant to the 2004 Plan, provides eligible executives and key employees with the opportunity to earn cash bonuses for achieving specific annual Company, business unit and individual performance goals. The Bonus Program was approved by the Committee in December 2004, effective for calendar year bonuses commencing in 2005.

Consistent with the Company's prior bonus programs, under the 2005 Bonus Program a Corporate Performance Factor (CPF) is calculated to measure performance against budgeted amounts for given metrics. Under the 2005 Bonus Program, a new performance metric, Cash Available for Distribution, was substituted for Operating Funds Flow and the weighting of the performance metrics was rebalanced to recognize the importance of cash generation in a REIT structure. For 2005, the CPF measured performance as compared to budgeted Net Income (weighted at 45%), Return on Total Capital (weighted at 15%), and Cash Available for Distribution (weighted at 40%), with each metric capped at 150% performance.

Under the Bonus Program, CPF is applied to an aggregate dollar bonus pool that is the product of target bonus percentages established by salary grade applied to the executive's year-end base salary, with an additional 10% factor applied to create a key employee pool for recognition awards to select key, non-executive employees with salary grades 15 through 18. Individual bonus awards could not exceed 150% of the employee's target award unless otherwise approved by the Committee, with the final bonus determined in the Committee's discretion subject to the maximum bonus pool. For the Named Executive Officers, the formula bonus award could be decreased but not increased by the Committee.

Actual CPF performance for 2005 was 131% of target and the bonus pool was set and paid accordingly. All bonuses were paid by March 2, 2006. For the 2006 Bonus Program, while the CPF performance metrics and weightings are unchanged, eligibility has been expanded and target bonus percentages for certain salary grades have been increased.

Long-Term Incentives

In addition to providing for annual performance-based cash bonuses, the 2004 Plan governs long-term compensation incentives, which can be made from a menu of equity-based awards. Long-term incentive grants under the 2004 Plan reflect Rayonier's approach to total compensation, which as noted above places a greater emphasis on at-risk rewards that closely align management with shareholder interests. In making specific awards, the Committee considers individual performance and levels of responsibility, as well as historical award data and compensation practices at comparable forest products, REIT sector and general industry companies. The following long-term incentive awards were made during 2005.

Edgar Filing: RAYONIER INC - Form DEF 14A

Stock Options. Under the 2004 Plan, non-qualified options to acquire Common Shares are granted by the Committee at an exercise price equal to the fair market value of a Common Share on the date of grant. The size of the grant is based primarily on the potential long-term value of the award, adjusted for individual factors and historical award data. In 2005, non-qualified stock option awards totaling 392,250 shares (as adjusted for the 2005 Stock Split, described below) were granted to 43 executives.

Consistent with previous actions to reflect the 2003 three-for-two stock split (the 2003 Stock Split) and special stock dividend (the 2003 Special Stock Dividend) and collectively with the 2003 Stock Split, the 2003 Capital Stock Changes), following the Board 's approval on September 14, 2005, of a three-for-two stock split

Table of Contents

(the 2005 Stock Split), the Committee took action to adjust outstanding awards under Rayonier's 1994 Incentive Stock Plan (the 1994 Plan) and the 2004 Plan. The Committee also amended the 1994 Plan, as authorized therein, to increase the number of shares that may be awarded in any plan year for the purpose of reflecting the 2005 Stock Split.

Performance Shares. Pursuant to the 2004 Plan and its predecessor 1994 Plan, the Committee has made annual grants of performance shares, called Class Awards, to senior executives responsible for sustained Total Shareholder Return (TSR) performance. The TSR goals reflect the Company's emphasis on the creation of long-term shareholder value. In general, under each program the actual number of Common Shares received by the executive, if any, at the end of a 36-month performance period depends on the relationship of Rayonier's TSR performance relative to the performance of a representative peer group of companies or index, depending on the particular program. TSR is calculated by measuring the growth in value of a hypothetical \$100 investment in Rayonier and in each of the comparative peer group companies or index over the performance period, assuming all dividends are reinvested quarterly. In determining the size of performance share grants at the beginning of the performance period, the Committee considers the contingent value of the award, competitive practices and the level of responsibility of each senior executive.

During 2005, the 2002 Class Awards were paid out in respect of the 36-month performance period that ended December 31, 2004. Rayonier's TSR for the period outperformed the weighted average TSR performance for the relevant peer group index for the 2002 Class Awards, the Standard & Poor's Paper and Forest Products Index (the S&P Index), by 324.68%, which translated to share awards at 150% of target. Taking account of adjustments for the Company's 2003 Capital Stock Changes, 152,232 shares were issued in January 2005 to seven executives.

The 36-month performance period for the 2003 Class Awards ended December 31, 2005. Rayonier's TSR for the period outperformed the weighted average TSR performance for the relevant peer group index for the 2003 Class Awards, the S&P Index, by 380.79%, which translated to share awards at 150% of target. Taking account of adjustments for the Company's 2003 Capital Stock Changes and the 2005 Stock Split, 272,420 shares were issued in January 2006 to seven executives pursuant to the 2003 Class Awards.

The 36-month performance period for the 2004 Class Awards will end on December 31, 2006. The maximum shares reserved for issuance under the outstanding 2004 Class Awards, made to seven executives, including Mr. Nutter, is 209,925, taking account of adjustments for the 2005 Stock Split. Actual shares to be issued can range from 0% to a maximum of 150% of target award (the reserved share total) based upon Rayonier's TSR performance, measured on a quintile basis against the TSR performance of a selected group of peer group companies from the paper and forest products industry. Actual awards, if any, will be paid in January 2007.

In December 2004, the Committee approved 2005 Class Awards under a new performance share award program that compares Rayonier's TSR performance separately to the TSR performance of the companies that comprise the Standard & Poor's Supercomposite Paper and Forest Products Index (the S&P Composite FP Index) and the National Association of Real Estate Investment Trust Equity REIT Index (the NAREIT Index) for a 36-month performance period that commenced January 1, 2005. Shares will be awarded depending upon the Company's TSR performance measured on a quintile basis against the TSR performance of companies within each index, with performance against the S&P Composite FP Index companies weighted 75% and performance against the NAREIT Index companies weighted 25%. Actual awards can range from 0% to 175% of an executive's target award, with no award in respect of 5th quintile performance. 2005 Class Awards covering a total of 88,300 performance shares were made to eight senior executives, including Mr. Nutter. The Company has reserved a maximum of 231,788 shares (taking into account the 2005 Stock Split) for possible issuance under these 2005 Class Awards. Actual awards, if any, will be paid in January 2008.

In December 2005, the Committee approved 2006 Class Awards under a performance share award program that is substantially the same as the 2005 program, for a 36-month performance period that commenced January 1, 2006. Shares will be awarded depending on the Company's TSR performance measured on a quintile basis

Table of Contents

against the TSR performance of companies within each index, but with performance against the S&P Composite FP Index companies weighted 66.67% and performance against the NAREIT Index companies weighted 33.33%. Actual awards can range from 0% to 175% of executive's target award, with no award in respect of 5th quintile performance in an index. 2006 Class Awards covering a total of 148,000 performance shares were made to ten senior executives, including Mr. Nutter. The Company reserved a maximum of 259,000 shares for possible issuance under the 2006 Class Awards. Actual awards, if any, will be paid in January 2009.

Restricted Shares. During 2005, the Committee awarded 20,000 restricted Common Shares to two key executives under the 2004 Plan for retention purposes. Restricted share awards are subject to forfeiture in the event of a termination of employment during a three-year vesting period.

Executive Severance Pay Plan

During 2005, the Committee requested a review of the Company's Senior Executive Severance Pay Plan (the "Severance Plan") to determine if any amendments were appropriate in light of changes in market practices and the structure of the Company since 1997. The Severance Plan recognizes that, as with many publicly held corporations, there exists the possibility of a Change in Control of the Company and the uncertainty that possibility creates may result in the loss or distraction of senior executives of the Company, to the detriment of the Company and its shareholders. The Severance Plan implements the Committee's desire that appropriate steps be taken to assure the Company of the continued employment, attention and dedication to duty of its senior executives notwithstanding the possibility, threat, or occurrence of a Change in Control. The Severance Plan provides benefits to executives identified as Tier I or Tier II by the Committee in the event of a Change in Control of the Company. The benefits would be grossed-up in the event of the imposition of an excise tax on the benefits awarded under the Severance Plan. As a result of the review, several modifications to the Severance Plan were adopted by the Committee in August 2005, to, among other things: (i) eliminate a step-down reduction in base salary severance multiplier for less than fifteen years of service, (ii) calculate the bonus severance amounts based on the greater of the executive's highest actual bonus paid in an applicable period or the target bonus for the year of the Change in Control, (iii) eliminate the option to have severance paid out as salary continuation, with an alternative adjustment to include the value of certain medical and tax preparation benefits in the lump sum severance payout and (iv) limit the outplacement services benefit to twelve months. Certain amendments to provide rights that mirror rights under the 2004 Plan were included, and new non-competition and confidentiality covenants were also added. A copy of the Severance Plan was filed with the Company's 10-Q for the third quarter of 2005.

Compensation Of W. Lee Nutter

As noted above, the Committee's approach to executive compensation is designed to take account of the Company's direct competitors for executive talent and to more heavily weight pay-for-performance compensation. This is reflected in the Committee's approach to the total compensation of Mr. Nutter. The Committee compares his total compensation level to the median compensation paid to comparably situated executives in the forest products and REIT sectors, as well as within the general industry sector, but with a greater emphasis on at-risk compensation, as reflected in the Company's annual cash bonus and long-term equity-based incentive programs. The following outlines the 2005 actions taken with respect to Mr. Nutter in each of the compensation categories discussed above.

Mr. Nutter's base salary was adjusted to \$800,000 in August 2005, which the Committee believes is an appropriate base salary consistent with its overall compensation philosophy. As reflected in the Summary Compensation Table, Mr. Nutter was paid an annual cash bonus of \$901,280 under the Bonus Program. Mr. Nutter's bonus reflects the Company's strong 2005 performance and recognizes his demonstrated leadership against established goals pursuant to the provisions of the Bonus Program.

Edgar Filing: RAYONIER INC - Form DEF 14A

On December 9, 2004, the Committee took action to award Mr. Nutter non-qualified options to acquire 50,000 Common Shares at an exercise price of \$48.40 and a grant of 33,300 performance shares under the 2005 Class Awards program (which were subsequently adjusted for the 2005 Stock Split to options to acquire 75,000

Table of Contents

Common Shares at an exercise price of \$32.27 and 49,950 performance shares). As a payout of the 2002 Class Awards under the performance share award program, Mr. Nutter received 45,403 Common Shares on January 13, 2005, which number reflects the adjustment for the 2003 Capital Stock Changes.

The Committee believes that Mr. Nutter's 2005 total compensation is appropriate and competitive with compensation paid to other executives at comparable forest products, REIT and general industry sector companies.

Policy With Respect To The \$1 Million Deduction Limit

The Company is able to take deductions in excess of \$1 million for certain performance-based incentives, including pursuant to certain incentive plans approved by the Company's shareholders, paid to the Key Executives identified in Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code). The Code does not permit corporations to take deductions for salary and non-performance based compensation in excess of \$1 million for a single executive. While the Company makes every effort to insure that the compensation it pays is eligible to be deducted in computing net income, if compliance with the terms of Section 162(m) conflicts with the Company's compensation philosophy, or with what the Committee believes is in the best interests of the Company and its shareholders, the Committee may conclude that payment of non-deductible compensation is appropriate under the circumstances.

Other Executive Compensation

Rayonier Executive Severance Pay Plan. The Rayonier Executive Severance Pay Plan (the "Severance Plan") provides severance benefits for covered executives selected by the Compensation and Management Development Committee based primarily on their position within the Company. Under the Severance Plan, if any covered executive is terminated in a qualifying termination within two years after the occurrence of a "Change in Control" of the Company (as defined in the Retirement Plan for Salaried Employees), he or she is entitled to receive severance benefits equal to up to three times annual base salary, plus an amount calculated to equal the incremental value to the executive of up to an additional 36 months of participation under the Company's retirement plans and up to 36 months of health and welfare company contributions.

Table of Contents

The Severance Plan also provides for payment equal to up to three times the greater of the executive's target bonus under the bonus plan for the year in which the Change in Control occurs or the highest actual bonus paid in the three-year period comprised of the two years preceding the Change in Control and the year of the Change of Control, together with a prorated bonus award in respect of the year of termination.

The Severance Plan provides for a gross-up for any excise taxes payable with respect to payments under the Plan and income taxes payable on the gross-up payment, and payment of authorized tax and financial services support and for outplacement services. As of March 1, 2006, Messrs. Nutter, Brannon, Boynton and Frazier were covered by the Plan. However, the right to receive severance benefits under the Severance Plan based on a multiple of base salary and target bonus award is offset for Mr. Nutter by benefits under the Change in Control Agreement discussed below, and for Mr. Boynton by certain benefits under the Retention Agreement discussed below.

See *Executive Severance Pay Plan* on page 16 for additional information regarding the Severance Plan.

Rayonier Key Executive Insurance Program. The Rayonier Key Executive Insurance Program (the "Insurance Program") is designed to promote retention of eligible senior executives by providing enhanced benefits for a fifteen-year period from date of retirement. The Insurance Program includes an early retirement benefit option available at the later of age 60 or five years following the Insurance Program implementation date of January 1, 2000. An executive who voluntarily leaves the Company's employ prior to eligible retirement pursuant to this Program does not receive the enhanced benefits. With Mr. Pollack's retirement effective February 1, 2006, Mr. Nutter is the only active executive remaining eligible to participate in the Insurance Program.

The Company has purchased a life insurance policy for each of the eligible executives to facilitate funding of Insurance Program benefits, with premiums paid by the Company to be recaptured upon the executive's death. If death occurs prior to retirement, the death benefit will be paid to the Company. In order to address the resulting potential for the Company's tax-free receipt of death benefits in excess of premiums paid upon a covered executive's death prior to retirement, the Compensation and Management Development Committee has approved payment of any such excess death benefits to the covered executive's beneficiary or estate.

Change in Control protection is provided for Insurance Program benefits both prior to and after retirement by virtue of the individual life insurance policies being held in a trust established by the Company. Under the Trust Agreement, upon a Change in Control, the Company would transfer any amounts due the eligible executives under the Insurance Program to the trust, with subsequent payment to the executive, or his/her beneficiary, made directly by the trust.

The annual benefits under the Insurance Program for Mr. Nutter, in the event of early retirement and at age 65, respectively, are: \$60,000 and \$70,000. Pursuant to the terms of the Insurance Program, Mr. Pollack will receive an annual benefit of \$40,000.

Change in Control Agreement for W. Lee Nutter. The Company entered into a Change in Control Agreement with Mr. Nutter in August 2001 (the "Change in Control Agreement"). The Change in Control Agreement provides: (i) if within 60 months following a Change in Control, Mr. Nutter is terminated by the Company for any reason or he terminates for "good reason" (as defined in the Severance Plan), he will receive a termination payment of \$5 million; (ii) should the termination payment be subject to federal excise tax, Mr. Nutter will be entitled to receive an additional payment in an amount such that the net proceeds to Mr. Nutter, after deduction of the excise tax on the termination payment and all applicable taxes on the additional payment, shall be equal to \$5 million; (iii) covenants by Mr. Nutter regarding his continued employment in the event of a potential Change in Control; and (iv) a covenant by the Company to deposit funds into the Supplemental Severance Trust (discussed below) in the event of a Change in Control.

Key Employee Retention Agreement for Paul G. Boynton. The Company entered into a Retention Agreement with Mr. Boynton in December 2003, which was extended and amended effective March 21, 2006. The Agreement provides that if Mr. Boynton's employment is terminated within twelve months of a disposition of the assets or ownership of an operating subsidiary of the Company or of a controlling interest therein, or if he

Table of Contents

voluntarily terminates his employment for good reason (as defined in the Severance Plan) following any such covered disposition, he will receive an amount equal to the separation benefits he would have been entitled to under the Severance Plan had there been a termination of his employment in connection with a Change in Control of the Company. In addition, if at the request of the Company Mr. Boynton is actively involved in completing any such covered disposition, the Company will pay him an amount equal to not less than 80% nor more than 120% of such severance benefits without regard to whether or not his employment terminates and he becomes entitled to severance benefits under the Agreement. If Mr. Boynton is terminated in connection with a covered disposition, any outstanding stock option and restricted stock awards under the 2004 Plan or the 1994 Plan will vest, his stock options will continue to be exercisable for the lesser of five years or their remaining term, and he will continue to be entitled to payment, if any, of outstanding performance share awards as if he remained employed by the Company to the end of the applicable performance period. The Agreement expires on December 31, 2009, subject to extension if a covered disposition has occurred or in the event negotiations are underway that result in a covered disposition within six months.

Legal Resources and Supplemental Severance Trusts. On December 31, 2001, Rayonier established two Rabbi Trusts, the Legal Resources Trust and the Supplemental Severance Trust, each intended to be grantor trusts under Section 671 of the Internal Revenue Code, to protect deferred benefits earned under programs sponsored by the Company or ITT Industries Inc. (ITT) historically protected by insurance. Rayonier is, for tax purposes, the beneficiary of each of the Rabbi Trusts. The assets of each of these trusts, as assets of the Company, would be subject to the claims of Rayonier's creditors in the event of bankruptcy or insolvency.

The Company has contributed the sum of \$250,000 per participant to the Legal Resources Trust to fund any litigation and similar expenses incurred by a covered executive in efforts to collect any amounts due under his or her benefit arrangements. Under the terms of the Legal Resources Trust, the Trustee will undertake to pay, to the extent permitted by law, all legal fees and expenses that a covered executive (or his or her beneficiaries) reasonably incurs in pursuing in good faith payment of any amount due to the executive or such beneficiaries under any benefit arrangement, or as a result of any contest by the Company or others of the validity or enforceability of, or liability under, any provision of any benefit arrangement or any guarantee of performance thereof, following a Change in Control.

The Company established the Supplemental Severance Trust to preserve severance benefits provided to eligible executives following a Change in Control. The Trust was initially funded in the amount of \$1 million. Upon the occurrence of a Change in Control, the Company is required to fund the Supplemental Severance Trust in an amount that is sufficient to pay the benefits to which participants may become entitled under the Severance Plan and the Change in Control Agreement in the event of a termination of employment.

Retirement Program. The following tables illustrate the estimated annual benefits payable from the Rayonier Salaried Employees Retirement Plan, a tax-qualified retirement plan (the Retirement Plan), and the Rayonier Excess Benefit Plan, a non-qualified retirement plan (the Excess Plan), at retirement at age 65 based on the assumptions set forth below. Calculation of benefits is uniform for all participants in the Retirement Plan and the Excess Plan, including the Named Executive Officers. The Retirement Plan covers substantially all eligible salaried employees of the Company and the cost of the Retirement Plan and the Excess Plan is borne entirely by the Company. The Retirement Plan was closed to new salaried employees beginning January 1, 2006. Such employees will receive an enhanced retirement contribution from the Company under the Rayonier Investment and Savings Plan for Salaried Employees, a 401(k) defined contribution plan.

Pension Plan Tables

For the period through December 31, 2003, the annual pension amounts to two percent of a member's average final compensation for each of the first 25 years of benefit service, plus one and one-half percent of a member's average final compensation for each of the next 15 years of benefit service, reduced by one and one-quarter percent of the member's primary Social Security benefit for each year of benefit service to a maximum of 40 years, provided that no more than one-half of the member's primary Social Security benefit is

used for such reduction. Effective January 1, 2004, the Plan was amended so that for future service the annual pension amounts to one and one-half percent of a member's final average compensation for each year of benefit service to a maximum of 40 years. Accordingly, Table I below reflects estimated annual benefits for years of service through December 31, 2003, while Table II reflects estimated annual benefits for years of service post December 31, 2003. Benefit amounts shown in the charts below reflect years of service and benefits earned under both the ITT Industries Salaried Retirement Plan and the Retirement Plan.

A member's average final compensation includes salary and approved bonus payments calculated under the Plan as follows: (1) the member's average annual base salary for the five calendar years during the member's last 120 calendar months of service which yield the highest such average, plus (2) the member's average approved bonus payments for the five calendar years during the member's last 120 calendar months of service which yield the highest such average. For the Named Executive Officers, final compensation for purposes of pension calculations consists of salary and bonus payments as set forth in the Summary Compensation Table on page 18. The Retirement Plan also provides for undiscounted early retirement pensions for members who retire at or after age 60 following completion of 15 years of eligibility service. A member is vested in benefits accrued under the Retirement Plan upon completion of five years of eligibility service.

Edgar Filing: RAYONIER INC - Form DEF 14A

Applicable federal legislation limits the amount of benefits that can be paid and the compensation that may be recognized under a tax-qualified retirement plan. In order to provide benefits at retirement that cannot be paid from the qualified Retirement Plan, Rayonier has adopted the Excess Plan to meet the retirement needs of this small segment of its salaried employee population affected by the limiting federal legislation. Where applicable, retirement benefits earned under the former ITT excess plan have been carried forward to Rayonier and have been incorporated in the Excess Plan. The practical effect of the Excess Plan is to continue calculation of benefits after retirement to all employees on a uniform basis.

Credited years of service for the Named Executive Officers as of March 1, 2006 are as follows: Mr. Nutter, 38.7 years; Mr. Brannon, 33.6 years; Mr. Boynton, 6.9 years; and Mr. Frazier, 6.8 years. Mr. Pollack retired effective February 1, 2006 with 23.7 years of credited service.

Section 16(a) Beneficial Ownership Reporting Compliance

The federal securities laws require Rayonier directors and executive officers, and persons who own more than ten percent of the outstanding Common Shares, to file with the SEC initial reports of ownership and reports of changes in ownership of any equity securities of the Company. To our knowledge, based solely on representations by these individuals that no additional reports needed to be filed, all required reports were filed on a timely basis on behalf of all persons subject to these requirements with the exception of a Form 4 that was filed on behalf of Mr. Nutter in connection with a grant of 6,000 shares of restricted stock (adjusted to 16,024 shares pursuant to the 2003 Stock Split, the 2003 Special Stock Dividend and the 2005 Stock Split), which vested on February 20, 2006. While the Form 4 was not filed until February 23, 2006 due to an internal administrative error, this grant was fully disclosed in each proxy statement since the grant date.
