Report of Independent Registered Public Accounting Firm

To the Plan Administrator for the

Crown Castle International Corp.

401(k) Plan:

We have audited the accompanying statements of net assets available for benefits of the Crown Castle International Corp. 401(k) Plan as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2005 and 2004 and the changes in net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Our audits were made for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedules, *Schedule H, Line-4i Schedule of Assets (Held at End of Year)* as of December 31, 2005 and *Schedule of Reportable Transactions* for the year ended December 31, 2005, are presented for purposes of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

401(k) PLAN

Notes to Financial Statements

December 31, 2005 and 2004

(1) Plan Description

The following description of the Crown Castle International Corp. 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

(a) General

The Plan is a defined contribution plan available to eligible employees of Crown Castle International Corp. (the Company). The Charles Schwab Trust Company is the trustee of the Plan, and Schwab Retirement Plan Services, Inc. serves as custodian and recordkeeper. The Plan was established on May 1, 1999. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and is administered by a plan administrator appointed by the Company.

(b) Contributions

Employees are eligible for participation in the Plan once they are twenty-one years of age and have completed three months of service with the Company. Employees can participate in the Plan on the first day of the month coinciding with or following three months of service. Participants may contribute any percentage that allows the participant to reach the section 401(k) pre-tax contribution limit of \$14,000 for participants under age 50. Participants who are age 50 and older can contribute an additional \$4,000 for a total of \$18,000. These salary reduction contributions are fully vested at all times. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. As of December 31, 2004, the Plan offers thirteen mutual funds, one common collective fund, and Crown Castle International Corp. Common Stock Unitized Trust Fund. The Company matches and contributes 100% of the first 3% of compensation that a participant contributes to the Plan. Additional discretionary amounts may be contributed at the option of the Company's board of directors. Contributions are subject to certain limitations. The Company's discretionary contributions, net of forfeitures, were \$833,491 and \$1,089,607 for the years ended December 31, 2005 and 2004, respectively. The Company applied forfeitures to fund the discretionary contributions in the amount of \$151,060 and \$0- for the years ended December 31, 2005 and 2004, respectively.

(c) Participant Accounts

Participant accounts are maintained at fair market value. Each participant's account is credited with the participant's contribution and allocations of (a) the Company's matching contribution and (b) Plan earnings and losses. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(d) Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of service. A participant is 33% vested after one year of credited service, 67% vested after two years of credited service, and 100% vested after three years of credited service.

(e) Participant Loans

Edgar Filing: CROWN CASTLE INTERNATIONAL CORP - Form 11-K

Participants are permitted to borrow from their fund accounts a minimum of \$1,000 up to a maximum of 50% of vested balance or \$50,000, whichever is less. The loans are secured by the balance in the participant's account and bear interest at a fixed rate of prime plus 1%. All loans are subject to specific repayment terms and must be repaid within a five-year period. Each participant is granted one loan at a time.

Notes to Financial Statements (Continued)

(f) *Payment of Benefits*

Participants are permitted to withdraw any portion of their vested account balance due to death, permanent disability, retirement, attainment of age 59 1/2, in the event of financial hardship or termination of service. The participant may elect to receive a lump-sum payment, subject to federal income tax withholdings, or rollover the vested account balance to another qualified plan. These withdrawals, prior to retirement, may result in certain suspensions of future participation in the plan.

(g) *Forfeitures*

Company contributions and earnings thereon that have not become vested, and have been forfeited by the withdrawal of participants' savings in accordance with the applicable provisions of the Plan, are applied against administrative expenses of the Plan and may be applied to reduce the Company's contributions to the Plan. Amounts forfeited were \$43,040 and \$116,500 during the years ended December 31, 2005 and 2004, respectively. Forfeited amounts of \$67,803 and \$96,535 were applied against administrative expenses for the years ended December 31, 2005 and 2004, respectively. Forfeited amounts of \$151,060 and \$-0- were applied against the Company's discretionary contributions to the plan for the years ended December 31, 2005 and 2004, respectively. The forfeited amounts applied as reductions to the Company's discretionary contributions were allocated to the employee's account when the related discretionary contributions were paid. The forfeited non-vested accounts that were unallocated to participants totaled \$219,285 and \$234,225 as of December 31, 2005 and 2004, respectively.

(h) *Termination of Plan*

In the event of termination of the Plan, the plan administrator will continue to function during such period as is necessary to make remaining normal distributions and to administer and distribute the residual interests of the participants. Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

(i) *Significant Plan Amendments*

Effective May 26, 2005, the Plan was amended to mandate distributions in a single lump sum to an Individual Retirement Account made available through Charles Schwab & Company, Inc to any participant who has terminated employment and whose vested account balance is between \$1,000 and \$5,000 at the time of termination.

Effective May 26, 2005, the Plan was amended to provide for employee deferral percentage changes on the first of each month rather than each quarter.

Effective April 1, 2006, the Plan was amended to automatically enroll new employees in the Plan after three months of service at a deferral rate of 3% of their compensation.

(2) *Summary of Significant Accounting Policies*

(a) Basis of Financial Statements

The accompanying financial statements have been prepared on the accrual basis. Amounts payable to participants terminating participation in the Plan are included as a component of net assets available for Plan Benefits. The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the amounts reported in the financial statements and notes thereto. Actual results could differ from those estimates.

(6) Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

(7) Subsequent Events

On January 10, 2006, the Plan eliminated the investment option for the Schwab MarketTrack Balanced Portfolio, Schwab MarketTrack Conservative Portfolio and Schwab MarketTrack Growth Portfolio. On January 10, 2006, the Plan added the investment option for the Schwab Managed Retirement Trust 2010, Schwab Managed Retirement Trust 2020, Schwab Managed Retirement Trust 2030, Schwab Managed Retirement Trust 2040 and the Schwab Managed Retirement Trust Income. In addition, the Plan added an investment option for the Schwab Personal Choice Retirement Account. The Schwab Personal Choice Retirement Account is a self directed brokerage account made available through Charles Schwab & Company, Inc. that offers a wide array of mutual funds and fund families and the option to invest in individual stocks and bonds.
