**Report of Independent Registered Public Accounting Firm**

To the Participants and Plan Administrator of

Mettler-Toledo, Inc. Defined Contribution Retirement Savings Plan

We have audited the accompanying statements of net assets available for benefits (modified cash basis) of Mettler-Toledo, Inc. Defined Contribution Retirement Savings Plan (the Plan) as of December 31, 2005 and 2004 and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan has determined that it is not required, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements and assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As described in Note 2, the accompanying financial statements and supplemental schedule were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of Mettler-Toledo, Inc. Defined Contribution Retirement Savings Plan as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended, on a basis of accounting described in Note 2.

Our audits were performed for the purpose of forming an opinion on the financial statements taken as a whole. The supplemental schedule of assets held at end of year (modified cash basis) is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The

**Table of Contents**

supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

### **Mettler-Toledo, Inc. Defined Contribution Retirement Savings Plan**

#### **Notes to Financial Statements**

##### **1. Description of Plan**

The following description of the Mettler-Toledo, Inc. Defined Contribution Retirement Savings Plan (the Plan) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

##### **General**

Effective January 1, 2003, Mettler-Toledo, Inc. (the Company) adopted the Plan as a continuation of the Mettler-Toledo, Inc. Enhanced Retirement Savings Plan.

The Plan is a qualified defined contribution plan covering eligible employees of adopting units (wholly-owned subsidiaries) of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Employees become eligible to participate in the Plan on the first day of the calendar month following the date the employee meets the eligibility requirements, as defined.

##### **Contributions**

Each year, participants may contribute up to 50% of pretax annual compensation, as defined by the Plan. The Company contributes matching contributions ranging from 0% to 50% of each participant's contribution that does not exceed 6% of compensation, based upon the applicable unit. Certain units may also contribute a discretionary contribution annually.

Participants who reach age 50 may elect to make catch-up contributions.

Forfeitures may be used by the Company to reduce future contributions and/or to pay reasonable Plan expenses.

##### **Participant Accounts**

Each participant's account is credited with the participant's contribution and allocations of the Company's contribution and plan earnings, and is charged with an allocation of certain administrative expenses. Allocations are based on participant earnings or account balances, as defined. An annual loan maintenance fee is deducted from the respective accounts of those participants with outstanding loans. The investment fund's net investment earnings and changes in fair value are allocated to each participant's account on a daily basis. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

## **Table of Contents**

### **Vesting**

Participants are immediately vested in their contributions plus actual earnings. Vesting in the Company's matching portion of their accounts plus actual earnings is based on years of continuous service. A participant is 100% vested after 3 years of credited service, as defined. Vesting in the discretionary portion of their accounts plus actual earnings is based on years of continuous service. A participant is 100% vested after five years of credited service, as defined. Certain units continue to vest under the original vesting provisions. Participants are 100% vested upon retirement, Plan termination, disability or death.

### **Investment Options**

Upon enrollment in the Plan, a participant can direct employee and employer contributions in 5% increments among the various investment options offered through Vanguard Fiduciary Trust Company (VFTC), the plan trustee. A participant may transfer amounts between investment options as of any business day.

### **Payment of Benefits**

A participant's vested account will be distributed upon retirement, termination, disability or death. Distributions are made in lump-sum or equal annual installments not to exceed the employee's life expectancy. Upon death, the remaining balance shall be distributed in a lump sum within five years. Forfeitures, if any, are used to reduce employer contributions or pay Plan expenses. Participants may make a withdrawal due to hardship. Such withdrawals are subject to approval by the Pension Committee and must meet the criteria for hardship under Section 401(k) of the Internal Revenue Code (IRC).

## **2. Summary of Significant Accounting Policies**

The following are the significant accounting policies followed by the Plan.

### **Basis of Presentation**

The accompanying financial statements of the Plan have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. The difference between the modified cash basis and accounting principles generally accepted in the United States of America is that contributions and interest and dividend income are recognized when received.

### **Investment Valuation and Income Recognition**

Under the terms of a trust agreement between the Company and VFTC, the trustee invests trust assets at the direction of the plan participants. The trustee has reported to the Company the trust fund investments and the trust transactions at both cost and fair value. Shares of registered investment companies are valued at quoted market prices, which represent the net asset value of shares held by the Plan at year-end. Units of the Retirement Savings Trust, a common collective trust, are valued at net asset value at year-end. The Company stock fund is valued at its year-end unit closing price (comprised of year-end market price plus uninvested

## **Table of Contents**

cash position). Loans to participants are stated at unpaid principal, which approximates fair value. Realized and unrealized gains and losses are reflected as net appreciation (depreciation) in fair value of investments in the statement of changes in net assets available for benefits.

Interest charged to participants for participant loans is reviewed annually by the Plan administrator and is to be comparable to commercial lending rates on bank loans secured by certificates of deposit in the area at the time the loan is made. Loans may not exceed the lesser of 50% of a participant's vested account balance or \$50,000. The repayment period may not exceed five years. Each loan is secured by the remaining balance in the participant's

account.

Purchases and sales of securities are recorded on a trade-date basis. Interest and dividend income is recognized when received. Capital gain distributions are included in dividend income.

## **Contributions**

Participant and employer contributions are recognized when received by the trustee.

## **Payment of Benefits**

Benefits are recognized when paid.

## **Forfeitures**

The portion of a participant's account which is forfeited due to termination of employment for reasons other than retirement, disability or death is used to reduce the Company's future contributions or pay Plan expenses. Forfeited nonvested accounts totaled \$9,534 and \$5,588 at December 31, 2005 and 2004, respectively.

## **Administrative Expenses**

Fees for portfolio management of VFTC funds are paid directly from fund earnings. Recordkeeping fees are paid by the Company. Audit fees are either paid by the Company or

from the forfeiture account. Should the Company elect not to pay all or part of such expenses, the trustee then pays these expenses from the Plan assets.

## **Use of Estimates**

The preparation of the Plan's financial statements in conformity with a modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America, requires the plan administrator to make certain estimates and assumptions that affect the reported amounts of net assets available for benefits and, when applicable, disclosure of contingent assets and liabilities at the date of the financial statements and the amounts of changes in net assets available for benefits during the reporting period. Actual results could differ significantly from those estimates.

**Table of Contents****Risk and Uncertainties**

The Plan provides various investment options in any combination of stocks, mutual funds, and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for plan benefits.

**3. Investments**

The following investments represent 5% or more of net assets available for benefits at December 31, 2005 and 2004:

	2005	2004
<b>Investments at fair value</b>		
Vanguard 500 Index Fund	\$ 1,296,266	\$ 1,444,634
Vanguard Health Care Fund	819,950	602,977
Vanguard International Growth Fund	639,709	N/A
Vanguard Small-Cap Index Fund	602,610	N/A
Vanguard Capital Opportunity	N/A	629,619
<b>Investment at contract value</b>		
Vanguard Retirement Savings Trust	759,137	1,550,303

**4. Transactions with Parties-in-Interest**

The Plan invests in shares of mutual funds managed by an affiliate of VFTC. VFTC acts as trustee for only those investments as defined by the Plan. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

Participants may select Company stock as an investment option. The amount held at December 31, 2005 and 2004 totaled \$105,548 and \$79,032, respectively. The Company's stock appreciated \$10,391 and \$11,546 in 2005 and 2004, respectively.

**5. Plan Termination**

Although it has not expressed any intent to do so, the Company has the right under the Plan to

discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will immediately become 100% vested in their accounts.

**Table of Contents****6. Tax Status**

The Internal Revenue Service has determined and informed the Company by a letter dated April 5, 2005, that the Plan and related trust are designed in accordance with applicable sections of the IRC. The Plan has been amended since receiving the determination letter. However the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

**7. Asset Transfer In**

Effective January 1, 2004, employees of SofTechnics, Inc., a wholly-owned subsidiary of the Company, began participating in the Plan. As of December 31, 2003, Berger Instruments, Inc., Mettler-Toledo, Bohdan, Inc. and Laser Sensor Technology, Inc. were merged into Mettler-Toledo AutoChem, Inc., a wholly-owned subsidiary of the Company. Employees of Mettler-Toledo Bohdan, Inc. and Laser Sensor Technology, Inc. began participating in the Plan on June 1, 2004 and August 1, 2004, respectively. Assets from the prior plans of these companies were transferred into the Plan as follows:

	Date of Transfer	Asset Transfer in
SofTechnics, Inc.	1/1/04	\$ 1,749,169
Mettler-Toledo, Bohdan, Inc.	6/1/04	587,525
Laser Sensor Technology, Inc.	8/1/04	763,312
		\$ 3,100,006

**8. Asset Transfer Out**

During 2004, residual earnings from 2003 transfers totaling \$185 were transferred from the Mettler-Toledo, Inc. Defined Contribution Retirement Savings Plan to the Mettler-Toledo, Inc. Enhanced Retirement Savings Plan.

Effective July 1, 2005, all employees of Exact Equipment Corporation, wholly-owned subsidiary of the Company, became employees of Mettler-Toledo, Inc. and began participating in the Mettler-Toledo, Inc. Enhanced Retirement Savings Plan. Assets were transferred from the Plan into the Mettler-Toledo, Inc. Enhanced Retirement Savings Plan on August 1, 2005 in the amount of \$2,242,099.

**9. Subsequent Event**

Effective January 1, 2006, one adopting unit increased the employer matching contribution from 0% to 1%.
