Item 1.01 Entry into a Material Definitive Agreement.

Credit Agreement

On September 29, 2006, Transaction Systems Architects, Inc. (the Company) entered into a Credit Agreement (the Credit Agreement) with Wachovia Bank, National Association, as administrative agent, and a syndicate of financial institutions, as lenders, providing for revolving loans and letters of credit in an aggregate principal amount not to exceed \$150,000,000. The Company has the option to increase the aggregate principal amount to \$200,000,000. The Credit Agreement has a maturity date of September 29, 2011. Proceeds of the initial borrowing under the Credit Agreement were used to fund a portion of the Merger.

Obligations under the Credit Agreement are jointly and severally guaranteed by certain domestic subsidiaries of the Company (collectively, the Guarantors). The guaranties and the obligations under the Credit Agreement are unsecured.

Interest on borrowings under the Credit Agreement is payable, at the option of the Company, at either the base rate plus an applicable margin, based on the Company's leverage ratio, of up to 0.125% or LIBOR plus an applicable margin, based on the Company's leverage ratio, of 0.625% to 1.375%. The Company is obligated to pay an unused commitment fee, based on its leverage ratio, of 0.150% to 0.300%. The Company must pay a fee with respect to outstanding letters of credit in an amount equal to the applicable margin then in effect for LIBOR borrowings under the Credit Agreement. In addition to funding the Merger, borrowings under the Credit Agreement may be used for general corporate purposes of the Company and its subsidiaries, including capital expenditures, subject to certain limitations.

The Credit Agreement contains customary affirmative and negative covenants for credit facilities of this type, including, but not limited to, limitations on the incurrence of indebtedness, asset dispositions, acquisitions, investments, dividends and other restricted payments, liens and transactions with affiliates. The Credit Agreement also requires the Company to meet certain quarterly financial tests, including a maximum leverage ratio and a minimum interest coverage ratio.

The Credit Agreement includes customary events of default, including, but not limited to, failure to pay principal or interest, breach of covenants or representations and warranties, cross-default to other indebtedness, judgment default and insolvency. If an event of default occurs under the Credit Agreement, the lenders thereunder will be entitled to take various actions, including, but not limited to, demanding payment for all amounts outstanding under the Credit Agreement.
