### **Compliance With Section 16(a) of the Exchange Act**

Section 16(a) of the Securities and Exchange Act of 1934 requires the Company's directors and executive officers, and persons who own more than ten percent of a registered class of the Company's equity securities, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of the Company. Officers, directors and greater than ten percent shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

To the Company's knowledge, based on review of the copies of such reports furnished to the Company and written representations that no other reports were required, during the year ended December 31, 2006, all Section 16(a) filing requirements applicable to its officers, directors and ten percent shareholders were complied with, except as follows: During 2006, Mr. Rauchle exercised stock options and sold such stock pursuant to a 10b5-1 plan. Stock option exercises and related stock sales transacted on two dates for Mr. Rauchle were not reported on Form 4 within two business days, because Company representatives did not process these transactions amid confusion regarding multiple option exercises of similar size that were transacted within a short period of time pursuant to the 10b5-1 plan. Upon discovery that such transactions were separate and distinct transactions, Form 4's were promptly filed one business day after each respective deadline.

On May 31, 2006, the Board of Directors approved the correction of an error related to the awards of stock options from the Director Stock Option Plan to two directors upon their commencement of service on the Board. Directors Cappello and Winkler joined the board on the date of the annual meeting of shareholders in 2005. These directors received stock options five business days following the date of the annual meeting along with other non-employee directors at that time according to the terms of the Director Plan. However, the Board determined that a second award of options upon commencement of service on the Board should also have been awarded to each of these individuals, also pursuant to the Director Plan provisions. Accordingly, during 2006, the Board notified the stock option administrator to issue the awards to these two individuals. The Form 4's were promptly filed upon notification of this error and completion of the 2005 stock option paperwork, although the Form 4's were not filed within two business days of the original award date.

Directors Rodin and Karol joined the Board of Directors on March 1, 2006. Stock options were granted pursuant to the terms of the Director Stock Option Plan to each of these directors on March 8, 2006. The stock options for Messrs. Karol and Rodin were not reported on Form 4 within two business days because Company representatives were unable to obtain a power of attorney in time to complete the filings. For the same reason, the Company was also unable to file Form 3's on a timely basis.

Director Urish joined the Board of Directors on May 5, 2006. Stock options were granted pursuant to the terms of the Director Stock Option Plan to Mr. Urish on May 12, 2006. The stock options for Mr. Urish were not reported on Form 4 within two business days because Company representatives were unable to obtain a power of attorney in time to complete the filings. For the same reason, the Company was also unable to file his Form 3 on a timely basis.

## **ITEM 11. EXECUTIVE COMPENSATION**

### **COMPENSATION DISCUSSION AND ANALYSIS**

#### **Overview of Compensation Program**

The Compensation Committee (for purposes of this analysis, the Committee ) of the Board has responsibility for establishing, implementing and continually monitoring adherence with the Company's compensation philosophy. The Committee ensures that the total compensation paid to the executive officers is fair, reasonable and competitive. Generally, the types of compensation and benefits provided to executive officers, including the named executive officers, are similar to those provided to other members of the Company's executive leadership team.

Throughout this section, the individuals who served as the Company's Chief Executive Officer and Chief Financial Officer during fiscal 2006, as well as the other individuals included in the Summary Compensation Table, are referred to as the named executive officers .

#### **Compensation Philosophy and Objectives**

The Committee believes that the most effective executive compensation program is one that is designed to reward the achievement of specific annual, long-term and strategic goals by the Company, and which aligns executives' interests with those of the stockholders by rewarding individual performance and performance of the Company measured against established goals, with the ultimate objective of improving stockholder value. The Committee evaluates both performance and compensation to ensure that the Company maintains its ability to attract and retain superior employees in key positions and that compensation provided to key employees remains competitive relative to the compensation paid to similarly situated executives of our peer companies. To that end, the Committee believes executive compensation packages provided by the Company to its executives, including the named executive officers, should include fixed cash compensation as well as variable cash and stock-based compensation that reward performance as measured against established goals.

Except as noted in Certain Other Benefits below, non-cash compensation has been limited to stock option grants to purchase Common Stock at fair market value at the grant date, performance share awards based on earnings per share targets, and other perquisites. All named executive officers and certain employees of the Company have participated in such stock incentive plans. Performance share awards were first awarded to executives in 2006, and are based entirely on performance-based earnings per share targets. These plans are designed to attract and retain qualified personnel and to tie their performance to the enhancement of stockholder value. Stock options vest annually on a straight-line basis through vesting periods ranging from three to five years from the date of grant.

## **Table of Contents**

Executive officers, together with other permanent Inter-Tel employees, may also participate in the Company's 401(k) Thrift Savings Plan and the Inter-Tel Employee Stock Purchase Plan. Please refer to the Summary Compensation Table below for additional information regarding the 401(k) match on employee contributions.

### **Role of Executive Officers in Compensation Decisions**

The Committee makes all compensation decisions for the named executive officers and approves recommendations regarding equity awards for all elected officers of the Company. Decisions regarding the non-equity compensation of other executive officers are made by the Chief Executive Officer and President.

The Chief Executive Officer annually reviews the performance of each of the named executive officers (other than the Chief Executive Officer whose performance is reviewed by the Committee). The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual award amounts, are presented to the Committee. The Committee can exercise its discretion in modifying any recommended adjustments or awards to executives.

### **Setting Executive Compensation**

Based on the foregoing objectives, the Committee has structured the Company's annual and long-term incentive-based cash and non-cash executive compensation to motivate executives to achieve the business goals set by the Company and reward the executives for achieving such goals. The Committee engaged Radford Surveys + Consulting (Radford), an outside consulting firm specializing in technology companies and a division of Aon Consulting, Inc., to conduct a review of its compensation program and provide compensation surveys for the Chief Executive Officer as well as for other key executives. Radford provides the Committee with relevant market data and alternatives to consider when making compensation decisions for the Chief Executive Officer and on the recommendations being made by the Company's management for executives other than the Chief Executive Officer.

In making compensation decisions, the Committee compares both total compensation and specific composition of total compensation against comparable officer positions in other publicly traded high technology companies with revenues of \$200 million to \$1 billion. The peer group was reviewed by the Committee, and includes companies against which the Committee believes Inter-Tel competes for talent and for stockholder investments. The committee has been working to achieve an appropriate composition of the elements of compensation that aligns more closely with stockholders interests by keeping fixed compensation on the lower end of the peer group, but allowing overall compensation to remain competitive by allowing for a more generous risk based incentive compensation.

The total compensation program for executives includes fixed cash as well as variable cash and equity-based compensation. The Compensation Committee determines the level of salary for executive officers and determines the salary or salary ranges based upon periodic reviews of base salary levels for comparable officer positions in similar companies of comparable size. Salary changes are based upon comparable market rates, the Compensation Committee's assessment of the executive's performance, and the scope and complexity of the position held.

### **2006 Executive Compensation Components**

#### *Base Salary*

The Company provides named executive officers and other employees with base salary to compensate them for services rendered during the fiscal year. Base salary ranges for named executive officers are determined for each executive based on his or her position and responsibility by using market data. During its review of base salaries for executives for 2006, the Committee primarily considered:

market data provided by our outside consultants, including Radford surveys and consultation;

internal review of the executive's compensation, both individually and relative to other officers;

individual performance of the executive; and

criteria to properly allocate base salary and incentive targets to achieve results aligned with stockholders' interests. Salary levels are typically considered annually as part of the Company's performance review process as well as upon a promotion or other change in job responsibility. Merit based increases to salaries of named executive officers are based on the Committee's assessment of the individual's performance and on input from the Chief Executive Officer.

**Table of Contents***Performance-Based Incentive Compensation*

At the beginning of 2006, the Compensation Committee considered the Company's target earnings per share goals and the operating plans of the Company. In addition, the Committee took into consideration the following factors: past and anticipated performance of the individual and the company; compensation surveys; matching named executive management and other senior management compensation plans to corporate-wide goals, including revenue and earnings per share goals; new product and market expectations and competitive factors; offering incentives for profitable revenue growth; assets employed and consideration of best uses of corporate cash and investments; providing equity incentives, including stock options and performance share awards; excluding pro forma measurements items such as SFAS 123R from EPS incentive calculations; and other similar factors. The Compensation Committee set revenue and earnings per share performance levels for the consolidated Company, upon which incentives were established for each of the executives. Cash bonus awards, based upon meeting or exceeding such performance levels (limited to a maximum percentage of base salary), were set for each executive officer. With the exception of Mr. Ford, named executive officer bonuses were based entirely on Inter-Tel revenue and earnings per share targets. Twenty five percent (25%) of the bonus opportunity for Mr. Ford was based on earnings and other specific measurements within his operating segment of the Company, and seventy five percent (75%) was based on Inter-Tel's consolidated revenue and earnings per share targets. As fixed base compensation was set on the lower end of the peer group for the named executive officers, the Committee provided a larger percentage opportunity for maximum bonus targets, therefore allowing overall compensation to remain competitive should net sales and earnings per share targets be achieved. Maximum bonus awards as a percentage of annual base compensation were set for the named executive officers, as follows:

<b>Officer</b>	<b>2006 Bonus Target (as a percentage of annual base compensation)</b>	<b>Maximum 2006 Stretch Bonus Target (as a percentage of annual base compensation)</b>
Norman Stout	100%	150%
Craig W. Rauchle	100%	150%
Jeffrey T. Ford	100%	150%
John L. Gardner	70%	100%
Kurt R. Kneip	70%	100%

For 2006, bonus goals based on earnings per share calculations excluded the impact of the proxy battle and related costs, SFAS 123R expenses, legal costs incurred in the first quarter of 2006 in connection with a 2005 legal settlement, and certain tax benefits, each as more specifically identified in Inter-Tel's Annual Report on Form 10-K for the year ended December 31, 2006. In addition, the Committee is authorized to use its discretion to revise the calculated bonus amounts upwards or downwards based on any information the Committee deems appropriate.

The cash bonuses in the Summary Compensation Table reflect the performance of the named executive officers against the targets established at the beginning of each year. No bonuses were earned in connection with earnings per share goals for 2005, although Mr. Ford earned a bonus of \$14,261 based on measurements within his operating segment of the Company.

The Company granted stock options to four of the five above Named Executive Officers during the year ended December 31, 2006. Refer to Option Grants in Last Fiscal Year table for additional information.

*Stock Ownership Guidelines*

We have not adopted specific stock ownership guidelines for our officers, although such ownership is encouraged.

*Long-Term Incentive Compensation: Stock Options and Performance Share Awards*Stock Option Grants

Stock option grants assist the Company to enhance the link between the creation of stockholder value and long-term executive incentive compensation; provide an opportunity for increased equity ownership by executives; and maintain competitive levels of total compensation.

Stock option award levels vary among participants based on their positions within the Company and are granted pursuant to approval by the Committee or full Board of Directors. Newly hired or promoted

---

**Table of Contents**

employees, other than executive officers, receive their award of stock options, if applicable, on the first business day of the month on or after their hire or promotion, and only if sufficient options exist in a pool of options previously approved by the Compensation Committee of Board of Directors. Newly hired executive officers who are eligible to receive options may be awarded such options on the same basis as other employees, or as determined by the Compensation Committee or full Board of Directors.

Options are awarded at the Nasdaq closing price of the Company's Common Stock on the date of the grant. The Committee has never granted options with an exercise price that is less than the closing price of the Company's Common Stock on the grant date, nor has it granted options that are priced on a date other than the grant date.

Options granted vest annually over three to five years, with a ten-year option term. Vesting ceases upon termination of employment except in the case of death or total disability, although vested options may be exercised generally within 30 days of termination. Prior to the exercise of an option, the holder has no rights as a stockholder with respect to the shares subject to such option, including voting rights or the right to receive dividends or dividend equivalents.

Attributed costs of the stock options granted described above for the named executive officers for the fiscal year ended December 31, 2006, are included in column (f) of the Summary Compensation Table.

**Performance Share Awards**

Performance shares have been awarded based on the achievement of pre-established corporate performance goals over two-year performance periods. During the year ended December 31, 2006, the Company granted 80,000 performance shares of common stock. The performance share awards vest primarily with the achievement by the Company of certain earnings per share targets over the Company's fiscal years ended December 31, 2007 and December 31, 2008, with 50% vesting each year (on April 27 following the close of each respective fiscal year) upon the achievement of such targets. In the event either target is missed, the applicable shares for that year do not vest and are forfeited. The market price of the Company's common stock on the date of grant was \$23.44 for 41,000 performance shares awarded to selected non-executive officers on April 27, 2006 and \$21.23 for 39,000 performance shares granted to selected named executive officers on August 8, 2006. Expense is recognized in accordance with SFAS 123R over the vesting period for awards that are considered probable of vesting. For the year ended December 31, 2006, compensation expense totaling \$240,000 was recorded in connection with these awards. Such expense relates to the portion of the awards (currently 50 percent) that are considered probable of vesting. When the remaining 50% of the outstanding awards becomes probable of vesting, expense will be recorded in an amount that equals the cumulative expense that would have been recorded if the award had been considered probable of vesting from the date of the grant.

Attributed costs of the performance share awards described above for the named executive officers for the fiscal year ended December 31, 2006, are included in column (e) of the Summary Compensation Table.

**Employee Stock Purchase Plan**

The Company maintains an Employee Stock Purchase Plan, under which eligible employees are granted the right to purchase shares of Inter-Tel Common Stock at a price per share that is 85% of the lesser of the fair market value of the shares at: (i) the participant's entry date into each six-month offering period, or (ii) the end of each six-month offering period. Employees may designate up to 10% of their compensation for the purchase of stock. Under the Plan, we sold 62,257 shares for approximately \$1,113,000 (\$17.88 per share) to employees in 2006, 69,325 shares for approximately \$1,196,000 (\$17.25 per share) to employees in 2005, and 49,758 shares for approximately \$1,051,000 (\$21.13 per share) to employees in 2004. None of the named executive officers participated in the plan from 2004 to 2006. At December 31, 2006, 335,002 shares remained authorized under the Plan, although the Plan is scheduled to expire pursuant to its terms at its original 10-year plan expiration date of May 30, 2007, after the current six-month Offering Period ends.

**Retirement Benefits**

Inter-Tel offers a 401(k) defined contribution plan to its employees based in the United States, including its named executive officers. Since the 401(k) plan's inception, the Company has matched a

---

percentage of elective employee contributions. In recent years, the Company has matched 50% of individual contributions up to a maximum of 6% of annual base salary. 401(k) match amounts for the named executive officers are included in the Summary Compensation Table and related footnotes. The Company does not offer other pension or retirement programs to its employees or named executive officers.

### *Nonqualified Deferred Compensation*

Inter-Tel does not offer deferred compensation programs to its employees or named executive officers.

### *Perquisites and Certain Other Benefits*

To remain competitive in the market for a high-caliber management team, Inter-Tel provides some of its executive officers, including the CEO, with certain fringe benefits, including a car allowance to three of its five named executive officers; reimbursement of club dues to two of its named executive officers; use by selected individuals of Inter-Tel telephone systems in the home; and selected use of corporate aircraft for business purposes. The Committee periodically reviews fringe benefits made available to the Company's executive officers, including the CEO. For additional information regarding the personal benefits described above for the named executive officers for the fiscal year ended December 31, 2006, refer to column (i) of the Summary Compensation Table.

Named executive officers are also offered the same benefits as other employees, including Company-sponsored health, medical and dental benefits; life insurance options; and flexible spending benefits for reimbursement of medical and dependent care expenses. For additional information regarding fringe benefits made available to the Company's executive officers, please see Summary Compensation Table.

The Company has entered into Change of Control Severance Agreements with the named executive officers. The Change of Control Severance Agreements are designed to promote stability and continuity of senior management. Information regarding applicable payments under such agreements for the named executive officers is provided under the heading Potential Payments Made Upon Termination on page 17 for additional information.

### **Chief Executive Officer**

The Chief Executive Officer's salary for 2006 was determined based upon a review of the salaries of Chief Executive Officers of similar companies of comparable size and capitalization and upon a review of the Chief Executive Officer's performance compared with the prior year and the 2006 budget. Consideration was also given to the tenure of the new CEO with the Company and his knowledge of the Company and the telecommunications industry. As fixed base compensation was set on the lower end of the peer group for the chief executive officer, the Committee provided a larger percentage opportunity for his maximum bonus target, therefore allowing overall compensation to remain competitive should net sales and earnings per share targets be achieved. The Compensation Committee determined that the CEO's 2006 maximum bonus opportunity should increase to 150% of base salary compared to 125% of base salary in 2005. For 2007, the Compensation Committee determined that the CEO's 2007 target bonus opportunity should be 100% of base salary, with a maximum bonus opportunity of 125% of base salary.

The Company entered into an employment agreement with the CEO during October 2006. The employment agreement outlines Mr. Stout's duties, term of employment (awarded a contract through August 1, 2009), salary, bonus, benefits and perquisites, as well as termination provisions. Refer to Potential Payments Made Upon Termination on page 17 for additional information regarding Mr. Stout's employment agreement.

### **COMPENSATION COMMITTEE REPORT**

The Compensation Committee of the Company has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Form 10-K/A.

**Table of Contents****SUMMARY COMPENSATION TABLE**

The table below summarizes the total compensation paid or earned by each of the named executive officers for the fiscal year ended December 31, 2006. The Company entered into an employment agreement with Mr. Stout during 2006. In addition, although the Company has not entered into any employment agreements with any of the other named executive officers, in March 2004 the Company entered into change of control severance agreements with Messrs. Rauchle, Ford, Gardner and Kneip (refer to Exhibits 10.63 and 10.64 of our Annual Report on Form 10-K filed March 12, 2004). When setting total compensation for each of the named executive officers, the Committee reviews the executive's compensation, including equity and non-equity based compensation.

The named executive officers were entitled to receive bonus payments for the fiscal year ended December 31, 2006 pursuant to achievement of pre-determined goals established by the Compensation Committee and approved by the Board of Directors for 2006. Amounts listed under column (g), Non-Equity Incentive Plan Compensation, include such bonuses accrued at December 31, 2006, which were paid out before March 15, 2007.

The following table sets forth information regarding compensation earned by our current and former Chief Executive Officers, our Chief Financial Officer and three other most highly compensated executive officers during 2006:

**Table of Contents**

- (1) Salary includes base salary and payment in respect of accrued vacation, holidays, and sick days.
- (2) The amounts in column (e) reflect the dollar amounts recognized for financial statement reporting purposes for the fiscal year ended December 31, 2006, in accordance with SFAS 123R of performance share awards and thus include amounts from awards granted in 2006. The total shares that may be issued under the performance share awards to each of the individuals is as follows:

Stout 25,000

Rauchle 10,000

Ford 2,000

Gardner 2,000

Assumptions used in the calculation of these amounts are based on the likelihood of meeting or exceeding pre-established EPS goals established for 2007 and 2008 (50% of the awards for each year). As of December 31, 2006, the Company has deemed probable the likelihood of attaining only the 2007 EPS goals (not the 2008 EPS goals) as set forth in the awards; accordingly, stock-based compensation has been accrued through December 31, 2006 related to these awards.

- (3) The amounts in column (f) reflect the dollar amount recognized for financial statement reporting purposes for the fiscal year ended December 31, 2006, in accordance with SFAS 123R of stock option awards and thus include amounts from awards granted in and prior to 2006. Assumptions used in the calculation of this amount are included in footnote B to the Company's audited financial statements for the fiscal year ended December 31, 2006 included in the Company's Annual Report on Form 10-K filed with the Securities and Exchange Commission on March 15, 2007.
- (4) The amounts in column (g) reflect the cash awards to the named individuals under the bonus plan, which is discussed in further detail on page 10 under the heading "Performance-Based Incentive Compensation". For the year 2006, the Non-Stock Incentive Plan Compensation listed on this table reflects the performance of the Chief Executive Officer and each of the named executive officers in the year shown for the 2006 incentive bonus plan. These bonuses were paid on March 8, 2007.
- (5) Includes the following payments we paid to or on behalf of the executives:

Name and Principal Position	Year	Car Allowance (\$)	Club Memberships (\$)	Moving Allowance (\$)	Life Insurance Premiums (\$)	401(k)	Other (\$ (7))	Total (\$)
						Matching Contributions

Kurt R. Kneip	2006				60	6,030	25	6,115

- (6) Mr. Mihaylo resigned as Chief Executive Officer on February 22, 2006 and he resigned as a member of the Board of Directors on March 6, 2006. Mr. Mihaylo rejoined the Board of Directors on May 6, 2006. Amounts included in the above table represent compensation only for the period Mr. Mihaylo served as Inter-Tel's CEO and not the period he served as a Director beginning February 23, 2006. During his term as Chief Executive Officer, Mr. Mihaylo received no compensation for his service on the Board of Directors. Compensation paid to Mr. Mihaylo for his service on the Board of Directors is included in the Director Summary Compensation Table.

Accordingly, no amounts have been included in other compensation associated with Company health care contributions related to these programs and benefits. Messrs. Stout, Rauchle and Ford have Inter-Tel IP telephones that can be plugged in at their homes and offices, and Mr. Mihaylo has an Inter-Tel telephone system in his home. No amounts have been included in other compensation related to these telephones or telephone systems. During 2006, Mr. Rauchle had access to the Company aircraft principally for business use. - (2) In connection with their employment by the Company, Norman Stout, Craig Rauchle, Jeff Ford and John Gardner were awarded performance-based shares totaling 25,000, 10,000, 2,000 and 2,000 shares, respectively, of the Company's Common Stock, of which no shares of the Company's Common Stock have vested as of December 31, 2006 based on the attainment of the performance goals. Should the EPS goals fail to be attained, the Company's Common Stock will be cancelled. However, such shares immediately vest upon a change of control of the Company, if applicable.

**OPTION EXERCISES AND STOCK VESTED**

Three of the Company's named executive officers exercised stock options during the fiscal year ended December 31, 2006, but none of the named executive officers acquired shares pursuant to vesting of performance share awards.

**POTENTIAL PAYMENTS MADE UPON TERMINATION**

The information below reflects the amount of compensation to each of the named executive officers of the Company in the event of termination of such executive's employment in connection both with a change of control and termination payments not related to a change of control. The amounts shown assume that such termination was effective as of December 31, 2006, and thus includes amounts earned through such time and are estimates of the amounts which would be paid out to the executives upon their termination. The actual amounts to be paid out can only be determined at the time of such executive's separation from the Company.

**Payments Made Upon Termination In Connection With A Change Of Control**

The Company has entered into Change of Control Severance Agreements with each named executive officers. Pursuant to these agreements, if an executive's employment is terminated following a change of control (other than termination by the Company for cause or by reason of death or disability) or if the executive terminates his employment in certain circumstances defined in the agreement which constitute "good reason", the named executive will receive the following:

Name	Severance	Bonus	Benefits	Equity Awards
Norman Stout	2.99 x Base Salary	2.99 x 5 year average bonuses		(2)
Craig W. Rauchle	2 x Base Salary	100% of any earned but unpaid bonus	(1)	(2)

John L. Gardner	1.5 x Base Salary	100% of any earned but unpaid bonus	(1)	(2)
Kurt R. Kneip	1.5 x Base Salary	100% of any earned but unpaid bonus	(1)	(2)

- (1) 12 months company-paid continued coverage under the Company's benefit plans.  
(2) Vest 100% upon change of control.

## **Table of Contents**

Other than as noted below with regard to Mr. Stout, the Tier 1 and Tier 2 Change of Control Severance Agreements for each of the other named executive officers are substantially similar. Forms of these agreements have been filed as Exhibits 10.63 and 10.64 to the Company's Annual Report on Form 10-Q for the Year ended December 31, 2004.

Generally, pursuant to the agreements, a change of control is deemed to occur:

- (i) if a majority of the outside Directors as of the date of the agreement are replaced within a two-year period other than in specific circumstances;
- (ii) upon the consummation of a merger or consolidation of the Company with any other corporation, other than (a) a merger which would result in the voting securities of the Company outstanding immediately prior to the merger continuing to represent at least 60% of the voting power of the securities of the Company outstanding immediately after such merger or
- (iii) upon the consummation of the sale, lease or other disposition by the Company of seventy-five percent (75%) or more of the Company's assets.

### **Payments Made Upon Termination Not Related To A Change In Control**

Pursuant to his employment agreement, a copy of which was filed as an exhibit in a Form 8-K on October 16, 2006, Norman Stout is employed as Chief Executive Officer until August 1, 2009. If Mr. Stout terminates his employment for "Good Reason", as defined in the agreement or Mr. Stout is terminated without cause, Mr. Stout will receive a severance payment equal to his base salary at the time of termination for 12 months or for the remainder of the term of the agreement, whichever is longer. In addition, he will receive a bonus payment equal to the average bonus for the 5 prior fiscal years, pro-rata for the number of months worked in the current year. Mr. Stout will also receive 18 months paid participation in COBRA continuation coverage under the Company's health and welfare benefit plans.

### **DIRECTOR COMPENSATION**

The Company uses a combination of cash and stock-based incentive compensation to attract and retain qualified candidates to serve on the Board. In setting director compensation, the Company considers the significant amount of time that Directors expend in fulfilling their duties to the Company as well as the skill-level required by the Company of members of the Board. Similar to executive officers, Directors are not subject to a minimum share ownership requirement, although Directors are encouraged to own stock.

#### **Cash Compensation Paid to Board Members**

For the fiscal year ended December 31, 2006, members of the Board who are not employees of the Company are entitled to receive quarterly stipends and meeting and committee fees as noted in the following table. Directors who are employees of the Company receive no compensation for their service as directors.

- (2) Mr. Mihaylo attended one Regular Board of Directors meeting when he also served as the Company's CEO. Accordingly, he was not paid separately for his service on the Board for this meeting. In addition, although Mr. Karol was unable to attend the October 2006 regular Board of Directors meeting, he was consulted by the Board both before and after the meeting. He was unable to attend the meeting based on scheduling conflicts and he was traveling to Phoenix, Arizona to attend the Special Shareholder Meeting during the course of the regular Board of Directors meeting.

**Director Stock Option Plan**

Pursuant to the terms of the 1990 Director Stock Option Plan (as amended), to the extent shares are reserved for issuance, each non-employee Director receives a stock option award to purchase 7,500 shares of Inter-Tel Common Stock five business days following their initial starting date on the Board of Directors, plus a stock option award to purchase 7,500 shares of Common Stock five business days following each Annual Meeting of Stockholders.

During 2006, the Company awarded all remaining shares reserved for issuance under the Director Plan. The remaining annual award to Directors totaled 2,750 stock options to each Director, 27,500 options representing the total aggregate amount of options remaining in the Plan on the date of grant. In lieu of the shortfall in stock options available under the Director Stock Option Plan (the difference between 7,500 and 2,750 each), the Company made cash payments to directors during the second quarter of 2006, the amount of such payments being based on a Black-Scholes valuation model utilized to compute the shortfall. The shortfall was primarily created as a result of the addition of three new members to the board of directors in connection with the Mihaylo settlement of the 2006 threatened proxy contest. Cash payments totaled \$294,326, which is included in the year-to-date totals noted above, and payments totaling \$29,433 were distributed to each of the ten non-employee directors during the second quarter of 2006.

**ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE**

**Certain Relationships and Related Party Transactions**

In February 2004, our Board of Directors approved two forms of Key Employee Change of Control Severance Agreements ( Change of Control Agreements ), entered into between the Company and executive officers, as set forth in the table below. The Company entered into Change of Control Agreements with the following existing executive officers in March 2004:

**Change of Control Severance Agreements**

<b>Tier 1 (a)</b>	<b>Tier 2 (b)</b>
Norman Stout	Jeffrey T. Ford
Craig W. Rauchle	John L. Gardner
	Kurt R. Kneip

(a) Refer to Exhibit 10.63 to our Annual Report on Form 10-K filed March 12, 2004 for a copy of the sample Tier 1 Agreement.

(b) Refer to Exhibit 10.64 to our Annual Report on Form 10-K filed March 12, 2004 for a copy of the sample Tier 2 Agreement.

The Company entered into a Change of Control Agreement with Steven G. Mihaylo in March 2004 as well. However, Mr. Mihaylo resigned as Chief Executive Officer of the Company on February 22, 2006. Accordingly, the Key Employee Change of Control Severance Agreement between Mr. Mihaylo and the Company terminated as of such date, with Mr. Mihaylo receiving no benefits pursuant to the terms of the agreement.

**Policies and Procedures for Review and Approval of Related Party Transactions**

Business Conduct, all employees have the obligation to avoid conflicts of interest. In accordance with the audit committee charter, the audit committee shall review and approve or disapprove related party transactions, unless submitted to another comparable independent body of the Board, as and to the extent required under applicable federal securities laws and related rules and regulations, and/or the NASDAQ Marketplace Rules. Our audit committee and/or other comparable committee shall approve only those transactions that, in light of known circumstances, are in, or are not inconsistent with, our best interests, as our audit committee or board of directors determines in the good faith exercise of its discretion. All of the transactions described above were entered into in accordance with the procedure outlined here.

**Director Independence**

The Board of Directors affirmatively determines the independence of each director and nominee for election as a director. The Board has determined that the following non-employee directors, except director Mihaylo and the Chief Executive Officer, have no material relationship with Inter-Tel and are independent within the meaning of the NASDAQ Stock Market, Inc. ( Nasdaq ) director independence standards, as currently in effect and as they may be changed from time to time:

J. Robert Anderson	Steven E. Karol
Alexander Cappello	Robert Rodin
Gerald W. Chapman	Kenneth L. Urish
Gary D. Edens	Agnieszka Winkler

In addition, based on such standards, the Board affirmatively determined that: (a) Mr. Mihaylo is not independent because he holds more than 5% of the outstanding shares of the Common Stock of the Company, and (b) Norman Stout is not independent because he is the Chief Executive Officer of the

**Table of Contents**

Company. The Board did not make a determination regarding the independence of Dr. Puri or Mr. Urish as they serve on no committees of the Board requiring independence.

**ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES**  
**Fees Billed by Ernst & Young LLP During Fiscal 2006 and 2005.**

The Audit Committee has established a policy of pre-approving audit and non-audit services provided by the auditors of Inter-Tel. Each of the fees for services listed below for 2006 were pre-approved by Inter-Tel's Audit Committee. The Audit Committee's review included matters to be considered under the rules of the SEC, including the nature and extent of non-audit services, to ensure that the auditors' independence would not be impaired. The Audit Committee expressed its satisfaction with Ernst & Young LLP in all of these respects. The Audit Committee of our board of directors has determined that the provision of services by Ernst & Young LLP other than for audit related services is compatible with maintaining the independence of Ernst & Young LLP as our independent auditors.

The following table sets forth the approximate aggregate fees billed by Ernst & Young LLP to Inter-Tel during fiscal 2006 and 2005:
