Subject to completion

Preliminary Prospectus dated May 16, 2007

DaVita Inc.

Offer to exchange

\$400,000,000 6⁵/₈% Senior Notes due 2013

which have been registered under the Securities Act of 1933,

for any and all outstanding 6⁵/₈% Senior Notes due 2013 issued on February 23, 2007

The terms of the notes we are issuing will be substantially identical to the outstanding 6⁵/₈% Senior Notes due 2013 that we issued on February 23, 2007, except for the elimination of certain transfer restrictions, registration rights and the conditional right to receive additional interest payments.

The notes will mature on March 15, 2013. Interest on the notes is payable on March 15 and September 15 of each year.

We previously issued \$500,000,000 aggregate principal amount of our 6⁵/₈% Senior Notes due 2013 on March 22, 2005. The notes we are issuing hereby are part of the same series of debt securities under the applicable indenture as the 6⁵/₈% Senior Notes due 2013 we issued on March 22, 2005. As of the date of this prospectus, we have \$900,000,000 aggregate principal amount of our 6⁵/₈% Senior Notes due 2013 outstanding.

We may redeem some or all of the notes at any time on or after March 15, 2009 at the redemption price set forth in this prospectus. We may also redeem up to 35% of the aggregate principal amount of the notes using the proceeds of certain equity offerings, before March 15, 2008. Upon certain sales of assets or if we experience specific kinds of changes of control, we must make an offer to purchase the notes.

The notes will be our unsecured obligations. The notes will rank equally in right of payment to all of our existing and future unsecured senior debt and senior in right of payment to all of our existing and future unsecured subordinated debt. The notes will be effectively subordinated to our existing and future secured indebtedness (including our senior secured credit facilities) to the extent of the assets securing that indebtedness. The notes will be guaranteed on an unsecured senior basis by our subsidiaries (subject to certain exceptions), including each subsidiary that guarantees our senior secured credit facilities.

The exchange offer expires 5:00 p.m., New York City time, _____, 2007, unless extended by us. You should carefully review the procedures for tendering outstanding notes beginning on page 26 of this prospectus. If you fail to tender your outstanding notes, you will continue to hold unregistered securities and your ability to transfer the outstanding notes will be restricted. The exchange of notes will not be a taxable event for U.S. federal income tax purposes. The exchange offer is not subject to any condition other than (1) that the exchange offer does not violate any applicable law or SEC staff interpretations and (2) that no action or proceeding shall have been instituted in any court or by or before any governmental agency with respect to the exchange offer which, in our judgment, would reasonably be expected to prevent us and our subsidiary guarantors from proceeding with or completing the exchange offer. No public market currently exists for the notes. We do not intend to list the notes on a securities exchange and, therefore, no active public market is anticipated.

See Risk factors beginning on page 10 for a discussion of certain risks that you should consider in connection with the exchange offer.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

The date of this prospectus is _____, 2007.

Resale without further registration

We believe that you may resell or otherwise transfer the notes that you receive in the exchange offer without complying with the registration and prospectus delivery provisions of the Securities Act so long as you meet the following conditions:

any notes to be received by you in the exchange offer will be acquired in the ordinary course of your business;

you have no arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of the notes;

you are not an affiliate (as defined in Rule 405 under the Securities Act) of us or any of the guarantors;

you are not engaged in, and do not intend to engage in, the distribution (within the meaning of the Securities Act) of the notes;

if you are a broker-dealer, you will receive notes in exchange for restricted notes that were acquired for your own account as a result of market-making activities or other trading activities and you acknowledge that you will deliver a prospectus in connection with any resale of such notes;

if you are a broker-dealer, you did not purchase the notes being tendered in the exchange offer directly from us for resale pursuant to Rule 144A or Regulation S under the Securities Act or any other available exemption from registration under the Securities Act; and

you are not acting on behalf of any person who could not truthfully make the foregoing representations.

By tendering your restricted notes, you will be making representations to this effect. You may incur liability under the Securities Act if:

any of the representations listed above are not true; and

Table of Contents

participating broker-dealer), must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of those notes. Participating broker-dealers who notify us may use this prospectus in connection with any resale until the earlier of (a) 180 days after the closing of the exchange offer or (b) the first day after the consummation of the exchange offer when participating broker-dealers no longer have a prospectus delivery obligation under SEC staff interpretations, subject to exceptions, including all rights to suspend the use of this prospectus as described under Plan of distribution. Each participating broker-dealer will be subject to certain of the civil liability provisions under the Securities Act in connection with resales made pursuant to this prospectus.

Special procedures for beneficial owners

If you beneficially own restricted notes registered in the name of a broker, dealer, commercial bank, trust company or other nominee and you wish to tender your restricted notes in the exchange offer, you should contact the registered holder promptly and instruct it to tender on your behalf. If you wish to tender on your own behalf, you must, prior to completing and executing the letter of transmittal, either arrange to have your restricted notes registered in your name or obtain a properly completed bond power from the registered holder. The transfer of registered ownership may take a considerable amount of time and may not be possible to complete before the exchange offer expires.

Guaranteed delivery procedures

If you wish to tender your restricted notes and time will not permit your required documents to reach the exchange agent by the expiration date, or the procedures for book-entry transfer cannot be completed on time, you may tender your restricted notes according to the guaranteed delivery procedures described in the section The exchange offer Procedures for tendering restricted notes.

Acceptance of restricted notes and delivery of notes

We will accept for exchange all restricted notes that are properly tendered in the exchange offer prior to 5:00 p.m., New York City time, on the expiration date. The notes issued in the exchange offer will be delivered promptly following the expiration date. For additional information, see The exchange offer Acceptance of restricted notes for exchange; delivery of notes.

Use of proceeds

We will not receive any proceeds from the issuance of notes in the exchange offer. We will pay for our expenses incident to the exchange offer.

U.S. federal income tax considerations

The exchange of notes for restricted notes in the exchange offer will not be a taxable exchange for U.S. federal income tax purposes. For additional information, see U.S. federal income tax considerations in this prospectus.

Table of Contents

Consequences of failure to exchange notes	Any restricted notes that are not tendered in exchange for notes to be issued pursuant to the exchange offer will remain restricted following the exchange offer and will continue to be subject to transfer restrictions and to bear interest at the same per annum rate of interest, but will not be entitled to any additional interest or registration rights under the registration rights agreement relating to the restricted notes. If restricted notes are tendered and accepted by us in the exchange offer, a holder's ability to sell any restricted notes that remain restricted could be adversely affected and there may be no trading market for the restricted notes. See Risk factors. If you fail to exchange your restricted notes by properly tendering them for notes to be issued pursuant to the exchange offer, your restricted notes will continue to be subject to transfer restrictions and may have reduced liquidity.
Exchange agent	The Bank of New York Trust Company, N.A. is serving as exchange agent in connection with the exchange offer.

Table of Contents**RATIO OF EARNINGS TO FIXED CHARGES**

The following table sets forth the ratio of earnings to fixed charges for the periods shown. The ratio of earnings to fixed charges is computed by dividing earnings by fixed charges. Earnings for this purpose is defined as pretax income from continuing operations adjusted by adding back fixed charges expensed during the period. Fixed charges include debt expense (interest expense and the amortization of deferred financing costs), the estimated interest component of rent expense on operating leases, and capitalized interest.

RISK FACTORS

You should carefully consider the risks described below, as well as the risk factors described in the documents incorporated or deemed to be incorporated by reference in this prospectus, in addition to the other risks and uncertainties described in this prospectus and the documents incorporated or deemed to be incorporated by reference herein, before exchanging your restricted notes. If any of the events described herein or therein occur, our business, financial condition or results of operations could be materially harmed, the trading price of the notes could decline and you may lose part or all of your investment.

Risks related to our business

If the average rates that commercial payors pay us decline significantly, it would have a material adverse effect on our revenues, earnings and cash flows.

Approximately 35% of our dialysis revenue for the year ended December 31, 2006 and the quarter ended March 31, 2007 was generated from patients who have commercial payors as the primary payor. The majority of these patients have insurance policies that pay us on terms and at rates materially higher than Medicare rates. We expect that some of our commercial reimbursement rates will be materially lower in the future as a result of general conditions in the market, recent and future consolidations among commercial payors, downward trends in health insurance premiums, increased focus on dialysis services, our acquisition of DVA Renal Healthcare, including the reconciliation of existing contracts with differing rates, and other factors. We are continuously in the process of negotiating agreements with our commercial payors. In the event that our negotiations result in overall commercial rate reductions in excess of overall commercial rate increases, the cumulative effect could have a material adverse effect on our financial results. Consolidations have significantly increased the negotiating leverage of commercial payors. In addition, we believe that payors and employers continue to encourage members to obtain care with in-network providers and network rates are typically lower than out-of-network rates. If the average rates that commercial payors pay us decline significantly, it would have a material adverse effect on our revenues, earnings and cash flows.

If the number of patients with higher-paying commercial insurance declines, then our revenues, earnings and cash flows would be substantially reduced.

Our revenue levels are sensitive to the percentage of our patients with higher-paying commercial insurance coverage. A patient's insurance coverage may change for a number of reasons, including as a result of changes in the patient's or a family member's employment status. For a patient covered by an employer group health plan, Medicare generally becomes the primary payor after 33 months, or earlier if the patient's employer group health plan coverage terminates. When Medicare becomes the primary payor, the payment rate we receive for that patient shifts from the employer group health plan rate to the Medicare payment rate. If there is a significant reduction in the number of patients under higher-paying commercial plans relative to government-based programs that pay at lower rates, it would have a material adverse effect on our revenues, earnings and cash flows.

Future declines, or the lack of further increases, in Medicare payment rates would reduce our revenues, earnings and cash flows.

Approximately one-half of our dialysis revenue for the year ended December 31, 2006 and the quarter ended March 31, 2007 was generated from patients who have Medicare as their primary payor. The Medicare End Stage Renal Disease (ESRD) program pays us for dialysis treatment services at fixed rates. Unlike most other services covered by Medicare, the Medicare ESRD program has not provided for regular inflation increases in payment rates. Increases in operating costs that are subject to inflation, such as labor and supply costs, have occurred and are expected to continue to occur regardless of whether there is a compensating increase in payment rates. We cannot predict with certainty the nature or extent of future rate changes, if any. To the extent these rates decline or are not adjusted to keep pace with inflation, our revenues, earnings and cash flows would be adversely affected.

Table of Contents

Changes in the structure of, and payment rates under, the Medicare ESRD program could substantially reduce our revenues, earnings and cash flows.

The Medicare composite rate is the payment rate for a dialysis treatment including the supplies used in those treatments, specified laboratory tests and certain pharmaceuticals. Other services and pharmaceuticals, including EPO (a pharmaceutical used to treat anemia, a common complication associated with ESRD), vitamin D analogs and iron supplements, are separately billed. Changes to the structure of the composite rate and separately billable payment rates went into effect in January 2006, as Medicare moved to payment rates for pharmaceuticals from average acquisition cost to average sale price plus 6%. Future changes in the structure of, and payment rates under, the Medicare ESRD program could substantially reduce our revenues, earnings and cash flows.

Pharmaceuticals were approximately 30% and 35% of our total Medicare revenue for the year ended December 31, 2006 and the quarter ended March 31, 2007, respectively. ESRD pharmaceutical payment rates and utilization continue to receive attention from the government, which may lead to downward pressure on utilization and reimbursement changes in the future. If Medicare begins to bundle other services for payment by including in its composite payment rate the pharmaceuticals, laboratory services or other ancillary services that it currently pays separately, or if there are further changes to or decreases in the payment rate for these items without a corresponding increase in the composite rate, it could have a material adverse effect on our revenues, earnings and cash flows.

Changes in state Medicaid programs or payment rates could reduce our revenues, earnings and cash flows.

Approximately 5% of our dialysis revenue for the year ended December 31, 2006 and the quarter ended March 31, 2007 was generated from patients who have Medicaid as their primary coverage. As state governments face increasing budgetary pressure, they may propose reductions in payment rates, limitations on eligibility or other changes to Medicaid programs. Currently, Medicaid eligibility requirements mandate that citizen enrollees in Medicaid programs provide documented proof of citizenship. Our revenues, earnings and cash flows could be negatively impacted to the extent that we are not paid by Medicaid or other state programs for services provided to patients that are unable to satisfy the revised eligibility requirements, including undocumented patients living in the U.S. If state governments reduce the rates paid by those programs for dialysis and related services, further limit eligibility for Medicaid coverage or adopt changes similar to those adopted by Medicare, then our revenues, earnings and cash flows could be adversely affected.

Delays in state Medicare and Medicaid certification of our dialysis centers could adversely affect our revenues, earnings and cash flows.

Before we can begin billing for patients treated in our outpatient dialysis centers who are enrolled in government-based programs, we are required to obtain state and federal certification for participation in the Medicare and Medicaid programs. As state governments face increasing budgetary pressure, certain states may have difficulty certifying dialysis centers in the normal course and significant delays may result. If state governments are unable to certify new centers in the normal course and we experience significant delays in our ability to treat and bill for services provided to patients covered under government programs, our revenues, earnings and cash flows could be adversely affected.

Changes in clinical practices and payment rates or rules for Epogen, or EPO, and other pharmaceuticals could substantially reduce our revenues, earnings and cash flows.

The administration of EPO and other pharmaceuticals accounted for approximately 30% of our dialysis revenue for the year ended December 31, 2006 and the quarter ended March 31, 2007. Since late 2006, there has been significant media discussion and government scrutiny regarding anemia management practices in the United States. In late 2006, the House Ways and Means Committee held a hearing on the issue of EPO utilization and continues to review the issue. In March 2007, the FDA required changes to the labeling of Epogen® and Aranesp® to include a new black box warning which has created confusion and concern in the nephrology community and could result in changes in physician practice patterns or accepted clinical practices that could

Table of Contents

have a significant impact on the utilization of EPO. In addition, the labeling change may cause CMS to change their reimbursement policies. Changes in physician practice patterns and accepted clinical practices, changes in labeling of other pharmaceuticals in a manner that alters physician practice patterns or accepted clinical practices, changes in private and governmental payment criteria, including the introduction of EPO administration policies by private payors, the introduction of new pharmaceuticals or the conversion to alternate types of administration of EPO or other pharmaceuticals could have a material adverse effect on our revenues, earnings and cash flows.

Changes in EPO pricing and the use and marketing of alternatives to EPO could materially reduce our revenues, earnings and cash flows and affect our ability to care for our patients.

Amgen Inc. is the sole supplier of EPO and may unilaterally decide to increase its price for EPO, subject to certain contractual limitations. Future changes in the cost of EPO could have a material adverse effect on our earnings and cash flows and ultimately reduce our income. Although our agreement with Amgen for EPO continues for a fixed time period and includes potential pricing discounts depending upon the achievement of certain clinical and other criteria, we cannot predict whether we will continue to receive the discount structure for EPO that we currently receive, or whether we will continue to achieve the same levels of discounts within that structure as we have historically achieved. In addition, our contract with Amgen provides for specific rebates and incentives that are based on patient outcomes, process improvement, data submission, purchase volume growth and some combination of these factors. Factors that could impact our ability to qualify for the discounts, rebates and incentives provided for in our agreement with Amgen include our ability to achieve certain clinical outcomes, changes in pharmaceutical intensities and our growth. We have and may from time to time accelerate our EPO purchase volume in a given period to take advantage of certain incentives provided for in the agreement, which could result in an increase in our inventory levels. Failure to qualify for discounts or meet or exceed the targets and earn the specified rebates and incentives due to changes in prescribing patterns or otherwise could have a material adverse effect on our earnings and cash flows.

Amgen has developed and obtained FDA approval for Aranesp[®], a pharmaceutical used to treat anemia that may replace EPO or reduce its use with dialysis patients. In addition, Roche has developed and is seeking approval for CERA, a pharmaceutical also used to treat anemia. Unlike EPO, which is generally administered in conjunction with each dialysis treatment, these pharmaceuticals are administered less frequently. In the event that these similar alternatives to EPO are marketed for the treatment of dialysis patients, we may realize lower margins on the administration of such pharmaceuticals than are currently realized with EPO. In addition, to the extent that changes in administration practices occur as a result of the recent changes in labeling of these pharmaceuticals in a manner that alters physician practice patterns or accepted clinical practices or such pharmaceuticals begin to be administered to patients through channels other than DaVita, we would realize a significant reduction in revenue or profit from such administration. A significant increase in the development and use of similar alternatives to EPO, or a change in administration practices, could have a material adverse effect on our revenues, earnings and cash flows.

The investigation related to the subpoena we received on March 4, 2005 from the U.S. Attorney's Office for the Eastern District of Missouri could result in substantial penalties against us.

We are voluntarily cooperating with the U.S. Attorney's Office for the Eastern District of Missouri with respect to the subpoena we received on March 4, 2005, which requested a wide range of documents relating to our operations, including documents related to, among other things, pharmaceutical and other services provided to patients, relationships with pharmaceutical companies and financial relationships with physicians and joint ventures, the related request for additional documents related to specific medical director and joint venture arrangements we received in October 2005, and the additional subpoena we received in February 2006 requesting documents related to certain patient records relating to the administration and billing of EPO. It is possible that criminal proceedings may be initiated against us in connection with this inquiry. Any negative findings could result in substantial financial penalties against us, exclusion from future participation in the Medicare and Medicaid programs and criminal penalties. To our knowledge, no proceedings have been initiated against us at

this time. Although we cannot predict whether or when proceedings might be initiated or when these matters may be resolved, it is not unusual for investigations such as this to continue for a considerable period of time. Responding to the subpoenas will continue to require management's attention and significant legal expense.

The investigation related to the subpoena we received on October 25, 2004 from the U.S. Attorney's Office for the Eastern District of New York could result in substantial penalties against us.

We are voluntarily cooperating with the U.S. Attorney's Office for the Eastern District of New York and the OIG with respect to the subpoena we received on October 25, 2004, which requires production of a wide range of documents relating to our operations, including DaVita Laboratory Services. DVA Renal Healthcare received a similar subpoena in November 2004. It is possible that criminal proceedings may be initiated against us and DVA Renal Healthcare in connection with this inquiry. Any negative findings could result in substantial financial penalties against us and DVA Renal Healthcare, exclusion from future participation in the Medicare and Medicaid programs and criminal penalties. To our knowledge, no proceedings have been initiated against us or DVA Renal Healthcare at this time. Although we cannot predict whether or when proceedings might be initiated or when these matters may be resolved, it is not unusual for investigations such as this to continue for a considerable period of time. Responding to the subpoenas may require management's attention and significant legal expense.

If we fail to adhere to all of the complex government regulations that apply to our business, we could suffer severe consequences that would substantially reduce our revenues, earnings and cash flows.

Our dialysis operations are subject to extensive federal, state and local government regulations, including Medicare and Medicaid payment rules and regulations, federal and state anti-kickback laws, the Stark II physician self-referral prohibition and analogous state referral statutes, and federal and state laws regarding the collection, use and disclosure of patient health information. The Medicare and Medicaid reimbursement rules related to claims submission, cost reporting, and payment processes impose complex and extensive requirements upon dialysis providers, and a violation or departure from such requirements may result in government audits, lower reimbursements, recoupments or voluntary repayments and the potential loss of certification.

The regulatory scrutiny of healthcare providers, including dialysis providers, has increased significantly in recent years. Medicare has increased the frequency and intensity of its certification inspections of dialysis centers. For example, we are required to provide substantial documentation related to the administration of pharmaceuticals, including EPO, and, to the extent that any such documentation is found insufficient, we may be required to refund any amounts received from such administration by government or private payors, and be subject to substantial penalties under applicable laws or regulations. In addition, fiscal intermediaries have increased their prepayment and post-payment reviews.

We endeavor to comply with all of the requirements for receiving Medicare and Medicaid payments and to structure all of our relationships with referring physicians to comply with state and federal anti-kickback laws and the Stark II physician self-referral law. However, the laws and regulations in this area are complex and subject to varying interpretations. For example, none of our medical director agreements establishes compensation using the Stark II safe harbor method; rather, compensation under our medical director agreements is the result of individual negotiation and, we believe, exceeds amounts determined under the safe harbor method. If an enforcement agency were to challenge the level of compensation that we pay our medical directors, we could be required to change our practices, face criminal or civil penalties, pay substantial fines or otherwise experience a material adverse effect as a result of a challenge to these arrangements.

Because of regulatory considerations unique to each of these states, all of our dialysis operations in New York and some of our dialysis operations in New Jersey are conducted by privately-owned companies to which we provide a broad range of administrative services. These operations accounted for approximately 6% of our 2006 dialysis revenue. We believe that we have structured these operations to comply with the laws and

Table of Contents

regulations of these states, but we can give no assurances that they will not be challenged. If any of our operations are found to violate these or other government regulations, we could suffer severe consequences that would have a material adverse effect on our revenues, earnings and cash flows including:

Suspension or termination of our participation in government payment programs;

Refunds of amounts received in violation of law or applicable payment program requirements;

Loss of required government certifications or exclusion from government payment programs;

Loss of licenses required to operate healthcare facilities in some of the states in which we operate, including the loss of revenues from operations in New York and New Jersey conducted by privately-owned companies as described above;

Reductions in payment rates or coverage for dialysis and ancillary services and related pharmaceuticals;

Fines, damages or monetary penalties for anti-kickback law violations, Stark II violations, submission of false claims, civil or criminal liability based on violations of law, or other failures to meet regulatory requirements;

Claims for monetary damages from patients who believe their protected health information has been used or disclosed in violation of federal or state patient privacy laws;

Mandated practice changes that significantly increase operating expenses; and

Termination of relationships with medical directors.

If our joint ventures were found to violate the law, we could suffer severe consequences that would have a material adverse effect on our revenues, earnings and cash flows.

As of March 31, 2007 we owned a controlling interest in approximately 90 dialysis related joint ventures, representing approximately 15% of our dialysis revenue for the quarter ended March 31, 2007 and year ended December 31, 2006. We anticipate that we will continue to increase the number of our joint ventures during 2007. Many of our joint ventures with physicians or physician groups also have the physician owners providing medical director services to those centers or other centers we own and operate. Because our relationships with physicians are governed by the anti-kickback statute contained in the Social Security Act, we have sought to structure our joint venture arrangements to satisfy as many safe harbor requirements as we believe are reasonably possible. However, our joint venture arrangements do not satisfy all elements of any safe harbor under the federal anti-kickback statute. Based on the exceptions applicable to ESRD services, we believe that our joint venture arrangements and operations materially comply with the Stark II law. The subpoena we received from the United States Attorney's Office for the Eastern District of Missouri on March 4, 2005, and the related request for additional documents received in October 2005, includes a request for documents related to our joint ventures.

If our joint ventures are found to be in violation of the anti-kickback statute or the Stark provisions, we could be required to restructure the joint ventures or refuse to accept referrals for designated health services from the physicians with whom the joint venture centers have a financial relationship. We also could be required to repay amounts received from Medicare and certain other payors by the joint ventures pursuant to prohibited referrals, and we could be subject to monetary penalties and exclusion from government healthcare programs. If our joint venture centers are subject to any of these penalties, we could suffer severe consequences that would have a material adverse effect on our revenues, earnings and cash flows.

There are significant estimating risks associated with the amount of dialysis revenue that we recognize and if we are unable to accurately estimate our revenue, it could impact the timing of our revenue recognition or have a significant impact on our operating results.

There are significant estimating risks associated with the amount of dialysis revenue that we recognize for a reporting period. Ongoing insurance coverage changes, geographic coverage differences, differing interpretations

Table of Contents

of contract coverage, and other payor issues complicate the billing and collection process. Determining applicable primary and secondary coverage for our approximately 104,000 patients at any point in time, together with the changes in patient coverages that occur each month, requires complex, resource-intensive processes and errors in determining the correct coordination of benefits may result in refunds to payors. Revenues associated with Medicare and Medicaid programs are also subject to estimating risk related to the amounts not paid by the primary government payor that will ultimately be collectible from other government programs paying secondary coverage, the patient's commercial health plan secondary coverage or the patient. Collections, refunds and payor retractions typically continue to occur for up to three years and longer after services are provided. If our estimates of dialysis revenue are materially inaccurate, it could impact the timing of our revenue recognition and have a significant impact on our operating results.

If the ancillary services we provide or the strategic initiatives we invest in are ultimately unsuccessful, we may have to write off our investment in one or more of these activities.

Our ancillary services and strategic initiatives include pharmacy services, vascular access services, disease management services, ESRD clinical research programs and administrative services provided to minority-owned and third-party owned centers and clinics, each of which is related to our core business of providing dialysis services. If any of our ancillary services or strategic initiatives do not perform at the level that we anticipate, we may be required to write off our investment in one or more of these activities. As an example, our investment in pharmacy services of approximately \$17 million at the end of the first quarter of 2007 may be subject to future write-offs.

If a significant number of physicians were to cease referring patients to our dialysis centers, whether due to regulatory or other reasons, our revenues, earnings and cash flows would be substantially reduced.

Many physicians prefer to have their patients treated at dialysis centers where they or other members of their practice supervise the overall care provided as medical director of the center. As a result, the primary referral source for most of our centers is often the physician or physician group providing medical director services to the center. Neither our current nor former medical directors have an obligation to refer their patients to our centers. If a medical director agreement terminates, whether before or at the end of its term, and a new medical director is appointed, it may negatively impact the former medical director's decision to treat his or her patients at our center. If we are unable to enforce noncompetition provisions contained in the terminated medical director agreements, former medical directors may choose to provide medical director services for competing providers or establish their own dialysis centers in competition with ours. Also, if the quality of service levels at our centers deteriorates, it may negatively impact patient referrals and treatment volumes.

Our medical director contracts are for fixed periods, generally three to ten years. Medical directors have no obligation to extend their agreements with us. We may take actions to restructure existing relationships or take positions in negotiating extensions of relationships to assure compliance with the safe harbor provisions of the anti-kickback statute, Stark II law and other similar laws. These actions could negatively impact the decision of physicians to extend their medical director agreements with us or to refer their patients to us. If the terms of any existing agreement are found to violate applicable laws, we may not be successful in restructuring the relationship which could lead to the early termination of the agreement, or cause the physician to stop referring patients to our centers. If a significant number of physicians were to cease referring patients to our dialysis centers, whether due to regulatory or other reasons, then our revenues, earnings and cash flows would be substantially reduced.

If the current shortage of skilled clinical personnel continues or if we experience a higher than normal turnover rate, we may experience disruptions in our business operations and increases in operating expenses.

We are experiencing increased labor costs and difficulties in hiring nurses due to a nationwide shortage of skilled clinical personnel. We compete for nurses with hospitals and other health care providers. This nursing

Table of Contents

shortage may limit our ability to expand our operations. If we are unable to hire skilled clinical personnel when needed, or if we experience a higher than normal turnover rate for our skilled clinical personnel, our operations and treatment growth will be negatively impacted, which would result in reduced revenues, earnings and cash flows.

The integration of DVA Renal Healthcare's clinical, billing and collection systems into our operations is significant and the failure to successfully integrate the systems could have a material adverse effect on our revenues, cash flows and operating results.

The integration of DVA Renal Healthcare requires the successful implementation of uniform information technology systems, including clinical, billing and collections systems. We may experience difficulties in our ability to successfully bill and collect for services rendered as a result of our upgrade and integration of the billing and collection systems. Complications associated with the integration of our clinical, billing and collections systems could cause increased risk of retractions from and refunds to commercial and government payors, noncompliance with reimbursement regulations and could have an adverse impact on the claims review required by DVA Renal Healthcare's corporate integrity agreement. We may experience difficulties in effectively implementing these and other systems across our operations, including DVA Renal Healthcare. The failure to successfully integrate these and other systems could have a material adverse effect on our revenues, cash flows and operating results.

If DVA Renal Healthcare does not comply with its corporate integrity agreement, or DVA Renal Healthcare otherwise has failed or fails to comply with government regulations applicable to its operations, we could be subject to additional penalties and otherwise may be materially harmed.

DVA Renal Healthcare entered into a settlement agreement with the Department of Justice and certain agencies of the United States government relating to the Department of Justice's investigation of DVA Renal Healthcare's Medicare and Medicaid billing practices and its relationships with physicians and pharmaceutical manufacturers. If DVA Renal Healthcare does not comply with the terms of the corporate integrity agreement or otherwise has failed or fails to comply with the extensive federal, state and local government regulations applicable to its operations, we could be subject to additional penalties, including monetary penalties or exclusion from participation in government programs, and otherwise may be materially harmed. The costs associated with compliance with the corporate integrity agreement and cooperation with the government are substantial and may be greater than we currently experience. In addition, as a result of the settlement agreement, commercial payors and other third parties may initiate legal proceedings against DVA Renal Healthcare related to the billing practices and other matters covered by the settlement agreement.

Our alliance and product supply agreement with Gambro Renal Products Inc. may limit our ability to achieve cost savings with respect to products and equipment we are required to purchase under this agreement.

In August 2006, we amended our alliance and product supply agreement with Gambro Renal Products Inc., a subsidiary of Gambro AB, pursuant to which we are required to purchase from Gambro Renal Products specified percentages of hemodialysis products, supplies and equipment at fixed prices. The amended supply agreement, among other things, reduces our purchase obligations with respect to our requirements for such products, supplies and equipment and permits the termination of our obligations with respect to certain products under certain circumstances. The amended supply agreement continues to require us to purchase a significant majority of our hemodialysis product supplies and equipment at fixed prices and may limit our ability to realize future cost savings in regard to products and equipment for which we remain obligated to make purchases under the agreement. Our total spending on hemodialysis products, supplies and equipment with Gambro Renal Products was approximately 4% and 2% of our total operating costs for the year ended December 31, 2006 and the quarter ended March 31, 2007, respectively.

Table of Contents

Our ability to effectively provide the services we offer could be negatively impacted if certain of our suppliers are unable to meet our needs, which could substantially reduce our revenues, earnings and cash flows.

We have significant suppliers that are either the sole or primary source of products critical to the services we provide or to which we have committed obligations to make purchases, including Amgen, Gambro Renal Products, Baxter Healthcare Corporation, as well as others. If any of these suppliers are unable to meet our needs for the products they supply and we are not able to find adequate alternative sources, our revenues, earnings and cash flows could be substantially reduced.

We may be subject to liability claims for damages and other expenses not covered by insurance that could reduce our earnings and cash flows.

The administration of dialysis and related services to patients may subject us to litigation and liability for damages. Our business, profitability and growth prospects could suffer if we face negative publicity or we pay damages or defense costs in connection with a claim that is outside the scope of any applicable insurance coverage, including claims related to contractual disputes and professional and general liability claims. In addition, we have received several notices of claims from commercial payors and other third parties related to our historical billing practices and the historical billing practices of DVA Renal Healthcare and other matters related to their settlement agreement with the Department of Justice. Although the ultimate outcome of these claims cannot be predicted, an adverse result with respect to one or more of these claims could have a material adverse effect on our financial condition, results of operations, and cash flows. We currently maintain programs of general and professional liability insurance. However, a successful claim, including a professional liability, malpractice or negligence claim which is in excess of our insurance coverage, could have a material adverse effect on our earnings and cash flows.

In addition, if our costs of insurance and claims increase, then our earnings could decline. Market rates for insurance premiums and deductibles have been steadily increasing. Our earnings and cash flows could be materially and adversely affected by any of the following:

further increases in premiums and deductibles;

increases in the number of liability claims against us or the cost of settling or trying cases related to those claims; and

an inability to obtain one or more types of insurance on acceptable terms.

If businesses we acquire have liabilities that we are not aware of, we could suffer severe consequences that would substantially reduce our revenues, earnings and cash flows.

Our business strategy includes the acquisition of dialysis centers and businesses that own and operate dialysis centers, as well as other ancillary businesses. Businesses we acquire may have unknown or contingent liabilities or liabilities that are in excess of the amounts that we estimated. Although we generally seek indemnification from the sellers of businesses we acquire for matters that are not properly disclosed to us, we are not always successful. In addition, even in cases where we are able to obtain indemnification, we may discover liabilities greater than the contractual limits or the financial resources of the indemnifying party. In the event that we are responsible for liabilities substantially in excess of any amounts recovered through rights to indemnification, we could suffer severe consequences that would substantially reduce our revenues, earnings and cash flows.

Provisions in our charter documents, compensation programs and Delaware law may deter a change of control that our stockholders would otherwise determine to be in their best interests.

Our charter documents include provisions that may deter hostile takeovers, delay or prevent changes of control or changes in our management, or limit the ability of our stockholders to approve transactions that they

Table of Contents

may otherwise determine to be in their best interests. These include provisions prohibiting our stockholders from acting by written consent, requiring 90 days advance notice of stockholder proposals or nominations to our Board of Directors and granting our Board of Directors the authority to issue preferred stock and to determine the rights and preferences of the preferred stock without the need for further stockholder approval. In addition, on November 14, 2002, the Board of Directors approved a shareholder rights plan that would substantially dilute the interest sought by an acquirer that our Board of Directors does not approve.

Most of our outstanding employee stock options include a provision accelerating the vesting of the options in the event of a change of control. We also maintain a change of control protection program for our employees who do not have a significant number of stock awards, which provides for cash bonuses to the employees in the event of a change of control which has been in place since September 2001. Based on the shares of our common stock outstanding and the market price of our stock on March 31, 2007, these cash bonuses would total approximately \$217 million if a change of control transaction occurred at that price and our Board of Directors did not modify this program. These compensation programs may affect the price an acquirer would be willing to pay for us.

We are also subject to Section 203 of the Delaware General Corporation Law that, subject to exceptions, would prohibit us from engaging in any business combinations with any interested stockholder, as defined in that section, for a period of three years following the date on which that stockholder became an interested stockholder.

These provisions may discourage, delay or prevent an acquisition of our Company at a price that our stockholders may find attractive. These provisions could also make it more difficult for our stockholders to elect directors and take other corporate actions and could limit the price that investors might be willing to pay for shares of our common stock.

Risks related to the notes

Our substantial indebtedness could adversely affect our financial health and prevent us from fulfilling our obligations under the notes.

As of March 31, 2007, we had \$3,750 million in outstanding debt (excluding the premium of approximately \$5 million associated with the issuance of the restricted notes) on our consolidated balance sheet and \$200 million of available unused borrowing capacity under the revolving portion of our senior secured credit facilities (after giving effect to letters of credit for approximately \$50 million). Our substantial indebtedness could have important consequences to you. For example, it could:

make it more difficult for us to satisfy our obligations with respect to the notes,

increase our vulnerability to general adverse economic and industry conditions,

require us to dedicate a substantial portion of our cash flow from operations to payments on our indebtedness, thereby reducing the availability of our cash flow to fund working capital, capital expenditures, acquisitions and investments and other general corporate purposes,

expose us to interest rate fluctuations because the interest on the debt under our senior secured credit facilities may be at variable rates,

limit our flexibility in planning for, or reacting to, changes in our business and the markets in which we operate,

place us at a competitive disadvantage compared to our competitors that have less debt, and

limit our ability to borrow additional funds.

Edgar Filing: FLAMINGO PARK KIDNEY CENTER INC - Form S-4

In addition, we may incur substantial additional indebtedness in the future. The terms of the indentures governing the notes and our 7¹/₄% senior subordinated notes due 2015, or the senior subordinated notes, and the

Table of Contents

senior secured credit facilities allow us to incur additional debt subject to certain limitations. If new debt is added to current debt levels, the related risks described above could intensify. If additional debt financing is not available when required or is not available on acceptable terms, we may be unable to grow our business, take advantage of business opportunities, respond to competitive pressures or refinance maturing debt, any of which could have a material adverse effect on our operating results and financial condition.

We will require a significant amount of cash to service our indebtedness. Our ability to generate cash depends on many factors beyond our control.

Our ability to make interest and principal payments on our indebtedness, including the notes, and to fund planned capital expenditures and expansion efforts including any strategic acquisitions we may make in the future will depend on our ability to generate cash. This, to a certain extent, is subject to general economic, financial, competitive, regulatory and other factors that are beyond our control.

We cannot assure you that our business will generate sufficient cash flow from operations in the future, that our currently anticipated growth in revenue and cash flow will be realized on schedule or that future borrowings will be available to us in an amount sufficient to enable us to service our indebtedness, including the notes, or to fund other liquidity needs. We may need to refinance all or a portion of our indebtedness, including the notes, on or before maturity. Our senior secured credit facilities are secured by substantially all of our and the subsidiary guarantors' assets. In particular, these facilities are secured by first priority pledges of 100% of the equity interests owned by us in our direct and indirect domestic subsidiaries and 65% of the equity interests of our direct foreign subsidiaries, if any, and any successor credit facility is likely to be secured on a similar basis. As such, our ability to refinance the notes or seek additional financing could be limited by such security interest. We cannot assure you that we will be able to refinance our indebtedness on commercially reasonable terms or at all.

Holders of secured debt would be paid first and would receive payments from assets used as security before you would receive payments if we were to become insolvent or default in the payment of our debt.

The notes and the guarantees will not be secured by any of our assets or the assets of our subsidiaries and will therefore be effectively subordinated to our existing and future secured debt to the extent of the assets securing that debt. Our senior secured credit facilities are secured by substantially all of our and the subsidiary guarantors' assets, including by first priority pledges of 100% of the equity interests owned by us in our direct and indirect domestic subsidiaries and 65% of the equity interests of our direct foreign subsidiaries, if any, and any successor credit facility is likely to be secured on a similar basis. The indentures governing the notes and our senior subordinated notes permit us to incur additional debt, including purchase money debt and other secured debt (including debt under our senior secured credit facilities). If we were to become insolvent, holders of any current and future secured debt (including obligations outstanding under our senior secured credit facilities) would be paid first and would receive payments from the assets used as security before you would receive any payments. You may therefore not be fully repaid if we remain insolvent in such circumstances.

As of March 31, 2007, we had \$3,750 million in outstanding debt (excluding the premium of approximately \$5 million associated with the issuance of the restricted notes) on our consolidated balance sheet, of which \$1,999 million was secured and effectively senior to the notes, and \$200 million of available unused borrowing capacity under the revolving portion of our senior secured credit facilities (after giving effect to letters of credit for approximately \$50 million).

The agreement governing the senior secured credit facilities and the indentures governing the notes and our senior subordinated notes contain various covenants which limit our management's discretion in the operation of our business.

The indentures related to the notes and our senior subordinated notes contain various provisions that restrict our ability to:

incur additional indebtedness,

Table of Contents

pay dividends on, redeem or repurchase our capital stock and make other restricted payments,

make certain restricted investments,

create certain liens and otherwise use assets as security in transactions,

sell or otherwise dispose of assets,

enter into transactions with affiliates,

create restrictions on our ability to receive dividends or other payments from restricted subsidiaries,

engage in unrelated businesses,

create or designate unrestricted subsidiaries and

merge, consolidate or transfer all or substantially all of our assets and the assets of our subsidiaries on a consolidated basis.

In addition, our senior secured credit facilities require us to maintain certain financial ratios and contain negative covenants. Our ability to comply with these ratios and covenants may be affected by events beyond our control.

Any failure to comply with the restrictions of the indentures related to the notes and our senior subordinated notes, the senior secured credit facilities or any other subsequent financing agreements may result in an event of default under those agreements. Such default may allow the creditors, if the agreements so provide, to declare the related debt immediately due and payable as well as any other debt to which a cross-acceleration or cross-default provision applies. In addition, lenders may have the right in these circumstances to terminate any commitments they have to provide further borrowings. Our assets and cash flow may not be sufficient to fully repay borrowings under our outstanding debt agreements if accelerated upon an event of default.

The notes will be effectively subordinated to the claims of the creditors of our non-guarantor subsidiaries.

Many, but not all, of our subsidiaries will guarantee the notes. In the event of a bankruptcy, liquidation or reorganization of any of the non-guarantor subsidiaries, holders of their indebtedness and their trade creditors will generally be entitled to payment of their claims from the assets and earnings of such subsidiaries before any assets of the non-guarantor subsidiaries are available for distribution to us, creditors of DaVita and creditors of the subsidiary guarantors, including holders of the notes.

As of March 31, 2007, our non-guarantor subsidiaries had aggregate total indebtedness of \$9 million on their respective balance sheets and their aggregate total assets accounted for approximately 9% of our consolidated total assets at that date. The indentures governing the notes and our senior subordinated notes and our senior secured credit facilities permit the incurrence of certain additional indebtedness by our non-guarantor subsidiaries in the future.

Federal and state statutes allow courts, under specific circumstances, to void the guarantees of the notes.

The issuance of the guarantees of the notes may be subject to review under United States federal bankruptcy law and comparable provisions of state fraudulent conveyance laws if a bankruptcy or reorganization case or lawsuit is commenced by or on behalf of a subsidiary guarantor's unpaid creditors. Under the laws, if a court were to find in such a bankruptcy or reorganization case or lawsuit that, at the time the subsidiary guarantor issued the guarantee of the notes:

it issued the guarantee to delay, hinder or defraud present or future creditors, or

it received less than reasonably equivalent value or fair consideration for issuing the guarantee and at the time it issued the guarantee:

it was insolvent or rendered insolvent by reason of issuing the guarantee,

Table of Contents

it was engaged, or about to engage, in a business or transaction for which its assets, after giving effect to its potential liability under the guarantee, constituted unreasonably small capital to carry on its business, or

it intended to incur, or believed that it would incur, debts beyond its ability to pay as they mature, then the court could void the obligations under the guarantees of the notes, subordinate the guarantees of the notes to that subsidiary guarantor's other obligations or take other action detrimental to holders of the guarantees of the notes.

The measures of insolvency for purposes of fraudulent transfer laws vary depending upon the law of the jurisdiction that is being applied in any proceeding to determine whether a fraudulent transfer had occurred. Generally, however, a person would be considered insolvent if, at the time it incurred the debt:

the present fair saleable value of its assets was less than the amount that would be required to pay its probable liability on its existing debts, including contingent liabilities, as they become absolute and mature, or

it could not pay its debts as they become due.

We cannot be sure as to the standard that a court would use to determine whether a subsidiary guarantor was solvent at the relevant time, or, regardless of the standard that the court uses, that the issuance of the guarantee of the notes would not be voided or the guarantee of the notes would not be subordinated to a subsidiary guarantor's other debt. If such a case were to occur, a guarantee could also be subject to the claim that, since the guarantee was incurred for DaVita's benefit, and only indirectly for the benefit of the subsidiary guarantor, the guarantee was incurred for less than fair consideration.

An active trading market may not develop for the notes.

There is no established trading market for the notes and we cannot assure you that an active or liquid trading market will develop. We do not intend to apply for a listing of the notes on any securities exchange or automated interdealer quotation system. The liquidity of any market for the notes will depend upon the number of holders, our own financial performance, the market for similar securities, the interest of securities dealers in making a market, prevailing interest rates, the prospects for companies in our industry and other factors.

We may be unable to purchase your notes upon a change of control.

Upon the occurrence of certain specific kinds of change of control events, we will be required to offer to purchase all outstanding notes. However, it is possible that we will not have sufficient funds at the time of the change of control to make the required purchase of notes or that restrictions in our senior secured credit facilities or other agreements will not allow such purchases. If a change of control occurs, we cannot assure you that we will have sufficient funds to repay other debt obligations which will be required to be repaid, in addition to the notes. See Description of notes Change of control.

If you fail to exchange your restricted notes by properly tendering them for notes to be issued pursuant to the exchange offer, your restricted notes will continue to be subject to transfer restrictions and may have reduced liquidity.

In this exchange offer, we will issue notes only in exchange for restricted notes that you timely and properly tender. Therefore, you should allow sufficient time to ensure timely delivery of the letter of transmittal and the tender of your restricted notes, and you should carefully follow the instructions on how to tender your restricted notes. Neither we nor the exchange agent are required to tell you of any defects or irregularities with respect to your tender of restricted notes.

The restricted notes have not been registered under the Securities Act or any state securities law and therefore may not be offered, sold or otherwise transferred except in compliance with the registration

Table of Contents

requirements of the Securities Act and any other applicable securities laws or pursuant to an exemption from those requirements. The transfer of the restricted notes is also subject to other conditions and restrictions set forth in the indenture. If you do not exchange your restricted notes for notes to be issued pursuant to the exchange offer by properly tendering them, your restricted notes will continue to be subject to these restrictions and the restrictions on transfer described in the legend on your restricted notes. In general, you may only offer or sell the restricted notes if they are registered under the Securities Act and applicable state securities laws, or offered and sold under an exemption from these requirements. As we do not intend to register the restricted notes under the Securities Act, if the exchange offer is completed, holders of restricted notes that have not been exchanged who seek liquidity in their investment would have to rely on exemptions from the registration requirements under the securities laws, including the Securities Act. Consequently, holders of restricted notes who do not participate in the exchange offer could experience significant diminution in the value of their restricted notes compared to the value of the notes.

If any restricted notes are tendered and accepted by us in the exchange offer, there may be no trading market for the restricted notes that remain outstanding and the ability of a holder of such restricted notes to sell the restricted notes could be adversely affected. To the extent that restricted notes are tendered and accepted by us in the exchange offer, the principal amount of outstanding restricted notes will decrease, which will likely adversely affect the liquidity of any trading market for the restricted notes that may exist.

In connection with the offering of the restricted notes, we and the guarantors entered into a registration rights agreement. The registration rights agreement provides, in general and among other things, that if we do not consummate the exchange offer by a specified date, additional interest will be payable on the restricted notes until the exchange offer is consummated. Following completion of the exchange offer, the restricted notes will not be entitled to any additional interest, registration rights or other rights under the registration rights agreement and will continue to bear interest at the respective per annum rates originally applicable to such restricted notes.

Table of Contents**USE OF PROCEEDS**

We used the net proceeds from the issuance of the restricted notes of approximately \$402 million to repay a portion of outstanding amounts under the term loan portion of our senior secured credit facilities and pay related fees and expenses.

The issuance of the notes in this exchange offer will not result in any increase in our indebtedness. We will not receive any proceeds from the issuance of notes in the exchange offer.

Table of Contents**SELECTED FINANCIAL DATA**

The following table presents selected consolidated financial and operating data for the periods indicated. In October 2005, we acquired DVA Renal Healthcare for approximately \$3.06 billion. DVA Renal Healthcare was one of the largest dialysis services providers in the United States. In conjunction with a consent order issued by the Federal Trade Commission, on October 4, 2005, we divested a total of 71 centers and terminated two management service agreements. In addition, effective January 1, 2006, we divested three additional centers that were previously pending state regulatory approval. See footnote (6) below. The operating results of DVA Renal Healthcare are included in our operating results from October 1, 2005, and the operating results of the historical DaVita divested centers are reflected as discontinued operations in our consolidated statements of income for 2005 and prior. The following financial and operating data should be read in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operation and our consolidated financial statements filed as part of our quarterly report on Form 10-Q for the quarter ended March 31, 2007 and our annual report on Form 10-K for the year ended December 31, 2006, which are incorporated by reference in this prospectus.

- (4) The swap valuation net gains of \$4,548 in 2005, represented the accumulated fair value on several swap instruments that were ineffective as cash flow hedges, as a result of the repayment of our credit facilities, as well as changes in the fair values of these swaps until they were redesignated as hedges, and represent changes in the fair value of the swaps during periods in which there was no matching variable rate LIBOR-based interest payments.

THE EXCHANGE OFFER

Purpose of the exchange offer

We issued the restricted notes on February 23, 2007 in a transaction exempt from the registration requirements of the Securities Act. Accordingly, the restricted notes may not be reoffered, resold, or otherwise transferred unless so registered or unless an applicable exemption from the registration and prospectus delivery requirements of the Securities Act is available.

In connection with the sale of the restricted notes, we entered into a registration rights agreement, which requires us to:

file a registration statement providing for the exchange offer with the SEC on or prior to the 90th day after the date that the restricted notes were first issued;

use our reasonable best efforts to cause the registration statement to be declared effective under the Securities Act no later than the 180th day after the date the restricted notes were first issued; and

use our reasonable best efforts to consummate the exchange offer no later than the 45th day after the date the registration statement is declared effective.

We are making the exchange offer to satisfy our obligations under the registration rights agreement.

Terms of the exchange

We are offering to exchange, subject to the conditions described in this prospectus and in the letter of transmittal accompanying this prospectus, \$400,000,000 aggregate principal amount of our 6⁵/₈% Senior Notes due 2013 that have been registered under the Securities Act for an equal aggregate principal amount of our restricted unregistered 6⁵/₈% Senior Notes due 2013 issued on February 23, 2007. The terms of the notes to be issued pursuant to the exchange offer are identical in all material respects to the terms of the restricted notes, except that:

the notes to be issued pursuant to the exchange offer will have been registered under the Securities Act, will not contain transfer restrictions, and will not bear legends restricting their transfer; and

the notes to be issued pursuant to the exchange offer will not contain terms providing for the payment of additional interest due to a default in the performance of certain of our obligations under the registration rights agreement and will not be entitled to registration rights under the registration rights agreement.

For additional information, see the section "Description of notes" in this prospectus.

The exchange offer is not conditioned upon the tender of any minimum principal amount of restricted notes.

Tendering holders of the restricted notes will not be required to pay brokerage commissions or fees or transfer taxes with respect to the exchange of the restricted notes in the exchange offer, except as specified in the instructions in the letter of transmittal.

Expiration date; extension; termination; amendment

The exchange offer will expire at 5:00 p.m., New York City time, on _____, 2007, unless we, in our sole discretion, have extended the period of time for which the exchange offer is open. The time and date, as it may be extended, is referred to herein as the expiration date. The expiration date will be at least 20 business days after the commencement of the exchange offer. We expressly reserve the right, at any time or from time to time, to extend the period of time during which the exchange offer is open, and thereby delay acceptance for exchange of any restricted notes. We will extend the expiration date by giving oral or written notice of the extension to the exchange agent and by a public

Edgar Filing: FLAMINGO PARK KIDNEY CENTER INC - Form S-4

announcement no later than 9:00 a.m., New York City time, on the next business day after the previously scheduled expiration date. During any extension, all restricted notes previously tendered will remain subject to the exchange offer unless properly withdrawn.

Table of Contents

We expressly reserve the right to:

extend the exchange offer from time to time;

terminate or amend the exchange offer and not accept for exchange any restricted notes not previously accepted for exchange upon the occurrence of any of the events specified in this section under the subheading "Certain conditions to the exchange offer"; and

amend the terms of the exchange offer in any manner, whether before or after any tender of the restricted notes.

If any termination or amendment occurs, we will notify the exchange agent in writing and will either issue a press release or give oral or written notice to the holders of the restricted notes as promptly as practicable.

For purposes of the exchange offer, a "business day" means any day other than Saturday, Sunday or a date on which banking institutions are required or authorized by New York State law to be closed, and consists of the time period from 12:01 a.m. through 12:00 midnight, New York City time. Unless we terminate the exchange offer prior to 5:00 p.m., New York City time, on the expiration date, we will exchange the notes for the restricted notes promptly following the expiration date.

Procedures for tendering restricted notes

Our acceptance of restricted notes tendered by a holder will constitute a binding agreement between the tendering holder and us upon the terms and subject to the conditions described in this prospectus and in the accompanying letter of transmittal. All references in this prospectus to the letter of transmittal are deemed to include a facsimile of the letter of transmittal.

A holder of restricted notes may tender the restricted notes by:

complying with the procedure for book-entry transfer described below or properly completing and signing the letter of transmittal;

properly completing any required signature guarantees;

properly completing any other documents required by the letter of transmittal; and

delivering all of the above to the exchange agent at its address set forth below at or prior to 5:00 p.m., New York City time on the expiration date; or

complying with the guaranteed delivery procedures described below.

The method of delivery of letters of transmittal and all other required documents is at the election and risk of the holders. If the delivery is by mail, it is recommended that registered mail properly insured, with return receipt requested, be used. In all cases, sufficient time should be allowed to ensure timely delivery.

The signature on the letter of transmittal need not be guaranteed if:

Edgar Filing: FLAMINGO PARK KIDNEY CENTER INC - Form S-4

tendered restricted notes are registered in the name of the signer of the letter of transmittal;

the notes to be issued in exchange for the restricted notes are to be issued in the name of the registered holder of the restricted notes;
and

any untendered restricted notes are to be reissued in the name of the registered holder of the restricted notes.
In any other case, the letter of transmittal must be:

accompanied by written instruments of transfer in form satisfactory to us;

Table of Contents

duly executed by the registered holder of the restricted notes; and

the signature on the instrument of transfer must be guaranteed by a bank, broker, dealer, credit union, savings association, clearing agency or other institution (each, an eligible institution) that is a member of a recognized signature guarantee program within the meaning of Rule 17Ad-15 under the Exchange Act.

If the notes and/or restricted notes not exchanged but reissued are to be delivered to an address other than that of the registered holder appearing on the note register for the restricted notes, the signature in the letter of transmittal must be guaranteed by an eligible institution. If any untendered restricted notes are to be reissued in the name of a person other than the registered holder of those restricted notes, then such holder must comply with the transfer restrictions applicable to the restricted notes set forth in the indenture.

The exchange agent will make a request within two business days after the date of this prospectus to establish accounts with respect to the restricted notes at The Depository Trust Company, or DTC (the book-entry transfer facility) for the purpose of facilitating the exchange offer. Subject to establishing the accounts, any financial institution that is a participant in the book-entry transfer facility s system may make book-entry delivery of restricted notes by causing the book-entry transfer facility to transfer the restricted notes into the exchange agent s account with respect to the restricted notes in accordance with the book-entry transfer facility s procedures for the transfer. Although delivery of restricted notes may be effected through book-entry transfer into the exchange agent s account at the book-entry transfer facility, an appropriate letter of transmittal with any required signature guarantee and all other required documents, or an agent s message (as defined below), must in each case be properly transmitted to and received or confirmed by the exchange agent at its address set forth below prior to the expiration date, or, if the guaranteed delivery procedures described below are complied with, within the time period provided under such procedures.

The exchange agent and DTC have confirmed that the exchange offer is eligible for the DTC Automated Tender Offer Program, or ATOP. Accordingly, DTC participants may, in lieu of physically completing and signing the letter of transmittal and delivering it to the exchange agent, electronically transmit their acceptance of the exchange offer by causing DTC to transfer restricted notes to the exchange agent in accordance with DTC s ATOP procedures for transfer. DTC will then send an agent s message.

The term agent s message means a message which:

is transmitted by DTC;

is received by the exchange agent and forms part of the book-entry transfer;

states that DTC has received an express acknowledgment from a participant in DTC that is tendering restricted notes which are the subject of the book-entry transfer;

states that the participant has received and agrees to be bound by all of the terms of the letter of transmittal; and

states that we may enforce the agreement against the participant.

If a holder desires to accept the exchange offer and time will not permit a letter of transmittal to reach the exchange agent before the expiration date or the procedure for book-entry transfer cannot be completed on a timely basis, the holder may effect a tender by guaranteed delivery if the exchange agent has received at its address set forth below on or prior to the expiration date, a properly completed and duly executed notice of guaranteed delivery by facsimile transmission, mail or hand delivery from an eligible institution setting forth:

the name and address of the tendering holder;

the names in which the restricted notes are registered;

the certificate number(s) of the restricted notes;

Table of Contents

the principal amount of restricted notes being tendered; and

a statement that the tender is being made thereby and guaranteeing that within three business days after the expiration date a confirmation of book-entry transfer of such restricted notes into the exchange agent's account at the book-entry transfer facility and an agent's message or a properly completed and duly executed letter of transmittal, together with the certificates representing the tendered restricted notes and any other required documents will be delivered to the exchange agent.

Unless restricted notes being tendered by the above-described guaranteed delivery method are deposited with the exchange agent, a tender will be deemed to have been received as of the date when:

a properly transmitted agent's message or the tendering holder's properly completed and duly signed letter of transmittal, in each case together with a confirmation of book-entry transfer of the restricted notes into the exchange agent's account at the book-entry transfer facility and any other required documentation, is received by the exchange agent; or

a properly completed and duly executed notice of guaranteed delivery is received by the exchange agent by facsimile transmission, mail or hand delivery from an eligible institution.

Issuances of notes in exchange for restricted notes tendered pursuant to a notice of guaranteed delivery by an eligible institution will be made only against receipt by the exchange agent of an agent's message or a properly completed and duly signed letter of transmittal and any other required documents, together with confirmation of book-entry transfer of such restricted notes into the exchange agent's account at the book-entry transfer facility.

All questions as to the validity, form, eligibility, including time of receipt, and acceptance of restricted notes tendered for exchange will be determined by us in our sole discretion, which determination will be final and binding. We reserve the absolute right to reject any and all tenders of any restricted notes not properly tendered or not to accept any restricted notes which acceptance might, in our judgment or the judgment of our counsel, be unlawful. We also reserve the absolute right to waive any defects or irregularities or conditions of the exchange offer as to any restricted notes either before or after the expiration date, including the right to waive the ineligibility of any holder who seeks to tender restricted notes in the exchange offer. The interpretation of the terms and conditions of the exchange offer, including the letter of transmittal and the instructions contained in the letter of transmittal, by us will be final and binding on all parties. Unless waived, any defects or irregularities in connection with tenders of restricted notes for exchange must be cured within such reasonable period of time as we determine. Neither we, the exchange agent nor any other person has any duty to give notification of any defect or irregularity with respect to any tender of restricted notes for exchange, nor will any of us incur any liability for failure to give such notification.

If the letter of transmittal is signed by a person or persons other than the registered holder or holders of restricted notes, the letter of transmittal must be accompanied by appropriate powers of attorney signed exactly in the name or names of the registered holder or holders of the restricted notes.

If the letter of transmittal or any powers of attorney are signed by trustees, executors, administrators, guardians, attorneys-in-fact, officers of corporations or others acting in a fiduciary or representative capacity, such persons should so indicate when signing, and, unless waived by us, such persons must submit proper evidence satisfactory to us of their authority to so act.

By tendering, you will represent to us that:

any notes to be received by you in the exchange offer will be acquired in the ordinary course of your business;

you have no arrangement or understanding with any person to participate in the distribution (within the meaning of the Securities Act) of the notes;

Table of Contents

you are not an affiliate (within the meaning of Rule 405 under the Securities Act) of us or any of the guarantors;

you are not engaged in, and do not intend to engage in, the distribution (within the meaning of the Securities Act) of the notes;

if you are a broker-dealer, you will receive the notes in exchange for restricted notes that were acquired for your own account as a result of market-making activities or other trading activities;

if you are a broker-dealer, you did not purchase the restricted notes being tendered in the exchange offer directly from us for resale pursuant to Rule 144A or Regulation S under the Securities Act or any other available exemption from registration under the Securities Act; and

you are not acting on behalf of any person who could not truthfully make the foregoing representations.

Each participating broker-dealer that receives notes in the exchange offer must acknowledge that it will deliver a prospectus in connection with any resale of those notes. By so acknowledging and delivering a prospectus, a participating broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

Terms and conditions of the letter of transmittal

The letter of transmittal contains, among other things, the following terms and conditions, which are part of the exchange offer.

The party tendering restricted notes for exchange sells, assigns and transfers the restricted notes to us and irrevocably constitutes and appoints the exchange agent as the party's agent and attorney-in-fact to cause the restricted notes to be assigned, transferred and exchanged. We refer to the party tendering notes herein as the transferor. The transferor represents and warrants that the transferor has full power and authority to tender, exchange, assign and transfer the restricted notes and to acquire notes issuable upon the exchange of the tendered restricted notes, and that, when the same are accepted for exchange, we will acquire good and unencumbered title to the tendered restricted notes, free and clear of all liens, restrictions, charges and encumbrances and not subject to any adverse claim. The transferor also warrants that the transferor will, upon request, execute and deliver any additional documents deemed by the exchange agent or us to be necessary or desirable to transfer ownership of the restricted notes on the account books maintained by a book-entry transfer facility. The transferor further agrees that acceptance of any tendered restricted notes by us and the issuance of notes in exchange for restricted notes will constitute performance in full by us of certain of our obligations under the registration rights agreement. All authority conferred by the transferor will survive the death or incapacity of the transferor and every obligation of the transferor will be binding upon the heirs, legal representatives, successors, assigns, executors and administrators of the transferor.

Withdrawal rights

Tenders of restricted notes may be withdrawn at any time before 5:00 p.m. New York City time, on the expiration date.

For a withdrawal to be effective, a written notice of withdrawal sent by facsimile transmission or letter must be received by the exchange agent at the address set forth in this prospectus before 5:00 p.m. New York City time, on the expiration date. Any notice of withdrawal must:

specify the name of the person having tendered the restricted notes to be withdrawn;

identify the restricted notes to be withdrawn, including the principal amount of such restricted notes;

include a statement that the holder is withdrawing the holder's election to have the restricted notes exchanged;

Table of Contents

be signed by the holder in the same manner as the original signature on the letter of transmittal by which the restricted notes were tendered or as otherwise described above, including any required signature guarantees, or be accompanied by documents of transfer sufficient to have the trustee under the indenture register the transfer of the restricted notes into the name of the person withdrawing the tender; and

specify the name in which any such restricted notes are to be registered, if different from that of the person who tendered the restricted notes (in which case the signature of the holder must be guaranteed by an eligible institution).

The exchange agent will return the properly withdrawn restricted notes promptly following receipt of the notice of withdrawal. If restricted notes have been tendered pursuant to the procedure for book-entry transfer, any notice of withdrawal must specify the name and number of the account at the book-entry transfer facility to be credited with the withdrawn restricted notes or otherwise comply with the book-entry transfer facility procedure. All questions as to the validity of notices of withdrawals, including time of receipt, will be determined by us and our determination will be final and binding on all parties.

Any restricted notes so withdrawn will be deemed not to have been validly tendered for exchange for purposes of the exchange offer. Any restricted notes which have been tendered for exchange but which are not exchanged for any reason will be returned to the holder without cost to the holder. In the case of restricted notes tendered by book-entry transfer into the exchange agent's account at the book-entry transfer facility pursuant to the book-entry transfer procedures described above, the restricted notes will be credited to an account with the book-entry transfer facility specified by the holder. In either case, the restricted notes will be returned promptly after withdrawal, rejection of tender or termination of the exchange offer. Properly withdrawn restricted notes may be retendered by following one of the procedures described in this section under the subheading "Procedures for tendering restricted notes" at any time before the expiration date.

Acceptance of restricted notes for exchange; delivery of notes

Upon satisfaction of all of the conditions to the exchange offer, we will accept, on the expiration date, all restricted notes properly tendered and not validly withdrawn and will issue or cause to be issued the notes promptly after such acceptance. See the discussion in this section under the subheading "Certain conditions to the exchange offer" for more detailed information. For purposes of the exchange offer, we will be deemed to have accepted properly tendered restricted notes for exchange when, and if, we have given oral or written notice of our acceptance to the exchange agent.

For each restricted note accepted for exchange, the holder of the restricted note will receive a note having a principal amount equal to that of the surrendered restricted note.

In all cases, issuance of notes for restricted notes that are accepted for exchange pursuant to the exchange offer will be made only after:

a timely book-entry confirmation of the transfer of the restricted notes into the exchange agent's account at the book-entry transfer facility;

a properly completed and duly executed letter of transmittal, or a properly transmitted agent's message; and

timely receipt by the exchange agent of all other required documents.

If any tendered restricted notes are not accepted for any reason described in the terms and conditions of the exchange offer or if restricted notes are submitted for a greater principal amount than the holder desires to exchange, the unaccepted or nonexchanged restricted notes will be returned without expense to the tendering holder of the restricted notes. In the case of restricted notes tendered by book-entry transfer into the exchange

agent's account at the book-entry transfer facility pursuant to the book-entry transfer procedures described above, the non-exchanged restricted notes will be credited to an account maintained with the book-entry transfer facility. In either case, the restricted notes will be returned as promptly as practicable after the expiration of the exchange offer.

Certain conditions to the exchange offer

Notwithstanding any other provision of the exchange offer, or any extension of the exchange offer, we will not be required to accept for exchange, or to issue notes in exchange for, any restricted notes and may terminate or amend the exchange offer, by oral or written notice to the exchange agent or by a timely public announcement, if, at any time before the acceptance of the restricted notes for exchange or the exchange of the notes for such restricted notes, in our reasonable judgment any of the following conditions exist:

the exchange offer violates any applicable law or any SEC staff interpretation of the staff of the SEC; or

any action or proceeding has been instituted in any court or by or before any governmental agency with respect to the exchange offer which, in our judgment, would reasonably be expected to prevent us and the guarantors from proceeding with or consummating the exchange offer.

Regardless of whether any of the conditions has occurred, we may amend the exchange offer in any manner.

The conditions described above are for our sole benefit and may be asserted by us regardless of the circumstances giving rise to the condition. Our failure at any time to exercise any of the rights described above will not be deemed a waiver of the right and each right will be deemed an ongoing right which we may assert at any time and from time to time. Any determination by us concerning the events described above will be final and binding upon all parties.

Delivery to an address other than as set forth on the letter of transmittal, or transmissions of instructions via a facsimile number other than the one set forth on the letter of transmittal, will not constitute a valid delivery.

Solicitation of tenders; fees and expenses

We have not retained any dealer-manager in connection with the exchange offer and will not make any payments to brokers, dealers or others soliciting acceptances of the exchange offer. We, however, will pay the exchange agent reasonable and customary fees for its services and will reimburse it for its reasonable out-of-pocket expenses in connection therewith. We will also pay brokerage houses and other custodians, nominees and fiduciaries the reasonable out-of-pocket expenses incurred by them in forwarding copies of this and other related documents to the beneficial owners of the restricted notes and in handling or forwarding tenders for their customers.

No person has been authorized to give any information or to make any representations in connection with the exchange offer other than those contained or incorporated or deemed to be incorporated by reference in this prospectus. If given or made, such information or representations should not be relied upon as having been authorized by us. Neither the delivery of this prospectus nor any exchange made pursuant to this prospectus, under any circumstances, creates any implication that there has been no change in our business or affairs since the respective dates as of which information is given in this prospectus or in the documents incorporated or deemed to be incorporated by reference in this prospectus. The exchange offer is not being made to, and tenders will not be accepted from or on behalf of, holders of restricted notes in any jurisdiction in which the making of the exchange offer or the acceptance of the exchange offer would not be in compliance with the laws of the jurisdiction. However, we may, at our discretion, take such action as we may deem necessary to make the exchange offer in the jurisdiction and extend the exchange offer to holders of restricted notes in the jurisdiction. In any jurisdiction the securities laws or blue sky laws of which require the exchange offer to be made by a licensed broker or dealer, the exchange offer is being made on our behalf by one or more registered brokers or dealers which are licensed under the laws of the jurisdiction.

Transfer taxes

We will pay all transfer taxes, if any, applicable to the exchange of restricted notes pursuant to the exchange offer. However, the transfer taxes will be payable by the tendering holder if:

notes, or restricted notes that are tendered for exchange in part only or that are not accepted for exchange, are to be issued in the name of any person other than the registered holder of the restricted notes tendered; or

tendered restricted notes are registered in the name of any person other than the person signing the letter of transmittal; or

a transfer tax is imposed for any reason other than the exchange of restricted notes for notes pursuant to the exchange offer.

We will bill the amount of the transfer taxes directly to the tendering holder and/or withhold such amounts from any payments due if satisfactory evidence of payment of the taxes or exemption therefrom is not submitted with the letter of transmittal.

Accounting treatment

For accounting purposes, we will not recognize gain or loss upon the exchange of the notes for restricted notes.

Table of Contents

Consequences of failure to exchange

The restricted notes have not been registered under the Securities Act or any state securities law and therefore may not be offered, sold or otherwise transferred except in compliance with the registration requirements of the Securities Act and any other applicable securities laws or pursuant to an exemption from those requirements. The transfer of the restricted notes is also subject to other conditions and restrictions set forth in the indenture. If you do not exchange your restricted notes for notes to be issued in the exchange offer by properly tendering them, your restricted notes will continue to be subject to these restrictions and the restrictions on transfer described in the legend on your restricted notes. In general, you may only offer or sell the restricted notes if they are registered under the Securities Act and applicable state securities laws, or offered and sold under an exemption from these requirements. As we do not intend to register the restricted notes under the Securities Act, if the exchange offer is completed, holders of restricted notes that have not been exchanged who seek liquidity in their investment would have to rely on exemptions from the registration requirements under the securities laws, including the Securities Act. Consequently, holders of restricted notes who do not participate in the exchange offer could experience significant diminution in the value of their restricted notes compared to the value of the notes.

If any restricted notes are tendered and accepted by us in the exchange offer, there may be no trading market for the restricted notes that remain outstanding and the ability of a holder of such restricted notes to sell the restricted notes could be adversely affected. To the extent that restricted notes are tendered and accepted by us in the exchange offer, the principal amount of outstanding restricted notes will decrease, which will likely adversely affect the liquidity of any trading market for the restricted notes that may exist.

In connection with the offering of the restricted notes, we and the guarantors entered into a registration rights agreement. The registration rights agreement provides, in general and among other things, that if we do not consummate the exchange offer by a specified date, additional interest will be payable on the restricted notes until the exchange offer is consummated. Following completion of the exchange offer, the restricted notes will not be entitled to any additional interest, registration rights or other rights under the registration rights agreement and will continue to bear interest at the per annum rate originally applicable to such restricted notes.

Participation in the exchange offer is voluntary, and holders of restricted notes should carefully consider whether to participate. Holders of restricted notes are urged to consult their financial and tax advisors in making their own decision on what action to take.

We may in the future in our sole discretion seek to acquire, subject to the terms of the indenture, untendered restricted notes in open market or privately negotiated transactions, through subsequent exchange offers or otherwise. We have no present obligation or plan to acquire any restricted notes which are not tendered in the exchange offer.

Resale of notes

We are making the exchange offer in reliance on the position of the staff of the SEC as set forth in no-action letters addressed to third parties in other transactions. However, we have not sought our own interpretive letter and we can provide no assurance that the staff would make a similar determination with respect to the exchange offer as it has in such interpretive letters to third parties. Based on these interpretations by the staff, we believe that the notes issued pursuant to the exchange offer in exchange for restricted notes will generally be freely transferable by the holders (other than by any holder that is an affiliate (as defined in Rule 405 under the Securities Act) of us or any of the guarantors) after the exchange offer without further registration under the Securities Act, except that participating broker-dealers will be required to deliver a prospectus in connection with any resale or other transfer of notes issued pursuant to the exchange offer.

Table of Contents

If you tender in the exchange offer for the purpose of participating in a distribution of the notes, or if you are a broker-dealer who purchased the restricted notes from us for resale pursuant to Rule 144A or Regulation S under the Securities Act, you cannot rely on the interpretations by the staff of the SEC stated in these no-action letters. Instead, you must comply with the registration and prospectus delivery requirements of the Securities Act in connection with any sale or transfer, unless an exemption from these requirements is otherwise available.

Further, each broker-dealer that receives the notes in exchange for the restricted notes acquired for its own account as a result of market-making activities or other trading activities (a participating broker-dealer) must acknowledge in a letter of transmittal that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of those notes. The letter of transmittal states that by making this acknowledgment and delivering a prospectus, a broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act. We understand that the staff of the SEC has taken the position that participating broker-dealers may fulfill their prospectus delivery requirements with respect to the notes, other than a resale of an unsold allotment from the initial offering of the restricted notes, with this prospectus. Under the registration rights agreement, we have agreed that until the earlier of (a) 180 days after the closing of the exchange offer or (b) the first day after the consummation of the exchange offer when participating broker-dealers no longer have a prospectus delivery obligation under SEC staff interpretations, participating broker-dealers will be entitled to use this prospectus in connection with the resale of notes issued pursuant to the exchange offer, subject to exceptions, including our right under limited circumstances to suspend the use of this prospectus by participating broker-dealers as described below under Plan of distribution. Each such participating broker-dealer will be subject to certain of the civil liability provisions under the Securities Act in connection with resales made pursuant to this prospectus.

DESCRIPTION OF NOTES

On February 23, 2007, we issued \$400.0 million aggregate principal amount of 6⁵/₈% Senior Notes due 2013 (the **Restricted Notes**) under an Indenture dated as of March 22, 2005 (the **Indenture**) among us, as issuer, the Subsidiary Guarantors and The Bank of New York Trust Company, N.A., as Trustee (the **Trustee**). The terms of the Notes include those expressly set forth in the Indenture and those made part of the Indenture by reference to the Trust Indenture Act of 1939, as amended (the **Trust Indenture Act**).

We will issue the 6⁵/₈% Senior Notes due 2013 (the **New Notes**) in exchange for an equal principal amount of Restricted Notes under the Indenture, and any Restricted Notes that remain outstanding after completion of the exchange offer, together with the New Notes, will be treated as a single class of securities under the Indenture. The only material differences between the Restricted Notes and the New Notes is that the New Notes will have been registered under the Securities Act and will not bear legends restricting their transfer, and will not be entitled to the conditional right to receive additional interest payments or to registration rights.

The Restricted Notes issued on February 23, 2007 were Additional Notes (as defined below) issued under the Indenture. On March 22, 2005, we issued and sold \$500.0 million aggregate principal amount of 6⁵/₈% Senior Notes due 2013 (the **Initial Notes**). The New Notes will be pari passu with, of the same series as, vote on any matters submitted to noteholders with and otherwise identical in all respects to, the Initial Notes originally issued on March 22, 2005. Any reference to **Notes** in this description of notes refers, unless the context requires otherwise, to the Initial Notes, the Restricted Notes and the New Notes issued in this exchange offer.

We may issue an unlimited principal amount of additional notes having identical terms and conditions as the Notes (the **Additional Notes**). We will only be permitted to issue such Additional Notes if at the time of such issuance, we are in compliance with the covenants contained in the Indenture. Any Additional Notes will be part of the same issue as the Notes and will vote on all matters with holders (the **Holders**) of the Notes.

This description of notes is intended to be a useful overview of the material provisions of the Notes and the Indenture. Since this description of notes is only a summary, you should refer to the Indenture which is filed as an exhibit to the registration statement of which prospectus forms a part for a complete description of the obligations of the Company and your rights.

You will find the definitions of capitalized terms used in this description under the heading **Certain definitions**. For purposes of this description, references to **the Company**, **Davita**, **we**, **our** and **us** refer only to Davita Inc. and not to its subsidiaries.

General

Maturity and Interest. The Notes will mature on March 15, 2013 and interest on the Notes will compound semi-annually and:

accrue at the rate of 6⁵/₈% per annum,

in the case of the New Notes, accrue from March 15, 2007,

be payable in cash semi-annually in arrears on March 15 and September 15 (commencing on September 15, 2007 with respect to the New Notes),

be payable to the Holders of record on the March 1 and September 1 immediately preceding the related interest payment dates, and

be computed on the basis of a 360-day year comprised of twelve 30-day months.

Holders whose Restricted Notes are accepted for exchange will be deemed to have waived the right to receive any accrued interest on the Restricted Notes; *provided*, that if the expiration date of the exchange offer

Table of Contents

falls after a record date for the payment of interest on the Restricted Notes but on or before the applicable interest payment date, the interest payable on such interest payment date shall be payable to the persons who were the record holders of the Restricted Notes as of such record date.

Ranking. The Notes will be our unsecured senior obligations. The Notes:

will rank equally in right of payment to all of our existing and future unsecured Senior Indebtedness,

will be senior in right of payment to all of our future unsecured Indebtedness that is, by its terms, expressly subordinated in right of payment to the Notes (including the Senior Subordinated Notes),

will be effectively subordinated to all of our existing and future secured obligations to the extent of the value of the assets securing such obligations, including Indebtedness under our Senior Credit Facilities, and

will be effectively subordinated to all debt, including trade payables, of our non-guarantor Subsidiaries.

Similarly, the Note Guarantees of the Notes by our Subsidiary Guarantors will be unsecured obligations of our Subsidiary Guarantors and:

will rank equally in right of payment to all existing and future unsecured obligations of such Subsidiary Guarantors that are not, by their terms, expressly subordinated in right of payment to the Note Guarantees,

will be senior in right of payment to all future unsecured Indebtedness of such Subsidiary Guarantors that is, by its terms, expressly subordinated in right of payment to the Note Guarantees, and

will be effectively subordinated to all of the existing and future secured obligations of such Subsidiary Guarantors to the extent of the value of the assets securing such obligations, including the Guarantees under our Senior Credit Facilities.

As of March 31, 2007, we had \$3,750 million in outstanding Indebtedness (excluding the premium of approximately \$5 million associated with the issuance of the restricted notes) on our consolidated balance sheet (of which \$1,999 million was secured and effectively senior to the Notes), and \$200 million of available unused borrowing capacity under the revolving portion of our Senior Credit Agreements (after giving effect to letters of credit for approximately \$50 million).

Payments on the Notes; paying agent and registrar. We will pay principal of, premium, if any, and interest on the Notes at the office or agency designated by the Company in the Borough of Manhattan, The City of New York, except that we may, at our option, pay interest on the Notes by check mailed to Holders of the Notes at their registered address as it appears in the registrar's books. We have initially designated the corporate trust office of the Trustee in New York, New York to act as our paying agent and registrar. We may, however, change the paying agent or registrar or designate the Company or any of its Restricted Subsidiaries to act as paying agent or registrar without prior notice to Holders of Notes.

We will pay principal of, premium, if any, and interest on, Notes in global form registered in the name of or held by The Depository Trust Company or its nominee in immediately available funds to The Depository Trust Company or its nominee, as the case may be, as the registered Holder of such global Note.

Gambro Healthcare acquisition. The Indenture provides that to the extent that Gambro Healthcare and each Subsidiary of Gambro Healthcare that, upon the consummation of the Acquisition, became a Restricted Subsidiary of the Company had any Indebtedness, obligations, Investments, Liens, agreements containing encumbrances or restrictions of the types set forth in clause (1), (2) or (3) of the Limitation on restrictions on distributions from restricted subsidiaries covenant or agreements that would not be permitted pursuant to the first paragraph of the Limitation on affiliate transactions covenant which, in each case, were outstanding or existing (as the case may be) as of the closing of the

Acquisition, such Indebtedness, obligations, Investments,

Liens and agreements is deemed to be in existence or outstanding as of the Issue Date (without regard to the last sentence of the definition of Acquired Indebtedness).

Transfer and exchange. A Holder may transfer or exchange Notes in accordance with the Indenture. The registrar and the Trustee may require a Holder, among other things, to furnish appropriate endorsements and transfer documents. No service charge will be imposed by the Company, the Trustee or the registrar for any registration of transfer or exchange of Notes, but the Company may require a Holder to pay a sum sufficient to cover any transfer tax or other governmental taxes and fees required by law or permitted by the Indenture. The Company is not required to transfer or exchange any Note selected for redemption. Also, the Company is not required to transfer or exchange any Note for a period of 15 days before a selection of Notes to be redeemed.

The registered Holder of a Note will be treated as the owner of it for all purposes. Only registered Holders will have rights under the Indenture.

Defaulted interest. The Company will pay interest (including post-petition interest in any proceeding under any bankruptcy law) on overdue principal and, to the extent such payments are lawful, interest on overdue installments of interest, without regard to any applicable grace periods, at the rate of 2.0% per annum in excess of the interest rate applicable to the Notes.

Optional redemption

Except as described below, the Notes are not redeemable at our option until March 15, 2009. On and after March 15, 2009, we may at our option redeem the Notes, in whole or in part, upon not less than 30 nor more than 60 days notice, at the following redemption prices (expressed as a percentage of principal amount) plus accrued and unpaid interest on the Notes, if any, to the applicable redemption date, if redeemed during the twelve-month period beginning on March 15 of the years indicated below:

Year	Percentage
2009	103.313%
2010	101.656%
2011 and thereafter	100.000%

From and after the Issue Date, prior to March 15, 2008, we may, on any one or more occasions, redeem up to 35% of the principal amount of Notes (including Additional Notes) issued under the Indenture with the Net Cash Proceeds of one or more Equity Offerings at a redemption price (expressed as a percentage of the principal amount thereof) of 106.625% plus accrued and unpaid interest, if any, to the redemption date; provided that

- (1) at least 65% of the principal amount of the Notes issued under the Indenture (including any Additional Notes) remains outstanding after each such redemption; and
- (2) the redemption date occurs within 90 days after the closing of such Equity Offering.

If the optional redemption date is on or after an interest record date and on or before the related interest payment date, the accrued and unpaid interest, if any, will be paid to the Person in whose name such Note is registered at the close of business on such record date, and no additional interest will be payable to Holders whose Notes will be subject to redemption by the Company.

In the case of any partial redemption, selection of the Notes for redemption will be made by the Trustee in compliance with the requirements of the principal national securities exchange, if any, on which the Notes are listed or, if the Notes are not listed, then on a pro rata basis, by lot or by such other method as the Trustee in its sole discretion will deem to be fair and appropriate, although no Note of \$1,000 in original principal amount or less will be redeemed in part. If any Note is to be redeemed in part only, the notice of redemption relating to such

Table of Contents

Note will state the portion of the principal amount thereof to be redeemed. A new Note in principal amount equal to the unredeemed portion thereof will be issued in the name of the Holder thereof upon cancellation of the original Note.

The Company is not required to make mandatory redemption payments or sinking fund payments with respect to the Notes.

Note Guarantees

The Company's obligations under the Notes and the Indenture will be jointly and severally guaranteed by each Restricted Subsidiary that Guarantees any Bank Indebtedness and each other Restricted Subsidiary that the Company shall otherwise cause to become a Subsidiary Guarantor pursuant to the terms of the Indenture.

Not all of our Subsidiaries will guarantee the Notes. Unrestricted Subsidiaries, Foreign Subsidiaries and our Subsidiaries that do not guarantee our other Indebtedness will not be Subsidiary Guarantors. In the event of a bankruptcy, liquidation or reorganization of any of these non-guarantor Subsidiaries, these non-guarantor Subsidiaries will pay the holders of their debts and their trade creditors before they will be able to distribute any of their assets to us.

As of March 31, 2007, our non-guarantor Subsidiaries had aggregate total indebtedness of \$9 million on their respective balance sheets and their aggregate total assets accounted for approximately 9% of our consolidated total assets at that date.

The Indenture permits the Incurrence of certain additional Indebtedness by our non-guarantor Subsidiaries in the future.

The Indenture provides that under certain circumstances, the Company will be permitted to designate any of its Subsidiaries as Unrestricted Subsidiaries. The effect of designating a Subsidiary as an Unrestricted Subsidiary will be that:

an Unrestricted Subsidiary will not be subject to many of the restrictive covenants in the Indenture,

a Subsidiary that has previously been a Subsidiary Guarantor and that is designated an Unrestricted Subsidiary will be released from its Note Guarantee and its obligations under the Indenture and the Registration Rights Agreement, and

the assets, income, cash flow and other financial results of an Unrestricted Subsidiary will not be consolidated with those of the Company for purposes of calculating compliance with the restrictive covenants contained in the Indenture.

The obligations of each Subsidiary Guarantor under its Note Guarantee will be limited to the maximum amount as will, after giving effect to all other contingent and fixed liabilities of such Subsidiary Guarantor (including, without limitation, any Guarantees under the Senior Credit Facilities) and after giving effect to any collections from or payments made by or on behalf of any other Subsidiary Guarantor in respect of the obligations of such other Subsidiary Guarantor under its Note Guarantee or pursuant to its contribution obligations under the Indenture, result in the obligations of such Subsidiary Guarantor under its Note Guarantee not constituting a fraudulent conveyance or fraudulent transfer under federal or state law. Each Subsidiary Guarantor that makes a payment for distribution under its Note Guarantee is entitled to a contribution from each other Subsidiary Guarantor in a pro rata amount based on adjusted net assets of each Subsidiary Guarantor.

Table of Contents

A Subsidiary Guarantor shall be released from its obligations under its Note Guarantee and its obligations under the Indenture and the Registration Rights Agreement:

- (1) in the event of a sale or other disposition of all or substantially all of the assets of such Subsidiary Guarantor, by way of merger, consolidation or otherwise, or a sale or other disposition of all of the equity interests of such Subsidiary Guarantor then held by the Company and the Restricted Subsidiaries,
- (2) if such Subsidiary Guarantor is designated as an Unrestricted Subsidiary or otherwise ceases to be a Restricted Subsidiary, in each case in accordance with the provisions of the Indenture, upon effectiveness of such designation or when it first ceases to be a Restricted Subsidiary, respectively, or
- (3) if such Subsidiary Guarantor no longer Guarantees any other Indebtedness of the Company or any Restricted Subsidiary of the Company (other than if such Subsidiary Guarantor no longer Guarantees any other Indebtedness of the Company or any Restricted Subsidiary of the Company as a result of payment under any Guarantee of any such Indebtedness by any Subsidiary Guarantor); provided that a Subsidiary Guarantor shall not be permitted to be released from its Note Guarantee if it is an obligor with respect to Indebtedness that would not, under the Limitation on indebtedness covenant, be permitted to be Incurred by a Restricted Subsidiary that is not a Subsidiary Guarantor.

Change of control

If a Change of Control occurs, unless the Company has exercised its right to redeem all of the Notes as described under Optional redemption, each Holder will have the right to require the Company to repurchase all or any part (equal to \$1,000 or an integral multiple thereof) of such Holder's Notes at a purchase price in cash equal to 101% of the principal amount of the Notes plus accrued and unpaid interest, if any, to the date of purchase.

Within 30 days following any Change of Control, unless the Company has exercised its right to redeem the Notes as described under Optional redemption, the Company will mail a notice (the **Change of Control Offer**) to each Holder, with a copy to the Trustee, stating:

- (1) that a Change of Control has occurred and that such Holder has the right to require the Company to purchase such Holder's Notes at a purchase price in cash equal to 101% of the principal amount of such Notes *plus* accrued and unpaid interest, if any, to the date of purchase (the **Change of Control Payment**);
- (2) the repurchase date (which shall be no earlier than 30 days nor later than 60 days from the date such notice is mailed) (the **Change of Control Payment Date**); and
- (3) the procedures determined by the Company, consistent with the Indenture, that a Holder must follow in order to have its Notes repurchased.

On the Change of Control Payment Date, the Company will, to the extent lawful:

- (1) accept for payment all Notes or portions of Notes (in integral multiples of \$1,000) properly tendered pursuant to the Change of Control Offer;
- (2) deposit with the paying agent an amount equal to the Change of Control Payment in respect of all Notes or portions of Notes so tendered; and

(3) deliver or cause to be delivered to the Trustee the Notes so accepted together with an Officers Certificate stating the aggregate principal amount of Notes or portions of Notes being purchased by the Company. The paying agent will promptly mail to each Holder of Notes so tendered the Change of Control Payment for such Notes, and the Trustee will promptly authenticate and mail (or cause to be transferred by book entry) to

Table of Contents

each Holder a new Note equal in principal amount to any unpurchased portion of the Notes surrendered, if any; *provided* that each such new Note will be in a principal amount of \$1,000 or an integral multiple thereof.

If the Change of Control Payment Date is on or after an interest record date and on or before the related interest payment date, any accrued and unpaid interest, if any, will be paid to the Person in whose name a Note is registered at the close of business on such record date, and no additional interest will be payable to Holders who tender pursuant to the Change of Control Offer.

The Change of Control provisions described above will be applicable whether or not any other provisions of the Indenture are applicable. Except as described above with respect to a Change of Control, the Indenture does not contain provisions that permit the Holders to require that the Company repurchase or redeem the Notes in the event of a takeover, recapitalization or similar transaction.

The Company will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the Indenture applicable to a Change of Control Offer made by the Company and purchases all Notes validly tendered and not withdrawn under such Change of Control Offer.

The Company will comply, to the extent applicable, with the requirements of Section 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of Notes pursuant to this covenant. To the extent that the provisions of any securities laws or regulations conflict with provisions of the Indenture, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations described in the Indenture by virtue of the conflict.

If a Change of Control Offer is made, there can be no assurance that we will have available funds sufficient to pay for all or any of the Notes that might be delivered by Holders seeking to accept the Change of Control Offer. In addition, we cannot assure you that in the event of a Change of Control we will be able to obtain the consents necessary to consummate a Change of Control Offer from the lenders under agreements governing outstanding Indebtedness which may prohibit the offer.

The Change of Control provisions described above may deter certain mergers, tender offers and other takeover attempts involving the Company by increasing the capital required to effectuate such transactions. The definition of *Change of Control* includes a disposition of all or substantially all of the property and assets of the Company and its Restricted Subsidiaries taken as a whole to any Person. Although there is a limited body of case law interpreting the phrase *substantially all*, there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve a disposition of all or substantially all of the property or assets of a Person. As a result, it may be unclear as to whether a Change of Control has occurred and whether a Holder of Notes may require the Company to make an offer to repurchase the Notes as described above.

Certain covenants

Limitation on indebtedness

The Company will not, and will not permit any of its Restricted Subsidiaries to, Incur any Indebtedness (including Acquired Indebtedness); *provided, however*, that the Company and any Subsidiary Guarantor may Incur Indebtedness (including Acquired Indebtedness) if, after giving effect thereto (the **Coverage Ratio Exception**):

- (1) the Consolidated Coverage Ratio for the Company and its Restricted Subsidiaries is at least 2.00 to 1.00; and
- (2) no Default or Event of Default will have occurred or be continuing or would occur as a consequence of Incurring the Indebtedness or transactions relating to such Incurrence.

The first paragraph of this covenant will not prohibit the Incurrence of the following Indebtedness (**Permitted Indebtedness**):

- (1) Indebtedness of the Company or any Restricted Subsidiary Incurred pursuant to the Senior Credit Facilities (with letters of credit being deemed to have a principal amount equal to the maximum potential liability thereunder to the Company and its Restricted Subsidiaries) or a Qualified Receivables Transaction in an aggregate principal amount Incurred pursuant to this clause (1) at any time outstanding not to exceed \$3,450.0 million, less the aggregate principal amount of all principal repayments with the proceeds from Asset Dispositions utilized in accordance with clause (3)(a) of the first paragraph under the Limitation on sales of assets and subsidiary stock covenant that permanently reduce the commitments thereunder;
- (2) Guarantees by the Company or any Subsidiary Guarantor of Indebtedness Incurred in accordance with the provisions of the Indenture or Guarantees by a Foreign Subsidiary of Indebtedness of a Foreign Subsidiary incurred in accordance with the provisions of the Indenture; *provided* that in the event such Indebtedness that is being Guaranteed by the Company or a Subsidiary Guarantor is a Subordinated Obligation or a Guarantor Subordinated Obligation relative to the Note Guarantees, then the related Guarantee shall be subordinated in right of payment to the Notes or any Note Guarantee thereof;
- (3) Indebtedness of the Company owing to and held by any Restricted Subsidiary or Indebtedness of a Restricted Subsidiary owing to and held by the Company or any other Restricted Subsidiary; *provided, however,*

- (ii) any sale or other transfer of any such Indebtedness to a Person other than the Company or a Restricted Subsidiary of the Company;

shall be deemed, in each case, to constitute an Incurrence of such Indebtedness by the Company or such Subsidiary, as the case may be, not permitted by this clause (3);

- (4) Indebtedness represented by (a) the Notes issued on the Issue Date, the Note Guarantees and the related exchange notes and exchange guarantees issued in a registered exchange offer pursuant to the Registration Rights Agreement, the Senior Subordinated Notes issued on the Issue Date, the Senior Subordinated Note Guarantees and the related exchange notes and exchange guarantees issued in a registered exchange offer pursuant to the Senior Subordinated Registration Rights Agreement, and (b) any Indebtedness (other than the Indebtedness described in clauses (1), (2), (3), (5), (7), (8), (9) and (10)) outstanding on the Issue Date;
- (5) Indebtedness under Hedging Obligations that are Incurred in the ordinary course of business (and not for speculative purposes) (1) for the purpose of fixing or hedging interest rate risk with respect to any Indebtedness Incurred without violation of the Indenture, provided that the notional principal amount of such Hedging Obligations at the time Incurred does not exceed the principal amount of the Indebtedness to which such Hedging Obligations relate; or (2) for the purpose of fixing or hedging currency exchange rate risk with respect to any currency exchanges, provided that the underlying Currency Agreements with respect to such Hedging Obligations do not increase the Indebtedness of the Company and its Restricted Subsidiaries outstanding other than as a result of fluctuations in foreign currency exchange rates or by reason of fees, indemnities and compensation payable thereunder;
- (6) the Incurrence by the Company or any of its Restricted Subsidiaries of Indebtedness with respect to assets other than Capital Stock or other Investments, in each case to the extent Incurred for the purpose of financing or refinancing all or any part of the purchase price or cost of acquisition, construction or improvements of property used in the business of the Company or such Restricted Subsidiary, in an aggregate principal amount not to exceed at any time outstanding the greater of (a) \$150.0 million and (b) 5% of Total Tangible

Assets at that time;

- (7) Indebtedness Incurred in respect of workers compensation claims, self-retention or self-insurance obligations, unemployment insurance, performance, release, appeal, surety and similar bonds and related reimbursement obligations and completion guarantees or similar instruments provided or Incurred by the Company or a Restricted Subsidiary in the ordinary course of business and obligations in connection with participation in government reimbursement or other programs or other similar requirements (in each case, other than for an obligation for money borrowed);

- (11) Indebtedness of the Company to the extent the net proceeds thereof are promptly deposited to defease the Notes as described below under Defeasance or, to the extent permitted by the Indenture, to defease the Senior Subordinated Notes in accordance with the defeasance provisions of the Senior Subordinated Indenture and the other conditions thereunder have been satisfied in full;

- (15) Indebtedness Incurred in connection with any Sale/Leaseback Transaction; *provided* that the aggregate outstanding amount of all such Indebtedness does not exceed \$40.0 million at any time outstanding;

pursuant to this clause (17) and then outstanding (including any renewals, extensions, substitutions, refinancings or replacements of such Indebtedness), will not exceed \$200.0 million at any time outstanding.

For purposes of determining compliance with, and the outstanding principal amount of any particular Indebtedness Incurred pursuant to and in compliance with, this covenant:

- (1) subject to clause (2) below, in the event that Indebtedness meets the criteria of more than one of the types of Indebtedness described in the first and second paragraphs of this covenant, the Company, in its sole discretion, will be permitted to classify such item of Indebtedness on the date of Incurrence, or later reclassify all or a portion of such item of Indebtedness in any manner that complies with this covenant, and only be required to include the amount and type of such Indebtedness in one of such clauses;
- (2) (x) all Indebtedness Incurred or outstanding under the Senior Credit Facilities on the date of the Indenture or at the time of the closing of the Acquisition and (y) all other Indebtedness Incurred to finance the Acquisition (or otherwise Incurred in connection with the Acquisition, or in anticipation or contemplation thereof), whether Incurred under the Senior Credit Facilities or otherwise, shall be deemed Incurred under the Senior Credit Facilities on the Issue Date under clause (1) of Permitted Indebtedness and not the Coverage Ratio Exception or any of the other clauses under Permitted Indebtedness ;
- (3) Guarantees of, or obligations in respect of letters of credit relating to, Indebtedness which is otherwise included in the determination of a particular amount of Indebtedness shall not be included as long as Incurred by a Person that could have Incurred such Indebtedness;
- (4) if obligations in respect of letters of credit are Incurred pursuant to the Senior Credit Facilities and are being treated as Incurred pursuant to the first or second paragraph above and the letters of credit relate to other Indebtedness, then such other Indebtedness shall not be included;
- (5) the principal amount of any Disqualified Stock of the Company or a Restricted Subsidiary, or Preferred Stock of a Restricted Subsidiary that is not a Subsidiary Guarantor, will be equal to the greater of its voluntary or involuntary liquidation preference and its maximum fixed repurchase price (not including, in either case, any redemption or repurchase premium);
- (6) Indebtedness permitted by this covenant need not be permitted solely by reference to one provision permitting such Indebtedness but may be permitted in part by one such provision and in part by one or more other provisions of this covenant permitting such Indebtedness;
- (7) the amount of Indebtedness issued at a price that is less than the principal amount thereof will be equal to the amount of the liability in respect thereof determined in accordance with GAAP;
- (8) the principal amount of any Indebtedness outstanding in connection with a Qualified Receivables Transaction is the Receivables Transaction Amount relating to such Qualified Receivables Transaction (which amount shall not include dispositions of self-pay receivables in the ordinary course of business, which the Company or any of its Restricted Subsidiaries believes in good faith cannot be paid in full); and
- (9) for purposes of clarity, except as set forth in clause (2) above, Indebtedness may be Incurred under the Senior Credit Facilities pursuant to the Coverage Ratio Exception and clauses (1), (2) (with respect to Guarantees) and (17) of the definition of Permitted Indebtedness so long as the borrowing thereunder is permitted to be Incurred pursuant to those provisions.

Accrual of interest, accrual of dividends, the accretion of accreted value, the payment of interest in the form of additional Indebtedness and the payment of dividends in the form of additional shares of Preferred Stock or Disqualified Stock will not be deemed to be an Incurrence of Indebtedness for purposes of this covenant. The amount of any Indebtedness outstanding as of any date shall be (i) the accreted value thereof in

Edgar Filing: FLAMINGO PARK KIDNEY CENTER INC - Form S-4

the case of any Indebtedness issued with original issue discount and (ii) the principal amount or the greater of the voluntary or involuntary liquidation preference and the maximum fixed repurchase price thereof, together with any interest thereon that is more than 30 days past due, in the case of any other Indebtedness.

Table of Contents

In addition, the Company will not permit any of its Unrestricted Subsidiaries to Incur any Indebtedness or issue any shares of Disqualified Stock, other than Non-Recourse Debt. If at any time an Unrestricted Subsidiary becomes a Restricted Subsidiary, any Indebtedness of such Subsidiary shall be deemed to be Incurred by a Restricted Subsidiary as of such date (and, if such Indebtedness is not permitted to be Incurred as of such date under this Limitation on indebtedness covenant, the Company shall be in Default of this covenant).

For purposes of determining compliance with any U.S. dollar-denominated restriction on the Incurrence of Indebtedness, the U.S. dollar-equivalent principal amount of Indebtedness denominated in a foreign currency shall be calculated based on the relevant currency exchange rate in effect on the date such Indebtedness was Incurred, in the case of term Indebtedness, or first committed, in the case of revolving credit Indebtedness; provided that if such Indebtedness is Incurred to refinance other Indebtedness denominated in a foreign currency, and such refinancing would cause the applicable U.S. dollar-dominated restriction to be exceeded if calculated at the relevant currency exchange rate in effect on the date of such refinancing, such U.S. dollar-dominated restriction shall be deemed not to have been exceeded so long as the principal amount of such refinancing Indebtedness does not exceed the principal amount of such Indebtedness being refinanced. Notwithstanding any other provision of this covenant, the maximum amount of Indebtedness that the Company and its Restricted Subsidiaries may Incur pursuant to this covenant shall not be deemed to be exceeded solely as a result of fluctuations in the exchange rate of currencies. The principal amount of any Indebtedness Incurred to refinance other Indebtedness, if Incurred in a different currency from the Indebtedness being refinanced, shall be calculated based on the currency exchange rate applicable to the currencies in which such Refinancing Indebtedness is denominated that is in effect on the date of such refinancing.

Limitation on layering

The Indenture provides that the Company will not, and will not permit any Subsidiary Guarantor to, directly or indirectly, Incur any Indebtedness that is or purports to be by its terms (or by the terms of any agreement governing such Indebtedness) subordinated to any other Indebtedness of the Company or of such Subsidiary Guarantor, as the case may be, unless such Indebtedness is also by its terms (or by the terms of any agreement governing such Indebtedness) made expressly subordinate to the Notes or the Note Guarantee of such Subsidiary Guarantor with respect to the Notes, to the same extent and in the same manner as such Indebtedness is subordinated to such other Indebtedness of the Company or such Subsidiary Guarantor, as the case may be.

For purposes of the foregoing, no Indebtedness will be deemed to be subordinated or junior in right of payment to any other Indebtedness of the Company or any Subsidiary Guarantor solely by virtue of being unsecured or secured by a junior priority lien or by virtue of the fact that the holders of such Indebtedness have entered into intercreditor agreements or similar arrangements giving one or more of such holders priority over the other holders in the collateral held by them.

Limitation on restricted payments

The Company will not, and will not permit any of its Restricted Subsidiaries, directly or indirectly, to:

- (1) declare or pay any dividend or make any distribution (whether made in cash, securities or other property) on or in respect of its Capital Stock (including any payment in connection with any merger or consolidation involving the Company or any of its Restricted Subsidiaries) except:
 - (a) dividends or distributions payable in Capital Stock of the Company (other than Disqualified Stock) or in options, warrants or other rights to purchase such Capital Stock of the Company; and
 - (b) dividends or distributions payable to the Company or a Restricted Subsidiary (and if such Restricted Subsidiary is not a Wholly-Owned Restricted Subsidiary, to its other holders of common Capital Stock on a *pro rata* basis);
- (2) purchase, redeem, retire or otherwise acquire for value any Capital Stock of the Company or any direct or indirect parent of the Company held by Persons other than the Company or a Restricted Subsidiary (other than in exchange for Capital Stock of the Company (other than Disqualified Stock));

Table of Contents

- (3) purchase, repurchase, redeem, defease or otherwise acquire or retire for value, prior to scheduled maturity, scheduled repayment or scheduled sinking fund payment, any Subordinated Obligations or Guarantor Subordinated Obligations (other than (x) such Subordinated Obligations or Guarantor Subordinated Obligations purchased in anticipation of satisfying a sinking fund obligation, principal installment or final maturity, in each case due within one year of the date of purchase, repurchase, redemption, defeasance or other acquisition or retirement and (y) such Subordinated Obligations or Guarantor Subordinated Obligations held by the Company or any Restricted Subsidiary); or
- (4) make any Restricted Investment in any Person
(any such dividend, distribution, purchase, redemption, repurchase, defeasance, other acquisition, retirement or Restricted Investment referred to in clauses (1) through (4) shall be referred to herein as a **Restricted Payment**), if at the time the Company or such Restricted Subsidiary makes such Restricted Payment:
- (a) a Default or Event of Default shall have occurred and be continuing (or would result therefrom); or
- (b) the Company is not able to Incur an additional \$1.00 of Indebtedness pursuant to the Coverage Ratio Exception after giving effect, on a *pro forma* basis, to such Restricted Payment; or
- (c) the aggregate amount of such Restricted Payment and all other Restricted Payments declared or made subsequent to the Issue Date (excluding Restricted Payments permitted by clauses (2)(ii), (3), (4) and (8) below) would exceed the sum (the **Restricted Payments Basket**) of (without duplication):
- (i) 50% of Consolidated Net Income for the period (treated as one accounting period) from the beginning of the fiscal quarter which includes the date of the Indenture to the end of the most recent fiscal quarter ending prior to the date of such Restricted Payment for which financial statements are in existence (or, in case such Consolidated Net Income is a deficit, *minus* 100% of such deficit); *plus*
- (ii) 100% of the aggregate Net Cash Proceeds and the Fair Market Value of Qualified Proceeds received by the Company from the issue or sale of its Capital Stock (other than Disqualified Stock) or other capital contributions to the common equity of the Company subsequent to the Issue Date (other than (x) Net Cash Proceeds received from an issuance or sale of such Capital Stock to a Subsidiary of the Company or an employee stock ownership plan, option plan or similar trust to the extent such sale to an employee stock ownership plan or similar trust is financed by loans from or Guaranteed by the Company or any Restricted Subsidiary unless such loans have been repaid with cash on or prior to the date of determination and (y) Net Cash Proceeds received by the Company from the issue or sale of its Capital Stock to the extent used to redeem Notes in compliance with the provisions of the third paragraph of *Optional redemption* or to redeem Senior Subordinated Notes in compliance with similar provisions in the Senior Subordinated Notes); *plus*
- (iii) the amount by which Indebtedness of the Company or its Restricted Subsidiaries is reduced on the Company's balance sheet upon the conversion or exchange (other than by a Subsidiary of the Company) subsequent to the Issue Date of any Indebtedness of the Company or its Restricted Subsidiaries issued after the Issue Date convertible or exchangeable for Capital Stock (other than Disqualified Stock) of the Company (less the amount of any cash, or the Fair Market Value of any other property, distributed by the Company or its Restricted Subsidiaries upon such conversion or exchange); *plus*
- (iv) the amount equal to the net reduction in Restricted Investments made by the Company or any of its Restricted Subsidiaries in any Person resulting from:

Edgar Filing: FLAMINGO PARK KIDNEY CENTER INC - Form S-4

- (A) repurchases or redemptions of such Restricted Investments by such Person, proceeds realized upon the sale of such Restricted Investment to an unaffiliated purchaser, repayments of loans or advances or other transfers of assets (including by way of

dividend or distribution) by such Person to the Company or any Restricted Subsidiary (other than expressly for reimbursement of tax payments) not to exceed the aggregate amount of all such Restricted Investments made since the Issue Date; or

- (B) the redesignation of Unrestricted Subsidiaries as Restricted Subsidiaries (valued in each case as provided in the definition of Investment) not to exceed, in the case of any Unrestricted Subsidiary, the amount of Investments previously made since the Issue Date by the Company or any Restricted Subsidiary in such Unrestricted Subsidiary,

which amount in each case under this clause (iv) was included in the calculation of the amount of Restricted Payments; *provided, however*, that no amount will be included under clause (iv)(A) of this paragraph to the extent it is already included in Consolidated Net Income.

The provisions of the preceding paragraph will not prohibit:

- (1) the payment of any dividend within 60 days after the date of declaration of such dividend if the dividend would have been permitted on the date of declaration;
- (2) if no Default or Event of Default shall have occurred and be continuing, the acquisition, retirement, defeasance or purchase of any shares of Capital Stock of the Company either (i) solely in exchange for shares of Capital Stock of the Company (other than Disqualified Stock) or (ii) through the application of the net proceeds of a substantially concurrent sale for cash (other than to a Subsidiary of the Company) of shares of Capital Stock of the Company (other than Disqualified Stock) (*provided* that such net proceeds shall not be applied toward the Restricted Payments Basket);
- (3) if no Default or Event of Default shall have occurred and be continuing, the acquisition, making of any principal payment, redemption, defeasance or other retirement of any Subordinated Obligations either (i) solely in exchange for shares of Capital Stock of the Company (other than Disqualified Stock), (ii) through the application of net proceeds of a substantially concurrent sale for cash (other than to a Subsidiary of the Company) of (a) shares of Capital Stock of the Company (other than Disqualified Stock) (*provided* that such net proceeds shall not be applied toward the Restricted Payments Basket) or (b) Refinancing Indebtedness permitted to be Incurred pursuant to the Limitation on indebtedness covenant, (iii) upon a Change of Control or in connection with an Asset Disposition to the extent required by the agreement governing such Subordinated Obligations but only if the Company shall have complied with the Change of control covenant and the Limitations on sale of assets and subsidiary stock covenant, as applicable, and purchased all Notes validly tendered pursuant to the relevant offer prior to redeeming such Subordinated Obligations or (iv) to the extent such Subordinated Obligations constitutes Acquired Indebtedness not Incurred in connection with or in anticipation or contemplation of the underlying acquisition or merger;
- (4) so long as no Default or Event of Default shall have occurred and be continuing, repurchases by the Company of Common Stock of the Company from officers, directors and employees of the Company or any of its Subsidiaries or their authorized representatives upon the death, disability or termination of employment of such employees or termination of their seat on the board of the Company, in an aggregate amount not to exceed \$10.0 million in any calendar year;
- (5) repurchases of Capital Stock deemed to occur upon exercise of stock options, warrants or other convertible securities if such Capital Stock represents a portion of the exercise price thereof;
- (6) so long as no Default or Event of Default shall have occurred and be continuing, payments to holders of the Company's Capital Stock in lieu of issuance of fractional shares of its Capital Stock or to dissenting shareholders if required by applicable law;

Edgar Filing: FLAMINGO PARK KIDNEY CENTER INC - Form S-4

- (7) the distribution of Capital Stock of an Unrestricted Subsidiary of the Company to holders of Capital Stock of the Company; and
- (8) additional Restricted Payments not to exceed \$150.0 million in the aggregate since the Issue Date.

Table of Contents

The amount of all Restricted Payments (other than cash) shall be the Fair Market Value on the date of such Restricted Payment of the asset(s) or securities proposed to be paid, transferred or issued by the Company or such Restricted Subsidiary, as the case may be, pursuant to such Restricted Payment. If the Company or a Restricted Subsidiary makes a Restricted Payment which, at the time of the making of such Restricted Payment, would in the good faith determination of the Company be permitted under the provisions of the Indenture, such Restricted Payment shall be deemed to have been made in compliance with the Indenture notwithstanding any subsequent adjustments or restatements made in good faith to the Company's financial statements.

Limitation on liens

The Indenture provides that the Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur or suffer to exist any Lien (other than Permitted Liens) of any nature whatsoever against any assets or property of the Company or any Restricted Subsidiary (including Capital Stock of Restricted Subsidiaries), whether owned on the date of the Indenture or acquired after that date, which Lien secures Indebtedness or trade payables, unless contemporaneously therewith:

- (1) in the case of any Lien securing an obligation that ranks *pari passu* with the Notes or a Note Guarantee, effective provision is made to secure the Notes or such Note Guarantee, as the case may be, at least equally and ratably with or prior to such obligation with a Lien on the same collateral; and
 - (2) in the case of any Lien securing an obligation that is subordinated in right of payment to the Notes or a Note Guarantee, effective provision is made to secure the Notes or such Note Guarantee, as the case may be, with a Lien on the same collateral that is prior to the Lien securing such subordinated obligation;
- in each case, for so long as such obligation is secured by such Lien.

Limitation on restrictions on distributions from restricted subsidiaries

The Company will not, and will not permit any Restricted Subsidiary to, create or otherwise cause or permit to exist or become effective any consensual encumbrance or consensual restriction on the ability of any Restricted Subsidiary to:

- (1) pay dividends or make any other distributions on its Capital Stock or pay any Indebtedness or other obligations owed to the Company or any Restricted Subsidiary (it being understood that the priority of any Preferred Stock in receiving dividends or liquidating distributions prior to dividends or liquidating distributions being paid on Common Stock shall not be deemed a restriction on the ability to make distributions on Capital Stock);
- (2) make any loans or advances to the Company or any Restricted Subsidiary (it being understood that the subordination of loans or advances made to the Company or any Restricted Subsidiary to other Indebtedness Incurred by the Company or any Restricted Subsidiary shall not be deemed a restriction on the ability to make loans or advances); or
- (3) transfer any of its property or assets to the Company or any Restricted Subsidiary (it being understood that such transfers shall not include any type of transfer described in clause (1) or (2) above).

The preceding provisions will not prohibit:

- (iii) any encumbrance or restriction with respect to a Restricted Subsidiary pursuant to an agreement effecting an amendment, restatement, modification, renewal, increase, refunding, replacement or refinancing of an agreement referred to in clause (i) or (ii) of this paragraph or this clause (iii); *provided, however*, that the encumbrances and restrictions with respect to such Restricted Subsidiary contained in any such agreement, amendment, restatement, modification, renewal, increase, refunding, replacement or refinancing are not materially less favorable, taken as a whole, to the Holders of the Notes than the encumbrances and restrictions contained in such agreements referred to in clause (i) or (ii) of this paragraph on the Issue Date or the date such Restricted Subsidiary became a Restricted Subsidiary or was merged into a Restricted Subsidiary, whichever is applicable;
- (iv) (a) purchase money obligations for property acquired in the ordinary course of business, (b) Capitalized Lease Obligations permitted under the Indenture, (c) industrial revenue bonds or (d) operating leases, in each case, that impose encumbrances or restrictions of the nature described in clause (3) of the first paragraph of this covenant on the property so acquired;

- (xiii) in the case of any Restricted Subsidiary that is not a Subsidiary Guarantor, restrictions under the constitutive documents governing such Subsidiary: (A) with respect to existing Subsidiaries, existing on the date of the Indenture; and (B) with respect to Subsidiaries created or acquired after the date of the Indenture: (1) prohibiting such Subsidiary from guaranteeing Indebtedness of the Company or another Subsidiary; (2) on dividend payments and other distributions solely to permit *pro rata* dividends and other distributions in respect of any Capital Stock of such Subsidiary; (3) limiting transactions with the Company or another

- (xiv) any encumbrances or restrictions imposed by any amendments or refinancings of the contracts, instruments or obligations referred to in clauses (i) through (xiii) above; provided that such amendments or refinancings are, in the good faith judgment of the Company's Board of Directors, no more materially restrictive with respect to such encumbrances and restrictions than those prior to such amendment or refinancing.

Limitation on sales of assets and subsidiary stock

The Company will not, and will not permit any of its Restricted Subsidiaries to, make any Asset Disposition unless:

- (1) the Company or such Restricted Subsidiary, as the case may be, receives consideration (both cash and non-cash) equal to not less than the Fair Market Value (such Fair Market Value to be determined on the date of contractually agreeing to such Asset Disposition) of the shares and assets subject to such Asset Disposition;
- (2) at least 75% of the consideration from such Asset Disposition received by the Company or such Restricted Subsidiary, as the case may be, is in the form of cash or Cash Equivalents or Replacement Assets. For purposes of this clause (2), each of the following shall be deemed to be cash:
 - (a) any liabilities (as shown on the face of the Company's or such Restricted Subsidiary's then most recent balance sheet), of the Company or any Restricted Subsidiary (other than contingent liabilities and Subordinated Obligations) that are assumed by the transferee of any such assets pursuant to a customary novation agreement that releases the Company or such Restricted Subsidiary from further liability; and
 - (b) any securities, notes or other obligations received by the Company or any such Restricted Subsidiary from such transferee that are contemporaneously (subject to ordinary settlement periods) converted by the Company or such Restricted Subsidiary into cash (to the extent of the cash received in that conversion); and
- (3) an amount equal to 100% of the Net Available Cash from such Asset Disposition:
 - (a) *first*, is applied by the Company or such Restricted Subsidiary, as the case may be,
 - (i) to the extent the Company or any Restricted Subsidiary, as the case may be, elects (or is required by the terms of any Bank Indebtedness), to prepay, repay or purchase such Bank Indebtedness of the Company or of a Restricted Subsidiary within 365 days from the date of such Asset Disposition (such period, the **Application Period**), unless to the extent such Net Available Cash is otherwise used in accordance with clause (ii); *provided, however*, that, in connection with any prepayment, repayment or purchase of any such Indebtedness pursuant to this clause (a), the Company or such Restricted Subsidiary will retire such Indebtedness and will cause the related commitment (if any) to be permanently reduced in an amount equal to the principal amount so prepaid, repaid or purchased, or
 - (ii) to the extent the Company or such Restricted Subsidiary elects, to invest in Replacement Assets within the applicable Application Period; and
 - (b) *second*, to the extent of the balance of the Net Available Cash after application in accordance with (a) above (such balance, **Excess Proceeds**), is applied by the Company or such Restricted Subsidiary, as the case may be, toward an offer to purchase Notes as set forth in the next succeeding paragraph;

Edgar Filing: FLAMINGO PARK KIDNEY CENTER INC - Form S-4

provided, however, that pending the final application of any such Net Available Cash in accordance with clause (a) or clause (b) above, the Company and its Restricted Subsidiaries may temporarily reduce Indebtedness or otherwise invest such Net Available Cash in any manner not prohibited by the Indenture;

provided, further, that clauses (1) and (2) above shall not apply with respect to any Permitted Divestiture.

Table of Contents

The Indenture provides that on the 366th day after an Asset Disposition (or such earlier date, if any, as the Board of Directors of the Company or such Restricted Subsidiary determines that the Net Available Cash will not be applied in accordance with clause (3)(a) of the first paragraph of this covenant), if the aggregate amount of Excess Proceeds exceeds \$35.0 million, the Company will be required to make an offer (**Asset Disposition Offer**) to all Holders of Notes and, to the extent required by the terms of other Senior Indebtedness, to all holders of other Senior Indebtedness outstanding with similar provisions requiring the Company to make an offer to purchase such Senior Indebtedness with the proceeds from any Asset Disposition (**Pari Passu Notes**) to purchase the maximum principal amount of Notes and any such Pari Passu Notes to which the Asset Disposition Offer applies that may be purchased out of the Excess Proceeds, at an offer price in cash in an amount equal to 100% of the principal amount of the Notes and Pari Passu Notes plus accrued and unpaid interest to the date of purchase, in accordance with the procedures set forth in the Indenture or the agreements governing the Pari Passu Notes, as applicable, in each case in integral multiples of \$1,000. To the extent that the aggregate amount of Notes and Pari Passu Notes so validly tendered and not properly withdrawn pursuant to an Asset Disposition Offer is less than the Excess Proceeds, the Company may use any remaining Excess Proceeds for general corporate purposes, subject to other covenants contained in the Indenture. If the aggregate principal amount of Notes surrendered by Holders thereof and other Pari Passu Notes surrendered by holders or lenders, collectively, exceeds the amount of Excess Proceeds, the Trustee shall select the Notes and Pari Passu Notes to be purchased on a *pro rata* basis on the basis of the aggregate principal amount of tendered Notes and Pari Passu Notes. Upon completion of such Asset Disposition Offer, the amount of Excess Proceeds shall be reset at zero.

Each Asset Disposition Offer will remain open for a period of 20 Business Days following its commencement, except to the extent that a longer period is required by applicable law (the **Asset Disposition Offer Period**). No later than five Business Days after the termination of the Asset Disposition Offer Period (the **Asset Disposition Purchase Date**), the Company will purchase the principal amount of Notes and Pari Passu Notes required to be purchased pursuant to this covenant (the **Asset Disposition Offer Amount**) or, if less than the Asset Disposition Offer Amount has been so validly tendered, all Notes and Pari Passu Notes validly tendered in response to the Asset Disposition Offer.

If the Asset Disposition Purchase Date is on or after an interest record date and on or before the related interest payment date, any accrued and unpaid interest will be paid to the Person in whose name a Note is registered at the close of business on such record date, and no additional interest will be payable to Holders who tender Notes pursuant to the Asset Disposition Offer.

On or before the Asset Disposition Purchase Date, the Company will, to the extent lawful, accept for payment, on a *pro rata* basis to the extent necessary, the Asset Disposition Offer Amount of Notes and Pari Passu Notes or portions of such Notes and Pari Passu Notes so validly tendered and not properly withdrawn pursuant to the Asset Disposition Offer, or if less than the Asset Disposition Offer Amount has been validly tendered and not properly withdrawn, all Notes and Pari Passu Notes so validly tendered and not properly withdrawn, in each case in integral multiples of \$1,000. The Company will deliver to the Trustee an Officers Certificate stating that such Notes or portions thereof were accepted for payment by the Company in accordance with the terms of this covenant and, in addition, the Company will deliver all certificates and notes required, if any, by the agreements governing the Pari Passu Notes. The Company or the paying agent, as the case may be, will promptly (but in any case not later than five Business Days after termination of the Asset Disposition Offer Period) mail or deliver to each tendering Holder of Notes or holder or lender of Pari Passu Notes, as the case may be, an amount equal to the purchase price of the Notes or Pari Passu Notes so validly tendered and not properly withdrawn by such holder or lender, as the case may be, and accepted by the Company for purchase, and the Company will promptly issue a new Note, and the Trustee, upon delivery of an Officers Certificate from the Company, will authenticate and mail or deliver such new Note to such Holder, in a principal amount equal to any unpurchased portion of the Note surrendered; *provided* that each such new Note will be in a principal amount of \$1,000 or an integral multiple of \$1,000. In addition, the Company will take any and all other actions required by the agreements governing the Pari Passu Notes. Any Note not so accepted will be promptly mailed or delivered by the Company to the Holder thereof. The Company will publicly announce the results of the Asset Disposition Offer on or promptly following the Asset Disposition Purchase Date.

In the event of the transfer of substantially all (but not all) of the property and assets of the Company and its Restricted Subsidiaries as an entirety to a Person in a transaction permitted under the Merger and consolidation covenant, which transaction does not constitute a Change of Control, the successor company shall be deemed to have sold the properties and assets of the Company and its Restricted Subsidiaries not so transferred for purposes of this covenant, and shall comply with the provisions of this covenant with respect to such deemed sale as if it were an Asset Disposition. In addition, the Fair Market Value of such properties and assets of the Company or its Restricted Subsidiaries deemed to be sold shall be deemed to be Net Available Cash for purposes of this covenant.

The Company will comply, to the extent applicable, with the requirements of Rule 14(e) of the Exchange Act and any other securities laws or regulations in connection with the repurchase of Notes pursuant to the Indenture. To the extent that the provisions of any securities laws or regulations conflict with provisions of this covenant, the Company will comply with the applicable securities laws and regulations and will not be deemed to have breached its obligations under the Indenture by virtue of any conflict.

Limitation on affiliate transactions

The Company will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, enter into or conduct any transaction (including the purchase, sale, lease or exchange of any property or the rendering of any service) with any Affiliate of the Company (an **Affiliate Transaction**) unless:

- (1) the terms of such Affiliate Transaction are no less favorable, taken as a whole, to the Company or such Restricted Subsidiary, as the case may be, than those that could be obtained in a comparable transaction at the time of such transaction in arm's-length dealings with a Person who is not such an Affiliate; and
- (2) in the event such Affiliate Transaction involves an aggregate consideration in excess of \$15.0 million, the terms of such transaction have been approved by a majority of the members of the Board of Directors of the Company and by a majority of the members of such Board of Directors having no personal stake in such transaction, if any (and such majority or majorities, as the case may be, determines that such Affiliate Transaction satisfies the criteria in clause (1) above).

The preceding paragraph will not apply to:

- (1) any Restricted Payment (other than a Restricted Investment) permitted to be made pursuant to the Limitation on restricted payments covenant;
- (2) any issuance of securities, or other payments, awards or grants in cash, securities or otherwise pursuant to, or the funding of, employment agreements and other compensation arrangements, options to purchase Capital Stock of the Company, stock purchase, ownership or option plans, long-term incentive plans, stock appreciation rights plans, participation plans or similar employee benefits plans provided on behalf of directors, officers, consultants and employees of the Company and its subsidiaries, in each case, as approved by the Board of Directors of the Company;
- (3) loans or advances to employees, consultants, officers or directors in the ordinary course of business of the Company or any of its Restricted Subsidiaries (including for travel, entertainment, moving or relocation) or Guarantees in respect thereof or otherwise made on their behalf (including payment on any such Guarantees) made in compliance with applicable law but in any event not to exceed \$10.0 million in the aggregate outstanding (without giving effect to the forgiveness of any such loan) at any one time with respect to all loans or advances made since the Issue Date;
- (4) any transaction between the Company and a Restricted Subsidiary or between Restricted Subsidiaries, and Guarantees issued by the Company or a Restricted Subsidiary for the benefit of the Company, a Restricted Subsidiary and/or a Special Purpose Licensed Entity, as the case may be, in accordance with the Limitation on indebtedness covenant and the Limitation on liens covenant;

Table of Contents

- (5) the payment of reasonable and customary fees to directors, and indemnity provided on behalf of, directors, officers, employees or consultants, of the Company or any of its subsidiaries; and

- (6) the performance of obligations of the Company or any of its Restricted Subsidiaries under the terms of any agreement to which the Company or any of its Restricted Subsidiaries is a party as of or on the Issue Date, as these agreements may be amended, modified, supplemented, extended or renewed from time to time; *provided, however*, that any future amendment, modification, supplement, extension or renewal entered into after the Issue Date will be permitted to the extent that its terms are not more materially disadvantageous, taken as a whole, to the Holders of the Notes than the terms of the agreements in effect on the Issue Date.

Conduct of business

The Company will not, and will not permit any Restricted Subsidiary to, engage in any other business that is not a Permitted Business.

SEC reports

Notwithstanding that the Company may not be subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act, to the extent permitted by the Exchange Act, the Company will file with the SEC, and make available to the Trustee and the registered Holders of the Notes, the annual reports and the information, documents and other reports (or copies of such portions of any of the foregoing as the SEC may by rules and regulations prescribe) that are specified in Sections 13 and 15(d) of the Exchange Act within the time periods specified therein or in the relevant forms. In the event that the Company is not permitted to file such reports, documents and information with the SEC pursuant to the Exchange Act, the Company will nevertheless make available such Exchange Act information to the Trustee and the Holders of the Notes as if the Company were subject to the reporting requirements of Section 13 or 15(d) of the Exchange Act within the time periods specified therein.

If the Company has designated any of its Subsidiaries as Unrestricted Subsidiaries, then the quarterly and annual financial information required by the preceding paragraph shall include a reasonably detailed presentation, (a) in the footnotes to the financial statements and (b) in Management's Discussion and Analysis of Results of Operations and Financial Condition, of the financial condition and results of operations of the Company and its Restricted Subsidiaries.

Merger and consolidation

The Company will not consolidate with or merge with or into, or convey, transfer or lease all or substantially all its assets to, any Person, *unless*:

- (1) the resulting, surviving or transferee Person (the **Successor Company**) will be a corporation organized and existing under the laws of the United States of America, any State of the United States or the District of Columbia and the Successor Company (if not the Company) will expressly assume, by supplemental indenture, executed and delivered to the Trustee, in form reasonably satisfactory to the Trustee, all the obligations of the Company under the Notes, the Indenture and the Registration Rights Agreement;

- (2) immediately after giving effect to such transaction (and treating any Indebtedness that becomes an obligation of the Successor Company or any Subsidiary of the Successor Company as a result of such transaction as having been Incurred by the Successor Company or such Subsidiary at the time of such transaction), no Default or Event of Default shall have occurred and be continuing;

- (3) immediately after giving effect to such transaction and any related financing, the Successor Company would be able to Incur at least an additional \$1.00 of Indebtedness pursuant to the Coverage Ratio Exception;

Table of Contents

- (4) each Subsidiary Guarantor (unless it is the other party to the transactions above, in which case clause (1) shall apply) shall have by supplemental indentures confirmed that its Note Guarantee shall apply to such Person's obligations in respect of the Indenture and the Notes and its obligations under the Registration Rights Agreement shall continue to be in effect; and
- (5) the Company shall have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indentures (if any) comply with the Indenture.

For purposes of this covenant, the sale, lease, conveyance, assignment, transfer, or other disposition of all or substantially all of the properties and assets of one or more Subsidiaries of the Company, which properties and assets, if held by the Company instead of such Subsidiaries, would constitute all or substantially all of the properties and assets of the Company on a consolidated basis, shall be deemed to be the transfer of all or substantially all of the properties and assets of the Company.

The predecessor Company will be released from its obligations under the Indenture and the Successor Company will succeed to, and be substituted for, and may exercise every right and power of, the Company under the Indenture, but, in the case of a lease of all or substantially all its assets, the predecessor Company will not be released from the obligation to pay the principal of and interest on the Notes.

Although there is a limited body of case law interpreting the phrase "substantially all," there is no precise established definition of the phrase under applicable law. Accordingly, in certain circumstances there may be a degree of uncertainty as to whether a particular transaction would involve all or substantially all of the property or assets of a Person.

Notwithstanding the preceding clause (3), (x) any Restricted Subsidiary may consolidate with, merge into or transfer all or part of its properties and assets to the Company, (y) the Company may merge with an Affiliate incorporated solely for the purpose of reincorporating the Company in another jurisdiction and (z) the Company may consolidate with, merge into or transfer all or part of its properties and assets to a Subsidiary Guarantor.

In addition, the Company will not permit any Subsidiary Guarantor to consolidate with or merge with or into any Person (other than another Subsidiary Guarantor or the Company) and will not permit the conveyance, transfer or lease of substantially all of the assets of any Subsidiary Guarantor to any Person (other than another Subsidiary Guarantor or the Company) *unless*:

- (1) (a) the resulting, surviving or transferee Person will be a corporation, partnership, trust or limited liability company organized and existing under the laws of the United States of America, any State of the United States or the District of Columbia and such Person (if not such Subsidiary Guarantor) will expressly assume, by supplemental indenture, executed and delivered to the Trustee, all the obligations of such Subsidiary Guarantor under its Note Guarantee; (b) immediately after giving effect to such transaction (and treating any Indebtedness that becomes an obligation of the resulting, surviving or transferee Person or any Restricted Subsidiary as a result of such transaction as having been Incurred by such Person or such Restricted Subsidiary at the time of such transaction), no Default or Event of Default shall have occurred and be continuing; and (c) the Company will have delivered to the Trustee an Officers' Certificate and an Opinion of Counsel, each stating that such consolidation, merger or transfer and such supplemental indentures comply with the Indenture; or
- (2) the transaction is made in compliance with the Limitation on sales of assets and subsidiary stock covenant.

Future subsidiary guarantors

The Company will not permit any Restricted Subsidiary to Guarantee the payment of any Indebtedness of the Company or any Indebtedness of any other Restricted Subsidiary (other than a Guarantee by a Foreign

Table of Contents

Subsidiary of Indebtedness of a Foreign Subsidiary), unless such Restricted Subsidiary simultaneously executes and delivers a supplemental indenture pursuant to which such Restricted Subsidiary will unconditionally Guarantee, on a joint and several basis, the full and prompt payment of the principal of, premium, if any, and interest on the Notes and all other obligations under the Indenture on a senior basis; *provided* that, (A) if the Notes or, if the issuer of the Indebtedness being Guaranteed is a Subsidiary Guarantor, its Note Guarantee is subordinated in right of payment to such Indebtedness, the Note Guarantee to be issued shall be subordinated to such Restricted Subsidiary's Guarantee with respect to such Indebtedness substantially to the same extent as the Notes or the Note Guarantees, as the case may be, is subordinated to such Indebtedness under the Indenture and (B) if such Indebtedness is by its express terms subordinated in right of payment to the Notes or a Note Guarantee, any Guarantee of such Restricted Subsidiary with respect to such Indebtedness shall be subordinated in right of payment to such Restricted Subsidiary's Note Guarantee substantially to the same extent as such Indebtedness is subordinated to the Notes or the Note Guarantees, as the case may be.

The obligations of a Subsidiary Guarantor under its Note Guarantee will be limited as necessary to prevent its Note Guarantee from constituting a fraudulent conveyance or fraudulent transfer under applicable law.

Covenant Suspension

During any period of time (a **Suspension Period**) that:

- (1) the Notes have Investment Grade Ratings by both Rating Agencies; provided that prior to the assignment of the Investment Grade Ratings the Company has advised the Rating Agencies that the Suspended Covenants will not apply during the Suspension Period;
- (2) no Default or Event of Default has occurred and is continuing; and
- (3) the Company has delivered an officers' certificate to the Trustee certifying that the conditions set forth in clauses (1) and (2) above are satisfied;

the Company and the Restricted Subsidiaries will not be subject to the following provisions of the Indenture:

Limitation on indebtedness ;

Limitation on restricted payments ;

Limitation on restrictions on distributions from restricted subsidiaries ;

Limitation on sales of assets and subsidiary stock ;

Limitation on affiliate transactions ;

Conduct of business ; and

clause (3) of the first paragraph of Merger and consolidation

(collectively, the **Suspended Covenants**). In the event that the Company and the Restricted Subsidiaries are not subject to the Suspended Covenants for any period of time as a result of the preceding sentence and, subsequently, one or both of the Rating Agencies withdraws its ratings or downgrades the ratings assigned to the Notes below the required Investment Grade Ratings or a Default or Event of Default occurs and is continuing, then the Company and the Restricted Subsidiaries will thereafter again be subject to the Suspended Covenants, and compliance with the Suspended Covenants with respect to Restricted Payments made after the time of such withdrawal, downgrade, Default or Event of Default (such time, the **Reversion Time**) will be calculated in accordance with the terms of the covenant described above under Limitation on restricted payments as though such covenant had been in effect during the entire period of time from the Issue Date, it being understood that no actions taken by the Company or any of its Restricted Subsidiaries during the suspension period shall constitute a Default or an Event of Default under the Suspended Covenants.

Table of Contents

For purposes of this Limitation on sales of assets and subsidiary stock covenant, at the Reversion Time the Excess Proceeds shall be reset to zero.

During a Suspension Period our Board of Directors may not designate any of our Subsidiaries as Unrestricted Subsidiaries pursuant to the second paragraph of the definition of Unrestricted Subsidiary.

Events of default

Under the Indenture each of the following is an Event of Default:

- (1) default in any payment of interest on any Note when due, continued for 30 days;
- (2) default in the payment of principal of or premium, if any, on any Note when due at its Stated Maturity, upon optional redemption, upon required repurchase or redemption, upon declaration or otherwise;
- (3) failure by the Company or any Subsidiary Guarantor to comply with its obligations under the Merger and consolidation covenant;
- (4) failure by the Company to comply for 30 days after written notice with any of its obligations under the covenants described under Change of control above or under the covenants described under Certain covenants above (in each case, other than a failure to purchase Notes, which will constitute an Event of Default under clause (2) above, and other than a failure to comply with the Merger and consolidation covenant, which is covered by clause (3));
- (5) failure by the Company to comply for 60 days after written notice with its other agreements contained in the Indenture;
- (6) default under any mortgage, indenture or instrument under which there may be issued or by which there may be secured or evidenced any Indebtedness for money borrowed by the Company or any of its Restricted Subsidiaries (or the payment of which is Guaranteed by the Company or any of its Restricted Subsidiaries), other than Indebtedness owed to the Company or a Restricted Subsidiary, whether such Indebtedness or Guarantee now exists or is created after the date of the Indenture, which default:
 - (a) is caused by a failure to pay principal at final maturity of such Indebtedness prior to the expiration of the grace period provided in such Indebtedness (**payment default**); or
 - (b) results in the acceleration of such Indebtedness prior to its maturity (the **cross-acceleration provision**);

and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a payment default or the maturity of which has been so accelerated, aggregates \$50.0 million or more;

- (7) certain events of bankruptcy, insolvency or reorganization of the Company or a Significant Subsidiary (the **bankruptcy provisions**);
- (8) failure by the Company or any Significant Subsidiary to pay the uninsured portion of final judgments aggregating in excess of \$50.0 million, which judgments are not paid, discharged or stayed for a period of 60 days (the **judgment default provision**); or

- (9) any Note Guarantee of a Significant Subsidiary ceases to be in full force and effect (except as contemplated by the terms of the Indenture) or is declared null and void in a judicial proceeding or any Subsidiary Guarantor that is a Significant Subsidiary or group of Subsidiary Guarantors that taken together as of the latest audited consolidated financial statements for the Company and its Restricted Subsidiaries would constitute a Significant Subsidiary denies or disaffirms its obligations under the Indenture or its Note Guarantee.

Table of Contents

However, a default under clauses (4) and (5) of this paragraph will not constitute an Event of Default until the Trustee or the Holders of 25% in principal amount of the outstanding Notes notify the Company of the default and the Company does not cure such default within the time specified in clauses (4) and (5) of this paragraph after receipt of such notice.

If an Event of Default (other than an Event of Default with respect to the Company of the type described in clause (7) above) occurs and is continuing, the Trustee by notice to the Company, or the Holders of at least 25% in principal amount of outstanding Notes by notice to the Company and the Trustee, may, and the Trustee at the request of such Holders shall, declare the principal of, premium, if any, and accrued and unpaid interest, if any, on all the Notes to be due and payable. Upon such a declaration, such principal, premium and accrued and unpaid interest will be due and payable immediately. In the event of a declaration of acceleration of the Notes because an Event of Default described in clause (6) under Events of default has occurred and is continuing, the declaration of acceleration of the Notes shall be automatically annulled if the event of default or payment default triggering such Event of Default pursuant to clause (6) shall be remedied or cured by the Company or a Restricted Subsidiary or waived by the holders of the relevant Indebtedness within 60 days after the declaration of acceleration with respect thereto and if (1) the annulment of the acceleration of the Notes would not conflict with any judgment or decree of a court of competent jurisdiction and (2) all existing Events of Default, except nonpayment of principal, premium or interest on the Notes that became due solely because of the acceleration of the Notes, have been cured or waived. If an Event of Default with respect to the Company of the type described in clause (7) above occurs and is continuing, the principal of, premium, if any, and accrued and unpaid interest on all the Notes will become and be immediately due and payable without any declaration or other act on the part of the Trustee or any Holders. The Holders of a majority in principal amount of the outstanding Notes may waive all past defaults (except with respect to nonpayment of principal, premium or interest) and rescind any such acceleration with respect to the Notes and its consequences if (1) rescission would not conflict with any judgment or decree of a court of competent jurisdiction and (2) all existing Events of Default, other than the nonpayment of the principal of, premium, if any, and interest on the Notes that have become due solely by such declaration of acceleration, have been cured or waived.

Subject to the provisions of the Indenture relating to the duties of the Trustee, if an Event of Default occurs and is continuing, the Trustee will be under no obligation to exercise any of the rights or powers under the Indenture at the request or direction of any of the Holders unless such Holders have offered to the Trustee reasonable indemnity or security against any loss, liability or expense. Except to enforce the right to receive payment of principal, premium, if any, or interest when due, no Holder may pursue any remedy with respect to the Indenture or the Notes *unless*:

- (1) such Holder has previously given the Trustee notice that an Event of Default is continuing;
- (2) Holders of at least 25% in principal amount of outstanding Notes have requested the Trustee to pursue the remedy;
- (3) such Holders have offered the Trustee security or indemnity satisfactory to it against any loss, liability or expense;
- (4) the Trustee has not complied with such request within 60 days after the receipt of the request and the offer of security or indemnity; and
- (5) the Holders of a majority in principal amount of the outstanding Notes have not given the Trustee a direction that, in the opinion of the Trustee, is inconsistent with such request within such 60-day period.

Subject to certain restrictions, the Holders of a majority in principal amount of outstanding Notes are given the right to direct the time, method and place of conducting any proceeding for any remedy available to the Trustee or of exercising any trust or power conferred on the Trustee. The Indenture provides that in the event an Event of Default has occurred and is continuing, the Trustee will be required in the exercise of its powers to use the degree of care that a prudent person would use in the conduct of its own affairs. The Trustee, however, may

Table of Contents

refuse to follow any direction that conflicts with law or the Indenture or that the Trustee determines is unduly prejudicial to the rights of any other Holder or that would involve the Trustee in personal liability. Prior to taking any action under the Indenture, the Trustee will be entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action.

The Indenture provides that if a Default occurs and is continuing and is known to the Trustee, the Trustee must mail to each Holder notice of the Default within 90 days after it occurs. Except in the case of a Default in the payment of principal of, premium, if any, or interest on any Note, the Trustee may withhold notice if and so long as a committee of trust officers of the Trustee in good faith determines that withholding notice is in the interests of the Holders. In addition, the Company is required to deliver to the Trustee, within 120 days after the end of each fiscal year, a certificate indicating whether the signers thereof know of any Default that occurred during the previous year. The Company also is required to deliver to the Trustee, within 30 days after the occurrence thereof, written notice of any events which would constitute certain Defaults, their status and what action the Company is taking or proposing to take in respect thereof.

Amendments and waivers

Subject to certain exceptions, the Indenture and the Notes may be amended or supplemented with the consent of the Holders of a majority in principal amount of the Notes then outstanding (including without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes) and, subject to certain exceptions, any past default or compliance with any provisions may be waived with the consent of the Holders of a majority in principal amount of the Notes then outstanding (including, without limitation, consents obtained in connection with a purchase of, or tender offer or exchange offer for, Notes). However, without the consent of each Holder of an outstanding Note affected, no amendment, supplement or waiver may, among other things:

- (1) reduce the amount of Notes whose Holders must consent to an amendment;
 - (2) reduce the stated rate of or extend the stated time for payment of interest on any Note;
 - (3) reduce the principal of or extend the Stated Maturity of any Note;
 - (4) reduce the premium payable upon the redemption of any Note or change the time at which any Note may be redeemed as described above under Optional redemption, whether through an amendment or waiver of provisions in the covenants, definitions or otherwise;
 - (5) make any Note payable in money other than that stated in the Note;
 - (6) impair the right of any Holder to receive payment of principal, premium, if any, and interest on such Holder's Notes on or after the due dates therefor or to institute suit for the enforcement of any payment on or with respect to such Holder's Notes;
 - (7) make any change in the amendment provisions which require each Holder's consent or in the waiver provisions;
 - (8) make any change to the ranking of Notes or the Note Guarantees that adversely affects the rights of any Holder of Notes; or
 - (9) release any Subsidiary Guarantor from any of its obligations under its Note Guarantee, except as permitted by the Indenture.
- Notwithstanding the foregoing, without the consent of any Holder, the Company, the Subsidiary Guarantors and the Trustee may amend the Indenture and the Notes to:

- (1) cure any ambiguity, omission, defect or inconsistency;
- (2) provide for the assumption by a successor corporation of the obligations of the Company under the Indenture or the assumption by a corporation, partnership, trust or limited liability company of the obligations of a Subsidiary Guarantor under the Indenture;

Table of Contents

- (3) provide for uncertificated Notes in addition to or in place of certificated Notes (*provided* that the uncertificated Notes are issued in registered form for purposes of Section 163(f) of the Code, or in a manner such that the uncertificated Notes are described in Section 163(f) (2) (B) of the Code);
- (4) add Guarantees with respect to the Notes or release a Subsidiary Guarantor in accordance with the applicable provisions of the Indenture;
- (5) secure the Notes;
- (6) add to the covenants of the Company for the benefit of the Holders or surrender any right or power conferred upon the Company;
- (7) make any change that does not materially adversely affect the rights of any Holder;
- (8) comply with any requirement of the SEC in connection with the qualification of the Indenture under the Trust Indenture Act;
- (9) provide for the issuance of exchange securities which shall have terms substantially identical in all respects to the Notes (except that the transfer restrictions contained in the Notes shall be modified or eliminated as appropriate) and which shall be treated, together with any outstanding Notes, as a single class of securities;
- (10) release a Subsidiary Guarantor from its obligations under its Note Guarantee or the Indenture in accordance with the applicable provisions of the Indenture; or
- (11) provide for the appointment of a successor trustee; provided that such successor trustee is otherwise qualified and eligible to act as such under the terms of the Indenture.

The consent of the Holders is not necessary under the Indenture to approve the particular form of any proposed amendment or supplement. It is sufficient if such consent approves the substance of the proposed amendment or supplement. A consent to any amendment, supplement or waiver under the Indenture by any Holder of Notes given in connection with a tender of such Holder's Notes will not be rendered invalid by such tender. After an amendment under the Indenture becomes effective, the Company is required to mail to the Holders a notice briefly describing such amendment. However, the failure to give such notice to all the Holders, or any defect in the notice will not impair or affect the validity of the amendment or supplement.

Defeasance

The Company at any time may terminate all its obligations under the Notes and the Indenture (**legal defeasance**), except for certain obligations, including those respecting the defeasance trust and obligations to register the transfer or exchange of the Notes, to replace mutilated, destroyed, lost or stolen Notes and to maintain a registrar and paying agent in respect of the Notes. If the Company exercises its legal defeasance option, any Note Guarantees in effect at such time will terminate.

The Company at any time may terminate its obligations described under **Change of control** and under covenants described under **Certain covenants** (other than the **Merger and consolidation** covenant), the operation of the cross-default upon a payment default, cross-acceleration provisions, the bankruptcy provisions with respect to Significant Subsidiaries, the judgment default provision and the Note Guarantee provision described under **Events of default** above and the limitations contained in clause (3) of the **Merger and consolidation** covenant (**covenant defeasance**).

The Company may exercise its legal defeasance option notwithstanding its prior exercise of its covenant defeasance option. If the Company exercises its legal defeasance option, payment of the Notes may not be accelerated because of an Event of Default with respect to the Notes. If

Edgar Filing: FLAMINGO PARK KIDNEY CENTER INC - Form S-4

the Company exercises its covenant defeasance option, payment of the Notes may not be accelerated because of an Event of Default specified in clause (4), (5), (6), (7) (with respect only to Significant Subsidiaries), (8) or (9) under Events of default above or because of the failure of the Company to comply with clause (3) of the Merger and consolidation covenant above.

Table of Contents

In order to exercise either defeasance option, the Company must irrevocably deposit in trust (the **defeasance trust**) with the Trustee money or U.S. Government Obligations for the payment of principal, premium, if any, and interest on the Notes to redemption or maturity, as the case may be, and must comply with certain other conditions, including delivery to the Trustee of an Opinion of Counsel (subject to customary exceptions and exclusions) to the effect that Holders of the Notes will not recognize income, gain or loss for Federal income tax purposes as a result of such deposit and defeasance and will be subject to Federal income tax on the same amount and in the same manner and at the same times as would have been the case if such deposit and defeasance had not occurred. In the case of legal defeasance only, such Opinion of Counsel must be based on a ruling of the Internal Revenue Service or other change in applicable Federal income tax law.

Satisfaction and discharge

The Indenture will be discharged and will cease to be of further effect (except as to rights of registration of transfer or exchange of Notes, which shall survive until all Notes have been cancelled) as to all outstanding Notes when either

- (1) all the Notes that have been authenticated and delivered (except lost, stolen or destroyed Notes which have been replaced or paid and Notes for whose payment money has been deposited in trust or segregated and held in trust by the Company and thereafter repaid to the Company or discharged from this trust) have been delivered to the Trustee for cancellation, or
- (2) (a) all Notes not delivered to the Trustee for cancellation otherwise (i) have become due and payable, (ii) will become due and payable, or may be called for redemption, within one year or (iii) have been called for redemption pursuant to the provisions described under Optional redemption, and, in any case, the Company has irrevocably deposited or caused to be deposited with the Trustee as trust funds, in trust solely for the benefit of the Holders, U.S. legal tender, U.S. Government Obligations or a combination thereof, in such amounts as will be sufficient (without consideration of any reinvestment of interest) to pay and discharge the entire Indebtedness (including all principal and accrued interest) on the Notes not theretofore delivered to the Trustee for cancellation,
 - (b) the Company has paid all sums payable by it under the Indenture, and
 - (c) the Company has delivered irrevocable instructions to the Trustee to apply the deposited money toward the payment of the Notes at maturity or on the date of redemption, as the case may be.

In addition, the Company must deliver an Officers Certificate and an Opinion of Counsel stating that all conditions precedent to satisfaction and discharge have been complied with.

No personal liability of directors, officers, employees and stockholders

No director, officer, employee, incorporator or stockholder of the Company or any Subsidiary Guarantor, as such, shall have any liability for any obligations of the Company under the Notes, the Indenture, any Note Guarantee or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder by accepting a Note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the Notes. Such waiver may not be effective to waive liabilities under the federal securities laws and it is the view of the SEC that such a waiver is against public policy.

Concerning the trustee

The Bank of New York Trust Company, N.A. is the Trustee under the Indenture and has been appointed by the Company as registrar and paying agent with regard to the Notes.

(1) if the Company or any Restricted Subsidiary:

(a) has Incurred any Indebtedness since the beginning of such period that remains outstanding on such date of determination or if the transaction giving rise to the need to calculate the Consolidated Coverage Ratio is an Incurrence of Indebtedness, Consolidated EBITDA and Consolidated Fixed Charges for such period will be calculated after giving effect on a *pro forma* basis to such Indebtedness as if such Indebtedness had been Incurred on the first day of such period (except that in making such computation, the amount of Indebtedness under any revolving credit facility drawn for working capital purposes in the ordinary course of business outstanding on the date of such calculation will be deemed to be (i) the average daily balance of such Indebtedness during such four fiscal quarters or such shorter period for which such facility was outstanding or (ii) if such facility was created after the end of such four fiscal quarters, the average daily balance of such Indebtedness during the period from the date of creation of such facility to the date of such calculation) and the discharge of any other Indebtedness repaid, repurchased, defeased or otherwise discharged with the proceeds of such new Indebtedness as if such discharge had occurred on the first day of such period; or

(b) has repaid, repurchased, defeased or otherwise discharged any Indebtedness since the beginning of the period that is no longer outstanding on such date of determination or if the transaction giving rise to the need to calculate the Consolidated Coverage Ratio involves a discharge of Indebtedness (in each case other than Indebtedness Incurred under any revolving credit facility unless such Indebtedness has been permanently repaid and the related commitment terminated), Consolidated EBITDA and Consolidated Fixed Charges for such period will be calculated after giving effect on a *pro forma* basis to such discharge of such Indebtedness, including with the proceeds of such new Indebtedness, as if such discharge had occurred on the first day of such period;

(2) if since the beginning of such period the Company or any Restricted Subsidiary will have made any asset sale or other disposition or if the transaction giving rise to the need to calculate the Consolidated Coverage Ratio is such an asset sale or other disposition:

Table of Contents

- (b) Consolidated Fixed Charges for such period will be reduced by an amount equal to the Consolidated Fixed Charges directly attributable to any Indebtedness of the Company or any Restricted Subsidiary repaid, repurchased, defeased or otherwise discharged with respect to the Company and its continuing Restricted Subsidiaries in connection with such asset sale or other disposition for such period (or, if the Capital Stock of any Restricted Subsidiary is sold, the Consolidated Fixed Charges for such period directly attributable to the Indebtedness of such Restricted Subsidiary to the extent the Company and its continuing Restricted Subsidiaries are no longer liable for such Indebtedness after such sale);
- (3) if since the beginning of such period the Company or any Restricted Subsidiary (by merger or otherwise) will have made an Investment in any Restricted Subsidiary (or any Person which becomes a Restricted Subsidiary or is merged with or into the Company) or an acquisition of assets, including any acquisition of assets occurring in connection with a transaction causing a calculation to be made hereunder, which constitutes all or substantially all of a company, division, operating unit, segment, business, group of related assets or line of business, Consolidated EBITDA and Consolidated Fixed Charges for such period will be calculated after giving *pro forma* effect thereto (including the Incurrence of any Indebtedness) as if such Investment or acquisition occurred on the first day of such period; and
- (4) if since the beginning of such period any Person (that subsequently became a Restricted Subsidiary or was merged with or into the Company or any Restricted Subsidiary since the beginning of such period) will have Incurred any Indebtedness or discharged any Indebtedness or made any asset sale or other disposition or any Investment or acquisition of assets that would have required an adjustment pursuant to clause (2) or (3) above if made by the Company or a Restricted Subsidiary during such period, Consolidated EBITDA and Consolidated Fixed Charges for such period will be calculated after giving *pro forma* effect thereto as if such transaction occurred on the first day of such period.

For purposes of this definition, whenever *pro forma* effect is to be given to any calculation under this definition, the *pro forma* calculations (including *pro forma* expense and cost reductions calculated on a basis consistent with Regulation S-X under the Securities Act) will be determined in good faith by a responsible financial or accounting officer of the Company; except that such *pro forma* calculations may include operating expense reductions for such period resulting from the transaction which is being given *pro forma* effect that have been realized or for which the steps necessary for realization have been taken or are reasonably expected to be taken within six months following any such transaction (which operating expense reductions are reasonably expected to be sustainable). If any Indebtedness bears a floating rate of interest and is being given *pro forma* effect, the interest expense on such Indebtedness will be calculated as if the rate in effect on the date of determination had been the applicable rate for the entire period (taking into account any Interest Rate Agreement applicable to such Indebtedness if such Interest Rate Agreement has a remaining term in excess of 12 months). If any Indebtedness that is being given *pro forma* effect bears an interest rate at the option of the Company, the interest rate shall be calculated by applying such optional rate chosen by the Company.

Consolidated Debt Expense means, for any period, the total debt expense of the Company and its consolidated Restricted Subsidiaries, whether paid or accrued, and included in debt expense as set forth on the statement of operations of the Company, *plus*, to the extent not included in such debt expense:

- (1) interest expense attributable to Capitalized Lease Obligations and the interest portion of rent expense associated with Attributable Indebtedness in respect of the relevant lease giving rise thereto, determined as if such lease were a capitalized lease in accordance with GAAP and the interest component of any deferred payment obligations;
- (2) amortization of debt discount and debt issuance cost (*provided* that any amortization of bond premium will be credited to reduce Consolidated Interest Expense unless, pursuant to GAAP, such amortization of bond premium has otherwise reduced Consolidated Interest Expense);
- (3) non-cash interest expense;

Table of Contents

- (4) commissions, discounts and other fees and charges owed with respect to letters of credit and bankers acceptance financing;
- (5) interest expense on Indebtedness of another Person that is Guaranteed by such Person or one of its Restricted Subsidiaries or secured by a Lien on assets of such Person or one of its Restricted Subsidiaries;
- (6) costs associated with Hedging Obligations (including amortization of fees); *provided, however*, that if Hedging Obligations result in net benefits rather than costs, such benefits shall be credited to reduce Consolidated Interest Expense unless, pursuant to GAAP, such net benefits are otherwise reflected in Consolidated Net Income;
- (7) the consolidated interest expense of such Person and its Restricted Subsidiaries that was capitalized during such period; and
- (8) the cash contributions to any employee stock ownership plan or similar trust to the extent such contributions are used by such plan or trust to pay interest or fees to any Person (other than the Company and its Restricted Subsidiaries) in connection with Indebtedness Incurred by such plan or trust.

For the purpose of calculating the Consolidated Coverage Ratio in connection with the Incurrence of any Indebtedness described in the final paragraph of the definition of Indebtedness, the calculation of Consolidated Interest Expense shall include all interest expense (including any amounts described in clauses (1) through (8) above) relating to any Indebtedness of the Company or any Restricted Subsidiary described in the final paragraph of the definition of Indebtedness.

For purposes of the foregoing, total debt expense will be determined (i) after giving effect to any net payments made or received by the Company and its Subsidiaries with respect to Interest Rate Agreements, (ii) exclusive of amounts classified as other comprehensive income in the balance sheet of the Company and (iii) exclusive of the write-off of deferred financing costs. Notwithstanding anything to the contrary contained herein, commissions, discounts, yield and other fees and charges Incurred in connection with any transaction pursuant to which the Company or its Restricted Subsidiaries may sell, convey or otherwise transfer or grant a security interest in any accounts receivable or related assets shall be included in Consolidated Interest Expense.

Consolidated EBITDA for any period means, without duplication, the Consolidated Net Income for such period, *plus* the following, to the extent deducted or taken into account in calculating such Consolidated Net Income:

- (1) Consolidated Fixed Charges;
- (2) Consolidated Income Taxes;
- (3) consolidated expenses for valuation adjustments or impairment charges;
- (4) consolidated depreciation or amortization expense;
- (5) all one time non-recurring charges, fees and expenses Incurred by Gambro Healthcare pursuant to the Settlement Agreement entered into in December 2004 among the United States of America, acting through the United States Department of Justice and on behalf of the Office of Inspector General of the Department of Health and Human Services and TRICARE Management Activity, Steven J. Bander, M.D. and Gambro Healthcare and all other one time non-recurring fees and expenses Incurred in connection with such settlement and the related investigation including up to \$15.0 million (and interest thereon) and other charges, fees and expenses related thereto with respect to settlement between Gambro Healthcare and the National Association of Medicaid Fraud Control Units;

Table of Contents

- (6) expenses and charges relating to minority interests and equity income in consolidated Subsidiaries; and
- (7) other non-cash charges reducing Consolidated Net Income (excluding any such non-cash charge to the extent it represents an accrual of or reserve for cash charges in any future period or amortization of a prepaid cash expense that was paid in a prior period not included in the calculation).

Notwithstanding the preceding sentence, clauses (2) through (7) relating to amounts of a Restricted Subsidiary of a Person will be added to Consolidated Net Income to compute Consolidated EBITDA of such Person only to the extent (and in the same proportion) that the net income (loss) of such Restricted Subsidiary was included in calculating the Consolidated Net Income of such Person and, to the extent the amounts set forth in clauses (2) through (7) are in excess of those necessary to offset a net loss of such Restricted Subsidiary or if such Restricted Subsidiary has net income for such period included in Consolidated Net Income, only if a corresponding amount would be permitted at the date of determination to be dividended to the Company by such Restricted Subsidiary without prior approval (that has not been obtained), pursuant to the terms of its charter and all agreements, instruments, judgments, decrees, orders, statutes, rules and governmental regulations applicable to that Restricted Subsidiary or its stockholders.

Consolidated Fixed Charges means

Consolidated Debt Expense, *plus*

the product of (a) all dividends paid or payable, in cash, Cash Equivalents or Indebtedness, or accrued during such period on any series of Disqualified Stock of such Person or on Preferred Stock of its Restricted Subsidiaries payable to a party other than the Company or a Restricted Subsidiary, times (b) a fraction, the numerator of which is one and the denominator of which is one minus the then current combined federal, state, provincial and local statutory tax rate of such Person, expressed as a decimal, in each case, on a consolidated basis and in accordance with GAAP.

Consolidated Income Taxes means, with respect to any Person for any period, taxes imposed upon such Person or other payments required to be made by such Person by any governmental authority which taxes or other payments are calculated by reference to the income or profits of such Person or such Person and its Restricted Subsidiaries (to the extent such income or profits were included in computing Consolidated Net Income for such period), other than income taxes attributable to extraordinary, unusual or nonrecurring gains or losses or taxes attributable to sales or dispositions outside the ordinary course of business.

Consolidated Net Income means, for any period, the net income (loss) of the Company and its consolidated Restricted Subsidiaries determined in accordance with GAAP; *provided, however*, that there will not be included in such Consolidated Net Income:

- (1) any net income (loss) of any Person if such Person is not a Restricted Subsidiary, except that:
 - (a) subject to the limitations contained in clauses (3) through (9) below, the Company's equity in the net income of any such Person for such period will be included in such Consolidated Net Income up to the aggregate amount of cash actually distributed by such Person during such period to the Company or a Restricted Subsidiary as a dividend or other distribution (subject, in the case of a dividend or other distribution to a Restricted Subsidiary, to the limitations contained in clause (2) below); and
 - (b) the Company's equity in a net loss of any such Person for such period will be included in determining such Consolidated Net Income;

Table of Contents

- (2) any net income (but not loss) of any Restricted Subsidiary if such Subsidiary is subject to restrictions, directly or indirectly, by operation of the terms of its charter, any contract or agreement, operation of law or otherwise, on the payment of dividends or the making of distributions by such Restricted Subsidiary, directly or indirectly, to the Company, except that:

BOOK-ENTRY SETTLEMENT AND CLEARANCE

The global notes

The notes will be issued in the form of one or more registered notes in global form, without interest coupons. Upon issuance, each of the global notes will be deposited with the Trustee as custodian for The Depository Trust Company, or DTC, and registered in the name of Cede & Co., as nominee of DTC.

Ownership of beneficial interests in each global note will be limited to persons who have accounts with DTC, which are called DTC participants, or persons who hold interests through DTC participants. We expect that under procedures established by DTC:

upon deposit of each global note with DTC's custodian, DTC will credit portions of the principal amount of the global note to the accounts of the DTC participants, and

ownership of beneficial interests in each global note will be shown on, and transfer of ownership of those interests will be effected only through, records maintained by DTC (with respect to interests of DTC participants) and the records of DTC participants (with respect to other owners of beneficial interests in the global note).

Beneficial interests in the global notes may not be exchanged for notes in physical, certificated form except in the limited circumstances described below.

Book-entry procedures for the global notes

All interests in the global notes will be subject to the operations and procedures of DTC. We provide the following summaries of those operations and procedures solely for the convenience of investors. The operations and procedures of each settlement system are controlled by that settlement system and may be changed at any time. We are not responsible for those operations or procedures.

DTC has advised us that it is:

a limited purpose trust company organized under the laws of the State of New York,

a banking organization within the meaning of the New York State Banking Law,

a member of the Federal Reserve System,

a clearing corporation within the meaning of the Uniform Commercial Code and

a clearing agency registered under Section 17A of the Securities Exchange Act of 1934.

DTC was created to hold securities for its participants and to facilitate the clearance and settlement of securities transactions between its participants through electronic book-entry changes to the accounts of its participants. DTC's participants include securities brokers and dealers; banks and trust companies; clearing corporations and other organizations. Indirect access to DTC's system is also available to others such as banks, brokers, dealers and trust companies; these indirect participants clear through or maintain a custodial relationship with a DTC participant, either directly or indirectly. Investors who are not DTC participants may beneficially own securities held by or on behalf of DTC only through DTC participants or indirect participants in DTC.

Edgar Filing: FLAMINGO PARK KIDNEY CENTER INC - Form S-4

Investors in the global notes who are participants in DTC's system may hold their interests therein directly through DTC. Investors in the global notes who are not participants may hold their interests therein indirectly through organizations which are participants in such system. All interests in a global note, including those held through Euroclear System, or Euroclear, or Clearstream Banking, S.A., or Clearstream, may be subject to the procedures and requirements of DTC. Those interests held through Euroclear or Clearstream may also be subject to the procedures and requirements of such systems.

Table of Contents

So long as DTC's nominee is the registered owner of a global note, that nominee will be considered the sole owner or holder of the notes represented by that global note for all purposes under the indenture. Except as provided below, owners of beneficial interests in a global note:

will not be entitled to have notes represented by the global note registered in their names,

will not receive or be entitled to receive physical, certificated notes and

will not be considered the owners or holders of the notes under the indenture for any purpose, including with respect to the giving of any direction, instruction or approval to the Trustee under the indenture.

As a result, each investor who owns a beneficial interest in a global note must rely on the procedures of DTC to exercise any rights of a holder of notes under the indenture (and, if the investor is not a participant or an indirect participant in DTC, on the procedures of the DTC participant through which the investor owns its interest).

Payments of principal, premium (if any) and interest with respect to the notes represented by a global note will be made by the Trustee to DTC's nominee as the registered holder of the global note. Neither we nor the Trustee will have any responsibility or liability for the payment of amounts to owners of beneficial interests in a global note, for any aspect of the records relating to or payments made on account of those interests by DTC, or for maintaining, supervising or reviewing any records of DTC relating to those interests.

Payments by participants and indirect participants in DTC to the owners of beneficial interests in a global note will be governed by standing instructions and customary industry practice and will be the responsibility of those participants or indirect participants and DTC.

Subject to compliance with the transfer restrictions applicable to the notes described herein, cross-market transfers between the participants in DTC, on the one hand, and Euroclear or Clearstream participants, on the other hand, will be effected through DTC in accordance with DTC's rules on behalf of Euroclear or Clearstream, as the case may be, by its respective depositary; however, such cross-market transactions will require delivery of instructions to Euroclear or Clearstream, as the case may be, by the counterparty in such system in accordance with the rules and procedures and within the established deadlines (Brussels time) of such system. Euroclear or Clearstream, as the case may be, will, if the transaction meets its settlement requirements, deliver instructions to its respective depositary to take action to effect final settlement on its behalf by delivering or receiving interests in the relevant global note to DTC, and making or receiving payment in accordance with normal procedures for same-day funds settlement applicable to DTC. Euroclear participants and Clearstream participants may not deliver instructions directly to the depositories for Euroclear or Clearstream.

Transfers between participants in DTC will be effected under DTC's procedures and will be settled in same-day funds, and transfers between participants in Euroclear and Clearstream will be effected in accordance with their respective rules and operating procedures.

DTC, Euroclear and Clearstream have agreed to the above procedures to facilitate transfers of interests in the global notes among participants in their respective settlement systems. However, DTC, Euroclear and Clearstream are not obligated to perform these procedures and may discontinue or change these procedures at any time. Neither we nor the Trustee will have any responsibility for the performance by DTC, Euroclear or Clearstream or their respective participants or indirect participants of their respective obligations under the rules and procedures governing their operations.

Certificated notes

Notes in physical, certificated form will be issued and delivered to each person that DTC identifies as a beneficial owner of the related notes only if:

DTC notifies us at any time that it is unwilling or unable to continue as depositary for the global notes and a successor depositary is not appointed within 90 days,

Table of Contents

DTC ceases to be registered as a clearing agency under the Securities Exchange Act of 1934 and a successor depository is not appointed within 90 days or

certain events of default provided in the indenture should occur.

U.S. FEDERAL INCOME TAX CONSIDERATIONS

Discussion

The following is a summary of certain U.S. federal income tax consequences resulting from the exchange of restricted notes for notes to be issued pursuant to the exchange offer by a holder of restricted notes that purchased the restricted notes for cash in the initial offering at the original offering price on February 23, 2007. This summary is based upon laws, regulations, rulings and decisions now in effect, all of which are subject to change (including changes in effective dates) or possible differing interpretations. It deals only with notes held as capital assets and does not purport to deal with persons in special tax situations, such as financial institutions, insurance companies, regulated investment companies, dealers in securities or currencies, partnerships or other pass-through entities, persons holding notes as a hedge against currency risks, as a position in an integrated transaction or a conversion transaction, or as a position in a straddle for tax purposes, or persons whose functional currency is not the U.S. dollar. It also does not deal with persons other than original purchasers of the notes (except where otherwise specifically noted) from Credit Suisse Securities (USA) LLC, the initial purchaser of the restricted notes. Persons considering the purchase of the notes in the exchange offer should consult their own tax advisors concerning the application of U.S. federal income tax laws to their particular situations as well as any consequences of the purchase, ownership and disposition of the notes arising under the laws of any other taxing jurisdiction.

As used herein, the term "U.S. Holder" means a beneficial owner of a note that is for U.S. federal income tax purposes (i) a citizen or resident of the U.S., (ii) a corporation (including an entity treated as a corporation for U.S. federal income tax purposes) created or organized in or under the laws of the U.S., any state thereof or the District of Columbia, (iii) an estate, the income of which is subject to U.S. federal income taxation regardless of its source, (iv) a trust if a court within the U.S. is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust, or (v) any other person whose income or gain in respect of a note is effectively connected with the conduct of a U.S. trade or business. As used herein, the term "non-U.S. Holder" means a beneficial owner of a note that is not a U.S. Holder. If a partnership (including for this purpose any entity treated as a partnership for U.S. federal income tax purposes) is the beneficial owner of any note, the treatment of a partner in that partnership will generally depend upon the status of such partner and the activities of such partnership. Prospective purchasers that are partnerships or that hold the notes through a partnership or similar pass-through entity should consult their tax advisors regarding the U.S. federal income tax consequences of the purchase, ownership, or disposition of the notes.

Tax consequences of the exchange offer

The exchange of restricted notes for notes to be issued pursuant to the exchange offer will not constitute a significant modification of the restricted notes and, therefore, will not constitute a taxable exchange for U.S. federal income tax purposes. As a result, the exchange will have no U.S. federal income tax consequences to a holder. Therefore, the holder's holding period and adjusted tax basis for a note will not be affected and the holder will continue to take into account income, gain, or loss in respect of a note in the same manner as prior to the exchange (as more fully described below).

Treatment of the notes as indebtedness

We intend to take the position that, under current law and interpretations thereof, the notes will be classified for U.S. federal income tax purposes as indebtedness. Pursuant to the terms of the notes, we will agree and each holder will agree (by its acceptance of a beneficial ownership interest in a note) to treat the notes as indebtedness for all U.S. federal income tax purposes. No assurance can be given, however, that the Internal Revenue Service, or IRS, will not challenge such position or, if challenged, that such a challenge will not be successful. If the IRS were to assert successfully that the notes should be treated as equity for U.S. federal income tax purposes, the tax treatment of the notes would differ from that described below. The remainder of this discussion assumes that the notes will be classified as indebtedness for U.S. federal income tax purposes.

Table of Contents

U.S. Holders

Payments of interest. Payments of interest on a note generally will be taxable to a U.S. Holder as ordinary interest income at the time such payments are accrued or are received, in accordance with the U.S. Holder's regular method of tax accounting.

Disposition of a note. Upon the sale, exchange, redemption, or retirement of a note, a U.S. Holder generally will recognize taxable gain or loss equal to the difference between the amount realized on the sale, exchange, redemption, or retirement (other than amounts representing accrued and unpaid interest) and such U.S. Holder's adjusted tax basis in the note. A U.S. Holder's adjusted tax basis in a note generally will equal such U.S. Holder's initial investment in the note. Such gain or loss generally will be long-term capital gain or loss if the note had been held at the time of disposition for more than one year. Long-term capital gains of certain taxpayers will be taxed at preferential rates. The deductibility of capital losses is subject to limitations.

Non-U.S. Holders

Payments of interest. A non-U.S. Holder that is an individual or corporation (or an entity treated as a corporation for federal income tax purposes) holding the notes on its own behalf will not be subject to U.S. federal income taxes on payments of interest on a note, unless such non-U.S. Holder is (i) a direct or indirect 10% or greater shareholder of DaVita, (ii) a controlled foreign corporation related to DaVita, or (iii) a bank receiving interest described in section 881(c)(3)(A) of the Internal Revenue Code of 1986, as amended. To qualify for the exemption from taxation, the Withholding Agent, as defined below, must have received a statement from the individual or corporation that:

is signed under penalties of perjury by the beneficial owner of the note,

certifies that such owner is not a U.S. Holder, and

provides the beneficial owner's name and address.

A Withholding Agent is the last U.S. payor (or a non-U.S. payor that is a qualified intermediary, U.S. branch of a foreign person, or withholding foreign partnership) in the chain of payment prior to payment to a non-U.S. Holder (which itself is not a Withholding Agent). Generally, this statement is made on an IRS Form W-8BEN (W-8BEN), which is effective for the remainder of the year of signature plus three full calendar years unless a change in circumstances makes any information on the form incorrect. Notwithstanding the preceding sentence, a W-8BEN with a U.S. taxpayer identification number will remain effective until a change in circumstances makes any information on the form incorrect, provided that the Withholding Agent reports at least annually to the beneficial owner on IRS Form 1042-S. The beneficial owner must inform the Withholding Agent within 30 days of such change and furnish a new W-8BEN. A noteholder that is not an individual or corporation (or an entity treated as a corporation for U.S. federal income tax purposes) holding the notes on its own behalf may have substantially increased reporting requirements. In particular, in the case of notes held by a foreign partnership (or foreign trust), the partners (or beneficiaries) rather than the partnership (or trust) will be required to provide the certification discussed above, and the partnership (or trust) will be required to provide certain additional information.

Certain securities clearing organizations, and other entities who are not beneficial owners, may be able to provide a signed statement to the Withholding Agent. However, in such case, the signed statement may require a copy of the beneficial owner's W-8BEN (or the substitute form).

A non-U.S. Holder whose income with respect to its investment in a note is effectively connected with the conduct of a U.S. trade or business would generally be taxed as if the non-U.S. Holder was a U.S. person provided the non-U.S. Holder provides to the Withholding Agent an IRS Form W-8ECI. If the non-U.S. Holder is a corporation, any effectively connected income will generally be subject to a branch profits tax at a rate of 30% (or a reduced rate under an applicable treaty).

Table of Contents

Disposition of a note. Generally, a non-U.S. Holder will not be subject to U.S. federal income taxes on any amount that constitutes capital gain upon retirement or disposition of a note, unless (i) such non-U.S. Holder is an individual who is present in the U.S. for 183 days or more in the taxable year of the disposition and such gain is derived from sources within the U.S., or (ii) such gain is effectively connected with the conduct of a U.S. trade or business of the non-U.S. Holder. In addition, if the non-U.S. Holder is a corporation, any such effectively connected gain will generally be subject to a branch profits tax at a rate of 30% (or a reduced rate under an applicable treaty).

Alternative characterization of the notes. As discussed above, we intend to take the position that the notes will be classified for U.S. federal income tax purposes as indebtedness. If, however, the IRS were to assert successfully that the notes should be treated as equity for U.S. federal income tax purposes, this alternative characterization may result in material adverse tax consequences to non-U.S. Holders. In particular, interest paid on the notes and distributions with respect to the notes would be treated as distributions with respect to our stock. Consequently, non-U.S. Holders would be subject to withholding at a rate of 30% (or such lower rate as may be specified in an applicable tax treaty) to the extent distributions are characterized as dividends from sources within the U.S. for U.S. federal income tax purposes.

Information reporting and backup withholding

Backup withholding of U.S. federal income tax may apply to payments made in respect of the notes to registered owners that are not exempt recipients and that fail to provide certain identifying information (such as the registered owner's taxpayer identification number) in the required manner. Generally, individuals are not exempt recipients, whereas corporations and certain other entities generally are exempt recipients. Payments made in respect of the notes to a U.S. Holder must be reported to the IRS, unless the U.S. Holder is an exempt recipient or establishes an exemption. Compliance with the identification procedures described above under Non-U.S. Holders Payments of interest would establish an exemption from backup withholding for those non-U.S. Holders that are not exempt recipients.

Upon the sale of a note to (or through) a broker, the broker must report the sale and withhold on the entire purchase price, unless either (i) the broker determines that the seller is a corporation or other exempt recipient or (ii) the seller certifies that such seller is a non-U.S. Holder (and certain other conditions are met). Certification of the registered owner's non-U.S. status would generally be made on a W-8BEN under penalties of perjury, although in certain cases it may be possible to submit other documentary evidence.

Any amounts withheld under the backup withholding rules from a payment to a beneficial owner would be allowed as a refund or a credit against such beneficial owner's U.S. federal income tax provided the required information is furnished to the IRS.

PLAN OF DISTRIBUTION

Each broker-dealer that receives notes for its own account under the exchange offer must acknowledge that it will deliver a prospectus meeting the requirements of the Securities Act in connection with any resale of those notes. This prospectus, as it may be amended or supplemented from time to time, may be used by a broker-dealer for resales of notes received for its own account in exchange for restricted notes that had been acquired as a result of market making or other trading activities (participating broker-dealers). We have agreed that until the earlier of (a) 180 days after the closing of the exchange offer or (b) the first day after the consummation of the exchange offer when participating broker-dealers no longer have a prospectus delivery obligation under SEC staff interpretations we will make this prospectus, as it may be amended or supplemented, available to any participating broker-dealer for use in connection with any such resale. Any participating broker-dealers required to use this prospectus and any amendments or supplements to this prospectus for resales of the notes must notify us of this fact by checking the box on the letter of transmittal requesting additional copies of these documents or by writing or telephoning the exchange agent at the address or telephone number set forth in the letter of transmittal.

Notwithstanding the foregoing, we are entitled under the registration rights agreement to suspend the use of this prospectus by participating broker-dealers for up to two periods of up to 30 consecutive days each, but no more than an aggregate of 60 days during any 365-day period, under specific circumstances. For example, we may suspend the use of this prospectus if:

the SEC or any state securities authority issues any stop order suspending the effectiveness of the registration statement to which this prospectus relates or initiates any proceedings for that purpose,

any event occurs as a result of which the registration statement to which this prospectus relates or this prospectus contains an untrue statement of a material fact or omits to state a material fact required to be stated therein or herein or necessary to make the statements therein or herein, in light of the circumstances under which they were made, not misleading, or

we determine, in the exercise of our reasonable judgment, that (1) it is not in our or our stockholders' best interests to disclose a possible acquisition or business combination or other transaction, business development or event involving us, or (2) obtaining any financial statements relating to an acquisition or business combination that is required to be included in this prospectus would be impracticable.

If we suspend the use of this prospectus, the 180-day period referred to above will be extended by a number of days equal to the period of the suspension.

We will not receive any proceeds from any sale of notes by broker-dealers or other persons. Notes received by broker-dealers for their own account under the exchange offer may be sold from time to time in one or more transactions in the over-the-counter market, in negotiated transactions, through the writing of options on those notes or a combination of those methods, at market prices prevailing at the time of resale, at prices related to prevailing market prices or at negotiated prices. Any resales may be made directly to purchasers or to or through brokers or dealers who may receive compensation in the form of commissions or concessions from the selling broker-dealer or the purchasers of the notes. Any participating broker-dealer that resells notes received by it for its own account under the exchange offer and any broker or dealer that participates in a distribution of the notes may be deemed to be an underwriter within the meaning of the Securities Act and any profit on any resale of these notes and any commissions or concessions received by these persons may be deemed to be underwriting compensation under the Securities Act. The letter of transmittal states that, by acknowledging that it will deliver and by delivering a prospectus, a participating broker-dealer will not be deemed to admit that it is an underwriter within the meaning of the Securities Act.

We have agreed to pay all expenses incidental to the exchange offer other than commissions and concessions of any broker or dealer and to indemnify the initial purchaser of the restricted notes, the holders of

the restricted notes (including participating broker-dealers), their respective affiliates, directors and officers, and each person, if any, who controls any of the foregoing within the meaning of either Section 15 of the Securities Act or Section 20 of the Securities Exchange Act of 1934, against specified liabilities, including certain liabilities under the Securities Act.

LEGAL MATTERS

Certain legal matters in connection with the notes being issued in the exchange offer and certain of the guarantees will be passed upon for us by Sidley Austin LLP, San Francisco, California. Certain legal matters in connection with certain of the guarantees will be passed upon for us by Joseph Schohl, our Vice President, General Counsel and Secretary.

DVA Healthcare Procurement Services, Inc. and Total Renal Care, Inc. are incorporated under the laws of the State of California. Section 317 of the General Corporation Law of the state of California (the "California Statute") provides that a California corporation may indemnify any person who was or is a party or is threatened to be made a party to any proceeding (other than an action by or in the right of the corporation to procure a judgment in its favor) by reason of the fact that the person is or was an agent of the corporation, against expenses, judgments, fines, settlements, and other amounts actually and reasonably incurred in connection with the proceeding if that person acted in good faith and in a manner the person reasonably believed to be in the best interests of the corporation and, in the case of a criminal proceeding, had no reasonable cause to believe the conduct of the person was unlawful. Section 317 further provides that a corporation similarly may indemnify any such person serving in any such capacity who was or is a party or is threatened to be made a party to any threatened, pending, or completed action by or in the right of the corporation to procure a judgment in its favor, against expenses actually and reasonably incurred by that person in connection with the defense or settlement of the action if such person acted in good faith, in a manner such person believed to be in the best interests of the corporation and its shareholders, except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation in the performance of that person's duty to the corporation and its shareholders, unless and only to the extent that the court in which the proceeding is or was pending shall determine upon application that, in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnity for expenses and then only to the extent that the court shall determine and no indemnification shall be made of amounts paid in settling or otherwise disposing of a pending action without court approval or of expenses incurred in defending a pending action which is settled or otherwise disposed of without court approval. Where an agent of a corporation is successful on the merits in defense of any proceeding referred to above, the Corporation must indemnify the agent against expenses actually and reasonably incurred by the agent. Section 307 of the California Statute further authorizes a corporation to purchase and maintain insurance on behalf of any agent of the corporation against any liability asserted against or incurred by the agent in that capacity or arising out of the agent's status as such whether or not the corporation would have the power to indemnify the agent against that liability under the California Statute by him or her.

The Bylaws also provide that DVA Healthcare Procurement Services, Inc. shall indemnify each director or officer in any proceeding brought by or in the right of DVA Healthcare Procurement Services, Inc. against such officer or director by reason of such status against all expenses reasonably incurred if such person acted in good faith, in a manner such person reasonably believed to be in the best interests of DVA Healthcare Procurement Services, Inc. and with due care, including reasonable inquiry, provided that no such indemnification shall be made (i) where such person shall have been adjudged to

be liable to DVA Healthcare Procurement Services, Inc. unless the court shall determine that such person is fairly and reasonably entitled to indemnity for expenses, or (ii) for amounts paid in settlement without DVA Healthcare Procurement Services, Inc.'s consent and related expenses. Article IV of the Bylaws also provides that DVA Healthcare Procurement Services, Inc. may purchase and maintain insurance for its directors and officers for liability asserted against them in such capacity, whether or not DVA Healthcare Procurement Services, Inc. would have the power to indemnify them.

Florida. Section 850 of the Florida Business Corporation Act (the Florida Statute) provides that a Florida corporation may indemnify any person who was or is a party to any proceeding (other than an action by, or in the right of, the corporation), by reason of the fact that he or she is or was a director, officer, employee, or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust, or other enterprise against liability incurred in connection with such proceeding, including any appeal thereof, if he or she acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. Section 850 further provides that a corporation similarly may indemnify any such person serving in any such capacity who was or is a party to any proceeding by or in the right of the corporation to procure a judgment in its favor, against expenses and amounts paid in settlement not exceeding, in the judgment of the board of directors, the estimated expense of litigating the proceeding to conclusion, actually and reasonably incurred in connection with the defense or settlement of such proceeding, including any appeal thereof. Such indemnification shall be authorized if such person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation, except that no indemnification shall be made in respect of any claim, issue, or matter as to which such person shall have been adjudged to be liable unless, and only to the extent that, the court in which such proceeding was brought, or any other court of competent jurisdiction, shall determine upon application that, despite the adjudication of liability but in view of all circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper. Where a director, officer, employee, or agent of a corporation is successful on the merits or otherwise in defense of any proceeding referred to above, the corporation must indemnify him or her against expenses actually and reasonably incurred.

However, a Florida corporation is not permitted to indemnify any director, officer, employee, or agent if a judgment or other final adjudication establishes that his or her actions, or omissions to act, were material to the cause of action so adjudicated and constitute: (a) a violation of the criminal law, unless the director, officer, employee, or agent had reasonable cause to believe his or her conduct was lawful or had no reasonable cause to believe his or her conduct was unlawful; (b) a transaction from which the director, officer, employee, or agent derived an improper personal benefit; (c) in the case of a director, a circumstance under which the liability provisions of Section 834 of the Florida Statute are applicable; or (d) willful misconduct or a conscious disregard for the best interests of the corporation in a proceeding by or in the right of the corporation to procure a judgment in its favor or in a proceeding by or in the right of a shareholder.

Section 850 further authorizes a corporation to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee, or agent of the corporation or is or was serving at the request of the corporation as a director, officer, employee, or agent of another corporation, partnership, joint venture, trust, or other enterprise against any liability asserted against such person and incurred by him or her in any such capacity or arising out of his or her status as such, whether or not the corporation would have the power to indemnify the person against such liability under the Florida Statute.

Section 722 of the Business Corporation Law of the State of New York (the "New York Statute") provides that a New York corporation may indemnify any person made, or threatened to be made, a party to an action or proceeding (other than one by or in the right of the corporation to procure a judgment in its favor), whether civil or criminal, including an action by or in the right of any other corporation of any type or kind, domestic or foreign, or any partnership, joint venture, trust, employee benefit plan or other enterprise, which any director or officer of the corporation served in any capacity at the request of the corporation, by reason of the fact that such person, such person's testator or intestate, was a director or officer of the corporation, or served such other corporation, partnership, joint venture, trust, employee benefit plan or other enterprise in any capacity, against judgments, fines, amounts paid in settlement and reasonable expenses, including attorneys' fees actually and necessarily incurred as a result of such action or proceeding, or any appeal therein, if such director or officer acted, in good faith, for a purpose which such person reasonably believed to be in, or, in the case of service for any other corporation or any partnership, joint venture, trust, employee benefit plan or other enterprise, not opposed to, the best interests of the corporation and, in criminal actions or proceedings, in addition, had no reasonable cause to believe that such person's conduct was unlawful. Section 722 further provides that a corporation similarly may indemnify any such person serving in any such capacity made, or threatened to be made, a party to an action by or in the right of the corporation to procure a judgment in its favor, against amounts paid in settlement and reasonable expenses, including attorneys' fees, actually and necessarily incurred by such person in connection with the defense or settlement of such action, or in connection with an appeal therein, if such director or officer acted, in good faith, for a purpose which such person reasonably believed to be in, or, in the case of service for any other corporation or any partnership, joint venture, trust, employee benefit plan or other enterprise, not opposed to, the best interests of the corporation, except that no indemnification under this paragraph shall be made in respect of (1) a threatened action, or a pending action which is settled or otherwise disposed of, or (2) any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation, unless and only to the extent that the court in which the action was brought, or, if no action was brought, any court of competent jurisdiction, determines upon application that, in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnity for such portion of the settlement amount and expenses as the court deems proper.

Section 726 of the New York Statute further authorizes a New York corporation to purchase and maintain insurance: (a) to indemnify the corporation for any obligation which it incurs as a result of the indemnification of directors and officers under the provisions of this article, and (b) to indemnify directors and officers in instances in which they may be indemnified by the corporation under the provisions of the New York Statute, and (c) to indemnify directors and officers in instances in which they may not otherwise be indemnified by the corporation under the New York Statute provided the contract of insurance covering such directors and officers provides, in a manner acceptable to the superintendent of insurance, for a retention amount and for co-insurance.

Registrant incorporated under Pennsylvania Law

DVA Healthcare of Pennsylvania, Inc. is incorporated under the laws of the State of Pennsylvania. Section 1741 of the Pennsylvania Business Corporation Law of 1988, as amended (the Pennsylvania Statute), provides that, unless otherwise restricted in its Bylaws, a business corporation may indemnify its directors and officers (other than in an action by or in the right of the corporation) against expenses, judgments, fines and amounts paid in settlement reasonably incurred in such capacity provided the person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation and, with respect to any criminal proceeding, had no reasonable cause to believe his or her conduct was unlawful. Section 1742 of the Pennsylvania Statute provides that, unless otherwise restricted in its Bylaws, a business corporation may indemnify its directors and officers in any action by or in the right of the corporation against expenses reasonably incurred in such capacity provided the person acted in good faith and in a manner he or she reasonably believed to be in, or not opposed to, the best interests of the corporation. However, this power to indemnify does not exist in the case of actions against any person by or in the right of the corporation if the person otherwise entitled to indemnification shall have been adjudged to be liable to the corporation unless a court determines that despite the adjudication of liability but in view of all the circumstances of the case, the person is fairly and reasonably entitled to indemnity for expenses that the court deems proper. Pursuant to Section 1743 of the Pennsylvania Statute, a corporation is required to indemnify its directors and officers against reasonable expenses they may incur in defending actions against them in such capacities if they are successful on the merits or otherwise in the defense of such actions. Section 1746 of the Pennsylvania Statute provides that the foregoing provisions shall not be deemed exclusive of any other rights to which a person seeking indemnification may be entitled under, among other things, any Bylaws provision, provided that no indemnification may be made in any case where the act or failure to act giving rise to the claim for indemnification is determined by a court to have constituted willful misconduct or recklessness. Section 1747 of the Pennsylvania Statute grants a corporation, unless otherwise restricted in its Bylaws, the power to purchase and maintain insurance on behalf of its directors and officers against any liability asserted against them in such capacity, whether or not the corporation would have the power to indemnify them against such liability.

The Bylaws also provide that DVA Healthcare of Pennsylvania, Inc. shall indemnify each director or officer in any proceeding brought by or in the right of DVA Healthcare of Pennsylvania, Inc. against such officer or director by reason of such status against all expenses reasonably incurred if such person acted in good faith, in a manner such person reasonably believed to be in the best interests of DVA Healthcare of Pennsylvania, Inc. and with due care, including reasonable inquiry, provided that no such indemnification shall be made (i) where such person shall have been adjudged to be liable to DVA Healthcare of Pennsylvania, Inc. unless the court shall determine that such person is fairly and reasonably entitled to indemnity for expenses, or (ii) for amounts paid in settlement without DVA Healthcare of Pennsylvania, Inc. s consent and related expenses. Registrants incorporated under Tennessee Law

DVA Renal Healthcare, Inc., DVA Nephrology Partners, Inc. and DVA Supply Corp. are incorporated under the laws of the State of Tennessee. Sections 48-18-501 through 48-18-509 of the Tennessee Business Corporation Act (Tennessee Statute) provide that a corporation may indemnify any of its directors and, unless its charter provides otherwise, officers, against liability incurred in connection with a proceeding if: (a) such person acted in good faith; (b) in the case of conduct in an official capacity with the corporation, he or she reasonably believed such conduct was in the corporation s best interests; (c) in all other cases, he or she reasonably believed that his or her conduct was at least not opposed to the best interests of the corporation; and (d) in connection with any criminal proceeding, such person had no reasonable cause to believe his or her conduct was unlawful. In actions brought by or in the right of the corporation, however, the Tennessee Statute provides that no indemnification may be made if the director or officer was adjudged to be liable to the corporation. The Tennessee Statute also provides that in connection with any proceeding charging improper personal benefit to a director or officer, no indemnification may be made if such director or officer is adjudged liable on the basis that such personal benefit was improperly received. In cases where the director or officer is wholly successful, on the merits or otherwise, in the defense of any proceeding instigated because of his or her status as a director or officer of a corporation, the Tennessee Statute mandates that the corporation, unless limited by its charter, indemnify the director or officer against reasonable expenses incurred in the proceeding. Pursuant to the Tennessee Statute, unless the corporation s charter provides otherwise, a court may order that a director or officer be indemnified if, in consideration of all relevant circumstances, the court determines that such individual is fairly and reasonably entitled to indemnification, notwithstanding the fact that (i) such director or officer was adjudged liable to the corporation in a proceeding by or in the right of the corporation; (ii) such director or officer was adjudged liable on the basis that personal benefit was improperly received by him or her; or (iii) such director or officer failed to meet the standards of conduct set forth in (a), (b), (c) and (d) above. If the director or officer was adjudged liable as described in (i) or (ii) above, then such indemnification is limited to reasonable expenses incurred. Section 48-18-508 of the Tennessee Statute provides that a corporation may purchase and maintain insurance for its directors and officers for liability asserted against them in such capacity, whether or not the corporation would have the power to indemnify them.

Article IV of the Bylaws of each of DVA Renal Healthcare, Inc., DVA Nephrology Partners, Inc. and DVA Supply Corp. provides that each such entity shall indemnify each director or officer in any proceeding brought against such director or officer by reason of such status (other than an action by or in the right of such entity) against all expenses, judgments or fines reasonably incurred if such person acted in good faith and in a manner such person reasonably believed to be in the best interests of such entity and, in the case of a criminal

proceeding, had no reasonable cause to believe that the person's conduct was unlawful. The Bylaws also provide that each of DVA Renal Healthcare, Inc., DVA Nephrology Partners, Inc. and DVA Supply Corp. shall indemnify each director or officer in any proceeding brought by or in the right of such entity against such director or officer by reason of such status against all expenses reasonably incurred if such person acted in good faith, in a manner such person reasonably believed to be in the best interests of such entity and with due care, including reasonable inquiry, provided that no such indemnification shall be made (i) where such person shall have been adjudged to be liable to such entity unless the court shall determine that such person is fairly and reasonably entitled to indemnity for expenses, or (ii) for amounts paid in settlement without such entity's consent and related expenses. The Bylaws also provide that each of DVA Renal Healthcare, Inc., DVA Nephrology Partners, Inc. and DVA Supply Corp. may purchase and maintain insurance for its directors and officers for liability asserted against them in such capacity, whether or not such entity would have the power to indemnify them.

Registrants incorporated under Texas Law

Dialysis Specialists of Dallas, Inc. and RTC-Texas Acquisitions, Inc. are incorporated under the laws of the state of Texas. Article 2.02-1 of the Texas Business Corporation Act (the Texas Statute) provides that a Texas corporation may indemnify a person who was, is, or is threatened to be made a named defendant or respondent in a proceeding because the person is or was a director only if it is determined that the person: (a) conducted himself or herself in good faith; (b) reasonably believed: (i) in the case of conduct in his or her official capacity as a director of the corporation, that his or her conduct was in the corporation's best interests; and (ii) in all other cases, that his or her conduct was at least not opposed to the corporation's best interests; and (iii) in the case of any criminal proceeding, had no reasonable cause to believe his or her conduct was unlawful. A Texas corporation is not permitted to indemnify a director in respect of a proceeding: (a) in which the person is found liable on the basis that personal benefit was improperly received by him or her, whether or not the benefit resulted from an action taken in the person's official capacity; or (b) in which the person is found liable to the corporation. A person may be indemnified against judgments, penalties (including excise and similar taxes), fines, settlements, and reasonable expenses actually incurred by the person in connection with the proceeding; but if the person is found liable to the corporation or is found liable on the basis that personal benefit was improperly received by the person, the indemnification (1) is limited to reasonable expenses actually incurred by the person in connection with the proceeding and (2) shall not be made in respect of any proceeding in which the person shall have been found liable for willful or intentional misconduct in the performance of his duty to the corporation. Where a director is successful, on the merits or otherwise, in the defense of a proceeding referred to above, the Corporation must indemnify such director against reasonable expenses incurred by him or her. The Texas Statute further authorizes a Texas corporation to indemnify an officer, employee or agent of the corporation to the same extent as a director.

In addition, Article 2.02-1 of the Texas Statute authorizes a Texas corporation to purchase and maintain insurance or another arrangement on behalf of any person who is or was a director, officer, employee, or agent of the corporation or who is or was serving at the request of the corporation as a director, officer, partner, venturer, proprietor, trustee, employee, agent, or similar functionary of another foreign or domestic corporation, employee benefit plan, other enterprise, or other entity, against any liability asserted against him and incurred by him in such a capacity or arising out of his status as such a person, whether or not the corporation would have the power to indemnify him or her against that liability under the Texas Statute.

Article VIII of the Bylaws of RTC-Texas Acquisitions, Inc. provides that RTC-Texas Acquisitions, Inc. will indemnify its directors, advisory directors or officers, if it is determined, subject to certain exceptions, that such persons conducted themselves in good faith, reasonably believed that the conduct was in RTC-Texas

Acquisitions, Inc. s best interests, and in the case of a criminal proceeding, had no reasonable cause to believe that the conduct was unlawful.

Registrant formed under the Utah Limited Liability Company Act

DaVita Nephrology Associates of Utah, LLC is a limited liability company formed under the laws of the state of Utah. Section 1802 of the Utah Limited Liability Company Act (ULLCA) provides that a Utah company may indemnify an individual made a party to a proceeding because he or she is or was a manager, against liability incurred in the proceeding if: (a) his or her conduct was in good faith; (b) he or she reasonably believed that his or her conduct was in, or not opposed to, the company s best interests; and (c) in the case of any criminal proceeding, he or she had no reasonable cause to believe his or her conduct was unlawful. A Utah company is not permitted to indemnify a manager under this section (a) in connection with a proceeding by or in the right of the company in which the manager was adjudged liable to the company; or (b) in connection with any other proceeding charging that the manager derived an improper personal benefit, whether or not involving action in his official capacity, in which proceeding he was adjudged liable on the basis that he derived an improper personal benefit. However, unless a company s articles of organization provide otherwise, a manager of the company who is or was a party to a proceeding may apply for indemnification to the court or other decision-maker conducting the proceeding or to another court of competent jurisdiction and, on receipt of an application, if the court determines that the manager is fairly and reasonably entitled to indemnification in view of all the relevant circumstances, whether or not the manager met the applicable standard of conduct set forth above or was adjudged liable, the court may order indemnification as the court determines to be proper, except that the indemnification with respect to any proceeding in which liability has been adjudged in the circumstances described in above is limited to reasonable expenses incurred. Section 1803 of the ULLCA further provides that, unless limited by its articles of organization, a company must indemnify a manager who is successful, on the merits or otherwise, in the defense of any proceeding, or in the defense of any claim, issue, or matter in the proceeding, to which he or she was a party because he or she is or was a manager of the company, against reasonable expenses, including attorney s fees, incurred by him or her. Unless a company s articles of organization provide otherwise, Section 1807 further authorizes a Utah company to indemnify a member, employee, fiduciary, or agent of the company to the same extent as to a manager.

In addition, Section 1808 authorizes a Utah company to purchase and maintain liability insurance on behalf of a person who is or was a manager, member, employee, fiduciary, or agent of the company, or who, while serving as a manager, member, employee, fiduciary, or agent of the company, is or was serving at the request of the company as a manager, member, director, officer, partner, trustee, employee, fiduciary, or agent of another foreign or domestic limited liability company or other person, or of an employee benefit plan, against liability asserted against or incurred by him in that capacity or arising from his status as a manager, member, employee, fiduciary, or agent, whether or not the company would have power to indemnify him against the same liability under the ULLCA.

Section 9.5 of the Operating Agreement of DaVita Nephrology Associates of Utah, LLC provides that DaVita Nephrology Associates of Utah, LLC will indemnify its manager and member to the fullest extent permitted by law.

Continental Dialysis Center of Springfield-Fairfax, Inc., Continental Dialysis Centers, Inc., East End Dialysis Center, Inc., Peninsula Dialysis Center, Inc. and Tri-City Dialysis Center, Inc. are incorporated under the laws of the state of Virginia. Section 697 of the Virginia Stock Corporation Act (the Virginia Statute) provides that a Virginia corporation may indemnify an individual made a party to a proceeding because he is or was a director against liability incurred in the proceeding if: (a) the individual conducted himself in good faith; and (b) the individual believed: (i) in the case of conduct in his or her official capacity with the corporation, that his or her conduct was in its best interests; and (ii) in all other cases, that his or her conduct was at least not

opposed to its best interests; and (iii) in the case of any criminal proceeding, he or she had no reasonable cause to believe his or her conduct was unlawful. A Virginia corporation is not permitted to indemnify a director under this section: (a) in connection with a proceeding by or in the right of the corporation in which the director was adjudged liable to the corporation; or (b) in connection with any other proceeding charging improper personal benefit to him or her, whether or not involving action in his or her official capacity, in which he or she was adjudged liable on the basis that personal benefit was improperly received by him or her. Indemnification permitted under the Virginia Statute in connection with a proceeding by or in the right of the corporation is limited to reasonable expenses incurred in connection with the proceeding. Unless limited by its articles of incorporation, a corporation must indemnify a director who entirely prevails in the defense of any proceeding to which he or she was a party because he or she is or was a director of the corporation against reasonable expenses incurred by him or her. With respect to a proceeding by or in the right of the corporation, the court may (i) order indemnification of the director to the extent of his or her reasonable expenses if it determines that, considering all the relevant circumstances, the director is entitled to indemnification even though he or she was adjudged liable to the corporation and (ii) also order the corporation to pay the director's reasonable expenses incurred to obtain the order of indemnification. The Virginia Statute further authorizes a Virginia corporation to indemnify an officer, employee, or agent of the corporation to the same extent as to a director.

In addition, Section 703 of the Virginia Statute authorizes a Virginia corporation to purchase and maintain insurance on behalf of an individual who is or was a director, officer, employee, or agent of the corporation, or who, while a director, officer, employee, or agent of the corporation, is or was serving at the request of the corporation as a director, officer, partner, trustee, employee, or agent of another foreign or domestic corporation, partnership, joint venture, trust, employee benefit plan, or other enterprise, against liability asserted against or incurred by him or her in that capacity or arising from his or her status as a director, officer, employee, or agent, whether or not the corporation would have power to indemnify him or her against the same liability under the Virginia Statute.

Article V of the Articles of Incorporation of each of Peninsula Dialysis Center, Inc. and Tri-City Dialysis Center, Inc. provides that such entity will indemnify a director or officer to the fullest extent permitted by the Virginia Stock Corporation Act, and may indemnify any other person to the fullest extent permitted by the Virginia Stock Corporation Act. Article V of the Articles of Incorporation also provides that each entity may purchase and maintain insurance policies which insure its directors, officers, employees or agents against certain liabilities. Article V also provides that each entity's directors or officers will not be personally liable to such entity or its stockholders to the fullest extent permitted by the provisions of the Virginia Stock Corporation Act.

Item 22. Undertakings

(a) The undersigned registrants hereby undertake:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

provided, however, that:

(A) Paragraphs (a)(1)(i) and (a)(1)(ii) of this section do not apply if the registration statement is on Form S-8, and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrants pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement; and

(B) Paragraphs (a)(1)(i), a(1)(ii) and (a)(1)(iii) of this section do not apply if the registration statement is on Form S-3 or Form F-3, and the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the registrants pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement.

- (2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
 - (3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.
- (b) The undersigned registrants hereby undertake to respond to requests for information that is incorporated by reference into the prospectus pursuant to item 4, 10(b), 11 or 13 of this Form S-4, within one business day of receipt of such request, and to send the incorporated documents by first class mail or other equally prompt means. This includes information contained in documents filed subsequent to the effective date of this registration statement through the date of responding to the request.
- (c) The undersigned registrants hereby undertake to supply by means of a post-effective amendment all information concerning this transaction that was not the subject of and included in the registration statement when it became effective.
- (d) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrants pursuant to the foregoing provisions, or otherwise, the registrants have been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrants of expenses incurred or paid by a director, officer or controlling person of the registrants in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrants will, unless in the opinion of their counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by them is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
- (e) The undersigned registrants hereby undertake that, for purposes of determining any liability under the Securities Act of 1933, each filing of the annual report of DaVita Inc. pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.
