INFORMATION TO BE INCLUDED IN THE REPORT

Item 2.05 Costs Associated with Exit or Disposal Activities

On November 15, 2005, Avon Products, Inc. (the Company) filed a Current Report on Form 8-K (the November 15, 2005 Form 8-K) regarding its multi-year restructuring initiatives and indicated that restructuring charges and other costs to implement those initiatives over the next several years are expected to total \$300 to \$500 million before taxes, with a significant portion to be incurred in 2006. At that time, the Company was unable in good faith to make a determination of the estimated amount or ranges of amounts to be incurred for each major type of cost and the charges and future cash expenditures associated therewith, as required by Item 2.05 of Form 8-K. In the November 15, 2005 Form 8-K, the Company undertook to announce further details as initiatives are finalized. Subsequently, on February 24, 2006, the Company announced that it anticipates restructuring costs for all initiatives to total in the range of \$500 million, which the Company confirmed in an announcement on February 15, 2007.

The Company is filing this Form 8-K/A to amend the November 15, 2005 Form 8-K to update the disclosure therein under Item 2.05. On May 17, 2007, an officer of the Company, as authorized by a committee of the Board of Directors, approved the termination of certain employees and other actions under initiatives to reorganize certain functions, automate certain distribution processes and outsource certain services. These initiatives are expected to be completed by 2008 and are part of the previously announced multi-year restructuring effort. The Company expects it will record total charges (substantially all of which will result in future cash expenditures) of approximately \$7 to \$9 million before taxes for employee-related costs in connection with these initiatives.

The Company expects to announce further exit and disposal costs. As stated in the November 15, 2005 Form 8-K, the Company intends to file amendments to the report once it is able to make good faith determinations of the estimated costs and future cash expenditures associated with its multi-year restructuring initiatives, as required by Item 2.05 of Form 8-K.
