- Notes: 1. The Company has continuous transactions, including the purchase of steel pipes and steel plates as well as the sale of railroad vehicles, power generation equipment, and other products through Sumitomo Corporation, of which Mr. Miyahara is a representative director. The amount of such transactions is negligible, in comparison to the whole business scale of both companies.
2. The law firm Mori Hamada & Matsumoto, to which Mr. Tohru Motobayashi belongs, is one of the Company's advisory firms, but there is no contractual relationship regarding legal services between Mr. Motobayashi and the Company.
3. Ms. Yoshie Ota, Mr. Mitsuo Ohashi, Mr. Akihiko Nomiya, Mr. Kenji Miyahara and Mr. Tohru Motobayashi are nominees who fulfill the qualification requirements to be outside director nominees as provided for in Article 2, Paragraph 3-7 of the Enforcement Regulations of the Company Law.
4. Ms. Yoshie Ota was selected as an outside director nominee, since she can be expected to reinforce the functional aspects of the Company's Board of Directors by supervising the execution of duties by Executive Officers and others from an independent perspective based on her diverse experience and insight in such areas as public administration.
5. Messrs. Mitsuo Ohashi, Akihiko Nomiya and Kenji Miyahara were selected as outside director nominees, since they can be expected to reinforce the functional aspects of the Company's Board of Directors by supervising the execution of duties by Executive Officers and others from an independent perspective based on their rich experience and insight as the top executives of major global companies.
6. Mr. Tohru Motobayashi was selected as an outside director nominee, since he can be expected to reinforce the functional aspects of the Company's Board of Directors by supervising the execution of duties by Executive Officers and others from an independent perspective based on his rich experience and insight as a legal expert. Although Mr. Motobayashi has not been involved in the management of companies outside of his capacities as an outside director, the Company has determined that he will be able to perform his duties as an outside director appropriately, since he is well versed in the practical applications of business law, including corporate governance and the establishment of compliance structures. It has been one year since he assumed office as the Company's Outside Director.

7. The Company has a limited liability agreement (hereinafter referred to as Agreement) stipulated in Article 427, Paragraph 1 of the Company Law with Mr. Tohru Motobayashi. The general intent of the Agreement is to limit the liability of outside Directors to the aggregate amount of the sums stipulated in each item under Article 425, Paragraph 1 of the Company Law, and the Agreement will be extended should Mr. Motobayashi be reappointed at this Meeting. A similar agreement will be executed with each of Ms. Yoshie Ota, Mr. Mitsuo Ohashi, Mr. Akihiko Nomiyama, and Mr. Kenji Miyahara in the event their appointment is approved.
8. There is no cross sitting of directors between Kabushiki Kaisha Kokusai Kenshu Service, Showa Denko, NMH or Sumitomo Corporation and the Company.
9. In the event this agenda is approved, the membership and the chair of the committees are expected to be as follows:

Nominating Committee:	Etsuhiko Shoyama (Chair), Yoshie Ota, Mitsuo Ohashi, Tohru Motobayashi, Kazuo Furukawa
Audit Committee:	Yoshiki Yagi (Chair), Yoshie Ota, Akihiko Nomiyama, Kenji Miyahara, Tadamichi Sakiyama
Compensation Committee:	Etsuhiko Shoyama (Chair), Akihiko Nomiyama, Kenji Miyahara, Tohru Motobayashi, Kazuo Furukawa

Reporting Matter

1. Business Report (from April 1, 2006 to March 31, 2007)

(1) Business Overview and Results of Hitachi Group

Business Results

The Japanese economy during the period under review saw an increase in production, powered by capital investments and exports, and continued to improve though at a moderate pace. The world economy was also robust.

To report on the consolidated performance of the Hitachi Group in this environment, sales increased by 8% from the preceding fiscal year to JPY 10,247.9 billion due mainly to growth in overseas sales. Operating income fell by 29% from the preceding fiscal year to JPY 182.5 billion and net loss of JPY 32.7 billion was posted in spite of increased earnings in Electronic Devices and High Functional Materials & Components, due to the decreased earnings in Information & Telecommunication Systems and Power & Industrial Systems, and the posting of operating loss by Digital Media & Consumer Products. Hitachi decided on annual dividend of JPY 6 per share, including interim dividend of JPY 3 per share.

The Company received an order from the Fair Trade Commission in September 2006 to pay a surcharge based on the allegation that a violation of the Antimonopoly Act was committed in connection with the bid for the installation of ventilation systems along the Shinjuku Route of the Metropolitan Expressway, the order for which was placed in 2004. Accordingly, in March 2007, the Company was ordered by the Ministry of Land, Infrastructure and Transport to suspend part of its business operations for 15 days. The Company offers its sincere apologies to its shareholders for causing them serious concerns. The Company intends to enforce regulatory compliance thoroughly and devote its efforts to preventing recurrences.

Measures Taken

The Hitachi Group is working on enhancing its competitive edge on a consolidated basis by continually promoting structural reforms of its businesses, while investing aggressively in its priority businesses.

A decision was made this fiscal year to establish a joint venture with General Electric Co. of the U.S. in the nuclear power generation equipment business, where growth is expected, and establish a comprehensive strategic alliance in domestic and overseas markets. In addition, drastic business reorganization was determined, including the consolidation of multiple productions sites in the hard disk drive business. A decision was also made to establish a new production site for flat panel TVs in the Czech Republic.

Domestically, the in-vehicle information system business was reinforced with the acquisition of Clarion Co., Ltd. as a subsidiary through a tender offer, and the Company's interest in Japan Servo Co., Ltd. was sold off in April 2007 in response to the tender offer initiated by NIDEC CORPORATION. Further, Hitachi Metals, Ltd. merged with its subsidiary NEOMAX Co., Ltd. as of April 1, 2007, for the purpose of reinforcing its magnetic materials business.

Business Results by Industry Segment

[Information & Telecommunication Systems]

Outsourcing, solution and software businesses showed solid performance in terms of both sales and earnings. However, the overall earnings declined due to such reasons as an increase in loss from the hard disk drive business.

[Electronic Devices]

Performance was solid overall, with Hitachi Displays, Ltd. achieving profitability in addition to Hitachi High-Technologies Corporation renewing its highest earnings record due to growth in semiconductor manufacturing equipment business.

[Power & Industrial Systems]

Both sales and earnings were buoyant for elevators, escalators, industrial equipment, and Hitachi Construction Machinery Co., Ltd. However, overall earnings substantially decreased due to the lump sum accrual of expenses for repair costs associated with the damaged blades of the

turbines delivered to domestic nuclear power plants and for additional costs associated with the construction of an overseas thermal power plant.

Table of Contents**[Digital Media & Consumer Products]**

Sales increased due to the posting of sales from the former Hitachi Air Conditioning Systems Co., Ltd. to this segment as a result of its merger with Hitachi Home & Life Solutions, Inc., as well as an increase in sales of flat panel TVs. However, the segment posted a loss due to the effects of a decline in the price of the flat panel TVs, an increase in promotion expenses, and the slow sales of room air conditioners.

[High Functional Materials & Components]

The three major companies performed well, including Hitachi Metals, Ltd. in the electronics- and automotive-related product sectors, Hitachi Chemical Co., Ltd. in the semiconductor-related product sector, and Hitachi Cable, Ltd. in wires and cables.

[Logistics, Services & Others]

Business was solid overall, with Hitachi Transport System, Ltd. increasing its earnings, among other things.

[Financial Services]

Performance in this segment declined from the preceding fiscal year due to a decrease in the earnings of Hitachi Capital Corporation.

(9) Problems Facing Hitachi Group

Management believes that the world economy will continue to make solid progress, though it will gradually slow down, and that the Japanese economy will also continue to expand due to the robust private capital investments.

In this environment, the Company established a new corporate strategy to promote collaborative creation and profits with a rigorous focus on a market-oriented approach and profit creation as the basic policy in order to find a way out of the current stringent situation without further delay. The following measures will be promoted vigorously in accordance with the basic policy to achieve a quick recovery in profitability.

Edgar Filing: HITACHI LTD - Form 6-K

All businesses will be thoroughly managed using Future Inspiration Value (FIV), a value-added evaluation index unique to the Company, and businesses will be reorganized and strengthened based on their FIV performance.

Proposal-based sales capabilities within the Hitachi Group will be strengthened to offer new values that anticipate market needs to customers.

Effective consolidated business management will be ensured through strengthening collaborative creation within the Hitachi Group. On the other hand, the number of consolidated subsidiaries will be reduced to improve the efficiency of consolidated business management, and capital relationship will be re-examined flexibly in order to increase profitability.

Importance will be placed on collaborative creation with domestic and overseas partners through aggressively pursuing strategic alliances including technical alliances, joint ventures, and business mergers, as Hitachi works to increase earnings.

In terms of global operations, collaborative creation with the local communities will be sought through increased recruitment of local human resources and localization of operations, while reinforcing sales capabilities and the Hitachi brand.

Efforts will be made to expand the sales of differentiated products with large market shares in order to achieve significant increase in profitability. Corporate research and development staff will be assigned to business divisions in order to shorten development periods.

Bearing firmly in mind that the maintenance and improvement of quality are key to winning credibility as a manufacturer, thorough quality control will be enforced in research and development, designing, manufacturing, and all other departments to strengthen manufacturing capabilities.

Adhering to business basics and ethics, internal structures will be operated effectively to eliminate deviation from laws and regulations in conducting business. At the same time, establishment and implementation of systems for a more efficient conduct of business will be promoted.

3) Compensation for Directors and Executive Officers

Policy on the Determination of Compensation of Directors and Executive Officers

[Method of Determination of Policy]

The Company's Compensation Committee sets forth the policy on the determination of the amount of compensation, etc. of each Director and Executive Officer pursuant to applicable provisions of the Company Law concerning companies with the Committee System.

[Summary of Policy]

(i) Matters relating to both Directors and Executive Officers

Compensation will be commensurate with the ability required of, and the responsibilities to be borne by, the Company's Directors and Executive Officers, taking into consideration compensation packages at other companies.

(ii) Matters relating to Directors

Compensation for Directors will consist of a monthly salary, a year-end allowance and a retirement allowance.

Monthly salary will be decided by making adjustments to basic salary that reflect full-time or part-time status, committee membership and position.

Year-end allowance will be a pre-determined amount equivalent to about twenty percent of the Director's annual income based on monthly salary, although this amount may be reduced depending on Company performance.

Retirement allowance will be an amount payable on retirement that is determined based on monthly salary and years of service (total years of service in the case of a Director who has served multiple terms as a Director) (the Director's Basic Retirement Amount). A Director concurrently serving as an Executive Officer will not be paid compensation as a Director.

(iii) Matters relating to Executive Officers

Compensation for Executive Officers will consist of a monthly salary, a performance-linked component and a retirement allowance.

Monthly salary will be decided by adjusting a basic amount set in accordance with the relevant position to reflect the results of an assessment.

The performance-linked component will be set within a range equivalent to about thirty percent of the Executive Officer's annual income, adjusted based on Company and individual performance.

Retirement allowance will be an amount payable on retirement. The amount will be determined by adding to an amount set in accordance with the position held at retirement, an amount based on the monthly salary of previous positions held over the course of the person's career and years of service in such positions (total years in each position, in the event of multiple periods in the same position) (the Executive Officer's Basic Retirement Amount).

(iv) Miscellaneous

Edgar Filing: HITACHI LTD - Form 6-K

In accordance with a resolution of the 134th Ordinary General Meeting of Shareholders of the Company held on June 25, 2003, the amount of retirement allowance for a Director or Executive Officer who was a Director or Corporate Auditor prior to the close of the Meeting will include an allowance corresponding to the person's period of service as a Director or Corporate Auditor before the adoption of the Committee System.

Retirement allowance may, through an assessment, be supplemented for distinguished service by an amount equivalent to up to thirty percent of the Director's Basic Retirement Amount or Executive Officer's Basic Retirement Amount. Depending on the circumstances, each such Basic Retirement Amount may also be reduced.

Amount of Compensation to Directors and Executive Officers

	Number	(Fiscal 2006) Amount (millions of yen)	Number	Amount (millions of yen)
Directors	11	203	6	322
(Outside Directors)	(4)	(61)	(3)	(25)
Executive Officers	22	720	2	113
Total	33	924	8	436

Notes: (1) The number of Directors excludes three Directors who serve concurrently as Executive Officers.

(2) The amount of retirement allowance to Directors consists of the amount to one Outside Director who ceased his terms of office as of January 22, 2007 and five Directors (including two Outside Directors) who will retire due to expiration of their terms of offices at the close of the 138th Ordinary General Meeting of Shareholders to be held on June 26, 2007.

(3) The amount of retirement allowance to Directors includes retirement allowance to two Directors relating to their terms of office of Directors before adopting the Committee System in accordance with a resolution of the 134th Ordinary General Meeting of Shareholders of the Company held on June 25, 2003.

4) **Subsidiaries whose financial statements are audited by certified public accountants, etc. other than Company's accounting auditors**

Of the major Hitachi Group companies (listed in (5) Major Hitachi Group Companies), Clarion Co., Ltd., Japan Servo Co., Ltd. and overseas subsidiaries have certified public accountants (CPA) or auditing firms other than Ernst & Young ShinNihon audit their financial statements.

5) **Dismissal and non-retention policy on accounting auditors**

Dismissal

- (i) In the event an accounting auditor, which is an auditing firm, is ordered by the Prime Minister of Japan to suspend its operation related to the audit of financial statements, in whole or in part, or to dissolve the firm pursuant to Article 34-21, Paragraph 2 of the Certified Public Accountant Law, the accounting auditor shall automatically resign, since said order constitutes a cause for disqualification as accounting auditor provided for in Article 337, Paragraph 3, Item 1 of the Company Law.
- (ii) In addition to (i) above, in the event the Audit Committee determines that the causes provided for in Articles 340, Paragraph 1, Item 1 or 2 of the Company Law apply to an accounting auditor, due to such reasons as that it can reasonably be expected that the prime minister of Japan shall issue an order to suspend operations, in whole or in part, or to dissolve the firm, the Audit Committee shall determine the contents of the agenda on the dismissal of the accounting auditor to be submitted to the general meeting of shareholders.
- (iii) In the event significant adverse effects on the audit of financial statements are reasonably expected in the case of (ii) above, the Audit Committee shall dismiss the accounting auditor by unanimity. Should this occur, the Audit Committee member selected by the Audit Committee shall give a report on the dismissal of the accounting auditor and the reason therefor at the first general meeting of shareholders to be convened after said dismissal.

Non-retention

- (i) In the event individuals selected by an accounting auditor, which is an auditing firm, from among its employees to perform their duties as accounting auditors are found to fall under any or all of the items under Article 340, Paragraph 1 of the Company Law or breach the obligation(s) of CPAs provided for in the Certified Public Accountant Law, should said auditing firm fail to select promptly individuals to perform their duties as accounting auditors in the place of the former, the Audit Committee shall determine the contents of the agenda item on the non-retention of the accounting auditor to be submitted to the general meeting of shareholders.
- (ii) In the event it is determined that an adequate performance of duties cannot be ensured with respect to the matters related to the performance of duties by accounting auditors provided for in Article 159 of the Regulations of Companies Financial Statements, the Audit Committee shall determine the contents of the agenda item on the non-retention of the accounting auditor to be submitted to the general meeting of shareholders.

(15) Policy on Determination of Distribution of Surplus etc.

The Company views enhancement of the long-term and overall interests of shareholders as an important management objective. The industrial sector encompassing energy, information systems, social infrastructure and other primary businesses of the Company is undergoing rapid technological innovation and changes in market structure. This makes vigorous upfront investment in R&D and plant and equipment essential for securing and maintaining market competitiveness and improving profitability. Dividends are therefore decided based on medium-to-long term business plans with an eye to ensuring the availability of internal funds for reinvestment and the stable growth of dividends, with appropriate consideration of a range of factors, including the Company's financial condition, results of operations and payout ratio.

The Company believes that the repurchase of its shares should be undertaken as part of its policy on distribution to shareholders to complement the dividend payout. In addition, the Company will repurchase its own shares on an ongoing basis in order to implement a flexible capital strategy, including business restructuring, to maximize shareholder value so far as consistent with the dividend policy. Such action will be taken by the Company based on a consideration of future capital requirement under its business plans, market conditions and other relevant factors.

(16) Summary of Resolution of Board of Directors on Enhancing Structures and Other Things to Ensure Adequacy of Business Operations

- 1) Board of Directors Office (the Office) shall be established specifically to assist with the duties of each Committee and the Board of Directors and staffed with personnel who are not subject to orders and instructions of Executive Officers. Further, one standing Director who is not an Executive Officer shall be assigned to assist with the duties of the Audit Committee.
- 2) In order to ensure the independence of the Office personnel from Executive Officers, the Audit Committee shall be informed in advance of planned transfers of the Office personnel.
- 3) Executive Officers and employees shall report without delay to the members of the Audit Committee significant matters affecting the whole Company, results of internal audits, and the implementation status of reporting under the internal reporting system.
- 4) In order to ensure the effectiveness of audits by the Audit Committee, standing Committee members shall be appointed to the Audit Committee, and activity plans of the Audit Committee shall be prepared in coordination with the audit plans of Internal Auditing Office.
- 5) A reporting system to Directors shall be established to ensure that the execution of duties by Executive Officers is in compliance with laws, regulations, and the Articles of Incorporation.
- 6) Information pertaining to the execution of duties by Executive Officers shall be prepared and maintained in accordance with internal rules.
- 7) A structure shall be established in which each relevant department shall establish regulations and guidelines, conduct training, prepare and distribute manuals, and carry out other such measures with respect to various risks. Efforts shall be made to identify possible new risks through such things as progress reports on business operations and, should it become necessary to respond to a new risk, an Executive Officer responsible for responding thereto shall be appointed promptly.
- 8) Efficient performance of duties shall be ensured through the following business management systems:

The Senior Executive Committee shall be established in order to deliberate on and facilitate the formulation of decisions based on due consideration of diverse factors regarding important issues that affect the Company and/or the Hitachi Group.

Based on the management policy, medium-term business plans and annual budgets, on which performance management is based, shall be prepared in order to operate business in a planned and efficient manner.

Internal audits shall be conducted by Internal Auditing Office to monitor and identify the status of business operations and to facilitate improvements.

The Audit Committee shall receive the audit plans of the accounting auditors in advance, and the prior approval of the Audit Committee shall be required with respect to the fees to be paid to and non-audit services to be requested of the accounting auditors.

Documented business processes shall be executed, and internal and external auditors shall examine said processes in order to ensure the reliability of financial reports.

- 9) Continuous maintenance of a legal and regulatory compliance structure shall be ensured through the following business management systems:

Internal audits shall be conducted, and various committees shall be established for legal and regulatory compliance activities. Furthermore, an internal reporting system shall be established and education on legal and regulatory compliance shall be provided.

Various corporate rules and regulations shall be established, and efforts shall be made to ensure that the employees are aware of the internal control systems overall and that the systems are effective.

- 10) The following measures shall be effected to ensure the adequacy of business operations within the Hitachi Group.

Such fundamental policies as the emphasis of the social responsibilities of business enterprises shall be shared with the Group companies.

A group-wide policy for compliance with applicable laws and regulations shall be established as necessary.

Internal audits of Company departments and Group companies shall be conducted periodically, and Directors and Corporate Auditors shall be sent from the Company to Group companies. Each company shall execute documented business processes on matters that should be reflected in financial reports, and Corporate Auditors and others shall examine said processes.

A structure for the adequate and efficient conduct of business operations common to Group companies shall be established.

The policy on transactions within the Hitachi Group is to trade fairly based on market prices

(17) Fundamental Policy on the Conduct of Persons Influencing Decision on the Company's Financial and Business Policies

The Group invests a great deal of business resources in fundamental research and in the development of market-leading products and businesses that will bear fruit in the future, and realizing the benefits from these management policies requires that they be continued for a set period of time. For this purpose, the Company keeps its shareholders and investors well informed of not just the business results for each period but also of the Company's business policies for creating value in the future.

The Company does not deny the significance of the vitalization of business activities and performance that can be brought about through a change in management control, but it recognizes the necessity of determining the impact on company value and the interests of all shareholders of the buying activities and buyout proposals of parties attempting to acquire a large share of stock of the Company or a Group company by duly examining the business description, future business plans, past investment activities, and other necessary aspects of such a party.

There is no party that is currently attempting to acquire a large share of the Company's stocks nor is there a specific threat, neither does the Company intend to implement specified so-called anti-takeover measures in advance of the appearance of such a party, but the Company does understand that it is one of the natural duties bestowed upon it by the shareholders and investors to continuously monitor the state of trading of the Company's stock and then to immediately take what the Company deems to be the best action in the event of the appearance of a party attempting to purchase a large share of the Company's stock. In particular, together with outside experts, the Company will evaluate the buyout proposal of the party and hold negotiations with the buyer, and if the Company deems that said buyout will not maintain the Company's value and is not in the best interest of the shareholders, then the Company will quickly determine the necessity, content, etc., of specific countermeasures and prepare to implement them. The same response will also be taken in the event a party attempts to acquire a large percentage of the shares of a Group company.

5. Notes to Consolidated Financial Statements

(Notes concerning important matters for basis of presentation of consolidated financial statements)

1. Basis of presentation

The consolidated financial statements presented herein, under Article 148 Paragraph 1 of the Regulations of Companies Financial Statements, have been prepared in a manner which is necessary to conform them with accounting principles generally accepted in the United States. However, under the above provision, some descriptions and notes required under the accounting principles generally accepted in the United States are omitted.

2. Inventories

Finished goods, semi-finished goods and work-in-process: Lower of cost or market. Cost is determined by the specific identification method or the moving average method.

Raw materials: Lower of cost or market. Cost is generally determined by the moving average method.

3. Investments in securities

The Company accounts for investments in securities in accordance with Statement of Financial Accounting Standards (SFAS) No. 115, Accounting for Certain Investments in Debt and Equity Securities.

Held-to-maturity securities: Amortized cost.

Trading securities: Fair value, with unrealized gains and losses included in earnings. Cost is determined by the moving average method.

Available-for-sale securities: Fair value, with unrealized gains and losses reported in other comprehensive income. Cost is determined by the moving average method.

4. Depreciation of fixed assets

Property, plant and equipment: Principally depreciated by the declining-balance method, except for some assets which are depreciated by the straight-line method.

Software for internal use: Capitalized and amortized on a straight-line basis over their estimated useful lives. Selling, leasing, or otherwise marketing software: Depreciated based on expected gross revenues ratably.

5. Goodwill and other intangible assets

The Company accounts for goodwill and other intangible assets in accordance with SFAS No. 142, Goodwill and Other Intangible Assets. Goodwill and intangible assets with indefinite useful lives are no longer amortized, but instead are tested for impairment at least annually in accordance with the provisions of this statement.

Intangible assets with finite useful lives are amortized over their respective estimated useful lives and are tested for impairment in accordance with SFAS No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets.

Edgar Filing: HITACHI LTD - Form 6-K

6. The Company accounts for retirement and severance benefits in accordance with SFAS No. 87, Employers Accounting for Pensions and SFAS No. 158, Employers Accounting for Defined Benefit Pension and Other Postretirement Plans (an amendment of SFAS No. 87, 88, 106, and 132(R)) . Unrecognized prior service benefit and cost, and unrecognized actuarial gain or loss are amortized using the straight-line method over the average remaining service period of active employees.

(Change in Accounting Policy)

The Company has adopted SFAS No. 158 as of March 31, 2007. Accordingly, unrecognized prior service benefit and cost and unrecognized actuarial gain or loss are recognized in the consolidated balance sheet; the difference between benefit obligation and fair value of plan assets are recognized as assets or liabilities, and the related amount, net of tax, are recognized as accumulated other comprehensive loss. As a result of these changes, accrued expenses increased by JPY32,057 million, retirement and severance benefits increased by JPY58,258 million and accumulated other comprehensive loss increased by JPY22,419 million. These changes have not affected the consolidated results of operations.

7. Consumption tax is accounted for based on the tax segregated method, under which consumption tax is excluded from presentation of revenues, cost of sales and expenses.

Classification	Category	Location
Idle long-lived assets	Machinery, tools and equipment, land, etc.	Mobara, Chiba; Kirishima, Kagoshima Odawara, Kanagawa
Long-lived assets to be disposed	Building	

(2) Reason to recognize loss on impairment of assets

The Company recognized the impairment loss because irrecoverable amounts for investments in above long-lived assets are estimated due to changes in business plans, decline in market value, or a re-examination of assets held.

(3) Amount of impairment loss

Building	JPY171 million
Machinery	JPY934 million
Tools and equipment	JPY64 million
Land	JPY25 million
Other	JPY7 million
Total	JPY1,204 million

(4) Method of grouping long-lived assets

Grouping of assets are principally based on either business division or place of business.

(5) Calculation of recoverable amounts

Of the idle long-lived assets, the net sale value is used for land, and the amount obtained by making reasonable adjustments to the inheritance tax assessment based on land tax assessment is used. In the case of other idle long-lived assets and long-lived assets to be disposed, the book value is reduced to the memorandum value, and the reduced amount is accounted for as an impairment loss since the investment amount is deemed irrecoverable.

1. Inventories

Finished goods, semi-finished goods and work in process: Lower of cost or market. Cost is determined by the specific identification method or the moving average method.

Raw materials: Lower of cost or market. Cost is determined by the moving average method.

2. Securities and money held in trust

Affiliated companies common stock and investments in affiliated companies are stated at cost. Cost is determined by the moving average method.

Other securities which had readily determinable fair values are stated at fair value. The difference between acquisition cost and carrying cost of other securities is recognized in Unrealized Holding Gains on Securities. The cost of other securities sold is computed based on a moving average method.

Other securities which did not have readily determinable fair values are stated at cost determined by the moving average method.

Money held in trust is stated at fair value.

3. Derivatives

Derivatives are stated at fair value.

4. Depreciation of tangible fixed assets

Buildings: Straight-line method.

Other tangible fixed assets: Declining-balance method.

5. Depreciation of intangible fixed assets

Selling, leasing, or otherwise marketing software: Depreciated based on expected gross revenues ratably.

Other intangible fixed assets: Straight-line method.

6. Allowances

Allowance for doubtful receivables: Estimated uncollectible amounts are accounted for based on loan loss ratios in the case of general receivables and based on case-by-case examination of collectibility in the case of specific receivables including doubtful receivables.

Warranty reserve: In order to prepare for expenditures related to after-sales product services, estimated in-warranty service costs are accounted for based on past records.

Edgar Filing: HITACHI LTD - Form 6-K

Accrued pension liability: Accrued pension liability is provided for employees' retirement and severance benefits. Such liability is determined based on projected benefit obligation and expected plan assets as of March 31, 2007. Unrecognized net assets at transition transferred on October 1, 2004, when the Company merged Hitachi Unisia Automotive, Ltd., are amortized by straight-line method over 15 years. Prior service cost is amortized by the straight-line method over the estimated average remaining service years of employees. Unrecognized actuarial gain or loss is amortized by the straight-line method over the estimated average remaining service years of employees from the next fiscal year.

Reserve for loss on repurchasing computers:

Projected loss on previously rented computers being returned is accounted for based on past records.

7. Consumption tax

Consumption tax is accounted for based on the tax segregated method, under which consumption tax is excluded from presentation of revenues, cost of sales and expenses.

8. Lease transactions

Finance lease transactions, excluding those where the ownership of leased properties are to transfer to the lessee, are accounted for based on accounting methods applied to ordinary lease transactions.

9. Hedge accounting

Deferral hedge accounting is employed.

(Notes on accounting for deferred taxes)

The major causes of deferred tax assets were such things as the accrued pension liability and the denial of revaluation losses for investments. The major cause of deferred tax liabilities is unrealized holding gains on securities.

(Notes on leased fixed assets)

In addition to the capitalized fixed assets, as significant equipment, the Company utilizes some application software and computer manufacturing equipment under lease arrangements.

We have audited the consolidated balance sheet, the consolidated statement of operations, the consolidated statement of stockholders' equity, and the notes to the consolidated financial statements of Hitachi, Ltd. for the business year ended March 31, 2007 for the purpose of reporting under Article 444, Paragraph 4 of the Company Law. Management of the Company is responsible for preparing such consolidated financial statements and our responsibility is to express our opinion thereon from an independent standpoint.

Our audit was conducted in accordance with auditing standards generally accepted in Japan. The auditing standards require us to obtain reasonable assurance whether any material misstatement exists in the consolidated financial statements or not. Our audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. Our audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation. We consider that as a result of our audit, we have obtained reasonable basis for expressing our opinion. The auditing procedures also include those considered necessary for the subsidiaries.

In our opinion, the consolidated financial statements referred to above presented fairly, in every significant aspect, the financial position and the results of operations of the Company and its consolidated subsidiaries for the period of the consolidated financial statements in accordance with the accounting principles generally accepted in the United States, pursuant to the provision of Article 148, Paragraph 1 of the Regulations of Companies' Financial Statements. (See Item 1 of the Notes concerning important matters for basis of presentation of consolidated financial statements in the Notes to Consolidated Financial Statements.)

We have no interest in the Company which should be disclosed pursuant to the provision of the Certified Public Accountants Law.

AUDIT REPORT ON CONSOLIDATED FINANCIAL STATEMENTS

We, the Audit Committee of the Company, audited the consolidated financial statements of the Company (the consolidated balance sheet, the consolidated statement of operations, the consolidated statement of stockholders' equity, and the notes to consolidated financial statements) during the 138th business term (from April 1, 2006 to March 31, 2007). We hereby report as follows on the method and result thereof:

1. Method of Audit

We received reports from the Executive Officers and others in accordance with the audit policy, assignment of audit duties, etc., as determined by the Audit Committee, on the consolidated financial statements, and requested explanations as necessary. Further, we monitored and examined whether the Accounting Auditors maintained their independence and performed their auditing duties adequately, as well as received reports from the Accounting Auditors on the performance status of their duties, and requested explanations as necessary. We also received a notice from the Accounting Auditors to the effect that structures for ensuring that duties are appropriately performed (matters stipulated in each item under Article 159 of the Regulations of Companies' Financial Statements) were being developed pursuant to the Quality Management Standards for Auditing (Business Accounting Council, October 28, 2005) and requested explanations as necessary.

We examined the consolidated financial statements for this business term in accordance with the foregoing method.

2. Result of Audit

We are of the opinion that the method and results of the audit made by the Company's Accounting Auditors, Ernst & Young ShinNihon, are appropriate.

AUDIT REPORT

We, the Audit Committee of the Company, audited the performance by Directors and Executive Officers of their duties during the 138th business term (from April 1, 2006 to March 31, 2007). We hereby report as follows on the method and results thereof:

1. Method of Audit

We monitored and examined the contents of the resolutions of the Board of Directors concerning the matters as listed in Article 416, Paragraph 1, Item 1 (*ro*) and (*ho*) of the Company Law and the status of the systems (internal control systems) established thereunder, and in accordance with the audit policy, assignment of audit duties, etc., as determined by the Audit Committee and in collaboration with the relevant departments, attended important meetings, received reports or heard from the Directors, Executive Officers, etc. on matters concerning the execution of their duties, inspected important decision documents, etc., made investigation into the state of activities and property at the head office and principal business offices of the Company. We examined the contents of the fundamental policy on the conduct of persons influencing decision on the Company's financial and business policies set forth in the business report giving due consideration to such things as the circumstances of deliberations by the Board of Directors and others. As regards subsidiaries, we sought to communicate and exchange information with the Directors, Executive Officers, Auditors, and others of the subsidiaries, and received reports on their business operations as necessary.

Further, we monitored and examined whether the Accounting Auditors maintained their independence and performed their auditing duties adequately, as well as received reports from the Accounting Auditors on the performance status of their duties and requested explanations as necessary. We also received a notice from the Accounting Auditors to the effect that structures for ensuring that duties are appropriately performed (matters stipulated in each item under Article 159 of the Regulations of Companies' Financial Statements) were being developed pursuant to the Quality Management Standards for Auditing (Business Accounting Council, October 28, 2005) and requested explanations as necessary.

We examined the business reports, the unconsolidated financial statements (the unconsolidated balance sheet, the unconsolidated statement of operations, the unconsolidated statement of changes in stockholders' equity etc., and the notes to unconsolidated financial statements), and their supporting schedules for this business term in accordance with the foregoing method.

2. Results of Audit

(1) Results of Audit on Business Reports etc.

We are of the opinion:

- 1) that the business report and its supporting schedules fairly present the state of the Company in accordance with the laws, regulations and the Articles of Incorporation.
- 2) that, in connection with the performance by Directors and Executive Officers of their duties, no dishonest act or material fact of violation of laws, regulations or the Articles of Incorporation exists.
- 3) that the contents of the resolution by the Board of Directors concerning internal control systems are appropriate. Further, there is nothing to note with respect to the performance by Directors and Executive Officers of their duties related to said internal control systems.
- 4)

Hitachi Announces Policy on the Reduction of Number of Shares Constituting

Investment Unit on Japanese Stock Exchanges

Tokyo, June 29, 2007 Hitachi, Ltd. (NYSE:HIT / TSE:6501) today announced its policy on the Reduction of Number of Shares Constituting Investment Unit on Japanese Stock Exchanges as follows.

Hitachi believes that the number of shares constituting investment unit in Japanese stock exchanges should be carefully examined from the perspectives of the liquidity of Hitachi stock, shareholder composition and other items. Because Hitachi believes that its shares currently have sufficient liquidity, the company believes that it would be difficult to obtain benefits that would justify the cost of a change in the number of shares constituting investment unit. Hitachi will continue to consider actions related to the establishment of a suitable number of shares constituting investment unit.
