Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

On September 11, 2007, Texas Eastern Transmission, LP, (Texas Eastern), a subsidiary of Spectra Energy Corp (Spectra Energy), issued \$400 million aggregate principal amount of its 6.00% Senior Notes due 2017 (the Notes). The Notes were offered only to qualified institutional buyers under Rule 144A. The Notes have not and will not be registered under the Securities Act of 1933 (the Act) or any state securities laws, and may not be offered or sold except pursuant to an exemption from the registration requirements of the Act and applicable state securities laws. \$300 million of the net proceeds of the offering was used to refinance \$300 million principal amount of Texas Eastern s 5.25% Senior Notes due 2007 that matured in July 2007. The 5.25% Senior Notes due 2007 were repaid using funds from advances repaid to Texas Eastern from Spectra Energy. The remaining \$95.8 million of net proceeds from the offering was returned to Spectra Energy as part of its cash management program that it maintains for its subsidiaries.

The Notes were issued pursuant to a supplemental indenture, dated September 11, 2007, to an indenture, dated December 1, 2000, among Texas Eastern and The Bank of New York Trust Company, N.A. as trustee (the Indenture). Interest on the Notes will accrue from September 11, 2007. Texas Eastern will pay interest on the Notes semi-annually on March 15 and September 15 of each year, beginning on March 15, 2008, until the Notes mature on September 15, 2017. Texas Eastern may redeem some or all of the Notes at any time or from time to time pursuant to the terms of the Indenture. The Indenture contains covenants that limit the ability of Texas Eastern to, among other things, create liens on or sell its principal assets or merge with other entities. The Indenture does not restrict Texas Eastern from incurring additional indebtedness or paying distributions on its equity interests, nor does it require the maintenance of any financial ratios or specified levels of net worth or liquidity.
