PROXY STATEMENT

2007 ANNUAL MEETING OF STOCKHOLDERS

Nextest Systems Corporation (the "Company") is furnishing this Proxy Statement and the enclosed proxy in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting of Stockholders to be held on November 14, 2007, at 1:00 p.m. local time, at the Company's headquarters located at 875 Embedded Way, San Jose, CA 95138, and at any adjournments thereof (the "Annual Meeting"). These materials are being mailed to stockholders on or about October 17, 2007.

Only holders of the Company's common stock as of the close of business on September 28, 2007 (the "Record Date") are entitled to vote at the Annual Meeting. Stockholders who hold shares of the Company in "street name" may vote at the Annual Meeting only if they hold a valid proxy from their broker. As of the Record Date, there were 17,916,331 shares of common stock outstanding.

A majority of the outstanding shares of common stock entitled to vote at the Annual Meeting must be present in person or by proxy in order for there to be a quorum at the meeting. Stockholders of record who are present at the meeting in person or by proxy and who abstain from voting, including brokers holding customers' shares of record who cause abstentions to be recorded at the meeting, will be included in the number of stockholders present at the meeting for purposes of determining whether a quorum is present.

Each stockholder of record is entitled to one vote at the Annual Meeting for each share of common stock held by such stockholder on the Record Date. Stockholders do not have cumulative voting rights. Stockholders may vote their shares by using the proxy card enclosed with this Proxy Statement. All proxy cards received by the Company that are properly signed and have not been revoked will be voted in accordance with the instructions contained in the proxy cards. If a signed proxy card is received which does not specify a vote or an abstention, the shares represented by that proxy card will be voted for the nominees to the Board of Directors listed on the proxy card and in this Proxy Statement, and for the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending June 28, 2008. The Company is not aware, as of the date hereof, of any matters to be voted upon at the Annual Meeting other than those stated in this Proxy Statement and the accompanying Notice of Annual Meeting of Stockholders. If any other matters are properly brought before the Annual Meeting, the enclosed proxy card gives discretionary authority to the persons named as proxies to vote the shares represented by the proxy card in their discretion.

Under Delaware law and the Company's Amended and Restated Certificate of Incorporation and Bylaws, if a quorum exists at the meeting, the affirmative vote of a plurality of the votes cast at the meeting is required for the election of directors. A properly executed proxy marked

Withhold authority with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. For each other item, the affirmative vote of the holders of a majority of the shares represented in person or by proxy and entitled to vote on the item will be required for approval. A properly executed proxy marked Abstain with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

For shares held in street name through a broker or other nominee, the broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if stockholders do not give their broker or nominee specific instructions, their shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

There are four different ways to vote your shares:

By Internet: You may submit a proxy or voting instructions over the Internet by following the instructions at www.investorvote.com

By Telephone: You may submit a proxy or voting instructions by calling 1-800-652-VOTE (8683) and following the instructions.

By Mail: If you received your proxy materials via the U.S. mail, you may complete, sign and return the accompanying proxy and voting instruction card in the postage-paid envelope provided.

In Person: If you are a stockholder as of the Record Date, you may vote in person at the meeting. Submitting a proxy will not prevent a stockholder from attending the Annual Meeting and voting in person.

A stockholder of record may revoke a proxy at any time before it is voted at the Annual Meeting by (a) delivering a proxy revocation or another duly executed proxy bearing a later date to the Secretary of the Company at 875 Embedded Way, San Jose, CA 95138 or (b) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not revoke a proxy unless the stockholder actually votes in person at the meeting.

The proxy card accompanying this Proxy Statement is solicited by the Board of Directors of the Company. The Company will pay all of the costs of soliciting proxies. In addition to solicitation by mail, officers, directors and employees of the Company may solicit proxies personally, or by telephone, without receiving additional compensation. The Company, if requested, will also pay brokers, banks and other fiduciaries who hold shares of Common Stock for beneficial owners for their reasonable out-of-pocket expenses of forwarding these materials to stockholders.

Board Independence

The Board of Directors has also determined that each of the members of each committee of the Board of Directors meets the independence requirements applicable to such committee under the Nasdaq Stock Market and SEC rules and regulations.

Board Committees

The Board of Directors has standing audit, compensation and nominating/corporate governance committees.

Audit Committee. The audit committee currently consists of Richard L. Dissly (chairman), Juan A. Benitez, Stephen G. Newberry and Eugene R. White. The Board has determined that all members of the audit committee are independent directors and meet the eligibility standards for Audit Committee Service under the rules of the Nasdaq Stock Market. The Board has determined that Richard L. Dissly qualifies as an audit committee financial expert as defined by the rules of the Securities and Exchange Commission. The purpose of the audit committee is to oversee the accounting and financial reporting processes of the Company, audits of its financial statements and internal control over financial reporting. The responsibilities of the audit committee include appointing and approving the compensation of the independent registered public accounting firm to conduct the annual audit of the Company's financial statements and the effectiveness of the Company's internal control over financial reporting, reviewing the scope and results of the independent audits, reviewing and evaluating internal accounting policies, and approving all professional services to be provided to the Company by its independent registered public accounting firm.

Compensation Committee. The compensation committee currently consists of Juan A. Benitez (chairman), Richard L. Dissly, Stephen G. Newberry and Eugene R. White. The Board has determined that all members of the compensation committee are independent directors under the rules of the Nasdaq Stock Market. The compensation committee is in charge of executive compensation and oversees incentive, equity-based and other compensatory plans in which our executive officers, key employees of the Company and its subsidiaries participate.

The compensation committee periodically reviews compensation policies and practices applicable to executive officers. The committee also reviews and approves corporate goals and objectives relevant to officer compensation, evaluates the performance of officers in light of these goals and objectives, and based on these evaluations, determines the Chief Executive Officer's compensation and other officers' compensation.

Nominating/Corporate Governance Committee. The nominating/corporate governance committee currently consists of Eugene R. White (chairman) and Stephen G. Newberry, each of whom the Board has determined is an independent director under the rules of the Nasdaq Stock Market. The nominating committee's responsibilities include selecting nominees for election as directors of the Company, evaluating the Board's performance, developing and recommending to the Board corporate governance guidelines and providing oversight with respect to corporate governance and ethical conduct.

Charters for the Company's Audit, Compensation and Nominating Committees are posted on the Company's website at: www.nextest.com.

DIRECTOR NOMINATIONS

Criteria for Board Membership. In selecting candidates for appointment or re-election to the Board, the nominating/corporate governance committee (the nominating committee) considers the appropriate balance of experience, skills and characteristics required of the Board of Directors, and seeks to insure that at least a majority of the directors are independent under the rules of the Nasdaq Stock Market, and that members of the Company's audit committee meet the financial literacy and sophistication requirements under the rules of the Nasdaq Stock Market and at least one of them qualifies as an audit committee financial expert under the rules of the Securities and Exchange Commission. Nominees for director are selected on the basis of their depth and breadth of experience, integrity, ability to make independent analytical inquiries, understanding of the Company's business environment, and willingness to devote adequate time to Board duties.

Stockholder Nominees. The nominating committee will consider written proposals from stockholders for nominees for director. Any such nominations should be submitted to the nominating committee c/o the Secretary of the Company and should include the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); (b) the names and addresses of the stockholders making the nomination and the number of shares of the Company's common stock which are owned beneficially and of record by such stockholders; and (c) appropriate biographical information and a statement as to the qualification of the nominee, and should be submitted in the time frame described in the Bylaws of the Company and under the caption, "Stockholder Proposals for 2008 Annual Meeting" below.

Process for Identifying and Evaluating Nominees. The nominating committee believes the company is well-served by its current directors. In the ordinary course, absent special circumstances or a material change in the criteria for Board membership, the nominating committee will renominate incumbent directors who continue to be qualified for Board service and are willing to continue as directors. If an incumbent director is not standing for re-election, or if a vacancy on the Board occurs between annual stockholder meetings, the nominating committee will seek out potential candidates for Board appointment who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. Director candidates will be selected based on input from members of the Board, senior management of the company and, if the nominating committee deems appropriate, a third-party search firm. The nominating committee will evaluate each candidate's qualifications and check relevant references; in addition, such candidates will be interviewed by at least one member of the nominating committee. Candidates meriting serious consideration will meet with all members of the Board. Based on this input, the nominating committee will evaluate which of the prospective candidates is qualified to serve as a director and whether the committee should recommend to the Board that this candidate be appointed to fill a current vacancy on the Board, or presented for the approval of the stockholders, as appropriate.

The Company has never received a proposal from a stockholder to nominate a director. Although the nominating committee has not adopted a formal policy with respect to stockholder nominees, the committee expects that the evaluation process for a stockholder nominee would be similar to the process outlined above.

Board Nominees for the 2007 Annual Meeting. Each of the nominees listed in this Proxy Statement are current directors standing for re-election.

Therefore, the Company reviews related party transactions on an ongoing basis and utilizes the Audit Committee to review and if appropriate approve or ratify, any such transactions in which the Company is or will be a participant in potential conflicts of interest situations where appropriate. The Company's policy is to conduct transactions with its affiliates on terms equivalent to those provided to non affiliates on an arms-length basis.

We have entered into various compensation arrangements with some of our executive officers, which are discussed under Potential Payments Upon Termination or Change-in-Control.

Our bylaws provide that we will indemnify our directors, officers, employees and other agents to the fullest extent permitted by law. We believe that indemnification under our bylaws covers at least negligence and gross negligence on the part of indemnified parties. Our bylaws also permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in connection with their services to us, regardless of whether our bylaws permit such indemnification. We have entered into separate indemnification agreements with our directors and executive officers, in addition to the indemnification provided for in our bylaws. These agreements, among other things, provide that we will indemnify our directors and executive officers for certain expenses (including attorneys' fees), judgments, fines and settlement amounts incurred by a director or executive officer in any action or proceeding arising out of such person's services as one of our directors or executive officers, or any of our subsidiaries or any other company or enterprise to which the person provides services at our request. We believe that these provisions and agreements are necessary to attract and retain qualified persons as directors and executive officers.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16(a) of the Securities Exchange Act of 1934 (the Exchange Act) and SEC rules, the Company's directors, executive officers and beneficial owners of more than 10% of any class of equity security are required to file periodic reports of their ownership, and changes in that ownership, with the SEC. Based solely on its review of copies of these reports and representations of such reporting persons, the Company believes that during fiscal year 2007, such SEC filing requirements were satisfied.

EXECUTIVE COMPENSATION

Compensation Discussion And Analysis

Overview of Compensation Program

The compensation committee has responsibility for implementing our executive compensation philosophy and ensuring that the total compensation paid to our named executive officers (NEOs) is competitive so as to permit us to attract, motivate, and retain highly qualified executives and to align our executives' interests with those of our stockholders. In general, the types of compensation and benefits provided to our NEOs are equivalent to those provided to most other employees, and include salary, awards in cash, restricted stock units (RSUs), unvested restricted shares, stock options, and other benefits as described below.

Executive Compensation Philosophy and Objectives

The primary objectives of our executive compensation program are to:

attract, motivate, and retain highly qualified executives;

align management and stockholder interests by tying a large percentage of executives' compensation, in the form of cash incentives and long-term equity incentives, to the financial performance of the company;

motivate executives to attain both individual and company financial goals that are established by management and the board of directors by tying annual management bonus incentives to the achievement of those goals; and

compensate our executives at levels competitive with peer companies.

Various elements of our executive compensation program are tailored to accomplish specific objectives, including the following:

Base salary and benefits are set at a level designed to be competitive with those of our peers in order to allow us to attract and retain highly qualified employees.

Annual bonuses are designed to focus executives' efforts on achievement of goals within their areas of responsibility. Additionally, the bonus plan is designed to align executives' and stockholders' interests by making a portion of payouts under the plan contingent on revenue growth as well as profitability.

Equity incentives, including stock options, restricted stock units and unvested restricted shares encourage executives to work towards our long-term success by growing earnings per share, thereby increasing our stock price over the long term.

Executive Compensation Process

On an annual basis, the compensation committee (1) evaluates and establishes the compensation of the CEO in consultation with the independent members of the board of directors, (2) evaluates and determines the compensation of other executive officers, and (3) annually leads the board of directors in a discussion of the performance of the CEO. The performance objectives established for the CEO are based on targeted revenue and earnings.

At the start of the fiscal year, in making compensation decisions for executive officers other than the CEO, the Committee considers recommendations for each officer made by the CEO. Cash compensation consists of base salary and a target bonus. The bonus amount is based partly upon attainment of corporate financial objectives and partly upon the achievement of individual objectives established for each executive officer. The breakdown of bonus into corporate financial objectives and individual objectives is different for each executive officer. Individual objectives vary by role. For example, the performance objectives for Vice President of Engineering will include product development goals, while the objectives for Vice President of Operations are tied to manufacturing efficiency. The CEO's recommendations are also based on a review of the compensation paid to executives in similar positions at peer companies. The list of peer companies used for compensation decisions is discussed below.

After the end of the fiscal year, the CEO reviews the contribution and performance of each executive officer against the individual objectives established for each executive officer and reviewed with the board of directors at the start of the fiscal year. The CEO then recommends the final compensation for each executive officer to the Compensation Committee. Generally objectives will be determined to either have been met or not, as the case may be, and weighing factors established at the start of the fiscal year are applied to determine the extent to which each executive officer has accomplished his individual objectives. At the discretion of the CEO, credit for partial completion of objectives may be given.

Compensation Consultant

The Company engaged Compensia as its compensation consultant. Compensia assists companies in designing policies and procedures for making executive compensation decisions.

Compensation Peer Group and Benchmarking

The Company and the Compensation Committee of the company make use of benchmarking for executive compensation programs and benefits. This benchmarking is designed to ensure that compensation is adequate to attract and retain executive officers. In general, the Company benchmarks its compensation against that of other high quality, similarly-sized electronics firms primarily associated with the semiconductor capital equipment industry. The primary benchmark group includes: Amtech Systems Inc., AXT Inc., Cascade Microtech Inc., Eagle test Systems, FormFactor Inc., LTX Corporation, Mattson Technology Inc., Nanometrics Incorporated, Photon Dynamics, Inc., Rudolph Technologies, Inc., Semitool Inc., Staktek Holdings, Inc., Symyx Technologies,

Tegal Corporation, Tessera Technologies, Ultra Clean Holdings, Inc., and Ultratech, Inc. The Company used Compensia in developing the benchmark comparisons of the peer companies.

Components of Compensation

The components of compensation include; 1) base salary, 2) bonus plan, 3) equity compensation, and 4) other benefits. As an individual's level of responsibility and compensation increase, the percentage of total compensation represented by the bonus plan increases; the CEO's percentage of variable compensation is the highest. Additionally, the majority of executives' total compensation historically has been provided in the form of long-term incentive compensation (i.e., equity grants) because the compensation committee believes that this is the most effective way to align executives' interests with those of our stockholders.

Cash Compensation

Cash compensation for our executive officers consists of a fixed base salary and a bonus plan. Base salaries for our executive officers are established by considering the scope of their responsibilities, performance and accomplishments, while taking into account competitive market compensation paid by other companies for similar positions in the semiconductor and related industries. The compensation committee reviews base salaries on an annual basis as part of our performance and compensation review process.

In addition to base salaries, the compensation committee reviews and approves the bonus award to our executive officers. The bonus plan is based on our financial performance and the individual executive's performance against individual objectives. These objectives are established by CEO and reviewed by the Compensation Committee at the start of each fiscal year. In order to implement our philosophy that executives be rewarded for achieving positive financial results and other strategic goals, the Compensation Committee has designed the bonus plan to significantly affect the total compensation of our executive officers depending on our success in meeting the financial and strategic goals. Under the bonus plan, each executive has a target and a maximum payout that may be earned. Target bonus is comprised of two portions: the first dependent on corporate objectives for revenues and profit, the second dependent on individual objectives established for each executive officer. Target bonus for each executive officer is the sum of the target bonus dependent on corporate objectives plus the target dependent on individual objectives. Payouts under the Bonus Plan may be zero depending on our performance against the corporate objectives and the executive's performance against individual objectives. The Company believes that the bonus targets are ambitious but achievable.

In fiscal 2007, the company paid executive officers the cash bonus that they had earned during fiscal 2006 for the service rendered to the Company during fiscal 2006: Mr. Adler was paid \$330,900 under the bonus plan, Mr. Moniz, \$220,600, Mr. Moriarty \$55,150, Mr. Marshall \$275,750 and Mr. Foster was paid \$275,750 for services rendered to the Company during fiscal 2006.

Mr. Moriarty was promoted to President from Vice President of Sales & Marketing in March 2007. Following Mr. Moriarty's promotion, the original fiscal year 2007 bonus plan and sales commission plan for Mr. Moriarty was eliminated and replaced with a revised bonus plan. The revised bonus plan provides Mr. Moriarty with a target bonus of \$200,000 with a guaranteed minimum bonus of \$67,000. The guaranteed minimum bonus was to replace the compensation originally due him under his prior Executive Bonus and Sales Commission Plan.

Equity Compensation

The compensation committee believes that equity-based compensation in the form of stock options, RSUs and unvested restricted shares aligns the interests of executives with the long-term interests of the Company's stockholders by encouraging executive officers to acquire a proprietary interest in the Company. The compensation committee further believes that the use of vesting periods encourages retention of executive officers, and accordingly equity grants to executive officers generally vest over time. Equity is granted to

executive officers on a discretionary basis, at varying times and in varying amounts. Where stock options are used, the exercise price is equal to the market price of the Company's common stock at the time of grant. The size and the timing of each equity grants are based on a number of factors, including the Company's achievement of specific milestones, the individual's level of responsibility, the amount, exercise price and term of options already held by the individual, the individual's contributions to the achievement of the Company's financial and strategic objectives, and industry practices and norms.

In March 2006, our Board of Directors and the stockholders approved the 2006 Equity Incentive Plan (the "2006 Plan"). The 2006 Plan replaced the 1998 Equity Incentive Plan (the "1998 Plan") before its expiration and is now the Company's only plan for providing stock-based incentive compensation ("awards") to eligible employees and non-employee directors. Awards granted under the 2006 Plan to-date consist of stock options, restricted stock units, and unvested restricted shares. Awards granted under the 2006 Plan generally vest over five years and have a maximum contractual term of ten years.

In March 2007, in connection with the promotion to President, Mr. Moriarty received a stock option grant of 250,000 shares with the exercise price of \$12.46 and 50,000 shares of RSUs.

The stock options and awards granted in fiscal 2007 to our Named Executive Officers are listed in the "Grants of Plan-Based Awards" table below. A summary of all options held by our Named Executive Officers as of the end of fiscal 2007 are listed in the "Outstanding Equity Awards at Fiscal Year-End" table below.

Our Named Executive Officers, along with directors and other key employees, are subject to the Company's Insider Trading Compliance Program, which prohibits insiders trading in the Company's stock during the period beginning with the sixteenth day of the last month of each quarter and ending at the close of the second full trading day after disclosure of the quarter's financial results.

Other Benefits

In order to attract and retain highly qualified employees, the Company's benefit programs are designed to be competitive in each country in which it operates. All U.S. employees, including the Chief Executive Officer and executive officers, participate in the same healthcare, life and disability insurance, and other benefit programs.

CEO Compensation

Mr. Adler is our Chairman of the Board and CEO. In determining Mr. Adler's compensation for fiscal 2007, the compensation committee reviewed compensation data of the peer companies described above. Based upon this review of the compensation for the CEOs of peer companies, in August 2006, the compensation committee recommended to the independent members of the board of directors that Mr. Adler's salary should be increased by 12% for fiscal 2007.

Mr. Adler was entitled to earn a target bonus of \$52,500 that could go as high as \$118,125 in fiscal 2007. The entire cash bonus for Mr. Adler was tied to the Company's financial performance. In fiscal 2007, the Company did not meet the financial objectives and therefore, Mr. Adler did not earn any bonus.

We grant equity awards to our CEO based primarily on the compensation committee's evaluation of the CEO's ability to influence our long-term growth and profitability. The compensation committee determines the size of the grant based principally on an estimate of the equity incentive value of the CEO's unvested options, as well as benchmarking against peer companies. During fiscal 2007, Mr. Adler was granted an award of 80,000 restricted stock units.

Other Compensation Considerations

Accounting for Stock-Based Compensation

pursuant to our equity compensation plans, in accordance with Statement of Financial Standards (SFAS) No. 123R, Share-Based Payment.

Potential Payments Upon Termination or Change of Control Severance Agreement

In May 2007, the Company entered into Change of Control Severance Agreement with each of its Named Executive Officers, which provide, among other things, for potential payments upon change of control combined with involuntary termination.

Change of control means the occurrence of any following events: 1) the approval by stockholders of the Company of a merger or consolidation in which the Company is not a surviving entity 2) the approval by stockholders of the Company of a plan of complete liquidation, 3) any person becoming the beneficial owner of 50% or more of the total vesting power, 4) a change in the majority of the board of directors occurring within a 12 month period or 5) a change in the CEO of the Company.

Involuntary termination includes but is not limited to a significant reduction of the duties, position, responsibilities, the facilities and perquisites available to the executive and the imposition of a requirement for certain relocation without the executive's express written consent.

If an executive's employment with the Company terminates as a result of the involuntary termination at any time within 18 months after a change of control, the executive shall be entitled to the following severance benefits:

The sum of 12 months of the base salary as in effect as of the date of the termination and the target bonus in the year which includes the date of termination, less applicable withholding, payable in a lump sum within 30 days of the Involuntary Termination; all grants of equity under the Company's various equity compensation plans prior to the change of control shall accelerate and become vested under the applicable agreement; The executive officer shall be permitted to exercise all vested stock options granted by the Company prior to the change of control for a period of two years following the termination date; and the same level of Company-paid health coverage on the day immediately preceding the termination date for a period of 12 months. Any unpaid base salary, accrued and unused vacation time and all expenses reasonably and necessarily incurred by the officers will be paid by the Company promptly upon termination and within the period of time mandated by law.

The severance payment will not be paid to the officers in the event that his/her employment is terminated (i) as a result of gross negligence or willful failure to perform his duties and responsibilities, (ii) as a result of commission of any fraud, embezzlement, dishonesty or any other willful misconduct, (iii) by unauthorized use of any Company's or partners, proprietary information or trade secrets, (iv) by willful breach of any his obligation or (v) his conviction of a felony.

The following table presents information regarding change of control payment and benefits estimates. We prepared the table assuming that a change of control occurred and the employment of our officers named in the summary compensation table above was terminated without cause or by resignation of the officer for good reason on June 29, 2007, which was the last business day of our fiscal 2007. For purposes of valuing the accelerated vesting of unvested equity awards, we have used the intrinsic value of equity awards based on the closing share price of Nextest common stock as of June 29, 2007. The various amounts listed are estimates only. The actual amounts to be paid can only be determined at the time of such officer's separation from the Company.

REPORT OF THE COMPENSATION COMMITTEE

The purpose of the compensation committee under a written charter adopted by the Board is to assist the Board in the discharge of its responsibilities relating to executive and director compensation, and to oversee incentive, equity-based and other compensatory plans in which executive officers and key employees of the Company participate. The current members of the compensation committee are Juan A. Benitez (chairman), Richard L. Dissly, Stephen G. Newberry and Eugene R. White, each of whom is a non-employee director within the meaning of Section 16 of the Securities and Exchange Act and an outside director within the meaning of Section 162(m) of the Internal Revenue Code. In performing its duties, the compensation committee reviews reports and recommendations presented by management. The Company's compensation policy for executive officers is to offer a total compensation package that aligns compensation with business objectives and performance and enables the Company to attract, retain and reward executive officers, whose contributions are necessary for the long term success of the Company. As a result, compensation may consist of salary and bonus, which provide current incentives, and equity, which provide longer-term incentives.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management. Based on these reviews and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K or the annual meeting proxy statement on Schedule 14A.

Under the guidance of a written charter adopted by the Board of Directors, the purpose of the Audit Committee is to oversee the accounting and financial reporting processes of the Company, audits of its financial statements and the effectiveness of the Company's internal control over financial reporting. The responsibilities of the Audit Committee include appointing and providing for the compensation of the independent registered public accounting firm. In this context and in connection with the audited financial statements contained in the Company's Annual Report on Form 10-K, the Audit Committee:

based on the foregoing reviews and discussions, recommended to the Board of Directors that the audited financial statements be included in the Company's 2007 Annual Report on Form 10-K for the fiscal year ended June 30, 2007 filed with the Securities and Exchange Commission.

OTHER MATTERS

If any other business should properly come before the meeting, or any adjournment thereof, the persons named in the proxy will vote on such matters according to their best judgment.

STOCKHOLDERS SHARING THE SAME ADDRESS

In accordance with notices previously sent to many stockholders who hold their shares through a bank, broker or other holder of record (a street-name stockholder) and share a single address, only one annual report and proxy statement is being delivered to that address unless contrary instructions from any stockholder at that address were received. This practice, known as householding, is intended to reduce the Company's printing

and postage costs. However, any such street-name stockholder residing at the same address who wishes to receive a separate copy of this Proxy Statement or accompanying Annual Report to Stockholders may request a copy by contacting the bank, broker or other holder of record, or the Company by telephone at: 408-960-2600. The voting instruction sent to a street-name stockholder should provide information on how to request (1) householding of future Company materials or (2) separate materials if only one set of documents is being sent to a household. If it does not, a stockholder who would like to make one of these requests should contact the Company as indicated above.

FORM 10-K

The Company will mail without charge to any stockholder upon written request, a copy of the Company's Annual Report on Form 10-K for the year ended June 30, 2007 including the financial statements, schedules and a list of exhibits.
