**IMPORTANT**

Whether or not you expect to attend the meeting in person, we urge you to complete, sign, date and return the enclosed proxy card at your earliest convenience. This will ensure that your vote will be counted at the meeting. **Promptly completing, signing, dating and returning the proxy card will save the Company the expense and effort of additional solicitation.** An addressed envelope, for which no postage is required if mailed in the United States, is enclosed for the purpose of returning your proxy card. Sending in your proxy card will not prevent you from voting your shares at the meeting if you desire to do so, as your proxy is revocable at your option. Street name shareholders who wish to vote in person will need to obtain a proxy from the person in whose name their shares are registered.

**PROXY STATEMENT FOR 2008 ANNUAL MEETING OF SHAREHOLDERS**

You have received this proxy statement and the accompanying notice of annual meeting and proxy card as an owner of the common stock, no par value, of Quality Distribution, Inc., in connection with the solicitation of proxies by the Board of Directors (the *Board*) for use at Quality Distribution's 2008 annual meeting of shareholders.

Unless the context requires otherwise, references in this proxy statement to *Quality Distribution*, *QDI*, the *Company*, *we*, *us*, or *our* refer to Quality Distribution, Inc. and its consolidated subsidiaries.

Your vote is very important. For this reason, the Board is requesting that you allow your common stock to be represented at the 2008 annual meeting of shareholders by the proxies named on the enclosed proxy card. We are first mailing this proxy statement and the proxy card on or about April 15, 2008.

**INFORMATION ABOUT THE ANNUAL MEETING AND VOTING**

<b>Time and Place</b>	May 15, 2008  11:00 a.m. Eastern Time  Marriott Marquis Hotel  1535 Broadway  New York, New York 10036
<b>Items to be Voted Upon</b>	You will be voting on the following matters:  the election of eight directors;  the ratification of the appointment of the independent registered certified public accounting firm; and  such other business as is properly brought before the meeting and at any adjournment or postponement of the meeting.
<b>Who May Vote</b>	You are entitled to vote your common stock if our records show that you held your shares as of the close of business on the record date, April 7, 2008. Each shareholder is entitled to one vote for each share of common stock held on that date, at which time we had 19,252,689 shares of common stock outstanding and entitled to vote. Common stock is our only issued and outstanding class of stock.
<b>How to Vote</b>	You may vote in person at the meeting or by proxy. We recommend you vote by proxy even if you plan to attend the meeting. You can always change your vote at the meeting. If you hold shares in street name (that is, through a bank, broker or other nominee) and would like to attend the annual meeting, you will need to bring an account statement or other acceptable evidence of ownership of our common stock as of the close of business on April 7, 2008, the record date for voting. In order to vote in person at the annual meeting, you may contact the person in whose name your shares are registered and obtain a proxy from that person and bring it to the annual meeting.

**Proxy Card**

If you complete, sign, date and return your proxy card before the annual meeting, we will vote your shares as you direct. You have three choices on each matter to be voted upon. For the election of directors, you may vote for (1) all of the nominees, (2) none of the nominees, or (3) all of the nominees except those you designate. For the other item of business, you may vote FOR or AGAINST the matter, or you may ABSTAIN from voting.

If you return your signed proxy card but do not specify how you want to vote your shares, we will vote your shares:

FOR the election of all eight nominees for director identified on pages 3 and 4;

FOR the ratification of appointment of PricewaterhouseCoopers, LLP as our independent registered certified public accounting firm; and

in our discretion as to other business that properly comes before the meeting or at any adjournment or postponement of the meeting.

**Changing Your Vote**

You can revoke your proxy at any time before it is voted at the annual meeting by:

Ø submitting a new proxy with a later date by signing and returning a proxy card to the Company;

Ø attending the annual meeting and voting in person; or

Ø sending written notice of revocation addressed to Jonathan C. Gold, our Corporate Secretary at the address of the Company.

**Quorum**

A quorum is required to hold an annual meeting and conduct business. A quorum at the annual meeting will consist of a majority of the votes entitled to be cast by holders of shares of Quality Distribution s common stock.

**Votes Required**

Nominees for election as a director are elected by a plurality of the votes cast by the shares entitled to vote in the election at a meeting at which a quorum is present. The ratification of the appointment of the independent registered certified public accounting firm will be approved if the votes cast at a meeting at which a quorum is present favoring the ratification exceed the votes cast opposing it. Any other matters will be approved if the votes cast at a meeting at which a quorum is present favoring the matter exceed the votes cast opposing the matter, unless a greater number of affirmative votes is required for approval of that matter under our Articles of Incorporation or By-Laws or the Florida Business Corporation Act.

All votes will be tabulated by an inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes and abstentions. Under Florida corporate law, abstentions and shares referred to as broker non-votes (i.e., shares held by brokers or nominees as to which instructions have not been received from the beneficial owners entitled to vote and for which the broker or nominee does not have discretionary authority to vote on a particular matter) are treated as shares of common stock that are present and entitled to vote for purposes of determining the presence of a quorum. Since abstentions and broker non-votes are not considered votes cast on a proposal and are not considered votes opposing the election of a director or other actions, abstentions and broker non-votes will have no effect on the election of directors or the ratification of the appointment of our independent registered certified public accounting firm.

**Solicitation**

Quality Distribution will bear the entire cost of soliciting proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to shareholders. We have engaged The Altman Group, Inc. to assist us with the distribution of proxies (but not the solicitation thereof). We expect to pay The Altman Group, Inc. approximately \$2,000 for its services. We will reimburse banks, brokerage houses, fiduciaries and custodians for their costs of forwarding solicitation materials to beneficial owners of our common stock. In addition to solicitations by mail, our directors, officers or other regular employees of the Company, without additional compensation, may solicit proxies by telephone, facsimile, e-mail or in person.

**PROPOSAL 1:**

**ELECTION OF DIRECTORS**

Our Articles of Incorporation and By-Laws provide that our Board shall comprise no less than one or more than thirteen directors. Vacancies on the Board may be filled only by the Board. A director elected to fill a vacancy shall hold office until the next annual meeting of shareholders and until such director's successor is elected and qualified.

Our Board is currently composed of twelve members. Each of our directors is required to stand for reelection every year. The Board has determined to reduce its size to eight seats as of the annual meeting and the Corporate Governance Committee has determined to nominate the individuals identified below. If elected at the annual meeting, each of the nominees below would serve until the 2009 annual meeting and until his successor is elected and qualified, or until such director's earlier death, disability, resignation, or removal.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominees named below. If any nominee should be unavailable for election as a result of an unexpected occurrence, such shares will be voted for the election of a substitute nominee proposed by the Board. Each person nominated for election has agreed to serve if elected, and we have no reason to believe that any nominee will be unable to serve.

**OUR BOARD RECOMMENDS A VOTE FOR EACH NAMED NOMINEE.  
CORPORATE GOVERNANCE**

**Principles and Governance Guidelines**

The Board has adopted and adheres to a Code of Conduct that the board and senior management believe represent sound practices. We have a longstanding belief that ethical behavior and respect for the law are fundamental to our culture and our business practices. It is the foundation of the policies and practices of our Code of Conduct to promote the management of our Company with integrity and in our shareholders' best interests. We are committed to conducting our business in strict compliance with both the letter and the spirit of the law and with the highest standards of professional and ethical conduct. Each director, officer and employee is responsible for conducting our business in adherence to these high standards. Our Code of Conduct can be found on our website at [www.qualitydistribution.com](http://www.qualitydistribution.com). Information contained on our website does not constitute a part of this proxy statement.

**Director Independence**

Quality Distribution is a controlled company as defined by the rules of the NASDAQ Stock Market, LLC because more than 50% of our voting power is controlled by Apollo. See Security Ownership of Certain Beneficial Owners and Management. Therefore, we are exempt from the NASDAQ requirements to have (1) a majority of independent directors on our Board, (2) the compensation of our executive officers determined by a majority of independent directors or a compensation committee composed solely of independent directors, and (3) nominees for director selected or recommended for selection by a majority of the independent directors or a committee composed solely of independent directors.

Although it is not required as stated above, a majority of our Board of Directors is comprised of independent directors under the NASDAQ Rules. Our current independent directors are Messrs. Becker, Falk, Gadomski, Marchese, Miklich, Orris, Press, Rashid, Schumacher, Suydam and White. Director nominee Stanly Parker, Jr. would be an independent director if elected at the annual meeting. It is therefore expected that a majority of Board of Directors will be comprised of independent directors under the NASDAQ Rules following the annual meeting.

Only independent directors currently serve on our Audit Committee, Corporate Governance Committee and Compensation Committee. It is expected that only independent directors will serve on these committees immediately following the annual meeting.

### Board Meetings and Committees

The Board has an Audit Committee, a Corporate Governance Committee, a Compensation Committee and an Executive Committee. All of the directors, except for Mr. Press and Mr. Suydam, attended 75% or more of the combined total meetings of the Board (held during the period the director served) and the committees on which they served during 2007.

We encourage our directors to attend annual meetings of our shareholders. All of our director nominees have indicated that they expect to attend the 2008 annual meeting. All of the directors, except Mr. Press, attended the 2007 annual meeting.

The table below indicates the current membership of each committee and how many times the Board and each committee met in 2007:

<i>Audit Committee</i>					

The Audit Committee provides assistance to the Board of Directors in fulfilling its legal and fiduciary obligations in matters involving our accounting, auditing, financial reporting, internal control, and legal compliance functions. The Audit Committee also oversees the audit activities of our independent registered certified public accounting firm and takes those actions it deems necessary to satisfy itself that the independent registered certified public accounting firm is independent of management. Our Board of Directors has determined that Mr. Schumacher, who became the Chairman of the Audit Committee effective September 24, 2004, is an audit committee financial expert as defined by SEC Rules. All of the members of the Audit Committee are independent as defined by NASDAQ and SEC Rules. Because Mr. Gadomski is not standing for re-election, it is expected that Mr. Marchese will be appointed to the Audit Committee immediately following the annual meeting. The Board, upon recommendation of the Audit Committee, has adopted a written Audit Committee Charter which can be found on our website at [www.qualitydistribution.com](http://www.qualitydistribution.com).

*Corporate Governance Committee*

The Corporate Governance Committee identifies, evaluates and recommends potential Board and Committee members. The Corporate Governance Committee also develops and recommends to the Board governance guidelines. The Corporate Governance Committee has adopted a Corporate Governance Committee Charter, which can be found on our website at [www.qualitydistribution.com](http://www.qualitydistribution.com).

*Compensation Committee*

The Compensation Committee determines our compensation policies as well as the forms and amounts of compensation provided to our directors and officers. The Compensation Committee also reviews and determines bonuses for our officers and other employees. In addition, the Compensation Committee reviews and determines stock-based compensation for our directors, officers, and employees and administers our stock incentive plans. The Compensation Committee has adopted a Compensation Committee Charter, which can be found on our website at [www.qualitydistribution.com](http://www.qualitydistribution.com).

*Executive Committee*

The Executive Committee consults with and advises the officers of the Company in the management of its business and exercises the power and authority of the Board of Directors to direct the business and affairs of the Company in intervals between meetings of the Board, subject to certain exceptions.

**DIRECTOR NOMINATION PROCEDURES**

The Corporate Governance Committee determines nominees for director. The Corporate Governance Committee does not have a policy with regard to consideration of director candidates recommended by shareholders. The Company does not believe that it is necessary or appropriate for the Corporate Governance Committee to have such a policy because the By-Laws of the Company provide that directors shall be elected by a plurality of the votes cast by shares entitled to vote at a meeting at which a quorum is present, and the Company is controlled by Apollo and its affiliates, who collectively own a majority of the shares of Quality Distribution.

Generally, nominees for director are identified and suggested by the members of the Board or management using their business networks. The Board did not retain any executive search firms or other third parties to identify or evaluate director candidates for the 2008 annual meeting of shareholders. The Board and the Corporate Governance Committee have not established any specific minimum qualifications that a candidate for director must meet in order to be recommended for Board membership.

**SHAREHOLDER COMMUNICATIONS**

The Company has a process for shareholders to communicate with the directors. For more information, please see the investor relations section of our website at [www.qualitydistribution.com](http://www.qualitydistribution.com).

**APPOINTMENT OF INDEPENDENT REGISTERED CERTIFIED PUBLIC ACCOUNTING FIRM**

The firm of PricewaterhouseCoopers, LLP ( *PwC* ) served as our independent registered certified public accounting firm for 2007. The Audit Committee has selected PwC to serve as our independent registered certified public accounting firm for 2008. We are submitting our appointment of the independent registered certified public accounting firm for shareholder ratification at this annual meeting.

Our Articles of Incorporation and By-Laws do not require that our shareholders ratify the appointment of our independent registered certified public accounting firm. We are doing so because we believe it is a matter of good corporate practice. If our shareholders do not ratify the appointment, the Audit Committee will reconsider whether to retain PwC but may still retain them. Even if the appointment is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that a change in registered certified public accounting firm would be in the best interests of the Company and its shareholders.

Representatives of PwC, who will be present at the annual meeting of shareholders, will have an opportunity to make a statement if they desire to do so, and will be available to respond to appropriate questions.

**OUR BOARD RECOMMENDS A VOTE FOR THE RATIFICATION  
OF THE INDEPENDENT REGISTERED CERTIFIED PUBLIC ACCOUNTING FIRM.**

**REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS**

The Audit Committee reviews Quality Distribution's financial reporting process on behalf of the Board. Management has the primary responsibility for establishing and maintaining adequate internal financial controls, for preparing the financial statements and for the public reporting process. PwC, our independent registered certified public accounting firm for 2007, is responsible for expressing opinions on the conformity of the company's audited financial statements with generally accepted accounting principles and its evaluation of the effectiveness of the Company's internal control over financial reporting.

In this context, the Audit Committee has reviewed and discussed with management and PwC the audited financial statements for the year ended December 31, 2007 and PwC's evaluation of the Company's internal control over financial reporting. The Audit Committee has discussed with PwC the matters that are required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees). PwC has provided to the Audit Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee has discussed with PwC that firm's independence. The Audit Committee has concluded that PwC's provision of audit and non-audit services to Quality Distribution and its affiliates are compatible with PwC's independence.

Based on the considerations and the discussions referred to above, the Audit Committee recommended to our Board of Directors that the audited financial statements for the year ended December 31, 2007 be included in our Annual Report on Form 10-K for 2007.

**SECURITY OWNERSHIP OF****CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information regarding the beneficial ownership of our common stock as of April 1, 2008 (based on shares of common stock outstanding), by:

each person known by us to be a beneficial owner of more than 5.0% of our outstanding common stock,

each of our directors and director nominees,

each of our named executive officers, and

all directors and executive officers as a group.

The amounts and percentage of common stock beneficially owned are reported on the basis of regulations of the SEC governing the determination of beneficial ownership of securities. Under the rules of the SEC, a person is deemed to be a beneficial owner of a security if that person has or shares voting power, which includes the power to vote or to direct the voting of such security, or investment power, which includes the power to dispose of or to direct the disposition of such security. A person is also deemed to be a beneficial owner of any securities of which that person has a right to acquire beneficial ownership within 60 days. Under these rules, more than one person may be deemed a beneficial owner of the same securities and a person may be deemed a beneficial owner of securities as to which he or she has no economic interest. The number of shares of common stock outstanding used in calculating the percentage for each listed person includes the shares of common stock underlying options held by such person that are exercisable within 60 days after April 1, 2008, but excludes shares of common stock underlying options held by any other person.

Except as indicated by footnote, the persons named in the table below have sole voting and investment power with respect to all shares of common stock shown as beneficially owned by them.

**COMPENSATION DISCUSSION AND ANALYSIS**

**General Philosophy**

We are committed to providing a total compensation package that allows us to recruit and retain superior talent and to create a significant direct relationship between compensation and corporate performance. Our Board believes that compensation payable to our executives should provide overall competitive pay and benefit levels and create proper incentives to enhance shareholder value. Our primary compensation policy is that a significant portion of the compensation of each executive officer should be based upon their individual contribution to our financial performance. Thus, a significant portion of the compensation for each executive officer is at risk. We also believe that executive compensation should serve to attract and retain key employees and provide them with incentives to assist us in achieving strategic and financial goals that ultimately enhance the value of our stock.

**Compensation Objectives and Process**

Our compensation program is administered by our Compensation Committee. The primary goal of the executive compensation program is to attract, motivate and retain highly qualified executives to enhance long-term profitability and increase shareholder value by linking significant elements of executive compensation to our operating and financial performance. Pursuant to its charter, the Compensation Committee is responsible for developing our overall compensation policies that seek to achieve these goals through the appropriate balance of cash and equity compensation. The Compensation Committee is responsible for reviewing and approving base salary and equity awards to executive officers, while our annual bonus target and payment ranges for performance below or above the target are approved by the entire Board of Directors as a part of the annual budget process.

Our President and Chief Executive Officer, with the assistance of our Senior Vice President of Administration, recommends annually to the Compensation Committee salary increases and equity compensation awards for our officers. The Compensation Committee is responsible for making final determinations for salary increases and awards to executive officers. Although none of our officers participate in the Compensation Committee's deliberations, the Compensation Committee considers their recommendations. As with salary and equity compensation award decisions, management recommends an annual bonus target and payment ranges. After considering management's recommendations, the Board of Directors approves the annual bonus target and payment ranges.

The Compensation Committee emphasizes pay for performance and believes that when the company exceeds performance goals, executive compensation should reflect the exceptional performance. Conversely, when the company does not meet the targeted business goals, executive compensation should reflect the under-performance. The performance of the executives and their contribution to our success provides the basis for decisions related to the compensation award process. We have a formal performance management program, which measures the executive's individual performance and contributions to the achievement of our strategic initiatives. The executive's base pay increases are linked to the performance management system. Executive's increases as a group in 2007 were in line with company-wide increases.

**Design and Components of Compensation**

The total compensation package provided to each executive officer comprises base salary, cash bonus, equity compensation and other benefits. Each component is specific in its purpose and relevance to meeting the objectives of our executive compensation program. In allocating compensation among these elements, we believe that the compensation of our senior-most levels of management, the levels of management having the greatest ability to influence our performance, should be more performance-based than lower levels of management. Our executive compensation program is designed to compensate the executive for job knowledge, individual expertise and increasing shareholder value through the achievement of short-term and long-term performance.

goals. The cash compensation program provides financial stability and opportunities for higher pay levels tied to performance while the equity based awards provide for recognition of long-term success and alignment with shareholder interests.

While we consider the overall compensation of other transportation companies relevant to our executive compensation decisions, we have not identified a peer group of companies for this purpose or attempted to benchmark the total compensation or any compensation element of our executives to the compensation provided by other transportation companies. Neither the Compensation Committee nor management engaged any compensation consultant during 2007. The Compensation Committee believes that perquisites should be limited in scope and value, and we generally do not provide significant perquisites or personal benefits to our executive officers.

Our President and Chief Executive Officer, Chief Financial Officer, our former Chief Executive Officer, and three other most highly-compensated executive officers during the year ended December 31, 2007 are described as Named Executive Officers in this proxy statement and detailed information regarding their compensation is provided below. All but one of our Named Executive Officers have entered into employment agreements with us since the beginning of 2004. Four of these Named Executive Officers were not employed by us prior to executing employment agreements with us. We consider the employment agreements resulting from our discussion with these individuals to be highly reliable indicators of compensation that was competitive at the time of execution for such positions with companies such as us. An annual bonus target and minimum base salary for each of the Named Executive Officers has been established under his respective employment agreement. Our President and Chief Executive Office and our Chief Financial Officer are also entitled to annual stock compensation awards under their employment agreements. The base salaries and annual bonuses for other executive officers are also determined in accordance with their employment agreements and the compensation policies outlined in this Compensation Discussion and Analysis.

Based on the foregoing, the overall compensation eligibility of our Chief Executive Officer for 2007 was \$744,244 (excluding certain stock compensation, which we discuss below). We believe that the targeted overall compensation for our Chief Executive Officer for 2008 will remain at approximately \$745,000. The following table demonstrates the approximate mix of compensation eligibility for Named Executive Officers for 2008:

	Base Salary	Bonus Target	Equity Target
President and Chief Executive Officer	46%	37%	17%(1)
Chief Financial Officer	60%	21%	19%(1)
Senior and Executive Vice Presidents	68%	20%	12%

(1) Includes grants required under employment agreement.

***Changes in Management***

Under a board-approved succession plan, Gary Enzor assumed the role of Chief Executive Officer from Gerald L. Detter effective June 14, 2007. Pursuant to Mr. Enzor's accession, his base salary was increased to \$350,000 per annum, his maximum bonus eligibility was increased to eighty percent of his base salary and his severance payment period was increased to two years in order to reflect Mr. Enzor's higher position, service and responsibility. These increases made Mr. Enzor's salary and bonus eligibility more comparable to Mr. Detter's former salary and bonus, but the amounts are less because Mr. Detter was an experienced CEO and Mr. Enzor has not previously served as one. Additionally, Mr. Enzor was granted 40,000 shares of restricted stock. Mr. Gold's salary and bonus eligibility were increased upon his promotion to Senior Vice President, General Counsel and Secretary effective April 1, 2007. In addition, he was granted 20,000 options.

**Base Salary**

Base salary is generally the fixed-cash portion of executive officers' compensation payable in even installments throughout the year. Generally, base salary levels are assigned to positions based on job responsibilities, personal performance, historical salary levels for that position, contractual minimum requirements and an informal review of salaries paid by similar enterprises for similarly situated employees. Each of our Named Executive Officers has an employment agreement that provides for a minimum base salary payable in cash. For certain of our Named Executive Officers, minimum base salary levels were determined when they were recruited to accept certain key positions after consideration of, with no specific weighting, the importance of the position being filled, the experience and background of the candidate, the level of compensation required to induce the executive to leave his then current position and the compensation paid historically to executives recruited for that position. When approving base salary levels, the Compensation Committee considers each person's value based on his or her contributions to the organization. In early 2007, the Compensation Committee increased the base salaries of the Named Executive Officers as part of company-wide salary increases of three to four percent. The only additional increases occurred when Messrs. Enzor and Gold assumed positions of greater responsibility.

**Annual Bonus**

Individual bonus awards are a function of an executive's bonus eligibility and the applicable annual bonus plan. While the bonus plan is overseen by the Compensation Committee, annual bonus targets are recommended by management and approved each year by the Board as part of its annual budgeting process.

The annual cash bonus eligibility in 2007 for each of our Named Executive Officers as a percentage of their base salary was as follows:

<b>Named Executive Officer</b>	<b>Bonus Eligibility</b>
President and Chief Executive Officer	80%
Chief Financial Officer	35%
Senior and Executive Vice Presidents	30%

The percentage of base salary that Messrs. Page, Copeland and Gold are eligible to receive is set by their respective employment agreements. Mr. Enzor's annual cash bonus eligibility was increased from 60% to 80% of his base salary upon his appointment to Chief Executive Officer. This percentage is similar to the percentage eligibility of our former Chief Executive Officer. Mr. Leslie's bonus eligibility derives from his position as Executive Vice President. Mr. Gold's bonus eligibility was increased in connection with his promotion inline with the bonus eligibility of all of our Senior Vice Presidents.

The annual bonus plan for 2007 in which most of our executives, including the Named Executive Officers, participated provided for executive bonuses that were determined based upon the executive's level of base compensation and the achievement of our adjusted earnings per share (EPS) thresholds. EPS thresholds directly link the annual cash bonus to our overall financial and operating performance. We believe an annual bonus linked to EPS helps us achieve our objective to retain highly qualified talent and increase shareholder value by linking executive pay and company performance. For 2007, all of the executives could achieve 100% of their bonus eligibility if we achieved adjusted EPS of \$1.00 per diluted share based on the plan as indicated in the table below.

Adjusted EPS	Bonus % Payout	Adjusted EPS	Bonus % Payout	Adjusted EPS	Bonus % Payout	Adjusted EPS	Bonus % Payout
0.85	0.0%	0.93	53.0%	1.01	106.5%	1.09	160.0%
0.86	6.5%	0.94	60.0%	1.02	113.0%	1.10	166.5%
0.87	13.0%	0.95	66.5%	1.03	120.0%	1.11	173.0%
0.88	20.0%	0.96	73.0%	1.04	126.5%	1.12	180.0%
0.89	26.5%	0.97	80.0%	1.05	133.0%	1.13	186.5%
0.90	33.0%	0.98	86.5%	1.06	140.0%	1.14	193.0%
0.91	40.0%	0.99	93.0%	1.07	146.5%	1.15	200.0%
0.92	46.5%	<b>1.00</b>	<b>100.0%</b>	1.08	153.0%		

The above bonus plan was aggressive given the difficult business climate we were in during the time in which the plan was approved by the Board. For 2007, we generated a net loss per diluted share which resulted in no bonus being paid to any of the named executive officers.

#### *Equity Compensation*

Equity incentives are a key component of at-risk compensation and are intended, in general, to help further our growth and success by permitting our executive officers, employees and directors to acquire shares of common stock, thereby increasing their personal stake in the company's growth and success, to help further link the interests of award recipients with those of our shareholders and to reward outstanding contributions by the award recipients. In order to meet the motivation and retention objectives of the compensation program, we provide equity incentives to executives and other key employees through the grant of stock options and restricted stock under the 2003 Stock Option Plan and the 2003 Restricted Stock Incentive Plan.

We have generally awarded equity compensation to our employees through stock options and restricted stock awards. We also awarded stock units to our former Chief Executive Officer under the terms of the employment agreement that he negotiated to join our company. For options, we determine the fair value based upon the Black-Scholes option pricing model. For restricted stock, we determine the fair market value based upon the closing price of our stock on the day of determination.

With the exception of significant promotions, new hires and employee contracts, we generally make these awards effective on the first trading day of the year. These grants are generally approved in December of the prior year and are issued on the first trading day of the new year (e.g. January 3, 2007 and on January 2, 2008). This timing has been selected because it reflects past historical awards. The Compensation Committee's schedule is determined several months in advance and the proximity of any awards to earnings announcements or other market events is coincidental. The Compensation Committee approves all stock option awards.

**Restricted Stock:** Under the terms of our 2003 Restricted Stock Incentive Plan, restricted stock issuances to persons initially receiving a grant generally vest by December 31, 2008 regardless of when issued. The vesting periods for other grant recipients are at the discretion of the Compensation Committee. Of the Named Executive Officers, only Mr. Leslie and Mr. Copeland were initial recipients. In subsequent years, participants in the plan may be granted an annual, aggregate amount of up to \$1 million of shares, valued at our common stock closing

price at the date of grant, at the direction of the Board of Directors. No more than 700,000 shares of common stock and no more than \$7.5 million of stock may be issued under this plan.

Except for the awards described below, awards under the Restricted Stock Incentive Plan are discretionary. The Compensation Committee has limited discretionary awards of restricted stock to our executives in the past because it believes that stock options provide better incentives to executives. However, in keeping with our focus to attract highly qualified professionals, we agreed to make annual grants of restricted stock to Messrs. Enzor and Page when we hired them. Under their employment agreements, Mr. Enzor and Mr. Page are entitled to receive \$50,000 and \$35,000 of restricted stock, respectively, based on the closing price of our stock on the anniversary of the effective date of their employment agreement. In addition, Mr. Enzor was issued 40,000 shares of restricted stock upon his appointment to Chief Executive Officer. The Compensation Committee does award restricted stock to directors regularly as a part of their compensation.

**Stock Options:** The Compensation Committee believes that stock options provide a means to help further align the interests of management and our shareholders and as a tool to retain qualified and talented employees. Options with an exercise price no less than the market value of the underlying stock on the date of grant provide for executives to participate in stock price increases that benefit our shareholders while maintaining an element of risk in the event our stock price does not increase. We currently maintain two stock option plans, the 1998 Stock Option Plan and the 2003 Stock Option Plan, although awards have not been issuable under the 1998 Stock Option Plan since 2003. The 2003 Stock Option Plan provides for the grant of nonqualified stock options. The number of shares available for issuance under this plan automatically increases on January 1 of each year commencing with January 1, 2004 unless otherwise determined by the Board of Directors. The increase is 2.5% of the outstanding shares as of December 31 of the prior year. No more than 6,500,000 shares of common stock may be issued under the 2003 Stock Option Plan. The exercise price of each option will be no less than the market value of the underlying stock on the date of grant of the award.

Over the last two years, the Compensation Committee has utilized vesting schedules for stock option grants that the Compensation Committee believes will make the stock option awards an effective tool for employee retention, in addition to rewarding employees for increases in shareholder value. The Compensation Committee granted awards on the first business day of 2008 that vest 33% on the second, third and fourth anniversaries of the grant date. The Compensation Committee granted awards on the first business day of 2007 that vest 50% on the third and fourth anniversaries of the grant date. On the first business day of 2006, options awarded generally vested ratably over four years.

In deciding whether, when and how many stock options to award, the Compensation Committee considers a number of factors, including the recipients' total compensation packages, existing equity ownership, the potential dilutive effects of the grants, respective executive accountability levels, future potential stock values, creation of proper incentives to enhance our long-term performance and the executives' respective contributions towards the achievement of company goals and objectives.

#### ***Retirement Plans***

We maintain a 401(k) plan, which is generally available to employees including our Named Executive Officers. Our 401(k) plan allows executives and other participants to defer income taxation on a portion of their compensation, subject to IRS regulations. We believe that a 401(k) plan with a matching feature is common for companies of our size and therefore essential to maintaining a compensation package competitive with other potential employers. We make a contribution equal to \$0.34 for each dollar that an employee contributes to the plan through salary deferral. The maximum deferral that may be matched is 6% of each employee's salary. Differences in amounts of our 401(k) contributions reflected in the Summary Compensation Table reflect the contribution decisions of individual officers rather than a decision to treat employees disparately.

In addition, we have a Key Employee Deferred Compensation Plan. Our initial deferred compensation plan was established in 2001 to allow executives who might desire to save far more for retirement than possible under our 401(k) plan and to save in a tax-effective way at minimal cost to us. In 2005, we adopted a new deferred

compensation plan in order to address changes in the Internal Revenue Code since 2001, particularly the adoption of Section 409A, because we believed that we should continue an existing benefit for qualifying participants. The deferred compensation plan allows participants to defer payment of a portion of their salary or bonus. Amounts deferred are reflected by us as bookkeeping accounts in the name of each participant. The plan is an unfunded, unsecured and nonqualified deferred compensation arrangement. We may credit the account of any participant with additional contributions in our discretion, which amounts vest over four years. We have not made any contribution to any participant since the initial plan was established in 2001. In addition, we are obligated to credit the account of each participant with interest at a rate determined by the Compensation Committee. The interest rate paid under the Key Employee Deferred Compensation Plan for 2007 was set when the plan was established in 2005. This rate is 12% for senior executives and 5% for all other participants. Amounts credited under this plan must be paid by us six months after the termination of a participant's employment.

#### ***Pension Plans***

We maintain two noncontributory defined benefit plans resulting from a prior acquisition that cover certain full-time salaried employees and certain other employees under a collective bargaining agreement. Retirement benefits for employees covered by the salaried plan are based on years of service and compensation levels. The monthly benefit for employees under the collective bargaining agreement plan is based on years of service multiplied by a monthly benefit factor. One of the Named Executive Officers participates in one of these pension plans because he served as an officer of the acquired company from which the plans were assumed.

#### ***Perquisites and Other Benefits***

Senior management also participates in our other benefit plans on the same terms as other employees. These plans include medical and dental insurance and life insurance. The Compensation Committee believes that perquisites should be limited in scope and value, and we generally do not provide significant perquisites or personal benefits to our executive officers. The sole perquisite currently provided to our continuing executive officers is additional group term life insurance for senior managers at or above the level of senior vice president.

#### **Tax Treatment**

The Compensation Committee believes that it is generally in the company's best interests to satisfy the requirements for deductibility under Section 162(m). Accordingly, the Compensation Committee has taken actions it believes appropriate to preserve the deductibility of compensation. However, notwithstanding this general policy, the Compensation Committee also believes that there may be circumstances in which the company's interests are best served by maintaining flexibility in the way compensation is provided, whether or not compensation is fully deductible under Section 162(m). Current base salary and anticipated bonus levels are not expected to exceed the Section 162(m) deduction limit. Compensation relating to stock option, restricted stock and stock unit awards may exceed the Section 162(m) deduction limit.

### **SEVERANCE AND CHANGE IN CONTROL BENEFITS**

Our Named Executive Officers' employment agreements may require us to make payments and provide benefits to these executives in the event of a termination of their employment or of a change in control. In addition, the Named Executive Officers have the rights available to all recipients of awards under our stock incentive plans.

#### **Severance**

We generally do not pay severance to our employees. However, each of the Named Executive Officers has an employment agreement that provides for severance if the employment of the executive is terminated by us without cause or if the executive resigns for good reason. Good reasons include, but are not limited to:

a material diminution of duties,

a material breach by QDI of its contractual obligations, or

an involuntary relocation by more than 50 miles from Tampa, Florida.

The following represents the estimated value of all amounts receivable by each Named Executive Officer assuming termination under the foregoing circumstances on December 31, 2007, excluding base salary and bonuses earned through the termination date and any vested equity awards:

	Base Salary	All Other(1)	Acceleration of Equity Awards(2)	Total
Gary R. Enzor	\$ 643,326	\$ 23,171	\$ 263,225	\$ 929,722

(1) Consists of health insurance premiums payable.

(2) Amount determined by multiplying the number of shares underlying any awards that accelerate by \$4.44, the closing price of our common stock as reported on the NASDAQ Global Market on December 31, 2007, the last trading day of the year.

For Messrs. Enzor and Page, the receipt of any payment or the vesting of any options are contingent upon their execution of a waiver of claims against the company. Messrs. Enzor and Page are also subject to noncompete agreements that preclude them from engaging in the bulk trucking business, trans-loading or bulk tank cleaning business in any geographic area in which we participated in those businesses during the 24 months prior to their termination date. The length of term of the noncompete covenants for Mr. Enzor is 12 months and for Mr. Page is 18 months.

Named Executive Officers are not entitled to any amounts other than those earned through the date of termination in the event their employment is terminated for cause or if they terminate their employment without good reason. In addition, if any restricted stock award recipient, including any Named Executive Officer, is terminated for cause, then we have the right to repurchase shares of common stock under the awards that have vested at a per share price equal to the lesser of the fair market value of such shares on the termination date or the actual, per share, cash consideration paid, if any, by the award recipient for the shares.

### Change in Control

Our senior management and other employees have built QDI into the successful enterprise that it is today, and we believe that it is important to protect them in the event of a change in control. Further it is our belief that the interest of shareholders will be best served if the interests of our senior management are aligned with them, and providing change in control benefits should eliminate, or at least reduce, the reluctance of senior management to pursue potential change in control transactions that may be in the best interests of shareholders. Relative to the overall value of QDI, those potential change in control benefits are minor. The cash component of change in control benefits for our Chief Executive Officer and Chief Financial Officer are the same as if we terminate their employment without cause or they terminate their employment for good reason or, if greater, the benefits provided to any executive at a comparable level as a change of control benefit. Further, a change of control by itself does not trigger any benefit to the executive. Rather, the executive is entitled to cash benefits only if a termination of the executive's employment without cause or a resignation by the executive for good reason occurs within one year of such change of control.

Under the terms of the 2003 Restricted Stock Incentive Plan and the 2003 Stock Option Plan, any unvested shares of restricted stock and options held by any award recipient automatically vest upon the first anniversary of a change in control or the earlier termination of the employment of the award recipient, unless employment is terminated for cause in either case.

If a change in control occurred on December 31, 2007 and the employment of each Named Executive Officer was terminated on such date, then each Named Executive Officer would have received the cash benefits

described above and the value of equity award acceleration provided that the amount determined by multiplying the number of shares underlying any awards that accelerate by the closing price of our common stock as reported on the NASDAQ Global Market on December 31, 2007 and subtracting the aggregate purchase price, if any, required to obtain such shares. Since our closing price at December 31, 2007 was \$4.44, which is below any aggregate purchase price of the underlying shares, the value of any equity award acceleration is zero at December 31, 2007.

**Narrative Disclosure**

Our Named Executive Officers ( *NEOs* ) all have employment agreements that govern their base pay and non-equity incentive plan compensation. All of our NEOs, were granted small increases in their salaries effective January 1, 2008. During 2007, the Compensation Committee granted stock options to all NEO s except Mr. Detter.

On June 14, 2007, QDI entered into an agreement with Mr. Detter to change his role from Chief Executive Officer of the Company to Advisor to the Chief Executive Officer. Mr. Detter s employment agreement was modified to provide for a new salary of \$10,000, without bonus, over a term continuing until July 13, 2007. Upon the termination of his employment as Chief Executive Officer, Mr. Detter forfeited 7,050 stock units not vested under the terms of his existing stock unit grant agreement, but received a grant of an equivalent number of shares of restricted stock under the 2003 Restricted Stock Incentive Plan. The restricted stock so granted will vest annually over three years. The Board also determined to pay Mr. Detter annual fees of \$90,000 for his service as Chairman of the Board of the Company. Mr. Detter continues to serve as Chairman of the Board and a director of the Company.

**Gary R. Enzor.** On November 3, 2004, QDI entered into an employment agreement with Gary R. Enzor to perform the duties of Executive Vice President and Chief Operating Officer with a base salary of \$250,000. The employment agreement became effective December 13, 2004. The agreement included an incentive bonus of up to 45% of his annual salary based upon pre-determined performance standards subject to the discretion of our Board of Directors. The agreement provides for employment at will. Mr. Enzor was granted options covering 200,000 shares of QDI stock at a per share exercise price of \$5.15 per share, which was the closing price on the NASDAQ Stock Market on November 3, 2004. Mr. Enzor was granted \$50,000 in value of restricted stock (based on the closing price) in 2004, 2005, 2006 and 2007, based on the grant date fair value on the date of grant. In addition, upon each subsequent anniversary of Mr. Enzor s employment (through 2009), he will be granted \$50,000 worth of restricted stock at the then fair market value per share. The options and grants of restricted stock vest in equal annual installments over four years.

On November 9, 2005, QDI appointed Mr. Enzor as its President. In connection with Mr. Enzor s appointment as President, his salary under his Employment Agreement dated November 3, 2004 was increased to \$285,000 from \$250,000 per annum and he became eligible to receive an annual cash bonus up to 60% of his base salary, rather than 45%, beginning with the 2006 fiscal year. The other terms and conditions of Mr. Enzor s existing employment agreement remain in effect. Mr. Enzor was also granted stock options covering 25,000 shares of common stock of the Company at an exercise price equal to \$6.68, the closing price of the Company s common stock on NASDAQ Stock Market on November 9, 2005, which vest ratably over four years.

Mr. Enzor will also be entitled to receive his base salary for two years, instead of one year and to continue medical and other benefits if his employment is terminated without cause or if he resigns for good reason. The other terms and conditions of Mr. Enzor s existing employment agreement remain in effect. Mr. Enzor was also granted 40,000 shares of restricted stock.

**Timothy B. Page.** On November 4, 2004, QDI entered into an employment agreement with Timothy B. The options vest in equal annual installments over four years.

**Gerald L. Detter.** QDI entered into an employment agreement with Gerald L. Detter dated June 5, 2005, to perform the duties of President and Chief Executive Officer. The employment agreement provided for a three-year term with an automatic extension on each anniversary date, unless Mr. Detter or QDI gave notice that the term would not be so extended. Mr. Detter resigned as our Chief Executive Officer. At that time Mr. Detter entered into a letter agreement with the Company, pursuant to which he agreed to serve as an advisor to the Company through July 13, 2007 for a salary of \$10,000. Pursuant to the letter agreement, Mr. Detter also received 7,050 shares of restricted stock granted to Mr. Detter on July 13, 2007. Vesting of these restricted stock shares is contingent upon his future service as a director. Following his retirement on July 13, 2007, Mr. Detter was appointed as the Chairman of the Board, for which he receives annual fees equal to \$90,000.

Under his employment agreement, Mr. Detter was entitled to receive a base salary of \$450,000 per year (comprised of \$400,000 in cash and \$50,000 in stock units). Mr. Detter received a salary of \$200,000 in cash in 2007 prior to his resignation on June 14. Mr. Detter received the other normal benefits accorded employees or executive officers of the Company plus a car allowance.

Mr. Detter also received 3,858 stock units on June 3, 2006. The 300,000 share Stock Unit grant fully vested on December 31, 2006. Each annual grant vested 14.2% on December 31 of the year in which such annual grant is made and 28.6% on December 31 of each successive year until fully vested. Pursuant to the letter agreement, Mr. Detter forfeited 3,311 unvested stock units upon his resignation as an employee on July 13, 2007.

In addition, upon execution of his employment agreement, Mr. Detter was granted options covering 250,000 shares of the Company's common stock at an exercise price \$7.65, which was equal to the closing price of the Company's common stock on the NASDAQ Stock Market on June 3, 2005. The options vest ratably over three and a half years provided that Mr. Detter continues to serve as an officer or director of the Company.

Each of these employment agreements provides for severance if the employment of the executive is terminated without cause or if the executive resigns for good reason. These benefits are discussed in greater detail above.

- (1) The Revised Retirement Plan for Employees of Chemical Leaman Corporation and Affiliated Corporations (the *Pension Plan*) is a noncontributory defined benefit plan covering noncollective bargaining employees from Chemical Leaman Corporation and affiliated corporations (*CLC*). QDI assumed the Pension Plan in connection with its acquisition of CLC in 1998. Employees with five or more years of credited service are entitled to receive monthly benefits beginning at normal retirement age (65), equal to 1.25% of their average earnings multiplied by their years of benefit accrual not to exceed 40 years. Pension benefits are adjusted to reflect increases in cost of living and spousal elections. The Pension Plan permits early retirement at age 55 with five years of service with reduced benefits. Upon termination of employment with five or more years of credited service, the retirement benefit is fully vested with payments being deferred until retirement date. Employees become 100% vested in the Pension Plan benefits after completion of five years of credited service. The assumptions used in determining the present value of the accumulated benefit consisted of a discount rate of 6.25% and retirement payments for 18 years beginning at attained age 65.
- (2) The years of credited service represent the service accumulated to the benefit accrual freeze date of June 30, 1999. No additional service has been, or is expected to be, accrued after that date.

- (1) Under the Key Employee Deferred Compensation Plan participants may defer payment of such portion of their base salary or cash bonus and there is no numeric limit. Amounts deferred are reflected by us as bookkeeping accounts in the name of each participant. The plan is an unfunded, unsecured and nonqualified deferred compensation arrangement. We may credit the account of any participant with additional contributions in our discretion, which amounts vest over four years. No such contributions were made in 2007. The interest rate paid under the Key Employee Deferred Compensation Plan for 2007 for senior executives was 12% for senior executives. The distribution of a participant's vested interest amount is paid following the earlier of (a) his severance from the company; (b) the later of the date the participant attains age 65 or completes ten years of participation in the plan; or (c) upon a participant's death.
- (2) Contributions of \$12,404 by Mr. Copeland were reported as salary in Summary Compensation Table for 2007

There are not currently any compensation committee interlocks between us and other entities involving our executive officers and Board members who serve as executive officers or Board members of such other entities.

**CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS**

Two of our customers (Hexion Specialty Chemicals and Momentive Performance Materials) are controlled by Apollo. Revenue from these two customers was \$15.9 million, \$10.8 million and \$5.5 million in 2007, 2006 and 2005, respectively. All pricing with the companies controlled by Apollo were based on market rates, including such factors as total expected revenue to be generated by the customer, number of loads to be hauled and the number of miles to be driven.

**Company Policy Regarding Transactions with Related Persons**

Quality Distribution has a written Code of Conduct for its executive officers, directors and employees. While the Board of Directors is ultimately responsible for the implementation of the Code, the Audit Committee and the Senior Vice President Administration have been designated to administer the Code. Quality Distribution's Code seeks the avoidance of not only actual, but also potential and apparent conflicts of interest, and it requires the disclosure of relevant facts not only from persons with a potential conflict of interest, but also others that learn of the potential conflict of interest. Persons reporting suspected violations in good faith are assured that they will not be subject to retaliation of any kind.

The Code of Conduct establishes principles of conduct in lieu of rigorous procedures. However, the Chairperson of the Audit Committee is responsible for administering the Code with respect to directors and executive officers. Transactions with related parties that are reportable in this Proxy Statement fall within the ambit of Quality Distribution's Code of Conduct and require written approval. In addition, they and other conflicts of interest are required to be fully disclosed and considered prior to their resolution.

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires our directors, executive officers and holders of more than 10% of the Company's common stock to file with the SEC reports regarding their ownership and changes in ownership of our securities. The Company is not aware that, during 2007, any of its directors, executive officers and 10% shareholders failed to timely file any reports required to be filed by Section 16(a) of the Exchange Act. In making these statements, the Company has relied upon examination of the copies of Forms 3, 4, and 5, and amendments thereto, provided to the Company and the written representations of its directors, executive officers and 10% shareholders.
