Item 8.01 Other Events

2009 General Rate Case Decision

On March 12, 2009, the California Public Utilities Commission (CPUC) issued a final decision in Southern California Edison Company's (SCE) 2009 General Rate Case. SCE is a subsidiary of Edison International. The decision authorized a base rate revenue requirement of \$4.829 billion for 2009. The CPUC also authorized a methodology for calculating post-test year revenue requirements that would result in an approximate revenue requirement of \$5.035 billion in 2010, and \$5.254 billion in 2011. Based on the approved revenue requirements, SCE forecasts its total capital expenditures for the period 2009 to 2013 to be in the range of \$16.7 billion to \$20.4 billion, of which \$2.8 billion to \$3.4 billion would be spent in 2009.

The decision is retroactive to January 1, 2009. The balance in the account established to record the recovery of the authorized rate increase since that date will be recovered in rates over the next 12 months.
