Dear CME Member and B-1 Shareholder,

We are a diverse group of market participants. As such, we play necessary and vital roles in the success of our markets and the CME Group. Responsibly exercising our B Share voting privileges is one of our vital roles that contributes to that success.

In an attempt to secure your vote, and in keeping with the times, I have created the campaign website, www.CMEvote.com. The website contains a statement from me in video form, contact and resume information, and a link to the Proxy Vote web site where you can quickly cast your vote online.

I believe you will find my 30 years of broad exchange and industry experience are well suited to meet the needs of our Board at this time.

I welcome your comments and look forward to working with you to secure our continued success.

Sincerely,

/s/ Jeffrey M. Bernacchi

The following is the transcript from the video available on the foregoing Web site.

(Bottom Banner showing: Jeff Bernacchi, CME Member, Candidate - CME Group Board of Directors)

Hi. I'm Jeff Bernacchi. I am seeking your vote to be your CME Class B-1 representative to the CME Group Board of Directors.

I've entered this election because I believe in the importance of refreshing our board with new energy and new perspectives. I hope to bring my broad experience and endless passion for our exchange and our membership to my work as a director of our Board.

I believe strongly that the interests of all constituent groups need to be considered in all decisions.

I believe in the importance of maintaining the lowest clearing rates possible for members and member firms.

I'd like to see improved communication between the board and our membership.

(Chart of stock price at \$700, Weekly postings showing CME trading rights at \$1,575,000)

In recent years, CME Group shareholders and members have enjoyed much success; and the prices of both our trading rights and our stock have reflected that success.

(Shot of chart of CME Group Class A Shares at \$150, ELX headline, and ICE CDS headline)

But the challenges of the last year should stand as a clear reminder that competition and change never abate.

Because we are experiencing a period of particularly rapid change, I'm confident that my long and broad industry experience will allow me as your representative to be an asset to you, and to our Board.

(Bottom Banners showing: Former Filling Broker and Principal of a Broker Group, Trader and Former Principal of a Trading Group, A Lessor and Lessee of Memberships, Pit and Electronic Trader)

I know that the success of the CME Group and of each of us depends upon the success of all our groups of stakeholders. Customers, Shareholders, FCMs and brokers, Corporate Equity Members and proprietary trading groups, individual traders, both on the floor and off, lessors and lessees all must find value in their relationship with our exchanges. No one group can thrive if we don't all thrive.

(Bottom Banners showing: Currently Trading from Office, Principal of an IB, AP of an FCM)

While I currently trade my own accounts from my office, I am also the principal of an IB, an AP of an FCM, and I have personally performed many of the roles our members play.

I believe I can fairly represent your multiple interests and perspectives.

My enthusiasm for our exchange has existed from the time I first saw it from the visitors' gallery at age 17.

(Bottom Banner showing: 1979 BA DePauw University, Economics Major, 1982 MBA University of Chicago,

Graduate School of Business)

After two summers clerking on the trading floor, I enrolled in the MBA program at the University of Chicago. I began my career full-time at the CME in December 1978. I've been very fortunate to have had the opportunities for success I've experienced as a member of the Chicago Mercantile Exchange.

The Exchange, in turn, has been fortunate to have benefited from the leadership of the many talented directors who've served our Board. But, I think you'll agree that periodically electing new participants to the CME Group Board of Directors can bring fresh perspectives and can enhance the effectiveness of our Board and the success of the CME Group.

On March 30, 2009, the following letter was distributed on behalf of Class B-1 nominee, Bill Salatich:

William G. Salatich, Jr.

sal@cmegroup.com

Director, CME Group Inc.

312-930-8014

Dear Fellow B-1 Shareholder,

March 1, 2009

The two main drivers determining membership value remain member rates and the exchange requirement that firms must own a specified number of memberships to provide clearing services. Throughout the years, as your voice in the boardroom, I have been vigilant these drivers are not diluted as we rely on our members to provide the liquidity that is invaluable to our exchange. In addition to these two universal equity drivers, I recognize B Shareholders of today are more diversified than ever before. It is important to understand how interests vary, how value is perceived differently.

Investment in technology is important to the **electronic trader**. Additional value is found in reliability and speed. The Globex platform must be second to none. I have supported technology as our top priority. Having the best electronic platform involves not only spending money on research and development, but also attracting the most qualified people to do the job.

Technology is important to the **floor population** as well, they must be able to compete with the box. In addition, those on the floor find value in sight lines, communications, pit and booth space. Open outcry continues to be viable and its core rights need preserving. I have been a floor trader/broker since 1975 and fully understand the needs and interests of all on the trading floor. ***I am on the floor everyday. I believe there is value in having your director be from the floor.***

Clearing members find value in our clearing house, our central counterparty clearing model, which functions second to none. There was not a ripple in operations when Lehman Brothers went bankrupt with over one trillion dollars of notional value on our books.

Innovation has been a hallmark at CME. The electronic trader, the floor population and the clearing member understand the need for markets which serve the world. We have and will continue to produce world class products for our members and customers.

Value, therefore, is defined by need as well as dollars. **B-1 Shareholders who lease** their trading right understand and embrace the values of all.

CME Group is the leader in global financial marketplaces. Our talented management team combined with the knowledge and diversity of our board makes CME well positioned to embrace the challenges before us. The anxious and changing economic landscape is being met with focus and resolve. Our operating and financial performance is sound. The mergers and acquisitions of recent years speak well of the vision of management and the board. Even with the marked decline in Eurodollar volume, year over year CME Group has continued to increase overall volume and make money. No one could have predicted near zero interest rates for an extended period of time. When rates begin to rise, and they will, volumes will increase dramatically. CME's entry in the OTC markets is just beginning. Our business plan is sound, our vision is clear. Make no mistake, we are well positioned for the future.

Strategic planning remains paramount. As Chairman of our Marketing and Public Relations Advisory Committee, I, as well as the members of my committee, have contributed to this strategic effort.

Initiatives from this committee will tell the world how CME Group has preformed masterfully where others have failed miserably. I wish to remain and continue to contribute to this effort.

I have enjoyed the challenge of the job and have worked well with fellow board members and our management team. I am experienced and remain enthusiastic to serve. I wish to continue to represent your interests. I respectfully ask you for the opportunity to continue to be your voice. Please cast your vote for **Bill Salatich (SAL)** in this year's election.

Sincerely,

/s/ William G. Salatich

Dear Fellow Member,

Today this letter comes to you by way of introduction. An important event in our lives is approaching. On May 13th, 2009 you will have the opportunity to elect one of your peers to fill the esteemed position of IMM Division Board Member.

My name is Tim Lattner and I am asking for your support. You may recognize my badge, LTT, from my 23 years of active membership with the CME. It has been my honor throughout these years to participate in numerous exchange committees, serving its needs with passion and dedication.

My story and qualifications start with the Chicago Trolley Company. This was a small business that originally employed 25 people operating eight used trolley cars. Over the years, Chicago Trolley evolved into a thriving enterprise that ultimately boasted over 150 employees and nearly 100 vehicles. This amazing life experience along with many others has taught me the value of working with people and provided me the opportunity to oversee challenging situations in a clear and forthright manner. As a floor trader, I learned the importance of listening to issues and concerns and assisted in reaching fair and equitable solutions by committee. Communication has always been a stalwart attribute of my success. It is a necessary component that must be achieved when confronting the demands of properly handling a successful and vibrant business. It is this core value that I wish to bring to the Board through my desire to work closely with all of the trading communities.

I approach this distinct honor to serve you with absolutely no hidden agendas. I can provide an unbiased and healthy perspective that will foster growth and prosperity in all trading communities. The CME Group 's most valuable assets are its ability to allow all trading groups the opportunity to compete and succeed. Just as the markets remain transparent and continue to evolve, I too subscribe to a position of ethics and uncompromised openness.

We must persevere to establish no hidden agendas through dynamic leadership that represents the good of all shareholders. It is my promise to you that you will find in me a tireless and passionate candidate dedicated to serving your needs on and off the trading floor. We desperately need positive change to benefit all CME Group shareholders and its members. With your support we will achieve this goal and much more. Today I ask for your vote. Tomorrow I offer you my dedicated service and unparalleled commitment to the good of us all. Thank you for your consideration.

Sincerely,

Timothy A. Lattner LTT

Dear Fellow Class B-2 Shareholder:

Once again, I seek your support and vote for the election to the Board of Directors of the CME Group Inc.

I have had the privileged opportunity to serve you for the past six years as your representative on the Board of Directors. This past year has been challenging with the unprecedented financial turmoil in the equity and credit markets, regulatory and legislative issues, and the completed mergers of the NYMEX and the CBOT.

As we enter a new year, many of the global economic problems are still working their way through the system. As we go forward, I feel that we are well positioned to be the product of choice for institutions, speculators, funds and investors. Our diverse product mix, will allow CME Group to lead the way when the economy recovers.

Our market 's transparency and the security of a centralized clearing house, which is designed to all but eliminate counterparty risk, will be the market place of choice for confidence and trust in the world of finance. I believe that investors and legislators will demand the transparency the CME Group has to offer and that will lead to an increase in shareholder values as our business model becomes the venue of choice for the future.

Now is not the time to rest on our past laurels. It is the time for us to take stock of what we have accomplished and build from there. I believe that we need to address the following issues:

Proprietary Group Trading- We need to continue to promote our ability to grow organically. Proprietary Trading Groups accounted for approximately 34% of the exchange 's trading volume in CME and CBOT products in the fourth quarter of 2008 and I believe that a realistic goal would be to continue to grow their trading volumes significantly.

Funds: Hedge and Mutual Funds- We should target our marketing efforts to hedge and mutual funds highlighting our transparency and central party clearing to restore confidence in the financial markets to their clients.

Global Positioning- Through our Strategic Partnerships around the world we are in a strong position to take advantage of a new wave of customers and international products.

Cross Sell to NYMEX Customers and Vice Versa-Cross marketing of our products to NYMEX customers and the marketing of NYMEX products to our customers is a natural way to increase our volume.

Our presence, in the NYMEX building, allows us to market and sell the opportunities of our memberships to trading groups in the New York City area to become Corporate Equity Members of our exchange. (See attachment Creating Global Demand).

Legislative Issues- More than ever, it is important to tell our story to Congress. I have served as Vice-Chairman of the CME PAC and have hosted many of the Congressional visits through the past years. The transaction tax, regulatory agencies mergers, and the allegations of speculators causing volatility will be more pressing than ever before.

During my service on the Board, I always attempted to be open-minded, logical, rational, and above all fair. My previous terms on the Board and many various committees, have given me the experience and leadership qualities required for the position (see attached resume). I pledge to you my time, dedication, and commitment to serving this exchange. I will continue to live in the city during the week for the term of the directorship. This will make me accessible to you, the shareholder, at any time of the day or night. I will also be on the trading floor and can be reached by phone at 312-604-6114 or cell at 312-714-5907.

The future profitability of CME Group can only be limited by our own imaginations. I am committed to help discover and develop unique and challenging business opportunities that will benefit all shareholders. I encourage you to seek me out, just as I will be contacting you prior to the election, reading your ideas and concerns on Bsharebreakroom.com, and finally; asking for your support.

Sincerely,

David J. Wescott (COT)

Exchange members benefit substantially from reduced transaction fees when trading products within their membership division. The essence of one page in particular can be realized by the following example;

Equity owners of a B-2 trading right, who trade 250 Round Turns in the CME Eurodollars on the CME® Globex® electronic trading platform could save approximately \$120,000 per year in reduced fees. Leasing an IMM (B-2) membership with the same volume would result in an annual savings of approximately \$90,000.

2. In June 2003, CME adopted a rule requiring all new clearing firms to purchase all seven memberships (2CME-2IMM-2IOM-1GEM), unlike the previous requirement which allowed clearing firms to acquire half of the required memberships through assignment.
3. European Incentive Program This initiative will continue to attract new customers to CME's products and membership benefits allowing us to effectively compete with European futures exchanges.
4. Asian Incentive Program Similar to the European Program, this initiative's aim is to attract new participants to the benefit of futures trading and to the CME product mix.
5. Electronic Corporate Member (106R) (Holding Member) This program as of December 31st, 2006 requires the purchase of one membership or the leasing of two memberships to participate in the program. Several ECM participants, because of their success and volume moved up to Corporate Equity Member Status (Previously In-Active Clearing Member).

Initiatives 3, 4 and 5 are developing the next generation of equity members. At certain volume levels the .25 to .30 differential per contract (In Eurodollars alone) will financially entice users to become equity members. Out of 813 B-2 memberships, 237 B-2's were purchased over the last 4 years as a result of these and other programs. That is almost 30% of the outstanding seats.

6. In order to attract more participants to our markets, the Board reduced the A Share requirements for clearing. Over the past five years the requirement of A Shares for clearing have been reduced from 72,000 to 8,000 (for clearing at a single exchange). The requirement for membership interest requirements have remained the same- requiring all seven memberships (B-Shares) for clearing. This reduction in A Share requirements make the bar for entry that much more affordable to prospective clearing members and has put capital back into our current proprietary clearing members businesses, which in time should create higher trading volume, thus spawning demand.
7. Electronic Corporate Member (106R)- (Volume incentive program) Transaction fees were raised and daily volume requirements were put in place to continue to capitalize on the success of the prior ECM Program. This program has become the training ground for the next generation of equity owners.
8. The Board of Directors created a Family of Funds Membership Class for Hedge Funds. Again, Family of Funds creates a market for CME memberships. This requires that funds have one additional membership for every five of their funds within their group. There are currently more than 8,000 Hedge Funds.

The initiatives listed here provide a member of CME the opportunity to participate in decreased transaction fees, thus resulting in an increase of trading volume and shareholder value.

Dear B-2 (IMM) Shareholder,

March 1, 2009

Now more than ever, you must re-elect David J. Wescott as Director of CME Group Inc.. Dave's experience, dedication, insight and vision of our industry and our exchange are second to none and his invaluable input will help our exchange continue to move forward through this global financial crisis.

CME Group's volume and seat prices may be off this year due to this financial crisis. However, I believe that CME Group is well positioned to come out of these tough times stronger than ever, with its unique product mix, global distribution, transparency and the strength of its clearing house.

I know that Dave feels that our best years are ahead of us if we continue to work with our members and customers to fulfill their needs in the global marketplace. In his position of managing the Dowd Wescott Group, Dave's day to day duties allow him to interact with fellow members and Board members alike in an ever changing industry. A top priority for Dave is helping to develop new and unique trading opportunities, creating demand for memberships as part of the exchange's overall strategy to increase trading volume.

Dave is strongly committed to our political action committee, working tirelessly and unselfishly on getting our message out to our politicians on an ongoing basis.

Please join me in supporting David Wescott in his bid to continue to represent your interest on the CME Group Board of Directors by voting for his re-election.

Sincerely,

Michael P. Savoca, OCA

Dear IMM Member/B-2 Shareholder,

I have had the privilege of being a business partner with Dave Wescott for over nineteen years. I can personally testify that his moral and business ethics are above reproach. He has tremendous experience at the Board level and has tirelessly chaired and served on many of its most influential committees.

I, along with you, have witnessed the dedication and commitment that Dave has to the Chicago Mercantile Exchange and CME Group. Dave is available every morning on the trading floors and has been willing to reach out to all members to discuss any and all topics no matter how divisive.

Dave is a director who speaks with a strong clear voice; he has made a positive contribution at the Board level and can be counted on to put the Exchange members and shareholders first.

Dave has been an equity member of CME for over 25 years. He has been personally responsible for guaranteeing a number of proprietary traders and has helped to finance the purchases of exchange memberships. Currently, Dave is a Managing Partner of the Dowd Wescott Group, which clears trades at the all major exchanges.

I hope you agree with me that we could not find a better representative for our interest. Please join me in supporting Dave in the upcoming election. If you have any questions or need additional information, please feel free to contact me. If you would like to meet with Dave, feel free to approach him on the trading floors, or I would be happy to arrange a meeting at your convenience.

Thank you for your support in this matter.

Sincerely,

Michael Dowd
