BHP BILLITON QUARTERLY REPORT ON

EXPLORATION AND DEVELOPMENT ACTIVITIES

QUARTER ENDED 31 MARCH 2009

This report covers the Group s exploration and development activities for the quarter ended 31 March 2009. This report, together with the Production Report, represents the Interim Management Statement for the purposes of the UK Listing Authority s Disclosure and Transparency Rules. Other than the issue of US\$3.25 billion in global bonds, as announced on 19 March 2009, there have been no significant changes to the financial position of the Group in the quarter ended 31 March 2009. Unless otherwise stated, BHP Billiton s interest in the projects referred to in this report is 100 percent and references to project schedules are based on calendar years.

Development

During the quarter, Shenzi development in the deep water Gulf of Mexico (oil and gas) delivered first production ahead of schedule within budget. This project will not be reported in future Exploration & Development Reports.

Minerals Exploration

BHP Billiton continues to identify and prioritise various exploration activities. All of the exploration activities are reviewed regularly to ensure that we are capturing value accretive opportunities for future development.

Grassroots exploration continued on targets in Australia, Chile, Argentina, Zambia and Gabon; and on diamond targets in Canada. Exploration for iron ore, coal, bauxite and manganese was undertaken in a number of regions including Australia, South America, Russia and West Africa.

For the nine months ended 31 March 2009, BHP Billiton spent US\$514 million on minerals exploration, of which US\$460 million was expensed.

Petroleum Exploration

Exploration and appraisal wells drilled during the quarter or in the process of drilling as at 31 March 2009.

Petroleum exploration expenditure for the nine months ended 31 March 2009 was US\$351 million, of which US\$242 million was expensed.

On March 18, BHP Billiton was the apparent successful high bidder on 28 blocks in the Central Gulf of Mexico Lease Sale 208, representing a total investment of approximately US\$50 million net to BHP Billiton. Final award of these blocks is subject to the usual process of confirmation by the Minerals Management Service (MMS) that BHP Billiton s bids are acceptable.
