401(k) SMART Plan:

We have audited the accompanying statement of net assets available for plan benefits of Publix Super Markets, Inc. 401(k) SMART Plan (the Plan) as of December 31, 2008, and the related statement of changes in net assets available for plan benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Plan as of and for the year ended December 31, 2007, were audited by other auditors, whose report dated June 25, 2008, expressed an unqualified opinion on those financial statements.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan as of December 31, 2008, and the changes in net assets available for plan benefits for the year then ended, in conformity with U.S. generally accepted accounting principles.

As discussed in note 1, the Plan adopted Statement of Financial Accounting Standard No. 157, *Fair Value Measurement*, for its investments as of January 1, 2008.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year), is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic 2008 financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic 2008 financial statements taken as a whole.

401(k) SMART PLAN

Notes to Financial Statements

December 31, 2008 and 2007

(1) Description of Plan and Summary of Accounting Policies

The following brief description of the Publix Super Markets, Inc. 401(k) SMART Plan (the Plan) provides only general information. Participants should refer to the Plan document or the summary plan description for a complete description of the Plan provisions.

(a) General

The Plan is a voluntary defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Employees of Publix Super Markets, Inc. and its wholly owned subsidiaries, Publix Alabama, LLC and Publix Asset Management Company (the Company or Publix) are eligible to participate in the Plan six months after their hire date, if they are at least 18 years of age. The Plan year is a calendar year.

(b) Plan Amendments

The Plan was amended on August 8, 2007, to reflect certain provisions of the final regulations under Internal Revenue Code (IRC) Sections 401(k) and 401(m) that were published on December 29, 2004. As required by the Internal Revenue Service for Cycle B determination letter filers, the Plan was amended and restated on January 22, 2008, with an effective date of January 1, 2007. The Plan was subsequently amended on December 23, 2008, to reflect certain provisions of the final regulations under IRC Section 415 with an effective date of January 1, 2008.

(c) Contributions

Eligible employees may contribute up to 10% of their annual eligible compensation, subject to the maximum contribution limits established by federal law. Participants direct the investment allocations of their contributions and the earnings thereon among 12 investment fund options offered under the Plan. The Company may make a discretionary annual matching contribution to the accounts of eligible participants of the Plan as determined by the Company's Board of Directors. During 2008 and 2007, the Company's Board of Directors approved a match of 50% of eligible contributions up to 3% of eligible wages, not to exceed a maximum match of \$750 per employee. The match is determined as of the last day of the Plan year and funded by the Company in the subsequent Plan year in the form of common stock of Publix Super Markets, Inc. (Publix Stock). Participants may direct the investment allocations of their matching contributions and the earnings thereon by requesting a transfer from the Publix Stock Fund to any of the other investment fund options offered under the Plan. The Plan Administrator processes transfer requests on the next valuation effective date for Publix Stock.

(d) Participant Accounts

Two separate accounts are maintained for each participant, a Savings Contributions Account and a Matching Contributions Account (the Accounts). Plan earnings are allocated and credited to the Accounts as of each valuation date. Each participant's share of earnings is determined by the Plan Administrator, on a weighted average basis, so that each participant receives a pro-rata share. Forfeitures of non-vested Company contributions for separated or former participants and of Accounts of separated or former participants or beneficiaries that cannot be located after two years are used to reduce future Company matching contributions. Forfeitures, and earnings thereon, totaling \$92,874 and \$88,166 were used to reduce the Company matching contributions for the years ended December 31, 2008 and 2007, respectively. As of December 31, 2008 and 2007, forfeitures totaled \$92,925 and \$91,364, respectively.

Notes to Financial Statements

(e) Vesting

Participants are immediately vested in their contributions and earnings thereon. Company matching contributions and earnings thereon are 100% vested upon completing three years of credited service, reaching age 60, total disability or death. Matching contributions cannot be withdrawn or distributed until vested.

(f) Participant Loans

All actively employed Plan participants with available account balances may apply for a loan from their Accounts. The minimum amount a participant may borrow is \$1,000. The maximum amount a participant may borrow is the lesser of: 1) 50% of the balances in the participant's Savings Contributions Account and vested Matching Contributions Account; or 2) \$50,000, less the participant's highest outstanding loan balance during the previous 12 month period. However, the value of any shares held by the participant in the Publix Stock component of the Publix Stock Fund cannot be borrowed. Participants may initiate one loan each year and may only have one outstanding loan at a time. All legal and administrative costs incurred as a result of a loan are paid by the participant. The interest rate is determined by ING Institutional Plan Services (ING) as of the first day of each calendar quarter based on the U.S. prime interest rate as published in the Wall Street Journal. The interest rate on a loan is fixed for the term of the loan. The Plan's management has determined that the amortized cost of participant loans approximate their fair value.

A participant can choose repayment terms of up to five years. Repayments of principal and interest are made through after-tax payroll deductions each pay period. Repayments of principal and interest are credited pro-rata to the participant's Savings Contributions Account and Matching Contributions Account from which the loan was originally funded and reinvested according to the participant's current investment elections. Upon separation of employment, all unpaid principal and accrued interest on any loan outstanding is immediately due and payable. Participants may repay a loan in total at any time after the loan has been in effect for at least 90 days and participants must wait 30 days between paying off one loan and initiating a new loan.

(g) Distribution of Benefits

Benefits are recorded when paid.

Upon reaching age 59 1/2, a participant who is actively employed by the Company may elect to withdraw all or a portion of his/her Savings Contributions Account and the vested portion of his/her Matching Contributions Account.

A participant who reaches age 70 1/2 and who is actively employed by the Company may elect to begin receiving distribution of benefits on or before April 1 of the calendar year following the year in which the participant reaches age 70 1/2.

Upon separation of service, retirement, disability or death, a participant or his/her beneficiary may elect to receive full distribution of his/her Savings Contributions Account and vested Matching Contributions Account as of the valuation date immediately preceding the date of distribution, subject to certain restrictions on the sale of Publix Stock. If the value of the participant's vested Accounts is \$1,000 or less, the participant generally will receive an automatic distribution from the Plan as soon as administratively practicable. If the value of the participant's vested Accounts exceeds \$1,000 and the participant is not 62 years of age or older, the participant may elect to defer distribution. Payment of a deferred distribution must be made to a participant no later than 60 days after the end of the Plan year in which the participant reaches age 62.

401(k) SMART PLAN

Notes to Financial Statements

If the value of a deceased participant's Savings Contributions and Matching Contributions Accounts is \$5,000 or less, the participant's beneficiary generally will receive an automatic distribution from the Plan as soon as administratively practicable. If the value of a deceased participant's Accounts exceeds \$5,000, the beneficiary may elect to defer distribution. Payment of a deferred distribution must be made to a beneficiary other than a surviving spouse by December 31 of the calendar year containing the fifth anniversary of the participant's death. If the beneficiary is the participant's surviving spouse, distribution can be deferred until December 31 of the calendar year in which the participant would have reached age 70^{1/2} or by December 31 of the calendar year immediately following the calendar year in which the participant died, whichever is later.

(h) Termination of Plan

The Company expects to continue the Plan indefinitely, but is not contractually obligated to do so. The Company reserves the right to discontinue its contributions at any time and the right to amend or discontinue the Plan at any time. If the Plan is ever terminated, participants will be fully vested in all amounts credited to their Matching Contributions Accounts.

(i) Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

(j) Investments

The Plan's investments are stated at fair value. Quoted market prices are used to value shares of mutual funds. Investment in Publix Stock represented 75.9% and 77.4% of the Plan's net assets available for plan benefits as of December 31, 2008 and 2007, respectively. Because Publix Stock is not traded on a public stock exchange, the fair value of Publix Stock is determined by the Company's Board of Directors. Publix Stock is valued quarterly based on, among other things, the Company's financial performance and the financial and stock market performance of comparable companies. The fair value of the Plan's interest in the Stable Value Fund is based upon the net asset value of such fund reflecting all investments at fair value, including direct and indirect interests in fully benefit-responsive contracts, as reported by the fund managers. The fair values of the Plan's interests in collective investment funds, other than the Stable Value Fund, are based upon the net asset values of the funds as reported by the fund managers. Purchases and sales of securities are recorded on a trade date basis. Dividends are recorded on the ex-dividend date.

(k) Investment Risk

Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect Plan participants' account balances and the amounts reported in the financial statements and supplemental schedule of the Plan.

(l) Reclassifications

Certain 2007 amounts have been reclassified to conform with the 2008 presentation.

(m) Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the U.S. requires the Plan to make estimates and assumptions that affect the reported amounts of net assets available for plan benefits and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of changes in net assets available for plan benefits during the reporting period. Actual results could differ from those estimates.

(n) Recent Accounting Standards

In September 2006, the Financial Accounting Standards Board (the FASB) issued Statement of Financial Accounting Standard (SFAS) 157, Fair Value Measurement, effective for fiscal years beginning after November 15, 2007. SFAS 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosures about fair value measurements. SFAS 157 does not require any new fair value measurements. In October 2008, the FASB issued FASB Staff Position (FSP) FAS 157-3, Determining the Fair Value of a Financial Asset in a Market That Is Not Active, which clarifies the application of SFAS 157 when the market for a financial asset is inactive. The adoption of SFAS 157 did not have a material effect on the Plan's net assets available for plan benefits or changes in net assets available for plan benefits.

In April 2009, the FASB issued three FSPs intended to provide additional application guidance and enhance disclosures regarding fair value measurements and impairments of securities, all of which are effective for interim and annual periods ending after June 15, 2009. FSP FAS 157-4, Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly, provides guidelines for making fair value measurements more consistent with the principles presented in SFAS 157 when the volume and level of activity of an asset or liability have significantly decreased from normal market activity. FSP FAS 107-1 and APB 28-1, Interim Disclosures about Fair Value of Financial Instruments, requires interim reporting of fair value disclosures. FSP FAS 115-2 and FAS 124-2, Recognition and Presentation of Other-Than-Temporary Impairments, provides additional guidance in determining whether a debt security is other-than-temporarily impaired and expands the disclosures of other-than-temporarily impaired debt and equity securities. The adoption of each of these FSPs is not expected to have a material effect on the Plan's net assets available for plan benefits or changes in net assets available for plan benefits.

(2) Administration of the Plan

State Street Bank and Trust Company, the Primary Trustee for the Plan, is responsible for maintaining custody of the investment funds and other assets in which the employee contributions are invested, excluding Publix Stock. Tina P. Johnson is the Trustee responsible for maintaining custody of the Publix Stock component of the Publix Stock Fund. CitiStreet LLC served as third-party Plan Administrator until June 30, 2008. Effective July 1, 2008, ING acquired CitiStreet LLC and currently serves as the third-party Plan Administrator. Officers and employees of the Company perform certain administrative functions for the Plan with no compensation from the Plan. The Plan administration costs are paid by the Company, except as follows:

Administrative fees of \$229,187 and \$127,592 for the years ended December 31, 2008 and 2007, respectively, were deducted from the Accounts of former employees and beneficiaries and were paid to the third-party Plan Administrator.

Loan fees of \$376,276 and \$465,168 for the years ended December 31, 2008 and 2007, respectively, were deducted from the Accounts of Plan participants who received loans and were paid to the third-party Plan Administrator.

Notes to Financial Statements

(3) Investments

The Plan consists of the following investments:

(a) American Funds EuroPacific Growth (R-3) Fund

This mutual fund seeks long-term capital growth by investing in stocks of attractively valued companies located in Europe and the Pacific Basin.

(b) Pennsylvania Mutual Fund (Service Class)

This mutual fund seeks long-term capital growth by investing primarily in securities of companies with small and micro market capitalizations, using a disciplined value approach.

(c) SSgA Strategic Balanced Funds

These collective investment funds use an asset allocation approach to provide for both current income and capital appreciation. The underlying investments of these funds are stock and fixed income funds. These funds offer diversification by blending risk across different types of investments (i.e., conservative, moderate and aggressive). The three SSgA Strategic Balanced Funds are:

SSgA Aggressive Strategic Balanced Fund

This fund seeks to provide capital growth by matching a composite benchmark that is made up of 85% stocks and 15% bonds.

SSgA Moderate Strategic Balanced Fund

This fund seeks to provide capital growth with some income for stability by matching a composite benchmark that is made up of 55% stocks and 45% bonds.

SSgA Conservative Strategic Balanced Fund

This fund seeks to provide income and a modest level of capital growth by matching a composite benchmark that is made up of 25% stocks and 75% bonds.

(d) SSgA S&P MidCap Index Fund

This collective investment fund seeks to replicate the Standard & Poor's MidCap 400 Index (S&P MidCap 400 Index). The fund buys and holds stocks in the same market-weighted proportions as the S&P MidCap 400 Index.

(e) Janus Adviser Forty Fund (S Shares)

Edgar Filing: PUBLIX SUPER MARKETS INC - Form 11-K/A

This mutual fund seeks long-term capital growth by investing in a core group of 20 - 40 common stocks selected for their growth potential. The fund may invest in companies of any size, from larger, well-established companies to smaller, emerging growth companies. Effective June 30, 2007, this fund replaced the Legg Mason Partners Large Cap Growth (A) Fund, formerly known as the Smith Barney Large Cap Growth (A) Fund, as the investment fund option for the large cap growth asset class.

401(k) SMART PLAN

Notes to Financial Statements

(f) Davis New York Venture (A) Fund

This mutual fund seeks to invest in growing companies that are selling at value prices and holds on to them for the long term. The fund seeks companies recognizable as strong global leaders, companies that are underfollowed or overlooked but have strong business fundamentals, and companies that are controversial and face negative headlines.

(g) SSgA S&P 500 Index Fund

This mutual fund seeks to replicate the Standard & Poor's 500 Index (S&P 500 Index), an index made up of 500 common stocks of U.S. companies that is generally considered to be representative of the overall U.S. stock market. The fund buys and holds stocks in the same market-weighted proportions as the S&P 500 Index.

(h) PIMCO Total Return (Admin.) Fund

This mutual fund seeks maximum total return, investing for both current income and capital growth, consistent with preservation of capital and prudent investment management. The fund focuses on intermediate maturity, fixed income securities that can include U.S. government and corporate bond securities, mortgage and other asset-backed securities, U.S. dollar-denominated securities of non-U.S. issuers and money market instruments.

(i) Stable Value Fund

The Stable Value Fund consists of the SSgA Stable Value Fund and the Invesco Stable Value Trust Fund. The SSgA Stable Value Fund is a collective investment fund that seeks to preserve capital while maintaining a rate of return comparable with other conservative fixed income investments. The fund invests in high quality investment contracts issued by insurance companies, banks and other financial institutions as well as short-term investment products. The Invesco Stable Value Trust Fund is a collective investment fund that seeks to preserve principal and provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity. This fund invests in a series of proprietary commingled fixed income portfolios. The Invesco Stable Value Trust Fund was added to the Plan effective December 1, 2008. It will fully replace the SSgA Stable Value Fund as the investment fund option for the stable value asset class effective November 5, 2009.

(j) Publix Stock Fund

This fund includes two components: Publix Stock and cash awaiting investment in Publix Stock. Cash awaiting investment in Publix Stock is invested in a short-term fixed income funding vehicle, SSgA Yield Enhanced Short Term Investment Fund, a collective investment fund. The cash component of this fund includes employee contributions and loan repayments, transfers from other investments to purchase Publix Stock, dividends earned on Publix Stock and income earned on all of these deposits. The cash component of this fund is used to purchase Publix Stock on specified purchase dates.

The fair value of the following investment represented 5% or more of the Plan's net assets available for plan benefits.

	\$ (303,163,331)	56,669,885

Following are descriptions of the SFAS 157 measurement categories used as of the reporting date.

Level 1 Fair value is determined by using quoted prices in active markets for identical investments. Investments included in this category are the mutual funds.

Level 2 Fair value is determined by using other than quoted prices. By using observable inputs (such as similar securities), the fair value is determined through the use of models or other valuation methodologies. Investments included in this category are Publix Stock and collective investment funds.

Level 3 Fair value is determined by using other than observable inputs. Fair value is determined by using the best information available in the circumstances and requires significant management judgment or estimation. No investments are currently included in this category.

Following is a summary of fair value measurements for investments as of December 31, 2008:

	Fair Value	Level 1	Level 2	Level 3
Investments	\$ 1,022,477,085	99,148,924	923,328,161	

(4) Contracts With Insurance Companies

Investments held by the Stable Value Fund are fully benefit-responsive within the definition of FSP AAG INV-1 and SOP 94-4-1,

Reporting of Fully Benefit-Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Audit Guide and Defined-Contribution Health and Welfare and Pension Plans. As required by FSP AAG INV-1 and SOP 94-4-1, these investments are reported at fair value in the statement of net assets available for plan benefits. In addition, any material difference between the fair value of these investments and their contract value is to be presented as a separate adjustment line attributable to fully benefit-responsive investment contracts in the statement of net assets available for plan benefits. The contract value represents principal contributions made by participants, plus interest accrued at a crediting rate established under the wrapper contract, less participant withdrawals and administrative expenses. The Plan's management has determined that the contract value of the Plan's fully benefit-responsive investment contracts as of December 31, 2008 and 2007 approximates fair value. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Notes to Financial Statements

The average yields based on actual income were approximately 2.65% and 3.56% for the SSgA Stable Value Fund on December 31, 2008 and 2007, respectively, and 6.45% for the Invesco Stable Value Trust Fund on December 31, 2008. The average yields based on interest rates credited to participants were approximately 3.56% and 4.56% for the SSgA Stable Value Fund on December 31, 2008 and 2007, respectively, and 3.34% for the Invesco Stable Value Trust Fund on December 31, 2008. Crediting interest rates are typically reset on a monthly or quarterly basis according to the wrapper contract.

In certain circumstances, the amount withdrawn from the wrapper contract would be payable at fair value rather than at contract value. These events include termination of the Plan, a material adverse change to the provisions of the Plan, the Plan's election to withdraw from the wrapper contract in order to change to a different investment provider or employer-initiated events, if material. The Plan Administrator does not believe that the occurrence of any such event is probable. Additionally, the replacement of the SSgA Stable Value Fund with the Invesco Stable Value Trust Fund does not constitute such an event as all applicable requirements of the wrapper contract are being complied with for the Plan to continue transacting at contract value.

Examples of events that would permit an issuer of a wrapper contract to terminate the contract upon short notice include the Plan's loss of its qualified status, material breaches of responsibilities that are not corrected, or material and adverse changes to the provisions of the Plan. If one of these events was to occur, the wrapper contract issuer could terminate the wrapper contract at the fair value of the underlying investments (or in the case of a traditional guaranteed investment contract, at the hypothetical fair value based upon a contractual formula).

(5) Employer Contribution Receivable

The employer contribution receivable is contributed in the form of Publix Stock. The matching contribution, net of forfeitures, of \$21,326,522 for the 2008 Plan year was recorded as a receivable in the financial statements as of and for the year ended December 31, 2008 and funded by the Company in the 2009 Plan year with the transfer of 1,324,628 shares of Publix Stock. The matching contribution, net of forfeitures, of \$19,987,398 for the 2007 Plan year was recorded as a receivable in the financial statements as of and for the year ended December 31, 2007 and funded by the Company in the 2008 Plan year with the transfer of 965,575 shares of Publix Stock.

Participants who are eligible to receive a matching contribution may request a transfer of the match and the earnings thereon from the Publix Stock Fund to any of the other investment fund options. The Plan Administrator processes transfer requests on the next valuation effective date for Publix Stock. Valuation effective dates are generally March 1, May 1, August 1 and November 1.

Notes to Financial Statements

(7) Related-Party Transactions

Certain Plan investments were collective investment and mutual funds managed by State Street Global Advisors (SSgA), the investment management division of State Street Bank and Trust Company, which is the Primary Trustee for the Plan. Citigroup Inc. and State Street Bank and Trust Company had 50/50 ownership interests in CitiStreet LLC, the previous third-party Plan Administrator, as a joint venture until June 30, 2008. As mentioned in Note (2) to these financial statements, ING acquired CitiStreet LLC effective July 1, 2008.

In addition to Publix Stock, the transactions involving SSgA investments qualify as party-in-interest transactions. Certain administrative and service fees that were paid to CitiStreet LLC before July 1, 2008, and to ING on or after July 1, 2008, also are considered party-in-interest transactions. The Plan received cash dividends on Publix Stock of \$22,241,127 and \$19,375,624 for the years ended December 31, 2008 and 2007, respectively. Such dividends were invested in the Publix Stock Fund.

As of December 31, 2008 and 2007, the number of shares of Publix Stock held in participant Accounts totaled 51,925,092 and 49,765,483, respectively, with fair values of \$835,993,984 and \$1,030,145,512, respectively.

During 2008 and 2007, company matching contributions were made in the form of Publix Stock. The values of such contributions are reported as employer stock contributions in the statements of changes in net assets available for plan benefits.

(8) Tax Status

The Plan, as amended and restated as of January 1, 2007, received a favorable tax determination letter, dated March 6, 2009, from the Internal Revenue Service under IRC Section 401(a). As such, the Plan's design is exempt from federal income taxes under IRC Section 501(a). Though the Plan has been amended since January 1, 2007, the Plan Administrator believes the Plan continues to be qualified and the Plan has been and is currently being operated in compliance with the applicable requirements of the IRC and the Plan document.
