HOMEOWNERS CHOICE, INC. AND SUBSIDIARIES

Notes to Condensed Consolidated Financial Statements

(unaudited)

Note 1 Summary of Significant Accounting Policies

Basis of Presentation

The accompanying unaudited, condensed consolidated financial statements for Homeowners Choice, Inc. and its subsidiaries (collectively, the Company), which consist of Homeowners Choice Property & Casualty Insurance Company, Inc., Homeowners Choice Managers, Inc., Southern Administration, Inc., and Claddaugh Casualty Insurance Company, Ltd., have been prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) for interim financial information, and the Securities and Exchange Commission (SEC) rules for interim financial reporting. Certain information and footnote disclosures normally included in financial statements prepared in accordance with GAAP have been condensed or omitted pursuant to such rules and regulations. However, in the opinion of management, the accompanying financial statements reflect all normal recurring adjustments necessary to present fairly the Company's financial position as of September 30, 2009 and the results of operations and cash flows for the periods presented. The results of operations for the interim periods presented are not necessarily indicative of the results of operations to be expected for any subsequent interim period or for the fiscal year ending December 31, 2009. The accompanying unaudited condensed consolidated financial statements and notes thereto should be read in conjunction with the audited consolidated financial statements for the year ended December 31, 2008 included in the Company's Form 10-K, which was filed with the SEC on March 13, 2009.

In preparing the interim unaudited condensed consolidated financial statements, management was required to make certain estimates and assumptions that affect the reported amounts of assets, liabilities, revenues, expenses and related disclosures at the financial reporting date and throughout the periods being reported upon. Certain of the estimates result from judgments that can be subjective and complex and consequently actual results may differ from these estimates.

Material estimates that are particularly susceptible to significant change in the near-term relate to the determination of loss and loss adjustment expenses, ceded reinsurance balances payable, the recoverability of deferred policy acquisition costs, the determination of federal income taxes, and the net realizable value of reinsurance recoverables. Although considerable variability is inherent in these estimates, management believes that the amounts provided are reasonable. These estimates are continually reviewed and adjusted as necessary. Such adjustments are reflected in current operations.

All significant intercompany balances and transactions have been eliminated. Certain reclassifications have been made to the prior-period balances to conform to the current-period presentation.

(unaudited)

Note 1 Summary of Significant Accounting Policies, continued

Investments in Fixed Maturity Securities

The Company's available-for-sale securities are carried at fair value as of the balance sheet date. Temporary changes in the fair value of available-for-sale fixed maturity securities are reported in stockholders' equity as a component of accumulated other comprehensive income, net of deferred income taxes. Realized investment gains and losses are determined using the specific identification method. Those fixed maturity securities that the Company has the ability and positive intent to hold to maturity are classified as held-to-maturity and carried at amortized cost. Investment income is recognized as earned and the discount or premium arising from the purchase of fixed maturity securities is amortized using the interest method over the estimated remaining term of the security.

When the fair value of any investment is lower than its cost, an assessment is made to determine whether the decline is temporary or other-than-temporary. If the decline is deemed to be other-than-temporary, the investment is written down to fair value and the impairment charge is reported as a loss on investments in the condensed consolidated statements of earnings in the period in which the Company makes such determination. The Company considers various factors in determining if a decline in the fair value is other-than-temporary (see Note 3 Investments).

Note 2 Recent Accounting Pronouncements

In June 2009, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update No. 2009-01 (ASU 2009-01), *Topic 105 Generally Accepted Accounting Principles amendments based on Statement of Financial Accounting Standards No. 168 The FASB Accounting Standards CodificationTM and the Hierarchy of Generally Accepted Accounting Principles*. ASU 2009-01 amends the FASB Accounting Standards Codification for the issuance of FASB Statement No. 168 (SFAS 168), *The FASB Accounting Standards CodificationTM and the Hierarchy of Generally Accepted Accounting Principles*. ASU 2009-01 includes SFAS 168 in its entirety, including the accounting standards update instructions contained in Appendix B of the Statement. The FASB Accounting Standards CodificationTM (Codification) became the source of authoritative U.S. generally accepted accounting principles (GAAP) recognized by the FASB to be applied by nongovernmental entities. Rules and interpretive releases of the Securities and Exchange Commission (SEC) under authority of federal securities laws are also sources of authoritative GAAP for SEC registrants. On the effective date of this Statement, the Codification supersedes all then-existing non-SEC accounting and reporting standards. All other non-grandfathered non-SEC accounting literature not included in the Codification will become non-authoritative. This Statement is effective for financial statements issued for interim and annual periods ending after September 15, 2009.

Table of Contents

HOMEOWNERS CHOICE, INC. AND SUBSIDIARIES

Notes to Condensed Consolidated Financial Statements

(unaudited)

Note 2 Recent Accounting Pronouncements, continued

Following this Statement, the FASB will not issue new standards in the form of Statements, FASB Staff Positions, or Emerging Issues Task Force Abstracts. Instead, it will issue Accounting Standards Updates. The FASB does not consider Accounting Standards Updates as authoritative in their own right. Accounting Standards Updates serve only to update the Codification, provide background information about the guidance, and provide the bases for conclusions on the change(s) in the Codification. FASB Statement No. 162, *The Hierarchy of Generally Accepted Accounting Principles*, which became effective on November 13, 2008, identified the sources of accounting principles and the framework for selecting the principles used in preparing the financial statements of nongovernmental entities that are presented in conformity with GAAP. Statement 162 arranged these sources of GAAP in a hierarchy for users to apply accordingly. Upon becoming effective, all of the content of the Codification carries the same level of authority, effectively superseding Statement 162. In other words, the GAAP hierarchy has been modified to include only two levels of GAAP: authoritative and non-authoritative. As a result, this Statement replaces Statement 162 to indicate this change to the GAAP hierarchy. The adoption of the Codification and ASU 2009-01 did not have any effect on the Company's consolidated financial condition or results of operations.

In August 2009, the FASB issued Accounting Standards Update No. 2009-03 (ASU 2009-03), *SEC Update Amendments to Various Topics Containing SEC Staff Accounting Bulletins*. ASU 2009-03 represents technical corrections to various topics containing SEC Staff Accounting Bulletins to update cross-references to Codification text. ASU 2009-03 did not have a material effect on the Company's consolidated financial condition or results of operations.

In August 2009, the FASB issued Accounting Standards Update No. 2009-04 (ASU 2009-04), *Accounting for Redeemable Equity Instruments Amendment to Section 480-10-S99*. ASU 2009-04 represents an update to Section 480-10-S99, Distinguishing Liabilities from Equity, per Emerging Issues Task Force (EITF) Topic D-98, *Classification and Measurement of Redeemable Securities*. ASU 2009-04 did not have a material effect on the Company's consolidated financial condition or results of operations.

In August 2009, the FASB issued Accounting Standards Update No. 2009-05 (ASU 2009-05), *Fair Value Measurements and Disclosures (Topic 820) Measuring Liabilities at Fair Value*. ASU 2009-05 applies to all entities that measure liabilities at fair value within the scope of ASC Topic 820. ASU 2009-05 provides clarification that in circumstances in which a quoted price in an active market for the identical liability is not available, a reporting entity is required to measure fair value using one or more of the following techniques:

- 1.) A valuation that uses:
 - a. The quoted price of the identical liability when traded as an asset.
 - b. Quoted prices for similar liabilities or similar liabilities when traded as assets.
- 2.) Another valuation technique that is consistent with the principles of ASC Topic 820. Two examples would be an income approach, such as a technique that is based on the amount at the measurement date that the reporting entity would pay to transfer the identical liability or would receive to enter into the identical liability.

Table of Contents

HOMEOWNERS CHOICE, INC. AND SUBSIDIARIES

Notes to Condensed Consolidated Financial Statements

(unaudited)

Note 2 Recent Accounting Pronouncements, continued

The amendments in ASU 2009-5 also clarify that when estimating the fair value of a liability, a reporting entity is not required to include a separate input or adjustment to other inputs relating to the existence of a restriction that prevents the transfer of the liability. It also clarifies that both a quoted price in an active market for the identical liability at the measurement date and the quoted price for the identical liability when traded as an asset in an active market when no adjustments to the quoted price of the asset are required are Level 1 fair value measurements. The guidance provided in ASU 2009-5 is effective for the first reporting period beginning after issuance. The adoption of ASU 2009-5 will not have a material effect on the Company's consolidated financial condition or results of operations.

In September 2009, the FASB issued Accounting Standards Update No. 2009-06 (ASU 2009-06), *Income Taxes (Topic 740) Implementation Guidance on Accounting for Uncertainty in Income Taxes and Disclosure Amendments for Nonpublic Entities*. ASU 2009-06 provides additional implementation guidance on accounting for uncertainty in income taxes by addressing 1.) whether income taxes paid by an entity are attributable to the entity or its owners, 2.) what constitutes a tax position for a pass-through entity or a tax-exempt not-for-profit entity, and 3.) how accounting for uncertainty in income taxes should be applied when a group of related entities comprise both taxable and nontaxable entities. ASU 2009-06 also eliminates certain disclosure requirements for nonpublic entities. The guidance and disclosure amendments are effective for interim and annual periods ending after September 15, 2009. The adoption of this guidance had no impact on the Company's consolidated financial condition or results of operations.

In September 2009, the FASB issued Accounting Standards Update No. 2009-07 (ASU 2009-07), *Accounting for Various Topics*. ASU 2009-07 represents technical corrections to various topics containing SEC guidance based on external comments received. The adoption of this guidance did not have a material effect on the Company's consolidated financial condition or results of operations.

In September 2009, the FASB issued Accounting Standards Update No. 2009-08 (ASU 2009-08), *Earnings Per Share*. ASU 2009-08 represents technical corrections to Topic 260-10-S99, Earnings per Share, based on EITF Topic D-53, *Computation of Earnings Per Share for a Period that Includes a Redemption or an Induced Conversion of a Portion of a Class of Preferred Stock* and EITF Topic D-42, *The Effect of the Calculation of Earnings per Share for the Redemption or Induced Conversion of Preferred Stock*. The adoption of this guidance did not have a material effect on the Company's consolidated financial condition or results of operations.

In September 2009, the FASB issued Accounting Standards Update No. 2009-09 (ASU 2009-09), *Accounting for Investments Equity Method and Joint Ventures and Accounting for Equity-Based Payments to Non-Employees*. ASU 2009-09 represents a correction to Section 323-10-S99-4, *Accounting by an Investor for Stock-Based Compensation Granted to Employees of an Equity Method Investee*. Section 323-10-S99-4 was originally entered into the Codification incorrectly. Additionally, this ASU adds observer comment *Accounting Recognition for Certain Transactions Involving Equity Instruments Granted to Other Than Employees* to the Codification. The adoption of this guidance did not have a material effect on the Company's consolidated financial condition or results of operations.

HOMEOWNERS CHOICE, INC. AND SUBSIDIARIES

Notes to Condensed Consolidated Financial Statements

(unaudited)

Note 2 Recent Accounting Pronouncements, continued

In September 2009, the FASB issued Accounting Standards Update No. 2009-10 (ASU 2009-10), *Financial Services - Brokers and Dealers: Investments - Other, Amendment to Subtopic 940-325*. ASU 2009-10 codifies the Observer comment in paragraph 17 of EITF 02-3, *Issues Involved in Accounting for Derivative Contracts Held for Trading Purposes and Contracts Involved in Energy Trading and Risk Management*. The adoption of this guidance did not have a material effect on the Company's consolidated financial condition or results of operations.

In September 2009, the FASB issued Accounting Standards Update No. 2009-11 (ASU 2009-11), *Extractive Activities - Oil and Gas, Amendment to Section 932-10-S99*. ASU 2009-11 represents a technical correction to the SEC Observer comment in EITF 90-22, *Accounting for Gas-Balancing Arrangements*. The adoption of this guidance did not have a material effect on the Company's consolidated financial condition or results of operations.

In September 2009, the FASB issued Accounting Standards Update No. 2009-12 (ASU 2009-12), *Fair Value Measurements and Disclosures (Topic 820), Investments in Certain Entities that Calculate Net Asset Value per Share (or Its Equivalent)*. ASU 2009-12 provides amendments to Subtopic 820-10, *Fair Value Measurements and Disclosures - Overall*, for the fair value measurement of investments in certain entities that calculate net asset value per share. This ASU also requires disclosures by major category of investment about the attributes of investments within the scope of the amendments in this update. The amendments in this update are effective for interim and annual periods after December 15, 2009. The adoption of this guidance will not have a material effect on the Company's consolidated financial condition or results of operations.

In October 2009, the FASB issued Accounting Standards Update No. 2009-13 (ASU 2009-13), *Revenue Recognition (Topic 605), Multiple-Deliverable Revenue Arrangements, a consensus of the FASB Emerging Issues Task Force*. ASU 2009-13 addresses the accounting for multiple-deliverable arrangements to enable vendors to account for products or services separately rather than as a combined unit when those arrangements are within the scope of Subtopic 605-25. The amendments in this update establish a selling price hierarchy for determining a selling price of a deliverable. The amendments also require the vendor to determine its best estimate of selling price in a manner consistent with that used to determine the price to sell the deliverable on a standalone basis. This ASU significantly expands the disclosures related to a vendor's multiple-deliverable revenue arrangements. The amendments in this update will be effective prospectively for revenue arrangements entered into or materially modified in fiscal years beginning on or after June 15, 2010 with early adoption permitted. The adoption of this guidance will not have a material effect on the Company's consolidated financial condition or results of operations.

(continued)

Table of Contents**HOMEOWNERS CHOICE, INC. AND SUBSIDIARIES****Notes to Condensed Consolidated Financial Statements****(unaudited)****Note 2 Recent Accounting Pronouncements, continued**

In October 2009, the FASB issued Accounting Standards Update No. 2009-14 (ASU 2009-14), *Software (Topic 985), Certain Revenue Arrangements That Include Software Elements, a consensus of the FASB Emerging Issues Task Force*. ASU 2009-14 changes the accounting model for revenue arrangements that include both tangible products and software elements. Tangible products that contain software components and non-software components that function together to deliver the tangible product's essential functionality are no longer within the scope of the software revenue recognition guidance in Subtopic 985-605. The amendments in this update require that hardware components of a tangible product containing software components always be excluded from the software revenue guidance. Vendors impacted by the amendments in this update are required to provide disclosures that are included within the amendments in Update 2009-13. The amendments in this update will be effective prospectively for revenue arrangements entered into or materially modified in fiscal years beginning on or after June 15, 2010 with early adoption permitted. The adoption of this guidance will not have a material effect on the Company's consolidated financial condition or results of operations.

In October 2009, the FASB issued Accounting Standards Update No. 2009-15 (ASU 2009-15), *Accounting for Own-Share Lending Arrangements in Contemplation of Convertible Debt Issuance or Other Financing*, which formally incorporates provisions of the FASB Emerging Issues Task Force 09-1 (EITF 09-1). EITF 09-01 was ratified by the FASB in July 2009 and applies to equity-classified share lending arrangements on an entity's own shares when executed in contemplation of a convertible debt offering or other financing. The new guidance addresses how to account for the share-lending arrangement and the effect, if any, that the loaned shares have on earnings-per-share calculations. The new guidance is effective for share lending arrangements entered into on or after June 15, 2009. The adoption of ASU 2009-15 will not have a material effect on the Company's consolidated financial condition or results of operations.

Note 3 Investments

Short-term investments are carried at amortized cost, which approximates fair value. During June 2009, the Company made an initial investment in fixed maturity securities comprised of corporate bonds which mature in 2012. The amortized cost and estimated fair value of these investments, which were classified as held-to-maturity at September 30, 2009, are summarized as follows (in thousands):

	Amortized Cost	Gross Unrealized Gain	Gross Unrealized Loss	Fair Value
Corporate bonds, due in 2012	\$ 1,898	238		\$ 2,136

Table of Contents**HOMEOWNERS CHOICE, INC. AND SUBSIDIARIES****Notes to Condensed Consolidated Financial Statements****(unaudited)****Note 3 Investments, continued**

During the quarter ended September 30, 2009, the Company added available-for-sale, fixed maturity securities to its investment portfolio comprised of U.S. Treasury notes and commercial mortgage-backed securities, all of which are carried at fair value. At September 30, 2009, the amortized cost, gross unrealized gains and losses, and fair value of the Company's fixed maturity securities, by security type and contractual maturity, were as follows (in thousands):

	Amortized Cost	Gross Unrealized Gain	Gross Unrealized Loss	Fair Value
U.S. Treasury notes, due in 2019	\$ 14,706	56		14,762
Commercial mortgage-backed securities*	5,009	183		5,192
Total	\$ 19,715	239		\$ 19,954

* At September 30, 2009, the Company has six separate investments in commercial mortgage-backed securities with effective maturities ranging from October 2011 through November 2016.

The Company regularly reviews its investment portfolio to evaluate the necessity of recording impairment losses for other-than temporary declines in fair value. The Company considers various factors in determining if a decline in the fair value is other-than-temporary including:

the financial condition and near-term prospects of the issuer, including any specific events that may affect its operations or earnings;

the length of time and the extent to which the market value of the security has been below its cost or amortized cost;

general market conditions and industry or sector specific factors;

nonpayment by the issuer of its contractually obligated interest and principal payments; and

the Company's intent and ability to hold the investment for a period of time sufficient to allow for the recovery of costs. At September 30, 2009, there were no unrealized loss positions and the Company believes there were no fundamental issues such as credit losses with any of its securities. As such, the Company does not consider any of its investments in fixed maturity securities to be other-than-temporarily impaired at September 30, 2009.

Table of Contents**HOMEOWNERS CHOICE, INC. AND SUBSIDIARIES****Notes to Condensed Consolidated Financial Statements****(unaudited)****Note 4 Fair Value Measurements**

Fair values of the Company's available-for-sale fixed maturity securities are determined using valuation techniques that maximize the use of observable inputs and minimize the use of unobservable inputs. Fair values are generally measured using quoted prices in active markets for identical securities or other inputs that are observable either directly or indirectly, such as quoted prices for similar securities. In those instances where observable inputs are not available, fair values are measured using unobservable inputs. Unobservable inputs reflect the Company's own assumptions about the assumptions that market participants would use in pricing the security and are developed based on the best information available in the circumstances. Fair value estimates derived from unobservable inputs are significantly affected by the assumptions used, including the discount rates and the estimated amounts and timing of future cash flows. The derived fair value estimates cannot be substantiated by comparison to independent markets and are not necessarily indicative of the amounts that would be realized in a current market exchange.

The fair values for fixed maturity securities that do not trade on a daily basis are determined by management, utilizing prices obtained from an independent pricing service and information provided by brokers. Management reviews the assumptions and methods utilized by the pricing service and then compares the relevant data and pricing to broker-provided data. The Company gains assurance of the overall reasonableness and consistent application of the assumptions and methodologies and compliance with accounting standards for fair value determination through ongoing monitoring of the reported fair values.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels as follows:

Level 1 Unadjusted quoted prices in active markets for identical assets.

Level 2 Other inputs that are observable for the asset, either directly or indirectly.

Level 3 Inputs that are unobservable.

The following table presents information about the Company's available-for-sale fixed maturity securities measured at fair value as of September 30, 2009, and indicates the fair value hierarchy of the valuation techniques utilized by the Company to determine such fair value (dollars in thousands):

	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Balance as of September 30, 2009
Fixed maturity securities, available-for-sale	\$ 14,762	5,192		19,954

(continued)

Table of Contents**HOMEOWNERS CHOICE, INC. AND SUBSIDIARIES****Notes to Condensed Consolidated Financial Statements****(unaudited)****Note 5 Reinsurance**

The Company cedes a portion of its homeowners insurance exposure to other entities under catastrophe excess of loss reinsurance treaties. The Company remains liable with respect to claims payments in the event that any of the reinsurers are unable to meet their obligations under the reinsurance agreements. Thus, the Company continually monitors the financial condition of its reinsurers and periodically confirms the credit rating of its reinsurers by inquiry of and discussion with its reinsurance brokers.

The impact of the catastrophe excess of loss reinsurance treaties on premiums written and earned is as follows (dollars in thousands):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2009	2008	2009	2008
Premiums Written				
Direct	\$ 16,370	10,536	94,704	37,394
Assumed	(489)	(359)	(4,407)	13,837
Gross written	15,881	10,177	90,297	51,231
Ceded	(13,193)	(3,966)	(31,199)	(8,677)
Net premiums written	2,688	6,211	59,098	42,554
Premiums Earned				
Direct	\$ 20,310	1,089	44,690	5,464
Assumed	4,894	10,928	39,465	31,522
Gross earned	25,204	12,017	84,155	36,986
Ceded	(13,193)	(3,966)	(31,199)	(8,677)
Net premiums earned	\$ 12,011	8,051	52,956	28,309

During the three and nine months ended September 30, 2009, there were no recoveries pertaining to reinsurance contracts that were deducted from losses incurred. At September 30, 2009, prepaid reinsurance premiums related to an individual per risk excess reinsurance treaty. At September 30, 2009, there were no amounts recoverable from reinsurers. Thus, there were no concentrations of credit risk associated with reinsurance receivables and prepaid reinsurance premiums as of September 30, 2009. During the three and nine months ended September 30, 2008, the recoverables pertaining to reinsurance contracts that were deducted from losses incurred amounted to approximately \$102,000 and \$175,000, respectively, and related to one non-catastrophic event.

(continued)

Table of Contents**HOMEOWNERS CHOICE, INC. AND SUBSIDIARIES****Notes to Condensed Consolidated Financial Statements, Continued****(unaudited)****Note 6 Losses and Loss Adjustment Expenses**

The liability for losses and loss adjustment expenses (LAE) is determined on an individual case basis for all claims reported. The liability also includes amounts for unallocated expenses, anticipated future claim development and losses incurred, but not reported.

Activity in the liability for unpaid losses and LAE is summarized as follows (dollars in thousands):

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2009	2008	2009	2008
Balance, beginning of period	\$ 23,290	5,642	14,894	1,688
Less reinsurance recoverables			(131)	
Net balance beginning of period	23,290	5,642	14,763	1,688
Incurred related to:				
Current period	8,616	4,311	32,862	11,128
Prior period	(1,966)	254	(3,585)	(117)
Total incurred	6,650	4,565	29,277	11,011
Paid related to:				
Current period	(5,516)	(2,875)	(15,522)	(4,740)
Prior period	(2,692)	(195)	(6,786)	(895)
Total paid	(8,208)	(3,070)	(22,308)	(5,635)
Net balance at end of period	21,732	7,137	21,732	7,064
Plus reinsurance recoverables		186		259
Balance, end of period	\$ 21,732	7,323	21,732	7,323

The Company writes insurance in the State of Florida, which could be exposed to hurricanes or other natural catastrophes. Although the occurrence of a major catastrophe could have a significant effect on our monthly or quarterly results of operations, the Company believes that such an event would not be so material as to disrupt the overall normal operations of the Company. However, the Company is unable to predict the frequency or severity of any such events that may occur in the near term or thereafter.

(continued)

Table of Contents**HOMEOWNERS CHOICE, INC. AND SUBSIDIARIES****Notes to Condensed Consolidated Financial Statements, Continued****(unaudited)****Note 7 Income Taxes**

During the three and nine months ended September 30, 2009, the Company recorded approximately \$0.5 million and \$6.3 million, respectively, of income taxes, which resulted in estimated annual effective tax rates of approximately 39% and 38%, respectively. During the three and nine months ended September 30, 2008, the Company recorded approximately \$0.5 million and \$4.6 million, respectively, of income tax expense, which resulted in estimated annual effective tax rates of approximately 40% and 38%, respectively. The Company's estimated annual effective tax rate differs from the statutory federal income tax rate due to state income taxes, stock-based compensation and other nondeductible items.

Note 8 Earnings Per Share

Basic earnings per share is computed on the basis of the weighted-average number of common shares outstanding. Diluted earnings per share is computed based on the weighted-average number of shares outstanding and reflects the assumed exercise or conversion of dilutive securities, such as stock options and warrants, computed using the treasury stock method. A summary of the numerator and denominator of the basic and fully diluted earnings per share is presented below (dollars and shares in thousands, except per share amounts):

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2009	2008	2009	2008
Numerator -				
Net earnings	\$ 815	802	10,103	7,538
Denominator:				
Weighted average shares - basic	6,698	6,305	6,811	5,559
Effect of dilutive securities:				
Stock options	482	344	418	91
Shares issuable upon conversion of warrants				
Weighted average shares - diluted	7,180	6,649	7,229	5,650
Earnings per share basic	\$.12	.13	1.48	1.36
Earnings per share diluted	\$.11	.12	1.40	1.33

For the three and nine months ended September 30, 2009, 40,000 options and 1,771,668 warrants to purchase an aggregate of 978,334 shares of common stock were excluded from the computation of diluted earnings per share because the exercise price of \$7.00 specific to the options and \$9.10 specific to the warrants exceeded the average market price of the Company's common stock. For the three and nine months ended September 30, 2008, 40,000 options and 1,833,334 warrants to purchase an aggregate of 1,040,000 shares of common stock were excluded from the computation of diluted earnings per share because the exercise price of \$7.00 specific to the options and \$9.10 specific to the warrants exceeded the average market price of the Company's common stock.

Note 9 Stockholders Equity

Common Stock

On July 24, 2008, the Company completed the sale of 1,666,668 units consisting of one share of the Company's common stock and one warrant. Two warrants may be exercised to acquire one share of common stock at an exercise price equal to \$9.10 per share on or before July 30, 2013. In addition, the Company's placement agents with respect to the offering received an aggregate of 166,666 warrants to purchase 166,666 shares of common stock at an exercise price of \$9.10 per share. These placement agent warrants are exercisable beginning on January 27, 2009 through their expiration date of July 30, 2013. In December 2008, a total of 61,666 of the placement agent warrants were forfeited. Thus, the Company has reserved 938,334 shares of common stock for issuance upon exercise of the warrants. At any time after January 30, 2009 and before the expiration of the warrants, the Company at its option may cancel the warrants in whole or in part, provided that the closing price per share of the Company's common stock has exceeded \$11.38 for at least ten trading days within any period of twenty consecutive trading days, including the last trading day of the period. The placement agents also have the option to effect a cashless exercise in which the warrants would be exchanged for the number of shares which is equal to the intrinsic value of the warrant divided by the current value of the underlying shares.

Effective March 18, 2009, the Company's Board of Directors authorized a plan to repurchase up to \$3.0 million (inclusive of commissions) of the Company's common shares. The repurchase plan permits the Company to repurchase shares from time to time through March 19, 2010. The shares may be purchased for cash in open market purchases, block transactions and privately negotiated transactions in accordance with applicable federal securities laws. The share repurchase plan may be modified, suspended, terminated or extended by the Company any time without prior notice. During the three months ended September 30, 2009, the Company repurchased and retired a total of 210,146 shares at an average price of \$6.87 per share and a total cost, inclusive of fees and commissions, of \$1,454,000, or \$6.92 per share, under this authorized repurchase program. During the nine months ended September 30, 2009, the Company repurchased and retired a total of 327,403 shares at an average price of \$6.26 per share and a total cost, inclusive of fees and commissions, of \$2,067,000, or \$6.31 per share. At September 30, 2009, a total of \$933,000 is available in connection with this plan.

Table of Contents**HOMEOWNERS CHOICE, INC. AND SUBSIDIARIES****Notes to Condensed Consolidated Financial Statements, Continued****(unaudited)****Note 10 Comprehensive Income**

The components of comprehensive income are as follows (dollars in thousands):

	Three Months Ended		Nine Months Ended	
	September 30,		September 30,	
	2009	2008	2009	2008
Net income	\$ 815	802	10,103	7,538
Other comprehensive income:				
Change in unrealized gain on investments:				
Unrealized gain arising during the period	\$ 239		239	
Deferred income taxes on above change	(92)		(92)	
Total other comprehensive income	147		147	
Comprehensive income	\$ 962	802	10,250	7,538

Note 11 Stock-Based Compensation**Stock Option Plan**

The Company accounts for stock-based compensation under the fair value recognition provisions of ASC Topic 718 Compensation Stock Compensation.

The Company's 2007 Stock Option and Incentive Plan (the Plan) provides for granting of stock options to employees, directors, consultants, and advisors of the Company. Under the Plan, options may be granted to purchase a total of 6,000,000 shares of the Company's common stock. At September 30, 2009, options to purchase 4,810,000 shares are available for grant under the Plan. The options vest over periods ranging from immediately vested to five years and are exercisable over the contractual term of ten years.

A summary of the activity in the Company's stock option plan is as follows (dollars in thousands, except per share amounts):

	Number of Options	Weighted- Average Exercise Price	Weighted- Average Remaining Contractual Term	Aggregate Intrinsic Value
Outstanding at December 31, 2008	1,146,000	\$ 2.66		
Exercised	(16,000)	2.50		
Outstanding at September 30, 2009	1,130,000	\$ 2.66	7.7 years	\$ 6,283

Edgar Filing: Homeowners Choice, Inc. - Form 10-Q

Exercisable at September 30, 2009	859,334	\$ 2.57	7.7 years	\$ 4,855

(unaudited)

Note 11 Stock-Based Compensation, continued

At September 30, 2009, there was approximately \$306,000 of unrecognized compensation expense related to nonvested stock-based compensation arrangements granted under the Plan, which the Company expects to recognize over a weighted-average period of fifteen (15) months. The total fair value of shares vesting and recognized as compensation expense was approximately \$122,000 and \$363,000, respectively, for the three and nine month periods ended September 30, 2009 and the associated income tax benefit recognized was \$35,000 and \$120,000, respectively. The intrinsic value of options exercised during the nine months ended September 30, 2009 was \$42,000 and the income tax benefit recognized was \$9,000. The total fair value of shares vesting and recognized as compensation expense was approximately \$127,000 and \$344,000, respectively, for the three and nine month periods ended September 30, 2008 and the associated income tax benefit recognized was \$45,000 and \$125,000, respectively.

No options were granted during the three and nine months ended September 30, 2009. A total of 40,000 options were granted during the three and nine months ended September 30, 2008 at a weighted average grant-date fair value of \$2.95 per share.

Note 12 Subsequent Events

Management has evaluated events occurring subsequent to the balance sheet date through November 12, 2009 (the financial statement issuance date) and has determined there are no events requiring additional disclosure in these unaudited condensed consolidated financial statements.

Report by Independent Registered Public Accounting Firm

Hacker, Johnson & Smith, PA, the Company's independent registered public accounting firm, has made a limited review of the financial data as of September 30, 2009, and for the three and nine month periods ended September 30, 2009 and 2008 presented in this document, in accordance with standards established by the Public Company Accounting Oversight Board.

Their report furnished pursuant to Article 8-03 of Regulation S-X is included herein.

Table of Contents

Report of Independent Registered Public Accounting Firm

Homeowners Choice, Inc.

Clearwater, Florida:

We have reviewed the accompanying condensed consolidated balance sheet of Homeowners Choice, Inc. and Subsidiaries (the Company) as of September 30, 2009, the related condensed consolidated statements of earnings for the three and nine month periods ended September 30, 2009 and 2008, the related condensed consolidated statements of cash flows for the nine-month periods ended September 30, 2009 and 2008, and the condensed consolidated statement of stockholders' equity for the nine months ended September 30, 2009. These interim condensed consolidated financial statements are the responsibility of the Company's management.

We conducted our reviews in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our reviews, we are not aware of any material modifications that should be made to the accompanying interim condensed consolidated financial statements for them to be in conformity with U.S. generally accepted accounting principles.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board, the consolidated balance sheet as of December 31, 2008, and the related consolidated statements of operations, stockholders' equity and cash flows for the year then ended (not presented herein); and in our report dated March 10, 2009, we expressed an unqualified opinion on those financial statements. In our opinion, the information set forth in the accompanying condensed consolidated balance sheet as of December 31, 2008, is fairly stated, in all material respects, in relation to the consolidated balance sheet from which it has been derived.

/s/ Hacker, Johnson & Smith PA

ITEM 2 MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

You should read the following discussion in conjunction with our condensed consolidated financial statements and related notes and information included under this Item 2 and elsewhere in this quarterly report on Form 10-Q and in our Form 10-K filed with the Securities and Exchange Commission (SEC) on March 13, 2009. Unless the context requires otherwise, as used in this Form 10-Q, the terms HCI, we, us, our, the Company, our company, and similar references refer to Homeowners Choice, Inc. and its subsidiaries.

Forward-Looking Statements

In addition to historical information, this quarterly report contains forward-looking statements as defined under federal securities laws. Such statements involve risks and uncertainties, such as statements about our plans, objectives, expectations, assumptions or future events. These statements involve estimates, assumptions, known and unknown risks, uncertainties and other factors that could cause actual results to differ materially from any future results, performances or achievements expressed or implied by the forward-looking statements. Typically, forward-looking statements can be identified by terminology such as anticipate, estimate, plan, project, continuing, ongoing, expect, believe, intend, may, will, should, could, and similar expressions. Among the important factors that could cause actual results to differ materially from those indicated by such forward-looking statements include but are not limited to the effect of governmental regulation; changes in insurance regulations; the frequency and extent of claims; uncertainties inherent in reserve estimates; catastrophic events; a change in the demand for, pricing of, availability or collectability of reinsurance; restrictions on our ability to change premium rates; increased rate pressure on premiums; changing rates of inflation; and other risks and uncertainties detailed herein and from time to time in our SEC reports.

OVERVIEW

General

Homeowners Choice, Inc. is a property and casualty insurance holding company incorporated in Florida in 2006. Through our subsidiaries, we provide property and casualty homeowners insurance, condominium-owners insurance, and tenants insurance to individuals owning property in Florida. We offer these insurance products at competitive rates, while pursuing profitability using selective underwriting criteria. Our principal revenues are premiums, which are reported net of reinsurance costs, and investment income. Our principal expenses are claims from policyholders, policy acquisition costs, and other underwriting expenses. As of September 30, 2009, we had total assets of \$145.9 million and stockholders equity of \$46.0 million. Our net income was approximately \$10.1 million, or \$1.40 per diluted share, for the nine months ended September 30, 2009. Our book value per share increased to \$6.99 as of September 30, 2009 compared to \$5.43 as of December 31, 2008.

We began operations in June of 2007 by participating in a take-out program through which we assumed insurance policies held by Citizens Property Insurance Corporation (Citizens), a Florida state-supported insurer. The take-out program is a legislatively mandated program designed to reduce the state risk exposure by encouraging private companies to assume policies from Citizens. We currently have approximately 53,000 policies in force, which were assumed in six separate

Table of Contents

assumption transactions which took place in July 2007, November 2007, February 2008, June 2008, October 2008, and December 2008 and account for substantially all of our premium revenue since inception. Upon completion of our fifth assumption transaction in October 2008 and based on the policies assumed and related total insured value, we qualified for a reduction in the assumed commissions from 16% to 6% of premiums assumed retroactive to June 2007. This 6% of written premium, which is included in our policy acquisition costs, is retained by Citizens. Our current policies in force represent approximately \$100 million in annualized premiums.

Citizens requires us to offer renewals on the policies we acquire for a period of three years subsequent to the initial expiration of the assumed policies. The policyholders have the option to renew with us or they may ask their agent to place their coverage with another insurance company. They may also elect to return to Citizens prior to the policy renewal date. We strive to retain these policies by offering competitive rates to our policyholders, which may be below the rates we initially charged in our take-out program.

We face various challenges to implementing our operating and growth strategies. Since we write policies that cover Florida homeowners, condominium owners, and tenants, we cover losses that may arise from, among other things, catastrophes, which could have a significant effect on our business, results of operations, and financial condition. To mitigate our risk of such losses, we cede a portion of our exposure to other entities under catastrophe excess of loss reinsurance treaties. Even without catastrophic events, we may incur losses and loss adjustment expenses that deviate substantially from our estimates and that may exceed our reserves, in which case our net income and capital would decrease. Our operating and growth strategies may also be impacted by regulation and supervision of our business by the State of Florida, which must approve our policy forms and premium rates as well as monitor our insurance subsidiary's ability to meet all requirements for regulatory compliance. Additionally, we compete with large, well-established insurance companies as well as other specialty insurers that, in most cases, possess greater financial resources, larger agency networks, and greater name recognition.

Recent Developments

Effective October 23, 2009, we received authorization from Citizens to assume up to 60,000 additional policies beginning with a maximum of 30,000 policies in December 2009.

Table of Contents**RESULTS OF OPERATIONS**

The following table summarizes our results of operations for the three and nine months ended September 30, 2009 and 2008 (dollars in thousands, except per share amounts):

	Three Months Ended September 30,		Nine Months Ended September 30,	
	2009	2008	2009	2008
Operating Revenue				
Net premiums earned	\$ 12,011	8,051	52,956	28,309
Net investment income	516	425	1,236	1,152
Other Income	254	189	1,264	591
Total operating revenue	12,781	8,665	55,456	30,052
Operating Expenses				
Losses and loss adjustment expenses	6,650	4,565	29,277	11,011
Policy acquisition and other underwriting expenses	3,430	1,421	5,670	4,163
Other operating expenses	1,365	1,353	4,124	2,730
Total operating expenses	11,445	7,339	39,071	17,904
Income before income taxes	1,336	1,326	16,385	12,148
Income taxes	521	524	6,282	4,610
Net income	\$ 815	802	10,103	7,538
Loss Ratio	55.36%	56.70%	55.29%	38.90%
Expense Ratio	39.92%	34.46%	18.50%	24.35%
Combined Ratio	95.28%	91.16%	73.79%	63.25%
Per Share Data:				
Basic earnings per share	\$.12	.13	1.48	1.36
Diluted earnings per share	\$.11	.12	1.40	1.33

Comparison of the Three Months Ended September 30, 2009 to the Three Months Ended September 30, 2008

Our results of operations for the three months ended September 30, 2009 reflect net income of \$815,000, or \$.11 earnings per diluted share, compared to net income of \$802,000, or \$.12 earnings per diluted share, for the three months ended September 30, 2008. Our 2008 results of operations include only four assumption transactions whereas our results of operations for the three months ended September 30, 2009 reflect the results of six assumption transactions.

Revenue

Net Premiums Earned of \$12.0 million for the three months ended September 30, 2009 reflect the revenue from policies assumed from Citizens in connection with the assumption transactions through December 2008, and the revenue on the renewal of these policies, reduced by the appropriate reinsurance costs. In comparison, net premiums earned of \$8.1 million for the three months ended September 30, 2008 reflect only those revenues from policies assumed from Citizens in the assumption transactions and effective policy renewals through September 2008, reduced by the appropriate reinsurance costs. During the three months ended September 30, 2009 and 2008, our

Table of Contents

gross written premiums totaled \$15.9 million and \$10.2 million, respectively. This increase in premium was offset by an increase in our ceded reinsurance premiums, which totaled \$13.2 million and \$4.0 million for the three months ended September 30, 2009 and 2008, respectively. As a result, our Net Premiums Written during the three months ended September 30, 2009 and 2008 totaled \$2.7 million and \$6.2 million, respectively.

Net Premiums Written represents the premiums charged on policies issued during a fiscal period less any applicable reinsurance costs.

The following is a reconciliation of our total Net Premiums Written to Net Premiums Earned for the three months ended September 30, 2009 and 2008 (dollars in thousands):

	Three Months Ended September 30,	
	2009	2008
Net Premiums Written	\$ 2,688	6,211
Decrease in Unearned Premiums	9,323	1,840
Net Premiums Earned	\$ 12,011	8,051

Net Investment Income for the three months ended September 30, 2009 and 2008 was \$516,000 and \$425,000, respectively. There were no other than temporary impairments recorded during the three months ended September 30, 2009 and 2008. The \$91,000 increase in total investment income is primarily due to interest income received from our investments in fixed maturity securities, which were added to our investment portfolio during 2009, offset by a reduction in interest income with respect to our short-term investments due to a decline in short-term interest rates.

Other Income for the three months ended September 30, 2009 and 2008 of \$254,000 and \$189,000, respectively, primarily reflects the policy fee income we earn with respect to our issuance of renewal policies.

Expenses

Our *Losses and Loss Adjustment Expenses* amounted to \$6.7 million and \$4.6 million, respectively, during the three months ended September 30, 2009 and 2008. The \$2.1 million increase during 2009 is primarily attributable to the increased claim activity resulting from the increase in policies in force. Our policies in force grew from approximately 20,000 as of September 30, 2008 to approximately 53,000 as of September 30, 2009 as a result of the October and December 2008 assumption transactions. This increase in policy count has resulted in an increase in the number of reported losses for the 2009 accident year, which results in an increase in the case reserves carried in our financial statements. Our losses and loss adjustment expense reserves are more fully described below under the *Expenses* comparative for the nine months ended September 30, 2009 and 2008 and, additionally, under *Critical Accounting Policies and Estimates* below.

Table of Contents

Policy Acquisition and Other Underwriting Expenses for the three months ended September 30, 2009 and 2008 of \$3.4 million and \$1.4 million, respectively, primarily reflect the amortization of deferred acquisition costs, commissions payable to agents for production of policies, and premium taxes and policy fees. The increase in 2009 is primarily attributable to an increase in our payroll and other underwriting expenses reflective of our policy growth. In addition, we experienced increases in our premium taxes and other underwriting expenses in 2009, which are directly attributable to the increase in renewal policy volume.

Other Operating Expenses for the three months ended September 30, 2009 and 2008 were \$1.4 million for each period. Other operating expenses include administrative compensation and related benefits, corporate insurance, professional fees, office lease and related expenses, information system expense, and other general and administrative costs. Our compensation and related benefits expense increased by \$66,000 during 2009. However, this increase was offset by reductions in other areas.

Income Taxes for the three months ended September 30, 2009 and 2008 were \$521,000 and \$524,000, respectively, for state and federal income taxes resulting in an effective tax rate of 39.0% for 2009 and 39.5% for 2008.

Ratios:

The loss ratio applicable to the three months ended September 30, 2009 (loss and loss adjustment expenses related to premiums earned) was 55.4% compared to 56.7% for the three months ended September 30, 2008. The decrease in 2009 is primarily attributable to favorable development in our reserves related to the 2008 and 2007 accident years. However, this decrease in our losses and loss adjustment expenses was offset in part by the impact of reinsurance costs, which have increased significantly in 2009, having a negative impact on our net premiums earned.

The expense ratio applicable to the three months ended September 30, 2009 (policy acquisition and other underwriting expenses related to premiums earned plus compensation, employee benefits, and other operating expenses) was 39.9% compared to 34.5% for the three months ended September 30, 2008. This increase is due to increases in various policy acquisition and other underwriting expenses described above.

The combined loss and expense ratio is the key measure of underwriting performance traditionally used in the property and casualty industry. A combined ratio under 100.00% generally reflects profitable underwriting results. A combined ratio over 100.00% generally reflects unprofitable underwriting results. Our combined ratio for the three months ended September 30, 2009 was 95.3% compared to 91.2% for the three months ended September 30, 2008.

Table of Contents

Comparison of the Nine months ended September 30, 2009 to the Nine months Ended September 30, 2008

Our results of operations for the nine months ended September 30, 2009 reflect net income of \$10.1 million, or \$1.40 earnings per diluted share, compared to net income of \$7.5 million, or \$1.33 earnings per diluted share, for the nine months ended September 30, 2008. Our 2008 results of operations include only four assumption transactions whereas our results of operations for the nine months ended September 30, 2009 reflect the results of six assumption transactions.

Revenue

Net Premiums Earned of \$53.0 million for the nine months ended September 30, 2009 reflect the revenue from policies assumed from Citizens in connection with six separate assumption transactions, and the revenue on the renewal of these policies, reduced by the appropriate reinsurance costs. In comparison, net premiums earned of \$28.3 million for the nine months ended September 30, 2008 reflect only those revenues from policies assumed from Citizens in four assumption transactions and effective policy renewals, reduced by the appropriate reinsurance costs. Net Premiums Written during the nine months ended September 30, 2009 and 2008 totaled \$59.1 million and \$42.6 million, respectively.

Net Premiums Written represents the premiums charged on policies issued during a fiscal period less any applicable reinsurance costs.

The following is a reconciliation of our total Net Premiums Written to Net Premiums Earned for the nine months ended September 30, 2009 and 2008 (dollars in thousands):

	Nine Months Ended September 30,	
	2009	2008
Net Premiums Written	\$ 59,098	42,554
Increase in Unearned Premiums	(6,142)	(14,245)
Net Premiums Earned	\$ 52,956	28,309

Net Investment Income for the nine months ended September 30, 2009 and 2008 was \$1,236,000 and \$1,152,000, respectively. There were no other than temporary impairments recorded during the nine months ended September 30, 2009 and 2008. The \$84,000 increase in total investment income is primarily due to interest income received from our investments in fixed maturity securities, which were added to our investment portfolio during 2009, offset by a reduction in interest income with respect to our short-term investments due to a decline in short-term interest rates.

Other Income for the nine months ended September 30, 2009 and 2008 of \$1,264,000 and \$591,000, respectively, primarily reflects the policy fee income we earn with respect to our issuance of renewal policies.

Table of Contents

Expenses

Our *Losses and Loss Adjustment Expenses* amounted to \$29.3 million and \$11.0 million, respectively, during the nine months ended September 30, 2009 and 2008. The \$18.3 million increase during 2009 is primarily attributable to the increased claim activity resulting from the increase in policies in force. Our policies in force grew from approximately 20,000 as of September 30, 2008 to approximately 53,000 as of September 30, 2009 as a result of the October and December 2008 assumption transactions.

Our losses and loss adjustment expense reserves (*Reserves*), which are more fully described below under *Critical Accounting Policies and Estimates*, are specific to homeowners insurance, which is our only line of business. These Reserves include both case reserves on reported claims and our reserves for incurred but not reported (*IBNR*) losses. At each period-end date, the balance of our Reserves is based on our best estimate of the ultimate cost of each claim for those known cases and the IBNR loss reserves are estimated based primarily on our historical experience. Our Reserves increased from \$14.8 million at December 31, 2008 to \$21.7 million at September 30, 2009. The \$6.9 million increase in our Reserves during 2009 is comprised of a \$17.5 million increase specific to the nine months ended September 30, 2009 offset by a reduction of \$10.0 million and \$0.6 million in our Reserves for 2008 and 2007, respectively. The \$17.5 million increase in our Reserves for 2009 claims is due to the increase in our policy volume, which resulted in an increase in the amount of reported losses in 2009 and caused us to strengthen our Reserves for 2009 cases. The decrease of \$10.6 million specific to our 2008 and 2007 accident-year Reserves is due to favorable development arising from lower than expected losses during 2009 relative to expectations used to establish our Reserve estimates at the end of 2008. Factors that are attributable to this favorable development may include a lower severity of claims than the severity of claims considered in establishing our Reserves and actual case development may be more favorable than originally anticipated.

Policy Acquisition and Other Underwriting Expenses for the nine months ended September 30, 2009 and 2008 of \$5.7 million and \$4.2 million, respectively, primarily reflect the amortization of deferred acquisition costs, commissions payable to agents for production of policies, and premium taxes and policy fees. The increase in 2009 is primarily attributable to an increase in our payroll and other underwriting expenses required to manage our policies in force as we have renewed significantly more policies in 2009 than in 2008. In addition, we experienced increases in our premium taxes and other underwriting expenses in 2009, which are directly attributable to the increase in renewal policies.

Table of Contents

Other Operating Expenses for the nine months ended September 30, 2009 and 2008 were \$4.1 million and \$2.7 million, respectively. Such expenses include administrative compensation and related benefits, corporate insurance, professional fees, office lease and related expenses, information system expense, and other general and administrative costs. The \$1.4 million increase is primarily attributable to increases in 2009 for professional services fees, administrative compensation and related benefits, and net other operating expenses of \$560,000, \$460,000 and \$370,000, respectively. The increase in professional fees primarily relates to our Sarbanes Oxley 404 compliance efforts as well as fees incurred with respect to regulatory filings. The increase attributable to compensation and related benefits relates primarily to new employees hired to manage the increase in our policy volume. As of September 30, 2009, we have 51 employees compared to 22 employees as of September 30, 2008.

Income Taxes for the nine months ended September 30, 2009 and 2008 were \$6.3 million and \$4.6 million, respectively, for state and federal income taxes resulting in an effective tax rate of 38.3% for 2009 and 38.0% for 2008.

Ratios:

The loss ratio applicable to the nine months ended September 30, 2009 (loss and loss adjustment expenses related to premiums earned) was 55.3% compared to 38.9% for the nine months ended September 30, 2008. The increase in 2009 is primarily attributable to an increase in actual claims incurred and, as a result, we have also strengthened our case reserves and reserves for incurred but not reported losses in 2009 as compared to 2008. The increase in claims and related reserves is reflective of our increased policies in force and insured exposures. Our policy volume has grown from approximately 20,000 as of September 30, 2008 to approximately 53,000 policies as of September 30, 2009. In addition, our loss ratio was negatively impacted by a significant increase in our reinsurance costs, which reduced our net premiums earned.

The expense ratio applicable to the nine months ended September 30, 2009 (policy acquisition and other underwriting expenses related to premiums earned plus compensation, employee benefits, and other operating expenses) was 18.5% compared to 24.4% for the nine months ended September 30, 2008. This decrease is due in part to a decrease in the commission rate specific to policies assumed from Citizens. The rate applicable to the nine months ended September 30, 2008 was 16% compared to 6% applicable to the nine months ended September 30, 2009. Additionally, we have experienced an improvement in our expense ratio as a result of our revenue growth over the past year as a significant portion of our administrative expenses are fixed and do not fluctuate as our revenue increases.

The combined loss and expense ratio is the key measure of underwriting performance traditionally used in the property and casualty industry. A combined ratio under 100.00% generally reflects profitable underwriting results. A combined ratio over 100.00% generally reflects unprofitable underwriting results. Our combined ratio for the nine months ended September 30, 2009 was 73.8% compared to 63.3% for the nine months ended September 30, 2008.

Table of Contents

Seasonality of Our Business

We expect to experience increases in our losses and loss adjustment expenses during the period from June 1 through November 30 each year as this is typically the period during which hurricanes and other tropical storms occur. As a result of such seasonal variations in our reported losses, we anticipate our operating profits during the period from June 1 through November 30 each year may be negatively impacted by an increase in losses and loss adjustment expenses. Conversely, we expect more favorable operating results during the period from December 1 through May 31 each year.

LIQUIDITY AND CAPITAL RESOURCES

Since inception, our liquidity requirements have been met through issuance of our common stock and funds from operations. We expect our future liquidity requirements will be met by funds from operations, primarily the cash received by our insurance subsidiary from premiums written and investment income.

Our insurance subsidiary requires liquidity and adequate capital to meet ongoing obligations to policyholders and claimants and to fund operating expenses. In addition, we attempt to maintain adequate levels of liquidity and surplus to manage any differences between the duration of our liabilities and invested assets. In the insurance industry, cash collected for premiums from policies written is invested, interest and dividends are earned thereon, and loss and loss adjustment expenses are paid out over a period of years. This period of time varies by the circumstances surrounding each claim. A substantial portion of our losses and loss expenses are fully settled and paid within 90 days of the claim receipt date. Additional cash outflow occurs through payments of underwriting costs such as commissions, taxes, payroll, and general overhead expenses.

We believe that we maintain sufficient liquidity to pay our insurance subsidiary's claims and expenses, as well as satisfy commitments in the event of unforeseen events such as reinsurer insolvencies, inadequate premium rates, or reserve deficiencies. We maintain a comprehensive reinsurance program at levels management considers adequate to diversify risk and safeguard our financial position.

In the future, we anticipate our primary use of funds will be to pay claims and operating expenses. In addition, as of September 30, 2009, a maximum of \$933,000 may yet be committed over the next five months under our previously announced share repurchase plan.

Table of Contents

Cash Flows

Our cash flows from operating, investing and financing activities for the nine months ended September 30, 2009 and 2008 are summarized below.

Cash Flows for the Nine months ended September 30, 2009

Net cash provided by operating activities for the nine months ended September 30, 2009 was approximately \$3.9 million, which consisted primarily of cash received from net written premiums less cash disbursed for operating expenses and losses and loss adjustment expenses. Net cash used in investing activities of \$21.8 million was primarily due to our purchase of various fixed maturity securities and short-term investments. Additionally, we used \$239,000 to purchase property and equipment. These amounts were offset by our receipt of \$450,000 upon repayment of the note receivable and \$862,000 from the sale of one investment. Net cash used in financing activities totaled \$2.0 million, which was primarily due to \$2.1 million used for our share repurchase program offset by \$49,000 from the exercise of common stock options.

Cash Flows for the Nine months ended September 30, 2008

Net cash provided by operating activities for the nine months ended September 30, 2008 was approximately \$10.2 million, which consisted primarily of cash received from net written premiums less cash disbursed for operating expenses and losses and loss adjustment expenses. Net cash used in investing activities of \$9.5 million was primarily the result of our purchase of short-term investments. Net cash provided by financing activities totaled approximately \$9.8 million and consisted entirely of the net proceeds from the sale of our common stock and warrants through our initial public offering completed in July 2008.

Investments

The main objective of our investment policy is to maximize our after-tax investment income with a minimum of risk given the current financial market. We have historically invested substantially all of our excess cash primarily in money market accounts and certificates of deposit (i.e., CDs) that generally mature in no more than thirteen months.

We recently added investments in U.S. Treasury notes, commercial mortgage-backed securities, and corporate bonds to our investment portfolio. Such investments include securities that will be held-to-maturity and, also, certain investments that are available-for-sale. Fixed maturities classified as available-for-sale are carried at fair value while fixed maturities classified as held-to-maturity are carried at amortized cost. Changes in the general interest rate environment affect the returns available on new fixed maturity investments. While a rising interest rate environment enhances the returns available on new investments, it reduces the market value of existing fixed maturity investments and thus the availability of gains on disposition. A decline in interest rates reduces the returns available on new investments but increases the market value of existing investments, creating the opportunity for realized investment gains on disposition.

With the exception of large national banks, it is our current policy not to maintain cash deposits of more than an aggregate of \$5.5 million in any one bank at any time. In the future, we may alter our investment policy to include or increase investments in federal, state and municipal obligations, preferred and common equity securities and real estate mortgages, as permitted by applicable law, including insurance regulations.

Table of Contents

OFF-BALANCE SHEET ARRANGEMENTS

As of December 31, 2008, we had no off-balance sheet arrangements as defined in Item 303(a)(4) of Regulation S-K.

CONTRACTUAL OBLIGATIONS

As a smaller reporting company as defined by Rule 229.10(f)(1) of the Exchange Act, we are not required to provide the information under this item.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

We have prepared our consolidated financial statements in accordance with accounting principles generally accepted in the United States of America. The preparation of these consolidated financial statements requires us to make estimates and judgments to develop amounts reflected and disclosed in our financial statements. Material estimates that are particularly susceptible to significant change in the near term are related to our losses and loss adjustment expenses (Reserves), which include amounts estimated for claims incurred but not yet reported. Reserves are determined by establishing liabilities in amounts estimated to cover incurred losses and loss adjustment expenses. Such Reserves are determined based on our assessment of claims reported and the development of pending claims. These Reserves are based on individual case estimates for the reported losses and loss adjustment expenses and estimates of such amounts that are incurred but not reported (IBNR). Changes in the estimated liability are charged or credited to operations as the losses and loss adjustment expenses are adjusted.

The IBNR reserves represent our estimate of the ultimate cost of all claims that have occurred but have not been reported to us and, in some cases, may not yet be known to the insured. Estimating the IBNR component of our Reserves involves considerable judgment on the part of management. At September 30, 2009, \$7.8 million of the total \$21.7 million we have reserved for losses and loss adjustment expenses is specific to our estimate of claims incurred but not reported. The remaining \$13.9 million relates to known cases which have been reported but not yet fully settled in which case we have booked a reserve based on our best estimate of the ultimate cost of each claim. At September 30, 2009, \$3.2 million of the \$13.9 million in reserves for known cases relates to claims incurred during prior years.

Based on all information known to us, we believe our Reserves at September 30, 2009 are adequate to cover our claims for losses that had occurred as of that date including losses yet to be reported. However, these estimates are subject to trends in claim severity and frequency and must continually be reviewed by management. As part of the process, we review historical data and consider various factors, including known and anticipated regulatory and legal developments, changes in social attitudes, inflation and economic conditions. As experience develops and other data becomes available, these estimates are revised, as required, resulting in increases or decreases to the existing unpaid losses and loss adjustment expenses. Adjustments are reflected in the results of operations in the period in which they are made and the liabilities may deviate substantially from prior estimates.

In addition to Reserves, we believe our accounting policies specific to premium revenue recognition, losses and loss adjustment expenses, reinsurance, deferred policy acquisition costs, deferred tax assets and liabilities, and stock-based compensation expense involve our most significant

Table of Contents

judgments and estimates material to our consolidated financial statements. These accounting estimates and related risks that we consider to be our critical accounting estimates are more fully described in our Annual Report on Form 10-K, which we filed with the SEC on March 13, 2009. For the three months ended September 30, 2009, there have been no material changes with respect to any of our critical accounting policies.

RECENT ACCOUNTING PRONOUNCEMENTS

For information with respect to recent accounting pronouncements and the impact of these pronouncements on our consolidated financial statements, see Note 2 to our Notes to Condensed Consolidated Financial Statements.

ITEM 3 *QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK*

As a smaller reporting company as defined by Rule 229.10(f)(1) of the Exchange Act, we are not required to provide the information under this item.

ITEM 4 *CONTROLS AND PROCEDURES*

Under the supervision and with the participation of our Chief Executive Officer (our principal executive officer) and Chief Financial Officer (our principal financial officer), we have evaluated the effectiveness of our disclosure controls and procedures as of the end of the period covered by this report, and, based on this evaluation, the Chief Executive Officer and the Chief Financial Officer have concluded that these disclosure controls and procedures are effective.

There have been no changes in our internal controls over financial reporting during the quarter ended September 30, 2009 that have materially affected, or are reasonably likely to materially affect, our internal controls over financial reporting.

PART II OTHER INFORMATION

ITEM 1 *LEGAL PROCEEDINGS*

We may be party to claims and legal actions arising in the ordinary course of business. In the opinion of management, the ultimate disposition of these matters will not have a material adverse effect on our consolidated financial position or liquidity.

ITEM 1a *RISK FACTORS*

There have been no material changes from the risk factors previously disclosed in the section entitled *Risk Factors* in our Form 10-K, which was filed with the Securities and Exchange Commission on March 13, 2009.

Table of Contents**ITEM 2 UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS***(a) Sales of Unregistered Securities*

None.

(b) Use of Proceeds

None.

(c) Repurchases of Securities

Effective March 18, 2009, our Board of Directors authorized a plan to repurchase up to \$3.0 million (inclusive of commissions) of the Company's common shares. The repurchase plan permits the Company to repurchase shares from time to time through March 19, 2010. The shares may be purchased for cash in open market purchases, block transactions and privately negotiated transactions in accordance with applicable federal securities laws. The share repurchase plan may be modified, suspended, terminated or extended by the Company any time without prior notice. During the quarter ended September 30, 2009, the Company repurchased and retired a total of 210,146 shares at an average price of \$6.87 per share and a total cost, inclusive of fees and commissions, of \$1,454,000, or \$6.92 per share, under this authorized repurchase program. The following table provides information with respect to shares repurchased during the quarter ended September 30, 2009:

Period	(a) Total Number Of Shares Repurchased	(b) Average Price Paid Per Share	(c) Total Number of Shares Purchased as Part of Publicly Announced Plan or Program	(d) Maximum Number (or Approximate Dollar Value) of Shares that May Yet be Purchased
July 1-31, 2009	51,850	6.34	51,850	\$ 2,056,000
August 1-31, 2009	89,787	6.67	89,787	1,452,000
September 1-30, 2009	68,509	7.53	68,509	933,000
Total	210,146	\$ 6.87	210,146	

Table of Contents

Working Capital Restrictions and Other Limitations on Payment of Dividends

We are not subject to working capital restrictions or other limitations on the payment of dividends. Our insurance subsidiary, however, is subject to restrictions on the dividends it may pay to our parent corporation, Homeowners Choice, Inc. Those restrictions could impact our ability to pay dividends if our Board of Directors determines to do so.

Under Florida law, a domestic insurer such as our insurance subsidiary, Homeowners Choice Property & Casualty Insurance Company, Inc., may not pay any dividend or distribute cash or other property to its stockholders except out of that part of its available and accumulated capital and surplus funds which is derived from realized net operating profits on its business and net realized capital gains. For a three-year period beginning March 30, 2007, our insurance subsidiary, as a newly licensed Florida insurer, is precluded from paying dividends unless approved in advance by the Florida Office of Insurance Regulation. Additionally, Florida statutes preclude our insurance subsidiary from making dividend payments or distributions to stockholders without prior approval of the Florida Office of Insurance Regulation if the dividend or distribution would exceed the larger of (1) the lesser of (a) 10.0% of its capital surplus or (b) net income, not including realized capital gains, plus a two year carry forward, (2) 10.0% of capital surplus with dividends payable constrained to unassigned funds minus 25% of unrealized capital gains or (3) the lesser of (a) 10.0% of capital surplus or (b) net investment income plus a three year carry forward with dividends payable constrained to unassigned funds minus 25% of unrealized capital gains.
