PROXY STATEMENT

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING AND VOTING

Why did I receive these proxy materials?

We are providing these proxy materials in connection with the solicitation by the Board of Directors of Owens Corning (Owens Corning, the Company, we, us or our), a Delaware corporation, of proxies to be voted at our 2010 Annual Meeting of Stockholders (the Annual Meeting) at any adjournment or postponement thereof. On March 17, 2010, we began distributing these proxy materials to stockholders.

How can I attend the Annual Meeting?

You are invited to attend our Annual Meeting of Stockholders on April 22, 2010, beginning at 10:00 a.m., Eastern Daylight Time. The Annual Meeting will be held at the offices of Sidley Austin LLP, 787 Seventh Avenue, New York, New York 10019. Only stockholders who are eligible to vote at the Annual Meeting or their authorized representatives will be admitted to the Annual Meeting. Stockholders must present a form of personal photo identification to be admitted to the Annual Meeting. If you are a beneficial owner of shares, you also must present a brokerage statement or other proof of ownership to be admitted. No cameras, recording equipment, electronic devices, large bags, briefcases or packages will be permitted in the Annual Meeting. Seating will be limited.

Who is entitled to vote at the Annual Meeting?

Holders of Owens Corning common stock at the close of business on February 16, 2010 are entitled to receive this Notice and to vote their shares at the Annual Meeting. As of that date, there were 127,714,547 shares of common stock outstanding and entitled to vote. Each share of common stock is entitled to one vote on each matter properly brought before the Annual Meeting. All stockholders of record may vote in person at the Annual Meeting. Stockholders of record may also be represented by another person at the Annual Meeting by executing a proper proxy designating that person. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or other holder of record and present it to the inspectors of election with your ballot to be able to vote at the Annual Meeting.

The names of stockholders of record entitled to vote at the Annual Meeting will be available for any purpose germane to the meeting at the Annual Meeting and for ten days prior to the Annual Meeting between the hours of 8:45 a.m. and 4:30 p.m., at our principal executive offices at One Owens Corning Parkway, Toledo, Ohio, by contacting the Secretary of the Company.

How do I vote?

You may vote using one of the following methods:

vote through the Internet at www.proxyvote.com using the instructions included in the proxy card or voting instruction card;

vote by telephone using the instructions on the proxy card or voting instruction card;

complete and return a written proxy or voting instruction card; or

attend and vote at the Annual Meeting. (See Who is entitled to vote at the Annual Meeting?)
Your vote is important. You can save us the expense of an additional solicitation by voting promptly.

Will my shares be voted if I do not provide instructions to my broker?

If you are the beneficial owner of shares held in street name by a broker, the broker (as the record holder of the shares) is required to vote those shares in accordance with your instructions. If you do not provide instructions, your broker will not be able to vote your shares.

Table of Contents

How do I vote shares I hold through the Company's 401(k) plans?

If you hold shares through the Owens Corning Savings Plan or the Owens Corning Savings and Security Plan, you will receive a request for voting instructions with respect to your plan shares. You are entitled to instruct the plan trustee on how to vote your plan shares. If you do not give voting instructions to the plan trustee within the time specified by the plan trustee, your plan shares will be voted by the plan trustee in the same proportion as shares for which voting instructions have been received for such plan.

What can I do if I change my mind after I vote my shares?

If you are a stockholder of record, you can revoke your proxy before it is exercised by:

written notice to the Secretary of the Company;

timely delivery of a valid, later-dated proxy or a later-dated vote by telephone or on the Internet; or

voting by ballot at the Annual Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your broker or other holder of record.

All shares that have been properly voted and not revoked will be voted at the Annual Meeting.

What are the voting requirements to elect the directors and to approve the proposal discussed in this Proxy Statement?

The presence of the holders of a majority of the shares of common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum.

Election of Directors

A plurality of the votes cast is required for the election of directors. This means that the director nominee with the most votes for a particular slot is elected for that slot. You may vote for or withheld with respect to the election of directors. Only votes for are counted in determining whether a plurality has been cast in favor of a director. Abstentions are not counted for purposes of the election of directors.

Approval of the Owens Corning 2010 Stock Plan

Under the Company's bylaws, the affirmative vote of a majority of the votes which could be cast by the holders of all stock entitled to vote which are present in person or by proxy at the Annual Meeting is required to approve the Owens Corning 2010 Stock Plan. In addition, the New York Stock Exchange rules require that at least a majority of the outstanding shares vote with respect to this proposal. Consequently, broker non-votes will have the same effect as votes against this item, unless the total votes cast for or against this item represent a majority of the outstanding shares. In that case, broker non-votes will not have any effect on the results of the vote. Abstentions will count as present and entitled to vote for purposes of this proposal and will have the effect of a vote against the proposal.

Could other matters be decided at the Annual Meeting?

At the time this Proxy Statement went to press, we did not know of any matters to be raised at the Annual Meeting other than those referred to in this Proxy Statement. However, if other matters should be properly presented at the meeting, the proxy holders will have the discretion to vote your shares in accordance with their best judgment.

Table of Contents

Who will tabulate the votes?

Representatives of Broadridge Financial Solutions, Inc. will tabulate the votes and act as inspector of election. Rodney A. Nowland and Jeffrey S. Wilke have been appointed to serve as alternate inspectors of election in the event Broadridge is unable to serve.

Who will pay the cost of this proxy solicitation?

The Company will pay the cost of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees in person or by telephone, electronic transmission or facsimile transmission. We have hired The Altman Group to assist in the distribution and solicitation of proxies. We will pay The Altman Group a fee of \$9,000, plus reasonable expenses, for these services.

What is householding and how does it affect me?

We have adopted a procedure approved by the Securities and Exchange Commission (SEC) called householding. This procedure is designed to reduce the volume of duplicate information received at your household and helps us reduce our printing and mailing costs. Under this procedure, stockholders of record who have the same address and last name and do not participate in electronic delivery of proxy materials will receive only one copy of our Notice of Annual Meeting and Proxy Statement and accompanying documents, unless one or more of these stockholders notifies us that they wish to continue receiving individual copies.

Stockholders who participate in householding will continue to receive separate proxy cards.

If you are eligible for householding, but you and other stockholders of record with whom you share an address currently receive multiple copies of the Notice of Annual Meeting and Proxy Statement and accompanying documents, or if you hold stock in more than one account, and in either case you wish to receive only a single copy of each of these documents for your household, contact Broadridge Financial Solutions, Inc. at 1-800-542-1061 or in writing at Broadridge, Household Department, 51 Mercedes Way, Edgewood, New York 11717.

If you participate in householding and wish to receive a separate copy of this Notice of Annual Meeting and Proxy Statement and the accompanying documents, or if you do not wish to participate in householding and prefer to receive separate copies of these documents in the future, contact Broadridge as indicated above.

Beneficial owners can request information about householding from their brokers or other holders of record.

PROPOSAL 1. ELECTION OF DIRECTORS

Information Concerning Directors

Currently, our Board of Directors consists of 13 directors in 3 classes, with 4 directors in Class I, 5 directors in Class II and 4 directors in Class III. In accordance with our amended and restated bylaws, these directors currently include:

one director, who we refer to as the Bondholder Designated Director, who was initially designated by a committee representing holders of certain previously outstanding bonds of a predecessor company (the Predecessor);

one director initially designated by an Asbestos Claimants Committee, who we refer to as the ACC Designated Director; and

one director initially designated by a Future Claimants Representative, who we refer to as the FCR Designated Director. On our Board of Directors, Daniel K. K. Tseung is the Bondholder Designated Director, W. Howard Morris is the ACC Designated Director, and James J. McMonagle is the FCR Designated Director.

Our amended and restated bylaws provide that, until such time as the Asbestos Personal Injury Trust formed as part of the Predecessor s emergence from Chapter 11 bankruptcy proceedings in 2006 (the Asbestos PI Trust) no longer holds shares representing at least 1% of our issued and outstanding common stock, (i) the Asbestos PI Trust has the right to nominate individuals for election as the ACC Designated Director (as designated by the Trustees Advisory Committee) or the FCR Designated Director (as designated by the Future Claimants Representative), and (ii) the Trustees Advisory Committee or the Future Claimants Representative has the right to fill any vacancy in the Board of Directors arising from the resignation, retirement, death, removal or incapacity of the ACC Designated Director or the FCR Designated Director, respectively.

The three director classes serve as follows:

the directors currently serving in Class I hold office for a term expiring at the Annual Meeting;

the directors currently serving in Class II hold office for a term expiring at the Annual Meeting of Stockholders in 2011; and

the directors currently serving in Class III hold office for a term expiring at the Annual Meeting of Stockholders in 2012.

The directors in Class I whose terms expire at the Annual Meeting are: Ralph F. Hake, F. Philip Handy, Michael H. Thaman and Daniel K. K. Tseung. Mr. Tseung, the Bondholder Designated Director, has advised the Board of Directors that he would not stand for re-election to the Board of Directors when his term expires at the Annual Meeting in view of conflicting time commitments and the significant reduction during 2009 in the holdings of our common stock by the bond-holder group that originally designated him to the Board. In addition, Robert B. Smith, Jr., a director in Class II, will have attained retirement age as of the Annual Meeting and will retire at such meeting. In view of Mr. Tseung s decision not to stand for re-election and Mr. Smith s retirement, the Board of Directors has determined that the size of the Board will be reduced by two effective as of the Annual Meeting.

The Board of Directors has nominated each of Messrs. Hake, Handy, and Thaman for re-election as directors at the Annual Meeting for a new term expiring at the Annual Meeting of Stockholders in 2013, upon the recommendation of the Board s Governance and Nominating Committee, which consists solely of independent directors. The business experience of each of the nominees for director and each of the current directors whose term continues past the Annual Meeting is described below.

Table of Contents

Pursuant to the Corporate Governance Guidelines adopted by our Board of Directors, nominees for director are selected on the basis of, among other things, experience, knowledge, skills, expertise, mature judgment, accumen, character, integrity, diversity, ability to make independent analytical inquiries, understanding of Owens Corning's business environment, and willingness to devote adequate time and efforts to Board responsibilities. The Board of Directors believes that each of the current directors and nominees for director exhibit each of these characteristics. Set forth below is a description of the principal experience, qualifications, attributes or skills that led the Board to the conclusion that such individuals should serve as an Owens Corning director in light of the Company's business and structure:

Norman P. Blake, Jr.	Experience as chief executive and concerning business strategy and finance
Gaston Caperton	Experience as chief executive and Governor and concerning government processes
Ralph F. Hake	Experience as chief executive and concerning finance, manufacturing and operations
F. Philip Handy	Experience as chief executive and in private investing and concerning business strategy, finance and investments
Landon Hilliard	Experience concerning banking and finance
Ann Iverson	Experience as chief executive and consultant and concerning branding, finance and marketing
James J. McMonagle	FCR Designated Director; experience concerning governance, government processes and law
W. Howard Morris	ACC Designated Director; experience concerning auditing, finance and investments
Joseph F. Neely	Experience as chief executive and concerning finance, manufacturing and operations
W. Ann Reynolds	Experience as chief executive and concerning finance, governance and government processes
Robert B. Smith, Jr.	Experience concerning governance, government processes and law
Michael H. Thaman	Experience as chief executive and concerning business strategy, finance and Owens Corning operations
Daniel K. K. Tseung	Bondholder Designated Director; experience concerning Asia, business strategy, finance and investments

Your proxy will vote for each of the three nominees unless you specifically withhold authority to vote for any or all of the nominees. If any nominee is unable to serve, your proxy may vote for another nominee proposed by the Board of Directors. We do not know of any nominee of the Board of Directors who would be unable to serve as a director if elected.

Directors will be elected by a plurality of the votes cast at the Annual Meeting. Each person elected at the Annual Meeting will serve until the Annual Meeting of Stockholders in 2013 and until his or her successor is duly elected and qualified.

Mr. Thaman was Chairman of the Board for the Company from April 2002 to December 2007, prior to his election as the Company's Chief Executive Officer. Upon his election as Chief Executive Officer in December 2007, the CEO and Chairman positions were combined in order to ensure a single, strong senior management voice, with clear and consistent leadership on critical strategic objectives. The Board's prior experience working with Mr. Thaman in the Chairman position strongly supported its conclusion that the Company and its stockholders would be best served with Mr. Thaman leading Owens Corning as its Chairman and CEO.

The Board of Directors further determined that it was appropriate to have a structure that provided strong leadership among the independent directors of the Board. Landon Hilliard was therefore named by the Board of Directors to serve in the capacity as Lead Independent Director. Mr. Hilliard has continuously served as director of the Company, or the Predecessor, since 1989. He has also had significant experience serving as a non-management director of companies other than Owens Corning.

The Board of Directors believes that its on-going ability to review the leadership structure of the Board and to make changes as it deems necessary and appropriate gives it the flexibility to meet varying business, personnel and organizational needs over time. The success of any given structure will always be dependent upon the individuals who hold key roles and how they work together to drive value for the Company and its stockholders.

Lead Independent Director

The independent directors on our Board of Directors have elected a Lead Independent Director to serve in a lead capacity to coordinate the activities of the other non-management directors and to perform such other duties and responsibilities as the Board of Directors may determine. Landon Hilliard was elected to serve as Lead Independent Director effective June 21, 2007 and was reelected effective June 17, 2009.

The responsibilities of the Lead Independent Director, as provided in the Charter of Lead Independent Director for Owens Corning, include:

presiding at meetings of the Board in the absence of, or upon the request of, the Chairman;

serving as a designated member of the Executive Committee;

presiding over all executive meetings of non-management directors and independent directors and reporting to the Board, as appropriate, concerning such meetings;

reviewing Board meeting agendas in collaboration with the Chairman and recommending matters for the Board to consider and information to be provided to the Board;

Table of Contents

serving as a liaison and supplemental channel of communication between the non-management/independent directors and the Chairman without inhibiting direct communication between the Chairman and other directors;

serving as the principal liaison for consultation and communication between the non-management/independent directors and stockholders;

advising the Chairman concerning the retention of advisors and consultants who report directly to the Board.

The Charter of Lead Independent Director for Owens Corning is available on our website at <http://www.owenscorning.com>.

The Board of Directors believes that having a strong Lead Independent Director with significant leadership responsibilities, as described above, coupled with a strong and effective Chairman and CEO is currently the appropriate board leadership structure for Owens Corning.

Communications with Directors

Stockholders and other interested parties may communicate with the Lead Independent Director or any other non-management directors regarding the Company by sending an email to non-managementdirectors@owenscorning.com. All such communications are promptly reviewed by the Vice President, Audit and the Director, Corporate Law for evaluation and appropriate follow-up/resolution. The Board of Directors has determined that communications determined to be advertisements, or other types of Spam or Junk messages, unrelated to the duties or responsibilities of the Board, should be discarded without further action. A summary of all other communications is reported semi-annually to the non-management directors. Communications involving fraud or serious misconduct by directors or executive officers are immediately reported to the Lead Independent Director. Complaints regarding business conduct policies, corporate governance matters, accounting controls or auditing are managed and reported in accordance with Owens Corning's existing audit committee complaint policy or business conduct complaint procedure, as appropriate.

Director Qualification Standards

Pursuant to New York Stock Exchange listing standards, our Board of Directors has adopted a formal set of categorical Director Qualification Standards with respect to the determination of director independence, which either meet or exceed the independence requirements of the New York Stock Exchange corporate governance listing standards. In accordance with our Standards, to be considered independent a director must be determined to have no material relationship with the Company other than as a director. The Standards specify the criteria by which the independence of our directors will be determined, including strict guidelines for directors and their immediate families with respect to past employment or affiliation with the Company or its independent registered public accounting firm. The full text of our Director Qualification Standards is included as Annex A to this Notice of Annual Meeting and Proxy Statement.

Director Independence

With the assistance of legal counsel to the Company, the Governance and Nominating Committee reviewed the applicable legal standards for director and Board Committee independence, our Director Qualification Standards, and the criteria applied to determine audit committee financial expert status. The Committee also reviewed reports of the answers to annual questionnaires completed by each of the independent directors and of transactions with director affiliated entities. On the basis of this review, the Governance and Nominating Committee delivered reports and recommendations to the Board of Directors and the Board made its independence and audit committee financial expert determinations based upon the Committee's reports and recommendations.

Table of Contents

The Board of Directors has determined that current directors Norman P. Blake, Jr., Gaston Caperton, Ralph F. Hake, F. Philip Handy, Landon Hilliard, Ann Iverson, James J. McMonagle, W. Howard Morris, Joseph F. Neely, W. Ann Reynolds, Robert B. Smith, Jr. and Daniel K. K. Tseung are independent under the standards set forth in our Director Qualification Standards. The Board of Directors also has determined that all of the directors serving on the Audit, Compensation, and Governance and Nominating Committees are independent and satisfy relevant requirements of the SEC, the New York Stock Exchange, Owens Corning and the respective charters for the members of such Committees. The Board of Directors also determined that former directors William W. Colville and David J. Lyon met the above standards for independence during the time that each served as a director.

In reaching the above determinations of independence, the Board of Directors considered the following:

The information disclosed below under the heading, Compensation Committee Interlocks and Insider Participation with respect to Mr. Hilliard;

Executive Sessions of Directors

According to our Corporate Governance Guidelines, executive sessions or meetings of non-management directors without management present must be held regularly (at least three times a year) and at least one meeting must include only independent directors. Currently, all of our non-management directors are independent. In 2009, the non-management directors met in executive session six times.

Risk Oversight

The Audit Committee of the Board of Directors has primary responsibility for assisting the Board's oversight of risk. Pursuant to its charter, the Audit Committee's responsibilities include discussing guidelines and policies governing the process by which senior management and the relevant departments of the Company assess and manage the Company's exposure to risk, as well as the Company's major financial risk exposures and the steps management has taken to monitor and control such exposures. The Compensation and Finance Committees of the Board of Directors also review and evaluate risks associated with their respective areas. Each of the Board Committees provides reports concerning its activities to the Board of Directors and the Board considers and discusses such reports.

To further support the risk oversight function, Owens Corning has a management Risk Committee which is responsible for overseeing and monitoring the Company's risk strategy and chartering risk mitigation related actions. The Risk Committee's membership has broad based functional representation, including members from the corporate audit, finance, legal, security, treasury and business functions. The Risk Committee provides periodic updates concerning risk to the Audit Committee of the Board of Directors.

Owens Corning Policies on Business Ethics and Conduct

All of our employees, including our Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer, are required to abide by Owens Corning's Code of Business Conduct Policy to ensure that our business is conducted in a consistently legal and ethical manner. This policy forms the foundation of a comprehensive process that includes compliance with all corporate policies and procedures, an open relationship among

colleagues that contributes to good business conduct, and the high integrity level of our employees. Our policies and procedures cover all areas of professional conduct, including employment policies, conflicts of interest, intellectual property and the protection of confidential information, as well as strict adherence to all laws and regulations applicable to the conduct of our business.

The Company also has adopted an Ethics Policy for Chief Executive and Senior Financial Officers that applies to our Chief Executive Officer, Chief Financial Officer and Chief Accounting Officer (Senior Financial Officers), that provides, among other things, that Senior Financial Officers must comply with all laws, rules and regulations that govern the conduct of the Company's business and that no Senior Financial Officer may participate in a transaction or otherwise act in a manner that creates or appears to create a conflict of interest unless the facts and circumstances are disclosed to and approved by the Governance and Nominating Committee.

Employees are required to report any conduct that they believe in good faith to be an actual or apparent violation of Owens Corning's Code of Business Conduct Policy. The Sarbanes-Oxley Act of 2002 requires audit committees to have procedures to receive, retain and treat complaints received regarding accounting, internal accounting controls or auditing matters and to allow for the confidential and anonymous submission by employees of concerns regarding questionable accounting or auditing matters. We have such procedures in place.

Directors Code of Conduct

The members of our Board of Directors are required to comply with a Directors Code of Conduct (the Code). The Code is intended to focus the Board and the individual directors on areas of ethical risk, help directors recognize and deal with ethical issues, provide mechanisms to report unethical conduct, and foster a culture of honesty and accountability. The Code covers all areas of professional conduct relating to service on the Owens Corning Board, including conflicts of interest, unfair or unethical use of corporate opportunities, strict protection of confidential information, compliance with all applicable laws and regulations and oversight of ethics and compliance by employees of the Company.

The full texts of our Code of Business Conduct Policy, Ethics Policy for Chief Executive and Senior Financial Officers and Directors Code of Conduct are published on our website at <http://www.owenscorning.com> and will be made available in print upon request by any stockholder to the Secretary of the Company.

Director Retirement Age

Pursuant to the Company's Corporate Governance Guidelines, the retirement age for directors is 73. A director who has attained age 73 may continue to serve as a director until the next succeeding annual meeting of stockholders.

Members of our Board are kept informed of our business through discussions with our Chief Executive Officer, Chief Financial Officer and other officers, by reviewing materials provided to them, by visiting our offices and plants, and by participating in meetings of the Board and its Committees. Board members are expected to attend our Annual Meetings of Stockholders, unless an emergency prevents them from doing so. Each of our directors was present at the 2009 Annual Meeting of Stockholders.

On September 1, 2006, various members of the Investment Review Committee of the Predecessor were named as defendants in a lawsuit captioned *Brown v. Owens Corning Investment Review Committee, et al.*, in the United States District Court for the Northern District of Ohio (Western Division). Neither the Company nor the Predecessor is named in the lawsuit but such individuals would have a contingent indemnification claim against the Predecessor. The suit, brought by former employees of the Predecessor, was brought under ERISA alleging that the defendants breached their fiduciary duties to certain pension benefit plans and to class members in connection with the investments in a company common stock fund of the Predecessor. A motion to dismiss was filed on behalf of the defendants on March 5, 2007. Subsequently, the court converted the Motion to Dismiss to a Motion for Summary Judgment. On December 24, 2008, the court granted the defendants' Motion for Reconsideration and dismissed the action. On January 9, 2009, the plaintiffs filed a Motion to Amend Judgment. On June 3, 2009, the plaintiffs filed a Notice of Appeal in the United States Court of Appeals for the Sixth Circuit. Oral argument was held on March 10, 2010.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 and SEC regulations require Owens Corning's directors and executive officers and greater than ten percent stockholders to file reports of ownership on Form 3 and changes in ownership on Forms 4 or 5 with the SEC. Owens Corning undertakes to file such forms on behalf of our current reporting directors and executive officers pursuant to a power of attorney given to certain attorneys-in-fact. Reporting directors, executive officers and ten percent stockholders are also required by SEC rules to furnish Owens Corning with copies of all Section 16(a) reports they file.

Based solely on its review of copies of such reports received or written representations from such directors, executive officers and ten percent stockholders, Owens Corning believes that all Section 16(a) filing requirements applicable to its directors, executive officers and ten percent stockholders were complied with during fiscal year 2009.

Executive Compensation

COMPENSATION DISCUSSION AND ANALYSIS

In this section (which we refer to as "CD&A") we provide information, discussion and analysis concerning our compensation programs for our Chief Executive Officer, Chief Financial Officer and the other named executive officers for 2009 (collectively, the "Executive Officers").

Objectives of Our Compensation Programs Our Philosophy

As a global leader in high performance glass composites and building materials, we must employ highly talented individuals to build and grow our market-leading businesses and maximize financial results. Consequently, we have designed our compensation and benefit programs to attract and retain highly qualified employees and to engage our employees to deliver the performance and financial returns that will drive stockholder value.

Table of Contents

The Compensation Committee of our Board of Directors (which we refer to in this CD&A as, the Committee) is comprised entirely of independent directors and has responsibility for approving the compensation arrangements for our Executive Officers. The Committee acts pursuant to a charter that has been approved by our Board of Directors. The charter is updated periodically and can be found on the Company's website at: <http://www.owenscorning.com>.

In 2009, the Committee's independent compensation consultant was Towers Perrin (the Consultant). Specifically, the Consultant provided relevant market data and trend information, advice, alternatives and recommendations to the Committee with regard to the compensation of Executive Officers. The Consultant is retained and engaged by the Committee, and the Committee is responsible for directing and reviewing the Consultant's work. During 2009, the Consultant has provided no additional consulting services for the Company outside of its role as the Committee's independent compensation consultant.

The compensation programs provided for our Executive Officers are organized around four fundamental principles.

1. Our Compensation is Performance-Based

The Committee believes that compensation decisions require judgment and should reflect Company and individual performance, in addition to market pay levels and trends. Total compensation opportunities for the Executive Officers, including base salary, annual incentives and equity awards, are generally targeted at the median of our competitive marketplace for executive talent. The Committee maintains the flexibility and discretion to establish individual Executive Officer's target compensation levels above or below market median practices as experience, performance and contribution warrant.

The Committee utilizes a peer group of 14 companies in assessing the competitiveness of executive compensation and the appropriateness of compensation program design. These companies are either in the building materials industry, serve related markets, or use manufacturing processes similar to Owens Corning, and have size (measured in annual net sales, market capitalization or number of employees) or complexity comparable to Owens Corning. This peer group is reviewed regularly by the Committee to ensure the relevance of the companies to which we compare ourselves.

The current peer group is comprised of the following companies:

Armstrong World Industries	Owens-Illinois
Ball Corporation	Eagle Materials
Black & Decker	PPG Industries
Lennox International	Sherwin-Williams
Masco	Stanley Works
Mohawk Industries	Temple-Inland
Louisiana Pacific	USG

While compensation data from the peer group serves as our primary reference, the Committee supplements this information with data from compensation surveys covering general industry companies of similar size based on annual net sales. This additional data, compiled by our Consultant, enhances the Committee's knowledge of trends and market practices.

Both our Corporate Incentive Plan (CIP), which pays annual incentives based on Company performance over a one-year period, and our Long-Term Incentive Program (LTIP), which delivers a mix of equity-based compensation, including performance shares which pay out based on Company performance over a three-year period, are designed to provide incentive pay to the Executive Officers at levels that correspond to whether the performance goals set by the Committee pursuant to those plans are attained. The Committee's philosophy is to provide clearly defined financial incentives to motivate our leaders to deliver superior results which will drive stockholder value.

Table of Contents

The maximum award opportunities for our Executive Officers under the CIP range from 1.3 to 2.3 times base salary. The Committee utilizes negative discretion (see Tax Deductibility of Pay below) to align incentive payments with Company and individual performance and generally targets awards at 50% of each Executive Officer's maximum award opportunity. Target awards under the LTIP range from 2.1 to 3.8 times base salary. The ranges reflect participation levels determined for each Executive Officer in these plans. The participation level for each of our Executive Officers is based on the officer's specific position, responsibilities, accountabilities and impact on the Company's results, and the market analysis discussed above.

Accordingly, the compensation structure for our Executive Officers (base salary and participation in our CIP and LTIP) is generally determined by reference to similar positions at companies within our peer group. Because our incentive plans are performance-based, whether the participation level of Executive Officers in our incentive plans actually translates into pay at, above, or below this targeted structure is in large part determined by the Company's performance and by the Committee's assessment of each Executive Officer's individual performance.

2. Our Compensation is Aligned with Stockholder Interests

We believe that total compensation should be driven by those business results that are best aligned with long-term stockholder value. The Committee selects funding criteria for the CIP and LTIP that it believes will drive enterprise value and are correlated to stockholder return.

3. Our Compensation Programs Position Us to Compete for the Best Executive Talent

We believe that stockholders benefit when we can attract and retain talented executives. We accomplish this with compensation packages that are competitive, fair and appropriately reward outstanding performance. Our executive compensation program, while heavily weighted toward performance-based incentive plans, is designed to deliver total compensation at the median of our peer group when the Company meets its target performance goals. However, our Executive Officers can receive incentive compensation above or below the median to the extent that the Company either exceeds or does not meet performance goals. To ensure that our programs remain market competitive, we benchmark our plans against the compensation programs of our peer companies with assistance from the Consultant.

4. Our Compensation Programs Should Be Recognized as Challenging but Fair

We intend to create and maintain compensation programs that will be recognized as challenging, but fair, both internally and externally. We accomplish this by comparing the total compensation that is provided to our Executive Officers to:

- (i) the targeted compensation structure of similar executive officers at our peer companies to measure external fairness;
- (ii) the actual compensation received by, and the corresponding results delivered by, similar executive officers at our peer companies to measure external fairness;
- (iii) our other senior leaders at Owens Corning to measure internal fairness; and
- (iv) the total compensation that the Committee, in its exercise of judgment after reviewing results achieved and impact on stockholders, believes is appropriate to ensure overall fairness to the Executive Officers and stockholders.

The Elements of Our Compensation Program

The Committee emphasizes managing the Executive Officers' total compensation. While each element is important, it is the total compensation of our Executive Officers that should correspond to their individual performance, the business results of the Company and value created for stockholders. The three main elements of

Table of Contents

our executive compensation program are base salary, the CIP and the LTIP. Executive Officers are also provided with benefits and perquisites, which comprise a relatively small portion of total compensation. The compensation policies and programs described herein, unless otherwise noted, are applied consistently with respect to all Executive Officers.

Base Salary

Base salary levels for Executive Officers for any given year are generally reviewed by the Committee at its meeting in February. Adjustments in base salary on a year-over-year basis are dependent on the Committee's assessment of Company and individual performance, while taking into account all elements of Executive Officer total compensation. When adjusting Executive Officer salaries, the Committee is mindful of its overall goal to keep base salaries for our Executive Officers near the median or 50th percentile of companies in our peer group. The proportional amount of total compensation that is provided in the form of base salary is substantially less, assuming performance levels are met, than the amount that is provided in the form of awards under our CIP and LTIP, each of which is described below.

The Committee determines the CEO's base salary based on a review of market data, time in position and individual and Company performance. In addition, the Committee considers the overall economic environment and business dynamics. For the remaining Executive Officers, the CEO makes recommendations to the Committee for its approval. The CEO's recommendations are based on several key factors for each Executive Officer, including:

the scope of responsibility and impact on the Company's aggregate results;

the officer's overall individual performance as evaluated by the CEO;

competitive salary levels;

the manner in which the officer interacts with and elevates the performance of the leadership team as a whole; and

the manner in which the officer demonstrates our Company's values and sets the tone at the top.

In addition, when an Executive Officer is recruited from outside Owens Corning, the package necessary to attract candidates also plays a role in determining base salary and total compensation. The Committee considers the recommendations made by the CEO along with each of the factors described above and uses its judgment to make the final determination and approval of Executive Officer salaries in a manner which is consistent with the compensation philosophy, needs and interests of the Company.

Annual Incentives

Annual incentives are delivered through the CIP. Funding under the 2009 CIP for all Executive Officer awards for the year was determined based on performance as measured against separate and distinct corporate and individual performance goals for the year. Incentive awards for the Executive Officers are allocated at 75% for corporate performance measures and 25% for individual performance measures. Award amounts for each element may be earned from 0 - 200% of targeted levels, based upon performance. The corporate component is earned based upon the achievement of two separate pre-determined financial goals as described below. The CIP also contains a business segment component, based upon the achievement of financial performance of our Composites and Building Materials segments. While the Compensation Committee reviews and approves the performance metrics for the business segment component, none of the named executive officers participate in this component of the CIP.

The individual component is funded at maximum if the company is profitable, with actual award amounts earned under the individual component being reduced from maximum and determined based upon a discretionary assessment of performance by the Committee. The Committee assesses the individual performance of the CEO, and reviews and approves the CEO's assessment of individual performance of the other Executive Officers in determining CIP amounts. Awards are paid in the form of a lump-sum cash payment.

Table of Contents

At the beginning of each year, the Committee selects the corporate performance objectives, or funding criteria, that are used to determine the funding under the corporate performance measures. For 2009, the Committee selected specific levels of adjusted earnings from continuing operations before interest and taxes (Adjusted EBIT as defined in Management s Discussion and Analysis included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009) and average quarterly working capital as a percentage of trailing twelve-month sales as the relevant performance objectives/funding criteria.

Funding of the corporate component of the CIP can range, on the basis of Company performance, from Threshold Funding (zero CIP funding), to Target Funding (the target CIP funding established by the Committee), to Maximum Funding (two times Target Funding). For Company performance falling between the performance levels associated with Threshold Funding and Target Funding or with Target Funding and Maximum Funding, CIP funding would fall proportionately between the corresponding funding levels. For example, for Company performance falling two-thirds of the way between the performance levels associated with Threshold Funding and Target Funding, the resulting CIP funding would fall two-thirds of the way between Threshold Funding and Target Funding.

Individual performance goals are established each year for the CEO by the Committee. For the remaining Executive Officers, the CEO and each officer establish and agree upon critical outcomes which serve as the individual performance goals for that officer for the year. At the close of each year the Committee evaluates the performance of the CEO against the established performance goals, in addition to other factors described below, and determines the level of funding of the individual component of the award. Similarly, the CEO reviews performance of the other Executive Officers against their individual critical outcomes and based on this assessment and other factors described below, the CEO makes a recommendation to the Committee. The Committee then determines the actual payout under the individual component of the CIP based on the recommendations of the CEO.

When establishing Threshold, Target and Maximum CIP performance levels for the corporate component for 2009, the Committee used a variety of guiding principles, including:

Target performance levels generally correspond with the results and the business objectives called for in the Board-approved Operations Plan (a comprehensive strategic business plan for the Company) for the year. Whether the target performance level can be attained is a function of the degree of difficulty associated with the Operations Plan.

Threshold performance levels should be set so that below Target performance yields below market compensation, but also to reward employees incrementally for delivering value during adverse business conditions. CIP performance levels between Threshold and Target are intended to compensate employees below the targeted median, which the Committee believes is appropriate for a performance-based incentive plan.

The Maximum performance level is also determined based on the Committee s view of the degree of difficulty of the Operations Plan the more difficult the Operations Plan and, therefore, the Target performance level, is to achieve, the less incremental performance (above target performance) is required to reach the Maximum.

The Maximum performance level should be set so that it is rarely attained, with the mindset that it requires Company performance to be significantly higher than the Operations Plan to warrant CIP funding at or near Maximum.

CIP awards between Target and Maximum should reflect a level of performance that distinguishes the Company and its leaders, and translates into increased stockholder value.

The Committee retains discretion to reduce awards or not pay CIP compensation even if the relevant performance targets are met.

Table of Contents

In 2009, CIP funding was based upon Adjusted EBIT (75% weighting) and quarterly average working capital divided by trailing twelve-month sales (25%) weighting. The funding targets for the Adjusted EBIT portion of the CIP pool were as follows:

	Threshold Funding	Target Funding	Maximum Funding
Corporate Incentive Plan			
Adjusted EBIT (75% weight)	\$ 90MM	\$ 150MM	\$ 210MM
Quarterly Average Working Capital Divided by Trailing Twelve-Month Sales (25% Weight)	20.4%	18.9%	17.4%

Adjusted EBIT in 2009 was \$308 million and therefore the Adjusted EBIT portion of the CIP pool funded at 200% of Target Funding. Quarterly Average Working Capital Divided by Trailing Twelve-Month Sales for 2009 was 21.2% and funded at 0% of Target Funding. The funding for the corporate component of CIP in 2009 was therefore 150% of Target Funding. The Committee believes that the Company's financial and operational performance in 2009 was strong in an extraordinarily challenging business environment.

Factors considered in assessing individual performance include: the performance of business or functional areas for which the individual is accountable, achievement of pre-determined goals, impact on the organization and talent development. Individual performance is based on a discretionary holistic assessment of the Executive Officer's overall performance. There are no definitive pre-identified metrics for the assessment of individual performance, but some of the factors considered are described herein. The Committee determines the CEO's individual award based upon its assessment of the CEO's performance for the year. For the other Executive Officers, the assessment is made by the CEO for each Executive Officer on an individual basis and reviewed and approved by the Committee. When assessing individual performance, the considerations by the CEO and the Committee include those referenced above when determining base salary, as well as a comparison among Executive Officers to determine their relative contributions to the Company's business results with the goal being to differentiate awards based on performance. The Committee received recommendations from the CEO, assessed his performance evaluation for each of the Executive Officers and applied its judgment consistent with the factors described to review and approve the CIP payouts for each Executive Officer for 2009.

Long-Term Incentives

We believe long-term incentive opportunities should align Executive Officer behaviors and results with key enterprise drivers and the interests of stockholders over an extended period of time.

Our long-term incentive program (LTIP) is an equity-based program that uses a combination of Restricted Stock, Stock Options and Performance Stock Units. The Performance Stock Units use overlapping three-year performance cycles, with a new cycle beginning each year.

Grants to Executive Officers in 2009 consisted of three separate components: (1) Restricted Stock whereby vesting occurs and restrictions lapse pro-rata at the rate of 25% per year over a four-year period (employees in certain foreign jurisdictions receive Restricted Stock Units); (2) Stock Options, which vest pro-rata at the rate of 25% per year over a four-year period and (3) Performance Stock Units (PSUs) whereby vesting occurs at the completion of the three-year performance period and participants receive a settlement of their individual awards based on the Company's performance against pre-established performance criteria. PSUs are settled half in cash in an amount that is dependent on the value of the Company's common stock and half in shares of Company common stock. This mix provides an increasing ongoing stake in the Company with each performance cycle, while also providing a cash payment at the completion of each cycle that reflects value added to the Company as a whole. The performance criterion used to determine the number of PSUs ultimately received by the participants is total shareholder return relative to S&P 500 companies.

For the performance cycle beginning in 2007 and ending in 2009, performance objectives/funding criteria were based on the Company's Cumulative Earnings Per Share (weighted at 50%) and five specific corporate

objectives targeting various areas of Company performance (each weighted at 10%). The tables below summarize the performance objectives established at the beginning of the performance period and the results for the period, providing overall funding of 60%.

Stock Ownership Guidelines. Stock ownership guidelines for our officers and directors are designed to closely link their interests with those of our stockholders. These stock ownership guidelines provide that each Executive Officer must own stock with a value of three to five times his or her base salary, depending on position. Officers must retain 100% of after-tax shares received through LTIP awards until the ownership guideline is met.

Timing of Equity Awards. The Company does not have any program, plan or practice to time equity grants in coordination with the release of material, non-public information. Annual awards of restricted stock, stock options and PSUs are granted on the date of the Committee's annual February meeting. The Company may also grant equity awards to newly-hired or promoted executives, effective on the start or promotion date.

Risk Assessment. The Committee believes the majority of compensation provided to Executive Officers is performance-based, and our compensation programs do not pose a material risk to the Company. The design of the programs encourages balanced focus on both the short-term and the long-term operational and financial goals of the Company.

Perquisites. The Executive Officers participate in the health care, insurance, and other welfare and employee benefit programs that are generally available for all eligible employees. For 2009, certain employees, including Ms. Czanderna, received relocation benefits that were not generally available under the Company's formal corporate relocation program for newly hired employees. The Company permitted such benefits in view of the increased costs and difficulties associated with relocating in the current housing market. Such benefits have been made available on a case-by-case basis to non-Executive Officers as well.

Deferred Compensation Plan

The Company maintains a nonqualified deferred compensation plan under which certain employees, including Executive Officers, are permitted to defer receipt of some or all of their cash incentive awards under the CIP. Deferred amounts are credited with earnings or losses based on the rate of return of specified mutual funds and/or Owens Corning stock. The Company does not match amounts that are deferred by participants. The deferred compensation plan is not funded, and participants have an unsecured commitment from us to pay the amounts due under the plan. When such payments become distributable, the cash will be distributed from our general assets.

In addition, certain employees, including Executive Officers, may defer receipt of some or all of their stock awards granted under the LTIP beyond vesting.

Table of Contents

We provide this benefit in an effort to maximize the tax efficiency of our compensation program. We believe that this benefit is an important retention and recruitment tool as many of the companies with which we compete for executive talent provide similar plans to their executive employees.

Post-Termination Compensation

Severance Agreements. We have entered into severance agreements with our officers, including the Executive Officers. These agreements were approved by the Committee. The severance agreements were adopted for the purpose of providing for payments and other benefits if the officer's employment terminates for a qualifying event or circumstance, such as being terminated without cause as this term is defined in the severance agreements. We believe that these agreements are important to recruiting and retaining our officers, as many of the companies with which we compete for executive talent have similar agreements in place for their executive employees. Based on practices among peer companies and consistent with the interests and needs of the Company, the Committee determined an appropriate level of severance payments and the circumstances that should trigger such payments. Therefore, the severance agreements with the Executive Officers provide, under certain termination scenarios, for the payment of an amount equal to two times base salary and annual incentive awards plus continuation of health insurance coverage for a maximum period of two years and, for certain Executive Officers, reimbursement with respect to any excise taxes that may be imposed under Section 280G of the Internal Revenue Code. The severance agreements provide for payments upon a change in control only if the individual is also terminated for reasons other than cause in connection with the change in control. Payments under the severance agreements are made in cash and are paid, depending on the terms of the individual executive's agreement, either in the form of a one-time lump-sum payment or in the same manner as the regular payroll over a 24-month period. Health care coverage provided under the severance agreements is provided in kind. Additional specific information regarding potential payments under these severance agreements is found under the heading, Potential Payments upon Termination or Change-in-Control.

Pension Plan and Supplemental Pension Plan. Our pension plan is a funded, tax-qualified, noncontributory defined-benefit cash balance pension plan that covers certain employees, including the Executive Officers. Historically, the pension plan established a notional account into which a benefit equal to 4% of the participant's annual base salary plus CIP award is credited. Effective after December 31, 2009, the pension plan was frozen and the 4% annual credit to the participant accounts was eliminated and the Plan was closed to new participation. Employees with an accrued benefit under the pension plan continue to vest in their pension plan benefit upon completion of three years of service. This notional account also earns interest based on five-year Treasury securities, and, if vested, is paid when the participant's employment with the Company terminates, provided required vesting provisions are reached. The amount of annual earnings that may be considered in calculating benefits under the pension plan is limited by law.

We also have a supplemental pension plan (the Supplemental Plan) in which certain officers of the Company are eligible to participate, including the Executive Officers. This unfunded plan is paid out of our general assets and provides a benefit substantially equal to the difference between the amount that would have been payable under the pension plan, in the absence of legislation limiting pension benefits and earnings that may be considered in calculating pension benefits, and the amount actually payable under the pension plan. Effective after December 31, 2009, further accruals under this Supplemental Plan have been eliminated.

In addition, certain Executive Officers have individual supplemental pension arrangements under the Supplemental Plan which were implemented at the time of their hire. These individual arrangements were implemented at hire and will be frozen effective March 31, 2010. Each Executive Officer's pension benefit is described and quantified in the Pension Benefits Table below.

Savings Plan or 401(k) Plan. We have a Section 401(k) Savings Plan (the Savings Plan) for our salaried employees in which the Executive Officers may participate. It is a tax-qualified plan in which participating employees may contribute a portion of their base salaries and CIP into their Savings Plan accounts, subject to

Table of Contents

applicable IRS limitations. In addition, through 2009 we provided a match on employee contributions in an amount equal to one dollar for each dollar contributed by participating employees, up to a maximum of five percent of their regular earnings. Amounts held in Savings Plan accounts may not be withdrawn prior to the employee's termination of employment, subject to certain IRS exceptions.

We maintain the Savings Plan for our employees, including our Executive Officers, because we want to encourage our employees to save some percentage of their cash compensation for their eventual retirement. The Savings Plan permits employees to make such savings in a tax efficient manner.

Tax Deductibility of Pay

Section 162(m) of the Internal Revenue Code of 1986, as amended (the Tax Code), places a limit of \$1 million on the amount of compensation we may deduct in any one year with respect to any covered employee under Section 162(m).

There is an exception to the \$1 million limitation for performance-based compensation meeting certain requirements. Awards pursuant to our CIP and PSUs and stock option grants pursuant to our LTIP are intended to qualify as performance-based compensation meeting those requirements so that they are fully tax deductible. Restricted stock that is subject only to time-based vesting is not generally considered performance-based under Section 162(m) of the Tax Code, and, as a result, if the portion of these awards that becomes taxable to any covered employee, when combined with base salary and other non-performance-based compensation, exceeds \$1 million, these awards would not be tax deductible by the Company.

Disclosure of Specific Incentive Targets

With respect to both the CIP and LTIP, detail on the specific financial performance targets under these criteria for performance periods completed during the reporting period has been disclosed above. However, specific performance targets for ongoing and future performance periods are not disclosed because they are substantially based on the prospective strategic operations plans and corporate objectives of the Company, and disclosure of these prospective specific performance targets is not material to an understanding of our Executive Officer compensation for 2009. Such performance goals do not have a material impact on the compensation actually received in, or attributable to, the 2009 reported period. As described above, and as evidenced by the targets and outcomes described for the completed performance periods for the incentive compensation plans, the performance targets selected have a degree of difficulty which the Committee considers to be challenging but achievable. The Committee establishes the goals at the beginning of the performance period at levels that reflect our internal, confidential operations plan. These goals are within the ranges of what we have publicly disclosed for completed performance periods, and accordingly require a high level of financial performance in the context of the current business climate and over the performance periods to be achieved.

Narrative to Summary Compensation Table and Grants of Plan-Based Awards Table*Employment, Severance and Certain Other Arrangements*

During 2009, each of the Executive Officers participated in the Company's compensation and benefits programs for salaried employees as described here and reflected in the tables and accompanying footnotes. Each Executive Officer receives an annual base salary as reflected in the Summary Compensation Table above. The amount of such base salary as a component of the total compensation is established and reviewed each year by the Compensation Committee. Severance arrangements with each of the Executive Officers are as described below in Potential Payments Upon Termination or Change-In-Control.

Annual Corporate Incentive Plan

Owens Corning maintains the CIP, in which all salaried employees participate, with specific Company performance criteria adopted annually. Each of the Executive Officers is eligible to receive annual cash incentive awards based on his or her individual performance and on corporate performance against annual performance goals set by the Compensation Committee. Under the CIP for the 2009 annual performance period, the funding measures set by the Compensation Committee were based on Adjusted Earnings Before Interest and Taxes (Adjusted EBIT) as described in Management's Discussion and Analysis included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009 (weighted at 75%) and the average quarterly working capital divided by trailing twelve-month sales (weighted at 25%). Cash awards paid to the Executive Officers under the CIP for the 2009 performance period are reflected in Column (g) of the Summary Compensation Table and the footnote above and the range of award opportunities under the 2009 CIP is reflected in the Plan-Based Awards Table above.

Table of Contents

Long-Term Incentive Program

Owens Corning maintains a LTIP applicable to certain salaried employees as selected by the Compensation Committee, including each of the Executive Officers. The plan is designed to align participant compensation with the attainment of certain longer-term business goals established by the Compensation Committee.

The plan utilizes PSUs with three-year performance cycles, adopted annually, with payouts under the program dependent upon corporate performance against performance goals set by the Company's Compensation Committee for each cycle. The outstanding three-year cycles as of December 31, 2009 include: January 1, 2007 through December 31, 2009; January 1, 2008 through December 31, 2010; and January 1, 2009 through December 31, 2011. Awards to the Executive Officers under the LTIP for the cycle ending in 2009 are reflected in Column (g) of the Summary Compensation Table and the footnote above. For the cycle ending in 2009, the performance thresholds were achieved and the awards were funded at 60%. Estimated future payouts of awards under the 2009-2011 cycle are reflected in the Plan-Based Awards Table above.

The award shown in the Plan-Based Awards Table represents the Executive Officer's opportunity to earn the amount shown in the maximum column of the table if certain maximum performance goals established by the Compensation Committee at the beginning of the performance period are attained or exceeded during the performance period. In the event these maximum performance goals are not attained, then the Executive Officers may earn the amounts shown in the target column if the target levels of performance are attained, or the amounts shown in the threshold column if the threshold levels of performance are attained. Participants will earn intermediate amounts for performance between the maximum and target levels, or between the target and threshold levels, and will earn no amounts for performance at or below the threshold level.

For the performance period commencing in 2009, the LTIP award provides an award under the Owens Corning 2006 Stock Plan in three separate components: (1) Restricted Stock Awards granted under the 2006 Stock Plan as described below: recipients vest and restrictions lapse on these restricted stock awards 25% per year over four years, based upon continued tenure during the vesting period and without regard to the performance criteria; (2) PSUs awarded under the 2006 Stock Plan as described below: recipients vest in these PSUs at the completion of the three-year performance period and receive a settlement of the award based on the performance of the Company against pre-established performance criteria. The PSUs are settled half in cash and half in Company common stock; and (3) Stock Options awarded under the 2006 Stock Plan as described below: recipients vest in these non-qualified options 25% per year over four years, based upon continued tenure during the vesting period and without regard to the performance criteria. The options expire no later than 10 years after grant.

2006 Stock Plan

During 2006, the Company established the Owens Corning 2006 Stock Plan, which was approved by the bankruptcy court in connection with the Predecessor's emergence from Chapter 11. In December 2007, the Amended and Restated Owens Corning 2006 Stock Plan was approved by our stockholders. The plan provides for participation by employees, management and directors and authorizes grants of stock options, stock appreciation rights, stock awards, restricted stock awards, restricted stock units, bonus stock awards and performance stock awards.

All grants of Restricted Stock or Restricted Stock Units, PSUs, and Stock Options, including those made as a part of the LTIP as described above are made under the 2006 Stock Plan.

- (1) Refers to benefits under the Company's Cash Balance Plan (described below) or, if greater, under the Company's Prior Plan as discussed below.
- (2) Refers to benefits under the Company's non-qualified Supplemental Plan.
- (3) Mr. Dana has a specific individual arrangement with Owens Corning (pursuant to a written agreement with the Company) that provides a supplemental pension benefit based on Owens Corning's pension plan formula in existence on his employment date, determined as if he had earned 1.5 years of service for each year worked, provided that he remained an Owens Corning employee for no less than 10 years following his November 1995 employment date.

Owens Corning maintains a tax-qualified noncontributory defined benefit cash balance pension plan (the Cash Balance Plan) covering certain salaried and hourly employees in the United States, including each of the Executive Officers. The Cash Balance Plan was adopted by Owens Corning in replacement of the qualified Salaried Employees Retirement Plan maintained prior to 1996, which we refer to as the Prior Plan. The Prior Plan provided retirement benefits primarily on the basis of age at retirement, years of service and average earnings from the highest three consecutive years of service. Under the Cash Balance Plan, each year prior to January 1, 2010, eligible employees generally earned a benefit of 4% of such employee's covered pay. This was referred to under the plan as a Pay Credit. Covered pay was defined generally as base pay and certain annual incentive compensation amounts payable during the year. Effective January 1, 2010, the plan was amended to eliminate Pay Credit accruals under the plan and the plan was closed to new participation. Accrued benefits continue to earn monthly interest based on the average interest rate for five-year United States Treasury securities.

Table of Contents

Employees with an accrued benefit under the Plan vest in the Cash Balance Plan once they have completed three years of service. Vested employees may receive their benefit under the Cash Balance Plan as a lump sum or as a monthly payment when they leave the Company.

As the Company transitioned from the Prior Plan to the current Cash Balance Plan, participating employees who were at least age 40 with 10 years of service as of December 31, 1995 became entitled to receive the greater of their benefit under the Prior Plan frozen as of December 31, 2000, or under the Cash Balance Plan.

Each Executive Officer would have been entitled to payment of their vested accrued benefit under the tax-qualified plan in the event of a termination occurring on December 31, 2009, valued as a lump-sum payable as of that date as follows: Mr. Thaman, \$142,737; Mr. Palmer, although not yet vested, would upon death or disability have an accrued benefit of \$26,165; Mr. Dana, \$136,237; Ms. Czanderna, although not yet vested, would upon death or disability have an accrued benefit of \$16,262; and Mr. Krull, \$120,888.

In addition to the tax-qualified pension plan, Owens Corning maintains supplemental pension benefits as described above in the CD&A, including the Supplemental Plan that pays eligible employees leaving the Company the difference between the benefits payable under Owens Corning's tax-qualified pension plan and those benefits that would have been payable except for limitations imposed by the Internal Revenue Code.

Each Executive Officer would have been entitled to payment of their vested accrued benefit under the Supplemental Plan in the event of a termination occurring on December 31, 2009, valued as a lump-sum payable as of that date as follows: Mr. Thaman, \$613,673; Mr. Palmer, \$41,400; Mr. Dana, \$207,911; Ms. Czanderna, \$14,373; and Mr. Krull, \$112,378.

Mr. Dana would have been entitled to payment of his vested accrued benefit under his supplemental pension benefit in the event of a termination occurring on December 31, 2009, valued as a lump-sum payable as of that date in the amount of \$1,360,000.

See the Critical Accounting Estimates Pensions and Other Post-Retirement Benefits section of Management's Discussion and Analysis and Note 17 to the Consolidated Financial Statements, included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2009, for information concerning the valuation method and assumptions used in quantifying the present value of the accrued benefit.

Table of Contents**NONQUALIFIED DEFERRED COMPENSATION**

As described in the CD&A, the Company has established a Deferred Compensation Plan, effective January 1, 2007, under which eligible officers, including the Executive Officers, are permitted to defer some or all of their cash incentive compensation. For 2009, base salary was not eligible to be deferred under this plan. Beginning in 2010, eligible employees, including Executive Officers, may also elect to make deferrals under the plan from their base salary. Deferred amounts are credited with earnings or losses based on the rate of return of specified mutual funds and/or the value of Owens Corning stock. Only one of the Executive Officers has elected to participate in this plan. Executive Officers who do not participate have been omitted from the table.

2009 Nonqualified Deferred Compensation

Name	Executive Contributions in Last Fiscal Year (\$)(b)	Registrant Contributions in Last Fiscal Year (\$)(c)(2)	Aggregate Earnings in Last Fiscal Year (\$)(d)	Aggregate Withdrawals/Distributions (\$)(e)	Aggregate Balance at Last Fiscal Year End (\$)(f)
Duncan J. Palmer (1)	\$		\$ 3,876		16,557

(1) This amount reflects the deferral of Mr. Palmer's 2007 CIP Award which was otherwise payable if not deferred during 2008. It was reflected as compensation on the Summary Compensation Table for 2007.

(2) The Company does not contribute to the nonqualified deferred compensation plan.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE-IN-CONTROL

The Company has entered into certain agreements and maintains certain plans under which the Company would provide compensation to Executive Officers in the event of a termination of employment or a change in control of the Company. The payment and benefit levels disclosed in the table below are determined under the various triggering events pursuant to these agreements that both define what constitutes the triggering event and provides those payments that would be due upon the occurrence of such events.

Severance agreements with the Executive Officers provide, under certain termination scenarios as reflected in the table below, for the payment of an amount equal to two times base salary and annual incentive compensation amounts plus continuation of health insurance coverage for a maximum period of two years and, in the case of Mr. Thaman, reimbursement with respect to certain taxes if applicable to the severance payments. The severance agreements provide for payments upon a change in control only if the individual is also terminated for reasons other than cause in connection with the change in control. Payments under the severance agreements are made in cash and are paid, depending upon the terms of the individual Executive Officer's agreement, either in the form of a one-time lump-sum payment or in the same manner as the regular payroll payments over a 24 month period. Health care coverage provided under the severance agreements is provided in-kind.

The CIP and the LTIP each contain provisions that require continued employment during the performance period in order to be eligible to receive a payout under the plans. However, for involuntary termination for reasons other than cause, or for death, disability or retirement which occurs during the performance period, the participant may receive a pro-rated award for that performance period. Under the LTIP, for uncompleted three-year performance cycles for which a participant is eligible for such a pro-rated award, the award would be paid out, if performance targets are obtained, at the time that the award would normally have been paid following the end of the cycle. CIP payments are made in one-time, lump-sum payments of cash. Certain portions of the LTIP, which are represented by PSUs granted at the beginning of the cycle as reflected in the tables above, are settled 50% in Company common stock and 50% in cash.

Table of Contents

The Owens Corning 2006 Stock Plan provides, under certain circumstances as described above, for either continuation or acceleration of vesting of restricted stock and option awards. Accelerated vesting of the restricted stock and option awards may only occur upon death, disability, retirement or a change in control. When vested, restricted stock and option awards do not involve cash payments from the Company to the Executive Officers.

The Executive Officers are entitled, upon or following their termination, to their accrued benefits under the Supplemental Plan arrangements as described above. Executive Officers would also be entitled to the normal vested pension benefits and other vested benefits which are generally available to all salaried employees who terminate employment with the Company under various circumstances. In addition, Mr. Thaman is entitled to an additional three years of age and service in certain termination scenarios.

Upon the occurrence of any triggering event the payment and benefit levels would be determined under the terms of the agreement. The specific definitions of the triggering events are set forth in detail in the agreements which have been filed as exhibits to prior disclosures. In addition, severance payments are paid contingent upon confidentiality, a mutual release and an agreement not to compete. Each of the retirement payments of vested accrued benefits that would have occurred upon a termination event described herein are set forth in the narrative to the 2009 Pension Benefits Table above.

- (1) For restricted stock and option awards awarded prior to 2009, such awards do not forfeit upon retirement, disability, or termination for reasons other than cause, but continue to vest under the normal vesting schedule. For voluntary termination or for termination for cause occurring before vesting, these awards would be forfeited. Vesting on these restricted stock and option awards are only accelerated in the case of death or a change in control. For restricted stock and option awards awarded during 2009, vesting is incremental over a four year period and any non-vested portion is forfeited upon termination. Vesting on these restricted stock and option awards are only accelerated in the case of death, disability, retirement or a change in control and no options may vest earlier than one year from grant except in the case of a change in control. The value of awards at vesting is uncertain and would reflect the then current value of the Company common stock and options then vesting. The amounts reflected in the table are calculated based on the closing stock price as of December 31, 2009 of \$25.64.

Table of Contents

- (2) PSU awards are not forfeited upon death, retirement, disability, or termination for reasons other than cause, but would vest on a pro-rata basis as of the end of the performance period and would be determined consistent with performance only at the end of the performance period. The value of awards at the end of the performance period is uncertain and would reflect the performance against the established performance targets. For voluntary termination or for termination for cause occurring before vesting, these awards would be forfeited. Vesting on PSU awards is only accelerated in the case of a change in control. For this table it is assumed that PSUs would pay out at maximum for a change-in-control. The amount shown includes the value of both cash settled and stock settled units.
- (3) Where eligible for such benefits, the amount includes both health care continuation coverage and/or outplacement services. The value of health care continuation is based on the Company's net plan cost and the coverage category in which the executive is enrolled; this value also assumes a typical premium increase and that the executive continues to pay the employee portion of the premium. The value of outplacement services assumes the maximum services available under the severance agreement. As a practical matter the actual value of such services is typically substantially less than the maximum.

- (1) Includes the cash amount of the annual retainer as well as meeting and committee fees paid during 2009. Directors have the option to defer some or all of their cash retainer and meeting fee amounts under the Deferred Compensation Plan at the election of the individual as described herein. The amounts shown include all cash amounts of annual retainer and fees regardless of whether so deferred.
- (2) The amounts shown in this column relate to restricted stock granted and deferred shares acquired as the equity component of the directors retainer and meeting fees under the 2006 Stock Plan. The amounts shown reflect the aggregate grant date fair value with respect to all restricted stock granted and deferred shares acquired during the year.
- (3) During 2009 each director was entitled to quarterly payment of their retainer and meeting fees in the form elected by them prior to the beginning of the year. Directors were permitted to choose to be paid in cash or Company stock, with a minimum 50% stock requirement. The grant date fair value of stock awards granted to each director during 2009 is reflected in the table. At year-end, the aggregate number of stock awards outstanding to each director, including restricted stock, restricted stock units and deferred shares, were as follows: Mr. Blake 30,113; Mr. Caperton 13,809; Mr. Colville 2,149; Mr. Hake 14,661; Mr. Handy 23,121; Mr. Hilliard 35,022; Ms. Iverson 19,876; Mr. Lyon 0; Mr. McMonagle 19,548; Mr. Morris 19,516; Mr. Neely 23,729; Dr. Reynolds 20,062; Mr. Smith 19,068; and Mr. Tseung 13,472.
- (4) During 2009, Mr. Colville retired and Mr. Lyon resigned from the Board of Directors.

The Company compensates each director who is not an employee pursuant to a standard annual retainer/meeting fee arrangement. Such arrangement provides for an annual retainer, annual chair retainer and meeting fees as approved by the Compensation Committee. Non-employee directors receive an annual board retainer of \$150,000. The Chair of the Audit Committee receives an additional annual retainer of \$15,000, and the chairs of all other Board committees receive an additional annual retainer of \$10,000. The Lead Independent Director receives an additional annual retainer in the amount of \$75,000. Directors receive meeting fees of \$1,500 per meeting for attendance at each Board meeting, at each committee meeting of which the director is a member and at each other function which the director is requested by the Company to attend. Stock compensation for annual retainer and fees may be deferred shares which will be issued to the director upon the distribution date elected by the director. The annual retainer and meeting fees are otherwise paid on a quarterly basis. Non-employee directors receive no perquisites.

Table of Contents

The restricted shares described above are granted under the 2006 Stock Plan. Any additional grants of shares or options to directors will be as determined by the Compensation Committee. Each award of restricted shares will vest in its entirety on the third anniversary of the grant, subject to accelerated or continued vesting as may be determined by the Compensation Committee. Deferred shares are not issued to the director until the distribution date as elected in writing prior to the commencement of the year. Any options issued will be issued with an exercise price at the then fair market value.

Owens Corning established a Deferred Compensation Plan, effective January 1, 2007, under which non-employee directors are permitted to defer some or all of their cash compensation for annual retainer, annual chair retainer and meeting fees. Such deferred cash compensation will be credited to an individual account and will accrue gains or losses under notional investment funds available under the plan and as selected by the director (the available fund options include a fund indexed to Company common stock). The Company does not contribute, nor does it match, any amounts deferred by directors.

PROPOSAL 2. APPROVAL OF THE OWENS CORNING 2010 STOCK PLAN

At the Annual Meeting, stockholders will be asked to approve the Owens Corning 2010 Stock Plan as set forth in Annex B of this proxy statement (the Proposed Plan).

The Compensation Committee has adopted, and the Board of Directors has ratified, subject to the approval of the Company s stockholders, the Proposed Plan. If the Proposed Plan is approved by stockholders, it will replace the Owens Corning 2006 Stock Plan, as amended and restated, which was approved by stockholders in December 2007 (the 2006 Plan). Upon approval of the Proposed Plan by stockholders, shares of Company common stock remaining available under the 2006 Plan will be rolled into and become available for grant under the Proposed Plan, and no future grants will be made under the 2006 Plan. As of December 31, 2009, approximately 3.7 million shares of Company common stock remained available under the 2006 Plan. If the Proposed Plan is approved by stockholders, the number of shares of common stock which may be granted under the Proposed Plan is 2,000,000 plus the number of available shares rolled into the Proposed Plan from the 2006 Plan. If the Proposed Plan is not approved by stockholders, the 2006 Plan will remain in effect.

The Proposed Plan provides for participation by employees, management and directors and authorizes grants of stock options, stock appreciation rights (SARs), stock awards, restricted stock awards, restricted stock units, bonus stock awards and performance stock awards. The Board of Directors believes that share-based incentives are important factors in attracting and retaining highly qualified executives and directors, and that they help to align the interests of those executives and directors with the interests of our stockholders. The Board believes that our stockholder-approved 2006 Plan has been an instrumental component of the Company s total compensation programs.

The Board of Directors believes that approval of the Proposed Plan is necessary and desirable and will enable the Company to continue to provide market competitive total compensation opportunities to its key employees.

Purpose of Proposed Plan

The purpose of the Proposed Plan is to align the interests of executives and directors with the interests of our stockholders, to provide long-term incentives to executives for outstanding service to us and our stockholders and to assist in recruiting and retaining highly qualified individuals as executives or directors. The Proposed Plan will authorize the granting of stock options, restricted shares and restricted share units to non-employee directors and the granting of stock options, restricted shares and other share-based awards to employees selected by the Compensation Committee or an officer to whom granting authority is delegated.

Summary of the Proposed Plan

The following is a summary of the essential terms of the Proposed Plan, and is qualified in its entirety by reference to the full text of the Proposed Plan attached to this Proxy Statement as Annex B. Please refer to Annex B for a more complete description of the terms of the Proposed Plan.

Types of Awards

The Proposed Plan permits the granting of the same types of awards as under the 2006 Plan:

- | | |
|---------------------------|----------------------------------|
| Stock options | Restricted stock and stock units |
| Stock appreciation rights | Other stock-based awards |
| Performance share awards | Dividend equivalents |

Eligible Participants

The Proposed Plan will be administered by the Compensation Committee, which consists entirely of independent directors. The Compensation Committee has the authority to identify those employees and non-employee directors to whom awards will be granted and the type and amount of each award. Although the

Table of Contents

Proposed Plan allows the Compensation Committee to make awards to any employee of the Company and its subsidiaries, it is anticipated that there will generally be awards to approximately 350 management employees and non-employee directors annually.

The identity of the key employees to receive awards, and the amounts of awards, under the Proposed Plan are not yet determinable. For information about certain awards under the 2006 Plan during 2009 to our directors, our Chief Executive Officer and other officers, see [Executive Officer Compensation](#) and [2009 Non-Employee Director Compensation](#) above.

Maximum Number of Shares Authorized Under the Proposed Plan

The number of shares of common stock which may be granted under the Proposed Plan is 2,000,000 plus the number of shares that were available but not granted, or which were granted but were not issued or delivered by reason of the expiration, termination, cancellation or forfeiture of such award, under the 2006 Plan, all of which shall be available for any type of awards under the Proposed Plan including full-value awards. No more than 1,000,000 shares of common stock may be granted to any individual in any given year under the Proposed Plan. These amounts are subject to adjustment for stock splits, stock dividends and other changes in the Company's capital structure. The Company may use authorized and unissued shares or treasury shares in connection with grants under the Proposed Plan. Shares underlying the unexercised or undistributed portion of any terminated, expired or forfeited award are available for further awards under the Proposed Plan. Shares withheld or delivered for tax withholding or as the exercise price of a stock option are not available for future awards. In addition, certain awards may be payable in cash.

No awards may be made under the Proposed Plan after the tenth anniversary of the effective date of the Proposed Plan in 2020.

Stock Options and Stock Appreciation Rights

Stock options granted under the Proposed Plan may vest on the basis of the satisfaction of performance conditions established by the Compensation Committee or on the basis of the passage of time and continued employment. Options will have a ten-year term. All options are granted with an exercise price equal to the fair market value of our common stock on the date of grant, and option re-pricing is expressly prohibited.

The Proposed Plan permits the grant of either incentive stock options or options not qualifying as incentive stock options under the Internal Revenue Code. For purposes of grants of incentive stock options under the Proposed Plan, the maximum number of shares available for such grants shall be no more than 2,000,000 shares.

Repricing or changing the terms of an option to lower its option price or taking any other action which has the economic effect of repricing options is not permitted under the terms of the Proposed Plan.

The Proposed Plan authorizes grants of stock appreciation rights either alone or in conjunction with a stock option. Stock appreciation rights entitle recipients to receive payments in cash, shares or a combination, of an amount representing the appreciation in the market value of a specified number of shares from the date of grant until the date of exercise. To the extent an option is exercised, any stock appreciation right granted in respect of such option is canceled. To the extent a stock appreciation right is exercised, its related option is canceled.

Performance Awards

The Compensation Committee may grant performance stock awards under the Proposed Plan. Performance stock awards under the Proposed Plan may be made in the form of performance share units (PSUs) which can be settled either in cash or shares of our common stock at the end of a performance period. The amount of PSUs received by a participant at, above or below their target grant is determined by whether the performance goals set by the Committee are met, exceeded or missed, respectively.

Table of Contents

Performance criteria may be selected by the Compensation Committee from among a number of performance measures as set forth in the Proposed Plan. Such performance measures may be applicable to the Company or any subsidiary or business unit and the Committee may select from a number of performance measures as set forth under the stockholder approved plan document. For more information about the Company's outstanding performance measures, see the Compensation Discussion and Analysis above.

The Compensation Committee must select a minimum performance goal below which no payment will be made and a maximum performance goal above which no increased payment will be made. The Compensation Committee may adjust the performance goals to take into account changes in law and accounting and tax rules and to make adjustments that it decides are necessary or appropriate to reflect the impact of extraordinary or unusual items, events or circumstances. The Compensation Committee also designates the period over which the performance criteria are measured.

Performance awards may be subject to being partially or fully forfeited if the participant terminates employment prior to the end of the performance period as determined by the Compensation Committee.

Performance awards are payable in cash or shares of common stock, or a combination of cash and shares, at the end of the performance period, as determined by the Compensation Committee.

Restricted Stock or Restricted Stock Units

The Compensation Committee may award shares of common stock that are subject to restrictions and conditions as determined by the Compensation Committee. Restricted stock awards may vest on the basis of the satisfaction of performance goals established by the Committee or on the basis of the passage of time and continued employment. Recipients of restricted stock receive dividends on, and may vote the shares subject to a grant. Shares of restricted stock may not, however, be sold or otherwise transferred prior to the lapse of the restrictions.

The Compensation Committee may also award restricted stock units with conditions and restrictions determined by the Compensation Committee. Restricted stock units convert into shares of our common stock if the recipient is still employed on the date that specified restrictions lapse. Restricted stock units may vest on the basis of the satisfaction of performance conditions established by the Committee or on the basis of the passage of time and continued employment. Recipients of restricted stock units may not vote the units in stockholder votes, but they do receive payments equal to the amount of dividends that would be paid on an equivalent number of shares of common stock.

Full value awards such as restricted stock or restricted stock units are subject to the limitation that such awards shall not provide for vesting which is any more rapid than annual pro rata vesting over a 3 year period and any such awards which vest upon the attainment of performance goals shall provide for a performance period of at least 12 months. Notwithstanding the foregoing, the Committee may permit acceleration of vesting of any such awards in the event of the Participant's death, disability, or retirement, or a Change of Control

Other Stock-Based Awards

The Compensation Committee may grant other awards under the Proposed Plan pursuant to which shares of common stock are or may in the future be acquired, or awards denominated in stock units, including ones valued using measures other than market value.

Change in Control

In the event of a change in control of the Company, stock options and stock appreciation rights that are not exercisable will become immediately exercisable and the restriction period applicable to any outstanding restricted stock or restricted stock unit award will lapse and the performance period applicable to any outstanding performance share shall lapse.

Table of Contents

Performance awards, restricted stock awards, and other stock-based awards will be fully vested, with performance goals deemed to have been achieved at the maximum level, at the date of change in control.

A change in control is defined in the Proposed Plan as:

the acquisition by a person or group of beneficial ownership of 50% or more of the outstanding stock or combined voting power of securities entitled to vote;

a change in the composition of the Board over a two year period that results in a majority of current directors (or successor directors approved by our current directors) not being continuing directors;

a merger, consolidation or sale of substantially all the assets of the Company in a transaction in which our stockholders immediately prior to the transaction do not own at least 50% of the voting power of the surviving, resulting or transferee entity; or

the consummation of a plan of complete liquidation or dissolution of the Company.

The definition excludes purchases or sales of stock by or from the Company or one of our employee benefit plans or trusts.

Amendment and Termination

The Compensation Committee has the power to amend the Proposed Plan. However, the Compensation Committee may not, without stockholder approval, amend the Proposed Plan to:

increase the maximum number of shares authorized for issuance pursuant to the Proposed Plan;

extend the term of the Proposed Plan;

reduce the minimum purchase price of a share of common stock subject to an option; or

effect any change inconsistent with Section 422 of the Tax Code.

The Board may otherwise suspend or terminate the Proposed Plan at any time. No such suspension or termination, however, shall affect the terms or conditions of any award granted prior to termination.

Other Terms

The Proposed Plan provides that no award shall be transferable by a participant other than by will or the laws of descent and distribution.

Federal Income Tax Consequences

The following is a brief summary of the principal federal income tax consequences of awards under the Proposed Plan. This summary is not intended to be exhaustive and does not describe state, local or foreign tax laws.

Incentive Stock Options

Edgar Filing: Owens Corning - Form DEF 14A

An incentive stock option grant will not result in any immediate tax consequences to the Company or to the participant. A participant will not realize taxable income upon the exercise of an incentive stock option (except that the alternative minimum tax may apply), provided the participant was an employee of the Company or one of our subsidiaries at all times from the date the option was granted to the date three months (in the case of a disabled employee, one year) before the date the option is exercised, and we will not be entitled to any deduction. If the participant does not dispose of the stock acquired within one year of receiving it (and two years after such option was granted), gain or loss realized on the subsequent disposition of the stock will be treated as long term capital gain or loss.

Table of Contents

If the participant disposes of the stock prior to those times, the participant will realize ordinary income in an amount equal to the lesser of (i) the excess of the fair market value of the stock on the date of exercise over the option price; or (ii) if the disposition is a taxable sale or exchange, the amount of gain realized. Any gain recognized by the participant on the disposition in excess of the amount taxable as ordinary income will be treated as capital gain, long or short term depending on whether the stock has been held for more than one year. Upon such a disposition, we will generally be entitled to a deduction in the same amount and at the same time as the participant realizes such ordinary income.

Nonqualified Stock Options

The grant of a nonqualified stock option will not result in any immediate tax consequence to the Company or the participant. Upon exercise of a nonqualified stock option, the participant will realize ordinary income in an amount equal to the market value of the stock at the time of exercise over the option price, and we will generally be entitled to a deduction in the same amount.

Stock Appreciation Rights

The grant of a stock appreciation right will not result in any immediate tax consequence to the Company or to the participant. Upon the exercise of a stock appreciation right, any cash received and the market value of any stock received will constitute ordinary income to the participant. We will generally be entitled to a deduction in the same amount and at the same time as the participant realizes such income.

Restricted Stock

A participant who receives restricted stock will in most cases be subject to tax at ordinary income rates on the market value of the restricted stock at the time the restrictions lapse. However, participants instead may elect within 30 days after the grant date to recognize the market value of the restricted stock as taxable income as of the grant date.

A participant receiving dividends with respect to restricted stock for which the above-described election has not been made and prior to the time restrictions lapse will recognize compensation taxable as ordinary income, rather than dividend income, in an amount equal to the dividends paid.

In the case of a sale of shares after the expiration of the restriction period, the holding period to determine whether the participant has long-term or short-term capital gain or loss begins upon such expiration or, in the case of a participant who makes an election as described above, the grant date, and the tax basis for such shares will be equal to the market value thereof on such date. In most instances, we will be entitled to a deduction equal to the amount treated as compensation to the participant.

Performance Share Awards and Other Stock-Based Awards

A participant who receives any performance award or other stock-based award will recognize income, and we will generally be allowed a deduction, when the award is paid. The amount of cash and the market value of the shares of common stock received will be ordinary income to the participant and we will generally be entitled to a tax deduction for the same amount.

Tax Deductibility Limitation

The Internal Revenue Code limits the allowable tax deduction that may be taken by us for compensation paid to certain officers. The limit is \$1,000,000 per executive per year, but compensation payable solely on account of the attainment of performance goals is excluded from the limitation. Under the Proposed Plan, stock options, stock appreciation rights and performance share awards are intended to qualify as performance based compensation not subject to the \$1,000,000 limitation. Restricted stock and other stock-based awards that are not performance based would be subject to the limitation.

Table of Contents**New Plan Benefits**

Equity grants under the Proposed Plan are subject to the discretion of the Compensation Committee and the fair market value of the Company's common stock at various future dates. It is not possible to determine the benefits and awards that will be granted if the Proposed Plan is approved by stockholders. We cannot at this time definitively identify the persons to whom grants may be made, nor can we state the form or value of any such awards. The Committee's exercise of discretion in future years will be disclosed in the appropriate manner at the time of such grants. No grants have been made under the Proposed Plan that are contingent on approval of the Proposed Plan.

The Board of Directors unanimously recommends a vote FOR approval of the Owens Corning 2010 Stock Plan.

However, in the event that we hold our 2011 Annual Meeting of Stockholders more than 30 days before or 30 days after the one-year anniversary date of the 2010 Annual Meeting, we will disclose the new deadline by which stockholder proposals must be received under Item 5 of our earliest possible Quarterly Report on Form 10-Q or, if impracticable, by any means reasonably calculated to inform stockholders. The proposal should be sent to the attention of the Secretary of the Company.

Under our amended and restated bylaws, and as permitted by the rules of the SEC, certain procedures are provided that a stockholder must follow to nominate persons for election as directors or to introduce an item of business at an Annual Meeting of Stockholders. These procedures provide that for nominations of director nominees and/or an other item of business to be properly brought before an Annual Meeting of Stockholders, a stockholder must give timely notice of such nomination or other item of business in writing to the Secretary of the Company at our principal executive offices and such other item of business must otherwise be a proper matter for stockholder action. If you are a stockholder and desire to introduce a nomination or propose an item of business at our 2011 Annual Meeting of Stockholders, you must deliver the notice of your intention to do so:

not earlier than the 120th day and not later than the 90th day prior to the first anniversary of this year's Annual Meeting, if the date of the 2011 Annual Meeting is held within 30 days before or 60 days after the first anniversary of this year's Annual Meeting;

in the event that the number of directors to be elected to the Board of Directors is increased and there is no public announcement by the Company naming all of the nominees for director or specifying the size of the increased Board of Directors at least 100 days prior to the first anniversary of this year's Annual Meeting, only with respect to nominees for any new positions created by such increase, not later than the 10th day following the day on which such public announcement is made by the Company.

These time limits also apply in determining whether notice is timely for purposes of SEC rules relating to the exercise of discretionary voting authority. If we do not receive timely notice, or if we meet other SEC requirements, the persons named as proxies in the proxy materials relating to the meeting will use their discretion in voting at the meeting.

The Board is not aware of any matters that are expected to come before the 2010 Annual Meeting other than those referred to in this Proxy Statement. If any other matter should come before the Annual Meeting, the persons named as proxies intend to vote the proxies in accordance with their best judgment.

Table of Contents**Annex A****DIRECTOR QUALIFICATION STANDARDS**

For a Company director to be considered independent under New York Stock Exchange rules (the Rules), the Board of Directors must determine that such director does not have any direct or indirect material relationship with the Company other than as a director. The Board has established these Director Qualification Standards to assist it in determining director independence in accordance with the Rules. The Board will consider relevant facts and circumstances in making an independence determination.

- a. A director will not be considered independent if:
- (i) the director is, or has been within the last three years, employed by the Company;
 - (ii) an immediate family member of the director is, or has been within the last three years, employed by the Company as an executive officer;
 - (iii) the director has received, or an immediate family member of the director has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service;
 - (iv) (A) the director or an immediate family member is a current partner of the firm that is the Company's internal or external auditor;
 - (B) the director is a current employee of such firm;
 - (C) the director has an immediate family member who is a current employee of such firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or
 - (D) the director or an immediate family member of the director was within the last three years (but is no longer) a partner or employee of such firm and personally worked on the Company's audit within that time;
 - (v) the director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee; or
 - (vi) the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1,000,000 or two percent of such other company's consolidated gross revenues.
- b. The following commercial or charitable relationships will not be considered to be material relationships that would impair a director's independence:

Edgar Filing: Owens Corning - Form DEF 14A

- (i) if a Company director or an immediate family member is employed (including as an executive officer) by another company that has made payments to, or received payments from, the Company for property or services in an amount which, in each of the last three fiscal years, has not exceeded the greater of \$1,000,000 or one percent of such other company's consolidated gross revenues;

- (ii) if a Company director or an immediate family member is employed (including as an executive officer) by another company which is indebted to the Company, or to which the Company is indebted, and the total amount of either company's indebtedness to the other at the end of the last completed fiscal year is less than one percent of the total consolidated assets of such other company; and

Table of Contents

- (iii) if a Company director or an immediate family member of a Company director serves as an officer, director or trustee of a charitable organization, and the Company's discretionary charitable contributions to the organization are less than one percent of that organization's total annual charitable receipts during its last completed fiscal year.

- c. For relationships not covered by the guidelines in subsection (b) above, the determination of whether the relationship is material or not, and therefore whether the director would be independent or not, shall be made by the directors who satisfy the independence guidelines set forth in subsections (a) and (b) above. The Board may determine that a director who has a relationship that exceeds the limits described in subsection (b) above (to the extent that any such relationship would not constitute a bar to independence under the Rules) is nonetheless independent.

I. INTRODUCTION

1.1 Purpose. The purpose of the Owens Corning 2010 Stock Plan (the Plan) is to promote the long-term financial success of Owens Corning (the Company) by (i) establishing an equity compensation program for certain employees and non-employee directors of the Company; (ii) attracting and retaining executive personnel of outstanding ability; (iii) strengthening the Company's capability to develop, maintain and direct a competent management team; (iv) motivating executive personnel by means of performance-related incentives to achieve longer-range performance goals; (v) providing incentive compensation opportunities which are competitive with those of other major corporations; (vi) enabling Company employees and executive personnel to participate in the long-term growth and financial success of the Company through increased stock ownership and (vii) serving as a mechanism to attract, retain and properly compensate non-employee directors. Where the grant of shares of stock under this Plan is restricted or rendered impracticable by foreign local laws and/or regulations, the foregoing purposes will be promoted through some alternative arrangement (or in some cases cash equivalents) as applicable.

Exchange Act shall mean the Securities Exchange Act of 1934, as amended.

Fair Market Value shall mean the closing transaction price of a share of Common Stock as reported on the New York Stock Exchange on the date as of which such value is being determined or, if the Common Stock is not listed on the New York Stock Exchange, the closing transaction price of a share of Common Stock on the principal national stock exchange on which the Common Stock is traded on the date as of which such value is being determined or, if there shall be no reported transactions for such date, on the next preceding date for which transactions were reported; provided further, that Fair Market Value may be determined by the Committee by whatever other means or method as the Committee, in the good faith exercise of its discretion, shall at such time deem appropriate. Notwithstanding the foregoing, for any purposes under this Plan including for Plan administrative purposes, the Committee may, in its discretion, apply any other definition of Fair Market Value which is reasonable and consistent with applicable tax, accounting and other rules.

Free-Standing SAR shall mean an SAR which is not granted in tandem with, or by reference to, an option, which entitles the holder thereof to receive, upon exercise, shares of Common Stock (which may be Restricted Stock), cash or a combination thereof, as set forth in the Agreement, with an aggregate value equal to the excess of the Fair Market Value of one share of Common Stock on the date of exercise over the base price of such SAR, multiplied by the number of such SARs which are exercised.

The Committee may amend or adjust the Performance Measures or other terms and conditions of an outstanding award in recognition of unusual or nonrecurring events affecting the Company or its financial statements or changes in law or accounting, but only to the extent such adjustment would not cause any portion of the award, upon payment, or the option, upon exercise, to be nondeductible pursuant to Section 162(m) of the Code. Such criteria and objectives may include one or more of the following: total stockholder return (based on the change in the price of a share of the Company's Common Stock and dividends paid); brand recognition or acceptance; cost savings or waste elimination; earnings before interest, taxes and amortization (EBITA); also EBIT, EBITDA, OBIT, or OBITDA; earnings per share; income; operating income; market share or market segment share; net income; new product innovation; operating profit or net operating profit; operating margins or profit margins; profits or gross profits; product cost reductions; product release schedules; return on stockholder's equity; return on assets; return on capital employed; return on invested capital; return on operating revenue; revenue or revenue

If the Committee desires that compensation payable pursuant to any award subject to Performance Measures be qualified performance-based compensation within the meaning of Section 162(m) of the Code, the Performance Measures (i) shall be established by the Committee no later than the end of the first to occur of the first 90 days or the first 25% of the Performance Period or Restriction Period, as applicable (or such other time designated by the Internal Revenue Service) and (ii) shall satisfy all other applicable requirements imposed under Treasury Regulations promulgated under Section 162(m) of the Code, including the requirement that such Performance Measures be stated in terms of an objective formula or standard.

Performance Period shall mean any period designated by the Committee during which the Performance Measures applicable to a Performance Share Award shall be measured.

Performance Share shall mean shares of Common Stock that are subject to forfeiture upon failure to attain specified Performance Measures within a specified Performance Period.

Performance Share Unit shall mean a right, contingent upon the attainment of specified Performance Measures within a specified Performance Period, to receive one share of Common Stock, which may be Restricted Stock, or in lieu of all or a portion thereof, at the Committee's discretion, a cash payment based on the Fair Market Value of one share of Common Stock.

Nothing in the Plan, in the grant of any Award or in any Award Agreement shall confer upon any Participant any right to continue in the

Service of the Company or any of its Subsidiaries, or interfere in any way with the right of the Company or any of its Subsidiaries to terminate the Participant's employment or other service relationship for any reason at any time.

Stock Award shall mean a Restricted Stock Award, a Restricted Stock Unit Award or a Bonus Stock Award.

Subsidiary and **Subsidiaries** shall have the meanings set forth in Section 1.4.

1.3 Administration. This Plan shall be administered by the Committee. The Committee shall have the authority to determine eligibility for awards hereunder and to determine the form, amount and timing of each award to such persons and, if applicable, the number of shares of Common Stock, and the number of Performance Shares subject to such an award, the exercise price or base price associated with the award, the time and conditions of exercise or settlement of the award and all other terms and conditions of the award, including, without limitation, the form of the Agreement evidencing the award. The Committee may, in its sole discretion and for any reason at any time, subject to the requirements imposed under Section 162(m) of the Code and regulations promulgated thereunder in the case of an award intended to be qualified performance-based compensation, take action such that (i) any or all outstanding options, stock awards, and/or SARs shall become exercisable in part or in full, (ii) all or a portion of the Restriction Period applicable to any outstanding Restricted Stock Award shall lapse, (iii) all or a portion of the Performance Period applicable to any outstanding Performance Share Award shall lapse, (iv) the Performance Measures applicable to any outstanding Restricted Stock Award (if any) and to any outstanding Performance Share Award shall be deemed to be satisfied at the maximum or any other level.

The Committee shall, subject to the terms of this Plan, have the discretionary authority to interpret this Plan and the application thereof, establish rules and regulations it deems necessary or desirable for the administration of this Plan and may impose, incidental to the grant of an award, conditions with respect to the award, such as limiting competitive employment or other activities. All such interpretations, rules, regulations and conditions shall be final, binding and conclusive. The Committee delegates the authority for ministerial administration of the Plan and awards made under the Plan to the Company.

Notwithstanding anything in the Plan to the contrary, in accordance with Section 157 of the Delaware General Corporation Law, the Committee may, by resolution, authorize one or more executive officers of the Company to do one or both of the following: (i) designate non-director and non-executive officer employees of the Company or any of its Subsidiaries to be recipients of rights or options entitling the holder thereof to purchase from the Company shares of its capital stock of any class or other awards hereunder; and (ii) determine the number of such rights or options, or awards to be received by such non-director and non-executive officer employees; provided, however, that the resolution so authorizing such executive officer or officers shall specify the total number of rights or options, or awards such executive officer or officers may so award. The Committee may not delegate its power and authority to an executive officer of the Company with regard to the grant of an award to any person who is a covered employee within the meaning of Section 162(m) of the Code or who, in the Committee's judgment, is likely to be a covered employee at any time during the period an award hereunder to such employee would be outstanding or with regard to the selection for participation in this Plan of an officer, director or other person subject to Section 16 of the Exchange Act or decisions concerning the timing, pricing or amount of an award to such an officer, director or other person.

Table of Contents

Notwithstanding anything in the Plan to the contrary, to the extent an award granted hereunder would be subject to the requirements of Section 409A of the Code and the regulations thereunder, then the Agreement for such award and the Plan shall be construed and administered so as the award complies with Section 409A of the Code and the regulations thereunder. Consistent with the foregoing, if the holder of an award granted under this Plan is a specified employee, as defined in Section 409A of the Code, as of the date of the holder's separation from service, as defined in Section 409A of the Code, then to the extent any amount payable under such award (i) constitutes the payment of nonqualified deferred compensation, within the meaning of Section 409A of the Code, (ii) is payable upon the holder's separation from service and (iii) under the terms of the Agreement for such award and this Plan would be payable prior to the six-month anniversary of the holder's separation from service, such payment shall be delayed until the earlier to occur of (a) the six-month anniversary of the holder's separation from service or (b) the date of the holder's death.

Awards may be granted to Participants in jurisdictions outside the United States. To the extent necessary or advisable to comply with applicable local laws while concurrently aiming to achieve the purposes of the Plan it may be determined by the Committee that the terms and conditions applicable to those awards granted to Participants outside the United States are different from those under the Plan.

1.4 Eligibility. Participants in this Plan shall consist of such directors, officers, and employees of the Company, its subsidiaries and any other entity designated by the Board or the Committee (individually a Subsidiary and collectively the Subsidiaries) as the Committee, in its sole discretion, may select from time to time; provided, however, that a director, officer or employee of a Subsidiary shall be designated a recipient of an option or SAR only if Common Stock qualifies, with respect to such recipient, as service recipient stock within the meaning set forth in Section 409A of the Code. For purposes of this Plan, reference to employment by the Company shall also mean employment by a Subsidiary.

1.5 Shares Available. Subject to adjustment as provided in Section 6.7, the number of shares of Common Stock available under the Plan shall be 2,000,000, plus the number of shares of Common Stock available under the Prior Plan as of the effective date of the Plan. As of the effective date of the Plan, no further grants may be made under the Prior Plan. To the extent that shares of Common Stock subject to an award (except to the extent shares of Common Stock are issued or delivered by the Company in connection with the exercise of a Tandem SAR) under the Plan or the Prior Plan are not issued or delivered by reason of the expiration, termination, cancellation or forfeiture of such award, then such shares of Common Stock shall again be available under the Plan. Notwithstanding any other provision of the Plan to the contrary, any and all of the shares of Common Stock available under this paragraph shall be available for any or all types of awards, including full value stock awards, which are available under the terms of the Plan.

Notwithstanding anything in this Section 1.5 to the contrary, shares of Common Stock subject to an award under this Plan may not be made available for issuance under this Plan if such shares are: (i) shares that were subject to a stock-settled SAR and were not issued upon the net settlement or net exercise of such SAR, (ii) shares used to pay the exercise price of an Incentive Stock Option or Non-Qualified Stock Option, (iii) shares delivered to or withheld by the Company to pay withholding taxes related to an award under this Plan, or (iv) shares repurchased on the open market with the proceeds of an option exercise.

Shares of Common Stock shall be made available from authorized and unissued shares of Common Stock, or authorized and issued shares of Common Stock reacquired and held as treasury shares or otherwise or a combination thereof.

To the extent required by Section 162(m) of the Code and the rules and regulations thereunder, the maximum number of shares of Common Stock with respect to which options, SARs, Stock Awards or Performance Share Awards or a combination thereof may be granted during any calendar year to any person shall be 1,000,000, subject to adjustment as provided in Section 6.7.

For purposes of grants of Incentive Stock Options under this Plan, the maximum number of shares available for such grant(s) shall be no more than 2,000,000 shares.

Table of Contents

For purposes of grants of all Bonus Stock awards and any other awards that do not conform to the minimum vesting provisions of the Plan, the maximum shares of Common Stock available for such awards shall be capped at 5% of the shares of Common Stock authorized under the Plan.

II. STOCK OPTIONS AND STOCK APPRECIATION RIGHTS

2.1 Stock Options. The Committee may, in its discretion, grant Incentive Stock Options or Non-Qualified Stock Options to such eligible persons under Section 1.4 as may be selected by the Committee.

Options shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of this Plan, as the Committee shall deem advisable:

(a) **Number of Shares and Purchase Price.** The number of shares and the purchase price per share of Common Stock subject to an option shall be determined by the Committee, provided, however, that the purchase price per share of Common Stock shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date of grant of such option and provided further, that if an Incentive Stock Option shall be granted to any person who, at the time such option is granted, owns capital stock possessing more than ten percent of the total combined voting power of all classes of capital stock of the Company (or of any parent or subsidiary as defined in Section 424 of the Code) (a **Ten Percent Holder**), the purchase price per share of Common Stock shall be the price (currently 110% of Fair Market Value) required by the Code in order to constitute an Incentive Stock Option.

(b) **Option Period and Exercisability.** Each option, by its terms, shall require the Participant to remain in the continuous employ of the Company for at least one year following the date of grant of the option before any part of the option shall be exercisable, except in the case of a Change in Control. The period during which an option may be exercised shall be determined by the Committee; provided, however, that no Incentive Stock Option nor Non-Qualified Stock Option shall be exercised later than ten years after its date of grant; provided further, that if an Incentive Stock Option shall be granted to a Ten Percent Holder, such option shall not be exercised later than five years after its date of grant. Once determined and stated in an Agreement with respect to an option, the period during which an option can be exercised shall not be further extended. The Committee may, in its discretion, establish Performance Measures which shall be satisfied or met as a condition to the grant of an option or to the exercisability of all or a portion of an option. The Committee shall determine whether an option shall become exercisable in cumulative or non-cumulative installments and in part or in full at any time. An exercisable option, or portion thereof, may be exercised only for whole shares of Common Stock.

(c) **Method of Exercise.** An option may be exercised (i) by giving written notice to the Company specifying the number of whole shares of Common Stock to be purchased and accompanied by payment therefor in full (or arrangement made for such payment to the Company's satisfaction) either (A) by the delivery of cash in the amount of the aggregate purchase price payable by reason of such exercise, (B) for employees other than Canadian employees, by delivery (either actual delivery or by attestation procedures established by the Company) of previously acquired shares of Common Stock that have an aggregate Fair Market Value, determined as of the date of exercise, equal to the aggregate purchase price payable by reason of such exercise, (C) authorizing the Company to withhold whole shares of Common Stock which would otherwise be delivered having an aggregate Fair Market Value, determined as of the date of exercise, equal to the aggregate purchase price payable by reason of such exercise, (D) by the delivery of cash in the amount of the aggregate purchase price payable by reason of such exercise by a broker-dealer acceptable to the Company to whom the optionee has submitted an irrevocable notice of exercise, or (E) a combination of (A), (B) and (C), in each case to the extent set forth in the Agreement relating to the option, (ii) if applicable, by surrendering to the Company any Tandem SARs which are cancelled by reason of the exercise of the option and (iii) by executing such documents as the Company may reasonably request. Any fraction of a share of Common Stock which would be required to pay such purchase price shall be disregarded and the remaining amount due shall be paid in cash by the optionee. No shares of Common Stock shall be issued and no certificate representing Common Stock shall be delivered until the full

purchase price therefore has been paid (or arrangement made for such payment to the Company's satisfaction).

Notwithstanding the foregoing, permitted exercise methods may be limited by the terms of the individual Agreement.

2.2 Stock Appreciation Rights. The Committee may, in its discretion, grant SARs to such eligible persons under Section 1.4 as may be selected by the Committee. The Agreement relating to an SAR shall specify whether the SAR is a Tandem SAR or a Free-Standing SAR.

SARs shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of this Plan, as the Committee shall deem advisable:

(a) **Number of SARs and Base Price.** The number of SARs subject to an award shall be determined by the Committee. Any Tandem SAR related to an Incentive Stock Option shall be granted at the same time that such Incentive Stock Option is granted. The base price of a Tandem SAR shall be the purchase price per share of Common Stock of the related option. The base price of a Free-Standing SAR shall be determined by the Committee; provided, however, that such base price shall not be less than 100% of the Fair Market Value of a share of Common Stock on the date of grant of such SAR.

(b) **Exercise Period and Exercisability.** Each SAR, by its terms, shall require the Participant to remain in the continuous employ of the Company for at least one year following the date of grant of the SAR before any part of the SAR shall be exercisable, except in the case of a Change in Control. The Agreement relating to an award of SARs shall specify whether such award may be settled in shares of Common Stock (including shares of Restricted Stock) or cash or a combination thereof. The period for the exercise of an SAR shall be determined by the Committee; provided, however, that no SAR may be exercised later than 10 years after its date of grant; provided further, that no Tandem SAR shall be exercised later than the expiration, cancellation, forfeiture or other termination of the related option. Once determined and stated in an Agreement with respect to an SAR, the period during which an SAR can be exercised shall not be further extended. The Committee may, in its discretion, establish Performance Measures which shall be satisfied or met as a condition to the grant of an SAR or to the exercisability of all or a portion of an SAR. The Committee shall determine whether an SAR may be exercised in cumulative or non-cumulative installments and in part or in full at any time. An exercisable SAR, or portion thereof, may be exercised, in the case of a Tandem SAR, only with respect to whole shares of Common Stock and, in the case of a Free Standing SAR, only with respect to a whole number of SARs. If an SAR is exercised for shares of Restricted Stock, a certificate or certificates representing such Restricted Stock shall be issued in accordance with Section 3.2(c), or such shares shall be transferred to the holder in book entry form with restrictions on the Shares duly noted, and the holder of such Restricted Stock shall have such rights of a stockholder of the Company as determined pursuant to Section 3.2(d). Prior to the exercise of an SAR for shares of Common Stock, including Restricted Stock, the holder of such SAR shall have no rights as a stockholder of the Company with respect to the shares of Common Stock subject to such SAR.

(c) **Method of Exercise.** A Tandem SAR may be exercised (i) by giving written notice to the Company specifying the number of whole SARs which are being exercised, (ii) by surrendering to the Company any options which are cancelled by reason of the exercise of the Tandem SAR and (iii) by executing such documents as the Company may reasonably request. A Free-Standing SAR may be exercised (i) by giving written notice to the Company specifying the whole number of SARs which are being exercised and (ii) by executing such documents as the Company may reasonably request.

2.3 Termination of Employment or Service. (a) **Non-Qualified Stock Options and SARs.** All of the terms relating to the exercise period or to the vesting, in whole or in part, or forfeiture and cancellation of such option or SAR award upon a termination of employment or service with the Company of the holder, whether by reason of Disability, Retirement, death or any other reason, shall be determined by the Committee and as set forth in the Agreement. Notwithstanding the foregoing, age and service requirements set forth in any individual Agreement will be inapplicable in jurisdictions where they are in conflict with implementation of the European Union Age Discrimination Directive.

Table of Contents

(b) **Incentive Stock Options**. All of the terms relating to the exercise period or to the vesting, in whole or in part, or forfeiture and cancellation of such Incentive Stock Option award upon a termination of employment or service with the Company of the holder, whether by reason of Disability, Retirement, death or any other reason, shall be determined by the Committee and as set forth in the Agreement. Notwithstanding the foregoing, age and service requirements set forth in any individual Award Agreement will be inapplicable in jurisdictions where they are in conflict with implementation of the European Union Age Discrimination Directive.

(c) **Continuation of Service as a Non-Employee Director**. Unless otherwise set forth in the Agreement, a holder's employment with the Company will not be deemed to have terminated for purposes of this Section 2.3 if the holder continues to provide services to the Company as a Non-Employee Director.

(d) Notwithstanding anything in this Plan or any Agreement under the Plan to the contrary the Committee may not accelerate or waive any vesting requirements, performance requirements or restriction periods on any options or SARs other than in the case of death, Disability, Retirement or a Change in Control.

2.4 No Repricing. Notwithstanding anything in this Plan to the contrary and subject to Section 6.7, without the approval of the stockholders of the Company the Committee will not amend or replace any previously granted option or SAR in a transaction that constitutes a repricing, as such term is used in Section 303A.08 of the Listed Company Manual of the New York Stock Exchange. Further, except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding awards may not be amended to reduce the exercise price of outstanding Incentive Stock Options, Non-Qualified Stock Options or SARs or cancel outstanding Incentive Stock Options, Non-Qualified Stock Options or SARs in exchange for cash, other awards or Incentive Stock Options, Non-Qualified Stock Options or SARs with an exercise price that is less than the exercise price of the original Incentive Stock Options, Non-Qualified Stock Options or SARs without stockholder approval.

III. STOCK AWARDS

3.1 Stock Awards. The Committee may, in its discretion, grant Stock Awards to such eligible persons under Section 1.4 as may be selected by the Committee. The Agreement relating to the Stock Award shall specify whether the Stock Award is a Restricted Stock Award, a Restricted Stock Unit Award or Bonus Stock Award.

3.2 Terms of Stock Awards. Stock Awards shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of this Plan, as the Committee shall deem advisable.

(a) **Number of Shares and Other Terms**. The number of shares of Common Stock subject to a Restricted Stock Award, Restricted Stock Unit Award or Bonus Stock Award and the Performance Measures (if any) and Restriction Period applicable to a Restricted Stock Award or Restricted Stock Unit Award shall be determined by the Committee and set forth in the individual award Agreement.

(b) **Vesting and Forfeiture**. The Agreement relating to a Restricted Stock Award or Restricted Stock Unit Award shall provide, in the manner determined by the Committee in its discretion, and subject to the provisions of this Plan, for the vesting, in whole or in part, of the shares of Common Stock subject to such award, in the case of a Restricted Stock Award, or the vesting of the Restricted Stock Unit Award itself, in the case of Restricted Stock Unit Award, (i) if specified Performance Measures are satisfied or met during the specified Restriction Period or (ii) if the holder of such award remains continuously in the employment of or service to the Company during the specified Restriction Period, and for the forfeiture of the shares of Common Stock subject to such award in the case of a Restricted Stock Award, or the forfeiture of the Restricted Stock Unit Award itself, in the case of a Restricted Stock Unit Award, (x) if specified Performance Measures are not satisfied or met during the specified Performance Period or (y) if the holder of such award does not remain continuously in the employment of or service to the Company during the specified Restriction Period.

Table of Contents

Any Restricted Stock award or Restricted Stock Unit award which vests on the basis of the Participant's continued employment with the passage of time and/or provision of service to the Company shall not provide for vesting which is any more rapid than pro rata vesting over a three (3) year period and any Restricted Stock award or Restricted Stock Unit award which vests upon the attainment of performance goals shall provide for a performance period of at least twelve (12) months. Notwithstanding the foregoing, the Committee may permit acceleration of vesting of any Restricted Stock award or Restricted Stock Unit award in the event of the Participant's death, Disability, Retirement or a Change in Control.

Bonus Stock Awards shall not be subject to any Performance Measures or Restriction Periods.

(c) **Stock Issuance.** During the Restriction Period, the shares of Restricted Stock shall be held by a custodian in book entry form with restrictions on such shares duly noted or, alternatively, a certificate or certificates representing a Restricted Stock award shall be registered in the holder's name and may bear a legend, in addition to any legend which may be required pursuant to Section 6.6, indicating that the ownership of the shares of Common Stock represented by such certificate is subject to the restrictions, terms and conditions of this Plan and the Agreement relating to the Restricted Stock award. All such certificates shall be deposited with the Company, together with stock powers or other instruments of assignment (including a power of attorney), each endorsed in blank with a guarantee of signature if deemed necessary or appropriate, which would permit transfer to the Company of all or a portion of the shares of Common Stock subject to the Restricted Stock award in the event such award is forfeited in whole or in part. Upon termination of any applicable Restriction Period (and the satisfaction or attainment of applicable Performance Measures), subject to the Company's right to require payment of any taxes in accordance with Section 6.5, the restrictions shall be removed from the requisite number of any shares of Common Stock that are held in book entry form, and all certificates evidencing ownership of the requisite number of shares of Common Stock shall be delivered to the holder of such award.

(d) **Rights with Respect to Restricted Stock Awards.** Unless otherwise set forth in the Agreement relating to a Restricted Stock award, and subject to the terms and conditions of a Restricted Stock award, the holder of such award shall have all rights as a stockholder of the Company, including, but not limited to, voting rights, the right to receive dividends and the right to participate in any capital adjustment applicable to all holders of Common Stock; provided, however, that a distribution with respect to shares of Common Stock, other than a regular cash dividend, shall be deposited with the Company and shall be subject to the same restrictions as the shares of Common Stock with respect to which such distribution was made.

(e) **Rights and Provisions Applicable to Restricted Stock Unit Awards.** The Agreement relating to a Restricted Stock Unit award shall specify whether the holder thereof shall be entitled to receive, on a current or deferred basis, dividend equivalents, or the deemed reinvestment of, any deferred dividend equivalents, with respect to the number of shares of Common Stock subject to such award. Prior to the settlement of a Restricted Stock Unit award, the holder thereof shall not have any rights as a stockholder of the Company with respect to the shares of Common Stock subject to such award, except to the extent that the Committee, in its sole discretion, may grant dividend equivalents on Restricted Stock Unit awards as provided above. No shares of Common Stock and no certificates representing shares of Common Stock that are subject to a Restricted Stock Unit award shall be issued upon the grant of a Restricted Stock Unit award. Instead, shares of Common Stock subject to Restricted Stock Unit awards and the certificates representing such shares of Common Stock shall only be distributed at the time of settlement of such Restricted Stock Unit awards in accordance with the terms and conditions of this Plan and the Agreement relating to such Restricted Stock Unit award.

3.3 Termination of Employment or Service. All of the terms relating to the satisfaction of Performance Measures and the termination of the Restriction Period or Performance Period relating to a Stock Award, or any vesting, in whole or in part, or forfeiture and cancellation of such award upon a termination of employment or service with the Company of the holder of such award, whether by reason of Disability, Retirement, death or any other reason, shall be determined by the Committee and as set forth in the Agreement. Notwithstanding the foregoing, age and service requirements set forth in any individual Award Agreement will be inapplicable in

jurisdictions where they are in conflict with implementation of the European Union Age Discrimination Directive. In addition, notwithstanding anything in this Plan or any Agreement under the Plan to the contrary the Committee may not accelerate or waive any vesting requirements, performance requirements or restriction periods on any Restricted Stock awards or Restricted Stock Unit awards other than in the case of death, Disability, Retirement or a Change in Control.

IV. PERFORMANCE SHARE AWARDS

4.1 Performance Share Awards. The Committee may, in its discretion, grant Performance Share Awards to such eligible persons under Section 1.4 as may be selected by the Committee.

4.2 Terms of Performance Share Awards. Performance Share Awards shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of this Plan, as the Committee shall deem advisable.

(a) **Number of Performance Shares and Performance Measures.** The number of Performance Shares subject to any award and the Performance Measures and Performance Period applicable to such award shall be determined by the Committee.

(b) **Vesting and Forfeiture.** The Agreement relating to a Performance Share Award shall provide, in the manner determined by the Committee, in its discretion, and subject to the provisions of this Plan, for the vesting of such award, if specified Performance Measures are satisfied or met during the specified Performance Period, and for the forfeiture of such award, if specified Performance Measures are not satisfied or met during the specified Performance Period.

(c) **Stock Issuance.** During the Performance Period, Performance Shares shall be held by a custodian in book entry form with restrictions on such shares duly noted or, alternatively, a certificate or certificates representing Performance Shares shall be registered in the holder's name and may bear a legend, in addition to any legend which may be required pursuant to Section 6.6, indicating that the ownership of the shares of Common Stock represented by such certificate is subject to the restrictions, terms and conditions of this Plan and the Agreement relating to the Performance Shares. All such certificates shall be deposited with the Company, together with stock powers or other instruments of assignment (including a power of attorney), each endorsed in blank with a guarantee of signature if deemed necessary or appropriate, which would permit transfer to the Company of all or a portion of the shares of Common Stock subject to the Performance Share Award in the event such award is forfeited in whole or in part. Upon termination of any applicable Performance Period (and the satisfaction or attainment of applicable Performance Measures), subject to the Company's right to require payment of any taxes in accordance with Section 6.5, the restrictions shall be removed from the requisite number of any shares of Common Stock that are held in book entry form, and all certificates evidencing ownership of the requisite number of shares of Common Stock shall be delivered to the holder of such award.

(d) **Rights with Respect to Performance Shares.** Unless otherwise set forth in the Agreement relating to an award of Performance Shares, and subject to the terms and conditions of the applicable Performance Share Award, the holder of such award shall have all rights as a stockholder of the Company, including, but not limited to, voting rights, the right to receive dividends and the right to participate in any capital adjustment applicable to all holders of Common Stock; provided, however, that a distribution with respect to shares of Common Stock, other than a regular cash dividend, shall be deposited with the Company and shall be subject to the same restrictions as the shares of Common Stock with respect to which such distribution was made.

(e) **Settlement of Vested Performance Share Unit Awards.** The Agreement relating to a Performance Share Unit award (i) shall specify whether such award may be settled in shares of Common Stock (including shares of Restricted Stock) or cash or a combination thereof and (ii) may specify whether the holder thereof shall be entitled to receive, on a current or deferred basis, dividend equivalents, and, if determined by the Committee, interest on or the deemed reinvestment of any deferred dividend equivalents, with respect to the

number of shares of Common Stock subject to such award. If a Performance Share Unit award is settled in shares of Restricted Stock, such shares of Restricted Stock shall be issued to the holder in book entry form or a certificate or certificates representing such Restricted Stock shall be issued in accordance with Section 3.2(c) and the holder of such Restricted Stock shall have such rights of a stockholder of the Company as determined pursuant to Section 3.2(d). Prior to the settlement of a Performance Share Unit award in shares of Common Stock, including Restricted Stock, the holder of such award shall have no rights as a stockholder of the Company with respect to the shares of Common Stock subject to such award.

4.3 Termination of Employment or Service. All of the terms relating to the satisfaction of Performance Measures and the termination of the Performance Period relating to a Performance Share Award, or any forfeiture and cancellation of such award upon a termination of employment or service with the Company of the holder of such award, whether by reason of Disability, Retirement, death or any other reason, shall be determined by the Committee. Notwithstanding anything in this Plan or any Agreement under the Plan to the contrary the Committee may not accelerate or waive any vesting requirements, performance requirements or restriction periods on any Performance Share Awards other than in the case of death, Disability, Retirement or a Change in Control.

V. PROVISIONS RELATING TO NON-EMPLOYEE DIRECTORS

5.1 Eligibility. Each Non-Employee Director is eligible to receive awards consisting of Restricted Stock, Restricted Stock Units and/or grants of options to purchase shares of Common Stock in accordance with this Article V and pursuant to terms and conditions as established by the Committee as set forth in an individual agreement regarding each such award. All options granted under this Article V shall constitute Non-Qualified Stock Options.

5.2 Grants of Awards.

(a) **Grant upon Initial Election.** Subject to the discretion of the Committee, Non-Employee Directors, upon first election to the Board, shall be eligible for an award under this Plan, in such amount and form, and with such terms and conditions as determined by the Committee.

(b) **Restrictions, Exercise Period and Exercisability.** For each award granted under this Section 5.2, vesting and other terms, conditions and requirements, if any, shall be as determined by the Committee at the time of grant and as reflected in the Agreement, or as otherwise set forth in Section 5.5 and/or 5.6 below. Options granted under this Section 5.2 shall expire no later than 10 years after the date of grant. An exercisable option, or portion thereof, may be exercised in whole or in part only with respect to whole shares of Common Stock. Options granted under this Section 5.2 shall be exercisable in accordance with Section 2.1(c).

Any Restricted Stock award or Restricted Stock Unit award granted under this Section 5.2 which vests on the basis of the Participant's continued employment with the passage of time and/or provision of service to the Company shall not provide for vesting which is any more rapid than pro rata vesting over a three (3) year period and any Restricted Stock award or Restricted Stock Unit award which vests upon the attainment of performance goals shall provide for a performance period of at least twelve (12) months. Notwithstanding the foregoing, the Committee may permit acceleration of vesting of any Restricted Stock award or Restricted Stock Unit award in the event of the Participant's death, Disability, Retirement or a Change in Control.

5.3 Termination of Service.

(a) **General.** All of the terms relating to the exercise or to the vesting, in whole or in part, or forfeiture and cancellation of such an option granted under Section 5.2 upon the holder ceasing to be a director of the Company, whether by reason of Disability, Retirement, death or any other reason, shall be determined by the Committee and as set forth in the individual award Agreement. Notwithstanding the foregoing, age and

service requirements set forth in any individual Award Agreement will be inapplicable in jurisdictions where they are in conflict with implementation of the European Union Age Discrimination Directive. Service for purposes of vesting of awards under this Plan shall mean service with the Company or any predecessor or successor.

(b) **Death Following Termination of Directorship.** If the holder of an option granted under Section 5.2 dies during the period set forth in Section 5.3(a) following such holder's ceasing to be a director of the Company by reason of Disability, Retirement or any other reason, each such option held by such holder shall be exercisable only to the extent that such option is exercisable on the date of the holder's death and may thereafter be exercised by such holder's executor, administrator, legal representative, beneficiary or similar person until and including the earliest to occur of the (i) a date which is a specific period, as set forth in the individual Agreement, after the date of death, if any such period is specified in the Agreement and (ii) the expiration date of the term of such option.

(c) **Continuation of Service as an Employee.** A holder's directorship will not be deemed to have terminated for purposes of awards under this Plan or for purposes of this Section 5.3 if the holder continues to provide services to the Company as an employee of the Company.

5.4 Other Plan Non-Employee Director Equity Awards.

(a) In addition to any award received under Section 5.2 of this Plan as set forth above, each Non-Employee Director shall be eligible for, and may from time to time be granted, an award under the Plan consisting of Restricted Stock, Restricted Stock Units and/or a grant of options to purchase shares of Common Stock in such amount as determined by the Committee. Each such award to a Non-Employee Director shall be awarded in accordance with this Article V and any additional terms and conditions made applicable by the Committee or by an individual Agreement.

(b) Each Non-Employee Director may also from time to time elect, in accordance with procedures to be specified by the Committee and subject to approval of the Committee, to receive in lieu of all or part of a specified percentage of the cash retainer and any meeting fees that would otherwise be payable to such Non-Employee Director either (i) Restricted Stock or Restricted Stock Units under this Plan, if available, having the terms described in Section 5.5 (**Directors Restricted Stock**), using the Fair Market Value of Common Stock as of the election date, equal to the amount of the forgone retainer and meeting fees; or (ii) options under this Plan, if available, having the terms described in Section 5.6 (**Directors Options**) to purchase shares of Common Stock, using the Fair Market Value of Common Stock as of the election date (as of the date of grant in the case of Director Options), equal to the amount of the forgone retainer and meeting fees. Any election under this paragraph 5.4 shall be made under an appropriate election form and appropriate individual award agreement or agreements and shall have terms and conditions set forth in such agreement and as approved by the Committee.

(c) In addition to the foregoing, any Award to Non-Employee Directors of Restricted Stock or Restricted Stock Units under this Plan which are not immediately vested may be deferred at vesting through an appropriate deferral election by the Director.

(d) Any election made under this Section must be made prior to the year in which such cash retainer and meeting fees are earned for purposes of elections under paragraph (b) above, or prior to the period of service applicable to the vesting of such award under paragraph (c) above in accordance with requirements under Section 409A of the Code.

5.5 Directors Restricted Stock. Shares of Directors Restricted Stock shall be subject to a Restriction Period commencing on the date of grant of such award and terminating on the specified anniversary date of the date of grant of such award (as determined by the Committee in its discretion and as set forth in the Agreement), shall vest if the holder of such award remains continuously in the service of the Company as a Non-Employee Director during the Restriction Period and shall be forfeited if the holder of such award does not remain continuously in the service of the Company as a Non-Employee Director or employee of the Company during the Restriction

Period. If applicable, a certificate or certificates representing Directors Restricted Stock shall be issued in accordance with Section 3.2(c) and the holder of such award shall have such rights of a stockholder of the Company as determined pursuant to Section 3.2(d).

Notwithstanding the foregoing paragraph, if the service to the Company as a Non-Employee Director or employee of the Company of the holder of Directors Restricted Stock terminates or ceases to be a director or employee whether by reason of Disability, Retirement, death or any other reason, the termination of the Restriction Period shall be determined by the Committee as set forth in the individual award Agreement. Notwithstanding the foregoing, age and service requirements set forth in any individual Award Agreement will be inapplicable in jurisdictions where they are in conflict with implementation of the European Union Age Discrimination Directive.

5.6 Director s Options. Each Director s Option shall be subject to the following terms and conditions and shall contain such additional terms and conditions, not inconsistent with the terms of this Plan, as the Committee shall deem advisable:

(a) Exercise Period and Exercisability. For each Director s Option, such option shall be exercisable, and vesting and other requirements shall apply, if any, as shall be determined by the Committee at the time of grant. Each Director s Option shall expire 10 years after its date of grant.

(b) Purchase Price. The purchase price for the shares of Common Stock subject to any Director s Option shall be equal to 100% of the Fair Market Value of a share of Common Stock on the date of grant of such Director s Option. An exercisable Director s Option, or portion thereof, may be exercised in whole or in part only with respect to whole shares of Common Stock. Director s Options shall be exercisable in accordance with Section 2.1(c).

(c) Termination of Service. If the holder of a Director s Option ceases to be a director of the Company by reason of Disability, Retirement, death or any other reason, the exercise of such option shall be determined by the Committee and as set forth in the individual award Agreement. Notwithstanding the foregoing, age and service requirements set forth in any individual Award Agreement will be inapplicable in jurisdictions where they are in conflict with implementation of the European Union Age Discrimination Directive.

If the holder of a Director s Option dies during the period set forth in the first paragraph of this Section 5.6(c) following such holder s ceasing to be a director of the Company by reason of Disability, Retirement, or any other reason, each such Director s Option held by such holder shall be exercisable only to the extent that such option is exercisable on the date of the holder s death and may thereafter be exercised by such holder s executor, administrator, legal representative, beneficiary or similar person until and including the earliest to occur of the (i) a date which is a specific period, as set forth in the individual award agreement, after the date of death, if any such period is specified in the Agreement and (ii) the expiration date of the term of such option.

A holder s directorship will not be deemed to have terminated for purposes of this Section 5.6 if the holder continues to provide services to the Company as an employee of the Company.

VI. GENERAL

6.1 Effective Date and Term of Plan. This Plan shall be submitted to the stockholders of the Company for approval and, if approved at the 2010 annual meeting of stockholders, shall become effective on the date of such approval. This Plan shall terminate on the date which is 10 years from the effective date, unless terminated earlier by the Board. Termination of this Plan shall not affect the terms or conditions of any award granted prior to termination.

6.2 Amendments. The Committee may amend this Plan as it shall deem advisable, subject to any requirement of stockholder approval required by applicable law, rule or regulation, including Section 162(m) and Section 422 of the Code; provided, however, that no amendment shall be made without stockholder approval if such amendment would (a) increase the maximum number of shares of Common Stock available under this Plan (subject to Section 6.7), (b) effect any change inconsistent with Section 422 of the Code, (c) extend the term of this Plan or (d) reduce the minimum purchase price of a share of Common Stock subject to an option. No amendment may impair the rights of a holder of an outstanding award without the consent of such holder.

Awards may be granted to Participants in jurisdictions outside the United States. To the extent necessary or advisable to comply with applicable local laws while concurrently aiming to achieve the purposes of the Plan, it may be determined by the Committee that the terms and conditions applicable to those awards granted to Participants outside the United States are different from those under the Plan.

6.3 Agreement. Each award under this Plan shall be evidenced by an Agreement setting forth the terms and conditions applicable to such award. No award shall be valid until an Agreement is executed by the Company and the recipient of such award and, upon execution by each party and delivery of the Agreement to the Company, such award shall be effective as of the effective date set forth in the Agreement. All agreements are subject to the terms of this Plan and shall be interpreted in accordance with the discretionary authority of the Committee under this Plan.

6.4 Non-Transferability of Awards. Unless otherwise specified in the Agreement relating to an award, no award shall be transferable other than by will, the laws of descent and distribution or pursuant to beneficiary designation procedures approved by the Company. Except to the extent permitted by the foregoing sentence or the Agreement relating to an award, each award may be exercised or settled during the holder's lifetime only by the holder or the holder's legal representative or similar person. Except to the extent permitted by the second preceding sentence or the Agreement relating to an award, no award may be sold, transferred, assigned, pledged, hypothecated, encumbered or otherwise disposed of (whether by operation of law or otherwise) or be subject to execution, attachment or similar process. Upon any attempt to so sell, transfer, assign, pledge, hypothecate, encumber or otherwise dispose of any such award, such award and all rights thereunder shall immediately become null and void.

6.5 Tax Withholding. The Company shall have the right to require, prior to the issuance or delivery of any shares of Common Stock or the payment of any cash pursuant to an award made hereunder, payment by the holder of such award of any Federal, state, local or other taxes which may be required to be withheld or paid in connection with such award. An Agreement may provide that (i) the Company shall withhold whole shares of Common Stock which would otherwise be delivered to a holder, having an aggregate Fair Market Value determined as of the date the obligation to withhold or pay taxes arises in connection with an award (the Tax Date), or withhold an amount of cash which would otherwise be payable to a holder, in the amount necessary to satisfy any such obligation or (ii) the holder may satisfy any such obligation by any of the following means: (A) a cash payment to the Company in the amount necessary to satisfy any such obligation, (B) except for Canadian employees, delivery (either actual delivery or by attestation procedures established by the Company) to the Company of shares of Common Stock having an aggregate Fair Market Value, determined as of the Tax Date, equal to the amount necessary to satisfy any such obligation, (C) authorizing the Company to withhold whole

shares of Common Stock which would otherwise be delivered having an aggregate Fair Market Value, determined as of the Tax Date, or withhold an amount of cash which would otherwise be payable to a holder, equal to the amount necessary to satisfy any such obligation, (D) in the case of the exercise of an Incentive Stock Option or Non-Qualified Stock Option, a cash payment in the amount necessary to satisfy any such obligation by a broker-dealer acceptable to the Company to whom the optionee has submitted an irrevocable notice of exercise or (E) any combination of (A), (B) and (C), in each case to the extent set forth in the Agreement relating to the award. Shares of Common Stock to be delivered or withheld may not have an aggregate Fair Market Value in excess of the amount determined by applying the minimum statutory withholding rate. Any fraction of a share of Common Stock which would be required to satisfy such an obligation shall be disregarded and the remaining amount due shall be paid in cash by the holder. Notwithstanding any provision of this Plan or any agreement to the contrary, any fraction of a share of Common Stock which would be required to satisfy the tax withholding obligation may be rounded up to the next whole share.

6.6 Restrictions on Shares. Each award made hereunder shall be subject to the requirement that if at any time the Company determines that the listing, registration or qualification of the shares of Common Stock subject to such award upon any securities exchange or under any law, or the consent or approval of any governmental body, or the taking of any other action is necessary or desirable as a condition of, or in connection with, the exercise or settlement of such award or the delivery of shares thereunder, such award shall not be exercised or settled and such shares shall not be delivered unless such listing, registration, qualification, consent, approval or other action shall have been effected or obtained, free of any conditions not acceptable to the Company. The Company may require that certificates evidencing shares of Common Stock delivered pursuant to any award made hereunder bear a legend indicating that the sale, transfer or other disposition thereof by the holder is prohibited except in compliance with the Securities Act of 1933, as amended, and the rules and regulations thereunder.

6.7 Adjustment. In the event of any stock split, stock dividend, recapitalization, reorganization, merger, consolidation, combination, exchange of shares, liquidation, spin-off or other similar change in capitalization or event, or any distribution to holders of Common Stock other than a regular cash dividend, the number and class of securities available under this Plan, the maximum number of shares of Common Stock with respect to which options, SARs, Stock Awards or Performance Share Awards or a combination thereof may be awarded during any calendar year to any one person, the maximum number of shares of Common Stock that may be issued pursuant to Awards in the form of Incentive Stock Options, the number and class of securities subject to each outstanding option and the purchase price per security, the terms of each outstanding SAR, the number and class of securities subject to each outstanding Stock Award, and the terms of each outstanding Performance Share shall be appropriately adjusted by the Committee, such adjustments to be made in the case of outstanding options and SARs without an increase in the aggregate purchase price or base price and in accordance with Section 409A of the Code. The decision of the Committee regarding any such adjustment shall be final, binding and conclusive. If any such adjustment would result in a fractional security being (a) available under this Plan, such fractional security shall be disregarded, or (b) subject to an award under this Plan, the Company shall pay the holder of such award, in connection with the first vesting, exercise or settlement of such award, in whole or in part, occurring after such adjustment, an amount in cash determined by multiplying (i) the fraction of such security (rounded to the nearest hundredth) by (ii) the excess, if any, of (A) the Fair Market Value on the vesting, exercise or settlement date over (B) the exercise price, if any, of such award.

6.8 Change in Control.

(a) (1) Notwithstanding any provision in this Plan or any Agreement, in the event of a Change in Control pursuant to Section (b)(3) or (4) below in connection with which the holders of Common Stock receive shares of common stock that are registered under Section 12 of the Exchange Act, (i) all outstanding options and SARS shall immediately become exercisable in full, (ii) the Restriction Period applicable to any outstanding Restricted Stock Award shall lapse, (iii) the Performance Period applicable to any outstanding Performance Share shall lapse, unless otherwise provided in the award Agreement and subject to the discretion of the Committee, (iv) the Performance Measures applicable to any outstanding award shall be

deemed to be satisfied at the maximum level and (v) there shall be substituted for each share of Common Stock available under this Plan, whether or not then subject to an outstanding award, the number and class of shares into which each outstanding share of Common Stock shall be converted pursuant to such Change in Control. In the event of any such substitution, the purchase price per share in the case of an option and the base price in the case of an SAR shall be appropriately adjusted by the Committee (whose determination shall be final, binding and conclusive), such adjustments to be made in the case of outstanding options and SARs without an increase in the aggregate purchase price or base price and in accordance with Section 409A of the Code.

(2) Notwithstanding any provision in this Plan or any Agreement, in the event of a Change in Control pursuant to Section (b)(1) or (2) below, or in the event of a Change in Control pursuant to Section (b)(3) or (4) below in connection with which the holders of Common Stock receive consideration other than shares of common stock that are registered under Section 12 of the Exchange Act, each outstanding award shall be surrendered to the Company by the holder thereof, and each such award shall immediately be canceled by the Company, and the holder shall receive, within ten days of the occurrence of a Change in Control, a cash payment from the Company in an amount equal to (i) in the case of an option, the number of shares of Common Stock then subject to such option, multiplied by the excess, if any, of the greater of (A) the highest per share price offered to stockholders of the Company in any transaction whereby the Change in Control takes place or (B) the Fair Market Value of a share of Common Stock on the date of occurrence of the Change in Control, over the purchase price per share of Common Stock subject to the option, (ii) in the case of a Free-Standing SAR, the number of shares of Common Stock then subject to such SAR, multiplied by the excess, if any, of the greater of (A) the highest per share price offered to stockholders of the Company in any transaction whereby the Change in Control takes place or (B) the Fair Market Value of a share of Common Stock on the date of occurrence of the Change in Control, over the base price of the SAR, (iii) in the case of a Restricted Stock Award or Performance Share Award, the number of shares of Common Stock or the number of Performance Shares, as the case may be, then subject to such award, multiplied by the greater of (A) the highest per share price offered to stockholders of the Company in any transaction whereby the Change in Control takes place or (B) the Fair Market Value of a share of Common Stock on the date of occurrence of the Change in Control. In the event of a Change in Control, each Tandem SAR shall be surrendered by the holder thereof and shall be canceled simultaneously with the cancellation of the related option. The Company may, but is not required to, cooperate with any person who is subject to Section 16 of the Exchange Act to assure that any cash payment in accordance with the foregoing to such person is made in compliance with Section 16 and the rules and regulations thereunder.

(b) Change in Control shall mean:

(1) the acquisition by any individual, entity or group (a Person), including any person within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act, of beneficial ownership within the meaning of Rule 13d-3 promulgated under the Exchange Act, of more than 50% of either (i) the then outstanding shares of common stock of the Company (the Outstanding Common Stock) or (ii) the combined voting power of the then outstanding securities of the Company entitled to vote generally in the election of directors (the Outstanding Voting Securities); excluding, however, the following: (A) any acquisition directly from the Company (excluding any acquisition resulting from the exercise of an exercise, conversion or exchange privilege unless the security being so exercised, converted or exchanged was acquired directly from the Company), (B) any acquisition by the Company, (C) any acquisition by an employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company or (D) any acquisition by any corporation pursuant to a transaction which complies with clauses (i), (ii) and (iii) of subsection (3) of this Section 6.8(b); provided further, that for purposes of clause (B), if any Person (other than the Company or any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company) shall become the beneficial owner of more than 50% of the Outstanding Common Stock or more than 50% of the Outstanding Voting Securities by reason of an acquisition by

the Company, and such Person shall, after such acquisition by the Company, become the beneficial owner of any additional shares of the Outstanding Common Stock or any additional Outstanding Voting Securities and such beneficial ownership is publicly announced, such additional beneficial ownership shall constitute a Change in Control;

(2) individuals who, as of the beginning of any consecutive 2-year period constitute the Board of Directors (the Incumbent Board) cease for any reason to constitute at least a majority of such Board; provided that any individual who subsequently becomes a director of the Company and whose election, or nomination for election by the Company's stockholders, was approved by the vote of at least a majority of the directors then comprising the Incumbent Board shall be deemed a member of the Incumbent Board; and provided further, that any individual who was initially elected as a director of the Company as a result of an actual or threatened solicitation by a Person other than the Board for the purpose of opposing a solicitation by any other Person with respect to the election or removal of directors, or any other actual or threatened solicitation of proxies or consents by or on behalf of any Person other than the Board shall not be deemed a member of the Incumbent Board;

(3) the consummation of a reorganization, merger or consolidation of the Company or sale or other disposition of all or substantially all of the assets of the Company (a Corporate Transaction); excluding, however, a Corporate Transaction pursuant to which (i) all or substantially all of the individuals or entities who are the beneficial owners, respectively, of the Outstanding Common Stock and the Outstanding Voting Securities immediately prior to such Corporate Transaction will beneficially own, directly or indirectly, more than 50% of, respectively, the outstanding shares of common stock, and the combined voting power of the outstanding securities of such corporation entitled to vote generally in the election of directors, as the case may be, of the corporation resulting from such Corporate Transaction (including, without limitation, a corporation which as a result of such transaction owns the Company or all or substantially all of the Company's assets either directly or indirectly) in substantially the same proportions relative to each other as their ownership, immediately prior to such Corporate Transaction, of the Outstanding Common Stock and the Outstanding Voting Securities, as the case may be, (ii) no Person (other than: the Company; any employee benefit plan (or related trust) sponsored or maintained by the Company or any corporation controlled by the Company; the corporation resulting from such Corporate Transaction; and any Person which beneficially owned, immediately prior to such Corporate Transaction, directly or indirectly, more than 50% of the Outstanding Common Stock or the Outstanding Voting Securities, as the case may be) will beneficially own, directly or indirectly, more than 50% of, respectively, the outstanding shares of common stock of the corporation resulting from such Corporate Transaction or the combined voting power of the outstanding securities of such corporation entitled to vote generally in the election of directors and (iii) individuals who were members of the Incumbent Board will constitute at least a majority of the members of the board of directors of the corporation resulting from such Corporate Transaction; or

(4) the consummation of a plan of complete liquidation or dissolution of the Company.

(5) Notwithstanding the foregoing, a Change in Control under the Plan shall not be deemed to have occurred as a result of the implementation of the Sixth Amended Joint Plan of Reorganization for Owens Corning and Its Affiliated Debtors and Debtors-In-Possession (As Modified), which was confirmed by the United States Bankruptcy Court for the District of Delaware on September 26, 2006, or any restructuring of the Company associated with the implementation of the Plan of Reorganization.

6.9 No Right of Participation or Employment. No person shall have any right to participate in this Plan. The Committee's selection of a person to participate in this Plan at any time shall not require the Committee to select such person to participate in this Plan at any other time. Neither this Plan nor any award made hereunder shall confer upon any person any right to continued employment by the Company, any Subsidiary or any affiliate of the Company or affect in any manner the right of the Company, any Subsidiary or any affiliate of the Company to terminate the employment of any person at any time without liability hereunder.

Table of Contents

6.10 Rights as Stockholder. No person shall have any right as a stockholder of the Company with respect to any shares of Common Stock or other equity security of the Company which is subject to an award hereunder unless and until such person becomes a stockholder of record with respect to such shares of Common Stock or equity security.

6.11 Stock Certificates. To the extent that this Plan provides for issuance of certificates to reflect the issuance of shares of Common Stock, the issuance may be effected on a non-certificated basis, to the extent not prohibited by applicable law or the rules of the New York Stock Exchange.

6.12 Governing Law. This Plan, each award hereunder and the related Agreement, and all determinations made and actions taken pursuant thereto, to the extent not otherwise governed by the Code or the laws of the United States, shall be governed by the laws of the State of Delaware and construed in accordance therewith without giving effect to principles of conflicts of laws.

6.13 Authority to Administer Sale of Shares. Notwithstanding any provision of the Plan or Agreement issued under the Plan, the Company may, as administrator on behalf of the Committee, and with reasonable notice and an opportunity to elect to opt out of such treatment, administer the sale of shares, on behalf of a Participant, subject to an agreement as follows: for a sale of shares to cover the tax or other withholding obligations associated with the vesting or exercise of an award, other than for a Participant subject to Section 16(b) of the Securities Exchange Act of 1934 and rules thereunder.

Shares of Common Stock sold under this Section 6.13 shall be sold as soon as practicable at the then current market price. To the extent the Company administers the sale of shares of Common Stock, on behalf of Participants, under this Section 6.13, shares of Common Stock may be sold as blocks and the sales price for purposes of the Plan shall be the average market selling price of the block. Also, where the Company administers the sale of shares of Common Stock, on behalf of Participants, under this Section 6.13, the Company shall be responsible for payment of the reasonable transaction and brokerage fees associated with the sale. If all of a holder's shares are sold under this provision, the holder shall receive a cash payment of the proceeds less any applicable taxes.

6.14 Deferral of Awards Under the Plan Subject to the requirements of Section 409A of the Code, at the discretion of the Committee, or as delegated to the Company, all or any portion of any award under this Plan may be permitted to be deferred consistent with the requirements and restrictions in the applicable jurisdiction. Notwithstanding any other provision of the plan or any agreement to the contrary, any such award which is deferred and which consists of shares of restricted stock may be converted, as required to permit the deferral of taxation, to restricted stock units immediately prior to their becoming vested and such restricted stock units when settled shall be settled in shares. Also, notwithstanding any other provision of the Plan or any agreement to the contrary, to the extent that someone is Retirement eligible and would be therefore eligible for continued or pro-rata vesting upon termination under their individual award agreement, any such award which consists of shares of restricted stock may be converted, as required to permit the deferral of taxation, to restricted stock units immediately prior to the individual becoming eligible for Retirement and such restricted stock units shall be settled in shares.

The Canadian subsidiary of Owens Corning (the Canadian Subsidiary) shall establish a trust governed by an employee benefit plan , as defined in the *Income Tax Act* (Canada) (the Tax Act) (the EBP Trust), to purchase and hold Common Stock for the purposes of satisfying RSU Awards granted to Canadian Participants hereunder.

2. The Canadian Subsidiary shall enter into a trust agreement with a Canadian resident trustee (the Trustee) for the purposes of establishing and maintaining the EBP Trust.

3. The Canadian Subsidiary shall make cash contributions to the EBP Trust, from time to time, which funds shall be applied by the Trustee of the EBP Trust to the purchase of the Common Stock on the open market.

4. The Common Stock shall be held by the Trustee under the EBP Trust and shall be distributed from the EBP Trust to the Canadian Participants in accordance with the terms of the Agreement governing the RSU Award and/or the Performance Share Award.

5. The Committee shall retain all of its authority and discretion under the Plan in respect of the RSU Awards and/or the Performance Share Awards granted under the Canadian Addendum and the Committee shall have the authority to direct the Trustee, as necessary, under the terms of the governing trust agreement.

6. Where a Canadian Participant is granted a RSU Award and/or a Performance Share Award under the Canadian Addendum and such Canadian Participant becomes or is to become a U.S. taxpayer, the Committee may cancel the RSU Award and/or the Performance Share Award granted under the Canadian Addendum and replace it with an equivalent RSU Award and/or Performance Share Award, as applicable, granted under the Plan without reference to the Canadian Addendum.

7. Notwithstanding any other provision of the Plan, including section 6.2, no amendment of the Plan (including this Canadian Addendum), shall operate so as to cause the granting of RSU Awards and/or Performance Share Awards to Canadian Participants under the Canadian Addendum or the EBP Trust not to be an employee benefit plan or a trust governed by an employee benefit plan , respectively, as those terms are defined in the Tax Act.

For greater certainty, the following sections of the Plan should be read as follows for the RSU Awards and/or the Performance Share Awards, as applicable, granted to Canadian Participants under the Canadian Addendum:

1.2

Restriction Period shall mean any period designated by the Committee during which (i) the Common Stock subject to a Restricted Stock Award may not be sold, transferred, assigned, pledged, hypothecated or otherwise encumbered or disposed of, except as provided in this Plan or the Agreement relating to such award or

Table of Contents

(ii) the conditions to vesting applicable to a Restricted Stock Unit Award shall remain in effect. *Notwithstanding the aforementioned, under no circumstances shall the Restriction Period, applicable to a RSU Award granted to a Canadian Participant hereunder, exceed 3 calendar years immediately following the end of the Service Year in respect of which the RSU Award was granted.*

Service Year shall mean the calendar year in which services were provided by the Participant to the Company or its Subsidiaries or where services were provided in respect of a fiscal year, the calendar year in which the relevant fiscal year ends.

1.3 Administration (2nd paragraph)

The Committee shall, subject to the terms of this Plan, interpret this Plan and the application thereof, establish rules and regulations it deems necessary or desirable for the administration of this Plan and may impose, incidental to the grant of an award, conditions with respect to the award, such as limiting competitive employment or other activities, *provided that no such interpretation, rule, regulation, or condition will operate to cause the granting of RSU Awards and/or Performance Shares Awards to Canadian Participants hereunder not to be an employee benefit plan as that term is defined in the Tax Act.* All such interpretations, rules, regulations and conditions shall be final, binding and conclusive.

1.5 Shares Available (2nd paragraph).

Shares of Common Stock shall be made available from authorized and unissued shares of Common Stock, or authorized and issued shares of Common Stock reacquired and held as treasury shares or otherwise or a combination thereof, *with the exception of RSU Awards and/or Performance Share Awards granted to Canadian Participants hereunder which shall be settled in Common Stock purchased by the Trustee in the open market.*

6.2 Amendments. The Board may amend this Plan as it shall deem advisable, subject to any requirement of stockholder approval required by applicable law, rule or regulation, including Section 162(m) and Section 422 of the Code; provided, however, that no amendment shall be made without stockholder approval if such amendment would (a) increase the maximum number of shares of Common Stock available under this Plan (subject to Section 6.7), (b) effect any change inconsistent with Section 422 of the Code, (c) extend the term of this Plan or (d) reduce the minimum purchase price of a share of Common Stock subject to an option. No amendment may impair the rights of a holder of an outstanding award without the consent of such holder.

Notwithstanding the aforementioned, no amendment of the Plan (including the Canadian Addendum), shall operate so as to cause the granting of RSU Awards and/or Performance Share Awards to Canadian Participant hereunder or the EBP Trust not to be an employee benefit plan or a trust governed by an employee benefit plan, respectively, as those terms are defined in the Tax Act.

Awards may be granted to Participants in jurisdictions outside the United States. To the extent necessary or advisable to comply with applicable local laws while concurrently aiming to achieve the purposes of the Plan, it may be determined by the Committee that the terms and conditions applicable to those awards granted to Participants outside the United States are different from those under the Plan.
