PROSPECTUS SUPPLEMENT

(To Prospectus dated December 1, 2008)

684,072 Shares

UNITED CONTINENTAL HOLDINGS, INC.

Common Stock

This is an offering by United Continental Holdings, Inc. (formerly UAL Corporation, and herein referenced as "UAL" or the "Company") of up to 684,072 shares of our common stock, par value \$0.01 per share ("Common Stock"), that are issuable to certain former employees of our wholly owned subsidiary, Continental Airlines, Inc. ("Continental"), upon the exercise of options granted pursuant to the terms of (a) the Continental Airlines, Inc. 1997 Stock Incentive Plan, (b) the Continental Airlines, Inc. 1998 Stock Incentive Plan, (c) Continental Airlines, Inc. Incentive Plan 2000, (d) the Continental Airlines, Inc. 2005 Broad Based Employee Stock Option Plan and (e) the Continental Airlines, Inc. 2005 Pilot Supplemental Option Plan (collectively, the "Continental Benefit Plans").

On October 1, 2010, Continental became our wholly owned subsidiary as a result of a merger of our wholly owned subsidiary, JT Merger Sub Inc., with and into Continental (the "merger"). Upon effectiveness of the merger, our name was changed from UAL Corporation to United Continental Holdings, Inc. and each outstanding share of Continental Class B common stock ("Continental Common Stock"), par value \$0.01 per share, was converted into the right to receive 1.05 shares of UAL's Common Stock.

At the effective time of the merger, the Continental Benefit Plans were assumed by UAL. All options outstanding under the Continental Benefit Plans at the effective time of the merger, including outstanding options held by former Continental employees, that were not otherwise settled upon the merger were assumed by UAL and converted into options referenced by UAL's Common Stock subject to the same terms and conditions applicable to the corresponding Continental option, except that the number of shares of Common Stock subject to each such converted option is equal to the product, rounded down to the nearest whole number of shares of Common Stock, of (x) the number of shares of Continental Common Stock subject to the corresponding Continental stock option and (y) 1.05. The exercise price for each converted option is equal to the applicable per share exercise price for the shares of Continental Common Stock underlying such option, divided by 1.05 (rounded up to the nearest whole cent). We will receive the exercise price of stock options granted pursuant to Continental Benefit Plans and held by former Continental employees if and when such options are exercised.

On September 30, 2010, the last reported sale price of the Common Stock on The NASDAQ Global Select Market under the symbol "UAUA" was \$23.66. Beginning on October 1, 2010, the Common Stock will be listed on The New York Stock Exchange under the symbol "UAL".

Investing in the Common Stock involves a high degree of risk. See Risk factors beginning on page S-3 of this prospectus supplement and on page 3 of the accompanying prospectus and in the documents incorporated by reference in this prospectus supplement and the accompanying prospectus.

Neither the Securities and Exchange Commission (the "SEC") nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus supplement or the accompanying prospectus. Any representation to the contrary is a criminal offense.

The date of this prospectus supplement is October 1, 2010.

Risk factors

*You should carefully consider the risks described below and the risks described under **Risk Factors** in our most recent annual report on Form 10-K and quarterly reports on Form 10-Q, as well as the other information included or incorporated by reference in this prospectus supplement and the accompanying prospectus, before making an investment decision. Our business, financial condition or results of operations could be materially adversely affected by any of these risks. The market or trading price of the Common Stock could decline due to any of these risks or other factors, and you may lose all or part of your investment.*

Risks related to the Common Stock

Certain provisions of UAL's Governance Documents could discourage or delay changes of control or changes to the board of directors of UAL (the Board).

Certain provisions of the amended and restated certificate of incorporation and amended and restated bylaws of UAL (together, the Governance Documents) may make it difficult for stockholders to change the composition of the Board and may discourage takeover attempts that some of its stockholders may consider beneficial.

Certain provisions of the Governance Documents may have the effect of delaying or preventing changes in control if the Board determines that such changes in control are not in the best interests of UAL and its stockholders.

These provisions of the Governance Documents are not intended to prevent a takeover, but are intended to protect and maximize the value of UAL's stockholders' interests. While these provisions have the effect of encouraging persons seeking to acquire control of UAL to negotiate with the Board, they could enable the Board to prevent a transaction that some, or a majority, of its stockholders might believe to be in their best interests and, in that case, may prevent or discourage attempts to remove and replace incumbent directors.

UAL's amended and restated certificate of incorporation limits certain transfers of the Common Stock.

To reduce the risk of a potential adverse effect on the Company's ability to utilize its net operating loss (NOL) carryforwards for federal income tax purposes, UAL's amended and restated certificate of incorporation contains a 5% ownership limitation (the 5% Ownership Limitation) applicable to stockholders. The 5% Ownership Limitation generally remains effective until February 1, 2014 or such later date as may be approved by the Board. The 5% Ownership Limitation prohibits (i) the acquisition by a single stockholder of shares that results in such stockholder owning 5% or more of the Common Stock of UAL and (ii) any acquisition or disposition of Common Stock by a stockholder that already owns 5% or more of UAL's Common Stock, unless prior written approval is granted by the Board. The percentage ownership of a single stockholder can generally be computed by dividing the number of shares of Common Stock held by the stockholder by the sum of the shares of Common Stock issued and outstanding plus the number of shares of Common Stock still held in reserve for payment to unsecured creditors under the Debtors' Second Amended Joint Plan of Reorganization pursuant to Chapter 11 of the U.S. Bankruptcy Code. Trading in the Common Stock or instruments convertible or exchangeable into the Common Stock by a stockholder who owns 5% or more of the Common Stock may be subject to restrictions on transfer. For additional information regarding the 5% Ownership Limitation, please refer to UAL's amended and restated certificate of incorporation, a form of which was included as an annex to our joint proxy statement/prospectus filed with the SEC on August 18, 2010.

Table of Contents

Any transfers of Common Stock that are made in violation of the restrictions set forth above will be void and, pursuant to UAL's amended and restated certificate of incorporation, will be treated as if such transfer never occurred. This provision may prevent a sale of Common Stock by a stockholder or adversely affect the price at which a stockholder can sell Common Stock and consequently make it more difficult for a stockholder to sell shares of Common Stock. In addition, this limitation may have the effect of delaying or preventing a change in control of UAL, creating a perception that a change in control cannot occur or otherwise discouraging takeover attempts that some stockholders may consider beneficial, which could also adversely affect the prevailing market price of the Common Stock.

The issuance of UAL's contingent senior unsecured notes could adversely impact results of operations, liquidity and financial position and could cause dilution to the interests of its existing stockholders.

In connection with UAL's emergence from Chapter 11 bankruptcy protection, UAL is obligated under an indenture to issue to the Pension Benefit Guaranty Corporation (PBGC) up to \$500 million in principal amount of 8% senior unsecured notes (the 8% Contingent Notes) under certain circumstances. The 8% Contingent Notes would be issued in up to eight equal tranches of \$62.5 million upon the occurrence of certain financial triggering events (with one tranche issued as a result of each triggering event up to eight total tranches). A triggering event occurs when the EBITDAR (as defined in the PBGC indenture) of UAL and its subsidiaries on a consolidated basis (which includes both United and Continental) exceeds \$3.5 billion over the prior twelve months ending June 30 or December 31 of any applicable fiscal year. These twelve-month measurement periods began with the fiscal year ending December 31, 2009 and will end with the fiscal year ending December 31, 2017. However, if the issuance of a tranche would cause a default under any other securities then existing, UAL may satisfy its obligations with respect to such tranche by issuing Common Stock having a market value equal to \$62.5 million. Each issued tranche will mature 15 years from its respective issuance date, with interest payable in cash in semi-annual installments, and will be callable, at UAL's option, at any time at par, plus accrued and unpaid interest.

Because Continental's EBITDAR will be included in this calculation as a result of the merger, the completion of the merger has increased the likelihood that all or a portion of the 8% Contingent Notes will be issued, as well as the likelihood that the timing of any such issues would be accelerated. However, because the issuance of the 8% Contingent Notes is based upon future operating results, we cannot predict the exact number and timing of any such issuances. The issuance of the 8% Contingent Notes could adversely impact UAL's results of operations because of increased interest expense related to the 8% Contingent Notes and adversely impact its financial position or liquidity due to increased cash required to meet interest and principal payments. Any Common Stock issued in lieu of debt will cause additional dilution to existing UAL stockholders.

The price of the Common Stock may fluctuate significantly, and you could lose all or part of your investment.

Volatility in the market price of the Common Stock may prevent you from being able to sell your shares at or above the price you paid for your shares. The market price of the Common Stock could fluctuate significantly for various reasons which include:

changes in the prices or availability of oil or jet fuel;

our quarterly or annual earnings or those of other companies in our industry;

the public's reaction to our press releases, our other public announcements and our filings with the SEC;

Table of Contents

changes in our earnings or recommendations by research analysts who track the Common Stock or the stock of other airlines;

changes in general conditions in the United States and global economy, financial markets or airline industry, including those resulting from changes in fuel prices or fuel shortages, war, incidents of terrorism or responses to such events;

changes in the competitive landscape for the airline industry, including any changes resulting from industry consolidation whether or not involving our company; and

the other risks described in these Risk factors.

In addition, in recent periods, the stock market has experienced extreme price and volume fluctuations. This volatility has had a significant impact on the market price of securities issued by many companies, including companies in our industry. The changes frequently appear to occur without regard to the operating performance of these companies. The price of the Common Stock could fluctuate based upon factors that have little or nothing to do with the Company, and these fluctuations could materially reduce our stock price.

UAL's Common Stock has a limited trading history and its market price may be volatile.

UAL's Common Stock began trading on The NASDAQ National Market under the ticker symbol UUAU on February 2, 2006, following our emergence from Chapter 11 bankruptcy protection. Beginning on October 1, 2010, the Common Stock will be listed and trade on The New York Stock Exchange under the ticker symbol UAL. As a result, the Common Stock has a limited trading history. The market price of the Common Stock may fluctuate substantially due to a variety of factors, many of which are beyond our control.

The price of UAL's Common Stock may be affected by the availability of shares for sale in the market and upon conversion of convertible securities.

The sale or availability for sale of substantial amounts of the Common Stock could adversely impact its price. UAL's amended and restated certificate of incorporation authorizes it to issue 1,000,000,000 shares of Common Stock. On September 29, 2010, there were 168,507,722 shares of Common Stock outstanding. On October 1, 2010, approximately 148 million additional shares of Common Stock were issued to former stockholders of Continental in connection with the merger. Accordingly, a substantial number of shares of Common Stock are outstanding and available for sale in the market. In addition, we may be obligated to issue additional shares of Common Stock upon the conversion of outstanding convertible securities or in connection with employee benefit plans.

In the future, we may decide to raise capital through offerings of our Common Stock, securities convertible into or exchangeable for Common Stock, or rights to acquire these securities or Common Stock. The issuance of additional shares of Common Stock or securities convertible into or exchangeable for Common Stock could result in dilution of existing stockholders' equity interests in UAL. Issuances of substantial amounts of Common Stock, or the perception that such issuances could occur, may adversely affect prevailing market prices for the Common Stock and we cannot predict the effect this dilution may have on the price of Common Stock.

UAL's amended and restated certificate of incorporation limits voting rights of certain foreign persons.

UAL's amended and restated certificate of incorporation limits the voting rights of persons holding any of UAL's equity securities who are not citizens of the United States, as defined in Section 40102(a)(15) of Title 49 United States Code, to 24.9% of the aggregate votes of all equity

Table of Contents

securities outstanding. This restriction is applied pro rata among all holders of equity securities who fail to qualify as citizens of the United States, based on the number of votes to which the underlying securities are entitled.

You may not receive dividends on the Common Stock.

Holders of the Common Stock are entitled to receive only such dividends as the Board may declare out of funds legally available for such payments. We have historically not paid cash dividends and have no plans to pay cash dividends on the Common Stock. We are incorporated in Delaware and governed by the Delaware General Corporation Law. Delaware law allows a corporation to pay dividends only out of surplus, as determined under Delaware law or, if there is no surplus, out of net profits for the fiscal year in which the dividend was declared and for the preceding fiscal year. Under Delaware law, however, we cannot pay dividends out of net profits if, after we pay the dividend, our capital would be less than the capital represented by the outstanding stock of all classes having a preference upon the distribution of assets. Furthermore, holders of the Common Stock may be subject to the prior dividend rights of holders of our preferred stock or the depositary shares representing such preferred stock then outstanding. Finally, under the terms of our amended credit facility, our ability to pay distributions on, or repurchase, the Common Stock is restricted.

Risks related to the combined company following the merger

We may be unable to integrate successfully the businesses of United and Continental and realize the anticipated benefits of the merger.

The merger involves the combination of two companies that previously operated as independent public companies. We will be required to devote significant management attention and resources to integrating the business practices and operations of United and Continental. Potential difficulties we may encounter as part of the integration process include the following:

the inability to successfully combine the businesses of United and Continental in a manner that permits us to achieve the full revenue and cost synergies anticipated to result from the merger;

complexities associated with managing the combined businesses, including the challenge of integrating complex systems, technology, aircraft fleets, networks and other assets of each of our companies in a seamless manner that minimizes any adverse impact on customers, suppliers, employees and other constituencies;

integrating the workforces of the two airlines while maintaining focus on providing consistent, high quality customer service; and

potential unknown liabilities and unforeseen increased expenses or delays associated with the merger, including one-time cash costs to integrate the two airlines that may exceed the estimated \$1.2 billion one-time cash costs that we currently anticipate.

In addition, United and Continental have operated independently. It is possible that the integration process could result in:

diversion of the attention of our management; and

the disruption of, or the loss of momentum in, our ongoing businesses or inconsistencies in standards, controls, procedures and policies,

any of which could adversely affect our ability to maintain relationships with customers, suppliers, employees and other constituencies or our ability to achieve the anticipated benefits of the merger or could reduce our earnings or otherwise adversely affect our business and financial results.

Table of Contents

The need to integrate the United and Continental workforces following the merger and negotiate new labor agreements presents the potential for delay in achieving expected synergies, increased labor costs or labor disputes that could adversely affect our operations.

The successful integration of United and Continental and achievement of the anticipated benefits of the combination depend significantly on integrating United's and Continental's employee groups and on maintaining productive employee relations. Failure to do so presents the potential for delays in achieving expected synergies of integration, increased labor costs and labor disputes that could adversely affect our operations. United and Continental are both highly unionized companies. More than 80% of United's 46,000 employees are organized, and United currently has 11 domestic collective bargaining agreements with six different unions. All of United's agreements became amendable pursuant to the Railway Labor Act (RLA) on or about December 31, 2009 or January 7, 2010, and United is currently in negotiations with all of its unions for new agreements. Approximately 60% of Continental's 41,000 employees are organized, and Continental has five collective bargaining agreements with four different unions. Most of Continental's agreements became amendable pursuant to the RLA on either December 31, 2008 or December 31, 2009, and Continental is currently in negotiations with three of its unions for new agreements.

The process for integrating labor groups in an airline merger is governed by a combination of the RLA, the McCaskill-Bond Act, and where applicable, the existing provisions of each company's collective bargaining agreements and union policy. Pending operational integration, it is generally necessary to maintain a fence between employee groups, during which time the combined company will keep the employee groups separate and apply the terms of the existing collective bargaining agreements unless other terms have been negotiated.

Under the McCaskill-Bond Act seniority integration must be accomplished in a fair and equitable manner consistent with the process set forth in the Allegheny-Mohawk Labor Protective Provisions (LPPs). Such process consists first of direct negotiations between the companies and the incumbent unions and second, if integration cannot be achieved through agreement, submitting the seniority integration to binding arbitration by a neutral arbitrator. For employee groups having the same representative at both carriers, such as mechanics and pilots, the McCaskill-Bond Act provides that seniority integration be accomplished pursuant to the union's internal policies if such policies exist, which can also require arbitration. Employee dissatisfaction with the results of the seniority integration typically leads to litigation, which in some cases can delay implementation.

Under the RLA, the National Mediation Board (NMB) has exclusive authority to resolve representation disputes arising out of airline mergers. The disputes that the NMB has authority to resolve include (i) whether the merger has created a single carrier for representation purposes; (ii) designation of the appropriate craft or class the RLA term for bargaining unit for bargaining at the combined company on a system wide basis, an issue which typically arises from minor inconsistencies over which positions are included within a particular craft or class at the two companies; and (iii) designation of the representative of each craft or class at the combined company.

In order to fully integrate the pre-merger represented employee groups, the combined company must negotiate a joint collective bargaining agreement covering each combined group. These negotiations can begin immediately where the same union represents employees of both companies within the craft or class in question, but otherwise will likely begin after a single post-merger representative has been certified by the NMB.

Table of Contents

Following announcement of the merger, the Air Line Pilots Association, International (ALPA), which represents pilots at both carriers, opted to pursue negotiations with us for a joint collective bargaining agreement (JCBA) that would govern the combined pilot group. We announced on July 20, 2010 that we have agreed in principle with ALPA on a Transition and Process Agreement that provides a framework for conducting pilot operations of the two groups until the parties reach agreement on a JCBA and the carriers obtain a single operating certificate. Joint negotiations began on August 10, 2010 and are ongoing.

There is a risk that unions or individual employees might pursue judicial or arbitral claims arising out of changes implemented as a result of the merger. There is also a possibility that employees or unions could engage in job actions such as slow-downs, work-to-rule campaigns, sick-outs or other actions designed to disrupt United's and Continental's normal operations, whether in opposition to the merger or in an attempt to pressure the companies in collective bargaining negotiations. Although the RLA makes such actions unlawful until the parties have been lawfully released to self-help, and United and Continental can seek injunctive relief against premature self-help, such actions can cause significant harm even if ultimately enjoined. In 2008, United obtained a preliminary injunction preventing United's pilots from engaging in any actions designed to disrupt United's normal operations. As a result of an agreement between the parties, the preliminary injunction will remain in place until United and ALPA have negotiated a new collective bargaining agreement.

Our ability to use NOL carryforwards to offset future taxable income for U.S. federal income tax purposes may be limited as a result of the merger, together with certain other possible transactions involving the sale or issuance of Common Stock, or if taxable income does not reach sufficient levels.

As of December 31, 2009, UAL reported federal NOL carryforwards of approximately \$9.3 billion and Continental reported federal NOL carryforwards of approximately \$3.7 billion, each of which is available to offset future taxable income. Our ability to utilize these NOL carryforwards may be limited to the extent that UAL or Continental undergoes an ownership change as defined in Section 382 of the Internal Revenue Code of 1986, as amended (the Code).

In general, a corporation that experiences an ownership change is subject to limitations on its ability to utilize its pre-ownership change NOL carryforwards to offset future taxable income. An ownership change generally occurs if certain stockholders increase their aggregate percentage ownership of the corporation's stock by more than 50 percentage points over their lowest percentage ownership at any time during the testing period, which is generally the three-year period preceding any potential ownership change.

The merger is currently expected to have resulted in an ownership change of Continental for purposes of Section 382 of the Code. We have not yet determined whether the merger also resulted in an ownership change of UAL for purposes of Section 382. However, even if the merger did not result in an ownership change of UAL, the merger, together with certain other possible transactions involving the sale or issuance of UAL stock has significantly increased the likelihood that UAL will experience an ownership change in the future.

Section 382 of the Code imposes an annual limitation on the amount of post-ownership change taxable income that may be offset with pre-ownership change NOL carryforwards of the corporation that experiences an ownership change. The limitation imposed by Section 382 for any post-ownership change year generally would be determined by multiplying the value of such corporation's stock immediately before the ownership change by the applicable long-term tax-exempt rate. Any unused annual limitation may, subject to certain limits, be carried over to later years, and the limitation may under certain circumstances be increased by built-in gains in the assets held by such corporation at the

Table of Contents

time of the ownership change. Limitations imposed on the ability to use NOL carryforwards to offset future taxable income could cause U.S. federal income taxes to be paid earlier than they otherwise would be paid if such limitations were not in effect and could cause such NOL carryforwards to expire unused, in each case reducing or eliminating the benefit of such NOL carryforwards. Similar rules and limitations may apply for state income tax purposes. Our use of NOL carryforwards arising after the date of an ownership change would not be affected unless we experienced a subsequent ownership change.

Our ability to use our NOL carryforwards will also depend on the amount of taxable income we generate in future periods. The NOL carryforwards may expire before we can generate sufficient taxable income to utilize them in full.

Our future results will suffer if we do not effectively manage our expanded operations resulting from the merger.

As a result of the merger, the size of our business has increased significantly beyond the size of either United's or Continental's individual businesses. Our future success depends, in part, upon our ability to manage this expanded business, which will pose substantial challenges for management, including challenges related to the management and monitoring of new operations and associated increased costs and complexity. There can be no assurances that we will be successful or that we will realize the expected operating efficiencies, cost savings, revenue enhancements and other benefits currently anticipated from the merger.

We expect to incur substantial expenses related to the merger and the integration of United and Continental.

We expect to incur substantial expenses in connection with the merger and the integration of United and Continental. There are a large number of processes, policies, procedures, operations, technologies and systems that must be integrated, including purchasing, accounting and finance, sales, payroll, pricing, revenue management, reservations, maintenance, flight operations, marketing and benefits. While we have assumed that a certain level of expenses will be incurred, there are many factors beyond our control that could affect the total amount or the timing of the integration expenses. Moreover, many of the expenses that will be incurred are, by their nature, difficult to estimate accurately. These expenses could, particularly in the near term, exceed the savings that we expect to achieve from the elimination of duplicative expenses and the realization of economies of scale and cost savings. These integration expenses likely will result in us taking significant charges against earnings, and the amount and timing of such charges are uncertain at present.

As a result of the merger, we may need to launch branding or rebranding initiatives that may involve substantial costs and may not be favorably received by customers.

We plan to retain the United name and Continental's logo and livery in connection with the merger. As a result, we may incur substantial costs in rebranding our products and services in those markets that previously also used the Continental name or United's logo and livery, and we may not be able to achieve or maintain brand name recognition or status under the new combined company brand that is comparable to the recognition and status previously enjoyed by United and Continental separately. The failure of any such rebranding initiative could adversely affect our ability to attract and retain customers, which could cause us not to realize some or all of the benefits contemplated by us to result from the merger.

Use of proceeds

We will receive the exercise price of stock options granted pursuant to Continental Benefit Plans and held by former Continental employees if and when such options are exercised. We will not receive proceeds if the stock options are exercised on a cashless basis. Any net proceeds we receive upon exercise of the stock options will be used for general corporate purposes.

Dividend policy

We do not currently pay cash dividends on shares of the Common Stock. Any future determination regarding dividend or distribution payments will be at the discretion of our board of directors, subject to applicable limitations under Delaware law, and will be dependent upon our results of operations, financial conditions, contractual restrictions and other factors deemed relevant by our board of directors.

Description of the Common Stock

The following description of the Common Stock includes a summary of certain provisions of UAL's amended and restated certificate of incorporation and amended and restated bylaws. This description of the Common Stock does not purport to be complete and is subject to and qualified in its entirety by reference to applicable Delaware law and the provisions of UAL's restated certificate of incorporation and any applicable certificates of designations, which have been or will be filed with the SEC. See "Description of UAL Capital Stock" in the accompanying prospectus for a summary description of UAL's preferred stock.

General

UAL is authorized to issue up to 1,000,000,000 shares of Common Stock.

Dividends

The holders of UAL Common Stock will be entitled to receive dividends, if and when declared payable from time to time by the Board.

Liquidation

Upon any liquidation, dissolution or winding up of UAL, after all securities ranking prior to the Common Stock, including any shares of UAL's preferred stock, have been paid in full that to which they are entitled, the holders of the then outstanding Common Stock will be entitled to receive, pro rata, the remaining assets of UAL available for distribution to its stockholders.

Voting rights

Each outstanding share of Common Stock will entitle the holder thereof to one vote on each matter submitted to a vote at a meeting of stockholders. At meetings of stockholders, holders of UAL's Common Stock vote together as a single class with holders of UAL's Class Pilot MEC Junior Preferred Stock and Class IAM Junior Preferred Stock on all matters except the election of directors. The affirmative vote of holders of shares of UAL's capital stock representing a plurality of the votes cast on the matter will be required to elect the directors to be elected by the applicable class of capital stock and the affirmative vote of holders of shares of UAL's capital stock representing a majority of the votes present in person or by proxy at the meeting and entitled to be cast on the matter will be required to approve any other matters.

Other

The Common Stock is not convertible into, or exchangeable for, any other class or series of capital stock. Holders of Common Stock have no preemptive or other rights to subscribe for or purchase

additional securities of UAL. UAL's amended and restated certificate of incorporation contains no sinking fund provisions or redemption provisions with respect to the Common Stock. Shares of Common Stock are not subject to calls or assessments. No personal liability will attach to holders under the laws of the State of Delaware (UAL's state of incorporation) or of the State of Illinois (the state in which UAL's principal place of business is located). There is no classification of the Board.

The Common Stock is subject to certain limitations on ownership and transfer. See Certain limitations on ownership and transfer and anti-takeover provisions in UAL's amended and restated certificate of incorporation and amended and restated bylaws applicable to the Common Stock below.

The transfer agent and registrar for the Common Stock is Computershare Investor Services.

Certain limitations on ownership and transfer and anti-takeover provisions in UAL's amended and restated certificate of incorporation and amended and restated bylaws applicable to the Common Stock

Five-percent ownership limitation

UAL's amended and restated certificate of incorporation provides, subject to certain exceptions therein, that any attempted transfer of UAL's securities prior to the earliest of (A) February 1, 2014, or such later date as may be approved by the Board, (B) the repeal, amendment or modification of Section 382 of the Code (and any comparable successor provision) (Section 382) in such a way as to render the restrictions imposed by Section 382 no longer applicable to UAL, (C) the beginning of a taxable year of UAL in which no Tax Benefits (as defined in the amended and restated certificate of incorporation) are available, and (D) the date on which the limitation amount imposed by Section 382 in the event of an ownership change of UAL, as defined in Section 382, would not be materially less than the NOL carryforward or net unrealized built-in loss of UAL (the Restriction Release Date), or any attempted transfer of UAL's securities pursuant to an agreement entered into prior to the Restriction Release Date, will be prohibited and void ab initio so far as it purports to transfer ownership or rights in respect of such stock to the purported transferee (y) if the transferor is a five-percent shareholder or (z) to the extent that, as a result of such transfer either (1) any person or group of persons shall become a five-percent shareholder or (2) the percentage stock ownership interest in UAL of any five-percent shareholder shall be increased. The amended and restated certificate of incorporation defines the term five-percent shareholder as a person or group of persons that is identified as a five-percent shareholder of UAL pursuant to Treasury Regulation § 1.382-2T(g).

Foreign ownership limitation

UAL's amended and restated certificate of incorporation limits the total number of shares of equity securities held by all persons who fail to qualify as citizens of the United States to no more than 24.9% of the aggregate voting power of the outstanding equity securities. This restriction is applied pro rata among the holders of equity securities who fail to qualify as citizens of the United States.

Undesignated preferred stock

The ability to authorize undesignated preferred stock makes it possible for the Board to issue preferred stock with super voting, dividend or other special rights or preferences on a discriminatory basis that could impede the success of any attempt to acquire UAL. These and other provisions may have the effect of deferring, delaying or discouraging hostile takeovers, or changes in control or management of UAL.

Requirements for advance notification of stockholder meetings, nominations and proposals

UAL's amended and restated bylaws provide that special meetings of the stockholders may be called only by (a) both the Chief Executive Officer and the Chairman or (b) the Board, and prohibit the conduct of any business at a special meeting other than as specified in the notice for such meeting.

Table of Contents

UAL's amended and restated bylaws establish advance notice procedures with respect to stockholder proposals for annual meetings and the nomination of candidates for election as directors, other than nominations for union directors or nominations made by or at the direction of the Board or a committee of the Board. In order for any matter to be properly brought before a meeting, a stockholder will have to comply with advance notice requirements and provide UAL with certain information. Additionally, vacancies and newly created directorships may be filled by a vote of a majority of the directors then in office, even though less than a quorum. UAL's amended and restated bylaws allow the Chief Executive Officer or the Chairman, as designated by the Board, or, in their absence or the absence of any such designation, the appointee of the presiding officer of the meeting, to establish rules of procedure for the conduct of meetings which may have the effect of precluding the conduct of certain business at a meeting if the rules of procedure are not followed. These provisions may also deter, delay or discourage a potential acquiror from conducting a solicitation of proxies to elect the acquiror's own slate of directors or otherwise attempting to obtain control of UAL.

Stockholder action by written consent

Pursuant to Section 228 of the Delaware General Corporation Law, any action required to be taken at any annual or special meeting of the stockholders may be taken without a meeting, without prior notice and without a vote if a consent or consents in writing, setting forth the action so taken, is signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares of stock entitled to vote thereon were present and voted, unless UAL's amended and restated certificate of incorporation provides otherwise. UAL's amended and restated certificate of incorporation provides that any action required or permitted to be taken by UAL stockholders must be effected at a duly called annual or special meeting of stockholders and may not be effected by consent in writing by such stockholders.

Plan of distribution

Outstanding stock options with respect to shares of Continental Common Stock were granted pursuant to the Continental Benefit Plans to former Continental employees during the course of their employment with Continental. At the effective time of the merger, the Continental Benefit Plans were assumed by UAL. UAL Common Stock (in lieu of Continental Common Stock) will be issued upon exercise of stock options previously granted under the Continental Benefit Plans to former Continental employees. See Appendix A Plan Prospectuses.

This prospectus supplement (the Prospectus Supplement), the prospectuses associated with each of the Continental Benefit Plans (as defined below), and some of the documents incorporated by reference in the Registration Statement constitute the prospectus meeting the requirements of Section 10(a) of the Securities Act of 1933, as amended (the Securities Act), and covering securities that have been registered under the Securities Act.

The statements in this Prospectus Supplement are subject to the provisions of the Continental Benefit Plans.

I. The Merger

On May 2, 2010, UAL Corporation, a Delaware corporation, Continental Airlines, Inc., a Delaware corporation (Continental) and JT Merger Sub Inc., a Delaware corporation and a wholly owned subsidiary of UAL Corporation (Merger Sub), entered into an Agreement and Plan of Merger (the Merger Agreement). Pursuant to the Merger Agreement, Merger Sub merged with and into Continental (the Merger) on October 1, 2010. As a result of the Merger, Continental became a wholly owned subsidiary of United Continental Holdings, Inc. (formerly UAL Corporation, and herein referenced as UAL or the Company). At the effective time of the Merger, each outstanding share (other than shares owned by UAL, Continental or Merger Sub) of Class B common stock, par value \$0.01 per share, of Continental (Continental Common Stock) was converted into the right to receive 1.05 shares of UAL Common Stock, plus cash in lieu of fractional shares.

Table of Contents

In addition, pursuant to the Merger Agreement, at the effective time of the Merger, the Continental Benefit Plans were assumed by UAL. Any award outstanding under the Continental Benefit Plans at the effective time of the Merger that was not otherwise settled at the effective time of the Merger was assumed by UAL and converted into an award referenced by UAL Common Stock subject to the same terms and conditions applicable to the corresponding Continental award, except that the number of shares of UAL Common Stock subject to each such converted award is equal to the product, rounded down to the nearest whole number of shares of UAL Common Stock, of (x) the number of shares of Continental Common Stock subject to the corresponding Continental stock option or in respect of the corresponding Continental restricted shares and (y) 1.05. The exercise price for each converted option is equal to the applicable per share exercise price for the shares of Continental Common Stock underlying such option, divided by 1.05 (rounded up to the nearest whole cent).

II. The Company

As of the closing of the Merger, UAL, instead of Continental, became the issuer of the common stock to be issued pursuant to the awards granted under the Continental Benefit Plans and the Administrator of these plans. All references in the original prospectuses to a committee, the Company, the Administrator, the Board of Directors, or the Chief Executive Officer will now be references to UAL or the UAL counterpart to these groups or individuals. The address of UAL's executive offices is: 77 W. Wacker Drive Chicago, IL 60601, and their phone number is 312-997-8000.

III. Shares Available Under the Plan; Adjustments

The only Continental Benefit Plan authorized to issue new grants of awards following the Merger is the Continental Airlines, Inc. Incentive Plan 2010 (the Incentive Plan 2010). At the effective time of the Merger, the number of shares of Continental Common Stock available for grant under this plan was converted into a number of shares of UAL Common Stock at the same rate outlined above in the description of the Merger. Prior to the Merger, the aggregate number of shares of Continental Common Stock that could have been issued under that plan could not have exceeded 3,750,000 shares. Following the Merger, the aggregate number of shares of UAL Common Stock that may be issued under the Incentive Plan 2010 is 3,937,500. The aggregate maximum number of shares that may be subject to incentive stock options could not have exceeded 3,750,000 shares of Continental Common Stock prior to the Merger and may not exceed 3,937,500 shares of UAL Common Stock following the Merger. The aggregate maximum number of shares that may be subject to stock options and restricted stock awards granted to non-employee directors could not have exceeded 500,000 shares of Continental Common Stock prior to the Merger and may not exceed 525,000 shares of UAL Common Stock following the Merger. The aggregate maximum number of shares of Continental Common Stock that may be issued as restricted stock awards, other stock awards or in settlement of certain other plan awards could not have exceeded 1,000,000 shares prior to the Merger and may not exceed 1,050,000 shares of UAL Common Stock following the Merger. These numbers are subject to adjustment as provided in the Incentive Plan 2010.

The description of certain provisions of the Plans contained in this memorandum is not complete. Reference should be made to the Plans, included as exhibits to the Registration Statements, for a full statement of the Plans provisions. The statements in this memorandum are subject to the Plans provisions. Capitalized terms not otherwise defined in this memorandum have the meanings given to them in the Plans.

We will provide without charge to any person, including any beneficial owner, to whom a copy of this Prospectus is delivered, upon their written or oral request, a copy of any documents incorporated by reference in the Registration Statements and Prospectus (other than exhibits that are not incorporated by reference into those documents), as well as any other documents required to be delivered to those persons pursuant to Rule 428(b) under the Securities Act. THE COMPANY

Continental Airlines, Inc., a Delaware corporation, is the issuer of the stock to be issued pursuant to the awards granted under the Plans. The address of our executive offices is 1600 Smith Street, HQSEO, Houston, Texas 77002, and our phone number at that address is (713) 324-5000.

THE PLANS

General Nature and Purpose

The Plans became effective, in 1997 and 1998, respectively, upon their adoption by our board of directors, and were approved by stockholders at the company s annual meetings held in 1997 and 1998, respectively. Effective November 20, 1998, the 1997 Plan was amended to be identical in all

Table of Contents

practical respects, other than effective and termination date and the number of shares covered, to the 1998 Plan. The Plans were further amended by the board of directors on May 15, 2001 and March 12, 2004. The purpose of the Plans is to enable us and our subsidiaries (as defined in the Plans) to attract and retain able persons to serve as directors, or to enter or remain in our employ, and to provide a means whereby the individuals upon whom the responsibilities of the successful administration and management of the company and its subsidiaries rest, and whose present and potential contributions to the welfare of the company and its subsidiaries are of importance, can acquire and maintain stock ownership, thereby strengthening their concern for the welfare of the company and its subsidiaries. A further purpose of the Plans is to provide those individuals with additional incentive and reward opportunities designed to enhance the profitable growth of the company and its subsidiaries.

The Plans provide that we may grant shares of restricted stock or the option to purchase shares of common stock to certain of our employees or members of our board of directors.

The terms applicable to these various types of awards, including those terms that may be established by the administrator when making or administering particular awards, are set forth in detail in the Plans. The administrator may make awards under the 1997 Plan until February 28, 2007 and under the 1998 Plan until April 14, 2008. Each of the Plans will remain in effect until all stock options granted under the respective Plan have been satisfied or expired and all shares of restricted stock granted under the respective Plan have vested or been forfeited.

The Plans are not qualified under section 401(a) of the Code, and are not subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended. The Plans are unfunded, and the rights of a recipient to any award under the Plans are no greater than the rights of an unsecured creditor of the company.

Eligibility

Awards may be granted only to persons who, at the time of grant, are members of the board of directors of the company or employees of the company or one of its subsidiaries. Awards may be granted on more than one occasion to the same person and may consist of any combination of stock options and restricted stock. Currently awards are granted, upon action by the administrator, to employees at company salary grade 46 and above and the equivalent grade levels at our subsidiaries.

Nothing contained in the Plans confers upon any employee any right with respect to continued employment with us or any subsidiary or interferes in any way with our right or that of our subsidiaries to terminate his or her employment at any time. Additionally, nothing in the Plans confers upon any director any right with respect to continuation of membership on the board of directors.

Stock Options

The administrator may grant stock options entitling the recipient to purchase shares of common stock at a price equal to or greater than the Market Value per Share on the date of grant. A stock option is exercisable in whole or in such installments and at such times as determined by the administrator. The option price is payable in full in the manner specified by the administrator. The holder of a stock option is entitled to privileges and rights of a stockholder only with respect to shares of common stock purchased under the option and registered in the holder's name.

Stock options granted under the Plans may be options that are intended to qualify as incentive stock options within the meaning of section 422 of the Code or options that are not intended to so qualify. An incentive stock option will be treated as a non-qualified option to the extent that the aggregate Market Value per Share (determined at the time of grant) of common stock with respect to

Table of Contents

which incentive stock options are first exercisable by an individual during any calendar year under all incentive stock option plans of the company (and its parent and subsidiary corporations) exceeds \$100,000. An incentive stock option may only be granted to an individual who is an employee at the time the stock option is granted. No incentive stock option may be granted to an individual if, at the time the stock option is granted, such individual owns stock possessing more than 10% of the total combined voting power of all classes of stock of the company (or of its parent or subsidiary corporation, within the meaning of section 422(b)(6) of the Code), unless (i) at the time the stock option is granted the option price is at least 110% of the Market Value per Share of the common stock subject to the stock option and (ii) such stock option by its terms is not exercisable after the expiration of five years from the date of grant.

Each stock option agreement will specify the effect of termination of employment or board membership, as applicable, on the exercisability of the option. A stock option agreement may provide for the payment of the option price, in whole or in part, by delivery of a number of shares of common stock (plus cash if necessary) having a Market Value per Share equal to the option price. Moreover, a stock option agreement may provide for a cashless exercise of the option by establishing procedures satisfactory to the administrator with respect thereto. The terms and conditions of the respective stock option agreements need not be identical.

Stock options may be granted under the Plans in substitution for stock options held by individuals employed by corporations who become employees as a result of a merger or consolidation or other business combination of the employing corporation with the company or any subsidiary.

Non-Employee Director Stock Options

It is anticipated that each non-employee director will receive on the day of each annual stockholders meeting (and upon his or her first election to the board of directors other than at an annual stockholders meeting) a grant of stock options to purchase 5,000 shares of common stock. Stock options granted to non-employee directors are not intended to qualify as incentive stock options within the meaning of section 422 of the Code. It is anticipated that the stock options granted to non-employee directors will have ten-year terms and must be exercised within one year of termination of service on the board for any reason. It is further anticipated that these stock options will become exercisable immediately and that the price per share to be paid by the holder of the stock options will equal the Market Value per Share of common stock on the date the option is granted.

Restricted Stock

A grant of restricted stock constitutes an immediate transfer to the recipient of record and beneficial ownership of the shares of restricted stock in consideration of the performance of services by the recipient (or other consideration determined by the administrator). The recipient is entitled immediately to voting and other ownership rights in the shares, subject to restrictions referred to in the Plans or contained in the related restricted stock agreement. The transfer may be made without additional consideration or in consideration of a payment by the recipient that is less than the Market Value per Share on the date of grant. Each grant may, in the discretion of the administrator, limit the recipient's dividend rights during the period in which the shares are subject to a substantial risk of forfeiture and restrictions on transfer. The terms and conditions of the respective restricted stock agreements need not be identical.

Restricted stock must be subject, for a period or periods determined by the administrator at the date of grant, to one or more restrictions, including, without limitation, a restriction that constitutes a substantial risk of forfeiture within the meaning of section 83 of the Code and applicable interpretive authority thereunder. For example, an award could provide that the restricted stock would be forfeited if

Table of Contents

the recipient ceased to serve the company or its subsidiary as an employee during a specified period. In order to enforce these forfeiture provisions, the transferability of restricted stock during the period or periods during which these restrictions are to continue will be prohibited or restricted in a manner and to the extent prescribed by the administrator at the date of grant. The Plans provide for a shorter period during which the forfeiture provisions are to apply in the event of a Change in Control of the company.

The Human Resources Committee of the board of directors of the company has resolved that all grants of restricted stock under the company's stock incentive plans (including the Plans) shall vest over at least a three-year period, or over at least a one-year period if vesting is performance-based (or as otherwise provided in the applicable Plan or award agreement, such as upon a Change in Control).

Shares Available under the Plans; Award Limitations; Adjustments

Subject to adjustment as provided in the Plans, the aggregate number of shares of common stock that may be issued under the 1997 Plan may not exceed 2,000,000 shares and under the 1998 Plan may not exceed 5,500,000 shares. Shares will be deemed to have been issued under the Plans only to the extent actually issued and delivered pursuant to a stock option or a grant of restricted stock. To the extent that a stock option or a grant of restricted stock lapses or the rights of the recipient with respect thereto terminate, any shares of common stock then subject to that stock option or grant of restricted stock will again be available for grant under the Plans. The maximum number of shares of common stock that may be subject to stock options granted to any one individual during any calendar year may not exceed 750,000 shares with respect to the 1998 Plan and 200,000 shares with respect to the 1997 Plan, and that may be granted as restricted stock may not exceed 250,000 shares with respect to the 1998 Plan and 100,000 shares with respect to the 1997 Plan (in each case subject to adjustment as provided in the Plans). The limitation on the number of option shares will be applied in a manner that will permit compensation generated in connection with stock options awarded under the Plans by a committee comprised solely of two or more outside directors to constitute performance based compensation for purposes of section 162(m) of the Code, including any shares subject to stock options that are canceled or repriced being counted against such maximum number of shares to the extent required under section 162(m) of the Code and applicable interpretive authority thereunder. Subject to the limitations described above, the stock offered pursuant to an award may be authorized but unissued common stock or common stock previously issued and outstanding and reacquired by the company.

The maximum number of shares that may be issued under the Plans and the other limitations described in the preceding paragraph, as well as the number or type of shares or other property subject to outstanding stock options and restricted stock grants and the applicable option or purchase prices per share will be adjusted appropriately in the event of stock dividends, spin-offs of assets or other extraordinary dividends, stock splits, combinations of shares, recapitalizations, mergers, consolidations, reorganizations, liquidations, issuances of rights or warrants, and similar transactions or events.

Change in Control

As used in the Plans (except as otherwise provided in an applicable agreement evidencing an award), the term "Change in Control" generally means: (a) any person is or becomes the beneficial owner of securities representing 25% or more of the combined voting power of the company's outstanding securities; (b) individuals who constituted the board as of March 12, 2004 cease for any reason to constitute at least a majority of the board (unless such individual's election is approved by a vote of a majority of the incumbent board or such individual was nominated by an Excluded Person); (c) any merger, consolidation or other reorganization or similar transaction in which the company is not the Controlling Corporation (as described below); or (d) any sale of all or substantially all of the company's assets, other than to Excluded Persons.

Table of Contents

For purposes of clause (c) above, the company will generally be considered the Controlling Corporation in any merger, consolidation, reorganization or similar transaction unless either (1) the company's stockholders immediately prior to such transaction (excluding the other party to the transaction and persons acting in concert with such other party) would not, immediately after such transaction, beneficially own securities of the resulting entity that would entitle them to elect a majority of the board of the resulting entity, or (2) those persons constituting the company's board of directors immediately prior to such transaction would not, immediately after such transaction, constitute a majority of the directors of the resulting entity.

Upon the occurrence of a Change in Control, with respect to each award recipient, (1) all stock options granted to the recipient and then outstanding will immediately vest and become exercisable in full (but subject, in the case of incentive stock options, to certain limitations) and, except as required by law, all restrictions on the transfer of shares acquired pursuant to such stock options will terminate and (2) all restrictions applicable to the recipient's restricted stock will be deemed to have been satisfied and the restricted stock will vest in full.

Provision is made for payment under the Plans (except as otherwise provided in the applicable stock option or restricted stock agreement) of (i) any excise taxes due under section 4999 of the Code with respect to amounts that are vested and/or payable due to a Change in Control plus (ii) any taxes due on the payment of such excise taxes.

A stock option or restricted stock agreement may change the definition of Change in Control or limit its applicability. The holder of a stock option or restricted stock grant should review his or her related award agreement for any such change or limitation.

Transferability

No awards (other than incentive stock options) are transferable by the recipient except (i) by will or the laws of descent and distribution, (ii) pursuant to a qualified domestic relations order or (iii) with respect to awards of non-qualified stock options, with the consent of the administrator. An incentive stock option is not transferable other than by will or the laws of descent and distribution and is exercisable during the recipient's lifetime only by the recipient or the recipient's guardian or legal representative.

In the discretion of the administrator, a percentage of the aggregate shares of common stock obtained from exercise of a stock option shall not be transferable prior to the earliest to occur of (x) termination of the relevant option term, (y) the recipient's retirement, death or disability or (z) termination of the recipient's employment with the company and its subsidiaries.

Administration and Amendments

The Plans are administered by the Administrator, as defined in the Plans. In connection with its administration of the Plans, the Administrator is authorized to interpret the Plans and related agreements and to make all other determinations necessary or advisable for administering the Plans. The Plans provide that a committee comprised solely of two or more outside directors (as defined by section 162(m) of the Code and applicable interpretive authority thereunder and within the meaning of Non-Employee Director as defined by Rule 16b-3 under the Exchange Act) serves as the Administrator with respect to persons subject to section 16 of the Exchange Act. Until otherwise determined by the board of directors, the Human Resources Committee serves as such committee under the Plans. The Chief Executive Officer of the company comprises a CEO Committee of the board and serves as Administrator with respect to persons not subject to section 16 of the Exchange Act.

Table of Contents

The board in its discretion may terminate the Plans at any time with respect to any shares of common stock for which awards have not yet been granted. The board has the right to alter or amend the Plans or any part thereof from time to time; provided that no change in any award theretofore granted may be made that would impair the rights of the recipient thereof without his or her consent. Without stockholder approval, the board may not amend the Plans to (a) increase the maximum aggregate number of shares that may be issued under the Plans or (b) change the class of individuals eligible to receive awards under the Plans.

United States Federal Income Tax Consequences

The following is a brief summary of certain of the U. S. federal income tax consequences of certain transactions under the Plans based on federal income tax laws in effect on July 1, 2006. This summary applies to the Plans as normally operated and is not intended to provide or supplement tax advice to eligible employees or members of the board of directors. The summary contains general statements based on current U.S. federal income tax statutes, regulations and currently available interpretations thereof. This summary is not intended to be exhaustive and does not describe state, local or foreign tax consequences or the effect, if any, of gift, estate and inheritance taxes.

Tax Consequences to Recipients

Non-qualified Stock Options. In general: (i) no income will be recognized by an optionee at the time a non-qualified stock option is granted; (ii) at the time of exercise of a non-qualified stock option, ordinary income will be recognized by the optionee in an amount equal to the difference between the option price paid for the shares and the fair market value of the shares if they are nonrestricted on the date of exercise; and (iii) at the time of sale of shares acquired pursuant to the exercise of a non-qualified stock option, any appreciation (or depreciation) in the value of the shares after the date of exercise will be treated as a capital gain (or loss).

The total number of shares of common stock subject to stock options granted to any one recipient during any calendar year is limited under the Plans for the purpose of qualifying any compensation realized upon exercise of the options that are granted by a committee comprised solely of two or more outside directors as performance-based compensation as defined in section 162(m) of the Code in order to preserve tax deductions by the company with respect to any such compensation in excess of one million dollars paid to Covered Employees (i.e., the company's Chief Executive Officer and the four highest compensated officers of the company or those individuals deemed to be executive officers of the company (other than the Chief Executive Officer) and who are officers of the company on the last day of the year in question). Options granted by the Chief Executive Officer will not qualify as performance-based compensation and will be subject to the limitation on deductibility under section 162(m) of the Code; however, it is not anticipated that the Chief Executive Officer would have authority to make grants to Covered Employees.

Incentive Stock Options. No income generally will be recognized by an optionee upon the grant or exercise of an incentive stock option. However, upon exercise, the difference between the fair market value and the exercise price may be subject to the alternative minimum tax. If shares of common stock are issued to an optionee pursuant to the exercise of an incentive stock option and no disqualifying disposition of the shares is made by the optionee within two years after the date of grant or within one year after the transfer of the shares to the optionee, then upon the sale of the shares any amount realized in excess of the option price will be taxed to the optionee as a capital gain and any loss sustained will be a capital loss.

If shares of common stock acquired upon the exercise of incentive stock options are disposed of prior to the expiration of either holding period described above, the optionee generally will recognize ordinary income in the year of disposition in an amount equal to any excess of the fair market value of

Table of Contents

the shares at the time of exercise (or, if less, the amount realized on the disposition of the shares in a sale or exchange) over the option price paid for the shares. Any further gain (or loss) realized by the optionee generally will be taxed as a capital gain (or loss).

As described above with respect to non-qualified stock options, the Plans have been designed to qualify any ordinary compensation income recognized by optionees with respect to incentive stock options granted by a committee comprised solely of two or more outside directors as performance-based compensation as defined in section 162(m) of the Code.

Restricted Stock. A recipient of restricted stock generally will be subject to tax at ordinary income tax rates on the fair market value of the restricted stock reduced by any amount paid by the recipient at such time as the shares are no longer subject either to a substantial risk of forfeiture or restrictions on transfer for purpose of section 83 of the Code. However, a recipient who so elects under section 83(b) of the Code within 30 days of the date of transfer of the shares will have taxable ordinary income on the date of transfer of the shares equal to the excess of the fair market value of the shares (determined without regard to the risk of forfeiture or restrictions on transfer) over any purchase price paid for the shares. If a section 83(b) election is made and the shares are subsequently forfeited, the recipient will not be allowed to take a deduction for the value of the forfeited shares. If a section 83(b) election has not been made, any dividends received with respect to restricted stock that are subject at that time to a substantial risk of forfeiture and restrictions on transfer generally will be treated as compensation that is taxable as ordinary income to the recipient; otherwise the dividends will be treated as dividends. Awards of restricted stock to Covered Employees will not qualify as performance-based compensation and the company will be subject to the limitation on deductibility under section 162(m) of the Code.

Special Rules Applicable to Officers and Directors. In limited circumstances where the sale of common stock that is received as the result of a grant of an award could subject an officer or director to suit under section 16(b) of the Exchange Act, the tax consequences to the officer or director may differ from the tax consequences described above. In these circumstances, unless a special election has been made, the principal difference usually will be to postpone valuation and taxation of the common stock received so long as the sale of the common stock received could subject the officer or director to suit under section 16(b) of the Exchange Act, but not longer than six months.

Tax Consequences to the Company or Subsidiary

Section 162(m) of the Code limits the ability of the company to deduct compensation paid during a fiscal year to a Covered Employee in excess of one million dollars, unless such compensation is based on performance criteria established by a committee comprised solely of two or more outside directors or meets another exception specified in section 162(m) of the Code. Certain awards described above will not qualify as performance-based compensation or meet any other exception under section 162(m) of the Code and, therefore, the company's deductions with respect to such awards will be subject to the limitations imposed by such section. To the extent a recipient recognizes ordinary income in the circumstances described above, the company or subsidiary for which the recipient performs services will be entitled to a corresponding deduction provided that, among other things, (i) the income meets the test of reasonableness, is an ordinary and necessary business expense and is not an excess parachute payment within the meaning of section 280G of the Code and (ii) either the compensation is performance-based within the meaning of section 162(m) of the Code or the one million dollar limitation of section 162(m) of the Code is not exceeded or does not apply with respect to the recipient. No deduction will be available to the company or any subsidiary for any amount paid under the Plans with respect to (i) any excise taxes due under section 4999 of the Code with respect to amounts that are vested and/or payable due to a Change in Control and (ii) any taxes due on the payment of such excise taxes.

Table of Contents

Withholding Taxes

The company has the right to, in the manner determined by the administrator, (i) make deductions from any settlement or exercise of an award made under the Plans, including the delivery of shares, or require shares or cash or both be withheld from any award, in each case in an amount sufficient to satisfy withholding of any federal, state or local taxes required by law, or (ii) take such other actions as may be necessary or appropriate to satisfy any such tax withholding obligations.

Resales by Recipients

This Prospectus does not cover resales of shares received pursuant to the Plans, which may effect persons who are deemed to be affiliates of the company. Persons who are affiliates of the company, as defined in Rule 405 of the Securities Act, may resell shares purchased under the Plans only (i) in accordance with the provisions of Rule 144 of the Securities Act (exclusive of the holding period) or some other exemption from registration under the Securities Act, or (ii) pursuant to an effective registration statement. An affiliate may be deemed to include executive officers, directors and principal stockholders of the company. In order to insure compliance with applicable securities laws, we may cause certificates evidencing shares received pursuant to the Plans to bear a legend regarding such restrictions.

Section 16(b) of the Exchange Act provides, among other things, that officers (as defined), directors and principal stockholders will be liable to the company for profit realized from any purchase and sale (or any sale and purchase) of any equity security of the company within a period of less than six months, regardless of the intention on the part of such person in entering the transaction. In determining ownership of common stock, such person may be required to include shares issuable upon exercise of options or warrants or upon conversion of convertible securities. The term equity security includes rights to acquire common stock upon exercise of warrants or options or upon conversion of convertible securities, or otherwise. Prior to the acquisition or disposition of any equity security of the company (including the acceptance of any stock options), you should consult with your counsel.

THE PLAN

General Nature and Purpose

The Plan became effective on October 4, 1999 upon adoption by the board of directors of the company. The Plan was amended and restated as of March 27, 2000, approved by stockholders at the Company's 2000 annual meeting and further amended by our board of directors on May 15, 2001, February 20, 2002, March 12, 2004 and February 22, 2006. The 2006 amendment was approved by stockholders at the Company's 2006 annual meeting. The purpose of the Plan is to enable us and our subsidiaries (as defined in the Plan) to attract and retain able persons to serve as directors, or to enter or remain in our employ, and to provide a means whereby the individuals upon whom the responsibilities of the successful administration and management of the company and its subsidiaries rest, and whose present and potential contributions to the welfare of the company and its subsidiaries are of importance, can acquire and maintain stock ownership, thereby strengthening their concern for the welfare of the company and its subsidiaries. A further purpose of the Plan is to provide those individuals with additional incentive and reward opportunities designed to enhance the profitable growth of the company and its subsidiaries. So that the maximum incentive can be provided, the Plan provides that the company may grant Incentive Stock Options, Non-Qualified Options, Restricted Stock Awards, Performance Awards, Incentive Awards, and Retention Awards, or any combination of the foregoing, as is best suited to the circumstances of the particular person.

The terms applicable to these various types of awards, including those terms that may be established by the administrator when making or administering particular awards, are set forth in detail in the Plan. The administrator may make awards under the Plan until October 3, 2009. The Plan will remain in effect (at least for the purpose of governing outstanding awards) until all stock option awards granted under the Plan have been satisfied or expired, all restrictions imposed upon restricted stock awards granted under the Plan have been eliminated or the restricted stock awards have been forfeited, and all Performance Awards, Incentive Awards and Retention Awards granted under the Plan have been satisfied or have terminated.

The Plan is not qualified under section 401(a) of the Code, and is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended. The Plan is unfunded, and the rights of a recipient to any award under the Plan are no greater than the rights of an unsecured creditor of the company.

Eligibility

Awards may be granted only to persons who, at the time of grant, are members of the board of directors of the company or employees of the company or one of its subsidiaries. Awards may be granted on more than one occasion to the same person, and awards may consist of any combination of Options, Restricted Stock Awards, Performance Awards, Incentive Awards or Retention Awards. Currently awards are granted, upon action by the administrator, to employees at company salary grade 46 and above and the equivalent grade levels at our subsidiaries.

Nothing contained in the Plan confers upon any employee any right with respect to continued employment with us or any subsidiary or interferes in any way with our right or that of our subsidiaries to terminate his or her employment at any time. Additionally, nothing in the Plan confers upon any director any right with respect to continuation of membership on the board of directors.

Table of Contents

Stock Options

The administrator may grant stock options entitling the recipient to purchase shares of common stock at a price equal to or greater than the Market Value per Share on the date of grant. A stock option is exercisable in whole or in such installments and at such times as determined by the administrator. The option price is payable in full in the manner specified by the administrator. The holder of a stock option is entitled to privileges and rights of a stockholder only with respect to shares of common stock purchased under the option and registered in the holder's name.

Stock options granted under the Plan may be options that are intended to qualify as incentive stock options within the meaning of section 422 of the Code or options that are not intended to so qualify. An incentive stock option will be treated as a non-qualified option to the extent that the aggregate Market Value per Share (determined at the time of grant) of common stock with respect to which incentive stock options are first exercisable by an individual during any calendar year under all incentive stock option plans of the company (and its parent and subsidiary corporations) exceeds \$100,000. An incentive stock option may only be granted to an individual who is an employee at the time the stock option is granted. No incentive stock option may be granted to an individual if, at the time the stock option is granted, such individual owns stock possessing more than 10% of the total combined voting power of all classes of stock of the company (or of its parent or subsidiary corporation, within the meaning of section 422(b)(6) of the Code), unless (i) at the time the stock option is granted the option price is at least 110% of the Market Value per Share of the common stock subject to the stock option and (ii) such stock option by its terms is not exercisable after the expiration of five years from the date of grant.

A stock option grant document may provide for the payment of the option price, in whole or in part, by delivery of a number of shares of common stock (plus cash if necessary) having a Market Value per Share equal to such option price. Moreover, a stock option grant document may provide for a cashless exercise of the stock option by establishing procedures satisfactory to the administrator with respect thereto. The terms and conditions of the respective stock option grant documents need not be identical.

The administrator (concurrently with the grant of a stock option or subsequent to such grant) may, in its sole discretion, grant stock appreciation rights (SARs) to any holder of a stock option. SARs may give the stock option holder the right to surrender any exercisable stock option or portion thereof in exchange for cash, whole shares of common stock, or a combination thereof, as determined by a committee comprised solely of two or more outside directors, with a value equal to the excess of the Market Value per Share, as of the date of such request, of one share of common stock over the option price for such share multiplied by the number of shares covered by the stock option or portion thereof to be surrendered. Any SAR granted in connection with an incentive stock option is exercisable only when the Market Value per Share of the common stock exceeds the price specified in the stock option (or the portion of the stock option to be surrendered). Upon exercise of any SAR granted under the Plan, the number of shares reserved for issuance under the Plan will be reduced only to the extent that shares of common stock are actually issued in connection with the SAR exercise. The administrator may prescribe additional terms and conditions governing any SARs.

Stock options and SARs may be granted under the Plan in substitution for stock options held by individuals employed by corporations who become employees as a result of a merger or consolidation or other business combination of the employing corporation with the company or any subsidiary.

Table of Contents

Non-Employee Director Stock Options

It is anticipated that each non-employee director will receive on the day of each annual stockholders meeting (and upon his or her first election to the board of directors other than at an annual stockholders meeting) a grant of stock options to purchase 5,000 shares of common stock. Stock options granted to non-employee directors are not intended to qualify as incentive stock options within the meaning of section 422 of the Code. It is anticipated that the stock options granted to non-employee directors will have ten-year terms and must be exercised within one year of termination of service on the board for any reason. It is further anticipated that these stock options will become exercisable immediately and that the price per share to be paid by the holder of the stock options will equal the Market Value per Share of common stock on the date the option is granted.

Shares Available under the Plan; Award Limitations; Adjustments

Subject to adjustment as provided in the Plan, the aggregate number of shares of common stock that may be issued under the Plan may not exceed 4,500,000 shares. Shares will be deemed to have been issued under the Plan only to the extent actually issued and delivered pursuant to an award. To the extent that an award lapses, the rights of its holder terminate, or an award is paid in cash or is settled in a manner such that all or some of the shares of common stock covered by the award are not issued to the holder, any shares of common stock then subject to such award will again be available for the grant of an award under the Plan. The maximum number of shares of common stock that (i) may be subject to awards granted to any one individual during any calendar year may not exceed 750,000 shares and (ii) may be granted as restricted stock awards may not exceed 250,000 shares (in each case subject to adjustment as provided in the Plan). The limitation set forth in clause (i) of the preceding sentence will be applied in a manner that will permit compensation generated under the Plan which is intended to constitute performance-based compensation for purposes of section 162(m) of the Code to be treated as such performance-based compensation. Subject to the limitations described above, the stock offered pursuant to an award may be authorized but unissued common stock or common stock previously issued and outstanding and reacquired by the company.

The maximum number of shares that may be issued under the Plan, the provisions imposing limits on the numbers of shares of common stock covered by awards granted under the Plan, as well as the number or type of shares or other property subject to outstanding awards and the applicable option or purchase prices per share will be adjusted appropriately in the event of stock dividends, spin-offs of assets or other extraordinary dividends, stock splits, combinations of shares, recapitalizations, mergers, consolidations, reorganizations, liquidations, issuances of rights or warrants, and similar transactions or events.

Change in Control

As used in the Plan (except as otherwise provided in an applicable grant document), the term Change in Control generally means: (a) any person is or becomes the beneficial owner of securities representing 25% or more of the combined voting power of the company's outstanding securities; (b) individuals who constituted the board as of March 12, 2004 cease for any reason to constitute at least a majority of the board (unless such individual's election is approved by a vote of a majority of the incumbent board or such individual was nominated by an Excluded Person); (c) any merger, consolidation or other reorganization or similar transaction in which the company is not the Controlling Corporation (as described below); or (d) any sale of all or substantially all of the company's assets, other than to Excluded Persons.

For purposes of clause (c) above, the company will generally be considered the Controlling Corporation in any merger, consolidation, reorganization or similar transaction unless either (1) the company's stockholders immediately prior to such transaction (excluding the other party to the

Table of Contents

transaction and persons acting in concert with such other party) would not, immediately after such transaction, beneficially own securities of the resulting entity that would entitle them to elect a majority of the board of the resulting entity, or (2) those persons constituting the company's board of directors immediately prior to such transaction would not, immediately after such transaction, constitute a majority of the directors of the resulting entity.

Upon the occurrence of a Change in Control, with respect to each award recipient, (1) all stock options granted to the recipient and then outstanding will immediately vest and become exercisable in full (but subject, in the case of incentive stock options, to certain limitations) and, except as required by law, all restrictions on the transfer of shares acquired pursuant to such stock options will terminate and (2) all restrictions applicable to the recipient's restricted stock will be deemed to have been satisfied and the restricted stock will vest in full.

Provision is made for payment under the Plan (except as otherwise provided in the applicable grant document) of (i) any excise taxes due under section 4999 of the Code with respect to amounts that are vested and/or payable due to a Change in Control plus (ii) any taxes due on the payment of such excise taxes.

A grant document may change the definition of Change in Control or limit its applicability. Each recipient of an award should review his or her grant document for any such change or limitation.

Transferability

No awards (other than incentive stock options) are transferable except (i) by will or the laws of descent and distribution, (ii) pursuant to a qualified domestic relations order or (iii) with respect to awards of non-qualified stock options, with the consent of the administrator. An incentive stock option is not transferable other than by will or the laws of descent and distribution and is exercisable during the recipient's lifetime only by the recipient or the recipient's guardian or personal representative.

In the discretion of the administrator, a percentage of the aggregate shares of common stock obtained from exercise of a stock option shall not be transferable prior to the earliest to occur of (x) termination of the relevant option term, (y) the recipient's retirement, death or disability or (z) termination of the recipient's employment with the company and its subsidiaries.

Administration and Amendments

The Plan is administered by the Administrator, as defined in the Plan. In connection with its administration of the Plan, the Administrator is authorized to interpret the Plan and related agreements and to make all other determinations necessary or advisable for administering the Plan. The Plan provides that a committee comprised solely of two or more outside directors (as defined by section 162(m) of the Code and applicable interpretive authority thereunder and within the meaning of Non-Employee Director as defined by Rule 16b-3 under the Exchange Act) serves as the Administrator with respect to persons subject to section 16 of the Exchange Act. Until otherwise determined by the board of directors, the Human Resources Committee serves as such committee under the Plan. The Chief Executive Officer of the company comprises a CEO Committee of the board and serves as Administrator with respect to persons not subject to section 16 of the Exchange Act.

The board in its discretion may terminate the Plan at any time with respect to any shares of common stock for which awards have not yet been granted. The board has the right to amend the Plan or any part thereof from time to time, and the administrator may amend any award (and its related grant document) at any time, except as otherwise specifically provided in such grant document. Notwithstanding the foregoing, no change in any award theretofore granted may be made that would

impair the rights of the recipient thereof without his or her consent. Without stockholder approval, the board may not amend the Plan to (a) increase the maximum aggregate number of shares that may be issued under the Plan or (b) change the class of individuals eligible to receive awards under the Plan.

United States Federal Income Tax Consequences

The following is a brief summary of certain of the U. S. federal income tax consequences of certain transactions under the Plan based on federal income tax laws in effect on July 1, 2006. This summary applies to the Plan as normally operated and is not intended to provide or supplement tax advice to eligible employees or members of the board of directors. The summary contains general statements based on current U. S. federal income tax statutes, regulations and currently available interpretations thereof. This summary is not intended to be exhaustive and does not describe state, local or foreign tax consequences or the effect, if any, of gift, estate and inheritance taxes.

Tax Consequences to Recipients

Non-qualified Stock Options. In general: (i) no income will be recognized by an optionee at the time a non-qualified stock option is granted; (ii) at the time of exercise of a non-qualified stock option, ordinary income will be recognized by the optionee in an amount equal to the difference between the option price paid for the shares and the fair market value of the shares if they are nonrestricted on the date of exercise; and (iii) at the time of sale of shares acquired pursuant to the exercise of a non-qualified stock option, any appreciation (or depreciation) in the value of the shares after the date of exercise will be treated as a capital gain (or loss).

The total number of shares of common stock subject to awards granted to any one recipient during any calendar year is limited under the Plan for the purpose of qualifying any compensation realized upon exercise of the options that are granted by a committee comprised solely of two or more outside directors as performance-based compensation as defined in section 162(m) of the Code in order to preserve tax deductions by the company with respect to any such compensation in excess of one million dollars paid to Covered Employees (i.e., the company's Chief Executive Officer and the four highest compensated officers of the company or those individuals deemed to be executive officers of the company (other than the Chief Executive Officer) and who are officers of the company on the last day of the year in question). Options granted by the Chief Executive Officer will not qualify as performance-based compensation and will be subject to the limitation on deductibility under section 162(m) of the Code; however, it is not anticipated that the Chief Executive Officer would have authority to make grants to Covered Employees.

Incentive Stock Options. No income generally will be recognized by an optionee upon the grant or exercise of an incentive stock option. However, upon exercise, the difference between the fair market value and the exercise price may be subject to the alternative minimum tax. If shares of common stock are issued to an optionee pursuant to the exercise of an incentive stock option and no disqualifying disposition of the shares is made by the optionee within two years after the date of grant or within one year after the transfer of the shares to the optionee, then upon the sale of the shares any amount realized in excess of the option price will be taxed to the optionee as a capital gain and any loss sustained will be a capital loss.

If shares of common stock acquired upon the exercise of incentive stock options are disposed of prior to the expiration of either holding period described above, the optionee generally will recognize ordinary income in the year of disposition in an amount equal to any excess of the fair market value of the shares at the time of exercise (or, if less, the amount realized on the disposition of the shares in a sale or exchange) over the option price paid for the shares. Any further gain (or loss) realized by the optionee generally will be taxed as a capital gain (or loss).

Table of Contents

As described above with respect to non-qualified stock options, the Plan has been designed to qualify any ordinary compensation income recognized by optionees with respect to incentive stock options granted by a committee comprised solely of two or more outside directors as performance-based compensation as defined in section 162(m) of the Code.

Special Rules Applicable to Officers and Directors. In limited circumstances where the sale of common stock that is received as the result of a grant of an award could subject an officer or director to suit under section 16(b) of the Exchange Act, the tax consequences to the officer or director may differ from the tax consequences described above. In these circumstances, unless a special election has been made, the principal difference usually will be to postpone valuation and taxation of the common stock received so long as the sale of the common stock received could subject the officer or director to suit under section 16(b) of the Exchange Act, but not longer than six months.

Tax Consequences to the Company or Subsidiary

Section 162(m) of the Code limits the ability of the company to deduct compensation paid during a fiscal year to a Covered Employee in excess of one million dollars, unless such compensation is based on performance criteria established by a committee comprised solely of two or more outside directors or meets another exception specified in section 162(m) of the Code. Certain awards described above will not qualify as performance-based compensation or meet any other exception under section 162(m) of the Code and, therefore, the company's deductions with respect to such awards will be subject to the limitations imposed by such section. To the extent a recipient recognizes ordinary income in the circumstances described above, the company or subsidiary for which the recipient performs services will be entitled to a corresponding deduction provided that, among other things, (i) the income meets the test of reasonableness, is an ordinary and necessary business expense and is not an excess parachute payment within the meaning of section 280G of the Code and (ii) either the compensation is performance-based within the meaning of section 162(m) of the Code or the one million dollar limitation of section 162(m) of the Code is not exceeded or does not apply with respect to the recipient. No deduction will be available to the company or any subsidiary for any amount paid under the Plan with respect to (i) any excise taxes due under section 4999 of the Code with respect to amounts that are vested and/or payable due to a Change in Control and (ii) any taxes due on the payment of such excise taxes.

Withholding Taxes

The company has the right to, in the manner determined by the administrator, (i) make deductions from any settlement or exercise of an award made under the Plan, including the delivery of shares, or require shares or cash or both be withheld from any award, in each case in an amount sufficient to satisfy withholding of any taxes required by law, or (ii) take such other actions as may be necessary or appropriate to satisfy any such tax withholding obligations.

Resales by Recipients

This Prospectus does not cover resales of shares received pursuant to the Plan, which may effect persons who are deemed to be affiliates of the company. Persons who are affiliates of the company, as defined in Rule 405 of the Securities Act, may resell shares purchased under the Plan only (i) in accordance with the provisions of Rule 144 of the Securities Act (exclusive of the holding period) or some other exemption from registration under the Securities Act, or (ii) pursuant to an effective registration statement. An affiliate may be deemed to include executive officers, directors and principal stockholders of the company. In order to insure compliance with applicable securities laws, we may cause certificates evidencing shares received pursuant to the Plan to bear a legend regarding such restrictions.

Table of Contents

Section 16(b) of the Exchange Act provides, among other things, that officers (as defined), directors and principal stockholders will be liable to the company for profit realized from any purchase and sale (or any sale and purchase) of any equity security of the company within a period of less than six months, regardless of the intention on the part of such person in entering the transaction. In determining ownership of common stock, such person may be required to include shares issuable upon exercise of options or warrants or upon conversion of convertible securities. The term equity security includes rights to acquire common stock upon exercise of warrants or options or upon conversion of convertible securities, or otherwise. Prior to the acquisition or disposition of any equity security of the company (including the acceptance of any stock options), you should consult with your counsel.

THE COMPANY

Continental Airlines, Inc., a Delaware corporation, is the issuer of the common stock to be issued pursuant to the stock options granted under the Plan. The address of our executive offices is 1600 Smith Street, HQSEO, Houston, Texas 77002, and our telephone number at that address is (713) 324-5000.

THE PLAN

General Nature and Purpose

The Plan became effective on March 4, 2005, which is the date upon which the New York Stock Exchange (NYSE) accepted our application under Section 312.05 of the NYSE Listed Company Manual. The purpose of the Plan is to recognize the reductions in wages and benefits of employees occurring as part of the cost reduction program that we announced in November 2004, to attract able persons to enter or remain in our employ and the employ of our subsidiaries, and to provide a means whereby the individuals whose present and potential contributions to our welfare and the welfare of our subsidiaries are of importance can acquire stock ownership, thereby strengthening their concern for our welfare and the welfare of our subsidiaries. A further purpose of the Plan is to provide those individuals with incentive and reward opportunities designed to enhance our profitable growth and the profitable growth of our subsidiaries.

The Plan provides that we may grant the option to purchase shares of our common stock to certain of our employees. The terms applicable to the stock options, including those terms that may be established by the Administrator when making or administering particular stock options, are set forth in detail in the Plan. The Administrator may grant stock options under the Plan until 10 years after the Plan was adopted by our board of directors. The Plan will remain in effect until all stock options granted under the Plan have been exercised or expired.

The Plan is not qualified under section 401(a) of the Internal Revenue Code of 1986, as amended (the Code), and is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended. The Plan is unfunded, and the rights of a Holder to any stock option under the Plan are no greater than the rights of our unsecured creditors.

Eligibility

Stock options may be granted only to a person who, at the time of grant, is an employee, provided that stock options may be granted to international employees only if the Administrator determines in its sole discretion that compliance with applicable foreign laws and regulations would not impose an undue burden on the Company in relation to the benefits received by an international employee in the applicable jurisdiction. The Administrator designates the individuals to whom awards shall be made, the times at which awards will be granted and the number and type of awards to be granted, if any. In making such determinations, the Administrator may take into account the cost savings of the employee and the employee's workgroup, the workgroup's share of total wages, salaries and benefits costs, the nature of the services provided by the respective employees, their present and potential contributions to the Company's success, and such other factors as the Administrator in its discretion deems relevant. Stock options may not be granted to any person who, at the time of grant, is an officer of the company or a subsidiary or a member of our board of directors.

Nothing contained in the Plan confers upon any employee any right with respect to continued employment with us or any subsidiary or interferes in any way with our right or that of our subsidiaries to terminate his or her employment at any time. Neither the Plan nor the receipt of a stock option under

Table of Contents

the Plan at any time will give the employee any additional right to compensation as a result of the employee's termination of employment for any reason whatsoever. The grant of stock options under the Plan is not intended to be a part of the salary or wages of any employee.

Stock Options

The Administrator may grant stock options entitling the recipient to purchase shares of our common stock at a price equal to or greater than the Market Value per Share on the date of grant. The Administrator will determine the terms and conditions of each stock option. The terms and conditions of the respective stock options need not be identical.

Payment of the purchase price must be made in cash (or by check acceptable to us) or in nonforfeitable and unrestricted shares of our common stock or by a combination of both. Moreover, at the request of the recipient, and subject to the Administrator's approval, a stock option may be exercised pursuant to a cashless exercise arrangement with a brokerage firm approved by the Administrator.

Stock options granted under the Plan are not intended to qualify as incentive stock options within the meaning of section 422 of the Code.

Shares Available under the Plan; Adjustments

Subject to adjustment as provided in the Plan, the aggregate number of shares of common stock that may be issued under the Plan may not exceed 6,670,000 shares. Shares will be deemed to have been issued under the Plan only to the extent actually issued and delivered pursuant to a stock option. To the extent that a stock option lapses or the rights of the recipient with respect thereto terminate, any shares of common stock then subject to that option will again be available for grant under the Plan. Subject to the limitations described above, the stock offered pursuant to a stock option may be authorized but unissued common stock or common stock previously issued and outstanding and reacquired by us.

The maximum number of shares that may be issued under the Plan, as well as the number or type of shares subject to outstanding stock options and the applicable option prices per share, will be adjusted appropriately by the Committee, as determined in its sole discretion, in the event of stock dividends, spin-offs of assets or other extraordinary dividends, stock splits, combinations of shares, recapitalizations, mergers, consolidations, reorganizations, liquidations, issuances of rights or warrants, and similar transactions or events.

Transferability; Beneficiary Designation

No stock option under the Plan is transferable by the recipient except (i) by will or the laws of descent and distribution, (ii) pursuant to a qualified domestic relations order (as defined in ERISA), or (iii) with the consent of the Administrator.

Each recipient will have the right to designate a beneficiary in the event of the recipient's death or disability. Any designation must be filed with the Company (or, if applicable, the third party service provider designated by the Administrator to perform services for the Company with respect to the Plan) in a time and manner designated by the Administrator in order to be effective. The Plan also provides for default beneficiaries in the event that a recipient does not designate a beneficiary or a beneficiary designation is not effective.

Table of Contents

Administration and Amendments

The Plan is administered by the Administrator, as defined in the Plan. In connection with its administration of the Plan, the Administrator is authorized to interpret the Plan and related agreements and to make all other determinations necessary or advisable for administering the Plan. The Plan provides that the Administrator will be our chief executive officer and our president (or, if either of the chief executive officer or the president is not a member of our board of directors, the Committee), unless the Plan specifies that the Committee will take specific action or the Committee specifies that it will serve as the Administrator. The Committee must be a committee of our board comprised solely of two or more outside directors. Currently, the Committee is the Human Resources Committee of our board of directors unless and until our board designates another committee.

Our board of directors in its discretion may terminate the Plan at any time, except that the Plan must remain in effect at least for the purpose of governing outstanding stock options. The board has the right to amend the Plan or any part thereof from time to time, and the Administrator may amend any stock option at any time (unless the stock option grant document specifically provides otherwise); provided that no change in any stock option granted may be made that would impair the rights of the recipient without his or her consent, and provided further that the board may not amend the Plan to increase the maximum number of shares that may be issued under the Plan or change the class of individuals eligible to receive stock options under the Plan unless the amendment is made in compliance with applicable requirements of the NYSE or such other principal securities market in which our common stock is then traded.

This summary is not intended to be exhaustive and does not describe state, local or foreign tax consequences or the effect, if any, of gift, estate and inheritance taxes.

Tax Consequences to Recipients

Stock Options. In general, since options under the Plan are not incentive stock options: (i) no income will be recognized by an optionee at the time a stock option is granted, (ii) at the time of exercise of the option, ordinary income will be recognized by the optionee in an amount equal to the difference between the option price paid for the shares and the then fair market value of the shares, and (iii) at the time of sale of shares acquired pursuant to the exercise of the option, any appreciation (or depreciation) in the value of the shares after the date of exercise will be treated as a capital gain (or loss).

Tax Consequences to the Company or Subsidiary

To the extent a recipient recognizes ordinary income in the circumstances described above, the Company or subsidiary for which the recipient performs services will be entitled to a corresponding deduction provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense and is not an excess parachute payment within the meaning of section 280G of the Code.

Withholding Taxes

Mandatory Withholding. This Prospectus does not cover resales of shares received pursuant to the Plan. The address of our executive offices is 1600 Smith Street, HQSEO, Houston, Texas 77002, and our telephone number at that address is (713) 324-5000.

THE PLAN

General Nature and Purpose

The Plan became effective on March 4, 2005, which is the date upon which the New York Stock Exchange (NYSE) accepted our application under Section 312.05 of the NYSE Listed Company Manual. The purpose of the Plan is to recognize the reductions in wages and benefits contained within the tentative agreement (the TA) between the Company and the Air Line Pilots Association (ALPA) which was negotiated between the Company and ALPA as an element of the Company's cost reduction program that we announced in November 2004. The Plan will permit the Company to attract able persons to enter or remain in our employ and the employ of our subsidiaries, and to provide a means whereby the individuals whose present and potential contributions to our welfare and the welfare of our subsidiaries are of importance can acquire stock ownership, thereby strengthening their concern for our welfare and the welfare of our subsidiaries. A further purpose of the Plan is to provide those individuals with incentive and reward opportunities designed to enhance our profitable growth and the profitable growth of our subsidiaries.

The Plan provides that we may grant the option to purchase shares of our common stock to certain of our employees. The terms applicable to the stock options, including those terms that may be established by the Administrator when making or administering particular stock options, are set forth in detail in the Plan. The Administrator may grant stock options under the Plan until 10 years after the Plan was adopted by our board of directors. The Plan will remain in effect until all stock options granted under the Plan have been exercised or expired.

The Plan is not qualified under section 401(a) of the Internal Revenue Code of 1986, as amended (the Code), and is not subject to any of the provisions of the Employee Retirement Income Security Act of 1974, as amended. The Plan is unfunded, and the rights of a Holder to any stock option under the Plan are no greater than the rights of our unsecured creditors.

Eligibility

Stock options may be granted only to a person who is on the Continental Pilot System Seniority List as described in the TA on the date of the ratification of the collective bargaining agreement, except that any person who receives stock option awards pursuant to a compensation plan used by the Company for awards to management-level employees is not eligible. Stock options may be granted to international employees (who meet the foregoing conditions) only if the Administrator determines in its sole discretion that compliance with applicable foreign laws and regulations would not impose an undue burden on the Company in relation to the benefits received by an international employee in the applicable jurisdiction. The Administrator designates the individuals to whom awards shall be made, the times at which awards will be granted and the number and type of awards to be granted, if any. In making such determinations, the Administrator will, subject to its legal duties and requirements, utilize recommendations provided by ALPA and such other factors as the Administrator in its discretion deems relevant. Stock options may not be granted to any person who, at the time of grant, is an officer of the company or a subsidiary or a member of our board of directors.

Table of Contents

Nothing contained in the Plan confers upon any employee any right with respect to continued employment with us or any subsidiary or interferes in any way with our right or that of our subsidiaries to terminate his or her employment at any time. Neither the Plan nor the receipt of a stock option under the Plan at any time will give the employee any additional right to compensation as a result of the employee's termination of employment for any reason whatsoever. The grant of stock options under the Plan is not intended to be a part of the salary or wages of any employee.

Stock Options

The Administrator may grant stock options entitling the recipient to purchase shares of our common stock at a price equal to or greater than the Market Value per Share on the date of grant. The Administrator will determine the terms and conditions of each stock option. The terms and conditions of the respective stock options need not be identical.

Payment of the purchase price must be made in cash (or by check acceptable to us) or in nonforfeitable and unrestricted shares of our common stock or by a combination of both. Moreover, at the request of the recipient, and subject to the Administrator's approval, a stock option may be exercised pursuant to a cashless exercise arrangement with a brokerage firm approved by the Administrator.

Stock options granted under the Plan are not intended to qualify as incentive stock options within the meaning of section 422 of the Code.

Shares Available under the Plan; Adjustments

Subject to adjustment as provided in the Plan, the aggregate number of shares of common stock that may be issued under the Plan may not exceed 3,330,000 shares. Shares will be deemed to have been issued under the Plan only to the extent actually issued and delivered pursuant to a stock option. To the extent that a stock option lapses or the rights of the recipient with respect thereto terminate, any shares of common stock then subject to that option will again be available for grant under the Plan. Subject to the limitations described above, the stock offered pursuant to a stock option may be authorized but unissued common stock or common stock previously issued and outstanding and reacquired by us.

The maximum number of shares that may be issued under the Plan, as well as the number or type of shares subject to outstanding stock options and the applicable option prices per share, will be adjusted appropriately by the Committee, as determined in its sole discretion, in the event of stock dividends, spin-offs of assets or other extraordinary dividends, stock splits, combinations of shares, recapitalizations, mergers, consolidations, reorganizations, liquidations, issuances of rights or warrants, and similar transactions or events.

Transferability; Beneficiary Designation

No stock option under the Plan is transferable by the recipient except (i) by will or the laws of descent and distribution, (ii) pursuant to a qualified domestic relations order (as defined in ERISA), or (iii) with the consent of the Administrator.

Each recipient will have the right to designate a beneficiary in the event of the recipient's death or disability. Any designation must be filed with the Company (or, if applicable, the third party service provider designated by the Administrator to perform services for the Company with respect to the Plan) in a time and manner designated by the Administrator in order to be effective. The Plan also provides for default beneficiaries in the event that a recipient does not designate a beneficiary or a beneficiary designation is not effective.

Table of Contents

Administration and Amendments

The Plan is administered by the Administrator, as defined in the Plan. In connection with its administration of the Plan, the Administrator is authorized to interpret the Plan and related agreements and to make all other determinations necessary or advisable for administering the Plan. The Plan provides that the Administrator will be our chief executive officer and our president (or, if either of the chief executive officer or the president is not a member of our board of directors, the Committee), unless the Plan specifies that the Committee will take specific action or the Committee specifies that it will serve as the Administrator. The Committee must be a committee of our board comprised solely of two or more outside directors. Currently, the Committee is the Human Resources Committee of our board of directors unless and until our board designates another committee.

Our board of directors in its discretion may terminate the Plan at any time, except that the Plan must remain in effect at least for the purpose of governing outstanding stock options. The board has the right to amend the Plan or any part thereof from time to time, and the Administrator may amend any stock option at any time (unless the stock option grant document specifically provides otherwise); provided that no change in any stock option granted may be made that would impair the rights of the recipient without his or her consent, and provided further that the board may not amend the Plan to increase the maximum number of shares that may be issued under the Plan or change the class of individuals eligible to receive stock options under the Plan unless the amendment is made in compliance with applicable requirements of the NYSE or such other principal securities market in which our common stock is then traded.

United States Federal Income Tax Consequences

The following is a brief summary of certain of the U. S. federal income tax consequences of certain transactions under the Plan based on federal income tax laws in effect on March 1, 2006. This summary applies to the Plan as normally operated and is not intended to provide or supplement tax advice to eligible employees. The summary contains general statements based on current U.S. federal income tax statutes, regulations and currently available interpretations thereof. This summary is not intended to be exhaustive and does not describe state, local or foreign tax consequences or the effect, if any, of gift, estate and inheritance taxes.

Tax Consequences to Recipients

Stock Options. In general, since options under the Plan are not incentive stock options: (i) no income will be recognized by an optionee at the time a stock option is granted, (ii) at the time of exercise of the option, ordinary income will be recognized by the optionee in an amount equal to the difference between the option price paid for the shares and the then fair market value of the shares, and (iii) at the time of sale of shares acquired pursuant to the exercise of the option, any appreciation (or depreciation) in the value of the shares after the date of exercise will be treated as a capital gain (or loss).

Tax Consequences to the Company or Subsidiary

To the extent a recipient recognizes ordinary income in the circumstances described above, the Company or subsidiary for which the recipient performs services will be entitled to a corresponding deduction provided that, among other things, the income meets the test of reasonableness, is an ordinary and necessary business expense and is not an excess parachute payment within the meaning of section 280G of the Code.

ABOUT THIS PROSPECTUS

This prospectus is part of a registration statement that we filed with the U.S. Securities and Exchange Commission, which we refer to in this prospectus as the SEC, using the shelf registration process. Under the shelf registration process, we, or certain of our security holders, may sell the securities described in this prospectus in one or more offerings from time to time. This prospectus provides you with a general description of the securities that we or a selling security holder may offer. Each time we, or, under certain circumstances, our security holders, sell securities, we will provide a prospectus supplement that will contain specific information about the terms of that offering. The prospectus supplement may also add to, update or change information contained in this prospectus and, accordingly, to the extent inconsistent, information in this prospectus is superseded by the information in any prospectus supplement. You should read both this prospectus and any prospectus supplement together with additional information described under the heading **Where You Can Find More Information**.

The prospectus supplement will describe: the terms of the securities offered, any initial public offering price, the price paid to us for the securities, the net proceeds to us, the manner of distribution and any underwriting compensation and the other specific material terms related to the offering of the applicable securities. For more detail on the terms of the securities, you should read the exhibits filed with or incorporated by reference in our registration statement of which this prospectus forms a part.

UAL is a holding company whose principal, wholly-owned subsidiary is United. This prospectus contains summaries of certain provisions contained in some of the documents described herein. Please refer to the actual documents for complete information. All of the summaries are qualified in their entirety by the actual documents. Copies of the documents referred to herein have been filed, or will be filed or incorporated by reference as exhibits to the registration statement of which this prospectus is a part, and you may obtain copies of those documents as described below under **Where You Can Find More Information**.

SELLING SECURITY HOLDERS

We may register securities covered by this prospectus for re-offers and resales by any selling security holders who may be named in a prospectus supplement. Because we are a well-known seasoned issuer, as defined in Rule 405 of the Securities Act, we may add secondary sales of securities by any selling security holders by filing a prospectus supplement with the SEC. We may register these securities to permit selling security holders to resell their securities when they deem appropriate. A selling security holder may resell all, a portion or none of their securities at any time and from time to time. We may register those securities for sale through an underwriter or other plan of distribution as set forth in a prospectus supplement. See Plan of Distribution. Selling security holders may also sell, transfer or otherwise dispose of some or all of their securities in transactions exempt from the registration requirements of the Securities Act. We may pay all expenses incurred with respect to the registration of the securities owned by the selling security holders, other than underwriting fees, discounts or commissions, which will be borne by the selling security holders. We will provide you with a prospectus supplement naming the selling security holders, the amount of securities to be registered and sold and any other terms of the securities being sold by a selling security holder.

UAL's restated certificate of incorporation limits the total number of shares of equity securities held by all persons who fail to qualify as citizens of the United States to having no more than 24.9% of the voting power of the outstanding equity securities.

Undesignated Preferred Stock

The ability to authorize undesignated preferred stock makes it possible for UAL's board of directors to issue preferred stock with super voting, dividend or other special rights or preferences on a discriminatory basis that could impede the success of any attempt to acquire UAL. These and other provisions may have the effect of deferring, delaying or discouraging hostile takeovers, or changes in control or management of UAL.

Requirements for Advance Notification of Stockholder Meetings, Nominations and Proposals

UAL's bylaws provide that special meetings of the stockholders may be called only by the Chief Executive Officer, the Chairman or the board, and prohibit the conduct of any business at a special meeting other than as specified in the notice for such meeting.

UAL's bylaws establish advance notice procedures with respect to stockholder proposals for annual meetings and the nomination of candidates for election as directors, other than nominations for union directors or nominations made by or at the direction of the board of directors or a committee of the board of directors. In order for any matter to be properly brought before a meeting, a stockholder will have to comply with advance notice requirements and provide UAL with certain information. Additionally, vacancies and newly created directorships may be filled by a vote of a majority of the directors then in office, even though less than a quorum. UAL's bylaws allow the Chairman or a director designated by the Chairman to preside at a meeting to adopt rules and regulations for the conduct of meetings which may have the effect of precluding the conduct of certain business at a meeting if the rules and regulations are not followed. These provisions may also defer, delay or discourage a potential acquiror from conducting a solicitation of proxies to elect the acquiror's own slate of directors or otherwise attempting to obtain control of UAL.

Stockholder Action by Written Consent

Pursuant to Section 228 of the Delaware General Corporation Law, or the DGCL, any action required to be taken at any annual or special meeting of the stockholders may be taken without a meeting, without prior notice and without a vote if a consent or consents in writing, setting forth the action so taken, is signed by the holders of outstanding stock having not less than the minimum number of votes that would be necessary to authorize or take such action at a meeting at which all shares of stock entitled to vote thereon were present and voted, unless UAL's restated certificate of incorporation provides otherwise. UAL's restated certificate of incorporation provides that any action required or permitted to be taken by UAL stockholders must be effected at a duly called annual or special meeting of stockholders and may not be effected by consent in writing by such stockholders.

DESCRIPTION OF DEBT SECURITIES AND GUARANTEES

The following description of the terms of the debt securities sets forth certain general terms and provisions of the debt securities to which any prospectus supplement may relate. The particular terms of the debt securities offered by any prospectus supplement and the extent, if any, to which these general provisions may apply to those debt securities will be described in the prospectus supplement relating to those debt securities. Accordingly, for a description of the terms of a particular issue of debt securities, reference must be made to both the prospectus supplement relating thereto and to the following description.

We may issue debt securities from time to time in one or more series. The debt securities will be general obligations of UAL or United. The debt securities may be fully and unconditionally guaranteed on a secured or unsecured senior or subordinated basis, jointly and severally, by guarantors, if any. Any debt securities issued by United will be fully and unconditionally guaranteed by UAL. In the event that any series of debt securities will be subordinated to other indebtedness that we have outstanding or may incur, the terms of the subordination will be set forth in the prospectus supplement relating to the subordinated debt securities. Debt securities will be issued under one or more indentures between us and one or more trustees named in the prospectus supplement, or the trustee. A copy of the form of indenture has been filed as an exhibit to the registration statement filed with the SEC. The following discussion of certain provisions of the indenture is a summary only and should not be considered a complete description of the terms and provisions of the indenture. Accordingly, the following discussion is qualified in its entirety by reference to the provisions of the indenture, including the definition of certain terms used below.

General

The debt securities represent direct, unsecured, general obligations of United or UAL and:

may rank equally with other unsubordinated debt or may be subordinated to other debt the issuer has or may incur;

may be issued in one or more series with the same or various maturities;

may be issued at a price of 100% of their principal amount or at a premium or discount;

may be issued in registered or bearer form and certificated or uncertificated form; and

may be represented by one or more global notes registered in the name of a designated depository's nominee, and if so, beneficial interests in the global note will be shown on and transfers will be made only through records maintained by the designated depository and its participants.

The aggregate principal amount of debt securities that we may authenticate and deliver is unlimited. The debt securities may be issued in one or more series as we may authorize from time to time. You should refer to the applicable prospectus supplement for the following terms of the debt securities of the series with respect to which that prospectus supplement is being delivered:

(1) the title of the debt securities of the series (which shall distinguish the debt securities of that particular series from the debt securities of any other series);

(2) the price or prices of the debt securities of the series;

(3) any limit on the aggregate principal amount of the debt securities of the series that may be authenticated and delivered under the indenture (except for debt securities authenticated and delivered upon registration of transfer of, or in exchange for, or in lieu of, other debt securities of the series);

- (2) debt securities with respect to which payments of principal, premium or interest are determined with reference to an index or formula (including changes in prices of particular securities, currencies or commodities);
- (3) debt securities with respect to which principal or interest is payable in a foreign or composite currency;

- (5) variable rate debt securities that are exchangeable for fixed rate debt securities.

Unless otherwise provided in the applicable prospectus supplement, securities in registered form may be transferred or exchanged at the office of the trustee at which its corporate trust business is principally administered in the United States or at the office of the trustee or the trustee's agent in the Borough of Manhattan, the City and State of New York, at which its corporate agency business is conducted, subject to the limitations provided in the indenture, without the payment of any service charge, other than any tax or governmental charge payable in connection therewith. Securities in bearer form will be transferable only by delivery. Provisions with respect to the exchange of securities in bearer form will be described in the prospectus supplement relating to those securities in bearer form.

All funds which the issuer pays to a paying agent for the payment of principal, premium or interest with respect to any debt securities that remain unclaimed at the end of two years after that principal, premium or interest shall have become due and payable will be repaid to the issuer, and the holders of those debt securities or any related coupons will thereafter look only to the issuer for payment thereof.

Global Securities

The debt securities of a series may be issued in whole or in part in the form of one or more global securities. A global security is a debt security that represents, and is denominated in an amount equal to the aggregate principal amount of, all outstanding debt securities of a series, or any portion thereof, in either case having the same terms, including the same original issue date, date or dates on which principal and interest are due, and interest rate or method of determining interest. A global security will be deposited with, or on behalf of, a depositary, which will be identified in the prospectus supplement relating to such debt securities. Global securities may be issued in either registered or bearer form and in either temporary or definitive form. Unless and until it is exchanged in whole or in part for the individual debt securities represented thereby, a global security may not be transferred except as a whole by the depositary to a nominee of the depositary, by a nominee of the depositary to the depositary or another nominee of the depositary, or by the depositary or any nominee of the depositary to a successor depositary or any nominee of such successor.

The specific terms of the depositary arrangement with respect to a series of debt securities will be described in the prospectus supplement relating to such debt securities. We anticipate that the following provisions will generally apply to depositary arrangements.

Upon the issuance of a global security, the depositary for such global security will credit, on its book entry registration and transfer system, the respective principal amounts of the individual debt securities represented by such global security to the accounts of persons that have accounts with the depositary (participants). Such accounts shall be designated by the dealers or underwriters with respect to such debt securities or, if such debt securities are offered and sold directly by the issuer or through one or more agents, by the issuer or such agents. Ownership of beneficial interests in a global security will be limited to participants or persons that hold beneficial interests through participants.

Table of Contents

Ownership of beneficial interests in such global security will be shown on, and the transfer of that ownership will be effected only through, records maintained by the depositary (with respect to interests of participants) or records maintained by participants (with respect to interests of persons other than participants). The laws of some states require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limitations and laws may impair the ability to transfer beneficial interests in a global security.

So long as the depositary for a global security, or its nominee, is the registered owner or holder of such global security, such depositary or nominee, as the case may be, will be considered the sole owner or holder of the individual debt securities represented by such global security for all purposes under the indenture. Except as provided below, owners of beneficial interests in a global security will not be entitled to have any of the individual debt securities represented by such global security registered in their names, will not receive or be entitled to receive physical delivery of any of such debt securities in definitive form, and will not be considered the owners or holders thereof under the indenture.

Subject to the restrictions applicable to securities in bearer form described in an applicable prospectus supplement (see Limitations on Issuance of Securities in Bearer Form below), payments of principal, premium, and interest with respect to individual debt securities represented by a global security will be made to the depositary or its nominee, as the case may be, as the registered owner or holder of such global security. Neither the issuer, the trustee, any paying agent or registrar for such debt securities nor any agent of the issuer or the trustee will have any responsibility or liability for:

- (1) any aspect of the records relating to or payments made by the depositary, its nominee or any participants on account of beneficial interests in the global security or for maintaining, supervising or reviewing any records relating to such beneficial interests;
- (2) the payment to the owners of beneficial interests in the global security of amounts paid to the depositary or its nominee; or
- (3) any other matter relating to the actions and practices of the depositary, its nominee or its participants.

Neither the issuer, the trustee, any paying agent or registrar for such debt securities or any agent of the issuer or the trustee will be liable for any delay by the depositary, its nominee or any of its participants in identifying the owners of beneficial interests in the global security, and the issuer and the trustee may conclusively rely on, and will be protected in relying on, instructions from the depositary or its nominee for all purposes.

We expect that the depositary for a series of debt securities or its nominee, upon receipt of any payment of principal, premium or interest with respect to a definitive global security representing any of such debt securities, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in the principal amount of such global security, as shown on the records of the depositary or its nominee. We also expect that payments by participants to owners of beneficial interests in such global security held through such participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers and registered in street name. Such payments will be the responsibility of such participants. Receipt by owners of beneficial interests in a temporary global security of payments of principal, premium or interest with respect thereto will be subject to the restrictions described in an applicable prospectus supplement (see Limitation on Issuance of Securities in Bearer Form below).

If the depositary for a series of debt securities is at any time unwilling, unable or ineligible to continue as depositary, the issuer shall appoint a successor depositary. If a successor depositary is not

appointed by us within 90 days, the issuer will issue individual debt securities of such series in exchange for the global security representing such series of debt securities. In addition, we may at any time and in the issuer's sole discretion, subject to any limitations described in the prospectus supplement relating to such debt securities, determine to no longer have debt securities of a series represented by a global security and, in such event, will issue individual debt securities of such series in exchange for the global security representing such series of debt securities. Furthermore, if the issuer so specifies with respect to the debt securities of a series, an owner of a beneficial interest in a global security representing debt securities of such series may, on terms acceptable to the issuer, the trustee, and the depositary for such global security, receive individual debt securities of such series in exchange for such beneficial interests, subject to any limitations described in the prospectus supplement relating to such debt securities. In any such instance, an owner of a beneficial interest in a global security will be entitled to physical delivery of individual debt securities of the series represented by such global security equal in principal amount to such beneficial interest and to have such debt securities registered in its name (if the debt securities are issuable as securities in registered form). Individual debt securities of such series so issued will be issued:

(1) as securities in registered form in denominations, unless otherwise specified by the issuer, of \$1,000 and integral multiples thereof if the debt securities are issuable as securities in registered form;

(2) as securities in bearer form in the denomination or denominations specified by the issuer if the debt securities are issuable as securities in bearer form; or

(3) as either securities in registered form or securities in bearer form as described above if the debt securities are issuable in either form.

Limitations on Issuance of Securities in Bearer Form

The debt securities of a series may be issued as securities in registered form (which will be registered as to principal and interest in the register maintained by the registrar for such debt securities) or securities in bearer form (which will be transferable only by delivery). If such debt securities are issuable as securities in bearer form, the applicable prospectus supplement will describe certain special limitations and considerations that will apply to such debt securities.

Certain Covenants

If debt securities are issued, the indenture, as supplemented for a particular series of debt securities, will contain certain covenants for the benefit of the holders of such series of debt securities, which will be applicable (unless waived or amended) so long as any of the debt securities of such series are outstanding, unless stated otherwise in the prospectus supplement. The specific terms of the covenants, and summaries thereof, will be set forth in the prospectus supplement relating to such series of debt securities.

Subordination

Debt securities of a series, and any guarantees, may be subordinated, which we refer to as subordinated debt securities, to senior indebtedness (as defined in the applicable prospectus supplement) to the extent set forth in the prospectus supplement relating thereto. To the extent we conduct operations through subsidiaries, the holders of debt securities (whether or not subordinated debt securities) will be structurally subordinated to the creditors of our subsidiaries except to the extent such subsidiary is a guarantor of such series of debt securities.

Table of Contents

Events of Default

Each of the following constitutes an event of default under the form of indenture with respect to any series of debt securities:

- (1) default in any payment of the principal or premium, if any, on the debt securities of that series, when such amount becomes due and payable at maturity, upon acceleration, redemption or otherwise;
- (2) failure to pay interest on any debt security of that series when such interest becomes due and payable, and such failure continues for a period of 30 days;
- (3) failure to comply with the obligations described under **Mergers and Sales of Assets** below;
- (4) failure to comply for 30 days after notice with any of the obligations in the covenants described in the prospectus supplement;
- (5) failure to comply for 60 days after notice with any of our other agreements in the debt securities of that series or the indenture or supplemental indenture related to that series of debt securities; or
- (6) certain events of bankruptcy, insolvency or reorganization affecting us.

A prospectus supplement may omit, modify or add to the foregoing events of default.

A default under clauses (4) and (5) will not constitute an event of default until the trustee or the holders of 25% in principal amount of the outstanding debt securities notify us of the default and we do not cure such default within the time specified after receipt of such notice.

If any event of default (other than an event of default relating to certain events of bankruptcy, insolvency or reorganization with respect to the issuer) occurs and is continuing with respect to a particular series of debt securities, either the trustee or the holders of not less than 25% in aggregate principal amount of the debt securities of that series then outstanding by written notice to us (and to the trustee if such notice is given by the holders), may declare the principal amount of (or in the case of original issue discount debt securities, the portion thereby specified in the terms thereof), premium, if any, and accrued interest on the debt securities of that series to be immediately due and payable. In the case of certain events of bankruptcy, insolvency or reorganization, the principal amount of, premium, if any, and accrued interest on the debt securities of that series shall automatically become and be immediately due and payable without any declaration or other act on the part of the trustee or any holders.

The holders of a majority in aggregate principal amount of the debt securities of any series then outstanding by notice to the trustee under the indenture may on behalf of the holders of all of such series of debt securities waive any existing default or event of default and its consequences under the applicable indenture except a continuing default or event of default in the payment of interest on, or the principal of, the debt securities of such series.

Subject to the provisions of the indenture relating to the duties of the trustee in case an event of default shall occur and be continuing, the trustee is under no obligation to exercise any of its rights or powers under the indenture or debt securities at the request or direction of any of the holders of any series of debt securities, unless such holders have offered to the trustee indemnity or security satisfactory to it against any loss, liability or expense. Subject to such provisions for the indemnification of the trustee, the holders of at least a majority in aggregate principal amount of the outstanding debt securities of a series have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with

Table of Contents

respect to such series of debt securities. The trustee, however, may refuse to follow any direction that conflicts with law or the indenture or that the trustee determines is unduly prejudicial to the rights of any other holder of such series of debt securities or that would involve the trustee in personal liability. Prior to taking any action under the indenture, the trustee is entitled to indemnification satisfactory to it in its sole discretion against all losses and expenses caused by taking or not taking such action.

Except to enforce the right to receive payment of principal, premium, if any, or interest when due, no holder of debt securities of a series has any right to institute any proceeding with respect to the indenture or debt securities, or for the appointment of a receiver or a trustee, or for any other remedy thereunder, unless:

such holder has previously given to the trustee written notice of a continuing event of default with respect to such series of debt securities;

the holders of at least 25% in aggregate principal amount of the outstanding debt securities of that series have made written request, and such holder or holders have offered reasonable security or indemnity against any loss, liability or expense, to the trustee to institute such proceeding as trustee; and

the trustee has failed to institute such proceeding, and has not received from the holders of a majority in aggregate principal amount of the outstanding debt securities of that series a direction inconsistent with such request, within 60 days after such notice, request and offer.

However, such limitations do not apply to a suit instituted by a holder of a debt security of such series for the enforcement of payment of the principal, premium, if any, or interest on such debt security on or after the applicable due date specified in such debt security.

The indenture provides that if a default with respect to a series of debt securities occurs and is continuing and is known to the trustee, the trustee must mail to each holder of such debt securities notice of the default within 90 days after it occurs. Except in the case of a default in the principal or premium, if any, upon acceleration, redemption or otherwise with respect to any debt security of a series when such amount becomes due and payable, the trustee may withhold notice if and so long as a committee of its trust officers in good faith determines that withholding notice is in the interests of the holders.

The indenture requires us to furnish to the trustee, within 120 days after the end of each fiscal year, a statement by certain of its officers as to whether or not we, to their knowledge, are in default in the performance or observance of any of the terms, provisions and conditions of the indenture and, if so, specifying all such known defaults.

Street name and other indirect holders should consult their banks and brokers for information on their requirements for giving notice or taking other actions upon a default.

Modification and Waiver

Modifications and amendments of the indenture, any supplemental indenture and any series of debt securities may be made by us and the trustee with the consent of the holders of at least a majority in aggregate principal amount of the outstanding debt securities of any series affected by such modification or amendment.

No such modification or amendment may, without the consent of each holder affected thereby,

make any change to the percentage of principal amount of debt securities of any series the holders of which must consent to an amendment;

reduce the principal amount of, premium, if any, or interest on, or extend the stated maturity or interest payment periods, of any debt security;

make any debt security payable in money or securities other than that stated in such debt security;

make any change that adversely affects such holder's right to require us to purchase a debt security, if any;

impair the right to institute suit for the enforcement of any payment with respect to the debt securities;

in the case of any subordinated debt security or coupons appertaining thereto, make any change in the provisions of the indenture relating to subordination that adversely affects the rights of any holder under such provisions;

except as provided under Satisfaction and Discharge of the Indenture; Defeasance, release any security or guarantee that may have been granted with respect to the debt securities; or

waive a default in payment of principal of, premium, if any, or interest on the debt securities of a series or modify any provisions of the indenture relating to modification or amendment thereof.

Without the consent of any holder, we and the trustee may amend the indenture for one or more of the following purposes:

to evidence the succession of another person pursuant to the provisions of the indenture relating to consolidations, mergers and sales of assets and the assumption by such successor of the covenants, agreements and obligations in the indenture and in the debt securities;

to surrender any right or power conferred upon us by the indenture, to add to our covenants such further covenants, restrictions, conditions or provisions for the protection of the holders of all or any series of debt securities as our boards of directors shall consider to be for the protection of the holders of such debt securities, and to make the occurrence, or the occurrence and continuance, of a default in respect of any of such additional covenants, restrictions, conditions or provisions a default or an event of default under the indenture (*provided, however*, that with respect to any such additional covenant, restriction, condition or provision, such supplemental indenture may provide for a period of grace after default, which may be shorter or longer than that allowed in the case of other defaults, may provide for an immediate enforcement upon such default, may limit the remedies available to the trustee upon such default or may limit the right of holders of a majority in aggregate principal amount of any series of debt securities to waive such default);

to cure any ambiguity or correct or supplement any provision contained in the indenture, in any supplemental indenture or in any debt securities that may be defective or inconsistent with any other provision contained therein, to convey, transfer, assign, mortgage or pledge any property to or with the trustee, or to make such other provisions in regard to matters or questions arising under the indenture as shall not adversely affect the interests of any holders of debt securities of any series;

to convey, transfer, assign, mortgage or pledge any property to or with the trustee, or to make such other provisions in regard to matters or questions arising under the indenture as shall not adversely affect the interests of any holders of debt securities of any series;

of principal or premium with respect to securities in registered form or of principal, premium or interest with respect to securities in bearer form; or to permit securities in registered form to be exchanged for securities in bearer form, so as to not adversely affect the interests of the holders of debt securities or any coupons of any series in any material respect or permit or facilitate the issuance of debt securities of any series in uncertificated form;

in the case of subordinated debt securities, to make any change in the provisions of the indenture relating to subordination that would limit or terminate the benefits available to any holder of senior indebtedness under such provisions (but only if each such holder of senior indebtedness consents to such change);

to add guarantees with respect to the debt securities or to secure the debt securities;

to make any change that does not adversely affect the rights of any holder;

to add to, change, or eliminate any of the provisions of the indenture with respect to one or more series of debt securities, so long as any such addition, change or elimination not otherwise permitted under the indenture shall (a) neither apply to any debt security of any series created prior to the execution of such supplemental indenture and entitled to the benefit of such provision nor modify the rights of the holders of any such debt security with respect to such provision or (b) become effective only when there is no such debt security outstanding;

to evidence and provide for the acceptance of appointment by a successor or separate trustee with respect to the debt securities of one or more series and to add to or change any of the provisions of the indenture as shall be necessary to provide for or facilitate the administration of the indenture by more than one trustee; or

to establish the form or terms of debt securities and coupons of any series, as described under **General** above.

Mergers and Sales of Assets

The indenture provides that UAL may not consolidate with or merge into any other person or convey, transfer or lease all or substantially all of its properties and assets to another person, unless among other items: (a) the resulting, surviving or transferee person (if other than UAL) is organized and existing under the laws of the United States, any state thereof or the District of Columbia and such person expressly assumes, by supplemental indenture, all of our obligations under all of the debt securities and the indenture; (b) UAL or such successor person shall not immediately thereafter be in default under the indenture; and (c) UAL shall have provided the trustee with an opinion of counsel and officer's certificate confirming compliance with the indenture. Upon the assumption of the issuer's obligations by such a person in such circumstances, subject to certain exceptions, UAL shall be discharged from all obligations under all debt securities and the indenture (except in the case of a lease).

The indenture also provides that, if UAL is not the issuer thereunder, the issuer may not consolidate with or merge into any other person or convey, transfer or lease all or substantially all of its properties and assets to another person, unless among other items: (a) the resulting, surviving or transferee person (if other than the issuer) is organized and existing under the laws of the United States, any state thereof or the District of Columbia and such person expressly assumes, by supplemental indenture, all of our obligations under all of the debt securities and the indenture; (b) the issuer or such successor person shall not immediately thereafter be in default under the indenture; and (c) the issuer shall have provided the trustee with an opinion of counsel and officer's certificate confirming compliance with the indenture. Upon the assumption of the issuer's obligations by such a person in such circumstances, subject to certain exceptions, the issuer shall be discharged from all obligations under all debt securities and the indenture (except in the case of a lease).

Table of Contents

Satisfaction and Discharge of the Indenture; Defeasance

Unless otherwise provided for in the prospectus supplement, the indenture shall generally cease to be of any further effect with respect to a series of debt securities if (a) we have delivered to the trustee for cancellation all debt securities of such series (with certain limited exceptions) or (b) all debt securities and coupons of such series not theretofore delivered to the trustee for cancellation shall have become due and payable, or are by their terms to become due and payable within one year or are to be called for redemption within one year, and we shall have deposited with the trustee as trust funds the entire amount sufficient to pay at maturity or upon redemption all such debt securities and coupons (and if, in either case, we shall also pay or cause to be paid all other sums payable under the indenture by us).

In addition, we shall have a legal defeasance option (pursuant to which we may terminate, with respect to the debt securities of a particular series, all of our obligations under such debt securities and the indenture with respect to such debt securities) and a covenant defeasance option (pursuant to which we may terminate, with respect to the debt securities of a particular series, our obligations with respect to such debt securities under certain specified covenants contained in the indenture). If we exercise our legal defeasance option with respect to a series of debt securities, payment of such debt securities may not be accelerated because of an event of default. If we exercise our covenant defeasance option with respect to a series of debt securities, payment of such debt securities may not be accelerated because of an event of default related to the specified covenants.

The applicable prospectus supplement will describe the procedures we must follow in order to exercise our defeasance options.

Regarding the Trustee

The indenture provides that, except during the continuance of an event of default, the trustee will perform only such duties as are specifically set forth in the indenture. During the existence of an event of default, the trustee will exercise such rights and powers vested in it under the indenture and use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The indenture and provisions of the Trust Indenture Act that are incorporated by reference therein contain limitations on the rights of the trustee, should it become one of our creditors, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claim as security or otherwise. The trustee is permitted to engage in other transactions with us or any of our affiliates; *provided, however*, that if it acquires any conflicting interest (as defined in the indenture or in the Trust Indenture Act), it must eliminate such conflict or resign.

Governing Law

The indenture and the debt securities will be governed by the laws of the State of New York.

DESCRIPTION OF DEPOSITARY SHARES

The following summary of certain provisions of the depositary shares does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the depositary agreement that will be filed with the SEC in connection with the offering of such depositary shares.

We may offer fractional shares of preferred stock, rather than full shares of preferred stock. If we decide to offer fractional shares of preferred stock, we will issue receipts for depositary shares. Each depositary share will represent a fraction of a share of a particular series of preferred stock, and the prospectus supplement will indicate that fraction. The shares of preferred stock represented by depositary shares will be deposited under a deposit agreement between our company and a depositary that is a bank or trust company that meets certain requirements and is selected by us. The depositary will be specified in the applicable prospectus supplement. Each owner of a depositary share will be entitled to all of the rights and preferences of the preferred stock represented by the depositary share. The depositary shares will be evidenced by depositary receipts issued pursuant to the deposit agreement. Depositary receipts will be distributed to those persons purchasing the fractional shares of preferred stock in accordance with the terms of the offering.

We have summarized selected provisions of the deposit agreement and the depositary receipts, but the summary is qualified by reference to the provisions of the deposit agreement and the depositary receipts. The particular terms of any series of depositary shares will be described in the applicable prospectus supplement. If so indicated in the prospectus supplement, the terms of any such series may differ from the terms set forth below.

Dividends

The depositary will distribute all cash dividends or other cash distributions received by it in respect of the preferred stock to the record holders of depositary shares relating to such preferred shares in proportion to the numbers of depositary shares held on the relevant record date. The amount made available for distribution will be reduced by any amounts withheld by the depositary or us on account of taxes.

In the event of a distribution other than in cash, the depositary will distribute securities or property received by it to the record holders of depositary shares in proportion to the numbers of depositary shares held on the relevant record date, unless the depositary determines that it is not feasible to make such distribution. In that case, the depositary may make the distribution by such method as it deems equitable and practicable. One such possible method is for the depositary to sell the securities or property and then distribute the net proceeds from the sale as provided in the case of a cash distribution.

Withdrawal of Shares

Upon surrender of depositary receipts representing any number of whole shares at the depositary's office, unless the related depositary shares previously have been called for redemption, the holder of the depositary shares evidenced by the depositary receipts will be entitled to delivery of the number of whole shares of the related series of preferred stock and all money and other property, if any, underlying such depositary shares. However, once such an exchange is made, the preferred stock cannot thereafter be redeposited in exchange for depositary shares. Holders of depositary shares will be entitled to receive whole shares of the related series of preferred stock on the basis set forth in the applicable prospectus supplement. If the depositary receipts delivered by the holder evidence a number of depositary shares representing more than the number of whole shares of preferred stock of the related series to be withdrawn, the depositary will deliver to the holder at the same time a new depositary receipt evidencing the excess number of depositary shares.

Table of Contents

Redemption of Depositary Shares

Whenever we redeem the preferred stock, the depositary will redeem a number of depositary shares representing the same number of shares of preferred stock so redeemed. If fewer than all of the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot, pro rata or by any other equitable method as the depositary may determine.

Voting of Underlying Shares

Upon receipt of notice of any meeting at which the holders of the preferred stock of any series are entitled to vote, the depositary will mail the information contained in the notice of the meeting to the record holders of the depositary shares relating to that series of preferred shares. Each record holder of the depositary shares on the record date will be entitled to instruct the depositary as to the exercise of the voting rights represented by the number of shares of preferred stock underlying the holder's depositary shares. The depositary will endeavor, to the extent it is practical to do so, to vote the number of whole shares of preferred stock underlying such depositary shares in accordance with such instructions. We will agree to take all action that the depositary may deem reasonably necessary in order to enable the depositary to do so. To the extent the depositary does not receive specific instructions from the holders of depositary shares relating to such preferred shares, it will abstain from voting such shares of preferred stock.

Amendment and Termination of Deposit Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the applicable deposit agreement may at any time be amended by agreement between us and the depositary. We may, with the consent of the depositary, amend the deposit agreement from time to time in any manner that we desire. However, if the amendment would materially and adversely alter the rights of the existing holders of depositary shares, the amendment would need to be approved by the holders of at least a majority of the depositary shares then outstanding.

The deposit agreement may be terminated by us or the depositary if:

all outstanding depositary shares have been redeemed; or

there has been a final distribution in respect of the shares of preferred stock of the applicable series in connection with our liquidation, dissolution or winding up and such distribution has been made to the holders of depositary receipts.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering to us notice of its election to do so. We may remove a depositary at any time. Any resignation or removal will take effect upon the appointment of a successor depositary and its acceptance of appointment.

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of any depositary arrangements. We will pay all charges of each depositary in connection with the initial deposit of the preferred shares of any series, the initial issuance of the depositary shares, any redemption of such preferred shares and any withdrawals of such preferred shares by holders of depositary shares. Holders of depositary shares will be required to pay any other transfer taxes.

Table of Contents

Notices

Each depositary will forward to the holders of the applicable depositary shares all notices, reports and communications from us which are delivered to such depositary and which we are required to furnish the holders of the preferred shares.

Limitation of Liability

The deposit agreement contains provisions that limit our liability and the liability of the depositary to the holders of depositary shares. Both the depositary and we are also entitled to an indemnity from the holders of the depositary shares prior to bringing, or defending against, any legal proceeding. We or any depositary may rely upon written advice of counsel or accountants, or information provided by persons presenting preferred shares for deposit, holders of depositary shares or other persons believed by us or it to be competent and on documents believed by us or them to be genuine.

DESCRIPTION OF STOCK PURCHASE CONTRACTS AND STOCK PURCHASE UNITS

The following summary of certain provisions of the stock purchase contracts and stock purchase units does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the stock purchase contract or stock purchase unit, as applicable, that will be filed with the SEC in connection with the offering of such securities.

UAL may issue stock purchase contracts, including contracts obligating holders to purchase from us, and obligating us to sell to the holders, a specified number of shares of common stock or other securities at a future date or dates, which we refer to in this prospectus as stock purchase contracts. The price per share of the securities and the number of shares of the securities may be fixed at the time the stock purchase contracts are issued or may be determined by reference to a specific formula set forth in the stock purchase contracts. The stock purchase contracts may be issued separately or as part of units consisting of a stock purchase contract and debt securities, preferred securities, warrants or debt obligations of third parties, including U.S. treasury securities, securing the holders' obligations to purchase the securities under the stock purchase contracts, which we refer to herein as stock purchase units. The stock purchase contracts may require holders to secure their obligations under the stock purchase contracts in a specified manner. The stock purchase contracts also may require us to make periodic payments to the holders of the stock purchase units or vice versa, and those payments may be unsecured or refunded on some basis.

The applicable prospectus supplement will describe the terms of the stock purchase contracts or stock purchase units. The description in the prospectus supplement will not necessarily be complete, and reference will be made to the stock purchase contracts, and, if applicable, collateral or depositary arrangements, relating to the stock purchase contracts or stock purchase units, which will be filed with the SEC each time we issue stock purchase contracts or stock purchase units. Material United States federal income tax considerations applicable to the stock purchase units and the stock purchase contracts will also be discussed in the applicable prospectus supplement.

DESCRIPTION OF SUBSCRIPTION RIGHTS

The following summary of certain provisions of the subscription rights does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the certificate evidencing the subscription rights that will be filed with the SEC in connection with the offering of such subscription rights.

General

UAL may issue subscription rights to purchase common stock, preferred stock, depositary shares or warrants to purchase preferred stock, common stock or depositary shares. Subscription rights may be issued independently or together with any other offered security and may or may not be transferable by the person purchasing or receiving the subscription rights. In connection with any subscription rights offering to our stockholders, we may enter into a standby underwriting arrangement with one or more underwriters pursuant to which such underwriters will purchase any offered securities remaining unsubscribed for after such subscription rights offering. In connection with a subscription rights offering to our stockholders, we will distribute certificates evidencing the subscription rights and a prospectus supplement to our stockholders on the record date that we set for receiving subscription rights in such subscription rights offering.

The applicable prospectus supplement will describe the following terms of subscription rights in respect of which this prospectus is being delivered:

the title of such subscription rights,

the securities for which such subscription rights are exercisable,

the exercise price for such subscription rights,

the number of such subscription rights issued to each stockholder,

the extent to which such subscription rights are transferable,

if applicable, a discussion of the material United States federal income tax considerations applicable to the issuance or exercise of such subscription rights,

the date on which the right to exercise such subscription rights shall commence, and the date on which such rights shall expire (subject to any extension),

the extent to which such subscription rights include an over-subscription privilege with respect to unsubscribed securities,

if applicable, the material terms of any standby underwriting or other purchase arrangement that we may enter into in connection with the subscription rights offering, and

any other terms of such subscription rights, including terms, procedures and limitations relating to the exchange and exercise of such subscription rights.

Exercise of Subscription Rights

Each subscription right will entitle the holder of the subscription right to purchase for cash such amount of shares of preferred stock, depositary shares, common stock, warrants or any combination thereof, at such exercise price as shall in each case be set forth in, or be determinable as set forth in, the prospectus supplement relating to the subscription rights offered thereby. Subscription rights may be exercised at any time up to the close of business on the expiration date for such subscription rights set forth in the prospectus supplement. After the close of business on the expiration date, all unexercised subscription rights will become void.

Table of Contents

Subscription rights may be exercised as set forth in the prospectus supplement relating to the subscription rights offered thereby. Upon receipt of payment and the subscription rights certificate properly completed and duly executed at the corporate trust office of the subscription rights agent or any other office indicated in the prospectus supplement, we will forward, as soon as practicable, the shares of preferred stock or common stock, depositary shares or warrants purchasable upon such exercise. We may determine to offer any unsubscribed offered securities directly to persons other than stockholders, to or through agents, underwriters or dealers or through a combination of such methods, including pursuant to standby underwriting arrangements, as set forth in the applicable prospectus supplement.

Each series of warrants will be issued under a separate warrant agreement to be entered into between UAL and a bank or trust company, as warrant agent. PLAN OF DISTRIBUTION

We and any selling security holder may offer and sell the securities covered by this prospectus from time to time, in one or more transactions, at market prices prevailing at the time of sale, at prices related to market prices, at a fixed price or prices subject to change, at varying prices determined at the time of sale or at negotiated prices, by a variety of methods, including the following:

through agents;

to or through underwriters;

through brokers or dealers;

directly by us or any selling security holders to purchasers, including through a specific bidding, auction or other process; or

through a combination of any of these methods of sale.

Registration of the securities covered by this prospectus does not mean that those securities necessarily will be offered or sold.

In effecting sales, brokers or dealers engaged by us may arrange for other brokers or dealers to participate. Broker-dealer transactions may include:

purchases of the securities by a broker-dealer as principal and resales of the securities by the broker-dealer for its account pursuant to this prospectus;

ordinary brokerage transactions; or

transactions in which the broker-dealer solicits purchasers.

In addition, we and any selling security holder may sell any securities covered by this prospectus in private transactions or under Rule 144 of the Securities Act rather than pursuant to this prospectus.

In connection with the sale of securities covered by this prospectus, broker-dealers may receive commissions or other compensation from us in the form of commissions, discounts or concessions. Broker-dealers may also receive compensation from purchasers of the securities for whom they act as agents or to whom they sell as principals or both. Compensation as to a particular broker-dealer may be in excess of customary commissions or in amounts to be negotiated. In connection with any underwritten offering, underwriters may receive compensation in the form of discounts, concessions or commissions from us or from purchasers of the securities for whom they act as agents. Underwriters may sell the securities to or through dealers, and such dealers may receive compensation in the form of discounts, concessions or commissions from the underwriters and/or commissions from the purchasers for whom they may act as agents. Any underwriters, broker-dealers, agents or other persons acting on our behalf that participate in the distribution of the securities may be deemed to be underwriters within the meaning of the Securities Act, and any profit on the sale of the securities by them and any discounts, commissions or concessions received by any of those underwriters, broker-dealers agents or other persons may be deemed to be underwriting discounts and commissions under the Securities Act.

In connection with the distribution of the securities covered by this prospectus or otherwise, we or any selling stockholder may enter into hedging transactions with broker-dealers or other financial institutions. In connection with such transactions, broker-dealers or other financial institutions may engage in short sales of our securities in the course of hedging the positions they assume with us or any selling stockholder. We or any selling stockholder may also sell securities short and deliver the securities offered by this prospectus to close out our short positions. We

or any selling security holder

may also enter into option or other transactions with broker-dealers or other financial institutions, which require the delivery to such broker-dealer or other financial institution of securities offered by this prospectus, which securities such broker-dealer or other financial institution may resell pursuant to this prospectus, as supplemented or amended to reflect such transaction. We or any selling security holder may also from time to time pledge our securities pursuant to the margin provisions of our customer agreements with our brokers. Upon our default, the broker may offer and sell such pledged securities from time to time pursuant to this prospectus, as supplemented or amended to reflect such transaction.

At any time a particular offer of the securities covered by this prospectus is made, a revised prospectus or prospectus supplement, if required, will be distributed which will set forth the aggregate amount of securities covered by this prospectus being offered and the terms of the offering, including the name or names of any underwriters, dealers, brokers or agents, any discounts, commissions, concessions and other items constituting compensation from us and any discounts, commissions or concessions allowed or reallocated or paid to dealers. Such prospectus supplement, and, if necessary, a post-effective amendment to the registration statement of which this prospectus is a part, will be filed with the Commission to reflect the disclosure of additional information with respect to the distribution of the securities covered by this prospectus. In order to comply with the securities laws of certain states, if applicable, the securities sold under this prospectus may only be sold through registered or licensed broker-dealers. In addition, in some states the securities may not be sold unless they have been registered or qualified for sale in the applicable state or an exemption from registration or qualification requirements is available and is complied with.

We may solicit offers to purchase directly. Offers to purchase securities also may be solicited by agents designated by us from time to time. Any such agent involved in the offer or sale of the securities in respect of which this prospectus is delivered will be named, and any commissions payable by us to such agent will be set forth, in the applicable prospectus supplement. Unless otherwise indicated in such prospectus supplement, any such agent will be acting on a reasonable best efforts basis for the period of its appointment. Any such agent may be deemed to be an underwriter, as that term is defined in the Securities Act of 1933, of the securities so offered and sold.

We may offer our equity securities into an existing trading market on the terms described in the applicable prospectus supplement. Underwriters, dealers and agents who may participate in any at-the-market offerings will be described in the prospectus supplement relating thereto.

Securities may also be offered and sold, if so indicated in the applicable prospectus supplement, in connection with a remarketing upon their purchase, in accordance with a redemption or repayment pursuant to their terms, or otherwise, by one or more firms (remarketing firms) acting as principals for their own accounts or as agents for us. Any remarketing firm will be identified and the terms of its agreement, if any, with us and its compensation will be described in the applicable prospectus supplement. Remarketing firms may be deemed to be underwriters, as that term is defined in the Securities Act of 1933, in connection with the securities remarketed thereby.

If so indicated in the applicable prospectus supplement, we may authorize agents, dealers or underwriters to solicit offers by certain institutions to purchase securities from us at the public offering price set forth in the applicable prospectus supplement pursuant to delayed delivery contracts providing for payment and delivery on the date or dates stated in the applicable prospectus supplement. Such delayed delivery contracts will be subject to only those conditions set forth in the applicable prospectus supplement. A commission indicated in the applicable prospectus supplement will be paid to underwriters and agents soliciting purchases of securities pursuant to delayed delivery contracts accepted by us.

In connection with an underwritten offering, we and any selling stockholder would execute an underwriting agreement with an underwriter or underwriters. Unless otherwise indicated in the revised

Table of Contents

prospectus or applicable prospectus supplement, such underwriting agreement would provide that the obligations of the underwriter or underwriters are subject to certain conditions precedent, and that the underwriter or underwriters with respect to a sale of the covered securities will be obligated to purchase all of the covered securities, if any such securities are purchased. We or any selling security holder may grant to the underwriter or underwriters an option to purchase additional securities at the public offering price, less any underwriting discount, as may be set forth in the revised prospectus or applicable prospectus supplement. If we or any selling security holder grants any such option, the terms of that option will be set forth in the revised prospectus or applicable prospectus supplement.

Pursuant to a requirement by the Financial Industry Regulatory Authority, or FINRA, the maximum commission or discount to be received by any FINRA member or independent broker/dealer may not be greater than 8% of the gross proceeds received by us for the sale of any securities being registered pursuant to SEC Rule 415 under the Securities Act.

Underwriters, agents, brokers or dealers may be entitled, pursuant to relevant agreements entered into with us, to indemnification by us or any selling security holder against certain civil liabilities, including liabilities under the Securities Act that may arise from any untrue statement or alleged untrue statement of a material fact, or any omission or alleged omission to state a material fact in this prospectus, any supplement or amendment hereto, or in the registration statement of which this prospectus forms a part, or to contribution with respect to payments which the underwriters, agents, brokers or dealers may be required to make.
