Item 1.01 Entry into a Material Definitive Agreement.

The information set forth under Item 2.01 below is incorporated herein by reference.

Item 2.01 Completion of Acquisition or Disposition of Assets.

On January 28, 2011, Alexion Pharmaceuticals, Inc. ("Alexion") acquired all of the equity interests of Taligen Therapeutics, Inc. ("Taligen") pursuant to an Agreement and Plan of Merger (the "Agreement"), dated January 28, 2011, among TPCA Corporation, a wholly owned subsidiary of Alexion (the "MergerSub"), Taligen, certain stockholders of Taligen, and, the stockholders' representatives named therein. Alexion paid \$111 million for 100 percent of Taligen's equity interests and MergerSub was merged into Taligen, becoming a wholly owned subsidiary of Alexion. Additional contingent consideration is payable upon achieving various clinical efficacy and product approval milestones in both the U.S. and European Union for up to six Taligen product candidates. If all such clinical efficacy and product approval milestones were achieved in both the U.S. and European Union for all six products, the total payments would be \$367 million.

Alexion acquired Taligen's portfolio of preclinical compounds, including potential treatments for patients with ophthalmic diseases such as age-related macular degeneration and other antibody and protein regulators of the complement inflammatory pathways.

A portion of the consideration was placed in escrow to cover any indemnification claims that Alexion may have under the Agreement for breaches of representations, warranties and covenants made by Taligen and its stockholders in the Agreement that exceed a specified minimum amount.

The Agreement is included to provide information regarding its terms. It is not intended to provide any other factual information about Alexion or Taligen. The representations, warranties and covenants contained in the Agreement were made solely for purposes of the Agreement and as of specific dates, were solely for the benefit of the parties to the Agreement, may be subject to limitations agreed upon by the contracting parties, including being qualified by confidential disclosures made for the purposes of allocating contractual risk between the parties to the Agreement instead of establishing these matters as facts, and may be subject to standards of materiality applicable to the contracting parties that differ from those applicable to security holders. Security holders of Alexion are not third-party beneficiaries under the Agreement and should not rely on the representations, warranties and covenants or any descriptions thereof as characterizations of the actual state of facts or condition of Alexion or Taligen. Moreover, information concerning the subject matter of the representations and warranties may have changed after the date of the Agreement, which subsequent information may or may not be fully reflected in Alexion's public disclosures.

The foregoing description of the Agreement does not purport to be complete and is qualified in its entirety by reference to the Agreement, a copy of which is attached as Exhibit 2.1 hereto and incorporated herein by reference. A copy of the press release that Alexion issued announcing the acquisition is furnished as Exhibit 99.1 to this Form 8-K and incorporated herein by reference.
