Dear Fellow Stockholders:

I am pleased to invite you to our 2011 Annual Meeting of Stockholders, which will be held on Wednesday, December 7, 2011, at 10:00 a.m., local time, at our executive offices located at 300 The American Road, Morris Plains, New Jersey 07950. The Annual Meeting is an excellent opportunity to learn more about our business, and research and development efforts, as well as our product pipeline of therapeutic product candidates. I hope you will make every effort to join us at our Annual Meeting.

On the pages after this letter, you will find the notice of our 2011 Annual Meeting of Stockholders, which lists the matters to be considered at the meeting, and the proxy statement, which describes the matters listed in the notice. This year, instead of mailing a printed copy of our proxy materials, including our Annual Report, to each stockholder of record, we have decided to provide access to these materials in a fast and efficient manner via the Internet. This reduces the amount of paper necessary to produce these materials, as well as the costs associated with mailing these materials to all stockholders. Accordingly, on October 27, 2011, we will begin mailing a Notice Regarding Internet Availability of Proxy Materials, or the Notice, to all stockholders of record as of October 12, 2011, and have posted our proxy materials on the website referenced in the Notice (www.proxyvote.com). As more fully described in the Notice, all stockholders may choose to access our proxy materials on the website referred to in the Notice or may request to receive a printed set of our proxy materials. In addition, the Notice and website provide information regarding how you may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

Your vote at this meeting is important. Whether or not you plan to attend the meeting, I hope you will vote as soon as possible. If you are a stockholder of record, you may vote over the Internet or by telephone. If you requested a printed copy of the proxy materials by mail, you may mark, date, sign, and mail the proxy card in the envelope provided. You will find voting instructions in the Notice and proxy statement and on the proxy card. If your shares are held in street name that is, held for your account by a broker or other nominee you will receive instructions from the holder of record, that you must follow for your shares to be voted.

With many thanks for your ongoing support and continued interest in Immunomedics, I am,

Sincerely yours,
CYNTHIA L. SULLIVAN
President and Chief Executive Officer

PROXY STATEMENT 2011 ANNUAL MEETING OF STOCKHOLDERS

This proxy statement contains information about the 2011 Annual Meeting of Stockholders of Immunomedics, Inc., a Delaware corporation, including any postponements or adjournments of the meeting. The meeting will be held at our executive offices located at 300 The American Road, Morris Plains, New Jersey 07950, on Wednesday, December 7, 2011, at 10:00 a.m., local time. In this proxy statement, we sometimes refer to Immunomedics, Inc., and our consolidated subsidiaries as Immunomedics, the Company, we or us.

We are sending you this proxy statement and related materials in connection with the solicitation of proxies by our Board of Directors.

This year, instead of mailing a printed copy of our proxy materials, including our Annual Report, to each stockholder of record, we have decided to provide access to these materials in a fast and efficient manner via the Internet. This reduces the amount of paper necessary to produce these materials, as well as the costs associated with mailing these materials to all stockholders. Accordingly, on October 27, 2011, we will begin mailing a Notice Regarding Internet Availability of Proxy Materials, or the Notice, to all stockholders of record as of October 12, 2011, and have posted our proxy materials on the website referenced in the Notice (www.proxyvote.com). As more fully described in the Notice, all stockholders may choose to access our proxy materials on the website referred to in the Notice or may request to receive a printed set of our proxy materials. In addition, the Notice and website provide information regarding how you may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

Our Annual Report on Form 10-K for the fiscal year ended June 30, 2011 is available on the Internet at www.proxyvote.com or through the SEC's electronic data system called EDGAR at www.sec.gov. VOTING PROCEDURES

WHO CAN VOTE?

Each share of our common stock that you owned as of the close of business on October 12, 2011, the record date for the 2011 Annual Meeting, entitles you to one vote on each matter to be voted upon at the Annual Meeting. On the record date, there were 75,477,735 shares of Immunomedics common stock issued and outstanding and entitled to vote. Accordingly, there are an aggregate of 75,477,735 votes entitled to be cast at the Meeting.

HOW DO I VOTE?

If your shares are registered directly in your name, you may vote:

Over the Internet or by Telephone. If you are a registered stockholder (that is, if you hold your stock directly and not in street name), you may vote by telephone or over the Internet by following the instructions included in the Notice by accessing the Internet at www.proxyvote.com and following the instructions contained on that website. Stockholders with shares registered directly with us may vote (i) by telephone by dialing 1-800-690-6903 (toll free from the United States, Canada and Puerto Rico) or (ii) by Internet at www.proxyvote.com and following the instructions contained on that website. Internet and telephone voting are available 24 hours a day. Votes submitted through the Internet or by telephone must be received by 11:59 p.m. (Eastern Time) on the day before the Annual Meeting. You must specify how you want your shares voted or your Internet or telephone vote cannot be completed and you will receive an error message. Your shares will be voted according to your instructions.

By Mail. If you request a printed copy of the proxy materials by mail, mark, date, sign, and return the enclosed proxy card to Broadridge. A postage prepaid envelope addressed to Broadridge will be provided with requested printed proxy materials. Your proxy will be voted according to your instructions. If you do not specify how you want your shares voted, they will be voted as recommended by our Board of Directors.

In Person at the Meeting. If you attend the meeting, you may vote by completing a ballot, which will be available at the meeting or, if you request a printed copy of the proxy materials, you may deliver your completed proxy card in person.

If your shares are held in street name (held for your account by a broker or other nominee) you may vote:

Over the Internet or by Telephone. You will receive instructions from your broker or other nominee if you are permitted to vote over the Internet or by telephone.

By Mail. You will receive instructions from your broker or other nominee explaining how to cast your vote.

In Person at the Meeting. Contact the broker or other nominee who holds your shares to obtain a broker's proxy card and bring

- 2 -

Table of Contents

it with you to the meeting. **You will not be able to vote at the meeting unless you have a proxy from your broker issued in your name giving you the right to vote the shares.**

HOW CAN I CHANGE MY VOTE?

You may revoke your proxy and change your vote at any time before the meeting. To do this, you must do one of the following:

Vote over the Internet or by Telephone as instructed above. Only your latest Internet vote is counted.

Sign and date a new proxy and submit it as instructed above. Only your latest proxy vote is counted.

Attend the meeting and vote in person. Attending the meeting will not revoke your proxy unless you specifically request it.

WILL MY SHARES BE VOTED IF I DO NOT RETURN MY PROXY?

If your shares are registered directly in your name, your shares will not be voted if you do not vote over the Internet, by telephone or return your proxy, or attend and vote at the Annual Meeting. If you have misplaced your proxy, you may obtain another by following the instructions provided in the Notice or by accessing the Internet website at www.proxyvote.com and following the instructions contained on that website.

If your shares are held in street name, your brokerage firm, under certain circumstances, may vote your shares for you if you do not return your proxy. Brokerage firms have authority to vote customers' unvoted shares on some routine matters. If you do not give a proxy to your brokerage firm to vote your shares, your brokerage firm may either: vote your shares on routine matters, or leave your shares unvoted. Proposal 1, the election of directors, Proposal 2, the advisory vote on executive compensation, and Proposal 3, the frequency of the advisory vote on executive compensation, are not considered routine matters. Proposal 4, the ratification of the independent registered public accounting firm, is currently considered a routine matter. Nonetheless, we encourage you to provide voting instructions to your brokerage firm by submitting your proxy. This ensures your shares will be voted at the meeting according to your instructions. You should receive directions from your brokerage firm about how to submit your proxy to them.

HOW WILL THE RECENT RULE CHANGES TO DISCRETIONARY BROKER VOTING IMPACT THIS MEETING?

Pursuant to NYSE Rule 452 and corresponding Listed Company Manual Section 402.08, discretionary voting by brokers of shares held by their customers in street name is prohibited. If you do not give instructions to your bank or broker within ten days of the Annual Meeting, it may vote on matters that the New York Stock Exchange, or NYSE, determines to be routine, but will not be permitted to vote your shares with respect to non-routine items. Under the NYSE rules, the ratification of the independent registered public

Table of Contents

accounting firm is a routine matter while the election of our directors, approval of the compensation of our named executive officers and approval of the frequency of the advisory vote on the compensation of our named executive officers are non-routine matters. When a bank or broker has not received instructions from the beneficial owners or persons entitled to vote and the bank or broker cannot vote on a particular matter because it is not routine, then there is a broker non-vote on that matter. Broker non-votes do not count as votes **FOR** or **AGAINST** any proposal, but will be counted in determining whether there is a quorum for the Annual Meeting. **As a result, we strongly encourage you to submit your voting instructions and exercise your right to vote as a stockholder.**

WHAT DOES IT MEAN IF I RECEIVE MORE THAN ONE PROXY CARD?

It means that you have more than one account, which may be at the transfer agent, with stockbrokers or otherwise. Please vote over the Internet, or complete and return all proxies for each account to ensure that all of your shares are voted.

HOW MANY SHARES MUST BE PRESENT TO HOLD THE MEETING?

A majority of our outstanding shares of common stock as of the record date must be present at the meeting to hold the meeting and conduct business. This is called a quorum. Shares are counted as present at the meeting if the stockholder votes over the Internet or telephone, completes and submits a proxy or is present in person at the meeting. Shares that are present that vote to abstain or do not vote on one or more of the matters to be voted upon are counted as present for establishing a quorum. If a quorum is not present, we expect that the meeting will be adjourned until we obtain a quorum.

WHAT VOTE IS REQUIRED TO APPROVE EACH MATTER AND HOW ARE VOTES COUNTED?

Proposal 1 Election of Directors.

To elect each director nominee, if a quorum is present or represented by proxy at the meeting, stockholders holding a majority of Immunomedics common stock present or represented by proxy at the meeting and voting on the matter must vote **FOR** the director. If your broker holds your shares in street name, and if you do not vote your shares, your brokerage firm does not have the authority to vote your unvoted shares held by the firm since such matter is no longer considered routine. When a bank or broker has not received instructions from the beneficial owners or persons entitled to vote and the bank or broker cannot vote on a particular matter because it is not routine, then there is a broker non-vote on that matter. Broker non-votes do not count as votes **FOR** or **AGAINST** any proposal, but will be counted in determining whether there is a quorum for the Annual Meeting. You may vote **FOR** any one or more of the nominees, **AGAINST** any one or more of the nominees or **ABSTAIN** from voting **FOR** or **AGAINST** any one or more of the nominees. Abstentions are not counted **FOR** or **AGAINST** this proposal.

Table of Contents

Proposal 2 Advisory Vote on Executive Compensation.

To approve Proposal 2, if a quorum is present or represented by proxy at the meeting, stockholders holding a majority of Immunomedics common stock present or represented by proxy at the meeting and voting on the matter must vote FOR the proposal. An abstention will have no effect on the outcome of the vote, as it will not be counted as a vote cast. If your broker holds your shares in street name, and if you do not vote your shares, your brokerage firm does not have authority to vote your unvoted shares held by the firm because this matter is considered to be non-routine. If your broker cannot vote your shares on matters such as these because it does not have instructions from you or discretionary voting authority on that matter, this is referred to as a broker non-vote. Broker non-votes will have no effect on the outcome of the vote.

Proposal 3 Frequency of the Advisory Vote on Executive Compensation.

The option of three years, two years or one year that receives the highest number of votes cast by stockholders will be the frequency for the advisory vote on the compensation of our named executive officers that has been selected by stockholders. However, because this vote is advisory and is not binding on our Board of Directors, the Board of Directors may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option approved by our stockholders. Abstentions and broker non-votes will not be counted and, accordingly, will have no effect on the outcome of the vote on this proposal.

Proposal 4 Ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2012.

To approve Proposal 4, if a quorum is present or represented by proxy at the meeting, stockholders holding a majority of Immunomedics common stock present or represented by proxy at the meeting and voting on the matter must vote FOR the proposal. An abstention will have no effect on the outcome of the vote, as it will not be counted as a vote cast. If your broker holds your shares in street name, and if you do not vote your shares, your brokerage firm has authority to vote your unvoted shares held by the firm since such matter is considered routine. If your broker cannot vote your shares on any other matter because it does not have instructions from you or discretionary voting authority on that matter, this is referred to as a broker non-vote. Broker non-votes will have no effect on the outcome of the vote.

The inspector of election appointed for the 2011 Annual Meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes, will tabulate all votes.

Table of Contents

**HOW DOES THE BOARD OF DIRECTORS
RECOMMEND THAT I VOTE?**

Our Board of Directors recommends that you vote:

FOR Proposal 1 elect our seven nominees to the Board of Directors for a one-year term ending at the 2012 Annual Meeting of Stockholders or such time as their respective successors are duly elected and qualified;

FOR Proposal 2 the advisory vote on executive compensation;

FOR Proposal 3 for the option of once every three years as the frequency with which stockholders are provided an advisory vote on executive compensation, as disclosed pursuant to Item 402 of Regulation S-K; and

FOR Proposal 4 ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending June 30, 2012.

**ARE THERE OTHER MATTERS TO BE VOTED
ON AT THE MEETING?**

We do not know of any other matters that may come before the Annual Meeting other than the election of directors and ratification of the independent registered public accounting firm. If any other matters are properly presented to the meeting, the persons named in the accompanying proxy intend to vote, or otherwise act, in accordance with their judgment.

**WHERE DO I FIND THE VOTING RESULTS OF
THE MEETING?**

We intend to announce preliminary voting results at the Annual Meeting. We will publish final results in a current report on Form 8-K, which will be filed with the Securities and Exchange Commission, or SEC, no later than four business days following the Annual Meeting. To request a printed copy of our filings with the SEC, please write to Investor Relations, Immunomedics, Inc., 300 The American Road, Morris Plains, New Jersey 07950, or e-mail Investor Relations at investor@immunomedics.com. You will also be able to find a copy on the Internet through our website at www.immunomedics.com or through the SEC's electronic data system called EDGAR at www.sec.gov.

**WHO WILL PAY THE COSTS OF SOLICITING
THESE PROXIES?**

We will pay the costs of soliciting proxies. In addition to the mailing of these proxy materials, our directors, officers and employees may solicit proxies by telephone, e-mail and in person, without additional compensation. Upon request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for distributing proxy materials to stockholders.

**HOW CAN I RECEIVE FUTURE PROXY
STATEMENTS AND ANNUAL REPORTS OVER
THE INTERNET?**

As permitted by the rules adopted by the SEC, instead of mailing a printed copy of our proxy materials, including our Annual Report, to each stockholder of record, we have decided to provide access to these materials in a fast and efficient manner via the Internet. This reduces the amount of paper necessary to produce these materials, as well as the costs associated with mailing these materials to all stockholders. Accordingly, on October 27, 2011, we will begin mailing a Notice to all stockholders of record as of October 12, 2011, and have posted our proxy materials on the website referenced in the Notice (www.proxyvote.com). As more fully described in the Notice, all stockholders may choose to access our proxy materials on the website referred to in the Notice or may request to receive a printed set of our proxy materials. In addition, the Notice and website provide information regarding how you may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis. Your election to receive proxy materials by mail or email will remain in effect until you terminate it. This proxy statement and our Annual Report on Form 10-K for the fiscal year ended June 30, 2011, are also available on our Internet site at www.proxyvote.com. If your shares are held through a broker or other nominee, you should check the information provided by them for instructions on how to elect to view future proxy statements and annual reports over the Internet.

PROPOSAL 2 ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION (SAY-ON-PAY)

The Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, requires that our stockholders have the opportunity to cast an advisory (non-binding) vote on executive compensation commencing with the 2011 Annual Meeting, commonly referred to as a

Say-on-Pay vote, as well as an advisory vote with respect to whether future Say-on-Pay votes will be held every one, two or three years, which is the subject of Proposal No. 3 in this proxy statement.

The advisory vote on executive compensation is a non-binding vote on the compensation of our named executive officers, as described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure, set forth in this proxy statement. Please read the Compensation Discussion and Analysis section starting on page 30 of this proxy statement for a detailed discussion about our executive compensation programs, including information about the fiscal 2011 compensation of our named executive officers.

The advisory vote on executive compensation is not a vote on our general compensation policies, the compensation of our Board of Directors, or our compensation policies as they relate to risk management. The Dodd-Frank Act requires that we hold the advisory vote on executive compensation at least once every three years.

The Compensation Committee of our Board of Directors oversees and administers our executive compensation program, including the evaluation and approval of compensation plans, policies and programs offered to our named executive officers. The Compensation Committee has designed the executive compensation program for our named executive officers to meet the following objectives:

Ensure executive compensation is aligned with our corporate strategies and business objectives.

Reinforce the importance of meeting and exceeding identifiable and measurable goals through superior awards for superior performance.

Provide total direct compensation that is competitive in markets in which we compete for management talent in order to attract, retain and motivate the best possible executive talent.

Provide an incentive for long-term continued employment with our Company.

Reinforce our desired culture and unique corporate environment by fostering a sense of ownership, urgency and overall entrepreneurial spirit.

The vote solicited by this Proposal No. 2 is advisory, and therefore is not binding on the Company, our Board of Directors or our Compensation Committee. The outcome of the vote will not require the Company, our Board of Directors or our Compensation Committee to take any action, and will not be construed as overruling any decision by the Company or the Board of Directors.

Furthermore, because this non-binding, advisory resolution primarily relates to the compensation of our named executive officers that has already been paid or contractually committed, there is generally no opportunity for us to revisit these decisions. However, our Board of Directors, including our Compensation Committee, values the opinions of our stockholders and, to the extent there is any significant vote against the executive officer compensation as disclosed in this proxy statement, we will consider our stockholders' concerns and evaluate what actions, if any, may be appropriate to address those concerns.

Stockholders will be asked at the 2011 Annual Meeting to approve the following resolution pursuant to this Proposal No. 2:

RESOLVED, that the stockholders of Immunomedics, Inc. approve, on an advisory basis, the compensation of the Company's named executive officers, disclosed pursuant to Item 402 of Regulation S-K in the Company's definitive proxy statement for the 2011 Annual Meeting.

Table of Contents

Approval of this resolution requires the affirmative vote of a majority of the shares of Immunomedics common stock voted at the 2011 Annual Meeting. Abstentions and broker non-votes will not be counted and, accordingly, will have no effect on the outcome of the vote on this proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE APPROVAL OF THE ADVISORY (NON-BINDING) VOTE ON EXECUTIVE COMPENSATION.

PROPOSAL 3 ADVISORY (NON-BINDING) VOTE ON THE FREQUENCY OF AN ADVISORY VOTE ON EXECUTIVE COMPENSATION

In connection with Proposal No. 2 above seeking advisory approval of our executive compensation program, the Dodd-Frank Act also requires that we include in this proxy statement a separate advisory (non-binding) stockholder vote to advise on whether the Say-on-Pay vote should occur every one, two or three years. You have the option to vote for any one of the three options, or to abstain on the matter. For the reasons described below, our Board of Directors recommends that our stockholders select a frequency of three years, or a triennial vote. We are required to solicit stockholder approval on the frequency of future Say-on-Pay proposals at least once every six years, although we may seek stockholder input more frequently.

Our Board of Directors believes that our current executive compensation programs directly link executive compensation to our financial performance and align the interests of our executive officers with those of our stockholders. Our Board of Directors believes that, of the three choices, submitting a nonbinding, advisory Say-on-Pay resolution to stockholders every three years is the most appropriate choice. Our compensation program does not change significantly from year to year and is designed to induce performance over a multi-year period. A vote held every three years would be more consistent with, and provide better input on, our long-term compensation, which constitutes a significant portion of the compensation of our named executive officers. Our Board of Directors believes that stockholder feedback every three years will be more useful as it will provide stockholders with a sufficient period of time to evaluate the overall compensation paid to our named executive officers, the components of that compensation and the effectiveness of that compensation. The amount of compensation and mix of components of such compensation in any one year may differ from year to year, and the three year period will provide stockholders with a more complete view of the amount and mix of that compensation. The triennial Say-on-Pay vote will also provide stockholders with the benefit of assessing over a period of years whether the components of the compensation paid to our named executive officers have achieved positive results for the Company. A three-year vote cycle also gives the Board and Compensation Committee sufficient time to thoughtfully consider the results of the advisory vote, to engage with stockholders to understand and respond to the vote results and effectively implement any appropriate changes to our executive compensation policies and procedures.

Our Board of Directors is aware of and took into account views that some have expressed in support of conducting an annual advisory vote on executive compensation. We are aware that some stockholders believe that annual advisory votes will enhance or reinforce accountability. However, we have in the past been, and will in the future continue to be, proactively engaged with our stockholders on a number of topics and in a number of forums. Thus, we view the advisory vote on executive compensation as an additional, but not exclusive, opportunity for our stockholders to communicate with us regarding their views on the Company's executive compensation programs. In addition, because our executive compensation programs have typically not changed materially from year to year and are designed to operate over the long-term and to enhance long-term performance, we are concerned that an annual advisory vote on executive compensation could lead to short-term perspective inappropriately bearing on our executive compensation programs. Finally, although we believe that holding an advisory vote on executive compensation every three years will reflect the right balance of considerations in the normal course, we will periodically reassess that view and can provide for an advisory vote on executive compensation on a more frequent basis if changes in our compensation programs or other circumstances suggest that a more frequent vote would be appropriate.

We understand that our stockholders may have different views as to what is the best approach for Immunomedics, Inc., and we look forward to hearing from our stockholders on this proposal.

The Board of Directors will continue to engage with stockholders on executive compensation between stockholder votes.

Table of Contents

You may cast your vote on your preferred voting frequency by choosing the option of three years, two years, one year, or abstain from voting when you vote in response to the resolution set forth below.

RESOLVED, that the stockholders of Immunomedics, Inc. determine, on an advisory basis, that the frequency with which the stockholders of the Company shall have an advisory vote on executive compensation, as disclosed pursuant to the compensation disclosure rules of the SEC, is:

Choice 1 every year;

Choice 2 every two years;

Choice 3 every three years; or

Choice 4 abstain from voting.

The option of three years, two years or one year that receives the highest number of votes cast by stockholders will be the frequency for the advisory vote on the compensation of our named executive officers that has been selected by stockholders. However, because this vote is advisory and is not binding on our Board of Directors, the Board of Directors may decide that it is in the best interests of our stockholders and the Company to hold an advisory vote on executive compensation more or less frequently than the option approved by our stockholders. Abstentions and broker non-votes will not be counted and, accordingly, will have no effect on the outcome of the vote on this proposal.

This vote may not be construed (1) as overruling a decision by the Company or our Board of Directors or (2) to create or imply any change or addition to the fiduciary duties of the Company or our Board of Directors.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE OPTION OF ONCE EVERY THREE YEARS AS THE FREQUENCY WITH WHICH STOCKHOLDERS ARE PROVIDED AN ADVISORY VOTE ON EXECUTIVE COMPENSATION, AS DISCLOSED PURSUANT TO ITEM 402 OF REGULATION S-K. STOCKHOLDERS ARE NOT VOTING TO APPROVE OR DISAPPROVE THE BOARD OF DIRECTORS RECOMMENDATION. STOCKHOLDERS MAY CHOOSE AMONG THE FOUR CHOICES INCLUDED IN THE RESOLUTION SET FORTH ABOVE.

OUR CORPORATE GOVERNANCE

Our Commitment to High Corporate Governance Standards

We believe that in order for Immunomedics to achieve real business success while also creating value for our stockholders, it is essential that we maintain a commitment to excellence in corporate governance and an environment of the highest ethical standards. Our Board of Directors is committed to high governance standards and to continually work to improve them. During the past year, we have reviewed our corporate governance practices. We also reviewed with our legal counsel and other professional advisors the rules of the SEC, as well as other proposed SEC rules and regulations and listing requirements of the NASDAQ Global Market. We have also compared our governance practices against those identified as best practices by various authorities and other public companies.

Role of Our Board of Directors

Our Board of Directors currently consists of seven members, although we regularly seek additional qualified candidates to consider joining the Board of Directors. The Board of Directors monitors overall corporate performance and the integrity of our financial controls and legal compliance procedures. It appoints senior management and oversees succession planning and senior management's performance and compensation. The Board of Directors oversees Immunomedics' long and short term strategic and business planning, and conducts a year-long process that culminates in Board of Directors review and approval each year of a business plan, a capital expenditures budget and other key financial and business objectives.

Members of the Board of Directors keep informed about our business and operations through discussions with the Chairman and other members of our senior management team, by reviewing materials provided to them on a regular basis as well as in preparation for Board of Directors and committee meetings, and by actively participating in meetings of the Board of Directors and its committees. We regularly review key portions of our business with the Board of Directors, including our clinical and pre-clinical development programs. We also make it a practice to introduce our senior executives to the Board of Directors so that the Board of Directors can become familiar with our key talent.

In fiscal 2011, the Board of Directors met six times. Each director attended at least 75% of the total number of meetings of the Board of Directors and all committees of the Board on which such director served.

Directors are encouraged, but are not required, to attend our Annual Meeting of Stockholders. Dr. Goldenberg, Ms. Sullivan, Dr. Coleman, Mr. Markison, Ms. Paetzold, Mr. Stark and Mr. Zuerblis attended the Company's 2010 Annual Meeting of Stockholders.

Director Experience, Qualifications, Attributes and Skills

We believe that the backgrounds and qualifications of our directors and director nominees, considered as a group, provide a broad mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities. Our Board of Directors is composed of a diverse group of leaders in their respective fields. Many of the current directors have leadership experience at major domestic and international companies with operations inside and outside the United States, as well as experience serving on other companies' boards, which provides an understanding of different business processes, challenges and strategies facing boards and other companies. Certain of our directors have experience as senior management of pharmaceutical and biotechnology companies which brings unique perspectives to the Board of Directors. Further, our directors also have other experience that makes them valuable members, such as prior experience with financing transactions or mergers and acquisitions that provides insight into issues faced by companies.

Additionally, Ms. Sullivan brings extensive public company experience through her past director positions with Urogen Pharmaceuticals, Inc. and Digene Corp. Ms. Sullivan currently serves as a member of Board of Trustees for the HealthCare Institute of New Jersey, a trade association for the research-based pharmaceutical and medical technology industry in New Jersey.

Dr. David M. Goldenberg, our founder, Chairman of the Board of Directors, Chief Scientific Officer and Chief Medical Officer, brings over 40 years of research and development experience in the fields of oncology and immunology. Board Leadership Structure and Role in Risk Oversight

Our Board of Directors evaluates its leadership structure and role in risk oversight on an ongoing basis. Since March 2001, our leadership structure has divided the Chairman of the Board of Directors, and the President and Chief Executive Officer roles into two positions. Currently, Dr. David M. Goldenberg, our founder, serves as Chairman of the Board, Chief Scientific Officer and Chief Medical Officer, while Cynthia L. Sullivan serves as our President and Chief Executive Officer. Dr. Goldenberg and Ms. Sullivan are married. Since 2009, our Board of Directors has also designated a lead independent director who acts as the leader of the independent directors of the Board of Directors and as chairperson of the executive sessions of our independent directors, serves as a non-exclusive intermediary between the independent directors and management, including our Chairman of the Board of Directors and President and Chief Executive Officer, provides input to the Chairman in planning agendas for meetings and facilitates discussions among the independent directors as appropriate between Board meetings. Currently, Mr. Markison serves as our lead independent director. Our Board of Directors determines what leadership structure it deems appropriate based on factors such as the experience of the applicable individuals, the current business environment of the Company, the current stage of development of our product

candidates and other relevant factors. After considering these factors, our Board of Directors has determined that the individual roles of Chairman of the Board of Directors, and President and Chief Executive Officer, along with a lead independent director, is an appropriate board leadership structure for our company at this time.

The Board of Directors is also responsible for oversight of our risk management practices, while management is responsible for the day-to-day risk management processes. This division of responsibilities is the most effective approach for addressing the risks facing the Company, and the Company's board leadership structure supports this approach. Through our President and Chief Executive Officer, and other members of management, the Board of Directors receives periodic reports regarding the risks facing the Company. In addition, the Audit Committee assists the Board of Directors in its oversight role by receiving periodic reports regarding our risk and control environment.

Business Ethics and Compliance

Our Board of Directors has a Company-wide ethics awareness program and an enhanced compliance program that has been communicated to all employees. We have adopted a code of ethics for our CEO and senior financial officers, which complies with Item 406(b) of SEC Regulation S-K and is available on our Internet site at www.immunomedics.com. In addition, all of our directors, officers and employees must act ethically and in accordance with our Code of Business Conduct (the "Code of Business Conduct"). The Code of Business Conduct satisfies the definition of "code of ethics" under the rules and regulations of the SEC and the standards of the NASDAQ Global Market, and is available on our Internet site at www.immunomedics.com.

Review and Approval of Related Person Transactions

Our Code of Business Conduct has certain policies and procedures for the review, approval or ratification of transactions involving us and any executive officer, director, director nominee, 5% stockholder and certain of their immediate family members (each of whom we refer to as a "related person"). The policy and procedures cover any transaction involving a related person (a "related person transaction") in which the related person has a material interest and which does not fall under an explicitly stated exception set forth in the applicable disclosure rules of the SEC.

Any proposed related person transaction must be reported to the Company's President and CEO or the Senior Vice President of Finance and CFO (the "Compliance Officers"). The policy calls for the transaction to be reviewed by the Compliance Officer and, if deemed appropriate, approved by the Board of Directors of the Company (or an authorized committee of the Board of Directors). The transaction should be approved in advance whenever practicable. If not practicable, the Compliance Officers, and, if deemed appropriate, the Board of Directors will review, and may, if deemed appropriate, ratify the related person transaction.

A related person transaction will be considered approved or ratified if it is authorized by the Compliance Officers and the Board of Directors (or an authorized committee of the Board of Directors) of the Company after full disclosure of the related person's interest in the transaction. In considering related person transactions, the Compliance Officers and the Board of Directors (or an authorized committee of the Board of Directors) will consider any information considered material to investors and the following factors:

the related person's interest in the transaction;

the approximate dollar value of the transaction;

whether the transaction was undertaken in the ordinary course of our business;

whether the terms of the transaction are no less favorable to us than terms that we could have reached with an unrelated third party; and

the purpose and potential benefit to us of the transaction.

Independence of Non-Employee Directors

Good corporate governance requires that a majority of the Board of Directors consist of members who are independent. There are different measures of director independence independence under listing standards of the NASDAQ Global Market, under Section 16 of the Securities Exchange Act of 1934, as amended (the Exchange Act) and under Section 162(m) of the Internal Revenue Code of 1986, as amended. Our Board of Directors has recently reviewed information about each of our non-employee directors and determined that each of, Mr. Brian A. Markison, Ms. Mary E. Paetzold, Mr. Don C. Stark and Mr. Kenneth J. Zuerblis are deemed independent under applicable law and the listing standards of the NASDAQ Global Market, and accordingly if all seven nominees are elected to the Board of Directors at the 2011 Annual Meeting of Stockholders, we will have a majority of independent directors on our Board.

The Board of Directors has determined that Dr. Morton Coleman, one of our outside directors since 2000, is not deemed to be independent by virtue of his association with Weill Medical College of Cornell University, which is currently conducting clinical trials on the Company's behalf.

Brian A. Markison, a member of the Board of Directors since 2004, was elected to serve as the Lead Outside Director, for which he is entitled to receive additional compensation as described further below in the section titled Director Compensation.

Communications with Directors

Stockholders and other interested parties may communicate directly with any director, including any non-management member of the Board of Directors, by writing to the attention of such individual at the following address: Immunomedics, Inc., 300 The American Road, Morris Plains, New Jersey 07950.

The Chair will distribute any communications received to the other non-management member(s) to whom the communication is addressed. Communications that are intended for the whole Board should be sent to the attention of the Company's Secretary.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis discusses the principles underlying our compensation policies and decisions and the principal elements of compensation paid to our executive officers during fiscal year 2011. Our Chief Executive Officer (the "CEO"), Chief Scientific Officer and Chief Medical Officer, and the Chief Financial Officer will be referred to as the "named executive officers" for purposes of this discussion.

Executive Summary

Our overarching compensation goal is to motivate, recruit and retain executive officers in a manner that promotes superior executive performance and successful financial results for us while aligning the interests of the executive officers with the long-term interests of our stockholders. We believe this is accomplished through the following principles and processes that we follow in establishing executive compensation:

We benchmark executive officer compensation against a set peer group of comparably sized public companies in the pharmaceutical industry.

We target compensation between the 25th and 75th percentiles for base salary and annual cash incentive amounts. Our compensation model is flexible to be adjusted upward or downward in the case of exceptional performance or as circumstances warrant in the discretion of the Compensation Committee.

We primarily structure our total compensation in the form of base salary, annual short-term cash incentive awards, long-term equity incentive awards, benefits and perquisites and change in control and other severance benefits.

Our compensation structure seeks to align our executives' compensation with our long-term growth and success by rewarding the discovery and development of new product candidates, the advancement of our existing pipeline of therapeutic product candidates and the strategic partnering for further clinical development and commercialization of our product candidates.

We maintain severance and change in control arrangements in place for our executives comparable to other companies in our peer group.

Table of Contents

We seek to maintain a conservative cash utilization rate in order to advance our product candidates in various market conditions. We believe this approach has allowed us to continue advancing our pipeline of therapeutic product candidates and technologies during the current economic downturn.

Compensation Objectives and Philosophy

The Compensation Committee of our Board of Directors (the "Compensation Committee") is responsible for reviewing and approving the compensation payable to our named executive officers and other key employees. As part of such process, the Compensation Committee seeks to accomplish the following objectives with respect to our executive compensation programs:

Motivate, recruit and retain executives capable of meeting our strategic objectives;

Provide incentives to ensure superior executive performance and successful financial results for us; and

Align the interests of executives with the long-term interests of stockholders.

The Compensation Committee seeks to achieve these objectives by:

Establishing a compensation structure that is both market competitive and internally fair;

Linking a substantial portion of compensation to our achievement of financial objectives and the individual's contribution to the attainment of those objectives;

Providing risk for underachievement and upward leverage for overachievement of goals; and

Providing long-term equity-based incentives.

Setting Executive Compensation

In fiscal year 2011, the Compensation Committee engaged James F. Reda & Associates, a Division of Gallagher Benefit Services ("James F. Reda"), an independent executive compensation consulting firm, to provide competitive compensation data and general advice on our compensation programs and policies for executive officers. During fiscal year 2011, James F. Reda performed a market analysis of the compensation paid by comparably sized publicly traded biopharmaceutical companies and provided it to the Compensation Committee. In addition, the CEO provided the Compensation Committee with a detailed review of the performance of the other named executive officers and made recommendations to the Compensation Committee with respect to the compensation packages for those officers for the 2011 fiscal year. The Compensation Committee consulted with James F. Reda regarding the CEO's recommendations.

In determining the compensation of each named executive officer, the Compensation Committee considered a number of factors, including recent Company and individual performance, the CEO's recommendations as to named executive officers other than the CEO, cost of living in the New York/New Jersey area, and internal pay equity. The Compensation Committee also considered competitive compensation data received from James F. Reda detailing the 25th percentile, median, and 75th percentile of (i) base salary; (ii) target annual cash compensation (i.e., salary + target cash incentive); (iii) long-term equity incentive awards; and (iv) target total direct compensation (i.e., salary + target cash incentive + long-term equity incentives); for executive officer positions among a group of peer companies and assessed how similar compensation arrangements for the named executive officers compare to its peers. Based on James F. Reda market analysis, the Compensation Committee considers base salary within the range of the 25th percentile and the 75th percentile of our peer group to be competitive and appropriate for the named executive officers. Cash incentive levels among our peer group were used to establish target cash incentive compensation for our named executive officers. The Compensation Committee did not, however, tie cash compensation to potential values realizable from option grants to measure total target direct compensation as a means to determine the option grants it authorizes. There is no pre-established policy for allocation

of compensation between cash and non-cash components or between short-term and long-term components. Instead, the Compensation Committee determines the mix of compensation for each executive officer based on its review of the competitive data and its subjective analysis of that individual s

performance and contribution to our strategic goals. We believe our approach to compensation assists in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executives. We believe our approach to compensation reflects sound risk management practices and does not encourage excessive risk-taking.

The peer group used for competitive comparisons in fiscal year 2011 reflects companies with which we compete for talent. Base salary, cash incentives and long-term equity incentive awards were benchmarked to these companies. The peer group data was obtained from Kenexa's CompAnalyst Executive® and consisted of the following twenty-seven companies:

Long-term equity incentive awards;

Special benefits and perquisites; and

Change in control and other severance arrangements.

Base Salary

It is the Compensation Committee's objective to set a competitive rate of annual base salary for each named executive officer. The Compensation Committee believes competitive base salaries are necessary to attract and retain top quality executives, since it is common practice for public companies to provide their executive officers with a guaranteed annual component of compensation that is not subject to performance risk. Base salary levels are designed to recognize an individual's ongoing contribution, to be commensurate with an individual's experience and organization level and to be competitive with market benchmarks. The Compensation Committee has worked with James F. Reda to establish and understand such market benchmarks. Increases in annual salaries are also based on demonstrated levels of competency in skill, effectiveness and leadership, and by comparing how an individual has performed essential job requirements against what was envisioned with the position. The Compensation Committee does not use a specific formula based on these criteria, but instead makes an evaluation of each named executive officer's contributions in light of all such criteria. Based upon such criteria and using the compensation data provided by James F. Reda, the Compensation Committee approved a 3.93% salary increase from 2011 for Ms. Sullivan and Dr. Goldenberg. The Committee believes the increase would result in such executive officers' salaries being at or near the median base salaries for comparable executive positions at our peer group companies and reasonably consistent with the average percentage increase in salaries by our peers. The table below shows fiscal year 2011 and fiscal year 2012 base salary rates for each named executive officer:

Name	Title	2011 Salary	2012 Salary	% Increase
Cynthia L. Sullivan	President and Chief Executive Officer	\$ 558,600	\$ 580,553	3.93%
Dr. David M. Goldenberg	Chairman of the Board, Chief Scientific Officer and Chief Medical Officer	\$ 525,000	\$ 545,633	3.93%
Gerard G. Gorman	Senior Vice President Finance and Chief Financial Officer	\$ 306,180	\$ 306,180	0.00%

Annual Short-Term Cash Incentives

As part of their compensation package, our named executive officers have the opportunity to earn annual cash incentive awards. We do not have a formal incentive or bonus plan for our named executive officers that ties annual cash incentives or bonuses with base salary to create target annual cash compensation. Cash incentive awards are designed to reward superior executive performance while reinforcing our short-term strategic operating goals. If warranted in special circumstances, individual one-time discretionary cash incentives may also be awarded to our named executive officers during the course of the year.

Each named executive officer has a target cash incentive opportunity that, in the case of Ms. Sullivan and Dr. Goldenberg, is determined in accordance with their respective employment agreements, or is otherwise set by the Compensation Committee each year based on its comparison of the total compensation opportunity of our named executive officers against the total compensation opportunity of similarly situated executives at the companies identified above. In assessing the total compensation opportunity, the Compensation Committee also takes into account the named executive officer's relative experience in his or her position and in the industry generally and our overall financial position. For fiscal year 2011, the target cash incentive level set for each of our named executive officers was 30% of base salary, with potential payouts ranging from 0% to 150% of the target amount depending upon the level of achievement of performance goals.

Table of Contents

Each year, in considering annual cash incentive awards, the Compensation Committee evaluates the annual performance of the individual executives, focusing on the executive's performance in his or her area or areas of functional responsibility relative to the achievement of our annual corporate goals and other significant corporate accomplishments. Cash incentive awards are based on achievement of pre-established Company objectives and individual goals established by the Compensation Committee in consultation with the CEO for each named executive officer and, for named executive officers other than the CEO, a subjective review of that individual's performance relative to our overall priorities and strategies.

Our strategic plan and individual performance targets include successful partnering transactions and other strategic plan metrics, operational and financial metrics, regulatory compliance metrics, and delivery of specific programs, plans, and budgetary objectives identified by the Compensation Committee.

In fiscal year 2011, our strategic plan focused on:

Advancing our pipeline of therapeutic product candidates and technologies;

Strengthening the price-per-share value of our common stock; and

Securing financing to insure a sufficient cash position.

The Compensation Committee weighs each of the individual performance goals established for the named executive officers separately when evaluating each named executive officer's performance and awarding actual cash incentive amounts. Performance goals that are in the executive's area or areas of functional responsibility are weighted heavier than others. Weighting is determined by the Compensation Committee when approving the annual goals and objectives. The actual amount of cash incentive paid is entirely discretionary; the Compensation Committee does not establish threshold levels that a named executive officer must attain before a cash incentive is awarded.

In fiscal year 2011, Ms. Sullivan's individual performance goals were established to focus on her areas of responsibility which, in her capacity as our President and CEO, centered around her ability to advance our pipeline of therapeutic product candidates and technologies, implement and manage our short- and long-term strategic plan and maintain stockholder confidence in management and the Company. In addition, Ms. Sullivan's specific performance goals included:

Commence Phase III registration trials of veltuzumab in non-Hodgkin's lymphoma;

Continuing patient enrollment into an expanded Phase Ib/II study of yttrium-90-labeled clivatuzumab in combination with gemcitabine for patients with advanced pancreatic cancer;

Meeting with FDA to discuss pivotal trial designs for clivatuzumab in pancreatic cancer;

Enrolling patients into Phase I/II studies of milatuzumab in chronic lymphocytic leukemia and non-Hodgkin's lymphoma;

Enrolling patients into a Phase I/II study of milatuzumab-doxorubicin for the treatment of multiple myeloma; and

Launching a Phase I/II clinical trial combining veltuzumab with yttrium-90-labeled epratuzumab in patients with aggressive non-Hodgkin's lymphoma.

Edgar Filing: IMMUNOMEDICS INC - Form DEF 14A

In fiscal year 2011, Dr. Goldenberg's individual performance goals were established to focus on his areas of responsibility which, in his capacity as our Chief Medical Officer and Chief Scientific Officer, centered around his ability to design, implement and manage our clinical and pre-clinical research and development activities and maintain the effectiveness of patent and proprietary protections over our pipeline of therapeutic product candidates and technologies.

Table of Contents

In fiscal year 2011, Mr. Gorman's individual performance goals were established to focus on his areas of responsibility, which in his capacity as our Senior Vice President, Finance and Chief Financial Officer, centered on his ability to develop, implement and manage our financial strategic plan, ensure compliance with federal and state securities reporting requirements, strengthen our cash position, maintain stockholder confidence in management of the Company and manage relationship with licensing partners to strengthen our cash position.

Based on the Compensation Committee's assessment of the performance of each of the named executive officers and our overall performance, the actual cash incentive paid for fiscal year 2011 was at or near the target level for Ms. Sullivan and Dr. Goldenberg, and below the target level for Mr. Gorman.

With respect to Ms. Sullivan, the Compensation Committee determined that Ms. Sullivan achieved her performance goals of (i) continuing and expanding patient enrollment into the Phase Ib/II study of yttrium-90-labeled clivatuzumab in combination with gemcitabine for patients with advanced pancreatic cancer; (ii) seeking FDA's input into pivotal trial designs for clivatuzumab in pancreatic cancer; (iii) continuing patient enrollment into Phase I/II studies of milatuzumab in chronic lymphocytic leukemia and non-Hodgkin's lymphoma; (iv) continuing patient enrollment into Phase I/II study of milatuzumab-doxorubicin for the treatment of multiple myeloma; (v) launching a Phase I/II clinical trial combining velutuzumab with yttrium-90-labeled epratuzumab in patients with aggressive non-Hodgkin's lymphoma; and (vi) initiating a Phase I/II study of labetuzumab-SN-38 for the treatment of colorectal cancer; and that achievement of such goals advanced our pipeline of therapeutic product candidates and technologies in accordance with our strategic plan. In addition, Ms. Sullivan strengthened the investment community's understanding of Immunomedics and our strategies by increasing the number of analysts covering Immunomedics from one to five.

With respect to Dr. Goldenberg, the Compensation Committee determined that Dr. Goldenberg achieved his performance goals by advancing our pipeline of therapeutic product candidates and discovering and developing new product candidates and technologies, including (i) launching a Phase I/II clinical trial combining velutuzumab with yttrium-90-labeled epratuzumab in patients with aggressive non-Hodgkin's lymphoma; (ii) initiating a Phase I/II study of labetuzumab-SN-38 for the treatment of colorectal cancer; and (iii) expanding the number of active U.S. patents to 180.

With respect to Mr. Gorman, the Compensation Committee determined that Mr. Gorman achieved his performance goals of (i) liquidating our remaining Auction Rate Securities positions; (ii) ensuring our compliance with federal and state securities reporting requirements; (iii) securing the third milestone payment from Nycomed; and (iv) strengthening the price-per-share value of our common stock by increasing the number of analysts covering Immunomedics from one to five; and that achievement of such goals strengthened our cash position and advanced our pipeline of therapeutic product candidates and technologies in accordance with our strategic plan. In addition, Mr. Gorman was successful in obtaining a grant of \$2.9 million from the Federal government's Qualifying Therapeutic Discovery Project program. However, Mr. Gorman did not achieve all of his performance goals due to global macroeconomic conditions that were beyond his control.

Based upon the foregoing, and taking into account the relative significance of each performance goal achieved by our named executive officers, the Compensation Committee awarded our named executive officers the cash incentives detailed in the table below. According to the information supplied by James F. Reda, average annual cash incentives paid to chief executive officers in our peer group for 2011 were approximately 64% of their salaries. Executive officers below the chief executive officer level of companies in our peer group on average received annual cash incentives of 38% of base salaries.

Long-Term Incentive Equity Awards

As described above, stock-based incentives are a key component of our executive compensation program and have historically been provided to all of our full-time employees. Employee ownership is a core value of our operating culture. Management and the Compensation Committee believe that stock ownership encourages our executives to create value for our Company over the long term. We also believe that stock ownership promotes retention and affiliation with us by allowing our employees to share in our long-term success while aligning employee and executive interests with those of our stockholders. We have historically used stock options as the vehicle to deliver equity-based compensation, due to their broad-based use in the biopharmaceutical industry, and in part because of their favorable tax and accounting treatment. As a result of changes under FASB ASC Topic 718, *Stock Stock Compensation*, that make the accounting treatment of stock options less attractive than had historically been the case relative to other forms of equity-based compensation, we have evaluated the benefits of providing alternative equity-based compensation in the form of restricted stock, restricted stock units (RSUs) or other vehicles based on full value shares. Management and the Compensation Committee will continue to monitor changes in the long-term compensation practices of the companies in our peer group and, if appropriate, will re-evaluate alternative equity-based compensation vehicles in future years in light of changing or evolving practices. In certain circumstances, the Compensation Committee may determine that non-equity long-term incentives are preferable to equity-based awards.

Stock options and other long-term equity incentive awards are made under our 2006 Stock Incentive Plan, as amended. Stock options generally have a seven-year term and vest over a number of years based on continued employment. Vesting for stock options awarded to our named executive officers has typically been to vest 25% on the first anniversary of the date of grant and 6.25% on a quarterly basis thereafter, subject to accelerated vesting in certain circumstances. There are no holding requirements for vested stock options. Our stock options are granted at an exercise price equal to the closing price of our common stock on the date of grant. Accordingly, the actual value an executive will realize is tied to future stock appreciation and is therefore aligned with corporate performance and stockholder returns.

Each of our named executive officers has an option or award opportunity. The actual amount of the annual option grant or other award, if any, for each of our named executive officers is determined on a discretionary basis by the Compensation Committee without the use of any formalized mathematical formulas. In determining the amount of the awards, the Compensation Committee evaluates the executive's performance and contribution to our annual and long-term strategic goals and factors that contribute to overall corporate growth and development and to increasing long-term stockholder value, such as advancement of our pipeline of therapeutic candidates, growth in our intellectual property portfolio, development of our manufacturing and operating capabilities, enhancements to our financial reporting systems and controls, and the successful negotiation of advantageous out-licensing and other collaborative agreements. The Compensation Committee does not assign weightings to the foregoing factors. In addition, the Compensation Committee may, in its discretion, consider both the achievement of the annual Board-approved corporate goals and other significant corporate accomplishments during the year. For our named executive officers other than the CEO, the Compensation Committee also takes into account the recommendations of the CEO in determining the amount of the grant to each named executive officer.

We have historically made grants of stock options to all employees on their date of hire based on salary level and position. All employees, including our named executive officers, are also eligible for subsequent discretionary awards and annual awards granted in recognition of individual and corporate performance during the year. For the most recent year our employees were granted stock options in July 2011 after reviewing fiscal year 2011 performance. Our named executive officers did not participate in the July 2011 stock option grant.

Table of Contents

In August 2011, the Compensation Committee granted certain long-term incentive equity awards to our named executive officers after reviewing corporate and individual performance in fiscal year 2011 in the context of the factors which the Compensation Committee believes contributes to overall corporate growth and considering overall compensation of each of our named executive officers in fiscal year 2011. In determining the equity grants to be awarded, the Compensation Committee considered the corporate and individual performance results described under *Annual Short-Term Cash Incentives* above. Upon evaluation of each named executive officer's performance in the 2011 fiscal year, the Compensation Committee granted equity incentive awards as follows:

Name	Title	Number of Shares of Common Stock Underlying Stock Options	Number of Shares of Common Stock Underlying RSUs
Cynthia L. Sullivan	President and Chief Executive Officer		150,000
Dr. David M. Goldenberg	Chairman of the Board, Chief Scientific Officer and Chief Medical Officer		200,000
Gerard G. Gorman	Senior Vice President, Finance and Chief Financial Officer		20,000

The RSUs vest with respect to 25% of the underlying shares on the first anniversary of the date of grant and with respect to 6.25% on a quarterly basis thereafter. Upon a change of control all stock options, restricted stock and other equity rights will become fully vested and exercisable.

Fiscal Year 2012 Changes to Equity Awards Program. There are no changes to the Equity Awards Program anticipated for the 2012 fiscal year.

Executive Benefits and Perquisites

The named executive officers also are provided with certain benefits and perquisites. The Committee believes that such benefits are necessary for us to remain competitive and to attract and retain top caliber executive officers because such benefits are typically provided by companies in the biopharmaceutical industry and by other companies with which we compete for executive talent.

We maintain a 401(k) plan for our employees, including our executive officers, to encourage our employees to save some portion of their cash compensation for their eventual retirement. Pursuant to a discretionary employer match, in fiscal year 2011, we matched all employee contributions at 25% of the employee's contribution up to a limit of 5% of the employee's eligible compensation up to the IRS imposed limit. The IRS maximum allowable contribution in calendar year 2011 was \$16,500, or \$22,000 for employees who are 50 years old or older. We also increase our employees', including our named executive officers', base salary for the cost of group long-term disability insurance coverage and provide a group life insurance benefit in a coverage amount equal to 100% of the employee's annual base salary.

Additional Incentive Compensation

In accordance with the terms of Dr. Goldenberg's employment agreement, Dr. Goldenberg is entitled to receive incentive compensation equal to 1.5% of our Annual Net Revenue (as defined in the agreement) in each year that we record net income. With respect to any fiscal year during Dr. Goldenberg's employment in which we record an annual net loss, Dr. Goldenberg will receive as an additional incentive compensation payment a sum equal to 0.75% of the total Consideration (as defined in the agreement) we receive from any third party transaction, with certain exceptions. In accordance with the terms of Dr. Goldenberg's employment agreement, we pay Dr. Goldenberg a minimum of \$150,000 during each fiscal year in equal quarterly payments as a credit against any amounts due to Dr. Goldenberg for additional incentive compensation payments.

Table of Contents

For the fiscal year ended June 30, 2011, we reported a net loss, therefore in accordance with his employment agreement Dr. Goldenberg received the minimum additional incentive compensation of \$150,000 paid quarterly during the 2011 fiscal year. Because we reported net income for the year ended June 30, 2010, we paid Dr. Goldenberg additional incentive compensation of \$882,478, of which an aggregate of \$150,000 was paid quarterly during the 2010 fiscal year in accordance to the terms of his employment agreement and \$732,478 was paid in September 2010. The aggregate compensation value of this benefit in the fiscal years 2011 and 2010 are shown in the All Other Compensation column in the Summary Compensation Table included in this proxy statement.

Employment, Severance and Change in Control Agreements

We have employment agreements with Ms. Sullivan and Dr. Goldenberg and a Change in Control and Severance Agreement with Mr. Gorman. These agreements are summarized in the section below entitled Employment Contracts, Termination of Employment and Change-in-Control Agreements and the change-in-control and severance arrangements contained in those agreements are discussed in more detail in the section below entitled Calculation of Potential Payments upon Termination or Change in Control. We decided to provide severance benefits to recognize accomplishments of executives supporting the approved strategic plan. The change-in-control arrangements are to assure continuity of key personnel in a transition period following a change in control of the Company.

IRC Section 162(m) Compliance

As a result of Section 162(m) of the Internal Revenue Code, publicly-traded companies such as the Company are not allowed a federal income tax deduction for compensation, paid to the CEO and the three highest paid executive officers other than the CEO and chief financial officer, to the extent that such compensation exceeds \$1 million per officer in any one year and does not otherwise qualify as performance-based compensation. Our 2006 Stock Incentive Plan is structured so that compensation deemed paid to an executive officer in connection with the exercise of a stock option should qualify as performance-based compensation that is not subject to the \$1 million limitation. Other awards made under the 2006 Stock Incentive Plan may or may not qualify. Restricted Stock Units granted in 2011 are not considered performance-based compensation, and might not be tax deductible upon vesting. In establishing the cash and equity incentive compensation programs for the named executive officers, it is the Compensation Committee's view that the potential deductibility of the compensation payable under those programs should be only one of a number of relevant factors taken into consideration, and not the sole governing factor. For that reason the Compensation Committee may deem it appropriate to continue to provide one or more named executive officers with the opportunity to earn incentive compensation, including cash incentive programs tied to our financial performance and restricted stock units awards, which may be in excess of the amount deductible by reason of Section 162(m) or other provisions of the Internal Revenue Code. It is the Compensation Committee's belief that cash and equity incentive compensation must be maintained at the requisite level to attract and retain the executive officers essential to our financial success, even if all or part of that compensation may not be deductible by reason of the Section 162(m) limitation.

We do not have any other executive officers.

- (1) Represents the range of performance bonuses that can be earned by the named executive officers if the target and maximum performance targets are achieved. The bonus is prorated if performance levels are achieved between the threshold and target levels or between the target and maximum levels. Performance below the minimum threshold results in no bonus payout to the named executive officers. The methodology and performance criteria applied in determining these potential bonus amounts are discussed under Compensation Discussion and Analysis Annual Short-Term Cash Incentives on page 31 of this proxy statement. The actual cash bonus paid to each named executive officer for their 2011 performance is reported as Non-equity Incentive Plan Compensation in the Summary Compensation Table.
- (2) A description of the terms of the stock options is disclosed under Compensation Discussion and Analysis Long-Term Incentives Equity Awards on page 34 of this proxy statement.
- (3) Represents the grant date fair value under FASB ASC Topic 718 of stock options awarded in 2011. For information regarding assumptions underlying the FASB ASC Topic 718 valuation of equity awards, see Note 7 of the Consolidated Financial Statements in our Annual Report on Form 10-K for the fiscal year ended June 30, 2011.

Stock Option Plan

Certain of the outstanding option agreements issued under our prior plan, the 2002 Stock Option Plan provide for acceleration of the vesting of the options granted upon or in connection with a change in control. In the event of a change in control, each option granted to an optionee after June 12, 2002, will immediately become vested and fully exercisable in the event of a change in control only if so specified in the optionee's option agreement or otherwise approved by the Compensation Committee. The named executive officers' option grants include such provision.

Retirement Plan

We maintain a retirement plan established in conformity with Section 401(k) of the Internal Revenue Code of 1986, as amended. All of our employees are eligible to participate in the retirement plan and may, but are not obligated to, contribute a percentage of their salary to the retirement plan, subject to certain limitations. Each year, we may contribute to the retirement plan a percentage of each employee's contribution to the retirement plan, which does not exceed 5.0% of the employee's salary. We may also make an additional contribution to the retirement plan. Employee contributions vest immediately. Our contributions vest 20% after two years from the date of hire and, thereafter, at the rate of 20.0% per year for the following four years. A participant also becomes fully vested upon death, retirement at age 65 or if they become disabled while an employee. Benefits are paid following termination of employment or upon the occurrence of financial hardship. It is not possible to

Edgar Filing: IMMUNOMEDICS INC - Form DEF 14A

estimate the benefits that any participant may be entitled to receive under the retirement plan since the amount of such benefits will be dependent upon, among other things, our future contributions, future net income earned by the

contributions and forfeitures upon future terminations of employment. For the last three fiscal years we have not contributed to the retirement plan in excess of \$3,062 per year for any of our named executive officers.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

Cynthia L. Sullivan

Employment Agreement. On July 5, 2011, we entered into a Fourth Amended and Restated Employment Agreement with Ms. Sullivan, (the Sullivan Agreement).

The term of the Sullivan Agreement (the Term) began as of July 1, 2011 and will continue until July 1, 2014. The automatic renewal provision that was included in Ms. Sullivan's prior employment agreement has been eliminated. The expiration of the Sullivan Agreement in the absence of a successor employment agreement will be treated as a termination of Ms. Sullivan's employment without cause (as defined in the Sullivan Agreement) for purposes of the Sullivan Agreement; provided, however, that if we present to Ms. Sullivan, on or before March 1, 2014, a written offer to extend the Term on substantially the same terms and conditions as set forth in the Sullivan Agreement or on terms and conditions that, in the aggregate, are more economically favorable to Ms. Sullivan than as set forth in the Sullivan Agreement, as determined in the good faith discretion of the Compensation Committee, and Ms. Sullivan does not accept such offer, then the expiration of the Sullivan Agreement in the absence of a successor employment agreement will be treated as a voluntary termination of Ms. Sullivan's employment for purposes of the Sullivan Agreement.

Ms. Sullivan's annual base salary for the 2011 fiscal year under the previous employment agreement was \$558,600 (Base Salary), which was reviewed annually for appropriate increases by our Board of Directors or the Compensation Committee of the Board. On August 24, 2011 the Compensation Committee increased the Base Salary to \$580,553 for the 2012 fiscal year. Ms. Sullivan is also eligible to participate in our incentive compensation plan in place for our senior level executives. In addition, Ms. Sullivan is eligible to receive an annual discretionary bonus determined by the Compensation Committee based upon certain performance standards to be determined by the Compensation Committee. Ms. Sullivan's annual bonus target was increased from 30% to 50% of her Base Salary, subject to achievement of performance goals, with a potential payout from 0 to 150% of the target amount. Ms. Sullivan will also be eligible to receive equity compensation awards under our 2006 Stock Incentive Plan, or any such successor equity compensation plan as may be in place from time to time.

In the event Ms. Sullivan's employment is terminated without cause (as defined in the agreement) or Ms. Sullivan terminates employment for good reason (as defined in the agreement), the Sullivan Agreement provides that Ms. Sullivan will be entitled to receive severance payments in an amount equal to the sum of: (x) 200% of her Base Salary in effect at the time of her termination, and (y) 200% of the target bonus established for the fiscal year in which her employment terminates. The severance amount will be paid in monthly installments over the 24-month period following her termination. Ms. Sullivan also will be entitled to receive the annual bonus earned based on actual performance, if any, payable for the fiscal year in which the termination occurs (prorated to reflect her actual period of service during such fiscal year). In addition, we will pay Ms. Sullivan for the incremental cost of maintaining continued medical coverage for herself and her eligible dependents for a period of 18 months following her termination date above the required monthly employee payment for such coverage calculated as if Ms. Sullivan had continued to be an employee of ours throughout such period. This 18 month period of medical coverage assistance was reduced from the 24 month period under her prior employment agreement.

In the event Ms. Sullivan's employment terminates without cause or for good reason within one year following a change of control (as defined in the agreement), the Sullivan Agreement provides that Ms. Sullivan will be entitled to receive a lump sum severance payment in an amount equal to the sum of (x) 300% of her Base Salary in effect at the time of her termination and (y) 300% of the target bonus established for the fiscal year in

Table of Contents

which the date of termination occurs. Ms. Sullivan also will be entitled to receive the annual bonus earned based on actual performance, if any, payable for the fiscal year in which the termination occurs (prorated to reflect her actual period of service during such fiscal year). In addition, for a period of 18 months (reduced from a 24 month period under her prior employment agreement) following such termination, we will pay Ms. Sullivan for the incremental cost of maintaining continued medical coverage for herself and her eligible dependents above the required monthly employee payment for such coverage calculated as if Ms. Sullivan had continued to be an employee of ours throughout such period.

As a condition to payment of the severance described above, Ms. Sullivan is required to execute a written release of any and all claims against the Company and all related parties with respect to all matters arising out of her employment by us, or the termination thereof.

Upon termination without cause or for good reason within one year following a change of control (as defined in the agreement), all stock options, restricted stock and other equity rights held by Ms. Sullivan will become fully vested and exercisable. In addition, all stock options held by Ms. Sullivan will remain exercisable for a period of 24 months following the end of the remaining balance of the term of her employment agreement. In no event, however, will the option be exercisable beyond its original term or beyond the extension period permitted under Section 409A of the Internal Revenue Code.

Upon termination due to death or disability, Ms. Sullivan shall be entitled to the annual bonus earned based on actual performance, if any, payable for the fiscal year in which the termination occurs, prorated for her period of service during that year.

The Sullivan Agreement provides that throughout the Sullivan Term and for a period of two (2) years thereafter, Ms. Sullivan shall not (i) without the prior written approval of the Board, compete, directly or indirectly, in the United States or Canada, with us in the field of therapeutic antibodies for cancer; or (ii) directly or indirectly solicit any Company customer or employee of the Company. The Sullivan Agreement also provides that Ms. Sullivan shall, during the Sullivan Term and at all times thereafter, keep confidential all trade secrets and confidential information of the Company. In the event Ms. Sullivan breaches any of the restrictive covenants in the Sullivan Agreement, all severance payments otherwise owed to Ms. Sullivan shall cease immediately.

Although Ms. Sullivan had a right in her prior employment agreement to a tax gross-up with respect to any federal excise tax imposed on any payments or benefits received in connection with a change of control that are deemed to constitute parachute payments under Section 280G of the Internal Revenue Code, such right has been eliminated in the Sullivan Agreement.

Dr. David M. Goldenberg

Employment Agreement. On July 5, 2011, we entered into a Third Amended and Restated Employment Agreement with Dr. Goldenberg, (the Goldenberg Agreement).

The Goldenberg Agreement which is effective July 1, 2011, will continue, unless earlier terminated by the parties, until July 1, 2016. The automatic renewal provision that was included in Dr. Goldenberg's prior employment agreement has been eliminated.

Dr. Goldenberg's annual base salary under the Goldenberg Agreement is \$525,000 (the Base Salary), which shall be reviewed annually (including in 2011) by our Board or the Compensation Committee. On August 24, 2011 the Compensation Committee increased the Base Salary to \$545,633 for the 2012 fiscal year. Dr. Goldenberg also remains eligible to participate in our incentive compensation plans in place for our senior level executives. In connection with his participation in our incentive plan, Dr. Goldenberg's annual bonus target was increased to 50% of his Base Salary, subject to achievement of performance goals, with a potential payout from 0 to 150% of the target amount. Dr. Goldenberg will also be eligible to receive equity compensation awards under our 2006 Stock Incentive Plan or any such successor equity compensation plan as may be in place from time to time, at the discretion of the Compensation Committee.

Table of Contents

Under the terms of his employment agreement, Dr. Goldenberg will also be eligible to receive certain additional incentive compensation related to our net income or loss (the "Additional Incentive Compensation"), which remain unchanged from his prior agreement, as follows: With respect to any fiscal year during Dr. Goldenberg's employment in which we record an annual net loss, Dr. Goldenberg will receive as an Additional Incentive Compensation Payment a sum equal to 0.75% of the total Consideration (as defined in the agreement) we receive from any third party transaction, with certain exceptions. In the event we record positive net income with respect to any fiscal year during either the term of Dr. Goldenberg's employment or the 3-year period following termination during which Dr. Goldenberg is subject to non-compete covenants, including fiscal 2011, Dr. Goldenberg will receive a sum equal to 1.5% of our Annual Net Revenue (as defined in the agreement) for each such fiscal year. In accordance with the terms of Dr. Goldenberg's employment agreement, we pay Dr. Goldenberg a minimum of \$150,000 during each fiscal year in equal quarterly payments as a credit against any amounts due to Dr. Goldenberg for Additional Incentive Compensation Payments, Lifetime Royalty Payments, described below, and Dispositions of Undeveloped Assets, described below.

In addition to the Additional Incentive Compensation Payments, under the terms of his employment agreement we will pay Dr. Goldenberg for each fiscal year a sum equal to a percentage of the annual Product Royalties (as defined in the agreement) we receive pertaining to the products for which Dr. Goldenberg is an inventor and all products using, related to or derived from products for which Dr. Goldenberg is an inventor. These payments will continue for each Patented Product (as defined in the agreement) for the remaining Life of the Patent (as defined in the agreement) covering each Patented Product ("Patent Lifetime Royalty Payments"). The percentage of Product Royalties that we will pay to Dr. Goldenberg on each Patented Product will be determined based on the percentage of Product Royalties that we must pay to external third parties.

Patent Lifetime Royalty Payments shall be due and owing from us to Dr. Goldenberg (or his estate or designated beneficiaries) throughout the Life of each Patent both during his employment with us and after his employment terminates, except that Patent Lifetime Royalty Payments shall not be payable in the event an arbitrator or court finds that Dr. Goldenberg committed a material breach of his covenants contained in the Goldenberg Agreement. During the term of the Goldenberg Agreement, any quarterly payment of Patent Lifetime Royalty Payments will be paid to Dr. Goldenberg only to the extent that such Patent Lifetime Royalty Payments exceed the quarterly Minimum Payment (as defined in the Goldenberg Agreement) paid to him as described below.

In the event we complete a Disposition (as defined in the Goldenberg Agreement) during the Goldenberg Term, or within three years thereafter, of any one or more of our Undeveloped Assets (as defined in the Goldenberg Agreement) for which Dr. Goldenberg was an Inventor, we will pay Dr. Goldenberg a sum equal to at least twenty percent, or more (as determined by the Board), of the Consideration we receive from each Disposition; provided, however that no such payment shall be due in the event an arbitrator or court finds that Dr. Goldenberg committed a material breach of his covenants contained in the Goldenberg Agreement. Our obligation to compensate Dr. Goldenberg upon Dispositions of Undeveloped Assets applies to all Dispositions completed within the Goldenberg Term or within three years thereafter, even if we actually receive the Consideration at some time after the three year period elapses.

We agree to make a minimum payment of \$150,000 (the "Minimum Payments") to Dr. Goldenberg during each of our fiscal years during the Goldenberg Term of the Goldenberg Agreement, payable in equal quarterly payments, as an advance against the amounts due to Dr. Goldenberg as Additional Incentive Compensation, Patent Lifetime Royalty Payments and Dispositions of Undeveloped Assets.

The Goldenberg Agreement provides that in the event we terminate Dr. Goldenberg's employment at any time without "Good Cause" (as defined in the Goldenberg Agreement) or Dr. Goldenberg resigns for "Good Reason" (as defined in the Goldenberg Agreement), Dr. Goldenberg will be entitled to receive a lump-sum severance payment in an amount equal to three times his Total Annual Compensation for the contract year in which the termination occurs. For this purpose, "Total Annual Compensation" is the sum of Dr. Goldenberg's annual base salary in effect at that time, the target bonus established for the fiscal year in which the date of

Table of Contents

termination occurs, the Minimum Payments due for that contract year, and the Additional Incentive Compensation. In addition, we will pay Dr. Goldenberg for the incremental cost of maintaining continued medical coverage for himself and any eligible dependents for a period of 24 months following his termination date above the required monthly employee payment for such coverage calculated as if Dr. Goldenberg had continued to be an employee of ours throughout such period. Dr. Goldenberg will also be entitled to any benefits accrued in accordance with the terms of any applicable benefit plan and program of the Company. In the event we request that Dr. Goldenberg provide services to us after his employment has terminated, we will pay for the reasonable cost of an office and administrative assistant support for Dr. Goldenberg.

The Goldenberg Agreement also provides that in the event of a Change of Control (as defined in the Goldenberg Agreement), if Dr. Goldenberg terminates his employment upon ninety days prior written notice to the Company or its successor, to be effective not later than the second anniversary of a Change of Control of the Company, Dr. Goldenberg will be entitled to receive a lump sum severance payment in an amount equal to 3.00 times his Total Annual Compensation. In addition, we will pay Dr. Goldenberg for the incremental cost of maintaining continued medical coverage for himself and any eligible dependents for a period of 36 months following his termination date above the required monthly employee payment for such coverage calculated as if Dr. Goldenberg had continued to be an employee of ours throughout such period. Dr. Goldenberg will also be entitled to receive any benefits accrued in accordance with the terms of any applicable benefit plan and program of the Company.

We may require Dr. Goldenberg to execute a written release of any and all claims against the Company and all related parties with respect to all matters arising out of Dr. Goldenberg's employment by us, or the termination thereof as a condition to receiving the severance payments described above.

Although Dr. Goldenberg had a right in his prior employment agreement to a tax gross-up with respect to any federal excise tax imposed on any payments or benefits received in connection with a change of control that are deemed to constitute parachute payments under Section 280G of the Internal Revenue Code, such right has been eliminated in the Goldenberg Agreement.

The Goldenberg Agreement provides, consistent with Dr. Goldenberg's prior employment agreement, that upon the occurrence of a change of control (as defined in the Goldenberg Agreement), all stock options, restricted stock and other equity rights held by Dr. Goldenberg will become fully vested and/or exercisable, as the case may be, on the date on which the change in control occurs, and all stock options held by Dr. Goldenberg shall remain exercisable, notwithstanding anything in any other agreement governing such options, for a period of twenty-four months following the end of the remaining balance of the Goldenberg Term; provided, however, that in no event will the option be exercisable (a) beyond its original term; or (b) beyond the extension period permitted under Section 409A of the Internal Revenue Code.

The Goldenberg Agreement provides that throughout the Goldenberg Term and for a period of three years thereafter, Dr. Goldenberg shall not (i) without the prior written approval of the Board, compete, directly or indirectly, in the United States or Canada, with us; or (ii) directly or indirectly solicit any Company customer or employee of the Company. The Goldenberg Agreement also provides that Dr. Goldenberg shall, during the Goldenberg Term and at all times thereafter, keep confidential all trade secrets and confidential information of the Company. The Goldenberg Agreement also provides that Dr. Goldenberg may continue to work and be compensated by the Center for Molecular Medicine and Immunology (also known as the Garden State Cancer Center) and the Company majority-owned subsidiary IBC Pharmaceuticals, Inc.

Gerard G. Gorman

On December 17, 2008, we entered into an Amended and Restated Change of Control and Severance Agreement with Mr. Gorman to bring his then-existing agreement into documentary compliance with Section 409A of the Internal Revenue Code. In the event Mr. Gorman is terminated pursuant to an involuntary termination (including his involuntary dismissal or discharge by us other than for cause, or his voluntary

Table of Contents

resignation within 90-days following the occurrence of certain events) within twelve months following a change in control (as defined in the agreement), Mr. Gorman will receive from us (i) a lump-sum payment equal to 200% of his then-current base salary and bonus; (ii) accelerated vesting of all outstanding options such that each outstanding option immediately vests and become exercisable for a specified period; (iii) a lump-sum severance payment equal to the annual bonus earned based on actual performance, if any, payable for the fiscal year in which the termination occurs (prorated to reflect his actual period of service during such fiscal year); and (iv) reimbursement for costs of continued health coverage for a specified period. The Change of Control and Severance Agreement also contains certain tax payment provisions in certain instances.

The following table shows potential payments to our named executive officers under their employment agreements in the form in which those agreements existed as of the last day of fiscal 2011, or change in control and severance agreement, as the case may be, for various scenarios involving a change in control or termination of employment as described above for each named executive officer. The data in the table reflects June 30, 2011 as a hypothetical termination date and, where applicable, reflects amounts calculated using the closing price of our common stock of \$4.07 (as reported on the NASDAQ Global Market as of June 30, 2011). All defined terms not defined in this section have the meanings set forth in each officer's respective employment agreement or change in control and severance agreement.

Table of Contents

Because of the significant changes that were made to the potential payments upon termination or change in control under the terms of the new employment agreements for Ms. Sullivan and Dr. Goldenberg which became effective July 1, 2011, we have quantified in the table below the amounts and benefits to which they would be entitled under the various scenarios assuming a July 1, 2011 hypothetical termination or change in control date and applying the terms of their new employment agreements as in effect on that date. Where applicable, the table below reflects amounts calculated using the closing price of our common stock of \$4.09 (as reported on the NASDAQ Global Market as of July 1, 2011). In general, the data in the table below differs from the data in the table above insofar as the table below reflects the increase in base salary and increased bonus opportunity that Ms. Sullivan and Dr. Goldenberg each receive as of fiscal 2012, the elimination of the golden parachute excise tax gross-up payment to which they had been entitled under their prior agreements, and the reduction in the amount of health care continuation coverage that Ms. Sullivan is entitled to receive under her new agreement. No revisions have been made to the change in control and severance agreement that we have with Mr. Gorman, as in effect on June 30, 2011, so he has been omitted from the table below.

Current Employment Agreements which became effective July 1, 2011:

The amounts shown in the tables above and the assumptions upon which those amounts are based provide reasonable estimates of the amounts that would have been due to the named executive officers in the event that any of the circumstances described above had occurred on June 30, 2011 and July 1, 2011, respectively. The actual amounts due to the named executive officers upon a triggering event will depend upon the actual circumstances and the then-applicable provisions of the employment agreements, change in control and severance agreement, stock option and restricted stock unit agreements and our stock incentive plans.

Please note that each of the former employment agreements in place with Ms. Sullivan and Dr. Goldenberg provided for a gross-up payment under certain circumstances to compensate each officer for excise taxes that may be attributable to such employee as a result of certain payments. The amounts shown in the first table above are reasonable estimates of those taxes based on tax rates in effect for calendar year 2011 and reasonable assumptions. These gross-up payment provisions have been eliminated under the new employment agreements.

Certain of our affiliates, including members of our senior management and Board of Directors, as well as their respective family members and other affiliates, have relationships and agreements among themselves as well as with us and our affiliates, that create the potential for both real, as well as perceived, conflicts of interest. These include Dr. David M. Goldenberg, our Chairman, Chief Scientific Officer and Chief Medical Officer, Ms. Cynthia L. Sullivan, our President and Chief Executive Officer, and certain companies with which we do business, including the Center for Molecular Medicine and Immunology.

Dr. David M. Goldenberg

Dr. David M. Goldenberg was the original founder of our Company over 20 years ago and continues to play a critical role in our business. He currently serves as Chairman of our Board of Directors, Chief Scientific Officer and Chief Medical Officer, and he is married to our President and Chief Executive Officer, Ms. Cynthia L. Sullivan. Dr. Goldenberg is a party to a number of agreements with our Company involving not only his services, but also intellectual property owned by him. In addition, Dr. Goldenberg performs services for one of our subsidiaries, IBC Pharmaceuticals, Inc., as well as other businesses with which we are affiliated to varying degrees.

Relationships with The Center for Molecular Medicine and Immunology

We have historically relied upon, to varying degrees, CMMI, a not-for-profit specialized cancer research center, for the performance of certain basic research and patient evaluations, the results of which are made available to us pursuant to a collaborative research and license agreement. CMMI, which is funded primarily by grants from the National Cancer Institute, was located in Belleville, New Jersey. We sublease approximately 1,400 square feet of our Morris Plains facility to CMMI. Dr. Goldenberg is the founder, current President and a member of the Board of Trustees of CMMI. Dr. Goldenberg's employment agreement permits him to spend such time as is necessary to fulfill his duties to CMMI and IBC Pharmaceuticals, Inc., provided that such duties do not materially interfere with his ability to perform any of his obligations under the employment agreement. Certain of our consultants have employment relationships with CMMI, and Dr. Hans Hansen, one of our employees and former executive officer, is a former adjunct member of CMMI. CMMI's management and fiscal operations are the responsibility of CMMI's Board of Trustees.

We have reimbursed CMMI for expenses incurred on behalf of our Company, including amounts incurred pursuant to research contracts, in the amount of approximately \$305,000, \$426,000 and \$292,000 during the years ended June 30, 2011, 2010 and 2009, respectively. In fiscal years ended June 30, 2011, 2010 and 2009 we incurred \$61,000, \$49,000 and \$29,000, respectively, of legal expenses on behalf of CMMI for patent related matters. We have first rights to license these patents and may decide whether or not to support them. Any inventions made independently of us at CMMI are the property of CMMI.

IBC Pharmaceuticals

IBC Pharmaceuticals, Inc. (IBC) is a majority owned subsidiary of Immunomedics.

As of June 30, 2011, the shares of IBC were held as follows:

Table of Contents

In the event of a liquidation, dissolution or winding up of IBC, the Series A, B and C Preferred Stockholders would be entitled to \$0.6902, \$5.17 and \$0.325 per share (subject to adjustment), respectively. The Series A and B stockholders would be paid ratably until fully satisfied. The Series C stockholders would be paid only after the Series A and B stockholders have been fully repaid. These liquidation payments would be made only to the extent the assets of IBC are sufficient to make such payments.

IBC is engaged in the research and development of novel cancer radioimmunotherapeutics using patented pretargeting technologies with proprietary, bispecific antibodies. Certain of our employees, including Dr. Goldenberg and Ms. Sullivan, are also employed by IBC. In his capacity as our Chief Scientific Officer and Chief Medical Officer and Chairman of IBC, Dr. Goldenberg directs the research and development activities for both Immunomedics and IBC. As a result, the development of new intellectual property is allocated to either Immunomedics or IBC and, in some cases is the joint property of Immunomedics and IBC.

In fiscal year 2011, \$55,000 of the compensation received by Dr. Goldenberg was compensation for his services to IBC. At June 30, 2011, Dr. Goldenberg was a director of IBC, while Ms. Sullivan, Mr. Gorman and Ms. Phyllis Parker, our Secretary, served as the acting President, Treasurer and Secretary, respectively.

AUDIT COMMITTEE REPORT

The Audit Committee's primary function is to assist the Board of Directors in monitoring the integrity of Immunomedics' financial statements, financial reporting process, systems of internal control and the independence and performance of the independent registered public accounting firm.

The Audit Committee is currently composed of three non-employee directors. The Board of Directors and the Audit Committee believe that the Audit Committee's current member composition satisfies the listing standards of the NASDAQ Global Market that govern audit committee composition, including the requirements that:

all audit committee members are independent directors as that term is defined in such listing standards;

all audit committee members are able to read and understand fundamental financial statements; and

at least one audit committee member is financially sophisticated.

The Audit Committee operates under a written charter adopted by the Audit Committee that reflects standards contained in the NASDAQ listing standards. The Audit Committee has reviewed and updated this charter annually. This amended charter was reviewed and reassessed to be in compliance with the applicable NASDAQ and SEC rules. A complete copy of the current charter can be found on our website at www.immunomedics.com.

The Audit Committee has reviewed and discussed with management and the independent registered public accounting firm Immunomedics audited financial statements as of and for the year ended June 30, 2011.

The Audit Committee has also reviewed and discussed with management and the independent registered public accounting firm management's assessment that Immunomedics maintained effective internal control over financial reporting as of June 30, 2011, based on criteria established in Internal Control - Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission (the COSO criteria).

The Company has adopted a Code of Ethics for its senior financial officers which the Audit Committee believes is compliant with the SEC Regulation S-K Item 406.

The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by this proxy statement.

The Audit Committee has received and reviewed the written disclosures and the letter from the independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence and has discussed with the independent registered accounting firm the independent registered accounting firm's independence. When considering the independent registered public accounting firm's independence, the Audit Committee considered whether their provision of services to Immunomedics beyond those rendered in connection with their audit and review of Immunomedics' consolidated financial statements was compatible with maintaining their independence and discussed with the auditors any relationships that may impact their objectivity and independence. The Audit Committee also reviewed, among other things, the amount of fees paid to the auditors for audit services in fiscal 2011. Information about the auditors' fees for fiscal year 2011 is listed below in this proxy statement under "Independent Registered Public Accounting Firm". Based on these discussions and considerations, the Audit Committee is satisfied as to the independent registered public accounting firm's independence.

Based on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors that the audited financial statements referred to above be included in Immunomedics' Annual Report on Form 10-K for the year ended June 30, 2011. The Audit Committee has also selected Ernst & Young LLP as Immunomedics' independent registered public accounting firm for the fiscal year ending June 30, 2012.
