PROXY STATEMENT

Mailed on or about December 15, 2011

General Information

The proxy that accompanies this statement is solicited by the Board of Directors of SIFCO Industries, Inc. (the Company) for use at the 2012 Annual Meeting of the Shareholders of the Company to be held January 31, 2012, or at any adjournment thereof. This proxy statement was first mailed on or about December 15, 2011 to shareholders of record on December 2, 2011.

Any shareholder giving a proxy for the meeting may revoke it before it is exercised by giving a later dated proxy or by giving notice of revocation to the Company in writing before or at the 2012 Annual Meeting. However, the mere presence at the 2012 Annual Meeting of the shareholder granting a proxy will not revoke the proxy. Unless revoked by notice as above stated, shares represented by valid proxies will be voted on all matters to be acted upon at the 2012 Annual Meeting. On any matter or matters with respect to which the proxy contains instructions for voting, such shares will be voted in accordance with such instructions. Abstentions will be deemed to be present for the purpose of determining a quorum for the 2012 Annual Meeting. Abstentions will not affect the vote on Proposal No. 1, but will be counted as votes against with respect to proposal No. 2. Brokers who have not received voting instructions from beneficial owners generally may vote in their discretion with respect to the ratification of the selection of the independent registered public accounting firm, but will not be able to vote with respect to the election of directors. Broker non-votes will not affect the outcome of any proposals brought before the 2012 Annual Meeting.

The cost of solicitation of proxies in the form accompanying this statement will be borne by the Company. Proxies will be solicited by mail or by telephone or personal interview with an officer or regular employee of the Company. The Company will request brokers and other custodians, nominees and fiduciaries to forward proxy soliciting material to the beneficial owners of shares they hold of record, and will reimburse such brokers, custodians, nominees and fiduciaries for their expenses in so doing.

Although the Company does not contemplate that any of the nominees will be unavailable for election, if a vacancy in the slate of nominees is occasioned by death or other unexpected occurrence, it is currently intended that the remaining directors will, by the vote of a majority of their number, designate a different nominee for election to the Board at the 2012 Annual Meeting.

Board Recommendation - The Board of Directors recommends that you vote **FOR** the election of all nominees. Unless you instruct otherwise on your proxy card or in person, your proxy will be voted in accordance with the Board's recommendation.

Nominees for election to the Board of Directors

Set forth below for each nominee for election as a director is a brief statement, including the age, principal occupation and business experience, and any directorships held. The members of the Nominating and Governance Committee have recommended the persons listed below as nominees for the Board of Directors, all of whom presently are directors of the Company.

The Nominating and Governance Committee reviews and evaluates individuals for nomination, to stand for election as a director, who are recommended to the Nominating and Governance Committee in writing by any of our shareholders pursuant to the procedure outlined below in the section titled "Process for Selecting and Nominating Directors" on the same basis as candidates who are suggested by our current or past directors, executive officers, or other sources. In considering individuals for nomination to stand for election, the Nominating and Governance Committee will consider: (1) the current composition of directors and how they function as a group; (2) the skills, experiences or background, and the personalities, strengths, and weaknesses of current directors; (3) the value of contributions made by individual directors; (4) the need for a person with specific skills, experiences or background to be added to the Board; (5) any anticipated vacancies due to retirement or other reasons; and (6) other factors which may enter into the nomination decision. The Nominating and Governance Committee endeavors to select nominees that contribute requisite skills and professional experiences in order to advance the performance of the Board of Directors and establish a well rounded Board with diverse views that reflect the interests of our shareholders. The Nominating and Governance Committee considers diversity as one of a number of factors in identifying nominees for directors, however, there is no formal policy in this regard. The Nominating and Governance Committee views diversity broadly to include diversity of experience, skills and viewpoint, in addition to traditional concepts of diversity such as race and gender.

When considering an individual candidate's suitability for the Board, the Nominating and Governance Committee does not prescribe minimum qualifications or standards for directors, however, the Nominating and Governance Committee looks for directors who have personal characteristics, educational backgrounds and relevant experience that would be expected to help further the goals of both the Board and the Company. The Nominating and Governance Committee will review the extent of the candidate's demonstrated success in his or her chosen business, profession, or other career and the skills that the candidate would be expected to add to the Board. The Nominating and Governance Committee may, in certain cases, conduct interviews with the candidate and/or contact references, business associates, other members of boards on which the candidate serves or other appropriate persons to obtain additional information. The Nominating and Governance Committee will make its determinations on whether to nominate an individual candidate based on the Board's then-current needs, the merits of that candidate and the qualifications of other available candidates. The types of key attributes and/or experience that the Nominating and Governance Committee believes the composite board membership needs to possess to ensure the existence of a functionally effective board are: (i) proven leadership capabilities; (ii) familiarity with the organizational and operational requirements of medium and large sized manufacturing organizations; (iii) strategic planning; (iv) experience in mergers and acquisitions and an understanding of financial markets; (v) experience in finance and accounting; (vi) familiarity with the aerospace, defense, energy and related industries and markets, (vii) public company compensation matters and structure; (viii) service on the boards of directors of other companies both public and private; etc. The Nominating and Governance Committee believes that each of the nominees possess certain of the key attributes that the Committee believes to be important for an effective board.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 (Exchange Act) requires the Company s officers and directors, and persons who own more than ten percent (10%) of a registered class of the Company s equity securities, to file reports of ownership and changes in ownership with the U.S. Securities and Exchange Commission (SEC). Officers, directors and greater than ten percent (10%) shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely upon a review of Forms 3, 4 and 5 furnished to the Company during, or with respect to, the fiscal year ended September 30, 2011, the Company believes that no director, officer, beneficial owner of more than ten percent (10%) of its outstanding Common Shares or any other person subject to Section 16(a) of the Exchange Act failed to file on a timely basis during fiscal 2011 any reports required by 16(a) of the Exchange Act, except that one director reported one transaction subsequent to the date required for Form 3 and one director reported one transaction subsequent to the date required for Form 4.

CORPORATE GOVERNANCE AND BOARD OF DIRECTORS MATTERS

Board of Directors - The Company s Board of Directors held four (4) regularly scheduled meetings during fiscal 2011. The Board of Directors standing committees are the Audit, Compensation, and Nominating and Governance Committees. From time-to-time the Board may determine that it is appropriate to form a special committee of its independent directors to address a particular matter(s) not specific to one of its standing committees. Directors are expected to attend Board meetings, our annual shareholders meeting, and the meetings of the committees on which he or she serves. During fiscal 2011 each director attended at least 75% of the total number of meetings of the Board and the committees on which he or she served. SIFCO s independent directors meet in executive session at each regularly scheduled Board meeting. All of the directors attended the Company s 2011 Annual Meeting of Shareholders.

Director Independence - The members of the Board of Directors standing committees are all independent directors as defined in Section 803 of the NYSE Amex Company Guide. The Board has affirmatively determined that Mr. D. C. Molten, Jr., Ms. A. L. Reitman, Mr. M. J. Silk, and Mr. J. G. Chapman, Sr. meet these standards of independence. There are no undisclosed transactions, relationships, or arrangements between the Company and any of such directors. The Board has affirmatively determined that Mr. J. P. Gotschall, Mr. M. S. Lipscomb and Mr. H. D. Smith do not meet these standards of independence, are therefore not independent and, accordingly, are not members of any of the Board s standing committees.

Board Committees

Audit Committee - The functions of the Audit Committee are to select, subject to shareholder ratification, the Company's independent registered public accounting firm; to approve all non-audit related services performed by the Company's independent registered public accounting firm; to determine the scope of the audit; to discuss any special problems that may arise during the course of the audit; and to review the audit and its findings for the purpose of reporting to the Board of Directors. Further, the Audit Committee receives a written statement delineating the relationship between the independent registered public accounting firm and the Company and none of the members of the Audit Committee participated in the preparation of the Company's financial statements at any time during the past three (3) years. The members of the Audit Committee are all independent directors as defined in Section 803 of the NYSE Amex Company Guide and SEC Rule 10A-3. Each member of the Audit Committee is financially literate and A. L. Reitman is designated as the Audit Committee financial expert. None of the Audit Committee members serve on more than one (1) other public company audit committee. The Audit Committee, currently composed of A. L. Reitman (Chairperson), D. C. Molten, Jr., M. J. Silk, and J. G. Chapman, Sr., met four (4) times during fiscal 2011. The Audit Committee operates under a written charter that is available on the Company's website at www.sifco.com.

Compensation Committee - The functions of the Compensation Committee are to review and make recommendations to the Board to ensure that our executive compensation and benefit programs are consistent with our compensation philosophy and corporate governance guidelines and, subject to the approval of the Board, to establish the executive compensation packages offered to directors and officers. Officers' base salary, target annual incentive compensation awards and granting of long-term equity-based incentive compensation, and the number of shares that should be subject to each equity instrument so granted, are set at competitive levels with the opportunity to earn competitive pay for targeted performance as measured against a peer group of companies. The Compensation Committee is appointed by the Board, and consists entirely of directors who are independent directors as defined in Section 803 of the NYSE Amex Company Guide. Our Compensation Committee, currently composed of D. C. Molten, Jr. (Chairperson), A. L. Reitman, M. J. Silk, and J. G. Chapman, Sr., met four (4) times during fiscal 2011 and conducted other committee discussions as a part of a regular board meeting, some of which discussions were conducted without the CEO present. The Compensation Committee operates under a written charter that is available on the Company's website at www.sifco.com.

Nominating and Governance Committee - The functions of the Nominating and Governance Committee are to recommend candidates for the Board of Directors and address issues relating to (i) senior management performance and succession and (ii) the composition and procedures of the Board. The Nominating and Governance Committee is currently composed of A. L. Reitman, M. J. Silk, D. C. Molten, Jr., and J. G. Chapman, Sr. The members of the Nominating and Governance Committee are all independent directors as defined in Section 803 of the NYSE Amex Company Guide. The Nominating and Governance Committee did not hold any formal meetings during the last fiscal year. However, the Committee held discussions during fiscal 2011 to (i) determine with whom to fill the open director position on the Board resulting from the retirement in August 2011 of Mr. F. N. Nichols and (ii) appoint Mr. J. G. Chapman, Sr. a director. Other functions of the Nominating and Governance Committee were fulfilled during sessions of the full Board of Directors. The Nominating and Governance Committee operates under a written charter that is available on the Company's website at www.sifco.com.

Board Role in Risk Oversight - The Board reviews the Company's annual plan and strategic plan, which address, among other things, the risks and opportunities facing the Company. The Board also has overall responsibility for executive officer succession planning, and discusses and reviews succession planning with the frequency it deems to be appropriate, based on prevailing circumstances. Certain areas of oversight may be

delegated to the relevant committees of the Board and the committees report back on their deliberations. This oversight is enabled by reporting processes that are designed to provide visibility to the Board about the identification, assessment, monitoring and management of enterprise-wide risks. Management incorporates enterprise-wide risk assessment of the Company as part of its annual planning process, including each of its business segments, and presents it to the Board for review as part of senior management's annual planning document. The principal areas of this risk assessment include a review of strategic business, financial, operational, compliance and technology objectives and the potential risk for the Company. In addition, on an ongoing basis: (a) the Audit Committee maintains primary responsibility for oversight of risks and exposures pertaining to the accounting, auditing and financial reporting processes of the Company; (b) the Compensation Committee maintains primary responsibility for risks and exposures associated with oversight of the administration and implementation of our compensation policies; and (c) the Nominating and Governance Committee maintains primary responsibility for risks and exposures associated with corporate governance and succession planning.

Process for Selecting and Nominating Directors - In its role as the nominating body for the Board, the Nominating and Governance Committee reviews the credentials of potential director candidates (including any potential candidates recommended by shareholders), conducts interviews and makes formal recommendations to the Board for the annual and any interim election of directors. The Nominating and Governance Committee will consider shareholder nominations for directors at any time. Any shareholder desiring to have a nominee considered by the Nominating and Governance Committee should submit such recommendation in writing to a member of the Nominating and Governance Committee or the Corporate Secretary of the Company, c/o SIFCO Industries, Inc., 970 East 64th Street, Cleveland, OH 44103. The recommendation letter should include the shareholder's own name, address and the number of shares owned and the candidate's name, age, business address, residence address, and principal occupation, as well as the number of shares the candidate owns. The letter should provide all of the information that would need to be disclosed in the solicitation of proxies for the election of directors under federal securities laws. Finally, the shareholder should also submit the recommended candidate's written consent to be elected and commitment to serve if elected. The Company may also require a candidate to furnish additional information regarding his or her eligibility and qualifications.

Compensation Committee Interlocks and Insider Participation - None of the directors who served on the Compensation Committee during fiscal 2011 was a current or former officer or an employee of the Company or had any relationship with the Company that would be required to be disclosed by the Company under applicable related party transaction requirements. During fiscal 2011, no executive officer of the Company served as a member of the board of directors or compensation committee of any entity that has one or more of its executive officers serving as a member of the Company's Board of Directors or Compensation Committee and, therefore, there were no interlocking relationships (as described in Item 407(e)(iii) of SEC Regulation S-K) between members of the Compensation Committee and the Company. Mr. D. C. Molten, Jr., Mr. F. N. Nichols, Mr. M. J. Silk, Ms. A. L. Reitman and Mr. J. G. Chapman, Sr. served as the members of the Compensation Committee at varying times during fiscal 2011. Mr. F. N. Nichols retired as a director in August 2011.

Communications with the Board of Directors - Shareholders may communicate their concerns directly to the entire Board of Directors or specifically to non-management directors of the Board. Such communication can be confidential or anonymous, if so designated, and may be submitted in writing to the following address: Board of Directors, SIFCO Industries, Inc., c/o Ms. Megan L. Mehalko, Corporate Secretary, 970 E. 64th Street, Cleveland, Ohio 44103.

Code of Ethics - The Company's Code of Ethics applies to all of its employees, including its Chief Executive Officer and its Chief Financial Officer. The Code of Ethics and all committee charters are posted in the Investor Relations portion of the Company website at www.sifco.com.

Certain Relationships and Related Transactions - There were no transactions between the Company and its officers, directors or any person related to its officers or directors, or with any holder of more than 5% of the Company's Common Shares, either during fiscal 2011 or up to the date of this proxy statement, except for the relationship with Mr. H. D. Smith related to the sales representative agreement that is in place and that is discussed below under the heading "Directors Compensation".

The Company reviews all transactions between the Company and any of its officers and directors. The Company's Code of Ethics, which applies to all employees, emphasizes the importance of avoiding situations or transactions in which personal interests may interfere with the best interests of the Company or its shareholders. In addition, the Company's general corporate governance practice includes board-level discussion and assessment of procedures for discussing and assessing relationships, including business, financial, familial and nonprofit, among the Company and its officers and directors, to the extent that they may arise. The Board reviews any transaction with an officer or director to determine, on a case-by-case basis, whether a conflict of interest exists. The Board ensures that all directors voting on such a matter have no interest in the matter and discusses the transaction with counsel as the Board deems necessary. The Board will generally delegate the task of discussing, reviewing and approving transactions between the Company and any of its related persons to the Audit Committee.

COMPENSATION DISCUSSION AND ANALYSIS

Executive Compensation Philosophy and Objectives - The Company's executive compensation philosophy is to position base pay, target cash incentives and target equity incentives at slightly above the market median, so that we are able to attract and retain high performing executives. The Company defines its "market" as other manufacturing companies with comparable revenues. In general, performance consistent with the Company's annual and long-term financial plans will result in total compensation at market median levels. Cash incentive and equity incentive programs are structured to provide both downside risk and upside earning potential to reflect actual performance that may fall short of or exceed company performance targets. Cash incentive and equity incentive programs are intended to represent a meaningful portion of an executive's total compensation, ranging from 33% to over 50% of total compensation at target performance levels. Individual performance is the primary determining factor of an executive's base salary. The performance of an executive's respective business unit is the primary driver of cash incentives earned within a framework that requires acceptable consolidated performance. The performance of the organization as a whole, which drives the growth of shareholder value over time, determines the amount of equity incentives earned.

The Company recognizes the importance of maintaining sound principles for the development and administration of our executive compensation and benefit programs. Specifically, our executive compensation and benefit programs are designed to meet the following objectives - (i) to compensate executive officers at levels that ensure the Company attracts and retains key management employees throughout the organization; (ii) to provide executive officers with the opportunity to earn market-competitive pay for targeted performance; (iii) to link executives' compensation to established Company performance goals, which in turn link to shareholder return; (iv) to reward management for achieving the strategic plan through organic and acquisition driven earnings growth over time, prudent use of capital, and for developing leaders through effective succession planning efforts; and (v) on occasion, to provide management with a special recognition incentive to achieve certain extraordinary goals in response to changing market or operational conditions. The Company believes that a disciplined focus on these core principles will benefit the Company, and ultimately its shareholders, by ensuring that it can attract and retain highly qualified executive officers who are committed to the Company's long-term success.

Role of the Compensation Committee - The Compensation Committee has taken the following steps to ensure the Company's executive compensation and benefit programs are consistent with the Company's compensation philosophy and corporate governance guidelines:

Utilized studies and surveys of qualified independent professionals to (i) assess the competitiveness of our overall executive compensation and benefits program and (ii) provide a high level and objective review of such programs. When the Company adopted its 2007 Long-Term Incentive Plan (2007 LTIP), it utilized the services of Findley Davies, Inc. to assist in determining the appropriate value that the non-cash (equity) portion of executive officer compensation should bear relative to their respective base salaries. To establish base salary and annual incentive compensation, the Company utilizes compensation survey data obtained through its membership in the Employers' Resource Council. The source for such survey was the 2011 National Executive Compensation Survey conducted by the Management Association of Illinois in cooperation with 19 other Employer Associations of America (EAA) members. There were in excess of 1,800 participating organizations, 47% of which were manufacturing companies and 53% of which were services and other non-manufacturing companies. For executive officer compensation purposes, the Company used survey information for manufacturing companies with comparable revenues as its benchmarking reference point for determining similarly situated companies;

Developed executive officer compensation structures that target a competitive level of total compensation as measured against the third party compensation surveys that include similarly situated companies noted above. The cash portion of executive officer compensation is targeted to generally be slightly above the market median of similarly situated companies, in recognition of the Company's growth strategy. The value of the non-cash (equity) portion of executive officer compensation is generally intended to be equal to the market median;

Maintained a practice of reviewing the performance and determining the total compensation earned, paid or awarded to the Company CEO independent of input from the CEO;

Obtained recommendations from the CEO relative to appropriate compensation packages for the Company's other named executive officers;

Reviewed, on an annual basis, the performance of executive officers with assistance from the CEO and determined proper total compensation based on performance and competitive levels as measured against similarly situated companies; and

Maintained the practice of holding executive sessions (without management present) at every Committee meeting.

Total Compensation - The Company seeks to compensate its executive officers at competitive levels, through programs that emphasize performance-based incentive compensation. To that end, total executive compensation is structured to ensure that there is a focus on the Company's financial performance and shareholder return. The Company believes its total executive compensation is reasonable. Further, in light of its compensation philosophy, the Company believes that the total compensation package for its executive officers should continue to consist of base salary, annual (cash) incentive compensation awards, long-term (equity) incentive compensation, and certain other benefits. With the exception of Mr. M. S. Lipscomb, who is a consultant, all named executive officers are employed on an at-will basis and, other than (i) the change in control and severance agreements and (ii) a separation pay agreement, there are no other employment contracts.

Elements of Compensation

Base Salary - When determining the amount of base salary for the Company's executive officers, the Compensation Committee considers the salaries of personnel in similarly situated companies, as discussed above under the heading "Role of the Compensation Committee". When making adjustments in base salaries, the Compensation Committee also considers corporate financial performance and the performance of individual executive officers in fulfilling their respective defined responsibilities. For fiscal 2011, Mr. J. P. Gotschall's base salary was maintained at \$220,000; Mr. J. P. Woidke's base salary was increased from \$212,750 to \$244,700, and Mr. F. A. Cappello's base salary was increased from \$172,000 to \$177,600.

Mr. M. S. Lipscomb has been retained on a contract/consultancy basis with aggregate compensation being set at a rate of \$2,500 per day. Mr. M. S. Lipscomb devotes approximately 50% of his time to his responsibilities as President and Chief Executive Officer.

Annual Incentive Compensation - Executive officers have the opportunity to earn annual cash incentive awards. In years with strong financial and/or strategic performance, executive officers can earn cash incentive awards that would be considered competitive as compared to similarly situated companies, as discussed above under the heading "Role of the Compensation Committee".

Annual incentive compensation awards are intended to reinforce the Company's strategic objectives and promote achievement of certain financial and/or strategic targets. Consistent with its compensation philosophy, the Company's annual incentive compensation award payments to executive officers are contingent upon the achievement of specific performance target(s) during the applicable performance period. Specific annual performance targets may include (i) the achievement of certain financial profitability criteria in relation to the Company's Annual Plan as approved by the Board of Directors, (ii) an executive officer's performance relative to strategic objectives, (iii) utilization (disposition) of performing (non-performing) Company assets or (iv) other similar criteria. These criteria may change from one period to another based on the particular strategic focus of the Company for that respective period as deemed appropriate by the Compensation Committee. Each performance target may also have a minimum threshold and maximum payout level.

For fiscal 2011, the principal performance target (used to determine 80% of annual incentive) for both Mr. J. P. Woidke and Mr. F. A. Cappello was based on the achievement of the return-on-sales percentage in the Company's fiscal 2011 Annual Plan as approved by the Board of Directors. Return-on-sales is defined as operating profit before tax, measured as a percent of net sales, subject to certain adjustments, which adjustments include (i) negating the impact of any changes in the Company's LIFO inventory reserve and (ii) certain other nonrecurring income or expense amounts that generally do not reflect the current operating performance of the Company. A secondary performance target was the optimization of working capital. The individual executive officer's 2011 annual incentive compensation amounts were determined as follows:

The consolidated target return-on-sales level that was established in the Company's fiscal 2011 Annual Plan was 13.5%. The Company's actual consolidated return-on-sales level achieved in fiscal 2011 was 13.1%. The Company also maintained its average working capital level within the fiscal 2011 Annual Plan target range. Because the Company achieved less than 100% of its principal performance target, Mr. J. P. Woidke and Mr. F. A. Cappello earned annual incentive compensation for fiscal 2011 that was below their target level of 50% of base salary.

In addition to the principal (financial) performance target outlined above, both Mr. J. P. Woidke and Mr. F. A. Cappello also had certain secondary performance objectives, which were principally non-

financial in nature and related to the operating and strategic objectives of the Company. Mr. J. P. Woidke and Mr. F. A. Cappello both achieved 100% of these performance objectives.

In addition to setting performance targets, the Compensation Committee also sets each executive officer's target annual incentive compensation amount. This target annual incentive compensation amount is expressed as a percentage of each executive officer's base salary. In determining the target annual incentive compensation amount, the Committee references competitive survey sources as described above and targets the market median annual cash incentive opportunity. In addition, the Compensation Committee may also consider various other factors, including the impact that the executive officers and other key employees are capable of and should have relative to achieving the Company's annual and strategic objectives.

For fiscal 2011, Mr. J. P. Woidke and Mr. F. A. Cappello had target annual incentive compensation amounts equal to 50% of base salary, with potential annual incentive compensation amounts ranging from 0% to 75% of base salary, subject to a minimum performance threshold amount. Such threshold in fiscal 2011 is principally related to the achieved level of return-on-sales, as described above. The targeted annual incentive compensation amounts of \$122,300 for Mr. J. P. Woidke and \$88,800 for Mr. F. A. Cappello, respectively, are paid based upon the achievement of the above described performance targets. For fiscal 2011, Mr. J. P. Woidke and Mr. F. A. Cappello received cash bonuses of \$115,600 and \$83,900, respectively, which were less than their respective target incentive amounts, for the reasons outlined above.

Because of the relative importance of annual incentive compensation awards to total compensation and their direct link to the achievement of specific performance targets, the Company believes that the annual incentive compensation awards remain an important part of its compensation program.

Long-Term Equity-Based Incentive Compensation - Historically, the primary form of the Company's long-term incentive compensation consisted of stock option plans established by the Company to promote the long-term financial interest of the Company by providing for the award of equity-based incentives to executive officers and other senior management who provide critical, value-added services to the Company. The Compensation Committee previously granted all of the awards available under the Company's 1995 and 1998 long-term equity-based incentive compensation plans. Therefore, no stock option awards were granted in fiscal 2011 and, as of September 30, 2011, no further options are available to be awarded under the Company's 1995 and 1998 long-term equity-based incentive compensation plans. As of September 30, 2011, Mr. F. A. Cappello has exercisable options that were awarded under such prior plans.

With the change in the accounting treatment of options, the Company, like many other companies, re-examined the cost and competitive need for options, which process included a review of competitive data regarding equity-based awards. The Company determined that a combination of equity-based, long-term incentive compensation awards (e.g. stock options, time-based stock appreciation rights, performance-based restricted stock units, etc.) would provide a package of incentive compensation vehicles that would more effectively align the interests of the Company's executives with the interests of its shareholders and provide a balance between (i) rewards for achieving specified financial targets and (ii) rewards for growth in market value over time. Accordingly, the Company adopted the SIFCO Industries, Inc. 2007 Long-Term Incentive Plan ("2007 LTIP"). Mr. J. P. Gotschall, Mr. J. P. Woidke and Mr. F. A. Cappello have been granted performance-based awards under the 2007 LTIP as of September 30, 2011. The actual number of performance - based shares that each executive officer will ultimately earn under the 2007 LTIP will be determined based on the Company's achievement of certain predetermined financial performance targets over a three (3) fiscal year performance period beginning with the fiscal year in which such performance - based shares were granted.

The Company has granted stock options only with an exercise price equal to or greater than the market price of its Common Shares on the grant date and does not attempt to time the grant of stock-based awards to the release of material nonpublic information. The Company's practice is to publicly release financial results for completed annual and quarterly periods at approximately the same time it files the required annual or quarterly report with the SEC.

Other Benefits - The Company maintains certain other plans which provide, or may provide, compensation and benefits to our executive officers. These plans are principally our pension plan, supplemental executive retirement plan, and 401(k) plan, which are generally made available to all employees of the Company who meet certain eligibility requirements.

Pension Plan - The Company maintains a defined benefit pension plan for all non-union, salaried employees of the Company's U. S. operations that were hired prior to March 1, 2003, including the executive officers and certain other key employees. This defined benefit pension plan was frozen as of March 1, 2003 and, consequently, although the plan will otherwise continue, the plan ceased the accrual of additional pension benefits for periods after March 1, 2003.

Supplemental Executive Retirement Plan - The Company has a supplemental executive retirement plan, which provides supplemental retirement income to those employees whose maximum annual benefit payable under the Pension Plan was limited by the Internal Revenue Code, as amended (IRC). The only employee of the Company that had earned an accrued benefit under the Pension Plan that exceeds such IRC limitation was Mr. J. P. Gotschall. As with the Pension Plan, this plan was also frozen as of March 1, 2003 and, consequently, although the plan will otherwise continue, the plan ceased the accrual of additional pension benefits for periods after March 1, 2003.

401(k) Plan - The Company maintains a defined contribution plan, which has been qualified under section 401(k) of the IRC, and which covers all non-union, salaried employees of the Company's U. S. operations, including the executive officers and certain other key employees. The plan provides that covered employees may defer and contribute to the plan a certain percentage of their annual salary, as defined and subject to certain IRC limitations, and the Company will provide a nondiscretionary matching contribution equal to (i) 100.0% of the employees contributed amount, up to the initial 1.0% of the employees' elective deferral contribution, and (ii) 80.0% of the next 5.0% of the employees' elective deferral contribution. Covered employees may also contribute pre-tax amounts in excess of 6.0%, subject to certain IRC limitations, that will not be eligible for the Company matching contributions. If and/or when Company performance levels support it, there may also be a discretionary Company matching contribution amount, up to 4.0% of the covered employees' annual cash compensation (and also based on the employees' elective deferral contribution level), to be determined annually by the Board of Directors of the Company. For fiscal 2011, the Company will make an additional discretionary matching contribution of 1.7%. The employees' contributions and the Company matching contribution may be placed, at the direction of the employee, in various combinations of fixed income and equity investments. For fiscal 2011, the Company's combined matching contributions provided under its 401(k) plan to Mr. J. P. Gotschall, Mr. J. P. Woidke and Mr. F. A. Cappello were valued at \$14,000, \$13,000 and \$10,500, respectively.

Perquisites and Other Benefits - The following other benefits are generally available to all salaried employees of the Company: (i) 100% of the premium cost for term life insurance coverage with a death benefit equal to 150% of such employees' annual base compensation and (ii) 50% of the premium cost for long term disability coverage (if such coverage is elected by the employee) with income replacement equal to 60% of such employees' annual base compensation up to a maximum of \$120,000 per year.

Change-in-Control Agreements and Severance Agreements The Company has entered into change-in-control agreements and/or severance agreements with certain of its executive officers because it believes that such agreements serve to protect the Company and such executive officers in the event of involuntary termination of such executives for other than cause and/or as a result of a change-in-control of the Company. The purpose of these agreements is to reinforce and encourage the continued attention and dedication of these executive officers to their assigned duties without distraction in the face of (i) solicitations by other employers and (ii) the potentially disturbing circumstances arising from the possibility of a change in control of the Company. These agreements are discussed below under Potential Payments upon Termination or Change-in-Control.

Defined Benefit Pension Plan

The amounts stated in the foregoing Summary Compensation Table do not include amounts related to a change in the value of pension benefits payable to either Mr. J. P. Gotschall or Mr. F. A. Cappello because, as described below, the Company's qualified, non-contributory pension plan known as the SIFCO Industries, Inc. Salaried Retirement Plan (the Retirement Plan) is frozen and, therefore, no additional benefits accrued to either

Mr. J. P. Gotschall or Mr. F. A. Cappello in fiscal 2011. Both Mr. J. P. Gotschall and Mr. F. A. Cappello participate in the Retirement Plan on the same basis as other salaried employees. Mr. J. P. Woidke's employment with the Company began subsequent to March 1, 2003, the date on which the Retirement Plan was frozen. Mr. M. S. Lipscomb does not participate in any of the Company's retirement plans.

The Summary Compensation Table on page 15 includes both base salary and incentive compensation. Benefits payable under the Retirement Plan are calculated using only base salary. Under the terms of the Retirement Plan, as amended March 1, 2003 to cease the accrual of future retirement benefits as of that date, the amount of normal annual retirement benefit payable to a participating employee is generally based upon (i) years of service with the Company prior to normal retirement date but limited to service through March 1, 2003; (ii) final average earnings (average base salary during the 60 consecutive month period, within the 120 month period preceding March 1, 2003, during which the total amount of base salary was the highest); and (iii) average Social Security covered compensation. For an employee retiring with 25 years of service or less as of March 1, 2003, the benefit is equal to 2.144% of final average earnings minus .625% of average Social Security covered compensation multiplied by years of service up to 25 years. If an employee has more than 25 years of service as of March 1, 2003, the benefit is increased by 1.25% of final average earnings multiplied by his years of service in excess of 25 years. The amount so determined is payable in the form of a single life annuity or, under certain circumstances, a lump sum payment. Under the IRC, the maximum annual benefit payable under the Retirement Plan to covered employees is limited to \$195,000 per year for fiscal 2011. Such limit was \$160,000 in fiscal 2003, the year in which benefits under the Retirement Plan were frozen.

Supplemental Executive Retirement Plan

The maximum amount of final average earnings used to compute benefits under the Retirement Plan is limited by the IRC. Therefore, in response to such limitations, the Company established a non-qualified Supplemental Executive Retirement Plan (SERP) to provide covered employees with a benefit amount equal to what they would have been entitled to receive under the Retirement Plan, as of March 1, 2003, if no such limitations existed.

The estimated annual retirement benefit under the combined plans for each participant is based upon the base salary at March 1, 2003, the date on which benefits under the Retirement Plan and SERP ceased to accrue for all participants. The payments by the Company to fund the benefits under the Retirement Plan and SERP are actuarially determined.

For each individual named in the Summary Compensation Table who is covered by benefits under either the Retirement Plan or SERP, set forth below is information relating to such person's benefits under the combined plans as of September 30, 2011.

Name	Plan Name	Number of Years Credited Service (#) (1)	Annual Accumulated Plan Benefits (\$)(1)	Payments During Last Fiscal Year (\$)
Jeffrey P. Gotschall	SIFCO Industries, Inc. Salaried Retirement Plan and Supplemental Executive Retirement Plan	29.7	143,300	-0-
Frank A. Cappello	SIFCO Industries, Inc. Salaried Retirement Plan	3.1	7,500	-0-

- (1) The annual accumulated plan benefits payable upon retirement and the number of years of credited service are measured through March 1, 2003, the date on which further benefits under both plans ceased to accrue for all participants.

Potential Payments Upon Termination or Change-in-Control

The Company has entered into a Change in Control and Severance Agreement with Mr. J. P. Woidke, which provides severance benefits in the event of his involuntary termination with or without a change in control. The Company has entered into a Change in Control Severance Agreement with Mr. F. A. Cappello, which provides severance benefits in the event of his involuntary termination resulting from a change in control. In addition, the Company has entered into a Separation Pay Agreement with Mr. F. A. Cappello, which provides severance benefits in the event of his involuntary termination with or without a change in control. These agreements are intended to protect the Company and such key executive officers in the event of their involuntary termination for other than cause and/or as a result of a change in control of the Company. The purpose of these agreements is to reinforce and encourage the continued attention and dedication of these executives to their assigned duties without distraction in the face of (i) solicitations by other employers and (ii) the potentially disturbing circumstances arising from the possibility of a change in control of the Company. These agreements provide the following benefits:

In the case of Mr. J. P. Woidke, the Change in Control and Severance Agreement provides for a lump sum severance payment equal to 150% of his annual compensation in effect at the time of termination, including base salary plus annual cash incentive, continuation of health and welfare insurance coverage for up to 24 months following termination, and accelerated vesting of existing equity incentive awards determined on a pro rata basis. For purposes of determining annual compensation relative to severance payments, the annual cash incentive portion of Mr. J. P. Woidke's annual compensation is determined by calculating an average of the annual cash incentive amounts awarded to him during the three (3) fiscal years prior to termination.

In the case of Mr. F. A. Cappello, (i) the Change in Control Severance Agreement provides for a lump sum severance payment equal to 100% of his annual base salary in effect at the time of termination, continuation of health and welfare insurance coverage for up to 24 months following termination, and accelerated vesting of existing equity incentive awards determined on a pro rata basis; and (ii) the Separation Pay Agreement provides Mr. F. A. Cappello with a lump-sum severance payment equal to 150% of his annual compensation in effect at the time of termination, including base salary plus annual cash incentive, continuation of health and welfare insurance coverage for up to 18 months following termination and accelerated vesting of existing equity incentive awards determined on a pro rata basis. For purposes of determining annual compensation relative to severance payments under the Separation Pay Agreement, the annual cash incentive portion of Mr. F. A. Cappello's annual compensation is determined by calculating an average of the annual cash incentive amounts awarded to him during the three (3) fiscal years prior to termination.

There are no agreements in place with respect to payments to be made to either Mr. J. P. Gotschall or Mr. M. S. Lipscomb in the event of their respective terminations.

The following table describes the potential payments upon termination of employment of Mr. J. P. Woidke and Mr. F. A. Cappello. The table assumes the executives' employment was terminated on September 30, 2011, the last business day of the Company's 2011 fiscal year.

- (1) Each director, other than Mr. J. G. Chapman Sr., was awarded 1,780 restricted shares of the Company's common stock. Fair value is based on (i) the number of restricted stock awards granted in fiscal 2011 multiplied by (ii) the closing market price of the Company's Common Shares on the NYSE Amex Exchange on the date of grant, which was \$16.30.
- (2) All other compensation consists of (i) with respect to Mr. H. D. Smith, payments made to Forged Aerospace Sales, LLC during fiscal 2011 under the Sales Representative Agreement, further described below, for services other than as director, and (ii) with respect to all directors, amounts contributed by the Company's charitable foundation to educational organizations on behalf of such directors in the form of matching gifts.
- (3) Mr. J. G. Chapman, Sr. was appointed a director of the Company in August 2011.

(4) Mr. F. N. Nichols resigned from the Board of Directors in August 2011.

Each director of the Company (other than directors who are employed by the Company) receives an annual retainer fee of \$25,000; the four independent directors receive an additional \$4,000 per year for being members of the standing committees of the Board. The Audit Committee chairperson receives an additional \$12,000, the Compensation Committee chairperson receives an additional \$7,000 and all other Board Committee chairpersons receive an additional \$5,000 per year. The Company has designed its directors' compensation structures with the objective of targeting a competitive level of pay as measured against similarly situated companies. In January 2011, the Company's shareholders approved an amendment to the 2007 LTIP Plan, which amendment made directors eligible to participate in the 2007 LTIP.

Mr. H. D. Smith previously held several executive level positions with the Company and, in connection with his resignation from the Company, Mr. Smith entered into a Sales Representative Agreement with the Company, the terms of which are substantially the same as the terms of other agreements the Company maintains with its third-party sales representatives. Compensation under the Sales Representative Agreement, which resulted in payments of \$244,600 in fiscal 2011, is based strictly upon earned sales commissions with no guaranteed minimum obligation to Mr. Smith and/or to Forged Aerospace Sales, LLC.

PROPOSAL 2 TO RATIFY THE DESIGNATION OF AUDITORS

The firm of Grant Thornton LLP has been the Company's independent registered public accounting firm since 2002. The Board of Directors has chosen that firm to audit the accounts of the Company and its consolidated subsidiaries for the fiscal year ending September 30, 2012, subject to the ratification of the shareholders for which the affirmative vote of a majority of the Common Shares present and voting at the 2012 Annual Meeting (in person or by proxy) is required. Proposal No. 2 is a non-binding proposal. Although shareholder ratification is not required under the laws of the State of Ohio, the appointment of Grant Thornton LLP is being submitted to the Company's shareholders for ratification at the 2012 Annual Meeting in order to provide a means by which our shareholders may communicate their opinion to the Audit Committee. If our shareholders do not ratify the appointment of Grant Thornton LLP, the Audit Committee will reconsider the appointment, but is not obligated to change the appointment, and may for other reasons be unable to make another appointment. Grant Thornton LLP has advised the Company that neither the firm nor any of its members or associates has any direct or indirect financial interest in the Company or any of its affiliates other than as auditors.

Board Recommendation - the Board of Directors recommends that you vote **FOR** the ratification of the selection of Grant Thornton LLP as the independent registered public accounting firm of the Company for the year ending September 30, 2012. Unless you instruct otherwise on your proxy card or in person, your proxy will be voted in accordance with the Board's recommendation.

Representatives of Grant Thornton LLP are expected to be present at the 2012 Annual Meeting with the opportunity to make a statement if they desire to do so and to be available to respond to appropriate questions.

A shareholder who intends to present a proposal at the 2013 Annual Meeting, and who wishes to have the proposal included in the Company's proxy statement and form of proxy for that meeting, must deliver the proposal to the Company no later than August 17, 2012. NO INCORPORATION BY REFERENCE.

The Compensation Committee Report and the Audit Committee Report (including reference to the independence of the Audit Committee members) are not deemed filed with the SEC or subject to the liabilities of

Section 18 of the Exchange Act, and shall not be deemed incorporated by reference into any prior or future filings made by us under the Securities Act, or the Exchange Act, except to the extent that we specifically incorporate such information by reference. The section of this Proxy Statement entitled "Compensation Discussion and Analysis" is specifically incorporated by reference in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2011.

NOTICE REGARDING DELIVERY OF SECURITY HOLDER DOCUMENTS.

The SEC now permits companies to send a single set of annual disclosure documents to any household at which two or more stockholders reside, unless contrary instructions have been received, but only if the company provides advance notice and follows certain procedures. In such cases, such stockholders continue to receive a separate notice of the meeting and proxy card. This "householding" process reduces the volume of duplicate information and reduces printing and mailing expenses. The Company has not instituted householding for shareholders of record; however, a number of brokerage firms may have instituted householding for beneficial owners of the Company's Common Shares held through such brokerage firms. If your family has multiple accounts holding shares of Common Shares of the Company, you already may have received householding notification from your broker. Please contact your broker directly if you have any questions or require additional copies of the annual disclosure documents. The broker will arrange for delivery of a separate copy of this Proxy Statement or our Annual Report promptly upon your written or oral request. You may decide at any time to revoke your decision to household, and thereby receive multiple copies.

EXECUTIVE OFFICERS OF THE COMPANY.

This Annual Report will be delivered to our shareholders with the Proxy Statement. Copies of the Company's filings with the SEC, including the Annual Report, are available to any shareholder through the SEC's internet website at <http://www.sec.gov> or in person at the SEC's Public Reference Room at 100 F Street, N.E., Room 1580, Washington, DC 20549.
