Item 2.06 Material Impairments

Healthcare Realty Trust Incorporated (the Company) has identified five properties for disposal. In connection with its planned disposal of these properties, the Company determined on December 30, 2011, that the carrying value of the properties upon sale would not likely be fully recoverable. Accordingly, the Company expects to record an aggregate impairment charge on these five properties of approximately \$5.0 million in the fourth quarter of 2011. This impairment will result in an aggregate total net investment in the properties of approximately \$7.5 million. Two of these properties are located in Florida, two are located in Texas and one is located in Tennessee. As of the date of this report, two of these properties are under contract for sale or are in advanced stages of negotiations and the remaining three are marketed for sale. Closings are expected to occur throughout 2012.

Item 8.01 Other Events

On December 12, 2011, the Company sold two properties in Massachusetts for a purchase price of \$14.6 million. The Company's net investment in these properties was approximately \$8.8 million, and the Company expects to realize a gain on sale of approximately \$5.6 million, net of transaction costs, in the fourth quarter of 2011.

The estimated aggregate net proceeds from the sale of the seven properties described in this report are expected to total approximately \$22.0 million. The Company expects to apply the proceeds from these transactions to fund investment activities, including construction in progress, and for general corporate purposes. The Company will record in its fourth quarter results for 2011 the gain of approximately \$5.6 million and the impairment of approximately \$5.0 million referenced above.
