We are amending and refiling Part IV to reflect the inclusion of those certifications.

Except as described above, no other changes have been made to the Original Filing. Except as otherwise indicated herein, this Amendment continues to speak as of the date of the Original Filing, and we have not updated the disclosures contained therein to reflect any events that occurred subsequent to the date of the Original Filing. The filing of this Annual Report on Form 10-K/A is not a representation that any statements contained in items of our Annual Report on Form 10-K other than Part III, Items 10 through 14, and Part IV are true or complete as of any date subsequent to the Original Filing.

ITEM 11. EXECUTIVE COMPENSATION COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis of our compensation arrangements with our named executive officers should be read together with the compensation tables and related disclosures set forth elsewhere in this Amendment No. 1 to Annual Report on Form 10-K/A. Our named executive officers for the year ended December 31, 2011 are Magid M. Abraham, Kenneth J. Tarpey, Gian M. Fulgoni, Gregory T. Dale and Christiana L. Lin. This discussion contains forward-looking statements that are based on our current plans and expectations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Our Philosophy

The objective of our compensation programs for employees is to attract and retain top talent. Our compensation plans are designed to motivate and reward employees for achievement of positive business results and also to promote and enforce accountability. In determining the compensation arrangement of our named executive officers, we are guided by the following key principles:

Attract and Retain Top Talent. Our compensation arrangements should be sufficient to allow us to attract, retain and motivate named executive officers with the necessary skills and talent to successfully manage our business. In order to attract, motivate and retain such executives, we seek to compensate our named executive officers at total compensation levels of at least the 50th percentile of our identified peer group, with opportunities to reward stronger performers at levels as much as the 75th percentile of that peer group.

Table of Contents

Promote Business Performance Accountability. Compensation should be tied, in part, to the performance of the portion of the business for which a named executive officer is responsible and how that named executive officer's business unit or area performs and contributes to the overall financial performance of our business.

Promote Individual Performance Accountability. Compensation should be tied, in part, to the individual named executive officer's performance to encourage and reflect individual contributions to our performance.

Align Stockholder Interests. Compensation should be tied, in part, to our financial performance through equity awards, which help to align our named executive officers' interests with those of our stockholders.

Application of our Philosophy

We believe that our executive compensation and benefit program balances short-term and long-term components, cash and equity elements, and fixed and contingent payments. We apply our compensation philosophy using both quantitative and qualitative standards to incentivize our named executive officers and reward them for achieving the following goals:

develop a culture that embodies a passion for our business and a drive to achieve and exceed established goals and objectives;

provide leadership to the organization in such a way as to maximize the results of our business operations;

lead us by demonstrating forward thinking in the operation, development and expansion of our business; and

effectively manage organizational resources to derive the greatest value possible from each dollar invested.

Our executive compensation structure aims not only to compensate top talent at levels that we believe are generally at the 50th percentile or greater of an identified peer group, but also to be fair relative to compensation paid to other professionals within our organization, relative to our short- and long-term performance results and relative to the value we deliver to our stockholders. In some instances, we may seek to compensate at levels that we believe are at other than the 50th percentile of our identified peer group in the event that our compensation committee believes such compensation structure would be in our best interest to attract the appropriate talent to meet our needs. We seek to maintain a performance-oriented culture with a compensation approach that rewards our executive officers when we achieve and exceed our goals and objectives, while putting at risk an appropriate portion of their compensation against the possibility that our

Table of Contents

goals and objectives may not be achieved. Our compensation committee considers both qualitative and quantitative factors as measures of individual performance and weights these factors as appropriate in assessing a particular individual's performance. Overall, our approach is designed to relate the compensation of our named executive officers to the following: the achievement of short- and long-term goals and objectives; their willingness to challenge and improve existing policies and structures; and their capability to take advantage of unique opportunities and overcome difficult challenges within our business.

2011 Compensation Actions

We provided stockholders a say-on-pay advisory vote on our executive compensation in 2011 under recently adopted rules under Section 14A of the Securities Exchange Act of 1934, as amended. At our 2011 Annual Meeting of Stockholders, stockholders expressed substantial support for the compensation of the Company's NEOs, with nearly 80% of the votes cast for approval of the say-on-pay advisory vote. Our compensation committee carefully evaluated the results of the 2011 advisory vote, in connection with its evaluation of our executive compensation programs more generally. Taking into account the results of the say-on-pay vote, along with other factors such as our corporate business objectives and the compensation committee's review of peer group data (as discussed in more detail below), the compensation committee did not make any changes to the Company's executive compensation program and policies as a result of the 2011 say-on-pay advisory vote.

Role of Our Compensation Committee

Our compensation committee approves, administers and interprets our executive compensation and benefit policies, including our 1999 Stock Plan, our 2007 Equity Incentive Plan and our compensation, incentives and benefits programs. Our compensation committee is appointed by our board of directors, and consists entirely of directors who are outside directors for purposes of Section 162(m) of the Internal Revenue Code, non-employee directors for purposes of Rule 16b-3 under the Securities Exchange Act of 1934, as amended, and independent directors under the listing standards of the NASDAQ Stock Market. Our compensation committee is comprised of Messrs. Henderson, Katz and Mohn, and is chaired by Mr. Henderson.

Our compensation committee reviews and approves our executive compensation and benefit program to ensure that it is consistent with our compensation philosophy and corporate governance guidelines. Our compensation committee also is responsible for establishing the executive compensation packages offered to our named executive officers.

Our compensation committee has taken the following steps to ensure that our executive compensation and benefit program is consistent with both our compensation philosophy and our corporate governance guidelines:

regularly reviewed the performance of and the total compensation earned by or awarded to our Chief Executive Officer and Executive Chairman independent of input from them;

examined on an annual basis the performance of our other named executive officers with assistance from our Chief Executive Officer and Executive Chairman and approved compensation packages that are believed to be consistent with or more attractive than those generally found in the executive's marketplace;

Table of Contents

regularly held executive sessions of compensation committee meetings without management present; and

engaged outside compensation consultants to review our executive compensation practices and provide comparison to other opportunities in the marketplaces for our named executive officers in connection with setting compensation for our 2011 bonus target levels and 2011 fiscal year base salaries and equity-award levels.

Utilization of Outside Compensation Consultants

Consistent with the last several years, our compensation committee has selected and directly engaged the services of an independent executive compensation consulting firm, Compensia. The compensation committee originally selected Compensia in 2009 and has continued to retain Compensia because Compensia's primary focus is on technology companies and because of its familiarity and experience in advising the compensation committees for the boards of directors of technology companies. No member of the compensation committee or any named executive officer has any affiliation with Compensia. Compensia has not performed any other work for us, and it has reported directly to the chairman of the compensation committee. Compensia is engaged to conduct an annual compensation study for the compensation committee of our board of directors, including without limitation, selection of a peer group, reporting on our compensation as compared to our peers, and providing recommendations to the compensation committee on adjustments to our compensation plans and approaches to support our compensation philosophy.

Fees of the Compensation Committee Consultants

The aggregate fees billed by Compensia for 2011 to provide advice or recommendations on the amount or form of executive and director compensation did not exceed \$120,000 individually or in the aggregate. Compensia did not provide additional services to us or our affiliates during 2011.

Review of Compensation Policies for 2011 Fiscal Year

In the fourth quarter of 2010, as part of our ongoing commitment to link current compensation levels to our compensation philosophy and business strategy, our compensation committee requested that Compensia review our direct compensation, including base salary, total cash compensation and total direct compensation. Also in 2010, our compensation committee requested that Compensia review our identified peer group and recommend appropriate improvements.

Compensia provided a report to the compensation committee in October 2010 with observations and analyses regarding the direct compensation of our named executive officers. The 2010 study referenced both published compensation survey data of comparably-sized companies and a valuation peer group determined based on inputs from investment banks as well as management input as to companies with whom we compete for executive talent, with median annual revenues of up to twice our annual revenues. All of the companies included in the peer group are providers of digital marketing intelligence or related analytical products and services, marketing services and solutions or survey services. Specifically, the peer group consisted of the following companies:

| | | |
|--------------------------|-----------------------|----------------|
| Arbitron Inc. | Kenexa | SuccessFactors |
| Constant Contact | Liquidity Services | Taleo |
| Costar Group | LogMeIn | TechTarget |
| Dice Holdings | LoopNet | The Knot |
| Forrester Research, Inc. | QuinStreet | ValueClick |
| Internet Brands | Rightnow Technologies | |

Table of Contents

Our identified peer group for our 2011 compensation changed somewhat from the group previously identified and used in prior periods. Upon consultation with the compensation committee and management, as well as upon conducting independent research, Compensia recommended the group identified above. The changes in composition from 2010 were due to several factors, including the determination by Compensia to better align our recommended peer group with similarly-sized companies in the technology space with similar growth characteristics as our own business. Based on this criteria, we added Constant Contact, LogMeIn, QuinStreet, Rightnow Technologies, and Taleo. We also eliminated certain companies from our prior peer group due to the impact of the changing economy on identified firms as well as certain firms leaving the market altogether, including Bankrate, Corporate Executive Board, Omniture, Marchex, Unica, and Web.com.

Our compensation committee chose the 50th percentile of this peer group for our compensation components with a view towards what our compensation committee believed to be fair to our named executive officers and to the company as well as consistent with industry practices in the technology sector. In making such determination, our compensation committee considered such factors as the stage of our company's development, the size and characteristics of our company, based on both headcount and operations and balance sheet characteristics, as well as the expected future characteristics of our business relative to our identified peer group.

Based on the inputs from Compensia and our management as well as their own review, our compensation committee determined that our named executive officers' compensation package for our 2011 fiscal year continued to fall within the 50th percentile range of the identified peer group for executive compensation, and target annual incentives, total cash compensation and total direct compensation were all in line with market medians, with the flexibility to exceed up to the 75th percentile range of the identified peer group. Our compensation committee further determined that Mr. Tarpey's base salary for our 2011 fiscal year continued to fall within the 50th percentile range of our identified peer group for executive base salary. However, each of Dr. Abraham, Messrs. Fulgoni and Dale and Ms. Lin's base salary for our 2011 fiscal year did not fall within the 50th percentile range of our identified peer group for executive base salary.

Although Dr. Abraham's and Mr. Fulgoni's base salaries were found to be below the 50th percentile range in 2011, our compensation committee determined that Dr. Abraham's and Mr. Fulgoni's compensation packages were heavily weighted in equity compensation. Such equity component was found to have counterbalanced the shortfall in base salary such that Dr. Abraham's and Mr. Fulgoni's compensation packages remained consistent with our compensation philosophy. Moreover, the compensation committee believed that the heavier weighting towards equity compensation would better align Dr. Abraham's and Mr. Fulgoni's interests with the long-term interests of the company and our stockholders. Although Mr. Dale and Ms. Lin's base salaries were found to be below the 50th percentile range in 2011, our compensation committee determined that their total compensation packages were appropriate for the scope of work performed in 2011.

Our compensation committee believes that our current compensation format and the target levels are consistent with our targeted range of our identified peer group. In reaching these decisions, the compensation

Table of Contents

committee considered the importance of providing increased incentive opportunities to our named executive officers in equity, which would help better align the long-term incentives of those executives with the incentives of our stockholders.

Components of our Executive Compensation Program

Our executive compensation program consists of three components: base salary, short- and long-term equity incentives (including equity awards in the form of restricted stock units, restricted stock awards, and, less frequently, stock options) and benefits.

Our compensation committee evaluates executive compensation and strives to apply the mix of these components in a manner that implements our philosophy while meeting our objectives to attract and retain top talent using compensation that is consistent with or more attractive than other opportunities while also adjusting for individual relative performance and responsibilities as well as our business goals. Our compensation committee has no formal policy for allocating compensation among the compensation components described above, but it does strive to set each component at levels that are consistent with the 50th percentile range of our identified peer group.

Base Salary

Base salary is used to recognize the experience, skills, knowledge and responsibilities required of each named executive officer, as well as to reflect market conditions as indicated by reference to our peer group. As we initially considered our named executive officers' compensation for 2011, base salary determinations were guided primarily by our objective to provide compensation at levels to attract and retain top talent. In establishing the 2011 base salaries of the named executive officers, our compensation committee and management took into account a number of factors, including the executive's seniority, position and functional role, level of responsibility and his or her accomplishments against personal and group objectives. In addition, we considered the market for corresponding positions within comparable geographic areas and industries as well as the state of our business and our cash flows. In initially setting 2011 base salaries, the compensation committee and management also compared their assessments to input provided by Compensia.

The base salaries of each of our named executive officers are reviewed on an annual basis and adjustments are made following each fiscal year, within the context of our overall annual merit increase structure, and at other times as appropriate, in each case to reflect performance-based factors, marketplace conditions and the overall performance of our business. We do not apply specific formulas to determine increases. We considered the following when evaluating named executive officers' salaries:

their achievement of specific objectives established during the prior review;

an assessment of their professional effectiveness, consisting of a portfolio of competencies that include leadership, commitment, creativity and organizational accomplishment;

their knowledge, skills and abilities, focusing on capabilities, capacity and the ability to drive results; and

external factors such as the marketplace for the named executive officers, the state of our business and the condition of the global economy.

Table of Contents

Dr. Abraham, our Chief Executive Officer, periodically reviewed the performance of our named executive officers in the context of the factors noted above and recommended to the compensation committee any base salary changes deemed appropriate.

In late 2010, in connection with input provided by Compensia, our compensation committee evaluated the base salaries of our named executive officers for our 2011 fiscal year. Although all of our named executive officers achieved various objectives and demonstrated improvements in their personal capacities during 2010, the compensation committee continued to heavily consider the external market factors and economic conditions in its review of our named executive officers' respective compensation arrangements. With the exception of Dr. Abraham and Mr. Fulgoni, our compensation committee determined to set base salaries of our named executive officers for our 2011 fiscal year using percentages that were consistent with the Company's overall annual merit guidelines. Our compensation committee believed that such levels were appropriate for the work performed in 2011.

On March 15, 2011, our compensation committee approved the payment of stock to Dr. Abraham and Mr. Fulgoni in lieu of cash salary for the period from March 1, 2011 through December 31, 2011. The stock was to be issued as soon as practicable at the end of our 2011 fiscal year and would be fully vested at the time it was issued, but was subject to each remaining employed through January 1, 2012. The 2011 annual salary for Dr. Abraham and Mr. Fulgoni established by our compensation committee was \$393,100 and \$346,000, respectively. This payment arrangement was made in an effort to increase Dr. Abraham and Mr. Fulgoni's shareholdings, and through possession of shares of restricted stock, Dr. Abraham and Mr. Fulgoni would further participate in the long-term results of their efforts, whether by appreciation of our company's value or the impact of business setbacks, either company-specific or industry based.

Notwithstanding the foregoing proposal, on April 28, 2011, our compensation committee ultimately determined to award the amounts otherwise payable in restricted stock for Dr. Abraham's and Mr. Fulgoni's respective salary discussed above in the form of restricted stock units in order to maximize our ability to deduct such amount for income tax purposes. Each of Dr. Abraham and Mr. Fulgoni were awarded 13,357 and 11,654 unvested restricted stock units, respectively, based on their respective 2011 annual salary amounts and a value per share of \$29.43, the closing price of our common stock as reported on the NASDAQ Global Select Market at the time of grant, representing the maximum possible award for each of foregone cash salary. Such awards remained subject to vesting until January 1, 2012.

The restricted stock units representing the foregone cash salaries of each of Dr. Abraham and Mr. Fulgoni vested on January 1, 2012. Because the value of the restricted stock units awarded to Dr. Abraham and Mr. Fulgoni for foregone cash salary was less than the actual amount of salary foregone based on the closing price of our common stock as reported on the NASDAQ Global Select Market on December 31, 2011, we awarded 1,498 and 1,343 additional shares of common stock to Dr. Abraham and Mr. Fulgoni, respectively, to account for the shortfall in value at year end.

The annual base salaries for 2010 and 2011 for each named executive officer are set forth below:

| Name and Principal Position | 2010 | 2011(1) | Percentage Change |
|---|-------------|----------------|--------------------------|
| Magid M. Abraham, Ph.D. <i>President, Chief Executive Officer and Director</i> | \$ 393,125 | \$ 393,100(2) | (0.03)% |
| Kenneth J. Tarpey <i>Chief Financial Officer</i> | 300,000 | 315,000 | 5.00% |
| Gian M. Fulgoni <i>Executive Chairman of the Board of Directors</i> | 346,875 | 346,000(2) | (0.25)% |
| Gregory T. Dale <i>Chief Operating Officer*</i> | 277,874 | 290,000 | 4.36% |
| Christiana L. Lin <i>Executive Vice President, General Counsel and Chief Privacy Officer</i> | 252,063 | 265,000 | 5.13% |

* In March 2012, Mr. Dale's title and role changed to Executive Vice President, International. Mr. Dale was our Chief Operating Officer throughout 2011.

(1) All amounts effective beginning March 1, 2011.

(2) For the period from March 1, 2011 through December 31, 2011, Messrs. Abraham and Fulgoni received payment of stock in lieu of cash salary. The annual base salary for Dr. Abraham and Mr. Fulgoni was \$393,100 and \$343,000, respectively.

Equity-Based Compensation

Equity-based incentives are primarily guided by our objective of aligning named executive officers with the interests of our stockholders. Grants of stock options, restricted stock units and restricted stock made to executive officers are designed to provide them with incentive to execute their responsibilities in such a way as to generate long-term benefit to us and our stockholders. Through possession of stock options, restricted stock units and shares of restricted stock, our executives participate in the long-term results of their efforts, whether by appreciation of our company's value or the impact of business setbacks, either company-specific or industry based. Additionally, stock options, restricted stock units and shares of restricted stock provide a means of ensuring the retention of named executive officers, in that they are in almost all cases subject to vesting over an extended period of time, often multiple years.

Restricted stock units and shares of restricted stock are granted periodically, and are typically subject to vesting based on the executive's continued employment. Historically, most of these grants were designed to vest evenly over four years, beginning on the date of the grant. We have also less frequently used stock options in prior periods.

We typically use shares of restricted stock as a form of both short- and long-term compensation. Our compensation committee has preferred the use of restricted stock in favor of stock options ever since our common stock has become publicly traded because it results in less dilution of our existing stockholders, it provides some immediate, tangible value to our employees, and it also does not require cash outlay by our employees. At the same time, restricted stock with vesting promotes employee retention while incentivizing our employees to pursue long-term growth initiatives. We expect to continue to predominantly use restricted stock awards in favor of stock options as a form of short- and long-term, stock-based compensation for the foreseeable future. However, we have also used restricted stock units as a means to maximize our ability to deduct compensation expense for income tax purposes. For example, Dr. Abraham's and Mr. Fulgoni's equity incentive compensation was issued in the form of restricted stock units on April 28, 2011 in order to maximize our ability to deduct such amount for income tax purposes.

Upon joining us, each named executive officer has generally been granted an initial restricted stock award that is primarily based on competitive conditions applicable to the executive's specific position. In addition, the compensation committee considers the number of shares subject to equity awards owned by other executives in comparable positions within our company when determining the number of shares to grant.

Table of Contents

to each executive, as well as the number of shares that remain unvested. Based upon input provided by Compensia and reviewed by our compensation committee, we believe this strategy is consistent with the approach of our peer group and, in our compensation committee's view, is appropriate for aligning the interests of our executives with those of our stockholders over the long term.

Periodic awards to named executive officers are made based on an assessment of their sustained performance over time, their ability to effect results that drive value to our stockholders and their level of responsibility within our organization. Dr. Abraham, our Chief Executive Officer, periodically reviews the performance of our other named executive officers on this basis and recommends any equity awards to our compensation committee. The compensation committee reviews and approves any such recommendations as appropriate.

2011 Executive Incentive Compensation Policy

In March 2011, our compensation committee approved 2011 short-term and long-term bonus target and maximum levels for each of our named executive officers. These target levels and the actual amounts paid out were as follows for 2011:

| Name and Principal Position | Value of Short-Term Performance-Based Stock Bonus Level for Annual Performance at Time of Grant | | | Value of Long-Term Performance-Based Stock Bonus Level for Annual Performance at Time of Grant | | |
|---|---|------------|---------------|--|--------------|---------------|
| | Target | Maximum | Actual(1) | Target | Maximum | Actual(1) |
| Magid M. Abraham, Ph.D. <i>President, Chief Executive Officer and Director</i> | \$ 471,750 | \$ 707,625 | \$ 352,316(2) | \$ 1,179,000 | \$ 1,768,500 | \$ 880,511(2) |
| Kenneth J. Tarpey <i>Chief Financial Officer</i> | 98,438 | 147,656 | 73,516 | 295,313 | 442,969 | 220,548 |
| Gian M. Fulgoni <i>Executive Chairman of the Board of Directors</i> | 311,400 | 467,100 | 232,562(2) | 795,800 | 1,193,800 | 594,326(2) |
| Gregory T. Dale <i>Chief Operating Officer*</i> | 58,000 | 87,000 | 53,940 | 174,000 | 261,000 | 161,820 |
| Christiana L. Lin <i>Executive Vice President, General Counsel and Chief Privacy Officer</i> | 66,250 | 99,375 | 51,013 | 198,750 | 298,125 | 153,038 |

* In March 2012, Mr. Dale's title and role changed to Executive Vice President, International. Mr. Dale was our Chief Operating Officer throughout 2011.

- (1) Except as set forth in item (2), the awards for the 2011 executive compensation policy were paid in stock based on the value of our common stock of \$23.16 per share as reported at market close by the NASDAQ Global Select Market on March 16, 2012, the date of payment, as adjusted for rounding for fractional shares.
- (2) The awards made to Dr. Abraham and Mr. Fulgoni were first issued in the form of restricted stock units on April 28, 2011, but remained subject to vesting until the value of the short- and long-term bonuses actually earned by such named executive officer was ultimately determined by the compensation committee on March 16, 2012. On March 16, 2012, the compensation committee determined that Dr. Abraham had earned a long-term performance-based stock bonus of \$880,511 and a short-term performance-based stock bonus of \$352,316 for fiscal 2011 and accordingly 9,504 and 15,212 of the grants set forth above vested for Dr. Abraham on March 16, 2012 based on the closing price of \$23.16 for the Company's common stock on March 16, 2012. Also on March 16, 2012, the compensation committee determined that Mr. Fulgoni had earned a long-term performance-based stock bonus of \$594,326 and a short-term performance-based stock bonus of \$232,562 for fiscal 2011 and accordingly 4,811 and 10,042 of the grants set forth above vested for Mr. Fulgoni on March 16, 2012 based on the closing price of \$23.16 for the Company's common stock on March 16, 2012.

Table of Contents

Notwithstanding the foregoing table, our compensation committee retained discretion to determine the ultimate amount of the short- and long-term incentives earned prior to award, including the authority to eliminate the awards entirely.

These awards were paid out (or in the case of Dr. Abraham and Mr. Fulgoni, first vested) following the end of our 2011 fiscal year on March 16, 2012. The short-term performance-based stock bonus awards at March 16, 2012. One-fourth of the shares subject to the award of the long-term performance-based stock bonus awards to each named executive officer vested at March 16, 2012, and the remaining shall vest annually in three equal installments beginning on March 16, 2013 until the full amount of the award is vested, subject to continued employment through each of the vesting dates.

Our compensation committee believes that this format and the target levels are consistent with or more attractive than other opportunities in those named executive officers' respective marketplaces based on their experience in the marketplace as well as insight provided by Compensia.

Determination of Awards to Dr. Abraham and Messrs. Tarpey and Fulgoni

Under this policy, the award levels established for the 2011 fiscal year for Dr. Abraham and Messrs. Tarpey and Fulgoni were based on a mix of quantitative and qualitative factors, certain of which were the satisfactory completion of specific projects or initiatives. The quantitative milestones varied somewhat from 2010 to reflect the expected financial performance of the company in 2011 as compared to 2010. Our compensation committee selected the targets and the weighting of the targets based on their experience as well as Compensia's input. Profitability measures are more heavily weighted in the interest of incentivizing Dr. Abraham and Messrs. Tarpey and Fulgoni to achieve increased profitable growth for our business as a whole. The 2011 ranges, targets and weighting for Dr. Abraham and Messrs. Tarpey and Fulgoni were calculated based on the following component factors:

| Achievement of | Minimum | Target | Maximum | Weight of Component |
|--|-----------------------|----------|----------|---------------------|
| | (dollars in millions) | | | |
| Milestones for 2011 earnings before interest taxes, depreciation and amortization, or EBITDA | \$ 229.0 | \$ 236.0 | \$ 251.0 | 50% |
| Milestones for 2011 revenue | 45.0 | 52.0 | 59.0 | 30% |
| Individual qualitative factors such as client retention, personnel retention, strategic milestones | N/A | N/A | N/A | 20% |

In March 2012, our compensation committee reviewed our results of operations for 2011 and assessed each of Dr. Abraham and Messrs. Tarpey and Fulgoni's respective qualitative performances. The total bonus for each of Dr. Abraham and Messrs. Tarpey and Fulgoni were determined as follows:

| Name | Percentage Achieved | | | Total Target Short- and Long-Term Bonus |
|-------------------------|-------------------------------|--------------------------------|--------------------------------------|---|
| | EBITDA Milestone (50% weight) | Revenue Milestone (30% weight) | Qualitative Performance (20% weight) | |
| Magid M. Abraham, Ph.D. | 64.8% | 74.2% | 100.0% | 75.0% |
| Kenneth J. Tarpey | 64.8% | 74.2% | 100.0% | 75.0% |
| Gian M. Fulgoni | 64.8% | 74.2% | 100.0% | 75.0% |

Determination of Awards to Mr. Dale and Ms. Lin

The annual performance targets established for the 2011 fiscal year for Mr. Dale and Ms. Lin were based on each respective named executive officer's actual salary earned during 2011 and the achievement of qualitative performance factors such as successful completion and integration of strategic transactions, effective management of their respective organizations, the development and release of new technology or product offerings, successful recruiting and development of our human resources and the successful implementation of strategic initiatives.

Benefits and Perquisites

We provide the following benefits to our named executive officers on the same basis as the benefits provided to all our employees:

health and dental insurance;

life insurance;

short-and long-term disability; and

401(k) plan.

These benefits are consistent with those offered by other companies and specifically with those companies with which we compete for employees.

In general, we do not view perquisites as a significant component of our executive compensation structure. However, the compensation committee has the authority to approve perquisites, primarily for retention purposes or to accommodate specific, and usually temporary, circumstances of executives who do not reside near their work locations.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code of 1986, as amended, and the rules and regulations thereunder may preclude us from deducting certain non-performance-based compensation in excess of \$1,000,000 per year to our named executive officers. We expect the payments made pursuant to our 2011 Executive Compensation Policy to be eligible for deduction; however, we may pay our named executive officers amounts that are not deductible on account of Section 162(m).

Severance and Change of Control Arrangements

Our named executive officers are parties to various agreements that provide certain benefits to those named executive officers in the event of their termination or a change of control of comScore under certain circumstances or both.

We believe the following arrangements are useful retention tools that are particularly necessary in an industry, such as ours, where there is frequent market consolidation. We recognize that it is possible that we may be subject to a change of control, and that this possibility could result in a sudden departure or distraction of our key executives to the detriment of our business. We believe that the following arrangements help to maintain the continued focus and dedication of our executives to their assigned duties to maximize stockholder value without the distraction that could result from the uncertainty of a change of control.

Table of Contents

Change of Control and Severance Agreements

In July 2010, our compensation committee, following consultation with Compensia, approved Change of Control and Severance Agreements for certain members of the our management, including each of our current named executive officers.

Each of these Change of Control and Severance Agreements has a three-year initial term with automatic one-year renewals thereafter, and an automatic 12-month extension following the date of a change of control. Each agreement provides that if, prior to a change of control, we terminate such executive s employment without cause, or such executive resigns from such employment for good reason, then subject to certain covenants such executive would be entitled to the following severance benefits:

payment of all accrued but unpaid vacation, expense reimbursements, wages and other benefits due under our plans, policies and arrangements;

continuing payments at a rate equal to such executive s annual base salary then in effect, for the duration of a specified severance period (as identified in the table below for each such executive), to be paid periodically in accordance with our normal payroll policies; and

reimbursement of COBRA premiums (or an equivalent cash distribution if the executive s severance period exceeds the permitted COBRA participation period) until the earlier of the expiration of the specified severance period or the date that each such executive becomes covered under a similar plan.

The table below identifies the severance period specified in the Change of Control and Severance Agreements for each such executive:

| Name and Principal Position | Severance Period |
|---|-------------------------|
| Magid M. Abraham, Ph.D. <i>President, Chief Executive Officer and Director</i> | 2 years |
| Kenneth J. Tarpey <i>Chief Financial Officer</i> | 1.25 years |
| Gian M. Fulgoni <i>Executive Chairman of the Board of Directors</i> | 1.5 years |
| Gregory T. Dale <i>Chief Operating Officer*</i> | 1 year |
| Christiana L. Lin <i>Executive Vice President, General Counsel and Chief Privacy Officer</i> | 1 year |

* In March 2012, Mr. Dale s title and role changed to Executive Vice President, International. Mr. Dale was our Chief Operating Officer throughout 2011.

Each of the Change of Control and Severance Agreements also provides that if, on or within 12 months after a change of control, such executive s employment is terminated without cause, or any such executive resigns for good reason, then subject to certain covenants each such executive would be entitled to the following severance benefits:

payment of all accrued but unpaid vacation, expense reimbursements, wages and other benefits due under our plans, policies and arrangements;

Table of Contents

a lump sum payment (less applicable withholding taxes) equal to a specified change of control multiple (as identified in the chart below for each such executive) multiplied by such executive's annual base salary in effect immediately prior to such executive's termination date or, if greater, at the level in effect immediately prior to the change of control; and

reimbursement of COBRA premiums (or an equivalent cash distribution if the executive's severance period exceeds the permitted COBRA participation period) until the earlier of the expiration of a specified severance period (as identified in the table above for each such executive) or the date that such executive becomes covered under a similar plan.

The table below identifies the change of control multiple specified in the agreements for each such executive:

| Name and Principal Position | Change of Control Multiple |
|---|-----------------------------------|
| Magid M. Abraham, Ph.D. <i>President, Chief Executive Officer and Director</i> | 2x |
| Kenneth J. Tarpey <i>Chief Financial Officer</i> | 1.25x |
| Gian M. Fulgoni <i>Executive Chairman of the Board of Directors</i> | 1.5x |
| Gregory T. Dale <i>Chief Operating Officer*</i> | 1x |
| Christiana L. Lin <i>Executive Vice President, General Counsel and Chief Privacy Officer</i> | 1x |

* In March 2012, Mr. Dale's title and role changed to Executive Vice President, International. Mr. Dale was our Chief Operating Officer throughout 2011.

Each of the agreements with Messrs. Tarpey and Dale and Ms. Lin provides that if each such executive remains employed by or continues to provide services to us through the one-year anniversary of a change of control, one hundred percent (100%) of such executive's then outstanding and unvested equity awards (excluding stock option grants issued in May 2010, which we refer to as the May 2010 Stock Option Grants, which include their own separate acceleration provisions) as of the date of the change of control shall accelerate and become vested in full. The agreements for Dr. Abraham and Mr. Fulgoni provide for accelerated vesting of one hundred percent (100%) of their then outstanding and unvested equity awards (excluding the May 2010 Stock Option Grants, which include their own separate acceleration provisions) upon a change of control. Such single-trigger acceleration is consistent with existing equity awards held by Dr. Abraham and Mr. Fulgoni.

These Change of Control and Severance Agreements supersede any existing severance or change of control provisions included in our named executive officer's respective employment agreements or letter agreements.

In the event that the benefits under an Agreement would (i) constitute parachute payments within the meaning of Section 280G of the Internal Revenue Code (the Code) or (ii) would be subject to the excise tax imposed by Section 4999 of the Code, each such executive would receive such payment as would entitle such executive to receive the greatest after-tax benefit.

Table of Contents

The effects of these arrangements are described under Executive Compensation Potential Payments upon Termination or Change-in-Control. We believe that these arrangements will help our executive officers maintain continued focus and dedication to their responsibilities to help maximize stockholder value if there is a potential transaction that could involve a change of control. We also believe these arrangements are competitive with arrangements offered to senior executives at companies with whom we compete for executive talent and are necessary to the achievement of our business objective of management retention.

The amounts representing the target awards were pre-established as a percentage of salary. The maximum is the greatest payout which can be made if the pre-established maximum performance level is met or exceeded. The policy also provides that the entire bonus amount shall be paid in shares of restricted stock valued at the time of grant. Actual payouts under our 2011 executive short- and long-term compensation policy were approved on March 16, 2012 and are reflected in the Equity Incentive Plan Compensation column of the Summary Compensation Table above for 2011 in each case for each named executive officer.
- (2) Amounts represent fair value of awards granted in the fiscal year as calculated in accordance with FASB ASC Topic 718 and as further described in Note 11 of the Notes to our Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2011.

These awards remained subject to vesting until the value of the short- and long-term bonuses actually earned by such named executive officer was ultimately determined by the compensation committee on March 16, 2012 to be 75% of target.
- (4) The referenced grant was issued as part of our 2010 executive long-term compensation policy earned for the 2010 fiscal year but issued in 2011. This award is reflected in the Non-Equity Incentive Plan Compensation column of the preceding Summary Compensation Table for 2010 for each respective named executive officer.

Compensation Risk Assessment

Our compensation committee and management have considered whether our compensation programs for employees create incentives for excessive or unreasonable risks that could have a material adverse effect on us. Our compensation committee believes that our compensation plans are consistent with practices for our industry and that risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on us.

Expenses: We reimburse our non-employee directors for all reasonable out-of-pocket expenses incurred in the performance of their duties as directors. Such expense reimbursements are not included in the table below under the subheading 2011 Director Compensation.

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS, AND DIRECTOR INDEPENDENCE**CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS***Policies and Procedures for Transactions with Related Persons*

Related person transactions, which we define as all transactions involving an executive officer, director, nominee for director or a holder of more than five percent of our common stock, including any of their immediate family members and any entity owned or controlled by such persons, are reviewed and approved by the audit committee of our board of directors or in some cases by a majority of disinterested directors on our board of directors.

In any transaction involving a related person, our audit committee and our board of directors consider all of the available material facts and circumstances of the transaction, including: the direct and indirect interests of the related persons; in the event the related person is a director or nominee for director (or immediate family member of a director or an entity with which a director is affiliated), the impact that the transaction will have on a director's or nominee for director's independence; the risks, costs and benefits of the transaction to us; and whether any alternative transactions or sources for comparable services or products are available.

After considering all such facts and circumstances, our audit committee and our board of directors determine whether approval or ratification of the related person transaction is in our best interests. For example, if our audit committee determines that the proposed terms of a related person transaction are

Table of Contents

reasonable and at least as favorable as could have been obtained from unrelated third parties, it will recommend to our board of directors that such transaction be approved or ratified. In addition, if a related person transaction will compromise the independence of one of our directors or nominees for director, our audit committee may recommend that our board of directors reject the transaction if it could affect our ability to comply with securities laws and regulations or NASDAQ listing requirements.

Of the transactions described below, the employment arrangement with Ms. Abraham and several of the indemnification agreements were entered into prior to the adoption of our audit committee charter. Accordingly, each of those transactions were approved by disinterested members of our board of directors after making a determination that the transaction was executed on terms no less favorable than those we could have obtained from unrelated third parties.

The policies and procedures described above for reviewing and approving related person transactions are not in writing. However, the charter for our audit committee provides that one of the committee's responsibilities is to review and approve in advance any proposed related person transactions.

Transactions and Relationships with Directors, Officers and Five Percent Stockholders

We believe that there has not been any other transaction or series of transactions during 2011 to which we were or are to be a participant in which the amount involved exceeds \$120,000 and in which any director, nominee for director, executive officer or holder of more than five percent of our common stock, or members of any such person's immediate family, had or will have a direct or indirect material interest, other than compensation described in Executive Compensation or Director Compensation elsewhere in this Amendment No. 1 to Annual Report on Form 10-K/A and as described below.

Linda Boland Abraham

Since our inception in 1999, Linda Boland Abraham, the spouse of our President and Chief Executive Officer, Dr. Magid M. Abraham, has been employed in various management positions with us. Most recently, Ms. Abraham has served as our Chief Marketing Officer and Executive Vice President of International Business Development beginning in 2009. During the year ended December 31, 2011, Ms. Abraham received an award of shares of our restricted stock pursuant to our 2010 Bonus Policy with a fair value at the time of grant of approximately \$181,918 that was granted in February 28, 2011. Also during the year ended December 31, 2011, Ms. Abraham earned approximately \$40,667 in cash salary. Similar to Dr. Abraham, Ms. Abraham agreed to receive stock in lieu of cash salary for the period from March 1, 2011 through December 31, 2011. The stock was to be issued as soon as practicable at the end of our 2011 fiscal year and would be fully vested at the time it was issued, but was subject to her remaining employed through January 1, 2012. The 2011 annual salary for Ms. Abraham was \$255,000. Based on the closing price of our common stock as reported on the NASDAQ Global Select Market on December 31, 2011, we awarded 10,111 shares of common stock to Ms. Abraham in lieu of salary per this arrangement.

Indemnification Agreements

We have entered into an indemnification agreement with each of our directors and executive officers. The indemnification agreements and our amended and restated certificate of incorporation and bylaws require us to indemnify our directors and officers to the fullest extent permitted by Delaware law.

Table of Contents**DIRECTOR INDEPENDENCE**

Our board of directors has determined that each of Messrs. Chang, Ganek, Henderson, Katz, Korn and Mohn is independent under the rules of the SEC and the listing standards of the NASDAQ Stock Market; therefore, every member of the audit committee, compensation committee and nominating and governance committee is an independent director in accordance with those standards. There were no related person transactions considered in the last fiscal year in the determination of the independence of the directors.

ITEM 14. *PRINCIPAL ACCOUNTING FEES AND SERVICES*
Audit and Related Fees for Fiscal Years 2010 and 2011

The following table sets forth a summary of the fees billed to us by Ernst & Young LLP for professional services for the fiscal years ended December 31, 2010 and 2011, respectively. All of the services described in the following fee table were approved by the audit committee.

| All Other Fees(3) | 206,102 | 458,292 |
| Total Fees | \$ 2,377,472 | \$ 2,157,976 |

- (1) Audit fees represent fees for professional services relating to the audit of our financial statements included in our annual reports on Form 10-K and our registration statements on Forms S-3 and S-8, the audit of internal control over financial reporting required by Section 404 of the Sarbanes-Oxley Act of 2002 and the review of the financial statements included in our quarterly reports on Form 10-Q.
- (2) Audit-related fees represent fees related primarily to acquisition and investment activities and other audit services.
- (3) Other fees consisted of miscellaneous other permissible services not included in the first two categories for 2010 and 2011. These fees represent advisory services in connection with certain accreditations we sought from certain industry associations.

The audit committee meets regularly with Ernst & Young LLP throughout the year and reviews both audit and non-audit services performed by Ernst & Young LLP as well as fees charged for such services. The audit committee has determined that the provision of the services described above is compatible with maintaining Ernst & Young LLP's independence in the conduct of its audit functions.

Pre-Approval Policies and Procedures

Our audit committee has adopted and our board of directors has approved a policy that sets forth the procedures and the conditions pursuant to which services proposed to be performed by the independent auditor may be pre-approved. Pursuant to its audit, audit-related and non-audit services pre-approval policy, our audit committee may delegate either type of pre-approval authority to one or more of its members. The member to whom such authority is delegated must report, for informational purposes only, any pre-approval decisions to the audit committee at its next scheduled meeting. Our audit committee pre-approved all audit related and other services rendered by Ernst & Young LLP in 2010 and 2011.
