**Item 1.01. Entry into a Material Definitive Agreement.**

On August 10, 2012, Time Warner Cable Inc. (the Company) completed its offering of \$1.25 billion aggregate principal amount of senior unsecured 4 1/2% debentures due 2042 (the Debentures). The Debentures are guaranteed by Time Warner Entertainment Company, L.P. and TW NY Cable Holding Inc., each a subsidiary of the Company (collectively, the Guarantors).

In connection with the offering, on August 7, 2012, the Company and the Guarantors entered into an Underwriting Agreement (the Underwriting Agreement) with BNP Paribas Securities Corp., Citigroup Global Markets Inc. and Morgan Stanley & Co. LLC, as representatives of the underwriters listed in Schedule II thereto (collectively, the Underwriters). The Underwriting Agreement contains customary representations, covenants and indemnification provisions.

The offering of the Debentures was registered under the Securities Act of 1933, as amended, pursuant to a registration statement on Form S-3 (File No. 333-173760) (the Registration Statement) filed with the Securities and Exchange Commission (the Commission) on April 28, 2011. The terms of the Debentures are described in the Company's Prospectus dated April 28, 2011, as supplemented by a final Prospectus Supplement dated August 7, 2012, as filed with the Commission on August 8, 2012. A copy of the Underwriting Agreement is attached as Exhibit 1.1 to this Current Report on Form 8-K and is incorporated by reference into this Report and the Registration Statement.

The Debentures were issued pursuant to an Indenture, dated as of April 9, 2007, as amended and supplemented (the Indenture), by and among the Company, the Guarantors and The Bank of New York Mellon, as trustee. The Indenture was previously described in, and included as an exhibit to, the Company's Current Report on Form 8-K dated April 4, 2007, which was filed with the Commission on April 9, 2007.

The Debentures will mature on September 15, 2042 and will bear interest at a rate of 4 1/2% per year. Interest on the Debentures will be payable semi-annually in arrears on March 15 and September 15 of each year, beginning on March 15, 2013. The Debentures are unsecured senior obligations of the Company and rank equally with its other unsecured and unsubordinated obligations. The guarantees of the Debentures are unsecured senior obligations of the Guarantors and rank equally in right of payment with all other unsecured and unsubordinated obligations of the Guarantors.

Commencing on March 15, 2042, the Company may redeem the Debentures, in whole or in part at any time at the Company's option, at a redemption price equal to 100% of the principal amount of the Debentures being redeemed plus accrued and unpaid interest to the redemption date.

Prior to March 15, 2042, the Company may redeem the Debentures, in whole or in part at any time at the Company's option, at a redemption price equal to the greater of (i) 100% of the principal amount of the Debentures being redeemed and (ii) the sum of the present values of the remaining scheduled payments on the Debentures discounted to the redemption date on a semi-annual basis at a government treasury rate plus 30 basis points as further described in the Indenture and the Debentures, plus, in each case, accrued but unpaid interest to the redemption date.

The Indenture contains customary covenants relating to restrictions on the ability of the Company or any material subsidiary to create liens and on the ability of the Company and the Guarantors to consolidate, merge or convey or transfer substantially all of their assets. The Indenture also contains customary events of default, and provides that any Guarantor may be automatically released from its obligations if such Guarantor has no outstanding Indebtedness for Borrowed Money (as defined in the Company's Prospectus dated April 28, 2011). The form of the Debenture is attached as Exhibit 4.1 to this Report and is incorporated by reference into this Report and the Registration Statement.

Certain of the Underwriters or their affiliates have performed and may, from time to time in the future, engage in transactions with or perform commercial and investment banking and advisory services for the Company and/or are lenders under the Company's bank credit facility, for which they have received or will receive customary fees and expenses.

The Company expects to use the net proceeds from the issuance of the Debentures for general corporate purposes, which may include the repayment of debt.
