PROXY STATEMENT

Annual Meeting of Stockholders

February 20, 2013

General Information

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors (the **Board**) of Universal Technical Institute, Inc. (the **Company**, **UTI**, **we**, **us** or **our**), of proxies for use in voting at the 2013 Annual Meeting of Stockholders (the **Annual Meeting**) to be held at 8:00 a.m. local time on February 20, 2013 at our offices located at 16220 North Scottsdale Road, Suite 100, Scottsdale, Arizona 85254, and any adjournment or postponement thereof. On or about January 11, 2013, proxy materials for the Annual Meeting, including this Proxy Statement and the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2012 (the **2012 Annual Report** or the **2012 Form 10-K**), are being made available to stockholders entitled to vote at the annual meeting. The date of this Proxy Statement is January 8, 2013.

In accordance with rules adopted by the Securities and Exchange Commission (the **SEC**), except for stockholders who have requested otherwise, we have generally mailed to our stockholders a Notice of Internet Availability of Proxy Materials (the **Notice of Internet Availability**). The Notice of Internet Availability provides instructions either for accessing our proxy materials, including this Proxy Statement and the 2012 Annual Report, at the website address referred to in the Notice of Internet Availability, or for requesting printed copies of the proxy materials by mail or electronically by e-mail. If a stockholder would like to receive a paper or e-mail copy of our proxy materials either for this Annual Meeting or for all future meetings, such stockholder should follow the instructions for requesting such materials included in the Notice of Internet Availability we mailed to our stockholders.

We will bear the cost of soliciting proxies. Copies of solicitation material may be furnished to brokers, custodians, nominees and other fiduciaries for forwarding to beneficial owners of shares of common stock, and normal handling charges may be paid for such forwarding service. We may solicit proxies by mail or by personal interview, telephone and other electronic communication by our officers and other management employees, who will receive no additional compensation for their services.

Any stockholder giving a proxy pursuant to this solicitation may revoke it at any time prior to exercise of the proxy by giving written notice of such revocation to our Secretary at our executive offices at 16220 North Scottsdale Road, Suite 100, Scottsdale, Arizona 85254, or by attending the Annual Meeting and voting in person.

At the close of business on December 27, 2012, there were 26,591,305 shares of our common stock outstanding and entitled to vote at the Annual Meeting. Only common stockholders of record on December 27, 2012 will be entitled to vote at the Annual Meeting. Each share is entitled to one vote on each matter voted upon. Votes may not be cumulated.

Table of Contents

Voting Information

The presence, in person or by a proxy relating to any matter to be acted upon at the Annual Meeting, of the holders of a majority of the outstanding shares of common stock will constitute a quorum for purposes of the Annual Meeting. For purposes of the quorum requirement and the discussion below regarding the vote necessary to take stockholder action, stockholders of record who are present at the Annual Meeting in person or by proxy and who abstain are considered stockholders who are present and entitled to vote and they count toward the quorum.

Voting without attending the Annual Meeting can be done in the following ways:

Internet. A proxy can be submitted over the Internet to vote shares at the Annual Meeting by following the instructions provided either in the Notice of Internet Availability or on the proxy card or voting instruction form if a printed set of proxy materials were requested and received.

Telephone. If a printed set of proxy materials were requested and received, a proxy can be submitted over the telephone to vote shares at the Annual Meeting by following the instructions provided on the proxy card or voting instruction form enclosed with the proxy materials received. If only a Notice of Internet Availability was received, a proxy can be submitted over the telephone to vote shares by following the instructions at the Internet website address referred to in the Notice of Internet Availability.

Mail. If a printed set of proxy materials were requested and received, a proxy can be submitted by mail to vote shares at the Annual Meeting by completing, signing and returning the proxy card or voting instruction form enclosed with the proxy materials received.

Submissions of proxy via telephone or internet must be received by 11:59 p.m. Eastern Time on February 19, 2013 in order for the shares to be voted at the Annual Meeting. However, a stockholder of record who received a printed copy of the proxy materials may instead mark, sign, date and return the proxy card so that it is received by the Company before the polls close at the Annual Meeting in order for shares to be voted at the Annual Meeting. Stockholders of shares held in street name must comply with the deadlines included in the voting instructions provided by the bank, broker or other nominee that holds the shares.

Brokers, banks or other nominees that hold shares of common stock in street name for a beneficial owner of those shares typically have the authority to vote in their discretion if permitted by the stock exchange or other organization of which they are members. Brokers, banks and other nominees are permitted to vote the beneficial owner's proxy in their own discretion as to certain routine proposals when they have not received instructions from the beneficial owners, such as the ratification of the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2013. If a broker, bank or other nominee votes such uninstructed shares for or against a routine proposal, those shares will be counted towards determining whether or not a quorum is present and are considered entitled to vote on the routine proposals. However, where a proposal is not routine, a broker, bank or other nominee is not permitted to exercise its voting discretion on that proposal without specific instructions from the beneficial owner. These non-voted shares are referred to as broker non-votes when the nominee has voted on other non-routine matters with authorization or voted on routine matters. These shares will be counted towards determining whether or not a quorum is present, but will not be considered entitled to vote on the non-routine proposals.

Broker non-votes will not affect the outcome of any matter being voted on at the meeting, assuming that a quorum is obtained. Abstentions, on the other hand, have the same effect as votes against the matter, although abstentions will have no effect on the election of directors because approval of a percentage of shares present or outstanding is not required for that proposal.

Election of Directors. Our Bylaws provide that in a non-contested election, each director nominee must be elected by the affirmative vote of the majority of the votes cast with respect to that director's election. A majority of the votes cast means that the number of votes FOR a director nominee must exceed the number

Table of Contents

of votes AGAINST that director nominee. Accordingly, abstentions will have no effect on the election of a director. Pursuant to our Corporate Governance Guidelines, the Board of Directors expects any director nominee who is an incumbent director and is not re-elected to promptly tender his or her resignation, and the Board of Directors, excluding the director who tenders his or her resignation, must promptly decide whether to accept or reject the resignation. Uninstructed shares are not entitled to vote on the election of directors.

Ratification of the Appointment of the Independent Registered Public Accounting Firm. The affirmative vote of a majority of the shares of common stock present or represented at the Annual Meeting and entitled to vote is required to approve the proposal to ratify the appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the fiscal year ending September 30, 2013. Uninstructed shares are entitled to vote on this matter. Abstentions will have the same effect as a vote against ratification of the appointment of our independent registered public accounting firm.

Any stockholder entitled to vote on any matter may vote part of such stockholder's shares in favor of the proposal and refrain from voting the remaining shares or, except with respect to the election of Directors, may vote the remaining shares against the proposal; but if the stockholder fails to specify the number of shares which the stockholder is voting affirmatively or otherwise indicates how the number of shares to be voted affirmatively is to be determined, it will be conclusively presumed that the stockholder's approving vote is with respect to all shares which the stockholder is entitled to vote.

If any other matters are properly presented at the Annual Meeting for consideration, including, among other things, consideration of a motion to adjourn the meeting to another time or place, the individuals named as proxies and acting thereunder will have discretion to vote on those matters according to their best judgment to the same extent as the person delivering the proxy would be entitled to vote. If the Annual Meeting is postponed or adjourned, a stockholder's proxy will remain valid and may be voted at the postponed or adjourned meeting. A stockholder still will be able to revoke the stockholder's proxy until it is voted. As of the date of this Proxy Statement, the Board of Directors did not know of any matters other than those described in this Proxy Statement to be presented at the Annual Meeting.

Proxies properly executed and received by the Company prior to the Annual Meeting and not revoked will be voted as directed therein on all matters presented at the Annual Meeting. If you submit a proxy or voting instruction form by Internet, telephone or mail without giving specific voting instructions on one or more matters listed in the notice for the meeting, your shares will be voted as recommended by our Board on such matters, and as the proxyholders may determine in their discretion with respect to any other matters properly presented for a vote at the meeting.

Board of Directors Structure. Our Board of Directors currently has ten members, the majority of whom are independent directors. The Board of Directors is divided into three classes. Directors in each class serve three-year terms. At each annual meeting, the term of one class expires. Currently, Messrs. Conrad, Cabito and Blaszkiewicz and Ms. McWaters serve as Class I Directors, Messrs. Penske and White and Ms. Srere serve as Class II Directors and Messrs. Caputo, Paige and Trammell serve as Class III Directors.

Redistribution of Board Classes. On December 6, 2012, Mr. Caputo, expressing no disagreement with the Company, advised the Board of Directors, and the Board of Directors confirmed, his retirement from the Board of Directors of the Company (as a Class III member), effective February 19, 2013. In order to provide for an even distribution of directors among the Board's three classes of directors following Mr. Caputo's retirement, in accordance with the Company's Restated Certificate of Incorporation and the New York Stock Exchange Listing Manual, Alan E. Cabito will resign as a member of Class I of the Company's Board of Directors on February 19, 2013 to then be immediately reappointed to the Board as a Class III director, effective February 19, 2013. Mr. Cabito will stand for re-election as a Class III director at the Company's 2013 Annual Meeting of Stockholders. Effective February 19, 2013, the Company's Board will be reduced from ten to nine directors to eliminate the existing Class I director vacancy left by Mr. Cabito. For all purposes other than implementation of the change from a Class I to a Class III director, Mr. Cabito's service on the Board will be deemed to have continued uninterrupted and Mr. Cabito will continue to serve as chairman of the Nominating and Corporate Governance Committee and as a member of the Audit Committee of the Board.

Nominees for Election at this Annual Meeting. The Board of Directors, acting on the recommendation of the Nominating and Corporate Governance Committee, has nominated Roderick R. Paige, Kenneth R. Trammell and Alan E. Cabito for re-election as Class III Directors, each to serve a three-year term ending in 2016, or until the Director's successor is duly elected. It is intended that the votes represented by the proxies at the Annual Meeting will be cast for the election of Messrs. Paige, Trammell and Cabito as Directors. In accordance with the Company's Corporate Governance Guidelines, the Board has expressly waived the application of the mandatory retirement age for Dr. Paige.

The following table and text presents information as of the date of this Proxy Statement concerning the nominees for election as Directors, including in each case their current membership on committees of the Board of Directors, year first elected a Director and principal occupations or affiliations during the last five years, other directorships currently held or held during the past five years and the experiences, qualifications, attributes or skills that each nominee and Director brings to our Board of Directors. We believe that each of the director nominees possesses an ability, as demonstrated by recognized success in his or her field, to make meaningful contributions to the Board's oversight of the business and affairs of the Company.

Corporate Governance and Related Matters

Corporate governance is typically defined as the system that allocates duties and authority among a company's stockholders, board of directors and management. The stockholders elect the board and vote on extraordinary matters; the board is the company's governing body, responsible for hiring, overseeing and evaluating management; management runs the company's day-to-day operations. Our Board of Directors currently consists of ten directors and will consist of nine directors, effective February 19, 2013, as described above.

Board Leadership Structure. Our corporate governance documents provide that our Board of Directors is free to choose the Chairman of the Board in any manner that is in the best interests of UTI. Pursuant to the current Corporate Governance Guidelines adopted by the Board of Directors, the roles of the Chief Executive Officer and Chairman of the Board should be separate. In making leadership structure determinations, our Board of Directors considers many factors. When a vacancy occurs in the office of either the Chairman or the Chief Executive Officer, the Board will consider the specific characteristics and circumstances existing at that time and will determine whether the role of Chairman should be separate from that of the Chief Executive Officer and, if the roles are separate, whether the Chairman should be selected from the independent directors or from management. At this time, each of the positions of Chairman of the Board and Chief Executive Officer of the Company are held by different persons. Our Board of Directors has decided at this time to have different persons hold such positions largely due to the availability to the Company of multiple persons with many years of experience in our industry and extensive executive management experience with the Company.

Our Corporate Governance Guidelines call for regular executive sessions of the non-management Directors (those not employed by us). The Board of Directors believes that these regular executive sessions outside of the presence and influence of management ensure that non-management directors have sufficient opportunity to fully and candidly discuss ideas and issues regarding the Company, management's performance and whether Board operations are satisfactory. The role of presiding director at regular executive sessions of the non-management directors rotates on an annual basis. During fiscal 2011, the chairperson of the Audit Committee presided over executive sessions of the non-management Directors. During fiscal 2012, the chairperson of the Compensation

Table of Contents

Committee served in that role. For fiscal 2013, the chairperson of the Nominating and Corporate Governance Committee will serve in that role. The Board of Directors believes that rotating the presiding director at the non-management executive sessions annually is the preferable governing approach as it maximizes participation by all non-management directors and fosters an environment in which each non-management director has an equal opportunity to provide direction and influence, while not placing undue burden on any one non-management director.

The Nominating and Governance Committee and the non-management directors have considered the need for, and desirability of, appointment of a permanent lead director. Both the Nominating and Governance Committee and the non-management directors concluded that a permanent independent lead director is not necessary at this time to ensure strong independent Board leadership. In addition, the non-management directors have concluded that effective oversight of the executive officers of the Company and establishment of an agenda that appropriately considers the stockholder perspective can be attained without formal designation of a lead director. This determination will be periodically reviewed by the non-management directors.

Independent Directors. Our Board of Directors has determined that Messrs. Blaszkiewicz, Cabito, Caputo, Conrad, Paige, Penske and Trammell and Ms. Srere qualify as independent in accordance with the published listing requirements of the New York Stock Exchange (the NYSE). The NYSE's independence definition includes a series of objective tests, such as that the director is not an employee of the Company, has no material relationships with the Company and has not engaged in various types of business dealings with the Company. An explanation of the independence standard used by our Board of Directors, which standard incorporates the NYSE independence definition, is set forth in the Corporate Governance Guidelines adopted by the Board of Directors and discussed elsewhere in this Proxy Statement. The Board of Directors considers all relevant facts and circumstances in evaluating the independence of its members from management. Non-material business transactions conducted in the ordinary course of business are not determinative of the issue of independence. As required by the NYSE rules, the Board of Directors has made an affirmative determination as to each independent director that no relationships exist which, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a Director and has affirmatively determined that each independent director meets the independence standard used by the Board of Directors. In making these determinations, the Board of Directors reviewed and discussed information provided by the Directors and our management with regard to each Director's business and personal activities as they may relate to us and our management. The Board of Directors also considered each Director's other relationships that do not involve us or our management such as the employment of UTI graduates in the service departments of automotive dealerships owned by an entity of which one of our Directors is an affiliate.

Independence for Audit Committee Members and Audit Committee Financial Expert. In addition, as required by the NYSE rules, the members of our Audit Committee each qualify as independent under special standards established by the SEC for members of audit committees. Our Audit Committee also includes at least one independent member who is determined by the Board of Directors to meet the qualifications of an audit committee financial expert in accordance with SEC rules, including that the person meets the relevant definition of an independent director. Mr. Conrad and Mr. Trammell have been determined to be audit committee financial experts. Stockholders should understand that this designation is a disclosure requirement of the SEC related to Mr. Conrad's and Mr. Trammell's experience and understanding with respect to certain accounting and auditing matters. The designation does not impose upon Mr. Conrad or Mr. Trammell any duties, obligations or liabilities that are greater than those generally imposed on members of the Audit Committee and the Board of Directors, and the designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liabilities of any other member of our Audit Committee or the Board of Directors.

Board's Role in Risk Oversight. The Board of Directors as a whole is responsible for risk management oversight of the Company and in ensuring that management develops sound business strategies. The involvement of the full Board of Directors in setting the Company's business strategy and objectives is integral to the Board's assessment of our risk and also a determination of what constitutes an appropriate level of risk and how best to manage any such risk. This involves receiving reports and/or presentations from applicable members of

Table of Contents

management and the committees of the Board. The full Board of Directors continually evaluates Company risks such as financial risk, legal/compliance risk, operational/strategic risk and fraud risk and addresses individual risk issues with management throughout the year as necessary.

While the Board of Directors has the ultimate oversight responsibility for the risk management process, the Board delegates responsibility for certain aspects of risk management to its committees which are comprised of only independent Board members. In particular, the Audit Committee focuses on enterprise risks and related controls and procedures, including financial reporting, fraud, and regulatory risks. The Compensation Committee strives to create compensation practices that do not encourage excessive levels of risk taking that would be inconsistent with the Company's strategy and objectives. The Nominating and Corporate Governance Committee is responsible for overseeing the Company's corporate governance and corporate governance principles.

Board Meetings

Our Board of Directors and its committees meet throughout the year on a set schedule, and also hold special meetings and act by written consent from time to time as appropriate. The Board of Directors has delegated various responsibilities and authority to different Board committees as described elsewhere in this Proxy Statement. Committees regularly report on their activities and actions to the full Board of Directors. In addition, the Corporate Governance Guidelines that have been adopted by the Board of Directors and which are discussed elsewhere in this Proxy Statement call for regular executive sessions of the non-management Directors.

In fiscal 2012, the Board of Directors held 8 meetings. Each Director attended at least 75% of the aggregate of the Board of Director meetings and meetings of committees on which such Director served during the Director's tenure as a Director and committee member.

Board Committees and Charters

In accordance with the NYSE Corporate Governance Rules, we currently have three standing Board committees: Audit, Compensation and Nominating and Corporate Governance. Each member of the Audit, Compensation and Nominating and Corporate Governance Committees is an independent director in accordance with NYSE standards. Each of the Board committees has a written charter approved by the Board of Directors. Copies of each charter are posted on our website at www.uti.edu under the Investors Corporate Governance captions. We will provide copies of our Board committee charters upon request made by writing to us at our principal executive offices at 16220 North Scottsdale Road, Suite 100, Scottsdale, Arizona 85254.

financially literate and satisfies the independence requirements of the NYSE and the SEC. The Audit Committee has the responsibility for overseeing, among other things, our accounting and financial reporting processes, the reliability of our financial statements, the effective evaluation and management of our financial risks, our compliance with laws and regulations, and the effective and efficient audit of our financial statements by a qualified independent registered public accounting firm. The Audit Committee met 8 times during fiscal 2012. The Audit Committee is required by SEC rules to publish a report to stockholders concerning the Audit Committee's activities during the prior fiscal year. The Audit Committee's report is set forth elsewhere in this Proxy Statement.

Compensation Committee. Messrs. Blaszkiewicz, Conrad and Caputo and Ms. Srere served as members of our Compensation Committee during fiscal 2012. The Board of Directors has determined that each member of the Compensation Committee satisfies the independence requirements of the NYSE. The primary responsibility of the Compensation Committee is to develop and oversee the implementation of the Company's philosophy with respect to the compensation of our officers. In that regard, the Compensation Committee has the responsibility for, among other things, developing and maintaining a compensation policy and strategy that creates a direct relationship between pay levels and corporate performance and returns to stockholders; recommending compensation and benefit plans to the Board of Directors for approval; reviewing and approving annual corporate and personal goals and objectives to serve as the basis for the Chief Executive Officer's compensation; evaluating the Chief Executive Officer's performance in light of the goals and, based on such evaluation, determining the Chief Executive Officer's compensation; determining the annual total compensation for our Named Executive Officers; approving the grants of equity-based incentives as permitted under our equity-based compensation plans; reviewing and recommending to the Board of Directors compensation for our non-management Directors; and reviewing and recommending employment agreements, severance arrangements and change-in-control plans that provide for benefits upon a change-in-control, or other provisions for our executive officers and directors, to the Board of Directors. The Compensation Committee met 8 times during fiscal 2012.

Our Board of Directors has adopted a charter for the Compensation Committee that provides, among other things, that the Compensation Committee may, at its discretion, utilize independent consultants or counsel to assist the Compensation Committee in fulfilling its duties. Pursuant to its written charter, the Compensation Committee has the sole authority to retain or terminate any such consultant or counsel, including sole authority to approve the fees and other retention terms. The Compensation Committee retained Compensia, Inc. (Compensia) to assist as independent compensation consultants. For additional information on the role of compensation consultants, please see Compensation Discussion and Analysis Role of Compensation Consultants, which is included elsewhere in this Proxy Statement. Other than as discussed in this Proxy Statement, Compensia did not provide any additional services to us during the 2012 fiscal year.

Nominating and Corporate Governance Committee. Messrs. Cabito, Paige and Penske and Ms. Srere served as members of our Nominating and Corporate Governance Committee during fiscal 2012. The Board of Directors has determined that each member of the Nominating and Corporate Governance Committee satisfies the independence requirements of the NYSE. The Nominating and Corporate Governance Committee has the responsibility for, among other things, identifying individuals qualified to serve as directors of UTI, recommending qualified individuals for election to the Board of Directors at the annual meeting of stockholders; recommending to the Board of Directors those Directors to serve on each of the Board committees, recommending a set of corporate governance guidelines to the Board of Directors, reviewing periodically our Corporate Governance Guidelines and recommending governance issues that should be considered by the Board of Directors, reviewing periodically the Board of Director's committee structure and operations and the working relationship between each committee and the Board of Directors, and considering, discussing and recommending ways to improve the Board of Director's effectiveness. The Nominating and Corporate Governance Committee also reviews and makes recommendations to the Board of Directors regarding the size and the composition of the Board of Directors. In addition, the Nominating and Corporate Governance Committee will review and consider properly submitted stockholder recommendations on candidates for membership on the Board of Directors as described below. In evaluating such recommendations, the Nominating and Corporate Governance Committee

Table of Contents

will use the same review criteria discussed below under Director Qualifications and Review of Director Nominees. Any stockholder recommendations proposed for consideration by the Nominating and Corporate Governance Committee must include the candidate's name, accompanied by relevant biographical information, and must be submitted in accordance with our Bylaws to the attention of our Corporate Secretary at Universal Technical Institute, Inc., 16220 North Scottsdale Road, Suite 100, Scottsdale, Arizona 85254. The Nominating and Corporate Governance Committee met 4 times during fiscal 2012.

Director Qualifications and Review of Director Nominees

The Nominating and Corporate Governance Committee makes recommendations to the Board of Directors regarding the size and composition of the Board of Directors. The Committee reviews annually with the Board of Directors the composition of the Board of Directors as a whole and recommends, if necessary, measures to be taken so that the Board of Directors reflects the appropriate balance of knowledge, experience, skills, expertise and diversity required for the Board of Directors as a whole and contains at least the minimum number of independent directors required by the NYSE and other applicable laws and regulations. The Committee is responsible for ensuring that the composition of the Board of Directors accurately reflects the needs of our business and, in accordance with the foregoing, proposing the addition of members and the necessary resignation of members for purposes of obtaining the appropriate members and skills.

To fulfill its responsibility to recruit and recommend to the full Board of Directors nominees for election as Directors, the Committee reviews the composition of the Board of Directors to determine the qualifications and areas of expertise needed to further enhance the composition of the Board of Directors and works to attract candidates with those qualifications. In evaluating a director candidate, the Committee considers factors that are in the best interests of the Company and its stockholders, including the knowledge, experience and integrity of each candidate; the potential contribution of each candidate to the diversity of backgrounds, experience and competencies which the Board of Directors desires to have represented; each candidate's ability to devote sufficient time and effort to his or her duties as a director; and any other criteria established by the Board of Directors and any core competencies or technical expertise necessary to staff committees of the Board of Directors. Directors should have a background and experience in areas important to the operations of the Company, such as business, education, marketing, finance, government or law, and should be individuals of high integrity and independence with substantial accomplishments. The Committee does not assign specific weights to any particular criteria. Rather, the Board of Directors believes that the backgrounds and qualifications of the directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board of Directors to fulfill its responsibilities. In connection with each director nomination recommendation, the Committee considers the issue of continuing director tenure and whether the Board of Directors will be exposed to new ideas and viewpoints, and will maintain willingness to critically examine the status quo.

In connection with director nominations, the Committee also considers the nominees' roles in (i) assisting with our business strategy, (ii) overseeing our efforts in complying with the disclosure requirements of the SEC and the NYSE, (iii) assisting in improving our internal controls and disclosure controls and (iv) overseeing our corporate governance and leadership structure.

The Committee shall consider nominees recommended by stockholders for election to the Board, provided the names of such nominees, accompanied by relevant biographical information, are submitted in accordance with the Company's Bylaws. Pursuant to the Company's Bylaws, a stockholder may nominate a person for election to the Board by making timely notice in proper written form to the Secretary of the Company. To be timely, a stockholder's notice must be delivered to or mailed to and received by the Secretary at the principal executive offices of the Company at 16220 North Scottsdale Road, Suite 100, Scottsdale, Arizona 85254, not less than 90 days nor more than 120 days in advance of the first anniversary of the preceding year's annual meeting; provided, however, that in the event that (i) no annual meeting was held in the previous year or (ii) the date of the annual meeting has been changed by more than 30 days from the date of the previous year's meeting, or in the

Table of Contents

event of a special meeting of stockholders called for the purpose of electing directors, not later than the close of business on the tenth day following the day on which notice of the date of the meeting was mailed or public disclosure of the date of the meeting was made, whichever occurs first. To be in proper written form, such stockholder's notice to the Secretary shall set forth in writing (a) as to each person whom such stockholder proposes to nominate for election or re-election as a director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Exchange Act, including, without limitation, such person's written consent to being named in the proxy statement as a nominee and to serving as director if elected as well as (i) such person's name, age, business address and residence address, (ii) his or her principal occupation or employment, (iii) the class and number of shares of the Company that are beneficially owned by such person, (iv) a statement as to whether such person, if elected, intends to tender, promptly following such person's failure to receive the required vote for re-election at the next meeting which such person would face re-election, an irrevocable resignation effective upon acceptance of such resignation by the Board, in accordance with the Company's Corporate Governance Guidelines, and (v) a description of all arrangements or understandings between the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nominations are to be made by the stockholder; and (b) as to such stockholder (i) the name and address, as they appear on the Company's books, of such stockholder and the beneficial owner, if any, on whose behalf the nomination is made, (ii) the class and number of shares of the Company which are beneficially owned by such stockholder and the beneficial owner, if any, on whose behalf the nomination is made, and any material interest of such stockholder and owner and (iii) a description of any agreement, arrangement or understanding (including any derivative or short positions, profit interests, options, hedging transactions, and borrowed or loaned shares) that has been entered into as of the date of the stockholder's notice to the Secretary by, or on behalf of, the stockholder or any of its affiliates or associates, the effect or intent of which is to mitigate loss to, manage risk or benefit of share price changes for, or increase or decrease the voting power of the stockholder or any of its affiliates or associates with respect to shares of stock of the Company, and a representation that the stockholder will notify the Company in writing within five business days after the record date for such meeting of any such agreement, arrangement or understanding in effect as of the record date for the meeting.

Board Attendance at Annual Stockholder Meetings

While all Directors are encouraged to attend our annual stockholder meetings, the Board of Directors does not have a formal policy with respect to such attendance. All Directors who, at the time, were serving as members of the Board of Directors attended last year's annual meeting of stockholders.

Communication with the Board of Directors

Stockholders and other interested parties may communicate with the Chairman of the Board of Directors, the Directors as a group, the non-management Directors as a group or an individual Director directly by submitting a letter in a sealed envelope labeled accordingly. This letter should be placed in a larger envelope and mailed to Universal Technical Institute, Inc., 16220 North Scottsdale Road, Suite 100, Scottsdale, Arizona 85254.

Compensation of Non-Management Directors

In fiscal 2012, our non-management Directors received a \$35,000 annual retainer. Each non-management Director also received an annual award under our 2003 Incentive Compensation Plan of shares of the Company's common stock equal to \$50,000 on the date of grant. In addition, each non-management Director received reimbursement for out-of-pocket expenses, including travel expense on commercial flights or the equivalent cost of advance purchase first class commercial travel for non-management Directors utilizing private aircraft. Upon election or appointment to the Board of Directors, our new non-management Directors receive a one-time grant of restricted stock awards with a value of \$75,000, which are subject to a three-year vesting period.

The chairperson of the Nominating and Corporate Governance Committee will receive an additional annual retainer of \$12,000. The chairperson of the Compensation Committee will receive an additional annual retainer of \$15,000 and the chairperson of the Audit Committee will receive an additional annual retainer of \$20,000. The non-chairperson Directors serving on the Compensation Committee and the Nominating and Corporate Governance Committee will each receive an additional annual retainer of \$6,000. The non-chairperson Directors serving on the Audit Committee will each receive an additional annual retainer of \$8,000. No Director will receive additional compensation for meeting attendance. Directors who are also officers do not receive any separate compensation for serving as directors.

Our non-management Directors are also eligible to participate in a non-qualified deferred compensation plan, which was implemented in April 2010. The Company offers this non-qualified deferred compensation plan to allow the Directors to set aside a portion of their income for retirement on a pre-tax basis. A non-management Director may defer up to 100% of cash Board compensation earned in the calendar year. The non-qualified deferred compensation plan is more fully discussed in the Compensation Discussion and Analysis section included elsewhere in this Proxy Statement.

The following table sets forth a summary of the compensation we paid to our non-management Directors in fiscal year 2012.

Table of Contents**PROPOSAL 2****RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has selected PricewaterhouseCoopers LLP as our independent registered public accounting firm to perform an integrated audit of our financial statements for the year ending September 30, 2013 and of our internal control over financial reporting as of September 30, 2013. In taking this action, the Audit Committee considered PricewaterhouseCoopers LLP's independence with respect to the services to be performed and other factors that the Audit Committee and the Board of Directors believe are advisable and in the best interest of the stockholders. As a matter of good corporate governance, the Audit Committee has decided to submit its selection to stockholders for ratification. In the event that this selection of independent registered public accounting firm is not ratified by a majority vote of the shares of common stock present or represented at the Annual Meeting, it will be considered as a direction to the Audit Committee to consider the selection of a different firm.

**The Board of Directors recommends that you vote FOR ratification of

Pre-Approval of Non-Audit Services. The Audit Committee reviews and approves in advance the retention of the independent registered public accounting firm for any non-audit service that is not prohibited by the Sarbanes-Oxley Act of 2002 (the Act), provided, however, that:

- (a) permitted non-audit services that account for less than \$10,000 shall be deemed to be pre-approved, and
- (b) as permitted by Section 302 of the Act, such pre-approval is waived and shall not be required with respect to non-audit services:

AUDIT COMMITTEE REPORT FOR THE YEAR ENDED SEPTEMBER 30, 2012

The Audit Committee reviews the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee is currently composed of three independent directors. The Audit Committee operates under a written charter adopted by the Board of Directors that is available on the Company's website at www.uti.edu under the Investors Corporate Governance captions. The Audit Committee met 8 times during fiscal 2012. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control over financial reporting.

In fulfilling its responsibilities, the Audit Committee meets with management and the independent registered public accounting firm to review and discuss the Company's annual and quarterly financial statements, including the disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations in the Company's annual report on Form 10-K, any material changes in accounting policies used in preparing the financial statements prior to the filing of a report on Form 10-K or Form 10-Q with the SEC, and the items required to be discussed by AU Section 380, Communication with Audit Committees (AU 380), with respect to annual financial statements, and AU Section 722, Interim Financial Information, with respect to quarterly financial statements.

The Audit Committee met and held discussions with management and the independent registered public accounting firm regarding the fair and complete presentation of the Company's financial statements, management's assessment of the Company's internal control over financial reporting and the significant accounting policies applied by management in the preparation of the Company's financial statements, as well as any alternative accounting policies. Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm matters required to be discussed by AU 380.

In addition, the Audit Committee received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accounting firm's communications with the Audit Committee concerning independence, and discussed with the independent registered public accounting firm such firm's independence from the Company and its management. The Audit Committee also has considered whether the independent registered public accounting firm's provision of permitted non-audit services to the Company is compatible with its independence. The Audit Committee has concluded that the independent registered public accounting firm is independent from the Company and its management.

The Audit Committee discussed with the independent registered public accounting firm the overall scope and plans for its audit. The Audit Committee met with the independent registered public accounting firm, with and without management present, to discuss the results of its audit, the evaluation of the Company's internal controls, the overall quality of the Company's financial reporting and other matters required to be discussed by AU 380.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors approved, the inclusion of the audited financial statements in the Company's Annual Report on Form 10-K for the year ended September 30, 2012, for filing with the SEC. The Audit Committee has also selected PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for the fiscal year ending September 30, 2013.

However, only employees (including officers and directors who are also employees) of the Company or any of our subsidiaries may receive incentive stock options under the 2003 Plan. The 2003 Plan is administered by our Compensation Committee.

As of September 30, 2012, we had issued 391,645 shares of common stock upon the exercise of options granted under the 2003 Plan, at a weighted average exercise price of \$19.49 per share. In addition, 998,512 shares of common stock are issuable pursuant to currently exercisable options granted under the 2003 Plan, at a weighted average exercise price of \$24.21 per share.

As of September 30, 2012, we had granted 2,950,564 shares of restricted stock under the 2003 Plan, of which 748,584 shares have been forfeited, and 1,113,802 shares are still subject to restrictions. During the year ended September 30, 2012, restrictions lapsed with respect to 341,718 shares, of which 105,699 shares were withheld to settle individual participant tax obligations.

As of September 30, 2012, we had awarded 110,591 performance units under the 2003 Plan, of which 23,781 units have forfeited, with a maximum payout of 200%, under the 2003 Plan. During the year ended September 30, 2012, 3,396 performance units vested, of which 1,156 shares were withheld to settle individual participant tax obligations, and 10,192 units were cancelled. Cancellations related to performance units assumed vested at the end of the prior year measurement period which did not actually vest on the subsequent settlement date. As of September 30, 2012, all of such performance units were subject to vesting upon the achievement of specific performance criteria.

Fiscal 2012 in Review

We are the leading provider of post-secondary education for students seeking careers as professional automotive, diesel, collision repair, motorcycle and marine technicians as measured by total average undergraduate enrollment and graduates.

Table of Contents

While our record of positive outcomes, measured from the standpoint of our students and industry partners, remained steady, we experienced a decline in fiscal 2012 in our average student enrollments which, when combined with the slow economic recovery and ongoing student financing challenges, resulted in declines in key financial measures. As a result, we made a number of significant modifications to our executive compensation program.

Fiscal 2012 Business Highlights

Lower student population levels as we began fiscal 2012, combined with lower new student starts throughout the year, resulted in a 10.8% decline in our average undergraduate full-time student enrollment to approximately 16,500 students for the year ended September 30, 2012. We started 15,700 students during fiscal 2012 which represents a decrease of 3.1% as compared to a decrease of 17.1% for fiscal 2011. The decline in our average undergraduate full-time student enrollment resulted in a decline in revenues and net income for fiscal 2012. Our revenues for fiscal 2012 were \$413.6 million, a decrease of \$38.3 million, or 8.5%, from the prior year. Our net income for fiscal 2012 was \$9.0 million, a decrease of \$17.9 million from the prior year.

Despite the continued uncertainties surrounding our industry, fiscal 2012 was still a year of accomplishment for us on several fronts:

Our employment rate for fiscal 2011 declined 3% with 82% of our fiscal 2011 graduates finding employment within one year of their graduation date. During 2011, we graduated approximately 22% more students than we did during 2010 and invested in our graduate replacement teams and processes in order to more effectively assist our graduates in finding employment.¹

We began offering our Automotive Technology and Diesel Technology II curricula at our Dallas/Fort Worth, Texas campus during fiscal 2010 and are integrating it at our Avondale, Arizona campus in fiscal 2012. In future years, we intend to continue integrating the new curricula at existing campuses which offer Automotive and Diesel Technology programs beginning with another campus in calendar year 2013.

Our consolidated student completion rate was approximately 65% in fiscal 2012, which we believe compares favorably with the student completion rates of other providers of comparable educational or training programs.

We paid a cash dividend of \$0.10 per share on the common stock of the Company in March, June and September 2012. At the discretion of our Board of Directors, we intend to pay a dividend quarterly in future periods.

We continue to have a debt free balance sheet.

In response to these challenges, we continue to manage discretionary operating costs, to develop our strong industry relationships and to provide alternative solutions to help students achieve their educational goals.

¹ The employment calculation is based on all graduates, including those that completed manufacturer specific advanced training programs, from October 1, 2010 to September 30, 2011 and October 1, 2009 to September 30, 2010, respectively, excluding graduates not available for employment because of continuing education, military, health, incarceration, death or international student status. For 2011, UTI had approximately 13,600 total graduates, of which approximately 12,800 were available for employment. Of those graduates available for employment, approximately 10,500 were employed within one year of their graduation date, for a total of 82%. For 2010, UTI had approximately 11,200 total graduates, of which approximately 10,500 were available for employment. Of those graduates available for employment, approximately 8,900 were employed within one year of their graduation date, for a total of 85%.

Fiscal 2012 Compensation Highlights

The macro-economic headwinds and the changing regulatory environment we operate in have prompted us to take additional steps to further align our cost structure with expected reduced average student population. We have focused on efficiencies, managing costs and other opportunities to improve operating margins.

In response to these conditions, we took the following significant actions with respect to the compensation of the NEOs in fiscal 2012:

In December 2011, due to the business environment and the need to control costs, no pay increases were provided to the NEOs.

In June 2012, based on its desire to further align the interests of our executives with those of our stockholders, our Board of Directors implemented stock ownership guidelines applicable to our executive officers which became effective September 1, 2012. Each executive officer is expected to hold shares of common stock with an aggregate value greater than or equal to a multiple of the executive officer's base salary which varies by position and ranges from two to four times base salary. NEOs have three years from the effective date in order to comply with these new guidelines.

In September 2012, the Compensation Committee granted long-term incentive compensation in the form of restricted stock awards (RSAs) to the NEOs in amounts representing a 20% reduction in value from the prior year's grant levels. Similar to last year and to reinforce our retention objectives as well as to reduce the annual impact of their financial reporting cost, these awards are subject to five-year, rather than our standard four-year, vesting schedules.

In September 2012, when Mr. Riggs left the employment of the Company as a result of a reduction in workforce, Ms. McWaters assumed primary responsibility for leading our Marketing department.

In December 2012, based on its assessment of our financial performance (measured on our consolidated earnings before interest and taxes), the Compensation Committee awarded a cash incentive to Ms. McWaters and Messrs. Putnam, White, Freed, Riggs and Crain that reflected a below target payout.

Fiscal 2013 Compensation Program Changes

Consistent with our focus on controlling costs in a challenging economic and regulatory environment in fiscal 2013 and following a review of prevailing market practices, in the fall of 2012, the Compensation Committee made the following decisions with respect to fiscal 2013 compensation:

In October 2012, we entered into amended employment agreements with Ms. McWaters and Mr. Putnam. These amendments shifted more of Ms. McWaters' and Mr. Putnam's cash compensation from fixed to variable by reducing their base salaries and increasing their annual target bonus opportunity by 20%.

In October 2012, we entered into an amended employment agreement with Mr. White which reduced his annual base salary rate to \$1.00. In addition, Mr. White will not participate in the Company's annual incentive plan effective October 1, 2012.

In October 2012, we entered into an amended and restated employment agreement with Mr. Cranston which removes the guaranteed nature of his annual cash incentive award effective October 1, 2012.

Edgar Filing: UNIVERSAL TECHNICAL INSTITUTE INC - Form DEF 14A

The fiscal 2013 base salaries of Messrs. Cranston and Freed were maintained at their fiscal 2012 levels and their annual target bonus opportunity was increased by 20%.

To further focus our leaders' efforts on achieving the strategic objectives of the Company, a Supplemental Management Incentive Plan was created which only provides payout if the Company's

Table of Contents

consolidated earnings before interest and taxes (EBIT) budgeted target is achieved. Payout is in the form of RSAs, with 50% vesting immediately upon grant and the remaining 50% one year later.

Changes to the employer match components of both the Section 401(k) and Deferred Compensation Plan were made. Effective January 1, 2013, the match for the Section 401(k) plan will be reduced to be 25 cents on each dollar saved up to the first 6% of eligible compensation contributed to the plan and the match under the Deferred Compensation Plan will be suspended.

CEO Compensation

We believe that the success of our business and resulting value for our stockholders is largely dependent on a stable management team led by an individual with the vision to identify our long-term challenges and craft effective responses to enable us to navigate a volatile economic and regulatory environment. Accordingly, the compensation package of our Chief Executive Officer has been designed by the Compensation Committee to support this belief while, at the same time, fulfilling our overall compensation objectives: rewarding sustainable growth as reflected by favorable student outcomes and our financial performance, effective cost management and consistent operational excellence. To these ends, the fiscal 2012 compensation actions and decisions for our Chief Executive Officer emphasized the following:

Supported our belief that compensation should track corporate performance by paying an annual incentive award at 90% of its target level; consistent with our financial results in fiscal 2012 as measured by the key metric by which we gauge our ability to generate sustainable shareholder value; and

Reinforced the alignment of her interests with those of our stockholders by providing the opportunity for significant reward in the form of equity compensation if she is able to manage our business effectively over the next several years in a volatile economic and regulatory environment.

Compensation Philosophy and Objectives

Our executive compensation program is driven by our business environment, objectives and outcomes. Consequently, we evaluate the performance of our executives, including the NEOs, based on their management of the Company in the context of current business and economic conditions and our performance relative to our peers. Because the NEOs have broad policy-making authority, the Compensation Committee holds them responsible for our financial performance and for upholding our values in a competitive marketplace.

We believe that, in this highly competitive market for top executive talent, it is critical that we provide our executives with incentives to excel, be internally and externally equitable and promote a culture of innovation and results-oriented service for our students and customers while, at the same time, not encouraging undue risk-taking.

We believe an effective executive compensation program rewards the achievement of short-term, long-term and strategic objectives that are closely aligned with the soundness of the Company and the interests of our stockholders and encourages appropriate decision-making regarding the long-term value of the Company. Therefore, we believe that a meaningful portion of each executive's total direct compensation opportunity should be at risk and payable only if the executive's performance benefits the interests of our stockholders.

Oversight of the Executive Compensation Program

Role of Compensation Committee

The Compensation Committee of the Board of Directors has responsibility for overseeing the administration and development of our executive compensation program. In fulfilling this responsibility, the Compensation Committee formulates recommendations for the total direct compensation, and each individual element of compensation, of our executives, including the NEOs, for consideration by and approval of the Board of Directors.

Table of Contents

In developing these recommendations, the Compensation Committee evaluates the financial and operational performance of the Company and conducts performance reviews of the Chief Executive Officer and Chairman of the Board of Directors, taking into consideration the goals and objectives of our short-term and long-term incentive compensation plans. The Compensation Committee also uses the annual performance reviews of our other executives, as conducted by the Chief Executive Officer or the President, as a significant factor in developing the compensation recommendations for these individuals.

The Compensation Committee also conducts an annual assessment of the competitiveness of our executive compensation program, with the assistance of its compensation consultant, reviewing our executives' total direct compensation opportunities, while, at the same time, analyzing the competitiveness of each compensation element. The Compensation Committee monitors the overall compensation mix of our executives' pay by comparing each element to peer group practices to ensure appropriate pay leverage is maintained in the overall compensation package and in equity-based incentives that emphasize the creation of long-term stockholder value.

In the fall of 2011, the Compensation Committee conducted its review of compensation for fiscal 2012, examining the base salary, annual cash incentive opportunity and long-term incentive compensation opportunity of each executive. The Compensation Committee also reviewed the long-term incentive values of our executives again in September 2012 as part of its review and approval of annual equity awards.

Role of Executive Officers

Our Chief Executive Officer, in conjunction with our President, makes recommendations to the Compensation Committee as to the base salaries, target annual cash incentive award opportunities and long-term incentive awards of our executives, including the NEOs (other than themselves). These recommendations are based on an analysis of relevant peer company and market survey data, as well as their evaluation of each executive's performance.

Role of Compensation Consultants

The Compensation Committee has engaged Compensia, a national compensation consulting firm, to assist it in fulfilling its responsibilities and duties. Specifically, Compensia's engagement encompasses advisory services such as periodic review of executive compensation philosophy, a competitive assessment of executive compensation levels and pay-for-performance linkage, executive cash and broad-based equity incentive program design, the review of executive agreements and other ad hoc support. In fiscal 2012, Compensia:

assisted in revising the compensation peer group which the Compensation Committee used to assess the competitive market for its executive positions;

provided advice and analysis with respect to the propriety and competitive value of the long-term incentive awards granted to our executives; and,

provided advice and analysis on our employment and change-in-control agreements.

Compensia works at the direction of, and reports directly to, the Compensation Committee. A representative of the firm attends all Compensation Committee meetings. Compensia does not perform any services for the Company unless directed to do so by the Compensation Committee. Other than the work described above, there are no other material relationships between Compensia and the Company or its executives or directors.

The Compensation Committee has analyzed whether the work of Compensia as a compensation consultant has raised any conflicts of interest, taking into consideration the following factors: (i) the provision of other services to the Company by Compensia; (ii) the amount of fees from the Company paid to Compensia as a percentage of Compensia's total revenue; (iii) the policies and procedures of Compensia that are designed to prevent conflicts of interest; (iv) any business or personal relationship of UTI's compensation advisor or the individual compensation advisors employed by Compensia with an executive officer of the Company; (v) any business or personal relationship of UTI's compensation advisor with any member of the Compensation

Committee; and (vi) any stock of the Company owned by Compensia or the individual compensation advisors employed by Compensia. The Compensation Committee has determined, based on its analysis in light of the factors listed above, that the work of Compensia and the individual compensation advisors employed by Compensia as compensation consultants to the Company has not created any conflicts of interest.

Competitive Positioning

To evaluate the competitiveness of our executive compensation program, we compare each compensation element, as well as the total direct compensation of the NEOs, against the compensation practices of a group of peer companies that is comprised of several of the publicly-traded companies in the for-profit education industry. In the summer of 2012, we conducted an extensive review of our then current peer group in concert with Compensia and made some significant revisions. Because we operate in a relatively small industry sector and we do not limit our executive talent searches to our industry, we used a blend of peers both inside and outside of our industry sector. We used a point system to evaluate potential peers, and considered industry, company size, revenue, and various financial metrics in determining our new peer group for fiscal 2012. The revised peer group consisted of the following companies:

American Public Education	K12 Inc.
Bridgepoint Education Inc.	Learning Tree International, Inc.
Capella Education Corporation	Lincoln Educational Services Corporation
Career Education Corporation	Nobel Learning Communities, Inc.
Corinthian Colleges, Inc.	Strayer Education, Inc.
DeVry, Inc.	Entegris Inc
Education Management Corporation	GP Strategies Corporation
Grand Canyon Education, Inc.	MTS Systems Corporation
ITT Educational Services, Inc.	True Religion Apparel Inc.

We also compile and analyze job-specific compensation survey data prepared from general industry organizations for companies with similar revenues. For fiscal 2012, the compensation surveys used were Mercer's Benchmark Database and the Salary.com Survey Database. The data drawn from these surveys was averaged with the peer group data to create a composite comparison group (the Competitive Market Data).

We use the Competitive Market Data as a guide when making decisions about total direct compensation, as well as individual elements of compensation. Generally, using the data from the 50th and 75th percentiles of total direct compensation as reference points, the Compensation Committee determines the amount of each individual element of compensation for each executive. Since the Competitive Market Data is simply a starting point for the Compensation Committee's deliberations, which are influenced by several additional factors as described below, the total direct compensation delivered to our executives, as well as the amounts of individual compensation elements, can vary from the 50th and 75th percentiles of such data.

We compare the positioning of our employee benefits annually against the Towers Watson Employer Survey on Purchasing Value in Health Care, which covers approximately 9.2 million U.S. employees. Retirement benefits are evaluated annually against general industry standards, using data from our plan administrators (T. Rowe Price and The Newport Group). Typically, we target the median of this data to maintain competitive levels with respect to each of these benefit areas.

Elements of the Executive Compensation Program

Our executive compensation program is designed around the concept of total direct compensation—that is the combination of base salary, annual cash incentive awards and long-term incentive compensation. In setting the appropriate level of total direct compensation, the Compensation Committee seeks to establish each compensation element at a level that is both competitive and will attract and motivate top talent, while keeping the overall pay levels aligned with stockholder interests and job responsibilities.

Table of Contents

The following table sets forth each element of our executive compensation program and the objective of that element:

Compensation Element	Principal Objectives
Base Salary	Fixed compensation element intended to reward core competencies, experience and required skills in senior leadership position.
Annual Cash Incentive Awards	Variable compensation element intended to reward contributions to our short-term business objectives and, in most cases, achievement of individual goals.
Long-Term Incentive Compensation	Variable compensation element intended to reward contributions to our long-term success and the achievement of our mission and key business objectives, and each NEO's commitment to the interests of our stockholders.
Restricted Stock	
Employee Benefits	
Health, Life and Disability Benefits	The NEOs participate in employee benefit plans generally available to all our employees, including health, life and disability plans.
Retirement Benefits	The NEOs may participate in the Company's Section 401(k) plan which is generally available to all our eligible employees. The NEOs also may participate in the Company's non-qualified deferred compensation plan. The non-qualified deferred compensation plan is designed to provide the NEOs with the opportunity to save adequately for retirement due to the restrictions imposed on their savings limits in the Section 401(k) plan.
Section 401(k) Plan	
Non-Qualified Deferred Compensation Plan	
Executive Perquisites	Company-paid health benefit premiums, executive physicals, additional term-life insurance and the Executive Medical Plan serve as competitive recruiting and retention tools. Given the rigorous demands placed on the NEOs, we have a vested interest in their proactive focus on their health and security.
Post-Employment Compensation	Rewards service and tenure and recognizes the need for financial security for the NEOs when employment ends. Rewards focus on our ongoing needs within the changing landscape of the for-profit education industry.

The overall mix of the aggregate target compensation for the NEOs during fiscal 2012 was approximately 42% base salary, 26% annual cash incentive awards and 32% long-term incentive compensation. The Compensation Committee believes that the mix of annual cash incentive awards and long-term incentive compensation was well-balanced and achieved our executive compensation objectives. In addition, it has determined that the relationship between performance and incentive plan payouts are within the range of competitive practices as measured each year against the performance of our peer group and the corresponding compensation paid by the peer group companies to their executives.

Due to the challenging business environment and in an effort to shift pay from fixed to variable components, changes were made to a number of compensation elements for fiscal year 2013. These changes resulted in a revised pay mix of our NEOs (excluding Mr. White) of 40% base salary, 28% annual cash incentive awards and 32% long-term incentive.

Table of Contents**Components of the Executive Compensation Program****Base Salary**

Each year, the Compensation Committee reviews and approves the base salaries of our executives, including the NEOs, using the deliberative process described above. In making base salary adjustments, the Compensation Committee considers our current business environment, the Competitive Market Data and each executive's past performance, anticipated future contributions, role, responsibilities, skills and experience.

In December 2011, due to the business environment, the need to control costs and the competitive pay of the NEOs, no pay increases were provided. In addition, in October 2012, the base salaries of Ms. McWaters and Messrs. Putnam and White were reduced.

Named Executive Officer	Fiscal 2011	Fiscal 2012	Fiscal 2013
	Base Salary	Base Salary	Base Salary
Ms. McWaters	\$ 662,465	\$ 662,465	\$ 629,342
Mr. Putnam	\$ 450,000	\$ 450,000	\$ 427,500
Mr. White	\$ 551,655	\$ 551,655	\$ 1
Mr. Cranston	\$ 320,000	\$ 320,000	\$ 320,000
Mr. Freed	\$ 320,000	\$ 320,000	\$ 320,000
Mr. Riggs	\$ 320,000	\$ 320,000	N/A
Mr. Crain	\$ 298,607	\$ 298,607	N/A

See the Fiscal 2012 Summary Compensation Table for more information about the base salaries paid to the NEOs during fiscal 2012.

Annual Cash Incentive Awards

During fiscal 2012, our executives, including the NEOs, were eligible to earn annual cash incentive awards based on the achievement of specific performance goals for the fiscal year under the Universal Technical Institute, Inc. 2003 Incentive Compensation Plan (in the case of Ms. McWaters and Messrs. Putnam and White) and the Management Incentive Plan (in the case of Messrs. Freed, Riggs and Crain).

The Compensation Committee approved the following target annual cash incentive award opportunities for fiscal 2012:

Named Executive Officer	Target Annual Cash Incentive Award Opportunity
Ms. McWaters	75%
Mr. Putnam	65%
Mr. White	60%
Mr. Cranston	55%(1)
Mr. Freed	50%
Mr. Riggs	50%
Mr. Crain	50%

- (1) In March 2011, in response to the Compensation Committee's initial interpretation of the pending regulatory restrictions on incentive compensation, the Compensation Committee replaced Mr. Cranston's annual cash incentive award arrangement so that beginning with fiscal 2011 Mr. Cranston would be guaranteed an annual cash award equal to 55% of his annual base salary. Subsequent clarification was provided and effective October 1, 2012, Mr. Cranston's agreement was amended to provide that his cash incentive award would mirror that of the other NEOs and, therefore, would not be guaranteed but would instead be based on the achievement of specific performance goals set by the Board of Directors.

Table of Contents

The annual cash incentive awards of the NEOs were to be based on our financial performance as measured by the Company's consolidated earnings before interest and taxes (EBIT) during fiscal 2012, with the exception of Mr. Cranston, which is described earlier in this Proxy document. The Compensation Committee selected this performance metric for the annual cash incentive awards because it effectively captured our need to reward performance as well as contain costs during fiscal 2012.

The threshold, target and maximum performance levels for this metric, as well as the related award payment levels, for the annual cash incentive awards were as follows:

	Threshold	Target	Maximum
EBIT performance level	\$ 10,000,000	\$ 20,000,000	\$ 22,000,000
Award payment level	20%	100%	125%

Performance between these stated levels was to be interpolated for purposes of determining the corresponding payment level.

For purposes of the fiscal 2012 annual cash incentive awards, EBIT was to be adjusted to exclude the expense associated with the annual cash incentive awards. The payment calculation under the 2003 Incentive Compensation Plan was based on the greater of the annual result or the total of the quarterly results so that it was possible to recover from the poor performance during a specific fiscal quarter and retain an incentive for the subsequent fiscal quarters, thereby enhancing the motivational aspects of the awards.

Award Decisions and Analysis

In October 2012, the Compensation Committee determined that the Company's consolidated EBIT for fiscal 2012 was \$19,927,000, which resulted in an award payment of 90% of the target award opportunity for the NEOs participating in the 2003 Incentive Compensation and Management Incentive Plans. Beneficial revisions to previously issued financial statements were not taken into account when determining the award payout.

*Long-Term Incentive Compensation*Restricted Stock Awards

In September 2012, the Compensation Committee recommended, and the independent members of the Board of Directors approved, restricted stock awards for the NEOs using the deliberative process described above. In determining the size of these awards, the Compensation Committee considered our current challenging business environment and, as a result, the size of these awards was reduced from prior year's levels. The value of the award was reduced by 20% for Ms. McWaters and Messrs. Putnam, Cranston, Freed and Riggs. Mr. White's award was eliminated. These awards are subject to a five-year vesting requirement which while consistent with fiscal 2011 awards, represents an increase of one year over the four-year vesting requirement of the prior year's awards. The Compensation Committee decided to extend the vesting requirement for these awards to mitigate their financial reporting impact in the current business environment and enhance our executive retention objectives.

The restricted stock awards granted to the NEOs in September 2012 were as follows:

Named Executive Officer	Number of Shares of Common Stock Underlying Restricted Stock Award	Grant Date Fair Value of Restricted Stock Award
Ms. McWaters	63,292	\$ 800,011
Mr. Putnam	37,975	\$ 480,004
Mr. White	0	\$ 0
Mr. Cranston	12,659	\$ 160,010
Mr. Freed	12,659	\$ 160,010
Mr. Riggs	12,659	\$ 160,010
Mr. Crain	0	\$ 0

See the Fiscal 2012 Grants of Plan Based Awards Table for more information about the restricted stock awards granted to the NEOs during fiscal 2012.

Performance Awards

In fiscal 2009 and fiscal 2010, the Compensation Committee made long-term incentive compensation awards to the then-NEOs in the form of restricted stock and performance awards (PAs). These PAs vest over a three-year performance period based on our total shareholder return (TSR) over the performance period as compared against the TSR of a stacked ranking of the Russell 2000 Index at the end of the performance period as follows:

TSR Index Percentile Ranking	0-20th	21st-30th	31st-40th	41st-50th	51st-60th	61st-70th	71st-80th	81st-90th	91st-100th
PA Payout Percentage	0%	25%	50%	75%	100%	125%	150%	175%	200%

During fiscal 2012, the NEOs had two PAs outstanding. The key features of these awards were as follows:

Performance Period	Performance Measure	Measurement Period(s)
October 1, 2009	Relative TSR as measured against the	October 1, 2009 September 30, 2010
September 30, 2012	Russell 2000	October 1, 2009 September 30, 2011

September 30, 2013	Russell 2000	October 1, 2010 September 30, 2013

In November 2012, the final tranche of the PAs that were granted in September 2009 for the one-year performance period ending September 30, 2012, vested. These awards were paid at 0% of the target number of shares initially awarded based on our actual ranking relative to the TSR index percentile ranking for the performance period. The final award payments to the NEOs were:

Named Executive Officer	Target Number of Shares to be Awarded	Actual Number of Shares Awarded
Ms. McWaters	2,893	0
Mr. Putnam	1,303	0
Mr. White	1,157	0
Mr. Freed	579	0
Mr. Riggs	0	0
Mr. Crain	0	0

Equity Award Grant Policy

Pursuant to our equity award grant policy, we grant equity awards upon the recommendation of the Compensation Committee and with the approval from the independent members of the Board of Directors. Awards to newly-hired or promoted executives who are eligible to receive stock awards are proposed for approval at the Board of Directors' next regularly-scheduled meeting following the executive's hire or promotion. Award timing is applied consistently. Typically, our annual equity awards are granted in September. Equity award levels are based on market data and vary among participants based on their positions within the Company. For fiscal 2012, the equity awards were granted at a special Board of Directors meeting held in September.

To further align the interest of our executive officers with the interest of our stockholders, and after evaluation of best practices and consultation by the Compensation Committee with Compensia, its independent

Table of Contents

consultant, effective September 1, 2012, our Board of Directors implemented stock ownership guidelines applicable to our executive officers. Each executive officer is expected to hold shares of common stock with an aggregate value greater than or equal to a multiple of the executive officer's base salary as set forth below:

Chief Executive Officer and Chairman four times base salary;

President & Chief Financial Officer three times base salary; and

Senior Vice Presidents two times base salary.

Under these guidelines, common stock held directly or indirectly and unvested restricted stock awards, count towards satisfaction of the stock ownership requirements. Compliance with the guidelines will be measured annually in September.

Our executives are expected to be in compliance with these guidelines within three years of the later of September 1, 2012 and the date the executive first became subject to these guidelines. Currently four of the five NEOs are in compliance with these new guidelines.

Employee Benefits and Executive Perquisites

We offer all eligible employees, including the NEOs, a health and welfare benefits package which includes coverage for medical, dental, disability, life, accidental death and dismemberment, vision, flexible spending, education assistance, employee assistance and business travel accident. The NEOs participate in these benefit arrangements on the same basis as all eligible employees.

We design our employee benefits package to be affordable and competitive in relation to the market, as well as compliant with applicable laws and practices. We adjust our employee benefits package as needed based upon regular monitoring of applicable laws and practices and the competitive market.

We do not believe perquisites or other personal benefits make up a significant percentage of total compensation for our executives. We provide limited perquisites, such as Company-paid premiums for medical, dental, disability, accidental death and dismemberment and vision coverage, executive physicals, additional term-life insurance and the Executive Medical Plan, to certain executives, including the NEOs. Based on its review of the Competitive Market Data, the Compensation Committee believes that perquisite levels provided to our executives are less than those provided by comparable companies.

Retirement Benefits

We maintain a defined contribution plan, intended to qualify under Section 401(k) of the Internal Revenue Code, which is generally available to all employees, including the NEOs, to assist them in saving for retirement. Under this plan, a participant may contribute a maximum of 50% of his or her pre-tax base salary (up to the statutorily-prescribed annual limit). In the discretion of the Board of Directors, we may make discretionary matching and/or profit-sharing contributions into the plan for eligible employees. Currently, we match 50 cents on each dollar saved up to the first 5% of eligible compensation contributed to the plan after the first year of employment. A five-year vesting schedule applies to all of our matching contributions. A participant is considered fully vested in our matching contributions after he or she has completed five years of service with the Company. Beginning in January 2013, our match will change to be 25 cents on each dollar saved up to the first 6% of eligible compensation contributed to the plan. Eligibility and vesting of the match will remain the same as current.

Our executives, including the NEOs, are also eligible to participate in a non-qualified deferred compensation plan, which was implemented in April 2010. We offer this plan to allow participants to set aside a portion of their income for retirement on a pre-tax basis, in addition to the amounts allowed under the

Table of Contents

Section 401(k) plan. Currently, a participant employed for at least one year is eligible for an incentive matching contribution equal to 50% of his or her plan contributions, up to the maximum matchable compensation equivalent to 5% of base salary. A five-year vesting schedule applies to all Company's matching contributions. Of the NEOs, Ms. McWaters and Messrs. Putnam, Cranston, Freed and Riggs participated in the non-qualified deferred compensation plan during fiscal 2012. Beginning in January 2013, although the plan will continue to be offered, the Company match under this plan will be suspended.

We view these retirement benefits as a key component of our executive compensation program because they encourage long-term service by our executives.

Employment Agreements

Fiscal 2012

We have employment agreements with Ms. McWaters and Messrs. Putnam, White and Cranston. Each of these agreements provides for at will employment and sets forth the initial compensation arrangements for the NEO, including an initial base salary, an annual cash incentive award opportunity (other than for Mr. Cranston as discussed previously in this document), a recommendation for an initial equity award and standard employee benefit plan participation. These employment agreements also restrict the NEO's disclosure and use of our confidential information, as defined in the agreement, and prohibit the NEO from competing with us for a period of 24 months following a termination of employment.

The versions of these agreements in effect during fiscal 2012 were entered into in March 2011, and superseded the NEOs' previous employment agreements. Generally, these agreements specify each individual's position within the Company, provide for an initial three-year term and specify his or her current base salary, which is subject to annual increases at the discretion of the Board of Directors (or, in the case of Mr. Cranston, the Chief Executive Officer). In addition, these agreements specify that each NEO is eligible to receive certain perquisites, including reimbursement of expenses, health, short-term and long-term disability, pension and life insurance benefits and such other perquisites and benefits as established from time to time in the sole discretion of the Board of Directors.

These employment agreements also provide for certain protections in the event that the employment of the NEO is terminated under specified circumstances, including following a change in control of the Company. These protections are discussed in more detail in the Severance and Change-in-Control Protection section below.

In October 2012, the agreements with Ms. McWaters and Messrs. Putnam and White were amended to reduce annual base salary rates. During this same time period, we entered into an amended and restated employment agreement with Mr. Cranston which superseded his previous agreement. This amended and restated agreement removes the guaranteed nature of his annual cash award to mirror that of the other NEOs, which is based on the achievement of specific performance goals for each fiscal year set by the Board of Directors under the Company's Management Incentive Plan. We believe that these employment agreements continue to incent the NEOs to maintain focus and dedication to their assigned duties and to maximize stockholder value. The terms and conditions of these agreements were determined after review by the Compensation Committee of both our retention objectives for each NEO and analysis of relevant market data and were the result of individual negotiations with each NEO.

Post-Employment Compensation

Ms. McWaters and Messrs. Putnam, White and Cranston

Each of the employment agreements with these NEOs provides for the payment of severance compensation and benefits under certain circumstances, such as in the event that the employment of the NEO is terminated by us without cause or by the NEO for good reason (as these terms are defined in the agreements), whether or not in connection with a change-in-control of the Company. The death or disability of the NEO also triggers severance compensation and benefits. While the details of these agreements vary, generally each provides for a continuation of base salary payments for a specified period following a termination of employment.

Table of Contents

In addition, the agreement with Mr. White provides that if his employment is terminated without cause or he terminates his employment for good reason, medical benefits comparable to that provided to other executives will continue for him and his spouse through age 65.

As a precondition to our payment of any severance compensation or benefits, an NEO must execute a waiver and release of claims.

Mr. Freed

We have entered into a change-in-control agreement with Mr. Freed. This agreement is intended to facilitate our ability to retain his services in a competitive marketplace that commonly offers such protections. This agreement provides that if Mr. Freed's employment is terminated by us without cause or he terminates his employment for good reason (as defined in his agreement) within one year following a change-in-control of the Company, he will receive base salary payments for a specified period following the date of termination and a prorated annual cash incentive award. Mr. Freed is also entitled to receive 12 months of paid health benefits continuation and outplacement services.

As a precondition to our payment of any severance compensation or benefits, Mr. Freed must execute a waiver and release of claims.

Analysis of Protections

We believe that these protections are necessary to induce these individuals to forego other opportunities or leave their current employment for the uncertainty of a demanding position in a new and unfamiliar organization and also help from a retention standpoint. We also believe that these arrangements help the NEOs maintain continued focus and dedication to their responsibilities to help maximize stockholder value if there is a potential transaction that could involve a change in control of the Company.

For more information on these protections, and the estimated severance compensation and benefits payable thereunder, see the tables under the heading "Potential Payments upon Termination or Change-in-Control" set forth elsewhere in this Proxy statement.

Tax Considerations

Section 162(m) of the Internal Revenue Code limits our ability to deduct non-performance based compensation in excess of \$1 million that we pay to certain of our executive officers. The Compensation Committee intends for all incentive compensation paid to the NEOs to be deductible for federal income tax purposes to the greatest extent possible. In certain situations, however, the Compensation Committee may determine that the amount of the income tax deduction lost is less important than appropriate design and delivery of compensation to our executive officers.

Our 2003 Incentive Compensation Plan, which was approved by our stockholders, permits the award of stock options, performance shares, performance units, stock appreciation rights, performance-based awards and cash bonuses that qualify as "performance-based compensation" and, therefore, are fully deductible under Section 162(m).

In determining equity awards for fiscal 2012, we generally considered the potential expense of those awards under generally accepted accounting principles and their impact on our earnings per share. We concluded that the award levels were in the best interests of our stockholders given competitive compensation practices among our peer group, the awards' potential compensation expense, our performance and the impact of the awards on employee motivation and retention.

Table of Contents

Sections 280G and 4999 of the Internal Revenue Code provide that executive officers and directors who hold significant equity interests and certain other service providers may be subject to an excise tax if they receive payments or benefits in connection with a change in control that exceeds certain prescribed limits, and that we, or a successor, may forfeit an income tax deduction on the amounts subject to this additional tax. We did not provide any executive, including any NEO, with a gross-up or other reimbursement payment for any tax liability that he or she might owe as a result of the application of Sections 280G or 4999 during fiscal 2012 and we have not agreed and are not otherwise obligated to provide any NEO with such a gross-up or other reimbursement or to otherwise address the application of Sections 280G or 4999 in connection with the payments or benefits in connection with a change in control of the Company.

Compensation-Related Risk

The Compensation Committee believes that our compensation policies and practices as generally applicable to the Company's employees do not encourage excessive and unnecessary risk-taking and that the level of risk that the policies and practices do encourage is not reasonably likely to have a material adverse effect on the Company.

Compensation Committee Interlocks

Ms. Srere and Messrs. Conrad, Caputo and Blaszkiewicz served as members of our Compensation Committee during fiscal 2012. Mr. Blaszkiewicz was appointed to the Compensation Committee on December 13, 2011. None of these Directors was an executive officer or otherwise an employee of UTI before or during such service, and no executive officer of UTI served on any other company's compensation committee.

Table of Contents

In fiscal 2012, each of the NEOs received his or her regular equity award in the form of restricted shares. The restrictions on the shares of restricted stock granted in September 2012 lapse at a rate of 20% each year for five years. Recipients of restricted stock, including NEOs, are considered stockholders with respect to all such shares of restricted stock and have all of the rights of a stockholder in the Company with respect to the restricted shares (e.g., they may vote the shares at any meeting of our stockholders). However, recipients have no rights to any dividends declared with respect to the restricted shares until the restrictions on such shares lapse and may not sell or transfer the shares until they vest.

All restrictions on the restricted shares lapse upon death, disability, termination of employment without cause within one year following a change-in-control of the Company or termination of employment by the recipient for good reason. Good reason means a material reduction in the Named Executive Officer's authority, perquisites, position or responsibilities (other than such a reduction which affects all of our senior executives on a substantially equal or proportionate basis), or a requirement that the NEO relocate greater than 50 miles from his or her current primary work location. Cause includes, but is not limited to, the following: (i) conviction of, or plea of guilty or nolo contendere to, a felony or a crime involving embezzlement, conversion of property or moral turpitude; (ii) a finding by a majority of the Board of Directors of fraud, embezzlement or conversion of the Company's property; (iii) conviction of, or plea of guilty or nolo contendere to, a crime involving the acquisition, use or expenditure of federal, state or local government funds or the unlawful use, possession or sale of illegal substances; (iv) an administrative or judicial determination of fraud or any other violation of law involving federal, state or local government funds; and (v) a finding by a majority of the Board of Directors of a knowing breach of any of fiduciary duties to the Company or the Company's stockholders or making of a misrepresentation or omission which breach, misrepresentation or omission would reasonably be expected to materially adversely affect the business, properties, assets, condition (financial or other) or prospects of the Company.

Outstanding Equity Awards at 2012 Fiscal Year-End Table

The following table sets forth certain information regarding all outstanding equity awards for each of the NEOs, as of September 30, 2012. The values reported in the table have not been, and may never be, realized. The stock options reported in the table may never be exercised and the value, if any, will depend on the market price of our common stock on the exercise date. In addition, the restricted stock awards are subject to forfeiture and the value realized, if any, will depend on the market price of our common stock on the date an NEO sells those

shares once the restrictions have lapsed. The performance units will only vest upon achievement of certain performance criteria and the value realized, if any, will depend on the market price of our common stock on the date an NEO sells these shares once the units vest.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL****OWNERS AND MANAGEMENT**

The following table sets forth information as of December 27, 2012 with respect to the beneficial ownership of shares of common stock by:

each person known to us to be the beneficial owner of 5% or more of the outstanding shares of our common stock;

each of our directors, director nominees and NEOs; and

all of our executive officers and directors as a group.

Beneficial ownership is determined in accordance with Rule 13d-3 under the Exchange Act and generally includes voting or investment power over securities. Under this rule, a person is deemed to be the beneficial owner of securities that can be acquired by such person within 60 days of December 27, 2012 upon the exercise of options. Each beneficial owner's percentage ownership is determined by assuming that all options held by such person that are exercisable within 60 days of December 27, 2012 have been exercised. Except in cases where community property laws apply or as indicated in the footnotes to this table, we believe that each stockholder identified in the table possesses sole voting and investment power over all shares of common stock shown as beneficially owned by the stockholder.

SECTION 16(a) BENEFICIAL OWNERSHIP

REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, executive officers and greater than 10% stockholders to file reports of holdings and transactions in our shares with the SEC. For the fiscal year ended September 30, 2012, to our knowledge and based solely on a review of copies of reports furnished to us, or written representations, we believe that the applicable reporting requirements of Section 16(a) have been satisfied.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Policy Regarding Transactions with Related Persons

Our Board of Directors adopted a written Related Party Transaction Policy (the Policy) pursuant to which all Interested Transactions with a Related Party are subject to review and approval by the Nominating and Corporate Governance Committee. Ongoing or long-term transactions with a Related Party in existence at the time the Policy was adopted, if any, will also be subject to ratification on at least an annual basis. For purposes of the Policy, an Interested Transaction is a transaction, arrangement or relationship or a series of similar transactions, arrangements or relationships (including any indebtedness or guaranty of indebtedness) in an amount equal to or exceeding \$120,000 in any fiscal year in which us, including any of our subsidiaries, was, is or will be a participant and in which any Related Party had, has or will have a direct or indirect material interest. Any indirect interest includes an interest held by or through any entity in which any Related Party is employed or is a partner or principal; or in a similar position or in which such Related Party has a 10% or greater beneficial ownership interest. A Related Party includes executive officers, directors, nominees for director, any person who is known to be the beneficial owner of more than 5% of any class of our voting securities and any immediate family member of any of the foregoing persons.

In considering whether to approve an Interested Transaction, the Nominating and Corporate Governance Committee considers such factors as it deems appropriate, which may include: (i) the Related Party's relationship with us and interest in the transaction; (ii) the material facts of the proposed Interested Transaction, including the proposed value of such transaction, or, in the case of indebtedness, the principal amount that would be involved; (iii) the benefits to us of the Interested Transaction; (iv) an assessment of whether the Interested Transaction is on terms that are comparable to the terms available with an unrelated party; (v) in the case of an existing transaction, the impracticability or cost of securing alternative arrangements and (vi) such other factors as the committee deems relevant.

The Policy provides for standing pre-approval for certain categories of transactions with a Related Party without the need for specific approval by the Nominating and Corporate Governance Committee. These categories are: (i) certain transactions with other companies where the Related Party's only relationship is as an employee (other than as an executive officer), director or beneficial owner of less than 10% of the company's shares, if the aggregate amount involved does not exceed the greater of \$1 million or 2% of the other company's gross annual revenues in its most recently completed fiscal year; (ii) charitable contributions, grants or endowments by us to charitable organizations, foundations or universities at which a Related Party's only relationship is as an employee (other than as an officer) or a director or trustee, if the aggregate amount involved does not exceed the lesser of \$500,000 or 2% of the charitable organization's total annual receipts in its most recently completed fiscal year; and (iii) certain other transactions and arrangements which under certain SEC rules are excepted from disclosure as transactions with a Related Party.

Registration Rights Agreement

We are a party to a registration rights agreement with, among others, the following stockholders: (i) JZ Equity Partners PLC and the permitted transferees of The Jordan Company, LLC (collectively, the TJC Stockholders); (ii) Charlesbank Voting Trust, Charlesbank Equity Fund V, Limited Partnership, CB Offshore

Table of Contents

Equity Fund V, L.P., CB Equity Co-investment Fund V, Limited Partnership and Coyote Training Group, LLC (collectively, the Charlesbank Stockholders), (iii) Whites Family Company, LLC; and (iv) Robert D. Hartman. The registration rights agreement provides for piggyback registration rights with respect to the restricted shares of our common stock held by each of the stockholder parties to this agreement, including Whites Family Company, LLC, an entity controlled by John C. White, our Chairman of the Board of Directors. Accordingly, if we propose to register any of our common stock for sale to the public, we are required to give written notice of our intention to do so to each of the stockholders who are a party to this agreement and to use our best efforts to include in the registration statement the number of restricted shares of our common stock beneficially owned and requested to be registered by such stockholders, subject to reduction of such shares under certain circumstances by an underwriter. If a reduction of shares is necessary, stockholders who request to participate in the registration will do so pro rata based on the numbers of shares held by such stockholders on a fully-diluted basis, except that we will have first priority to register shares of our common stock if we initiate the registration for our own account. Pursuant to the registration rights agreement, the piggyback right terminates from and after the date on which those stockholders cease to beneficially own at least 1% of our issued and outstanding shares of common stock.

Transactions with Management and Others

Since 1991, we have leased some of our properties from entities controlled by John C. White, the Chairman of our Board of Directors, or entities in which Mr. White's family members have an interest. A portion of the property comprising the Orlando location is occupied pursuant to a lease with the John C. and Cynthia L. White 1989 Family Trust, with the lease term expiring on August 19, 2022. The annual base lease payments for the first year under this lease totaled approximately \$326,000, with annual adjustments based on the higher of (i) an amount equal to 4% of the total annual rent for the immediately preceding year or (ii) the percentage of increase in the Consumer Price Index. Another portion of the property comprising the Orlando location is occupied pursuant to a lease with Delegates LLC, an entity controlled by the White Family Trust, with the lease term expiring on August 19, 2022. The beneficiaries of the White Family Trust, which is an irrevocable grantor trust, are Mr. White's children and the trustee of the trust is not related to Mr. White. Annual base lease payments for the first year under this lease totaled approximately \$680,000, with annual adjustments based on the higher of (i) an amount equal to 4% of the total annual rent for the immediately preceding year or (ii) the percentage of increase in the Consumer Price Index. Additionally, since April 1994, we have leased two of our Phoenix properties under one lease from City Park LLC, a successor in interest of 2844 West Deer Valley LLC and in which the John C. and Cynthia L. White 1989 Family Trust holds a 25% interest. This lease was amended effective on December 1, 2012. The amendment extended the term of the lease from February 28, 2015 to December 31, 2022 and reduced the base lease payments for the 2013 calendar year from approximately \$583,000 to approximately \$523,000. Additionally, the amendment specifies annual base lease payment increases of 2% beginning on March 1, 2015. The table below sets forth the total payments that the Company made in fiscal 2010, 2011 and 2012 under these leases:
