To the Holders of Common Shares of Otter Tail Corporation:

You are cordially invited to attend the Annual Meeting of Shareholders of Otter Tail Corporation, which will be held at the Bigwood Event Center, Best Western Motel, Highway 210 West and Interstate 94, Fergus Falls, Minnesota, at 10:00 a.m. on Monday, April 8, 2013.

Enclosed are a formal Notice of Annual Meeting and the Proxy Statement, which describe the business to be conducted at the meeting. The Board of Directors proposes that shareholders elect Ms. Kathryn O. Johnson, Mr. Mark W. Olson and Mr. Gary J. Spies for three-year terms on the Board of Directors.

Shareholders will also be asked to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2013.

Otter Tail Corporation is pleased to utilize the U.S. Securities and Exchange Commission rules that allow companies to furnish their proxy materials over the Internet. As a result, we are mailing to our shareholders a Notice of Internet Availability of Proxy Materials (the Notice). Shareholders will receive the Notice instead of a paper copy of our Proxy Statement, proxy card and the 2012 Annual Report on Form 10-K. The Notice contains instructions on how to access those documents over the Internet or, if you prefer, instructions on how to receive paper or email copies of the proxy materials. We believe that this process allows us to provide shareholders with the information they need in a timely manner while reducing the environmental impact, and lowering the costs of printing and distributing our proxy materials.

Your vote is important. Whether or not you attend the meeting, we encourage you to vote your shares by telephone, Internet or the mail. Instructions on voting your shares are on the Notice or proxy card you received for the Annual Meeting.

If your shares are held of record in a brokerage account, please follow the instructions that you receive from your broker. Your broker will submit a proxy card to Otter Tail Corporation reflecting the votes it receives. ESOP participants should follow the instructions provided by Wells Fargo Bank, N.A.

Sincerely,

Nathan I. Partain
Chairman of the Board

A: Only common shareholders of record at the close of business on February 15, 2013 are entitled to vote at the Annual Meeting. As of the record date, 36,169,488 common shares of Otter Tail Corporation were issued and outstanding. Each shareholder is entitled to one vote per share.

4. Q: How do I vote my shares?

A: Pursuant to rules adopted by the Securities and Exchange Commission, we have elected to provide access to our proxy materials over the Internet. Accordingly, we have sent to most of our shareholders the Notice of Internet Availability of Proxy Materials (the Notice) containing instructions on how to access this Proxy Statement and our Annual Report via the Internet. Shareholders who have received the Notice will not be sent a printed copy of our proxy materials in the mail, unless they request to receive one.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to Be Held on April 8, 2013: Our Notice of Annual Meeting, Proxy Statement and Annual Report on Form 10-K are available at <http://www.ottertail.com/annual.cfm>

Table of Contents

submitting another proper proxy by telephone or the Internet; or

submitting a new written proxy bearing a later date at any time before the proxy is voted at the meeting.

6. Q: How are the votes counted?

A: In the election of Directors, you may vote FOR all of the nominees or your vote may be WITHHELD with respect to one or more nominees. You may vote FOR, AGAINST or ABSTAIN with respect to the proposal to ratify the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2013. If you return your signed proxy card, but do not mark the boxes showing how you wish to vote, your shares will be voted FOR all nominees and FOR the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for 2013.

Shares voted as abstentions (or as withhold authority as to Directors) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the meeting and as unvoted, although present and entitled to vote, for purposes of determining the approval of the matter as to which the shareholder has abstained.

If your shares are held in the name of a brokerage firm and you do not provide voting instructions to your broker, your shares will not be voted on any proposal for which your broker does not have discretionary authority to vote. If a broker submits a proxy that indicates that the broker does not have discretionary authority as to certain shares to vote on one or more proposals, those shares will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum at the meeting, but will not be considered as present and entitled to vote with respect to such proposals. Brokers have discretionary authority to vote on the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm.

7. Q: Where and when will I be able to find the results of the voting?

A: Preliminary results will be announced at the Annual Meeting of Shareholders. Otter Tail Corporation will publish the final results in a current report on Form 8-K to be filed with the SEC within four business days following the Annual Meeting. You may also find the results on our website www.ottertail.com.

8. Q: Who bears the cost of soliciting votes for the Annual Meeting?

A: Otter Tail Corporation will pay the cost of preparing, assembling, printing, mailing and distributing these proxy materials. In addition to soliciting proxies by mail, employees of Otter Tail Corporation may solicit them by telephone or in person. Employees receive no additional compensation for these solicitation activities.

Edgar Filing: Otter Tail Corp - Form DEF 14A

The Board of Directors of Otter Tail Corporation is comprised of nine Directors divided into three classes. The members of each class are elected to serve three-year terms with the term of office of each class ending in successive years. The terms of Mr. Arvid R. Liebe, Mr. Mark W. Olson and Mr. Gary J. Spies, expire at the time of the 2013 Annual Meeting of Shareholders. Each of these individuals, if reelected at the 2013 Annual Meeting, would reach the mandatory retirement age established in the Governance Guidelines of Otter Tail Corporation during their respective terms. In order to provide for the orderly succession of Directors, the Board of Directors tasked the Board Chair and the Corporate Governance Committee to develop a succession plan for these Directors. The resulting plan provides for Mr. Liebe retiring at the time of the Annual Meeting in 2013, Mr. Spies retiring at the time of the Annual Meeting in 2014, and Mr. Olson retiring at the time of the Annual Meeting in 2015. All three Directors have agreed to the succession plan. Otter Tail Corporation expresses its gratitude to Mr. Liebe for his over seventeen years of service as a Director.

Table of Contents

The Board of Directors, upon recommendation of the Corporate Governance Committee, nominates Kathryn O. Johnson, Mr. Olson and Mr. Spies for election to serve a three-year term ending at the time of the Annual Meeting of Shareholders in 2016, subject to the succession plan described immediately above.

Under Minnesota law, the affirmative vote of a plurality of the common shares present and entitled to vote with respect to the election of Directors is required for the election of the nominees to the Board of Directors. Proxies, unless otherwise directed thereon, will be voted in favor of all nominees. The proxies solicited may be voted for a substitute nominee or nominees in the event that any of the nominees is unable to serve, or for good reason will not serve, which is a contingency not now anticipated.

Biographies of the Director nominees and of the continuing Directors are found below. These biographies include the age of each Director (as of the 2013 Annual Meeting of Shareholders), an outline of his or her business experience and the reasons for his or her selection for the Board. Except as noted in the table below, each Director and Director nominee has held the same position or another executive position with the same employer for the past five years.

The Board of Directors has determined that, with the exception of Mr. Edward J. McIntyre and Mr. John D. Erickson, all of the Directors and Director nominees are independent (as defined by the NASDAQ Listing Standards).

Table of Contents

Meetings and Committees of the Board of Directors

The full Board of Directors of Otter Tail Corporation considers all major decisions of Otter Tail Corporation. The Board of Directors has established a standing Audit Committee, Compensation Committee, and Corporate Governance Committee so that certain important matters can be addressed in more depth than may be possible in a full Board of Directors meeting. Each committee operates under a charter that is reviewed annually by that committee and approved by the Board of Directors.

Pursuant to Otter Tail Corporation's bylaws and governance guidelines, the Board of Directors determines the best board leadership structure for Otter Tail Corporation from time to time. Otter Tail Corporation recognizes that different board leadership structures may be appropriate for companies in different situations. Since 2002 Otter Tail Corporation has had a separate Chairman of the Board and Chief Executive Officer. The Chairman and Chief Executive Officer are elected annually by the Board. Otter Tail Corporation believes that its leadership structure, with a separate Chief Executive Officer and Chairman of the Board, is the optimal structure for Otter Tail Corporation at this time. The Chief Executive Officer and the Chairman of the Board have an excellent working relationship.

The Board of Directors acting as a Risk Committee of the whole retains responsibility for risk oversight for Otter Tail Corporation. The Board of Directors is routinely called upon in the exercise of its business judgment to assess the risk involved in matters brought to it for consideration. As a part of the strategic planning process the Board of Directors assesses the risk involved in the strategic plan of Otter Tail Corporation. In addition the Board of Directors conducts a complete corporate risk assessment at least annually and reviews risk regularly and routinely throughout the year.

The full Board of Directors held a total of seven regularly scheduled and special meetings in 2012. In addition to these meetings, the Board of Directors also held a planning retreat with senior management in June 2012. During 2012, the Board of Directors met in executive session without the Chief Executive Officer and management at each meeting. It also met in executive session with only the independent Directors at certain meetings. Each Director attended at least 75% of the total meetings of the Board of Directors and the meetings of the committees on which he or she served. Each Director attended the Annual Meeting of Shareholders in 2012. It is expected that the Directors and executive officers of Otter Tail Corporation will attend the Annual Meeting of Shareholders in 2013.

Audit Committee

The Audit Committee reviews the financial results of Otter Tail Corporation, reviews accounting, audit and control procedures, and retains and supervises the independent registered public accounting firm. The Audit Committee has oversight responsibility for Otter Tail Corporation's Code of Conduct. In 2012, this committee was composed of five members of the Board of Directors who were Ms. Bohn, Ms. Nelson Schuette, Mr. Olson (Chair), Mr. Spies and Mr. Stake. The Board has determined that all committee members are independent Directors (as defined by the NASDAQ Listing Standards). The Board of Directors has determined that Mr. Olson and Mr. Stake meet the SEC definition of an audit committee financial expert and all members of the committee are financially literate. The Audit Committee routinely meets in executive session with internal audit and the independent registered public accounting firm without management present. During the course of 2012 the committee received training on new financial issues affecting Otter Tail Corporation. The Audit Committee held five meetings in 2012. For further information on the actions of the Audit Committee, please refer to the Report of the Audit Committee on page 30. The Audit Committee Charter may be reviewed at www.ottertail.com.

Compensation Committee

The Compensation Committee reviews, recommends and reports to the Board of Directors on all compensation programs, plans and policies involving Otter Tail Corporation's Board of Directors and certain executive officers

Table of Contents

and it develops, evaluates and recommends for approval all equity based compensation plans of Otter Tail Corporation. The Compensation Committee oversees the administration of the 1999 Employee Stock Purchase Plan, the 1999 Stock Incentive Plan and the Executive Annual Incentive Plan. The Compensation Committee periodically retains an outside compensation consultant to advise it in its decision making process. That consultant has not been used by management to an extent that would require disclosure under SEC rules. Subject to approval by the Board of Directors, this committee sets compensation for the Directors, the Chief Executive Officer, the Chief Financial Officer and certain other executive officers. In 2012, this committee was composed of three members of the Board of Directors who were Mr. Liebe, Ms. Nelson Schuette and Mr. Stake (Chair). The Board has determined that all committee members are independent Directors (as defined by the NASDAQ Listing Standards). The Compensation Committee held three meetings in 2012. For further information on the actions of the Compensation Committee, please refer to the Compensation Discussion and Analysis (CD&A) on page 13 and the Report of the Compensation Committee on page 20. The Compensation Committee Charter may be reviewed at www.ottertail.com.

Corporate Governance Committee

The Corporate Governance Committee identifies and recommends to the Board of Directors qualified candidates for election as Directors, recommends Director committee assignments and recommends actions necessary for the proper governance of Otter Tail Corporation and for the evaluation of the performance of the Board of Directors and Chief Executive Officer. With input from the Chief Executive Officer, the Corporate Governance Committee recommends certain executive officers for annual election. The Corporate Governance Committee reviews issues and developments related to corporate governance practices and makes recommendations to the Board of Directors on changes in structure, rule or practice necessary for compliance and for good corporate governance.

Otter Tail Corporation's Corporate Governance Committee Charter provides that the skills and characteristics required generally of Directors include diversity, age, business background and experience, accomplishments, experiences in the business of Otter Tail Corporation and a willingness to make the requisite commitment of time and effort. Accordingly, the Board of Directors has not set minimum standards for Director candidates. Rather, it seeks highly qualified individuals with diverse backgrounds, business and life experiences that will enable them to constructively review and guide management of Otter Tail Corporation. The Corporate Governance Committee retained a consultant to identify Director candidates in 2012 and the consultant identified Ms. Johnson, who is nominated for election at the 2013 Annual Meeting of Shareholders. The Corporate Governance Committee considers and evaluates potential Director candidates and makes its recommendations to the full Board of Directors. Any shareholder may submit a recommendation for nomination to the Board of Directors by sending a written statement of the qualifications of the recommended individual to the President and Chief Executive Officer, Otter Tail Corporation, Box 9156, Fargo, North Dakota 58106-9156. The Corporate Governance Committee will utilize the same process for evaluating all nominees, regardless of whether the nominee recommendation is submitted by a shareholder or some other source.

If a shareholder wishes to nominate a candidate for election to the Board of Directors, in order for the nomination to be properly made the shareholder must give written notice to the Secretary of Otter Tail Corporation. Notice must be received at Otter Tail Corporation's principal executive offices at least 90 days before the date that is one year after the prior year's regular meeting. The notice must set forth: (i) the name and address of the shareholder who intends to make the nomination and of the nominee or nominees, (ii) a representation that the shareholder is a holder of record of shares of Otter Tail Corporation entitled to vote at the meeting and that the shareholder intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice, (iii) a description of all arrangements or understanding between the shareholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the shareholder, (iv) such other information regarding each nominee proposed by the shareholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had each nominee been nominated, or intended to be nominated, by the Board of Directors, and (v) the consent of each nominee to serve as a Director of Otter Tail Corporation if so elected.

Table of Contents

The Corporate Governance Committee is composed of three members of the Board of Directors who, for 2012, were Ms. Bohn (Chair), Mr. Olson and Mr. Spies. The Board has determined that all committee members are independent Directors (as defined by the NASDAQ Listing Standards). The Corporate Governance Committee held eight meetings in 2012. The Corporate Governance Committee Charter may be reviewed at www.ottertail.com.

Contact with the Board of Directors

Shareholders may contact the Board of Directors by either mail or e-mail. Questions may be sent to the entire Board of Directors, to a particular committee, or to an individual Director. The mailing address is Otter Tail Corporation, Board of Directors, Box 9156, Fargo, North Dakota 58106-9156 and the e-mail address is boardofdirectors@ottertail.com. Although reviewed by the General Counsel, all questions are forwarded to the Board of Directors or to the appropriate committee or Director as determined by the General Counsel.

Director Compensation

In May 2011, the Compensation Committee retained Towers Watson (Towers) to assess the competitiveness of the compensation provided to Directors of Otter Tail Corporation taking into consideration current market conditions. In connection with its 2011 assessment, Towers advised the Compensation Committee that total Director compensation was consistent with market with the exception of the Chairman's compensation which is below market. After considering these findings, the Compensation Committee determined that it would not make any changes to Director compensation for 2012. Non-employee Directors of Otter Tail Corporation receive an annual retainer for their services as a Director. Non-employee Directors, except the Chairman, receive an annual retainer of \$60,000. The Chairman receives an annual retainer of \$84,000. Each committee chair receives an additional retainer of \$7,000 per year. These fees have been unchanged since 2008. Directors do not receive a meeting fee for attending either committee or Board of Director meetings. In addition, non-employee Directors receive actual expense reimbursement if they are required to furnish their own transportation to Board of Directors or committee meetings outside their city of residence.

Each non-employee Director receives an annual grant of restricted stock, which in 2012 was 3,000 shares granted under the terms of the 1999 Stock Incentive Plan. The shares of restricted stock, which were granted on the date of the Annual Meeting, vest over a period of four years, at the rate of 25% per year, and are eligible for full dividend and voting rights.

Directors may elect to receive their compensation (other than expense reimbursements) in the form of cash, stock or a combination. Directors may elect to defer the receipt of all or part of their cash compensation pursuant to the Otter Tail Corporation Deferred Compensation Plan for Directors. The deferral may be in the form of cash or stock units. Cash deferrals receive interest at a rate equal to 1% over the prime commercial rate of U.S. Bank National Association. Deferrals in the form of stock units are credited quarterly with dividend equivalents equal to the dividend rate on Otter Tail Corporation's common shares and the deferred amount is paid out in common shares.

Otter Tail Corporation has established a stock ownership guideline for Directors. Directors are expected to hold 4,000 shares of Otter Tail Corporation stock to be obtained within five years of beginning service on the Board of Directors. All existing Directors meet the guidelines; the Director Nominee does not.

Compensation Discussion and Analysis

Executive Summary

Otter Tail Corporation believes that strong, effective leadership is the cornerstone of its continued growth and success. To be successful, Otter Tail Corporation must be able to attract, retain and motivate highly qualified executive officers with the competencies needed to excel in a rapidly changing marketplace and to understand issues relating to a diverse group of companies in several different industries.

Executive compensation at Otter Tail Corporation is focused on results. Total direct compensation includes base pay, annual cash incentive and stock-based long-term incentive. The mix of pay is designed to reflect a strong bias towards pay for performance by placing a majority of target compensation at risk. The only element of total direct compensation that is not performance based is base pay. Annual cash incentive and stock-based long-term incentive are performance and metric based. Discretion is exercised only in the individual performance portion of annual cash incentive.

At the 2011 Annual Meeting of Shareholders, Otter Tail Corporation provided shareholders an advisory vote on executive compensation. The shareholders voted to approve, on an advisory basis, the compensation of Otter Tail Corporation's Named Executive Officers, as described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure set forth in Otter Tail Corporation's Proxy Statement for the 2011 Annual Meeting. The vote was 17,001,537 shares For (83.95% of the shares voted), 1,603,663 shares Against (7.92% of the shares voted), and 1,646,317 shares Abstain (8.13% of the shares voted).

The Compensation Committee took into account the result of the shareholder vote in determining executive compensation policies and decisions since the 2011 Annual Meeting of Shareholders. The Compensation Committee viewed the vote as a strong expression of the shareholders' general satisfaction with Otter Tail Corporation's current executive compensation programs. While the Compensation Committee considered this shareholder satisfaction in determining to continue executive compensation programs, decisions regarding incremental changes in the compensation programs and individual compensation were made in consideration of Otter Tail Corporation's performance, current economic conditions, and changes in executive personnel, as described in more detail below.

Consistent with the shareholders' preference expressed in voting at the 2011 Annual Meeting of Shareholders, the Board of Directors determined that an advisory vote on the compensation of Otter Tail Corporation's executive officers will be conducted every three years. The next such shareholder advisory vote will thus take place at the 2014 Annual Meeting of Shareholders.

Purpose and Philosophy

The Compensation Committee of the Board of Directors is responsible for developing and recommending to the Board of Directors Otter Tail Corporation's executive compensation program for the principal executive officers: Edward J. McIntyre, President and Chief Executive Officer; Kevin G. Moug, Chief Financial Officer and Senior Vice President; George A. Koeck, Senior Vice President, General Counsel and Corporate Secretary; Chuck S. MacFarlane, Senior Vice President, Electric Platform; and Shane N. Waslaski, Senior Vice President, Manufacturing & Infrastructure Platform (referred to in this CD&A as the executive officers). Each of these executive officers is included in the Summary Compensation Table and the related tables beginning on page 21.

The Compensation Committee has adopted an Executive Compensation Policy which outlines the overall executive compensation philosophy of Otter Tail Corporation and describes the components of executive compensation for the executive officers. In 2011, the Compensation Committee added a recoupment policy to the Executive Compensation Policy which provides that after an accounting restatement, Otter Tail Corporation will attempt to recoup amounts paid to current and former executive officers under the Annual Cash Incentive Plan or the 1999 Stock Incentive Plan during the prior three years which would not have been paid based on the restated financial statements.

Otter Tail Corporation provides fair and equitable compensation to its executive officers by combining base pay, annual cash incentive, stock-based long-term incentive, retirement plans, and competitive health, dental and other benefits. The Executive Annual Incentive Plan is designed to reward executives for Otter Tail Corporation's current year financial success and recognize the responsibilities of the executive officers for meeting Otter Tail Corporation's financial performance goals. Stock-based incentives focus on long-term performance by aligning the executive officers' long-term financial interests with Otter Tail Corporation's shareholders' interest. Pension and retirement plans are provided to encourage long tenure amongst the executive officers. Health, dental, vacation and other benefits are designed to be competitive with companies with whom Otter Tail Corporation competes for executive talent.

Table of Contents*Market Conditions and Peer Group*

The Compensation Committee periodically retains a compensation consultant to provide market-based compensation data in connection with its consideration of the compensation of the executive officers. In May 2011, the Compensation Committee retained Towers to assess the competitiveness of the compensation provided to executive officers of Otter Tail Corporation taking into consideration current market conditions. To appropriately assess market conditions Towers created a peer group of publicly traded utility, manufacturing and distribution companies of comparable size heavily weighted to electric utilities to reflect the relative size of Otter Tail Corporation's operating companies, and taking into account other considerations that Towers deemed relevant such as geographic location (the Peer Group). The Peer Group is found below:

Company Name	SIC Code (Primary)
ALLETE, Inc.	4931 Electric and other services combined
Avista Corp.	4931 Electric and other services combined

Towers used this Peer Group as well as other published survey data to compare the compensation provided to the executive officers in the areas of total remuneration, annual incentive, long-term incentive, retirement benefits, perquisites and change in control. The analysis compared both the structure of compensation and the amount of compensation provided to each of the executive officers. Towers found that the structure of compensation was in line with market practices. Towers also found that the amount of total compensation and that the individual components of compensation provided the executive officers were competitive with market at the 50th percentile, with the exception of retirement benefits for nonparticipants in the pension and supplemental pension plans, which were well below the 50th percentile. The Compensation Committee utilized the information provided by Towers as a reference point in determining 2012 compensation for the executive officers. In addition the Compensation Committee considered individual performance, historical compensation and internal equity as well as regional considerations. The Compensation Committee received compensation recommendations from Mr. McIntyre for Mr. Moug, Mr. MacFarlane, Mr. Koeck and Mr. Waslaski. The Compensation Committee may, but is not required, to consider the recommendations. The Compensation Committee does not receive a recommendation for Mr. McIntyre.

Table of Contents*Base Pay*

Base pay is a traditional element of compensation provided almost universally by corporations. Base pay is set with reference to the market for similar jobs in the utility and general industry sectors as determined by the Peer Group. An individual executive's base pay also takes into consideration tenure and individual performance.

Annual Cash Incentive

The Otter Tail Corporation Executive Annual Incentive Plan provides annual cash incentives to the executive officers for achieving annual performance targets for Otter Tail Corporation, the Electric Platform, or Manufacturing & Infrastructure Platform of Otter Tail Corporation depending upon the executive officer's position and responsibilities. The annual cash incentive is designed to place a significant portion of each executive officer's annual cash compensation at risk depending upon the financial and workplace safety performance of Otter Tail Corporation for that year and the individual performance of the executive officer. The target annual cash incentive for each executive officer is measured as a percentage of base pay. The target for annual cash incentive is set with reference to the market data for similar jobs in the utility and general industry sectors as determined by the Peer Group and published data.

The financial targets for the annual cash incentive are premised upon the executive officers delivering on their financial, safety and individual performance commitments to Otter Tail Corporation as reflected, in part, in the annual budget approved by the Board of Directors. The Compensation Committee set the following financial and safety targets for 2012:

Name	Targets	
Edward J. McIntyre	Corp. Earnings Per Share	\$1.50
	Return on Equity	10%
	Safety	5.3 Case Rate
Kevin G. Moug	Corp. Earnings Per Share	\$1.50
	Return on Equity	10%
	Safety	5.3 Case Rate
George A. Koeck	Corp. Earnings Per Share	\$1.50
	Return on Equity	10%
	Safety	5.3 Case Rate
Charles S. MacFarlane	Elec. Plat. Net Income	\$39.5 million
	Elec. Plat. Return on Equity	11%
	Elect. Plat. Safety	2.5 Case Rate
Shane N. Waslaski	Corp. Earnings Per Share	\$1.50
	Manuf./Inf. Plat. Net Income	\$21.3 million
	Manuf./Inf. Plat. Safety	6.02 Case Rate

Edgar Filing: Otter Tail Corp - Form DEF 14A

The Compensation Committee set threshold performance levels in addition to the target performance levels for the financial measures in order to incent the executive officers to strive for the best possible performance in a difficult year and a maximum performance level to reward exceptional performance.

As noted above, the Annual Incentive Plan includes a non-financial measure for workplace safety. One of Otter Tail Corporation's five core values is safety. Otter Tail Corporation strives to provide safe work places and requires safe work practices throughout its businesses. The Compensation Committee believes that management's tone related to workplace safety is critical to achieving Otter Tail Corporation's goals regarding workplace safety. Safety is measured against the weighted average composite case rate for the industries in which Otter Tail Corporation and its subsidiaries operate. The incentive for safety is paid if the weighted average composite case rate of Otter Tail Corporation and its subsidiaries is less than the weighted average composite case rate for the past three years for the industries in which Otter Tail Corporation and its subsidiaries operate.

Table of Contents

There is no threshold or maximum performance level for the safety performance measure. Subject to the discretion of the Compensation Committee, the safety incentive is not to be paid in a year where there is a workplace fatality due to a workplace accident.

The financial, workplace safety and individual performance targets for annual cash incentive are divided into components as follows:

1. **Corporate Earnings Per Share**. (applies to Mr. McIntyre, Mr. Moug, Mr. Koeck and Mr. Waslaski). Each executive officer receives 40% (35% for Mr. Koeck; 30% for Mr. Waslaski) of the total target payout if Otter Tail Corporation achieves the targeted corporate earnings per share. The award amount is reduced for achievement of the threshold corporate earnings per share and additional increments are paid for performance above the target. For corporate earnings per share the threshold was \$1.20, the target was \$1.50 and the maximum was \$1.72. Otter Tail Corporation exceeded threshold corporate earnings per share in 2012.
2. **Corporate Return on Equity**. (applies to Mr. McIntyre, Mr. Moug and Mr. Koeck). Each executive officer receives 40% (35% for Mr. Koeck) of the total target payout if Otter Tail Corporation achieves the targeted corporate return on equity. The award amount is reduced for achievement of the threshold corporate return on equity and additional increments are paid for performance above the target. For corporate return on equity the threshold was 8%, the target was 10% and the maximum was 11.5%. Otter Tail Corporation exceeded threshold corporate return on equity in 2012.
3. **Electric Platform Net Income**. Mr. MacFarlane receives 25% of the total target payout if the Electric Platform achieves its targeted net income. The award amount is reduced for achievement of threshold net income and additional increments are paid for performance above the target. For electric platform net income the threshold was \$35.9 million, the target was \$39.5 million and the maximum was \$43.1 million. The Electric Platform exceeded threshold net income in 2012.
4. **Electric Platform Return on Equity**. Mr. MacFarlane receives 25% of the total target payout if the Electric Platform achieves its targeted return on equity. The award amount is reduced for achievement of threshold return on equity and additional increments are paid for performance above the target. For electric platform return on equity the threshold was 10%, the target was 11% and the maximum was 12%. The Electric Platform exceeded target return on equity for 2012.
5. **Manufacturing & Infrastructure Platform Net Income**. Mr. Waslaski receives 30% of the total target payout if the Manufacturing & Infrastructure Platform achieves its targeted net income. The award amount is reduced for achievement of threshold net income and additional increments are paid for performance above the target. For the Manufacturing & Infrastructure Platform net income the threshold was \$15.8 million, the target was \$21.3 million, and the maximum was \$32.3 million. The Manufacturing & Infrastructure Platform exceeded threshold net income for 2012.
6. **Safety Incentive**. Each executive officer receives 10% of the total target payout if Otter Tail Corporation (Mr. McIntyre, Mr. Moug & Mr. Koeck), the Electric Platform (Mr. MacFarlane) and the Manufacturing & Infrastructure Platform (Mr. Waslaski) achieve their respective targets for workplace safety. The target weighted average composite case rate for Otter Tail Corporation was 5.30, for the Electric Platform 2.50 and for the Manufacturing & Infrastructure Platform 6.02. The performance level for safety was met by all entities in 2012.
7. Each executive officer receives a percentage of the total target payout based upon individual performance. (Mr. McIntyre, 10%; Mr. Moug, 10%; Mr. Koeck, 20%; Mr. MacFarlane, 40% and Mr. Waslaski, 30%). The actual amount of the award is determined by Mr. McIntyre, who may award up to 200% of the target amount and it is subject to Compensation Committee approval. Mr. McIntyre's individual performance award is determined solely by the Compensation Committee.

Table of Contents

The Compensation Committee has discretion over the treatment of extraordinary gains, write offs or other events in determining the amount of annual cash incentive to be paid. In making its determinations in 2012 the Compensation Committee exercised its discretion by making its determinations based upon the continuing operations of Otter Tail Corporation. This exercise of discretion was consistent with the expectations of the strategic plan as contemplated at the beginning of the compensation period. In addition, the Compensation Committee excluded the costs incurred related to the early retirement of Otter Tail Corporation's \$50 million 8.89% Senior Unsecured Note.

Long-Term Incentives

Long-term incentive compensation for executive officers consists of performance share awards and restricted stock awards granted by the Compensation Committee under Otter Tail Corporation's 1999 Stock Incentive Plan.

The performance share awards are designed to tie the long-term incentives for the executive officers to Otter Tail Corporation stock performance and to further align the interests of the executive officers with shareholders. It does so in two ways. First, the number of shares awarded to the executive officers is based upon total shareholder return as compared to the total shareholder return of companies in the Edison Electric Institute Index (EEI Index) for the three year period beginning on the first day of the year in which the grant is awarded. The EEI Index provides total shareholder returns for 51 shareholder owned electric utilities. Second, the value of the shares awarded increases or decreases with value provided to shareholders.

The restricted stock awards are also designed to align the interest of the executive officers with that of shareholders. They do so by rewarding continuity of service of the executive officers since the restricted stock awards vest over a period of four years and unvested, restricted stock is forfeited upon voluntary termination. In addition, the value of shares awarded increases or decreases with the value provided to shareholders.

In 2012, the Compensation Committee set targeted long-term incentive with reference to the market data for similar jobs in the utility and general industry sectors as determined by the Peer Group and published data. For performance shares, the number of shares actually awarded to each executive officer was calculated by dividing the targeted value delivered for each executive officer by the product of the per share price of the Company's common stock on April 16, 2012 (\$21.32) and a discounted rate of 81% to account for the three-year performance period. For restricted stock, the number of shares actually awarded to each executive officer was calculated by dividing the targeted value delivered for each executive officer by the product of the per share price of the Company's common stock on April 16, 2012 (\$21.32) and a discounted rate of 89% to account for the four-year vesting period.

The grants of performance shares were approved by the Compensation Committee on April 16, 2012. Whether the performance shares become payable is based upon the total shareholder return of Otter Tail Corporation as compared to the total shareholder returns of the companies that comprise the EEI Index over a three year period. For the grant awarded in 2012 the three year period is from January 1, 2012 through December 31, 2014. The EEI Index is chosen because it is the sector which includes Otter Tail Corporation common shares. For purposes of this calculation, total shareholder return equals stock appreciation plus the value of dividends reinvested. The actual payment of common shares may range from zero to 200% of the target amount and will be paid in 2015. The target amount will be paid if the total shareholder return for Otter Tail Corporation is at the 50th percentile of the total shareholder returns of the companies that comprise the EEI Index over the three year period. The threshold performance level is set at the 25th percentile and the maximum performance level is set at the 85th percentile. Otter Tail Corporation believes the target is appropriate as it is indicative of performance consistent with the sector over the three year measurement period. Stronger than sector performance is awarded with additional shares. Weaker than sector performance is penalized with the executive officers receiving fewer or no shares. The performance shares, to the extent they become payable, are paid in common shares of Otter Tail Corporation.

Table of Contents

The grants of restricted stock were approved by the Compensation Committee on April 16, 2012. The shares vest at a rate of 25% per year over a four year period with the first quarter vesting on April 8, 2013 and the remaining quarters on the same date in 2014, 2015 and 2016. Upon the grant date the executive officers are eligible for full dividend and voting rights.

Other Benefits

The executive officers receive health, dental, life, vacation and other traditional benefits identical to or consistent with the non-executive employees of Otter Tail Corporation.

Stock Ownership Guidelines

Otter Tail Corporation has established common stock ownership guidelines to ensure that the executive officers remain focused on long-term shareholder value. The ownership guidelines are as follows: Mr. McIntyre, 70,000 shares; Mr. Moug, 20,000 shares; Mr. MacFarlane, 20,000 shares; Mr. Waslaski, 20,000 shares; and Mr. Koeck, 10,000 shares. Stock options are not considered as shares for purposes of satisfying the ownership guidelines and new officers are given five years to meet the guidelines. All of the executive officers meet guidelines with the exception of Mr. McIntyre and Mr. Waslaski who have held their positions for less than five years.

Retirement Income and Deferred Compensation

Historically, the executive officers of Otter Tail Corporation have provided Otter Tail Corporation with long-term service. Otter Tail Corporation believes that this long-term service by its executive officers has been fundamental to its success. Accordingly, Otter Tail Corporation encourages long-term service by providing executive officers security in retirement through its pension and supplemental retirement plans. The executive officers, except for Mr. McIntyre and Mr. Waslaski, participate in the plans related to retirement income. Retirement benefits for Mr. McIntyre and Mr. Waslaski are described separately below.

Central to providing retirement security and encouraging long-term service by its executive officers are the Otter Tail Corporation Pension Plan (Pension Plan) and non-qualified Executive Survivor and Supplemental Retirement Plan (ESSRP). Combined, these plans deliver a defined pension benefit that increases with years of service and compensation. A further description of the benefits under the plan is found in the narrative description to the Pension Benefits Table.

Mr. McIntyre and Mr. Waslaski participate in the Executive Restoration Plus Plan which was adopted in 2012 for executive officers and certain others who are not eligible to participate in the Pension Plan and the ESSRP. Subject to its annual discretion, Otter Tail Corporation shall contribute a sum equal to 6.5% of annual compensation for the plan year in excess of Internal Revenue Code Section 401(a)(17) compensation limit in effect for that year plus 3% of annual compensation to retirement accounts for Mr. McIntyre and Mr. Waslaski provided they are employed on the last day of the plan year.

The executive officers may elect to participate in a non-qualified deferred compensation plan. The plan offers a relatively low cost, competitive benefit consistent with plans offered by other employers. Participation in the plan is limited to the executive officers of Otter Tail Corporation and certain other employees of Otter Tail Corporation and its subsidiaries. Under the plan, participants may defer up to 50% of their base pay and 100% of their annual cash incentive compensation. The amounts deferred are segregated into one or more accounts chosen by the participant and earn a return based upon the performance of the investment option chosen by the participant. One account under the plan has a beginning distribution date coinciding with retirement. Other accounts may have distribution dates determined by the participant. Deferred contributions are made pre-tax. Each participant makes his or her own investment decisions on the amounts deferred and is solely at risk for investment returns. There are no Otter Tail Corporation contributions to the plan for executive officers and it is not at risk for individual investment returns.

Table of Contents

Otter Tail Corporation also provides a 401(k) retirement savings plan in which the employees of Otter Tail Corporation, including the executive officers, may participate. The plan permits all employees to set aside a portion of their income into the 401(k) retirement savings plan and Otter Tail Corporation matches 50% of the first 5% set aside by an employee up to the statutory maximum. The participation of the executive officers is on precisely the same terms as other participants in the plan.

Severance Benefits

Otter Tail Corporation has entered into change in control severance agreements with each of the executive officers, which provide financial protection in the event of a change in control that disrupts the executive officer's career. These agreements are designed to attract and retain high caliber executive officers, recognizing that change in control protections are commonly provided at comparable companies with which Otter Tail Corporation competes for executive talent. In addition, the change in control protections will enhance the impartiality and objectivity of the executive officers in the event of a change in control situation and better ensure that shareholder interests are protected. The protections contained in the change in control agreements provide for a "double trigger" which means that there must be both a change in control and a termination of employment for the provisions to apply. A more complete description of the change in control agreements is found in the tabular disclosure in this Proxy Statement found at page 28.

Otter Tail Corporation has also entered into executive employment agreements with the executive officers, except for Mr. McIntyre who has chosen not to receive one. These agreements have been entered into by Otter Tail Corporation to clearly define the obligations of Otter Tail Corporation and the benefits to the executive officer upon termination from employment. These agreements are more fully described in the tabular disclosure in this Proxy Statement found at page 28.

Deductibility of Executive Compensation

Section 162(m) of the Internal Revenue Code imposes limits on tax deductions for executive compensation in excess of \$1,000,000 paid to certain executive officers. It is the Compensation Committee's policy to take reasonable steps to preserve this tax deduction.

Report of Compensation Committee

The Compensation Committee of Otter Tail Corporation's Board of Directors is composed of three independent Directors as defined by the NASDAQ Listing Standards and operates under a written charter adopted by the Board of Directors. The Compensation Committee reviewed and discussed with management the foregoing CD&A. Based upon that review and discussion with management and its independent review of the CD&A, the Compensation Committee has recommended to the Board of Directors that the CD&A be included in this Proxy Statement and in Otter Tail Corporation's Annual Report on Form 10-K for the year ended December 31, 2012, filed with the SEC.

\$360,684); Mr. MacFarlane (2012 \$474,150); and Mr. Waslaski (2012 \$287,100). Because the amounts indicated primarily reflect the value ascribed to performance shares, which are awarded only if Otter Tail Corporation meets certain share price benchmarks over a three year period as compared to peers and described in the CD&A, the amount may not represent the value actually received by the executive officers. See the CD&A for a more detailed description.

Pension, ESSRP, and Restoration Plus Plans

The Pension Plan is a tax-qualified defined benefit pension plan. Employees of Otter Tail Corporation and non-union employees of Otter Tail Power Company hired prior to September 1, 2006, and union employees of Otter Tail Power Company are eligible to participate in the Pension Plan. Benefits for Mr. Moug and Mr. Koeck are determined by multiplying 37% of final average earnings (as defined in the Plan) by a fraction the numerator of which is the number of years of benefit accrual service up to 30 years and the denominator of which is 30. For these executive officers, final average earnings is determined using the 42 consecutive months out of the last 10 consecutive years prior to the participant's retirement which produces the highest average salary. In addition, for each year of benefit accrued service earned in excess of 30 years, the executive's benefit shall increase by 1% up to a maximum of 110% of the benefit. For Mr. MacFarlane, the benefit is determined by multiplying 38% of his final average earnings by a fraction the numerator of which is the number of years of benefit accrual service up to 30 years and the denominator of which is 30. Final average earnings for Mr. MacFarlane is determined by using the 30 consecutive months out of the last 10 years prior to the participant's retirement that produces the highest average salary. A full pension benefit is paid if the executive officer retires after he or she reaches age 62. If the executive officer commences payment prior to age 62, there is a reduction in pension benefit on a scale beginning at 5% at age 61 and ending at 39% at age 55, the earliest age at which the pension benefit may be received. The Plan does not provide for a lump sum distribution. The Plan does not contemplate, nor have there been granted, additional years of credited service.

Mr. McIntyre and Mr. Waslaski are not eligible to participate in the Pension Plan.

Mr. Moug, Mr. MacFarlane and Mr. Koeck participate in the ESSRP. Participation in the ESSRP is determined by the Board of Directors. Mr. Koeck will receive retirement benefits under the ESSRP equal to the greater of the following:

- (1) A benefit equal to 70% of the participant's final average earnings (as defined in the ESSRP) offset by the participant's social security benefit and the amount of the participant's benefit from Otter Tail Corporation's tax-qualified defined benefit Pension Plan; provided the amount of this benefit will not increase after December 31, 2010. The benefit amount accrues over a 15 year period. If this benefit is applicable, it will be paid for 15 years to the participant or the participant's beneficiary, or for such longer period of time as the participant lives. Final average earnings under the ESSRP is the average of the participant's total cash

Table of Contents

payments (base pay and bonus) paid to the participant during the highest consecutive 42 months in the 10 years prior to the date as of which final average earnings is determined.

- (2) The benefit calculated under Otter Tail Corporation's tax-qualified defined benefit Pension Plan, modified to include the participant's bonus in the computation of covered compensation and to exclude any statutory compensation and benefits limit, and offset by the participant's benefit from the tax-qualified defined benefit Pension Plan. If this benefit is applicable, it will be paid in the same form as the participant's tax-qualified defined benefit Pension Plan benefit.

Mr. Moug and Mr. MacFarlane will receive retirement benefits under the ESSRP equal to the greater of the following:

- (1) A benefit equal to 65% of the participant's final average earnings (as defined in the ESSRP) offset by the participant's social security benefit and the amount of the participant's benefit from Otter Tail Corporation's tax-qualified defined benefit Pension Plan; provided that the amount of this benefit will not increase after December 31, 2010. The benefit amount accrues over a 15 year period. If this benefit is applicable, it will be paid for 15 years to the participant or the participant's beneficiary, or for such longer period of time as the participant lives. Final average earnings for Mr. Moug is defined in the same manner as for Mr. Koeck. Final average earnings for Mr. MacFarlane is defined as the average of the total cash payments (base pay and bonus) paid to the participant during the highest consecutive 30 months in the 10 years prior to the date as of which final average earnings is determined.
- (2) The benefit calculated under Otter Tail Corporation's tax-qualified defined benefit Pension Plan, modified to include the participant's bonus in the computation of covered compensation and to exclude any statutory compensation and benefit limits, and offset by the participant's benefit from the tax-qualified defined Pension Plan. If this benefit is applicable, it will be paid in the same form as the participant's tax-qualified defined benefit Pension Plan benefit.

The executive officers are all vested in their benefits under the ESSRP. Mr. Moug and Mr. Koeck were granted an additional 5 and 3.6 years of service, respectively, under the ESSRP as of January 1, 2005. These increases were designed to more equitably apply the reduction in benefits caused by the January 1, 2005 Amendment to the ESSRP. The ESSRP does not provide for a lump sum distribution.

If an executive officer under the ESSRP dies while employed by Otter Tail Corporation, Otter Tail Corporation will pay the participant's beneficiary an amount equal to four times the participant's annual salary and bonus at the time of death. If an executive officer under the ESSRP dies after retirement or dies after termination for other reasons with a vested benefit, Otter Tail Corporation will pay the participant's beneficiary a lesser amount, depending upon the executive officer's age at death and his or her vested percentage.

If an executive officer retires prior to age 62 or terminates employment prior to retirement, with a vested benefit in the ESSRP, the executive officer will receive a reduced benefit amount. If a participant dies while still employed, his or her beneficiary will receive the actuarial equivalent of the participant's benefit in 15 annual installments. Upon a change in control (as defined in the ESSRP), or in the event of the death of the executive officer while actively employed by Otter Tail Corporation, the executive officer becomes 100% vested in his or her accrued benefit. In the event of disability, years of credited service and years of participation continue to accrue under the ESSRP until such time as payments under Otter Tail Corporation's long-term disability plan end. The Board of Directors has the right to amend, suspend or terminate the ESSRP, but no such action can reduce the benefits already accrued.

Mr. McIntyre and Mr. Waslaski participate in the Executive Restoration Plus Plan which is a nonqualified defined contribution plan. The plan permits them to defer up to 50% of salary in 1% increments and up to 100% of bonus in 1% increments. In addition, subject to its annual discretion, Otter Tail Corporation shall contribute a sum equal to 6.5% of the annual compensation for the plan year in excess of Internal Revenue Code Section 401(a)(17) compensation limit in effect for that plan year plus 3% of annual compensation to the deferral

Table of Contents

and retirement accounts for Mr. McIntyre and Mr. Waslaski, provided they are employed on the last day of the plan year. The plan provides that each participant makes his or her own investment decisions on the amounts deferred and on the amounts contributed by Otter Tail Corporation and is solely at risk for investment returns. A participant's elected deferred sub-account shall be fully vested at all times. A participant's employer contributions sub-account shall be vested to the same extent he or she is vested in any employer contributions under the Otter Tail Corporation Retirement Savings Plan, provided, however, that a participant shall become fully vested in their employer contribution sub-account upon death, becoming disabled, or upon a change in control, provided the date on which the participant becomes fully vested in the employer contributions as a result of any of those events occurs while the participant is actively employed by or associated with Otter Tail Corporation.

If a participant separates from service or becomes disabled, the vested portion of the participant's account shall be paid in a lump sum. If a participant dies while still employed, the participant's vested account shall be paid to the participant's beneficiary in a lump sum payment. The Board of Directors has the right to amend, suspend, or terminate the Executive Restoration Plus Plan, but no such action can reduce the benefits already accrued.

The following table summarizes the number of years of credited service and present accumulated value of the pension benefits for Mr. Moug, Mr. Koeck and Mr. MacFarlane under the Otter Tail Corporation Pension Plan and ESSRP. Payments made for Mr. McIntyre and Mr. Waslaski under the Executive Restoration Plus Plan are found on the Non-Qualified Deferred Compensation Table and in the Summary Compensation Table.

Potential Termination Payments Upon a Change in Control

Otter Tail Corporation has entered into change in control severance agreements (the *Severance Agreements*) with the Named Executive Officers. The Severance Agreements provide for certain payments and other benefits if, following a Change in Control, Otter Tail Corporation terminates the executive officer's employment without Cause or the executive officer terminates his or her employment for Good Reason. Such payments and benefits include: (i) severance pay equal to two times the sum of the executive officer's salary (at the highest annual rate in effect during the two years prior to the termination) and average annual bonus (for the two years prior to the termination); (ii) two years of continued life, health and disability insurance; (iii) the payment of legal fees and expenses relating to the termination; and (iv) the termination of any noncompetition arrangement between Otter Tail Corporation and the executive officer. Under the Severance Agreements, *Cause* is defined as willful and continued failure to perform duties and obligations or willful misconduct materially injurious to Otter Tail Corporation; *Good Reason* is defined to include a material change in the employee's responsibility or status, a reduction in salary or benefits, or a mandatory relocation; and *Change in Control* is defined to include a change in control of the type required to be disclosed under SEC proxy rules, acquisition by a person or group of 35% of the outstanding voting stock of Otter Tail Corporation, a proxy fight or contested election which results in Continuing Directors (as defined in the Agreements) not constituting a majority of Otter Tail Corporation's Board of Directors, or another event the majority of the Continuing Directors determines to be a Change in Control.

Potential Termination Payments due Outside a Change in Control

Otter Tail Corporation has entered into employment agreements (the *Employment Agreements*) with the Named Executive Officers except for Mr. McIntyre. The Employment Agreements provide that if Otter Tail Corporation terminates the employment of one of the executive officers for Cause or if one of the executive

officers terminates the employment relationship without Good Reason (as defined in the Employment Agreements) that the executive officer shall receive base pay and benefits through the date of termination. Alternatively, if Otter Tail Corporation terminates the employment of one of the executive officers for any other reason, or if one of the executive officers terminates the employment relationship for Good Reason, Otter Tail Corporation shall pay a severance payment equal to 1.5 times the sum of the executive officer's base pay plus his or her most recent annual cash incentive payment in full satisfaction of Otter Tail Corporation's obligations to the executive officer.

The following table presents information regarding potential payments pursuant to the agreements described above and the 1999 Stock Incentive Plan upon termination or change in control for each of the executive officers named below assuming the event took place on December 31, 2012.

Compensation Policies and Risk

Otter Tail Corporation believes that its compensation policies and practices for its employees are such that they are not likely to create risk that would have a material adverse effect on Otter Tail Corporation. As described in this Proxy Statement, the executive officers of Otter Tail Corporation are paid two forms of incentive compensation. Short-term incentives are measured against earnings per share, platform net income, return on equity, workplace safety and individual performance. These financial and safety measures are transparent, subject to review and the recoupment policy and can be verified by audit. Only a portion of short-term incentive, individual performance, is discretionary. Otter Tail Corporation's long-term incentives are based upon stock performance and again, are transparent and subject to review and the recoupment policy. In short, Otter Tail Corporation believes there is little room for manipulation and a relatively low level of risk. To the extent that incentive compensation is utilized for other employees at Otter Tail Corporation, consistent practices are followed. Otter Tail Corporation's disclosure in this Proxy Statement was considered and discussed first by the executive team, including its Vice President of Human Resources and then by the Compensation Committee and the Board of Directors.

Report of Audit Committee

The Audit Committee of Otter Tail Corporation's Board of Directors is composed of five independent Directors (as defined by the NASDAQ Listing Standards), and operates under a written charter adopted by the Board of Directors. The Audit Committee retains and supervises Otter Tail Corporation's independent registered public accounting firm, currently Deloitte & Touche LLP.

Management is responsible for Otter Tail Corporation's internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of Otter Tail Corporation's consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee met and held discussions with management and the independent registered public accounting firm. Management represented to the Audit Committee that Otter Tail Corporation's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and the Audit Committee reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board (PCAOB) in rule 3200T. Otter Tail Corporation's independent registered public accounting firm also provided to the Audit Committee the written disclosures and the letter required by the applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence and the Audit Committee discussed with the independent registered public accounting firm that firm's independence.

Based on the Audit Committee's discussions with management and the independent registered public accounting firm and the Audit Committee's review of the consolidated financial statements and the report of the independent

registered public accounting firm to the Audit Committee, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements be included in Otter Tail Corporation's Annual Report on Form 10-K for the year ended December 31, 2012, filed with the SEC.

**Ratification of Independent Registered
Public Accounting Firm**

At the Annual Meeting of Shareholders, the Board of Directors will propose that shareholders ratify the appointment of the firm of Deloitte & Touche LLP as the independent registered public accounting firm to audit the consolidated financial statements of Otter Tail Corporation for 2013. This firm has no direct or indirect financial interest in Otter Tail Corporation.

The Audit Committee of Otter Tail Corporation's Board of Directors has appointed Deloitte & Touche LLP as our independent registered public accounting firm for 2013. Shareholder ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm is not required by our bylaws or otherwise. However, the Board of Directors is submitting the appointment of Deloitte & Touche LLP to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the appointment, the Audit Committee will reconsider whether or not to retain that firm. Even if the appointment is ratified, the Audit Committee, which is solely responsible for appointing and terminating our independent registered public accounting firm, may in its discretion, direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of Otter Tail Corporation and its shareholders.

A partner of the independent registered public accounting firm of Deloitte & Touche LLP will be present at the Annual Meeting to answer questions and to make a statement if he or she desires to do so. An affirmative vote of a majority of the common shares present and entitled to vote with respect to the ratification of the independent registered public accounting firm is required for ratification. Proxies, unless otherwise directed thereon, will be voted in favor of this proposal. The Board of Directors recommends a vote FOR the ratification of Deloitte & Touche LLP as the independent registered public accounting firm for 2013.

Pre-Approval of Audit/Non-Audit Services Policy

Otter Tail Corporation's Audit Committee has adopted, and the Board of Directors has ratified, the Audit and Non-Audit Services Pre-Approval Policy which sets forth the procedures and the conditions pursuant to which services proposed to be performed by the independent registered public accounting firm may be pre-approved. The independent registered public accounting firm has reviewed this policy and believes that implementation of the policy will not adversely affect the firm's independence.

Four categories of services have been defined by Otter Tail Corporation within the policy to provide a consistent framework for assessment, decision-making, approval and reporting. The following is a summary of the key provisions of the policy.

Audit services are specified services directly related to performing the independent audit of Otter Tail Corporation and its subsidiaries. The independent registered public accounting firm will submit to the Audit Committee for pre-approval the scope and estimated fees associated with the current year audit at the August Audit Committee meeting.

Audit-related services are specified services that are related extensions of audit services and are logically performed by the independent registered public accounting firm. Additional services exceeding the specified pre-approved limits require specific Audit Committee approval.

Tax services are specified services related to tax matters. Using the independent registered public accounting firm for these matters creates efficiencies, minimizes disruption, or preserves confidentiality. Additional services exceeding the specified pre-approved limits, or adding service types to the pre-approved list, requires specific Audit Committee approval.

Other services include (a) synergistic services for which utilizing the independent registered public accounting firm creates efficiencies, minimizes disruption, or preserves confidentiality, or (b) unique qualifications services for which management has determined that the independent registered public accounting firm possesses unique or superior qualifications to provide the services. Additional services exceeding the specified pre-approved limits, or adding service types to the pre-approved list, requires specific Audit Committee approval.

Restricted non-audit services include nine specific restricted services outlined in the SEC's rule on auditor independence. These services are not to be performed by the independent registered public accounting firm.

Edgar Filing: Otter Tail Corp - Form DEF 14A

During 2011 and 2012, all of the services provided by Deloitte Entities for the services described above under audit fees, audit-related fees, tax fees and all other fees were pre-approved by the Audit Committee consistent with this procedure.
