This Quarterly Report on Form 10-Q is for the three and nine months ended September 30, 2013. This Quarterly Report modifies and supersedes documents filed prior to this Quarterly Report. The Securities and Exchange Commission (SEC) allows us to incorporate by reference information that we file with it, which means that we can disclose important information to you by referring you directly to those documents. Information incorporated by reference is considered to be part of this Quarterly Report. In addition, information that we file with the SEC in the future will automatically update and supersede information contained in this Quarterly Report. Throughout this Quarterly Report, we refer to Comcast Corporation as Comcast; Comcast and its consolidated subsidiaries, including NBCUniversal Media, LLC (NBCUniversal), as we, us and our; Comcast Cable Communications, LLC and its subsidiaries as Comcast Cable; Comcast Holding Corporation as Comcast Holdings; and NBCUniversal, LLC as NBCUniversal Holdings.

You should carefully review the information contained in this Quarterly Report and particularly consider any risk factors set forth in this Quarterly Report and in other reports or documents that we file from time to time with the SEC. In this Quarterly Report, we state our beliefs of future events and of our future financial performance. In some cases, you can identify these so-called forward-looking statements by words such as may, will, should, expects, believes, essential, potential, or continue, or the negative of those words, and other comparable words. You should be aware that these statements are only our predictions. In evaluating these statements, you should specifically consider various factors, including the risks outlined below and in other reports we file with the SEC. Actual events or our actual results may differ materially from any of our forward-looking statements. We undertake no obligation to update any forward-looking statements.

Our businesses may be affected by, among other things, the following:

our businesses currently face a wide range of competition, and our businesses and results of operations could be adversely affected if we do not compete effectively

changes in consumer behavior driven by new technologies may adversely affect our businesses

programming expenses for our video services are increasing, which could adversely affect our businesses

Edgar Filing: COMCAST CORP - Form 10-Q

we are subject to regulation by federal, state, local and foreign authorities, which may impose additional costs and restrictions on our businesses

weak economic conditions may have a negative impact on our businesses

a decline in advertising expenditures or changes in advertising markets could negatively impact our businesses

NBCUniversal's success depends on consumer acceptance of its content, which is difficult to predict, and its businesses may be adversely affected if its content fails to achieve sufficient consumer acceptance or our costs to acquire content increase

the loss of NBCUniversal's programming distribution agreements, or the renewal of these agreements on less favorable terms, could adversely affect its businesses

our businesses depend on keeping pace with technological developments

we rely on network and information systems and other technologies, as well as key properties, and a disruption, cyber attack, failure or destruction of such networks, systems, technologies or properties may disrupt our businesses

our businesses depend on using and protecting certain intellectual property rights and on not infringing the intellectual property rights of others

we may be unable to obtain necessary hardware, software and operational support

labor disputes, whether involving employees or sports organizations, may disrupt our operations and adversely affect our businesses

the loss of key management personnel or popular on-air and creative talent could have an adverse effect on our businesses

sales of DVDs have been declining

we face risks arising from the outcome of various litigation matters

we face risks relating to doing business internationally that could adversely affect our businesses

acquisitions and other strategic transactions present many risks, and we may not realize the financial and strategic goals that were contemplated at the time of any transaction

our Class B common stock has substantial voting rights and separate approval rights over several potentially material transactions, and our Chairman and CEO has considerable influence over our company through his beneficial ownership of our Class B common stock

Table of Contents**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****(Unaudited)****Note 1: Condensed Consolidated Financial Statements****Basis of Presentation**

We have prepared these unaudited condensed consolidated financial statements based on Securities and Exchange Commission (SEC) rules that permit reduced disclosure for interim periods. These financial statements include all adjustments that are necessary for a fair presentation of our consolidated results of operations, financial condition and cash flows for the periods shown, including normal, recurring accruals and other items. The consolidated results of operations for the interim periods presented are not necessarily indicative of results for the full year.

The year-end condensed consolidated balance sheet was derived from audited financial statements but does not include all disclosures required by generally accepted accounting principles in the United States (GAAP). For a more complete discussion of our accounting policies and certain other information, refer to our consolidated financial statements filed with the SEC on Form 8-K on September 18, 2013.

Reclassifications have been made to our condensed consolidated financial statements for the prior year periods to conform to classifications used in the current year periods.

Note 2: Earnings Per Share**Computation of Diluted EPS**

(in millions, except per share data)	Three Months Ended September 30					
	2013			2012		
	Net Income Attributable to Comcast Corporation	Shares	Per Share Amount	Net Income Attributable to Comcast Corporation	Shares	Per Share Amount
Basic EPS attributable to Comcast Corporation shareholders	\$ 1,732	2,622	\$ 0.66	\$ 2,113	2,668	\$ 0.79
Effect of dilutive securities:						
Assumed exercise or issuance of shares relating to stock plans		36			35	
Diluted EPS attributable to Comcast Corporation shareholders	\$ 1,732	2,658	\$ 0.65	\$ 2,113	2,703	\$ 0.78

(in millions, except per share data)	Nine Months Ended September 30					
	2013			2012		
	Net Income Attributable to Comcast Corporation	Shares	Per Share Amount	Net Income Attributable to Comcast Corporation	Shares	Per Share Amount
Basic EPS attributable to Comcast Corporation shareholders	\$ 4,903	2,629	\$ 1.86	\$ 4,685	2,687	\$ 1.74
Effect of dilutive securities:						
Assumed exercise or issuance of shares relating to stock plans		39			37	
Diluted EPS attributable to Comcast Corporation shareholders	\$ 4,903	2,668	\$ 1.84	\$ 4,685	2,724	\$ 1.72

Our potentially dilutive securities include potential common shares related to our stock options and our restricted share units (RSUs). Diluted earnings per common share attributable to Comcast Corporation shareholders (diluted EPS) considers the impact of potentially dilutive securities

Edgar Filing: COMCAST CORP - Form 10-Q

using the treasury stock method. Diluted EPS excludes the impact of potential common shares related to our stock options in periods in which the option exercise price is greater than the average market price of our Class A common stock or our Class A Special common stock, as applicable.

Table of Contents

Diluted EPS for the three and nine months ended September 30, 2013 excludes 18 million and 13 million, respectively, of potential common shares related to our share-based compensation plans, because the inclusion of the potential common shares would have had an antidilutive effect. For the three and nine months ended September 30, 2012, diluted EPS excluded 21 million and 37 million, respectively, of potential common shares.

Note 3: Significant Transactions

Redemption Transaction

On March 19, 2013, we acquired GE's remaining 49% common equity interest in NBCUniversal Holdings for approximately \$16.7 billion (the Redemption Transaction). In addition to this transaction, NBCUniversal purchased from GE certain properties NBCUniversal occupies at 30 Rockefeller Plaza in New York City and CNBC's headquarters in Englewood Cliffs, New Jersey for approximately \$1.4 billion.

The total consideration for these transactions consisted of \$11.4 billion of cash on hand; \$4 billion of senior debt securities issued by NBCUniversal Enterprise, Inc. (NBCUniversal Enterprise), a holding company whose principal assets are its interests in NBCUniversal Holdings; \$750 million of cash funded through our commercial paper program; \$1.25 billion of borrowings under NBCUniversal Enterprise's credit facility, which replaced NBCUniversal's credit facility; and \$725 million aggregate liquidation preference of Series A cumulative preferred stock of NBCUniversal Enterprise. See Note 7 for additional information on NBCUniversal Enterprise's senior debt securities and credit facility.

Following the close of the Redemption Transaction, we control and consolidate NBCUniversal Enterprise and own all of its capital stock other than its preferred stock. NBCUniversal Enterprise's senior debt securities and credit facility are guaranteed by us and four of our wholly owned cable holding company subsidiaries, but are not guaranteed by NBCUniversal. In March 2013, NBCUniversal became a part of our existing cross-guarantee structure. See Note 16 for additional information on our cross-guarantee structure.

After the close of the transaction, GE sold the interests in NBCUniversal Enterprise's senior debt securities and preferred stock it acquired in the Redemption Transaction to unaffiliated third parties. The preferred stock pays dividends at a fixed rate of 5.25% per annum and the holders have the right to cause NBCUniversal Enterprise to redeem their shares at a price equal to the liquidation preference plus accrued but unpaid dividends for a 30 day period beginning on March 19, 2020 and thereafter on every third anniversary of such date (each such date, a put date). Shares of preferred stock can be called for redemption by NBCUniversal Enterprise at a price equal to the liquidation preference plus accrued but unpaid dividends one year following each put date applicable to such shares. Because certain of these redemption provisions are outside of our control, the NBCUniversal Enterprise preferred stock is presented outside of equity under the caption "redeemable noncontrolling interests and redeemable subsidiary preferred stock" in our condensed consolidated balance sheet. Its initial value was based on the liquidation preference of the preferred stock and is adjusted for accrued but unpaid dividends.

We recognized an increase to our deferred tax liabilities of \$1.5 billion primarily due to an increase in our financial reporting basis in the consolidated net assets of NBCUniversal Holdings in excess of the tax basis following the Redemption Transaction. In addition, our condensed consolidated balance sheet now includes certain tax liabilities of NBCUniversal Enterprise related to periods prior to our acquisition of the common stock of NBCUniversal Enterprise for which we have been indemnified by GE and have recorded a related indemnification asset. We also expect to realize additional tax benefits in the future as a result of the Redemption Transaction, which are expected to increase the amounts we have agreed to share with GE. Our expected future payments to GE are accounted for as contingent consideration. See Note 8 for additional information on the fair value of this contingent consideration as of September 30, 2013.

Because we maintained control of NBCUniversal Holdings, the difference between the consideration transferred and the recorded value of GE's 49% redeemable noncontrolling common equity interest, and the related tax impacts, were recorded to additional paid-in capital. The related tax impacts are preliminary and subject to change as we obtain the information necessary to complete our analysis.

Investment income (loss), net	\$ 464	\$ 70	\$ 549	\$ 170

Table of Contents**Fair Value Method**

As of September 30, 2013, the majority of our fair value method investments were equity securities held as collateral that were related to our obligations under prepaid forward sale agreements.

Prepaid Forward Sale Agreements

(in millions)	September 30, 2013	December 31, 2012
Assets:		
Fair value equity securities held as collateral	\$ 3,555	\$ 4,143
Liabilities:		
Obligations under prepaid forward sale agreements	\$ 799	\$ 1,248
Derivative component of prepaid forward sale agreements	2,397	2,302
Total liabilities	\$ 3,196	\$ 3,550

During the nine months ended September 30, 2013, we purchased a total of \$653 million of equity securities classified as trading securities and held as collateral under our prepaid forward sale agreements. We also settled obligations under certain of our prepaid forward sale agreements totaling \$1.6 billion with a combination of cash on hand and \$1.4 billion of equity securities. As of September 30, 2013, our remaining prepaid forward sale obligations had an estimated fair value of \$3.2 billion. The estimated fair values are based on Level 2 inputs using pricing models whose inputs are derived primarily from or corroborated by observable market data through correlation or other means for substantially the full term of the financial instrument.

Liberty Media

In October 2013, Liberty Media Corporation (Liberty Media) redeemed 6.3 million shares of Liberty Media Series A common stock (Liberty stock) that had been held by us as collateral as of December 31, 2012 under certain of our prepaid forward sale agreements in exchange for all of the equity of a subsidiary of Liberty Media. As of September 30, 2013, the fair value of the Liberty stock was \$925 million. The assets of the subsidiary of Liberty Media included cash of \$417 million, Liberty Media s interests in one of NBCUniversal s contractual obligations and a wholly owned operating subsidiary, Leisure Arts, Inc. As of September 30, 2013, a liability of \$383 million associated with NBCUniversal s contractual obligation was included in our condensed consolidated balance sheet. Following the close of this transaction, we now consolidate the subsidiary transferred to us and the liability associated with NBCUniversal s contractual obligation is eliminated in consolidation.

Clearwire

In July 2013, in connection with Sprint s acquisition of Clearwire Corporation (Clearwire), Sprint acquired our investment of 89 million Class A shares of Clearwire for \$443 million. As of the date of the acquisition by Sprint, we recognized a pretax gain of \$443 million in our condensed consolidated statement of income, which represented the recognition of cumulative unrealized gains previously recorded in accumulated other comprehensive income.

Equity Method

In June 2013, NBCUniversal received a distribution from The Weather Channel Holding Corp. (The Weather Channel) of \$152 million, of which \$128 million was recorded as a return of its investment in The Weather Channel and is included under the caption return of capital from investees in our condensed consolidated statement of cash flows.

Cost Method**AirTouch**

We hold two series of preferred stock of AirTouch Communications, Inc. (AirTouch), a subsidiary of Vodafone, which are redeemable in April 2020. As of September 30, 2013, the estimated fair values of the AirTouch preferred stock and the associated liability related to the redeemable preferred shares issued by one of our consolidated subsidiaries were each \$1.7 billion. The estimated fair values are based on Level 2 inputs using

Table of Contents

pricing models whose inputs are derived primarily from or corroborated by observable market data through correlation or other means for substantially the full term of the financial instrument.

Note 6: Goodwill

(in millions)	NBCUniversal						Total
	Cable Communications	Cable Networks	Broadcast Television	Filmed Entertainment	Theme Parks	Corporate and Other	
Balance, December 31, 2012	\$ 12,206	\$ 13,026	\$ 761	\$ 1	\$ 982	\$ 9	\$ 26,985
Acquisitions		17	1				18
Adjustments		69	6			1	76
Balance, September 30, 2013	\$ 12,206	\$ 13,112	\$ 768	\$ 1	\$ 982	\$ 10	\$ 27,079

Adjustments to goodwill during the nine months ended September 30, 2013 were primarily related to an immaterial correction to the allocation of purchase price associated with the January 2011 NBCUniversal transaction, which was recorded in the second quarter of 2013.

Note 7: Long-Term Debt**Long-Term Debt Outstanding**

(in millions)	Weighted-Average Interest Rate as of September 30, 2013	September 30,	December 31,
		2013	2012
Commercial paper	0.290%	\$ 400	\$
Revolving credit facilities	1.252%	1,250	
Senior notes with maturities of 5 years or less	4.711%	15,111	12,991
Senior notes with maturities between 6 and 10 years	4.558%	11,534	10,334
Senior notes with maturities greater than 10 years	5.979%	17,985	16,801
Other, including capital lease obligations		245	332
Total debt	4.86% ^(a)	46,525	40,458
Less: Current portion		2,337	2,376
Long-term debt		\$ 44,188	\$ 38,082

(a) Includes the effects of our derivative financial instruments.

As of September 30, 2013, our debt had an estimated fair value of \$51.1 billion. The estimated fair value of our publicly traded debt is based on quoted market values for the debt. To estimate the fair value of debt for which there are no quoted market prices, we use interest rates available to us for debt with similar terms and remaining maturities.

Redemption Transaction

The Redemption Transaction resulted in the consolidation of an additional \$4 billion aggregate principal amount of senior notes issued by NBCUniversal Enterprise and \$1.25 billion of borrowings under the NBCUniversal Enterprise credit facility. The total consideration for the Redemption Transaction also included \$750 million of cash funded through our commercial paper program.

The NBCUniversal Enterprise senior notes are comprised of \$1.1 billion aggregate principal amount of 1.662% senior notes due 2018, \$1.5 billion aggregate principal amount of 1.974% senior notes due 2019, \$700 million aggregate principal amount of floating rate senior notes due 2016 and \$700 million aggregate principal amount of floating rate senior notes due 2018. The floating rate senior notes due 2016 and 2018 accrue interest for each quarterly interest period at a rate equal to the three-month London Interbank Offered Rate (LIBOR) plus 0.537% and 0.685%, respectively.

Edgar Filing: COMCAST CORP - Form 10-Q

On March 19, 2013, NBCUniversal Enterprise amended and restated the existing credit agreement of NBCUniversal to, among other things, substitute NBCUniversal Enterprise for NBCUniversal as the sole borrower, reduce the borrowing capacity of the facility from \$1.5 billion to \$1.35 billion, extend the term of the facility to March 2018 and revise the interest rate on borrowings. The interest rate on the credit facility consists of

Table of Contents

a base rate plus a borrowing margin that is determined based on our credit rating. As of September 30, 2013, the interest rate was 1.252%.

Debt Borrowings

In January 2013, we issued \$750 million aggregate principal amount of 2.850% senior notes due 2023, \$1.7 billion aggregate principal amount of 4.250% senior notes due 2033 and \$500 million aggregate principal amount of 4.500% senior notes due 2043.

Commercial Paper Program

During the nine months ended September 30, 2013, borrowings, net of repayments of commercial paper under our commercial paper program, were \$400 million. Following the amendments to the NBCUniversal credit agreement, NBCUniversal's commercial paper program was terminated.

Revolving Credit Facilities

As of September 30, 2013, amounts available under our consolidated revolving credit facilities, net of amounts outstanding under our commercial paper program and undrawn letters of credit, totaled \$5.7 billion, which included \$100 million available under NBCUniversal Enterprise's credit facility.

Note 8: Fair Value Measurements

The accounting guidance related to financial assets and financial liabilities (financial instruments) establishes a hierarchy that prioritizes fair value measurements based on the types of inputs used for the various valuation techniques (market approach, income approach and cost approach). Level 1 consists of financial instruments whose values are based on quoted market prices for identical financial instruments in an active market. Level 2 consists of financial instruments that are valued using models or other valuation methodologies. These models use inputs that are observable either directly or indirectly. Level 3 consists of financial instruments whose values are determined using pricing models that use significant inputs that are primarily unobservable, discounted cash flow methodologies or similar techniques, as well as instruments for which the determination of fair value requires significant management judgment or estimation. Our financial instruments that are accounted for at fair value on a recurring basis are presented in the table below.

Recurring Fair Value Measures

(in millions)	Fair Value as of				December 31, 2012 Total
	Level 1	September 30, 2013		Total	
		Level 2	Level 3		
Assets					
Trading securities	\$ 4,477	\$	\$	\$ 4,477	\$ 4,027
Available-for-sale securities	183	118	12	313	464
Interest rate swap agreements		137		137	210
Other		59		59	38
Total	\$ 4,660	\$ 314	\$ 12	\$ 4,986	\$ 4,739
Liabilities					
Derivative component of prepaid forward sale agreements and indexed debt instruments	\$	\$ 2,402	\$	\$ 2,402	\$ 2,305
Contractual obligations			1,130	1,130	1,055
Contingent consideration			682	682	587
Other		116		116	14
Total	\$	\$ 2,518	\$ 1,812	\$ 4,330	\$ 3,961

Table of Contents**Contractual Obligations and Contingent Consideration**

The fair values of the contractual obligations and contingent consideration in the table above are primarily based on certain expected future discounted cash flows, the determination of which involves the use of significant unobservable inputs. The most significant unobservable inputs we use are our estimates of the future revenue we expect to generate from certain NBCUniversal entities, which are related to our contractual obligations, and future net tax benefits that will affect payments to GE, which are related to contingent consideration. The discount rates used in the measurements of fair value were between 5% and 14% and are based on the underlying risk associated with our estimate of future revenue, as well as the terms of the respective contracts, and the uncertainty in the timing of our payments to GE. The fair value adjustments to contractual obligations and contingent consideration are sensitive to the assumptions related to future revenue and tax benefits, respectively, as well as to current interest rates, and therefore, the adjustments are recorded to other income (expense), net in our condensed consolidated statement of income.

Changes in Contractual Obligations and Contingent Consideration

(in millions)	Contractual Obligations	Contingent Consideration
Balance, December 31, 2012	\$ 1,055	\$ 587
Fair value adjustments	141	25
Payments	(66)	(101)
Redemption Transaction		171
Balance, September 30, 2013	\$ 1,130	\$ 682
Nonrecurring Fair Value Measures		

We have assets and liabilities that we are required to record at fair value on a nonrecurring basis when certain circumstances occur. In the case of film or stage play production costs, upon the occurrence of an event or change in circumstance that may indicate that the fair value of a production is less than its unamortized costs, we determine the fair value of the production and record an adjustment for the amount by which the unamortized capitalized costs exceed the production's fair value. The estimate of the fair value of a production is determined using Level 3 inputs, primarily an analysis of future expected cash flows. Adjustments to capitalized film production costs of \$150 million and \$155 million were recorded during the nine months ended September 30, 2013 and 2012, respectively.

Note 9: Noncontrolling Interests

Certain of the subsidiaries that we consolidate are not wholly owned. Some of the agreements with the minority partners of these subsidiaries contain redemption features whereby interests held by the minority partners are redeemable either (i) at the option of the holder or (ii) upon the occurrence of an event that is not solely within our control. If interests were to be redeemed under these agreements, we would generally be required to purchase the interest at fair value on the date of redemption. These interests are presented on the balance sheet outside of equity as a component of the caption redeemable noncontrolling interests and redeemable subsidiary preferred stock. Noncontrolling interests and subsidiary preferred stock that do not contain such redemption features are presented in equity.

We acquired GE's remaining 49% common equity interest in NBCUniversal Holdings, which had previously been presented as a redeemable noncontrolling interest in our condensed consolidated balance sheet. See Note 3 for additional information on the Redemption Transaction. The difference between the consideration transferred and the recorded value of GE's 49% redeemable noncontrolling common equity interest, as well as the related tax impacts, were recorded to additional paid-in capital. The table below includes the impact of the Redemption Transaction on our changes in equity.

Table of Contents**Changes in Equity**

(in millions)	Nine Months Ended September 30	
	2013	2012
Net income attributable to Comcast Corporation	\$ 4,903	\$ 4,685
Transfers from (to) noncontrolling interests:		
Decrease in Comcast Corporation additional paid-in capital resulting from the purchase of GE s redeemable noncontrolling common equity interest	(1,482)	
Other	(26)	2
Changes in equity resulting from net income attributable to Comcast Corporation and transfers from (to) noncontrolling interests	\$ 3,395	\$ 4,687

Note 10: Pension Plans

In August 2013, we settled all of our obligations related to the termination in February 2012 of the qualified pension plan that provided benefits to former AT&T Broadband employees. In connection with this final settlement, we fully funded the plan with additional contributions of \$55 million and recorded an expense of \$74 million in other operating and administrative expenses, which was previously recorded in accumulated other comprehensive income.

Note 11: Share-Based Compensation

Our share-based compensation primarily consists of awards of stock options and RSUs to certain employees and directors and is awarded as part of our approach to long-term incentive compensation. Additionally, through our employee stock purchase plans, employees are able to purchase shares of Comcast Class A common stock at a discount through payroll deductions.

In March 2013, we granted 18.4 million stock options and 5.2 million RSUs related to our annual management awards. The weighted-average fair values associated with these grants were \$8.80 per stock option and \$37.85 per RSU.

Recognized Share-Based Compensation Expense

(in millions)	Three Months Ended September 30		Nine Months Ended September 30	
	2013	2012	2013	2012

Noncash Investing and Financing Activities

During the nine months ended September 30, 2013:

we acquired GE's remaining 49% common equity interest in NBCUniversal Holdings for total consideration of \$16.7 billion, which included noncash consideration of \$6 billion from the consolidation of NBCUniversal Enterprise that was comprised of \$4 billion aggregate principal amount of senior notes, \$1.25 billion of borrowings under its credit facility and \$725 million aggregate liquidation preference of its Series A cumulative preferred stock (see Note 3 for additional information on the Redemption Transaction)

Edgar Filing: COMCAST CORP - Form 10-Q

we acquired \$807 million of property and equipment and intangible assets that were accrued but unpaid

we recorded a liability of \$510 million for a quarterly cash dividend of \$0.195 per common share paid in October 2013

we used \$1.4 billion of equity securities to settle a portion of our obligations under prepaid forward sale agreements

Table of Contents**Note 13: Receivables Monetization**

NBCUniversal monetizes certain of its accounts receivable under programs with a syndicate of banks. We account for receivables monetized through these programs as sales in accordance with the appropriate accounting guidance. We receive deferred consideration from the assets sold in the form of a receivable, which is funded by residual cash flows after the senior interests have been fully paid. The deferred consideration is included in receivables, net at its initial fair value, which reflects the net cash flows we expect to receive related to these interests. The accounts receivable we sold that underlie the deferred consideration are generally short-term in nature and, therefore, the fair value of the deferred consideration approximated its carrying value as of September 30, 2013 and December 31, 2012.

NBCUniversal is responsible for servicing the receivables and remitting collections to the purchasers under the monetization programs. NBCUniversal performs this service for a fee that is equal to the prevailing market rate for such services. As a result, no servicing asset or liability has been recorded on our condensed consolidated balance sheet as of September 30, 2013 and December 31, 2012. The servicing fees are recorded as a component of other income (expense), net.

The net cash payments on transfers that are included within net cash provided by operating activities in our condensed consolidated statement of cash flows were \$367 million for the nine months ended September 30, 2013. The net cash proceeds on transfers that are included within net cash provided by operating activities in our condensed consolidated statement of cash flows were \$70 million for the nine months ended September 30, 2012. The receivables monetization program did not have a material effect on our condensed consolidated statement of income for the periods presented.

Receivables Monetized and Deferred Consideration

(in millions)	September 30, 2013	December 31, 2012
Monetized receivables sold	\$ 642	\$ 791
Deferred consideration	\$ 217	\$ 274

In addition to the amounts presented above, we had \$616 million and \$882 million payable to our monetization programs as of September 30, 2013 and December 31, 2012, respectively. These amounts represent cash receipts that were not yet remitted to the monetization programs as of the balance sheet date and are recorded to accounts payable and accrued expenses related to trade creditors.

Note 14: Commitments and Contingencies**Commitments*****Station Venture***

NBCUniversal previously held an equity interest in Station Venture Holdings, LLC (*Station Venture*), a nonconsolidated variable interest entity, and the remaining equity interests in Station Venture were held by LIN TV, Corp. Station Venture was the obligor on an \$816 million senior secured note (the *Station Venture note*) that was due in 2023 to General Electric Capital Corporation (*GECC*) as servicer. The Station Venture note, among other things, was collateralized by substantially all of the assets of Station Venture and Station Venture Operations, LP (*Station LP*). Station LP was a less than wholly owned consolidated subsidiary of NBCUniversal. In connection with the acquisition of our controlling interest in NBCUniversal Holdings on January 28, 2011, a liability of \$482 million was recorded to noncurrent liabilities in our allocation of purchase price, which represented the fair value of the net assets of Station LP. In February 2013, we closed our agreement with GE, GECC and LIN TV under which, among other things, NBCUniversal purchased the Station Venture note from GECC for \$602 million, which represented the agreed upon fair value of the assets of Station LP. As of the closing date of the transaction, the \$482 million recorded liability was effectively settled, and Station Venture and Station LP became wholly owned subsidiaries of NBCUniversal. We now consolidate Station Venture, and the Station Venture note is eliminated in consolidation. Due to the related party nature of this transaction, the excess of the purchase price of the Station Venture note over the recorded amount of the liability was recorded to additional paid-in capital.

Table of Contents

Contingencies

Antitrust Cases

We are defendants in two purported class actions originally filed in December 2003 in the United States District Courts for the District of Massachusetts and the Eastern District of Pennsylvania. The potential class in the Massachusetts case, which has been transferred to the Eastern District of Pennsylvania, is our customer base in the Boston Cluster area, and the potential class in the Pennsylvania case is our customer base in the Philadelphia and Chicago Clusters, as those terms are defined in the complaints. In each case, the plaintiffs allege that certain customer exchange transactions with other cable providers resulted in unlawful horizontal market restraints in those areas and seek damages under antitrust statutes, including treble damages.

Classes of Chicago Cluster and Philadelphia Cluster customers were certified in October 2007 and January 2010, respectively. We appealed the class certification in the Philadelphia Cluster case to the Third Circuit Court of Appeals, which affirmed the class certification in August 2011 and denied our petition for a rehearing en banc in September 2011. In March 2010, we moved for summary judgment dismissing all of the plaintiffs' claims in the Philadelphia Cluster. In April 2012, the District Court issued a decision dismissing some of the plaintiffs' claims, but allowing two claims to proceed to trial. The plaintiffs' claims concerning the other two clusters are stayed pending determination of the Philadelphia Cluster claims. In June 2012, the U.S. Supreme Court granted our petition to review the Third Circuit Court of Appeals' ruling and in September 2012, the trial court stayed all proceedings pending resolution of the Supreme Court appeal. In March 2013, the Supreme Court ruled that the class had been improperly certified and reversed the judgment of the Third Circuit. The matter has been returned to the District Court for action consistent with the Supreme Court's opinion. In August 2013, a plaintiff in the Philadelphia Cluster case moved to certify a new class, and in September 2013, we moved to strike that motion on procedural grounds.

In addition, we are the defendant in 22 purported class actions filed in federal district courts throughout the country. All of these actions have been consolidated by the Judicial Panel on Multidistrict Litigation in the United States District Court for the Eastern District of Pennsylvania for pre-trial proceedings. In a consolidated complaint filed in November 2009 on behalf of all plaintiffs in the multidistrict litigation, the plaintiffs allege that we improperly tie the rental of set-top boxes to the provision of premium cable services in violation of Section 1 of the Sherman Antitrust Act, various state antitrust laws and unfair/deceptive trade practices acts in California, Illinois and Alabama. The plaintiffs also allege a claim for unjust enrichment and seek relief on behalf of a nationwide class of our premium cable customers and on behalf of subclasses consisting of premium cable customers from California, Alabama, Illinois, Pennsylvania and Washington. In January 2010, we moved to compel arbitration of the plaintiffs' claims for unjust enrichment and violations of the unfair/deceptive trade practices acts of Illinois and Alabama. In September 2010, the plaintiffs filed an amended complaint alleging violations of additional state antitrust laws and unfair/deceptive trade practices acts on behalf of new subclasses in Connecticut, Florida, Minnesota, Missouri, New Jersey, New Mexico and West Virginia. In the amended complaint, plaintiffs omitted their unjust enrichment claim, as well as their state law claims on behalf of the Alabama, Illinois and Pennsylvania subclasses. In June 2011, the plaintiffs filed another amended complaint alleging only violations of Section 1 of the Sherman Antitrust Act, antitrust law in Washington and unfair/deceptive trade practices acts in California and Washington. The plaintiffs seek relief on behalf of a nationwide class of our premium cable customers and on behalf of subclasses consisting of premium cable customers from California and Washington. In July 2011, we moved to compel arbitration of most of the plaintiffs' claims and to stay the remaining claims pending arbitration. The West Virginia Attorney General also filed a complaint in West Virginia state court in July 2009 alleging that we improperly tie the rental of set-top boxes to the provision of digital cable services in violation of the West Virginia Antitrust Act and the West Virginia Consumer Credit and Protection Act. The Attorney General also alleges a claim for unjust enrichment/restitution. We removed the case to the United States District Court for West Virginia, and it was subsequently transferred to the United States District Court for the Eastern District of Pennsylvania and consolidated with the multidistrict litigation described above. In June 2013, a comprehensive settlement agreement for all 23 cases was submitted to the District Court for preliminary approval. Regardless of whether this settlement agreement is approved, we do not expect these cases to have a material effect on our results of operations, cash flows or financial position.

Table of Contents

We believe the claims in each of the pending actions described above in this item are without merit and intend to defend the actions vigorously. We cannot predict the outcome of any of the actions described above, including a range of possible loss, or how the final resolution of any such actions would impact our results of operations or cash flows for any one period or our financial position. In addition, as any action nears a trial, there is an increased possibility that the action may be settled by the parties. Nevertheless, the final disposition of any of the above actions is not expected to have a material adverse effect on our consolidated financial position, but could possibly be material to our consolidated results of operations or cash flows for any one period.

Other

We are a defendant in several unrelated lawsuits claiming infringement of various patents relating to various aspects of our businesses. In certain of these cases other industry participants are also defendants, and also in certain of these cases we expect that any potential liability would be in part or in whole the responsibility of our equipment and technology vendors under applicable contractual indemnification provisions. We are also subject to other legal proceedings and claims that arise in the ordinary course of our business. While the amount of ultimate liability with respect to such actions is not expected to materially affect our results of operations, cash flows or financial position, any litigation resulting from any such legal proceedings or claims could be time consuming, costly and injure our reputation.

Note 15: Financial Data by Business Segment

We present our operations in five reportable business segments:

Cable Communications: Consists of the operations of Comcast Cable, which is the nation's largest provider of video, high-speed Internet and voice services (cable services) to residential customers under the XFINITY brand, and we also provide these services to businesses and sell advertising.

Cable Networks: Consists primarily of our national cable networks, our regional sports and news networks, our international cable networks, our cable television production operations, and our related digital media properties.

Broadcast Television: Consists primarily of the NBC and Telemundo broadcast networks, our NBC and Telemundo owned local broadcast television stations, our broadcast television production operations, and our related digital media properties.

Filmed Entertainment: Consists primarily of the operations of Universal Pictures, which produces, acquires, markets and distributes filmed entertainment worldwide.

Theme Parks: Consists primarily of our Universal theme parks in Orlando and Hollywood.

Table of Contents

In evaluating the profitability of our operating segments, the components of net income (loss) below operating income (loss) before depreciation and amortization are not separately evaluated by our management. Our financial data by business segment is presented in the tables below.

(a) For the three and nine months ended September 30, 2013 and 2012, Cable Communications segment revenue was derived from the following sources:

	Three Months Ended September 30		Nine Months Ended September 30	
	2013	2012	2013	2012
Residential:				
Video	48.9%	49.9%	49.4%	50.7%
High-speed Internet	24.7%	24.1%	24.6%	24.1%
Voice	8.8%	9.0%	8.8%	9.0%
Business services	8.0%	6.6%	7.6%	6.3%
Advertising	5.2%	6.1%	5.1%	5.5%
Other	4.4%	4.3%	4.5%	4.4%
Total	100%	100%	100%	100%

Subscription revenue received from customers who purchase bundled services at a discounted rate is allocated proportionally to each service based on the individual service's price on a stand-alone basis. Beginning in 2013, revenue from certain business customers, such as hotels, restaurants and bars, is presented in the business services revenue line item rather than in video revenue. Reclassifications have been made to the prior year periods to conform to this presentation.

For both the three and nine months ended September 30, 2013, 2.9% of Cable Communications revenue was derived from franchise and other regulatory fees. For both the three and nine months ended September 30, 2012, 2.8% of Cable Communications revenue was derived from franchise and other regulatory fees.

(b) NBCUniversal Headquarters and Other activities included costs associated with overhead, personnel costs and headquarter initiatives.

(c) Included in Eliminations are transactions that our segments enter into with one another. The most common types of transactions are the following:

our Cable Networks and Broadcast Television segments generate revenue by selling programming to our Cable Communications segment, which represents the substantial majority of the transactions among our segments

our Cable Communications segment generates revenue by selling advertising and by selling the use of satellite feeds to our Cable Networks segment

our Filmed Entertainment and Broadcast Television segments generate revenue by licensing content to our Cable Networks segment

Edgar Filing: COMCAST CORP - Form 10-Q

our Cable Communications segment receives incentives offered by our Cable Networks segment in connection with its distribution of the Cable Networks content that are recorded as a reduction to programming expenses

- (d) No single customer accounted for a significant amount of revenue in any period.

- (e) We use operating income (loss) before depreciation and amortization, excluding impairment charges related to fixed and intangible assets and gains or losses from the sale of assets, if any, as the measure of profit or loss for our operating segments. This measure eliminates the significant level of noncash depreciation and amortization expense that results from the capital-intensive nature of certain of our businesses and from intangible assets recognized in business combinations. Additionally, it is unaffected by our capital structure or investment activities. We use this measure to evaluate our consolidated operating performance and the operating performance of our operating segments and to allocate resources and capital to our operating segments. It is also a significant performance measure in our annual incentive compensation programs. We believe that this measure is useful to investors because it is one of the bases for comparing our operating performance with that of other companies in our industries, although our measure may not be directly comparable to similar measures used by other companies. This measure should not be considered a substitute for operating income (loss), net income (loss) attributable to Comcast Corporation, net cash provided by operating activities, or other measures of performance or liquidity we have reported in accordance with GAAP.

Table of Contents

Note 16: Condensed Consolidating Financial Information

Comcast Corporation (Comcast Parent) and four of our wholly owned cable holding company subsidiaries, Comcast Cable Communications, LLC (CCCL Parent), Comcast MO Group, Inc. (Comcast MO Group), Comcast Cable Holdings, LLC (CCH) and Comcast MO of Delaware, LLC (Comcast MO of Delaware) (collectively, the cable guarantors), have fully and unconditionally guaranteed each other s debt securities. Comcast MO Group, CCH and Comcast MO of Delaware are collectively referred to as the Combined CCHMO Parents.

On March 27, 2013, Comcast Parent, the cable guarantors and NBCUniversal Media, LLC (referred to as NBCUniversal Media Parent in the tables below) entered into a series of agreements and supplemental indentures to include NBCUniversal Media, LLC as part of our existing cross-guarantee structure. As members of the cross-guarantee structure, Comcast Parent and the cable guarantors fully and unconditionally guarantee NBCUniversal Media, LLC s public debt securities, and NBCUniversal Media, LLC fully and unconditionally guarantees all of Comcast Parent s and the cable guarantors public debt securities, as well as the \$6.25 billion revolving credit facility of Comcast Parent and Comcast Cable Communications, LLC.

Comcast Parent and the cable guarantors also fully and unconditionally guarantee NBCUniversal Enterprise s \$4 billion of senior notes and its \$1.35 billion credit facility due March 2018. NBCUniversal Media, LLC does not guarantee the NBCUniversal Enterprise senior notes or credit facility.

Comcast Parent provides an unconditional subordinated guarantee of the \$185 million principal amount currently outstanding of Comcast Holdings ZONES due October 2029. Neither the cable guarantors nor NBCUniversal Media, LLC guarantee the Comcast Holdings ZONES due October 2029. None of Comcast Parent, the cable guarantors nor NBCUniversal Media, LLC guarantee the \$62 million principal amount currently outstanding of Comcast Holdings ZONES due November 2029.

ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Overview

We are a global media and technology company with two primary businesses, Comcast Cable and NBCUniversal. We present our operations in the following five reportable business segments: Cable Communications, Cable Networks, Broadcast Television, Filmed Entertainment and Theme Parks. The Cable Networks, Broadcast Television, Filmed Entertainment and Theme Parks segments comprise the NBCUniversal businesses and are collectively referred to as the NBCUniversal segments.

Cable Communications

We are the nation's largest provider of video, high-speed Internet and voice services (cable services) to residential customers under the XFINITY brand and we also provide these services to businesses. As of September 30, 2013, our cable systems served 21.6 million video customers, 20.3 million high-speed Internet customers and 10.5 million voice customers and passed more than 53 million homes and businesses. Our Cable Communications segment generates revenue primarily from subscriptions to our cable services, which we market individually and in packages, and from the sale of advertising. During the nine months ended September 30, 2013, our Cable Communications segment generated 65% of our consolidated revenue and more than 80% of our operating income before depreciation and amortization.

NBCUniversal

NBCUniversal is a leading media and entertainment company that develops, produces and distributes entertainment, news and information, sports, and other content for global audiences.

Cable Networks

Our Cable Networks segment consists primarily of our national cable networks, which provide entertainment, news and information, and sports programming, our regional sports and news networks, our international cable networks, our cable television production operations, and our related digital media properties. Our Cable Networks segment generates revenue primarily from the distribution of our cable network programming to multichannel video providers, the sale of advertising and the licensing of our owned programming.

Broadcast Television

Our Broadcast Television segment consists primarily of the NBC and Telemundo broadcast networks, our NBC and Telemundo owned local broadcast television stations, our broadcast television production operations, and our related digital media properties. Our Broadcast Television segment generates revenue primarily from the sale of advertising, the licensing and sale of our owned programming and the fees received under retransmission consent agreements.

Filmed Entertainment

Our Filmed Entertainment segment produces, acquires, markets and distributes filmed entertainment worldwide. We also develop, produce and license live stage plays. Our Filmed Entertainment segment generates revenue primarily from the worldwide distribution of our owned and acquired films and the licensing and sale of our owned and acquired films. Our Filmed Entertainment segment also generates revenue from producing and licensing live stage plays and distributing filmed entertainment produced by third parties.

Theme Parks

Our Theme Parks segment consists primarily of our Universal theme parks in Orlando and Hollywood. We also receive fees from third parties that own and operate Universal Studios Japan and Universal Studios Singapore for intellectual property licenses and other services. Our Theme Parks segment generates revenue primarily from theme park attendance and per capita spending at our Universal theme parks in Orlando and Hollywood, as well as from licensing and other fees. Per capita spending includes ticket price and in-park spending on food, beverages and merchandise.

Table of Contents

Other

Our other business interests primarily include Comcast-Spectacor, which owns the Philadelphia Flyers and the Wells Fargo Center arena in Philadelphia and operates arena management-related businesses.

Significant Transactions

On March 19, 2013, we acquired GE's remaining 49% common equity interest in NBCUniversal Holdings for approximately \$16.7 billion (the Redemption Transaction). In addition to this transaction, NBCUniversal purchased from GE certain properties NBCUniversal occupies at 30 Rockefeller Plaza in New York City and CNBC's headquarters in Englewood Cliffs, New Jersey for approximately \$1.4 billion. See Note 3 to our condensed consolidated financial statements for additional information on these transactions.

Competition

The results of operations of our reportable business segments are affected by competition, as all of our businesses operate in competitive, consumer-driven and rapidly changing environments and compete with a growing number of companies that provide a broad range of communications products and services and entertainment, news and information content to consumers.

Competition for the cable services we offer consists primarily of direct broadcast satellite (DBS) providers, which have a national footprint and compete in all our service areas, and phone companies, which overlap a substantial portion of our service areas and are continuing to expand their fiber-based networks. We also compete with other providers of traditional cable services and companies that offer programming and other communications services, including high-speed Internet and phone services, to our customers and potential customers. All of these companies typically offer features, pricing and packaging for services comparable to our cable services. Each of NBCUniversal's businesses also face substantial and increasing competition from providers of similar types of content, as well as from other forms of entertainment and recreational activities. NBCUniversal also must compete to obtain talent, programming and other resources required in operating these businesses.

Technological changes are further intensifying and complicating the competitive landscape for all of our businesses and are affecting consumer behavior. Wireless services and devices also continue to evolve, allowing consumers to access information, entertainment and communication services outside the home. Additionally, new services and devices that enable digital distribution of movies, television shows and other cable and broadcast video programming continue to emerge, in some cases charging a nominal or no fee. These services and devices may affect the demand for our cable services and cable network, broadcast television and filmed entertainment programming, as the number of entertainment choices available to consumers increases and the manner in which video programming is delivered continues to evolve. In addition, delayed viewing and advertising skipping have become more common as the penetration of DVRs and similar products has increased and as content has become increasingly available via video-on-demand services and Internet sources, which may have a negative impact on our advertising revenue.

We believe that adding more content and delivering it on an increasing variety of platforms will assist in attracting and retaining customers in our Cable Communications segment, and we are also developing and launching new technology initiatives, such as our new X1 content delivery platform and deploying new wireless gateway devices. To compete for consumers of our content and theme park attractions, NBCUniversal has invested, and will continue to invest, substantial amounts in acquiring content and producing original content for its cable networks and broadcast television networks, including the acquisition of sports rights, in our film productions and in the development of new theme park attractions.

Seasonality and Cyclicity

Each of our businesses is subject to seasonal and cyclical variations. Revenue and operating costs and expenses in our Broadcast Television segment are cyclical as a result of our periodic broadcasts of the Olympic Games and the Super Bowl. Our advertising revenue and programming and production costs for the nine months ended September 30, 2012 include amounts attributable to our broadcasts of the 2012 Super Bowl and the 2012 London Olympics. There were no such broadcasts in the current year period. All of the revenue and operating costs and expenses associated with our broadcasts of the 2012 Super Bowl and 2012 London Olympics are reported in our

Table of Contents

Broadcast Television segment. Our U.S. advertising revenue also benefits in even-numbered years from advertising related to candidates running for political office and issue-orientated advertising. Our advertising revenue for the three and nine months ended September 30, 2012 included amounts attributable to the 2012 presidential and congressional elections.

Consolidated Operating Results

All percentages are calculated based on actual amounts. Minor differences may exist due to rounding.

Percentage changes that are considered not meaningful are denoted with NM.

Consolidated Revenue

Consolidated revenue decreased for the three months ended September 30, 2013 compared to the same period in 2012 primarily as a result of a decrease in our Broadcast Television segment due to our broadcast of the 2012 London Olympics in the prior year period, partially offset by increases in our Cable Communications, Cable Networks, Filmed Entertainment and Theme Parks segments. Excluding \$1.2 billion of revenue associated with our broadcast of the 2012 London Olympics, consolidated revenue increased 5.2% for the three months ended September 30, 2013.

Our Cable Communications, Cable Networks, Filmed Entertainment and Theme Parks segments accounted for the increase in consolidated revenue for the nine months ended September 30, 2013. The increase was partially offset by a decrease in revenue in our Broadcast Television segment due to our broadcasts in the prior year period of the 2012 Super Bowl and the 2012 London Olympics. Excluding \$1.4 billion of revenue associated with these events, consolidated revenue increased 5.6% for the nine months ended September 30, 2013.

Revenue for our Cable Communications and NBCUniversal segments is discussed separately below under the heading Segment Operating Results.

Consolidated Costs and Expenses

Consolidated costs and expenses, excluding depreciation and amortization (operating costs and expenses), decreased for the three months ended September 30, 2013 compared to the same period in 2012 primarily as a result of a decrease in our Broadcast Television segment due to our broadcast of the 2012 London Olympics in the prior year period, partially offset by increases in our Cable Communications, Cable Networks and Theme Parks segments. In addition to our business segment operating costs and expenses, Corporate and Other operating costs and expenses for the three months ended September 30, 2013 included \$74 million of expense associated with the final settlement of the terminated qualified pension plan that provided benefits to former AT&T Broadband employees.

Table of Contents

Our Cable Communications and Cable Networks segments accounted for substantially all of the increase in consolidated operating costs and expenses for the nine months ended September 30, 2013. The increase was partially offset by lower costs in our Broadcast Television segment due to our broadcasts of the 2012 Super Bowl and the 2012 London Olympics in the prior year period.

Operating costs and expenses for our Cable Communications and NBCUniversal segments are discussed separately below under the heading Segment Operating Results.

Consolidated depreciation and amortization decreased slightly for the three months ended September 30, 2013 compared to the same period in 2012 primarily due to higher losses on disposal recorded in the prior year period. Consolidated depreciation and amortization increased slightly for the nine months ended September 30, 2013 compared to the same period in 2012 primarily due to increases in capital spending in our Theme Parks segment, as well as depreciation associated with the properties purchased by NBCUniversal in connection with the Redemption Transaction.

Segment Operating Results

Our segment operating results are presented based on how we assess operating performance and internally report financial information. We use operating income (loss) before depreciation and amortization, excluding impairment charges related to fixed and intangible assets and gains or losses from the sale of assets, if any, as the measure of profit or loss for our operating segments. This measure eliminates the significant level of noncash depreciation and amortization expense that results from the capital-intensive nature of certain of our businesses and from intangible assets recognized in business combinations. Additionally, it is unaffected by our capital structure or investment activities. We use this measure to evaluate our consolidated operating performance and the operating performance of our operating segments and to allocate resources and capital to our operating segments. It is also a significant performance measure in our annual incentive compensation programs. We believe that this measure is useful to investors because it is one of the bases for comparing our operating performance with that of other companies in our industries, although our measure may not be directly comparable to similar measures used by other companies. Because we use operating income (loss) before depreciation and amortization to measure our segment profit or loss, we reconcile it to operating income, the most directly comparable financial measure calculated and presented in accordance with GAAP in the business segment footnote to our condensed consolidated financial statements (see Note 15 to our condensed consolidated financial statements). This measure should not be considered a substitute for operating income (loss), net income (loss) attributable to Comcast Corporation, net cash provided by operating activities, or other measures of performance or liquidity we have reported in accordance with GAAP.

Beginning in 2013, revenue from certain business customers, such as hotels, restaurants and bars, is presented in the business services revenue line item rather than in video revenue. Also beginning in 2013, operating costs and expenses for our Cable Communications segment present franchise and other regulatory fees under a new caption, and the former technical labor caption was expanded to include both technical and product support expenses; previously, franchise and other regulatory fees and product support expenses had been included under the other caption. The presentation of operating costs and expenses in our Cable Networks, Broadcast Television and Filmed Entertainment segments was also expanded to present programming and production costs, other operating and administrative expenses, and advertising, marketing and promotion expenses. Reclassifications have been made to the prior year periods to conform to classifications used in the current year periods.

Voice customers	10,496	9,787	169	541

Customer data includes residential and business customers.

Cable Communications Segment Revenue

Our Cable Communications segment leverages our existing cable distribution system to grow revenue by, among other things, adding new customers, encouraging existing video and high-speed Internet services customers to add new or higher tier services or subscribe to our voice services, and growing newer services, such as business services. We offer our cable services in bundles and often provide promotional incentives. We seek to balance promotional offers and rate increases with their expected effects on the number of customers and overall revenue.

Video

Video revenue increased 2.9% and 3.1% for the three and nine months ended September 30, 2013, respectively, compared to the same periods in 2012 primarily due to increases in both periods of approximately 5% from higher rates from price adjustments and customers receiving additional and higher levels of service. As of September 30, 2013, the number of customers who subscribed to our advanced services, which are HDTV and DVR services, increased 5% to 12 million customers compared to the prior year. In both periods, the increases in revenue were partially offset by decreases due to fewer residential video customers.

For the three and nine months ended September 30, 2013, the number of residential video customers decreased primarily due to competitive pressures in our service areas from phone and satellite competitors and the impact of rate adjustments. We may experience further declines in the number of residential video customers.

High-Speed Internet

High-speed Internet revenue increased 7.9% and 8.1% for the three and nine months ended September 30, 2013, respectively, compared to the same periods in 2012. These increases were primarily due to increases in both periods of approximately 6% from a higher number of residential customers receiving our service and approximately 2% from higher rates from price adjustments and additional customers receiving higher levels of service. Our customer base continues to grow as consumers choose our high-speed Internet service and seek higher speed offerings.

Voice

Voice revenue increased 2.6% and 2.5% for the three and nine months ended September 30, 2013, respectively, compared to the same periods in 2012 primarily due to increases in both periods of approximately 6% from a higher number of residential customers receiving our service through our discounted bundled offerings. These increases were partially offset by the impact of the allocation of voice revenue for our bundled customers, because revenue attributable to voice services represents a lower proportion of the bundled rate. The amounts allocated to voice revenue in the bundled rate have decreased because video and high-speed Internet rates have increased, while voice rates have remained relatively flat.

Business Services

Business services revenue increased 26.4% and 26.8% for the three and nine months ended September 30, 2013, respectively, compared to the same periods in 2012 primarily due to increases in both periods in the number of business customers, as well as our continued expansion of services to medium-sized business customers. Because business services is a newer offering, we believe the increase in business customers is primarily the result of our efforts to gain share from competitors by offering competitive product and pricing offerings.

Table of Contents

Advertising

Advertising revenue decreased 10.8% for the three months ended September 30, 2013 compared to the same period in 2012 primarily due to lower political advertising revenue in the current year period.

Advertising revenue decreased 2.8% for the nine months ended September 30, 2013 compared to the same period in 2012 primarily due to lower political advertising revenue in the current year period, partially offset by increases in the national and regional advertising markets.

Other

Other revenue increased 11.6% and 11.2% for the three and nine months ended September 30, 2013, respectively, compared to the same periods in 2012 primarily due to increases in franchise and other regulatory fees and in revenue from other services, including our home security and automation service.

Cable Communications Segment Operating Costs and Expenses

Our most significant operating cost is the programming expense we incur to provide content to our video customers. We anticipate that our programming expenses will continue to increase. We have and will continue to attempt to offset increases in programming expenses through rate increases, the sale of additional video and other services, and through operating efficiencies.

Programming and production costs increased for the three and nine months ended September 30, 2013 compared to the same periods in 2012 primarily due to increases in programming license fees, including sports programming and retransmission consent fees, and fees to secure rights for additional programming for our customers across an increasing number of platforms.

Technical and product support expenses increased for the three and nine months ended September 30, 2013 compared to the same periods in 2012 primarily due to increases in expenses related to customer fulfillment activities and expenses related to the development, delivery and support of our products and services, including our new X1 set-top boxes and wireless gateways.

Customer service expenses increased for the three and nine months ended September 30, 2013 compared to the same periods in 2012 primarily due to increases in total labor costs associated with increases in customer service activity.

Advertising, marketing and promotion expenses increased for the three and nine months ended September 30, 2013 compared to the same periods in 2012 primarily due to increases in spending associated with the continued expansion of residential and business services, including X1 and our home security and automation service, and costs associated with branding and competitive marketing.

Franchise and other regulatory fees increased for the three and nine months ended September 30, 2013 compared to the same periods in 2012 primarily due to increases in residential and business services revenue.

Other costs and expenses decreased for the three months ended September 30, 2013 compared to the same period in 2012 primarily due to a decrease in employee costs. Other costs and expenses increased for the nine months ended September 30, 2013 compared to the same period in 2012 primarily due to increases in other administrative costs and advertising sales activities.

Cable Networks Segment Revenue				

Our Cable Networks revenue increased for the three and nine months ended September 30, 2013 compared to the same periods in 2012 due to increases in distribution and advertising revenue. The increases in distribution revenue for both periods were primarily due to increases in the contractual rates charged under distribution agreements. Advertising revenue increased 4.6% and 4.3% for the three and nine months ended September 30, 2013, respectively. Higher prices and volume of advertising units sold contributed to increases in the three and nine months ended September 30, 2013 of 7% and 10%, respectively. These increases were partially offset by continuing declines in audience ratings at some of our networks.

For the three and nine months ended September 30, 2013 and 2012, 13% of our Cable Networks segment revenue was generated from our Cable Communications segment. These amounts are eliminated in our condensed consolidated financial statements but are included in the amounts presented above.

Cable Networks Segment Operating Costs and Expenses

Operating costs and expenses increased for the three and nine months ended September 30, 2013 compared to the same periods in 2012 primarily due to increases in programming and production costs from our continued investment in original programming at certain of our cable networks and higher sports programming rights costs.

Broadcast Television Segment Revenue

Our Broadcast Television revenue decreased for the three months ended September 30, 2013 compared to the same period in 2012 primarily due to our broadcast of the 2012 London Olympics in the prior year period. Excluding \$1.2 billion of revenue associated with this event, Broadcast Television revenue increased 2.6% primarily due to an increase in other revenue from fees recognized under our retransmission consent agreements and higher advertising revenue.

Our Broadcast Television revenue decreased for the nine months ended September 30, 2013 compared to the same period in 2012 primarily due to our broadcasts of the 2012 Super Bowl and the 2012 London Olympics in the prior year period. Excluding \$1.4 billion of revenue associated with these events, Broadcast Television revenue increased 2.9% primarily due to fees recognized under our retransmission consent agreements and higher advertising revenue, partially offset by lower content licensing revenue associated with the timing of licensing agreements.

Broadcast Television Segment Operating Costs and Expenses

Operating costs and expenses decreased for the three months ended September 30, 2013 compared to the same period in 2012 due to lower programming and production costs associated with our broadcast of the 2012 London Olympics in the prior year period. Excluding \$1.1 billion of operating costs and expenses associated with this event, operating costs and expenses remained relatively flat.

Operating costs and expenses decreased for the nine months ended September 30, 2013 compared to the same period in 2012 primarily due to lower programming and production costs associated with our broadcasts of the

Table of Contents

2012 Super Bowl and the 2012 London Olympics in the prior year period. Excluding the impact of these events, operating costs and expenses increased primarily due to higher costs associated with our 2013 primetime schedule.

Filmed Entertainment Segment Revenue				

Our Filmed Entertainment revenue increased for the three and nine months ended September 30, 2013 compared to the same periods in 2012 primarily due to increases in theatrical revenue, partially offset by decreases in home entertainment revenue. The increases in theatrical revenue were primarily due to the strong performance of *Despicable Me 2* in the current quarter, as well as *Fast and Furious 6*, *Les Misérables*, *Identity Thief* and *Mama* for the nine months ended September 30, 2013. The decreases in home entertainment revenue were primarily due to fewer releases in the current year periods. Content licensing revenue also increased for the nine months ended September 30, 2013 primarily due to the international licensing of our 2012 theatrical releases.

Filmed Entertainment Segment Operating Costs and Expenses

Operating costs and expenses decreased for the three months ended September 30, 2013 compared to the same period in 2012 primarily due to lower amortization of film costs, including films in production.

Edgar Filing: COMCAST CORP - Form 10-Q

Operating costs and expenses decreased for the nine months ended September 30, 2013 compared to the same period in 2012 primarily due to lower advertising, marketing and promotion expenses associated with our 2013

Table of Contents

theatrical releases. The decrease was partially offset by higher amortization of film costs and higher other operating and administrative expenses due to the realization of a receivable in the prior year period that was previously reserved for as uncollectible.

Theme Parks Segment Revenue

Our Theme Parks revenue increased for the three months ended September 30, 2013 compared to the same period in 2012 primarily due to an increase in per capita spending at our Orlando and Hollywood theme parks and higher guest attendance at our Orlando theme park following the launch of the *Transformers* attraction.

Our Theme Parks revenue increased for the nine months ended September 30, 2013 compared to the same period in 2012 primarily due to higher guest attendance at our Orlando and Hollywood theme parks, as well as an increase in per capita spending.

Theme Parks Segment Operating Costs and Expenses

Theme Parks segment operating costs and expenses increased for the three and nine months ended September 30, 2013 compared to the same periods in 2012 primarily due to additional costs at our Orlando and Hollywood theme parks associated with additional attractions as well as the increases in per capita spending and attendance.

Headquarters, Other and Eliminations

The change in operating income (loss) before depreciation and amortization for headquarters, other and eliminations for the three months ended September 30, 2013 compared to the same period in 2012 was primarily due to higher employee costs.

The change in operating income (loss) before depreciation and amortization for headquarters, other and eliminations for the nine months ended September 30, 2013 compared to the same period in 2012 was primarily due to lower administrative expenses.

Consolidated Other Income (Expense) Items, Net

(in millions)	Three Months Ended September 30		Nine Months Ended September 30	
	2013	2012	2013	2012
Interest expense	\$ (639)	\$ (633)	\$ (1,928)	\$ (1,898)

Total	\$ (615)	\$ 1,335	\$ (1,755)	\$ 139
--------------	-----------------	-----------------	-------------------	---------------

Table of Contents

Interest Expense

Interest expense increased slightly for the three and nine months ended September 30, 2013 compared to the same periods in 2012 primarily due to an increase in our debt outstanding, partially offset by a reduction in our average cost of debt.

Investment Income (Loss), Net

Investment income (loss), net increased for the three and nine months ended September 30, 2013 compared to the same periods in 2012 primarily due to the \$443 million gain related to the sale of our investment in Clearwire Corporation in July 2013. The components of investment income (loss), net for the three and nine months ended September 30, 2013 and 2012 are presented in a table in Note 5 to our condensed consolidated financial statements.

Equity in Net Income (Losses) of Investees, Net

The changes in equity in net income (losses) of investees, net for the three and nine months ended September 30, 2013 compared to the same periods in 2012 were primarily due to \$876 million of income recorded in the prior year periods related to our portion of SpectrumCo's gain on sale of its advanced wireless services spectrum licenses, as well as \$135 million of equity losses recorded in the current year periods attributable to our investment in Hulu, LLC (Hulu). As a result of our agreement in July 2013 to provide our first capital contribution to Hulu since our interest was acquired as part of the NBCUniversal transaction, we began to apply the equity method of accounting for our investment in Hulu, which we had previously accounted for as a cost method investment. The change in the method of accounting for this investment required us to recognize our portion of Hulu's accumulated losses since the date of the NBCUniversal transaction.

Other Income (Expense), Net

The changes in other income (expense), net for the three and nine months ended September 30, 2013 compared to the same periods in 2012 were primarily due to the \$1 billion gain recorded in the prior year periods related to the sale of our investment in A&E Television Networks LLC, as well as an impairment of \$236 million of our equity method investment in, and loans with, a regional sports cable network based in Houston, Texas, which was recorded in the current year periods.

Consolidated Income Tax Expense

Income tax expense for the three and nine months ended September 30, 2013 and 2012 reflects an effective income tax rate that differs from the federal statutory rate primarily due to state income taxes, uncertain tax positions and, until the close of the Redemption Transaction in March 2013, foreign income taxes and the partnership structure of NBCUniversal Holdings. We expect our 2013 annual effective tax rate to be in the range of 35% to 40%, absent changes in tax laws or significant changes in uncertain tax positions.

Consolidated Net (Income) Loss Attributable to Noncontrolling Interests and Redeemable Subsidiary Preferred Stock

The decreases in net (income) loss attributable to noncontrolling interests and redeemable subsidiary preferred stock for the three and nine months ended September 30, 2013 were primarily due to our acquisition of GE's remaining 49% common equity interest in NBCUniversal Holdings in March 2013.

Liquidity and Capital Resources

Our businesses generate significant cash flows from operating activities. We believe that we will be able to continue to meet our current and long-term liquidity and capital requirements, including fixed charges, through our cash flows from operating activities, existing cash, cash equivalents and investments, available borrowings under our existing credit facilities, and our ability to obtain future external financing.

Table of Contents

On March 27, 2013, we, four of our wholly owned cable holding company subsidiaries (the "cable guarantors") and NBCUniversal entered into a series of agreements and supplemental indentures to include NBCUniversal as part of our existing cross-guarantee structure. As members of the cross-guarantee structure, we and the cable guarantors fully and unconditionally guarantee NBCUniversal's public debt securities, and NBCUniversal fully and unconditionally guarantees all of our and the cable guarantors' public debt securities, as well as our revolving credit facility.

We and the cable guarantors also fully and unconditionally guarantee NBCUniversal Enterprise's \$4 billion of senior notes and its \$1.35 billion credit facility due March 2018. NBCUniversal does not guarantee the NBCUniversal Enterprise senior notes or credit facility.

See Note 16 to our condensed consolidated financial statements for additional information on our subsidiary cross-guarantee structure.

We anticipate that we will continue to use a substantial portion of our cash flows to meet our debt repayment obligations, to fund our capital expenditures, to invest in business opportunities and to return capital to shareholders.

Operating Activities**Components of Net Cash Provided by Operating Activities**

(in millions)	Nine Months Ended September 30	
	2013	2012
Operating income	\$ 9,916	\$ 8,885
Depreciation and amortization	5,873	5,815
Operating income before depreciation and amortization	15,789	14,700
Noncash share-based compensation	312	278
Changes in operating assets and liabilities	583	(254)
Cash basis operating income	16,684	14,724
Payments of interest	(1,768)	(1,725)
Payments of income taxes	(3,180)	(1,855)
Proceeds from investments and other	119	201
Excess tax benefits under share-based compensation	(176)	(106)
Net cash provided by operating activities	\$ 11,679	\$ 11,239

The changes in operating assets and liabilities for the nine months ended September 30, 2013 compared to the same period in 2012 were primarily related to the timing of receipts for our accounts receivable and payments of our accounts payable related to trade creditors, a decrease in film and television costs, and the timing of operating items associated with our broadcast of the 2012 London Olympics in the prior year period.

The increase in income tax payments for the nine months ended September 30, 2013 compared to the same period in 2012 was primarily due to higher taxable income from operations, tax payments made in 2013 that related to 2012, the net impact of the economic stimulus legislation, the settlement of tax disputes and the repatriation of foreign earnings in the first half of 2013.

Investing Activities

Net cash used in investing activities for the nine months ended September 30, 2013 consisted primarily of cash paid for capital expenditures, NBCUniversal's acquisitions of real estate properties, purchases of investments and cash paid for intangible assets. NBCUniversal's acquisitions of real estate properties were its purchases of the 30 Rockefeller Plaza properties in connection with the Redemption Transaction and of the property located at 10 Universal City Plaza, which is adjacent to Universal Studios in Hollywood, California. The purchases of investments primarily related to equity securities to be held as collateral for our prepaid forward sale agreements.

Table of Contents**Financing Activities**

Net cash used in financing activities for the nine months ended September 30, 2013 consisted primarily of our acquisition of GE's remaining 49% common equity interest in NBCUniversal Holdings, repayments of debt, repurchases of our common stock, dividend payments and the effective settlement of our Station Venture liability, primarily offset by proceeds from borrowings.

We have made, and may from time to time in the future make, optional repayments on our debt obligations, which may include repurchases of our outstanding public notes and debentures, depending on various factors, such as market conditions.

See Note 7 to our condensed consolidated financial statements for additional information on the long-term debt incurred in connection with the Redemption Transaction, including the debt issued by NBCUniversal Enterprise, which we now consolidate.

Available Borrowings Under Credit Facilities

We also maintain significant availability under our lines of credit and our commercial paper program to meet our short-term liquidity requirements.

On March 19, 2013, NBCUniversal Enterprise amended and restated the existing credit agreement of NBCUniversal to, among other things, substitute NBCUniversal Enterprise for NBCUniversal as the sole borrower, reduce the borrowing capacity of the facility from \$1.5 billion to \$1.35 billion, extend the term of the facility to March 2018 and revise the interest rate on borrowings. The interest rate on the credit facility consists of a base rate plus a borrowing margin that is determined based on our credit rating. As of September 30, 2013, the interest rate was 1.252%. Following the amendments to this credit agreement, NBCUniversal's commercial paper program was terminated.

Our commercial paper program provides a lower cost source of borrowing to fund our short-term working capital requirements and is supported by the Comcast and Comcast Cable Communications, LLC \$6.25 billion revolving credit facility due June 2017. In September 2013, we increased the borrowing capacity of our commercial paper program from \$2.25 billion to \$6.25 billion.

As of September 30, 2013, amounts available under our consolidated revolving credit facilities, net of amounts outstanding under our commercial paper program and undrawn letters of credit, totaled \$5.7 billion, which included \$100 million available under NBCUniversal Enterprise's credit facility.

Share Repurchases and Dividends

In February 2012, our Board of Directors approved a \$6.5 billion share repurchase authorization, which does not have an expiration date. Under this authorization, we may repurchase shares in the open market or in private transactions. During the nine months ended September 30, 2013, we repurchased 38 million shares of our Class A Special common stock for \$1.5 billion.

In February 2013, our Board of Directors approved a 20% increase in our dividend to \$0.78 per share on an annualized basis. In February, May and July 2013, our Board of Directors approved a quarterly dividend of \$0.195 per share as part of our planned annual dividend. We expect to continue to pay quarterly dividends, although each dividend is subject to approval by our Board of Directors.

Table of Contents

Critical Accounting Judgments and Estimates

The preparation of our condensed consolidated financial statements requires us to make estimates that affect the reported amounts of assets, liabilities, revenue and expenses, and the related disclosure of contingent assets and contingent liabilities. We base our judgments on our historical experience and on various other assumptions that we believe are reasonable under the circumstances, the results of which form the basis for making estimates about the carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates under different assumptions or conditions.

We believe our judgments and related estimates associated with the valuation and impairment testing of our cable franchise rights, accounting for income taxes, and accounting for film and television costs are critical in the preparation of our condensed consolidated financial statements. We performed our annual impairment testing of our cable franchise rights as of July 1, 2013 and no impairment charge was required.

For a more complete discussion of the accounting judgments and estimates that we have identified as critical in the preparation of our condensed consolidated financial statements, please refer to our Management's Discussion and Analysis of Financial Condition and Results of Operations in our 2012 Annual Report on Form 10-K.

ITEM 3: QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

We have evaluated the information required under this item that was disclosed in our 2012 Annual Report on Form 10-K and there have been no significant changes to this information.

ITEM 4: CONTROLS AND PROCEDURES

Conclusions regarding disclosure controls and procedures

Our principal executive and principal financial officers, after evaluating the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended (the "Exchange Act")), as of the end of the period covered by this report, have concluded that, based on the evaluation of these controls and procedures required by paragraph (b) of Exchange Act Rules 13a-15 or 15d-15, our disclosure controls and procedures were effective.

Changes in internal control over financial reporting

There were no changes in our internal control over financial reporting identified in connection with the evaluation required by paragraph (d) of Exchange Act Rules 13a-15 or 15d-15 that occurred during our last fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

PART II: OTHER INFORMATION

ITEM 1: LEGAL PROCEEDINGS

Refer to Note 14 to our condensed consolidated financial statements included in this Quarterly Report on Form 10-Q for a discussion of recent developments related to our legal proceedings. There have been no material developments in the matter reported in our Form 10-Q for the Quarter Ended March 31, 2013 regarding the California Attorney General and the Alameda County, California District Attorney's investigation of certain of our waste disposal policies, procedures and practices.

ITEM 1A: RISK FACTORS

There have been no significant changes from the risk factors previously disclosed in Item 1A of our 2012 Annual Report on Form 10-K.

Table of Contents**ITEM 2: UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS**

The table below summarizes our Class A Special common stock repurchases under our Board-authorized share repurchase program during the three months ended September 30, 2013.

Purchases of Equity Securities

Period	Total Number of Shares Purchased	Average Price Per Share	Total Number of Shares Purchased as Part of Publicly Announced Authorization	Total Dollar Amount Purchased Under the Authorization	Maximum Dollar Value of Shares That May Yet Be Purchased Under the Authorization ^(a)
July 1-31, 2013		\$		\$	\$ 2,500,000,000
August 1-31, 2013	5,968,560	\$ 41.89	5,968,560	\$ 250,000,000	\$ 2,250,000,000

(a) In February 2012, our Board of Directors approved a \$6.5 billion share repurchase authorization, which does not have an expiration date. Under this authorization, we may repurchase shares in the open market or in private transactions. During the nine months ended September 30, 2013, we repurchased \$1.5 billion of shares and expect to repurchase an additional \$500 million during the remainder of 2013, subject to market conditions.

The total number of shares purchased during the three months ended September 30, 2013 does not include any shares received in the administration of employee share-based compensation plans.
