If you are a registered stockholder and attend the meeting, you may deliver your completed proxy card in person. Street name stockholders who wish to vote at the meeting will need to obtain a proxy from the institution that holds their shares.

If you are a registered stockholder, you may vote by telephone (1-800-690-6903), or electronically through the Internet (<http://www.proxyvote.com>), by following the instructions included with your proxy card. If your shares are held in street name, please check your proxy card or contact your broker or nominee to determine whether you will be able to vote by telephone or electronically.

Any proxy, if received in time, properly signed and not revoked, will be voted at such meeting in accordance with the directions of the stockholder. Votes cast in person or by proxy at the annual meeting will be tabulated and a determination will be made as to whether or not a quorum is present. We will treat abstentions as shares that are present and entitled to vote for purposes of determining the presence or absence of a quorum, but as unvoted for purposes of determining the approval of any matter submitted to the stockholders. If a broker submits a proxy indicating that it does not have discretionary authority as to certain shares to vote on a particular matter (broker non-votes), those shares will not be considered as present and entitled to vote with respect to such matter. Broker non-votes with respect to the election of directors will have no effect on the outcome of the vote on this proposal.

Corporate Governance

General. We are currently managed by a nine-member Board of Directors that consists of Messrs. DeFosset, Fick, Fritsch, Habicht, Jennings, Lanier, Legler, Macnab, and Martinez, with Mr. Macnab serving as Chairman and Mr. Lanier serving as Lead Director.

The Board of Directors has adopted a set of corporate governance guidelines, which, along with the written charters for the Board committees described below, provide the framework for the Board's governance of the Company. Our corporate governance guidelines are available on our website at <http://www.nnnreit.com>.

Independence and Composition. Our corporate governance guidelines and the rules and regulations of the New York Stock Exchange, which we refer to as the NYSE listing standards, each require that a majority of the Board of Directors are independent directors, as that term is defined in the NYSE listing standards.

The Board of Directors has determined that Messrs. DeFosset, Fick, Fritsch, Jennings, Lanier, Legler and Martinez, representing a majority of the Board of Directors, qualify as independent directors (the Independent Directors) as that term is defined in the NYSE listing standards. The Board of Directors made its determination based on information furnished by all directors regarding their relationships with us and our affiliates and research conducted by management. In addition, the Board of Directors consulted with our external legal counsel to ensure that the Board's determination would be consistent with all relevant securities laws and regulations as well as the NYSE listing

standards.

Leadership Structure. We have chosen Mr. Macnab to serve as both Chairman of the Board and Chief Executive Officer because we believe he will best serve the Company and its stockholders in that dual role. Mr. Macnab is intimately familiar with our business, history, industry and strategic plans and future objectives. We believe it is appropriate to keep Mr. Macnab in this combined role in order to provide consistent and strong leadership and direction. Further, we believe by serving as both our Chairman and Chief Executive Officer, Mr. Macnab will be better able to provide information to the rest of the Board in order to facilitate deliberations and the decision-making process. Our corporate governance guidelines provide that the Chairman may or may not be Chief Executive Officer of the Company, but specify that if the same individual is both the Chairman and Chief Executive

Table of Contents

Officer, then the Board will annually appoint an independent lead director or, in the absence of such appointment, the chairman of the Governance and Nominating Committee will serve as independent lead director. Mr. Lanier has been appointed the independent lead director of the Board. In such role, Mr. Lanier presides as chairman when the Board meets in executive session and he serves as the interface between the Board and the Chief Executive Officer in communicating matters discussed during the executive session. Mr. Lanier, in his role as lead director, reviews and approves Board meeting schedules and agendas.

Risk Oversight. Our management is responsible for managing the day-to-day risks associated with our business. The Board of Directors, however, is elected to provide effective oversight of our affairs for the benefit of our stockholders, and among its primary responsibilities, in accordance with our corporate governance guidelines, is overseeing management in the competent and ethical operation of the Company, reviewing and approving our business plans and corporate strategies, and adopting and evaluating policies of corporate and ethical conduct and governance. Implicit in these duties is risk oversight, the primary responsibility of which has been delegated to the Board's Audit Committee. The Audit Committee reviews with management annually, or more frequently as the Audit Committee deems necessary, our significant risks or exposures and discusses guidelines and policies to govern this process and assesses steps that management has taken to minimize such risks to the Company.

While the primary responsibility has been delegated to the Audit Committee, the Governance and Nominating Committee and the Compensation Committee consider risks within their area of responsibility. Further, each director may consult with management at any time and is encouraged to discuss with management any questions such director may have.

With respect to risks related to compensation matters, our management, together with the Compensation Committee, reviewed our compensation policies and practices for our employees in order to determine whether they are reasonably likely to have a material adverse effect on the Company. We believe that our compensation policies and practices do not promote unreasonable risk-taking behavior and are not reasonably likely to have a material adverse effect based on the following factors:

the Compensation Committee consists solely of independent non-employee directors, and the Compensation Committee has engaged an independent, external compensation consultant to assist with creating the executive compensation program;

the Compensation Committee maintains the right, in its sole discretion, to modify the compensation policies and practices at any time;

the Compensation Committee has elected to use awards of restricted stock instead of other equity awards, such as stock options, because, as a REIT, which pays a large portion of its annual earnings to stockholders in the form of dividends, the Compensation Committee believes that restricted stock provides a better incentive and alignment of interest than stock options;

restricted stock grants are intended to provide our named executive officers with a significant interest in the long-term performance of our stock;

restricted stock awards are subject to forfeiture upon certain employment termination events;

cash incentives and restricted stock grants tied to our three-year total shareholder returns relative to a broad REIT comparison group further focus our executive officers on long-term shareholder value creation;

bonus awards to our executive officers are reduced if balance sheet leverage exceeds levels previously approved by the Compensation Committee;

we have adopted a stock ownership policy for our executive officers and members of our Board which requires all directors and executive officers to own stock of the Company;

we have adopted an insider trading policy which prohibits, among other things, trading of Company securities on a short-term basis, and the hedging of shares by the buying or selling of puts or calls of securities of the Company, and by short sales of the securities of the Company;

Table of Contents

we have adopted a pledging limitation policy for our directors and executive officers which restricts directors and executive officers from pledging shares of the Company and holding of shares of the Company in margin accounts. Directors and executive officers of the Company may pledge shares or hold shares in a margin account so long as all of the following policy requirements are met: (i) prior to pledging shares or holding shares in a margin account such director or executive officer shall notify the Chief Financial Officer, (ii) in no event shall such director or executive officer pledge more than 25% of the total vested common stock of the Company owned by such director or executive officer, (iii) in no event shall any pledged shares be counted as shares owned by such director or executive officer for purposes of complying with the Company's minimum stock ownership requirements, and (iv) in no event shall any proposed pledging of shares result in such director or executive officer falling below the minimum stock ownership requirements;

we have adopted a clawback policy for our executive officers which allows the Board to recover certain incentive compensation if the Company has a material restatement of financial results, as a result of such restatement the incentive compensation would not have been earned, and the executive officer engaged in fraud or other intentional misconduct;

none of our employees are paid commission compensation;

bonus and incentive awards to our employees eligible for bonus awards are capped; and

we base executive compensation on several critical success factors.

Given these factors, we believe we have mitigated potential short-term excessive risk-taking and aligned compensation with increasing long-term shareholder value.

Meetings and Attendance. The Board of Directors met eleven times in the fiscal year ended December 31, 2013. Each of the nominees serving on the Board of Directors in 2013 attended 84% or more of the meetings of (i) the Board of Directors and (ii) the committees of the Board of Directors on which he served. Our corporate governance guidelines provide that it is the responsibility of individual directors to make themselves available to attend scheduled and special Board meetings on a consistent basis. All of our directors were in attendance for the 2013 annual meeting of the Company's stockholders. In addition, non-management members of the Board of Directors met in executive session four times in the fiscal year ended December 31, 2013. These sessions were presided over by Mr. Lanier in his capacity as Lead Director.

Interested Party Communications. The Board of Directors has adopted a process whereby stockholders and other interested parties can send communications to our directors. Anyone wishing to communicate directly with one or more directors may do so in writing addressed to the director or directors, c/o National Retail Properties, Inc., 450 South Orange Avenue, Suite 900, Orlando, Florida 32801, attention: Secretary of the Company. All correspondence will be reviewed by the Secretary of the Company and forwarded directly to the addressee so long as, in the Secretary's discretion, such correspondence is reasonably related to protecting or promoting legitimate interests of interested parties or the reliability of the financial markets.

Audit Committee

General. The Board of Directors has established an Audit Committee, which is governed by a written charter, a copy of which is available on our website at <http://www.nnnreit.com>. Among the duties, powers and responsibilities of the Audit Committee as provided in its charter, the Audit Committee:

has sole power and authority concerning the engagement and fees of independent registered public accounting firms;

reviews with the independent registered public accounting firm the plans and results of the audit engagement;

Table of Contents

pre-approves all audit services and permitted non-audit services provided by the independent registered public accounting firm;

reviews the independence of the independent registered public accounting firm;

reviews the adequacy and effectiveness of our internal control over financial reporting; and

reviews accounting, auditing and financial reporting matters with our independent registered public accounting firm and management.

Independence and Composition. The composition of the Audit Committee is subject to the independence and other requirements of the Securities Exchange Act of 1934 (the Exchange Act) and the rules and regulations promulgated by the SEC thereunder, which we refer to as the Exchange Act, and the NYSE listing standards.

The Board of Directors, upon the unanimous recommendation of the Governance and Nominating Committee, has determined that all current members of the Audit Committee are independent, as that term is defined in the NYSE listing standards and as required by the Exchange Act, and meet all audit committee composition requirements of the Exchange Act and the NYSE listing standards, and that each of Messrs. Fick, Jennings and Lanier qualifies as an audit committee financial expert as that term is defined in the Exchange Act.

Meetings. The Audit Committee met nine times in the fiscal year ended December 31, 2013. During fiscal year 2013 and as of February 13, 2014, Messrs. Fick, Fritsch, Jennings, Lanier and Martinez were the members of the Audit Committee, with Mr. Jennings serving as Chairman.

Governance and Nominating Committee

General. The Board of Directors has established a Governance and Nominating Committee, which is governed by a written charter, a copy of which is available on our website at <http://www.nnnreit.com>. As provided in the Governance and Nominating Committee charter, the Governance and Nominating Committee:

identifies and recommends to the Board of Directors individuals to stand for election and re-election to the Board of Directors at our annual meeting of stockholders and to fill vacancies that may arise from time to time;

develops and makes recommendations to the Board of Directors for the creation and ongoing review and revision of a set of effective corporate governance principles that promote our competent and ethical operation and a policy governing ethical business conduct of our employees and Directors; and

makes recommendations to the Board of Directors as to the structure and membership of committees of the Board of Directors.

Selection of Director Nominees. Our corporate governance guidelines provide that the Governance and Nominating Committee will endeavor to identify individuals to serve on the Board of Directors who have expertise that is useful to

us and complimentary to the background, skills and experience of other Board members. The Governance and Nominating Committee's assessment of the composition of the Board of Directors includes (a) skills - business and management experience, real estate experience, accounting experience, finance and capital markets experience, and an understanding of corporate governance regulations and public policy matters, (b) character - ethical and moral standards, leadership abilities, sound business judgment, independence and innovative thought, and (c) composition - diversity, age and public company experience. The Governance and Nominating Committee measures its composition by taking into account the entirety of the Board and the criteria listed above rather than having any representational directors. While we do not have a formal policy on diversity, the Governance and Nominating Committee assesses its effectiveness in accounting for diversity, along with the other factors taken into account to identify director nominees, when it annually evaluates the performance of the Board and each director and periodically reviews the Company's corporate governance guidelines. The principal qualification for a director is the ability to act in the best interests of the Company and its stockholders. Each of the candidates for director named in this proxy statement have been recommended by the Governance and Nominating Committee and approved by the Board of Directors for inclusion on the attached proxy card.

Table of Contents

The Governance and Nominating Committee also considers director nominees recommended by stockholders. See the section of this proxy statement entitled **PROPOSALS FOR NEXT ANNUAL MEETING** for a description of how stockholders desiring to make nominations for directors and/or to bring a proper subject before a meeting should do so. The Governance and Nominating Committee evaluates director candidates recommended by stockholders in the same manner as it evaluates director candidates recommended by our directors, management or employees.

Independence and Composition. The NYSE listing standards require that the Governance and Nominating Committee consist solely of independent directors. The Board of Directors, upon the unanimous recommendation of the Governance and Nominating Committee, has determined that all current members of the Governance and Nominating Committee are independent as that term is defined in the NYSE listing standards.

Meetings. The Governance and Nominating Committee met four times in the fiscal year ended December 31, 2013. During fiscal year 2013 and as of February 13, 2014, Messrs. DeFosset, Jennings and Legler were the members of the Governance and Nominating Committee, with Mr. DeFosset serving as Chairman.

Compensation Committee

General. The Board of Directors has established a Compensation Committee, which is governed by a written charter, a copy of which is available on our website at <http://www.nnnreit.com>.

Processes and Procedures for Executive and Director Compensation Determinations

Role of Compensation Committee. The Compensation Committee is responsible for discharging the responsibilities of the Board of Directors with respect to approving and evaluating compensation plans, policies and programs for our executive officers and directors and approving all awards to any executive officer, director or associate under our equity incentive plans. The Compensation Committee also serves as the administrator of our 2007 Performance Incentive Plan.

Role of Management in Compensation Determinations. The Compensation Committee considers the recommendations of our Chief Executive Officer when determining the base salary and incentive performance compensation levels of the other executive officers. Similarly, the Compensation Committee also considers the recommendations of our Chief Executive Officer when setting specific Company and individual incentive performance targets. In addition, officers may be invited to attend committee meetings, but are not present for any discussion of their own compensation. Management generally does not have a role in the setting of director compensation.

Role of Compensation Consultants. The Compensation Committee has the authority, in its sole discretion, to engage compensation consultants as needed or desired to assist the Compensation Committee in researching and evaluating executive officer and director compensation programs. In 2012 and 2013, the Compensation Committee retained Pearl Meyer & Partners, an independent compensation consulting firm (Pearl Meyer), to assist the Compensation Committee in reviewing and evaluating the Company's executive and non-employee director compensation programs. The use of independent third-party consultants provides additional assurance that our executive compensation programs are reasonable, consistent with Company objectives, and competitive with executive compensation for companies in our peer group. Pearl Meyer reports directly

to the Compensation Committee, provides no other services to the Company, and regularly participates in committee meetings.

Delegation of Authority by the Committee. The Committee may delegate its authority to make and administer awards under our equity incentive plans to another committee of the Board of Directors or, except for awards to individuals subject to Section 16 of the Exchange Act, to one or more of our officers. On an annual basis, the Committee typically authorizes a limited number of shares of restricted stock to be awarded by our Chief Executive Officer to such of our non-executive associates as he determines, in consultation with our other executive officers.

Our executive compensation programs and philosophy are described in greater detail under the section entitled Compensation Discussion and Analysis.

(1) The awards shown in column (c) represent annual grants made to directors of the Company. The amounts represent the grant date fair value with respect to the fiscal year in accordance with FASB ASC Topic 718.

(2) The cash fees and stock awards earned by Mr. Legler, are deferred into shares of our common stock under our Deferred Fee Plan, which is described in greater detail below.

The Company only compensates non-employee directors for services provided as directors of the Company. Following a study by Pearl Meyer which found that total compensation levels for our directors were below the median of industry peers (as identified in Executive Compensation-Compensation Discussion and Analysis-Benchmarking), effective July 1, 2013, board compensation was set at \$150,000 per year, payable in quarterly increments. Non-employee directors may elect to receive up to \$60,000 of their annual compensation in the form of cash, with the remainder paid in shares of the Company's Common Stock. Additionally, the Lead Director, the Chairman of the Audit

Committee, the Chairman of the Compensation Committee and the Chairman of the Governance and Nominating Committee receive \$30,000, \$25,000, \$18,000 and \$13,000, respectively. Additionally, each non-chair member of the Audit Committee, Compensation Committee and Governance and Nominating Committee receives \$10,000, \$7,500, and \$5,000, respectively.

Pursuant to our corporate governance guidelines, each of our non-employee directors is required to own our Common Stock equivalent to three times the annual board compensation within five years of becoming a board member. The Compensation Committee reviews progress toward meeting these ownership requirements annually, and each of the nominees that have served on the Board of Directors for the requisite number of years exceed the ownership requirements.

A Deferred Fee Plan was established by the Company for the benefit of its directors and their beneficiaries. A director may elect to defer all or part of his or her director's fees to be earned in any calendar year by filing a

Table of Contents

deferred fee agreement with the Company no later than December 15 of the previous year. A director has the option to have deferred fees paid in cash, in shares of Common Stock or in a combination of cash and Common Stock. If the director elects to have the deferred fees paid in stock, the number of shares allocated to the director's stock account is determined based on the market value of the Common Stock on the day the deferred director's fees were earned. A director is entitled to receive the vested portion of the amounts credited to his or her deferred fee account on the earlier of the occurrence of a change of control or the time specified in such director's fee agreement. The Deferred Fee Plan was amended by the Compensation Committee on May 30, 2008, for compliance purposes pursuant to Section 409A of the Internal Revenue Code of 1986, as amended (the "Code").

The following table sets forth fees deferred into shares of Common Stock by directors under the Deferred Fee Plan.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Summary

We design our executive compensation program in order to maintain our ability to attract and retain talented and experienced executive officers. Our Compensation Committee seeks to provide compensation that is not only competitive relative to our peer group, but also structured so as to align our executives' short-term and long-term interests with the interests of our stockholders. Accordingly, the Compensation Committee seeks to incentivize our executive officers and emphasize pay-for-performance by basing a significant portion of compensation on achievement of critical success factors. The elements of our executives' total compensation are primarily base salary, annual incentive compensation and long-term incentive compensation. We have designed a compensation program that makes a substantial percentage of executive pay variable, subject to increase and decrease based on performance and corporate target results relative to our peers. In addition, executive officers are subject to market competitive stock ownership guidelines.

Executive Compensation Program. In 2013, the Compensation Committee approved annual incentive awards and long-term incentive awards. Annual incentives are tied to the achievement of performance goals based on our funds from operation (FFO) per share, excluding any impairments, and are subject to downward adjustment if our leverage ratio exceeds a cap established by the board. For 2013, the Committee approved long-term incentive compensation through grants of the following: (i) service-based restricted stock vesting ratably over four years, and (ii) performance-based restricted stock awards, the vesting of which is tied to the three-year relative total shareholder return of the Company compared to a broad group of REIT peers as of December 31, 2015.

Restricted Stock. Restricted stock grants are intended to provide the named executive officers with a significant interest in the long-term performance of our stock. The Committee has elected to use awards of restricted stock instead of other equity awards, such as stock options, because, as a REIT, which pays a large portion of its annual earnings to stockholders in the form of dividends, we believe that restricted stock provides a better incentive and alignment of interest than stock options. The Committee has determined that our desired compensation objectives are better achieved by awarding restricted stock. The Company did not issue any stock options to its executive officers in 2013, and there are no outstanding stock options. Consistent with our pay for performance philosophy, half of the target long-term incentive award opportunity for our named executive officers is provided in the form of performance-contingent restricted stock grants.

2013 Business Results. The following are some of the highlights of our business results in 2013:

Generated recurring FFO per share of \$1.93 per share and Adjusted FFO of \$1.99 per share, reflecting an increase of 9.8% and 8.2%, respectively;

Dividends increased to \$1.60 per share marking the 24th consecutive year of annual dividend increases;

Invested \$629.9 million in 275 properties at a projected 7.8% initial return on assets;

Sold 35 properties for \$61.0 million;

Balance sheet leverage and portfolio property occupancy remained at sector leading levels; and

Delivered annualized total return to shareholders of 2.0%, 10.3% and 19.0% for the past one, three and five years ending December 31, 2013.

2013 Compensation Highlights. The following are some of the highlights related to the 2013 compensation of our executive officers:

The Compensation Committee (for purposes of this discussion, the Committee) approved base salary increases ranging from 2.9% to 3.1% to bring all executive officers' base salaries in line with peer group median base salaries;

The Compensation Committee approved non-equity annual incentive award opportunities, based on position, ranging from 50% for threshold performance to 187.5% for maximum performance, expressed as a percentage of each executive's base salary, subject to downward adjustment of up to 20% of the funded award levels if our leverage exceeded the 57.5% cap established by the board for 2013;

Based on our FFO (excluding impairments) per share results, which exceeded maximum performance goals, the Committee approved payment of non-equity incentive compensation for 2013 ranging from 150% to 187.5% of each executive officer's base salary;

The Committee approved total long-term incentive award opportunities, based on position and performance results, for the three-year period ending December 31, 2015, ranging from 120% to 450% of each executive's base salary, if any;

The Committee engaged Pearl Meyer as an independent third-party compensation consultant in order to assist in the development and evaluation of the executive compensation program. Pearl Meyer was not engaged for any non-compensation related services; and

The Committee concluded that our compensation policies and practices do not promote unreasonable risk-taking behavior and are not reasonably likely to have a material adverse effect on the Company.

2013 Say on Pay Voting Results

In 2013, we submitted our executive compensation program to an advisory vote of our shareholders (also known as Say on Pay). Approximately 97% of voting shareholders at the 2013 annual meeting approved our executive compensation program. The Committee considered such strong shareholder support as an endorsement of the Company's executive compensation program and policies and the Committee intends to continue the pay-for-performance program that is currently in place. The Committee values the opinions of our stockholders and will continue to consider those opinions when making future executive compensation decisions.

Objectives of Compensation Program

We believe our success is largely attributable to the talent and dedication of our employees (whom we refer to as associates) and to the management and leadership efforts of our executive officers. Our goal is to establish a compensation program that will attract and retain talented corporate officers, motivate them to perform to their fullest potential, and align their long-term interests with the interests of our stockholders.

What Our Compensation Program is Designed to Reward and Other Policies

We believe that the most effective compensation program is one that is designed to reward the achievement of specific annual, long-term and strategic goals, and which aligns executives' interests with those of the stockholders by rewarding performance that meets or exceeds established goals, with the ultimate objective of improving stockholder value. Our Committee evaluates both performance and compensation to ensure that we maintain our ability to attract and retain superior executive officers and that compensation provided to our executive officers is appropriately aligned with performance and remains competitive relative to the compensation paid to similarly situated executives of our peer companies. In making compensation decisions, the Committee considers the compensation practices and financial performance of REIT and other industry participants and from time to time receives assessments and advice regarding compensation practices from third party compensation consultants. In evaluating performance, the Committee considers quantitative and qualitative improvement in factors such as FFO per share based metrics, capital structure, absolute and relative stockholder returns, individual performance, and contribution to corporate goals and objectives. Additionally, the Committee takes into account our general performance, the executive officer's past performance, the executive officer's anticipated performance and contribution to our achievement of our long-term goals, and the position, level and scope of the executive officer's responsibility.

We believe that our compensation for executive officers, which includes the use of service-based restricted stock awards, and performance-based restricted stock awards or cash performance units result in a significant alignment of interest between these individuals and our stockholders. Under our corporate governance guidelines, within five years of becoming a Covered Person, as defined by the Compensation Committee, executive officers are required to own our Common Stock (including restricted stock) equal to a minimum of five times the annual base salary for CEO and three times their annual base salary for all other executive officers. The Compensation Committee reviews progress toward meeting these guidelines annually and each executive officer exceeds the stock ownership guidelines. In addition, beginning with all restricted stock grants in 2010, and continuing with all subsequent restricted stock grants, the Compensation Committee eliminated tax gross ups on all such grants. The Compensation Committee does not intend to provide tax gross ups on any future restricted stock grants. Additionally, we have adopted a clawback policy for our executive officers which allows the Board to recover certain incentive compensation if the Company has a material restatement of financial results, as a result of such restatement the incentive compensation would not have been earned, and the executive officer engaged in fraud or other intentional misconduct.

Accounting and Tax Considerations

We have selected compensation elements that help us achieve the objectives of our compensation program and not because of preferential financial accounting or tax treatment. However, when awarding compensation, the Committee is mindful of the accounting impact of the compensation expense of each compensation element. In addition, Section 162(m) of the Code provides that public companies cannot deduct for federal income tax purposes non-performance-based compensation paid to certain named executive officers in excess of \$1.0 million per year.

Table of Contents

While we have not adopted a policy requiring that all compensation be deductible and expect that we may pay compensation that is not deductible when necessary to achieve our compensation objectives, we consider the consequences of Section 162(m). Under our 2007 Performance Incentive Plan, a portion of our restricted stock awards are intended to be performance-based grants that are exempt from the deduction limits of Section 162(m).

Benchmarking

In 2013, the Committee, with the assistance of Pearl Meyer, determined that our Peer Group included Acadia Realty Trust, BioMed Realty Trust, CBL & Associates Properties, EPR Properties, Equity One, Inc., Federal Realty Investment Trust, Lexington Realty Trust, Omega Healthcare Investors, Realty Income Corporation, Regency Centers Corporation, Tanger Factory Outlet Centers, Taubman Centers, Inc., W.P. Carey, Inc., and Weingarten Realty Investment Trust (collectively, the Peer Group). In 2013, CBL & Associates Properties and W.P. Carey, Inc. were added, and Corporate Office Properties and Highwood Properties were removed, from the Peer Group in order to better reflect the retail property character of our portfolio. The Peer Group consists of 14 publicly-traded REITs operating across a variety of property sectors, with a primary focus on the retail sector, recognizing that the Company competes with REITs across all property sectors for capital and executive talent. Relative to the Peer Group, the Company's total assets and equity market capitalization ranked in the 79th and 62nd percentiles, respectively. In determining 2013 pay opportunities for executive officers, the Committee considered the compensation of our executive officers as compared to the compensation of executive officers of companies in our Peer Group. Pearl Meyer provided the Committee with a detailed analysis of the compensation of our executive officers as compared to the executive officers of companies in our Peer Group, with the overall strategy of providing total pay opportunities comparable to those provided by industry peers. For the past three years ending December 31, 2013, our total return to shareholders was slightly below the median and the average total return of the Peer Group and for the past five and ten years ending December 31, 2013, our total return to shareholders has exceeded the median and the average total return of the Peer Group.

We believe that our compensation, benchmarked against our Peer Group, provides an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term shareholder value creation, and encourages executive recruitment and retention. The Committee compared base salary and total compensation for our executive officers against the Peer Group, generally focusing on targeting between the 50th and 75th percentiles in recognition of the Company's use of stretch performance goals. Compared with the Peer Group, 2013 base salaries for each of our executive officers were comparable with that of the Peer Group median. Cash compensation for each of our executive officers, comprised of base salary and target annual cash incentive bonus, was in line with the Peer Group median. Total compensation for our executive officers, including base salary, target cash bonus and target equity incentive awards, ranged between the 50th and 75th percentiles of the Peer Group median, and in the aggregate was equal to 102% of the Peer Group median.

2013 Executive Compensation Components and How They Relate to Our Objectives

For the fiscal year ended December 31, 2013, base salary, annual incentive compensation (in the form of a cash bonus) and long-term incentive compensation were the principal components of compensation for the named executive officers. Executives also receive certain benefits and other perquisites. We believe that these compensation components provide an appropriate mix of fixed and variable pay, balances short-term operational performance with long-term shareholder value, and encourages executive recruitment and retention. Total target compensation mix for executive officers was 23% base salary, 25% cash incentive bonus and 52% long-term incentive compensation which is comparable with the Peer Group 50th percentile target compensation mix.

The differences in the amounts of compensation awarded to the named executive officers are primarily a result of comparing each executive's compensation against corresponding market values for industry peers and giving consideration to differences in position and responsibilities among the Company's named executive officers. We disclosed above the companies determined, with the assistance of an independent third-party compensation consultant, to be in our Peer Group. The responsibilities for each named executive officer are as follows: (i) Mr. Macnab, our Chairman and Chief Executive Officer, is responsible for developing, defining, implementing and executing the Company's corporate strategy, policies, mission, philosophy, goals and objectives; (ii) Mr. Whitehurst, our President and Chief Operating Officer, is responsible for overseeing the day-to-day operations of the Company including its acquisitions, dispositions, development, property management, underwriting, structured finance, human resources, and legal departments; (iii) Mr. Habicht, our Executive Vice President, Chief Financial Officer, Treasurer

Table of Contents

and Assistant Secretary, is responsible for overseeing all capital, financial reporting, tax, information technology and corporate communication matters of the Company and assisting the corporate secretary with his duties;

(iv) Mr. Bayer, our Executive Vice President of Portfolio Management and Chief Investment Officer, is responsible for overseeing the leasing, asset management, due diligence and underwriting groups of the Company; and

(v) Mr. Tessitore, our Executive Vice President, General Counsel and Secretary, is responsible for overseeing all legal matters involving the Company, all insurance matters, certain risk management matters, and maintaining corporate minutes for board, committee, stockholder and other meetings. Our Compensation Committee believes that the different levels of compensation provided to the named executive officers are commensurate to the responsibilities of each named executive officer.

Base Salary

The Compensation Committee sets and adjusts the base salaries of our named executive officers based on the qualifications, experience, scope of responsibilities and past performance of each named executive officer, the practices of and salaries awarded by our Peer Group, and other factors deemed appropriate by the Committee. The base salary of each executive officer has been below the Peer Group median in recent years. Based on these criteria and consistent with the Committee's plan to make base salaries more comparable to the median base salaries of the Peer Group, the Committee approved 2013 base salary increases for our executive officers ranging from 2.9% to 3.1% (3.0% weighted average). After these increases, 2013 base salaries were comparable with median levels for the Peer Group, ranging from 95% to 102% of median levels, with aggregate competitiveness for our top five executive officers equal to 98% of the Peer Group median.

Annual Incentive Compensation

Cash Incentive Bonus. We believe that a significant portion of each executive officer's total compensation should be provided in the form of incentive compensation. For 2013, the Committee approved annual cash incentive bonus opportunities based upon per share profitability tempered with potential reductions in bonus amounts if balance sheet leverage rose above 50%. Profitability was based on FFO per share, excluding impairments, and ranged from \$1.72 per share for threshold performance to \$1.81 per share for target level performance to \$1.86 per share for maximum performance. As a percentage of each executive officer's base salary, the Committee approved annual cash incentive bonus compensation ranging from 50% to 62.5% (55% weighted average) for threshold performance, 100% to 125% (110% weighted average) for target performance and 150% to 187.5% (165% weighted average) for maximum performance. Each executive officer's bonus opportunity for threshold, target and maximum performance is set forth in the table below. Straight line interpolation is used to determine awards for results in between performance levels. The Committee reserved the right, in its sole discretion, to review and further modify the executive compensation program.

2013 Annual Cash Incentive Bonus Opportunity
(as % of Base Salary)

Position	Threshold	Target	Maximum	2013 Actual
Chairman & Chief Executive Officer	62.5%	125%	187.5%	187.5%
President & Chief Operating Officer	52.5%	105%	157.5%	157.5%
EVP, CFO, Asst Secretary, & Treasurer	52.5%	105%	157.5%	157.5%
EVP & Chief Investment Officer	50.0%	100%	150.0%	150.0%
EVP, General Counsel, & Secretary	50.0%	100%	150.0%	150.0%

Executive officers receiving a cash incentive bonus may elect to have such bonus paid in cash or in stock of the Company. If an executive officer elects to have the cash incentive bonus paid in stock, the executive officer is entitled

to receive stock in an amount equal to 125% of the cash incentive bonus and the stock vests on the third anniversary of the payment of bonuses under the plan.

Table of Contents

Based on our actual 2013 FFO per share results of \$1.93 per share (excluding impairments), which exceeded maximum performance goals, the Committee approved payment of annual cash incentive bonus compensation pursuant to the Executive Compensation Program ranging from 150% to 187.5% (165% weighted average) of base salary with actual amounts for each executive officer set forth in the table above. Additionally, the Committee determined that these payments were consistent with the strong performance of the executive management team. These bonus awards are reflected in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table below.

Long-Term Incentive Compensation

For 2013, the Committee approved long-term incentive compensation opportunities for executive officers provided through an equally weighted mix of performance-based restricted stock and service-based restricted stock. Vesting for performance-based restricted stock is tied to our total shareholder return relative to other REITs for the three-year period ending December 31, 2015. Performance comparisons for performance-based restricted stock are made relative to all Equity REITs in the NAREIT Index. The Committee chose this comparator group to allow for performance assessments within our applicable industry group. Threshold performance is set at the 33rd percentile, target performance at the 50th percentile, and maximum performance at the 75th percentile versus the comparator groups. Service-based restricted shares vest annually over four years to enhance retention and promote longer-term equity ownership. As a percentage of each executive officer's base salary, the performance-based compensation opportunity ranges from 40% to 75% (57.3% weighted average) for 33rd percentile threshold performance, from 80% to 150% (114.6% weighted average) for 50th percentile target performance and from 160% to 300% (229.3% weighted average) for 75th percentile maximum performance. Each executive officer's long-term incentive compensation award opportunity for threshold, target and maximum performance is set forth in the table below.

Position	2013 Target Long-Term Incentive Award Opportunity (as % of Salary)		
	Performance Restricted Shares	Service Restricted Shares	Total Target Award
Chairman & Chief Executive Officer	150%	150%	300%
President & Chief Operating Officer	120%	120%	240%
EVP, CFO, Assistant Secretary, & Treasurer	100%	100%	200%
EVP & Chief Investment Officer	80%	80%	160%
EVP, General Counsel, & Secretary	80%	80%	160%

For performance-based restricted share grants, 50% of the corresponding target award opportunity is earned for threshold performance, 100% for target performance, and 200% for superior performance. No performance-based shares are earned for results below the threshold level. Straight line interpolation is used to determine awards for results in between performance levels.

In setting long-term incentive award levels for 2013, the Committee considered resulting total compensation, including base salary, bonus awards, and long-term incentives compared against the 50th and 75th percentiles due to the Company's use of stretch performance goals as total compensation of executive officers at companies in our Peer Group. The number of shares of service-based restricted stock and performance-based restricted stock granted was based on the average closing share price of our Common Stock for ten days prior to the grant date (\$33.436 per share). Accordingly, the Committee approved grants of service-based restricted stock and target grants of performance-based restricted stock to Messrs. Macnab (32,121 service-based and 32,121 performance-based shares), Whitehurst (17,191

service-based and 17,191 performance-based shares), Habicht (11,873 service-based and 11,873 performance-based shares), Bayer (7,632 service-based and 7,632 performance-based shares), and Tessitore (7,632 service-based and 7,632 performance-based shares) as shown in the Grants of Plan-Based Awards Table. The service-based restricted stock shall vest pro-rata over a four-year period.

The executive officers are entitled to receive dividends on unvested shares of service-based restricted stock. Dividends payable on performance-based restricted stock will accumulate and be payable to the executive officers only if and to the extent the shares vest. No tax gross ups shall be paid on any service-based restricted stock nor on any performance-based restricted stock.

Table of Contents

In 2011, the executive officers were granted a performance-based long-term cash incentive award as part of the 2011 Executive Compensation Plan. Vesting for this award was tied equally to our total shareholder return relative to all Equity REITs in the NAREIT Index and to all Retail REITs in the NAREIT Index for the three year period ending December 31, 2013. The Company's total shareholder return during this period was in the 58th percentile compared to all Equity REITs in the NAREIT Index and the 56th percentile compared to all Retail REITs in the NAREIT Index. The amounts earned from this award are included in the Summary Compensation Table below in column (g) despite the fact these awards were granted in 2011 as part of the 2011 Executive Compensation Plan and earned over the past three years.

Benefits and Other Perquisites

We provide benefits to our executive officers under the National Retail Properties, Inc. Retirement Plan. We do not sponsor a defined benefit pension plan for our executive officers or any other associates. Our executive officers are eligible to receive, on the same basis as other associates, employer matching contributions under the plan. This allows our executive officers to save for retirement on a tax-deferred basis through the Section 401(k) savings feature of the plan, with the Company-funded portion of these benefits based on matching the contributions of the executive officers.

Our executive officers are also eligible to participate in the other employee benefit and welfare plans that the Company maintains on similar terms as associates who meet applicable eligibility criteria.

We do not consider perquisites to be a principal component of our executive officers' compensation. Costs attributed to the perquisites and other personal benefits afforded to the named executive officers for the fiscal year ended December 31, 2013, are shown in the "Other Compensation" column of the Summary Compensation Table below.

We believe that our executive officer benefit and perquisite programs provided are reasonable and competitive with benefits and perquisites provided to executive officers of other REITs, and are necessary to sustain a fully competitive executive compensation program.

Potential Payments Upon Termination or Change of Control

Effective December 1, 2008, the Company entered into new employment agreements with Messrs. Macnab, Whitehurst, Habicht, Bayer and Tessitore, each as amended effective November 8, 2010, in order to comply with Section 409A of the Code. Each employment agreement is subject to automatic successive two-year renewals unless one party provides written notice to the other party of non-renewal 60 days prior to the expiration date of the agreement. The initial expiration date for each employment agreement was as follows: (a) May 16, 2011, for Mr. Macnab; (b) August 17, 2011, for Messrs. Habicht and Whitehurst; and (c) January 2, 2011, for Messrs. Bayer and Tessitore. Messrs. Macnab, Habicht, Whitehurst, Bayer, and Tessitore are collectively referred to herein as the Executives and each, an Executive. Each agreement contains severance provisions that provide for payment to the Executive upon the occurrence of certain events, including death or disability, termination by the Company for cause or by the Executive without good reason, termination by the Company without cause or by the Executive with good reason, and termination upon expiration of the employment agreement. In the event the Executive is unable to perform his job duties due to death or disability, each agreement provides for payment of his accrued salary, a prorated performance bonus and, for a period of one year following termination of the agreement due to death, health benefits under the Company's health plans and programs to the Executive's dependents. In the event the Executive is terminated by the Company for cause or the Executive terminates his employment agreement without good reason, the Executive is entitled to his accrued salary and benefits prior to the date of termination.

Each agreement and the Executive Compensation Program also contain severance provisions that call for payment to the Executive of the following amounts in the event that he is terminated without cause or he resigns for good reason :

accrued and unpaid salary through the date of termination;

a cash payment equal to 200% (with respect to Messrs. Bayer and Tessitore), 250% (with respect to Messrs. Habicht and Whitehurst), and 300% (with respect to Mr. Macnab) of his respective annual salary;

a cash payment equal to 200% (with respect to Messrs. Bayer and Tessitore), 250% (with respect to Messrs. Habicht and Whitehurst), and 300% (with respect to Mr. Macnab) of his respective average bonus for the last three years of employment under the agreement;

immediate vesting of his service-based restricted stock awards, stock options and other equity awards, all performance-based awards will be allowed to run their course to determine the performance level, and the executive officers will receive such award upon vesting;

for a period of one year after termination (but in no event after the Executive becomes eligible to receive benefits of the same type from another employer), health benefits under the Company's health plans and programs generally available to senior executives of the Company; and

in the event of such a termination upon or after a change of control, a prorated annual non-equity bonus at the target level for the year in which termination occurred.

Under each employment agreement and the Executive Compensation Program, in the event the agreement naturally terminates at the end of its term because the Company elects not to renew, the Executive will be entitled to the following severance payments:

accrued and unpaid salary through the date of termination;

a cash payment equal to 100% of his annual salary;

service-based restricted stock awards will accelerate on a pro rata amount based on the date of termination; all performance-based units and restricted stock awards will be allowed to run their course to determine the performance level and the executive officers will receive a pro rata share based on the date of termination;

for a period of one year after termination (but in no event after the Executive becomes eligible to receive benefits of the same type from another employer), health benefits under the Company's health plans and programs generally available to senior executives of the Company; and

a prorated annual non-equity bonus at the target level for the year in which termination occurred.

In addition to the foregoing payments, each Executive will be entitled to gross-up payments to the extent such payments result in the imposition of excise tax, interest or penalties. The Committee does not intend to provide excise tax gross-up payments in any future employment agreements, and an excise tax gross-up provision was not included in the recent employment agreement entered into between the Company and Stephen A. Horn, Jr.

Cause is defined in each Executive's agreement as the Executive's:

conviction of (or pleading nolo contendere to) an indictment or information that is filed against Executive and is not discharged or otherwise resolved within 12 months thereafter, and said indictment or information charged Executive with a felony, any crime of moral turpitude, fraud or any act of dishonesty or any crime which is likely to result in material injury, either monetarily or otherwise, to the Company or any of its majority-owned subsidiaries;

the continued failure by Executive substantially to perform his duties or to carry out the lawful written directives of the Board of Directors;

material breach of a fiduciary duty, including disclosure of any conflicts of interest that are known to the Executive, or with reasonable diligence should be known, relating to Executive's employment with the Company, or otherwise engaging in gross misconduct or willful or gross neglect (in connection with the performance of his duties) which is materially injurious, either monetarily or otherwise, to the Company or any of its majority-owned subsidiaries; or

material breach of the non-competition and confidentiality clauses set forth in his employment agreement. Good reason is defined in each agreement, unless otherwise consented to by Executive, as:

a material reduction in Executive's position, authority, duties or responsibilities;

a reduction in the annual salary of Executive;

the relocation of Executive's office to more than 50 miles from the Company's principal place of business in Orlando, Florida;

the Company's material breach of his employment agreement;

the Company's failure to obtain an agreement from any successor to the business of the Company by which the successor assumes and agrees to perform his employment agreement; or

with respect to Mr. Macnab, a change in Executive's reporting responsibilities such that he is no longer reporting directly to the Board of Directors.

Change of control, as defined in each agreement, means:

a person or group (which terms shall have the meaning they have when used in Section 13(d) of the Exchange Act) (other than the Company, any trustee or other fiduciary holding securities under an employee benefit plan of the Company, any corporation owned directly or indirectly, by the stockholders of the Company in substantially the same proportions as their ownership of voting securities of the Company) becomes (other than solely by reason of a repurchase of voting securities by the Company), the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of 40% or more of the combined voting power of the Company's then total outstanding voting securities, provided, however, that in no event shall a change of control for purposes of each agreement be deemed to have arisen merely by

virtue of a person or group having become a direct or indirect owner of Company securities (such that a change of control would otherwise have been deemed to have occurred), if the Executive is a member of such person or group; or

the Company consolidates with or merges with or into another corporation or partnership or conveys, transfers or leases, in any transaction or series of transactions, all or substantially all of its assets to any corporation or partnership, or any corporation or partnership consolidates with or merges with or into the Company, in any event pursuant to a transaction in which the outstanding voting stock of the Company is reclassified or changed into or exchanged for cash, securities or other property, other than any such transaction where (i) the outstanding voting securities of the Company are changed into or exchanged for voting securities of the surviving corporation and (ii) the persons who were the beneficial owners of the Company's voting securities immediately prior to such transaction beneficially own immediately after such transaction 50% or more of the total outstanding voting power of the surviving corporation, or the Company is liquidated or dissolved or adopts a plan of liquidation or dissolution.

The amount of compensation payable to each Executive upon any termination is shown below. All estimates are based on an assumed termination date of December 31, 2013. The actual payments due on terminations occurring on different dates could materially differ from the estimates in the table.

PROPOSAL II

ADVISORY VOTE ON EXECUTIVE COMPENSATION

The Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the Dodd-Frank Act) enables our stockholders to vote, on a non-binding advisory basis, to approve the compensation of our named executive officers as disclosed in this proxy statement.

As described in detail under the heading Executive Compensation-Compensation Discussion and Analysis, our executive compensation programs are designed to attract and retain our named executive officers, motivate them to perform to their fullest potential, and align their interests with the interests of our stockholders. Under these programs, our named executive officers are rewarded for the achievement of specific annual, long-term and strategic and corporate goals. Please read the Compensation Discussion and Analysis for additional details about our executive compensation programs and policies, including information about the fiscal 2013 compensation of our named executive officers.

The Compensation Committee continually reviews the compensation programs for our named executive officers to ensure they achieve the desired goals of aligning our executive compensation structure with our stockholders' interests and current market practices. We are asking our stockholders to indicate their support for our named executive officer compensation as described in this proxy statement. This proposal, commonly known as a say-on-pay proposal, gives our stockholders the opportunity to express their views on our named executive officers' compensation. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. Accordingly, we will ask our stockholders to vote for the following resolution at the annual meeting:

RESOLVED, that the Company's stockholders approve, on an advisory basis, the compensation of the named executive officers, as disclosed in the Company's Proxy Statement for the 2014 Annual Meeting of Stockholders pursuant to the rules and regulations of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the related tables and disclosure.

While this vote is advisory, and therefore not binding on the Company, the Compensation Committee or our Board of Directors, we value the opinions of our stockholders and will consider those opinions and the vote outcome when making future compensation decisions for our named executive officers.

The Board of Directors unanimously recommends a vote FOR the approval of the compensation of our named executive officers, as disclosed in this proxy statement.

Table of Contents**PROPOSAL III****RATIFICATION OF****ERNST & YOUNG LLP AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee appointed Ernst & Young LLP to serve as the Company's principal independent registered public accounting firm to audit the Company's financial statements for the year ending December 31, 2014, to review quarterly interim results and to perform other appropriate accounting services. We are requesting ratification of such appointment by the stockholders.

Ernst & Young LLP has acted as our independent registered public accounting firm for our two most recent fiscal years and our Audit Committee currently believes that we should continue our relationship with Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2014. In the event that the stockholders do not ratify this appointment by the requisite vote, the Audit Committee will reconsider its appointment of Ernst & Young LLP.

A representative of Ernst & Young LLP will be present at the annual meeting and will be provided with the opportunity to make a statement if desired. Such representative will also be available to respond to appropriate questions.

Fiscal 2013 and 2012 Audit Firm Summary. During the fiscal years ended December 31, 2013 and 2012, we retained Ernst & Young LLP to provide services in the following categories and amounts:

	Fiscal Year 2013	Fiscal Year 2012
Audit Fees (1)	\$ 1,173,746	\$ 911,398
Audit Related Fees (2)		
Total Audit and Audit Related Fees	1,173,746	911,398
Tax Fees	22,761	27,118
All Other Fees		
Total Fees	\$ 1,196,507	\$ 938,516

- (1) Audit fees include the audit fee and fees for comfort letters, attest services, consents and assistance with and review of documents filed with the SEC (including those related to securities offerings). Aggregate fees billed by Ernst & Young LLP associated with the issuance of comfort letters to underwriters in connection with securities offerings amounted to \$165,960 and \$130,162 in 2013 and 2012, respectively.
- (2) Audit related fees consist of fees incurred for consultation concerning financial accounting and reporting standards, performance of agreed-upon procedures, and other audit or attest services not required by statute or regulation.
- (3) Tax fees consist of fees for tax compliance services.

Policy on Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services of Independent Accountants. Consistent with SEC policies regarding auditor independence, the Audit Committee has responsibility for appointing,

setting compensation and overseeing the work of the independent accountants. In recognition of this responsibility, the Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by the independent accountants.

Prior to engagement of the independent accountants for the next year's audit, management will submit to the Audit Committee for approval an aggregate of services expected to be rendered during that year for each of the services described above in the captions Audit Fees, Audit Related Fees and Tax Fees.

Prior to engagement, the Audit Committee pre-approves these services by category of service. The fees are budgeted and the Audit Committee requires the independent accountants and management to report actual fees versus the budget periodically throughout the year by category of service. During the year, circumstances may arise when it may become necessary to engage the independent accountants for additional services not contemplated in the original pre-approval. In those instances, the Audit Committee requires specific pre-approval before engaging the independent accountants.

Table of Contents

For the fiscal years ended December 31, 2013 and 2012, the Audit Committee pre-approved 100% of services described above in the captions Audit Related Fees and Tax Fees. For the fiscal year ended December 31, 2013, no hours expended on Ernst & Young LLP's engagement to audit our financial statements were attributed to work performed by persons other than full-time, permanent employees of Ernst & Young LLP.

Pursuant to our Audit Committee charter, the Audit Committee may delegate pre-approval authority to the chairman of the Audit Committee, who shall promptly advise the remaining members of the Audit Committee of such approval at the next regularly scheduled meeting.

The Board of Directors unanimously recommends a vote FOR ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2014.
