DISCLOSURE CONTROLS AND PROCEDURES

Our disclosure controls and procedures are designed to provide reasonable assurance that information required to be disclosed by us in reports filed or submitted under Canadian or U.S. securities laws is recorded, processed, summarized and reported within the time periods specified under those laws, and include controls and procedures that are designed to ensure that the information is accumulated and communicated to management, including BCE's President and Chief Executive Officer ("CEO") and Executive Vice-President and Chief Financial Officer ("CFO"), to allow timely decisions regarding required disclosure.

As of December 31, 2018, management evaluated, under the supervision of and with the participation of the CEO and the CFO, the effectiveness of our disclosure controls and procedures, as defined in Rule 13a-15(e) under the Exchange Act, and under National Instrument 52-109

Certification of Disclosure in Issuers' Annual and Interim Filings.

Based on that evaluation, the CEO and CFO concluded that our disclosure controls and procedures were effective as of December 31, 2018.

INTERNAL CONTROL OVER FINANCIAL REPORTING

A. Management's report on internal control over financial reporting

B. Auditors' report on internal control over financial reporting

The report of independent registered public accounting firm concerning the effectiveness of BCE's internal control over financial reporting appearing at page 115 of the BCE 2018 Annual Report, which report is contained in Exhibit 99.3, is incorporated herein by reference.

C. Changes in internal control over financial reporting

There have been no changes during the year ended December 31, 2018 in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting. On January 1, 2018, we adopted IFRS 15 - Revenue from Contracts with Customers, and we completed the design of internal controls with respect to the adoption of this new standard and implemented them with no significant changes to our internal control over financial reporting. The adoption of IFRS 16 - Leases, requires the implementation of new accounting systems and processes, which will change the company's internal controls over lease recognition and financial reporting. We are in the process of completing the design of these controls. We do not expect significant changes to our internal control over financial reporting due to the adoption of this new standard in 2019.

STATEMENT REGARDING CONTROLS AND PROCEDURES

There can be no assurance that our disclosure controls and procedures will detect or uncover all failures to disclose all material information otherwise required to be set forth in our disclosure. Furthermore, a control system, no matter how well designed and operated, can provide only reasonable, not absolute, assurance with respect to the reliability of financial reporting and financial statement preparation. Accordingly, BCE does not expect that BCE's internal control over financial reporting will prevent or detect all errors and all fraud. BCE will continue to periodically review its disclosure controls and procedures and internal control over financial reporting and may make modifications from time to time as considered necessary or desirable.
