any other material terms of the debt securities.

When we refer to principal in this section with reference to the debt securities, we are also referring to premium, if any.

We may from time to time, without notice to or the consent of the holders of any series of debt securities, create and issue further debt securities of any such series ranking equally with the debt securities of such series in all respects (or in all respects other than (1) the payment of interest accruing prior to the issue date of such further debt securities or (2) the first payment of interest following the issue date of such further debt securities). Such further debt securities may be consolidated and form a single series with the debt securities of such series and have the same terms as to status, redemption or otherwise as the debt securities of such series.

You may present debt securities for exchange and you may present debt securities for transfer in the manner, at the places and subject to the restrictions set forth in the debt securities and the applicable prospectus supplement. We will provide you those services without charge, although you may have to pay any tax or other governmental charge payable in connection with any exchange or transfer, as set forth in the indenture.

Debt securities may bear interest at a fixed rate or a floating rate. Debt securities bearing no interest or interest at a rate that at the time of issuance is below the prevailing market rate (original issue discount securities) may be sold at a discount below their stated principal amount. U.S. federal income tax considerations applicable to any such discounted debt securities or to certain debt securities issued at par which are treated as having been issued at a discount for U.S. federal income tax purposes will be described in the applicable prospectus supplement.

Table of Contents

We may issue debt securities with the principal amount payable on any principal payment date, or the amount of interest payable on any interest payment date, to be determined by reference to one or more currency exchange rates, securities or baskets of securities, commodity prices or indices. You may receive a payment of principal on any principal payment date, or a payment of interest on any interest payment date, that is greater than or less than the amount of principal or interest otherwise payable on such dates, depending on the value on such dates of the applicable currency, security or basket of securities, commodity or index. Information as to the methods for determining the amount of principal or interest payable on any date, the currencies, securities or baskets of securities, commodities or indices to which the amount payable on such date is linked and certain related tax considerations will be set forth in the applicable prospectus supplement.

Guarantees

Unless otherwise indicated herein or in a prospectus supplement, none of the debt securities will be guaranteed by any of our subsidiaries. If the applicable prospectus supplement specifies otherwise, however, the Guarantors, which we refer to as the subsidiary guarantors, may fully and unconditionally guarantee to each holder of debt securities issued by us (each, a subsidiary guarantee) the due and punctual payment of the principal of, and any premium and any interest on, those debt securities, when and as the same become due and payable, whether at maturity, upon acceleration or otherwise. The applicable prospectus supplement will describe the subsidiary guarantees and the terms under which such subsidiary guarantees will be provided. The subsidiary guarantees will be unsecured and, with respect to a subsidiary guarantee of senior debt securities, will rank equally with all other unsecured and unsubordinated obligations of the respective subsidiary guarantor, and, with respect to the subsidiary guarantee of subordinated debt securities, will rank equally with all other unsecured and subordinated obligations of the respective subsidiary guarantor.

The subsidiary guarantees will provide that the obligations of each subsidiary guarantor will be limited as necessary to prevent that subsidiary guarantee from constituting a fraudulent conveyance.

The subsidiary guarantees of the debt securities may be subject to review under United States federal or state fraudulent transfer law, which could limit their enforceability. To the extent that a United States court were to find that (x) the subsidiary guarantees were incurred with intent to hinder, delay or defraud any present or future creditor, or a subsidiary guarantor contemplated insolvency with a design to prefer one or more creditors to the exclusion in whole or in part of others, or (y) the subsidiary issuing the subsidiary guarantee did not receive fair consideration or reasonably equivalent value for issuing its subsidiary guarantee and any subsidiary guarantor (i) was insolvent, (ii) was rendered insolvent by reason of the issuance of the subsidiary guarantee, (iii) was engaged or about to engage in a business or transaction for which the remaining assets of a subsidiary guarantor constituted unreasonably small capital to carry on its business or (iv) intended to incur, or believed that it would incur, debts beyond its ability to pay such debts as they matured, that court could avoid or subordinate the subsidiary guarantees in favor of a subsidiary guarantor's other creditors. If the subsidiary guarantee were subordinated by a court, payments of principal and interest on the debt securities generally would be subject to the prior payment in full of all other indebtedness of the subsidiary guarantor. Among other things, a legal challenge of a subsidiary guarantee on fraudulent conveyance grounds may focus on the benefits, if any, realized by the subsidiary guarantor as a result of the issuance by the issuer of the debt securities. The extent (if any) to which a particular subsidiary guarantor may be deemed to have received such benefits may depend on the use of the proceeds of any offering of debt securities which are guaranteed by the subsidiary guarantor, including the extent (if any) to which such proceeds or benefits therefrom are contributed to the subsidiary guarantor. The measure of insolvency for purposes of the foregoing will vary depending on the law of the applicable jurisdiction. Generally, however, an entity would be considered insolvent if the sum of its debts (including contingent or unliquidated debts) is greater than all of its property at a fair valuation or if the present fair saleable value of its assets is less than the amount that will be required to pay its probable liability under its existing debts as such debts

become absolute and matured. There can be no assurance, however, that a court would determine that any particular subsidiary guarantor received fair consideration or reasonably equivalent value for issuing its subsidiary guarantee.

Certain Terms of the Senior Debt Securities

Covenants. Unless we indicate otherwise in a prospectus supplement, the senior debt securities will not contain any financial or restrictive covenants, including covenants restricting either us or any of our subsidiaries from incurring, issuing, assuming or guaranteeing any indebtedness secured by a lien on any of our or our subsidiaries' property or capital stock, or restricting either us or any of our subsidiaries from entering into sale and leaseback transactions.

Consolidation, Merger and Sale of Assets. Unless we indicate otherwise in a prospectus supplement, we may not consolidate with or merge into any other person, in a transaction in which we are not the surviving corporation, or convey, transfer or lease our properties and assets substantially as an entirety to any person, in either case, unless:

the successor entity, if any, is a U.S. corporation, limited liability company, partnership or trust (subject to certain exceptions provided for in the senior indenture);

the successor entity assumes our obligations on the senior debt securities and under the senior indenture;

immediately after giving effect to the transaction, no default or event of default shall have occurred and be continuing; and

certain other conditions are met.

No Protection in the Event of a Change in Control. Unless we indicate otherwise in a prospectus supplement with respect to a particular series of senior debt securities, the senior debt securities will not contain any provisions that may afford holders of the senior debt securities protection in the event we have a change in control or in the event of a highly leveraged transaction (whether or not such transaction results in a change in control).

Events of Default. Unless we indicate otherwise in a prospectus supplement with respect to a particular series of senior debt securities, the following are events of default under the senior indenture for any series of senior debt securities:

failure to pay interest on any senior debt securities of such series when due and payable, if that default continues for a period of 30 days (or such other period as may be specified for such series);

failure to pay principal on the senior debt securities of such series when due and payable whether at maturity, upon redemption, by declaration or otherwise (and, if specified for such series, the continuance of such failure for a specified period);

default in the performance of or breach of any of our covenants or agreements in the senior indenture applicable to senior debt securities of such series, other than a covenant breach which is specifically dealt with elsewhere in the senior indenture, and that default or breach continues for a period of 90 days after we receive written notice from the trustee or from the holders of 25% or more in aggregate principal amount of

the senior debt securities of such series;

certain events of bankruptcy or insolvency, whether or not voluntary; and

any other event of default provided for in such series of senior debt securities as may be specified in the applicable prospectus supplement.

The default by us under any other debt, including any other series of debt securities, is not a default under the senior indenture.

If an event of default other than an event of default specified in the fourth bullet point above occurs with respect to a series of senior debt securities and is continuing under the senior indenture, then, and in each such case, either the trustee or the holders of not less than 25% in aggregate principal amount of such series then

outstanding under the senior indenture (each such series voting as a separate class) by written notice to us and to the trustee, if such notice is given by the holders, may, and the trustee at the request of such holders shall, declare the principal amount of and accrued interest on such series of senior debt securities to be immediately due and payable, and upon this declaration, the same shall become immediately due and payable.

If an event of default specified in the fourth bullet point above occurs with respect to us and is continuing, the entire principal amount of and accrued interest, if any, on each series of senior debt securities then outstanding shall become immediately due and payable.

Unless otherwise specified in the prospectus supplement relating to a series of senior debt securities originally issued at a discount, the amount due upon acceleration shall include only the original issue price of the senior debt securities, the amount of original issue discount accrued to the date of acceleration and accrued interest, if any.

Upon certain conditions, declarations of acceleration may be rescinded and annulled and past defaults may be waived by the holders of a majority in aggregate principal amount of all the senior debt securities of such series affected by the default, each series voting as a separate class. Furthermore, subject to various provisions in the senior indenture, the holders of a majority in aggregate principal amount of a series of senior debt securities, by notice to the trustee, may waive an existing default or event of default with respect to such senior debt securities and its consequences, except a default in the payment of principal of or interest on such senior debt securities or in respect of a covenant or provision of the senior indenture which cannot be modified or amended without the consent of the holders of each such senior debt security. Upon any such waiver, such default shall cease to exist, and any event of default with respect to such senior debt securities shall be deemed to have been cured, for every purpose of the senior indenture; but no such waiver shall extend to any subsequent or other default or event of default or impair any right consequent thereto. For information as to the waiver of defaults, see Certain Terms of the Senior Debt Securities Modification and Waiver.

The holders of a majority in aggregate principal amount of a series of senior debt securities may direct the time, method and place of conducting any proceeding for any remedy available to the trustee or exercising any trust or power conferred on the trustee with respect to such senior debt securities. However, the trustee may refuse to follow any direction that conflicts with law or the senior indenture, that may involve the trustee in personal liability or that the trustee determines in good faith may be unduly prejudicial to the rights of holders of such series of senior debt securities not joining in the giving of such direction and may take any other action it deems proper that is not inconsistent with any such direction received from holders of such series of senior debt securities. A holder may not pursue any remedy with respect to the senior indenture or any series of senior debt securities unless:

the holder gives the trustee written notice of a continuing event of default;

the holders of at least 25% in aggregate principal amount of such series of senior debt securities make a written request to the trustee to pursue the remedy in respect of such event of default;

the requesting holder or holders offer the trustee indemnity satisfactory to the trustee against any costs, liability or expense;

the trustee does not comply with the request within 60 days after receipt of the request and the offer of indemnity; and

during such 60-day period, the holders of a majority in aggregate principal amount of such series of senior debt securities do not give the trustee a direction that is inconsistent with the request.

These limitations, however, do not apply to the right of any holder of a senior debt security to receive payment of the principal of and interest, if any, on such senior debt security in accordance with the terms of such debt security, or to bring suit for the enforcement of any such payment in accordance with the terms of such debt security, on or after the due date for the senior debt securities, which right shall not be impaired or affected without the consent of the holder.

Table of Contents

The senior indenture requires certain of our officers to certify, on or before a fixed date in each year in which any senior debt security is outstanding, as to their knowledge of our compliance with all covenants, agreements and conditions under the senior indenture.

Satisfaction and Discharge. We can satisfy and discharge our obligations to holders of any series of debt securities if:

we pay or cause to be paid, as and when due and payable, the principal of and any interest on all senior debt securities of such series outstanding under the senior indenture; or

all senior debt securities of such series have become due and payable or will become due and payable within one year (or are to be called for redemption within one year) and we deposit in trust a combination of cash and U.S. government or U.S. government agency obligations that will generate enough cash to make interest, principal and any other payments on the debt securities of that series on their various due dates.

Under current U.S. federal income tax law, the deposit and our legal release from the debt securities would be treated as though we took back your debt securities and gave you your share of the cash and debt securities or bonds deposited in trust. In that event, you could recognize gain or loss on the debt securities you give back to us. Purchasers of the debt securities should consult their own advisers with respect to the tax consequences to them of such deposit and discharge, including the applicability and effect of tax laws other than the U.S. federal income tax law.

Defeasance. Unless this prospectus or the applicable prospectus supplement provides otherwise, the following discussion of legal defeasance and discharge and covenant defeasance will apply to any series of debt securities issued under the indentures.

Legal Defeasance. We can legally release ourselves from any payment or other obligations on the debt securities of any series (called legal defeasance) if certain conditions are met, including the following:

We deposit in trust for your benefit and the benefit of all other direct holders of the debt securities of the same series a combination of cash and U.S. government or U.S. government agency obligations that will generate enough cash to make interest, principal and any other payments on the debt securities of that series on their various due dates.

There is a change in current U.S. federal income tax law or an IRS ruling that lets us make the above deposit without causing you to be taxed on the debt securities any differently than if we did not make the deposit and instead repaid the debt securities ourselves when due. Under current U.S. federal income tax law, the deposit and our legal release from the debt securities would be treated as though we took back your debt securities and gave you your share of the cash and debt securities or bonds deposited in trust. In that event, you could recognize gain or loss on the debt securities you give back to us.

We deliver to the trustee a legal opinion of our counsel confirming the tax law change or ruling described above.

If we ever did accomplish legal defeasance, as described above, you would have to rely solely on the trust deposit for repayment of the debt securities. You could not look to us for repayment in the event of any shortfall.

Covenant Defeasance. Without any change of current U.S. federal tax law, we can make the same type of deposit described above and be released from some of the covenants in the debt securities (called "covenant defeasance"). In that event, you would lose the protection of those covenants but would gain the protection of having money and securities set aside in trust to repay the debt securities. In order to achieve covenant defeasance, we must do the following (among other things):

We must deposit in trust for your benefit and the benefit of all other direct holders of the debt securities of the same series a combination of cash and U.S. government or U.S. government agency obligations that will generate enough cash to make interest, principal and any other payments on the debt securities of that series on their various due dates.

Table of Contents

We must deliver to the trustee a legal opinion of our counsel confirming that under current U.S. federal income tax law we may make the above deposit without causing you to be taxed on the debt securities any differently than if we did not make the deposit and instead repaid the debt securities ourselves when due. If we accomplish covenant defeasance, you can still look to us for repayment of the debt securities if there were a shortfall in the trust deposit. In fact, if one of the events of default occurred (such as our bankruptcy) and the debt securities become immediately due and payable, there may be such a shortfall. Depending on the events causing the default, you may not be able to obtain payment of the shortfall.

Modification and Waiver. We and the trustee may amend or supplement the senior indenture or the senior debt securities without the consent of any holder:

to convey, transfer, assign, mortgage or pledge any assets as security for the senior debt securities of one or more series;

to evidence the succession of a corporation, limited liability company, partnership or trust to us, and the assumption by such successor of our covenants, agreements and obligations under the senior indenture or to otherwise comply with the covenant relating to mergers, consolidations and sales of assets;

to comply with the requirements of the SEC in order to effect or maintain the qualification of the senior indenture under the Trust Indenture Act of 1939, as amended;

to add to our covenants such new covenants, restrictions, conditions or provisions for the protection of the holders, and to make the occurrence, or the occurrence and continuance, of a default in any such additional covenants, restrictions, conditions or provisions an event of default;

to cure any ambiguity, defect or inconsistency in the senior indenture or in any supplemental indenture or to conform the senior indenture or the senior debt securities to the description of senior debt securities of such series set forth in this prospectus or any applicable prospectus supplement;

to provide for or add guarantors with respect to the senior debt securities of any series;

to establish the form or forms or terms of the senior debt securities as permitted by the senior indenture;

to evidence and provide for the acceptance of appointment under the senior indenture by a successor trustee, or to make such changes as shall be necessary to provide for or facilitate the administration of the trusts in the senior indenture by more than one trustee;

to add to, delete from or revise the conditions, limitations and restrictions on the authorized amount, terms, purposes of issue, authentication and delivery of any series of senior debt securities;

to make any change to the senior debt securities of any series so long as no senior debt securities of such series are outstanding; or

to make any change that does not adversely affect the rights of any holder in any material respect.

Other amendments and modifications of the senior indenture or the senior debt securities issued may be made, and our compliance with any provision of the senior indenture with respect to any series of senior debt securities may be waived, with the consent of the holders of a majority of the aggregate principal amount of the outstanding senior debt securities of all series affected by the amendment or modification (voting together as a single class); *provided, however,* that each affected holder must consent to any modification, amendment or waiver that:

extends the final maturity of any senior debt securities of such series;

reduces the principal amount of any senior debt securities of such series;

Table of Contents

reduces the rate or extends the time of payment of interest on any senior debt securities of such series;

reduces the amount payable upon the redemption of any senior debt securities of such series;

changes the currency of payment of principal of or interest on any senior debt securities of such series;

reduces the principal amount of original issue discount securities payable upon acceleration of maturity or the amount provable in bankruptcy;

waives an uncured default in the payment of principal of or interest on the senior debt securities (except in the case of a rescission of acceleration as described above);

changes the provisions relating to the waiver of past defaults or changes or impairs the right of holders to receive payment or to institute suit for the enforcement of any payment or conversion of any senior debt securities of such series on or after the due date therefor;

modifies any of the provisions of these restrictions on amendments and modifications, except to increase any required percentage or to provide that certain other provisions cannot be modified or waived without the consent of the holder of each senior debt security of such series affected by the modification; or

reduces the above-stated percentage of outstanding senior debt securities of such series whose holders must consent to a supplemental indenture or to modify or amend or to waive certain provisions of or defaults under the senior indenture.

It shall not be necessary for the holders to approve the particular form of any proposed amendment, supplement or waiver, but it shall be sufficient if the holders' consent approves the substance thereof. After an amendment, supplement or waiver of the senior indenture in accordance with the provisions described in this section becomes effective, the trustee must give to the holders affected thereby certain notice briefly describing the amendment, supplement or waiver. Any failure by the trustee to give such notice, or any defect therein, shall not, however, in any way impair or affect the validity of any such amendment, supplemental indenture or waiver.

No Personal Liability of Incorporators, Stockholders, Officers, Directors. The senior indenture provides that no recourse shall be had under any obligation, covenant or agreement of ours in the senior indenture or any supplemental indenture, or in any of the senior debt securities or because of the creation of any indebtedness represented thereby, against any of our incorporators, stockholders, officers or directors, past, present or future, or of any predecessor or successor entity thereof under any law, statute or constitutional provision or by the enforcement of any assessment or by any legal or equitable proceeding or otherwise. Each holder, by accepting the senior debt securities, waives and releases all such liability.

Concerning the Trustee. The senior indenture provides that, except during the continuance of an event of default, the trustee will not be liable except for the performance of such duties as are specifically set forth in the senior indenture. If an event of default has occurred and is continuing, the trustee will exercise such rights and powers vested in it under

the senior indenture and will use the same degree of care and skill in its exercise as a prudent person would exercise under the circumstances in the conduct of such person's own affairs.

The senior indenture and the provisions of the Trust Indenture Act of 1939 incorporated by reference therein contain limitations on the rights of the trustee thereunder, should it become a creditor of ours or any of our subsidiaries, to obtain payment of claims in certain cases or to realize on certain property received by it in respect of any such claims, as security or otherwise. The trustee is permitted to engage in other transactions, provided that if it acquires any conflicting interest (as defined in the Trust Indenture Act), it must eliminate such conflict or resign.

We may have normal banking relationships with the senior trustee in the ordinary course of business.

Unclaimed Funds. All funds deposited with the trustee or any paying agent for the payment of principal, premium, interest or additional amounts in respect of the senior debt securities that remain unclaimed for two

years after the date upon which such principal, premium or interest became due and payable will be repaid to us. Thereafter, any right of any holder of senior debt securities to such funds shall be enforceable only against us, and the trustee and paying agents will have no liability therefor.

Governing Law. The senior indenture and the senior debt securities will be governed by, and construed in accordance with, the internal laws of the State of New York.

Certain Terms of the Subordinated Debt Securities

Other than the terms of the subordinated indenture and subordinated debt securities relating to subordination or otherwise as set forth below or as described in the prospectus supplement relating to a particular series of subordinated debt securities, the terms of the subordinated indenture and subordinated debt securities are identical in all material respects to the terms of the senior indenture and senior debt securities.

Additional or different subordination terms may be specified in the prospectus supplement applicable to a particular series.

Subordination. The indebtedness evidenced by the subordinated debt securities and the subsidiary guarantees is subordinate to the prior payment in full of all of our senior indebtedness, as defined in the subordinated indenture. During the continuance beyond any applicable grace period of any default in the payment of principal, premium, interest or any other payment due on any of our senior indebtedness, we and the subsidiary guarantors may not make any payment of principal of or interest on the subordinated debt securities (except for certain sinking fund payments). In addition, upon any payment or distribution of our assets upon any dissolution, winding-up, liquidation or reorganization, the payment of the principal of and interest on the subordinated debt securities will be subordinated to the extent provided in the subordinated indenture in right of payment to the prior payment in full of all our senior indebtedness. Because of this subordination, if we dissolve or otherwise liquidate, holders of our subordinated debt securities may receive less, ratably, than holders of our senior indebtedness. The subordination provisions do not prevent the occurrence of an event of default under the subordinated indenture.

The term *senior indebtedness* of a person means with respect to such person the principal of, premium, if any, interest on, and any other payment due pursuant to any of the following, whether outstanding on the date of the subordinated indenture or incurred by that person in the future:

all of the indebtedness of that person for money borrowed;

all of the indebtedness of that person evidenced by notes, debentures, bonds or other securities sold by that person for money;

all of the lease obligations that are capitalized on the books of that person in accordance with generally accepted accounting principles;

all indebtedness of others of the kinds described in the first two bullet points above and all lease obligations of others of the kind described in the third bullet point above that the person, in any manner, assumes or

guarantees or that the person in effect guarantees through an agreement to purchase, whether that agreement is contingent or otherwise; and

all renewals, extensions or refundings of indebtedness of the kinds described in the first, second or fourth bullet point above and all renewals or extensions of leases of the kinds described in the third or fourth bullet point above;

unless, in the case of any particular indebtedness, renewal, extension or refunding, the instrument creating or evidencing it or the assumption or guarantee relating to it expressly provides that such indebtedness, renewal, extension or refunding is not superior in right of payment to the subordinated debt securities. Our senior debt securities constitute senior indebtedness for purposes of the subordinated debt indenture.

Additional 7.75% Senior Subordinated Notes due 2019

In addition to the subordinated debt securities discussed above, we may issue subordinated debt securities constituting an additional issuance of our 7.75% senior subordinated notes due 2019 (the 2019 notes), \$200 million aggregate principal amount of which were initially issued in a private offering in February 2011 and \$125 million aggregate principal amount of which were issued as additional 2019 notes in a private offering in October 2012. As of December 5, 2014, \$325 million aggregate principal amount of the 2019 notes is outstanding, all of which has been publicly registered pursuant to registered exchange offers in August 2011 and November 2012. Any additional 2019 notes will be issued under the indenture, dated as of February 7, 2011 (the 2019 notes indenture), among the Company, the Guarantors named therein, and U.S. Bank National Association, as trustee. Any additional 2019 notes will be deemed to constitute a single series with the outstanding 2019 notes for all purposes of the 2019 notes indenture. For purposes of this section, capitalized terms have the meanings ascribed to them in this section.

The indebtedness evidenced by the 2019 notes is:

general unsecured obligations of Casella;

subordinated in right of payment to all existing and future Senior Debt of Casella;

equal in right of payment to all future senior subordinated Indebtedness of Casella;

senior in right of payment to any future Indebtedness of Casella that expressly provides that it is junior in right of payment to the 2019 notes; and

unconditionally guaranteed by the Guarantors.

The 2019 notes are guaranteed by each existing and future Restricted Subsidiary of Casella, other than any Foreign Subsidiary, any Insurance Subsidiary and certain Restricted Subsidiaries of Casella that do not guarantee the Senior Credit Facility or any Permitted Refinancing Indebtedness in respect thereof.

The Subsidiary Guarantee by each Guarantor of the 2019 notes is:

a general unsecured obligation of such Guarantor;

subordinated in right of payment to all existing and future Senior Debt of such Guarantor;

effectively subordinated to all of the liabilities of Casella's Subsidiaries that are not providing a Subsidiary Guarantee;

equal in right of payment to all future senior subordinated Indebtedness of such Guarantor; and

senior in right of payment to all future Indebtedness of such Guarantor that expressly provides that it is junior in right of payment to the Subsidiary Guarantee of such Guarantor.

As of December 5, 2014, all Subsidiaries, other than Power of Three, LLC, are Restricted Subsidiaries. However, under the circumstances described below under Additional 7.75% Senior Subordinated Notes due 2019 Certain Covenants Designation of Restricted and Unrestricted Subsidiaries, we are permitted to designate certain of our subsidiaries as Unrestricted Subsidiaries. Unrestricted Subsidiaries will not guarantee the 2019 notes or be subject to the restrictive covenants in the 2019 notes indenture, but transactions between Casella and/or any of its Restricted Subsidiaries on the one hand and any of the Unrestricted Subsidiaries on the other hand will be subject to certain restrictive covenants.

Our Unrestricted Subsidiaries, Foreign Subsidiaries, any Insurance Subsidiary and certain Restricted Subsidiaries will not guarantee the 2019 notes. The 2019 notes are structurally subordinated to the Indebtedness and other obligations (including trade payables) of our Unrestricted Subsidiaries, Foreign Subsidiaries and any Insurance Subsidiary.

Principal, Maturity and Interest. The 2019 notes indenture provides for the issuance of additional 2019 notes having identical terms and conditions to the initial 2019 notes, other than issue date, issue price, initial interest payment date and initial interest record date. Such additional 2019 notes may be issued subject to compliance with the covenants contained in the 2019 notes indenture. Any additional 2019 notes will be part of the same issue as the initial 2019 notes and will vote on all matters together with the initial 2019 notes. However, the CUSIP numbers for the initial 2019 notes and any additional 2019 notes will be different unless the initial 2019 notes and such additional 2019 notes are fungible for U.S. federal income tax purposes and, even in such case, only after the restrictive legends on the initial 2019 notes and such additional 2019 notes have been removed. All of the existing 2019 notes have the same CUSIP number.

We will issue 2019 notes in denominations of \$2,000 and integral multiples of \$1,000 in excess thereof.

The 2019 notes will mature on February 15, 2019.

Interest on the 2019 notes accrues at the rate of 7.75% per annum and is payable semi-annually in arrears on February 15 and August 15.

Methods of Receiving Payments on the Notes. If a Holder has given wire transfer instructions to Casella, Casella will make all principal, premium, if any, and interest payments on those 2019 notes in accordance with those instructions. All other payments on the 2019 notes will be made at the office or agency of the paying agent (the *Paying Agent*) and the registrar (the *Registrar*) within the City and State of New York unless Casella elects to make interest payments by check mailed to the Holders at their address set forth in the register of Holders.

Paying Agent and Registrar for the Notes. The trustee will initially act as Paying Agent and Registrar. Casella may change the Paying Agent or Registrar without prior notice to the Holders of the 2019 notes, and Casella or any of its Subsidiaries may act as Registrar and, except under certain circumstances specified in the 2019 notes indenture, Paying Agent.

Transfer and Exchange. A Holder may transfer or exchange 2019 notes in accordance with the 2019 notes indenture. The Registrar and the trustee may require a Holder, among other things, to furnish appropriate endorsements and transfer documents, and Casella may require a Holder to pay any taxes and fees required by law or permitted by the 2019 notes indenture. Casella is not required to transfer or exchange any 2019 note selected for redemption. Also, Casella is not required to transfer or exchange any 2019 note for a period of 15 days before a selection of 2019 notes to be redeemed. The registered Holder of a 2019 note will be treated as the owner of it for all purposes.

Subsidiary Guarantees. The Guarantors jointly and severally, fully and unconditionally, guarantee Casella's obligations under the 2019 notes. The Subsidiary Guarantee of each Guarantor is subordinated to the prior payment in full in cash or cash equivalents of all Senior Debt of that Guarantor to the same extent that the 2019 notes are subordinated to Senior Debt of Casella. The obligations of each Guarantor under its Subsidiary Guarantee will be limited as necessary to prevent that Subsidiary Guarantee from constituting a fraudulent conveyance under applicable law.

The Subsidiary Guarantee of a Guarantor will be released:

upon the sale or other disposition (including by way of merger or consolidation), to any Person that is not an Affiliate of Casella, of all of the Capital Stock of that Guarantor held by Casella or any of its Restricted

Subsidiaries or of all or substantially all of the assets of that Guarantor; *provided* that such sale or other disposition is made in accordance with the 2019 notes indenture;

upon the contemporaneous or substantially contemporaneous release or discharge of such Guarantor (1) as a guarantor, borrower and/or issuer in respect of the Senior Credit Facility and (2) if the Senior

Credit Facility has been terminated, as a guarantor of any issue of any other Indebtedness of more than \$5.0 million in aggregate principal amount (per issue) of Casella or any of its Restricted Subsidiaries (other than any Subsidiaries of such Guarantor), except, in each case, as a result of payment by a guarantor in its capacity as a guarantor (and not as a borrower and/or issuer); or

if Casella designates such Guarantor as an Unrestricted Subsidiary in accordance with the 2019 notes indenture.

Subordination. The payment of all Obligations on or relating to the 2019 notes is subordinated in right of payment to the prior payment in full in cash or cash equivalents of all Obligations on Senior Debt of Casella (including all Obligations with respect to the Senior Credit Facility, whether outstanding on the Issue Date or thereafter incurred). Notwithstanding the foregoing, payments and distributions made from the trust established pursuant to the provisions described under *Additional 7.75% Senior Subordinated Notes due 2019 Legal Defeasance and Covenant Defeasance* shall not be so subordinated in right of payment so long as the payments into the trust were made in accordance with the requirements described under *Additional 7.75% Senior Subordinated Notes due 2019 Legal Defeasance and Covenant Defeasance* and did not violate the subordination provisions when they were made.

The holders of Senior Debt will be entitled to receive payment in full in cash or cash equivalents of all Obligations due in respect of Senior Debt before the Holders of 2019 notes will be entitled to receive any payment or distribution of any kind or character with respect to any Obligations on, or relating to, the 2019 notes (other than payments or distributions of Permitted Junior Securities) in the event of any distribution to creditors of Casella:

- (1) in a total or partial liquidation, dissolution or winding up of Casella;
- (2) in a bankruptcy, reorganization, insolvency, receivership or similar proceeding relating to Casella or its assets;
- (3) in an assignment for the benefit of creditors; or
- (4) in any marshalling of Casella's assets and liabilities.

Casella also may not make any payment or distribution of any kind or character with respect to any Obligations on, or relating to, the 2019 notes or acquire any notes for cash or assets or otherwise, other than payments or distributions of Permitted Junior Securities and payments and distributions made from the trust established pursuant to the provisions described under *Additional 7.75% Senior Subordinated Notes due 2019 Legal Defeasance and Covenant Defeasance* so long as the payments into the trust were made in accordance with the requirements described under *Additional 7.75% Senior Subordinated Notes due 2019 Legal Defeasance and Covenant Defeasance* and did not violate the subordination provisions when they were made, if:

- (1) a payment default under the Senior Credit Facility or any other Senior Debt (in the case of such other Senior Debt, only if the aggregate principal amount thereof exceeds \$5.0 million) occurs and is continuing beyond the applicable grace period, if any; or

- (2) any other default occurs and is continuing on Designated Senior Debt that permits holders of the Designated Senior Debt to accelerate its maturity and the trustee receives a notice of such default (a Payment Blockage Notice) from the Representative of such Designated Senior Debt.

Payments on and distributions with respect to any Obligations on, or with respect to, the 2019 notes may and shall be resumed:

- (1) in the case of a payment default, upon the date on which all such payment defaults are cured or waived; and
- (2) in case of a nonpayment default with respect to Designated Senior Debt, the earliest of (w) the date on which all such nonpayment defaults are cured or waived, (x) 179 days after the date on which the

Table of Contents

applicable Payment Blockage Notice is received, (y) all Designated Senior Debt with respect to which any such nonpayment default has occurred and is continuing is discharged or paid in full in cash or cash equivalents, or (z) the date on which the Trustee receives notice from the Representative for such Designated Senior Debt rescinding the Payment Blockage Notice, unless the maturity of any Designated Senior Debt has been and remains accelerated.

No new Payment Blockage Notice may be delivered unless and until 360 days have elapsed since the effectiveness of the immediately prior Payment Blockage Notice.

No nonpayment default that existed or was continuing on the date of delivery of any Payment Blockage Notice to the Trustee shall be, or be made, the basis for a subsequent Payment Blockage Notice unless such default shall have been cured or waived for a period of not less than 90 consecutive days (it being acknowledged that any subsequent action, or any breach of any financial covenants for a period ending after the date of delivery of such initial Payment Blockage Notice that in either case would give rise to a default pursuant to any provisions under which a default previously existed or was continuing shall constitute a new default for this purpose).

Casella must promptly notify holders of Senior Debt if payment of the 2019 notes is accelerated because of an Event of Default.

As a result of the subordination provisions described above, in the event of a bankruptcy, liquidation or reorganization of Casella, Holders of the 2019 notes may recover less ratably than creditors of Casella who are holders of Senior Debt.

Optional Redemption. On or after February 15, 2015, Casella may from time to time redeem some or all of the 2019 notes upon not less than 30 nor more than 60 days notice, at the redemption prices (expressed as percentages of principal amount) set forth below, plus accrued and unpaid interest thereon, if any, to the applicable redemption date, if redeemed during the twelve month period beginning on February 15 of the years indicated below:

Year	Percentage
2015	103.875%
2016	101.938%
2017 and thereafter	100.000%

In addition, the 2019 notes may be redeemed, in whole or in part, at any time prior to February 15, 2015, at the option of Casella upon not less than 30 nor more than 60 days notice, at a redemption price equal to 100% of the principal amount of the 2019 notes redeemed plus the Applicable Premium as of, and accrued and unpaid interest to, the applicable redemption date (subject to the right of holders of record on the relevant interest record date to receive interest due on the relevant interest payment date). Applicable Premium means, with respect to any 2019 note on any applicable redemption date, the greater of:

1.0% of the principal amount of such 2019 note; and

the excess, if any, of:

the present value at such redemption date of (i) the redemption price of such 2019 note at February 15, 2015 (such redemption price being set forth in the table appearing above under this section Optional Redemption) plus (ii) all required interest payments (excluding accrued and unpaid interest to such redemption date) due on such 2019 note through February 15, 2015 computed using a discount rate equal to the Treasury Rate as of such redemption date plus 50 basis points; over

the principal amount of such 2019 note.

Treasury Rate means, as of any redemption date, the yield to maturity at the time of computation of United States Treasury securities with a constant maturity (as compiled and published in the most recent Federal Reserve Statistical Release H.15 (519) which has become publicly available at least two business days prior to the redemption date (or, if such Statistical Release is no longer published, any publicly available source or

Table of Contents

similar market data)) most nearly equal to the period from the redemption date to February 15, 2015; *provided, however*, that if the period from the redemption date to February 15, 2015 is not equal to the constant maturity of a United States Treasury security for which a weekly average yield is given, the Treasury Rate shall be obtained by linear interpolation (calculated to the nearest one-twelfth of a year) from the weekly average yields of United States Treasury securities for which such yields are given, except that if the period from the redemption date to February 15, 2015 is less than one year, the weekly average yield on actually traded United States Treasury securities adjusted to a constant maturity of one year shall be used.

Casella may acquire 2019 notes by means other than a redemption, whether pursuant to an issuer tender offer, open market purchases, negotiated transactions or otherwise, so long as such acquisition does not otherwise violate the terms of the 2019 notes indenture.

Selection and Notice. If less than all of the 2019 notes are to be redeemed at any time, the trustee will select 2019 notes for redemption as follows:

if the 2019 notes are listed on a national securities exchange, in compliance with the requirements of the principal national securities exchange on which the 2019 notes are listed; or

if the 2019 notes are not so listed, on a pro rata basis or on as nearly a pro rata basis as practicable (subject, to the extent the notes are then represented by one or more global notes registered in the name of or held by The Depository Trust Company or its nominee, to the procedures of The Depository Trust Company).

No 2019 notes of \$2,000 or less shall be redeemed in part. Notices of redemption shall be mailed by first class mail at least 30 but not more than 60 days before the redemption date to each Holder of 2019 notes to be redeemed at its registered address. Notices of redemption may not be conditional.

If any 2019 note is to be redeemed in part only, the notice of redemption that relates to that 2019 note shall state the portion of the principal amount thereof to be redeemed. A new 2019 note in principal amount equal to the unredeemed portion of the old 2019 note will be issued in the name of the Holder thereof upon cancellation of the old 2019 note. 2019 notes called for redemption become due on the date fixed for redemption. On and after the redemption date, interest ceases to accrue on 2019 notes or portions of them called for redemption.

Change of Control. If a Change of Control occurs, each Holder of notes will have the right to require Casella to repurchase all or any part (equal to \$2,000 or an integral multiple of \$1,000 in excess thereof) of that Holder's 2019 notes pursuant to a Change of Control Offer (the "Change of Control Offer"). In the Change of Control Offer, Casella will offer to pay an amount in cash (the "Change of Control Payment") equal to 101% of the aggregate principal amount of 2019 notes repurchased, plus accrued and unpaid interest thereon, if any, to the date of purchase. Within 30 days following any Change of Control, Casella will mail a notice to each Holder describing the transaction or transactions that constitute the Change of Control and offering to repurchase 2019 notes on the date (the "Change of Control Payment Date") specified in such notice, which date shall be no earlier than 30 days and no later than 60 days from the date such notice is mailed, pursuant to the procedures required by the 2019 notes indenture and described in such notice.

On or before the Change of Control Payment Date, Casella will, to the extent lawful:

accept for payment all 2019 notes or portions thereof properly tendered pursuant to the Change of Control Offer;

deposit with the Paying Agent an amount equal to the Change of Control Payment in respect of all 2019 notes or portions thereof so tendered; and

deliver or cause to be delivered to the trustee the 2019 notes so accepted together with an Officer's Certificate stating the aggregate principal amount of 2019 notes or portions thereof being purchased by Casella.

Table of Contents

The Paying Agent will promptly mail to each Holder of 2019 notes so tendered the Change of Control Payment for such 2019 notes, and the trustee will promptly authenticate and mail (or cause to be transferred by book entry) to each Holder a new 2019 note equal in principal amount to any unpurchased portion of the 2019 notes surrendered, if any; *provided* that each such new 2019 note will be in a principal amount of \$2,000 or an integral multiple of \$1,000 in excess thereof.

Prior to complying with any of the provisions of this Change of Control covenant, but in any event within 90 days following a Change of Control, Casella will either repay all outstanding Senior Debt that is governed by agreements that would prevent Casella from complying with such Change of Control provisions, or obtain the requisite consents, if any, under all such agreements governing such outstanding Senior Debt to permit the repurchase of 2019 notes required by this covenant. Casella will publicly announce the results of the Change of Control Offer as soon as practicable after the Change of Control Payment Date.

Casella will not be required to make a Change of Control Offer upon a Change of Control if a third party makes the Change of Control Offer in the manner, at the times and otherwise in compliance with the requirements set forth in the 2019 notes indenture applicable to a Change of Control Offer made by Casella and purchases all 2019 notes validly tendered and not withdrawn under such Change of Control Offer.

Notwithstanding the foregoing, Casella shall not be required to make a Change of Control Offer, as provided above, if, in connection with or in contemplation of any Change of Control, it or a third party has made an offer to purchase (an Alternate Offer) any and all 2019 notes validly tendered at a cash price equal to or higher than the Change of Control Payment and has purchased all 2019 notes properly tendered in accordance with the terms of such Alternate Offer. The Alternate Offer shall remain, if commenced prior to the Change of Control, open for acceptance until the consummation of the Change of Control, must permit Holders to withdraw any tenders of 2019 notes made into the Alternate Offer until the final expiration or consummation thereof and must comply with all the other provisions applicable to the Change of Control Offer.

Casella will comply, and will cause any third party making a Change of Control Offer or an Alternate Offer to comply, with the requirements of Rule 14e-1 under the Securities Exchange Act of 1934, as amended (the Exchange Act) and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with a Change of Control Offer or an Alternate Offer. To the extent the provisions of any applicable securities laws or regulations conflict with the provisions of the 2019 notes indenture relating to a Change of Control Offer, Casella will not be deemed to have breached its obligations under the 2019 notes indenture by virtue of complying with such laws or regulations.

The occurrence of a Change of Control would constitute an event of default under Casella's Senior Credit Facility. In addition, the Senior Credit Facility prohibits Casella from purchasing any 2019 notes, subject to the terms and conditions of the applicable agreements, and the agreements governing any future Senior Debt may prohibit Casella from purchasing any 2019 notes, subject to the terms and conditions of the applicable agreements, and may also provide that certain change of control events with respect to Casella would constitute a default under such agreements. In the event a Change of Control occurs at a time when Casella is prohibited from purchasing notes as required under the 2019 notes indenture, Casella could seek the consent of the holders of any applicable Senior Debt to the purchase of 2019 notes or could attempt to refinance the Senior Debt that contains such prohibition. If Casella does not obtain such a consent or repay such Senior Debt, Casella will remain prohibited from purchasing 2019 notes. In such a case, Casella's failure to purchase 2019 notes as required by the 2019 notes indenture would constitute an Event of Default with respect to the 2019 notes which would, in turn, constitute a default under such Senior Debt. In such circumstances, the subordination provisions in the 2019 notes indenture would likely restrict payments to the Holders of 2019 notes.

If a Change of Control were to occur, there can be no assurance that Casella would have sufficient funds to pay the purchase price for all 2019 notes and amounts due under other Indebtedness that Casella may be required to repurchase or repay or that Casella or the other Guarantors would be able to make such payments. In the event

Table of Contents

that Casella were required to purchase outstanding notes pursuant to a Change of Control Offer, Casella expects that it would need to seek third party financing to the extent it does not have available funds to enable Casella to meet its purchase obligations. However, there can be no assurance that Casella would be able to obtain such financing.

The definition of Change of Control includes a phrase relating to the sale, lease, transfer, conveyance or other disposition of all or substantially all of the assets of Casella and its Subsidiaries taken as a whole. Although there is a limited body of case law interpreting the phrase substantially all, there is no precise established definition of the phrase under applicable law. Accordingly, the ability of a Holder of 2019 notes to require Casella to repurchase such 2019 notes as a result of a sale, lease, transfer, conveyance or other disposition of less than all of the assets of Casella and its Subsidiaries taken as a whole may be uncertain.

The provisions described above that require Casella to make a Change of Control Offer following a Change of Control will be applicable regardless of whether or not any other provisions of the 2019 notes indenture are applicable. Except as described above with respect to a Change of Control, the 2019 notes indenture does not contain provisions that permit the Holders of the notes to require that Casella repurchase or redeem the 2019 notes in the event of a takeover, recapitalization or similar transaction.

Asset Sales. Casella will not, and will not permit any of its Restricted Subsidiaries to, consummate an Asset Sale unless:

Casella or such Restricted Subsidiary, as the case may be, receives consideration at the time of such Asset Sale at least equal to the fair market value (as determined in good faith by Casella) of the assets or Equity Interests issued, sold or otherwise disposed of; and

at least 75% of the consideration therefor received by Casella or such Restricted Subsidiary is in the form of cash or Cash Equivalents and is received at the time of such Asset Sale.

For purposes of the last bullet in the preceding paragraph, each of the following shall be deemed to be cash:

- (a) the amount of any liabilities shown on Casella's or such Restricted Subsidiary's most recent balance sheet (other than contingent liabilities and liabilities that are by their terms subordinated to the 2019 notes or any Subsidiary Guarantee) that are assumed by another Person and from which Casella and its Restricted Subsidiaries are released from further liability;
- (b) any securities, 2019 notes or other obligations received by Casella or any such Restricted Subsidiary from such transferee that are promptly (subject to ordinary settlement periods) converted by Casella or such Restricted Subsidiary into cash (to the extent of the cash received in that conversion); and
- (c) the fair market value (as determined in good faith by the Board of Directors of Casella) of any Replacement Assets received.

Within 365 days after the receipt of any Net Proceeds from an Asset Sale, Casella may apply such Net Proceeds at its option:

- (a) to repay Senior Debt and, if the Senior Debt repaid is revolving credit Indebtedness, to permanently reduce a corresponding amount of commitments with respect thereto;
- (b) to make an investment in or expenditures for assets (excluding securities other than Capital Stock of any Person that (A) is or becomes a Guarantor or (B) is merged, consolidated or amalgamated with or into, or transfers all or substantially all of its assets to, or is liquidated into, Casella or any Guarantor) that replace the assets that were the subject of the Asset Sale or that will be used in the Permitted Business (Replacement Assets); and/or
- (c) to redeem 2019 notes pursuant to any of the provisions of the 2019 notes indenture described under the caption Additional 7.75% Senior Subordinated Notes due 2019 Optional Redemption.

Table of Contents

Pending the final application of any such Net Proceeds, Casella may temporarily reduce revolving credit borrowings or otherwise invest such Net Proceeds in any manner that is not prohibited by the 2019 notes indenture.

Any Net Proceeds from Asset Sales that are not applied as provided in the preceding paragraph will constitute Excess Proceeds. When the aggregate amount of Excess Proceeds exceeds \$10.0 million, Casella will make an offer to

all Holders of 2019 notes; and

all holders of other Indebtedness that ranks pari passu with the 2019 notes containing provisions similar to those set forth in the 2019 notes indenture with respect to offers to purchase or redeem with the proceeds of sales of assets (Pari Passu Debt), in each case, to purchase (an Asset Sale Offer) the maximum principal amount of 2019 notes or 2019 notes and such Pari Passu Debt, as the case may be, that may be purchased out of the Excess Proceeds. The offer price in any Asset Sale Offer will be equal to (i) 100% of the principal amount of 2019 notes purchased or (ii) 100% of the principal amount of 2019 notes purchased and 100% of the principal amount (or accreted value) of such Pari Passu Debt purchased, in each case, plus accrued and unpaid interest, if any, to the date of purchase, and will be payable in cash. If the aggregate principal amount of 2019 notes and such Pari Passu Debt tendered into such Asset Sale Offer exceeds the amount of Excess Proceeds, the trustee shall select the 2019 notes and such Pari Passu Debt, as the case may be, to be purchased on a pro rata basis. Upon completion of each Asset Sale Offer, the amount of Excess Proceeds shall be reset at zero. Accordingly, if any Excess Proceeds remain after consummation of an Asset Sale Offer, Casella may use such Excess Proceeds for any purpose not otherwise prohibited by the 2019 notes indenture.

When any non-cash consideration received by Casella or any of its Restricted Subsidiaries in connection with any Asset Sale is converted into or sold or otherwise disposed of for cash or Cash Equivalents, such cash and Cash Equivalents must be applied in accordance with this covenant.

Casella will comply with the requirements of Rule 14e-1 under the Exchange Act and any other securities laws and regulations thereunder to the extent such laws and regulations are applicable in connection with an Asset Sale Offer. To the extent the provisions of any applicable securities laws or regulations conflict with the provisions of the 2019 notes indenture relating to an Asset Sale Offer, Casella will not be deemed to have breached its obligations under the 2019 notes indenture by virtue of complying with such laws or regulations.

The Senior Credit Facility currently prohibits Casella from purchasing any 2019 notes, subject to the terms and conditions of the applicable agreements. In addition, the agreements governing any future Senior Debt may prohibit Casella from purchasing any 2019 notes. In the event the 2019 notes indenture requires Casella to make an Asset Sale Offer at a time when Casella is prohibited from purchasing 2019 notes, Casella could seek the consent of its senior debt holders to the purchase of 2019 notes, use the proceeds of the Asset Sale to pay down such Senior Debt, or attempt to refinance Senior Debt that contain such prohibitions. If Casella does not obtain such consents or repay or refinance such Senior Debt, Casella would remain prohibited from purchasing 2019 notes. In such case, Casella's failure to purchase 2019 notes when required by the 2019 notes indenture would constitute an Event of Default under the 2019 notes indenture which would, in turn, constitute a default under such Senior Debt. In such circumstances, the subordination provisions in the 2019 notes indenture would likely restrict payments to the Holders of 2019 notes.

Certain Covenants. Set forth below are summaries of certain covenants contained in the 2019 notes indenture.

Restricted Payments. Casella will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly:

- (a) declare or pay any dividend or make any other payment or distribution on account of Casella's or any of its Restricted Subsidiaries' Equity Interests (including, without limitation, any payment in

Table of Contents

connection with any merger or consolidation involving Casella or any of its Restricted Subsidiaries) or to the direct or indirect holders of Casella's or any of its Restricted Subsidiaries' Equity Interests in their capacity as such (other than dividends or distributions payable solely in Qualified Capital Stock or dividends or distributions payable to Casella or any of its Restricted Subsidiaries);

- (b) purchase, redeem or otherwise acquire or retire for value (including, without limitation, in connection with any merger or consolidation involving Casella or any of its Restricted Subsidiaries) any Equity Interests of Casella or any direct or indirect parent of Casella or any Restricted Subsidiary of Casella (other than any such Equity Interests owned by Casella or any of its Restricted Subsidiaries);
- (c) make any payment on or with respect to, or purchase, redeem, prepay, decrease, defease or otherwise acquire or retire for value, any Indebtedness that is expressly subordinated in right of payment to the 2019 notes or any Subsidiary Guarantee, except (x) any payment of interest or principal at the Stated Maturity thereof, (y) any payment made with Qualified Capital Stock and (z) any payment made to Casella or any of its Restricted Subsidiaries; or

- (d) make any Restricted Investment

(all such payments and other actions set forth in clauses (a) through (d) above being collectively referred to as Restricted Payments), unless, at the time of and after giving effect to such Restricted Payment:

- (1) no Default has occurred and is continuing or would occur as a consequence thereof;
- (2) Casella would, at the time of such Restricted Payment and after giving pro forma effect thereto as if such Restricted Payment had been made at the beginning of the applicable Four Quarter Period, have been permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Coverage Ratio Exception; and
- (3) such Restricted Payment, together with the aggregate amount of all other Restricted Payments made by Casella and its Restricted Subsidiaries after the date of the 2019 notes indenture (excluding Restricted Payments permitted by clauses (2), (3), (4) (only to the extent payable to Casella or any of its Restricted Subsidiaries), (5) and (7) of the next succeeding paragraph), is less than the sum (the Basket), without duplication, of
 - (i) 50% of the Consolidated Net Income of Casella for the period (taken as one accounting period) from the beginning of the first fiscal quarter commencing after the Issue Date to the end of Casella's most recently ended fiscal quarter for which internal financial statements are available at the time of such Restricted Payment (or, if such Consolidated Net Income for such period is a deficit, less 100% of such deficit); *plus*

- (ii)

100% of the aggregate net cash proceeds received by Casella since the Issue Date from the issuance and sale of Qualified Capital Stock or from the issuance and sale of convertible or exchangeable Disqualified Capital Stock or Indebtedness of Casella or any of its Restricted Subsidiaries that has been converted into or exchanged for Qualified Capital Stock (other than any issuance and sale to a Subsidiary of Casella), less the amount of any cash, or the fair market value of any other assets, distributed by Casella or any of its Restricted Subsidiaries upon such conversion or exchange (other than to Casella or any of its Restricted Subsidiaries); *plus*

- (iii) to the extent not otherwise included in the calculation of Consolidated Net Income for purposes of clause (i) above, 100% of (x) any amount received in cash by Casella or any of its Restricted Subsidiaries as dividends, distributions or return of capital from, or payment of interest or principal on any loan or advance to, and (y) the aggregate net cash proceeds received by Casella or any of its Restricted Subsidiaries upon the sale or other disposition of, the investee (other than an Unrestricted Subsidiary of Casella) of any Investment made by Casella and its Restricted Subsidiaries since the Issue Date; provided that the foregoing sum shall not exceed, in the case of any investee, the aggregate amount of Investments previously made (and treated as a Restricted Payment) by Casella or any of its Restricted Subsidiaries in such investee subsequent to the Issue Date; *plus*

Table of Contents

- (iv) to the extent not otherwise included in the calculation of Consolidated Net Income for purposes of clause (i) above, 100% of (x) any amount received in cash by Casella or any of its Restricted Subsidiaries as dividends, distributions or return of capital from, or payment of interest or principal on any loan or advance to, or upon the sale or other disposition of the Capital Stock of, an Unrestricted Subsidiary of Casella and (y) the fair market value of the net assets of an Unrestricted Subsidiary of Casella, at the time such Unrestricted Subsidiary is redesignated as a Restricted Subsidiary or is merged, consolidated or amalgamated with or into, or is liquidated into, Casella or any of its Restricted Subsidiaries, multiplied by Casella's proportionate interest in such Subsidiary; *provided* that the foregoing sum shall not exceed, in the case of any Unrestricted Subsidiary, the aggregate amount of Investments previously made (and treated as a Restricted Payment) by Casella or any of its Restricted Subsidiaries in such Unrestricted Subsidiary subsequent to the Issue Date; *plus*

- (v) to the extent not otherwise included in the calculation of Consolidated Net Income for purposes of clause (i) above, 100% of the amount of any Investment made (and treated as a Restricted Payment) since the Issue Date in a Person that subsequently becomes a Restricted Subsidiary of Casella.

The preceding provisions will not prohibit:

- (1) the payment of any dividend within 60 days after the date of declaration thereof, if at said date of declaration such payment would have complied with the provisions of the 2019 notes indenture;

- (2) the redemption, repurchase, retirement, defeasance or other acquisition of (A) any Indebtedness of Casella or any Guarantor that is expressly subordinated in right of payment to the 2019 notes or any Subsidiary Guarantee or (B) any Equity Interests of Casella or any of its Restricted Subsidiaries in exchange for, or out of the net cash proceeds of the substantially concurrent issuance and sale (other than to a Subsidiary of Casella) of, Qualified Capital Stock; *provided* that the amount of any such net cash proceeds that are utilized for any such redemption, repurchase, retirement, defeasance or other acquisition shall not increase the Basket;

- (3) the redemption, repurchase, retirement, defeasance or other acquisition of Indebtedness of Casella or any Guarantor which is expressly subordinated in right of payment to the notes or any Subsidiary Guarantee with the net cash proceeds from an incurrence of Permitted Refinancing Indebtedness;

- (4) the payment of any dividend or other distribution by a Restricted Subsidiary of Casella in respect of any class or series of securities of such Restricted Subsidiary so long as Casella or a Restricted Subsidiary receives at least its pro rata share of such dividend or distribution in accordance with its Equity Interests in such class or series of securities;

- (5) the repurchase of Equity Interests deemed to occur upon the exercise of stock options if such Equity Interests represent a portion of the exercise price thereof;

(6) as long as no Default has occurred and is continuing or would be caused thereby, the redemption, repurchase or other acquisition of Equity Interests constituting restricted stock repurchased from an employee of Casella or any of its Restricted Subsidiaries in connection with the termination of employment of such employee, in an amount not to exceed the net cash proceeds received from such terminated employee upon issuance of such Equity Interests; and

(7) Restricted Payments not to exceed \$10.0 million in the aggregate since the Issue Date.

The amount of all Restricted Payments (other than cash) shall be the fair market value on the date of the Restricted Payment of the asset(s) or securities proposed to be transferred or issued by Casella or such Restricted Subsidiary, as the case may be, pursuant to the Restricted Payment. The fair market value of any assets or securities (other than cash) having a fair market value in excess of \$5.0 million that are required to be valued by this covenant shall be determined in good faith by the Board of Directors, whose resolution with respect thereto shall be delivered to the trustee. The Board of Directors' determination must be based upon an opinion or appraisal issued by an accounting, appraisal or investment banking firm of national standing if such fair market

Table of Contents

value exceeds \$10.0 million. Not later than the date of making any Restricted Payment, Casella shall deliver to the trustee an Officer's Certificate stating that such Restricted Payment is permitted and setting forth the basis upon which the calculations required by this Restricted Payments covenant were computed, together with a copy of any fairness opinion or appraisal required by the 2019 notes indenture.

In determining whether any Restricted Payment is permitted by the foregoing covenant, Casella may allocate or reallocate all or any portion of such Restricted Payment between clauses (6) and (7) of the second paragraph of this Restricted Payments covenant or between such clauses and the Basket; *provided* that at the time of such allocation or reallocation, all such Restricted Payments, or allocated portions thereof, would be permitted under such provisions.

Incurrence of Indebtedness and Issuance of Preferred Stock. On or after the date of the 2019 notes indenture (i) Casella will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, incur any Indebtedness (including Acquired Debt), and (ii) Casella will not issue any Disqualified Capital Stock and will not permit any of its Restricted Subsidiaries to issue any shares of Preferred Stock; provided that Casella or any Guarantor may incur Indebtedness (including Acquired Debt), and Casella may issue Disqualified Capital Stock, if the Consolidated Fixed Charge Coverage Ratio is at least 2.0 to 1.0 (this proviso, the Coverage Ratio Exception).

The first paragraph of this covenant will not prohibit the incurrence of any of the following items of Indebtedness (collectively, Permitted Debt):

- (1) Indebtedness and letters of credit by Casella or any Guarantor under the Senior Credit Facility (with letters of credit being deemed to have a principal amount equal to the maximum potential liability of Casella and the Guarantors thereunder) in an aggregate principal amount not to exceed \$350.0 million, plus (x) the aggregate principal amount of Second Lien Notes (and any Permitted Refinancing Indebtedness in respect thereof) that have been repurchased, repaid, redeemed or otherwise satisfied from and after the Issue Date, less (y) the aggregate amount of all Net Proceeds of Asset Sales (other than (i) \$123.0 million (the Net Proceeds of the FCR Disposition) and (ii) up to \$75.0 million of Net Proceeds from Asset Sales of Specified Assets) applied by Casella or any of its Subsidiaries since the date of the 2019 notes indenture to repay Indebtedness under the Senior Credit Facility pursuant to clause (1) of the third paragraph under Repurchase at the Option of Holders Asset Sales ;
- (2) Indebtedness under the Second Lien Notes Documents, and Permitted Refinancing Indebtedness in respect thereof, in an aggregate principal amount not to exceed \$180.0 million plus (x) the Available Amount less (y) the aggregate principal amount of Second Lien Notes that have been repurchased, repaid, redeemed or otherwise satisfied from and after the Issue Date (to the extent increasing the amount available under clause (1) above), at any time outstanding;

Table of Contents

Notwithstanding any other provision in this covenant, the maximum amount of Indebtedness that Casella or any of its Restricted Subsidiaries may incur pursuant to this covenant shall not be deemed to be exceeded as a result of fluctuations in exchange rates of currencies. The outstanding principal amount of any particular Indebtedness shall be counted only once and any obligation arising under any Guarantee, Lien, letter of credit or similar instrument supporting such Indebtedness shall be disregarded, so long as the obligor is permitted to incur such obligation. For purposes of determining compliance with this covenant, in the event that an item of proposed Indebtedness meets the criteria of more than one of the categories of Permitted Debt described in clauses (1) through (13) above, or is entitled to be incurred pursuant to the Coverage Ratio Exception, Casella will be permitted to divide and classify such item of Indebtedness on the date of its incurrence in any manner that complies with this covenant (provided that all Indebtedness outstanding under the Senior Credit Facility on the Issue Date, for the avoidance of doubt only to the extent such Indebtedness is not refinanced, repaid or prepaid after the Issue Date, shall be deemed to have been incurred pursuant to clause (1) above).

No Senior Subordinated Debt. Casella will not, directly or indirectly, incur any Indebtedness that is, or purports to be, subordinate or junior in right of payment to any Senior Debt of Casella and senior in any respect in right of payment to the 2019 notes. No Guarantor will, directly or indirectly, incur any Indebtedness that is, or purports to be, subordinate or junior in right of payment to any Senior Debt of such Guarantor and senior in any respect in right of payment to such Guarantor's Subsidiary Guarantee. For purposes hereof, unsecured Indebtedness shall not be deemed to be subordinate or junior to secured Indebtedness solely because it is unsecured, and Indebtedness that is not Guaranteed by a particular Person shall not be deemed to be subordinate or junior to Indebtedness solely because it is not so Guaranteed. In addition, no Indebtedness or other obligation (including guarantees thereof) will be deemed to be subordinated in right of payment to any other Indebtedness or obligation solely by virtue of being secured by a junior priority lien or by virtue of the fact that the holders of such Indebtedness or other obligation have entered into intercreditor agreements or other arrangements giving one or more of such holders priority over the other holders in the collateral held by them, including intercreditor agreements that contain customary provisions requiring turnover by holders of junior priority liens of proceeds of collateral in the event that the security interests in favor of the holders of the senior priority in such intended collateral are not perfected or are invalidated, and similar customary provisions protecting the holders of senior priority liens.

Liens. Casella will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create, incur, assume or suffer to exist any Lien of any kind securing Indebtedness, Attributable Debt or trade payables on any asset now owned or hereafter acquired, except Permitted Liens, unless all payments due under the 2019 notes indenture and the 2019 notes are secured on an equal and ratable basis with the obligation so secured until such time as such is no longer secured by a Lien; *provided* that if such obligation is by its terms expressly subordinated to the 2019 notes or any Subsidiary Guarantee, the Lien securing such obligation shall be subordinate and junior to the Lien securing the 2019 notes and the Subsidiary Guarantees with the same relative priority as such subordinate or junior obligation shall have with respect to the 2019 notes and the Subsidiary Guarantees.

Dividend and Other Payment Restrictions Affecting Subsidiaries. Casella will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, create or permit to exist or become effective any consensual encumbrance or restriction on the ability of any Restricted Subsidiary to:

- (1) pay dividends or make any other distributions on or in respect of its Equity Interests to Casella or any of Casella's Restricted Subsidiaries, or with respect to any other interest or participation in, or measured by, its profits, or pay any indebtedness owed to Casella or any of Casella's Restricted Subsidiaries;

- (2) make loans or advances to Casella or any of Casella's Restricted Subsidiaries; or
- (3) transfer any of its properties or assets to Casella or any of Casella's Restricted Subsidiaries.

Table of Contents

However, the preceding restrictions will not apply to encumbrances or restrictions existing under or by reason of:

- (1) the Senior Credit Facility, the Second Lien Notes Documents or any Existing Indebtedness, in each case, as in effect on the date of the 2019 notes indenture and any amendments or refinancings thereof; *provided* that such amendments or refinancings are not materially more restrictive, taken as a whole, with respect to such dividend and other restrictions than those contained in the Senior Credit Facility, the Second Lien Notes Documents or such Existing Indebtedness, as applicable, as in effect on the date of the 2019 notes indenture;
- (2) the 2019 notes indenture and the 2019 notes;
- (3) applicable law, rule, regulation or order of any governmental authority;
- (4) any instrument governing Indebtedness or Capital Stock of a Person acquired by Casella or any of its Restricted Subsidiaries as in effect at the time of such acquisition (except to the extent such Indebtedness was incurred in connection with or in contemplation of such acquisition), which encumbrance or restriction is not applicable to any Person, or the properties or assets of any Person, other than the Person, or the property or assets of the Person, so acquired; *provided* that, in the case of Indebtedness, such Indebtedness was permitted by the terms of the 2019 notes indenture to be incurred;
- (5) customary non-assignment provisions (and sublease restrictions) in leases entered into in the ordinary course of business and consistent with past practices;
- (6) Purchase Money Obligations that impose restrictions only on the property acquired of the nature described in clause (3) of the preceding paragraph;
- (7) any agreement for the sale or other disposition of a Restricted Subsidiary that restricts distributions by such Restricted Subsidiary pending its sale or other disposition; *provided* that such sale or disposition is made in compliance with the provisions of the 2019 notes indenture described under the caption *Additional 7.75% Senior Subordinated Notes due 2019 Repurchase at the Option of Holders Asset Sales* ;
- (8) Permitted Refinancing Indebtedness; *provided* that such dividend and other restrictions contained in the agreements governing such Permitted Refinancing Indebtedness are not materially more restrictive, taken as a whole, than those contained in the agreements governing the Indebtedness being refinanced;
- (9) Liens securing Indebtedness otherwise permitted to be incurred pursuant to the provisions of the covenant described above under the caption *Additional 7.75% Senior Subordinated Notes due 2019 Liens* that limit the right of Casella or any of its Restricted Subsidiaries to dispose of the assets subject to such Lien;

- (10) provisions with respect to the disposition or distribution of assets or property in joint venture agreements (including, without limitation, agreements with respect to Restricted Subsidiaries that are not wholly owned) and other similar agreements entered into in the ordinary course of business;
- (11) customary restrictions on cash or other deposits or net worth imposed by customers or government authorities under contracts or other agreements entered into in the ordinary course of business; and
- (12) any agreement relating to a Sale and Leaseback Transaction, Purchase Money Obligation, industrial revenue bond or Capital Lease Obligation, in each case, otherwise not prohibited by the 2019 notes indenture, but only on the property subject to such transaction or lease and only to the extent that such restrictions or encumbrances are customary with respect to a Sale and Leaseback Transaction, Purchase Money Obligation, industrial revenue bond or capital lease.

Transactions with Affiliates. Casella will not, and will not permit any of its Restricted Subsidiaries to, directly or indirectly, make any payment to, or sell, lease, transfer or otherwise dispose of any of its properties or assets to, or purchase any property or assets from, or enter into or make or amend any transaction, contract, agreement, understanding, loan, advance or guarantee with, or for the benefit of, any of its Affiliates (each, an Affiliate Transaction), unless:

- (1) such Affiliate Transaction is on terms that are no less favorable to Casella or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by Casella or such Restricted Subsidiary with an unrelated Person; and
- (2) Casella delivers to the Trustee:
 - (i) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$5.0 million, a resolution of the Board of Directors of Casella set forth in an Officer's Certificate certifying that such Affiliate Transaction complies with this covenant and that such Affiliate Transaction has been approved by a majority of the Disinterested Directors of Casella, if there are any such Disinterested Directors; and
 - (ii) with respect to any Affiliate Transaction or series of related Affiliate Transactions involving aggregate consideration in excess of \$10.0 million, or in excess of \$5.0 million if such transaction has not been approved by a majority of the Disinterested Directors or if at such time there are no Disinterested Directors, an opinion as to the fairness of such Affiliate Transaction from a financial point of view issued by an accounting, appraisal or investment banking firm of national standing.

The following items shall not be deemed to be Affiliate Transactions and, therefore, will not be subject to the provisions of the prior paragraph:

- (1) transactions exclusively between or among Casella and/or one or more of its Restricted Subsidiaries; provided, in each case, such transaction is not otherwise prohibited by the 2019 notes indenture and that no Affiliate of Casella (other than a Restricted Subsidiary) owns any Equity Interests in any Restricted Subsidiary that is a party to such transaction;
- (2) any agreement in effect on the Issue Date as in effect on the Issue Date or as thereafter amended in a manner which is, taken as a whole, in the good faith judgment of the Board of Directors of Casella not materially less favorable to Casella or such Restricted Subsidiary than the original agreement as in effect on the Issue Date;
- (3) any employment, compensation, benefit or indemnity agreements, arrangements or plans in respect of any officer, director, employee or consultant of Casella or any of its Restricted Subsidiaries entered into in the ordinary course of business and approved by the Board of Directors of Casella or an authorized committee

thereof;

- (5) transactions between Casella or any of its Restricted Subsidiaries on the one hand and any Person that is not a Subsidiary of Casella on the other hand; *provided*, in each case, that (i) such transaction (a) is on terms that are no less favorable to Casella or the relevant Restricted Subsidiary than those that would have been obtained in a comparable transaction by Casella or such Restricted Subsidiary with an unrelated Person and (b) is not otherwise prohibited by the 2019 notes indenture and (ii) that no Affiliate of Casella (other than a Restricted Subsidiary) owns any Equity Interests in any Person that is a party to such transaction;
- (6) the issuance and sale of Qualified Capital Stock; and

Additional Subsidiary Guarantees. If any Restricted Subsidiary (i) becomes a guarantor, borrower and/or issuer in respect of the Senior Credit Facility or the Second Lien Notes or (ii) if the Senior Credit Facility has been terminated, becomes a guarantor of any other issue of Indebtedness of \$5.0 million or more in aggregate principal amount (per issue) of Casella or any of its Restricted Subsidiaries (other than any Restricted Subsidiary of such Restricted Subsidiary), then that Restricted Subsidiary must become a Guarantor and shall, concurrently with the Guarantee of such Indebtedness:

- (1) execute and deliver to the trustee a supplemental indenture in form reasonably satisfactory to the trustee pursuant to which such Restricted Subsidiary shall unconditionally guarantee all of Casella's obligations under the notes and the 2019 notes indenture on the terms set forth in the notes indenture; and
- (2) deliver to the trustee an Opinion of Counsel that such supplemental indenture has been duly authorized, executed and delivered by such Restricted Subsidiary and constitutes a valid and legally binding and enforceable obligation of such Restricted Subsidiary, subject to customary exceptions.

Thereafter, such Restricted Subsidiary shall be a Guarantor for all purposes of the 2019 notes indenture.

Notwithstanding the preceding paragraph, any Subsidiary Guarantee provides by its terms that it will be automatically and unconditionally released and discharged under the circumstances described above under the caption *Additional 7.75% Senior Subordinated Notes due 2019 Subsidiary Guarantees*. The form of the Subsidiary Guarantee will be attached as an exhibit to the notes indenture.

Designation of Restricted and Unrestricted Subsidiaries. The Board of Directors of Casella may designate (a *Designation*) any Restricted Subsidiary to be an Unrestricted Subsidiary if such Designation would not cause a Default. If a Restricted Subsidiary is designated as an Unrestricted Subsidiary, all outstanding Investments owned by Casella and its Restricted Subsidiaries in the Subsidiary so designated will be deemed to be an Investment made as of the time of such Designation and will reduce the amount available for Restricted Payments under the first paragraph of the covenant described above under the caption *Additional 7.75% Senior Subordinated Notes due 2019 Restricted Payments* or for Permitted Investments, as applicable. All such outstanding Investments will be valued at their fair market value at the time of such Designation in accordance with the provisions of the second to last paragraph under *Additional 7.75% Senior Subordinated Notes due 2019 Restricted Payments*. Such Designation will be permitted only if such Investment would be a Permitted Investment or otherwise would at the time of such Designation not be prohibited under provisions of the 2019 notes indenture described under the caption *Additional 7.75% Senior Subordinated Notes due 2019 Restricted Payments*.

The Board of Directors of Casella may revoke any Designation of a Subsidiary of Casella as an Unrestricted Subsidiary (a *Revocation*); *provided* that

- (1) no Default exists at the time of or after giving effect to such Revocation; and
- (2) all Liens and Indebtedness of such Unrestricted Subsidiary outstanding immediately after such Revocation would, if incurred at such time, have been permitted to be incurred (and shall be deemed to have been incurred) for all purposes of the notes indenture.

Any such Designation or Revocation by the Board of Directors of Casella after the Issue Date shall be evidenced to the Trustee by promptly filing with the Trustee a copy of the resolution of the Board of Directors of Casella giving effect to such Designation or Revocation and an Officer's Certificate certifying that such Designation or Revocation complied with the foregoing provisions.

Business Activities. Casella will not, and will not permit any Restricted Subsidiary to, engage in any business other than Permitted Businesses.

Payments for Consent. Casella will not, and will not permit any of its Subsidiaries to, directly or indirectly, pay or cause to be paid any consideration to or for the benefit of any Holder of notes for or as an inducement to any consent, waiver or amendment of any of the terms or provisions of the 2019 notes indenture or the 2019 notes unless such consideration is offered to be paid and is paid to all Holders of the notes that consent, waive or agree to amend in the time frame set forth in the solicitation documents relating to such consent, waiver or amendment.

Reports. Whether or not required by the SEC, so long as any notes are outstanding, Casella will furnish to the Holders of 2019 notes, within the time periods specified in the SEC's rules and regulations:

(1) all quarterly and annual financial information that would be required to be contained in a filing with the SEC on Forms 10-Q and 10-K if Casella were required to file such Forms, including a Management's Discussion and Analysis of Financial Condition and Results of Operations and, with respect to the annual information only, a report on the annual financial statements by Casella's certified independent accountants; and

(2) all current reports that would be required to be filed with the SEC on Form 8-K if Casella were required to file such reports;

provided that any such above information or reports filed with the Interactive Data Electronic Applications (IDEA) system of the SEC (or successor system) and available publicly on the Internet shall be deemed to be furnished to the Holders of 2019 notes.

Also, Casella has agreed that, for so long as any 2019 notes remain outstanding, Casella will furnish to the Holders of 2019 notes, in each quarterly and annual report, the dollar amount of debt of Casella that would serve as the threshold for evaluating any entity that is a beneficial holder's compliance with the first paragraph under Limitation on Ownership of Notes.

If Casella has designated any of its Subsidiaries as Unrestricted Subsidiaries, and the Unrestricted Subsidiaries taken as a whole account for at least 5.0% of the Consolidated EBITDA (calculated for Casella and its Subsidiaries, not just Restricted Subsidiaries) for the period of the most recent four consecutive fiscal quarters for which internal financial statements are available, of Casella and its Subsidiaries, taken as a whole, then the quarterly and annual financial information required by the preceding paragraph shall include a reasonably detailed presentation, either on the face of the financial statements or in the footnotes thereto, and in Management's Discussion and Analysis of Financial Condition and Results of Operations, of the financial condition and results of operations of Casella and its Restricted Subsidiaries separate from the financial condition and results of operations of Casella's Unrestricted Subsidiaries.

In addition, whether or not required by the SEC, Casella will file a copy of all of the information and reports referred to in clauses (1) and (2) above with the SEC for public availability within the time periods specified in the SEC's rules and regulations (unless the SEC will not accept such a filing) and make such information available to securities analysts and prospective investors upon request. Casella agrees that it will not take any action for the purpose of causing the SEC not to accept such filings. If, notwithstanding the foregoing, the SEC will not accept such filings for any reason, Casella will post the reports specified in the preceding sentence on its website within the time periods that would apply if Casella were required to file those reports with the SEC.

Casella and the Guarantors have agreed that, for so long as any notes remain outstanding, Casella and the Guarantors will furnish to Holders of 2019 notes and securities analysts and prospective investors, upon their request, the information required to be delivered pursuant to Rule 144A(d)(4) under the Securities Act.

- (i) either: (A) Casella is the surviving corporation; or (B) the Person formed by or surviving any such consolidation or merger (if other than Casella) or to which such sale, assignment, transfer, conveyance or other disposition shall have been made (the Surviving Person) is a corporation organized under the laws of the United States, any State thereof or the District of Columbia;

Table of Contents

- (iv) immediately after such transaction Casella or the Surviving Person will be permitted to incur at least \$1.00 of additional Indebtedness pursuant to the Coverage Ratio Exception.

The foregoing clauses (iii) and (iv) shall not apply to (a) a merger or consolidation of any Restricted Subsidiary with or into Casella or (b) a transaction solely for the purpose of and with the effect of reincorporating Casella in another jurisdiction and/or forming a holding company to hold all of the Capital Stock of Casella or forming an intermediate holding company to hold all of the Capital Stock of Casella's Subsidiaries.

In the event of any transaction described in and complying with the conditions listed in the preceding paragraph in which Casella is not the continuing corporation, the successor Person formed or remaining shall succeed to, and be substituted for, and may exercise every right and power of, Casella and Casella will be discharged from all obligations and covenants under the 2019 notes indenture and the 2019 notes.

- (2) No Guarantor may, and Casella will not cause or permit any Guarantor to, consolidate with or merge with or into (whether or not such Guarantor is the surviving Person), another Person unless:
 - (i) immediately after such transaction, no Default exists (including, without limitation, after giving effect to any Indebtedness or Liens incurred, assumed or granted in connection with or in respect of such transaction); and
 - (ii) the Person formed by or surviving any such consolidation or merger (if other than such Guarantor) assumes all the obligations of such Guarantor under its Subsidiary Guarantee, the 2019 notes indenture and the Registration Rights Agreement pursuant to agreements reasonably satisfactory to the trustee.

The requirements of this clause (2) shall not apply to (a) a consolidation or merger of any Guarantor with or into Casella or any other Guarantor so long as Casella or a Guarantor survives such consolidation or merger or (b) the sale by consolidation or merger of a Guarantor, which sale is covered by and complies with the provisions of the 2019 notes indenture described under Additional 7.75% Senior Subordinated Notes due 2019 Repurchase at the Option of Holders Asset Sales.

- (3) Casella will deliver to the trustee prior to the consummation of each proposed transaction an Officer's Certificate certifying that the conditions set forth above are satisfied and an Opinion of Counsel, which opinion may contain customary exceptions and qualifications, that the proposed transaction and the supplemental indenture, if any, comply with the 2019 notes indenture.

Events of Default and Remedies. Each of the following is an Event of Default :

 - (ii) results in the acceleration of such Indebtedness prior to its express maturity, and, in each case, the principal amount of any such Indebtedness, together with the principal amount of any other such Indebtedness under which there has been a Payment Default or the maturity of which has been so accelerated, aggregates \$10.0 million or more;

Holders of the 2019 notes may not enforce the 2019 notes indenture or the 2019 notes except as provided in the 2019 notes indenture. Subject to certain limitations, Holders of a majority in principal amount of the then outstanding 2019 notes may direct the trustee in its exercise of any trust or power. The trustee may withhold from Holders of the 2019 notes notice of any continuing Default (except a Default relating to the payment of principal or interest) if it determines that withholding notice is in their interest.

The Holders of a majority in aggregate principal amount of the 2019 notes then outstanding by notice to the trustee may on behalf of the Holders of all of the 2019 notes waive any existing Default and its consequences under the 2019 notes indenture except a continuing Default in the payment of interest on, or the principal or premium of, the 2019 notes.

Casella is required to deliver to the trustee annually a statement regarding compliance with the 2019 notes indenture. Upon becoming aware of any Default, Casella is required to deliver to the Trustee a statement specifying such Default.

No Personal Liability of Directors, Officers, Employees and Stockholders

No director, officer, employee, incorporator or stockholder of Casella or any Guarantor, as such, shall have any liability for any obligations of Casella or the Guarantors under the 2019 notes, the 2019 notes indenture, the Guarantors' Subsidiary Guarantees or for any claim based on, in respect of, or by reason of, such obligations or their creation. Each Holder of 2019 notes by accepting a 2019 note waives and releases all such liability. The waiver and release are part of the consideration for issuance of the 2019 notes. The waiver may not be effective to waive liabilities under the federal securities laws.

Legal Defeasance and Covenant Defeasance. Casella may, at its option and at any time, elect to have all of its Obligations discharged with respect to the outstanding notes and the notes indenture, and all Obligations of the Guarantors discharged with respect to their Subsidiary Guarantees (Legal Defeasance) except for:

- (1) the rights of Holders of outstanding 2019 notes to receive payments in respect of the principal of, premium, if any, and interest on such 2019 notes when such payments are due from the trust referred to below;
- (2) Casella's obligations with respect to the 2019 notes concerning issuing temporary 2019 notes, registration of 2019 notes, mutilated, destroyed, lost or stolen 2019 notes and the maintenance of an office or agency for payment and money for security payments held in trust;
- (3) the rights, powers, trusts, duties and immunities of the trustee, and Casella's obligations in connection therewith; and
- (4) the Legal Defeasance provisions of the 2019 notes indenture.

In addition, Casella may, at its option and at any time, elect to have the obligations of Casella and the Guarantors released with respect to certain covenants that are described in the 2019 notes indenture (Covenant Defeasance) and thereafter any omission to comply with those covenants shall not constitute a Default with respect to the 2019 notes. In the event Covenant Defeasance occurs, (i) any event described in clauses (3), (4), (5), (6) or (7) of the definition of

Event of Default will no longer constitute an Event of Default with respect to the 2019 notes and (ii) any event described in clauses (1), (2), (8) or (9) of the definition of Event of Default will continue to constitute an Event of Default with respect to the 2019 notes.

In order to exercise either Legal Defeasance or Covenant Defeasance:

- (1) Casella must irrevocably deposit with the trustee, in trust, for the benefit of the Holders of the 2019 notes, cash in U.S. dollars, non-callable government securities, or a combination thereof, in such amounts as will be sufficient, in the opinion of a nationally recognized firm of independent public accountants, to pay the principal of, premium, if any, and interest on the outstanding 2019 notes on the Stated Maturity or on the applicable redemption date, as the case may be, and Casella must specify whether the 2019 notes are being defeased to maturity or to a particular redemption date;

Table of Contents

- (2) in the case of Legal Defeasance, Casella shall have delivered to the trustee an Opinion of Counsel reasonably acceptable to the trustee confirming that (A) Casella has received from, or there has been published by, the Internal Revenue Service a ruling or (B) since the date of the 2019 notes indenture, there has been a change in the applicable federal income tax law, in either case to the effect that, and based thereon such Opinion of Counsel shall confirm that, the Holders of the outstanding 2019 notes will not recognize income, gain or loss for federal income tax purposes as a result of such Legal Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Legal Defeasance had not occurred;
- (3) in the case of Covenant Defeasance, Casella shall have delivered to the trustee an Opinion of Counsel reasonably acceptable to the trustee confirming that the Holders of the outstanding 2019 notes will not recognize income, gain or loss for federal income tax purposes as a result of such Covenant Defeasance and will be subject to federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such Covenant Defeasance had not occurred;
- (4) no Default shall have occurred and be continuing either: (A) on the date of such deposit (other than a Default resulting from the borrowing of funds to be applied to such deposit), or (B) insofar as Events of Default from bankruptcy or insolvency events are concerned, at any time in the period ending on the 91st day after the date of deposit; *provided* that such Legal Defeasance or Covenant Defeasance, as the case may be, shall be deemed to have occurred on the date of such deposit, subject to an Event of Default from bankruptcy or insolvency within such 91-day period;
- (5) such Legal Defeasance or Covenant Defeasance will not result in a breach or violation of, or constitute a default under any material agreement or instrument (other than the 2019 notes indenture) to which Casella or any of its Restricted Subsidiaries is a party or by which Casella or any of its Restricted Subsidiaries is bound;
- (6) Casella must deliver to the trustee an Officer's Certificate stating that the deposit was not made by Casella with the intent of preferring the Holders of 2019 notes over the other creditors of Casella with the intent of defeating, hindering, delaying or defrauding creditors of Casella or others; and
- (7) Casella must deliver to the trustee an Officer's Certificate and an Opinion of Counsel stating that all conditions precedent relating to the Legal Defeasance or the Covenant Defeasance have been complied with. *Amendment, Supplement and Waiver.* Casella and the Guarantors, when authorized by board resolutions, and the Trustee may enter into one or more supplemental indentures to amend the 2019 notes indenture or the 2019 notes with the written consent of Holders of a majority of the principal amount of the then outstanding 2019 notes. The Holders of a majority in principal amount of then outstanding 2019 notes may waive any existing Default or compliance with any provision of the 2019 notes indenture or the 2019 notes without prior notice to any holder of 2019 notes.

Notwithstanding the foregoing, without the consent of each Holder affected, an amendment or waiver may not (with respect to any notes held by a non-consenting Holder):

- (1) reduce the principal amount of notes whose Holders must consent to an amendment, supplement or waiver;
- (2) reduce the principal of or change or have the effect of changing the fixed maturity of any note or alter the provisions with respect to the redemption of the notes (other than provisions of the notes indenture described above under the caption *Additional 7.75% Senior Subordinated Notes due 2019 Repurchase at the Option of Holders*, subject to clause (9) below);
- (3) reduce the rate of or change the time for payment of interest on any 2019 note;

- (5) make any 2019 note payable in money other than that stated in the 2019 notes;
 - (6) impair or affect the right of any Holder of notes to receive payment of principal of and interest on the 2019 notes on or after the due dates therefor or to institute suit for payment for the enforcement of any such payment on or after the due dates therefor, or make any changes in the provisions of the 2019 notes indenture permitting Holders of a majority in principal amount of 2019 notes to waive any past Default and its consequences;
 - (7) waive a redemption payment with respect to any 2019 note (other than a payment required by one of the provisions of the 2019 notes indenture described above under the caption Additional 7.75% Senior Subordinated Notes due 2019 Repurchase at the Option of Holders, subject to clause (9) below);
 - (8) release any Guarantor from any of its obligations under its Subsidiary Guarantee or the 2019 notes indenture otherwise than in accordance with the terms of the 2019 notes indenture;
 - (9) in the event that a Change of Control has occurred or an Asset Sale has been consummated, amend, change or modify in any material respect the obligation of Casella to make and consummate a Change of Control Offer or make and consummate an Asset Sale Offer with respect to such Change of Control or Asset Sale;
 - (10) make any change to the provisions of the 2019 notes indenture relating to subordination (including the related definitions) that adversely affects the rights of the Holders of the 2019 notes; or
 - (11) make any change in the preceding amendment and waiver provisions.
- Notwithstanding the foregoing, without the consent of or prior notice to any Holder of notes, Casella and the Trustee may amend or supplement the 2019 notes indenture or the 2019 notes:

(5) to comply with requirements of the SEC in order to effect or maintain the qualification of the 2019 notes indenture under the Trust Indenture Act; or

(6) to evidence and provide for the acceptance of appointment under the 2019 notes indenture by a successor or replacement trustee.

The consent of Holders of the notes is not necessary under the 2019 notes indenture to approve the particular form of any proposed amendment; it is sufficient if such consent approves the substance of the proposed amendment.

After an amendment under the 2019 notes indenture becomes effective, Casella is required to mail to the respective Holders a notice briefly describing such amendment. However, the failure to give such notice to all Holders entitled to receive such notice, or any defect therein, will not impair or affect the validity of the amendment.

No amendment of, or supplement or waiver to, the 2019 notes indenture shall adversely affect the rights of any holder of Senior Debt under the subordination provisions of the 2019 notes indenture without the consent of such holder or its Representative.

Limitation on Ownership of Notes. The 2019 notes indenture requires that each entity that is a beneficial holder of 2019 notes not knowingly acquire 2019 notes such that, after giving effect thereto, such entity owns

10% or more of the consolidated debt of Casella for which relevant subsidiaries of Casella are obligated (and to dispose of 2019 notes or other debt of Casella to the extent such entity becomes aware of exceeding such threshold), if such ownership would require consent of any regulatory authority under applicable law or regulation governing solid waste operators and such consent has not been obtained.

Casella and each Guarantor will use commercially reasonable efforts to obtain the consent, permit modification, exemption or other relief necessary for any entity that is a beneficial holder or potential beneficial holder of 2019 notes to exceed any applicable debt ownership level under any applicable law or regulation promptly following written request by such entity that is a beneficial holder or potential beneficial holder (provided that such entity that is a beneficial holder or potential beneficial holder would qualify as an eligible or suitable holder under such law or regulation); *provided, however*, that nothing in this paragraph shall affect the provisions of the prior paragraph requiring a beneficial holder to dispose of notes or other debt if such consent has not been obtained and the failure to have such consent would constitute a violation of applicable law or regulation.

Governing Law. The 2019 notes indenture, the notes and the Subsidiary Guarantees are governed by the laws of the State of New York.

Concerning the Trustee. If the trustee becomes a creditor of Casella or any Guarantor, the 2019 notes indenture limits its right to obtain payment of claims in certain cases, or to realize on certain property received in respect of any such claim as security or otherwise. The trustee will be permitted to engage in other transactions; however, if it acquires any conflicting interest it must eliminate such conflict within 90 days, apply to the SEC for permission to continue or resign.

The Holders of a majority in principal amount of the then outstanding 2019 notes will have the right to direct the time, method and place of conducting any proceeding for exercising any remedy available to the trustee, subject to certain exceptions. The 2019 notes indenture provides that in case an Event of Default shall occur and be continuing, the trustee will be required, in the exercise of its power, to use the degree of care of a prudent person in the conduct of such person's own affairs. Subject to such provisions, the trustee will be under no obligation to exercise any of its rights or powers under the 2019 notes indenture at the request of any Holder of notes, unless such Holder shall have offered to the trustee security and indemnity satisfactory to it against any loss, liability or expense.

- (1) the sum of the products obtained by multiplying (a) the amount of each then remaining installment, sinking fund, serial maturity or other required payment of principal or liquidation preference, including payment at final maturity, in respect thereof, by (b) the number of years (calculated to the nearest one-twelfth) that will elapse between such date and the making of such payment; by

- (2) the then outstanding principal amount or liquidation preference of such Indebtedness or Disqualified Capital Stock.

Wholly Owned Restricted Subsidiary of any Person means a Restricted Subsidiary of such Person all of the outstanding Capital Stock or other ownership interests of which (other than directors' qualifying shares) shall at the time be owned by such Person and/or by one or more Wholly Owned Restricted Subsidiaries of such Person.

DESCRIPTION OF CAPITAL STOCK

The following description of our capital stock is intended as a summary only and, therefore, is not a complete description of our capital stock. This description is based upon, and is qualified by reference to, our certificate of incorporation, our bylaws and applicable provisions of Delaware corporate law. You should read our certificate of incorporation and bylaws, which are filed as exhibits to the registration statement of which this prospectus forms a part, for the provisions that are important to you.

Our authorized capital stock consists of 100,000,000 shares of class A common stock, 1,000,000 shares of class B common stock and 944,250 shares of preferred stock. As of November 17, 2014, 39,544,805 shares of class A common stock were outstanding, 988,200 shares of class A common stock were issuable upon the conversion of outstanding shares of class B common stock, and no shares of preferred stock were outstanding. The only common stock that we would offer under this prospectus is class A common stock.

Common Stock

Annual Meeting. Annual meetings of our stockholders are held on the date designated in accordance with our by-laws. Written notice must be mailed to each stockholder entitled to vote not less than ten nor more than 60 days before the date of the meeting. The presence in person or by proxy of the holders of record of a majority of our issued and outstanding shares entitled to vote at such meeting constitutes a quorum for the transaction of business at meetings of the stockholders. Special meetings of the stockholders may be called for any purpose by the chief executive officer or the chairman of the board of directors. Except as may be otherwise provided by applicable law, our restated certificate of incorporation or our by-laws, all elections shall be decided by a plurality, and all other questions shall be decided by a majority, of the votes cast by stockholders entitled to vote thereon at a duly held meeting of stockholders at which a quorum is present.

Voting Rights. On all matters submitted to a vote of our stockholders, the holders of our class A common stock are entitled to one vote per share, and the holders of our class B common stock are entitled to ten votes per share. The holders of all classes of our common stock entitled to vote will generally vote together as a single class on all matters presented to the stockholders for their vote or approval, except that the holders of class A common stock, voting separately as a class, will at all times be entitled to elect one director, and such director may be removed, with or without cause, only by the holders of our class A common stock.

Dividends. The holders of our class A common stock and class B common stock are entitled to receive dividends if, as and when such dividends are declared by our board of directors out of assets legally available therefor, subject to any preferential rights of our preferred stock, if any. We may not make any dividend or distribution to any holder of any class of our common stock unless simultaneously with such dividend or distribution we make the same dividend or distribution with respect to each outstanding share of our common stock regardless of class. In the case of a dividend or other distribution payable in shares of a class of our common stock, including distributions pursuant to stock splits or divisions of common stock, only shares of our class A common stock may be distributed with respect to class A common stock, and only shares of our class B common stock may be distributed with respect to class B common stock. Whenever a dividend or distribution, including distributions pursuant to stock splits or divisions of common stock, is payable in shares of a class of common stock, the number of shares of each class of common stock payable per share of such class of common stock shall be equal in number. In the case of dividends or other distributions consisting of our other voting securities or of voting securities of any corporation which is a wholly-owned subsidiary of ours, we shall declare and pay such dividends in two separate classes of such voting securities, identical in all respects except that:

the voting rights of each such security issued to the holders of class A common stock shall be one-tenth of the voting rights of each such security issued to holders of class B common stock;

such security issued to holders of class B common stock shall convert into the security issued to the holders of class A common stock upon the same terms and conditions applicable to the conversion of class B common stock into class A common stock and shall have the same restrictions on transfer and ownership applicable to the transfer and ownership of our class B common stock; and

Table of Contents

with respect only to dividends or other distributions of voting securities of any corporation which is a wholly owned subsidiary of ours, the respective voting rights of each such security issued to holders of class A common stock and class B common stock with respect to elections of directors shall otherwise be as comparable as is practicable to those of our class A common stock and class B common stock, respectively. In the case of dividends or other distributions consisting of securities convertible into, or exchangeable for, our voting securities or of voting securities of any corporation which is a wholly owned subsidiary of ours, we are required to provide that such convertible or exchangeable securities and the underlying securities are identical in all respects, including, without limitation, the conversion or exchange rate, except that the underlying securities shall have the same differences as they would have if we issued voting securities of ours or of a wholly-owned subsidiary of ours rather than issuing securities convertible into, or exchangeable for, such securities.

Reclassification and Merger. In the event we enter into any consolidation, merger, combination or other transaction in which shares of our common stock are exchanged for or changed into other stock or securities, cash and/or any other property, then, and in such event, the shares of each class of our common stock will be exchanged for or changed into either:

the same amount of stock, securities, cash and/or any other property, as the case may be, into which or for which each share of any other class of common stock is exchanged or changed; provided, however, that if shares of common stock are exchanged for or changed into shares of capital stock, such share so exchanged for or changed into may differ to the extent and only to the extent that our class A common stock and class B common stock differ as provided in our certificate of incorporation; or

if holders of each class of common stock are to receive different distributions of stock, securities, cash and/or any other property, an amount of stock, securities, cash and/or property per share having a value, as determined by an independent investment banking firm of national reputation selected by our board of directors, equal to the value per share into which or for which each share of any other class of common stock is exchanged or changed.

Liquidation and Dissolution. In the event of our liquidation, dissolution or winding up, whether voluntary or involuntary, after payment or provision for payment of our debts and our other liabilities and after making provision for the holders of our preferred stock, if any, our remaining assets and funds, if any, will be divided among and paid ratably to the holders of our class A common stock and class B common stock treated as a single class.

Other Rights. The holders of our class A common stock and class B common stock are not entitled to preemptive rights. None of the class A common stock or class B common stock may be subdivided or combined in any manner unless the other class of common stock is subdivided or combined in the same proportion. We may not make any offering of options, rights or warrants to subscribe for shares of class B common stock. If we make an offering of options, rights or warrants to subscribe for shares of any other class or classes of capital stock (other than class B common stock) to all holders of a class of common stock, then we are required to simultaneously make an identical offering to all holders of the other classes of common stock other than to any class the holders of which, voting as a separate class, agree that such offering need not be made to such class. All such options, rights or warrants offerings shall offer the respective holders of class A common stock and class B common stock the right to subscribe at the same rate per share.

Transfer Agent and Registrar. Computershare is transfer agent and registrar for the Class A common stock.

Preferred Stock

We are authorized to issue blank check preferred stock, which may be issued in one or more series upon authorization of our board of directors. Our board of directors is authorized to fix the designation of the series,

Table of Contents

the number of authorized shares of the series, dividend rights and terms, conversion rights, voting rights, redemption rights and terms, liquidation preferences and any other rights, powers, preferences and limitations applicable to each series of preferred stock. The authorized shares of our preferred stock are available for issuance without further action by our stockholders, unless such action is required by applicable law or the rules of any stock exchange on which our securities may be listed. If the approval of our stockholders is not required for the issuance of shares of our preferred stock, our board may determine not to seek stockholder approval. The specific terms of preferred stock offered pursuant to this prospectus will be described in the prospectus supplement relating to that series of preferred stock.

A series of our preferred stock could, depending on the terms of such series, impede the completion of a merger, tender offer or other takeover attempt. Our board of directors will make any determination to issue such shares based upon its judgment as to the best interests of our stockholders. Our directors, in so acting, could issue preferred stock having terms that could discourage an acquisition attempt through which an acquirer may be able to change the composition of our board of directors, including a tender offer or other transaction that some, or a majority, of our stockholders might believe to be in their best interests or in which stockholders might receive a premium for their stock over the then-current market price of the stock.

The preferred stock has the terms described below unless otherwise provided in the prospectus supplement relating to a particular series of preferred stock. You should read the prospectus supplement relating to the particular series of preferred stock being offered for specific terms, including:

the designation and stated value per share of the preferred stock and the number of shares offered;

the amount of liquidation preference per share;

the dividend rate, or method of calculation of dividends, the dates on which dividends will be payable, whether dividends will be cumulative or noncumulative and, if cumulative, the dates from which dividends will commence to accumulate;

the price at which the preferred stock will be issued;

any redemption or sinking fund provisions;

if other than the currency of the United States, the currency or currencies including composite currencies in which the preferred stock is denominated and/or in which payments will or may be payable;

any conversion provisions;

whether we have elected to offer depositary shares as described under [Description of Depositary Shares](#); and

any other rights, preferences, privileges, limitations and restrictions on the preferred stock. The preferred stock will, when issued, be fully paid and nonassessable. Unless otherwise specified in the prospectus supplement, each series of preferred stock will rank equally as to dividends and liquidation rights in all respects with each other series of preferred stock. The rights of holders of shares of each series of preferred stock will be subordinate to those of our general creditors.

As described under Description of Depositary Shares, we may, at our option, with respect to any series of preferred stock, elect to offer fractional interests in shares of preferred stock, and provide for the issuance of depositary receipts representing depositary shares, each of which will represent a fractional interest in a share of the series of preferred stock. The fractional interest will be specified in the prospectus supplement relating to a particular series of preferred stock.

Rank. Unless otherwise specified in the applicable prospectus supplement, the preferred stock will, with respect to dividend rights and rights upon our liquidation, dissolution or winding up of its affairs, rank:

senior to our common stock and to all equity securities ranking junior to such preferred stock with respect to dividend rights or rights upon our liquidation, dissolution or winding up of our affairs;

Table of Contents

on a parity with all equity securities issued by us, the terms of which specifically provide that such equity securities rank on a parity with the preferred stock with respect to dividend rights or rights upon our liquidation, dissolution or winding up of our affairs; and

junior to all equity securities issued by us, the terms of which specifically provide that such equity securities rank senior to the preferred stock with respect to dividend rights or rights upon our liquidation, dissolution or winding up of our affairs.

The term equity securities does not include convertible debt securities.

Dividends. Holders of the preferred stock of each series will be entitled to receive, when, as and if declared by our board of directors, cash dividends at such rates and on such dates described in the applicable prospectus supplement. Different series of preferred stock may be entitled to dividends at different rates or based on different methods of calculation. The dividend rate may be fixed or variable or both. Dividends will be payable to the holders of record as they appear on our stock books on record dates fixed by our board of directors, as specified in the applicable prospectus supplement.

Dividends on any series of preferred stock may be cumulative or noncumulative, as described in the applicable prospectus supplement. If our board of directors does not declare a dividend payable on a dividend payment date on any series of noncumulative preferred stock, then the holders of that noncumulative preferred stock will have no right to receive a dividend for that dividend payment date, and we will have no obligation to pay the dividend accrued for that period, whether or not dividends on that series are declared payable on any future dividend payment dates. Dividends on any series of cumulative preferred stock will accrue from the date we initially issue shares of such series or such other date specified in the applicable prospectus supplement.

No dividends may be declared or paid or funds set apart for the payment of any dividends on any parity securities unless full dividends have been paid or set apart for payment on the preferred stock. If full dividends are not paid, the preferred stock will share dividends pro rata with the parity securities.

No dividends may be declared or paid or funds set apart for the payment of dividends on any junior securities unless full dividends for all dividend periods terminating on or prior to the date of the declaration or payment will have been paid or declared and a sum sufficient for the payment set apart for payment on the preferred stock.

Liquidation Preference. Upon any voluntary or involuntary liquidation, dissolution or winding up of our affairs, then, before we make any distribution or payment to the holders of any common stock or any other class or series of our capital stock ranking junior to the preferred stock in the distribution of assets upon any liquidation, dissolution or winding up of our affairs, the holders of each series of preferred stock shall be entitled to receive out of assets legally available for distribution to stockholders, liquidating distributions in the amount of the liquidation preference per share set forth in the applicable prospectus supplement, plus any accrued and unpaid dividends thereon. Such dividends will not include any accumulation in respect of unpaid noncumulative dividends for prior dividend periods. Unless otherwise specified in the applicable prospectus supplement, after payment of the full amount of their liquidating distributions, the holders of preferred stock will have no right or claim to any of our remaining assets. Upon any such voluntary or involuntary liquidation, dissolution or winding up, if our available assets are insufficient to pay the amount of the liquidating distributions on all outstanding preferred stock and the corresponding amounts payable on all other classes or series of our capital stock ranking on parity with the preferred stock and all other such classes or series of shares of capital stock ranking on parity with the preferred stock in the distribution of assets, then the holders of the preferred stock and all other such classes or series of capital stock will share ratably in any such distribution of assets in proportion to the full liquidating distributions to which they would otherwise be entitled.

Upon any such liquidation, dissolution or winding up and if we have made liquidating distributions in full to all holders of preferred stock, we will distribute our remaining assets among the holders of any other classes or

Table of Contents

series of capital stock ranking junior to the preferred stock according to their respective rights and preferences and, in each case, according to their respective number of shares. For such purposes, our consolidation or merger with or into any other corporation, trust or entity, or the sale, lease or conveyance of all or substantially all of our property or assets will not be deemed to constitute a liquidation, dissolution or winding up of our affairs.

Redemption. If so provided in the applicable prospectus supplement, the preferred stock will be subject to mandatory redemption or redemption at our option, as a whole or in part, in each case upon the terms, at the times and at the redemption prices set forth in such prospectus supplement.

The prospectus supplement relating to a series of preferred stock that is subject to mandatory redemption will specify the number of shares of preferred stock that shall be redeemed by us in each year commencing after a date to be specified, at a redemption price per share to be specified, together with an amount equal to all accrued and unpaid dividends thereon to the date of redemption. Unless the shares have a cumulative dividend, such accrued dividends will not include any accumulation in respect of unpaid dividends for prior dividend periods. We may pay the redemption price in cash or other property, as specified in the applicable prospectus supplement. If the redemption price for preferred stock of any series is payable only from the net proceeds of the issuance of shares of our capital stock, the terms of such preferred stock may provide that, if no such shares of our capital stock shall have been issued or to the extent the net proceeds from any issuance are insufficient to pay in full the aggregate redemption price then due, such preferred stock shall automatically and mandatorily be converted into the applicable shares of our capital stock pursuant to conversion provisions specified in the applicable prospectus supplement. Notwithstanding the foregoing, we will not redeem any preferred stock of a series unless:

if that series of preferred stock has a cumulative dividend, we have declared and paid or contemporaneously declare and pay or set aside funds to pay full cumulative dividends on the preferred stock for all past dividend periods and the then current dividend period; or

if such series of preferred stock does not have a cumulative dividend, we have declared and paid or contemporaneously declare and pay or set aside funds to pay full dividends for the then current dividend period.

In addition, we will not acquire any preferred stock of a series unless:

if that series of preferred stock has a cumulative dividend, we have declared and paid or contemporaneously declare and pay or set aside funds to pay full cumulative dividends on all outstanding shares of such series of preferred stock for all past dividend periods and the then current dividend period; or

if that series of preferred stock does not have a cumulative dividend, we have declared and paid or contemporaneously declare and pay or set aside funds to pay full dividends on the preferred stock of such series for the then current dividend period.

However, at any time we may purchase or acquire preferred stock of that series (1) pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding preferred stock of such series or (2) by conversion into or exchange for shares of our capital stock ranking junior to the preferred stock of such series as to dividends and upon liquidation.

If fewer than all of the outstanding shares of preferred stock of any series are to be redeemed, we will determine the number of shares that may be redeemed pro rata from the holders of record of such shares in proportion to the number of such shares held or for which redemption is requested by such holder or by any other equitable manner that we determine. Such determination will reflect adjustments to avoid redemption of fractional shares.

Unless otherwise specified in the applicable prospectus supplement, we will mail notice of redemption at least 30 days but not more than 60 days before the redemption date to each holder of record of preferred stock to be redeemed at the address shown on our stock transfer books. Each notice shall state:

the redemption date;

the number of shares and series of preferred stock to be redeemed;

Table of Contents

the redemption price;

the place or places where certificates for such preferred stock are to be surrendered for payment of the redemption price;

that dividends on the shares to be redeemed will cease to accrue on such redemption date;

the date on which the holder's conversion rights, if any, as to such shares shall terminate; and

the specific number of shares to be redeemed from each such holder if fewer than all the shares of any series are to be redeemed.

If notice of redemption has been given and we have set aside the funds necessary for such redemption in trust for the benefit of the holders of any shares called for redemption, then from and after the redemption date, dividends will cease to accrue on such shares, and all rights of the holders of such shares will terminate, except the right to receive the redemption price.

Voting Rights. Holders of preferred stock will not have any voting rights, except as required by law or as indicated in the applicable prospectus supplement.

Unless otherwise provided for under the terms of any series of preferred stock, no consent or vote of the holders of shares of preferred stock or any series thereof shall be required for any amendment to our certificate of incorporation that would increase the number of authorized shares of preferred stock or the number of authorized shares of any series thereof or decrease the number of authorized shares of preferred stock or the number of authorized shares of any series thereof (but not below the number of authorized shares of preferred stock or such series, as the case may be, then outstanding).

Conversion Rights. The terms and conditions, if any, upon which any series of preferred stock is convertible into our common stock will be set forth in the applicable prospectus supplement relating thereto. Such terms will include the number of shares of common stock into which the shares of preferred stock are convertible, the conversion price, rate or manner of calculation thereof, the conversion period, provisions as to whether conversion will be at our option or at the option of the holders of the preferred stock, the events requiring an adjustment of the conversion price and provisions affecting conversion in the event of the redemption.

Transfer Agent and Registrar. The transfer agent and registrar for the preferred stock will be set forth in the applicable prospectus supplement.

Provisions of Our Certificate of Incorporation and Bylaws and Delaware Law That May Have Anti-Takeover Effects

Board of Directors. Our certificate of incorporation and by-laws provide for the division of our board of directors into three classes as nearly equal in size as possible, with no class having more than one director more than any other class, with staggered three-year terms. The director nominated by holders of our class A common stock and elected to office is a class I director. Our certificate of incorporation and by-laws provide that directors may be removed with or without cause by the vote of the holders of shares representing at least 75% of the votes which all of our stockholders

would be entitled to cast at any election of directors, other than an election of the class A director. The class A director may be removed only by the holders of at least 75% of the outstanding shares of our class A common stock. Moreover, our certificate of incorporation and by-laws provide that any vacancy on the board of directors, however occurring, including a vacancy resulting from an enlargement of the board, may only be filled by vote of a majority of the directors then in office. The term of any director elected to fill a vacancy between annual meetings will last until the next annual meeting and until such director's successor has been elected and qualified, or until his earlier death, resignation or removal. The classification of our board of directors and the limitations on the removal of directors and filling of vacancies could have the effect of making it more difficult for a third party to acquire, or discourage a third party from acquiring, us.

Table of Contents

Removal of Directors by Stockholders. Delaware law provides that members of our board of directors may only be removed for cause by a vote of the holders of a majority of the outstanding shares entitled to vote on the election of the directors.

Stockholder Nomination of Directors. Our by-laws provide that a stockholder must notify us in writing of any stockholder nomination of a director not earlier than the 120th day and not later than the 90th day prior to the first anniversary of the preceding year's annual meeting; *provided*, that if the date of the annual meeting is advanced by more than 20 days, or delayed by more than 60 days from such anniversary date, notice by the stockholder to be timely must be so delivered not earlier than the 120th day prior to the date of such annual meeting and not later than the close of business on the later of (x) the 90th day prior to the date of such meeting and (y) the 10th day following the day on which notice of the date such annual meeting was mailed or public disclosure of the date of such annual meeting was made, whichever occurs first.

No Action By Written Consent. Our restated certificate of incorporation provides that our stockholders may not act by written consent and may only act at duly called meetings of stockholders.

Delaware Business Combination Statute. Section 203 of the General Corporation Law of the State of Delaware, which we refer to as the DGCL, is applicable to us. Section 203 of the DGCL restricts some types of transactions and business combinations between a corporation and a 15% stockholder. A 15% stockholder is generally considered by Section 203 to be a person owning 15% or more of the corporation's outstanding voting stock. Section 203 refers to a 15% stockholder as an interested stockholder. Section 203 restricts these transactions for a period of three years from the date the stockholder acquires 15% or more of our outstanding voting stock. With some exceptions, unless the transaction is approved by the board of directors and the holders of at least two-thirds of the outstanding voting stock of the corporation, Section 203 prohibits significant business transactions such as:

a merger with, disposition of significant assets to or receipt of disproportionate financial benefits by the interested stockholder, and

any other transaction that would increase the interested stockholder's proportionate ownership of any class or series of our capital stock.

The shares held by the interested stockholder are not counted as outstanding when calculating the two-thirds of the outstanding voting stock needed for approval.

The prohibition against these transactions does not apply if:

prior to the time that any stockholder became an interested stockholder, the board of directors approved either the business combination or the transaction in which such stockholder acquired 15% or more of our outstanding voting stock, or

the interested stockholder owns at least 85% of our outstanding voting stock as a result of a transaction in which such stockholder acquired 15% or more of our outstanding voting stock. Shares held by persons who are both directors and officers or by some types of employee stock plans are not counted as outstanding

when making this calculation.

Directors Liability

Our certificate of incorporation limits the personal liability of directors for breach of fiduciary duty to the maximum extent permitted by the Delaware General Corporation Law and provides that no director will have personal liability to us or to our stockholders for monetary damages for breach of fiduciary duty or other duty as a director. However, these provisions do not eliminate or limit the liability of any of our directors:

for any breach of the director's duty of loyalty to us or our stockholders;

for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law;

Table of Contents

for voting or assenting to unlawful payments of dividends, stock repurchases or other distributions; or

for any transaction from which the director derived an improper personal benefit

Any amendment to or repeal of these provisions will not eliminate or reduce the effect of these provisions in respect of any act, omission or claim that occurred or arose prior to such amendment or repeal. If the Delaware General Corporation Law is amended to provide for further limitations on the personal liability of directors of corporations, then the personal liability of our directors will be further limited to the greatest extent permitted by the Delaware General Corporation Law.

Our certificate of incorporation provides that we must indemnify our directors and officers and we must advance expenses, including attorneys' fees, to our directors and officers in connection with legal proceedings, subject to very limited exceptions.

We maintain a general liability insurance policy that covers certain liabilities of our directors and officers arising out of claims based on acts or omissions in their capacities as directors or officers. In addition, we have entered into indemnification agreements with our directors and executive officers. These indemnification agreements may require us, among other things, to indemnify each such director or executive officer, as applicable, for some expenses, including attorneys' fees, judgments, fines and settlement amounts incurred by him in any action or proceeding arising out of his service as one of our directors or executive officers, as applicable.

Certain of our non-employee directors may, through their relationships with their employers, be insured and/or indemnified against certain liabilities incurred in their capacity as members of our board of directors.

DESCRIPTION OF DEPOSITARY SHARES

General

We may, at our option, elect to offer fractional shares of preferred stock, which we call depositary shares, rather than full shares of preferred stock. If we do, we will issue to the public receipts, called depositary receipts, for depositary shares, each of which will represent a fraction, to be described in the applicable prospectus supplement, of a share of a particular series of preferred stock. Unless otherwise provided in the applicable prospectus supplement, each owner of a depositary share will be entitled, in proportion to the applicable fractional interest in a share of preferred stock represented by the depositary share, to all the rights and preferences of the preferred stock represented by the depositary share. Those rights include dividend, voting, redemption, conversion and liquidation rights.

The shares of preferred stock underlying the depositary shares will be deposited with a bank or trust company selected by us to act as depositary under a deposit agreement between us, the depositary and the holders of the depositary receipts. The depositary will be the transfer agent, registrar and dividend disbursing agent for the depositary shares.

The depositary shares will be evidenced by depositary receipts issued pursuant to the deposit agreement. Holders of depositary receipts agree to be bound by the deposit agreement, which requires holders to take certain actions such as filing proof of residence and paying certain charges.

The description of the terms of the depositary shares contained in this prospectus is not complete. You should refer to the form of the deposit agreement, our certificate of incorporation and the certificate of designation for the applicable series of preferred stock that are, or will be, filed with the SEC.

Dividends and Other Distributions

The depositary will distribute all cash dividends or other cash distributions, if any, received in respect of the preferred stock underlying the depositary shares to the record holders of depositary shares in proportion to the numbers of depositary shares owned by those holders on the relevant record date. The relevant record date for depositary shares will be the same date as the record date for the underlying preferred stock.

If there is a distribution other than in cash, the depositary will distribute property (including securities) received by it to the record holders of depositary shares, unless the depositary determines that it is not feasible to make the distribution. If this occurs, the depositary may, with our approval, adopt another method for the distribution, including selling the property and distributing the net proceeds from the sale to the holders.

Liquidation Preference

If a series of preferred stock underlying the depositary shares has a liquidation preference, in the event of the voluntary or involuntary liquidation, dissolution or winding up of us, holders of depositary shares will be entitled to receive the fraction of the liquidation preference accorded each share of the applicable series of preferred stock, as set forth in the applicable prospectus supplement.

Withdrawal of Stock

Unless the related depositary shares have been previously called for redemption, upon surrender of the depositary receipts at the office of the depositary, the holder of the depositary shares will be entitled to delivery, at the office of the depositary to or upon his or her order, of the number of whole shares of the preferred stock and any money or

other property represented by the depositary shares. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the number of depositary shares representing the

Table of Contents

number of whole shares of preferred stock to be withdrawn, the depositary will deliver to the holder at the same time a new depositary receipt evidencing the excess number of depositary shares. In no event will the depositary deliver fractional shares of preferred stock upon surrender of depositary receipts. Holders of preferred stock thus withdrawn may not thereafter deposit those shares under the deposit agreement or receive depositary receipts evidencing depositary shares therefor.

Redemption of Depositary Shares

Whenever we redeem shares of preferred stock held by the depositary, the depositary will redeem as of the same redemption date the number of depositary shares representing shares of the preferred stock so redeemed, so long as we have paid in full to the depositary the redemption price of the preferred stock to be redeemed plus an amount equal to any accumulated and unpaid dividends on the preferred stock to the date fixed for redemption. The redemption price per depositary share will be equal to the redemption price and any other amounts per share payable on the preferred stock multiplied by the fraction of a share of preferred stock represented by one depositary share. If less than all the depositary shares are to be redeemed, the depositary shares to be redeemed will be selected by lot or pro rata or by any other equitable method as may be determined by the depositary.

After the date fixed for redemption, depositary shares called for redemption will no longer be deemed to be outstanding and all rights of the holders of depositary shares will cease, except the right to receive the monies payable upon redemption and any money or other property to which the holders of the depositary shares were entitled upon redemption upon surrender to the depositary of the depositary receipts evidencing the depositary shares.

Voting the Preferred Stock

Upon receipt of notice of any meeting at which the holders of the preferred stock are entitled to vote, the depositary will mail the information contained in the notice of meeting to the record holders of the depositary receipts relating to that preferred stock. The record date for the depositary receipts relating to the preferred stock will be the same date as the record date for the preferred stock. Each record holder of the depositary shares on the record date will be entitled to instruct the depositary as to the exercise of the voting rights pertaining to the number of shares of preferred stock represented by that holder's depositary shares. The depositary will endeavor, insofar as practicable, to vote the number of shares of preferred stock represented by the depositary shares in accordance with those instructions, and we will agree to take all action that may be deemed necessary by the depositary in order to enable the depositary to do so. The depositary will not vote any shares of preferred stock except to the extent it receives specific instructions from the holders of depositary shares representing that number of shares of preferred stock.

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay charges of the depositary in connection with the initial deposit of the preferred stock and any redemption of the preferred stock. Holders of depositary receipts will pay transfer, income and other taxes and governmental charges and such other charges (including those in connection with the receipt and distribution of dividends, the sale or exercise of rights, the withdrawal of the preferred stock and the transferring, splitting or grouping of depositary receipts) as are expressly provided in the deposit agreement to be for their accounts. If these charges have not been paid by the holders of depositary receipts, the depositary may refuse to transfer depositary shares, withhold dividends and distributions and sell the depositary shares evidenced by the depositary receipt.

Amendment and Termination of the Deposit Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement may be amended by agreement between us and the depositary. However, any amendment that materially and

Table of Contents

adversely alters the rights of the holders of depositary shares, other than fee changes, will not be effective unless the amendment has been approved by the holders of a majority of the outstanding depositary shares. The deposit agreement may be terminated by the depositary or us only if:

all outstanding depositary shares have been redeemed; or

there has been a final distribution of the preferred stock in connection with our dissolution and such distribution has been made to all the holders of depositary shares.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering to us notice of its election to do so, and we may remove the depositary at any time. Any resignation or removal of the depositary will take effect upon our appointment of a successor depositary and its acceptance of such appointment. The successor depositary must be appointed within 60 days after delivery of the notice of resignation or removal and must be a bank or trust company having its principal office in the United States and having the requisite combined capital and surplus as set forth in the applicable agreement.

Notices

The depositary will forward to holders of depositary receipts all notices, reports and other communications, including proxy solicitation materials received from us, that are delivered to the depositary and that we are required to furnish to the holders of the preferred stock. In addition, the depositary will make available for inspection by holders of depositary receipts at the principal office of the depositary, and at such other places as it may from time to time deem advisable, any reports and communications we deliver to the depositary as the holder of preferred stock.

Limitation of Liability

Neither we nor the depositary will be liable if either we or it is prevented or delayed by law or any circumstance beyond its control in performing its obligations. Our obligations and those of the depositary will be limited to performance in good faith of our and their duties thereunder. We and the depositary will not be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. We and the depositary may rely upon written advice of counsel or accountants, on information provided by persons presenting preferred stock for deposit, holders of depositary receipts or other persons believed to be competent to give such information and on documents believed to be genuine and to have been signed or presented by the proper party or parties.

DESCRIPTION OF PURCHASE CONTRACTS AND PURCHASE UNITS

We may issue purchase contracts, including contracts obligating holders to purchase from or sell to us, and obligating us to sell to or purchase from the holders, a specified number of shares of our common stock, preferred stock or depositary shares at a future date or dates, which we refer to in this prospectus as purchase contracts. The price per share of common stock, preferred stock or depositary shares and the number of shares of each may be fixed at the time the purchase contracts are issued or may be determined by reference to a specific formula set forth in the purchase contracts. The purchase contracts may be issued separately or as part of units, often known as purchase units, consisting of one or more purchase contracts and beneficial interests in debt securities or any other securities described in the applicable prospectus supplement or any combination of the foregoing, securing the holders obligations to purchase the common stock, preferred stock or depositary shares under the purchase contracts.

The purchase contracts may require us to make periodic payments to the holders of the purchase units or vice versa, and these payments may be unsecured or prefunded on some basis. The purchase contracts may require holders to secure their obligations under those contracts in a specified manner, including pledging their interest in another purchase contract.

The applicable prospectus supplement will describe the terms of the purchase contracts and purchase units, including, if applicable, collateral or depositary arrangements.

We may offer warrants separately or together with one or more additional warrants, debt securities, common stock, preferred stock or depositary shares, or any combination of those securities in the form of units, as described in the applicable prospectus supplement. If we issue warrants as part of a unit, the applicable prospectus supplement will specify whether those warrants may be separated from the other securities in the unit prior to the expiration date of the warrants. The applicable prospectus supplement will also describe the following terms of any warrants:

the currency or currency units in which the offering price, if any, and the exercise price are payable;

the date on which the right to exercise the warrants will begin and the date on which that right will expire or, if you may not continuously exercise the warrants throughout that period, the specific date or dates on which you may exercise the warrants;

whether the warrants are to be sold separately or with other securities as parts of units;

whether the warrants will be issued in definitive or global form or in any combination of these forms, although, in any case, the form of a warrant included in a unit will correspond to the form of the unit and of any security included in that unit;

FORMS OF SECURITIES

Each debt security, depositary share, purchase contract, purchase unit and warrant will be represented either by a certificate issued in definitive form to a particular investor or by one or more global securities representing the entire issuance of securities. Unless the applicable prospectus supplement provides otherwise, certificated securities in definitive form and global securities will be issued in registered form. Definitive securities name you or your nominee as the owner of the security, and in order to transfer or exchange these securities or to receive payments other than interest or other interim payments, you or your nominee must physically deliver the securities to the trustee, registrar, paying agent or other agent, as applicable. Global securities name a depositary or its nominee as the owner of the debt securities, depositary shares, purchase contracts, purchase units or warrants represented by these global securities. The depositary maintains a computerized system that will reflect each investor's beneficial ownership of the securities through an account maintained by the investor with its broker/dealer, bank, trust company or other representative, as we explain more fully below.

Global Securities

We may issue the debt securities, depositary shares, purchase contracts, purchase units and warrants in the form of one or more fully global securities that will be deposited with a depositary or its nominee identified in the applicable prospectus supplement and registered in the name of that depositary or nominee. In those cases, one or more global securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal or face amount of the securities to be represented by global securities. Unless and until it is exchanged in whole for securities in definitive registered form, a global security may not be transferred except as a whole by and among the depositary for the global security, the nominees of the depositary or any successors of the depositary or those nominees.

If not described below, any specific terms of the depositary arrangement with respect to any securities to be represented by a global security will be described in the prospectus supplement relating to those securities. We anticipate that the following provisions will apply to all depositary arrangements.

Ownership of beneficial interests in a global security will be limited to persons, called participants, that have accounts with the depositary or persons that may hold interests through participants. Upon the issuance of a global security, the depositary will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal or face amounts of the securities beneficially owned by the participants. Any dealers, underwriters or agents participating in the distribution of the securities will designate the accounts to be credited. Ownership of beneficial interests in a global security will be shown on, and the transfer of ownership interests will be effected only through, records maintained by the depositary, with respect to interests of participants, and on the records of participants, with respect to interests of persons holding through participants. The laws of some states may require that some purchasers of securities take physical delivery of these securities in definitive form. These laws may impair your ability to own, transfer or pledge beneficial interests in global securities.

So long as the depositary, or its nominee, is the registered owner of a global security, that depositary or its nominee, as the case may be, will be considered the sole owner or holder of the securities represented by the global security for all purposes under the applicable indenture, deposit agreement, purchase contract, warrant agreement or purchase unit agreement. Except as described below, owners of beneficial interests in a global security will not be entitled to have the securities represented by the global security registered in their names, will not receive or be entitled to receive physical delivery of the securities in definitive form and will not be considered the owners or holders of the securities under the applicable indenture, deposit agreement, purchase contract, purchase unit agreement or warrant agreement. Accordingly, each person owning a beneficial interest in a global security must rely on the procedures of the

depository for that global security and, if that person is not a participant, on the procedures of the participant through which the person owns its interest, to exercise any rights of a holder under the applicable indenture, deposit agreement, purchase contract, purchase unit agreement or warrant agreement. We understand that under existing industry practices, if we request any action of holders or if

Table of Contents

an owner of a beneficial interest in a global security desires to give or take any action that a holder is entitled to give or take under the applicable indenture, deposit agreement, purchase contract, purchase unit agreement or warrant agreement, the depository for the global security would authorize the participants holding the relevant beneficial interests to give or take that action, and the participants would authorize beneficial owners owning through them to give or take that action or would otherwise act upon the instructions of beneficial owners holding through them.

Principal, premium, if any, and interest payments on debt securities, and any payments to holders with respect to depositary shares, warrants, purchase agreements or purchase units, represented by a global security registered in the name of a depository or its nominee will be made to the depository or its nominee, as the case may be, as the registered owner of the global security. None of us, the trustees, the warrant agents, the unit agents or any other agent of ours, agent of the trustees or agent of the warrant agents or unit agents will have any responsibility or liability for any aspect of the records relating to payments made on account of beneficial ownership interests in the global security or for maintaining, supervising or reviewing any records relating to those beneficial ownership interests.

We expect that the depository for any of the securities represented by a global security, upon receipt of any payment to holders of principal, premium, interest or other distribution of underlying securities or other property on that global security, will immediately credit participants' accounts in amounts proportionate to their respective beneficial interests in that global security as shown on the records of the depository. We also expect that payments by participants to owners of beneficial interests in a global security held through participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers or registered in street name, and will be the responsibility of those participants.

If the depository for any of the securities represented by a global security is at any time unwilling or unable to continue as depository or ceases to be a clearing agency registered under the Exchange Act, and a successor depository registered as a clearing agency under the Exchange Act is not appointed by us within 90 days, we will issue securities in definitive form in exchange for the global security that had been held by the depository. Any securities issued in definitive form in exchange for a global security will be registered in the name or names that the depository gives to the relevant trustee, warrant agent, unit agent or other relevant agent of ours or theirs. It is expected that the depository's instructions will be based upon directions received by the depository from participants with respect to ownership of beneficial interests in the global security that had been held by the depository.

PLAN OF DISTRIBUTION

We may sell securities:

through underwriters;

through dealers;

through agents;

directly to purchasers; or

through a combination of any of these methods of sale.

In addition, we may issue the securities as a dividend or distribution or in a subscription rights offering to our existing security holders. This prospectus may be used in connection with any offering of our securities through any of these methods or other methods described in the applicable prospectus supplement.

We may directly solicit offers to purchase securities, or agents may be designated to solicit such offers. We will, in the prospectus supplement relating to such offering, name any agent that could be viewed as an underwriter under the Securities Act, and describe any commissions that we must pay. Any such agent will be acting on a best efforts basis for the period of its appointment or, if indicated in the applicable prospectus supplement, on a firm commitment basis.

The distribution of the securities may be effected from time to time in one or more transactions:

at a fixed price, or prices, which may be changed from time to time;

at market prices prevailing at the time of sale;

at prices related to such prevailing market prices; or

at negotiated prices.

Each prospectus supplement will describe the method of distribution of the securities and any applicable restrictions.

The prospectus supplement with respect to the securities of a particular series will describe the terms of the offering of the securities, including the following:

the name of the agent or any underwriters;

the public offering or purchase price and the proceeds we will receive from the sale of securities;

any discounts and commissions to be allowed or paid to the agent or underwriters;

all other items constituting underwriting compensation;

any discounts and commissions to be allowed or re-allowed or paid to dealers; and

any exchanges on which the securities will be listed.

If any underwriters or agents are utilized in the sale of the securities in respect of which this prospectus is delivered, we will enter into an underwriting agreement or other agreement with them at the time of sale to them, and we will set forth in the prospectus supplement relating to such offering the names of the underwriters or agents and the terms of the related agreement with them.

If a dealer is utilized in the sale of the securities in respect of which this prospectus is delivered, we will sell such securities to the dealer, as principal. The dealer may then resell such securities to the public at varying prices to be determined by such dealer at the time of resale.

Table of Contents

If we offer securities in a subscription rights offering to our existing security holders, we may enter into a standby underwriting agreement with dealers, acting as standby underwriters. We may pay the standby underwriters a commitment fee for the securities they commit to purchase on a standby basis. If we do not enter into a standby underwriting arrangement, we may retain a dealer-manager to manage a subscription rights offering for us.

Remarketing firms, agents, underwriters, dealers and other persons may be entitled under agreements which they may enter into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act, and may be customers of, engage in transactions with or perform services for us in the ordinary course of business.

If so indicated in the applicable prospectus supplement, we will authorize underwriters or other persons acting as our agents to solicit offers by certain institutions to purchase securities from us pursuant to delayed delivery contracts providing for payment and delivery on the date stated in the prospectus supplement. Each contract will be for an amount not less than, and the aggregate amount of securities sold pursuant to such contracts shall not be less nor more than, the respective amounts stated in the prospectus supplement. Institutions with whom the contracts, when authorized, may be made include commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and other institutions, but shall in all cases be subject to our approval. Delayed delivery contracts will not be subject to any conditions except that:

the purchase by an institution of the securities covered under that contract shall not at the time of delivery be prohibited under the laws of the jurisdiction to which that institution is subject; and

if the securities are also being sold to underwriters acting as principals for their own account, the underwriters shall have purchased such securities not sold for delayed delivery. The underwriters and other persons acting as our agents will not have any responsibility in respect of the validity or performance of delayed delivery contracts.

Certain agents, underwriters and dealers, and their associates and affiliates may be customers of, have borrowing relationships with, engage in other transactions with, or perform services, including investment banking services, for us or one or more of our respective affiliates in the ordinary course of business.

In order to facilitate the offering of the securities, any underwriters may engage in transactions that stabilize, maintain or otherwise affect the price of the securities or any other securities the prices of which may be used to determine payments on such securities. Specifically, any underwriters may overallocate in connection with the offering, creating a short position for their own accounts. In addition, to cover overallocations or to stabilize the price of the securities or of any such other securities, the underwriters may bid for, and purchase, the securities or any such other securities in the open market. Finally, in any offering of the securities through a syndicate of underwriters, the underwriting syndicate may reclaim selling concessions allowed to an underwriter or a dealer for distributing the securities in the offering if the syndicate repurchases previously distributed securities in transactions to cover syndicate short positions, in stabilization transactions or otherwise. Any of these activities may stabilize or maintain the market price of the securities above independent market levels. Any such underwriters are not required to engage in these activities and may end any of these activities at any time.

Under Rule 15c6-1 of the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. The applicable prospectus supplement may provide that the original issue date for your securities may be more than three scheduled business days after the trade date for your securities. Accordingly, in such a case, if you wish to trade securities on any date prior to the third

business day before the original issue date for your securities, you will be required, by virtue of the fact that your securities initially are expected to settle in more than three scheduled business days after the trade date for your securities, to make alternative settlement arrangements to prevent a failed settlement.

Table of Contents

The securities may be new issues of securities and may have no established trading market. The securities may or may not be listed on a national securities exchange. We can make no assurance as to the liquidity of or the existence of trading markets for any of the securities.

To comply with the securities laws of some states, if applicable, the securities may be sold in such jurisdictions only through registered or licensed brokers or dealers. In addition, in some states the securities may not be sold unless they have been registered or qualified for sale or an exemption from registration or qualification requirements is available and is complied with.

In compliance with the guidelines of the Financial Industry Regulatory Authority, or FINRA, the aggregate maximum discount, commission or agency fees or other items constituting underwriting compensation to be received by any FINRA member or independent broker-dealer will not exceed 8% of the proceeds from any offering pursuant to this prospectus and any applicable prospectus supplement.

LEGAL MATTERS

Unless the applicable prospectus supplement indicates otherwise, the validity of the securities in respect of which this prospectus is being delivered will be passed upon by Wilmer Cutler Pickering Hale and Dorr LLP.

Item 15. Indemnification of Directors and Officers.

Section 145 of the General Corporation Law of the State of Delaware ("DGCL") provides, generally, that a corporation shall have the power to indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding (except actions by or in the right of the corporation) by reason of the fact that such person is or was a director, officer, employee or agent of the corporation against all expenses, judgments, fines and amounts paid in settlement actually and reasonably incurred by such person in connection with such action, suit or proceeding if such person acted in good faith and in a manner such person reasonably believed to be in or not opposed to the best interests of the corporation and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. A corporation may similarly indemnify such person for expenses actually and reasonably incurred by such person in connection with the defense or settlement of any action or suit by or in the right of the corporation, provided that such person acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, in the case of claims, issues and matters as to which such person shall have been adjudged liable to the corporation, provided that a court shall have determined, upon application, that, despite the adjudication of liability but in view of all of the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which such court shall deem proper.

Section 102(b)(7) of the DGCL provides, generally, that the certificate of incorporation may contain a provision eliminating or limiting the personal liability of a director to the corporation or its shareholders for monetary damages for breach of fiduciary duty as a director, provided that such provision may not eliminate or limit the liability of a director (i) for any breach of the director's duty of loyalty to the corporation or its shareholders, (ii) for acts or omissions not in good faith or which involve intentional misconduct or a knowing violation of law, (iii) under section 174 of the DGCL, or (iv) for any transaction from which the director derived an improper personal benefit. No such provision may eliminate or limit the liability of a director for any act or omission occurring prior to the date when

such provision became effective.

Article Sixth of Casella's Amended and Restated Certificate of Incorporation eliminates the personal liability of the directors of Casella to Casella or its stockholders for monetary damages for breach of fiduciary duty as directors, with certain exceptions, and Article Seventh requires indemnification of directors and officers of Casella, and for advancement of litigation expenses to the fullest extent permitted by Section 145.

Provided, however, that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference in the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

- (5) That, for the purpose of determining liability of the Registrant under the Securities Act to any purchaser in the initial distribution of the securities, the undersigned Registrant undertakes that in a primary offering of securities of the undersigned Registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:
- (i) any preliminary prospectus or prospectus of the undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;

is against public policy as expressed in the Securities Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the Registrant of expenses incurred or paid by a director, officer or controlling person of the Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act and will be governed by the final adjudication of such issue.
