Item 1.01 Entry into a Material Definitive Agreement.

In connection with the closing of the previously announced transactions contemplated by the ATLS Merger Agreement and the APL Merger Agreement (each as defined below), Targa Resources Corp. (the Company or TRC) entered into that certain Credit Agreement (the Credit Agreement), dated as of February 27, 2015, among the Company, each lender from time to time party thereto and Bank of America, N.A. as administrative agent, collateral agent, swing line lender and letter of credit issuer. The Credit Agreement provides for a new five year revolving credit facility in an aggregate principal amount up to \$670 million (the Revolving Credit Facility) and a seven year term loan facility in an aggregate principal amount of \$430 million (the Term Loan Facility), and collectively with the Revolving Credit Facility, the Credit Facility).

The Credit Agreement permits the Company to request an increase in (i) the Revolving Credit Facility by an amount not to exceed \$200 million and (ii) the Term Loan Facility by an amount not to exceed the sum of (x) \$200 million plus (y) the amount of all voluntary prepayments applied to the Term Loan Facility plus (z) an unlimited amount so long as on the date of incurrence thereof, the Company is in pro forma compliance with a Consolidated Leverage Ratio (as defined in the Credit Agreement) of no greater than 4.00 to 1.00, in each case subject to certain terms and conditions described in the Credit Agreement.

The proceeds of the Term Loan Facility and a portion of the Revolving Credit Facility were used on the closing date to finance in part the ATLS Merger (as defined below), to refinance existing indebtedness of the Company, and to pay fees and expenses incurred in connection with each of the foregoing. The entire principal amount of the Term Loan Facility was borrowed on the closing date, and no additional commitments are currently available for borrowings under the Term Loan Facility. The unused portion of the Revolving Credit Facility is available for working capital and general corporate purposes of the Company. Up to \$50 million of the Revolving Credit Facility may be used for the issuance of letters of credit, and up to \$30 million of the Revolving Credit Facility is available for swing line loans.

The obligations under the Credit Facility are secured by a first priority lien on substantially all of the present and future assets of the Company and the subsidiary guarantors under the Credit Facility (subject to certain exclusions and limitations), including 100% of the equity interests in the Partnership (as defined below) owned by the Company and the subsidiary guarantors.

Loans under the Credit Facility bear interest at either a base rate or LIBOR (at the Company's option) plus (i) for revolving loans, a margin of 0.75% to 1.75% (in the case of base rate loans) or 1.75% to 2.75% (in the case of LIBOR loans), in each case based on the Company's Consolidated Leverage Ratio and (ii) for term loans, 3.75% (in the case of base rate loans) or 4.75% (in the case of LIBOR loans). Unused availability under the Revolving Credit Facility is subject to a commitment fee ranging from 0.375% to 0.50%, based on the Company's Consolidated Leverage Ratio.

Beginning June 30, 2015, the Term Loan Facility is subject to amortization in an amount equal to \$1,075,000 per quarter until maturity.

The Credit Facility may be prepaid at any time in whole or in part without premium or penalty, other than (i) customary breakage costs, if applicable and (ii) with respect to the Term Loan Facility, any prepayment during the first six months following the closing date with proceeds of other indebtedness that has a lower effective yield than the Term Loan Facility is subject to a call premium of 1.00% of the principal amount subject to such repricing. Additionally, the Company must (i) prepay the Term Loan Facility in an amount equal to 100% of the net cash proceeds received from non-permitted indebtedness (or indebtedness permitted to be incurred solely if the proceeds thereof are applied to prepay the term loans) and (ii) offer to prepay the Term Loans (which offer may be accepted or declined by each term loan lender) upon the occurrence of certain other events resulting in the Borrower's receipt of cash proceeds, including certain dispositions, casualty/condemnation events and equity issuances (in each case subject to certain exceptions and reinvestment rights more fully described in the Credit Agreement).

Edgar Filing: Targa Resources Corp. - Form 8-K

The Credit Facility requires the maintenance of a Consolidated Leverage Ratio as of the last day of each fiscal quarter beginning June 30, 2015 of (i) through the fiscal quarter ending December 31, 2015, not more than 4.75 to 1.00, (ii) for the fiscal quarter ending March 31, 2016 through the fiscal quarter ending December 31, 2016, not more than 4.50 to 1.00 and (iii) for each fiscal quarter ending thereafter, 4.00 to 1.00.

In addition, the Credit Facility contains customary representations and warranties (subject to certain exceptions, thresholds and qualifications) as well as customary covenants (subject to certain exceptions, thresholds and qualifications) that impose obligations on, and restrict the ability of, the Company and its restricted subsidiaries to, among other things: incur liens; make investments, loans or enter into joint ventures; incur additional indebtedness, guarantees or other contingent obligations; prepay or amend the terms of other indebtedness; engage in mergers and consolidations; make sales, transfers and other dispositions of property

and assets; declare dividends, redeem and repurchase equity interests or make other restricted payments; change the nature of its business; enter into transactions with affiliates on a non-arm's length basis; or grant negative pledges or enter into burdensome agreements.

The Credit Facility includes customary events of default (subject to certain exceptions, baskets and qualifications) including, but not limited to: failure to pay principal, interest, fees or other amounts when due; failure to perform or observe covenants set forth in the loan documentation; any representation or warranty proving to have been materially incorrect when made or confirmed; default on other material indebtedness; occurrence of bankruptcy and insolvency events; occurrence of certain material judgments; material ERISA events; actual or asserted impairment of loan documentation or security; or a change of control of the Company.

The summary of the Credit Agreement in this Current Report on Form 8-K does not purport to be complete and is qualified by reference to the full text of the Credit Agreement, which is included as Exhibit 10.1 hereto and incorporated herein by reference.
