Closing on Investment Agreement

On August 11, 2015, GrafTech International Ltd. (the Company) issued and sold to BCP IV GrafTech Holdings LP, an affiliate of Brookfield Asset Management Inc. (Brookfield) (i) 136,616 shares of a new Series A Convertible Preferred Stock, par value \$0.01 per share (the Series A Preferred Stock), equal to 19.9% of the shares of common stock of the Company outstanding immediately prior to such issuance and (ii) 13,384 shares of a new Series B Convertible Preferred Stock, par value \$0.01 per share (the Series B Preferred Stock, and, together with the Series A Preferred Stock, the Preferred Stock), for an aggregate purchase price of \$150,000,000 in cash (the Purchase Price), under the Investment Agreement dated May 4, 2014 (the Investment Agreement) between the Company and Brookfield.

The closing of such issuance and sale occurred after the satisfaction of the closing conditions set forth in the Investment Agreement, including notice from the Committee on Foreign Investment in the United States that it has concluded its investigation of the transaction and has no unresolved national security concerns.

Pursuant to the Investment Agreement, the Company reimbursed Brookfield for \$500,000 in out-of-pocket fees and expenses (including fees and expenses of legal counsel) incurred by Brookfield in connection with the transaction.

The proceeds from such issuance and sale will be used by the Company, along with funds available under the Company's \$40 million delayed draw term loan facility, senior revolving credit facility and cash on hand, to prepay the Company's \$200 million Senior Subordinated Notes due November 30, 2015 (collectively, the Notes and each, a Note).

Preferred Stock

The Series A Preferred Stock is immediately convertible, at Brookfield's option, into shares of common stock of the Company, at a conversion price of \$5.00 per common share, subject to customary anti-dilution adjustments. Each share of Series B Preferred Stock will automatically convert into one share of Series A Preferred Stock upon approval by the Company's stockholders of such conversion in accordance with New York Stock Exchange requirements (the Stockholder Approval). The Company has agreed to seek the Stockholder Approval at the Company's 2015 annual stockholders meeting.

The Preferred Stock is entitled to quarterly cash dividends at the rate of 7.0% per annum prior to any dividend or distribution with respect to any of the Company's capital stock junior to the Preferred Stock. Dividends will be cumulative and will accrue until paid. If the Company fails to make timely dividend payments, the dividend rate would increase to 8.0% per annum until such time as all accrued but unpaid dividends have been paid in full. The Preferred Stock has a liquidation preference equal to the greater of (x) \$1,000 per share, plus all accrued and unpaid dividends thereon, whether or not declared and (y) the amount that the holders of the Preferred Stock would have received had they converted the Preferred Stock into shares of common stock (or Series A Preferred Stock in the case of Series B Preferred Stock) immediately prior to the time of liquidation. The Preferred Stock ranks junior to the Company's existing and future indebtedness. The Series A Preferred Stock has certain mandatory redemption rights at the holders' option following the seventh anniversary of the issue date and certain redemption rights at the option of the Company following the seventh anniversary of the issue date and following the fourth anniversary of the issue date if the daily volume weighted average price of the Company's common stock equals or exceeds 175.0% of the conversion price for at least 40 trading days during a period of 60 consecutive trading days, in each instance, at a redemption price per share equal to \$1,000 per share plus all accrued and unpaid dividends thereon, whether or not declared. The Series B Preferred Stock has a mandatory redemption right at the holders' option if the Stockholder Approval is not obtained by a specified date. The holders of the Preferred Stock also have the right, upon the occurrence of a change of control (other than one for which such holders have a repurchase right under the Investment

Agreement), to require the Company to repurchase all or any portion of such holder's shares of Preferred Stock at a make-whole premium.

The holders of the Preferred Stock are entitled to vote as a class on matters adversely affecting the Preferred Stock and, subject to certain ownership thresholds, on the election of designated board nominees, and the holders of the Series A Preferred Stock are entitled to vote together with the holders of common stock, as a single class, on an as converted basis, on other matters. So long as 25% of the originally issued shares of Series A Preferred Stock is outstanding, holders of a majority of the Preferred Stock are entitled to veto rights over issuances of senior or parity securities and changes to the certificate of incorporation of the Company that are adverse to the Preferred Stock.

The foregoing descriptions of the Series A Preferred Stock and the Series B Preferred Stock do not purport to be complete and are qualified in their entirety by reference to the Certificate of Designations of Series A Convertible Preferred Stock and the Certificate of Designations of Series B Convertible Preferred Stock, copies of which are filed as exhibits to this Current Report on Form 8-K.

Stockholder Rights Agreement

Concurrently with such issuance, the Company and Brookfield entered into a Stockholder Rights Agreement (Stockholder Rights Agreement). Pursuant to the Stockholder Rights Agreement, Brookfield has the right to designate two members for election to the Company's board of directors for so long as Brookfield owns at least 75% of the common stock issuable or actually issued upon conversion of the Series A Preferred Stock, excluding all shares of Series A Preferred Stock issued upon conversion of the Series B Preferred Stock (the Original Preferred Shares). Brookfield has the right to appoint one such member of the board for so long as Brookfield owns at least 25%, but less than 75%, of the Original Preferred Shares. In addition, for so long as at least 25% of the Original Preferred Shares remain outstanding, the Company will not increase the size of the board to more than 11 members without the prior written consent of the holders of a majority of the outstanding shares of Series A Preferred Stock.

For so long as Brookfield owns 25% or more of the Preferred Stock, Brookfield will have preemptive rights with respect to equity offerings, to enable Brookfield to maintain its proportionate equity ownership interest, subject to certain exceptions. The Stockholder Rights Agreement also prohibits Brookfield from selling or transferring any of the Preferred Stock to specified competitors, key suppliers or vendors of the Company.

Registration Rights Agreement

Concurrently with such issuance, the Company and Brookfield entered into a Registration Rights Agreement (the Registration Rights Agreement). The Registration Rights Agreement entitles Brookfield to customary demand, piggyback and shelf registration rights with respect to the shares of common stock underlying the Series A Preferred Stock and any other shares of common stock that Brookfield may acquire.

The foregoing descriptions of the Investment Agreement, the Stockholder Rights Agreement and the Registration Rights Agreement do not purport to be complete and are qualified in their entirety by reference to the Investment Agreement, which was filed as Exhibit 10.1 to the Current Report on Form 8-K filed by the Company with the Securities and Exchange Commission (the SEC) on May 4, 2015, and the Stockholder Rights Agreement and the Registration Rights Agreement, copies of which are filed as exhibits to this Current Report on Form 8-K.

Item 3.02. Unregistered Sale of Equity Securities.

The information set forth in Item 1.01 of this Current Report on Form 8-K is incorporated into this Item 3.02 by reference.

The Preferred Stock was sold without registration under the Securities Act of 1933, as amended (the Act), or state securities laws, in reliance on the exemptions provided by Section 4(a)(2) of the Act and in reliance on similar exemptions under applicable state laws. Brookfield represented to the Company in the Investment Agreement that it is an accredited investor within the meaning of Rule 501 under the Act and a qualified institutional buyer within the meaning of Rule 144A under the Act, and that it has not acquired the Preferred Stock with a view to the distribution thereof. Because the issuance of the Preferred Stock (and the issuance of the shares of common stock underlying the Preferred Stock, except as provided in the Registration Rights Agreement) was not and will not be registered, the Preferred Stock may not be offered or sold by Brookfield absent registration or an applicable exemption from registration requirements, such as the exemption afforded by Rule 144 under the Act.
