Dear Stockholder:

You are cordially invited to attend the 2015 Annual Meeting of Stockholders (the Annual Meeting) of Harman International Industries, Incorporated, a Delaware corporation. The meeting will be held on Wednesday, December 9, 2015, beginning at 11:00 a.m. Eastern Time. We are very pleased that this year s meeting will again be a completely virtual meeting of stockholders, meaning that you may participate solely by means of remote communication. You will be able to attend the Annual Meeting, vote, and submit your questions during the meeting via live webcast by visiting www.virtualshareholdermeeting.com/HAR2015.

As permitted by the rules of the Securities and Exchange Commission, we are also pleased to be furnishing our proxy materials to stockholders primarily over the Internet. We believe this process expedites stockholders receipt of the materials, lowers the cost of our meeting, and conserves natural resources. On or about October 28, 2015, we will mail to our stockholders (other than those who previously requested electronic or paper delivery) a notice containing instructions on how to access our 2015 Proxy Statement and 2015 Annual Report and vote online. The notice will also include instructions on how you can receive a paper copy of the proxy materials, including the notice of annual meeting, 2015 Proxy Statement and proxy card and 2015 Annual Report. If you elect to receive your proxy materials by mail, the notice of annual meeting, 2015 Proxy Statement and proxy card from our Board of Directors and 2015 Annual Report will be enclosed. If you elect to receive your proxy materials via e-mail, the e-mail will contain voting instructions and links to our 2015 Proxy Statement and 2015 Annual Report on the Internet.

At the meeting, management will report on our company s operations during fiscal year 2015 and comment on our outlook for the current fiscal year. The report will be followed by a question and answer period.

It is important that your shares be represented at the meeting. To ensure representation of your shares, please review the proxy materials and vote your shares over the Internet in advance of the meeting. Any proxy materials sent to you will include a proxy card that you may sign, date and return by mail or you may vote by using the telephone or Internet voting procedures described on the proxy card.

Sincerely,

Dinesh C. Paliwal
Chairman, Chief Executive Officer and President

NOTICE OF ANNUAL MEETING OF STOCKHOLDERS

To be held on December 9, 2015

To Our Stockholders:

The 2015 Annual Meeting of Stockholders of Harman International Industries, Incorporated (the Annual Meeting) will be held online via the Internet on December 9, 2015, beginning at 11:00 a.m. Eastern Time. You may attend the Annual Meeting, vote your shares electronically and submit questions during the Annual Meeting by visiting www.virtualshareholdermeeting.com/HAR2015. Please have the information that is printed in the box marked by the arrow to enter the Annual Meeting. The Annual Meeting will be held for the following purposes:

- (1) To elect the 11 directors named in the Proxy Statement to serve until the 2016 Annual Meeting of Stockholders;
- (2) To ratify the appointment of KPMG LLP as our independent registered public accounting firm for our 2016 fiscal year;
- (3) To approve an amendment to our 2012 Stock Option and Incentive Plan, as amended;
- (4) To hold an advisory vote on executive compensation; and
- (5) To conduct any other business that may be properly brought before the Annual Meeting or any adjournments or postponements of the Annual Meeting.

Information concerning the matters to be acted upon at the Annual Meeting is set forth in the accompanying Proxy Statement, which you are encouraged to access and review prior to submitting your vote. The Board of Directors of Harman International Industries, Incorporated recommends that you vote FOR the election of the 11 director nominees, FOR the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for our 2016 fiscal year, FOR the approval of the amendment to our 2012 Stock Option and Incentive Plan, as amended, and FOR, on an advisory basis, the compensation paid to our company's named executive officers.

Stockholders of record as of the close of business on October 14, 2015 are entitled to notice of, and to vote at, the Annual Meeting or any adjournment thereof.

You have three options for submitting your vote before the Annual Meeting:

Internet;

Phone; or

Mail.

Please vote as soon as possible to record your vote promptly by voting over the Internet in advance of the Annual Meeting. Any proxy materials sent to you will include a proxy card that you may sign, date and promptly return in the enclosed postage prepaid envelope or you may vote by using the telephone or Internet voting procedures described on the proxy card, even if you plan to attend the Annual Meeting.

**Important Notice regarding the Availability of Proxy Materials for the
Annual Meeting of Stockholders to be Held on December 9, 2015

Snapshot of 2015 Director Nominees

In addition to the above table, the following highlights the key characteristics our board of directors believes qualifies its current members to serve the interests of our stockholders. Additional details on our director nominees are set forth in their individual biographies.

Qualified: all of our director nominees are highly qualified directors with a diversity of skills and experiences

Independent: of our 11 director nominees, 10 are independent

Diverse: 45% of the director nominees are women or ethnically diverse

Experienced: The average age of our director nominees is approximately 64 years and the average tenure of our director nominees is approximately seven years

Fresh: Five new directors have joined our board of directors in the last five years
The Board recommends that you vote FOR each of the director nominees.

Auditors

As a matter of good corporate governance, we are asking our stockholders to ratify the appointment of KPMG LLP as our independent registered public accounting firm for fiscal year 2016. Set forth below is summary information with respect to KPMG LLP's fees for services provided in fiscal years 2015 and 2014.

Type of Fees	Fiscal Year 2015	Fiscal Year 2014
Audit fees	\$ 5,450,000	\$ 6,015,000
Audit-related fees	261,000	142,000
Tax fees	814,000	925,000
All other fees	2,000	16,500
Total	\$ 6,527,000	\$ 7,098,500

Amendment to the 2012 Stock Option and Incentive Plan

We are asking our stockholders to approve an amendment to our 2012 Stock Option and Incentive Plan, as amended (the 2012 Incentive Plan) that would increase the number of shares of Common Stock available for future awards under the 2012 Incentive Plan by 2,000,000 shares. The 2012 Incentive Plan was approved by our stockholders in 2011, and amended by our stockholders in 2013 to increase the number of shares of Common Stock available for future awards and modify certain share counting provisions, and is designed to attract, motivate and retain executives, key employees and non-officer directors. Our competitive compensation programs are designed to reinforce our pay-for-performance culture and rely heavily on equity grants under the 2012 Incentive Plan for our executives and eligible key employees. The Compensation and Option Committee of our Board believes that the increase in the aggregate number of shares available for future grants under the 2012 Incentive Plan is appropriate in order to permit the grant of equity awards at expected levels for the next three years. If the amendment to the 2012 Incentive Plan is not approved by our stockholders, it will be of no effect and the amount of shares available for issuance under the 2012 Incentive Plan will remain unchanged, although we may have insufficient shares available for future awards which may result in the use of cash-settled or cash-based long-term incentives rather than equity. Consequently, the Board recommends that you vote FOR the proposal to approve the amendment to the 2012 Incentive Plan to increase the number of shares of Common Stock available for awards under the 2012 Incentive Plan.

Executive Compensation Advisory Vote

We are asking our stockholders to approve on an advisory basis our named executive officer compensation. The Board recommends a FOR vote because it believes that our compensation policies and practices are effective in achieving our company's goals of recognizing financial and operating performance and leadership excellence, and aligning our executives' long-term interests with those of our stockholders.

Executive Compensation Elements for Fiscal Year 2015

Type	Form	Terms
Cash	Salary	Increases must be approved by the Compensation and Option Committee (and also by the Board for our CEO)
	Annual incentive compensation	Based on quantitative and qualitative performance goals
Equity	60% Performance-vested restricted share units (Performance RSUs) at target achievement	Performance RSUs have a three-year performance period with three objective performance measures
	40% Time-vested restricted share units (RSUs)	RSUs generally vest on the third anniversary of the date of grant
Retirement	Supplementary pension (CEO and Mr. Augsburger only) and German Pension Plan (Mr. Mauser only)	For Supplementary Pension, ten year vesting, payable at or after age 55. For German Pension Plan, payable at the age of 60. As of September 2008, our company no longer offers this benefit to newly hired or newly appointed executive officers
Severance	Severance payable upon termination of employment in certain specified circumstances or upon a change in control	Severance benefit ranges from a multiple of one time base salary plus pro rata bonus to three times base salary plus full bonus
Other	Perquisites	Supplemental life insurance, car allowances, spouse travel expenses to company events, company products at cost and legal services

Other Key Compensation Features

Executive share ownership requirements (six times base salary for CEO, and three times base salary for all other executive committee members)

Double trigger event required for severance benefits for the majority of our executive officers upon a change in control

Only CEO and former CFO entitled to tax gross-ups for excise taxes in the event of a change in control (our company has discontinued this practice)

Clawback Policy permits recovery of any incentive compensation paid to a current or former executive officer in the event of a material negative accounting restatement of our financial statements due to material noncompliance by our company with any financial reporting requirement under the securities laws

Basis for Compensation Decisions

Our company achieved record performance in fiscal year 2015. As a result of our organic and inorganic growth strategies, our net sales in fiscal year 2015 were \$6.155 billion, an increase of 15 percent from the prior year, as all of our company's divisions in fiscal year 2015 reported sales increases. This increase in net sales was due to a number of strategic measures implemented by our management team to create sustainable stockholder value, including capitalizing on robust demand for an embedded connected car experience, launching award winning products, and expanding our company's portfolio to strengthen our software capabilities and scale connected services to fully address the opportunities presented at the intersection of cloud, mobility and analytics. In addition, during fiscal year 2015 we continued to return value to our stockholders by increasing our dividend.

Our executive compensation philosophy continues to focus on pay-for-performance. As a result, compensation increases, if any, for our executive officers are generally tied to our company's performance, external benchmark data and each executive's contributions to that performance through their respective responsibilities. At the same time, we balance our annual guaranteed pay with at-risk pay so as to mitigate excessive risk taking to our company.

2016 Annual Meeting

Deadline for stockholder proposals: August 29, 2016, but not earlier than July 30, 2016

Deadline for stockholder proposals for inclusion in proxy materials: June 30, 2016

PROXY STATEMENT

FOR THE 2015 ANNUAL MEETING OF STOCKHOLDERS

This Proxy Statement provides information in connection with the solicitation of proxies by the Board of Directors (the **Board**) of Harman International Industries, Incorporated (sometimes referred to as **we**, **us**, **our**, or **our company**) for use at our 2015 Annual Meeting of Stockholders or any postponement or adjournment thereof (the **Meeting**). This Proxy Statement also provides information you will need in order to consider and to act upon the matters specified in the accompanying Notice of Annual Meeting of Stockholders.

In accordance with rules and regulations adopted by the Securities and Exchange Commission (the **SEC**), instead of mailing a printed copy of our proxy materials to each stockholder of record, we will furnish our proxy materials on the Internet. If you receive a Notice of Internet Availability of Proxy Materials (the **Notice**) by mail, you will not receive a printed copy of the proxy materials other than as described in this Proxy Statement. Instead, the Notice will instruct you as to how you may access and review all of the important information contained in the proxy materials. The Notice will also instruct you as to how you may submit your proxy over the Internet. If you receive a Notice by mail and would like to receive a printed copy of our proxy materials or vote by telephone, you should follow the instructions for requesting proxy materials included in the Notice.

It is anticipated that the Notice will be sent to our stockholders on or about October 28, 2015. The Proxy Statement and the form of proxy relating to the Meeting will be made available to our stockholders on the date that the Notice is first sent.

Holders of record of our common stock, \$0.01 par value per share (**Common Stock**), as of the close of business on October 14, 2015 (the **Record Date**) are entitled to vote at the Meeting. Each stockholder of record as of the Record Date is entitled to one vote for each share of Common Stock held by such stockholder. On October 14, 2015, there were 71,224,154 shares of Common Stock outstanding and entitled to vote.

You cannot vote your shares of Common Stock unless you are present at the Meeting or you have previously given your proxy. You can vote by proxy in one of three convenient ways:

by Internet: visit the website shown on the Notice or the proxy card and follow the instructions;

in writing: if you have requested a printed copy of the proxy materials, sign, date and return the proxy card in the envelope enclosed with the proxy materials; or

by telephone: within the U.S. or Canada, call the toll-free telephone number shown on the proxy card enclosed with the proxy materials and follow the instructions.

You may revoke your proxy at any time prior to the vote at the Meeting by:

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

delivering a written notice revoking your proxy to our company's Corporate Secretary at the address above;

delivering a new proxy bearing a date after the date of the proxy being revoked; or

voting in person at the Meeting.

All properly executed proxies, unless revoked as described above, will be voted at the Meeting in accordance with your directions on the proxy. If a properly executed proxy does not provide instructions, the shares of Common Stock represented by your proxy will be voted as follows:

FOR the election of each of the 11 director nominees to serve until our company's 2016 Annual Meeting of Stockholders;

FOR the ratification of our appointment of KPMG LLP as our independent registered public accounting firm for the 2016 fiscal year;

FOR the approval of an amendment to our 2012 Stock Option and Incentive Plan, as amended;

FOR the approval, by non-binding vote, of the compensation paid to our company's named executive officers; and

at the discretion of the proxy holders with regard to any other matter that is properly presented at the Meeting.

A majority of the outstanding shares of Common Stock must be present, in person or by proxy, to constitute a quorum at the Meeting.

Our company's majority voting policy requires any director nominee in an uncontested election who receives a greater number of votes than votes withheld to tender his or her resignation promptly following the certification of the election results. The Nominating and Governance Committee of the Board will consider all of the relevant facts and circumstances and make a recommendation to the Board with respect to accepting or rejecting the resignation. Within 90 days of the certification of the voting results of the Meeting, the Board is required to take action with respect to the recommendation and to publicly disclose its decision by issuing a press release. The majority voting policy is more fully described below in *The Board, Its Committees and Its Compensation*, *Corporate Governance*, *Majority Voting Policy*.

Those stockholders who fail to vote over the Internet or by telephone, return a proxy or attend the Meeting will not have their shares of Common Stock count towards determining any required vote or quorum. Abstentions will count towards determining a quorum. Your broker, bank or other nominee is not permitted to vote on your behalf on non-routine matters, which include the election of directors, the approval of the amendment to the 2012 Stock Option and Incentive Plan, as amended, and the advisory vote on executive compensation, unless you provide specific instructions by completing and returning the proxy card or following the instructions provided to you to vote your shares via telephone or the Internet. The proposal to ratify the appointment of our company's independent registered public accounting firm is considered a routine matter under the New York Stock Exchange rules, which means that your broker, bank or other nominee will have discretionary authority to vote your shares held in street name on that matter. To ensure your shares are voted in the manner you desire, you should instruct your broker, bank or other nominee before the date of the Meeting on how to vote your shares. In the event that a broker, bank or other nominee does not receive voting instructions for these matters from its customers, such broker, bank or nominee may notify us that it lacks voting authority to vote those shares, which is referred to as a broker non-vote. These broker non-votes will be included in determining whether a quorum exists.

Each of the approval of the amendment to the 2012 Stock Option and Incentive Plan, as amended, the ratification of the independent registered public accounting firm and the approval of the advisory vote on executive compensation requires the affirmative vote of a majority of the shares present in person or represented by proxy at the Meeting and entitled to vote. Therefore, shares not voted and broker non-votes, if any, will not be treated as votes cast and have no effect on these matters. Abstentions are considered voting power present at the Meeting and will have the same effect as votes cast against each of these matters.

If you own shares through our employee retirement savings and investment plan, and you do not direct the trustee of the 401(k) plan to vote your shares, then the trustee will vote the shares credited to your account in the same proportion as the voting of shares for which the trustee receives direction from other participants.

We are soliciting your proxy and will pay the cost of preparing and mailing proxy materials, including the Notice, this Proxy Statement and the proxy card. Additionally, our employees may solicit proxies personally and by telephone. Our employees will receive no compensation for soliciting proxies other than their regular salaries. We may request banks, brokers and other custodians, nominees and fiduciaries to forward copies of these proxy materials to their principals and to request authority for the execution of proxies. We may reimburse such persons for their expenses in so doing.

QUESTIONS AND ANSWERS

Q: Who can attend the Meeting?

A: All stockholders of record as of the close of business on October 14, 2015 can attend the Meeting.

Q: What do I need to do to attend the Meeting?

A: We will be hosting the Meeting live via the Internet. A summary of the information you need to attend the Meeting online is provided below:

Webcast replay of the Meeting will be available until December 5, 2016

Q: Will there be a management presentation at the Meeting?

A: Management will give a brief presentation at the Meeting.

Q: If more than one stockholder lives in my household, how can I obtain an extra copy of this Proxy Statement and the 2015 Annual Report?

A: Pursuant to the rules of the SEC, we are delivering to multiple stockholders sharing the same address a single copy of the Notice, this Proxy Statement or our 2015 Annual Report, unless we have received contrary instructions from any such stockholder. Upon written or oral request, we will mail a separate copy of this Proxy Statement and our 2015 Annual Report to any stockholder at a shared address to which a single copy of each document was delivered. You may contact us with such request or to request that separate proxy materials be

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

provided in the future by writing to our company's Corporate Secretary at the following address: 400 Atlantic Street, Suite 1500, Stamford, CT 06901, or by calling (203) 328-3500. Eligible stockholders of record receiving multiple copies of the proxy materials can request householding by contacting us in the same manner. Stockholders who own shares through a bank, broker or other nominee can request householding by contacting the nominee. We will mail materials you request at no cost to you. You can also access this Proxy Statement and our 2015 Annual Report online at <https://materials.proxyvote.com/413086>.

Q. How many votes are needed to approve each proposal?

- A. For Proposal No. 1, the election of directors to hold office until the 2016 Annual Meeting of Stockholders, a nominee will be elected by a plurality of votes cast. Nominees who receive a greater number of Withhold votes than For votes are required to promptly tender their resignation pursuant to our majority voting policy. The affirmative vote of a majority of the shares that are present at the Meeting in person or by proxy and entitled to vote thereon, is required to: ratify the appointment of our independent registered public accounting firm (Proposal No. 2); approve the amendment to our 2012 Stock Option and Incentive Plan, as amended (Proposal No. 3); and approve, by non-binding vote, our executive compensation (Proposal No. 4). Broker non-votes have no effect on the outcome of Proposal Nos. 1, 2, 3 and 4. Abstentions have the same effect as votes Against on Proposals 2, 3 and 4.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Stockholders will elect the directors at the Meeting to serve for one-year terms. This section contains information relating to the 11 director nominees.

The incumbent directors that have been nominated for re-election are Adriane M. Brown, John W. Diercksen, Ann McLaughlin Korologos, Edward H. Meyer, Robert Nail, Dinesh C. Paliwal, Abraham N. Reichental, Kenneth M. Reiss, Hellene S. Runtagh, Frank S. Sklarsky, and Gary G. Steel. Each of the nominees for election at the Meeting was selected by the Board as a nominee in accordance with the recommendation of the Nominating and Governance Committee of the Board (Nominating Committee). If elected at the Meeting, each of the nominees have consented to serve on the Board and each of the nominees would so serve until the 2016 Annual Meeting of Stockholders and until his or her successor is elected and has been duly qualified, or until such director s death, resignation or removal.

The Board expects that the nominees will be available for election at the time of the Meeting. If for any reason a nominee should become unavailable for election, the shares of Common Stock voted For that nominee by proxy will be voted for a substitute nominee designated by the Board, unless the Board reduces the number of directors or allows that nominee s director position to remain vacant until a qualified nominee is identified.

A plurality of the votes cast is required for the election of directors. This means that the director nominee with the most votes for a particular Board position is elected for that position. The election of directors at the Meeting is an uncontested election. Therefore, pursuant to our majority voting policy, nominees who receive a greater number of Withhold votes than For votes are required to promptly tender their resignation. See The Board, its Committees and Its Composition Corporate Governance Majority Voting Policy.

Directors Retirement Policy

On September 11, 2012, our Board approved an amendment to our Corporate Governance Guidelines to implement a retirement policy for our directors. This policy requires directors to retire at the annual meeting immediately following their 75th birthday, unless the Board otherwise grants a waiver to such policy. Mr. Edward H. Meyer, the Chairman of the Compensation and Option Committee of the Board (Compensation Committee), has been actively involved in the shareholder engagement process and has made other invaluable contributions to the Board in this role. The Board has temporarily waived the retirement policy for Mr. Meyer for at least one more term in order to ensure an orderly transition.

Nominees to be Elected at the Meeting

Adriane M. Brown

Director since June 2013

Ms. Brown, age 57, is the President and Chief Operating Officer of Intellectual Ventures, a privately held invention capital firm that focuses on the creation of new inventions and the introduction of new models for monetizing inventions as stand-alone assets. Prior to joining Intellectual Ventures, Ms. Brown worked for Honeywell International, a Fortune 100 publicly traded diversified technology and manufacturing leader serving customers worldwide with aerospace products and services, control technologies for buildings, homes and industry, automotive products, turbochargers and specialty materials. Ms. Brown served as Senior Vice President, Energy Strategy from May 2009 to September 2009 and as President and CEO of Honeywell Transportation Systems from 2005 to 2009. Ms. Brown does not currently serve, and has not served in the last five years, on any other public company boards. She currently serves on the board of directors of the Pacific Science Center, a not-for-profit organization whose mission is to inspire lifelong interest in science, technology and math, and Jobs for America's Graduates, the nation's leading drop-out prevention program.

Ms. Brown's qualifications to serve on the Board include her extensive expertise and experience in the areas of technology, emerging markets and innovation, as well as the comprehensive management and leadership experience she has gained as the President and Chief Operating Officer of an invention capital firm.

John W. Diercksen

Director since June 2013

Mr. Diercksen, age 66, served as the Executive Vice President - Strategy of Verizon Communications, a global leader in delivering broadband and other wireless and wireline communications services to consumer, business, government and wholesale customers, from 2012 until September 2013, where he had responsibility for key strategic initiatives related to the review and assessment of potential mergers, acquisitions and divestitures. The Board recommends a vote FOR election of each of the nominees.

THE BOARD, ITS COMMITTEES AND ITS COMPENSATION

The Board of Directors

The Board currently consists of 11 directors. The Board has determined that the ten non-management directors are independent directors and that one director is a current member of our senior management. Each of our non-management directors meets the qualifications for independence under the listing standards of the New York Stock Exchange. Following the Meeting, the Board will consist of 11 members, ten of whom are independent. There are no family relationships among any directors or executive officers of our company.

Director Compensation

Process

The Compensation Committee is responsible for annually reviewing and making recommendations to the Board regarding the compensation of our non-management directors.

Fiscal 2015 Compensation

For services rendered during fiscal year 2015, non-management directors received an annual retainer fee of \$80,000. The chairperson of each of the Board's standing committees received an additional annual retainer fee as follows: Audit Committee (\$30,000), Compensation Committee (\$20,000) and Nominating Committee (\$15,000). Each committee member (excluding the committee chair) received an additional annual retainer fee for each committee on which he or she served as follows: Audit Committee (\$15,000), Compensation Committee (\$10,000) and Nominating Committee (\$7,500). The Lead Director received an additional annual retainer fee of \$25,000. We do not pay fees to directors who are officers of our company or our subsidiaries. We reimburse all directors for expenses incurred in attending Board and committee meetings. We also reimburse our directors for the travel expenses of a spouse in connection with attending meetings where spouses are invited to related events.

On the date of our 2014 Annual Meeting of Stockholders, each then-current non-management director received a restricted share unit (RSU) grant equal to \$135,000 divided by the closing price of our Common Stock on December 3, 2014. All of these RSUs were granted under the Harman International Industries, Incorporated 2012 Stock Option and Incentive Plan, as amended (the 2012 Incentive Plan). New directors appointed after the date of our 2014 Annual Meeting of Stockholders received a pro-rata portion of the annual equity grant upon appointment to the Board. Each RSU vests on the first anniversary of the grant date.

Directors are permitted to elect deferral of the cash retainer and RSUs. No director elected to defer his or her cash retainer or RSUs during fiscal 2015.

The following table sets forth compensation earned by each of our non-management directors for his or her service as a director during fiscal 2015.

Our company ceased granting stock options to non-management directors after the appointment of Mr. Reiss in February 2008.
- (4) Represents amounts for spouse travel paid for by our company.
- (5) Dr. Liu retired from the Board at the end of his term on December 3, 2014.

Corporate Governance

The Board and senior management believe that one of their primary responsibilities is to promote a culture of ethical behavior throughout our company by setting examples and by displaying a sustained commitment to instilling and maintaining deeply ingrained principles of honesty and decency. Consistent with these principles we have, among other things, adopted:

written charters for our Audit Committee, Compensation Committee and Nominating Committee;

Corporate Governance Guidelines that describe the principles under which the Board operates;

a Code of Ethics for Senior Management and the Board, a Code of Ethics and Conflicts of Interest Policy for Members of the Board, and a Code of Business Conduct applicable to all our employees;

prohibition on hedging our Insider Trading Policy expressly prohibits directors and employees from engaging in short sales of our Common Stock or buying or selling puts, calls or similar instruments in connection with our Common Stock; and

a majority voting policy that requires our directors to submit their resignation if they do not receive a majority of votes For their election.

The committee charters, corporate governance guidelines, ethics codes and majority voting policy are available on our website (www.harman.com) in the Corporate Governance section of the Investors page. Copies of these documents are also available upon written or oral request to our Corporate Secretary. We will post information regarding any amendment to, or waiver from, our Code of Ethics for Senior Management and the Board on our website under the Corporate Governance section of the Investors page.

The Board periodically reviews its corporate governance policies and practices. Based on these reviews, the Board expects to adopt changes to policies and practices that are in the best interests of our company and as appropriate to comply with any new requirements of the SEC or the New York Stock Exchange.

Director Independence

As part of our Corporate Governance Guidelines, we have established a policy requiring a majority of the members of the Board to be independent. The Board has also adopted a policy establishing independence standards to assist the Board in determining the independence of the non-management directors. Those standards reflect, among other things, the requirements under the listing standards of the New York Stock Exchange. The independence standards for non-management directors are available on our website under the Corporate Governance section of the Investors page.

In making its independence determinations, the Board considered transactions that occurred in fiscal year 2015 between our company and entities associated with the non-management directors or members of their respective immediate families. All identified transactions that appeared to relate to our company and a family member of, or entity with a known connection to, a non-management director were presented to the Board for consideration. The Board considered the transactions in the context of the New York Stock Exchange objective standards, the special standards established by the SEC for members of audit committees, and the SEC and U.S. Internal Revenue Service standards for compensation committee members. Based on all of the foregoing, as required by the New York Stock Exchange rules, the Board made a determination that no relationships exist that, in the opinion of the Board, would impair any non-management director's independence.

The Board has determined that each of Ms. Brown, Mr. Diercksen, Ms. Korologos, Mr. Meyer, Mr. Nail, Mr. Reichental, Mr. Reiss, Ms. Runtagh, Mr. Sklarsky and Mr. Steel, is independent of our company and our management within the meaning of the New York Stock Exchange listing standards and satisfies our independence standards. Following the Meeting, the Board will consist of 11 members, ten of whom are independent and one of whom is a member of our senior management. There are no family relationships among any directors or executive officers of our company.

Majority Voting Policy

Under our majority voting policy, in an uncontested election of directors, any nominee who receives a greater number of Withhold votes than For votes in his or her election will, promptly following the certification of the stockholder vote, tender his or her written resignation to the Board for consideration by the Nominating Committee. The Nominating Committee will consider the resignation and will make a recommendation to the Board concerning whether to accept or reject it.

In determining its recommendation to the Board, the Nominating Committee will consider all factors it deems relevant, which may include:

the stated reason or reasons why stockholders who cast Withhold votes for the director did so;

the qualifications of the director (including, for example, whether the director serves on the Audit Committee of the Board as an audit committee financial expert and whether there are one or more other directors qualified, eligible and available to serve on the Audit Committee in such capacity); and

whether the director's resignation from the Board would be in our best interests and the best interests of our stockholders.

The Nominating Committee also will consider a range of possible alternatives concerning the director's tendered resignation as it deems appropriate, which may include:

acceptance of the resignation;

rejection of the resignation; or

rejection of the resignation coupled with a commitment to seek to address and cure the underlying reasons reasonably believed by the Nominating Committee to have substantially resulted in the Withhold votes.

Under our majority voting policy, the Board will take formal action on the recommendation no later than 90 days following the certification of the results of the stockholders' meeting. In considering the recommendation, the Board will consider the information, factors and alternatives considered by the Nominating Committee and any additional information that the Board deems relevant. We will publicly disclose the Board's decision promptly after the decision is made in a press release. If applicable, the Board will also disclose the reason or reasons for rejecting the tendered resignation.

Non-Employee Director Stock Ownership

In fiscal year 2012, we adopted revised Stock Ownership Guidelines for Non-Employee Directors. The guidelines recommend that non-management directors should, upon the later of (a) three years after the date of original adoption of the updated guidelines or (b) three years after becoming a director, own and hold shares of Common Stock equal in value to the lesser of:

three times the director's annual cash retainer; or

7,000 shares.

Communications with the Board

Stockholders and other interested parties may communicate with the Board, the non-management directors, any of the committees of the Board or specific directors by mail addressed to: Board of Directors, c/o Harman International Industries, Incorporated, 400 Atlantic Street, Suite 1500, Stamford, Connecticut 06901, Attn: General Counsel. The mailing envelope should also clearly indicate whether the communication is intended for the Board, the non-management directors, any of the committees of the Board or a specific director. The General Counsel or the Head of Internal Audit will review all these communications and will, within a reasonable period of time after receiving the communications, forward all communications to the appropriate director or directors, other than those communications that are merely solicitations for products or services or relate to matters that are of a type that are clearly improper or irrelevant to the functioning of the Board or the business and affairs of our company.

Board Meetings

The Board held seven meetings during fiscal year 2015. Each director attended at least 75% of the total number of meetings of the Board and committees on which he or she served during the period he or she was a director in fiscal year 2015. The Board has established a policy that the non-management directors meet in executive session, without members of our management present, at each regularly scheduled meeting of the full Board.

The following table provides a summary of the membership of each of the standing committees of the Board as of June 30, 2015.

Annual Meetings of Stockholders

As part of our Corporate Governance Guidelines, the Board has adopted a policy that each director is expected to make reasonable efforts to attend our stockholders' meetings. All Board members who were directors at the time of the meeting attended our 2014 Annual Meeting of Stockholders.

Audit Committee

During fiscal 2015, the Audit Committee held nine meetings. The Board has determined that each member of the Audit Committee is independent under the New York Stock Exchange listing standards and each is financially literate and experienced in financial matters. The Board has also determined that Messrs. Reiss, Diercksen and Sklarsky are audit committee financial experts within the meaning of applicable SEC regulations.

The Audit Committee assists the Board in its oversight of our financial reporting, focusing on the integrity of our company's financial statements, our compliance with legal and regulatory requirements, and the qualifications and independence of our independent registered public accounting firm. The Audit Committee's primary responsibilities include:

acting as the direct contact with our independent registered public accounting firm, who is ultimately accountable to the Audit Committee and the Board;

appointing the independent registered public accounting firm, setting the terms of compensation and retention for the independent registered public accounting firm, and evaluating and overseeing the work of the independent registered public accounting firm;

pre-approving all audit and non-audit services provided to our company by the independent registered public accounting firm;

oversight over the audit scope and performance of the internal audit function;

oversight over our company's ethics and compliance programs;

evaluating and discussing with management and the Board our company's risk assessment and risk management processes; and

acting in respect of all other matters as to which Audit Committee action is required by law or New York Stock Exchange listing standards.

The Audit Committee's responsibilities and key practices are more fully described in its written charter. A report of the Audit Committee appears on page 51 of this Proxy Statement.

Compensation and Option Committee

During fiscal 2015, the Compensation Committee held five meetings. Each member of the Compensation Committee is independent under the New York Stock Exchange listing standards.

The Compensation Committee assists the Board in overseeing executive compensation and administers our executive bonus, option and incentive, deferred compensation and retirement plans. The Compensation Committee's primary responsibilities include:

establishing our company's executive compensation philosophy;

annually reviewing and benchmarking CEO compensation, and recommending to the Board the compensation level for the CEO;

annually reviewing, benchmarking and approving compensation levels for our executive officers and reviewing executive compensation matters generally;

reviewing and making recommendations to the Board with respect to director compensation;

making recommendations to the Board with respect to approval and adoption of all cash and equity-based incentive plans;

reviewing and approving the Compensation Discussion and Analysis to be included in the annual proxy statement; and

approving awards of options, restricted shares, RSUs and other equity rights to executive officers.

The Compensation Committee's responsibilities and key practices are discussed more fully in its written charter. A report of the Compensation Committee appears on page 33 of this Proxy Statement.

Compensation Committee Interlocks and Insider Participation

Edward H. Meyer, Adriane M. Brown, Hellene S. Runtagh, Frank S. Sklarsky and Gary G. Steel served as members of the Compensation Committee in fiscal year 2015. During fiscal year 2015, no member of the Compensation Committee was an employee, officer or former officer of our company. None of our executive officers served in fiscal year 2015 on the board of directors or compensation committee (or other committee serving an equivalent function) of any entity that had an executive officer serving as a member of the Board or the Compensation Committee.

Nominating and Governance Committee

During fiscal year 2015, the Nominating Committee held four meetings. Each member of the Nominating Committee is independent under the New York Stock Exchange listing standards.

The Nominating Committee assists the Board in carrying out its oversight responsibilities relating to the composition of the Board and certain corporate governance matters. The Nominating Committee's primary responsibilities include:

considering and making recommendations to the Board with respect to nominees for election to the Board consistent with criteria approved by the Board or the Nominating Committee, including director candidates submitted by our stockholders;

periodically reviewing and assessing our policies and practices with regard to corporate responsibility, human health and safety, sustainability and the environment;

annually reviewing and reassessing the adequacy of our codes of conduct, corporate governance guidelines and committee charters;

overseeing the process for the annual performance evaluation of the Board, Board committees and CEO; and

reviewing the independence of each of the directors annually.

The Nominating Committee's responsibilities and key practices are more fully described in its written charter.

Board Role in Respect of CEO Compensation

The Compensation Committee approves and makes recommendations to the Board regarding the CEO's compensation level, and the Board makes all final decisions regarding CEO compensation. The Board approves the CEO's goals and objectives for the upcoming fiscal year, assesses the CEO's performance in the current fiscal year against the goals and objectives for such fiscal year and approves the CEO's compensation for the upcoming fiscal year. The CEO is not involved in the approval process for his compensation.

Board Leadership Structure

The current Board Chairman is also the current CEO of our company. In addition, in May 2008 the non-management directors designated Ann McLaughlin Korologos as Lead Director. In this role, Ms. Korologos is responsible for chairing executive sessions and other meetings of the Board, with and without the participation of the Chairman. Our Lead Director, together with the Chairman, sets the agenda for Board meetings and ensures that all topics proposed by the other directors are considered for debate and discussion. Our Lead Director also conducts the CEO's performance appraisal at the end of each fiscal year and reviews the CEO's performance goals and objectives for the new fiscal year. In preparation for these reviews with the CEO, all non-management directors provide their input to the Lead Director. Following the review sessions with the Lead Director, our CEO holds an in-person performance appraisal presentation and discussion with the Board. The Board designates the Lead Director on an annual basis.

The non-management directors believe that our company's current model of the combined Chairman/CEO role in conjunction with the Lead Director position is the appropriate leadership structure for our company at this time. The non-management directors believe that each of the possible leadership structures for a board has its particular advantages and disadvantages, which must be considered in the context of the specific circumstances, culture and challenges facing a company, and that such consideration is the responsibility of a company's board and requires a diversity of views and experiences. The combined Chairman/CEO model is a leadership model that has served our stockholders well for many years and through a succession of effective leaders.

The non-management directors of the Board believe that the combined Chairman/CEO position, together with the Lead Director, has certain advantages over other board leadership structures and continues to best meet our company's current needs, including:

efficient communication between management and the Board;

clear delineation of the Lead Director's and other non-management directors' oversight role from the Chairman/CEO's and other management's day-to-day operations role;

clarity for our company's key stakeholders on corporate leadership and accountability; and

the Board Chairman possessing the best knowledge of our company's strategy, operations and financial condition and, in turn, the ability to communicate that to external stakeholders.

The Nominating Committee and the other non-management directors periodically review this structure to ensure it is still appropriate for our company, especially in the context of future succession plans.

Board Oversight of Risk Management

Management is responsible for day-to-day enterprise risk management. In its oversight role regarding enterprise risk management, the Board reviews and approves our company's long-term strategic plan and annual operating plan. We face risks in many different areas, including business strategy; government regulation; financial condition; credit and liquidity; product innovation; competition for talent; executive development; operational efficiency; quality assurance; environmental, health and safety; supply chain management; information technology and security; intellectual property; and legal compliance, among many others. The Board believes that oversight of risk management is the responsibility of the full Board.

In carrying out this critical responsibility, the Board meets with key members of management with primary responsibility for management of risk in their respective areas of responsibility, including our CEO, Chief Financial Officer, Chief Human Resources Officer, General Counsel, Head of Internal Audit, and the presidents of each of our divisions. Each year, management compiles a comprehensive risk assessment report and reviews that report with the Board during regular Board meetings. The report identifies the material business risks for our company, indicates the senior management owners of such risks, and identifies factors that respond to and mitigate those risks. Throughout the year, the Board dedicates a portion of each meeting to review and discuss specific risk topics in greater detail.

Executive Succession Planning

The Board and our CEO have developed a comprehensive program for emergency and long-term executive succession, which the Board reviews with our CEO annually. Consistent with our culture, our goal is to always be in a position to appoint our most competent senior executives from within our company. Individuals who are identified as having potential for senior executive positions are evaluated by the Board. The careers of such persons are developed to ensure that over time they have appropriate assignments, exposure to the Board and exposure to our diverse global business. These individuals interact with the Board in various ways, including through participation in certain Board meetings and other Board-related activities and meetings with individual directors, both in connection with director visits to our business units around the world and otherwise.

We believe that the Board fully understands our culture and strategic needs and that our succession program should ensure a smooth transition with respect to senior executive appointments.

Director Nominees

The Nominating Committee utilizes a variety of methods for identifying and evaluating director nominees. The committee may consider candidates recommended by our directors, members of management, professional search firms or stockholders. These candidates may be considered at any point during the year.

Qualifications

The Board has charged the Nominating Committee to make recommendations regarding an appropriate board composition to support and adjust to our company's strategy and operations over time. The Nominating Committee reviews annually with the Board the size, function and needs of the Board and our company. In evaluating nominees for election as a director, the Nominating Committee considers a number of factors, including the following:

personal and professional qualities, characteristics, attributes, accomplishments and reputation in the business community and otherwise;

reputation in a particular field or area of expertise;

current knowledge and contacts in the markets in which we do business and in our industry and other industries relevant to our business;

the ability and willingness to participate fully in Board activities, including attendance at, and active participation in, Board and committee meetings;

the skills and personality of the nominee and how the Nominating Committee perceives the nominee will fit with the existing directors and other nominees in maintaining a board that is collegial and responsive to the needs of our company and our stockholders;

the willingness to represent the best interests of all of our stockholders and not just one particular constituency;

age of the nominee; and

diversity of viewpoints, culture, gender, background and experience, compared to those of existing directors and other nominees.

Edgar Filing: HARMAN INTERNATIONAL INDUSTRIES INC /DE/ - Form DEF 14A

The Board also seeks men and women that have a wide range of experiences at policy-making levels in business, government, education and technology and in areas that are relevant to our company's global activities. The Nominating Committee also endeavors to ensure that the Board includes a number of financially literate directors and at least one director who qualifies as a financial expert.

The Nominating Committee will also consider other criteria for director candidates included in our Corporate Governance Guidelines or as may be established from time to time by the Board.

We believe that our current Board is well-qualified to lead our company's efforts to achieve our long-term strategy. The combined experience of our directors covers all areas of expertise and competency identified by the Nominating Committee.

Stockholder Recommendations

The Nominating Committee will evaluate director candidates recommended by a stockholder in the same manner as candidates otherwise identified by the Nominating Committee. We have never received any recommendations for director candidates from stockholders. In considering director candidates recommended by our stockholders, the Nominating Committee will also take into account such factors as it considers relevant, including the length of time that the submitting stockholder has been a stockholder of our company and the aggregate amount of the submitting stockholder's investment in our company.

Stockholders may recommend candidates at any time but to be considered by the Nominating Committee for inclusion in our proxy statement for the next annual meeting of stockholders, recommendations must be submitted in writing no later than 120 days before the first anniversary of the date the proxy statement was mailed to stockholders in connection with the previous year's annual meeting. A stockholder's notice must contain, among other information, the following:

the name of the director candidate, the name of the stockholder recommending the director candidate for consideration, and the written consent of the director candidate and stockholder to be publicly identified;

a written statement by the director candidate agreeing to be named in our proxy materials and to serve as a member of the Board if nominated and elected;

a written statement by the director candidate and the recommending stockholder agreeing to make available to the Nominating Committee all information reasonably requested in connection with the Nominating Committee's consideration of the director candidate; and

the director candidate's name, age, business and residential addresses, principal occupation or employment, number of shares of Common Stock and other securities of our company beneficially owned, a curriculum vitae or similar document detailing personal and professional experiences and accomplishments, and all other information relating to the director candidate that would be required to be disclosed in a proxy statement or other filing made in connection with the solicitation of proxies for the election of directors by SEC regulations and the New York Stock Exchange listing standards.

The stockholder's notice must be signed by the stockholder recommending the director candidate for consideration and sent to the following address: Harman International Industries, Incorporated, 400 Atlantic Street, Suite 1500, Stamford, Connecticut 06901, Attn: Corporate Secretary (Nominating and Governance Committee Communication/Director Candidate Recommendation).

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis (CD&A) provides a detailed description of our executive compensation philosophy and programs, the compensation decisions the Compensation Committee has made under those programs and the factors considered in making those decisions. This CD&A focuses on the compensation of our named executive officers (NEOs) for fiscal year 2015, who were:

Name	Title
Dinesh C. Paliwal	Chairman, Chief Executive Officer, and President (the CEO)
Sandra E. Rowland	Executive Vice President and Chief Financial Officer*
Herbert K. Parker	Executive Vice President, Operational Excellence**
Blake Augsburg	Executive Vice President and President Professional Solutions Division
Michael Mauser	Executive Vice President and President Lifestyle Audio Division
Todd Suko	Executive Vice President and General Counsel

* Ms. Rowland was appointed Executive Vice President and Chief Financial Officer effective January 1, 2015.

** Mr. Parker served as Executive Vice President and Chief Financial Officer from June 2008 until January 1, 2015.

Mr. Paliwal, Ms. Rowland and Mr. Parker were NEOs by reason of their role with our company, and Mr. Augsburg, Mr. Mauser and Mr. Suko were NEOs by reason of their level of compensation with our company.

Compensation Program Summary

Our compensation program is designed to:

Reward for performance against goals that we believe are the key drivers of long-term stockholder value;

Align executives directly with our stockholders; and

Attract, retain, and motivate top executive talent.

In order to achieve these objectives, compensation is delivered through a mix of fixed and variable pay elements, summarized below and discussed further in the Compensation Program Details section of this CD&A.

Fiscal Year 2015 Performance Context

Fiscal year 2015 was a record breaking year for our company. Some of our significant accomplishments during fiscal year 2015 included:

net sales were \$6.155 billion, an increase of 15 percent from the prior fiscal year, as all of our company's divisions reported sales increases;

we delivered fiscal year 2015 non-GAAP earnings per share (EPS) of \$5.71, an increase of 29% over fiscal year 2014; and

we increased our annual dividend from \$1.20 per share to \$1.32 per share and announced that in fiscal year 2016 we would increase our annual dividend from \$1.32 per share to \$1.40 per share.

Overview of Fiscal Year 2015 Program and Changes for Fiscal Year 2016

Element	Description	Objective	Key Changes for Fiscal Year 2016
Base salary	Set based on each executive's role, responsibilities and performance	Provide a competitive level of fixed compensation to achieve attraction and retention objectives	3% increase for the CEO
	Data on comparable positions in the market used as context		Increases for other NEOs vary, to recognize performance and market positioning
Annual incentive	Annual cash incentive opportunity	Align executives with the operating performance of our company	Slight increases in annual cash incentive opportunity for certain NEOs based on benchmark data
	Can range from 0% to 150% of the target award for the CEO and from 0% to 200% of the target award for the other NEOs, based on performance	Drive profitable growth through a combination of revenue and earnings	
	Financial performance measures:	Use free cash flow to measure our ability to generate cash and reinvest in growth initiatives	
	Revenue (weighted 30%)	Achieve pay-for-performance	
	Earnings before interest, taxes, depreciation and amortization (EBITDA , weighted 40%)		
	Free Cash Flow (weighted 30%)		
	NEOs who are division heads weighted 50% on division results and 50% on total company results		

The CEO is tied 100% to company financial performance measures; awards for other NEOs may be adjusted to reflect their individual performance

Long-term incentive (LTI)	<p>Goals are set by the Compensation Committee in the first quarter each fiscal year, and are set considering guidance provided to investors, among other factors</p>	<p>Align management with stockholders by delivering a significant portion of compensation in equity</p>	<p>Change vesting for Time RSUs from 3-year cliff to 3-year ratable to better achieve attraction objectives and align with market practice</p>
	<p>Performance-based restricted share units (Performance RSUs): 60% of target LTI</p>		
	<p>Can range from 0 to 200% of the target award based on three-year performance:</p>	<p>Achieve pay-for-performance and retention objectives through a blend of Performance RSUs and Time RSUs</p>	<p>Increase for the CEO in target grant value from \$4.97 million to \$7.0 million based on benchmark data, and slight increases in target grant values for certain other NEOs based on benchmark data</p>
	<p>Cumulative EPS against a stated goal (weighted 50%)</p>	<p>The performance metrics, in combination with the annual incentive plan metrics, focus on key drivers of long-term stockholder value; use of TSR aligns payouts directly with stockholder value</p>	
	<p>Relative Total Shareholder Return (TSR , weighted 50%)</p>		
	<p>Average Return on Invested Capital (ROIC , applied as a negative modifier, rather than a weighted factor, such that the award will be reduced if ROIC is below a specified threshold)</p>		
	<p>Time-vested restricted share units (Time RSUs): 40% of target LTI</p>		

Other policies	Stock ownership guidelines and requirement to hold all net shares until guidelines are met	See further discussion of each policy in the Compensation Program Details section	For NEOs other than the CEO, increases to termination severance benefits, and for NEOs other than the CEO and Mr. Parker, increases to change-in-control severance benefits based on benchmark data
	Clawback policy		
	Insider trading (anti-hedging) policy		
	Supplemental Executive Retirement Plan (SERP) for Mr. Paliwal and Mr. Augsburg and German Pension Plan for Mr. Mauser		
	Termination and change-in-control provisions		

Process for Determining Compensation

The Role of the Compensation Committee

The Compensation Committee meets throughout the year to assess, review, and ultimately approve the compensation program and pay levels for all of our executive committee members, which includes all NEOs. The Compensation Committee makes recommendations to the Board regarding our CEO's compensation, and the full Board (without the CEO) makes all final decisions regarding CEO compensation. The Compensation Committee retains an independent compensation consultant (described below under *The Role of the Committee's Independent Consultant*) to provide advice in connection with its assessment of the compensation program.

Consideration of Stockholder Feedback in Light of the Results of the 2014 Annual Meeting Say-on-Pay Vote

The Compensation Committee highly values stockholder feedback on our company's compensation program. Each year the Compensation Committee takes into account the result of the prior say-on-pay vote cast by our stockholders. At the 2014 Annual Meeting, the advisory vote to approve compensation of the NEOs resulted in approximately 93.8% of the votes cast in favor of our executive compensation program. Considering the strong support from our stockholders, the Compensation Committee did not implement extensive changes to our company's compensation program for fiscal year 2016.

The Role of the CEO

Our CEO is included in discussions and makes recommendations to the Compensation Committee on compensation for our executive committee members, including our NEOs (except with respect to his own compensation). The Compensation Committee reviews the recommendations from the CEO and makes all final compensation decisions, except with respect to the CEO's compensation which is ultimately decided by the Board in executive session without the CEO's participation. Our CEO also provides his evaluation of each executive officer's performance, including our NEOs except for himself, against their individual objectives for the Compensation Committee's consideration and approval as part of his recommendation for appropriate compensation awards under the annual incentive program. Our CEO does not participate in discussions, either with the Compensation Committee or the Board, regarding his own compensation.

The Role of the Committee's Independent Consultant

In fiscal year 2015, the Compensation Committee retained ClearBridge as its independent compensation consultant. ClearBridge reports directly to the Compensation Committee, and provides advice and recommendations regarding executive compensation design for the CEO and executive committee members, as well as assistance in benchmarking executive compensation levels. ClearBridge does not provide any other services, beyond the services provided to the Compensation Committee, for our company or management.

The Role of Benchmarking

In assessing and determining total compensation opportunities for the NEOs, the Compensation Committee considers market data as an input to the process. As there is no well-defined group of comparable publicly-traded companies in the United States operating in the same industries as our company, the Compensation Committee considers multiple external perspectives as an input to the process.

Specifically, the Compensation Committee uses a Pay Benchmarking Peer Group that consists of companies in the automotive and technology related sectors, with revenues generally ranging from one-half to two times our company's revenues to reflect companies with comparable industry scope and size. For fiscal year 2015, the Compensation Committee made changes to the Pay Benchmarking Peer Group to reflect the evolution in our company's size and the scope of our business. The Compensation Committee supplements that data with compensation survey data from the Towers Watson Compensation Data Bank® Executive Compensation Survey (the "Towers Watson Survey"), which is a published third-party survey. The Compensation Committee has no input in determining the companies in the Towers Watson Survey and does not consider the survey companies to be a peer group. Companies in the Pay Benchmarking Peer Group are shown below:

Companies in the Pay Benchmarking Peer Group (n=20)

Advanced Micro Devices, Inc.	Autoliv, Inc.	Borgwarner, Inc.	Cooper-Standard Holdings, Inc.
Dana Holding Corp.	Freescale Semiconductor Ltd.	Garmin Ltd.	Harris Corp.
Intuit Inc.	Juniper Networks Inc.	Lexmark International, Inc.	Marvell Technology Group Ltd.
Moog Inc.	Motorola Solutions Inc.	Nvidia Corp.	Rockwell Automation, Inc.
Rockwell Collins Inc.	Sandisk Corp.	Tenneco, Inc.	Visteon Corp.

The Role of Tally Sheets

The Compensation Committee reviews tally sheets, which include all components of compensation paid to our executive committee members, including all NEOs, in the most recent fiscal year. The tally sheets also provide information on potential payouts to the executive committee members upon various termination scenarios. The Compensation Committee considered the information presented in the tally sheets in determining the compensation program for our executive committee members for fiscal year 2015.

Compensation Program Details

This section sets forth the specific details of the executive compensation program, as previously summarized in the Compensation Program Summary above.

NEO Target Pay Levels for Fiscal Year 2015

The Compensation Committee determines target compensation opportunities for the NEOs in the first quarter of each fiscal year, considering all of the inputs described above under Process for Determining Compensation. The table below provides a summary of target compensation opportunities for each of the NEOs, which differs from the disclosure provided in the Summary Compensation Table as described in the footnotes below.

Name	Title	Base Salary(1)	Target Annual Incentive (% of salary)(2)	Target Total Cash Compensation	Target Long-Term Incentive Value(3)	Target Total Direct Compensation
Dinesh C. Paliwal	Chairman, President & CEO	\$ 1,229,318	200%	\$ 3,687,954	\$ 4,967,000	\$ 8,654,954
Sandra E. Rowland	EVP & CFO	\$ 560,000	75%	\$ 980,000	\$ 1,106,250	\$ 2,086,250
Herbert K. Parker	EVP, Operational Excellence	\$ 560,000	75%	\$ 980,000	\$ 1,100,000	\$ 2,080,000
Blake Augsburger	EVP & Pres., Professional Solutions	\$ 492,000	75%	\$ 862,000	\$ 1,000,000	\$ 1,862,000
Michael Mauser(4)	EVP & Pres., Lifestyle Audio	\$ 473,000	75%	\$ 802,000	\$ 1,100,000	\$ 1,902,000
Todd Suko	EVP & General Counsel	\$ 453,000	75%	\$ 793,000	\$ 800,000	\$ 1,593,000

- (1) Represents salary rate effective as of September 1, 2014 for all NEOs except for Ms. Rowland, whose salary represents rate effective as of January 1, 2015, upon effectiveness of her appointment as our company's Executive Vice President and Chief Financial Officer. Salary provided in the Summary Compensation Table represents actual earned amount during fiscal year 2015.
- (2) Represents award opportunity earned at target performance. Non-Equity Incentive Plan Compensation provided in the Summary Compensation Table represents the actual annual incentive award paid for fiscal year 2015.
- (3) Represents targeted dollar amount of LTI. Based on this dollar amount, the number of RSUs to be granted is determined based on the ten-trading day average closing stock price of our Common Stock prior to the grant date. The amount reported in the Summary Compensation Table is different from this amount since it is based on the actual stock price of our Common Stock on the date of grant, as well as the required accounting valuation for the Performance RSUs.
- (4) Mr. Mauser's compensation is paid in Euros and his target cash compensation as of September 1, 2014 has been translated into U.S. Dollars at the exchange rate in effect on June 30, 2015 in the case of bonus payment, and at the average exchange rate for the 12 months ended June 30, 2015 in the case of salary and other compensation amounts.

Base salaries provide executives with competitive level of fixed pay, reflective of their role and performance. For fiscal year 2015, Messrs. Paliwal, Augsburger, Mauser and Suko received 3% salary increases to reflect performance. Ms. Rowland's salary was increased from \$310,000 to \$560,000 upon her promotion to Executive Vice President and Chief Financial Officer on January 1, 2015 to reflect her new role and responsibilities.

Annual Incentive Plan Design**Fiscal Year 2015 Annual Incentive Plan Design and Payouts**

The Compensation Committee reviews and approves all aspects of the annual incentive plan design, as described in this section, in the first quarter of each fiscal year. Annual incentives for fiscal year 2015 were awarded under our key executive officers bonus plan, consistent with prior years.

Performance Measures. The Compensation Committee selected the performance measures for fiscal year 2015 in order to emphasize profitable growth, and to measure our ability to generate cash and reinvest in growth initiatives. Bonus payouts for the NEOs are determined primarily based on financial goals: Revenue, EBITDA and Free Cash Flow. If the financial goals are achieved, awards for NEOs other than the CEO can be adjusted downward based on performance against their individual goals. Financial goals for the CEO, CFO and Mr. Suko are based on total company results, and financial goals for the other NEOs are based 50% on the performance of their respective divisions and 50% on the performance of the total company in order to provide balance between division and total company results.

Performance Goals. Performance goals for the annual incentive plan are reviewed and approved in the first quarter of each fiscal year, which are set considering our company's financial guidance as of that date. During the third quarter of fiscal year 2015, we updated our guidance by increasing our projected results to reflect our fiscal year forecast. However, the bonus goals remained at the levels at which they were initially set in September 2014, and were not adjusted. As a policy matter, the Compensation Committee has determined not to adjust bonus goals once set in response to any update to our guidance during the fiscal year. Goals are set on a currency-adjusted basis (constant currency) such that bonuses are not impacted (positively or negatively) by foreign currency fluctuations throughout the course of the fiscal year. The Compensation Committee believes this approach is the most appropriate way to reward management for the annual operating results of the business.

Non-GAAP measure. Free Cash Flow is a non-GAAP measure which the Compensation Committee calculates as follows: operating income plus depreciation and amortization plus change in working capital. The change in working capital includes net accounts receivable from third parties plus net inventories less trade accounts payable to third parties.

Calculation of Payout. The Compensation Committee set the annual incentive plan goals to provide for a payout commensurate with the performance level. Payout with respect to each measure is calculated separately. If performance falls below the threshold level, no award will be paid with respect to that performance measure. Straight line interpolation is applied for performance that falls between each of the performance levels shown below.

- (1) As previously discussed, all amounts shown are on a constant currency basis and do not equal reported results.
- (2) Our CEO's resulting annual incentive achievement for actual performance of our total company was 147% out of a maximum of 150%.
- (3) Services Division includes the results of our infotainment services business and car audio services business, which were reported within our Infotainment Division and Lifestyle Division, respectively, for fiscal year 2015. Services Division also includes the results of operations of Symphony Teleca Corporation and its subsidiaries (STC) since our acquisition of STC on April 8, 2015.

Individual Goals. Like the corporate and division objectives, individual performance objectives are intended to challenge executives to achieve stretch goals that contribute to the achievement of the annual operating plan, improve our company's performance, and ensure that corporate and division financial goals are met or exceeded. Individual performance objectives are also designed to ensure successful execution of ongoing strategic objectives, such as reducing selling, general and administrative expense (SG&A), achieving synergies from acquisitions, the growth of our headphone business, and timely delivering critical projects. Potential scores for achievement of individual performance objectives range from 0% to 100%. As approved by the Compensation Committee:

For the period from July 1, 2014 through December 31, 2014, Ms. Rowland's individual objectives included goals related to broadening our exposure to non-U.S. investors (25% weight); updating company and division strategy (30% weight); developing an M&A deal pipeline and corporate venture capital plan (40% weight); and increasing analyst coverage (25% weight). Based on her efforts and achievements against these targets, Ms. Rowland received an aggregate individual objective score of 120% out of a maximum of 120%. For the period from January 1, 2015 through June 30, 2015, Ms. Rowland's individual objectives included goals related to driving cash flow from operations (20% weight); implementing tax efficiency projects (20% weight); reducing SG&A as a percentage of sales (20% weight); and refinancing our existing credit facility and completing a public debt offering (40% weight). Based on her efforts and achievements against these targets, Ms. Rowland received an aggregate individual objective score of 100% out of a maximum of 100%.

For the period from July 1, 2014 through December 31, 2014, Mr. Parker's individual objectives included goals related to reducing SG&A as a percentage of sales (25% weight); driving cash flow from operations (25% weight); implementing tax efficiency projects (25% weight); and completing a China finance organization review (25% weight). Based on his efforts and achievements against these targets, Mr. Parker received an aggregate individual objective score of 94% out of a maximum of 100%. For the period from January 1, 2015 through June 30, 2015, Mr. Parker's individual objectives included goals related to a cyber-security review of STC sites (25% weight); achieving synergies from the acquisition of Martin Professional A/S (25% weight); achieving synergies from the acquisition of AMX Corporation (25% weight); and developing a three year plan for shared services including our newly acquired entities (25% weight). Based on his efforts and achievements against these targets, Mr. Parker received an aggregate individual objective score of 100% out of a maximum of 100%. Mr. Parker's individual objective score for each set of targets were weighted 50%/50%, for an overall objective score for fiscal year 2015 of 97% out of a maximum of 100%.

Mr. Augsburger's individual objectives included goals related to driving cash flow for the Professional Division (25% weight); the integration of AMX Corporation (25% weight); localizing product design and development for products sold in China (25% weight); and reducing slow moving and obsolete finished goods (25% weight). Based on his efforts and achievements against these targets, Mr. Augsburger received an aggregate individual objective score of 100% out of a maximum of 100%.

Mr. Mauser's individual objectives included goals related to driving cash flow for the Lifestyle Division (20% weight); growing the car audio business (30% weight); increasing car audio take rate (25% weight); and growing global sales of headphones (25% weight). Mr. Mauser's individual

objectives also included a recruitment target which, if not achieved, would result in the reduction by 5% of his individual objective score. Based on his efforts and achievements against these targets, Mr. Mauser received an aggregate individual objective score of 95% out of a maximum of 100%.

Mr. Suko's individual objectives included goals related to execution of an intellectual property monetization strategy (25% weight); development of a new aircraft noise cancelling system (25% weight); expansion of the services portfolio and enhancement of our global compliance program (25% weight); and refinancing our existing credit facility and completing a public debt offering (25% weight). Based on his efforts and achievements against these targets, Mr. Suko received an aggregate individual objective score of 100% out of a maximum of 100%.

Long-Term Incentive Plan Design

Long-term incentives are granted under our equity incentive plans. Our equity incentive plans are administered by the Compensation Committee and are designed to provide incentive compensation to executive officers and other key employees in the form of equity-based vehicles that align executives with stockholders. Generally, the Compensation Committee approves the annual equity awards under our equity incentive plan in September of each year. When making equity-based incentive awards, the Compensation Committee also takes into consideration the dates on which we expect to make public announcements regarding earnings as well as other events or circumstances that have not been publicly announced that may be deemed material to us, our stockholders and other investors.

The chart below provides a summary of our outstanding equity award cycles, which are discussed further throughout the remainder of this section:

<i>Grant of September 2013 Awards (Fiscal Year 2014 Grant)</i>							

In September 2013, we granted equity to our NEOs as follows (the September 2013 Awards):

Vehicles, Mix and Vesting.

60% Performance RSUs (at target): Vest on the third anniversary of the grant date based on performance goals established by the Compensation Committee (the 2013 Performance RSUs); and

40% Time RSUs (at target): Vest on the third anniversary of the grant date subject to the executive's continued employment with our company.

Performance Measures. The payout of the 2013 Performance RSUs will be determined as follows: EPS and Relative TSR will be equally weighted (50% each) to determine the initial payout. The initial payout will then be multiplied by a factor from 66.7% to 100% to determine the final payout. This factor will be determined based on our ROIC performance during the measurement period. The rationale for this change is to encourage management to pursue growth opportunities that are expected to produce returns above our cost of capital and are thus value-creating for stockholders.

Performance Goals. The 2013 Performance RSUs are subject to our company's achievement of certain specified levels of performance. The number of 2013 Performance RSUs that will vest with respect to each performance measure will be determined as follows: (i) no 2013 Performance RSUs will be earned for performance below the threshold level for the measure, (ii) 50% of the target 2013 Performance RSUs will be earned upon achievement of the threshold level for the measure, (iii) 200% of the target 2013 Performance RSUs will be earned upon achievement of the maximum level for the measure, and (iv) for performance between threshold and target and target and maximum, the number of 2013 Performance RSUs earned for each measure will be determined by straight-line interpolation.

Non-GAAP Measures. EPS is a non-GAAP measure. ROIC is defined as net operating profit after tax divided by invested capital (which is defined as the sum of total debt and shareholder equity). Relative TSR is calculated as stock price appreciation plus reinvested dividends, where the stock price is defined as the 40-trading-day-average closing stock price immediately prior to the grant date and the vesting date.

Relative TSR Peer Group. TSR is assessed relative to a group of companies shown below, which is different than the Pay Benchmarking Peer Group described in The Role of Benchmarking. The Compensation Committee selected this group of companies for the Relative TSR Peer Group for the 2013 Performance RSUs

because of the comparable nature of their business to our company's business. However, many of the companies are significantly larger or are not in the United States; as a result, many of these companies were not considered appropriate for assessing the target pay levels for the NEOs as part of the Pay Benchmarking Peer Group.

Grant of September 2014 Awards (Fiscal Year 2015 Grant)

In September 2014, we granted equity to our NEOs (the September 2014 Awards), which were structured the same way as the September 2013 Awards, with adjusted levels for the performance goals.

Grant of September 2015 Awards (Fiscal Year 2016 Grant)

In September 2015, we granted equity to our NEOs (the September 2015 Awards), which were structured substantially the same way as the September 2013 Awards and the September 2014 Awards, with adjusted levels for the performance goals and certain updates to the Relative TSR Peer Group. The vesting schedule for the Time RSUs was also changed from 3-year cliff vesting to 3-year ratable vesting.

Relative TSR Peer Group. The Compensation Committee revised the group of companies for the Relative TSR Peer Group for the September 2015 Awards.

Benefits, Perquisites, and Contracts

Employment Agreements and Offer Letters

Since 2007, we have had an employment agreement in place with Mr. Paliwal. The employment agreement with Mr. Paliwal provides continuity and stability in leadership for the organization. Mr. Mauser has been employed since May 2005 pursuant to an employment agreement with a German subsidiary of our company. Other than Mr. Paliwal and Mr. Mauser, we have not entered into employment agreements with our NEOs, who are employed pursuant to offer letters.

Severance Agreements and Change in Control Severance Arrangements

In addition to the employment agreements identified above, we also have entered into separate severance agreements and change in control severance agreements with Mr. Paliwal and each of our other NEOs, which are detailed below under Executive Compensation Severance and Change in Control Benefits. These agreements provide for severance benefits in the event of a termination of employment under specified circumstances, including, with respect to the change in control severance agreements, following a change in control of our company, to provide executives with competitive levels of severance protection. Our key executive officers bonus plan also provides for a pro-rated award amount of the executive's target award amount for that fiscal year if he or she is employed by us at the time of the change in control or was terminated after commencement of discussions that resulted in a change in control of our company but within 180 days prior to the change in control. The payout amounts under our key executive officers bonus plan, the severance agreements and the change in control severance agreements are as follows:

	Severance Upon Qualifying Termination Not In Connection with a	
	Change in Control	Following a Change in Control
Dinesh Paliwal	Two times the sum of salary plus target bonus and pro rata bonus	Three times the sum of salary plus target bonus and pro rata target bonus
Herbert Parker	One times salary and pro rata bonus	Two times the sum of salary plus target bonus and pro rata target bonus
Michael Mauser	12 months salary	One and one-half times salary and pro rata target bonus
Other NEOs	One times salary and pro rata bonus	One and one-half times salary and pro rata target bonus

Severance payments were determined based on competitive levels in the market.

If any severance payments or benefits related to a change in control provided to either Mr. Paliwal or Mr. Parker would be subject to the excise tax imposed on parachute payments by the Internal Revenue Code of 1986, we will gross-up his compensation for all such excise taxes and any federal, state and local taxes applicable to such gross-up payment. With respect to Mr. Paliwal and Mr. Parker, each will only receive this gross-up in the event his employment is terminated upon a change in control of our company. In 2009, the Compensation Committee decided, in the exercise of its judgment, that our company would not provide this benefit to any of our other NEOs or any future executive officers. For the NEOs other than Mr. Paliwal and Mr. Parker, if severance payments and benefits related to a change in control would be subject to the excise tax, then such amounts will be reduced if and to the extent necessary so that no portion thereof will be subject to the excise tax, but if the executive would receive in the aggregate greater payments and benefits on an after-tax basis if the amounts were not subject to such reduction, then no such reduction will be made.

Under the terms of our approved equity incentive plans and the related award agreements, unvested stock options, restricted shares and Time RSU awards become fully vested upon a change in control of our company. We adopted this treatment for our long-term compensation plan for the following reasons:

to fully align employees with stockholders in the event of a transaction that qualifies as a change in control;

to ensure that ongoing employees are treated the same as terminated employees with respect to outstanding equity grants; and

to retain key employees in the face of a potential change in control by providing a benefit if they remain with our company through the date of the change in control.

The Performance RSUs will partially vest upon a change in control of our company. If the change in control event occurs prior to the vesting date, the Performance RSUs will vest as follows:

60% vest automatically; and

a pro rata portion of the remaining 40% will vest based on the number of days lapsed from date of grant to the effective date of the change in control, divided by the three-year vesting period.

The Compensation Committee believes that these benefits are consistent with its objectives and are necessary and appropriate in order to attract and retain qualified senior executives.

Fiscal Year 2016 Changes to Severance Agreements

On October 13, 2015, we entered into amended and restated severance agreements with Ms. Rowland and Messrs. Augsburg, Mauser and Suko to combine the change in control severance agreements and severance agreements, to increase severance benefits in the event of a termination of employment under specified circumstances, including following a change in control of our company to provide executives with competitive levels of severance protection, and to broaden the applicability of the confidentiality, non-compete and non-solicit provisions.

On October 13, 2015, we also entered into an amended and restated severance agreement with Mr. Parker to increase severance benefits in the event of termination of employment under specified circumstances, excluding termination in connection with a change in control. Mr. Parker's change in control severance agreement, which contains the excise tax gross-up provision, was not amended.

The payout amounts under these amended and restated severance agreements are as follows:

	Severance Upon Qualifying Termination Not In Connection with a	
	Change in Control	Following a Change in Control
Herbert Parker	One times the sum of salary plus target bonus and pro rata bonus	No change
Other NEOs	One times the sum of salary plus target bonus and pro rata bonus	Two times the sum of salary plus target bonus and pro rata target bonus

Employee Benefits

We provide certain executive officers with supplemental retirement, termination and death benefits under our SERP. As of January 2008 we decided to suspend providing this benefit to newly hired or promoted executive officers. Mr. Mauser is entitled to an annual pension that is equal to two percent of eligible salary for every year of service, up to a maximum of 30%. This pension is payable at age 60 and is offset by a pension payable from the Harman/Becker Nokia plan in the amount of 3,396 Euro. The annual benefit will be increased by the cost of living rate, currently assumed to be 5.25% every three years. We provide our executive officers employed in the United States, including our NEOs, with the opportunity to participate in our Deferred Compensation Plan (DCP). These plans are described below under the captions Executive Compensation Pension Benefits for Fiscal Year 2015 and Executive Compensation Nonqualified Deferred Compensation.

Our NEOs are also eligible to participate in other company-sponsored benefit plans available to employees generally, including medical and life insurance. Employees, including executive officers that are employed in the United States, are eligible to participate in a company-sponsored 401(k) defined contribution plan.

The Compensation Committee believes that these benefits are necessary and appropriate in order to attract and retain qualified executive officers insofar as these benefits are generally made available by similarly situated companies.

Executive Perquisites

We provide our NEOs with certain perquisites that have historically been provided. These perquisites include the use of company owned or leased cars and reimbursement of car-related expenses, payment of excess life insurance premiums for our CEO and accident insurance premiums for Mr. Mauser, relocation expenses in the event an executive officer is asked to relocate at our request, reimbursement of spouse travel expenses where spouses are invited to company events, reimbursement of legal fees and rent for temporary housing.

The Compensation Committee has determined it is appropriate to provide these perquisites in order to attract and retain our NEOs by offering compensation opportunities that are competitive with those offered by similarly situated public companies. In determining the total compensation payable to our NEOs, the Compensation Committee considers perquisites in the context of the total compensation which our NEOs are eligible to receive, but is not materially influenced by the availability of these perquisites given the relatively minimal total amount of the perquisites provided. Perquisites are reviewed regularly in order to confirm continued relevance and competitiveness in the market. For a description of the perquisites received by our NEOs during fiscal year 2015, see the information below under the caption Executive Compensation Summary Compensation Table All Other Compensation.

Clawback Policy

Based on the Compensation Committee's recommendation and authorization, we adopted a new policy in fiscal year 2013 addressing the adjustment or recovery of awards or payments if the relevant performance measures upon which they are based are restated or otherwise adjusted in a manner that would reduce the size of an award or payment. This policy, also known as a clawback policy, applies to all of our executive officers, including the NEOs. Under the policy, we may recover any incentive compensation paid to a current or former executive officer of our company in the event of a material negative accounting restatement of our financial statements due to material noncompliance by our company with any financial reporting requirement under the securities laws. If the Board determines that any current or former executive officer has engaged in fraud or intentional misconduct that caused the error that, directly or indirectly, resulted in the financial restatement, the Board may require reimbursement of all compensation granted, earned or paid under annual incentive and long-term incentive compensation plans, including cancellation of outstanding equity awards. We have not required any NEO to return any award or repay any payment received in any fiscal year.

Insider Trading (Anti-Hedging) Policy

Our company has an insider trading policy, which includes an anti-hedging policy to ensure the desired stockholder alignment. The policy prohibits our directors and employees from trading in options, puts or similar instruments on our company's securities or selling our company's securities short.

Stock Ownership Guidelines and Holding Requirements

The Board approved and adopted amended executive stock ownership guidelines in fiscal year 2011 and further amended them in fiscal year 2013. These guidelines encourage our executive officers to hold ownership in our company, recognizing that stock ownership directly aligns executive interests to those of our stockholders. The guidelines encourage ownership levels in our Common Stock generally equal to a multiple of each NEO's annual base salary depending on such executive's level within our company, and increases with greater responsibility. The executive officer stock ownership guidelines are as follows:

six times base salary for the CEO (increased from five times base salary in fiscal year 2013); and

three times base salary for all other executive committee members, including our NEOs.

Our company's executive officers were expected to comply by December 21, 2013, or within five years of being appointed as an executive committee member of our company (Ownership Compliance Date). In the event that an executive officer does not satisfy the ownership guidelines by the Ownership Compliance Date, he or she will be required to retain any and all vested RSU shares, net of shares withheld for taxes, or shares received upon the exercise of stock options, net of shares withheld to cover taxes or the exercise price, until such time as he or she becomes compliant with these guidelines.

Internal Revenue Code Section 162(m)

As applicable to our company, Section 162(m) of the Internal Revenue Code of 1986 (the Code) provides that compensation in excess of \$1 million paid to the chief executive officer or to any of the other three most highly compensated executive officers (not including the chief financial officer) of a public company is not

deductible for federal income tax purposes. There is an exception to this limitation for performance-based compensation under Section 162(m) of the Code. Bonus awards under our key executive officers bonus plan and option grants and certain other awards under our equity incentive plans are intended to qualify as performance-based compensation under Section 162(m) of the Code. The Compensation Committee reviews on an annual basis the potential impact of this deduction limitation on executive compensation and intends to continue to evaluate our company's potential exposure to this deduction limitation. While we endeavor to use this exception to maximize the deductibility of our compensation, in order to maintain flexibility in compensating executives and to attract necessary leadership in certain circumstances, we have not adopted a policy that all compensation must be deductible. We do not believe that such a policy is in the best interests of our company or our stockholders.

Compensation Risk Assessment

The Compensation Committee does not believe that any risks arising from our compensation policies and practices are reasonably likely to have a material adverse effect on our company. The Compensation Committee considered various factors that have the effect of mitigating risk and, with the assistance of ClearBridge, reviewed our compensation policies and practices for our employees, including the elements of our executive compensation programs, to determine whether any portion of such compensation encourages excessive risk taking. The Compensation Committee concluded that any such risks are mitigated by:

Balanced Mix of Pay Components: Compensation is not overly weighted toward annual incentive awards and represents a balance of cash and long-term equity based compensation vesting over three years.

Balanced Approach to Performance-Based Awards: Performance targets are tied to several financial metrics, including sales growth, operating profit, free cash flow, and return on invested capital.

Performance Period and Vesting Schedules: The performance period and vesting schedules for long-term incentives overlap and, therefore, reduce the motivation to maximize performance in any one period. Performance RSUs vest three years from the grant date.

Stock Ownership Guidelines: Requires our CEO to directly or indirectly own equity in our company having a fair market value of six times his salary and other executive officers, including our NEOs, to own equity having a fair market value of three times their salary.

COMPENSATION AND OPTION COMMITTEE REPORT

The Compensation and Option Committee has reviewed and discussed with management the Compensation Discussion and Analysis. Based on that review and discussion, the Compensation and Option Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and in our Annual Report on Form 10-K for the fiscal year ended June 30, 2015.

This report is submitted by the members of the Compensation and Option Committee.

- (1) For all stock awards (other than the Performance RSUs), we calculated the fair value of such stock awards under FASB ASC Topic 718 by multiplying the closing price of our Common Stock on the date of grant by the number of shares subject to such stock award. We assume zero anticipated forfeitures in connection with valuing such stock awards for purposes of FASB ASC Topic 718. For the Performance RSUs, we estimated fair value based on a model that considers the closing price of our Common Stock on the date of grant, the number of shares subject to such stock award, and the estimated probabilities of vesting outcomes. For a description of the assumptions used in determining the fair value of equity awards under FASB ASC Topic 718, see Note 14, *Shareholders' Equity and Share-Based Compensation*, to our consolidated financial statements in our Form 10-K for the fiscal year ended June 30, 2015. The following amounts represent the maximum potential Performance RSU value by individual for the awards made in fiscal year 2015: Mr. Paliwal \$5,862,264; Ms. Rowland \$1,221,805; Mr. Parker \$1,298,358; Mr. Augsburger \$1,180,223; Mr. Mauser \$1,298,358; and Mr. Suko \$944,178.
- (2) The amount reflected in this column represents an award under the 2014 Key Executive Officers Bonus Plan (the 2014 Key Executive Plan) for fiscal years 2015 and 2014 and the 2008 Key Executive Officers Bonus Plan for fiscal year 2013.
- (3) For Mr. Paliwal, the amount representing the change in pension and non-qualified deferred compensation is attributable to benefits accrual (due primarily to an increase in pensionable earnings), passage of time (age) and a change in assumptions (primarily the mortality table).
- (4) Includes compensation as described under the caption All Other Compensation below.
- (5) Mr. Parker served as our company's Executive Vice President and Chief Financial Officer from June 2008 until January 1, 2015.

(6) Mr. Mauser's compensation was paid in Euros and has been translated into U.S. Dollars at the exchange rate in effect on June 30, 2015 in the case of bonus payment, and at the average exchange rate for the 12 months ended June 30, 2015 in the case of salary and other compensation amounts.

All Other Compensation

The following table provides information regarding each component of compensation included in the All Other Compensation column in the Summary Compensation Table for fiscal year 2015.

- (1) Represents the possible range of awards payable under the 2014 Key Executive Plan to all our NEOs. For additional information regarding these awards, see Compensation Discussion and Analysis Compensation Program Details Annual Incentive Plan Design.

- (2) Represents the possible range of Performance RSUs that vest on September 9, 2017 if certain performance goals are achieved. The determination of the number of Performance RSUs that will vest is more fully described above under Compensation Discussion and Analysis Compensation Program Details Long-Term Incentive Plan Design Grant of September 2014 Awards (Fiscal Year 2015 Grant).
- (3) Represents Time RSUs that vest on September 9, 2017, except for the 456 Time RSUs granted to Ms. Rowland on August 15, 2014, which will vest on August 15, 2017.
- (4) Represents the grant date fair value of the equity awards reported in the previous column calculated pursuant to FASB ASC Topic 718 based upon the assumptions set forth in Note 14, *Shareholders' Equity and Share-Based Compensation*, to our consolidated financial statements in our Form 10-K for the fiscal year ended June 30, 2015.
- (5) Represents the grant date fair value of the Performance RSUs based upon the probable outcome of the performance conditions, excluding the effect of estimated forfeitures. Assuming that the maximum performance threshold is achieved, the grant date fair value of the award would be as follows: Mr. Paliwal \$5,862,264; Ms. Rowland \$1,221,805; Mr. Parker \$1,298,358; Mr. Augsburger \$1,180,223; Mr. Mauser \$1,298,358; and Mr. Suko \$944,178.

Employment Agreements and Other Employment Arrangements

Mr. Paliwal serves as our Chairman, Chief Executive Officer and President pursuant to a letter agreement with our company entered into in May 2007. The letter agreement, as amended, provides for an annual base salary of no less than \$1,125,000, and a target annual incentive award of 200% of his base salary, with a maximum annual incentive award opportunity of 400% of his base salary, which maximum annual incentive award opportunity was decreased to 300% of his base salary as of fiscal year 2013. Mr. Mauser has been employed since May 2005 pursuant to an employment agreement with a German subsidiary of our company. Other than Mr. Paliwal and Mr. Mauser, we have not entered into employment agreements with our NEOs, who are employed pursuant to offer letters. The Compensation Committee sets the base salary, annual incentive opportunity and long-term incentive value for our NEOs annually, except for our CEO whose base salary, annual incentive opportunity and long-term incentive value is set by the Board in executive session without the CEO's participation.

Long-Term Incentive Plan Grants

On September 9, 2014, the Compensation Committee granted equity to our NEOs (the September 2014 Awards), under the terms of the 2012 Incentive Plan, 60% of which were Performance RSUs (at target) and 40% Time RSUs (at target). The Performance RSUs vest on the third anniversary of the grant date based on the achievement of performance goals established by the Compensation Committee. The Time RSUs vest on the third anniversary of the grant date subject to the executive's continued employment with our company.

On August 15, 2014, in connection with her prior position with our company, Ms. Rowland received a one-time equity award valued at \$51,423 in the form of Time RSUs under the terms of the 2012 Incentive Plan, which will vest on the third anniversary of the date of the grant. In addition, on January 1, 2015, in connection with her appointment as Executive Vice President and Chief Financial Officer, Ms. Rowland received a one-time equity award valued at \$1,626,000 in the form of 25% Time RSUs and 75% Performance RSUs under the terms of the 2012 Incentive Plan. Consistent with the September 2014 Awards, the Time RSUs will vest in September 2017 and the Performance RSUs will vest based upon our company's achievement of the performance goals established for the September 2014 Awards.

Pension Benefits for Fiscal Year 2015

The following table provides information for our NEOs regarding the present value of benefits as of June 30, 2015 under our SERP and a German pension plan.

Name	Plan Name	Number of Years Credited Service	Present Value of Accumulated Benefit(4)	Payments During Last Fiscal Year
Dinesh C. Paliwal(1)	SERP	29	\$ 16,526,650	\$ 0
Blake Augsburger(2)	SERP	13	1,658,610	0
Michael Mauser(3)	German Pension	10	1,365,942	0

- (1) As of June 30, 2015, Mr. Paliwal had eight years of service with our company. Under his letter agreement, Mr. Paliwal was credited with service, which reflected his tenure at his previous employer. The present value of Mr. Paliwal's pension benefits at June 30, 2015 increased by \$4,300,000 as compared to the previous year.
- (2) Mr. Augsburger is not yet eligible for this benefit because he has 13 years of service and the SERP balance vests after the completion of 15 years of service.
- (3) Mr. Mauser is entitled to an annual pension that is equal to two percent of eligible salary for every year of service, up to a maximum of 30%. The annual benefit will be increased by the cost of living rate, currently assumed to be 5.25% every three years.
- (4) Amounts reported comprise the actuarial present value of the NEO's accumulated benefit under the SERP as of June 30, 2015. See Note 17, *Retirement Benefits*, to our consolidated financial statements in our Form 10-K for the fiscal year ended June 30, 2015, for information regarding the assumptions made in determining these values.

Supplemental Executive Retirement Plan

The SERP provides supplemental retirement, termination and death benefits to certain executive officers and key employees designated by the Board. Benefits under the SERP payable upon termination or death are described below under the caption *Executive Compensation Severance and Change in Control Benefits Supplemental Executive Retirement Plan*. The Compensation Committee administers the SERP. Of the NEOs, only Mr. Paliwal and Mr. Augsburgberger have been designated as participants. All SERP benefits are subject to deductions for social security and federal, state and local taxes.

Retirement benefits are based on the average of the participant's highest cash compensation (base salary and bonus) during any five consecutive years of employment by our company (*Average Cash Compensation*). Participants retiring at age 65 or older receive an annual retirement benefit equal to either (a) $3\frac{1}{3}\%$ of Average Cash Compensation per year of service up to a maximum of 50%, or (b) 2% of Average Cash Compensation per year of service up to a maximum of 30%, as designated by our company. Mr. Paliwal has been designated as a participant entitled to receive an annual retirement benefit of up to 50% of Average Cash Compensation, and Mr. Augsburgberger has been designated as a participant entitled to receive an annual retirement benefit of up to 30% of Average Cash Compensation. Unless another form of payment is approved by the administrative committee for the SERP, benefits are payable monthly in the form of a life annuity. If the participant dies after benefits have commenced but prior to receiving ten years of benefits, they are paid to the participant's beneficiary for the remainder of that period.

German Pension Plan

Mr. Mauser is entitled to an annual pension that is equal to 2% of eligible salary for every year of service, up to a maximum of 30%, accrued pro rata over the total expected service at age 60. This pension is payable at age 60 with a portion becoming payable from the Harman/Becker Nokia plan at age 65. The annual benefit will be increased by the cost of living rate, currently assumed to be 5.25% every three years. In the event of Mr. Mauser's death after benefits have commenced, but prior to receiving benefits for a period of ten years, benefits will continue to be paid to his surviving widow for the remainder of the ten year period. Benefits payable upon termination or death are described below under the caption *Executive Compensation Severance and Change in Control Benefits German Pension Plan*.

Nonqualified Deferred Compensation

Our DCP provides supplemental retirement benefits for executive officers designated by the Compensation Committee. Prior to the beginning of each fiscal year, each plan participant may elect to defer up to 100% of his or her annual base salary and bonus on a pre-tax basis to a deferral account. These amounts are always fully vested and subject to a 10% penalty on any unscheduled withdrawals. We may decide to make contributions on a pre-tax basis to a plan participant's account, subject to a vesting schedule. In the event of a change in control of our company, any unvested amounts vest immediately and we indemnify the plan participant for any expense incurred in enforcing his or her rights under the DCP.

Plan participants specify that portion of their accounts to be deemed invested in designated benchmark funds. This may be changed once in any calendar month by the plan participant. We credit earnings to the accounts based on the rate of return of the designated funds. For fiscal year 2015, the designated funds produced returns ranging from -9.08% to 10.98%. Upon retirement or termination of employment other than due to death, plan participants may receive their account balances in the form of a lump-sum payment or in annual installments. In the event of death prior to the commencement of benefits or during payment of installments, the balances in a plan participant's vested accounts as of the date of death are payable to the plan participant's beneficiaries.

None of our NEOs made contributions to our DCP in fiscal year 2015, and none of our NEOs have made contributions to such plan in the past.

Severance and Change in Control Benefits

We provide benefits to each of our NEOs in the event his or her employment is terminated. We provide these benefits through our SERP, the 2014 Key Executive Plan and employment agreements, change in control severance agreements and severance agreements we have entered into with our NEOs.

Change in Control Severance Agreements

We have entered into change in control severance agreements with each of Messrs. Paliwal, Parker, Augsburg, Mauser and Suko and Ms. Rowland (CIC Agreements). Mr. Paliwal's CIC Agreement provides that if, within six months prior to or two years following a change in control, as defined below, of our company, Mr. Paliwal is terminated without cause, as defined below, or under certain circumstances terminates his own employment, he is entitled to receive a severance payment. The CIC Agreements for the other NEOs, as amended, provide that if within two years following a change in control a NEO is terminated without cause or under certain circumstances terminates his or her own employment, he or she is entitled to receive a severance payment. For Mr. Paliwal, the severance payment is equal to three times the sum of Mr. Paliwal's highest annual base salary during any period prior to his termination plus his highest annual cash incentive pay during the three fiscal years preceding the change in control. For Mr. Parker, the severance payment is equal to two times the sum of Mr. Parker's highest annual base salary during any period prior to his termination plus his highest annual cash incentive pay during the three fiscal years preceding the change in control. For each of Ms. Rowland and Messrs. Augsburg, Mauser and Suko, the severance payment is equal to one and one-half times his or her highest annual base salary during any period prior to his or her termination.

Mr. Paliwal is deemed to have been terminated without cause if he is terminated by us for any reason other than:

conviction of a felony; or

willful gross neglect or willful gross misconduct with respect to employment duties which results in material economic harm to us, each of which constitutes cause.

Each of our other NEOs is deemed to have been terminated without cause if he or she is terminated by us for any reason other than:

conviction of a criminal violation involving fraud, embezzlement or theft in connection with his or her duties or in the course of his or her employment with us;

intentional wrongful damage to property of our company or of any subsidiary;

intentional wrongful disclosure of secret processes or confidential information of our company or of any subsidiary; or

intentional wrongful engagement in any competitive activity, and any such act shall have been demonstrably and materially harmful to our company.

Each of our NEOs is entitled to severance compensation if he or she terminates his or her employment within two years following a change in control (and for Mr. Paliwal, six months prior to or two years following a change in control) under the following circumstances:

failure to maintain his or her position (or one substantially equivalent) with our company;

significant adverse change in authority, power, function, responsibilities or duties;

reduction in base salary and bonus;

termination or reduction in employee benefits;

a subsequent change in control of our company in which the successor company does not assume all of our duties and obligations under the severance agreement;

relocation of his or her principal place of work of more than 50 miles or that requires him or her to travel away from his or her office 20% or more than was required in any of the three years immediately prior to the change in control; or

as to Mr. Paliwal only, for any reason in the thirteenth month following the change in control after a one year transition period. In addition, Mr. Paliwal is entitled to severance compensation if he terminates his employment within six months prior to the change in control for good reason, which includes the following circumstances:

reduction in base salary and bonus;

failure by our stockholders to elect or reelect him as a member of the Board;

diminution in any titles or a material diminution in duties or responsibilities;

change in reporting relationship; or

a material breach of his employment agreement by our company.

A change in control is defined as:

the acquisition by any person, entity or group of 25% or more of our voting stock, other than an acquisition by us or our subsidiaries or a company benefit plan, other than in a transaction that is not deemed a change in control as defined in the next bullet;

a reorganization, merger, consolidation, sale or other disposition of all or substantially all of our assets, or any other transaction having a similar effect unless:

the holders of our voting stock immediately prior to the transaction beneficially own more than 50% of the combined voting power of the surviving entity;

no person, entity or group beneficially owns 25% or more of the combined voting power of the surviving entity;

a majority of the directors of the surviving entity were directors of our company prior to the transaction;

when a majority of our directors (a) have not been approved by two-thirds of our then directors or (b) were elected or appointed as a result of an actual or threatened election contest; or

approval by our stockholders of a complete liquidation or dissolution of our company.

Each of the severance agreements for Mr. Paliwal and Mr. Parker also provides that we will pay an additional amount for Section 4999 excise taxes, subject to a limitation based on the overall cost of the severance agreement, including any additional gross-up payment for excise taxes, if applicable. For the NEOs other than Mr. Paliwal and Mr. Parker, if severance payments and benefits would be subject to the excise tax, then such amounts will be reduced if and to the extent necessary so that no portion thereof will be subject to the excise tax, but if the executive would receive in the aggregate greater payments and benefits on an after-tax basis if the amounts were not subject to such reduction, then no such reduction will be made.

Employment Agreements and Severance Agreements

We have also entered into a letter agreement with Mr. Paliwal (Paliwal Agreement), an employment agreement with Mr. Mauser and severance agreements with Ms. Rowland and Messrs. Parker, Augsburg and Suko (Severance Agreements). The provisions of the Paliwal Agreement provide for severance compensation

if he is terminated without cause or if he terminates his employment for good reason. Mr. Paliwal is entitled to receive a severance payment equal to (1) two times the sum of his annual base salary plus his target annual bonus at the time of his termination, (2) a pro rata annual bonus based on actual performance for the portion of the fiscal year he was employed and (3) any unpaid bonus for the fiscal year preceding the year of termination. Mr. Mauser's employment agreement provides for 12 months' notice in the event of termination of his employment for any reason by our company, which would effectively result in a severance amount equal to 12 months' salary. The provisions of the Severance Agreements provide for severance compensation if the NEO is terminated without cause, or terminates his or her employment for good reason. Each NEO is entitled to receive a severance payment equal to (1) one time his or her annual base salary plus (2) a pro rata annual bonus based on actual performance for the portion of the fiscal year he or she was employed. The terms "cause," "good reason" and "change in control" under the Paliwal Agreement and Severance Agreements are defined in the same manner as they are defined in the CIC Agreements. Additionally, the terms of these severance arrangements for each of our NEOs provides that the NEO shall not engage in any competitive activity, as defined in such agreements, without our written consent, during the term of such agreement and for a period of one year after his or her employment is terminated.

Fiscal Year 2016 Changes to Severance Agreements

On October 13, 2015, we entered into amended and restated severance agreements with Ms. Rowland and Messrs. Augsburg, Mauser, Parker and Suko to combine the change in control severance agreements and severance agreements (except with respect to Mr. Parker), increase severance benefits in the event of a termination of employment under specified circumstances, including (except with respect to Mr. Parker) following a change in control of our company, and broaden the applicability of the confidentiality, non-compete and non-solicit provisions. For each of Ms. Rowland and Messrs. Augsburg, Mauser, Parker and Suko, the Severance Agreements were amended to increase the severance payment to (1) one time the sum of his or her annual base salary plus target bonus and (2) a pro rata annual bonus based on actual performance for the portion of the fiscal year he or she was employed. For each of Ms. Rowland and Messrs. Augsburg, Mauser and Suko, their CIC Agreements were amended to increase the severance amount to (1) two times the sum of his or her annual base salary plus target bonus and (2) a pro rata target bonus. Mr. Parker's CIC Agreement, which contains the excise tax "gross-up" provision, was not amended. The amended and restated severance agreements also include standard confidentiality, non-compete and non-solicitation provisions applicable during the term of such agreement and for a period of one year after his or her employment is terminated for any reason. Mr. Mauser's employment agreement was also amended to reduce the notice of termination period to the period required under German law, and to provide that any severance payments made to Mr. Mauser pursuant to his amended and restated severance agreement would be reduced by any payments made under his employment agreement as a result of such notice of termination provision.

Supplemental Executive Retirement Plan

Mr. Paliwal and Mr. Augsburg are eligible for benefits under the SERP in the event of a change in control of our company or termination of employment under certain circumstances. Benefits payable under the SERP are based on the average of the participant's highest Average Cash Compensation during any five consecutive years of employment by our company.

A participant whose employment is terminated prior to age 65 with at least 15 years of service, and who is not otherwise entitled to retirement benefits under the SERP, is entitled to an annual termination benefit equal to either (a) 30% of Average Cash Compensation, increased by 4% for each year of service over 15 years, up to a maximum of 50%, or (b) 15% of Average Cash Compensation, increased by 3% for each year of service over 15 years, up to a maximum of 30%, as designated by our company. The termination benefit commences upon the later of termination of the participant's employment, other than due to death, or the participant reaching age 55, except that with respect to Mr. Paliwal, the full termination benefit commences upon the later of termination of the participant's employment, other than due to death, or Mr. Paliwal reaching age 65. Mr. Paliwal will be

entitled to receive a partial termination benefit if his employment terminates between the ages of 55 and 65. Mr. Paliwal has been designated as a participant entitled to receive an annual termination benefit of up to 50% of Average Cash Compensation and Mr. Augsburg has been designated as a participant entitled to receive an annual termination benefit of up to 30% of Average Cash Compensation.

Additionally, if a participant's employment is terminated for any reason other than death within three years after a change in control of our company, the participant vests with the maximum designated retirement benefit regardless of age or years of service and we indemnify the participant for any expense incurred in enforcing the participant's rights in the retirement benefit under the SERP. Under the SERP, a change in control is defined in the same manner as under Mr. Paliwal's severance agreement, as described above.

A pre-retirement death benefit equal to two or three times the highest annual cash compensation earned by a participant during his or her employment with our company is paid to the beneficiaries of a participant who dies prior to the commencement of benefits under the SERP. Mr. Paliwal has been designated as a participant entitled to receive a death benefit equal to three times his highest annual cash compensation, and Mr. Augsburg has been designated as a participant entitled to receive a death benefit equal to two times his highest annual cash compensation. The benefit is paid to the participant's designated beneficiary in a single lump sum or, at the request of the beneficiary and with the consent of the SERP's administrative committee, the benefit may be paid in another form providing the actuarial equivalent of the lump-sum payment.

German Pension Plan

Mr. Mauser is eligible for a vested pension benefit upon termination of employment under certain circumstances. Upon termination for any reason except death the vested pension benefit is equal to 2% of eligible salary for every year of service, up to a maximum of 30% (accrued pro rata over the total expected service at age 60 unless termination is due to disability). This pension is payable at age 60 with a portion becoming payable from the Harman/Becker Nokia plan at age 65. The annual benefit will be increased by the cost of living rate, currently assumed to be 5.25% every three years. In the event of Mr. Mauser's death after benefits have commenced, but prior to receiving benefits for a period of ten years, benefits will continue to be paid to his surviving widow for the remainder of the ten year period. A pre-retirement death benefit of two times eligible salary is payable plus a small annuity (989 Euros per year) to his widow in the event of termination of Mr. Mauser's employment due to his death.

2014 Key Executive Officers Bonus Plan

In the event of a change in control of our company, each participant in the 2014 Key Executive Plan is entitled to the pro-rated award amount of the executive's target award amount for that fiscal year, provided that he or she is employed by us at the time of the change in control or, if the plan participant is no longer employed by us, the participant's employment is terminated after commencement of discussions that resulted in a change in control of our company but within 180 days prior to the change in control. Under this plan, a change in control is defined in the same manner as under Mr. Paliwal's severance agreement, as described above.

Summary of Benefits

The following tables quantify potential compensation that would become payable to each NEO under the agreements and our plans and policies discussed above, if his or her employment had terminated on June 30, 2015, given his or her base salary as of that date and, if applicable, the closing price of our Common Stock on June 30, 2015.

Due to the factors that may affect the amount of any benefits provided upon the events described below, any actual amounts paid or payable may be different than those shown in these tables. Factors that could affect these amounts include the date the termination event occurs, the base salary of an executive officer on the date of termination of employment and the price of our Common Stock when the termination event occurs. The amounts

indicated below do not attempt to quantify any reduction that may be required for NEOs other than Mr. Paliwal or Mr. Parker as a result of the excise tax cut back provision included in such NEO's CIC Agreement discussed above; therefore, actual payments to such NEOs may be less than the amounts indicated below.

- (1) Under the terms of Mr. Paliwal's agreements representing awards of stock options and RSUs, a specified amount of unvested awards become vested upon a change in control, termination without cause or for good reason, and upon Mr. Paliwal's death or disability, as such terms are defined in the award agreements. The amounts shown represent the value of the unvested stock options and RSUs on June 30, 2015, the last trading day of our fiscal year ended June 30, 2015, at \$118.94 per share, the closing price of our Common Stock on that date.
- (2) Includes death benefit and present value of accumulated retirement benefits, as applicable, that Mr. Paliwal would be entitled to under our SERP.
- (3) Represents the amount payable under the Paliwal Agreement.
- (4) To receive the severance payment under his CIC Agreement, a qualifying termination of Mr. Paliwal's employment must occur within six months prior to or within two years following a change in control. To receive his bonus award under the 2014 Key Executive Plan, Mr. Paliwal's employment must be terminated after commencement of discussions that resulted in a change in control of our company, but within 180 days prior to the change in control.
- (5) Represents amount payable under his CIC Agreement and the 2014 Key Executive Plan.
