MERGER PROPOSAL YOUR VOTE IS VERY IMPORTANT

Dear Atmel Stockholders:

Microchip Technology Incorporated ("Microchip") and Atmel Corporation ("Atmel") have entered into an Agreement and Plan of Merger, dated as of January 19, 2016 (the "Merger Agreement"), pursuant to which Microchip will acquire Atmel in a merger transaction (the "Merger"). If the Merger is completed, Atmel stockholders will receive, in exchange for each outstanding share of Atmel common stock owned immediately prior to the Merger (except for such shares held by Microchip, Atmel or their respective subsidiaries and except for dissenting shares) (1) \$7.00 in cash without interest (the "Cash Consideration"), (2) \$1.15 in Microchip common stock (valued at the average closing price for a share of Microchip common stock for the ten most recent trading days ending on the last trading day prior to the closing of the Merger (the "Closing")), subject to the conditions and restrictions set forth in the Merger Agreement (the "Stock Consideration"), and (3) cash in lieu of fractional shares of Microchip common stock as contemplated by the Merger Agreement (together, the "Merger Consideration"). The maximum number of shares of Microchip common stock that will be issued in connection with the Merger is 13.0 million shares. To the extent that the number of shares of Microchip common stock issuable in the Merger would exceed 13.0 million shares, the Cash Consideration will be increased such that the value of the combined Cash Consideration and Stock Consideration will remain at \$8.15 per share (based upon the average price described in the previous sentence) (any such increase, the "Supplemental Cash Consideration").

Based on the number of shares of Atmel common stock outstanding as of February 16, 2016, and the number of shares of Microchip common stock outstanding as of February 16, 2016, and assuming a ten-trading day average closing price of \$41.49 (calculated based on the closing prices for the ten trading days ended on February 16, 2016, the most recent practicable range of trading days prior to the date of this proxy statement/prospectus), it is expected that, immediately after completion of the Merger, former Atmel stockholders will receive shares of Microchip common stock in the Merger representing approximately 5.43% of the outstanding shares of Microchip common stock. The shares of Microchip common stock are traded, and following the Merger will continue to be traded, on The NASDAQ Stock Market ("NASDAQ") under the symbol "MCHP".

The Merger Consideration represents a premium to Atmel stockholders of approximately 12% over Atmel's closing stock price on September 18, 2015 (the last trading day before Atmel announced it had entered into a merger agreement with Dialog Semiconductor plc ("Dialog"), which merger agreement was subsequently terminated by Atmel) and approximately 9% over Atmel's closing stock price on May 5, 2015, the day prior to the public announcement that Atmel's President and Chief Executive Officer, Steven Laub, had informed the board of directors of Atmel (the "Atmel Board") that he intended to retire as an officer and director of Atmel.

Atmel will hold a special meeting of its stockholders to vote on matters related to the proposed Merger. The special meeting will be held on April 1, 2016, at 8:00 a.m., local time, at Atmel's headquarters located at 1600 Technology Drive, San Jose, California 95110. At the special meeting, Atmel stockholders will be asked to adopt the Merger Agreement. In addition, Atmel stockholders will be asked to approve, on a non-binding, advisory basis, the compensation payments that will or may be made to Atmel's named executive officers in connection with the Merger and to approve the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes at the time of the special meeting to adopt the Merger Agreement.

The exchange of the Merger Consideration for Atmel common stock in the Merger will be a taxable transaction to Atmel stockholders for U.S. federal income tax purposes and also may be taxable under state, local and non-U.S. income and other tax laws. We encourage Atmel stockholders to carefully review the information under the heading **Material U.S. Federal Income Tax Consequences** of this proxy statement/prospectus for a description of certain U.S. tax consequences of the Merger.

Table of Contents

We cannot complete the Merger without the adoption of the Merger Agreement by Atmel stockholders. It is important that your shares be represented and voted regardless of the size of your holdings. **A failure to vote will have the same effect as a vote AGAINST the adoption of the Merger Agreement. Whether or not you plan to attend the special meeting, we urge you to submit a proxy to have your shares voted in advance of the special meeting by using one of the methods described in the accompanying proxy statement/prospectus.**

The Atmel Board recommends that Atmel stockholders vote:

1. **FOR** the adoption of the Merger Agreement;
2. **FOR** the approval, on a non-binding, advisory basis, of the compensation payments that will or may be made to Atmel's named executive officers in connection with the Merger; and
3. **FOR** the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes at the time of the special meeting to adopt the Merger Agreement.

The accompanying proxy statement/prospectus provides important information regarding the special meeting and a detailed description of the Merger Agreement, the Merger and the matters to be presented at the special meeting. We urge you to read the accompanying proxy statement/prospectus carefully and in its entirety. Please pay particular attention to the section entitled Risk Factors beginning on page 32 of the accompanying proxy statement/prospectus.

We look forward to seeing you at the special meeting and thank you for your continued support of, and interest in, Atmel.

Sincerely,

Steven Laub

QUESTIONS AND ANSWERS

The following are some questions that you, as a stockholder of Atmel Corporation (Atmel) may have regarding the Merger and the other matters being considered at the special meeting and the answers to those questions. Microchip Technology Incorporated (Microchip) and Atmel urge you to carefully read the remainder of this proxy statement/prospectus because the information in this section does not provide all the information that might be important to you with respect to the Merger and the other matters being considered at the special meeting. Additional important information is also contained in the Annexes to, and the documents incorporated by reference into, this proxy statement/prospectus.

General Questions and Answers about the Merger

Q: What is the proposed transaction on which I am being asked to vote?

A: You are being asked to vote to adopt the Agreement and Plan of Merger, dated as of January 19, 2016 (the Merger Agreement), entered into by and among Microchip, Hero Acquisition Corporation, an indirect wholly owned subsidiary of Microchip (Merger Sub), and Atmel. A copy of the Merger Agreement is included as Annex A to this proxy statement/prospectus. Pursuant to the Merger Agreement, Merger Sub will merge with and into Atmel, with Atmel surviving the merger as an indirect wholly owned subsidiary of Microchip (the Merger). The Merger cannot be completed unless, among other things, holders of a majority of the shares of the outstanding Atmel common stock as of the Record Date (as defined below) for the special meeting of Atmel stockholders (the special meeting) vote to adopt the Merger Agreement. See the section entitled The Merger Agreement Conditions to Closing beginning on page 117 of this proxy statement/prospectus for more information.

Atmel stockholders will also be asked to approve the Adjournment Proposal and the Compensation Proposal, both as defined below in the section entitled What are the proposals on which the Atmel stockholders are being asked to vote?

Q: Why am I receiving this proxy statement/prospectus?

A: This proxy statement/prospectus contains important information about the Merger and the other proposals being voted on at the special meeting, and you should read it carefully. It is a proxy statement because the Atmel Board of Directors (the Atmel Board) is soliciting proxies from its stockholders. It is a prospectus because Microchip will issue shares of Microchip common stock in connection with the Merger. The enclosed materials allow you to have your shares voted by proxy without attending the special meeting in person. Your vote is important. We encourage you to submit your proxy as soon as possible.

Q: What will Atmel stockholders receive for their shares of common stock in the Merger?

A:

If the Merger is completed, Atmel stockholders will be entitled to receive, in exchange for each share of Atmel common stock they hold at the Effective Time (as defined below) of the Merger, Merger Consideration (as defined below) equal to \$8.15 per share, subject to adjustment in certain cases as further discussed under The Merger Agreement The Merger beginning on page 99 of this proxy statement/prospectus. Atmel stockholders will have the right to receive (1) \$7.00 in cash without interest (the Cash Consideration), (2) \$1.15 in Microchip common stock (valued at the average closing price for a share of Microchip common stock for the ten most recent trading days ending on the last trading day prior to the closing of the Merger (the Closing)), subject to the conditions and restrictions set forth in the Merger Agreement (the Stock Consideration), and (3) cash in lieu of fractional shares of Microchip common stock as contemplated by the Merger Agreement (together, the Merger Consideration). The maximum number of shares of Microchip common stock that will be issued in connection with the Merger is 13.0 million shares, and to the extent that the number of shares of Microchip common stock issuable in the

-v-

Table of Contents

Merger would exceed 13.0 million shares, the Cash Consideration per share of Atmel common stock will be increased such that the value of the combined Cash Consideration and Stock Consideration will remain at \$8.15 per share (based upon the average price described in the previous sentence) (any such increase, the Supplemental Cash Consideration).

Q: After the Merger, how much of Microchip will Atmel stockholders own?

A: Based on the number of shares of Atmel common stock outstanding as of February 16, 2016, and the number of shares of Microchip common stock outstanding as of February 16, 2016, and assuming a ten-trading day average closing price of \$41.49 (calculated based on the closing prices for the ten trading days ended on February 16, 2016, the most recent practicable range of trading days prior to the date of this proxy statement/prospectus), it is expected that, immediately after completion of the Merger, former Atmel stockholders will receive shares of Microchip common stock in the Merger representing approximately 5.43% of the outstanding shares of Microchip common stock.

Q: Will Atmel stockholders be able to trade the shares of Microchip common stock that they receive in the transaction?

A: Yes. Shares of Microchip common stock are listed on NASDAQ under the symbol MCHP. Shares of Microchip common stock received in exchange for shares of Atmel common stock in the Merger will be freely transferable under U.S. federal securities laws.

Q: What will I receive in the Merger in exchange for my equity awards?

A: Immediately prior to the Effective Time (as defined below), each outstanding option to purchase shares of Atmel common stock (each, an Atmel Option), whether vested or not, will accelerate and become vested and exercisable in full. To the extent that such Atmel Options are not exercised voluntarily by the date immediately preceding the Effective Time, such Atmel Options will be automatically net-exercised (with the exercise price and applicable withholding taxes paid by withholding Atmel common stock otherwise issuable to such option holder). Upon such exercise, the former holder of the Atmel Option will be issued the net number of shares of Atmel common stock resulting from the net exercise, and such stockholder will thereafter be entitled to receive the Merger Consideration in respect of these shares of Atmel common stock. Any Atmel Option with an exercise price greater than the Merger Consideration will be cancelled at the Effective Time for no consideration. No former Atmel Options will remain outstanding following the consummation of the Merger.

Each outstanding restricted stock unit, deferred stock unit, performance-based restricted stock unit or similar right with respect to Atmel common stock (including performance share awards denominated in restricted stock units) (each, an Atmel Unit) that is held by an individual who will continue in service with Microchip at the Effective Time will be assumed by Microchip and converted into equivalent awards in respect of shares of Microchip common stock using a customary exchange ratio intended to provide in respect of the Atmel Unit value equivalent to the Merger Consideration as of the Effective Time.

In addition, any vested Atmel Units will be treated as outstanding Atmel common stock in the Merger, and the holders of such vested Atmel Units that have not received the underlying shares of Atmel common stock at the Effective Time will receive the Merger Consideration (subject to applicable tax withholding). No Atmel Units will remain outstanding following the consummation of the Merger.

Q: What is required to complete the Merger?

A: Each of Microchip's and Atmel's obligation to consummate the Merger is subject, as relevant, to a number of conditions specified in the Merger Agreement, including the following: (1) adoption of the Merger Agreement by Atmel's stockholders; (2) approval for listing on NASDAQ of the shares of Microchip

-vi-

Table of Contents

common stock to be issued in the Merger, subject to official notice of issuance; (3) receipt of customary antitrust approvals; (4) absence of laws, orders, judgments and injunctions that enjoin or otherwise prohibit consummation of the Merger or any proceedings instituted by a governmental entity with competent jurisdiction seeking any of the foregoing; (5) effectiveness under the Securities Act of this registration statement on Form S-4 (the "Form S-4"); (6) subject to certain materiality related standards contained in the Merger Agreement, the accuracy of representations and warranties of Atmel and Microchip, respectively, and material performance by Atmel and Microchip of their respective covenants contained in the Merger Agreement; and (7) the absence of a material adverse effect with respect to the other party. The consummation of the Merger is not subject to a financing condition. See the section entitled "The Merger Agreement Conditions to Closing" beginning on page 117 of this proxy statement/prospectus.

Q: When do you expect the Merger to be completed?

A: Microchip and Atmel expect the Closing to occur in the second quarter of calendar year 2016. However, the Merger is subject to various regulatory approvals and the satisfaction or waiver of other conditions, and it is possible that factors outside the control of Microchip and Atmel could result in the Merger being completed at an earlier time, a later time or not at all. There may be a substantial amount of time between the date on which the special meeting is held and the date of the completion of the Merger. The Merger will become effective at such time as the certificate of merger is duly filed with the Secretary of State of the State of Delaware on the date that the Closing takes place (the "Closing Date"), or at such subsequent date or time as Atmel, Microchip and Merger Sub agree and specify in the certificate of merger (the "Effective Time").

Q: Will I be subject to U.S. federal income tax upon the exchange of shares of Atmel common stock for the Merger Consideration?

A: If you are a U.S. Holder (as defined below), the exchange of your shares of Atmel common stock for cash and shares of Microchip common stock in the Merger will be a taxable transaction for U.S. federal income tax purposes, which generally will require you to recognize gain or loss for U.S. federal income tax purposes in an amount equal to the difference, if any, between the sum of the amount of cash and the fair market value of the shares of Microchip common stock you receive in the Merger and your tax basis in the shares of Atmel common stock exchanged in the Merger.

If you are a Non-U.S. Holder (as defined below), you generally will not be subject to U.S. federal income tax with respect to the exchange of shares of Atmel common stock for cash and shares of Microchip common stock in the Merger, unless you have certain connections to the United States.

Because particular circumstances may differ, we recommend that you consult your own tax advisor to determine the U.S. federal income tax consequences to you relating to the Merger in light of your own particular circumstances and the consequences to you arising under U.S. federal non-income tax laws or the laws of any state, local or non-U.S. taxing jurisdiction. A more complete description of material U.S. federal income tax consequences of the Merger is provided in the section entitled "Material U.S. Federal Income Tax Consequences" beginning on page 123 of this proxy statement/prospectus.

Q: What happens if the Merger is not completed?

A: If the Merger Agreement is not adopted by Atmel stockholders or if the Merger is not completed for any other reason, Atmel stockholders will not receive the Merger Consideration in exchange for their shares of Atmel common stock. Instead, Atmel will remain an independent public company and Atmel common stock will continue to be listed and traded on NASDAQ. Under specified circumstances, Atmel may be required to pay Microchip a termination fee or reimburse Microchip's transaction expenses, or Microchip may be required to pay Atmel a termination fee, as described in the section entitled "The Merger Agreement - Termination Fees" beginning on page 120 of this proxy statement/prospectus.

Q: What are the proposals on which I am being asked to vote?

A: There are three proposals that will be voted on at the special meeting:

Merger Proposal: The proposal to adopt the Merger Agreement, which provides for the merger of Merger Sub with and into Atmel, with Atmel surviving the merger as an indirect wholly owned subsidiary of Microchip (the Merger Proposal).

Compensation Proposal: The proposal to approve, on a non-binding, advisory basis, the compensation payments that will or may be made to Atmel's named executive officers in connection with the Merger (the Compensation Proposal).

Adjournment Proposal: The proposal to approve the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes at the time of the special meeting to approve the Merger Proposal (the *Adjournment Proposal*).

Approval by stockholders of Atmel of the Merger Proposal (the *Atmel Stockholder Approval*) is required for completion of the Merger. Approval by Atmel stockholders of the Compensation Proposal and the Adjournment Proposal is not required for completion of the Merger. No other matters are intended to be brought before the special meeting by Atmel.

Q: What vote is required for approval of the proposals in this proxy statement/prospectus, and what happens if I abstain?

A: The following are the vote requirements:

Merger Proposal: The affirmative vote, in person or by proxy, of holders of a majority of the outstanding shares of Atmel common stock entitled to vote as of the Record Date is required to approve

-viii-

Table of Contents

the Merger Proposal. If you abstain from voting, fail to vote at the special meeting, or fail to instruct your broker, bank or other nominee how to vote on the Merger Proposal, it will have the same effect as a vote cast against the Merger Proposal.

Compensation Proposal: The affirmative vote, in person or by proxy, of holders of a majority of the shares of Atmel common stock present in person or represented by proxy at the special meeting and entitled to vote thereon is required to approve the Compensation Proposal. If you abstain from voting or attend the special meeting and fail to vote, it will have the same effect as a vote cast against the Compensation Proposal. If you do not attend the special meeting or fail to instruct your broker, bank or other nominee how to vote on the Compensation Proposal, it will have no effect on the outcome of the vote on the Compensation Proposal, assuming a quorum is present.

Adjournment Proposal: The affirmative vote, in person or by proxy, of holders of a majority of the shares of Atmel common stock present in person or represented by proxy at the special meeting and entitled to vote thereon is required to approve the Adjournment Proposal. If you abstain from voting or attend the special meeting and fail to vote, it will have the same effect as a vote cast against the Adjournment Proposal. If you do not attend the special meeting or fail to instruct your broker, bank or other nominee how to vote on the Adjournment Proposal, it will have no effect on the outcome of the vote on the Adjournment Proposal, assuming a quorum is present.

Q: How does the Atmel Board recommend that I vote my shares of Atmel common stock on the proposals?

A: The Atmel Board recommends that stockholders vote their shares of Atmel common stock:

FOR the Merger Proposal;

FOR the Compensation Proposal; and

FOR the Adjournment Proposal.

Q: How do I vote?

A: If you are a stockholder of record of Atmel as of the Record Date:

You may vote in person at the special meeting; or

You may vote by completing, signing, dating and mailing the enclosed proxy card in the envelope provided, or by submitting a proxy by telephone or over the Internet by following the instructions on the enclosed proxy card.

If your shares of Atmel common stock are held in the name of your broker, bank or other nominee, you should submit voting instructions to your broker, bank or other nominee. Please refer to the voting instruction card included in these proxy materials by your broker, bank or other nominee or contact your broker, bank or other nominees to obtain instructions on how to instruct them with respect to the voting of your shares.

Q: If my shares are held in a stock brokerage account, or in street name by my broker, bank or nominee, will my broker, bank or nominee automatically vote my shares for me?

A: No. If your shares are held in the name of a broker, bank or other nominee, you are considered the beneficial holder of the shares held for you in what is known as street name. You are not the record holder of such shares. If this is the case, this proxy statement/prospectus has been forwarded to you by your broker, bank or other nominee. As the beneficial holder, unless your broker, bank or other nominee has discretionary authority over your shares, you generally have the right to direct your broker, bank or other nominee as to how to vote your shares. You can contact your broker, bank or other nominees to obtain instructions on how to instruct them with respect to the voting of your shares. If you do not provide voting

-ix-

Table of Contents

instructions, your shares will not be counted in determining whether a quorum is present at the special meeting or be voted on any proposal on which your broker, bank or other nominee does not have discretionary authority.

This is often called a broker non-vote. In order to avoid broker non-votes with respect to your shares of Atmel common stock, you should provide your broker, bank or other nominee with instructions as to how to vote your shares of Atmel common stock.

Please note that you may not vote shares held in street name by returning a proxy card directly to Atmel or by voting in person at the special meeting unless you first obtain a proxy from your broker, bank or other nominee. Please follow the voting instructions provided by your broker, bank or other nominee so that it may vote your shares on your behalf.

Q: How many votes do I have?

A: Atmel stockholders are entitled to cast one vote for each share of Atmel common stock held as of the Record Date on all matters properly submitted for voting. On the Record Date, 423,290,513 shares of Atmel common stock were issued and outstanding and no shares of Atmel's preferred stock were outstanding.

Q: What if I sell my shares of Atmel common stock before the special meeting?

A: If you transfer your shares of Atmel common stock after the Record Date but before the special meeting, you will, unless you provide the transferee of your shares with a proxy, retain your right to vote at the special meeting, but will have transferred the right to receive the Merger Consideration. In order to receive the Merger Consideration, you must hold your shares through the Effective Time.

Q: What does it mean if I get more than one proxy card to vote my shares of Atmel common stock?

A: You may receive more than one set of voting materials, including multiple copies of this proxy statement/prospectus and multiple paper proxy cards or voting instruction cards. For example, if you hold your shares of Atmel common stock in more than one brokerage account, you may receive a set of proxy materials for each brokerage account in which you hold shares. If you are an Atmel stockholder of record and your shares of Atmel common stock are registered in more than one name, you will receive more than one set of proxy materials. Please sign, date and return each proxy card and voting instruction card that you receive and follow the voting instructions set forth in this proxy statement/prospectus to ensure that all your shares of Atmel common stock are voted.

Q: Can I change my vote?

A: Yes, if you are a stockholder of record as of the Record Date, you may change your vote: (1) by delivering to Atmel (Attention: Corporate Secretary, 1600 Technology Drive, San Jose, California 95110), prior to your shares being voted at the special meeting, a later dated written notice of revocation or a later dated duly executed proxy

card; or (2) by attending the special meeting and voting in person (although attendance at the special meeting will not, by itself, revoke a proxy). A stockholder of record who has voted on the Internet or by telephone may also change his or her vote by subsequently making a timely and valid Internet or telephone vote.

If you are a beneficial owner of shares held in street name by a broker, bank or other nominee, you may revoke your proxy and vote your shares in person at the special meeting only in accordance with applicable rules and procedures as employed by such broker, bank or other nominee. If your shares are held in an account at a broker, bank or other nominee, you should contact your broker, bank or other nominee to change your vote.

Q: How many shares must be present to hold the special meeting?

A: Holders of a majority in voting power of the issued and outstanding shares of Atmel common stock entitled to vote at the special meeting must be present in person or represented by proxy at the special meeting in

-X-

Table of Contents

order to have the required quorum for transacting business. Stockholders are counted as present at the meeting if they (1) are present in person at the special meeting; or (2) have properly submitted a proxy card or submitted a proxy by telephone or over the Internet. Abstaining votes are considered present and entitled to vote and, therefore, are included for purposes of determining whether a quorum is present at the special meeting. Broker non-votes are not entitled to vote and, therefore, are not included for purposes of determining whether a quorum is present at the special meeting.

Q: Are Atmel stockholders entitled to appraisal rights?

A: Record holders of Atmel common stock who do not vote in favor of the Merger Proposal and otherwise comply with the requirements and procedures of Section 262 of the Delaware General Corporation Law (the "DGCL"), are entitled to exercise appraisal rights, which generally entitle stockholders to receive in lieu of the Merger Consideration a cash payment of an amount determined by the Court of Chancery of the State of Delaware (the "Court of Chancery") to be the fair value of their Atmel common stock. The fair value of Atmel common stock could be less than, more than or the same as the Merger Consideration. A detailed description of the procedures required to be followed in order to perfect appraisal rights by Atmel stockholders if desired is included in the section entitled "The Merger Appraisal Rights" beginning on page 95 of this proxy statement/prospectus. The full text of Section 262 of the DGCL is attached as Annex C to this proxy statement/prospectus. Due to the complexity of the procedures described above, Atmel stockholders who are considering exercising such rights are encouraged to seek the advice of legal counsel.

Q: Why am I being asked to approve, on a non-binding, advisory basis, the compensation payments that will or may be made to Atmel's named executive officers in connection with the Merger?

A: The SEC has adopted rules that require Atmel to seek a non-binding, advisory vote on the compensation payments that will or may be made to Atmel's named executive officers in connection with the Merger. Atmel urges its stockholders to read the section entitled "The Merger Interests of Atmel's Directors and Executive Officers in the Merger" beginning on page 88 of this proxy statement/prospectus, which describes in more detail how Atmel's compensation policies and procedures relating to its named executive officers operate and how they are designed to achieve Atmel's compensation objectives.

Q: What happens if the proposal to approve, on a non-binding, advisory basis, the compensation payments that will or may be made to Atmel's named executive officers in connection with the Merger is not approved?

A: Approval, on a non-binding, advisory basis, of the compensation payments that will or may be made by Atmel to Atmel's named executive officers in connection with the Merger is not a condition to completion of the Merger. The vote is a non-binding, advisory vote and is therefore not binding on Atmel, the Atmel Board, the compensation committee of the Atmel Board, Microchip, Microchip's Board of Directors (the "Microchip Board") or the compensation committee of the Microchip Board. Since compensation and benefits to be paid or provided in connection with the Merger are based on contractual arrangements with the named executive officers, the outcome of this advisory vote will not affect the obligation to make these payments and these payments may still

be made even if the Atmel stockholders do not approve, on a non-binding, advisory basis, the Compensation Proposal.

Q: Who pays for the solicitation of proxies to vote at the special meeting?

A: Atmel will bear the entire cost of proxy solicitation, including preparation, assembly, printing and mailing of the notice of special meeting, proxy card, this proxy statement/prospectus and any additional materials furnished to Atmel stockholders. Copies of these materials will be furnished to brokerage houses, fiduciaries and custodians holding shares in their names that are beneficially owned by others to forward to those beneficial owners. In addition, Atmel may reimburse the costs of forwarding these materials to those

-xi-

beneficial owners. Solicitation of proxies by mail may be supplemented by one or more of telephone, email, facsimile or personal solicitation by Atmel's directors, officers or employees. No additional compensation will be paid for such services. Atmel has engaged Innisfree M&A Incorporated to aid in the solicitation of proxies from brokers, bank nominees and other institutional owners for approximately \$25,000, plus reimbursement of related expenses.

Q: Should I send in my share certificate(s) now?

A: No. Please do not send any share certificates with your proxy card. After the Merger is completed, you will receive written instructions, including a letter of transmittal, for exchanging your shares of Atmel common stock for the cash payment and shares of Microchip common stock you are entitled to receive in connection with the Merger.

Q: Whom should I call if I have questions?

A: If you have questions or if you need assistance submitting your proxy or voting your shares or need additional copies of this proxy statement/prospectus or the enclosed proxy card, you should contact Atmel's proxy solicitor at:

Comparative per Share Market Price and Dividend Information (see page 30)

Shares of Microchip's common stock are listed for trading on NASDAQ under the symbol MCHP and shares of Atmel common stock are listed for trading on NASDAQ under the symbol ATML. The following table sets forth the closing sales prices of a share of Microchip common stock (as reported on NASDAQ) and of Atmel common stock (as reported on NASDAQ), each on January 15, 2016, the last trading day before the day on which Microchip and Atmel announced the execution of the Merger Agreement, and on February 16, 2016, the last practicable trading day before the date of this proxy statement/prospectus.

	Microchip Common Stock Price per Share	Atmel Common Stock Price per Share
January 15, 2016	\$ 40.52	\$ 7.90
February 16, 2016	\$ 41.28	\$ 8.06

The market prices of Microchip common stock and Atmel common stock will fluctuate before the special meeting and before the Merger is consummated. You should obtain current stock price quotations from a newspaper, the Internet or your broker or banker.

Microchip's Dividend Policy. The holders of Microchip common stock will receive dividends if and when declared by the Microchip Board out of legally available funds or, in the case of stock dividends, out of authorized and available shares of Microchip common stock. Microchip has been declaring and paying quarterly cash dividends on Microchip common stock since the third quarter of its fiscal year ending March 31, 2003. Microchip's total cash dividends paid were \$286.5 million, \$281.2 million and \$273.8 million in its fiscal years 2015, 2014 and 2013, respectively. The Microchip Board is free to change Microchip's dividend practices at any time and to increase or decrease the dividend paid, or not to pay a dividend, on Microchip common stock on the basis of Microchip's results of operations, financial condition, cash requirements and future prospects, and other factors deemed relevant by the Microchip Board. Microchip's current intent is to provide for ongoing quarterly cash dividends depending upon market conditions and Microchip's results of operations.

Atmel's Dividend Policy. Prior to 2015, Atmel had never declared or paid any cash dividends on its capital stock. On February 4, 2015, Atmel announced the initiation of a quarterly cash dividend, commencing in the first quarter of 2015. The Merger Agreement prohibits Atmel from authorizing or paying dividends or making distributions on its capital stock, so Atmel does not expect to pay dividends for as long as the Merger Agreement is in effect. In addition, Atmel's credit agreement limits its and its subsidiaries' ability to pay dividends or make any other distribution or payment on account of Atmel's capital stock.

If you do not attend the special meeting or fail to instruct your broker, bank or other nominee how to vote on the Compensation Proposal and the Adjournment Proposal, it will have no effect on the outcome of the vote on the Compensation Proposal and the Adjournment Proposal, assuming a quorum is present.

The Merger

Summary of the Merger (see page 53)

Subject to the terms and conditions of the Merger Agreement, Merger Sub will be merged with and into Atmel, and Atmel will continue as the surviving corporation in the Merger and an indirect wholly owned subsidiary of Microchip. other transactions contemplated by the Merger Agreement, see the section entitled "The Merger Recommendation of the Atmel Board; Atmel's Reasons for the Merger" beginning on page 71 of this proxy statement/prospectus.

Opinion of Atmel's Financial Advisor (see page 78 and Annex B)

Atmel retained Qatalyst Partners LP ("Qatalyst Partners") to act as its financial advisor in connection with the Merger. Atmel selected Qatalyst Partners to act as its financial advisor based on Qatalyst Partners' qualifications, expertise, reputation and knowledge of Atmel's business and affairs and the industry in which it operates. At the meeting of the Atmel Board on January 19, 2016, Qatalyst Partners rendered its oral opinion, subsequently confirmed by delivery of a written opinion dated January 19, 2016, that as of January 19, 2016 and based upon and subject to the considerations, limitations and other matters set forth therein, the Merger Consideration to be received by the holders of Atmel common stock, other than Atmel, Microchip or their respective subsidiaries and except for dissenting stockholders, pursuant to the Merger Agreement was fair, from a financial point of view, to such holders.

The full text of the written opinion of Qatalyst Partners, dated January 19, 2016, is attached to this proxy statement/prospectus as Annex B and is incorporated into this proxy statement/prospectus by reference. The opinion sets forth, among other things, the assumptions made, procedures followed, matters considered and limitations and qualifications of the review undertaken by Qatalyst Partners in rendering its opinion. You should read the opinion carefully in its entirety. Qatalyst Partners' opinion was provided to the Atmel Board and addressed only, as of the date of the opinion, the fairness from a financial point of view of the Merger Consideration to be received by the holders of Atmel common stock, other than Atmel, Microchip or their respective subsidiaries and except for dissenting stockholders, pursuant to the Merger Agreement. It does not address any other aspect of the Merger and does not constitute a recommendation as to how any holder of shares of Atmel common stock should vote with respect to the Merger or any other matter. For a further discussion of Qatalyst Partners' opinion, see the section entitled "The Merger Opinion of Atmel's Financial Advisor" beginning on page 78 of this proxy statement/prospectus.

Share Ownership and Voting by Atmel Directors and Executive Officers (see page 45)

As of the Record Date, the directors and executive officers of Atmel held and are entitled to vote, in the aggregate, approximately 3.1% of the aggregate voting power of the outstanding shares of Atmel's common stock.

Listing of Shares of Microchip Common Stock; Delisting and Deregistration of Shares of Atmel Common Stock (see pages 94, 95)

Microchip is obligated to cause the shares of Microchip common stock to be issued to Atmel stockholders pursuant to the Merger to be authorized for listing on NASDAQ at the Effective Time, subject to official notice of issuance. Upon completion of the Merger, shares of Atmel common stock will cease to be listed on NASDAQ and will subsequently be deregistered under the Exchange Act.

See the sections entitled "The Merger Listing of Shares of Microchip Common Stock" beginning on page 94 of this proxy statement/prospectus and "The Merger Delisting and Deregistration of Atmel Common Stock" beginning on page 95 of this proxy statement/prospectus for a further discussion of the listing of shares of Microchip common stock and de-listing of Atmel common stock in connection with the Merger.

Table of Contents

The Merger Agreement (see page 99)

The Merger Agreement is attached as Annex A to this proxy statement/prospectus. Microchip and Atmel encourage you to read the entire Merger Agreement carefully because it is the principal document governing the Merger and the issuance of shares of Microchip common stock.

Merger Consideration (see page 99)

Subject to the terms and conditions of the Merger Agreement, at the Effective Time, each share of Atmel common stock that is issued and outstanding immediately prior to the consummation of the Merger (except for Atmel common stock held by Microchip, Atmel and their respective subsidiaries and except for dissenting shares) will be converted into the right to receive (1) \$7.00 in cash without interest, (2) \$1.15 in Microchip common stock (valued at the ten-trading day average closing price ending on the last trading day prior to the Closing), subject to the conditions and restrictions set forth in the Merger Agreement, and (3) cash in lieu of fractional shares of Microchip common stock as contemplated by the Merger Agreement. The maximum number of shares of Microchip common stock that will be issued in connection with the Merger is 13.0 million shares, and to the extent that the number of shares of Microchip common stock issuable in the Merger would exceed 13.0 million shares, the Cash Consideration per share of Atmel common stock will be increased such that the value of the combined Cash Consideration and Stock Consideration will remain at \$8.15 per share (based upon the average price described in the previous sentence). See the section entitled *The Merger Agreement Merger Consideration* beginning on page 99 of this proxy/statement prospectus for more information.

Based on the number of shares of Atmel common stock outstanding as of February 16, 2016, and the number of shares of Microchip common stock outstanding as of February 16, 2016, and assuming a ten-trading day average closing price of \$41.49 (calculated based on the closing prices for the ten trading days ended on February 16, 2016, the most recent practicable range of trading days prior to the date of this proxy statement/prospectus), it is expected that, immediately after completion of the Merger, former Atmel stockholders will receive shares of Microchip common stock in the Merger representing approximately 5.43% of the outstanding shares of Microchip common stock.

Treatment of Atmel Options and Other Equity-Based Awards (see page 100)

Immediately prior to the Effective Time, each outstanding Atmel Option, whether vested or not, will accelerate and become vested and exercisable in full. To the extent that an Atmel Option is not exercised voluntarily through the day immediately preceding the Effective Time, such Atmel Option will be automatically net-exercised immediately prior to the Effective Time (with the exercise price and applicable withholding taxes paid by withholding Atmel common stock otherwise issuable to such optionholder). Upon such exercise, the former holder of the Atmel Option will be issued the net number of shares of Atmel common stock resulting from the net exercise, and such stockholder will thereafter be entitled to receive the Merger Consideration in respect of these shares of Atmel common stock. Any Atmel option with an exercise price greater than the Merger Consideration will be cancelled at the Effective Time for no consideration. No former Atmel Options will remain outstanding following the consummation of the Merger.

Immediately prior to the Effective Time, each unvested and outstanding Atmel Unit (including each performance share award denominated in restricted stock units) that is held by an individual who will continue in service with Microchip at the Effective Time will be assumed by Microchip and converted into equivalent awards in respect of shares of Microchip common stock using a customary exchange ratio intended to provide in respect of the Atmel Unit value equivalent to the Merger Consideration as of the Effective Time. In addition, any vested Atmel Unit will be treated as outstanding Atmel common stock in the Merger, and each holder of such vested Atmel Unit who has not received the underlying shares of Atmel common stock at the Effective Time will receive the Merger Consideration

(subject to applicable tax withholding). No Atmel Units will remain outstanding following the consummation of the Merger.

Table of Contents

Closing and Effective Time (see page 100)

Microchip and Atmel expect the Closing to occur in the second quarter of calendar year 2016. However, the Merger is subject to various regulatory approvals and the satisfaction or waiver of other conditions, and it is possible that factors outside the control of Microchip and Atmel could result in the Merger being completed at an earlier time, a later time or not at all. In the Merger Agreement, Microchip and Atmel have agreed that the Closing Date shall be no later than the second business day following the satisfaction or waiver of the last of the conditions to Closing to be satisfied (other than those conditions that by their nature are to be satisfied at Closing, but subject to the satisfaction or waiver of those conditions), or at such other date and time as Atmel and Microchip agree in writing; provided, however, if the Closing Date would otherwise occur within the last 15 days of a calendar quarter, Microchip may elect once, in its sole discretion, by written notice to Atmel to defer the Closing to the first business day occurring immediately after the end of that calendar quarter. There may be a substantial amount of time between the dates on which the special meeting is held and the date on which the Merger is completed.

Appraisal Rights (see page 102)

Record holders of Atmel common stock who do not vote in favor of the Merger Proposal and who otherwise comply with the requirements and procedures of Section 262 of the DGCL are entitled to exercise appraisal rights, which generally entitle stockholders to receive in lieu of the Merger Consideration a cash payment of an amount determined by the Court of Chancery equal to the fair value of their Atmel common stock. A summary description of the appraisal rights available to holders of Atmel common stock under the DGCL and the procedures required to exercise statutory appraisal rights are included under the section entitled *The Merger Appraisal Rights* beginning on page 95 of this proxy statement/prospectus. The full text of Section 262 of the DGCL is attached as Annex C to this proxy statement/prospectus. Due to the complexity of the procedures described above, Atmel stockholders who are considering exercising such rights are encouraged to seek the advice of legal counsel.

Restrictions on Atmel's Business Pending the Closing (see page 106)

Atmel has agreed, subject to certain exceptions set forth in the Merger Agreement, on behalf of itself and its subsidiaries that it will conduct its business in the ordinary course of business prior to the Effective Time or earlier termination of the Merger Agreement, and has agreed to certain restrictions on its ability to take certain actions prior to the Effective Time or earlier termination of the Merger Agreement. See the section entitled *The Merger Agreement Restrictions on Atmel's Business Pending the Closing* beginning on page 106 of this proxy statement/prospectus for more information.

Atmel's Agreement Not to Solicit Other Offers (see page 108)

Atmel has agreed that it will not, directly or indirectly:

initiate, solicit or knowingly encourage the making of any proposal or offer that constitutes, or would reasonably be expected to result in, an Atmel Acquisition Proposal (as described in the section entitled *The Merger Agreement Atmel's Agreement Not to Solicit Other Offers* beginning on page 108 of this proxy statement/prospectus);

engage in, enter into, continue or otherwise participate in any discussions or negotiations with any person with respect to, or provide any non-public information or data concerning Atmel or its subsidiaries to any person relating to, any proposal or offer that constitutes, or would reasonably be expected to result in, an Atmel Acquisition Proposal;

Table of Contents

enter into any acquisition agreement, merger agreement or similar definitive agreement, or any letter of intent, memorandum of understanding or agreement in principle or any other agreement (other than a confidentiality agreement having terms that the Atmel Board determines in good faith are not materially less favorable in the aggregate to Atmel than those contained in its confidentiality agreement with Microchip) relating to an Atmel Acquisition Proposal; or

authorize, adopt, approve or recommend or publicly propose to authorize, adopt, approve or recommend to the Atmel stockholders, or submit to the Atmel stockholders for a vote at any stockholder meeting, any Atmel Acquisition Proposal.

Atmel has agreed to (1) cease any discussions or negotiations with any person with respect to any Atmel Acquisition Proposal, (2) promptly notify Microchip after knowledge of receipt of any Atmel Acquisition Proposal or any request for information from, or any negotiations sought to be initiated or resumed with respect to an Atmel Acquisition Proposal, and (3) keep Microchip reasonably informed on a prompt basis of any material developments regarding any Atmel Acquisition Proposal.

However, until receipt of the Atmel Stockholder Approval, if Atmel receives a *bona fide* Atmel Acquisition Proposal from any person that did not result from a material breach of its non-solicitation obligations, Atmel may:

provide information (including non-public information and data) regarding, and afford access to the business, properties, assets, books, records and personnel of, Atmel and its subsidiaries to such person if Atmel receives from such person (or has received from such person) an executed confidentiality agreement having terms that the Atmel Board determines in good faith are not materially less favorable in the aggregate to Atmel than those contained in its confidentiality agreement with Microchip, provided that Atmel will promptly make available to Microchip any non-public information concerning Atmel or its subsidiaries that is provided to any person given such access that was not previously made available to Microchip; and

engage in, enter into, continue or otherwise participate in any discussions or negotiations with such person with respect to such Atmel Acquisition Proposal,

as long as (1) Atmel has not materially breached its non-solicitation obligations with respect to such Atmel Acquisition Proposal and (2) prior to taking any action described above, the Atmel Board determines in good faith that (a) such Atmel Acquisition Proposal either constitutes an Atmel Superior Proposal (as described in the section entitled *The Merger Agreement Atmel's Agreement Not to Solicit Other Offers* beginning on page 108 of this proxy statement/prospectus) or would reasonably be expected to result in an Atmel Superior Proposal and (b) the failure to participate in such discussions or negotiations or furnish such information would reasonably be expected to be inconsistent with the directors' fiduciary duties under applicable law.

See the section entitled *The Merger Agreement Atmel's Agreement Not to Solicit Other Offers* beginning on page 108 of this proxy statement/prospectus for more information.

Atmel's Agreement Not to Change the Atmel Board Recommendation (see page 110)

Atmel has agreed that the Atmel Board will only change its recommendation to the Atmel stockholders that they adopt the Merger Agreement (the *Atmel Board Recommendation*) in certain, limited circumstances.

Atmel has agreed that the Atmel Board will not:

change, withhold, withdraw, qualify or modify, in a manner adverse to Microchip (or publicly propose or resolve to change, withhold, withdraw, qualify or modify), the Atmel Board Recommendation;

fail to include in this proxy statement/prospectus (1) the determination of the Atmel Board that the Merger Agreement, the Merger and the other transactions contemplated by the Merger Agreement are advisable and are fair to and in the best interests of Atmel and the Atmel stockholders, (2) the approval of the Atmel Board of the Merger Agreement, the Merger and the other transactions contemplated by the Merger Agreement, and (3) the recommendation of the Atmel Board to the Atmel stockholders that the Atmel stockholders adopt the Merger Agreement;

publicly approve or recommend, or publicly propose to approve or recommend to the Atmel stockholders, an Atmel Acquisition Proposal;

fail to recommend against acceptance of any tender offer or exchange offer that constitutes an Atmel Acquisition Proposal by the Atmel stockholders or against another Atmel Acquisition Proposal that is otherwise publicly announced within ten business days after commencement or announcement thereof; or

authorize, adopt, approve or publicly propose to authorize, adopt or approve or recommend, or enter into, any agreement constituting or relating to an Atmel Acquisition Proposal or requiring Atmel to abandon, terminate, or fail to consummate the Merger or any other transaction contemplated by the Merger Agreement.

Any of the actions in the first four bullets above is referred to as an Atmel Change of Recommendation.

The Atmel Board may make an Atmel Change of Recommendation (so long as Atmel has provided prior written notice to Microchip of its or the Atmel Board's intention to make an Atmel Change of Recommendation at least four business days in advance of taking such action) as follows:

other than in relation to an Atmel Acquisition Proposal, if the Atmel Board determines in good faith (after consultation with its outside legal counsel) that, as a result of an event, development or change in circumstances that occurs or arises after the execution and delivery of the Merger Agreement (other than an Atmel Acquisition Proposal) that was not known (or the consequences of which were not known) to the Atmel Board prior to the execution and delivery of the Merger Agreement, the failure to make an Atmel Change of Recommendation would reasonably be expected to be inconsistent with the directors' fiduciary duties under applicable law, and the Atmel Board has considered in good faith any changes to the Merger Agreement or other arrangements that may be offered in writing by, and would be legally binding upon, Microchip and shall have determined in good faith, after consultation with outside counsel, that it would continue to reasonably be expected to be inconsistent with the directors' fiduciary duties under applicable law not to make an Atmel Change of Recommendation, even if such changes were given effect; and

if Atmel receives an Atmel Acquisition Proposal and the Atmel Board determines in good faith (after consultation with outside counsel and its financial advisors) that the Atmel Acquisition Proposal constitutes an Atmel Superior Proposal and that the failure to make an Atmel Change of Recommendation would reasonably be expected to be inconsistent with the directors' fiduciary duties under applicable law, but only if Atmel has not materially breached its non-solicitation obligations with respect to such Atmel Acquisition Proposal and terminates the Merger Agreement concurrently with entering into any agreement relating to an

Atmel Acquisition Proposal and pays a termination fee as described below, and the Atmel Board has considered in good faith any changes to the Merger Agreement or other arrangements that may be offered in writing by, and would be legally binding upon, Microchip and shall have determined in good faith, after consultation with outside counsel and its financial advisors, that the Atmel Acquisition Proposal received by Atmel continues to constitute an Atmel Superior Proposal, even if such changes were given effect.

See the section entitled "The Merger Agreement Atmel's Agreement Not to Change the Atmel Board Recommendation" beginning on page 110 of this proxy statement/prospectus for more information.

Regulatory Filings (see page 114)

Microchip and Atmel have each agreed to take certain actions in order to obtain regulatory clearances required to consummate the Merger. The Merger is subject to review by the U.S. Federal Trade Commission (the "FTC"). The Merger is also subject to review by German and South Korean governmental authorities and requires pre-merger notification and the observance of an applicable waiting period in Germany ("German Antitrust Law") and South Korea ("South Korean Antitrust Law"). See the section entitled "The Merger Agreement Regulatory Filings" beginning on page 114 of this proxy statement/prospectus for more information.

Financing (see page 114)

Microchip currently anticipates that it will finance the Cash Consideration through a combination of cash on hand and available borrowings under its existing credit facility, and does not currently anticipate raising additional financing in connection with the Merger. To the extent that Microchip determines to obtain additional financing prior to the Effective Time, Atmel has agreed to use reasonable best efforts to cooperate with Microchip in connection with any such financing. The Closing is not, however, subject to a financing condition or to Microchip's ability to obtain any financing from third party sources. See the section entitled "The Merger Agreement Financing" beginning on page 114 of this proxy statement/prospectus for more information.

Conditions to Completion of the Merger (see page 117)

Under the Merger Agreement, each party's obligation to effect the Merger is subject to satisfaction or, to the extent permitted by applicable law, mutual waiver at the Effective Time of each of the following conditions:

the Atmel Stockholder Approval shall have been obtained;

(1) no governmental entity having competent jurisdiction shall have enacted, issued or entered any order that remains in effect that enjoins or otherwise prohibits the Merger substantially on the terms contemplated by the Merger Agreement, (2) no law shall have been enacted or promulgated by any governmental entity having competent jurisdiction that makes consummation of the Merger illegal, and (3) no governmental entity having competent jurisdiction shall have instituted any proceeding seeking any such laws and orders;

the Form S-4 of which this proxy statement/prospectus is a part shall have become effective under the Securities Act and the Form S-4 will not be the subject of any stop order or proceedings seeking a stop order, and the SEC shall not have initiated or threatened any proceeding for that purpose or any similar proceeding in respect of this proxy statement/prospectus;

any waiting period (and any extension thereof) applicable to the consummation of the Merger under the HSR Act shall have expired or been terminated and the consents or approvals from the German Bundeskartellamt and the South Korean Fair Trade Commission shall have been obtained; and

the shares of Microchip common stock issuable to the Atmel stockholders as contemplated by the Merger Agreement shall have been approved for listing on NASDAQ, subject to official notice of issuance. Microchip's and Merger Sub's obligation to effect the Merger is further subject to the satisfaction or waiver of the following conditions:

Atmel's fundamental representations and warranties, (1) if qualified or limited by materiality or Material Adverse Effect (as described below) qualifications, will be true and correct as of January 19, 2016 and at and as of the Closing Date as though made on or as of such date (except to the extent that any such representation and warranty speaks as of an earlier date, in which case such representation and warranty shall be true and correct as of such earlier date) and (2) if not qualified or limited by materiality or Material Adverse Effect qualifications, will be true and correct in all material respects as

of January 19, 2016 and at and as of the Closing Date as though made on or as of such date (except to the extent that any such representation and warranty speaks as of an earlier date, in which case such representation and warranty shall be true and correct in all material respects as of such earlier date);

the representations and warranties of Atmel relating to capital structure will be true and correct in all but *de minimis* respects as of January 19, 2016 and at and as of the Closing Date as though made on or as of such date (except to the extent that any such representation and warranty speaks as of an earlier date, in which case such representation and warranty shall be true and correct in all but *de minimis* respects as of such earlier date);

the representations and warranties of Atmel (other than with respect to Atmel's fundamental representations and warranties and the representations and warranties relating to its capital structure) will be true and correct (without giving effect to any qualifications or limitations as to materiality or Material Adverse Effect set forth therein, except as otherwise provided in the representations and warranties of Atmel with respect to the absence of certain changes and material contracts) as of January 19, 2016 and at and as of the Closing Date as though made on or as of such date (except to the extent that any such representation and warranty speaks as of an earlier date, in which case such representation and warranty shall be true and correct as of such earlier date), except where the failure of such representations and warranties to be so true and correct, individually or in the aggregate, has not had and would not reasonably be expected to have a Material Adverse Effect with respect to Atmel;

Atmel shall have performed in all material respects the covenants required to be performed by it under the Merger Agreement at or prior to the Closing Date;

Microchip shall have received a certificate signed on behalf of Atmel by a senior executive of Atmel and dated as of the Closing Date to the effect that the conditions related to Atmel's representations, warranties and covenants described above have been satisfied; and

since January 19, 2016, a Material Adverse Effect with respect to Atmel shall not have occurred. Atmel's obligation to effect the Merger is further subject to the satisfaction or waiver of the following conditions:

Microchip's fundamental representations and warranties, (1) if qualified or limited by materiality or Material Adverse Effect qualifications, will be true and correct as of January 19, 2016 and at and as of the Closing Date as though made on or as of such date (except to the extent that any such representation and warranty speaks as of an earlier date, in which case such representation and warranty shall be true and correct as of such earlier date) and (2) if not qualified or limited by materiality or Material Adverse Effect qualifications, will be true and correct in all material respects as of January 19, 2016 and at and as of the Closing Date as though made on or as of such date (except to the extent that any such representation and warranty speaks as of an earlier date, in which case such representation and warranty shall be true and correct in all material respects as of such earlier date);

the representations and warranties of Microchip and Merger Sub (other than with respect to Microchip's fundamental representations) will be true and correct (without giving effect to any qualifications or limitations as to materiality or Material Adverse Effect set forth therein, except as otherwise provided in the representations and warranties of Microchip and Merger Sub with respect to the absence of certain changes and material contracts) as of January 19, 2016 and at and as of the Closing Date as though made on or as of such date (except to the extent that any such representation and warranty speaks as of an earlier date, in which case such representation and warranty shall be true and correct as of such earlier date), except where the failure of such representations and warranties to be so true and correct, individually or in the aggregate, has not had and would not reasonably be expected to have a Material Adverse Effect with respect to Microchip;

Table of Contents

each of Microchip and Merger Sub shall have performed in all material respects their respective covenants required to be performed by each under the Merger Agreement at or prior to the Closing Date;

Atmel shall have received a certificate signed on behalf of each of Microchip and Merger Sub by a senior executive of Microchip and Merger Sub, respectively, and dated as of the Closing Date to the effect that the conditions related to Microchip's and Merger Sub's representations, warranties and covenants described above have been satisfied; and

since January 19, 2016, a Material Adverse Effect with respect to Microchip shall not have occurred. The Merger Agreement provides that neither party may rely on the failure of any condition to Closing to be satisfied if such failure was caused by that party's failure to comply with its obligations under the Merger Agreement.

Any or all of the conditions described above other than the Atmel Stockholder Approval may be waived, in whole or in part, by Microchip or Atmel, to the extent permitted by applicable law.

See the section entitled "The Merger Agreement - Conditions to Closing" beginning on page 117 of this proxy statements/prospectus for more information.

Termination of the Merger Agreement (see page 119)

The Merger Agreement may be terminated at any time prior to the Effective Time by mutual written consent of Microchip and Atmel, and either party may terminate the Merger Agreement in the following circumstances:

if prior to the Effective Time, the Merger is enjoined, prohibited or otherwise restrained by the terms of a final, non-appealable order of a governmental entity of competent jurisdiction, except that the right to terminate the Merger Agreement on this basis will not be available to any party whose breach of any provision of the Merger Agreement results in or causes such order to be issued or the failure of the order to be removed;

if the Merger has not been consummated on or before July 17, 2016 (the "Initial Outside Date"), which will be automatically extended to October 15, 2016 if the Closing is delayed due to certain conditions to Closing relating to antitrust laws not being satisfied, or such later date as Microchip and Atmel agree upon in writing (the "Outside Date"), except that the right to terminate the Merger Agreement on this basis will not be available to any party whose breach of any provision of the Merger Agreement results in or causes the failure of the Merger to be consummated by such date; or

if the special meeting (including any adjournment or postponement thereof in accordance with the terms of the Merger Agreement) has concluded, the Atmel stockholders have voted, and the Atmel Stockholder Approval was not obtained.

Atmel may also terminate the Merger Agreement at any time prior to the Effective Time as follows:

in order for Atmel to concurrently enter into an agreement for an Atmel Superior Proposal, provided that Atmel has complied in all material respects with its obligations relating to an Atmel Change of Recommendation and Atmel pays to Microchip substantially concurrently with such termination the termination fee described below; or

if Microchip or Merger Sub breaches any representation, warranty or covenant made by Microchip or Merger Sub in the Merger Agreement and such breach (1) is not curable by the Outside Date or, if curable, is not cured prior to the 45th day after written notice thereof is given by Atmel to Microchip

Table of Contents

and (2) would result in the conditions to Closing related to Microchip's representations, warranties or covenants failing to be satisfied; provided that Atmel is not then in breach of the Merger Agreement such that the conditions to Closing related to Atmel's representations, warranties or covenants would not be capable of being satisfied by the Outside Date.

Microchip may also terminate the Merger Agreement at any time prior to the Effective Time as follows:

if Atmel breaches any representation, warranty or covenant made by Atmel in the Merger Agreement (other than its obligations described above under "The Merger Agreement - Atmel's Agreement Not to Solicit Other Offers") and such breach (1) is not curable by the Outside Date or, if curable, is not cured prior to the 45th day after written notice thereof is given by Microchip to Atmel and (2) would result in the conditions to Closing related to Atmel's representations, warranties or covenants failing to be satisfied; provided that Microchip is not then in breach of the Merger Agreement such that the conditions to Closing related to Microchip's representations, warranties or covenants would not be capable of being satisfied by the Outside Date;

if the Atmel Board makes an Atmel Change of Recommendation; or

if Atmel willfully or intentionally breaches any of its non-solicitation obligations in any material respect.

See the section entitled "The Merger Agreement - Termination of the Merger Agreement" beginning on page 119 of this proxy statement/prospectus for more information.

Termination Fees (see page 120)

In certain circumstances, Atmel may be required to pay a termination fee of \$137.3 million in cash to Microchip if the Merger Agreement is terminated. Additionally, in the event that either Microchip or Atmel terminates the Merger Agreement as a result of the failure by Atmel's stockholders to approve the Merger, Atmel must reimburse Microchip for reasonable out-of-pocket costs incurred in connection with the Merger up to \$20.0 million with any such reimbursement offsetting any termination fee payable by Atmel. In certain circumstances, Microchip may be required to pay a termination fee of \$250.0 million in cash to Atmel if the Merger Agreement is terminated. See the section entitled "The Merger Agreement - Termination Fees" beginning on page 120 of this proxy statement/prospectus for more information.

Dividends (see page 102)

Under the terms of the Merger Agreement, Atmel is prohibited from paying dividends on its common stock during the pendency of the Merger.

Material U.S. Federal Income Tax Consequences (see page 123)

The Merger will be a taxable transaction for U.S. federal income tax purposes. Accordingly, a U.S. Holder (as defined in the section entitled "Material U.S. Federal Income Tax Consequences" beginning on page 123 of this proxy statement/prospectus) of shares of Atmel common stock generally will recognize gain or loss for U.S. federal income tax purposes equal to the difference between (1) the sum of the amount of cash and the fair market value of the shares of Microchip common stock received and (2) the holder's tax basis in the shares of Atmel common stock exchanged in

the Merger.

Any such gain or loss generally will be capital gain or loss and generally will be long-term capital gain or loss if the U.S. Holder's holding period in the Atmel common stock immediately prior to the Merger is more than one

Table of Contents

year. For U.S. Holders that are individuals, estates or trusts, long-term capital gain generally is taxed at preferential U.S. federal rates. The deductibility of capital losses is subject to limitations.

A U.S. Holder will have a tax basis in the shares of Microchip common stock received in the Merger equal to the fair market value of such shares. The holding period for shares of Microchip common stock received in exchange for shares of Atmel common stock in the Merger will begin on the date immediately following the Closing Date.

A Non-U.S. Holder (as defined in the section entitled **Material U.S. Federal Income Tax Consequences** beginning on page 123 of this proxy statement/prospectus) generally will not be subject to U.S. federal income tax with respect to the exchange of shares of Atmel common stock for cash and shares of Microchip common stock in the Merger unless such Non-U.S. Holder has certain connections to the United States.

The U.S. federal income tax consequences described above may not apply to all holders of Atmel common stock, including certain holders specifically referred to on page 123. Your tax consequences will depend on your own situation. You should consult your tax advisor to determine the particular tax consequences of the Merger to you.

Accounting Treatment (see page 126)

Each of Microchip and Atmel prepares its financial statements in accordance with U.S. generally accepted accounting principles (**U.S. GAAP**). The Merger will be accounted for using the acquisition method of accounting with Microchip treated as the acquiror of Atmel for accounting purposes.

Comparison of Stockholders' Rights (see page 129)

Atmel stockholders, whose rights are currently governed by the restated certificate of incorporation of Atmel (the **Atmel Charter**) and the amended and restated bylaws of Atmel (as amended, the **Atmel Bylaws**) will, to the extent such holders receive Microchip common stock in the Merger, upon completion of the Merger, become stockholders of Microchip and their rights will be governed by the restated certificate of incorporation of Microchip (the **Microchip Charter**) and the amended and restated bylaws of Microchip (the **Microchip Bylaws**). The differences between the Atmel governing documents and the Microchip governing documents are described in detail under the section entitled **Comparison of Stockholders' Rights** beginning on page 129 of this proxy statement/prospectus.

UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

The following unaudited pro forma combined balance sheet and statements of income are presented to give effect to the acquisition of Atmel by Microchip. The pro forma information was prepared based on the historical financial statements and related notes of Microchip and Atmel (which are incorporated by reference in this document), as adjusted for the pro forma impact of applying the acquisition method of accounting in accordance with U.S. GAAP. The pro forma adjustments are based upon available information and assumptions that Microchip believes are reasonable. The allocation of the purchase price of the Atmel acquisition reflected in these unaudited pro forma combined financial statements has been based upon preliminary estimates of the fair value of assets acquired and liabilities assumed. The pro forma adjustments are therefore preliminary and have been prepared to illustrate the estimated effect of the acquisition.

The unaudited pro forma combined balance sheet has been prepared to reflect the transaction as if the transaction had occurred on December 31, 2015. The unaudited pro forma combined statements of income combine the results of operations of Microchip and Atmel for the fiscal year ended March 31, 2015 and the nine months ended December 31, 2015 as if the transaction had occurred on April 1, 2014.

The unaudited pro forma combined financial statements have been prepared for illustrative purposes only and are not necessarily indicative of the consolidated financial position or results of operations in future periods or the results that actually would have been achieved had Microchip and Atmel been a combined company during the respective periods presented. These unaudited pro forma combined financial statements should be read in conjunction with Microchip's historical consolidated financial statements and related notes included in its Form 10-K for the fiscal year ended March 31, 2015 filed on May 27, 2015 and in its Form 10-Q for the period ended December 31, 2015 filed on February 5, 2016 as well as Atmel's historical consolidated financial statements and related notes included in its Form 10-K for the fiscal year ended December 31, 2014 filed on February 26, 2015 and in its Form 10-Q for the period ended September 30, 2015 filed on October 30, 2015. Certain reclassifications have been made to the historical presentation of Atmel to conform to the presentation used in the unaudited pro forma condensed combined financial statements, as further described in Note 5.

The unaudited pro forma combined financial statements were prepared using the acquisition method of accounting with Microchip treated as the acquiring entity. Accordingly, the aggregate value of the consideration paid by Microchip to complete the acquisition will be allocated to the assets acquired and liabilities assumed from Atmel based upon their estimated fair values on the closing date of the acquisition. As of the date of this joint proxy statement/prospectus, Microchip has not completed the detailed valuations necessary to estimate the fair value of the assets acquired and the liabilities assumed from Atmel and the related allocations of purchase price, nor has Microchip identified all adjustments necessary to conform Atmel's accounting policies to Microchip's accounting policies. Additionally, a final determination of the fair value of assets acquired and liabilities assumed from Atmel will be based on the actual net tangible and intangible assets and liabilities of Atmel that existed as of the closing date. Accordingly, the pro forma purchase price adjustments presented herein are preliminary, and may not reflect any final purchase price adjustments made. Microchip estimated the fair value of Atmel's assets and liabilities based on discussions with Atmel's management, due diligence and preliminary work performed by third-party valuation specialists. As the final valuations are being performed, increases or decreases in the fair value of relevant balance sheet amounts will result in adjustments, which may result in material differences from the information presented herein.

Microchip expects to incur costs and realize benefits associated with integrating the operations of Microchip and Atmel. The unaudited pro forma combined financial statements do not reflect the costs of any integration activities or any benefits that may result from operating efficiencies or revenue synergies. The unaudited pro forma condensed

combined statement of operations does not reflect any non-recurring charges directly related to the acquisition that the combined company may incur upon completion of the transaction.

NOTES TO THE UNAUDITED PRO FORMA CONDENSED COMBINED FINANCIAL INFORMATION

NOTE 1 DESCRIPTION OF THE TRANSACTION

On January 19, 2016, Microchip and Atmel announced that Microchip had signed a definitive agreement to acquire Atmel for \$8.15 per share in a combination of cash and Microchip's common stock. The acquisition price represents a total equity value of about \$3.55 billion, and a total enterprise value of about \$3.40 billion, after excluding Atmel's cash and investments net of debt on its balance sheet of approximately \$155.0 million at September 30, 2015.

Under the terms of the agreement, stockholders of Atmel will receive \$7.00 per share in cash and \$1.15 per share in Microchip's common stock, valued at the average closing price for a share of Microchip's common stock for the ten most recent trading days ending on the last trading day prior to the closing, with the maximum number of Microchip's shares to be issued in the transaction being 13.0 million. To the extent that the number of Microchip's shares issuable would exceed 13.0 million, the cash consideration per Atmel share will be increased such that the value of the combined cash and stock consideration will remain at \$8.15 per share (as valued based upon the average closing price described in the previous sentence). Microchip expects to fund the cash portion of the purchase price through a combination of cash on its balance sheet and borrowings under its existing credit facility.

The transaction has been approved by the Board of Directors of each company and is expected to close in the second quarter of calendar year 2016, subject to approval by Atmel's stockholders, regulatory approvals and other customary closing conditions. No approval by Microchip's stockholders is required in connection with the transaction. The transaction is not subject to any financing conditions.

In addition, Microchip will not issue more than 13.0 million shares of Microchip common stock in the Merger; and to the extent that the number of shares of Microchip common stock issuable in the Merger would exceed 13.0 million shares, the Cash Consideration per share of Atmel common stock will be increased such that the value of the combined Cash Consideration and Stock Consideration will remain at \$8.15 per share (based upon the average price described in the previous sentence). Therefore, the value of the Stock Consideration on the last trading day immediately prior to the Closing may be higher or lower than the value of the Stock Consideration on the Closing Date and holders of Atmel common stock could receive more than \$7.00 per share in cash. Dividend Policy

Microchip's Dividend Policy: The holders of Microchip common stock will receive dividends if and when declared by the Microchip Board out of legally available funds or, in the case of stock dividends, out of authorized and available shares of Microchip common stock. Microchip has been declaring and paying quarterly cash dividends on Microchip common stock since the third quarter of its fiscal year ended March 31, 2003. Microchip's total cash dividends paid were \$286.5 million, \$281.2 million and \$273.8 million in its fiscal years ended March 31, 2015, 2014 and 2013, respectively. The Microchip Board is free to change Microchip's dividend practices at any time and to increase or decrease the dividend paid, or not to pay a dividend, on Microchip common stock on the basis of Microchip's results of operations, financial condition, cash requirements and future prospects, and other factors deemed relevant by the Microchip Board. Microchip's current intent is to provide for ongoing quarterly cash dividends depending upon market conditions and Microchip's results of operations.

Atmel's Dividend Policy. Prior to 2015, Atmel had never declared or paid any cash dividends on its capital stock. On February 4, 2015, Atmel announced the initiation of a quarterly cash dividend, commencing in the first quarter of 2015. The Merger Agreement prohibits Atmel from authorizing or paying dividends or making distributions on its capital stock, so Atmel does not expect to pay dividends for as long as the Merger Agreement is in effect. In addition, Atmel's credit agreement limits its and its subsidiaries' ability to pay dividends or make any other distribution or payment on account of Atmel's capital stock.

Risk Factors Relating to the Merger

Upon completion of the Merger, each share of Atmel common stock will be converted into the right to receive Merger Consideration consisting of shares of Microchip common stock and cash pursuant to the terms of the Merger Agreement. The value of the Merger Consideration to be received by Atmel stockholders will equal \$8.15 per share, subject to adjustment in certain cases as further discussed under the section entitled **The Merger Agreement** **The Merger** beginning on page 99 of this proxy statement/prospectus. However, the number of shares of Microchip common stock that an Atmel stockholder will receive upon completion of the Merger will be based on the average of the closing price for a share of Microchip common stock for the ten most recent trading days ending on the last trading day immediately prior to the Closing. This average price may vary from the closing price of Microchip common stock on the date we announced the Merger, on the date that this proxy statement/prospectus was mailed to Atmel stockholders, on the date of the special meeting and on the Closing Date. Any change in the market price of Microchip common stock prior to completion of the Merger will affect the number of shares of Microchip common stock that Atmel stockholders will receive upon completion of the Merger. In addition, Microchip will not issue more than 13.0 million shares of Microchip common stock in the Merger. Accordingly, at the time of the special meeting, Atmel stockholders will not necessarily know or be able to calculate the number of any shares of Microchip common stock they would receive upon completion of the Merger. Neither company is permitted to terminate the Merger Agreement or resolicit the vote of Atmel's stockholders solely because of changes in the market prices of either company's stock. Stock price changes may result from a variety of factors, including general market and economic conditions, changes in our respective businesses, operations and prospects, and regulatory considerations. Many of these factors are beyond our control. You should obtain current market quotations for shares of Microchip common stock and for shares of Atmel common stock.

The Merger is subject to a number of conditions, some of which are outside of the parties' control, and, if these conditions are not satisfied, the Merger Agreement may be terminated and the Merger may not be completed.

The Merger Agreement contains a number of conditions that must be fulfilled to complete the Merger. These conditions include, among other customary conditions, adoption by Atmel stockholders of the Merger

Table of Contents

Agreement, no action being taken by any governmental entity having jurisdiction enjoining or otherwise prohibiting consummation of the Merger or instituting proceedings seeking the same, no law having been passed by any governmental entity making the consummation of the Merger illegal, receipt of certain specified regulatory approvals, approval by NASDAQ for listing of the shares of Microchip common stock to be issued in the Merger, accuracy of representations and warranties of the parties to the applicable standard provided by the Merger Agreement, no event occurring that had or would reasonably be expected to have a Material Adverse Effect (as defined below) on Microchip or Atmel, compliance by the parties with their covenants in the Merger Agreement in all material respects and the effectiveness of the registration statement of which this proxy statement/prospectus forms a part.

The required satisfaction of the foregoing conditions could delay the completion of the Merger for a significant period of time or prevent it from occurring. Any delay in completing the Merger could cause Microchip not to realize some or all of the benefits that the parties expect Microchip to achieve following the Merger. Further, there can be no assurance that the conditions to Closing will be satisfied or waived or that the Merger will be completed.

In addition, if the Merger is not completed by July 17, 2016 (subject to a potential extension to October 15, 2016), either Microchip or Atmel may choose to terminate the Merger Agreement. Microchip or Atmel may also elect to terminate the Merger Agreement in certain other circumstances, and the parties can mutually decide to terminate the Merger Agreement at any time prior to the Closing, before or after stockholder approval, as applicable. See the section entitled *The Merger Agreement Termination of the Merger Agreement* beginning on page 119 of this proxy statement/prospectus for a more detailed description of these circumstances.

Failure to complete the Merger could negatively affect the share prices and the future business and financial results of either or both of Microchip and Atmel.

If the Merger is not completed, the ongoing businesses of either or both of Microchip and Atmel may be adversely affected. Additionally, if the Merger is not completed and the Merger Agreement is terminated, in certain circumstances Microchip may be required to pay Atmel a termination fee of \$250.0 million and Atmel may be required to pay Microchip a termination fee of \$137.3 million. Additionally, in the event that either Microchip or Atmel terminates the Merger Agreement as a result of the failure by Atmel's stockholders to approve the Merger, Atmel must reimburse Microchip for reasonable out-of-pocket costs incurred in connection with the Merger up to \$20.0 million. See the sections entitled *The Merger Agreement Termination of the Merger Agreement* beginning on page 119 of this proxy statement/prospectus and *The Merger Agreement Termination Fees* beginning on page 120 of this proxy statement/prospectus for a more detailed description of these circumstances. In addition, Microchip and Atmel have incurred and will continue to incur significant transaction expenses in connection with the Merger regardless of whether the Merger is completed. Furthermore, Microchip or Atmel may experience negative reactions from the financial markets, including negative impacts on their stock prices, or negative reactions from their customers, suppliers or other business partners, should the Merger not be completed.

The foregoing risks, or other risks arising in connection with the failure to consummate the Merger, including the diversion of management attention from conducting the business of the respective companies and pursuing other opportunities during the pendency of the Merger, may have a material adverse effect on the businesses, operations, financial results and stock prices of Microchip and Atmel. Either or both of Microchip or Atmel could also be subject to litigation related to any failure to consummate the Merger or any related action that could be brought to enforce a party's obligations under the Merger Agreement.

Litigation against Microchip and Atmel, or the members of the Atmel Board, could prevent or delay the completion of the Merger or result in the payment of damages following completion of the Merger.

While Atmel and Microchip believe that any claims that may be asserted by purported stockholder plaintiffs related to the Merger would be without merit, the results of any such potential legal proceedings are difficult to

Table of Contents

predict, and could delay or prevent the Merger from becoming effective in a timely manner. The existence of litigation related to the Merger could affect the likelihood of obtaining the required approval from Atmel stockholders. Moreover, any litigation could be time consuming and expensive, could divert Microchip's and Atmel's management's attention away from their regular business and, if any lawsuit is adversely resolved against either Microchip, Atmel or members of the Atmel Board (each of whom Atmel is required to indemnify pursuant to indemnification agreements), could have a material adverse effect on Microchip's or Atmel's financial condition.

One of the conditions to Closing is that no governmental entity having jurisdiction over Microchip or Atmel shall have issued an order, decree or ruling or taken any other action enjoining or otherwise prohibiting the completion of the Merger substantially on the terms contemplated by the Merger Agreement, that no law shall have been enacted or promulgated by any such governmental entity that makes the completion of the Merger illegal and that no such governmental entity shall have instituted proceedings seeking any such law or order. Consequently, if a settlement or other resolution is not reached in any lawsuit that is filed and a claimant secures injunctive or other relief prohibiting, delaying or otherwise adversely affecting Microchip's and/or Atmel's ability to complete the Merger on the terms contemplated by the Merger Agreement, then such injunctive or other relief may prevent the Merger from becoming effective in a timely manner or at all.

The Merger Agreement contains provisions that limit Atmel's ability to pursue alternatives to the Merger, could discourage a potential competing acquiror of Atmel from making an alternative transaction proposal and, in specified circumstances, could require Atmel to pay a termination fee to Microchip.

The Merger Agreement provides that Atmel shall not, and requires Atmel to refrain from, authorizing, directing or permitting its representatives to, solicit, participate in negotiations with respect to or approve or recommend any third-party proposal for an alternative transaction, subject to exceptions set forth in the Merger Agreement relating to the receipt of certain unsolicited offers. If the Merger Agreement is terminated by either party after the Atmel Board of directors has changed its recommendation regarding the Merger or due to Atmel's material breach of its non-solicitation obligations, then Atmel may be required to pay a termination fee of \$137.3 million to Microchip, which fee is in addition to the termination fee of \$137.3 million previously paid to Dialog.

These provisions could discourage a potential third-party acquiror or merger partner that might have an interest in acquiring all or a significant portion of Atmel or pursuing an alternative transaction from considering or proposing such a transaction, even if it were prepared to pay consideration with a higher per share cash or market value than the consideration in the Merger, or might result in a potential third-party acquiror or merger partner proposing to pay a lower price to Atmel stockholders than it might otherwise have proposed to pay because of the added expense of the termination fee that may become payable in certain circumstances.

If the Merger Agreement is terminated and Atmel determines to seek another business combination, Atmel may not be able to negotiate a transaction with another party on terms comparable to, or better than, the terms of the Merger.

The Merger is subject to the expiration of applicable waiting periods under and the receipt of approvals, consents or clearances from domestic and foreign antitrust regulatory authorities that may impose conditions that could have an adverse effect on Microchip or Atmel or, if not obtained, could prevent completion of the Merger.

Before the Merger may be completed, any waiting period (or extension thereof) applicable to the Merger must have expired or been terminated, and any approvals, consents or clearances required in connection with the Merger must have been obtained, in each case, under the HSR Act, and with the German Bundeskartellamt and the South Korean Fair Trade Commission, as applicable. In deciding whether to grant the required regulatory approval, consent or clearance, the relevant governmental entities will consider the effect of the Merger on competition within their

relevant jurisdiction. The terms and conditions of the approvals, consents and clearances that are granted may impose requirements, limitations or costs or place restrictions on the conduct of Microchip s

Table of Contents

business and which may adversely affect the financial position and prospects of Microchip and its ability to achieve the cost savings and other synergies projected to result from the Merger.

Under the Merger Agreement, Microchip and Atmel have agreed to use their reasonable best efforts to obtain any consents, clearances or approvals (provided that such actions do not reduce the reasonably anticipated benefits to Microchip, including anticipated synergies, of the Merger in an amount that is financially material relative to the value of Atmel and its subsidiaries, as a whole) and therefore may be required to comply with conditions or limitations imposed by governmental antitrust authorities. However, there can be no assurance that antitrust regulators will not impose unanticipated conditions, terms, obligations or restrictions and that such conditions, terms, obligations or restrictions will not have the effect of delaying completion of the Merger or imposing additional costs on or limiting the revenues of Microchip following the completion of the Merger and which may adversely affect the financial position and prospects of Microchip and its ability to achieve the cost savings and other synergies projected to result from the Merger. In addition, neither Microchip nor Atmel can provide assurance that any such conditions, terms, obligations or restrictions will not result in the delay or abandonment of the Merger. For a more detailed description of the regulatory review process, see the section entitled "The Merger Regulatory Clearances Required for the Merger" beginning on page 94 of this proxy statement/prospectus.

In connection with the Merger, the parties are seeking the approval of the French Ministry of the Economy, which may impose conditions that could have an adverse effect on Microchip or Atmel or, if not obtained, could subject Microchip and Atmel to significant penalties.

In connection with the Merger, the parties are seeking the approval of France's Ministry of the Economy under Articles L. 151-3 and R.153-1 et seq. of the French Monetary and Financial Code. In deciding whether to grant the required regulatory approval, the Ministry of the Economy will consider, in particular, the effect of the Merger on the availability of certain products designed by Atmel's French subsidiaries and used by the French government. The approval of the French Ministry of the Economy is not a condition to closing the Merger. However, the terms and conditions of the approval may impose requirements, limitations or costs or place restrictions on the conduct of Microchip's business in France. There can be no assurance that the Ministry of the Economy will not impose unanticipated conditions, terms, obligations or restrictions and that such conditions, terms, obligations or restrictions will not have the effect of imposing additional costs on or limiting the revenues of Microchip following the completion of the Merger and which may adversely affect the financial position and prospects of Microchip and its ability to achieve the cost savings and other synergies expected to result from the Merger. In addition, there can be no assurances that the approval of the Ministry of the Economy will be received or will be deemed obtained prior to the date on which Microchip is otherwise obligated to close the Merger. In the event that the approval is refused or is not received at such time, and the Merger is closed Microchip may be ordered to take all appropriate actions to restore the previous situation at its costs and may be subject to fines and other penalties imposed by the Ministry of the Economy in an amount which shall be proportionate to the seriousness of the breach up to a maximum amount representing twice the amount of investment.

Until the completion of the Merger or the termination of the Merger Agreement in accordance with its terms, in consideration of the agreements made by the parties in the Merger Agreement, Atmel is prohibited from entering into certain transactions and taking certain actions that might otherwise be beneficial to Atmel and its stockholders.

Until the Merger is completed, the Merger Agreement restricts Atmel from taking specified actions without the consent of Microchip, and requires Atmel to operate in the ordinary course of business consistent with past practices. These restrictions may prevent Atmel from making appropriate changes to its businesses, retaining its workforces, paying dividends or pursuing attractive business opportunities that may arise prior to the completion of the Merger.

See the section entitled "The Merger Agreement - Restrictions on Atmel's Business Pending the Closing" beginning on page 106 of this proxy statement/prospectus for a description of the restrictive covenants applicable to Atmel.

The opinion of Atmel's financial advisor does not reflect changes in circumstances that may occur between the original signing of the Merger Agreement and the completion of the Merger.

Consistent with market practices, the Atmel Board has not obtained an updated opinion from its financial advisor as of the date of this proxy statement/prospectus and does not expect to receive an updated, revised or reaffirmed opinion prior to the completion of the Merger. Changes in the operations and prospects of Atmel, general market and economic conditions and other factors that may be beyond the control of Atmel, and on which Atmel's financial advisor's opinion was based, may significantly alter the value of Atmel or the price of shares or Atmel common stock by the time the Merger is completed. The opinion does not speak as of the time the Merger will be completed or as of any date other than the date of such opinion. Because Atmel's financial advisor will not be updating its opinion, the opinion will not address the fairness of the Merger Consideration from a financial point of view at the time the Merger is completed. The Atmel Board's recommendation that Atmel stockholders vote **FOR** the Merger Proposal, however, is made as of the date of this proxy statement/prospectus. For a description of the opinion that the Atmel Board received from its financial advisor, see the section entitled "The Merger Opinion of Atmel's Financial Advisor" beginning on page 78 of this proxy statement/prospectus.

Atmel stockholders have appraisal rights under Delaware law.

Under Delaware law, Atmel stockholders who do not vote in favor of adoption of the Merger Agreement and otherwise properly perfect their rights will be entitled to appraisal rights in connection with the Merger, which generally entitle stockholders to receive in lieu of the Merger Consideration a cash payment of an amount determined by the Court of Chancery equal to be the fair value of their Atmel common stock as of the Effective Time. The appraised value would be determined by the Court of Chancery and could be less than, the same as or more than the Merger Consideration. Under Delaware law, stockholders are generally entitled to statutory interest on an appraisal award at a rate equal to 5% above the Federal Reserve discount rate compounded quarterly from the Closing Date until the award is actually paid. Stockholders who have properly demanded appraisal rights must file a petition for appraisal with the Court of Chancery within 120 days after the effective date of the Merger. Should a material number of Atmel's stockholders exercise appraisal rights and should the Court determine that the fair value of such shares of Atmel common stock is materially greater than the Merger Consideration, it could have a Material Adverse Effect on the financial condition and results of operation of the surviving corporation. For a more detailed description of the appraisal rights available to Atmel stockholders, see the section entitled "The Merger Appraisal Rights" beginning on page 95 of this proxy statement/prospectus.

After the Merger, Atmel stockholders will have a significantly lower ownership and voting interest in Microchip than they currently have in Atmel, and will exercise less influence over management.

Based on the number of shares of Atmel common stock outstanding as of February 16, 2016, and the number of shares of Microchip common stock outstanding as of February 16, 2016, and assuming a ten-trading day average closing price of \$41.49 (calculated based on the closing prices for the ten trading days ended on February 16, 2016, the most recent practicable range of trading days prior to the date of this proxy statement/prospectus), it is expected that, immediately after completion of the Merger, former Atmel stockholders will receive shares of Microchip common stock in the Merger representing approximately 5.43% of the outstanding shares of Microchip common stock. Consequently, Atmel stockholders will have substantially less influence over the management and policies of Microchip than they currently have over Atmel.

Some of the executive officers and directors of Atmel have interests in seeing the Merger completed that are different from, or in addition to, those of the other Atmel stockholders. Therefore, some of the executive officers and directors of Atmel may have a conflict of interest in recommending the proposals being voted on at the special

meeting.

Certain of the executive officers of Atmel have arrangements that provide them with interests in the Merger that are different from, or in addition to, those of stockholders of Atmel generally. These interests include, among

-36-

Table of Contents

others, the possible continued employment of certain executive officers, the acceleration of vesting of certain equity-based awards, enhanced severance payments and/or benefits, and/or continuation of certain indemnification insurance in connection with the Merger. These interests may influence Atmel's executive officers to support or approve the proposals to be presented at the special meeting.

In addition, certain directors of Atmel have interests in the Merger that are different from, or in addition to, those of stockholders of Atmel generally, including, the acceleration of vesting of certain equity-based awards. These interests may influence the directors of Atmel to support or approve the proposals to be presented at the special meeting.

See the section entitled "The Merger: Interests of Atmel's Directors and Executive Officers in the Merger" beginning on page 88 of this proxy statement/prospectus for a more detailed description of these interests.

The shares of Microchip common stock to be received by Atmel stockholders as a result of the Merger will have different rights from the shares of Atmel common stock.

Upon completion of the Merger, Atmel stockholders will become stockholders of Microchip and their rights as stockholders will be governed by the Microchip Charter and the Microchip Bylaws. The rights associated with Atmel common stock are different from the rights associated with shares of Microchip common stock. See the section entitled "Comparison of Stockholders' Rights" beginning on page 129 of this proxy statement/prospectus.

Risk Factors Related to Microchip Following the Merger

Although Microchip expects to realize certain benefits as a result of the Merger, there is the possibility that Microchip following the Merger may be unable to integrate successfully the business of Atmel to realize the anticipated benefits of the Merger or do so within the intended timeframe.

Microchip will be required to devote significant management attention and resources to integrating the business practices and operations of Atmel with Microchip. Due to legal restrictions, Microchip and Atmel have only been able to conduct limited planning regarding the integration of Atmel into Microchip after completion of the Merger and Microchip has not yet determined the exact nature of how the businesses and operations of Atmel will be run following the Merger. Potential difficulties Microchip may encounter as part of the integration process include the following:

the costs of integration and compliance and the possibility that the full benefits anticipated to result from the Merger will not be realized;

any delay in the integration of management teams, strategies, operations, products and services;

diversion of the attention of each company's management as a result of the Merger;

differences in business backgrounds, corporate cultures and management philosophies that may delay successful integration;

the ability to create and enforce uniform standards, controls, procedures, policies and information systems;

the challenge of integrating complex systems, technology, networks and other assets of Atmel into those of Microchip in a manner that minimizes any adverse impact on customers, suppliers, employees and other constituencies;

potential unknown liabilities and unforeseen increased expenses or delays associated with the Merger, including costs to integrate Atmel; and

the disruption of, or the loss of momentum in, each company's ongoing businesses.

Any of these factors could adversely affect the ability of Microchip following the Merger to maintain relationships with customers, suppliers, employees and other constituencies or its ability to achieve the

Table of Contents

anticipated benefits of the Merger or could reduce the earnings or otherwise adversely affect the business and financial results of Microchip after the Merger.

The Merger may not be accretive and may cause dilution to Microchip's earnings per share, which may harm the market price of Microchip common stock following the Merger.

While the Merger is expected to be immediately accretive to Microchip's future earnings per share, there can be no assurance with respect to the timing and scope of the accretive effect or whether it will be accretive at all. Microchip following the Merger could encounter additional transaction and integration-related costs or other factors such as the failure to realize all of the benefits anticipated in the Merger or a downturn in its business. All of these factors could cause dilution to Microchip's earnings per share following the Merger or decrease the expected accretive effect of the Merger and cause a decrease in the price of shares of Microchip common stock following the Merger.

After paying the Cash Consideration to the former Atmel stockholders upon the Closing of the Merger, Microchip will have a substantially lower balance of cash, cash equivalents, short-term investments and long-term investments and increased borrowings under its credit agreement.

At December 31, 2015, Microchip's balance of cash, cash equivalents, short-term investments and long-term investments held by its foreign subsidiaries was \$2.381 billion and its balance of cash, cash equivalents, short-term investments and long-term investments available for its U.S. operations was approximately \$16.6 million. Microchip's credit agreement provides for borrowings of up to \$2.774 billion, and at December 31, 2015, Microchip had \$1.009 billion of outstanding borrowings under such credit agreement. Microchip currently expects to finance the purchase price of the Merger using approximately \$2.175 billion of cash, cash equivalents, short-term investments and long-term investments held by certain of its foreign subsidiaries, approximately \$782 million from additional borrowings under its credit agreement and approximately \$485 million in newly issued shares of its common stock. The transaction has been structured in a manner that is intended to enable Microchip to utilize a substantial portion of the cash, cash equivalents, short-term investments and long-term investments held by certain of its foreign subsidiaries in a tax efficient manner. Although Microchip believes its determinations with respect to the tax consequences of the transaction are reasonable, Microchip is regularly audited by the IRS and may be audited by other taxing authorities, and there can be no assurance as to the outcome of any such audit.

Microchip following the Merger will incur significant transaction and integration related costs in connection with the Merger.

Microchip expects to incur costs associated with integrating the operations of Atmel following the Closing. The amount of these costs could be material to the financial position and results of operations of Microchip following the Merger. A substantial amount of such expenses will be comprised of transaction costs related to the Merger, facilities and systems consolidation costs, and employee-related costs. Microchip will also incur fees and costs related to formulating integration plans and performing these activities. Additional unanticipated costs may be incurred in the integration of the two companies' businesses. The elimination of duplicative costs, as well as the realization of other efficiencies related to the integration of the businesses, may not offset incremental transaction and other integration related costs in the near term.

Microchip may not have discovered undisclosed liabilities of Atmel.

Microchip's due diligence review of Atmel may not have discovered undisclosed liabilities of Atmel. If Atmel has undisclosed liabilities, Microchip as a successor owner may be responsible for such undisclosed liabilities. Microchip has tried to control its exposure to undisclosed liabilities by obtaining certain protections under the Merger

Agreement, including representations and warranties from Atmel regarding undisclosed liabilities, however, such representations and warranties expire by their terms on the completion of the Merger. There can

Table of Contents

be no assurance that such provisions in the Merger Agreement will protect Microchip against any undisclosed liabilities being discovered or provide an adequate remedy for any undisclosed liabilities that are discovered. Such undisclosed liabilities could have an adverse effect on the business and results of operations of Microchip and may adversely affect the value of Microchip common stock after the consummation of the Merger.

Atmel's counterparties may acquire certain rights upon the Merger, which could negatively affect Microchip following the Merger.

Atmel is party to numerous contracts, agreements, licenses, permits, authorizations and other arrangements that contain provisions giving counterparties certain rights (including, in some cases, termination rights) in the event of an assignment of the agreement or a change in control of Atmel or its subsidiaries. The definitions of assignment and change in control vary from contract to contract and, in some cases, the assignment or change in control provisions may be implicated by the Merger. If an assignment or change in control occurs, a counterparty may be permitted to terminate its contract with Atmel.

Whether a counterparty would have cancellation rights in connection with the Merger depends upon the language and governing law of its agreement with Atmel. Whether a counterparty exercises any cancellation rights it has would depend on, among other factors, such counterparty's views with respect to the financial strength and business reputation of Microchip following the Merger and prevailing market conditions. Atmel cannot presently predict the effects, if any, if the Merger is deemed to constitute a change in control under certain of its contracts and other arrangements, including the extent to which cancellation rights would be exercised, if at all, or the effect on Microchip's financial condition, results of operations or cash flows following the Merger, but such effect could be material.

Uncertainties associated with the Merger may cause a loss of employees and may otherwise materially adversely affect the future business and operations of Microchip following the Merger.

Microchip's success following the Merger will depend upon the ability of Microchip to retain senior management and key employees of Microchip and Atmel following the Merger. In some of the fields in which Microchip and Atmel operate, there are only a limited number of people in the job market who possess the requisite skills, and it may be increasingly difficult for Microchip following the Merger to hire personnel over time. Microchip following the Merger will operate in many geographic locations, including Arizona, Silicon Valley, Germany, the United Kingdom, the rest of continental Europe, and parts of Asia, where the labor markets, especially for engineers, are particularly competitive. Atmel has experienced difficulty in hiring and retaining sufficient numbers of qualified management, manufacturing, technical, engineering, marketing, sales and support personnel in parts of its business. Furthermore, certain unvested stock awards and benefits held by Atmel employees may vest in connection with the Merger, and Microchip following the Merger may need to offer new awards and benefits to increase retention.

Current and prospective employees of Microchip and Atmel may experience uncertainty about their roles with Microchip following the Merger. In addition, key employees may depart because of issues relating to the uncertainty and difficulty of integration or a desire not to remain with Microchip following the Merger. The loss of services of certain senior management or key employees of Microchip and Atmel or the inability to hire new personnel with the requisite skills could restrict the ability of Microchip following to develop new products or enhance existing products in a timely manner, to sell products to customers or to manage the business of Microchip following the Merger effectively. Also, the business, financial condition and results of operations of Microchip following the Merger could be materially adversely affected by the loss of any of its key employees, by the failure of any key employee to perform in his or her current position, or by Microchip's inability to attract and retain skilled employees, particularly engineers.

Table of Contents

Microchip following the Merger will have a more complex organizational structure, which could result in unfavorable tax or other consequences and could have an adverse effect on its net income and financial condition.

Microchip following the Merger will have legal entities in many countries where it will conduct manufacturing, design and sales operations globally. In some countries, it will maintain multiple entities for tax or other purposes. Changes in tax laws, regulations, and related interpretations in the countries in which it operates may adversely affect its results of operations. Microchip following the Merger may have unsettled intercompany balances between some of these entities that could result, if changes in law, regulations or related interpretations occur, in adverse tax or other consequences affecting its capital structure, intercompany interest rates and legal structure.

Future results of Microchip following the Merger may differ materially from the unaudited pro forma financial information included in this proxy statement/prospectus.

The future results of Microchip following the Merger may be materially different from those shown in the unaudited pro forma financial information presented in this proxy statement/prospectus that show only a combination of Microchip's and Atmel's historical results. Microchip expects to incur significant costs associated with completing the Merger and integrating the operations of Atmel, and the exact magnitude of these costs is not yet known. Furthermore, these costs may decrease the amount of capital that could be used by Microchip for other purposes.

The financial analyses and forecasts considered by Microchip, Atmel and Atmel's financial advisor may not be realized.

While the financial projections utilized by Microchip, Atmel and Atmel's financial advisor in connection with the Merger were prepared in good faith based on information available at the time of preparation, no assurances can be made regarding future events or that the assumptions made in preparing such projections will accurately reflect future conditions. There can be no assurance that the underlying assumptions or projected results will be realized, and actual results will likely differ, and may differ materially, from such projections, which could result in a material adverse effect on the business, financial condition, results of operations and prospects of Microchip following the Merger.

The business and operating results of Microchip could be harmed by the highly cyclical nature of the semiconductor industry.

Atmel and Microchip operate in the semiconductor industry. Historically, the semiconductor industry has been highly cyclical with recurring periods of diminished product demand. Significant downturns in the semiconductor industry are often experienced in connection with, or in anticipation of, excess manufacturing capacity worldwide, maturing product cycles and declines in general economic conditions. Even if demand for the products and solutions of Atmel and Microchip remains constant after the completion of the Merger, a slowdown in the semiconductor industry may create competitive pressures that can degrade pricing levels and reduce revenues of Microchip following the Merger. Any failure to expand in cycle upturns to meet customer demand and delivery requirements or contract in cycle downturns at a pace consistent with cycles in the industry could have an adverse effect on the business of Microchip following the Merger.

Other Risk Factors of Microchip and Atmel

Microchip's and Atmel's businesses are and will be subject to the risks described above. In addition, Microchip and Atmel are, and will continue to be, subject to the risks described in Microchip's Annual Report on Form 10-K for the fiscal year ended March 31, 2015, and Atmel's Annual Report on Form 10-K for the fiscal year ended December 31, 2014, as amended and as updated by subsequent Quarterly Reports on Form 10-Q, Current Reports on Form 8-K and Annual Reports on Form 10-K, all of which are, or will be, filed with the SEC and incorporated by reference into this proxy statement/prospectus. SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This proxy statement/prospectus and the documents incorporated by reference into this proxy statement/prospectus contain forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995 that are not limited to historical facts, but reflect Microchip's and Atmel's current beliefs, expectations or intentions regarding future events. These statements include forward-looking statements both with respect to Microchip and Atmel and the semiconductor industry. Statements that are not historical facts, including statements that use terms such as anticipates, believes, expects, intends, plans, projects, seeks, continue, targets, estimate, aims and will and that relate to Microchip's and Atmel's plans and objectives for future operations, are forward-looking statements. In light of the risks and uncertainties inherent in all forward-looking statements, the inclusion of such statements in this proxy statement/prospectus should not be considered as a representation by Microchip, Atmel or any other person that such objectives or plans will be achieved.

Such forward-looking statements include, but are not limited to, statements about the benefits of the transaction involving Microchip and Atmel, including future financial and operating results, plans, objectives, expectations and intentions. All statements that address events or developments that Microchip and Atmel expect or anticipate will occur in the future including statements relating to integrating our companies, synergies, earnings per share, and the expected timetable for completing the proposed transaction are forward-looking statements. These statements are not guarantees of future performance and involve certain risks, uncertainties and assumptions that are difficult to predict. Although Microchip and Atmel believe the expectations reflected in any forward-looking statements are based on reasonable assumptions, we can give no assurance that our expectations will be attained and therefore, actual outcomes and results may differ materially from what is expressed or forecasted in such forward-looking statements. THE ATMEL SPECIAL MEETING

Date, Time and Location

The special meeting of Atmel stockholders will be held on April 1, 2016 at 8:00 a.m., local time, at Atmel's headquarters located at 1600 Technology Drive, San Jose, California 95110.

Purpose

At the special meeting, holders of Atmel common stock as of the Record Date will be asked to consider and approve the following proposals:

1. *The Merger Proposal*: The proposal to adopt the Merger Agreement, which provides for the merger of Merger Sub with and into Atmel, with Atmel surviving the merger as an indirect wholly owned subsidiary of Microchip.
2. *The Compensation Proposal*: The proposal to approve, on a non-binding, advisory basis, the compensation payments that will or may be made to Atmel's named executive officers in connection with the Merger.
3. *The Adjournment Proposal*: The proposal to approve the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes at the time of the special meeting to approve the Merger Proposal.

The approval of the Merger Proposal by Atmel stockholders is a condition to the obligations of Microchip and Atmel to complete the Merger. The approval, on a non-binding, advisory basis, of the Compensation Proposal is not a condition to the obligations of Microchip or Atmel to complete the Merger. The approval of the Adjournment Proposal also is not a condition to the obligation of Microchip or Atmel to complete the Merger.

Atmel will transact no other business at the special meeting, except for business properly brought before the special meeting or any adjournment or postponement.

Recommendation of the Atmel Board

The Atmel Board (1) determined that the Merger Agreement, the Merger and the other transactions contemplated by the Merger Agreement are advisable and are fair to, and in the best interest of, Atmel and its stockholders, (2) approved the Merger Agreement, the Merger and the other transactions contemplated by the Merger Agreement, (3) recommended that Atmel stockholders adopt the Merger Agreement, and (4) directed that the Merger Agreement be submitted to the Atmel stockholders for adoption at the special meeting.

Accordingly, the Atmel Board recommends that Atmel stockholders vote:

1. **FOR** Proposal 1 to approve the Merger Proposal;
2. **FOR** Proposal 2 to approve the Compensation Proposal; and
3. **FOR** Proposal 3 to approve the Adjournment Proposal.

Record Date and Quorum

The Atmel Board has fixed the close of business on February 23 as the Record Date. Stockholders of record as of the Record Date are entitled to notice of and to vote at the special meeting. As of the close of business on the Record Date, 423,290,513 shares of Atmel common stock were issued and outstanding and there were 1,150 holders of record of Atmel common stock. Each stockholder is entitled to one vote for each share of Atmel common stock held by such stockholder as of the Record Date.

Holders of a majority of the outstanding shares of Atmel common stock entitled to vote as of the Record Date must be present in person or represented by proxy at the special meeting in order to have the required quorum for

Table of Contents

transacting business. Abstentions are counted as present for purposes of determining the presence or absence of a quorum for the transaction of business. Broker non-votes are not entitled to vote and, therefore, are not included for purposes of determining whether a quorum is present at the special meeting.

If you sell or transfer your shares of Atmel common stock after the Record Date but before the special meeting, you will retain your right to vote such shares of Atmel common stock at the special meeting unless you have transferred these rights via proxy to the acquirer of your shares. You are urged to vote by completing, signing, dating and mailing the enclosed proxy card in the envelope provided, or by Internet or telephone by following the instructions on the enclosed proxy card. If your shares of Atmel common stock are held in the name of your broker, bank or other nominee, you should submit voting instructions to your broker, bank or other nominee. Please refer to the voting instruction card included in these proxy materials by your broker, bank or other nominee.

Required Vote

The affirmative vote, in person or by proxy, of holders of a majority of the outstanding shares of Atmel common stock entitled to vote as of the Record Date is required to approve the Merger Proposal (Proposal 1). The affirmative vote, in person or by proxy, of the holders of a majority of the outstanding shares of Atmel common stock present in person or represented by proxy at the special meeting and entitled to vote on the matter is required to approve the Compensation Proposal (Proposal 2) and to approve the Adjournment Proposal (Proposal 3).

Votes may be cast in favor of, or against, each matter. You may also vote **ABSTAIN** with respect to any matter and such abstentions will be treated as shares present in person or represented by proxy and entitled to vote on that matter and thus will have the same effect as votes against the proposals.

If your shares of Atmel common stock are held by a broker, bank or other nominee, such broker, bank or other nominee is only entitled to vote your shares on routine matters, such as the ratification of the appointment of an independent registered public accounting firm, without instructions from you, the beneficial owner of those shares. Your broker, bank or other nominee is not entitled to vote shares held for a beneficial owner on non-routine matters, such as approval of the Merger Proposal, approval, on a non-binding, advisory basis, of the Compensation Proposal, and approval of the Adjournment Proposal. **Consequently, if you do not give your broker, bank or other nominee specific instructions, your shares will not be voted at the special meeting. You are encouraged to provide instructions to your broker. This ensures your shares will be voted at the special meeting.**

Failures to vote (whether by proxy or in person at the special meeting) and broker non-votes, if any, will have the same effect as a vote against the Merger Proposal. Failing to vote (whether by proxy or in person at the special meeting, if you do not attend the special meeting) and broker non-votes, if any, will have no effect on the outcome of the vote for the Compensation Proposal and the Adjournment Proposal, assuming a quorum is present. If you attend the special meeting and fail to vote, this will have the same effect as a vote against the Compensation Proposal and the Adjournment Proposal.

Share Ownership and Voting by Atmel Directors and Executive Officers

As of the Record Date, the directors and executive officers of Atmel held and are entitled to vote, in the aggregate, approximately 3.1% of the aggregate voting power of the outstanding shares of Atmel common stock.

Voting of Shares

For Stockholders of Record:

In addition to voting in person at the special meeting, if your shares of Atmel common stock are held in your name by Atmel's transfer agent as a stockholder of record, you, as an Atmel stockholder, may submit a proxy as follows:

By Internet. The web address and instructions for Internet proxy submission can be found on the enclosed proxy card. You will be required to provide your assigned control number located on the proxy card. Internet proxy submission via the web address indicated on the enclosed proxy card is available 24 hours a day. If you choose to submit your proxy by Internet, then you do not need to return the proxy card. To be valid, your Internet proxy must be received by 11:59 p.m. (U.S. Eastern Time) on the day preceding the special meeting.

By Telephone. The toll-free number for telephone proxy submission can be found on the enclosed proxy card. You will be required to provide your assigned control number located on the proxy card. Telephone proxy submission is available 24 hours a day. If you choose to submit your proxy by telephone, then you do not need to return the proxy card. To be valid, your telephone proxy must be received by 11:59 p.m. (U.S. Eastern Time) on the day preceding the special meeting.

By Mail. Mark the enclosed proxy card, sign and date it, and return it in the postage-paid envelope we have provided. To be valid, your proxy by mail must be received by 11:59 p.m. (U.S. Eastern Time) on the day preceding the special meeting.

Atmel requests that Atmel stockholders submit their proxies over the Internet, by telephone or by completing and signing the accompanying proxy and returning it to Atmel as soon as possible in the enclosed postage-paid envelope. When the accompanying proxy is returned properly executed (including proper proxy submission by Internet or telephone), the shares of Atmel common stock represented by it will be voted at the special meeting in accordance with the instructions contained on the proxy card.

If you sign and return your proxy or voting instruction card without indicating how to vote on any particular proposal, the Atmel common stock represented by your proxy will be voted **FOR** each proposal in accordance with the recommendation of the Atmel Board. Unless you check the box on your proxy card to withhold discretionary authority, the proxy holders may use their discretion to vote on the proposals relating to the special meeting.

If your shares of Atmel common stock are held in street name by a broker, bank or other nominee, you should check the voting form used by that firm to determine whether you may give voting instructions by telephone or the Internet and you should read the information in the section entitled "Voting of Shares For Beneficial Owners" below.

EVERY ATMEL STOCKHOLDER'S VOTE IS IMPORTANT. ACCORDINGLY, EACH ATMEL STOCKHOLDER SHOULD SUBMIT ITS PROXY VIA THE INTERNET OR BY TELEPHONE, OR SIGN, DATE AND RETURN THE ENCLOSED PROXY CARD, WHETHER OR NOT THE ATMEL STOCKHOLDER PLANS TO ATTEND THE SPECIAL MEETING IN PERSON.

For Beneficial Owners:

If your shares of Atmel common stock are held in street name by a broker, bank or other nominee, you have the right to direct your broker, bank or other nominee on how to vote your shares of Atmel common stock. Your broker, bank or other nominee, as applicable, may establish an earlier deadline by which you must provide instructions to it for how to vote your shares of Atmel common stock. You should read carefully the materials provided to you by your broker, bank or other nominee. Because a beneficial owner is not the stockholder of

Table of Contents

record, you may not vote these shares of Atmel common stock at the special meeting unless you obtain a legal proxy from the broker, bank or other nominee that holds your shares of Atmel common stock giving you the right to vote such shares of Atmel common stock at the special meeting.

Revocation of Proxies

If you are a stockholder of record as of the Record Date, you may change your vote:

by delivering to Atmel (Attention: Corporate Secretary, 1600 Technology Drive, San Jose, California 95110), prior to your shares being voted at the special meeting, a later dated written notice of revocation or a later dated duly executed proxy card, or

by attending the special meeting and voting in person (although attendance at the special meeting will not, by itself, revoke a proxy).

A stockholder of record who has voted on the Internet or by telephone may also change his or her vote by subsequently making a timely and valid Internet or telephone vote.

If you are a beneficial owner of shares held in street name by a broker, bank or other nominee, you may revoke your proxy and vote your shares in person at the special meeting only in accordance with applicable rules and procedures as employed by such broker, bank or other nominee. If your shares are held in an account at a broker, bank or other nominee, you should contact your broker, bank or other nominee to change your vote.

Solicitation of Proxies; Costs of Solicitation

Your proxy is being solicited by the Atmel Board on behalf of Atmel. Atmel will bear the entire cost of proxy solicitation, including preparation, assembly, printing and mailing of the notice of special meeting, proxy card, this proxy statement/prospectus and any additional materials furnished to Atmel stockholders. Copies of these materials will be furnished to brokerage houses, fiduciaries, and custodians holding shares in their names that are beneficially owned by others to forward to those beneficial owners. In addition, Atmel may reimburse the costs of forwarding these materials to those beneficial owners.

Solicitation of proxies by mail may be supplemented by one or more of telephone, email, facsimile, or personal solicitation by Atmel's directors, officers, or regular employees. No additional compensation will be paid for such services.

Atmel has engaged Innisfree M&A Incorporated to aid in the solicitation of proxies from brokers, bank nominees and other institutional owners for approximately \$25,000, plus reimbursement of related expenses.

Tabulation of Votes

All votes will be tabulated by a representative of Broadridge, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. A representative of Atmel will act as the inspector of election appointed for the special meeting.

Adjournments and Postponements

In addition to the Merger Proposal and the Compensation Proposal, Atmel stockholders are being asked to approve the Adjournment Proposal, which will give the Atmel Board authority to adjourn the special meeting one or more times, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes to approve the Merger Proposal at the time of the special meeting.

-47-

Table of Contents

If this proposal is approved, the special meeting could be adjourned to any date. If the special meeting is adjourned, Atmel stockholders who have already submitted their proxies will be able to revoke them at any time prior to their use. If you sign and return a proxy and do not indicate how you wish to vote on any proposal, or if you indicate that you wish to vote in favor of the Merger Proposal but do not indicate a choice on the Adjournment Proposal, your shares of Atmel common stock will be voted **FOR** the Adjournment Proposal.

If a quorum is not present or represented at the special meeting, then either (1) the chairman of the meeting or (2) the Atmel stockholders entitled to vote at the special meeting, present in person or represented by proxy, shall have power to adjourn the meeting. Whether or not a quorum is present at the special meeting, the chairman of the meeting shall have power to adjourn the special meeting from time to time to another time or place or means of remote communications, without notice other than announcement at the special meeting of the time and place, if any, and the means of remote communications, if any, by which Atmel stockholders and proxy holders may be deemed to be present in person and vote at such adjourned meeting. When a special meeting is adjourned to another time and place, unless the Atmel Bylaws otherwise require, notice need not be given of the adjourned meeting if the time and place, if any, and the means of remote communications, if any, are announced at the special meeting at which the adjournment is taken. At the adjourned meeting, Atmel may transact any business that might have been transacted at the original special meeting. If the adjournment is for more than 30 days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each Atmel stockholder of record entitled to vote at the meeting.

The chairman of the special meeting may adjourn the special meeting to, among other things, solicit additional proxies if there are not sufficient votes at the time of the special meeting to approve the Merger Proposal, allow reasonable additional time for the filing and distribution of any supplemental or amended disclosure to be disseminated to and reviewed by Atmel stockholders prior to the special meeting, or otherwise with the consent, or upon the request, of Microchip.

The chairman of the special meeting may determine to adjourn the special meeting even if the Adjournment Proposal is not approved by Atmel stockholders.

Additionally, the Atmel Board, acting pursuant to a resolution adopted by a majority of the total number of authorized directors, whether or not there exist any vacancies in previously authorized directorships, has the right to cancel, postpone or reschedule a special meeting of the stockholders at any time, before or after the notice for such meeting has been sent to the stockholders.

Attending the Special Meeting

Only Atmel stockholders of record as of the close of business on the Record Date or their duly appointed proxies may attend the special meeting, or if your shares of Atmel common stock are held in street name by a broker, bank or other nominee and you bring evidence of beneficial ownership of those shares on the Record Date, such as a copy of your most recent account statement or similar evidence of ownership of Atmel common stock as of the Record Date, you may attend the special meeting. If your shares of Atmel common stock are held in street name by a broker, bank or other nominee and you wish to vote at the special meeting, you must also bring a proxy from the record holder (your broker, bank or other nominee) of the shares of Atmel common stock authorizing you to vote at the special meeting. All stockholders should bring photo identification (a driver's license or passport is preferred), as you will also be asked to provide photo identification at the registration desk on the day of the special meeting or any adjournment or postponement of the special meeting. Everyone who attends the special meeting must abide by the rules for the conduct of the meeting. These rules will be printed on the meeting agenda. Even if you plan to attend the special meeting, we encourage you to vote by telephone, Internet or mail so your vote will be counted if you later decide not

to (or are otherwise unable to) attend the special meeting. No cameras, recording equipment, other electronic devices, large bags or packages will be permitted in the special meeting. Stockholders will be admitted to the meeting room starting at 7:00 a.m., local time, and admission will be on a first-come, first-served basis.

PROPOSAL 1: THE MERGER PROPOSAL

As discussed throughout this proxy statement/prospectus, Atmel is asking its stockholders to adopt the Merger Agreement. Pursuant to the Merger Agreement, Microchip will acquire Atmel in the Merger. Merger Sub will merge with and into Atmel, with Atmel as the surviving corporation. Atmel will be an indirect wholly owned subsidiary of Microchip and the Atmel common stock will be delisted from NASDAQ, deregistered under the Exchange Act and cease to be publicly traded.

As described in further detail in the sections entitled Questions and Answers about the Merger and the Special Meeting beginning on page v of this proxy statement/prospectus, Summary beginning on page 1 of this proxy statement/prospectus, The Merger beginning on page 53 of this proxy statement/prospectus and The Merger Agreement beginning on page 99 of this proxy statement/prospectus, the Atmel Board has approved the Merger Agreement, the Merger and the other transactions contemplated by the Merger Agreement. The Merger is subject to the satisfaction of the conditions set forth in the Merger Agreement, including the adoption of the Merger Agreement by the stockholders of Atmel at the special meeting. Accordingly, the approval of the Merger Proposal by Atmel stockholders is a condition to the obligations of Microchip and Atmel to complete the Merger.

Required Vote

The affirmative vote, in person or by proxy, of the holders of a majority of the outstanding shares of Atmel common stock entitled to vote as of the Record Date on the Merger Proposal at the special meeting is required to approve the Merger Proposal.

Recommendation of the Atmel Board

The Atmel Board recommends that Atmel stockholders vote FOR the Merger Proposal.

Table of Contents

PROPOSAL 2: THE COMPENSATION PROPOSAL

Atmel is providing its stockholders with the opportunity to cast a vote, on a non-binding, advisory basis, to approve the compensation payments that will or may be made to Atmel's named executive officers in connection with the Merger as disclosed in the table (and related narrative disclosure) titled "The Merger: Interests of Atmel's Directors and Executive Officers in the Merger: Quantification of Change in Control and Termination Payments and Benefits to Atmel's Executive Officers" beginning on page 91 of this proxy statement/prospectus, as required by Section 14A of the Exchange Act.

Through this proposal, Atmel is asking its stockholders to indicate their approval, on a non-binding, advisory basis, of the compensation and change of control payments which Atmel's named executive officers will or may be eligible to receive in connection with the Merger as indicated in the table referred to above. The plans and arrangements under which these compensation payments may be made are part of Atmel's compensation program for its named executive officers or are required by the Merger Agreement.

You should review carefully the information under the section entitled "The Merger: Interests of Atmel's Directors and Executive Officers in the Merger: Quantification of Change in Control and Termination Payments and Benefits to Atmel's Executive Officers" beginning on page 91 of this proxy statement/prospectus.

The Atmel Board recommends that Atmel stockholders approve the following resolution:

RESOLVED, that the stockholders of Atmel approve, solely on an advisory, non-binding basis, the compensation payments which will or may be made to Atmel's named executive officers in connection with the Merger, as disclosed pursuant to Item 402(t) of Regulation S-K, including in the table titled "The Merger: Interests of Atmel's Directors and Executive Officers in the Merger: Quantification of Change in Control and Termination Payments and Benefits to Atmel's Executive Officers" beginning on page 91 of this proxy statement/prospectus.

The vote on the Compensation Proposal is a vote separate and apart from the vote on the Merger Proposal. Accordingly, you may vote to approve the Merger Proposal and abstain or vote not to approve the Compensation Proposal. Because the vote on the Compensation Proposal is advisory only, it will not be binding on either Atmel or Microchip. Accordingly, if the Merger Proposal is approved and the Merger is completed, the compensation payments that are contractually required to be made to Atmel's named executive officers will be made, subject only to the conditions applicable thereto, regardless of the outcome of the non-binding, advisory vote of Atmel's stockholders.

Required Vote

The affirmative vote, in person or by proxy, of the holders of a majority of the outstanding shares of Atmel common stock present in person or represented by proxy at the special meeting and entitled to vote at the special meeting is required to approve, on a non-binding, advisory basis, the Compensation Proposal.

Recommendation of the Atmel Board

The Atmel Board recommends that Atmel stockholders vote FOR the Compensation Proposal.

PROPOSAL 3: THE ADJOURNMENT PROPOSAL

Atmel stockholders are being asked to approve a proposal that will give the Atmel Board authority to adjourn the special meeting one or more times, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes to approve the Merger Proposal at the time of the special meeting.

If this proposal is approved, the special meeting could be adjourned to any date. If the special meeting is adjourned, Atmel stockholders who have already submitted their proxies will be able to revoke them at any time prior to their use. If you sign and return a proxy and do not indicate how you wish to vote on any proposal, or if you indicate that you wish to vote in favor of the Merger Proposal but do not indicate a choice on the Adjournment Proposal, your shares of Atmel common stock will be voted **FOR** the Adjournment Proposal.

If a quorum is not present or represented at the special meeting, then either (1) the chairman of the meeting or (2) the Atmel stockholders entitled to vote at the special meeting, present in person or represented by proxy, shall have power to adjourn the meeting. Whether or not a quorum is present at the special meeting, the chairman of the meeting shall have power to adjourn the special meeting from time to time to another time or place or means of remote communications, without notice other than announcement at the special meeting of the time and place, if any, and the means of remote communications, if any, by which Atmel stockholders and proxy holders may be deemed to be present in person and vote at such adjourned meeting. When a special meeting is adjourned to another time and place, unless the Atmel Bylaws otherwise require, notice need not be given of the adjourned meeting if the time and place, if any, and the means of remote communications, if any, are announced at the special meeting at which the adjournment is taken. At the adjourned meeting, Atmel may transact any business that might have been transacted at the original special meeting. If the adjournment is for more than 30 days, or if after the adjournment a new record date is fixed for the adjourned meeting, a notice of the adjourned meeting shall be given to each Atmel stockholder of record entitled to vote at the meeting.

The chairman of the special meeting may adjourn the special meeting to, among other things, solicit additional proxies if there are not sufficient votes at the time of the special meeting to approve the Merger Proposal, allow reasonable additional time for the filing and distribution of any supplemental or amended disclosure to be disseminated to and reviewed by Atmel stockholders prior to the special meeting, or otherwise with the consent, or upon the request, of Microchip.

The chairman of the special meeting may determine to adjourn the special meeting even if the Adjournment Proposal is not approved by Atmel stockholders.

Additionally, the Atmel Board, acting pursuant to a resolution adopted by a majority of the total number of authorized directors, whether or not there exist any vacancies in previously authorized directorships, has the right to cancel, postpone or reschedule a special meeting of the stockholders at any time, before or after the notice for such meeting has been sent to the stockholders.

Required Vote

The affirmative vote, in person or by proxy, of the holders of a majority of the outstanding shares of Atmel common stock present in person or represented by proxy at the special meeting and entitled to vote on the Adjournment Proposal at the special meeting is required to approve the adjournment of the special meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes at the time of the special meeting to approve the Merger Proposal.

Recommendation of the Atmel Board

The Atmel Board recommends that Atmel stockholders vote FOR the Adjournment Proposal.

THE MERGER

The following is a discussion of the Merger and the material terms of the Merger Agreement between Microchip and Atmel. You are urged to read the Merger Agreement carefully and in its entirety, a copy of which is attached as Annex A to this proxy statement/prospectus and incorporated by reference herein.

Effects of the Merger

Subject to the terms and conditions of the Merger Agreement, at the effective time of the Merger, Merger Sub will be merged with and into Atmel, with Atmel surviving the Merger as an indirect wholly owned subsidiary of Microchip.

In the Merger, each outstanding share of Atmel common stock (other than dissenting shares, shares owned by Microchip or Atmel, which shares will be cancelled, or shares owned by any subsidiary of either Microchip or Atmel, which shares will be converted into the number of shares of common stock of the surviving corporation such that each such subsidiary owns the same percentage of the outstanding capital stock of the surviving corporation immediately following the Effective Time as such subsidiary owned in Atmel immediately prior to the Effective Time) will be converted into the right to receive the Merger Consideration consisting of cash and a fraction of a share of Microchip common stock (with cash being substituted for Microchip common stock to the extent that the aggregate number of shares of Microchip stock issued in exchange for Atmel stock would exceed 13.0 million shares). If the aggregate consideration to be paid to any holder of Atmel common stock would result in such holder receiving a fractional share of Microchip common stock, cash will be paid in lieu of such fractional share. Microchip stockholders will continue to hold their existing shares of Microchip common stock.

Based on 422,182,986 shares of Atmel common stock issued and outstanding as of February 16, 2016, and 203,726,442 shares of Microchip common stock issued and outstanding as of February 16, 2016, and assuming a ten-trading day average closing price of \$41.49 (calculated based on the prices from February 16, 2016, the most recent practicable date prior to the date of this proxy statement/prospectus), following the Merger, the stockholders of Atmel on the announcement date of the Merger would collectively own approximately 11,701,866 shares of Microchip common stock, or 5.43% of the number of shares of Microchip common stock issued and outstanding, after giving effect to the issuance of the 11,701,866 shares of Microchip common stock issued as part of the Merger Consideration. The number and percentage of Microchip common stock issued and outstanding that stockholders of Atmel would collectively own following the Merger ultimately depends on the ten-trading day average closing price of Microchip common stock ending on the trading date that is immediately prior to the Closing Date. Microchip will not issue more than 13.0 million shares of Microchip common stock in the Merger. To the extent that the number of shares of Microchip common stock issuable in the Merger to stockholders of Atmel exceeds 13.0 million shares, the Cash Consideration issuable per share of Atmel common stock will be increased such that the value of combined Cash Consideration and Stock Consideration issuable to stockholders of Atmel remains the same as if there were no restriction on the number of shares of Microchip common stock issuable in the Merger. In such an event, based on 203,726,442 shares of Microchip common stock issued and outstanding as of February 16, 2016, following the Merger, the stockholders of Atmel would be issued 13,000,000 shares of Microchip common stock, or 6.0% of the number of shares of Microchip common stock issued and outstanding (following such issuance).

Background of the Merger

Atmel operates in the semiconductor industry. The semiconductor industry has typically been cyclical and, at different times, has experienced excess product supply, price erosion, rapid technological change, short product life cycles, increased capital requirements and changing competition. Recently, the semiconductor industry has experienced significant and accelerating merger and acquisition activity, resulting in industry consolidation that is expected to

offer enhanced scale and improved leverage to larger competitors.

The Atmel Board regularly meets to evaluate Atmel's strategic direction, performance and business plans. In connection with that evaluation process, the Atmel Board generally considers: (1) Atmel's historical and

-53-

Table of Contents

projected financial and operational performance; (2) product development initiatives, including the investments that could be required to develop those products and to maintain Atmel's competitive position; (3) evolving market opportunities for Atmel's products; (4) the customer base that Atmel serves and the growth expectations for that customer base; (5) the competitive landscape in which Atmel operates, including issues related to scale; (6) the maturity of the semiconductor industry and ongoing consolidation activity within the sector; and (7) other matters that may affect future corporate growth and profitability.

In pursuing its objective of enhancing stockholder value, and as part of its ongoing review of strategic opportunities available to Atmel, the Atmel Board periodically considers opportunities for a variety of strategic transactions that might enhance stockholder value, including potential acquisitions, divestitures, business combinations and other strategic alliances.

On March 26, 2015, the Atmel Board met to review, among other things, developments within the semiconductor industry. At that meeting, representatives of Qatalyst Partners, at the invitation of the Atmel Board, provided an overview of merger and acquisition activity and trends within the semiconductor industry.

In a letter dated May 6, 2015, Steven Laub, Atmel's President and Chief Executive Officer, informed the Atmel Board that he intended to retire as an officer and director of Atmel, effective August 31, 2015. Following the close of The Nasdaq Stock Market on the same day, Atmel issued a press release and filed a Current Report on Form 8-K announcing Mr. Laub's intention to retire. At the close of trading on May 6, 2015, the price of Atmel's common stock was \$7.54 per share.

Between May 7 and July 1, 2015, following the public announcement of Mr. Laub's expected retirement, Atmel received unsolicited inquiries from nine parties seeking to initiate possible strategic discussions. Each of these inquiries was a general solicitation of Atmel's interest in pursuing a strategic transaction, and none of the parties making these inquiries proposed specific transaction terms or conditions.

On May 8 and May 12, 2015, the independent directors of the Atmel Board (the Independent Directors), which did not include Mr. Laub or Tsung-Ching Wu, Atmel's Executive Vice President, met to discuss the possible effects on Atmel of Mr. Laub's expected retirement. The Independent Directors also discussed the unsolicited inquiries received to date by Atmel following Atmel's announcement of Mr. Laub's pending retirement. At the May 8 meeting, a representative of Atmel's outside counsel advised the Independent Directors concerning their fiduciary duties. During each of the May 8 and May 12 meetings, the Independent Directors discussed the need to engage an executive search firm to assist the Atmel Board in recruiting a new Chief Executive Officer. The Independent Directors determined to request that Atmel management update Atmel's three-year financial plan for the Atmel Board. At the conclusion of these meetings, the Independent Directors recommended that the Atmel Board commence a strategic review process in parallel with the executive recruitment effort that the Independent Directors had initiated. The Independent Directors also recommended that the Atmel Board interview financial advisory firms to assist with that strategic process. Consistent with those recommendations, the Independent Directors determined not to undertake discussions with any interested parties until after the Atmel Board had engaged a financial advisory firm.

On May 18, 2015, the Atmel Board, by unanimous written consent, established a special committee (the Search Committee) consisting solely of all of the Independent Directors to conduct the search for a new Chief Executive Officer.

On May 20, 2015, Atmel engaged Spencer Stuart to manage the search for a new Chief Executive Officer and to advise and assist the Search Committee in its deliberations. After the formation of the Search Committee, from May 2015 through August 2015, the Search Committee met on twelve separate occasions to interview potential candidates,

to discuss the members' evaluations of candidates, to consider the candidates' strategic and business perspectives on Atmel, to obtain guidance and perspective from representatives of Spencer Stuart regarding the process and the strengths and weaknesses of each candidate interviewed, and to consider the potential effects on Atmel of appointing a new Chief Executive Officer.

Between July 6 and July 23, 2015, representatives of Qatalyst Partners distributed the bid process letter to 13 interested parties that, at that point in the process, had signed non-disclosure agreements. The financial terms of each non-binding, preliminary proposal were as follows:

Dialog offered \$9.75 per Atmel share, with \$5.56 of the consideration payable in Dialog equity (through a fixed exchange ratio) and \$4.19 payable in cash, representing an implied premium of 20% to Atmel's stock price at the close of trading on August 4, 2015 and 29% to Atmel's stock price on the close of trading on May 6, 2015 (the last trading day prior to the public announcement of Mr. Laub's expected retirement).

Company A offered \$10.50 per Atmel share payable in cash, representing a premium of 29% to Atmel's stock price at the close of trading on August 4, 2015 and 39% to Atmel's stock price on the close of trading on May 6, 2015.

Company D offered \$10.50 per Atmel share, with \$5.75 of the consideration payable in Company D stock (through a fixed exchange ratio) and \$4.75 payable in cash, representing an implied premium of 29% to Atmel's stock price at the close of trading on August 4, 2015 and 39% premium to Atmel's stock price on the close of trading on May 6, 2015.

Company E proposed a merger transaction that would result in Company E's shareholders owning a 51% interest in the combined company, Atmel stockholders owning a 49% interest in the combined company, with Atmel's stockholders receiving a cash distribution equal to the difference between the market capitalizations of the two companies, on a date to be determined, and the targeted ownership ratio.

On August 2, 2015, Mr. Sanghi contacted Mr. Sugishita to discuss due diligence matters. During this conversation, Mr. Sanghi indicated that Microchip intended to submit a preliminary, non-binding indication of interest to acquire Atmel.

On August 3, 2015, the Atmel Board met to discuss the preliminary, non-binding indications of interest. Mr. Sugishita informed the Atmel Board that Microchip also intended to submit a preliminary, non-binding indication of interest. On August 5, 2015, the Atmel Board met to review and discuss the six preliminary, non-binding indications of interest. At the request of the Atmel Board, members of Atmel management, individually and collectively, offered the Atmel Board their perspectives on management meetings held with each interested party that had submitted a proposal, and responded to questions raised by the Atmel Board. After discussions with members of Atmel management concluded, representatives of Qatalyst Partners then reviewed for the Atmel Board each of the preliminary, non-binding indications of interest (including the financial condition and business performance of the interested parties). Representatives of Qatalyst Partners and Jones Day addressed the required regulatory approvals and potential closing timelines as indicated with each proposal. The Atmel Board then discussed possible implications of Atmel remaining as an independent company. Following these reviews and discussions, representatives of Qatalyst Partners, Atmel management and the Atmel Board discussed the proposal received from Company E. After further consideration, the Atmel Board determined to eliminate Company E from the strategic review process because its proposal was deemed the least attractive, there was no discernible strategic fit between Atmel and Company E, and the potential synergies from the combination were more limited than those with other interested parties. Following further discussion, the Atmel Board determined that it would be in the best interests of Atmel and its stockholders to continue exploring the possibility of a strategic transaction with the remaining interested parties. The Atmel Board directed Atmel management to work with representatives of Qatalyst Partners and Jones Day to facilitate a second phase of the strategic review process with Dialog, Company A, Company B, Company C (on the basis described in the next succeeding paragraph), Company D, and, if Microchip submitted an acceptable preliminary indication of interest, Microchip. The Atmel Board also directed representatives of Qatalyst Partners to seek enhancements to the terms of the proposals submitted by each of the interested parties.

On August 5, 2015, after the Atmel Board met, representatives of Qatalyst Partners informed Company E that the Atmel Board decided not to proceed with Company E's proposal. Representatives of Qatalyst Partners informed Company C that the Atmel Board had conditionally invited Company C to participate in a second phase of the strategic review process, but that the financial terms of its proposal were significantly less attractive than the other interested parties and that its proposal would need to be enhanced if it expected to remain a participant in the process.

Between August 5 and August 6, 2015, representatives of Qatalyst Partners contacted each of Dialog, Company A, Company B and Company D to inform them that they had been invited to participate in a second phase of the strategic review process. Representatives of Qatalyst Partners informed each party that it should seek to enhance the terms of its proposal if it expected to remain a participant in the process.

On August 10, 2015, the Atmel Board met to discuss the strategic review process. At that meeting, representatives of Qatalyst Partners provided the Atmel Board with an update on the process, and reported that Qatalyst Partners had informed each of Dialog, Company A, Company B, Company C and Company D that the Atmel Board determined to invite them to participate in the second phase of the process. Atmel management, including Messrs. Laub and Skaggs, provided the Atmel Board with a financial update for the years 2015, 2016 and 2017, and discussed the performance of, and outlook for, Atmel's business. The Atmel Board then instructed Atmel management to provide the updated financial projections, which reflected downward adjustments as a result of Atmel's financial results for the quarter ended June 30, 2015, to representatives of Qatalyst Partners and the remaining interested parties.

On August 11, 2015, representatives of Qatalyst Partners, on behalf of Atmel, received a revised proposal with an increased offer price from Company C. Company C's revised proposal provided for \$10.30 per Atmel share, with \$4.69 of the consideration payable in Company C stock (through a fixed exchange ratio) and \$5.61 payable in cash, representing a premium of 26% to Atmel's stock price at the close of trading on August 10, 2015 and 37% premium to Atmel's stock price on the close of trading on May 6, 2015.

Mr. Sanghi also informed Mr. Sugishita on August 11, 2015 that Microchip would submit a preliminary, non-binding indication of interest on August 14, 2015.

On August 14, 2015, Mr. Sanghi delivered Microchip's preliminary, non-binding indication of interest to Mr. Sugishita. Microchip proposed \$9.00 per Atmel share payable in cash, representing a premium of 15% to Atmel's stock price at the close of trading on August 13, 2015 and 19% premium to Atmel's stock price on the close of trading on May 6, 2015.

On August 17, 2015, the Atmel Board met to discuss the strategic review process. At that meeting, representatives of Qatalyst Partners updated the Atmel Board on its discussions with the interested parties. Representatives of Qatalyst Partners reviewed the preliminary, non-binding indication of interest submitted by Microchip, and noted that Microchip's offer price was materially lower than the proposals received from other interested parties. After further discussion, representatives of Qatalyst Partners reviewed a proposed form of final bid process letter that requested each interested party to submit best and final offers on or before September 8, 2015. Representatives of Jones Day reviewed proposed forms of merger agreement that would be distributed to interested parties with the final bid process letter. The Atmel Board instructed Atmel management to proceed with the second phase of the strategic review process, which included Dialog, Company A, Company B, Company C and Company D. The Atmel Board also determined to include Microchip in the second phase of the process, if Microchip expressed a willingness to increase its offer price.

On August 17, 2015, Mr. Sugishita informed Mr. Sanghi that Microchip's offer price was materially lower than the proposals received from other bidders. Mr. Sanghi informed Mr. Sugishita that Microchip's proposal represented its best and final offer and would not be modified.

On August 18, 2015, representatives of Qatalyst Partners distributed to each of Dialog, Company A, Company B, Company C and Company D a final bid package that included the final bid process letter and form of merger agreement. The final bid process letter instructed each interested party to submit its best and final offer on or before September 8, 2015. Based on Mr. Sanghi's representation that Microchip would not increase the value of its proposal,

Microchip did not receive the final bid package.

Between August 18 and September 19, 2015, Atmel and Qatalyst Partners held over 50 meetings and discussions with the five interested parties that received the final bid process letter. Atmel also continued to provide those parties with access to legal, financial, commercial and operational information, through an electronic data room.

On August 20, 2015, the Atmel Board (with the exception of Mr. Laub) met to discuss a possible extension of Mr. Laub's retirement date. The Atmel Board discussed the potential effect of appointing a new Chief Executive Officer (after August 31, 2015) on Atmel's strategic review process and other matters. The Atmel Board then authorized Mr. Sugishita to discuss with Mr. Laub the Atmel Board's desire for Mr. Laub to extend his retirement date and for Mr. Sugishita to negotiate the form and terms of an extension letter with Mr. Laub.

Between August 21 and September 19, 2015, Atmel and its advisors conducted financial, business and legal due diligence reviews of each interested party engaged in Atmel's strategic review process.

On August 24, 2015, the Atmel Board met to discuss the strategic review process. At that meeting, representatives of Qatalyst Partners reviewed the proposals previously submitted by all interested parties and further updated the Atmel Board on the process. Following this discussion, the Atmel Board determined to re-engage Microchip in the process based on recent stock market volatility and its effect on the value of proposals that included stock as a part of the transaction consideration. During that meeting, Mr. Sugishita also informed the Atmel Board that Mr. Laub had agreed to the Atmel Board's request to extend his retirement date. The Atmel Board reviewed the draft press release announcing the extension of Mr. Laub's retirement date.

On August 24, 2015, with approval from the Atmel Board, Atmel announced the extension of Mr. Laub's retirement date to facilitate the completion of the strategic review process.

On August 24, 2015, representatives of Company B's financial advisor informed representatives of Qatalyst Partners of Company B's withdrawal from Atmel's strategic review process because of valuation concerns and Company B's unwillingness to consider any increase in the value of its preliminary indication of interest. On August 25, 2015, a member of Company B's management team confirmed its withdrawal with a representative of Qatalyst Partners.

On August 26, 2015, Mr. Sugishita contacted Mr. Sanghi and invited Microchip to submit a final proposal prior to the September 8, 2015 deadline communicated to the other bidders participating in the strategic review process. Mr. Sanghi indicated that as Microchip had previously terminated its consideration of the process, it was not in a position to submit a best and final offer in the same manner as the other bidders. After discussion, Mr. Sanghi informed Mr. Sugishita that Microchip would expedite its due diligence in the remaining time and submit a final preliminary indication of interest (at the same price stated in its August 14 indication of interest) to Atmel by September 8, 2015, and if Microchip's bid was accepted and the parties entered into exclusivity, Microchip would work expeditiously to complete due diligence and negotiate a definitive agreement.

On August 27 and August 28, 2015, Messrs. Sugishita and Sanghi discussed matters related to Microchip's expected preliminary indication of interest.

On August 31, 2015, the Atmel Board again met to discuss the status of the strategic review process. At that meeting, representatives of Qatalyst Partners updated the Atmel Board on due diligence reviews of and Atmel management meetings with the interested parties engaged in the process.

On September 3, 2015, Messrs. Sugishita and Sanghi discussed due diligence matters and Atmel's strategic review process.

On September 8, 2015, representatives of Qatalyst Partners, on behalf of Atmel, received each of Dialog's and Company C's final proposals. Microchip delivered its final proposal to Mr. Sugishita. Company A's financial advisor informed representatives of Qatalyst Partners that Company A would not submit a final proposal by the deadline set forth in the final bid process letter; Company A did not subsequently submit a final proposal. Each of Dialog and Company C also submitted comments to the draft form of merger agreement that had been provided as part of the final bid package. The financial terms of each final proposal were as follows:

Dialog proposed \$10.40 per Atmel share, with \$6.36 of the consideration payable in Dialog equity (through a fixed exchange ratio) and \$4.04 payable in cash, representing an implied premium of 29% to Atmel's stock price at the close of trading on September 8, 2015 and 38% to Atmel's stock price on the close of trading on May 6, 2015 (the last trading day prior to the public announcement of Mr. Laub's expected retirement).

Company C proposed \$9.35 per Atmel share, with \$4.33 of the consideration payable in Company C stock (through a fixed exchange ratio) and \$5.02 payable in cash, representing an implied premium of 16% to Atmel's stock price at the close of trading on September 8, 2015 and 24% to Atmel's stock price on the close of trading on May 6, 2015.

Microchip proposed \$9.00 per Atmel share payable in cash, representing an implied premium of 11% to Atmel's stock price at the close of trading on September 8, 2015 and 19% to Atmel's stock price on the close of trading on May 6, 2015.

Each of Dialog's and Company C's proposals required Atmel to enter into an exclusivity agreement prohibiting Atmel from engaging in discussions with other parties during a limited period of time.

On September 9, 2015, the Atmel Board met to discuss the strategic review process and the final bids submitted by Dialog, Company C and Microchip. At that meeting, representatives of Jones Day reviewed for the Atmel Board its fiduciary duties within the context of the strategic review process and, in particular, as it considered the proposals received. Representatives of Qatalyst Partners informed the Atmel Board that Company A requested a meeting on or about September 18 to discuss its interest in a strategic transaction with Atmel. Company A did not commit to the delivery of a final proposal. Representatives of Jones Day reviewed the terms and conditions of the draft merger agreements submitted by each of Dialog and Company C and the form of merger agreement submitted by Microchip. At the request of the Atmel Board, members of Atmel management offered the Atmel Board their perspectives on management meetings or management discussions held with each interested party that had submitted a final proposal and responded to questions raised by the Atmel Board. After discussions with members of Atmel management concluded, representatives of Qatalyst Partners discussed with the Atmel Board financial aspects of the proposals, including the financial condition and business performance of Dialog and Company C in light of the inclusion of equity in their proposals. Representatives of Qatalyst Partners discussed recent stock market volatility and its potential effects on the consideration proposed by both Dialog and Company C. Representatives of Qatalyst Partners noted that the implied value of the proposed consideration could vary between the signing and closing of a transaction depending on stock market conditions, the financial performances of, and expectations for, both the acquiror and target company, and macro-economic conditions. Representatives of Qatalyst Partners and Jones Day discussed with the Atmel Board required regulatory approvals identified in each proposal, the ability of the interested parties to consummate a

transaction (including obtaining any required financing) and other structural and timing related considerations.

The Atmel Board then discussed factors affecting the strategic and competitive position of Atmel. These factors included, among others, Atmel's financial and competitive position within the rapidly consolidating semiconductor industry and Atmel's prospects as an independent company compared to the values implied by undertaking a strategic transaction with Dialog, Company C or Microchip. Following further discussion, the

Atmel Board determined that it would be in the best interests of Atmel and its stockholders to continue exploring the possibility of a strategic transaction with Dialog. The Atmel Board determined to seek enhancements of the Dialog proposal, including (1) an increase in the cash portion of the consideration, without requiring an increase in the overall implied value (as Dialog's management had made clear that Dialog's proposal was its best and final offer with respect to the overall implied value), (2) obtaining final financing commitment letters from Dialog's financing source, (3) addressing issues raised in Dialog's revised draft of the merger agreement, including those related to termination fees and no-shop provisions, and mitigating possible closing risks associated with Dialog being a foreign public company, and (4) addressing questions related to Dialog's management projections and analyst estimates. The Atmel Board also requested that Mr. Laub obtain further information regarding Dialog's customer concentration risk and future revenue expectations with its largest customer. At the conclusion of that meeting, the Atmel Board instructed Atmel management and representatives of Qatalyst Partners and Jones Day to terminate discussions with Company C and Microchip and to focus on a potential strategic transaction with Dialog, based on the Atmel Board's determination, at that time, that Dialog's proposal offered more favorable economic terms than the proposals of Company C or Microchip.

After the September 9 Atmel Board meeting, representatives of Qatalyst Partners informed Dialog's financial advisor of the Atmel Board's decision to continue exploring the possibility of proceeding with Dialog's proposal to acquire Atmel. Representatives of Qatalyst Partners also informed Dialog's financial advisor that Atmel was not prepared to enter into an exclusivity agreement until Dialog had sufficiently addressed the concerns raised at the September 9 Atmel Board meeting.

On September 10, 2015, representatives of Qatalyst Partners informed Company C of the Atmel Board's decision to proceed with another party. Later that day, Company C revised its offer to Atmel and delivered a letter to Qatalyst Partners in which Company C increased the cash component of its offer by \$0.50 per share, for an aggregate value of \$9.85 per share, with \$4.33 of the consideration payable in Company C stock (through a fixed exchange ratio) and \$5.52 payable in cash.

Also on September 10, 2015, Mr. Sugishita informed Mr. Sanghi of the Atmel Board's decision to proceed with another party.

On September 11, 2015, the Atmel Board met to discuss the strategic review process with respect to Dialog and Company C. At that meeting, representatives of Qatalyst Partners informed the Atmel Board that Company C had increased the cash component of its offer by \$0.50 per share to \$5.52 per share, resulting in an aggregate value of \$9.85 per share. The Atmel Board, together with its advisors, engaged in further discussion regarding the potential long-term value of the Dialog equity included within the Dialog proposal and the overall value of that proposal. Thereafter, representatives of Qatalyst Partners, Atmel management and Jones Day confirmed that Dialog provided responses to several of the matters raised by the Atmel Board during the September 9 Atmel Board meeting. Subsequent to the September 9 Atmel Board meeting, Dialog agreed to increase the cash portion of its offer to \$4.65 per share without increasing the notional value of its offer, and agreed to modifications to the Dialog merger agreement to mitigate perceived closing risk, including modifications to provisions related to the timing of shareholder meetings, termination events, termination fees and expense reimbursement. Representatives of Qatalyst Partners reported that they were advised by representatives of Dialog's financial advisor that Dialog's increase to the cash component of the transaction consideration was its best and final offer. Mr. Laub also reported that Dialog satisfactorily addressed, and mitigated concerns related to, the questions associated with Dialog's customer concentration risk and future revenue expectations, including Dialog's view that it maintained a strong relationship with its largest customer and did not expect that relationship to deteriorate. Representatives of Qatalyst Partners informed the Atmel Board that Dialog anticipated delivering a draft of its final financing commitment letters to representatives of Qatalyst Partners and that it also expected to address Atmel's remaining due diligence questions

within the next few days. Given the foregoing factors, the Atmel Board determined that a potential combination with Dialog would be more attractive than with Company C and reaffirmed its decision to proceed with the negotiation of Dialog's proposal. The Atmel Board authorized Atmel management to negotiate and execute an exclusivity agreement with Dialog, which had been requested by Dialog as a condition of its continued interest in pursuing a transaction.

From September 12 and throughout the week of September 14, 2015, representatives of Jones Day and Davis Polk & Wardwell LLP, Dialog's external counsel, continued to negotiate the terms of the Dialog merger agreement, including the amount of proposed termination fees and the extent of each party's termination rights. Legal counsel for Atmel and Dialog exchanged multiple drafts of the Dialog merger agreement. During this period, Atmel and Dialog held additional meetings and discussions to complete their respective due diligence reviews of the other party's business and financial condition.

On September 13, 2015, Atmel entered into a five-day exclusivity agreement with Dialog.

On September 17, 2015, Dialog delivered to Atmel a draft financing commitment letter from Dialog's financing source. Between September 17 and 19, 2015, Dialog, Atmel and their respective advisors engaged in further negotiations and exchanged drafts of the proposed financing commitment letter.

On September 18, 2015, Atmel extended its exclusivity agreement with Dialog until September 19, 2015 at 11:59 p.m. Pacific Daylight Time.

On September 19, 2015, the Atmel Board met to review the terms and conditions of the proposed transaction with Dialog. At that meeting, representatives of Qatalyst Partners reviewed the financial terms of Dialog's offer, which consisted of a combination of \$4.65 in cash and 0.112 of a Dialog ADS for each Atmel share. As of September 19, 2015, the Dialog offer had an implied value equal to \$10.42 per Atmel share, based on the closing price of Dialog ordinary shares on the Frankfurt Stock Exchange and the Euro to U.S. Dollar exchange rate reported on Bloomberg as of 5:30 p.m. Central European Summer Time on September 18, 2015, and represented an approximate 38% equity interest for Atmel stockholders in the combined entity. The Atmel Board discussed the terms of the Dialog merger agreement and determined that Dialog had satisfactorily addressed each of the matters related to the merger agreement that were raised by the Atmel Board during the September 9 board meeting. Representatives of Jones Day also reviewed the terms and conditions of the financing commitment letter of Dialog's financing source. Following additional discussion by the Atmel Board, representatives of Qatalyst Partners rendered to the Atmel Board its oral opinion, which was subsequently confirmed by delivery of a written opinion, dated September 19, 2015, to the effect that, as of September 19, 2015, and based upon and subject to the factors, assumptions, limitations, qualifications and conditions set forth in that opinion, the merger consideration to be received by holders of Atmel common stock (other than Dialog and its affiliates) was fair, from a financial point of view, to holders of Atmel shares.

The Atmel Board, with the advice and assistance of representatives of Qatalyst Partners, Jones Day and Atmel's management, then evaluated and discussed the terms of the Dialog merger agreement and the transactions contemplated thereby. The Atmel Board took into consideration other proposals received by Atmel (including the forms of consideration), the information considered with respect to remaining an independent company, and the search process related to the recruitment of a possible new Chief Executive Officer. During that meeting, the Atmel Board also received an update from Mr. Laub regarding due diligence on Dialog's largest customer. Mr. Laub's update to the Atmel Board allayed concerns previously raised regarding Dialog customer concentration at, and dependency on, such customer. After further discussion and consideration of the financial and other information presented, the Atmel Board unanimously determined that the Dialog merger agreement, the performance by Atmel of its obligations thereunder and the consummation of the transactions contemplated thereby were advisable and fair to, and in the best interests of, Atmel and its stockholders.

On September 19, 2015, the Dialog merger agreement and related documents were executed and delivered by each of Atmel and Dialog. On September 18, 2015, the last trading day before the announcement of the execution of the Dialog merger agreement, Atmel's common stock closed at a price of \$7.27 per share.

On September 20, 2015, Atmel and Dialog issued a joint press release announcing the execution of the Dialog merger agreement. On the first trading day immediately following the announcement of the transaction, Dialog's

Table of Contents

share price experienced a significant decline, falling from 45.33 to 36.75 per share, and reducing the value of the transaction with Dialog from \$10.42 per share of Atmel common stock to \$9.26 per share.

During the late afternoon of September 25, 2015, Company C submitted an unsolicited acquisition proposal to acquire Atmel. Pursuant to its terms, the unsolicited proposal was set to expire on September 27, 2015 at 11:59 p.m. Pacific Daylight Time. Atmel promptly notified Dialog, orally and in writing, and provided Dialog with a copy of this unsolicited proposal and Company C's proposed form of merger agreement, as required by the terms of the Dialog merger agreement. Company C proposed a notional acquisition price of \$9.26 per Atmel share, \$5.52 of the consideration payable in cash and \$3.74 payable in Company C stock (the stock portion of which would be, if Atmel preferred, subject to adjustment through a symmetrical 5% exchange ratio collar based on a comparison of the five-day average closing price of Company C stock at closing and the price of Company C stock on the date the definitive agreement was signed). Other than the newly proposed exchange ratio collar and a decline in the notional value of the offer from the offer Company C made on September 10, 2015 resulting from a decline since that date of approximately \$1.30 per share in the price of Company C's stock, Company C's proposal was financially identical to the proposal submitted by Company C on September 10, 2015. On September 26, 2015, Company C delivered to Atmel a revised version of its proposed merger agreement to clarify certain terms. Atmel promptly notified Dialog, orally and in writing, and provided Dialog with a copy of Company C's revised proposed merger agreement, as required by the terms of the Dialog merger agreement.

In the early morning of September 27, 2015, the Atmel Board met to discuss and evaluate Company C's unsolicited proposal. Representatives of Jones Day reviewed Atmel's contractual obligations under the Dialog merger agreement and the Atmel Board's fiduciary duties in the context of the unsolicited proposal received from Company C. Representatives of Qatalyst Partners reviewed the financial terms and conditions of Company C's unsolicited proposal, including the proposed exchange ratio collar. Representatives of Qatalyst Partners discussed with the Atmel Board the fact that the proposed exchange ratio collar would not result in any further adjustment to the exchange ratio (and the notional value of Company C's proposal therefore would decline or increase) if Company C's five-day average stock price at closing declined or increased by more than 5% compared to Company C's stock price on the date the definitive agreement was signed. The Atmel Board, in consultation with representatives of Qatalyst Partners, discussed the decline in Company C's stock price during the past several months, the decline in stock price from the date (September 10, 2015) on which the Company C prior offer had been made, and the implications, from a valuation standpoint, if Company C's stock price continued to decline. Atmel management also discussed their perceptions of Company C's financial and operating performance, the performance of Company C's stock price and the possibility that Company C's stock price could fall below the floor of the proposed 5% symmetrical collar, and the growth prospects for Company C based on due diligence conducted during the strategic review process.

Representatives of Jones Day reviewed the contractual terms and conditions of the Dialog merger agreement as applied to Company C's unsolicited proposal. Representatives of Jones Day also noted that Dialog determined, after the execution of the Dialog merger agreement, that the issuance of Dialog ADSs to Atmel stockholders would not require an amendment of Dialog's charter and so would not require a 75% super-majority vote contemplated by the Dialog merger agreement. In addition, representatives of Jones Day reported that Dialog had confirmed that antitrust filings would be required only in the United States, Romania and Germany.

After a discussion among those present at the meeting, including representatives of Qatalyst Partners and Jones Day, the Atmel Board concluded that the terms of Company C's unsolicited proposal offered marginal potential value protection to Atmel and its stockholders. The Atmel Board then directed Messrs. Sugishita and Laub to contact Richard Beyer, Dialog's Chairman, and Dr. Jalal Bagherli to confirm Dialog's commitment to the merger. The Atmel Board also requested that representatives of Qatalyst Partners and Jones Day determine whether Dialog would amend the Dialog merger agreement to provide that the merger would be conditioned upon a simple-majority vote of Dialog

shareholders (rather than a 75% super-majority vote) and the receipt of antitrust approvals (or the expiration of waiting periods) only in the United States, Germany and Romania.

Later on September 27, 2015, Mr. Laub spoke with Dr. Bagherli, who confirmed Dialog's commitment to the merger. In the evening of September 27, 2015, Mr. Laub and Dr. Bagherli spoke again to discuss the transaction. Mr. Laub requested that Dialog agree to amend the Dialog merger agreement in the manner described in the preceding paragraph.

Mr. Sugishita spoke with Mr. Beyer during the evening of September 27, 2015. Mr. Beyer also reaffirmed Dialog's commitment to the merger and Dialog's agreement to amend the Dialog merger agreement in the manner requested by Atmel.

During the late evening of September 27, 2015, the Atmel Board reconvened, together with representatives of Qatalyst Partners, Jones Day and Atmel management, to review the discussions between Mr. Laub and Dr. Bagherli, on the one hand, and Mr. Sugishita and Mr. Beyer, on the other hand, and to further review Company C's unsolicited proposal. The Atmel Board considered, among other things, (1) the long-term value of Company C's unsolicited proposal as compared to the long-term value of the merger with Dialog after consultation with its financial and legal advisors regarding the higher cash component included in Company C's offer against the overall value, and long-term growth prospects, available to Atmel stockholders through Atmel's combination with Dialog (including Atmel's ability, through a combination, to leverage Dialog's long-term relationship with its largest customer in a manner that would expand Atmel's addressable market opportunity with such customer), (2) the long-term value of an Atmel and Company C combination, including expected financial performance, growth prospects and market opportunities, as compared to an Atmel and Dialog combination, (3) the likelihood of consummating the merger as compared to a potential business combination with Company C, (4) the marginal potential value protection of the exchange ratio collar to Atmel and its stockholders and (5) the ability of each of Dialog and Company C to integrate Atmel after consummating the transaction. After further consultation with Atmel management, representatives of Qatalyst Partners and Jones Day, the Atmel Board unanimously concluded that Company C's unsolicited proposal did not constitute a Company Superior Proposal (as defined in the Dialog merger agreement) and would not reasonably be expected to result in a Company Superior Proposal. The Atmel Board unanimously determined to proceed with the merger and to allow Company C's unsolicited proposal to expire by its terms. The Atmel Board also authorized members of Atmel management to execute the amendment to the merger agreement with Dialog.

On September 29, 2015, Atmel and Dialog executed the amendment to the Dialog merger agreement, and Dialog issued a press release announcing the amendment to the Dialog merger agreement.

On November 19, 2015, Dialog's stockholders approved the transactions contemplated by the Dialog merger agreement.

On December 7, 2015, Microchip submitted a written, unsolicited acquisition proposal to acquire Atmel. Atmel promptly notified Dialog of the proposal, orally and in writing, and provided Dialog with a copy of the unsolicited proposal as required by the terms of the Dialog merger agreement. Microchip's unsolicited proposal offered \$9.00 per share in cash for all outstanding Atmel shares with an option to elect to receive up to \$1 billion in aggregate consideration in the form of shares of Microchip stock (with the stock component value based on a 10-day average closing price measured at the last trading day before the transaction closing date), representing a premium of 2% above the implied value of the transaction with Dialog at the time of the bid.

On December 8, 2015, the Atmel Board met to discuss and evaluate Microchip's unsolicited acquisition proposal. At that meeting, representatives of Qatalyst Partners reviewed, among other things, the financial terms of Microchip's unsolicited proposal. Representatives of Jones Day reviewed, among other things, the Atmel Board's fiduciary duties and Atmel's contractual obligations under the Dialog merger agreement, both in the context of Microchip's unsolicited proposal. Following a discussion, the Atmel Board determined to continue its evaluation of Microchip's unsolicited

proposal at the next Board meeting scheduled for December 10, 2015.

On December 10, 2015, the Atmel Board met to continue its discussion and evaluation of Microchip's unsolicited acquisition proposal. Representatives of Jones Day reviewed Atmel's contractual obligations under

the Dialog merger agreement in the context of Microchip's unsolicited proposal. The Atmel Board reviewed matters related to the Dialog merger and the unsolicited acquisition proposal submitted by Microchip, including the implied value to Atmel stockholders of a potential combination with Microchip, the current implied value of the Dialog merger and the outlook for Atmel's and Dialog's respective businesses. The Atmel Board and Atmel's advisors discussed the stock market volatility experienced by Dialog since the execution of the Dialog merger agreement and the effects of that volatility on the merger consideration. Representatives of Qatalyst Partners also discussed potential future trading ranges for each of the Microchip and Dialog transactions, and the Atmel Board engaged in discussion regarding the potential short- and long-term values of both proposals. Following further discussion, the Atmel Board determined that (1) Microchip's unsolicited acquisition proposal would reasonably be expected to result in a Company Superior Proposal (as defined in the Dialog merger agreement) and (2) the failure to participate in discussions or negotiations or furnish information to Microchip would reasonably be expected to be inconsistent with the directors' fiduciary duties under applicable law. The Atmel Board did not determine, at that meeting, whether the proposal constituted a Company Superior Proposal under the terms of the Dialog merger agreement. The Atmel Board determined to engage in discussions with Microchip and to seek clarification of matters related to the unsolicited acquisition proposal. Mr. Sugishita sent a letter to Mr. Sanghi requesting clarifications of Microchip's proposal, including (i) confirmation that any form of definitive merger agreement would be based on the executed version of the Dialog merger agreement (other than the financial terms thereof, as appropriately modified, and other terms specific to a foreign company such as Dialog that would be inapplicable to Microchip), (ii) provision of information concerning Microchip's ability to finance the proposed transaction, (iii) specification of the precise scope of confirmatory due diligence that Microchip expected to undertake, and (iv) an assessment of the regulatory approvals that would be required to consummate the proposed transaction (including expected timing for obtaining those approvals).

On December 11, 2015, Atmel issued a press release acknowledging receipt of Microchip's unsolicited acquisition proposal and indicating that the Microchip proposal has been determined by the Atmel Board as one that would reasonably be expected to result in a Company Superior Proposal.

On December 14, 2015, Wilson, Sonsini, Goodrich & Rosati, P.C. (WSGR), Microchip's external legal counsel, submitted a draft merger agreement to Jones Day, based substantially on the terms of Atmel's agreement with Dialog with certain modifications.

On December 15, 2015, the Atmel Board met to continue its discussion and evaluation of Microchip's unsolicited acquisition proposal. At that meeting, representatives of Qatalyst Partners discussed Dialog's revised financial guidance, issued earlier on December 15, 2015, for its fourth quarter of 2015, reflecting reduced financial projections. The Atmel Board discussed the implied value of the Dialog merger consideration and the continued diminution in value that might result from declining performance of, and lowered expectations for, Dialog. Representatives of Jones Day reviewed the terms and conditions of the draft merger agreement submitted by Microchip and discussed other matters related to a potential transaction with Microchip, including antitrust, financing and post-signing cooperation considerations, closing conditions and the status of Microchip's due diligence review. Following a discussion, the Atmel Board instructed Atmel management to provide additional due diligence access to Microchip, and instructed the representatives of Qatalyst Partners and Jones Day to continue discussions with Microchip regarding the terms and conditions of the draft merger agreement.

From December 16, 2015 through January 12, 2016, representatives of Jones Day and WSGR continued to negotiate the terms of the draft merger agreement, including provisions related to proposed termination fees, restrictions on Atmel's operations during the period between signing and closing of the proposed transaction, financing and post-signing cooperation covenants, and other matters related to the possible deferral of closing under specified conditions. Legal counsel for Atmel and Microchip exchanged multiple drafts of the merger agreement during that period. Microchip was also provided additional due diligence materials and undertook further meetings and

discussions with Atmel management for purposes of completing its due diligence review.

On December 19, 2015, the Atmel Board met to continue its discussion and evaluation of Microchip's unsolicited acquisition proposal. At that meeting, Atmel management discussed Microchip's ability to finance

the proposed transaction. Atmel management advised the Atmel Board of initial customer and employee reaction to the announcement of the Microchip proposal. Representatives of Qatalyst Partners informed the Atmel Board of a conversation with a Dialog representative regarding Dialog's reaction to Microchip's unsolicited proposal. Representatives of Qatalyst Partners also updated the Atmel Board on the current implied value of the Dialog transaction compared to Microchip's unsolicited proposal. Representatives of Jones Day updated the Atmel Board on the status of negotiations with WSGR concerning the draft merger agreement, including negotiations related to certainty of closing, antitrust approvals, financing and post-signing cooperation matters. Representatives of Jones Day also informed the Atmel Board that Atmel and Microchip entered into a supplemental non-disclosure agreement to facilitate Atmel's due diligence review of Microchip and its unsolicited proposal. Following a discussion, the Atmel Board directed the representatives of Qatalyst Partners and Jones Day to continue negotiations with Microchip and its advisors.

On December 22, 2015, the Atmel Board met to continue its discussion and evaluation of Microchip's unsolicited acquisition proposal. At that meeting, Atmel management provided information regarding the status of Microchip's due diligence review, the potential timing for relevant antitrust reviews and the status of discussions regarding transaction structuring. Representatives of Jones Day reviewed the revised draft of the merger agreement and discussed differences between the Microchip and Dialog transactions. Representatives of Qatalyst Partners discussed the material terms and conditions of the draft merger agreement.

On December 24, 2015, the Atmel Board met to continue its discussion and evaluation of Microchip's unsolicited acquisition proposal. At that meeting, representatives of Qatalyst Partners reviewed the implied value of the Dialog merger consideration. Representatives of Qatalyst Partners also discussed the possible timing associated with each transaction (based on input from representatives of Jones Day), with illustrative present values of the Microchip proposal assuming closing dates materially later than expected with the Dialog transaction. Representatives of Jones Day provided an update on the status of Microchip's due diligence and merger agreement negotiations. Representatives of Jones Day also reviewed fiduciary obligations and other considerations applicable to the Atmel Board's evaluation of the Dialog and Microchip transactions. The Atmel Board instructed Jones Day to inform WSGR that it requested a response from Microchip to Atmel's latest draft of the merger agreement by December 31, 2015. Following the meeting, Mr. Sugishita informed Mr. Sanghi of this request, and representatives of Jones Day and Qatalyst Partners similarly communicated the request to representatives of WSGR and J.P. Morgan, financial advisor to Microchip. During the course of such conversations, representatives of Microchip, WSGR and J.P. Morgan indicated that certain due diligence review was in process, including a meeting with Atmel's business unit leaders.

On December 29, 2015, the Atmel Board met to receive an update on the status of discussions with Microchip. Representatives of Atmel management and Jones Day provided updates on Microchip's due diligence review and on merger agreement negotiations. Representatives of Qatalyst Partners advised the Atmel Board that meetings between Mr. Sanghi and Atmel's business unit leaders had been scheduled for the first week of January 2016 so that Microchip could satisfy its due diligence requirements.

On December 31, 2015, representatives of WSGR delivered a revised merger agreement to representatives of Jones Day.

On January 3, 2016, the Atmel Board met to continue its discussion and evaluation of Microchip's unsolicited acquisition proposal. At that meeting, representatives of Jones Day and Qatalyst Partners, respectively, reviewed the draft merger agreement. A discussion occurred regarding Microchip's proposed interim operations covenants and the potential effects of those restrictions on Atmel's business between signing and closing. Representatives of Jones Day also discussed matters that could affect the certainty and timing of closing a transaction with Microchip. Following the discussion, the Atmel Board instructed Jones Day and Qatalyst Partners to continue merger agreement negotiations.

On January 5, 2016, the Atmel Board met to continue its discussion and evaluation of Microchip's unsolicited acquisition proposal. On January 11, 2016, Messrs. Laub and Skaggs discussed with Mr. Sanghi and other members of Microchip management Atmel's preliminary financial results for the fourth quarter of 2015.

On the evening of January 11, 2016, the Microchip Board met with members of Microchip's management team and representatives of J.P. Morgan and WSGR and received reports on the due diligence and merger agreement discussions that had occurred since its meeting on January 8, 2016. The Microchip Board discussed the purchase price of the transaction and what proportion of the purchase price should be in cash and shares of Microchip common stock. Following discussion, the Microchip Board unanimously approved (i) a binding, irrevocable offer to acquire Atmel for \$8.15 per share, consisting of \$7.00 per share in cash and \$1.15 per share in shares of Microchip common stock and (ii) the delivery by Microchip of an executed version of the merger agreement, subject solely to acceptance by Atmel.

On the evening of January 11, 2016, after Mr. Sanghi's discussion with Messrs. Laub and Skaggs and after the meeting of the Microchip Board, Microchip submitted a binding, irrevocable offer to acquire Atmel, including an executed version of the merger agreement, subject solely to acceptance by Atmel.

Under the terms of the binding, irrevocable offer, Microchip proposed to purchase all of the outstanding shares of Atmel for \$8.15 per share, consisting of \$7.00 per share in cash and \$1.15 per share in shares of Microchip common

stock, valued at the average closing price for a share of Microchip common stock for the ten most

recent trading days ending on the last trading day prior to the closing, with the maximum number of Microchip shares to be issued in the transaction capped at 13.0 million shares. To the extent that the number of Microchip shares issuable would exceed 13.0 million shares, the cash consideration per Atmel share would be increased such that the value of the combined cash and stock consideration would remain at \$8.15 per share (as valued based upon the average closing price described in the previous sentence). Microchip's binding, irrevocable offer was to expire by its terms at 5:00 p.m. Pacific Time, on January 19, 2016, the fifth business day following its delivery, which was intended to provide Atmel sufficient time to permit Dialog to submit a counteroffer as contemplated by the terms of the Dialog merger agreement.

On January 11, 2016, the Atmel Board met to discuss and evaluate Microchip's binding, irrevocable offer to acquire Atmel. At that meeting, Mr. Laub reviewed the terms of Microchip's offer. Representatives of Jones Day reviewed the terms of the Dialog merger agreement, comparing it to the executed form of the Merger Agreement. Representatives of Qatalyst Partners compared the financial terms of Microchip's offer with the terms of the Dialog transaction, including the implied value of the Dialog merger consideration. Following a discussion, the Board instructed representatives of Jones Day and Qatalyst Partners to prepare additional information to enable the Atmel Board to compare the competing transactions.

In the morning of January 12, 2016, the Atmel Board met to discuss and evaluate Microchip's binding, irrevocable offer to acquire Atmel. At that meeting, representatives of Jones Day reviewed the Atmel Board's fiduciary duties and Atmel's contractual obligations under the Dialog merger agreement. Representatives of Jones Day also reviewed the terms and conditions of the executed form of merger agreement submitted by Microchip, including termination rights and termination fees, closing conditions, antitrust and regulatory requirements, and post-signing cooperation and interim operating covenants. Representatives of Qatalyst Partners reviewed the financial terms of the Microchip offer and compared the implied value of the Dialog transaction with the value of the Microchip offer. Representatives of Qatalyst Partners also discussed Dialog management's financial projections for the first quarter of 2016 as compared to publicly available research analyst or street expectations for Dialog's 2016 first quarter financial performance. After considering the information presented by representatives of Jones Day and Qatalyst Partners, the Atmel Board discussed whether the Microchip offer constituted a Company Superior Proposal under the terms of the Dialog merger agreement. The Atmel Board determined to defer a decision on that matter and to reconvene during the evening of January 12 to further consider the question. Based on the discussions that had occurred during the board meeting on January 12, 2016, the Atmel Board instructed Jones Day to inform WSGR that a determination of the Atmel Board regarding whether the Microchip offer constituted a Company Superior Proposal might not be unanimous and that the form of definitive merger agreement between the parties would need to reflect that determination.

Following the Atmel Board's meeting on the morning of January 12, 2016, Microchip advised Atmel in writing that its binding, irrevocable offer to acquire Atmel would expire at 10:00 p.m. Pacific Time on January 19, 2016, per Atmel's request. Microchip also submitted a revised executed form of the Merger Agreement, which did not require that the Atmel Board unanimously approve the Merger Agreement or unanimously recommend that Atmel stockholders approve the transaction with Microchip.

The Atmel Board met in the evening of January 12, 2016 to continue its discussion and evaluation of Microchip's binding, irrevocable offer. At that meeting, representatives of Jones Day again reviewed the terms of the form of final Merger Agreement, and confirmed that Microchip had agreed to revise the Merger Agreement to remove any requirement that the Atmel Board unanimously approve the transactions contemplated thereby. After consultation with Atmel's legal and financial advisors and Atmel senior management, and commentary provided by members of the Atmel Board during those discussions, each member of the Atmel Board expressed a preliminary opinion on whether the Microchip offer constituted a Company Superior Proposal under the terms of the Dialog merger agreement. After additional discussion, the Atmel Board, by majority vote, determined (with Papken Der Torossian and Messrs. Laub

and Wu voting against that determination) that Microchip's binding, irrevocable offer constituted a Company Superior Proposal under the terms of the Dialog merger agreement and that it would reasonably be expected to be inconsistent with the Atmel Board's fiduciary duties

under applicable law to fail to effect a change of recommendation on the basis of Microchip's binding, irrevocable offer. Mr. Laub, thereafter, discussed management's recommendation to the Atmel Board that Atmel issue a press release announcing Atmel's preliminary financial results for the fourth quarter of 2015. Following a discussion, the Atmel Board authorized Atmel management to prepare and issue a press release announcing preliminary financial results for the fourth quarter of 2015.

On that same date, Atmel provided Dialog with written notice of the Atmel Board's intention to effect a change of recommendation and to terminate the Dialog merger agreement. Atmel provided Dialog with a copy of the definitive form of the Merger Agreement executed by Microchip. The written notice also informed Dialog that the Atmel Board would consider in good faith any changes to the Dialog merger agreement or other arrangements that might be offered in writing by, and would be legally binding upon, Dialog by 5:00 p.m. Pacific Time on January 19, 2016, the fourth business day after delivery of the written notice to Dialog.

On January 13, 2016, Atmel issued a press release announcing that the Atmel Board determined that Microchip's unsolicited proposal constituted a Company Superior Proposal under the terms of the Dialog merger agreement. Atmel also issued a separate press release on January 13 announcing preliminary financial results for the fourth quarter of 2015.

On January 14, 2016, Atmel received a letter from Dialog informing Atmel that Dialog had determined not to propose any changes to the Dialog merger agreement or other arrangements related to the Dialog merger.

On January 19, 2016 the Atmel Board met to review the terms and conditions of the proposed Microchip transaction. At that meeting, representatives of Qatalyst Partners reviewed the financial terms of the Dialog merger agreement and the financial terms of the Microchip binding, irrevocable offer. Representatives of Jones Day reviewed the Atmel Board's fiduciary obligations and Atmel's contractual obligations under the Dialog merger agreement. Representatives of Jones Day informed the Atmel Board that the Dialog merger agreement permitted Atmel to terminate the Dialog merger agreement to enter into an alternative transaction, such as Microchip's unsolicited proposal, if that alternative transaction constituted a Company Superior Proposal. Representatives of Jones Day next reviewed the terms and conditions of the Merger Agreement, noting material differences between the Dialog merger agreement and the Merger Agreement. Following additional discussion by the Atmel Board, representatives of Qatalyst Partners rendered to the Atmel Board its oral opinion, which was subsequently confirmed by delivery of a written opinion, dated January 19, 2016, to the effect that, as of January 19, 2016, and based upon and subject to the factors, assumptions, limitations, qualifications and conditions set forth in that opinion, the merger consideration to be received by holders of Atmel common stock (other than Microchip and its affiliates) was fair, from a financial point of view, to holders of Atmel shares, as more fully described below in the section entitled "Opinion of Atmel's Financial Advisor" beginning on page 78 of this proxy statement/prospectus. The written opinion of Qatalyst Partners is attached to this proxy statement/prospectus as Annex B and is incorporated herein by reference.

The Atmel Board, after consultation with representatives of Qatalyst Partners, Jones Day and Atmel management, then evaluated, discussed and compared the terms of the Dialog merger agreement and the Merger Agreement. After considering the information with which it had been provided by its legal and financial advisors during the meetings held to discuss and evaluate the Microchip proposal, the Atmel Board's extensive consultation with those advisors throughout the process, and related information offered by Atmel management, the Atmel Board determined by majority vote (with Messrs. Der Torossian, Laub and Wu voting against that determination) to terminate the Dialog merger agreement and enter into the Merger Agreement. The Atmel Board further determined by a majority vote (with Messrs. Der Torossian, Laub and Wu voting against that determination) that the Merger Agreement, the performance by Atmel of its obligations thereunder and the consummation of the transactions contemplated thereby were advisable and fair to, and in the best interests of, Atmel and its stockholders. Atmel promptly delivered a notice of termination to

Dialog with respect to the Dialog merger agreement.

Following the termination of the Dialog merger agreement on January 19, 2016, Atmel executed and delivered the Merger Agreement to Microchip, and Atmel and Microchip issued a joint press release announcing the execution of the Merger Agreement. Atmel thereafter paid the termination fee to Dialog as required under the Dialog merger agreement.

Recommendation of the Atmel Board; Atmel's Reasons for the Merger

At its January 19, 2016 meeting held to evaluate the proposed Merger, the Atmel Board, by majority vote, approved the Merger Agreement and determined that the terms of the Merger are fair to and in the best interests of Atmel stockholders. The Atmel Board recommends that Atmel stockholders vote:

1. **FOR** the Merger Proposal;
2. **FOR** the Compensation Proposal; and
3. **FOR** the Atmel Adjournment Proposal.

Charles Carinalli, Dr. Edward Ross, Jack L. Saltich and David Sugishita, constituting a majority of the Atmel Board (Messrs. Carinalli, Saltich and Sugishita and Dr. Ross are sometimes collectively referred to as the Majority Directors), voted to approve the Merger Agreement and made the determination that the terms of the Merger are fair to and in the best interests of Atmel stockholders. In connection with the Majority Directors' determination to approve the Merger Agreement, the Majority Directors concurrently determined to terminate Atmel's then-pending merger agreement with Dialog, which had been entered into on September 19, 2015. As a result, the evaluations conducted by the Atmel Board and the determination related to the Merger Agreement involved concurrent evaluations and assessments of the terms of the Dialog merger agreement and the relative value that the Dialog transaction would offer to Atmel stockholders if completed. All members of the Atmel Board were determined to maximize stockholder value. Certain members of the Atmel Board believed, based on their individual assessment, evaluation and weighting of the factors discussed below, that the pending transaction with Dialog offered greater potential value to Atmel stockholders than the Merger. Papken Der Torossian, Steven Laub and Tsung-Ching Wu (Messrs. Der Torossian, Laub and Wu are sometimes collectively referred to as the Minority Directors) voted against the determination to approve the Merger Agreement and to terminate the Dialog merger agreement.

In evaluating the Merger and the Merger Agreement and arriving at its determination, the Atmel Board consulted with Atmel's senior management, Atmel's financial advisor, Qatalyst Partners, and Atmel's outside legal counsel, Jones Day. The factors referenced below were discussed during meetings of the Atmel Board, with each individual member of the Atmel Board placing more or less emphasis or weight on particular factors, as described below. The emphasis and weighting of those factors led each of the Majority Directors and the Minority Directors to exercise his judgment in the manner reflected in the voting of the Atmel Board.

In making their determination to terminate the Dialog merger agreement and approve the Merger Agreement, and in concluding that the terms of the Merger are fair to and in the best interests of Atmel stockholders, the Majority Directors, while considering all factors referred to in this Section (including those referenced by the Minority Directors), placed greater emphasis or weight on the following factors than the Minority Directors (not in any relative order of importance):

The fact that the Merger Consideration, payable in a mix of cash and Microchip common stock, had a value of \$8.15 per share, representing a 2% premium over the per share implied value of \$7.95 for the Dialog

transaction, based on the closing price of Dialog's ordinary shares and the Euro to U.S. Dollar exchange rate reported on Bloomberg as of 5:30 p.m., Central European Time, on January 15, 2016, the last NASDAQ trading day prior to the date of the public announcement of the Merger Agreement. In addition, the Merger Consideration represented a premium over the market prices at which Atmel shares traded prior to the announcement of the Dialog merger agreement, specifically representing a:

- i 8% premium to Atmel's closing stock price on May 6, 2015, the day prior to the public announcement that Atmel's President and Chief Executive Officer, Mr. Laub, had informed the

Table of Contents

Atmel Board that he intended to retire as an officer and director of Atmel, effective August 31, 2015; and

- i 12% premium to Atmel's closing stock price on September 18, 2015, the last trading day before the announcement of the Dialog merger agreement;

The fact that Atmel stockholders will receive an immediate and substantial cash payout of \$7.00 per share for their Atmel shares, compared to \$4.65 per Atmel share under the Dialog merger agreement and, therefore, will realize greater certainty of value than was available to Atmel's stockholders under the Dialog merger agreement;

The decline in the value of the merger consideration offered by Dialog, which had declined from an implied value of \$10.42 per share on September 18, 2015 to an implied value of approximately \$7.95 per share on January 15, 2016, as a result of a decline in the Dialog stock price over that period, and the belief, in light of that decline, that the Merger Consideration is more favorable to Atmel stockholders than the consideration that would have been paid under the Dialog merger agreement;

The continued volatility of, and downward trends in, the price of Dialog's ordinary shares, the uncertainty regarding the future trading price of Dialog's ordinary shares and the resulting uncertainties (and possible continuing declines) in value that would have been realized by Atmel stockholders at the time of closing the Dialog transaction;

Dialog's financial results for the third and fourth quarters of 2015, and anticipated financial results for the first quarter of 2016, as well as the current trends in the semiconductor industry and other macroeconomic factors, which suggest further volatility in consumer and other markets and potential downward pressure on semiconductor stocks;

The fact that Atmel stockholders will receive Microchip stock having a fixed-value based on the closing price of Microchip common stock during the ten trading days prior to closing of the Merger, compared to the Dialog transaction in which the exchange ratio representing the equity portion of the Dialog merger consideration was fixed at the time the Dialog merger agreement was executed and declined significantly in value since the execution of the Dialog merger agreement;

The closing risks associated with the Merger being comparable to the closing risks of a transaction with Dialog in light of (i) the terms of the Merger Agreement, including the requirement that Microchip pay to Atmel a \$250 million reverse termination fee if the Merger does not close due to the failure to receive applicable antitrust approvals, (ii) the advice of legal counsel regarding the likelihood of receiving regulatory approvals for the Merger, and (iii) the fact that, unlike the Dialog transaction, the Merger is not subject to the approval of The Committee on Foreign Investment in the United States (CFIUS);

Dialog's reliance on a single customer for a significant portion of its revenues and the uncertainties regarding the financial and business outlook of Dialog if that customer's financial and business outlook declines;

Uncertainty regarding Dialog's ability to achieve the full benefits of anticipated synergies from a merger between Atmel and Dialog;

The belief that, under the circumstances, \$8.15 per share was the highest price per Atmel share that Microchip was willing to pay, that the Majority Directors did not wish to risk the loss of Microchip's offer by rejecting the proposal, and that the terms of the Merger Agreement were the most favorable terms to Atmel to which Microchip was then willing to agree; and

The belief that a merger with Microchip would create a stronger, more diversified, combined company with the requisite scale, financial resources, technology, products, customer base, and global workforce to succeed in the rapidly consolidating semiconductor industry, in which Atmel stockholders would share through their receipt of shares of Microchip stock.

Table of Contents

In making their determination to vote against terminating the Dialog transaction and against the approval of the Merger Agreement, the Minority Directors, while considering all factors referred to in this Section (including those referenced by the Majority Directors), placed greater emphasis or weight on the following factors than the Majority Directors (not in any relative order of importance):

The modest difference in the implied values of the Merger Consideration and the consideration reflected in the Dialog transaction, and the expected future recovery in the Dialog stock price that would potentially provide Atmel stockholders with greater value than that offered under the Merger Agreement;

The fact that the Dialog transaction had received all antitrust regulatory approvals and was expected to close in March 2016, compared to the likely closing of the Merger sometime in the second quarter of 2016, or possibly later depending on the timing of receipt of required regulatory approvals, and the related effects of different closing dates on the present value of the merger consideration included in both transactions;

The optionality afforded by the Dialog transaction (particularly as synergies are realized) arising from the significant decline in the price of Dialog shares since September 19, 2015, and the opportunity for Atmel stockholders to participate in the long-term equity appreciation of a combined Atmel and Dialog entity in which Atmel stockholders would be expected to own approximately 38% of the fully-diluted equity, including the enhanced exposure, through the combined entity, to growth opportunities related to Dialog's relationship with its largest customer;

The belief that Dialog's stock price had effectively bottomed, would be less likely to suffer further material declines, and would be more likely to increase in value in the coming months, after taking into account the effects of the overall decline recently experienced in stock markets and in the stock prices of semiconductor companies, and the more recent declines in Dialog's stock price attributable to the preannouncement of its 2015 fourth quarter financial results, market speculation regarding weak results for its largest customer, and the economic slowdown in China;

The disruption to Atmel's business, pending closing of the Merger, associated with entering into a transaction with a direct competitor, including potential adverse effects on employee retention, sales channel partners, new customer design activities and customer relationships;

The belief, in light of the pending transaction with Dialog and potential synergies available to Microchip, that a determination to reject Microchip's offer of \$8.15 per share would potentially lead to a higher price per share from Microchip based on its significant interest in completing a transaction with Atmel; and

The possible risks related to transaction structuring matters expected to be undertaken by Microchip in connection with the Merger, and the required cooperation of Atmel following the execution of the Merger Agreement.

During the course of their evaluations and deliberations, the Atmel Board discussed other factors that informed the respective decisions of each of the Majority Directors and Minority Directors, including the following (not in any relative order of importance):

The fact that (i) as directed by the Atmel Board, representatives of Qatalyst Partners contacted 20 potential interested parties that Atmel believed would have the highest level of interest in a business combination with, or acquisition of, Atmel, (ii) Atmel executed non-disclosure agreements with, and provided initial due diligence access to, 14 interested parties, (iii) representatives of Qatalyst Partners delivered bid process letters to 13 of these interested parties, (iv) Atmel received preliminary non-binding indications of interest from, and provided further due diligence access to, seven of these interested parties, and (v) Atmel, at the conclusion of its strategic review process, received best and final acquisition proposals from three of these interested parties;

-73-

Table of Contents

The fact that, following the announcement of the execution of the Dialog merger agreement, the terms of the Dialog merger agreement permitted Atmel to enter into negotiations with other parties that submitted unsolicited acquisition proposals and potentially interested parties had sufficient opportunity to do so following the announcement of the Dialog transaction on September 19, 2015, as reflected by Atmel's receipt of two unsolicited acquisition proposals (as described in the section entitled

Background of the Merger beginning on page 53 of this proxy statement/prospectus), including the offer received from Microchip;

The fact that, on January 14, 2016, Atmel received a letter from Dialog informing Atmel that Dialog had determined not to propose any changes to the Dialog merger agreement or other arrangements related to the Dialog merger;

The fact that the Microchip offer was not subject to a financing condition and the assessment of the Atmel Board, after consultation with its financial advisor, that Microchip had adequate financial resources to pay the aggregate Merger Consideration;

The expectation, based on analyses undertaken by Microchip, that Microchip anticipates achieving significant synergies from cost savings and incremental revenue growth in connection with the transaction;

The risks associated with remaining independent as a stand-alone company (if that alternative remained available in light of the pending Dialog transaction, which could only be terminated under specified circumstances) and pursuing Atmel's strategic plan, including (i) Atmel's historical and projected financial performance as well as the decline in Atmel's financial performance during the third and fourth quarters of 2015, (ii) the adverse effects on Atmel's business of having been engaged in a strategic review process for an extended period of time and operating under the terms and restrictions of the Dialog merger agreement since September 2015, and the further uncertainties associated with market speculation regarding unsolicited acquisition proposals and perception risks related to broken deals, (iii) potential future competition, including from larger and better funded companies, (iv) challenges and risks associated with growing Atmel organically, including the lack of a designated chief executive officer to replace Mr. Laub upon his expected retirement, (v) the significant costs required to develop and market new products, (vi) the uncertainties associated with the evolution of one of Atmel's targeted growth markets, the Internet of Things, and the potential timing lag in seeing significant demand within that market segment for Atmel's products, (vii) the ability of Atmel to execute future strategic acquisitions in light of industry consolidation and the more limited financial resources that would likely be available to Atmel compared to its competitors, and (viii) the additional risk factors pertaining to Atmel that are included in its most recent quarterly report, which is incorporated by reference in this proxy statement/prospectus;

The fact that the Atmel Board, having considered various alternative transactions and Atmel's stand-alone valuation under various financial assumptions as a result of its strategic review process, determined, in consultation with its legal and financial advisors, that a merger of Atmel with a third party continued to be the most attractive transaction reasonably available to Atmel;

The rapid and ongoing consolidation of companies within the semiconductor industry, which was likely to continue at an accelerating pace;

The information and discussions with Atmel's management regarding Microchip's business, results of operations and financial and market position, and Atmel management's expectations concerning Microchip's future prospects and opportunities for long-term growth, including opportunities that might be available to the combined company that would likely not be available to Atmel as an independent company;

The fact that, on May 6, 2015, Atmel publicly announced Mr. Laub's decision to retire as an officer and director of Atmel, and the (i) resulting uncertainty regarding Atmel's future leadership, and (ii) information obtained and considered by the Atmel's Search Committee as it conducted a search and

engaged in candidate interviews, with the assistance of Spencer Stuart, an executive search consulting firm, for a potential replacement for Mr. Laub in parallel with its strategic review process;

The approval of Microchip's stockholders not being required to complete the Merger, as discussed further under the section entitled "The Merger Agreement" beginning on page 99 of this proxy statement/prospectus;

The belief that the Merger will be approved by the requisite regulatory authorities without the imposition of conditions that would materially delay or otherwise result in the termination of the Merger Agreement;

The fact that, unlike the Dialog transaction, the Merger is not subject to the approval of The Committee on Foreign Investment in the United States (CFIUS);

The fact that the mixed cash and equity nature of the Merger Consideration offers Atmel stockholders the opportunity to participate in the future earnings and growth of the combined company;

The terms and conditions of the Merger Agreement and the course of negotiations of the Merger Agreement, including, among other things:

- i Atmel's ability, subject to certain conditions, to provide information to and to engage in discussions or negotiations with a third party that makes an unsolicited acquisition proposal, and the Atmel Board's ability, in the exercise of its fiduciary duties, to terminate the Merger Agreement and to enter into an acquisition agreement in connection with a Company Superior Proposal, as defined in the Merger Agreement,
- i The Atmel Board's ability, subject to certain conditions, to change its recommendation supporting the Merger in response to an intervening event, regardless of the existence of a competing or superior acquisition proposal, to the extent the Atmel Board determines that the failure to take such action would reasonably be expected to be inconsistent with the directors' fiduciary duties under applicable law,
- i The Atmel Board's belief that the terms of the Merger Agreement, including the termination fee and expense reimbursement payments to be made to Microchip upon termination of the Merger Agreement under specified circumstances, are not likely to significantly deter another party from making a Company Superior Proposal,
- i The customary conditions to Atmel's and Microchip's obligations to complete the Merger, including the limited number of antitrust approvals on which closing is conditioned,

- i The commitment made by Microchip to Atmel to use reasonable best efforts to obtain regulatory clearances, including under the HSR Act,
- i The automatic three-month extension of the outside date of the Merger Agreement, if necessary to obtain required antitrust approvals, and
- i Atmel's ability specifically to enforce Microchip's obligations under the Merger Agreement, including Microchip's obligations to consummate the Merger;

The opinion of Qatalyst Partners delivered orally, and in the form of a written opinion, to the Atmel Board dated January 19, 2016, to the effect that as of January 19, 2016, and based upon and subject to the factors, assumptions, limitations, qualifications and conditions set forth in such opinion, the Merger Consideration to be received by the holders of Atmel's common stock, other than Microchip or its affiliates, was fair, from a financial point of view, to such holders, as more fully described below in the section entitled "Opinion of Atmel's Financial Advisor" beginning on page 78 of this proxy statement/prospectus;

The unsolicited feedback that Atmel received from certain of Atmel's institutional stockholders regarding Atmel's public announcement, on January 13, 2016, of the Atmel Board's determination that

Table of Contents

Microchip's unsolicited proposal constituted a Company Superior Proposal under the Dialog merger agreement;

The fact that the approval of the Atmel stockholders is required to complete the Merger; and

The availability of appraisal rights under Delaware law to the Atmel stockholders who do not vote to approve the Merger Agreement and comply with all the required procedures under Delaware law, which provides those eligible stockholders with an opportunity to have a Delaware court determine the fair value of their shares, which may be more than, less than or the same as the amount such stockholders would have received under the Merger Agreement.

In addition to the factors specifically emphasized or weighted by each of the Majority Directors and the Minority Directors, during the course of their evaluations and deliberations, the Atmel Board discussed other uncertainties, risks and potentially negative factors that informed the respective decisions of each of those groups of Directors, including the following (not in any relative order of importance):

The fact that the Minority Directors did not support terminating the Dialog merger agreement and entering into the Merger;

The past financial performance and appreciation in the stock price of Dialog since 2007, and the possibility, if Dialog's stock recovered, that the Dialog transaction could have a higher implied value at closing than the Merger Consideration;

Atmel's obligation to pay Dialog a termination fee of \$137.3 million upon termination of the Dialog merger agreement and Microchip's unwillingness to directly pay the termination fee on Atmel's behalf;

The more limited potential equity upside available to Atmel stockholders in the Microchip transaction than would be available to Atmel stockholders in the Dialog transaction, in light of the fact that Atmel stockholders would be expected to own approximately 6% of Microchip's fully-diluted equity, compared to 38% of Dialog's fully-diluted equity after the closing of the respective transactions;

The fact that the Merger Consideration is less than the amount initially offered by Microchip on December 7, 2015;

The challenges inherent in the combination of two business enterprises of the size and scope of Atmel and Microchip, including the possibility that the anticipated cost savings and synergies and other benefits sought to be obtained from the transaction might not be achieved in the time frame contemplated or at all, and the other risks and uncertainties that could adversely affect the combined company's operating results;

The high debt leverage of a combined Atmel and Microchip entity, which could limit access to credit markets or make access more expensive and reduce operational and strategic flexibility;

The fact that gains from the Merger Consideration received by Atmel stockholders in connection with the Merger will be taxable to Atmel stockholders for U.S. federal income tax purposes;

The provisions in the Merger Agreement relating to the potential payment of a termination fee of \$137.3 million under certain circumstances specified in the Merger Agreement, or up to \$20 million of Microchip's expenses in connection with the Merger, if the Merger Agreement is terminated as a result of Atmel stockholders not approving the Merger Agreement;

The unsolicited feedback that Atmel received from certain of Atmel's institutional stockholders regarding Atmel's public announcement, on January 13, 2016, of the Atmel Board's determination that Microchip's unsolicited proposal constituted a Company Superior Proposal under the Dialog merger agreement;

The timing of and potential higher certainty of closing the transaction with Dialog based on the receipt, at the time of executing the Merger Agreement, of all antitrust regulatory approvals required to consummate a transaction with Dialog, compared to uncertainties associated with the timing and receipt of regulatory approvals required for the Merger;

Table of Contents

The risks associated with satisfying certain conditions related to antitrust clearances and the possibility that the Merger may not be completed and, if completed, the Merger is likely to close after the expected closing date of the Dialog transaction;

The risks and costs to Atmel if the Merger fails to close, including diversion of management and employee attention, and the potential adverse effect on Atmel's business and relationships with customers, distributors, sales representatives and suppliers;

The adverse effect of uncertainties that arise prior to completion of the Merger, including on Atmel's ability to attract, retain and motivate key personnel pending completion of the Merger;

Restrictions on the conduct of Atmel's business prior to consummation of the Merger, including the requirement that Atmel conduct its business in the ordinary course, subject to specific limitations that may delay or prevent business opportunities that arise before the completion of the Merger and that, absent the Merger Agreement, Atmel might have pursued, or that might prevent Atmel from taking actions to improve its cost structure absent the proposed Merger, or taking other actions, whether in the form of dividend payments, stock repurchases, restructuring, asset dispositions or otherwise, which Atmel might have undertaken in the absence of the proposed Merger;

The possibility that the executive officers and directors of Atmel could have interests in the Merger that would be different from, or in addition to, those of Atmel's stockholders; and

The risks of the type and nature described under the sections entitled "Risk Factors" beginning on page 32 of this proxy statement/prospectus and "Special Note Regarding Forward-Looking Statements" beginning on page 42 of this proxy statement/prospectus.

In addition to the specific factors on which the Majority Directors placed greater emphasis or weight than the Minority Directors, the Majority Directors also concluded that the uncertainties, risks and potentially negative factors relevant to the Merger were further outweighed by the benefits the Majority Directors expect Atmel and Atmel stockholders to achieve from the Merger.

This discussion of the information and factors considered by the Atmel Board includes specific factors to which each of the Majority Directors and Minority Directors gave more or less emphasis or weight and other factors, both positive and negative, considered by the Atmel Board during its deliberations. The discussion of these matters is not intended to be exhaustive and may not include all of the factors considered by the Atmel Board. In view of the wide variety of factors considered in connection with its determination to terminate the Dialog transaction and its concurrent evaluation of the Merger, and the complexity of these matters, the Atmel Board did not attempt to quantify the various factors that it considered in reaching its determination to terminate the Dialog transaction, to approve the Merger, and to make its recommendations to the Atmel stockholders. Rather, the Atmel Board viewed its decisions as being based on the totality of the information presented to it and the factors it considered, including the emphasis and weighting placed on certain of those factors by each of the Majority Directors and Minority Directors. The explanation of the Atmel Board's reasons for the proposed transactions and all other information in this Section may be forward-looking in nature and therefore should be read in light of the factors discussed under the section entitled "Special Note Regarding Forward-Looking Statements" beginning on page 42 of this proxy statement/prospectus.

Table of Contents**Opinion of Atmel's Financial Advisor**

Atmel retained Qatalyst Partners to act as financial advisor to the Atmel Board in connection with a potential transaction such as the Merger and to evaluate whether the Merger Consideration to be received by Atmel stockholders, other than Microchip, Atmel or their respective subsidiaries and except for dissenting stockholders, pursuant to the Merger Agreement was fair, from a financial point of view, to such holders. Atmel selected Qatalyst Partners to act as its financial advisor based on Qatalyst Partners' qualifications, expertise, reputation and knowledge of the business and affairs of Atmel and the industry in which it operates. Qatalyst Partners has provided its written consent to the reproduction of the Qatalyst Partners' opinion in this proxy statement/prospectus. At the meeting of the Atmel Board on January 19, 2016, Qatalyst Partners rendered its oral opinion, that, as of such date and based upon and subject to the considerations, limitations and other matters set forth therein, the Merger Consideration to be received by Atmel stockholders, other than Microchip, Atmel or their respective subsidiaries and except for dissenting stockholders, pursuant to the Merger Agreement was fair, from a financial point of view, to such holders. Qatalyst Partners delivered its written opinion, dated January 19, 2016, to the Atmel Board following the meeting of the Atmel Board.

The full text of Qatalyst Partners' written opinion to the Atmel Board dated January 19, 2016, is attached to this proxy statement/prospectus as Annex B and is incorporated by reference herein. The opinion sets forth, among other things, the assumptions made, procedures followed, matters considered and limitations and qualifications of the review undertaken by Qatalyst Partners in rendering its opinion. You should read the opinion carefully in its entirety. Qatalyst Partners' opinion was provided to the Atmel Board and addresses only, as of the date of the opinion, the fairness from a financial point of view, of the Merger Consideration to be received by Atmel stockholders, other than Microchip, Atmel or their respective subsidiaries and except for dissenting stockholders, pursuant to the Merger Agreement, and it does not address any other aspect of the Merger. It does not constitute a recommendation as to how any Atmel stockholder should vote with respect to the Merger or any other matter and does not in any manner address the price at which the Atmel common stock or the Microchip common stock will trade at any time. The summary of Qatalyst Partners' opinion set forth herein is qualified in its entirety by reference to the full text of the opinion.

In arriving at its opinion, Qatalyst Partners reviewed the Merger Agreement, certain related documents, and certain publicly available financial statements and other business and financial information of Atmel and Microchip. Qatalyst Partners also reviewed certain forward-looking information relating to Atmel approved for its use, by Atmel's management, including financial projections and operating data of Atmel (together, the "Extrapolated Street Case"). Additionally, Qatalyst Partners discussed the past and current operations and financial condition and the prospects of Atmel and Microchip, including information relating to certain strategic, financial and operational benefits anticipated from the Merger, with senior executives of Atmel. Qatalyst Partners also reviewed the historical market prices and trading activity for the Atmel common stock and Microchip common stock and compared the financial performance of Atmel and Microchip and the prices and trading activity of the Atmel common stock and Microchip common stock with each other and with that of certain other selected publicly-traded companies and their securities. In addition, Qatalyst Partners reviewed the financial terms, to the extent publicly available, of selected acquisition transactions and performed such other analyses, reviewed such other information and considered such other factors as Qatalyst Partners deemed appropriate.

In arriving at its opinion, Qatalyst Partners assumed and relied upon, without independent verification, the accuracy and completeness of the information that was publicly available or supplied or otherwise made available to, or discussed with, Qatalyst Partners by Atmel and/or Microchip. With respect to the Extrapolated Street Case, Qatalyst Partners was advised by Atmel's management, and Qatalyst Partners assumed, that, although Atmel's actual financial performance and results have caused Atmel's board of directors and management to be of the view that the future financial performance of Atmel would not be expected to exceed the Extrapolated Street Case, Atmel's board of

directors believes that the Extrapolated Street Case is a reasonable basis on which to arrive at the Qatalyst Partners opinion and instructed Qatalyst Partners to use and rely upon such projections for purposes of such opinion. Qatalyst Partners assumed that the Merger would be consummated in accordance with the terms set forth in the Merger Agreement, without any modification or delay. In addition,

Qatalyst Partners assumed that in connection with the receipt of all the necessary approvals of the proposed Merger, no delays, limitations, conditions or restrictions will be imposed that could have an adverse effect on Atmel, Microchip or the contemplated benefits expected to be derived in the Merger. Qatalyst Partners did not make any independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of Atmel or Microchip, nor was Qatalyst Partners furnished with any such evaluation or appraisal. In addition, Qatalyst Partners relied, without independent verification, upon the assessment of Atmel's management and Microchip's management as to the existing and future technology and products of Atmel and Microchip and the risks associated with such technology and products. Qatalyst Partners' opinion has been approved by Qatalyst Partners' opinion committee in accordance with its customary practice.

Qatalyst Partners' opinion is necessarily based on financial, economic, market and other conditions as in effect on, and the information made available to it as of, the date of the opinion. Events occurring after the date of the opinion may affect Qatalyst Partners' opinion and the assumptions used in preparing it, and Qatalyst Partners has not assumed any obligation to update, revise or reaffirm its opinion. Qatalyst Partners' opinion does not address the underlying business decision of Atmel to engage in the Merger, or the relative merits of the Merger as compared to any strategic alternatives that may be available to Atmel. Qatalyst Partners' opinion is limited to the fairness, from a financial point of view, of the Merger Consideration to be received by Atmel stockholders, other than Microchip, Atmel or their respective subsidiaries and except for dissenting stockholders, pursuant to the Merger Agreement, and Qatalyst Partners expressed no opinion with respect to the fairness of the amount or nature of the compensation to any of Atmel's officers, directors or employees, or any class of such persons, relative to the Merger Consideration.

The following is a brief summary of the material analyses performed by Qatalyst Partners in connection with its opinion dated January 19, 2016. The analyses and factors described below must be considered as a whole; considering any portion of such analyses or factors, without considering all analyses and factors, could create a misleading or incomplete view of the process underlying Qatalyst Partners' opinion. For purposes of its analyses, Qatalyst Partners utilized the Extrapolated Street Case described below in the section entitled "Certain Unaudited Prospective Financial Information Reviewed by the Atmel Board and Atmel's Financial Advisor" beginning on page 85 of this proxy statement/prospectus. Some of the summaries of the financial analyses include information presented in tabular format. The tables are not intended to stand alone, and in order to more fully understand the financial analyses used by Qatalyst Partners, the tables must be read together with the full text of each summary. Considering the data set forth below without considering the full narrative description of the financial analyses, including the methodologies and assumptions underlying the analyses, could create a misleading or incomplete view of Qatalyst Partners' financial analyses.

Illustrative Discounted Cash Flow Analysis

Qatalyst Partners performed an illustrative discounted cash flow (DCF) analysis, which is designed to imply a potential, present value of share values for the Atmel common stock as of December 31, 2015 by:

adding:

- i the implied net present value of the estimated future unlevered free cash flows of Atmel, based on the Extrapolated Street Case, for calendar year 2016 through calendar year 2019 (which implied present value was calculated by using a range of discount rates of 11.0% to 18.0%, based on an estimated weighted average cost of capital for Atmel);

- i the implied net present value of a corresponding terminal value of Atmel, calculated by multiplying the estimated net operating profit after tax (NOPAT) in calendar year 2020, based on the Extrapolated Street Case, by a range of multiples of enterprise value to next-twelve-months estimated NOPAT of 13.0x to 18.0x, and discounted to present value using the same range of discount rates used in the bullet above; and

subtracting debt of Atmel as of December 31, 2015;

applying a dilution factor of approximately 8% to reflect the dilution to current Atmel stockholders over the projection period due to the effect of future equity compensation grants, as projected by Atmel's management; and

dividing the resulting amount by the number of fully-diluted shares of Atmel's common stock outstanding, adjusted for RSUs, performance grants and stock options outstanding, as provided by Atmel's management, as of December 31, 2015.

Based on the calculations set forth above, this analysis implied a range of values for the Atmel common stock of approximately \$5.93 to \$9.35 per share.

Selected Companies Analysis

Qatalyst Partners compared selected financial information and public market multiples for Atmel with publicly available information and public market multiples for selected companies. The companies used in this comparison included those companies listed below and were selected because they are publicly traded companies in Atmel's industry. Based upon research analyst consensus estimates for calendar year 2016, and using the closing prices as of January 15, 2016 for shares of the selected companies, Qatalyst Partners calculated, among other things, the price per share divided by the estimated earnings per share for calendar year 2016, which we refer to as the CY2016E EPS Multiples, for each of the selected companies below. The median CY2016E EPS Multiples among the following selected companies analyzed was 15.4x:

Table of Contents

Based on an analysis of the CY2016E EPS Multiples for the selected companies, Qatalyst Partners selected a representative range of 12.0x and 16.0x and applied this range to Atmel's estimated calendar year 2016 earnings per share based on the Extrapolated Street Case. This analysis implied a range of values for Atmel common stock of approximately \$4.50 to \$6.00 per share based on the Extrapolated Street Case.

No company included in the selected companies analysis is identical to Atmel. In evaluating the selected companies, Qatalyst Partners made judgments and assumptions with regard to industry performance, general business, economic, market and financial conditions and other matters. Many of these matters are beyond the control of Atmel, such as the impact of competition on the business of Atmel and the industry in general, industry growth and the absence of any material adverse change in the financial condition and prospects of Atmel or the industry or in the financial markets in general. Mathematical analysis, such as determining the arithmetic mean, median, or the high or low, is not in itself a meaningful method of using selected company data.

For each of the transactions listed above, Qatalyst Partners reviewed, among other things, the implied fully diluted enterprise value of the target company as a multiple of the next-twelve months revenue of the target company as reflected in certain publicly available financial statements and press releases, the median of which was 2.4x. Based on the analysis of such metrics for the transactions noted above, Qatalyst Partners selected a representative range of 2.0x to 3.5x applied to Atmel's next-twelve months revenue (calculated as the four quarters that start on January 1, 2016 and based on the Extrapolated Street Case). Based on the calculations set forth above, then subtracting net debt of Atmel as of December 31, 2015, and then dividing the resulting amount by Atmel's fully-diluted shares (using the treasury stock method), including common stock, RSUs, performance grants and stock options outstanding as provided by Atmel's management for the period ended December 31, 2015, this analysis implied a range of values for the Atmel common stock of approximately \$5.77 to \$9.82 per share.

For each of the transactions listed above, Qatalyst Partners also reviewed, among other things, the price as a multiple of the next-twelve months earnings per share of the target company as reflected in Wall Street analyst research, certain publicly available financial statements and press releases, the median of which was 22.3x. Based on the analysis of such metrics for the transactions noted above, Qatalyst Partners selected a representative range of 18.0x to 27.0x applied to Atmel's next-twelve-months estimated earnings per share (calculated as the four quarters that start on January 1, 2016 and based on the Extrapolated Street Case). Based on the calculations set forth above, this analysis implied a range of values for the Atmel common stock of approximately \$6.75 to \$10.13 per share.

No company or transaction utilized in the selected transactions analysis is identical to Atmel or the Merger. In evaluating the selected transactions, Qatalyst Partners made judgments and assumptions with regard to general business, market and financial conditions and other matters, many of which are beyond the control of Atmel, such as the impact of competition on the business of Atmel or the industry generally, industry growth and the absence of any material adverse change in the financial condition of Atmel or the industry or in the financial markets in general, which could affect the public trading value of the companies and the aggregate value of the transactions to which they are being compared. Because of the unique circumstances of each of these transactions and the Merger, Qatalyst Partners cautioned against placing undue reliance on this information.

Miscellaneous

In connection with the review of the Merger by the Atmel Board, Qatalyst Partners performed a variety of financial and comparative analyses for purposes of rendering its opinion. The preparation of a financial opinion is a complex process and is not necessarily amenable to a partial analysis or summary description. In arriving at its opinion, Qatalyst Partners considered the results of all of its analyses as a whole and did not attribute any particular weight to

any analysis or factor it considered. Qatalyst Partners believes that selecting any portion of its analyses, without considering all analyses as a whole, could create a misleading or incomplete view of the process underlying its analyses and opinion. In addition, Qatalyst Partners may have given various analyses and

Table of Contents

factors more or less weight than other analyses and factors, and may have deemed various assumptions more or less probable than other assumptions. As a result, the ranges of valuations resulting from any particular analysis described above should not be taken to be Qatalyst Partners' view of the actual value of Atmel. In performing its analyses, Qatalyst Partners made numerous assumptions with respect to industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of Atmel and Microchip. Any estimates contained in Qatalyst Partners' analyses are not necessarily indicative of future results or actual values, which may be significantly more or less favorable than those suggested by such estimates.

Qatalyst Partners conducted the analyses described above solely as part of its analysis of the fairness, from a financial point of view, of the Merger Consideration to be received by the Atmel stockholders, other than Microchip, Atmel or their respective subsidiaries and except for dissenting stockholders, pursuant to the Merger Agreement, and in connection with the delivery of its opinion to the Atmel Board. These analyses do not purport to be appraisals or to reflect the price at which the Atmel common stock might actually trade.

Qatalyst Partners' opinion and its presentation to the Atmel Board was one of many factors considered by the Atmel Board in deciding to approve the Merger Agreement. Consequently, the analyses as described above should not be viewed as determinative of the opinion of the Atmel Board with respect to the Merger Consideration to be received by Atmel's stockholders pursuant to the Merger or of whether the Atmel Board would have been willing to agree to a different consideration. The Merger Consideration was determined through arm's-length negotiations between Atmel and Microchip and was approved by the Atmel Board. Qatalyst Partners provided advice to Atmel during these negotiations. Qatalyst Partners did not, however, recommend any specific consideration to Atmel or that any specific consideration constituted the only appropriate consideration for the Merger.

Qatalyst Partners provides investment banking and other services to a wide range of corporations and individuals, domestically and offshore, from which conflicting interests or duties may arise. In the ordinary course of these activities, affiliates of Qatalyst Partners may at any time hold long or short positions, and may trade or otherwise effect transactions in debt or equity securities or loans of Atmel, Microchip or certain of their respective affiliates. During the two year period prior to the date of Qatalyst Partners' opinion, no material relationship existed between Qatalyst Partners and its affiliates and Atmel or Microchip pursuant to which compensation was received by Qatalyst Partners or its affiliates other than Qatalyst Partners acting as financial advisor to Atmel in connection with its acquisition of Newport Media, Inc. (for which services Qatalyst Partners was paid a fee of \$2,100,000); however, Qatalyst Partners and its affiliates may in the future provide investment banking and other financial services to Atmel or Microchip or any of their respective affiliates for which it would expect to receive compensation.

Under the terms of its engagement letter, Qatalyst Partners provided Atmel with financial advisory services in connection with the proposed Merger for which it will be paid approximately \$25,000,000, \$150,000 of which was paid in connection with the execution of such engagement letter, \$5,000,000 of which was paid in connection with the delivery of its opinion in connection with the Dialog Merger Agreement (regardless of the conclusion reached in the opinion), \$5,000,000 of which became payable upon delivery of its opinion (regardless of the conclusion reached in the opinion), and the remaining portion of which will be paid upon, and subject to, consummation of the Merger. Atmel has also agreed to reimburse Qatalyst Partners for its expenses incurred in performing its services. Atmel has also agreed to indemnify Qatalyst Partners and its affiliates, their respective members, directors, officers, partners, agents and employees and any person controlling Qatalyst Partners or any of its affiliates against certain liabilities, including liabilities under federal securities law, and certain expenses related to or arising out of Qatalyst Partners engagement.

Table of Contents**Certain Unaudited Prospective Financial Information Reviewed by the Atmel Board and Atmel's Financial Advisor**

Atmel generally does not publicly disclose projections of its expected future financial performance or position because of, among other things, the inherent difficulty of accurately predicting financial performance for future periods and the possibility that the underlying assumptions and estimates may prove incorrect. While Atmel has not generally published financial projections, it has, from time to time, in its earnings press releases, published estimated ranges for its revenue and non-GAAP gross margin and operating expenses for the immediately succeeding calendar quarter.

In connection with the strategic review process conducted by the Atmel Board in 2015, Atmel management prepared non-public financial projections and operating data for Atmel as a stand-alone company, without giving effect to the Merger, in June 2015 (which we refer to as the June Projections) and in August 2015 (which we refer to as the August Projections; the June Projections and the August Projections are together referred to as the Management Projections). The June Projections were developed for internal review and consisted of financial prospects that reflected better projected financial performance than the August Projections. The June Projections reflected Atmel management's view of Atmel's future financial prospects as of June 2015. The June Projections assumed that Atmel's business would achieve revenue growth over the forecast period, supporting a compound annual growth rate (CAGR) of 10% from 2015 to 2020 for overall Atmel revenue. The August Projections reflected downward adjustments to the June Projections to reflect Atmel's actual financial results for its second quarter ended June 30, 2015, and also reflected Atmel management's revised view of Atmel's financial prospects as of August 2015. The August Projections assumed that Atmel's business would achieve revenue growth over the forecast period supporting a CAGR of 9% from 2015 to 2020 for overall Atmel revenue. The Management Projections, other than as revised in the August Projections, did not attempt to take into account a variety of detailed assumptions or other matters that have changed since the preparation of the projections, such as Atmel's actual 2015 financial performance, further consolidation within the semiconductor industry, changes to general economic or sector conditions, geopolitical matters, the effects that the strategic review process may have had on Atmel's business after it entered into the Dialog merger agreement, or the restrictions on the conduct of Atmel's business imposed by the terms of the Dialog merger agreement and the Merger Agreement. Both the June Projections and August Projections were based solely upon information available to Atmel management at the time of their preparation. The Management Projections were provided to the Atmel Board and to Qatalyst Partners. Atmel also provided the Management Projections to interested parties during the strategic review process. Because of the timing of Microchip's engagement in the strategic review process, Atmel provided Microchip with only the August Projections.

Atmel's actual financial results for the quarters ended September 30, 2015 and December 31, 2015 were less than the results for those periods included within the Management Projections. In light of the pending acquisition to which Atmel was subject after entering into the Dialog merger agreement on September 19, 2015, Atmel management did not prepare a revised set of projections after the August Projections, nor did it prepare an annual operating budget for 2016. For the purposes of Qatalyst Partners' preparation of its opinion, Atmel instructed Qatalyst Partners to use and rely upon estimates of Atmel's financial performance for the years ending December 31, 2016 and 2017 based on publicly available research analysts' estimates and extrapolations from those estimates for the years ending December 31, 2018, 2019 and 2020, assuming that Atmel's business would achieve revenue growth over the extrapolation period at a CAGR of 7% (which represented a lower rate than assumed for the August Projections to reflect Atmel's actual financial results for the third and fourth quarters of 2015) and operating margin expansion from 12% in the fiscal year ended December 31, 2015 to 25% in the fiscal year ending December 31, 2020 (representing a lower margin than assumed for the August Projections to reflect the reduced revenue expectation), which we refer to as the Extrapolated Street Case. Although Atmel's actual financial performance and results have caused the Atmel Board and Atmel management to be of the view that the future financial performance of Atmel would not be expected to exceed the Extrapolated Street Case, Atmel management advised Qatalyst Partners that the Atmel Board believed

that the Extrapolated Street Case was a reasonable basis on which to arrive at Qatalyst Partners' opinion and instructed Qatalyst Partners to use and rely

upon such projections for purposes of its opinion. Research analysts do not have access to non-public information affecting Atmel and projections were only available for 2016 and 2017. The views of research analysts are not necessarily predictive of future performance and may change from time to time.

The summary set forth below includes both the Management Projections and the Extrapolated Street Case, which are referred to together as unaudited prospective financial information. The unaudited prospective financial information were not prepared with a view toward public disclosure, and the inclusion of the summary unaudited prospective financial information below should not be regarded as an indication that any of Atmel, Microchip or any other recipient of this information considered, or now considers, it to be necessarily predictive of actual future results. The unaudited prospective financial information was developed based solely upon information available at the time of their preparation.

In addition, the unaudited prospective financial information was not prepared on a basis designed to comply with the guidelines established by the American Institute of Certified Public Accountants with respect to the preparation and presentation of projections. None of Atmel's or Microchip's independent registered public accounting firms, which are listed as experts in the section entitled Experts beginning on page 135 of this proxy statement/prospectus, nor any other independent accountants, has compiled, examined or performed any procedures with respect to the unaudited prospective information summarized below, nor expressed any opinion or any other form of assurance on this information or its achievability, and assumes no responsibility for, and disclaims any association with, the unaudited prospective financial information. The reports of the independent registered public accounting firms included or incorporated by reference in this proxy statement/prospectus relate to historical financial statements. They do not extend to any prospective financial information and should not be seen to do so.

Although presented with numerical specificity, the unaudited prospective financial information was developed in accordance with variables, estimates and assumptions that are inherently uncertain, susceptible to multiple interpretations and may be beyond the control of Atmel, and which may prove not to have been, or to no longer be, accurate (as is the case with the Management Projections). While in the view of Atmel's management, the unaudited prospective financial information were developed on bases that were reasonable at the time of their preparation, the unaudited prospective financial information are subject to many risks and uncertainties. Important factors that may affect actual results and cause actual results to differ materially from the unaudited prospective financial information include risks and uncertainties relating to Atmel's businesses (including the effects that the strategic review process may have had on Atmel's business after it entered into the Dialog merger agreement in September 2015), industry performance, the regulatory environment, general business and economic conditions, market and financial conditions, transactions or events that were not anticipated at the time the unaudited prospective financial information was prepared, various risks set forth in Atmel's reports filed with the Securities and Exchange Commission, and other factors described or referenced in the section entitled Special Note Regarding Forward-Looking Statements beginning on page 42 of this proxy statement/prospectus.

The unaudited prospective financial information also does not take into account any circumstances, transactions or events occurring after the date the unaudited prospective financial information was prepared. Accordingly, actual results have differed and will likely continue to differ, and may differ materially, from those contained in the unaudited prospective financial information. Neither Atmel nor Microchip can assure you that the financial results in the unaudited prospective financial information will be realized, or that future financial results of Atmel will not materially vary from those in the unaudited prospective financial information.

None of Atmel, Microchip or their respective affiliates, officers, directors, or other representatives gives any Atmel stockholder, or any other person, any assurance that actual results will not differ materially from the unaudited prospective financial information, and, except as otherwise required by law, none of them undertakes any obligation to

update or otherwise revise or reconcile the unaudited prospective financial information to reflect circumstances after the date the unaudited prospective financial information was generated, or to reflect the occurrence of future events, even in the event that any or all of the assumptions and estimates underlying the unaudited prospective financial information is shown to be in error.

The unaudited prospective financial information included below covers multiple years, and this information by its nature becomes subject to greater uncertainty with each successive year. Table of Contents

- (1) As used in this section of this proxy statement/prospectus, Non-GAAP Operating Income adjusts GAAP operating income to exclude costs (credits) associated with share-based compensation, intangible amortization, acquisition and merger related expenses, restructuring, French building underutilization, loss (gain) related to foundry arrangements, loss (gain) on sale of assets and investments, litigation reserves, financing arrangements, non-cash tax provisions, net income (loss) attributable to noncontrolling interest, and other non-cash or non-recurring adjustments.
- (2) As used in this section of this proxy statement/prospectus, Non-GAAP Earnings Per Share is defined as consolidated net (loss)/income per share for such period adjusted for the following: costs (credits) associated with share-based compensation, intangible amortization, acquisition and merger related expenses, restructuring, French building underutilization, loss (gain) related to foundry arrangements, loss (gain) on sale of assets and investments, litigation reserves, financing arrangements, non-cash tax provisions, net income (loss) attributable to noncontrolling interest, and other non-cash or non-recurring adjustments.
- (3) As used in this section of this proxy statement/prospectus, Net Operating Profit After Tax, which we refer to as NOPAT, reflects Atmel's operating profits presented on a Non-GAAP basis, excluding costs described in Footnote (1) above on an after-tax basis.
- (4) Unlevered free cash flow is a Non-GAAP financial measure calculated by starting with Non-GAAP operating income (as shown in the table above) and subtracting estimated taxes, capital expenditures, investment in working capital, cash payments associated with anticipated French building underutilization, and third party intellectual property license payments and then adding back depreciation expense.

Due to the forward-looking nature of the selected unaudited prospective financial information, specific quantifications of the amounts that would be required to reconcile it to GAAP measures are not available. Atmel believes that there is a degree of volatility with respect to certain GAAP measures, and certain adjustments made to arrive at the relevant non-GAAP measures, which preclude Atmel from providing accurate forecasted non-GAAP to GAAP reconciliations.

Interests of Atmel's Directors and Executive Officers in the Merger

In considering the recommendation of the Atmel Board with respect to the Merger, you should be aware that some of Atmel's directors and executive officers have interests in the Merger that are different from, or in addition to, the interests of Atmel stockholders generally. As described in more detail below, these interests include payments and benefits that are expected to be provided to the directors and executive officers upon consummation of the Merger or in connection with termination of their employment under certain circumstances prior to or following the Merger.

Treatment of Equity Awards Held by Atmel's Directors and Executive Officers

The equity compensation held by directors and executive officers of Atmel will generally be treated in the Merger in the same manner as similar awards held by other employees of Atmel. See the section entitled "The Merger Agreement Treatment of Atmel Options and Other Equity-Based Awards" beginning on page 100 of this proxy statement/prospectus. For the performance-based Atmel Units granted with a performance period that was intended to end December 31, 2015 (the "2015 PRSUs"), the Atmel Board determined that 57.0% of the target awards should vest contingent upon, and immediately prior to, the occurrence of the Effective Time, with the remaining 2015 PRSUs being converted into time-based awards that vest through November 15, 2017. In addition, in connection with the Merger, the Atmel Board determined that the Atmel Units granted in August 2015, for which performance criteria had not been established prior to the date of the Merger Agreement, will be converted, contingent upon the occurrence of the Effective Time, into time-based awards vesting through November 15, 2018. All outstanding Atmel Units held by non-employee directors of Atmel will vest in full on the Effective Time.

Table of Contents

The following table provides a summary of the unvested Atmel Units (including performance share awards denominated in restricted stock units) held by Atmel's directors and executive officers as of May 1, 2016, which is the assumed date of the Closing for the purposes of this table, and that remain subject to single-trigger or double-trigger accelerated vesting in connection with the Merger. Consequently, the following table excludes all Atmel Units that vested prior to May 1, 2016 under the normal (non-accelerated) vesting schedule applicable to such awards, but have not yet been settled. The following table also assumes that no Atmel directors or executive officers will be granted additional equity awards after February 1, 2016, the latest practicable date before the filing of this proxy statement. As of February 1, 2016, no Atmel directors or executive officers held unvested Atmel Options.

- (1) As discussed in more detail below, all of the outstanding and unvested Atmel Units (including performance share awards denominated in restricted stock units) held by Atmel's executive officers other than Mr. Laub will accelerate and fully vest in the event of a termination of employment without cause, a resignation for good reason (as such terms are defined in the Senior Executive Change of Control and Severance Plan) or a termination of employment due to death or disability, in each case within the time period beginning three months before the Merger a change of control (as defined in the Senior Executive Change of Control and Severance Plan) and ending 24 months following the Merger.

As discussed in more detail below, if the Merger occurs and is consummated during Mr. Laub's employment or at any time within nine months after the end of his employment, any outstanding equity award (including time-based and performance-based Atmel Units) that is, or was, scheduled to vest on or prior to the one year anniversary of the termination of his employment shall immediately vest. As noted below, Mr. Laub delivered written notice, consistent with, and subject to, the terms of the Laub Agreement, that the termination of his employment would be effective at the close of business on April 18, 2016. However, for purposes of this table only, the Company assumes that Mr. Laub's employment is not terminated prior to May 1, 2016, the assumed date of the Closing for purposes of this

table.

Pursuant to the terms of their award agreements, all outstanding Atmel Units held by non-employee directors of Atmel will vest in full on the Effective Time.

- (2) The estimated total value of the outstanding and unvested Atmel Units (including performance share awards denominated in restricted stock units) held by each director or executive officer as of May 1, 2016 was determined by multiplying (1) the number of shares of Atmel common stock subject to such outstanding and unvested Atmel Units as of May 1, 2016 that would be subject to accelerated vesting (as described in footnote 1) assuming a termination date of May 1, 2016 and (2) \$8.15, which is the sum of the

dollar amount of Cash Consideration and Stock Consideration to be received by Atmel stockholders pursuant to the terms of the Merger Agreement.

The estimated amounts listed in this column do not include the number and estimated value of the 2015 PRSUs that were deemed to be credited and vest subject to the Closing immediately prior to the Effective Time. The value of such 2015 PRSUs is as follows: Mr. Laub (226,596 shares; \$1,846,758); Mr. Skaggs (28,827 shares; \$234,942); Mr. De La Torre (5,866 shares; \$47,807); Mr. Kazerounian (33,520 shares; \$273,188); Mr. Valiton (41,342 shares; \$336,933); Mr. Wornow (20,112 shares; \$163,912); and Mr. Wu (22,346 shares; \$182,122).

Change of Control and Termination Benefits

Atmel has a Senior Executive Change of Control and Severance Plan (the "CoC Plan"), under which Atmel provides its senior executive officers, other than its CEO who is covered under a separate employment agreement, with severance benefits following a termination of employment, including a termination that occurs in connection with a change of control.

Senior Executive Change of Control and Severance Plan

Atmel's Compensation Committee adopted the CoC Plan in which Atmel's named executive officers (other than Atmel's CEO, who is entitled to change of control and severance benefits under the terms of the Laub Agreement, as described below) are eligible to participate. As a condition to participation, each eligible executive officer executed a participation agreement and waived his or her right to any severance provided under any other agreement or plan.

In accordance with the CoC Plan, the named executive officers other than Mr. Laub (each, an "Eligible Participant") will be entitled to receive the following severance benefits, contingent on such individual signing and not revoking a separation agreement containing a release of claims in favor of Atmel, in the event of a termination of employment without cause, a resignation for good reason or a termination of employment due to death or disability, in each case within the change of control determination period:

A lump sum payment in cash equal to 100% of the Eligible Participant's annual base salary, as in effect at the time of termination;

A lump sum payment in cash equal to 100% of the Eligible Participant's target incentive compensation for the year of termination;

A lump sum payment in cash equal to 100% of the Eligible Participant's target incentive compensation for the year of termination, pro-rated to the date of termination;

100% vesting acceleration of unvested equity awards outstanding on the later of the date of termination or the change of control, other than performance-based restricted stock unit awards (PRSUs) or other equity compensation awards that vest based on achievement of express performance goals, which performance goals have not, as of the later of the date of his or her termination or change of control, been achieved (except to the extent the performance plan governing, or terms of, those performance-based awards otherwise provide for, and permit, acceleration of those performance-based awards irrespective of whether

all applicable performance goals have, or have not, been achieved on the date of the termination or change of control);

12 months Atmel-paid COBRA coverage; and

Transitional outplacement benefits in accordance with the policies and guidelines of Atmel, as in effect immediately prior to the change of control.

Under the CoC Plan, change of control determination period means the time period beginning three months before a change of control (as defined in the CoC Plan) and ending 24 months following a change of control. The Merger constitutes a change of control as defined in the CoC Plan.

Letter Agreement with Steve Laub, dated August 24, 2015 (the "Laub Agreement")

On August 24, 2015, Steven Laub, Atmel's Chief Executive Officer, agreed to a request from Atmel's Board to extend his retirement date to facilitate the completion of the then-ongoing strategic evaluation process and entered into the Laub Agreement. Under the Laub Agreement, if a change of control occurs and is consummated during his employment or at any time within nine months after the end of his employment, his outstanding equity (including time-based and performance-based Atmel Units) that is, or was, scheduled to vest on or prior to the one year anniversary of the termination of his employment will vest. Mr. Laub's outstanding equity awards will not immediately terminate with termination of his employment to the extent necessary to accommodate this right. In addition, specifically with respect to his 2015 PRSUs, if Mr. Laub's employment ends for any reason on or before the initial cliff vesting date of such 2015 PRSUs, then, at a minimum, he will be deemed to vest in at least that one-third of such 2015 PRSUs that are credited to him based on Atmel's level of achievement of the applicable performance goals. Finally, Mr. Laub is entitled to receive a pro-rated portion of his annual incentive bonus, assuming 100% of target achievement level, if he is terminated at any time after January 1, 2016. On January 19, 2016, Mr. Laub delivered written notice, consistent with, and subject to, the terms of the Laub Agreement, that the termination of his employment would be effective at the close of business on April 18, 2016 (at which time Mr. Laub's resignation as a director would also take effect).

New Management Arrangements

To the best of Atmel's knowledge, except as described in this paragraph, no new employment agreement, arrangement or understanding between any director or executive officer of Atmel, on the one hand, and Microchip, Merger Sub or Atmel, on the other hand, existed as of the date of this proxy statement, and neither the Merger nor any related transaction is conditioned upon any director or executive officer of Atmel entering into any such agreement, arrangement or understanding. There were no discussions regarding the post-transaction roles of members of the Atmel Board.

Director and Officer Indemnification and Insurance

Pursuant to the terms of the Merger Agreement, Microchip has agreed to indemnify and hold harmless, and advance expenses as incurred to, the directors and officers of Atmel for a period of six years following the Effective Time. The directors and officers of Atmel will also be entitled to certain ongoing indemnification and coverage under directors and officers' liability insurance policies following the effective time of the Merger. Such indemnification and insurance coverage is further described in the section entitled "The Merger Agreement Indemnification and Insurance" beginning on page 113 of this proxy statement/prospectus.

Quantification of Change in Control and Termination Payments and Benefits to Atmel's Executive Officers

The table below entitled "Potential Change of Control Payments to Named Executive Officers," along with its footnotes, shows the compensation that may become payable in connection with, or following, the consummation of the Merger to Atmel's named executive officers identified in Atmel's most recent proxy statement with respect to its 2015 annual meeting of stockholders (i.e., Atmel's principal executive officer, principal financial officer and three other most highly compensated executive officers as determined for purposes of such annual proxy statement) as required by Item 402(t) of Regulation S-K.

Please note that the amounts indicated below are estimates based on multiple assumptions that may or may not actually occur or be accurate on the relevant date and do not reflect additional compensation actions that may occur before the completion of the Merger. As a result, the actual amounts, if any, to be received by a named executive

officer may differ in material respects from the amounts set forth below.

Table of Contents

For purposes of calculating the amounts indicated below, and except as expressly set forth below, we have assumed:

that the Effective Time, and the date on which the Merger closes, is May 1, 2016, which is assumed solely for purposes of calculating amounts set forth in the table below; the actual Effective Time, and the Closing Date, is subject to satisfaction or waiver of conditions set forth in the Merger Agreement, including governmental and regulatory approvals, that could affect the actual timing of the Closing;

the relevant price per share of Atmel common stock is \$8.15, which is the sum of the dollar amount of Cash Consideration and Stock Consideration to be received by Atmel stockholders pursuant to the terms of the Merger Agreement;

each named executive officer, other than Mr. Laub, is terminated by Microchip without cause or resigned for good reason (as such terms are defined in the relevant plans and agreements) and Mr. Laub resigns, in each case, immediately following the assumed Effective Time, which, as noted above, is assumed to be May 1, 2016 for the purposes of the table set forth below (each, referred to as a qualifying termination);

quantification of outstanding equity awards is calculated based on the outstanding equity awards held by each named executive officer as of February 1, 2016, the latest practicable date before the filing of this proxy statement, and no named executive officer will be granted additional equity awards after such date; and

all unvested equity awards held by each named executive officer as of February 1, 2016 continue to vest through May 1, 2016.

- (1) *Cash*. The estimated amounts listed in this column represent the aggregate value of cash severance each named executive officer, other than Mr. Laub, would be entitled to receive under the CoC Plan, or, in the case of Mr. Laub, under the terms of the Laub Agreement, in connection with a qualifying termination immediately following the Merger. Severance payments under the CoC Plan are double-trigger benefits. Under the Laub Agreement, Mr. Laub is entitled to receive a pro-rated portion of his target annual incentive bonus for any qualifying termination that occurs in 2016. On January 19, 2016, Mr. Laub delivered written notice, consistent with, and subject to, the terms of the Laub Agreement, that the termination of his employment would be effective

at the close of business on April 18, 2016. Mr. Laub is entitled to receive a pro-rated portion of his annual incentive bonus, assuming 100% of target achievement level, if he is terminated at any time after January 1, 2016. Assuming a termination date of April 18, 2016, Mr. Laub's corresponding pro-rated portion of his annual incentive bonus would equal \$357,436. The estimated amounts shown in this column are based on the compensation levels in effect on February 1, 2016, the latest practicable date to determine such amounts before the filing of this proxy statement. Therefore, if compensation levels are changed after such date, actual payments to a named executive officer may be different than those listed in this column. For additional information see the section entitled "Interests of Atmel's Directors and Executive Officers in the Merger" beginning on page 88 of this proxy statement/prospectus.

- (2) *Equity.* The estimated amounts listed in this column represent the aggregate value each named executive officer would be entitled to receive in connection with a qualifying termination immediately following the Merger in respect of each named executive officer's unvested Atmel Units as of May 1, 2016, which is the assumed date of the Closing for the purposes of this table and footnote, as set forth in more detail in the table below. As of February 1, 2016, the latest practicable date before the filing of this proxy statement, no named executive officers held unvested Atmel Options. For the named executive officers other than Mr. Laub, payments in respect of unvested Atmel Units are double-trigger benefits. For Mr. Laub, if a change of control occurs and is consummated during his employment or at any time within nine months after the end of his employment, any outstanding equity award (including time-based and performance-based Atmel Units) that is, or was, scheduled to vest on or prior to the one year anniversary of the termination of his employment shall immediately vest. For additional information, please see the sections entitled *Interests of Atmel's Directors and Executive Officers in the Merger*, *Change of Control and Termination Benefits* beginning on page 90 of this proxy statement/prospectus and *The Merger Agreement Treatment of Atmel Options and Other Equity-Based Awards* beginning on page 100 of this proxy statement/prospectus. The estimated amounts listed in this column do not include the estimated value of the 2015 PRSUs that were deemed to be credited and vest subject to the Closing immediately prior to the Effective Time. The value of such 2015 PRSUs is as follows: Mr. Laub (\$1,846,758); Mr. Skaggs (\$234,942); Mr. Kazerounian (\$273,188); Mr. Valiton (\$336,933); and Mr. Wornow (\$163,912).

- (3) *Perquisites/Benefits.* The estimated amounts listed in this column consist solely of the COBRA benefits that each named executive officer, other than Mr. Laub, would be entitled to receive under the CoC Plan in connection with a qualifying termination at any time prior to the second anniversary of the Effective Time. Such COBRA benefits are double-trigger. The estimated amounts shown in this column are based on the benefit levels in effect on February 1, 2016, the latest practicable date to determine such amounts before the filing of this proxy statement. Therefore, if benefit and perquisite levels are changed after such date, actual payments to a named executive officer may be different than those listed in this column. For additional information see the section entitled *Interests of Atmel's Directors and Executive Officers in the Merger*, *Senior Executive Change of Control and Severance Plan* beginning on page 90 of this proxy statement/prospectus.
- (4) *Other.* The amounts listed in this column represent the estimated dollar value of outplacement services each named executive officer, other than Mr. Laub, would be entitled to receive under the CoC Plan in connection with a qualifying termination at any time prior to the second anniversary of the Effective Time. Outplacement service benefits are double-trigger benefits. For additional information see the section entitled *Interests of Atmel's Directors and Executive Officers in the Merger*, *Change of Control and Termination Benefits* beginning on page 90 of this proxy statement/prospectus.

Treatment of Atmel Options and Other Equity-Based Awards

The Merger Agreement provides that, immediately prior to the Effective Time, each Atmel Option, whether vested or not, will accelerate and become vested and exercisable in full. As of February 1, 2016, there were approximately

2.4 million outstanding Atmel Options, of which less than four hundred were unvested. To the extent that such Atmel Options are not exercised voluntarily by the date immediately preceding the Effective Time, such Atmel Options will be automatically net-exercised (with the exercise price and applicable withholding taxes paid by withholding Atmel common stock otherwise issuable to such option holder). Upon such exercise, the former holder of the Atmel Option will be issued the net number of shares of Atmel common

Table of Contents

stock resulting from the net exercise, and such stockholder will thereafter be entitled to receive the Merger Consideration in respect of these shares of Atmel common stock. Any Atmel Option with an exercise price greater than the Merger Consideration will be cancelled at the Effective Time for no consideration. No former Atmel Options will remain outstanding following the consummation of the Merger.

The Merger Agreement provides that each unvested and outstanding Atmel Unit (including performance share awards denominated in restricted stock units) that is held by an individual who will continue in service with Microchip following the Merger at the Effective Time will be assumed by Microchip and converted into equivalent awards in respect of shares of Microchip common stock using a customary exchange ratio intended to provide in respect of the Atmel Unit value equivalent to the Merger Consideration as of the Effective Time. As of February 1, 2016, there were approximately 15.4 million unvested and outstanding Atmel Units.

The Merger Agreement also provides that any vested Atmel Units will be treated as outstanding Atmel common stock in the Merger, and the holders of such vested Atmel Units that have not received the underlying shares of Atmel common stock at the Effective Time will receive the Merger Consideration (subject to applicable tax withholding). No Atmel Units will remain outstanding following the consummation of the Merger.

Regulatory Clearances Required for the Merger

Microchip and Atmel have each agreed to take certain actions in order to obtain regulatory clearance required to consummate the Merger. The Merger is subject to review by the FTC under the HSR Act. Under this statute, Microchip and Atmel are required to make pre-merger notification filings and await the expiration or early termination of the statutory waiting period prior to completing the Merger. Microchip and Atmel completed the initial HSR Act filing on January 27, 2016. The Merger is also subject to review by German and South Korean governmental authorities and requires pre-merger notification and the observance of an applicable waiting period in Germany and South Korea. Microchip and Atmel completed the initial pre-merger notification required in Germany on February 8, 2016 and in South Korea on February 5, 2016.

During or after the statutory waiting periods and clearance of the Merger, and even after completion of the Merger, the FTC, or other governmental authorities could challenge or seek to block the Merger under relevant antitrust laws, as it deems necessary or desirable in the public interest. Other competition agencies with jurisdiction over the Merger could also initiate action to challenge or block the Merger. In addition, in some jurisdictions, a competitor, customer or other third party could initiate a private action under the antitrust laws challenging or seeking to enjoin the Merger, before or after it is completed. Microchip and Atmel cannot be sure that a challenge to the Merger will not be made or that, if a challenge is made, Microchip and/or Atmel will prevail.

In addition, Microchip submitted an application to the French Ministry of the Economy on January 29, 2015 for an approval of the Merger under Articles L.151-3 and R.153-1 et seq. of the French Monetary and Financial Code in respect of foreign investment controls. Atmel has agreed to cooperate with Microchip on such application. The approval of the French Ministry of the Economy is not a condition to closing the Merger.

Dividends

The Merger Agreement provides that Atmel may not pay dividends or other distributions to its stockholders.

Listing of Shares of Microchip Common Stock

It is a condition to the completion of the Merger that the shares of Microchip common stock to be issued to Atmel stockholders be approved for listing on NASDAQ prior to the effective time of the Merger subject to official notice of issuance.

Table of Contents

Delisting and Deregistration of Atmel Common Stock

Upon completion of the Merger, shares of Atmel common stock currently listed on NASDAQ will cease to be listed on NASDAQ and will subsequently be deregistered under the Exchange Act.

Appraisal Rights

Holders of shares of Atmel common stock who do not vote in favor of the adoption of the Merger Agreement and who properly demand appraisal of their shares will be entitled to appraisal rights in connection with the Merger under Section 262 of the DGCL.

The following discussion is not a complete statement of the law pertaining to appraisal rights under the DGCL and is qualified in its entirety by the full text of Section 262 which is attached to this proxy statement/prospectus as Annex C. The following summary does not constitute any legal or other advice nor does it constitute a recommendation that stockholders exercise their appraisal rights under Section 262.

Under Section 262, holders of shares of Atmel common stock who do not vote in favor of the adoption of the Merger Agreement and who otherwise follow the procedures set forth in Section 262 will be entitled to have their shares appraised by the Court of Chancery and to receive payment in cash of the fair value of the shares, exclusive of any element of value arising from the accomplishment or expectation of the Merger, as determined by the Court of Chancery, together with interest, if any, to be paid upon the amount determined to be the fair value.

Under Section 262, where a merger agreement is to be submitted for adoption at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, must notify each of its stockholders entitled to appraisal rights that appraisal rights are available and include in the notice a copy of Section 262. This proxy statement/prospectus constitutes that notice, and the full text of Section 262 is attached to this proxy statement/prospectus as Annex C. Any holder of Atmel common stock who wishes to exercise appraisal rights, or who wishes to preserve such holder's right to do so, should review the following discussion and Annex C carefully because failure to timely and properly comply with the procedures specified will result in the loss of appraisal rights. Moreover, because of the complexity of the procedures for exercising the right to seek appraisal of shares of common stock, Atmel believes that if a stockholder considers exercising such rights, such stockholder should seek the advice of legal counsel.

Filing Written Demand. Any holder of Atmel common stock wishing to exercise appraisal rights must deliver to Atmel, before the vote on the adoption of the Merger Agreement at the special meeting at which the proposal to adopt the Merger Agreement will be submitted to the Atmel stockholders, a written demand for the appraisal of the stockholder's shares. A holder of shares of Atmel common stock wishing to exercise appraisal rights must hold of record the shares on the date the written demand for appraisal is made and must continue to hold the shares of record through the effective date of the Merger, since appraisal rights will be lost if the shares are transferred prior to the effective date of the Merger. The holder must not vote in favor of the adoption of the Merger Agreement. A proxy that is submitted and does not contain voting instructions will, unless revoked, be voted in favor of the adoption of the Merger Agreement, and it will constitute a waiver of the stockholder's right of appraisal and will nullify any previously delivered written demand for appraisal. Therefore, a stockholder who submits a proxy and who wishes to exercise appraisal rights must submit a proxy containing instructions to vote against the adoption of the Merger Agreement or abstain from voting on the adoption of the Merger Agreement. Neither voting against the adoption of the Merger Agreement, nor abstaining from voting or failing to vote on the proposal to adopt the Merger Agreement, will in and of itself constitute a written demand for appraisal satisfying the requirements of Section 262. The written demand for appraisal must be in addition to and separate from any proxy or vote on the adoption of the Merger Agreement. The demand must reasonably inform Atmel of the identity of the holder as well as the intention of the holder to demand an

appraisal of the fair value of the shares held by the holder. A stockholder's failure to make the written demand prior to the taking of the vote on the adoption of the Merger Agreement at the special meeting will constitute a waiver of appraisal rights.

Table of Contents

Only a holder of record of shares of Atmel common stock is entitled to demand an appraisal of the shares registered in that holder's name. A demand for appraisal in respect of shares of Atmel common stock should be executed by or on behalf of the holder of record, fully and correctly, as the holder's name appears on the holder's stock certificates, should specify the holder's name and mailing address and the number of shares registered in the holder's name and must state that the person intends thereby to demand appraisal of the holder's shares in connection with the Merger. If the shares are owned of record in a fiduciary capacity, such as by a trustee, guardian or custodian, execution of the demand should be made in that capacity, and if the shares are owned of record by more than one person, as in a joint tenancy and tenancy in common, the demand should be executed by or on behalf of all joint owners. An authorized agent, including an agent for two or more joint owners, may execute a demand for appraisal on behalf of a holder of record; however, the agent must identify the record owner or owners and expressly disclose that, in executing the demand, the agent is acting as agent for the record owner or owners. If the shares are held in "street name" by a broker, bank or nominee, the broker, bank or nominee may exercise appraisal rights with respect to the shares held for one or more beneficial owners while not exercising the rights with respect to the shares held for other beneficial owners; in such case, however, the written demand should set forth the number of shares as to which appraisal is sought and where no number of shares is expressly mentioned the demand will be presumed to cover all shares of Atmel common stock held in the name of the record owner. Stockholders who hold their shares in brokerage accounts or other nominee forms and who wish to exercise appraisal rights are urged to consult with their brokers to determine the appropriate procedures for the making of a demand for appraisal by such a nominee.

All written demands for appraisal pursuant to Section 262 should be sent or delivered to Atmel Corporation, 1600 Technology Drive, San Jose, CA 95110 Attn: Chief Legal Officer.

At any time within 60 days after the Effective Time, any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party may withdraw his, her or its demand for appraisal and accept the Merger Consideration by delivering to Atmel, as the surviving corporation, a written withdrawal of the demand for appraisal. Any such attempt to withdraw the demand made more than 60 days after the Effective Time will require written approval of Atmel. No appraisal proceeding in the Court of Chancery will be dismissed as to any stockholder without the approval of the Court of Chancery, and such approval may be conditioned upon such terms as the Court of Chancery deems just; provided, however, that any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party may withdraw his, her or its demand for appraisal and accept the Merger Consideration within 60 days after the effective date of the Merger. If the surviving corporation does not approve a request to withdraw a demand for appraisal when that approval is required, or if the Court of Chancery does not approve the dismissal of an appraisal proceeding, the stockholder will be entitled to receive only the appraised value determined in any such appraisal proceeding, which value could be less than, equal to or more than the consideration being offered pursuant to the Merger Agreement.

Notice by the Surviving Corporation. Within ten days after the Effective Time, Atmel, as the surviving corporation must notify each former holder of Atmel common stock who has made a written demand for appraisal pursuant to Section 262, and who has not voted in favor of the adoption of the Merger Agreement, of the date on which the Merger became effective.

Filing a Petition for Appraisal. Within 120 days after the Effective Time, but not thereafter, the surviving corporation or any holder of Atmel common stock who has complied with Section 262 and is entitled to appraisal rights under Section 262 may commence an appraisal proceeding by filing a petition in the Court of Chancery demanding a determination of the fair value of the shares held by all dissenting holders. The surviving corporation is under no obligation to and has no present intention to file a petition and holders should not assume that the surviving corporation will file a petition. Accordingly, it is the obligation of the former holders of Atmel common stock to initiate all necessary action to perfect their appraisal rights in respect of shares of Atmel common stock within the

time prescribed in Section 262. Within 120 days after the Effective Time, any holder of Atmel common stock who has complied with the requirements for exercise of appraisal rights will be entitled, upon written request, to receive from the surviving corporation a statement setting forth the aggregate number of

Table of Contents

shares not voted in favor of the adoption of the merger agreement and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. The statement must be mailed within ten days after a written request therefor has been received by the surviving corporation or within ten days after the expiration of the period for delivery of demands for appraisal, whichever is later. Notwithstanding the foregoing, a person who is the beneficial owner of shares of Atmel common stock held either in a voting trust or by a nominee on behalf of such person may, in such person's own name, file a petition or request from Atmel the statement described in this paragraph.

If a petition for an appraisal is timely filed by a holder of shares of Atmel common stock and a copy thereof is served upon the surviving corporation, the surviving corporation will then be obligated within 20 days to file with the Delaware Register in Chancery a duly verified list containing the names and addresses of all stockholders who have demanded an appraisal of their shares and with whom agreements as to the value of their shares have not been reached. After notice to the stockholders as required by the court, the Court of Chancery is empowered to conduct a hearing on the petition to determine those stockholders who have complied with Section 262 and who have become entitled to appraisal rights thereunder. The Court of Chancery may require the stockholders who demanded payment for their shares to submit their stock certificates to the Register in Chancery for notation thereon of the pendency of the appraisal proceeding; and if any stockholder fails to comply with the direction, the Court of Chancery may dismiss the proceedings as to the stockholder.

Determination of Fair Value. After the Court of Chancery determines the former holders of Atmel common stock entitled to appraisal, the appraisal proceeding shall be conducted in accordance with the rules of the Court of Chancery, including any rules specifically governing appraisal proceedings. Through such proceeding, the Court of Chancery shall determine the fair value of the shares, exclusive of any element of value arising from the accomplishment or expectation of the Merger, together with interest, if any, to be paid upon the amount determined to be the fair value. Unless the Court of Chancery in its discretion determines otherwise for good cause shown, interest from the effective date of the Merger through the date of payment of the judgment shall be compounded quarterly and shall accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective date of the Merger and the date of payment of the judgment.

In determining fair value, the Court of Chancery will take into account all relevant factors. In *Weinberger v. UOP, Inc.*, the Supreme Court of Delaware discussed the factors that could be considered in determining fair value in an appraisal proceeding, stating that proof of value by any techniques or methods that are generally considered acceptable in the financial community and otherwise admissible in court should be considered, and that [f]air price obviously requires consideration of all relevant factors involving the value of a company. The Delaware Supreme Court stated that, in making this determination of fair value, the court must consider market value, asset value, dividends, earnings prospects, the nature of the enterprise and any other facts that could be ascertained as of the date of the merger that throw any light on future prospects of the merged corporation. Section 262 provides that fair value is to be exclusive of any element of value arising from the accomplishment or expectation of the merger. In *Cede & Co. v. Technicolor, Inc.*, the Delaware Supreme Court stated that such exclusion is a narrow exclusion [that] does not encompass known elements of value, but which rather applies only to the speculative elements of value arising from such accomplishment or expectation. In *Weinberger*, the Supreme Court of Delaware also stated that elements of future value, including the nature of the enterprise, which are known or susceptible of proof as of the date of the merger and not the product of speculation, may be considered.

Stockholders considering seeking appraisal should be aware that the fair value of their shares as so determined could be less than, the same as or more than the Merger Consideration and that an investment banking opinion as to fairness from a financial point of view is not an opinion as to fair value under Section 262.

Although Atmel believes that the Merger Consideration is fair, no representation is made as to the outcome of the appraisal of fair value as determined by the Court of Chancery, and stockholders should recognize that such an

-97-

Table of Contents

appraisal could result in a determination of a value lower or higher than, or the same as, the Merger Consideration. Neither Microchip nor Atmel anticipate offering more than the Merger Consideration to any stockholder of Atmel exercising appraisal rights, and reserve the right to assert, in any appraisal proceeding, that for purposes of Section 262, the fair value of a share of Atmel common stock is less than the Merger Consideration.

If a petition for appraisal is not timely filed, then the right to an appraisal will cease. The costs of the action (which do not include attorney's fees or the fees and expenses of experts) may be determined by the Court of Chancery and taxed upon the parties as the Court of Chancery deems equitable under the circumstances. Upon application of a stockholder, the Court of Chancery may order all or a portion of the expenses incurred by a stockholder in connection with an appraisal proceeding, including, without limitation, reasonable attorneys' fees and the fees and expenses of experts utilized in the appraisal proceeding, to be charged pro rata against the value of all the shares entitled to be appraised.

If any stockholder who demands appraisal of shares of Atmel common stock under Section 262 fails to perfect, successfully withdraws or loses such holder's right to appraisal, the stockholder's shares of Atmel common stock will be deemed to have been converted at the Effective Time into the right to receive the Merger Consideration. A stockholder will fail to perfect, or effectively lose, the holder's right to appraisal if no petition for appraisal is filed within 120 days after the Effective Time.

Failure to comply strictly with all of the procedures set forth in Section 262 of the General Corporation Law of the State of Delaware will result in the loss of a stockholder's statutory appraisal rights.

In view of the complexity of Section 262 of the DGCL, Atmel stockholders who may wish to dissent from the Merger and pursue appraisal rights should contact their legal advisors.

THE MERGER AGREEMENT

The following discussion summarizes material provisions of the Merger Agreement entered into by Microchip, Merger Sub and Atmel. This summary does not propose to be complete and is qualified in its entirety by reference to the complete copies of the Merger Agreement, which is attached as Annex A to this proxy statement/prospectus. The rights and obligations of the parties are governed by the express terms and conditions of the Merger Agreement and not by this summary. The Merger Agreement should not be read alone, but should instead be read in conjunction with the other information provided elsewhere in this proxy statement/prospectus, including the annexes and the documents incorporated by reference into this proxy statement/prospectus, before making any decisions regarding the Merger.

The Merger Agreement is described in this proxy statement/prospectus only to provide you with information regarding its terms and conditions and is not intended to provide any factual information about Microchip, Atmel or their respective businesses. The representations, warranties and covenants contained in the Merger Agreement have been made solely for the benefit of the parties to the Merger Agreement. In addition, such representations, warranties and covenants: (1) have been made only for purposes of the Merger Agreement; (2) have been qualified by certain disclosures made by the parties to one another not reflected in the text of the Merger Agreement; (3) may be subject to materiality qualifications contained in the Merger Agreement which may differ from what may be viewed as material by you; (4) were made only as of January 19, 2016 or other specific dates; and (5) have been included in the Merger Agreement for the purpose of allocating risk between the contracting parties rather than establishing matters as facts. Accordingly, the summary of the Merger Agreement is included in this proxy statement/prospectus only to provide you with information regarding the terms of the Merger and not to provide you with any other factual information regarding Microchip, Atmel or their respective businesses. Moreover, information concerning the subject matter of the representations, warranties and covenants may change after January 19, 2015, which subsequent information may or may not be fully reflected in Microchip's or Atmel's public disclosures.

The Merger

On January 19, 2015, Microchip, Atmel and Merger Sub entered into the Merger Agreement, pursuant to which Microchip agreed to acquire Atmel by way of a merger of Merger Sub with and into Atmel, with Atmel, as the surviving corporation, becoming an indirect wholly owned subsidiary of Microchip.

Merger Consideration

Each of the Microchip Board and Atmel Board has approved the Merger Agreement, which provides for the merger of Merger Sub with and into Atmel. Upon the Closing, Atmel will be the surviving corporation and will become an indirect wholly owned subsidiary of Microchip. Each share of Atmel common stock that is issued and outstanding immediately prior to the Closing (except for Atmel common stock held by Microchip, Atmel and their respective subsidiaries and except for dissenting shares) will be converted into the right to receive (1) \$7.00 in cash without interest (the Cash Consideration) and (2) \$1.15 in Microchip common stock (valued at the average closing price for a share of Microchip common stock for the ten most recent trading days ending on the last trading day prior to the Closing), subject to the conditions and restrictions set forth in the Merger Agreement (the Stock Consideration, and together with the Cash Consideration, the Merger Consideration). The maximum number of shares of Microchip common stock will be issued in connection with the Merger is 13.0 million shares. To the extent that the number of shares of Microchip common stock issuable in the Merger would exceed 13.0 million shares, the Cash Consideration per share of Atmel common stock will be increased such that the value of the combined Cash Consideration and Stock Consideration will remain at \$8.15 per share (based upon the average price described in the previous sentence) (the Supplemental Cash Consideration). If, prior to the Closing, any change in the outstanding shares of capital stock, or securities convertible or exchangeable into or exercisable for shares of capital stock, of Atmel or Microchip shall

occur as a result of any merger, business combination, reclassification, recapitalization, stock split (including a reverse stock split) or

-99-

Table of Contents

subdivision or combination, exchange or readjustment of shares, or any stock dividend or stock distribution with a record date during such period, then an equitable adjustment will be made to the Merger Consideration, the number of shares of Microchip common stock into which each Atmel share will be converted, and any other similarly dependent items, to provide the holders of Atmel common stock (or such rights that are convertible into Atmel common stock) the same economic effect as contemplated by the Merger Agreement prior to such event.

Microchip will not issue any fractional shares of Microchip common stock in the Merger. Instead, Atmel stockholders will receive cash, without interest, for any fractional entitlements to a share of Microchip common stock that they might otherwise receive in the Merger. The amount of the cash payment to each such Atmel stockholder will either (1) represent a proportionate interest in the net proceeds from the sale by the Exchange Agent (as defined below) on NASDAQ of the aggregate of the fractional shares of Microchip common stock that would otherwise have been issued as Merger Consideration or (2) cash equal to the product of the fraction of a share of Microchip common stock to which such holder would otherwise have been entitled by the closing price of a share of Microchip common stock on the NASDAQ on the first business day following the Effective Time.

At the Effective Time, Atmel's restated certificate of incorporation will be amended and restated in the form proscribed in the Merger Agreement, and will be the certificate of incorporation of the surviving corporation from and after the Effective Time.

Treatment of Atmel Options and Other Equity-Based Awards

The Merger Agreement provides that, immediately prior to the Effective Time, each Atmel Option, whether vested or not, will accelerate and become vested and exercisable in full. To the extent that such Atmel Options are not exercised voluntarily by the date immediately preceding the Effective Time, such Atmel Options will be automatically net-exercised (with the exercise price and applicable withholding taxes paid by withholding Atmel common stock otherwise issuable to such option holder). Upon such exercise, the former holder of the Atmel Option will be issued the net number of shares of Atmel common stock resulting from the net exercise, and such stockholder will thereafter be entitled to receive the Merger Consideration in respect of these shares of Atmel common stock. Any Atmel Option with an exercise price greater than the Merger Consideration will be cancelled at the Effective Time for no consideration. No former Atmel Options will remain outstanding following the consummation of the Merger.

The Merger Agreement provides that each unvested and outstanding Atmel Unit (including performance share awards denominated in restricted stock units) that is held by an individual who will continue in service with Microchip at the Effective Time will be assumed by Microchip and converted into equivalent awards in respect of shares of Microchip common stock using a customary exchange ratio intended to provide value in respect of the Atmel Unit equivalent to the Merger Consideration as of the Effective Time. The Merger Agreement also provides that any vested Atmel Units will be treated as outstanding Atmel common stock in the Merger, and the holders of such vested Atmel Units that have not received the underlying shares of Atmel common stock at the Effective Time will receive the Merger Consideration (subject to applicable tax withholding). No Atmel Units will remain outstanding following the consummation of the Merger.

Closing and Effective Time

The parties are obligated to effect the Merger only if all of the conditions to Closing under the Merger Agreement are either satisfied or waived at or prior to the Effective Time.

The Merger will become effective at such time as a certificate of merger is duly filed with the Secretary of State of the State of Delaware on the Closing Date, or at such subsequent date or time as Atmel, Microchip and Merger Sub agree

and specify in the certificate of merger.

In the Merger Agreement, Microchip and Atmel have agreed that the Closing Date shall be no later than the second business day following the satisfaction or waiver of the last of the conditions to Closing (other than those

-100-

Table of Contents

conditions that by their nature are to be satisfied at Closing, but subject to the satisfaction or waiver of those conditions), or at such other date and time as Atmel and Microchip agree in writing; provided, however, if the Closing Date would otherwise occur within the last 15 days of a calendar quarter, Microchip may elect once, in its sole discretion, by written notice to Atmel to defer the Closing to the first business day occurring immediately after the end of that calendar quarter. The date on which the conditions to Closing that are mutual, such as the receipt of the Atmel Stockholder Approval and the receipt of regulatory approvals, that are for the benefit of Microchip, such as the accuracy of Atmel's representations and warranties, or that relate to the absence of a Material Adverse Effect at Microchip are all satisfied is referred to as the Satisfaction Date. In the event that Microchip elects to defer the Closing, or if Microchip requests that Atmel take certain pre-closing reorganization steps with respect to its subsidiaries, the conditions to Closing relating to the accuracy of Atmel's representations and warranties and relating to the absence of a Material Adverse Effect at Atmel will be deemed to be waived from the Satisfaction Date, if such conditions were satisfied on the Satisfaction Date.

Conversion of Shares

The conversion of each Atmel share into the right to receive the Merger Consideration will occur automatically at the Effective Time. Prior to the Effective Time, Microchip will engage an exchange agent (the Exchange Agent) reasonably acceptable to Atmel to distribute the Merger Consideration and to perform other duties as outlined in the Merger Agreement.

Exchange Agent; Letter of Transmittal

Prior to the Effective Time, Microchip will designate a U.S. bank or trust company reasonably acceptable to Atmel to act as the Exchange Agent of Microchip for purposes of, among other things, mailing and receiving transmittal letters and distributing the Merger Consideration to the Atmel stockholders. At or substantially concurrently with the Effective Time, Microchip shall (1) deposit, or cause to be deposited with the Exchange Agent (a) a number of shares of Microchip common stock equal to the aggregate number of shares of Microchip common stock to be issued as Merger Consideration and (b) immediately available funds sufficient to pay the aggregate Cash Consideration, Supplemental Cash Consideration, and any cash payable in lieu of fractional shares of Microchip common stock. No later than ten business days prior to the Closing, Microchip shall enter into an agreement with the Exchange Agent, in form and substance reasonably satisfactory to Atmel, to effect the applicable terms of the Merger Agreement.

Promptly, and in any event within ten business days, after the Effective Time, the Exchange Agent will send a transmittal letter to each record holder of an Atmel share, whether in certificate or book-entry form, whose shares of Atmel common stock were converted into the right to receive the Merger Consideration at the Effective Time. This mailing will contain instructions on how to surrender the Atmel common stock, whether in certificate or book-entry form, in exchange for the Merger Consideration.

After the Effective Time, when an Atmel stockholder delivers a properly executed letter of transmittal and any other documents as may reasonably be required by the Exchange Agent, the holder of shares of Atmel common stock will be entitled to receive the Merger Consideration in the form of (1) the number of whole shares of Microchip common stock and an amount in cash that such holder is entitled to receive as a result of the Merger (after taking into account all of the shares of Atmel common stock held immediately prior to the Merger by such holder other than excluded shares and dissenting shares) and (2) any cash in lieu of fractional shares and in respect of dividends or other distributions to which such holder is entitled, in each case less any required withholding taxes.

No interest will be paid or accrued on any amount payable upon cancellation of shares of Atmel common stock. The shares of Microchip common stock issued and paid and cash amount paid in accordance with the Merger Agreement

upon conversion of the shares of Atmel common stock (including any cash paid in lieu of fractional shares) will be deemed to have been issued and paid in full satisfaction of all rights pertaining to the shares of Atmel common stock.

Table of Contents

If any portion of the Merger Consideration is to be delivered to a person or entity other than the holder in whose name any surrendered certificate is registered, it will be a condition of such exchange that (1) the certificate surrendered must be properly endorsed or must be otherwise in proper form for transfer and (2) the person or entity requesting such payment pays any transfer or other similar taxes required by reason of the payment of the Merger Consideration to a person or entity other than the registered holder of the certificate surrendered or will establish to the satisfaction of the surviving corporation and the Exchange Agent that such tax has been paid or is not required to be paid. Payment of the applicable Merger Consideration with respect to book-entry shares will only be made to the person or entity in whose name such book-entry shares are registered. The shares of Microchip common stock constituting the equity portion of the Merger Consideration may be in book-entry form within the facilities of DTC, unless a physical certificate is requested or otherwise required by any applicable law.

Appraisal Rights

If a holder of shares of Atmel common stock does not vote in favor of, nor consent in writing to, the Merger Proposal, properly demands appraisal and otherwise complies with applicable Delaware law and does not effectively withdraw his, her or its demand for, or lose the right to, appraisal of such Atmel common stock in compliance with Section 262 of the DGCL, such shares will not be converted into the right to receive the Merger Consideration as described under the section entitled Merger Consideration beginning on page 99 of this proxy statement/prospectus, but instead, at the effective time of the Merger, will become entitled only to payment of the fair value of such shares determined in accordance with applicable Delaware law. However, if any such holder votes in favor of, or consents in writing to, the Merger Proposal, fails to properly demand appraisal, fails to comply with applicable Delaware law, or otherwise waives, withdraws or loses the right to payment of the fair value of such dissenting shares under applicable Delaware law, then the right of such holder to be paid the fair value of such holder's dissenting shares will cease and such dissenting shares will be deemed to have been converted as of the effective time of the Merger into, and to have become exchangeable solely for the right to receive, without interest or duplication, the Merger Consideration with respect to such shares.

For additional information about appraisal rights upon completion of the Merger, see the section entitled The Merger Appraisal Rights beginning on page 95 of this proxy statement/prospectus.

Withholding

Microchip, the surviving corporation or the Exchange Agent will be entitled to deduct and withhold from the consideration otherwise payable under the Merger Agreement the amounts they are required to deduct and withhold under any applicable tax law. If Microchip, the surviving corporation or the Exchange Agent withholds and timely remits any amounts to the appropriate taxing authority, these amounts will be treated for all purposes of the Merger Agreement as having been paid to the persons from whom they were withheld.

Dividends and Distributions

The Merger Agreement provides that Atmel may not pay dividends or other distributions to its stockholders.

Atmel's representations and warranties are qualified by the information included in (1) Atmel's confidential disclosure schedule delivered to Microchip on January 19, 2016 and (2) Atmel's reports, schedules, statements, prospectuses, registration statements and other documents required to be filed or furnished to the SEC on or after January 1, 2014 and prior to January 19, 2016 that were filed with the SEC prior to January 19, 2016, excluding the information under the headings "Forward-Looking Statements," "Safe Harbor Statement," "Risk Factors" or any similar section or any disclosures therein that are predictive, cautionary or forward-looking in nature, in each case, other than any specific factual information contained therein. Microchip's and Merger Sub's representations and warranties are qualified by the information included in (1) Microchip's confidential disclosure schedule delivered to Atmel on January 19, 2016 and (2) Microchip's reports, schedules, statements, prospectuses, registration statements and other documents required to be filed or furnished to the SEC on or after

January 1, 2014 and prior to January 19, 2016 that were filed with the SEC prior to January 19, 2016, excluding the information under the heading "Risk Factors" or any similar section or any disclosures therein that are predictive, cautionary or forward-looking in nature, in each case, other than any specific factual information contained therein.

Many of the representations and warranties made by each of Microchip, Merger Sub and Atmel are qualified by a "material adverse effect" standard (that is, they will not be deemed untrue or incorrect unless their failure to be true or correct, individually or in the aggregate, has had or would reasonably be expected to have a material adverse effect). Certain of the representations and warranties are qualified by a general materiality standard or by a knowledge standard. For the purpose of the Merger Agreement, a "material adverse effect" has the meaning set forth below under the section entitled "Material Adverse Effect."

Material Adverse Effect

The Merger Agreement provides that a "Material Adverse Effect" means any facts, circumstances, events or changes that, individually or when combined together with all other facts, circumstances, events or changes, would reasonably be expected to (1) have a materially adverse effect on the business, financial condition or results of operations of Microchip or Atmel and their respective subsidiaries, taken as a whole, or (2) prevent or materially delay Microchip or Atmel from consummating the Merger. When determining whether a fact, circumstance, event or change, alone or in combination, would reasonably be expected to have a materially adverse effect on the business, financial condition or results of operations of Microchip or Atmel and their respective subsidiaries, taken as a whole, none of the following, either alone or in combination, may be taken into account in determining whether there has been or will be a "Material Adverse Effect" :

general economic or political conditions or the securities, credit or financial markets in general, except to the extent that they have a disproportionate impact on Microchip or Atmel and their respective subsidiaries, taken as a whole, relative to other companies in the industries in which they conduct their respective businesses after taking into account the size of Microchip or Atmel relative to such other companies;

those generally affecting any industry in which Microchip or Atmel and their respective subsidiaries operate, including general changes in law or regulation across such industries, except to the extent that they have a disproportionate impact on Microchip or Atmel and their respective subsidiaries, taken as a whole, relative to other companies in the industries in which they conduct their respective businesses after taking into account the size of Microchip or Atmel relative to such other companies;

those arising from or otherwise relating to the announcement or the pendency of the Merger or any Atmel Acquisition Proposal, including costs and expenses related thereto;

those arising from or otherwise relating to any acts required to be taken to remain in compliance with the terms of, or the taking of any action required by, the Merger Agreement or consented to or taken at the request of Atmel or Microchip;

those arising from or otherwise relating to any natural disaster, act of terrorism, cyberattack, insurrection, war, national or international calamity or any other similar event, except to the extent that they have a disproportionate impact on Microchip or Atmel and their respective subsidiaries, taken as a whole, relative to other companies in the industries in which they conduct their respective businesses after taking into account the size of Microchip or Atmel relative to such other companies;

with respect to Atmel, those arising from or otherwise relating to the identity of Microchip, Merger Sub or any of their affiliates as participants in the transactions contemplated by the Merger Agreement or other related agreements;

those arising from or otherwise relating to changes in U.S. GAAP or the interpretation thereof by the Financial Accounting Standards Board, the American Institute of Certified Public Accountants and

Table of Contents

other similar organizations generally considered authoritative with respect to the interpretation of U.S. GAAP, except to the extent that they have a disproportionate impact on Microchip or Atmel and their respective subsidiaries, taken as a whole, relative to other companies in the industries in which they conduct their respective businesses after taking into account the size of Microchip or Atmel relative to such other companies; or

those arising from or otherwise relating to any changes in any tax law.

In addition, Microchip and Atmel have agreed that any decline in the stock price of Microchip common stock or Atmel common stock on NASDAQ, or any failure to meet internal or published (including those published by third parties) projections, forecasts or revenue or earning predictions for any period will not, in and of itself, constitute a Material Adverse Effect, it being understood that, subject to the exclusions described above, the facts or occurrences giving rise or contributing to such decline or failure may be deemed to constitute, or be taken into account in determining whether there has been or could reasonably be expected to be, a Material Adverse Effect.

Restrictions on Atmel's Business Pending the Closing

Under the Merger Agreement, Atmel has agreed, subject to certain exceptions set forth in the Merger Agreement, on behalf of itself and its subsidiaries that it will conduct its business in the ordinary course of business consistent in all material respects with past practice and use commercially reasonable efforts to preserve intact its current business organization, maintain its existing relationships with its customers and suppliers and keep available the services of its present executive officers and key employees.

In particular, Atmel has agreed on behalf of itself and its subsidiaries to certain restrictions on its and their ability to, among other things:

amend its organizational documents;

authorize or pay any dividends and distributions on its capital stock, other than dividends by a direct or indirect wholly owned subsidiary of Atmel to its parent;

redeem, purchase or otherwise acquire its capital stock except in respect of any purchase price or tax withholding in connection with the exercise or settlement of any stock option or unit;

increase or promise to increase the compensation and benefits of any of its directors, executive officers, employees, consultants, independent contractors or service providers, subject to certain exceptions, including that (1) from and after July 1, 2016, Atmel and its subsidiaries may effect limited increases in compensation and benefits to non-executive employees, and limited increases in the compensation rates of external consultants, independent contractors, or service providers that are implemented annually in the ordinary course of business and (2) Atmel and its subsidiaries, at any time, may promise or grant retention bonuses in the form of cash and/or Atmel Units that do not exceed \$750,000 in value in the aggregate to non-executive employees, subject to certain restrictions of the terms of such grants;

enter into, amend (other than amendments that do not materially increase the cost to Atmel or its subsidiaries), adopt, implement, grant, increase any benefits under, or otherwise commit itself to any new or amended compensation or benefit plan, subject to certain exceptions, including (1) as set forth

Table of Contents

directly above this paragraph, (2) renewing existing health and welfare programs in the ordinary course of business and without a material increase in cost to Atmel, (3) terminating or demoting employees below the level of Vice President or consultants, in the ordinary course of business consistent with past practice, (4) compensation or fees that are paid to independent contractors other than non-employee service providers that are engaged for a service period that terminates without penalty within six months from the date on which the engagement commences, and (5) Atmel and its subsidiaries may continue to hire new or replacement employees in the ordinary course subject to certain restrictions on the timing, number and types of employees being hired;

make changes with respect to any material income tax election, income tax return, income tax liability or tax accounting methods;

make acquisitions other than the purchase of supplies, equipment and products in the ordinary course of business, including any acquisition that could constitute an acquisition of a significant subsidiary or would otherwise require certain amendments of the Form S-4;

enter into, terminate or amend certain material contracts other than in the ordinary course of business consistent in all material respects with past practice;

make or authorize capital expenditures other than in an amount less than \$1 million for any single item of capital expenditure and \$5 million per fiscal quarter or unforeseen and unplanned capital expenditures that are required to address unexpected emergency manufacturing or production issues;

sell, transfer, mortgage, encumber or otherwise dispose of any tangible assets, tangible properties or businesses, or enter into or renew leases or subleases of material real property, or grant any easement or lien over or sell or transfer any owned or leased real property, other than in the ordinary course of business consistent in all material respects with past practice and other than leases and subleases with aggregate annual payments of \$5 million or less;

adopt any other plan of complete or partial liquidation, dissolution, merger, consolidation, restructuring, recapitalization or other reorganization;

settle litigation or other proceedings, other than insignificant ordinary course non-monetary relief or lump sum payments in an amount not to exceed \$5 million in the aggregate, or commence any material litigation or other proceedings; or

enter into a contract to do any of the foregoing.

In addition to the preceding restrictions, from the date of the Merger Agreement until the earlier of the Effective Time or May 18, 2016, or the termination of the Merger Agreement, Atmel has agreed on behalf of itself and its subsidiaries to certain restrictions on its and their ability to, among other things:

incur, assume, guarantee or, endorse, prepay or otherwise become liable for any indebtedness for borrowed money (directly, contingently or otherwise), or make any loans, advances or capital contributions to, or investments in, any other person in an aggregate principal amount that exceeds \$1 million and includes the prepayment of Retired Company Indebtedness (as defined below);

make or authorize any capital expenditure, other than capital expenditures of less than \$500,000 for a single item, with no more than \$3.5 million of new commitments to capital expenditure in the aggregate per fiscal quarter and unforeseen and unplanned capital expenditures that are required to address unexpected emergency manufacturing or production issues; enter into any lease or sublease of material real property (whether as a lessor, sublessor, lessee or sublessee, and whether a new lease or a renewal of an existing lease) if Atmel or its subsidiaries would be obligated to make aggregate annual payments exceeding \$1 million; or

settle, or offer or propose to settle, any litigation, arbitration or other proceeding involving or against Atmel or any of its subsidiaries, if the settlements would in the aggregate require payments by Atmel or any of its subsidiaries exceeding, in the aggregate, \$1 million.

These restrictions, which are subject to various exceptions and qualifications agreed by Microchip and Atmel, are described in more detail in the Merger Agreement. In addition, some of the restrictions on Atmel's business are qualified by confidential disclosures made by Atmel to Microchip in Atmel's confidential disclosure schedule.

Atmel's Agreement Not to Solicit Other Offers

Atmel has agreed that it will not, directly or indirectly:

initiate, solicit or knowingly encourage the making of any proposal or offer that constitutes, or would reasonably be expected to result in, an Atmel Acquisition Proposal, as defined below;

engage in, enter into, continue or otherwise participate in any discussions or negotiations with any person with respect to, or provide any non-public information or data concerning Atmel or its subsidiaries to any person relating to, any proposal or offer that constitutes, or would reasonably be expected to result in, an Atmel Acquisition Proposal;

enter into any acquisition agreement, merger agreement or similar definitive agreement, or any letter of intent, memorandum of understanding or agreement in principle or any other agreement (other than a confidentiality agreement having terms that the Atmel Board determines in good faith are not materially less

favorable in the aggregate to Atmel than those contained in its confidentiality agreement with Microchip) relating to an Atmel Acquisition Proposal; or

authorize, adopt, approve or recommend or publicly propose to authorize, adopt, approve or recommend to the Atmel stockholders, or submit to the Atmel stockholders for a vote at any stockholder meeting, any Atmel Acquisition Proposal.

Atmel has agreed to (1) cease any discussions or negotiations with any person with respect to any Atmel Acquisition Proposal, (2) promptly notify Microchip after knowledge of receipt of any Atmel Acquisition Proposal or any request for information from, or any negotiations sought to be initiated or resumed with respect to an Atmel Acquisition Proposal and (3) keep Microchip reasonably informed on a prompt basis of any material developments regarding any Atmel Acquisition Proposal.

However, until receipt of the Atmel Stockholder Approval, if Atmel receives a *bona fide* Atmel Acquisition Proposal from any person that did not result from a material breach of its non-solicitation obligations, Atmel may:

provide information (including non-public information and data) regarding, and afford access to the business, properties, assets, books, records and personnel of, Atmel and its subsidiaries to such person if Atmel receives from such person (or has received from such person) an executed confidentiality agreement having terms that the Atmel Board determines in good faith are not materially less favorable in the aggregate to Atmel than those contained in its confidentiality agreement with Microchip, provided that Atmel will promptly make available to Microchip any non-public information concerning Atmel or its subsidiaries that is provided to any person given such access that was not previously made available to Microchip; and

engage in, enter into, continue or otherwise participate in any discussions or negotiations with such person with respect to such Atmel Acquisition Proposal,

as long as (1) Atmel has not materially breached its non-solicitation obligations with respect to such Atmel Acquisition Proposal and (2) prior to taking any action described above, the Atmel Board determines in good faith that (a) such Atmel Acquisition Proposal either constitutes an Atmel Superior Proposal (as described below) or would reasonably be expected to result in an Atmel Superior Proposal and (b) the failure to participate in such discussions or negotiations or furnish such information would reasonably be expected to be inconsistent with the directors' fiduciary duties under applicable law.

The Merger Agreement provides that the term "Atmel Acquisition Proposal" means any proposal or offer from any person or group (other than Microchip, Merger Sub or their affiliates) relating to any single transaction or series of related transactions involving: (1) any direct or indirect sale, acquisition, purchase, exchange, transfer, license or lease of (2) assets (including capital stock of Atmel's subsidiaries) of Atmel and its subsidiaries that generate or constitute 15% or more of the net revenues, net income or assets of Atmel and its subsidiaries, taken as a whole, or (a) Atmel common stock or other equity securities of Atmel which together with any other Atmel common stock or other equity securities of Atmel beneficially owned by such person or group, would equal 15% or more of aggregate equity interests or voting power of Atmel, (2) any tender offer or exchange offer that, if consummated, would result in any person or group owning, directly or indirectly, 15% or more of the aggregate equity interests or voting power of Atmel, (3) any merger, consolidation, business combination, binding share exchange or similar transaction involving Atmel or one or more of its subsidiaries, the business(es) of which, individually or in the aggregate, generate or constitute 15% or more of the net revenues, net income or assets of Atmel and its subsidiaries, taken as a whole, pursuant to which the stockholders of Atmel or such subsidiary or subsidiaries, as applicable, immediately preceding such transaction hold less than 85% of the equity interests in the surviving or resulting entity of such transaction, (4) any liquidation, dissolution, recapitalization or other significant corporate reorganization of Atmel or one or more of its subsidiaries, the business(es) of which, individually or in the aggregate, generate or constitute 15% or more of the net revenues, net income or assets of Atmel and its subsidiaries, taken as a whole or (5) any combination of the foregoing.

The Merger Agreement provides that the term "Atmel Superior Proposal" means a *bona fide*, unsolicited written Atmel Acquisition Proposal (except the references to "15%" in the definition thereof shall be replaced by "50% or more") by a third party unaffiliated with Atmel that the Atmel Board determines in good faith by a majority vote (after receiving the advice of a financial advisor and outside legal counsel and taking into account all legal, financial, regulatory, timing, break-up fees, expense reimbursement provisions, conditions to consummation, certainty and other aspects of

such proposal as the Atmel Board determines to appropriate and any other relevant factors permitted or required to be taken into account by applicable law, including taking into account any counterproposal by Microchip to amend the terms of the Merger Agreement) that such proposed Atmel Acquisition Proposal (1) is reasonably capable of being timely consummated on the terms proposed and (2) would, if consummated in accordance with its terms, result in a transaction that is more favorable from a financial point of view to the Atmel stockholders than the Merger and any other transactions contemplated under the Merger Agreement (including with respect to any counterproposal by Microchip to amend the terms of the Merger Agreement).

In addition, Atmel has the ability to terminate the Merger Agreement in certain other circumstances, as described below.

Atmel's Agreement Not to Change the Atmel Board Recommendation

In addition, Atmel has agreed that the Atmel Board will not:

change, withhold, withdraw, qualify or modify, in a manner adverse to Microchip (or publicly propose or resolve to change, withhold, withdraw, qualify or modify), the Atmel Board Recommendation;

fail to include in this proxy statement/prospectus (1) the determination of the Atmel Board that the Merger Agreement, the Merger and the other transactions contemplated by the Merger Agreement are advisable and are fair to and in the best interests of Atmel and the Atmel stockholders, (2) the approval of the Atmel Board of the Merger Agreement, the Merger and the other transactions contemplated by the Merger Agreement and (3) the recommendation of the Atmel Board to the Atmel stockholders that the Atmel stockholders adopt the Merger Agreement;

publicly approve or recommend, or publicly propose to approve or recommend to the Atmel stockholders, an Atmel Acquisition Proposal;

fail to recommend against acceptance of any tender offer or exchange offer that constitutes an Atmel Acquisition Proposal by the Atmel stockholders or against another Atmel Acquisition Proposal that is otherwise publicly announced within ten business days after commencement or announcement thereof; or

authorize, adopt, approve or publicly propose to authorize, adopt or approve or recommend, or enter into, any agreement constituting or relating to an Atmel Acquisition Proposal or requiring Atmel to abandon, terminate, or fail to consummate the Merger or any other transaction contemplated by the Merger Agreement.

Any of the actions in the first four bullets above is referred to as an Atmel Change of Recommendation.

The Atmel Board may make an Atmel Change of Recommendation (so long as Atmel has provided prior written notice to Microchip of its or the Atmel Board's intention to make an Atmel Change of Recommendation at least four business days in advance of taking such action) as follows:

other than in relation to an Atmel Acquisition Proposal, if the Atmel Board determines in good faith (after consultation with its outside legal counsel) that, as a result of an event, development or change in circumstances that occurs or arises after the execution and delivery of the Merger Agreement (other than an Atmel Acquisition Proposal) that was not known (or the consequences of which were not known) to the Atmel Board prior to the execution and delivery of the Merger Agreement, the failure to make an Atmel Change of Recommendation would reasonably be expected to be inconsistent with the directors' fiduciary

duties under applicable law, and the Atmel Board has considered in good faith any changes to the Merger Agreement or other arrangements that may be offered in writing by, and would be legally binding upon, Microchip and shall have determined in good faith, after consultation with outside counsel, that it would continue to reasonably be expected to be inconsistent with the directors' fiduciary duties under applicable law not to make an Atmel Change of Recommendation, even if such changes were given effect; and

if Atmel receives an Atmel Acquisition Proposal and the Atmel Board determines in good faith (after consultation with outside counsel and its financial advisors) that the Atmel Acquisition Proposal constitutes an Atmel Superior Proposal and that the failure to make an Atmel Change of Recommendation would reasonably be expected to be inconsistent with the directors' fiduciary duties under applicable law, but only if Atmel has not materially breached its non-solicitation obligations with respect to such Atmel Acquisition Proposal and terminates the Merger Agreement concurrently with entering into any agreement relating to an Atmel Acquisition Proposal and pays a termination fee (as described below), and the Atmel Board has considered in good faith any changes to the Merger

Table of Contents

Agreement or other arrangements that may be offered in writing by, and would be legally binding upon, Microchip and shall have determined in good faith, after consultation with outside counsel and its financial advisors, that the Atmel Acquisition Proposal received by Atmel continues to constitute an Atmel Superior Proposal, even if such changes were given effect.

Preparation of the Form S-4 and the Proxy Statement/Prospectus; Atmel Special Meeting

Microchip and Atmel have agreed to jointly prepare and file with the SEC (and each shall use their reasonable best efforts to cause such filing to occur within 30 days of January 19, 2015) this proxy statement/prospectus (as part of the Form S-4) that includes (1) a prospectus for the issuance of the new shares of Microchip common stock in connection with the Merger and (2) a proxy statement of Atmel for use in the solicitation of proxies for the special meeting.

As soon as practicable following the date the Form S-4 is declared effective by the SEC (and in no event later than 45 days following the date the Form S-4 is declared effective by the SEC), Atmel has agreed to duly call, give notice of, convene and hold, at its option, either an annual or special meeting of its stockholders, in accordance with applicable law, the Atmel Charter and the Atmel Bylaws, for the purpose of obtaining the Atmel Stockholder Approval.

Reasonable Best Efforts

Atmel has agreed to use reasonable best efforts to solicit proxies from its stockholders in favor of the Merger.

Subject to the terms and conditions set forth in the Merger Agreement, each of Microchip, Merger Sub, and Atmel will use their reasonable best efforts to take promptly all actions, and to promptly assist and cooperate with each other in doing all things necessary, proper or advisable under applicable laws to consummate and make effective the Merger, including:

obtaining all necessary actions, consents, and approvals from governmental entities and making all necessary registrations and filings;

taking all steps as may be necessary to obtain an approval or waiver from, or to avoid an action or proceeding by, any governmental entity;

obtaining any and all necessary consents, approvals or waivers from third parties;

defending any lawsuits or other legal proceedings, whether judicial or administrative, challenging the consummation of the Merger; and

executing and delivering any additional instruments necessary to consummate the Merger.

Subject to the terms and conditions set forth in the Merger Agreement, Microchip and Atmel will promptly, using their respective reasonable best efforts, make any required submissions under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the "HSR Act") and any other applicable foreign antitrust law. The parties will use reasonable best efforts to cooperate with each other to timely make all necessary filings and timely seek all necessary consents, permits, authorizations or approvals. The parties will promptly inform the other party upon receipt

of any material communication from the FTC or any other governmental entity regarding the Merger, and will keep each other party apprised of the status of matters relating to the completion of the Merger, including promptly furnishing the other party with copies of notices or other communications received from any governmental entity with respect to the Merger. Microchip and Atmel agree not to participate in any substantive meeting or discussion with any governmental entity in connection with the proposed transaction unless it consults with the other party in advance and gives the other party the opportunity to attend and participate. Neither party will agree to extend any waiting period under the HSR Act or enter into any agreement with any governmental entity not to consummate the Merger without the prior written consent of the other party.

If any administrative or judicial action or proceeding, including any proceeding by a private party, is instituted, or threatened to be instituted, challenging the Merger as violative of any antitrust law, Microchip and Atmel will cooperate with each other and will use their respective reasonable best efforts to contest and resist any such action or proceeding and to have vacated, lifted, reversed or overturned any decree, judgment, injunction or other order prohibiting, preventing, or restricting consummation of the Merger, including using their reasonable best efforts to:

effect any sale, license, holding separate or other disposition of any of their respective assets, businesses or interests; and

agree to conditions relating to, or changes in the conduct of, their respective businesses necessary to obtain consents or approvals required for the Closing under the applicable antitrust laws.

Neither Microchip nor Atmel will be obligated to sell, hold separate or otherwise dispose of any assets, businesses or interests or agree to conditions relating to or changes in the conduct of its business, that would reduce the reasonably anticipated benefits of the Merger to Microchip.

In addition, Microchip will submit an application to the French Ministry of the Economy for an approval of the Merger under Articles L.151-3 and R.153-1 et seq. of the French Monetary and Financial Code in respect of foreign investment controls. Atmel has agreed to cooperate with Microchip on such application. The approval of the French Ministry of the Economy is not a condition to closing the Merger.

In addition, until the earlier of the Closing or the termination of the Merger Agreement, and subject to limitations in the Merger Agreement, Atmel has agreed to provide Microchip with information and cooperate in good faith with Microchip on certain tax planning and integration matters. Upon the request of Microchip, Atmel has agreed to take certain pre-closing reorganization steps with respect to its subsidiaries. If Microchip makes such request, certain conditions to Closing shall be deemed satisfied as of the Satisfaction Date, as described above in Closing and Effective Time beginning on page 100 of this proxy statement/prospectus.

Employee Matters

Microchip has agreed, as of the Effective Time, to honor and perform all employment or compensatory contracts between Atmel or any of its subsidiaries, on the one hand, and any Atmel employee, on the other (including all retention awards and employment, employment continuation, severance, incentive, change in control and termination contracts disclosed to Microchip and the assumed Atmel equity awards).

In addition, Microchip has agreed that through December 31, 2016 (the Transition Period) Microchip will provide or cause to be provided to each employee of Atmel and its subsidiaries as of the Effective Time working in the U.S. who continues employment with Microchip or any of its direct or indirect subsidiaries (each, an Affected Employee), while employed by Microchip or any of its direct or indirect subsidiaries, compensation and benefits the value of which is comparable in the aggregate to the aggregate value of the compensation and benefits provided to such Affected Employee immediately prior to the Effective Time (excluding the value of any defined benefit pension plan and the Atmel ESPP). During the Transition Period, (1) each Affected Employee, while employed by Microchip or any of its direct or indirect subsidiaries, will be provided base wages or salary, as applicable, that are not less than the base wages or salary, as applicable, provided to such Affected Employee immediately prior to the Effective Time and (2) each Affected Employee will be provided severance benefits not less favorable in amount or with regard to terms and conditions to receive such severance benefits than those disclosed to Microchip.

The Merger Agreement provides that the provisions of the Merger Agreement relating to employee benefits are for the sole benefit of Microchip and Atmel, and that no third party (including any Affected Employee) will have any third-party beneficiary rights or obligations under the Merger Agreement, including in relation to continued employment or service with Microchip or the maintenance of any employee benefit plans or arrangements by Microchip.

If Microchip requests at least 10 days prior to the Closing, then effective as of no later than immediately preceding the Closing, Atmel will terminate the Atmel Corporation Tax Deferred Savings Plan (the "Atmel 401(k) Plan") and Microchip will take efforts to provide for the Microchip Technology Incorporated Savings Plan to accept, on or after the Closing, the rollover by participants in the Atmel 401(k) Plan of any eligible rollover distributions from the Atmel 401(k) Plan, including any plan loans, in accordance with the applicable U.S. tax Code provisions.

Indemnification and Insurance

Microchip has agreed, for a period of six years following the Effective Time, to cause the surviving corporation to maintain in effect the provisions in its certificate of incorporation and bylaws to the extent they provide for indemnification, advancement and reimbursement of expenses and exculpation of any present or former director or officer of Atmel or any of its subsidiaries, who are entitled to be indemnified under the Atmel Charter and the Atmel Bylaws as in effect immediately prior to the Effective Time, as applicable, with respect to facts or circumstances occurring at or prior to the Effective Time, on the same basis as set forth in the Atmel Charter and the Atmel Bylaws in effect on January 19, 2016, to the fullest extent permitted from time to time by applicable law, which provisions will not be amended except as required by applicable law or to make changes permitted by applicable law that would enlarge the scope of the indemnified parties' indemnification rights thereunder.

Microchip has agreed to, and has agreed to cause the surviving corporation to, indemnify and hold harmless, and advance expenses as incurred to, all present or former directors or officers of Atmel or any of its subsidiaries who are entitled to be indemnified under the Atmel Charter and the Atmel Bylaws as in effect immediately prior to the Effective Time to the fullest extent required or permitted by applicable laws, for a period of six years following the Effective Time, against any costs, expenses (including reasonable attorneys' fees), judgments, fines, losses, claims, damages, liabilities and amounts paid in settlement incurred in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, arising out of or related to such person's service as a director, officer or representative of Atmel or any of its subsidiaries or service performed by such person at the request of Atmel or any of its subsidiaries at or prior to the Effective Time, whether asserted or claimed prior to, at or after the Effective Time, including in connection with (1) the Merger, the other transactions contemplated by the Merger Agreement and the process and other events giving rise thereto, and (2) actions to enforce the rights of such person described in this paragraph. In the event of any such action, Microchip and the surviving corporation will, and Microchip will cause the surviving corporation to, cooperate with such person in the defense of any such action.

The Merger Agreement provides that prior to the Effective Time, Atmel may obtain and fully pay the premium for tail insurance policies for the extension of (i) the directors' and officers' liability coverage of Atmel's existing directors' and officers' insurance policies and (ii) Atmel's existing fiduciary and employment practices liability insurance policies, in each case for a claims reporting or discovery period of at least six years from and after the Effective Time from an insurance carrier with the same or better credit rating as Atmel's insurance carrier as of January 19, 2016 with respect to such insurance, with benefits, terms, conditions, retentions and levels of coverage that are at least as favorable to the indemnified parties as Atmel's existing policies with respect to any matters that existed or occurred at or prior to the Effective Time (including in connection with the Merger Agreement or the transactions or actions contemplated thereby). Whether pursuant to such tail policy or otherwise, the surviving corporation will continue to maintain, for at least six years following the Effective Time, policies of directors' and officers' liability insurance with benefits, terms, conditions, retentions and levels of coverage that are at least as favorable to the insureds as provided in Atmel's existing policies as of January 19, 2016, or the surviving corporation will use reasonable best efforts to purchase comparable liability insurance for such six-year period with benefits, terms, conditions, retentions and levels of coverage that are at least as favorable to the insureds as provided in Atmel's existing policies as of January 19, 2016, except that the surviving corporation will not be required to pay an annual premium amount in excess of 300% of the annual premiums currently paid by Atmel for such insurance, and that if the annual premiums of such insurance

coverage exceed such amount, the surviving corporation will obtain a policy with the greatest coverage available for a cost not exceeding such amount.

Regulatory Filings

Microchip and Atmel have each agreed to take certain actions in order to obtain regulatory clearance required to consummate the Merger. The Merger is subject to review by the FTC under the HSR Act. Under this statute, Microchip and Atmel are required to make pre-Merger notification filings and await the expiration or early termination of the statutory waiting period prior to completing the Merger. Microchip and Atmel completed the initial HSR Act filing on January 27, 2016. The Merger is also subject to review by German and South Korean governmental authorities and requires pre-merger notification and the observance of an applicable waiting period in Germany (German Antitrust Law) and South Korea (South Korean Antitrust Law). Microchip and Atmel completed the initial pre-merger notifications required in Germany and South Korea on February 8, 2016 and February 5, 2016, respectively.

During or after the statutory waiting periods and clearance of the Merger, and even after completion of the Merger, the FTC, or other governmental authorities could challenge or seek to block the Merger under relevant antitrust laws, as it deems necessary or desirable in the public interest. Other competition agencies with jurisdiction over the Merger could also initiate action to challenge or block the Merger. In addition, in some jurisdictions, a competitor, customer or other third party could initiate a private action under the antitrust laws challenging or seeking to enjoin the Merger, before or after it is completed. Microchip and Atmel cannot be sure that a challenge to the Merger will not be made or that, if a challenge is made, Microchip and/or Atmel will prevail.

In addition, the parties are seeking the approval of the French Ministry of the Economy under Articles L.151-3 and R.153-1 et seq. of the French Monetary and Financial Code in respect of foreign investment controls. The approval of the French Ministry of the Economy is not a condition to closing the Merger.

Stock Exchange Listing

The Merger Agreement provides that Microchip will use its reasonable best efforts to cause the shares of Microchip common stock to be issued in the Merger to be approved for listing on NASDAQ, subject to official notice of issuance, as promptly as practicable and prior to the Effective Time.

Financing

Microchip currently anticipates that it will finance the Cash Consideration through a combination of cash on hand and available borrowings under its existing credit facility. The Closing is not subject to any financing condition. As of the date of this proxy statement/prospectus, Microchip does not have any plans to seek additional financing in connection with the Merger. To the extent that Microchip determines to obtain additional financing prior to the Effective Time, Atmel will, and will cause its subsidiaries to, and will use reasonable best efforts to cause its representatives to provide such cooperation in connection with any such financing by Microchip or any of its subsidiaries in connection with the Merger as may be reasonably requested by Microchip. Without limiting the generality of the foregoing, Atmel will, and will cause its subsidiaries to, upon request:

furnish the report of Atmel's auditor on the most recently available audited consolidated financial statements of Atmel and its subsidiaries and use reasonable efforts to obtain the consent of such auditor to the use of such report in accordance with normal custom and practice and use reasonable efforts to cause such auditor to provide customary comfort letters to the underwriters, initial purchasers or placement agents, as applicable, in connection with any such financing;

furnish Microchip and the Financing Sources (as defined below) with (1) audited consolidated balance sheets and related statements of income, stockholders' equity and cash flows of Atmel and its subsidiaries for each of the last three fiscal years ended more than 90 days prior to the closing date of such financing and (2) unaudited consolidated balance sheets and related statements of income of Atmel and its subsidiaries for each fiscal quarter ended after the date of the most recent audited financial statements of such person and more than 45 days prior to the closing date of such financing

and unaudited statements of income and cash flows for the period elapsed from the beginning of the applicable fiscal year to the end of such fiscal quarter and, in each case, for the comparable periods of the preceding fiscal year (with respect to which, in the case of Atmel, the independent auditors shall have performed a SAS 100, as amended by PCAOB standards, review, although such independent auditors will not be preparing, nor will they be required to prepare, a written report concerning such SAS 100 review); provided that filing of the required financial statements on Form 10-K or Form 10-Q by Atmel will satisfy the foregoing requirement;

to the extent required, provide direct contact between (1) senior management and advisors, including auditors, of Atmel and (2) the proposed Financing Sources or Microchip's auditors in connection with any such financing, at reasonable times and upon reasonable advance notice;

reasonably assist Microchip and the Financing Sources by reviewing and commenting on business projections and pro forma financial statements;

to the extent any financing is scheduled to close concurrently with the Effective Time, provide such customary information, documents, authorization letters and certificates, enter into definitive financing documents and take other reasonable actions that are or may be customary in connection with any such financing or necessary to permit Microchip to fulfill conditions or obligations under any commitment letter or in connection with any such financing (provided that such agreements, certificates and other documents entered into will be conditioned upon, and will not take effect prior to, the Effective Time);

provide Microchip with such customary and relevant information as is reasonably requested by Microchip to allow Microchip to prepare any necessary pledge or security agreements, certificates or other documents in connection with any such financing and otherwise reasonably facilitate the pledging of, and granting, recording and perfection of security interests in share certificates, securities and other collateral, and obtaining surveys and title insurance as reasonably requested by Microchip; provided that neither Atmel nor any of its subsidiaries is required to enter into any such agreement, certificate or document, pledge any collateral or grant any lien or security interest or obtain a release of any existing lien or security interest prior to the Effective Time; and

provide to the Financing Sources, at least five days prior to the closing date for such financing, all documentation and other information with respect to Atmel and its subsidiaries that are required by regulatory authorities under the applicable know your customer and anti-money laundering rules and regulations, including without limitation the USA PATRIOT Act of 2001, and requested by Microchip or the Financing Sources at least ten business days prior to the closing date for such financing.

The Merger Agreement provides that the term Financing Sources means the persons that have committed to provide or arrange or otherwise entered or will enter into agreements with Microchip in connection with any financing or any other financing in connection with the transactions contemplated by the Merger Agreement, and the parties to any joinder agreements, indentures, purchase agreements, underwriting agreements or credit agreements entered pursuant thereto or relating thereto, together with their respective former, current or future general or limited partners, direct or indirect stockholders, managers, members, affiliates, officers, directors, employees, agents and representatives, successors and assigns and any former, current or future general or limited partner, direct or indirect stockholder,

manager, member, affiliate, officer, director, employee, agent, representative, successor or assign of any of the foregoing.

Atmel will (1) obtain customary payoff letters from third-party lenders and trustees with respect to Retired Company Indebtedness and (2) deliver or cause to be delivered such payoff letters to Microchip at the Effective Time. At the Effective Time, subject to Microchip making available necessary funds to do so, Atmel will, and will cause its subsidiaries to, permanently (1) terminate Atmel's credit facilities requested by Microchip to be so terminated, if and to the extent such facilities are specified by Microchip to Atmel no later than 15 business days prior to the Effective Time, and all related contracts to which Atmel or any of its subsidiaries is a party (collectively, the Retired Company Indebtedness), and (2) cause to be released any liens on its assets relating to such Retired Company Indebtedness.

Table of Contents

Notwithstanding the provisions described in this section or any other provision of the Merger Agreement, nothing in the Merger Agreement will require Atmel or any of its subsidiaries to:

waive or amend any terms of the Merger Agreement or agree to pay any fees or reimburse any expenses prior to the Effective Time for which it has not received prior reimbursement from Microchip;

enter into any definitive agreement that is effective prior to the Effective Time;

give any indemnities that are effective prior to the Effective Time;

take any action that could unreasonably interfere with the ongoing operations of Atmel or its subsidiaries or create a risk of damage or destruction to any property or assets of Atmel or any of its subsidiaries; or

provide any information or take any action that will conflict with or violate its organizational documents or any applicable legal requirement or would result in a violation or breach of, or default under, any material contract to which Atmel or any of its subsidiaries is a party or would result in the waiver of a legal privilege.

In addition, no action, liability or obligation of Atmel, any of its subsidiaries or any of their respective representatives pursuant to any certificate, agreement, arrangement, document or instrument relating to any such financing will be effective until the Effective Time, and neither Atmel nor any of its subsidiaries will be required to take any action pursuant to any certificate, agreement, arrangement, document or instrument (including being an issuer or other obligor with respect to any such financing) contemplated by the provisions described in this section that is not contingent on the occurrence of the Closing or that must be effective prior to the Effective Time. Nothing in the Merger Agreement will require (1) any officer or representative of Atmel or any of its subsidiaries to deliver any certificate or opinion or take any other action pursuant to the provisions described in this section or any other provision of the Merger Agreement that could reasonably be expected to result in personal liability to such officer or representative or (2) the members of the Atmel Board as of January 19, 2016 to approve any financing or contracts related thereto prior to the Effective Time.

All non-public or other confidential information provided by Atmel or any of its representatives pursuant to the Merger Agreement will be kept confidential in accordance with the confidentiality agreement between Atmel and Microchip, except that Microchip and Merger Sub will be permitted to disclose such information (1) as is legally required to be disclosed in any offering documents related to any financing or (2) to any Financing Sources or prospective Financing Sources, ratings agencies and other financial institutions and investors that are or may become parties to any financing and to any underwriters, initial purchasers or placement agents in connection with any such financing (and, in each case, to their respective counsel and auditors) so long as such persons (a) agree to be bound by the confidentiality agreement between Atmel and Microchip as if parties thereto and (b) are subject to other confidentiality undertakings customary for financings of the same type as such financing.

Microchip has agreed to (1) indemnify, defend and hold harmless Atmel, its subsidiaries and their respective representatives from and against any loss, damages, claim, cost, liability, obligation or expense suffered or incurred in connection with any financing, any arrangement thereof and any information provided in connection therewith except (a) historical information relating thereto or other information furnished in writing by or on behalf of Atmel and its

subsidiaries for use therein and (b) to the extent arising from the willful misconduct, gross negligence, fraud or intentional misrepresentation of Atmel or its subsidiaries and (2) promptly, upon Atmel's request, reimburse Atmel and its subsidiaries for all reasonable out-of-pocket costs incurred by Atmel or its subsidiaries in connection with the provisions described in this section. The provisions described in this paragraph survive termination of the Merger Agreement.

Microchip and Merger Sub have expressly acknowledged and agreed that, notwithstanding anything in the Merger Agreement to the contrary, their obligations thereunder, including their obligations to consummate the Merger, are not subject to, or conditioned on, receipt of any financing.

-116-

Table of Contents

Notwithstanding anything in the Merger Agreement to the contrary, Atmel's breach of any of its covenants required to be performed by it under the provisions described in this section will not be considered in determining the satisfaction of Microchip's condition to the Closing that relates to Atmel's performance in all material respects of its covenants required to be performed by it under the Merger Agreement at or prior to the Closing Date unless such breach is intentional, material and directly results in Microchip being unable to obtain the proceeds of any financing prior to or at the Closing.

Litigation Related to the Transaction

The parties to the Merger Agreement shall cooperate and consult with one another in connection with any stockholder litigation against any of them or any of their respective directors or officers with respect to the transactions contemplated by the Merger Agreement. In furtherance of and without in any way limiting the foregoing, each of the parties shall use its respective reasonable best efforts to prevail in such litigation so as to permit the consummation of the transactions contemplated by the Merger Agreement in the manner contemplated by the Merger Agreement, as promptly as reasonably practicable.

Dialog Termination Fee

Simultaneously with the execution of the Merger Agreement, on January 19, 2016, Atmel notified Dialog that, pursuant to the terms of the merger agreement between Atmel, Dialog, and other parties, dated September 19, 2015 (as amended, the "Dialog Merger Agreement"), Atmel terminated the Dialog Merger Agreement in order to enter into the Merger Agreement.

In connection with the termination by Atmel of the Dialog Merger Agreement, Atmel paid Dialog a termination fee of \$137.3 million in cash on January 20, 2016.

Other Agreements

The Merger Agreement also contains other covenants, including with respect to access to information of the other company, public announcements with respect to the transactions contemplated by the Merger Agreement, and obtaining third party consents under Microchip's or Atmel's business contracts.

Conditions to Closing

Under the Merger Agreement, each party's obligation to effect the Merger is subject to satisfaction or, to the extent permitted by applicable law, mutual waiver at the Effective Time of each of the following conditions:

the Atmel Stockholder Approval shall have been obtained;

(1) no governmental entity having competent jurisdiction shall have enacted, issued or entered any order that remains in effect that enjoins or otherwise prohibits the Merger substantially on the terms contemplated by the Merger Agreement, (2) no law shall have been enacted or promulgated by any governmental entity having competent jurisdiction that makes consummation of the Merger illegal and (3) no governmental entity having competent jurisdiction shall have instituted any proceeding seeking any such laws and orders;

the Form S-4 shall have become effective under the Securities Act and the Form S-4 will not be the subject of any stop order or proceedings seeking a stop order, and the SEC shall not have initiated or threatened any proceeding for that purpose or any similar proceeding in respect of this proxy statement/prospectus;

any waiting period (and any extension thereof) applicable to the consummation of the Merger under the HSR Act shall have expired or been terminated and the consents or approvals from the German Bundeskartellamt and the South Korean Fair Trade Commission shall have been obtained; and

the shares of Microchip common stock issuable to the Atmel stockholders as contemplated by the Merger Agreement shall have been approved for listing on NASDAQ, subject to official notice of issuance. Microchip's and Merger Sub's obligation to effect the Merger is further subject to the satisfaction or waiver of the following conditions:

Atmel's fundamental representations and warranties, (1) if qualified or limited by materiality or Material Adverse Effect (as described below) qualifications, will be true and correct as of January 19, 2016 and at and as of the Closing Date as though made on or as of such date (except to the extent that any such representation and warranty speaks as of an earlier date, in which case such representation and warranty shall be true and correct as of such earlier date) and (2) if not qualified or limited by materiality or Material Adverse Effect qualifications, will be true and correct in all material respects as of January 19, 2016 and at and as of the Closing Date as though made on or as of such date (except to the extent that any such representation and warranty speaks as of an earlier date, in which case such representation and warranty shall be true and correct in all material respects as of such earlier date);

the representations and warranties of Atmel relating to capital structure will be true and correct in all but de *minimis* respects as of January 19, 2016 and at and as of the Closing Date as though made on or as of such date (except to the extent that any such representation and warranty speaks as of an earlier date, in which case such representation and warranty shall be true and correct in all but de *minimis* respects as of such earlier date);

the representations and warranties of Atmel (other than with respect to Atmel's fundamental representations and warranties and the representations and warranties relating to its capital structure) will be true and correct (without giving effect to any qualifications or limitations as to materiality or Material Adverse Effect set forth therein, except as otherwise provided in the representations and warranties of Atmel with respect to the absence of certain changes and material contracts) as of January 19, 2016 and at and as of the Closing Date as though made on or as of such date (except to the extent that any such representation and warranty speaks as of an earlier date, in which case such representation and warranty shall be true and correct as of such earlier date), except where the failure of such representations and warranties to be so true and correct, individually or in the aggregate, has not had and would not reasonably be expected to have a Material Adverse Effect with respect to Atmel;

Atmel shall have performed in all material respects its covenants required to be performed by it under the Merger Agreement at or prior to the Closing Date;

Microchip shall have received a certificate signed on behalf of Atmel by a senior executive of Atmel and dated as of the Closing Date to the effect that the conditions related to Atmel's representations, warranties and covenants described above have been satisfied; and

since January 19, 2016, a Material Adverse Effect with respect to Atmel shall not have occurred. Atmel's obligation to effect the Merger is further subject to the satisfaction or waiver of the following conditions:

Microchip's fundamental representations and warranties, (1) if qualified or limited by materiality or Material Adverse Effect qualifications, will be true and correct as of January 19, 2016 and at and as of the Closing Date as though made on or as of such date (except to the extent that any such representation and warranty speaks as of an earlier date, in which case such representation and warranty shall be true and correct as of such earlier date) and (2) if not qualified or limited by materiality or Material Adverse Effect qualifications, will be true and correct in all material respects as of January 19, 2016 and at and as of the Closing Date as though made on or as of such date (except to the extent that any such representation and warranty speaks as of an earlier date, in which case such representation and warranty shall be true and correct in all material respects as of such earlier date);

the representations and warranties of Microchip and Merger Sub (other than with respect to Microchip's fundamental representations) will be true and correct (without giving effect to any

qualifications or limitations as to materiality or Material Adverse Effect set forth therein, except as otherwise provided in the representations and warranties of Microchip and Merger Sub with respect to the absence of certain changes and material contracts) as of January 19, 2016 and at and as of the Closing Date as though made on or as of such date (except to the extent that any such representation and warranty speaks as of an earlier date, in which case such representation and warranty shall be true and correct as of such earlier date), except where the failure of such representations and warranties to be so true and correct, individually or in the aggregate, has not had and would not reasonably be expected to have a Material Adverse Effect with respect to Microchip;

each of Microchip and Merger Sub shall have performed in all material respects their respective covenants required to be performed by each under the Merger Agreement at or prior to the Closing Date;

Atmel shall have received a certificate signed on behalf of each of Microchip and Merger Sub by a senior executive of Microchip and Merger Sub, respectively, and dated as of the Closing Date to the effect that the conditions related to Microchip's and Merger Sub's representations, warranties and covenants described above have been satisfied; and

since January 19, 2016, a Material Adverse Effect with respect to Microchip shall not have occurred. The Merger Agreement provides that neither party may rely on the failure of any condition to Closing to be satisfied if such failure was caused by that party's failure to comply with its obligations under the Merger Agreement.

Any or all of the conditions described above other than the Atmel Stockholder Approval may be waived, in whole or in part, by Microchip or Atmel, to the extent permitted by applicable law.

Termination of the Merger Agreement

The Merger Agreement may be terminated at any time prior to the Effective Time by mutual written consent of Microchip and Atmel, and either party may terminate the Merger Agreement in the following circumstances:

if prior to the Effective Time, the Merger is enjoined, prohibited or otherwise restrained by the terms of a final, non-appealable order of a governmental entity of competent jurisdiction, except that the right to terminate the Merger Agreement on this basis will not be available to any party whose breach of any provision of the Merger Agreement results in or causes such order to be issued or the failure of the order to be removed;

if the Merger has not been consummated on or before the Initial Outside Date, which will be automatically extended to October 15, 2016 if the Closing is delayed due to certain conditions to Closing relating to antitrust laws not being satisfied, or such later date as Microchip and Atmel agree upon in writing (the Outside Date), except that the right to terminate the Merger Agreement on this basis will not be available to any party whose breach of any provision of the Merger Agreement results in or causes the failure of the Merger to be consummated by such date; or

if the special meeting (including any adjournment or postponement thereof in accordance with the terms of the Merger Agreement) has concluded, the Atmel stockholders have voted, and the Atmel Stockholder Approval was not obtained.

Atmel may also terminate the Merger Agreement at any time prior to the Effective Time as follows:

in order for Atmel to concurrently enter into an agreement for an Atmel Superior Proposal, provided that Atmel has complied in all material respects with its obligations relating to an Atmel Change of Recommendation and Atmel pays to Microchip substantially concurrently with such termination the termination fee described below; or

if Microchip or Merger Sub breaches any representation, warranty or covenant made by Microchip or Merger Sub in the Merger Agreement and such breach (1) is not curable by the Outside Date or, if curable, is not cured prior to the 45th day after written notice thereof is given by Atmel to Microchip and (2) would result in the conditions to Closing related to Microchip's representations, warranties or covenants failing to be satisfied; provided that Atmel is not then in breach of the Merger Agreement such that the conditions to Closing related to Atmel's representations, warranties or covenants would not be capable of being satisfied by the Outside Date.

Microchip may also terminate the Merger Agreement at any time prior to the Effective Time as follows:

if Atmel breaches any representation, warranty or agreement made by Atmel in the Merger Agreement (other than its obligations described above under Atmel's Agreement Not to Solicit Other Offers beginning on page 108 of this proxy statement/prospectus) and such breach (i) is not curable by the Outside Date or, if curable, is not cured prior to the 45th day after written notice thereof is given by Microchip to Atmel and (ii) would result in the conditions to Closing related to Atmel's representations, warranties or covenants failing to be satisfied; provided that Microchip is not then in breach of the Merger Agreement such that the conditions to Closing related to Microchip's representations, warranties or covenants would not be capable of being satisfied by the Outside Date;

if the Atmel Board makes an Atmel Change of Recommendation; or

if Atmel willfully or intentionally breaches any of its non-solicitation obligations in any material respect.

Termination Fees

Atmel will be required to pay to Microchip a termination fee of \$137.3 million in cash if the Merger Agreement is terminated as follows:

by Atmel in order for Atmel to concurrently enter into an agreement for an Atmel Superior Proposal;

by Microchip if the Atmel Board makes an Atmel Change of Recommendation;

if (1) the Merger Agreement is terminated because (a) the Merger has not been consummated on or before the Outside Date, (b) the Atmel Stockholder Approval was not obtained after Atmel stockholders voted at the special meeting, or (c) Atmel intentionally breaches any of its representations, warranties, or agreements in the Merger Agreement (other than Atmel's obligations described above under the section entitled Atmel's Agreement Not to Solicit Other Offers beginning on page 108 of this proxy statement/prospectus) and such breach is not curable by the Outside Date or, if curable, is not cured prior to the 45th day after written notice thereof is given by Microchip to Atmel and such breach would result in the conditions to Closing related to certain of Atmel's representations, warranties or covenants failing to be satisfied, (2) an Atmel Acquisition Proposal has been publicly announced and not withdrawn at any time prior to the date of such termination, and (3) within 12 months after the date of such termination, Atmel enters into a definitive agreement relating

to an Atmel Acquisition Proposal and such Atmel Acquisition Proposal is ultimately consummated (whether or not during the foregoing 12-month period) or Atmel consummates an Atmel Acquisition Proposal; provided, however, that for purposes of this provision, the references in the definition of Atmel Acquisition Proposal to 15% or more will be deemed to be references to more than 50% and less than 85% will be deemed to be references to less than 50% ; or

by Microchip if Atmel willfully or intentionally breaches any of its non-solicitation obligations in any material respect.

Table of Contents

Microchip will be required to pay to Atmel (or its designee) a termination fee of \$250 million in cash if the Merger Agreement is or had been terminated as follows:

by either Microchip or Atmel if (1) the Merger Agreement is or had been terminated and as of the time of such termination, the only conditions to Closing that have not been satisfied (other than those conditions that by their nature are to be satisfied by actions taken at the Closing, each of which shall be capable of being satisfied if the Closing Date were the date the notice of termination is delivered) are those related to antitrust laws and such failure to be satisfied is due to (A) the failure to receive any required consent or approval (including the expiration of any waiting period and any extension thereof under the HSR Act) from the specified antitrust regulators or (B) any action (including the enacting, issuing, entry or promulgation of orders or laws or instituting of proceedings) by the specified antitrust regulators to enjoin or otherwise prohibit the Merger or make it illegal pursuant to antitrust laws; or

by either Microchip or Atmel if there is a final, non-appealable order enjoining or prohibiting the Merger, which is pursuant to antitrust laws.

Additionally, in the event that either Microchip or Atmel terminates the Merger Agreement as a result of the failure by Atmel's stockholders to approve the Merger, Atmel must reimburse Microchip for reasonable out-of-pocket costs incurred in connection with the Merger up to \$20 million, which amount will be off-set against any termination fee payable by Atmel.

Effect of Termination

In the event of a termination as described above under the section entitled "Termination of the Merger Agreement" beginning on page 119 of this proxy statement/prospectus, the Merger Agreement will become void and of no effect except for certain sections of the Merger Agreement, including provisions regarding termination, termination fees and expenses, reimbursement and indemnification and the confidentiality and non-disclosure agreement. Such termination will not relieve any party to the Merger Agreement of any liability for any willful action or omission to act occurring prior to such termination undertaken with the knowledge of such party that the taking of such act or failure to act would result in a breach of any of its representations, warranties or covenants in the Merger Agreement.

Expenses

Other than as described above, whether or not the Merger is consummated, all costs and expenses incurred in connection with the Merger Agreement, the Merger, and the other transactions contemplated by the Merger Agreement will be paid by the party incurring those costs and expenses.

Amendment

The Merger Agreement may be amended by Microchip, Merger Sub and Atmel at any time before or after the approval by the Atmel stockholders of Proposal No. 1 at the special meeting, but after such approval, any amendment that requires the further approval of Atmel stockholders by law may not be made without such further approval,

Governing Law

The Merger Agreement will be construed and enforced in accordance with, the laws of the State of Delaware, without regard to the conflict of laws principles that would result in the application of any law other than the law of the State of Delaware. Notwithstanding the foregoing, any action, cause of action or other claim against the Financing Sources shall be governed by, and construed in accordance with, the laws of the State of New York, without giving effect to any choice of law or conflict of laws provision or rule that would cause the application of the laws of any jurisdiction other than the State of New York.

Specific Performance

The parties to the Merger Agreement have agreed that irreparable damage for which monetary damages, even if available, would not be an adequate remedy would occur in the event that the parties do not perform their

-121-

obligations under the provisions of the Merger Agreement (including failing to take such actions as are required of them thereunder to consummate the Merger Agreement) in accordance with its specified terms or otherwise breach such provisions. Subject to the following sentence, the parties have agreed that the parties will be entitled to an injunction or injunctions, specific performance, or other equitable relief, to prevent breaches of the Merger Agreement and to enforce specifically the terms and provisions thereof (including the obligations of the parties to consummate the Merger) without proof of damages or otherwise, and that such relief may be sought in addition to and will not limit, diminish, or otherwise impair, any other remedy to which they are entitled under the Merger Agreement. Notwithstanding the foregoing, (1) Microchip and Merger Sub shall not be entitled to any such injunction or injunctions, specific performance, or other equitable relief if the Merger Agreement is terminated and Atmel has paid the termination fee, as described above, (2) Atmel shall not be entitled to any such injunction or injunctions, specific performance, or other equitable relief if the Merger Agreement is terminated and Microchip has paid the termination fee, as described above and (3) each of Microchip, Merger Sub and Atmel shall not be entitled to any injunction or injunctions, specific performance, or other equitable relief with respect to the specific act of the Microchip Board or the Atmel Board effecting a change of their recommendation in breach of the Merger Agreement. The parties also agree that any party seeking an injunction or injunctions to prevent breaches of the Merger Agreement and to enforce specifically the terms and provisions of the Merger Agreement will not be required to provide any bond or other security in connection with any such order or injunction.

MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

General

The following summary discusses the material U.S. federal income tax consequences of the Merger to U.S. Holders and Non-U.S. Holders (each as defined below). This discussion is based on the Internal Revenue Code of 1986, as amended (the "Code"), Treasury regulations, administrative interpretations and court decisions, all as in effect as of the date of this proxy statement/prospectus, and all of which may change, possibly with retroactive effect.

This discussion addresses only the consequences of the exchange of shares of Atmel common stock held as capital assets. It does not address all aspects of U.S. federal income taxation that may be important to a stockholder in light of that stockholder's particular circumstances, or to a stockholder subject to special rules, such as:

a financial institution or insurance company;

a tax-exempt organization;

a dealer or broker in securities;

a stockholder who holds Atmel common stock as part of a hedge, appreciated financial position, straddle, or conversion or integrated transaction;

a stockholder who acquired Atmel common stock pursuant to the exercise of compensatory options or stock purchase plans or otherwise as compensation; or

a stockholder that does not vote in favor of the Merger and properly demands appraisal of its shares of Atmel common stock under applicable law.

If a partnership (including any entity or arrangement treated as a partnership for U.S. federal income tax purposes) holds shares of Atmel common stock, the tax treatment of a partner will generally depend upon the status of the partner and the activities of the partnership. A partner of a partnership holding shares of Atmel common stock should consult its tax advisors.

This discussion of material U.S. federal income tax consequences is not a complete analysis or description of all potential U.S. federal income tax consequences of the Merger. This discussion does not address tax consequences that may vary with, or are contingent on, individual circumstances. In addition, it does not address any alternative minimum tax, non-income tax or non-U.S., state or local tax consequences of the Merger, or the potential application of the Medicare contribution tax on net investment income. **Accordingly, we strongly urge each Atmel stockholder to consult its own tax advisor to determine the particular U.S. federal, state or local or foreign income or other tax consequences to the stockholder as a result of the Merger.**

U.S. Holders

For purposes of this discussion, a U.S. Holder is a beneficial owner of shares of Atmel common stock that is for U.S. federal income tax purposes:

an individual who is a citizen or resident of the United States;

a corporation, or other entity taxable as a corporation, created or organized in or under the laws of the United States or any state therein or the District of Columbia;

an estate the income of which is subject to U.S. federal income taxation regardless of its source; or

a trust (i) that is subject to the primary supervision of a court within the United States and all the substantial decisions of which are controlled by one or more U.S. persons or (ii) that has a valid election in effect under applicable Treasury regulations to be treated as a U.S. person.

-123-

Table of Contents

A U.S. Holder's receipt of cash and shares of Microchip common stock in exchange for shares of Atmel common stock in the Merger will be a taxable transaction for U.S. federal income tax purposes. Accordingly, a U.S. Holder generally will recognize gain or loss for U.S. federal income tax purposes in an amount equal to the difference between (1) the sum of the amount of cash and the fair market value, at the effective time of the Merger, of the shares of Microchip common stock received by such holder in the Merger, and (2) such holder's tax basis in the shares of Atmel common stock exchanged in the Merger.

Any such gain or loss generally will be capital gain or loss and generally will be long-term capital gain or loss if the U.S. Holder's holding period in the Atmel common stock immediately prior to the Merger is more than one year. In the case of a U.S. Holder who holds shares of Atmel common stock with differing tax bases and/or holding periods, gain or loss must be determined separately for each identifiable block of shares of Atmel common stock (generally, shares purchased at the same price in the same transaction). For U.S. Holders that are individuals, estates or trusts, long-term capital gain generally is taxed at preferential U.S. federal income tax rates. The deductibility of capital losses is subject to limitations. Each U.S. Holder is urged to consult its tax advisor regarding the manner in which gain or loss should be calculated as a result of the Merger.

A U.S. Holder will have a tax basis in the shares of Microchip common stock received in the Merger equal to the fair market value of such shares at the Effective Time. The holding period for shares of Microchip common stock received in exchange for shares of Atmel common stock in the Merger will begin on the date immediately following the Closing Date.

Non-U.S. Holders

For purposes of this discussion, a Non-U.S. Holder is a beneficial owner of shares of Atmel common stock that is neither a U.S. Holder nor a partnership for U.S. federal income tax purposes.

Any gain realized by a Non-U.S. Holder pursuant to the Merger generally will not be subject to U.S. federal income tax unless:

the gain is effectively connected with a trade or business of such Non-U.S. Holder in the United States (and, if required by an applicable income tax treaty, is attributable to a permanent establishment maintained by such Non-U.S. Holder in the United States), in which case such gain generally will be subject to U.S. federal income tax at rates generally applicable to U.S. persons, and, if the Non-U.S. Holder is a corporation, such gain may also be subject to the branch profits tax at a rate of 30% (or a lower rate under an applicable income tax treaty);

such Non-U.S. Holder is an individual who is present in the United States for 183 days or more in the taxable year in which the Effective Time occurs, and certain other specified conditions are met, in which case such gain will be subject to U.S. federal income tax at a rate of 30% (or a lower rate under an applicable income tax treaty); or

Atmel is or has been a United States real property holding corporation as such term is defined in Section 897(c) of the Code ("USRPHC") at any time within the shorter of the five-year period preceding the Merger or such Non-U.S. Holder's holding period with respect to the applicable shares of common stock,

which we refer to as the relevant period, and, if shares of common stock are regularly traded on an established securities market (within the meaning of Section 897(c)(3) of the Code), such Non-U.S. Holder owns directly or is deemed to own pursuant to attribution rules more than 5% of Atmel common stock at any time during the relevant period, in which case such gain will be subject to U.S. federal income tax at rates generally applicable to U.S. persons (as described in the first bullet point above), except that the branch profits tax will not apply. Atmel believes that it is not, and will not be, a USRPHC at any time during the five-year period preceding the Merger.

-124-

Table of Contents

Backup Withholding and Information Reporting

Information reporting and backup withholding (at a rate of 28%) may apply to the proceeds received by a holder pursuant to the Merger. Backup withholding generally will not apply to (1) a U.S. Holder that furnishes a correct taxpayer identification number and certifies that such holder is not subject to backup withholding on IRS Form W-9 (or a substitute or successor form) or (2) a Non-U.S. Holder that (a) provides a certification of such holder's foreign status on the appropriate series of IRS Form W-8 (or a substitute or successor form) or (b) otherwise establishes an exemption from backup withholding.

Backup withholding is not an additional tax. Any amount withheld under the backup withholding rules will be allowed as a refund or credit against U.S. federal income tax liability, provided the required information is timely furnished to the IRS. The IRS may impose a penalty upon any taxpayer that fails to provide the correct taxpayer identification number.

-125-

Table of Contents**ACCOUNTING TREATMENT**

Each of Microchip and Atmel prepares its financial statements in accordance with U.S. GAAP. The Merger will be accounted for using the acquisition method of accounting with Microchip treated as the acquiror of Atmel for accounting purposes. This means that the assets, liabilities and commitments of Atmel, the accounting acquiree, are adjusted to their estimated fair value at the acquisition date. Under the acquisition method of accounting, intangible assets are amortized over their remaining useful lives and tested for impairment at least annually.

B. The Board of Directors of the Company (the Company Board) has determined that the Merger is advisable and fair to the Company and its stockholders (the Company Stockholders).

C. The Board of Directors of Parent (the Parent Board) has determined that the Merger is advisable and fair to Parent and its stockholders (the Parent Stockholders).

D. Concurrently with the execution and delivery of this Agreement by the Company, (a) the Company is terminating that certain Agreement and Plan of Merger, dated as of September 19, 2015, by and among Dialog Semiconductor plc, Avengers Acquisition Corporation and the Company (as amended, the Dialog Merger Agreement) in accordance with its terms and (b) the Company is paying to Dialog Semiconductor plc, pursuant to Section 7.5(b)(i) of the Dialog Merger Agreement, the termination fee of \$137,300,000 in cash (the Dialog Termination Fee).

NOW, THEREFORE, Company, Parent and Merger Sub, in consideration of the representations, warranties and covenants contained in this Agreement, agree as follows:

ARTICLE I

THE MERGER

1.1 The Merger. On the terms and subject to the satisfaction or, if permitted, waiver of the conditions set forth herein, and in accordance with the DGCL, Merger Sub will be merged with and into the Company at the Effective Time, and the separate corporate existence of Merger Sub will thereupon cease. Following the Effective Time, the Company will be the surviving company (the Surviving Company).

1.2 Closing.

(a) Except as set forth in Section 1.2(b), the closing of the Merger (the Closing) will take place at the offices of Jones Day, 1755 Embarcadero Road, Palo Alto, California, at 8:00 a.m. (California time), no later than the second Business Day following the satisfaction or waiver of the conditions set forth in Article VI (other than those conditions that by their nature are to be satisfied at the Closing, but subject to the satisfaction or waiver of those conditions), or at such other place, date and time as the Company and Parent may agree in writing. The earliest date on which the conditions specified in Sections 6.1, 6.2 and 6.3(d) have been satisfied (other than the condition specified in Section 6.2(b) insofar as such condition relates to the Company's compliance with Section 5.4(e)(ii)) is the Satisfaction Date. The date on which the Closing actually takes place, as may be extended by Section 1.2(b), is referred to as the Closing Date.

(b) Notwithstanding Section 1.2(a) and any other provision of this Agreement to the contrary, if by operation of Section 1.2(a) the Closing Date would occur within the last 15 days of a calendar quarter (the Deferral Quarter), then Parent may elect in its sole discretion (no more than a single time), by written notice to the Company (the Deferral Notice), to defer the Closing to the first Business Day occurring immediately after the end of the Deferral Quarter. In the event of the delivery of a Deferral Notice or a Cooperation Request, the conditions set forth in Sections 6.2(a), 6.2(c) (insofar as such condition relates to Section 6.2(a)) and 6.2(d) shall be deemed to be fully satisfied from and after the Satisfaction Date through and including the Closing (if such conditions were satisfied at the Satisfaction Date), without regard to any change in circumstances or other events that may occur after the Satisfaction Date, and Parent shall be deemed to have irrevocably waived as of the Satisfaction Date all rights to assert such conditions.

1.3 Effective Time. On the terms and subject to the conditions set forth in this Agreement, (i) as soon as practicable on the Closing Date, the parties shall file a certificate of merger (the Certificate of Merger) in such form as is required by, and executed in accordance with, the relevant provisions of the DGCL and the terms of this Agreement and (ii) as soon as practicable on or after the Closing Date, the parties shall make all other filings or recordings required under the DGCL. The Merger will become effective at such time as the Certificate of Merger is duly filed with the Secretary of State of the State of Delaware on the Closing Date, or at such subsequent date or time as the Company, Parent and Merger Sub agree and specify in the Certificate of Merger (the date and time the Merger becomes effective is hereinafter referred to as the Effective Time).

1.4 Effects of the Merger. The Merger will have the effects set forth in the DGCL. Without limiting the generality of the foregoing, and subject thereto, at the Effective Time, all the property, rights, privileges, powers and franchises of the Company and Merger Sub will be vested in the Surviving Company, and all debts, liabilities and duties of the Company and Merger Sub will become the debts, liabilities and duties of the Surviving Company all as provided in the DGCL.

1.5 Certificate of Incorporation and Bylaws. At the Effective Time, the Company Charter in effect immediately prior to the Effective Time shall be amended so as to read in its entirety as set forth on Exhibit A and, as so amended, shall be from and after the Effective Time the certificate of incorporation of the Surviving Company until amended in accordance with applicable Law. At the Effective Time, the bylaws of Merger Sub as in effect immediately prior to the Effective Time shall be the bylaws of the Surviving Company from and after the Effective Time, until amended in accordance with applicable Law. For the avoidance of doubt, the provisions of the Company Charter and Company Bylaws and any Contracts between a director, officer or employee of the Company and the Company in effect as of immediately prior to the Closing will govern the rights of all directors, officers and employees of the Company (including, without limitation, persons who were, at any time, directors, officers and employees of the Company prior to Closing), as applicable, and the obligations of the Company and the Surviving Company, in respect of claims for indemnification based in whole or in part on actions or failures to take action at or prior to the Closing, and neither the

amendments thereto contemplated hereby or any amendments or modifications, if any, effected following the Closing will affect, in any manner, the rights of any directors, officers and employees, or the obligations of the Company, including the Surviving Company, thereunder relating to such actions or failures to take action.

1.6 Directors and Officers of the Surviving Company. From and after the Effective Time, until successors are duly elected or appointed and qualified in accordance with applicable Law, (i) the directors of Merger Sub at the Effective Time shall be the directors of the Surviving Company and (ii) the officers of Merger Sub at the Effective Time shall be the officers of the Surviving Company.

ARTICLE II

EFFECT OF THE MERGER ON THE CAPITAL STOCK OF THE COMPANY; EXCHANGE OF CERTIFICATES AND PAYMENT

2.1 Effect on Capital Stock. At the Effective Time, as a result of the Merger and without any action on the part of the holder of any securities of the Company, Parent or Merger Sub:

(a) Merger Sub's Capital Stock. Each share of common stock of Merger Sub outstanding immediately prior to the Effective Time shall be converted into and become one share of common stock of the Surviving Company with the same rights, powers and privileges as the shares so converted and shall constitute the only outstanding shares of capital stock of the Surviving Company, subject to Section 2.1(b).

(b) Cancellation of Treasury Stock and Parent Owned Stock and Conversion of Subsidiary Owned Stock. (i) Each share of Company Common Stock that is owned by Parent immediately prior to the Effective Time and any Company Common Stock held in the treasury of the Company immediately prior to the Effective Time will automatically be canceled and retired and will cease to exist, and no consideration will be delivered in exchange therefor and (ii) each share of Company Common Stock held by any Subsidiary of either the Company or Parent immediately prior to the Effective Time shall be converted into such number of shares of common stock of the Surviving Company such that each such Subsidiary owns the same percentage of the outstanding capital stock of the Surviving Company immediately following the Effective Time as such Subsidiary owned in the Company immediately prior to the Effective Time.

(c) Conversion of Company Common Stock. Subject to Section 2.2(b) and Section 2.2(e), each issued and outstanding share of Company Common Stock, other than shares of Company Common Stock to be canceled or converted in accordance with Section 2.1(b) and Dissenting Shares to be treated in accordance with Section 2.4, will be converted into the right to receive:

(i) \$7.00 in cash without interest (the Cash Consideration);

(ii) a fraction of a Parent Share (the Stock Consideration) equal to the lesser of (A) the quotient of (x) \$1.15, *divided by* (y) the Average Parent Closing Price (the Implied Exchange Ratio) and (B) the quotient of 13,000,000 *divided by* the aggregate number of shares of Company Common Stock (other than shares of Company Common Stock to be canceled or converted in accordance with Section 2.1(b)) outstanding as of the Effective Time (the Maximum Exchange Ratio), and such fraction as determined under this Section 2.1(c)(ii), the Exchange Ratio); and

(iii) in the event that the Implied Exchange Ratio exceeds the Maximum Exchange Ratio, an amount of cash equal to (A) the Implied Exchange Ratio *minus* the Maximum Exchange Ratio, *multiplied by* (B) the Average Parent Closing Price (the Supplemental Cash Consideration).

(d) Cancellation of Shares of Company Common Stock. As of the Effective Time, all shares of Company Common Stock shall no longer be outstanding and will automatically be canceled and retired and shall cease to exist, and each

holder of a certificate formerly representing any shares of Company Common Stock (a Company Certificate) or shares of Company Common Stock represented by book-entry (Book-Entry Shares) shall cease to have any rights with respect thereto, except the right to receive the Merger Consideration, certain dividends or other distributions, if any, upon surrender or transfer of such Company Certificate or Book-Entry Shares, in each case, in accordance with this Article II, without interest.

2.2 Exchange of Certificates.

(a) Exchange Agent. Prior to the Closing Date, Parent will designate a U.S. bank or trust company reasonably acceptable to the Company to act as agent of Parent for purposes of, among other things, mailing and receiving transmittal letters, and distributing the Merger Consideration to the Company Stockholders (the Exchange Agent). At or substantially concurrently with the Effective Time, Parent shall deposit, or cause to be deposited, with the Exchange Agent for the benefit of the holders of shares of Company Common Stock, for payment and exchange in accordance with this Article II through the Exchange Agent, (i) a number of Parent Shares equal to the aggregate number of Parent Shares to be issued as Merger Consideration, and (ii) immediately available funds sufficient to pay the aggregate Cash Consideration, Supplemental Cash Consideration, and any cash payable in lieu of any fractional Parent Shares, in each case to be held by the Exchange Agent in trust for the benefit of the holders of the Company Common Stock (such Parent Shares, funds and any dividends or other distributions payable in accordance with Section 2.2(c) being hereinafter referred to as the Exchange Fund). No later than 10 Business Days prior to the Closing Date, Parent shall enter into an agreement with the Exchange Agent, in form and substance reasonably satisfactory to the Company, to effect the applicable terms of this Agreement.

(b) Exchange Procedures.

(i) Promptly, and in any event within 10 Business Days, after the Effective Time, Parent shall cause the Exchange Agent to mail to each holder of record of a Company Certificate or Book-Entry Share whose shares of Company Common Stock were converted into the right to receive the Merger Consideration (A) a letter of transmittal (which will specify that delivery will be effected, and risk of loss and title to the Company Certificates will pass, only upon proper delivery of the Company Certificates to the Exchange Agent or, in the case of Book-Entry Shares, upon adherence to the procedures set forth in the letter of transmittal, and such letter of transmittal will be in customary form and have such other provisions as Parent may reasonably specify consistent with this Agreement) and (B) instructions for use in effecting the surrender of the Company Certificates or, in the case of Book-Entry Shares, the transfer of such Book-Entry Shares in exchange for the Merger Consideration.

(ii) After the Effective Time, and reasonably promptly following surrender or transfer in accordance with this Article II of a Company Certificate or Book-Entry Shares for cancellation to the Exchange Agent, together with a letter of transmittal, duly executed, and such other documents as may reasonably be required by the Exchange Agent, the holder of such Company Certificate or Book-Entry Shares will be entitled to receive in exchange therefor the Merger Consideration in the form of (A) the number of whole Parent Shares that such holder has the right to receive pursuant to the provisions of this Article II, after taking into account all the shares of Company Common Stock then held by such holder under all such Book-Entry Shares or Company Certificates so surrendered or transferred, and (B) a check or wire for the full amount of cash that such holder has the right to receive pursuant to the provisions of this Article II, including the Cash Consideration, Supplemental Cash Consideration, cash in lieu of fractional Parent Shares, and certain dividends or other distributions, if any, in accordance with Section 2.2(c), in each case less any required withholding of Taxes, and the Company Certificate or Book-Entry Shares so surrendered or transferred will forthwith be canceled, and Parent's stock transfer books shall be updated accordingly. The Parent Shares shall be accepted into The Depository Trust Company (DTC) and issued in uncertificated book-entry form to such account as shall be specified in the completed letter of transmittal. If payment of the Merger Consideration (along with any cash in lieu of fractional Parent Shares as provided in Section 2.2(e) and any unpaid dividends and other distributions with respect to such Parent Shares as provided in Section 2.2(c)) is to be made to a person other than the person in whose name the surrendered Company Certificate or Book-Entry Shares so transferred is registered on the stock transfer books of the Company or the systems of DTC, as the case may be, it will be a condition of payment that (1) the Company Certificate so surrendered or the Book-Entry Shares so transferred will be endorsed properly or otherwise be in proper form for transfer, and (2) the person requesting such payment (x) will have paid all transfer and other Taxes

required by reason of the payment of the Merger Consideration to a person other than the registered holder of the Company Certificate surrendered or Book-Entry Shares so transferred or (y) will have established to the

A-4

satisfaction of the Surviving Company and the Exchange Agent that such Taxes either have been paid or are not applicable. Until surrendered or transferred as contemplated by this Section 2.2(b), each Company Certificate and each Book-Entry Share will be deemed at any time after the Effective Time to represent only the right to receive upon such surrender or transfer the Merger Consideration that the holder thereof has the right to receive in respect of such Company Certificate pursuant to the provisions of this Article II and certain dividends or other distributions, if any, in accordance with Section 2.2(c). No interest will be paid or will accrue on any Merger Consideration or unpaid dividends and other distributions, if any, payable to holders of Company Certificates or Book-Entry Shares pursuant to the provisions of this Article II.

(c) Dividends; Other Distributions. No dividends or other distributions with respect to Parent Shares with a record date after the Effective Time will be paid to the holder of any Company Certificate or Book-Entry Shares that have not been surrendered or transferred with respect to the Parent Shares represented thereby and no cash payment in lieu of fractional Parent Shares will be paid to any such holder pursuant to Section 2.2(e), and all such dividends, other distributions and cash in lieu of fractional Parent Shares will be paid by Parent to the Exchange Agent and will be included in the Exchange Fund, in each case until the surrender or transfer of such Company Certificate or Book-Entry Share in accordance with this Article II. Subject to the effect of applicable escheat or similar Laws, following surrender or transfer of any such Company Certificate or Book-Entry Share in accordance herewith, (A) there will be paid to the holder of whole Parent Shares issued in exchange therefor, without interest, in addition to all other amounts to which such holder is entitled under this Article II, (i) at the time of such surrender or transfer, the amount of dividends or other distributions with a record date after the Effective Time theretofore paid with respect to such whole Parent Shares and the amount of any cash payable in lieu of a fractional Parent Share to which such holder is entitled pursuant to Section 2.2(e) and (ii) at the appropriate payment date, the amount of dividends or other distributions with a record date after the Effective Time but prior to such surrender or transfer and with a payment date subsequent to such surrender or transfer payable with respect to such whole Parent Shares and (B) Parent shall pay or cause the Surviving Company to pay all dividends or other distributions, in each case with a record date prior to the Effective Time, that have been declared or made by the Company with respect to the shares of Company Common Stock in accordance with the terms of this Agreement, but that have not been paid on such shares.

(d) No Further Ownership Rights in Company Common Stock. All Parent Shares issued and all Cash Consideration and Supplemental Cash Consideration paid upon the surrender or transfer for exchange of Company Certificates and Book-Entry Shares in accordance with the terms of this Article II (including any cash paid pursuant to Section 2.2(c) and Section 2.2(e)) will be deemed to have been issued or paid, as the case may be, in full satisfaction of all rights pertaining to the shares of Company Common Stock theretofore represented by such Company Certificates and such Book-Entry Shares, and there will be no further registration of transfers on the stock transfer books of the Surviving Company of the shares of Company Common Stock that were outstanding immediately prior to the Effective Time. If, after the Effective Time, Company Certificates or Book-Entry Shares are presented to Parent, the Surviving Company or the Exchange Agent for any reason, they will be canceled and exchanged as provided in this Article II.

(e) No Fractional Shares.

(i) No certificates, receipts or scrip representing fractional Parent Shares shall be issued upon the surrender or transfer for exchange of Company Certificates or Book-Entry Shares, no dividend or distribution of Parent will relate to such fractional Parent Shares and such fractional Parent Shares will not entitle the owner thereof to vote or to any rights of a Parent Stockholder.

(ii) Notwithstanding any other provision of this Agreement, each holder of Company Common Stock converted pursuant to the Merger who would otherwise be entitled to receive a fraction of a Parent Share (after taking into account all shares of Company Common Stock held at the Effective Time by such holder) shall receive, in lieu

thereof, from the Exchange Agent, a cash payment in United States dollars in lieu of such fractional Parent Share either (A) representing that holder's proportionate interest in the net proceeds from the

A-5

sale by the Exchange Agent in one or more transactions of the aggregate of the fractional Parent Shares which would otherwise have been issued under this Article II (the Excess Parent Shares) or (B) cash in accordance with Section 2.2(e)(iii) below. The sale of the Excess Parent Shares shall be (A) executed on The NASDAQ Stock Market and (B) made at such times, in such manner and on such terms as the Exchange Agent shall determine in its reasonable discretion. Until the net proceeds of such sale or sales have been distributed to the holders of Company Certificates or Book-Entry Shares in accordance with this Section 2.2, the Exchange Agent shall hold the net proceeds in trust (the Exchange Trust) for those holders. All commissions, fees, transfer taxes and other out-of-pocket transaction costs, including the expenses and compensation of the Exchange Agent, incurred in connection with the sale of the Excess Parent Shares shall be paid by Parent and the Surviving Company. As soon as practicable after the determination of the amount of cash to be paid to holders of Company Certificates and Book-Entry Shares in lieu of fractional Parent Shares, the Exchange Agent shall make that amount available to those holders, without interest. The Exchange Agent shall determine the portion of the net proceeds to which each holder of Company Certificates or Book-Entry Shares shall be entitled by multiplying the aggregate amount of the net proceeds by a fraction of which (1) the numerator is the amount of the fractional Parent Shares to which such holder of Company Certificates or Book-Entry Shares is entitled (after taking into account all Company Certificates delivered by such holder) and (2) the denominator is the aggregate amount of fractional Parent Shares to which all holders of Company Certificates and Book-Entry Shares are entitled.

(iii) Notwithstanding the provisions of Section 2.2(e)(ii), Parent may elect, at its option exercised prior to the Effective Time, to pay to the Exchange Agent an amount in cash in United States dollars, to be deposited promptly following the Effective Time, sufficient for the Exchange Agent to pay each holder of Company Certificates or Book-Entry Shares an amount in cash equal to the product obtained by multiplying (A) the fraction of a Parent Share to which such holder would otherwise have been entitled by (B) the closing price for a Parent Share on the NASDAQ Stock Market on the first Business Day immediately following the Effective Time. In such event, all references in this Agreement to the net proceeds from the sale of the Excess Parent Shares and similar references shall be deemed to refer to the payments calculated in the manner set forth in this Section 2.2(e)(iii).

(f) Termination of Exchange Fund and Exchange Trust. Any portion of the Exchange Fund or the Exchange Trust that remains undistributed to the holders of the Company Certificates or Book-Entry Shares for one year after the Effective Time will be delivered to Parent, upon demand, and any holders of Company Certificates or Book-Entry Shares who have not theretofore complied with this Article II may thereafter look only to Parent (subject to abandoned property, escheat or other similar Laws) as general creditors thereof for payment of their claim for Merger Consideration and any dividends or distributions, if any, with respect to Parent Shares. Any amounts remaining unclaimed by such holders at such time at which such amounts would otherwise escheat to or become property of any Governmental Entity shall become, to the extent permitted by applicable Law, the property of the Surviving Company or its designee, free and clear of all claims or interest of any person previously entitled thereto.

(g) No Liability. None of Parent, Merger Sub, the Surviving Company or the Exchange Agent will be liable to any person in respect of any Parent Shares, any dividends or distributions with respect thereto, any cash in lieu of fractional Parent Shares or any cash from the Exchange Fund or Exchange Trust, in each case, delivered to a public official pursuant to any applicable abandoned property, escheat or similar Law.

(h) Investment of Exchange Fund and Exchange Trust. The Exchange Agent will invest any cash in the Exchange Fund and Exchange Trust as directed by Parent; provided, however, that any investment of such cash will in all events be limited to direct short-term obligations of, or short-term obligations fully guaranteed as to principal and interest by, the U.S. government, in commercial paper rated A-1 or P-1 or better by Moody's Investors Service, Inc. or Standard & Poor's Corporation, respectively, or in certificates of deposit, bank repurchase agreements or banker's acceptances of commercial banks with capital exceeding \$25 billion (based on the most recent financial statements of such bank that

are then publicly available), and that no such investment or loss thereon will affect the amounts payable pursuant to this Agreement. Any interest and other income resulting from such investments will be paid to Parent. In the event that the Exchange Fund and Exchange Trust is insufficient to make the payments contemplated by this Article II,

A-6

Parent will, or will cause the Surviving Company, promptly to deposit additional funds with the Exchange Agent in an amount that is equal to the deficiency in the amount required to make such payment. The Exchange Fund and Exchange Trust will not be used for any purpose not expressly provided for in this Agreement.

(i) Lost Certificates. 2.4 Appraisal Rights. Notwithstanding any provision of this Agreement to the contrary, including Section 2.1(c), shares of Company Common Stock issued and outstanding immediately prior to the Effective Time (other than shares cancelled in accordance with Section 2.1(b)) and held by a record holder or beneficial owner who has not voted in favor of adoption of this Agreement or consented thereto in writing and who is statutorily entitled to exercise appraisal rights and who duly complies with all provisions of Section 262 of the DGCL concerning the right of holders of shares of Company Common Stock to dissent from the Merger and seek appraisal of their shares of Company Common Stock (such shares being referred to collectively as the Dissenting Shares until such time as such holder fails to perfect or otherwise loses such holder's dissenters' rights under the DGCL with respect to such shares of Company Common Stock) will not be converted into a right to receive the Merger Consideration, but instead will be entitled to only such rights as are granted by Section 262 of the DGCL; provided, however, that if, after the Effective Time, such holder fails to perfect, withdraws or loses such holder's appraisal rights pursuant to Section 262 of the DGCL or if a court of competent jurisdiction determines that such holder is not entitled to the relief provided by Section 262 of the DGCL, such shares of Company Common Stock will be treated as if they had been converted as of the Effective Time into the right to receive the Merger Consideration in accordance with Section 2.1(c), without interest thereon and less any required withholding taxes, upon surrender or transfer of such Company Certificate or Book-Entry Shares formerly representing such shares of Company Common Stock in the manner provided in Section 2.2(b). Notwithstanding anything to the contrary contained in this Agreement, if the Merger is rescinded or abandoned prior to the Effective Time, then the right of any stockholder of the Company to be paid the fair value of such holder's Dissenting Shares pursuant to Section 262 of the DGCL will be null and void. The Company will provide Parent prompt written notice of any demands received by the Company for appraisal of shares of Company Common Stock, any withdrawal of any such demand and any other demand, notice or instrument delivered to the Company prior to the Effective Time pursuant to Section 262 of the DGCL that relates to such demand, and Parent will have the opportunity and right to direct and control all negotiations and proceedings with respect to such demands. (b) Notwithstanding anything to the contrary contained in Section 5.3(a), at any time prior to receipt of the Company Stockholder Approval, if the Company receives a *bona fide* Company Acquisition Proposal from any Person that did not result from a material breach of Section 5.3(a), the Company and its Representatives may contact such Person to clarify the terms and conditions thereof and (i) the Company and its Representatives may provide information (including non-public information and data) regarding, and afford access to the business, properties, assets, books, records and personnel of, the Company and its Subsidiaries to such Person if the Company receives from such Person (or has received from such Person) an executed Acceptable Company Confidentiality Agreement, provided that the Company will promptly (and in any event within 24 hours) make available to Parent any non-public information concerning the Company or its Subsidiaries that is provided to any Person given such access that was not previously made available to Parent and (ii) the Company and its Representatives may engage in, enter into, continue or otherwise participate in any discussions or negotiations with such Person with respect to such Company Acquisition Proposal, as long as (A) the Company has not materially breached Section 5.3(a) with respect to such Company Acquisition Proposal and (B) prior to taking any action described in clauses (i) or (ii) above, the Company Board determines in good faith that (1) such Company Acquisition Proposal either constitutes a Company Superior Proposal or would reasonably be expected to result in a Company Superior Proposal and (2) the failure to participate in such discussions or negotiations or furnish such information would reasonably be expected to be inconsistent with the directors' fiduciary duties under applicable Law.

(c) During the No-Shop Period, the Company will promptly after knowledge by the Company of receipt (and in any event within 24 hours after knowledge of receipt), notify Parent both orally and in writing of the receipt by the Company of any Company Acquisition Proposal or any request for information from, or any negotiations sought to be initiated or resumed with, either the Company or its Representatives concerning a Company Acquisition Proposal, which notice will include a written summary of the material terms of any Company Acquisition Proposal not made in writing or any such inquiry or request and provide a copy of such Company Acquisition Proposal (if made in writing). The Company will keep Parent reasonably informed on a prompt basis (and in any event within 24 hours after knowledge of receipt) of any material developments regarding any Company Acquisition Proposal.

Notwithstanding anything to the contrary set forth in this Agreement, the Company Board may (I) without excluding the Company Board's right to act in accordance with clause (II), effect a Company Change of Recommendation that does not relate to a Company Acquisition Proposal if the Company Board determines in good faith (after consultation with its outside legal counsel) that, as a result of an event, development or change in circumstances that occurs or arises after the execution and delivery of this Agreement (other than a Company Acquisition Proposal) that was not known (or the consequences of which were not known) to the Company Board prior to the execution and delivery of this Agreement (a Company Intervening Event), the failure to effect a Company Change of Recommendation would reasonably be expected to be inconsistent with the directors' fiduciary duties under applicable Law and (II) without excluding the Company Board's right to act in accordance with clause (I), effect a Company Change of Recommendation if the Company receives a Company Acquisition Proposal and the Company Board determines in good faith (after consultation with outside counsel and its financial advisors) that the Company Acquisition Proposal constitutes a Company Superior Proposal and that the failure to effect a Company Change of Recommendation would reasonably be expected to be inconsistent with the directors' fiduciary duties under applicable Law; provided, however, that the Company Board may take the actions described in (1) clause (II) only if the Company (A) has not materially breached Section 5.3(a), Section 5.3(b) or Section 5.3(c) with respect to such Company Acquisition Proposal and (B) terminates this Agreement pursuant to Section 7.3(a) concurrently with entering into such Alternative Company Acquisition Agreement and pays the Company Termination Fee in compliance with Section 7.5(b) and (2) clauses (I) or (II) if:

(y) the Company has provided prior written notice to Parent (which notice itself will not constitute a Company Change of Recommendation) of its or the Company Board's intention to take such actions at least four Business Days in advance of taking such action, which notice will specify, as applicable, the material circumstances of such Company Intervening Event or the information and documents required to be furnished pursuant to Section 5.3(c); and

(z) the Company Board has considered in good faith any changes to this Agreement or other arrangements that may be offered in writing by, and would be legally binding upon, Parent by 5:00 PM California time on the fourth Business Day after the Company has provided the notice described in the preceding clause (y) and shall have determined in good faith (A) with respect to the actions described in clause (II), after consultation with outside counsel and its financial advisors, that the Company Acquisition Proposal received by the Company continues to constitute a Company Superior Proposal and (B) with respect to the actions described in clause (I), after consultation with outside counsel, that it would continue to reasonably be expected to be inconsistent with the directors' fiduciary duties under applicable Law not to effect the Company Change of Recommendation, in each case, if such changes offered in writing by Parent in a definitive agreement were given effect. In the event of any amendment to the financial terms or any other material revisions to the Company Superior Proposal, the Company shall be required to deliver a new written notice to Parent pursuant to the preceding clause (y) and to comply with the requirements of this clause (z) with respect to such new written notice, except the notice period shall be at least two Business Days (rather than the four Business Days contemplated by clause (y) and this clause (z)).

(e) Subject to the proviso in this Section 5.3(e), nothing contained in this Section 5.3 will be deemed to prohibit the Company or the Company Board from (i) taking such actions as the Company determines in good faith after consultation with outside legal counsel are required to comply with its disclosure obligations under U.S. federal or state Law with regard to a Company Acquisition Proposal or Company Intervening Event, including taking and disclosing to the Company Stockholders a position required or contemplated by Rule 14d-9 or Rule 14e-2(a) under the Exchange Act (or any similar communication to

stockholders in connection with the making or amendment of a tender offer or exchange offer) or (ii) publishing any stop-look-and-listen communication pursuant to Rule 14d-9(f) under the Exchange Act (or any similar communications to the Company Stockholders), with any stop-look-and-listen communication not being deemed to be a Company Change of Recommendation; provided that neither the Company Board nor any committee thereof will effect a Company Change of Recommendation unless the applicable requirements of Section 5.3(d) have been satisfied.

5.4 Reasonable Best Efforts.

(a) Subject to the terms and conditions set forth in this Agreement, each of the Company, Parent and Merger Sub will use (and cause its Affiliates to use) its reasonable best efforts (subject to, and in accordance with, applicable Law) to take promptly, or cause to be taken promptly, all actions, and to do promptly, or cause to be done promptly, and to assist and cooperate with the other parties in doing, all things necessary, proper or advisable under applicable Laws to consummate and make effective the Merger and the other transactions contemplated by this Agreement, including (i) the obtaining of all necessary actions or nonactions, waivers, consents and approvals from Governmental Entities and the making of all necessary registrations and filings and the taking of all steps as may be necessary to obtain an approval or waiver from, or to avoid an action or proceeding by, any Governmental Entity, (ii) the obtaining of all necessary consents, approvals or waivers from third parties and all consents, approvals and waivers from third parties reasonably requested by Parent or the Company to be obtained in respect of the Company Material Contracts in connection with the Merger, this Agreement or the transactions contemplated by this Agreement (it being understood that the failure to receive any such consents, approvals or waivers will not be a condition to the obligations of the parties hereunder), (iii) the defending of any lawsuits or other legal proceedings, whether judicial or administrative, challenging this Agreement, or the consummation of the Merger or the other transactions contemplated by this Agreement, and (iv) the execution and delivery of any additional instruments necessary to consummate the Merger and the other transactions contemplated by this Agreement; provided, however, that in no event will the Company or any of its Subsidiaries be required to pay prior to the Effective Time any fee, penalty or other consideration to any third party for any consent or approval required for the consummation of the transactions contemplated by this Agreement under any Contract or to incur any material cost or expense in the performance hereof and that in no event will Parent or any of its Subsidiaries be required to pay prior to the Effective Time any fee, penalty or other consideration to any third party for any consent or approval required for the consummation of the transactions contemplated by this Agreement under any Contract or to incur any material cost or expense in the performance hereof.

(b) Subject to the terms and conditions set forth in this Agreement, and without limiting the foregoing, the Company and Parent will (i) promptly, and using their respective reasonable best efforts to make such initial filing by the dates set forth on Section 5.4(b) of the Parent Disclosure Schedule for the jurisdictions listed therein, make their respective filings and thereafter make any other required submissions under the HSR Act and any other applicable foreign Antitrust Law, (ii) except in connection with a disclosure by the Company regarding a Company Change of Recommendation or a Company Acquisition Proposal received by the Company, use reasonable best efforts to cooperate with each other in (x) determining whether any filings are required to be made with, or consents, permits, authorizations, waivers or approvals are required to be obtained from, any third parties or other Governmental Entities in connection with the execution and delivery of this Agreement and the consummation of the transactions contemplated hereby and (y) timely making all such filings and timely seeking all such consents, permits, authorizations or approvals, (iii) promptly inform the other party upon receipt of any material communication from the Antitrust Division of the United States Department of Justice or any other Governmental Entity regarding any of the transactions contemplated by this Agreement, and (iv) subject to applicable legal limitations and the instructions of any Governmental Entity, keep each other apprised of the status of matters relating to the completion of the transactions contemplated thereby, including promptly furnishing the other with copies of notices or other

with a disclosure by the Company regarding a Company Change of Recommendation or a Company Acquisition Proposal received by the Company, the Company and Parent will permit counsel for the other party reasonable opportunity to review in advance, and consider in good faith the views of the other party in connection with, any proposed material written communication to any Governmental Entity. Each of the Company and Parent agrees not to (A) participate in any substantive meeting or discussion, either in person or by telephone, with any Governmental Entity in connection with the proposed transactions unless it consults with the other party in advance and, to the extent practicable and not prohibited by such Governmental Entity, gives the other party the opportunity to attend and participate, (B) extend any waiting period under the HSR Act without the prior written consent of the other party (such consent not to be unreasonably withheld, conditioned or delayed), or (C) enter into any agreement with any Governmental Entity not to consummate the transactions contemplated by this Agreement without the prior written consent of the other party (such consent not to be unreasonably withheld, conditioned or delayed).

(c) In furtherance and not in limitation of the covenants of the parties contained in this Section 5.4, if any administrative or judicial action or proceeding, including any proceeding by a private party, is instituted (or threatened to be instituted) challenging any transaction contemplated by this Agreement as violative of any Antitrust Law, each of the Company and Parent will cooperate in all respects with each other and will use their respective reasonable best efforts to contest and resist any such action or proceeding and to have vacated, lifted, reversed or overturned any decree, judgment, injunction or other order, whether temporary, preliminary or permanent, that is in effect and that prohibits, prevents or restricts consummation of the transactions contemplated by this Agreement. For the purpose of the preceding sentence, reasonable best efforts includes using their reasonable best efforts to (i) effect any sale, license, holding separate or other disposition of any of their respective assets, businesses or interests and (ii) agree to conditions relating to or changes in the conduct of their respective businesses necessary to obtain consents, permits, authorizations, waivers or approvals required for the Closing under the Antitrust Laws, with any such action to be conditioned on the consummation of the Merger. Notwithstanding anything to the contrary in this Agreement, however, in no event shall Parent, the Company or any of their respective Subsidiaries be obligated to commit to any actions, and, without the prior written consent of Parent, neither the Company nor any of its Subsidiaries shall consent to or take any actions, including to sell, hold separate or otherwise dispose of any assets, businesses or interests or agree to conditions relating to or changes in the conduct of its business, that would reduce the reasonably anticipated benefits to Parent of the transactions contemplated by this Agreement in an amount that is financially material relative to the value of the Company and its Subsidiaries as a whole. Notwithstanding the foregoing or any other provision of this Agreement, nothing in this Section 5.4 will limit a party's right to terminate this Agreement pursuant to Section 7.2 so long as such party has, prior to such termination, complied with its obligations under this Section 5.4.

(d) Parent shall prepare promptly and submit to the French Ministry of the Economy within 15 calendar days after the date of this Agreement a completed application requesting authorization for a foreign investment in France pursuant to and in accordance with the French Foreign Investment Laws (the French Foreign Investment Application). Parent shall keep the Company informed promptly of (i) any communications, whether written or oral, of the French Ministry of the Economy concerning the French Foreign Investment Application or the transactions contemplated by this Agreement generally, (ii) any proposed meetings or calls with the French Ministry of the Economy, and (iii) the results of any meetings or calls with the French Ministry of the Economy. provisions of this Section 5.4(e), the Company shall (x) to the extent reasonably practicable and without a requirement for the Company to engage external advisors in connection with the preparation thereof, provide information reasonably requested by Parent in connection with any Tax planning or Tax integration undertaken by Parent for purposes of efficiently consummating the Merger, including, without limitation, in respect of the valuation of Atmel Trading Company, Ltd., and (y) cooperate in good faith with Parent in relation to Tax planning and Tax integration matters that may be reasonably requested by Parent for purposes of efficiently consummating the Merger (other than the actions specifically set forth on Section 5.4(e)(ii) of the Company Disclosure Schedule, which shall be governed solely by Section 5.4(e)(ii).

(ii) From the Satisfaction Date until the Closing, upon the written request of Parent (any such request being referred to as a Cooperation Request), the Company shall take the actions specifically set forth on Section 5.4(e)(ii) of the Company Disclosure Schedule. In the event of the delivery of a Cooperation Request, the conditions set forth in Sections 6.2(a), 6.2(c) (insofar as such condition relates to Section 6.2(a)) and 6.2(d) shall be deemed to be fully satisfied from and after the Satisfaction Date through and including the Closing (if such conditions were satisfied at the Satisfaction Date), without regard to any change in circumstances or other events that may occur after the Satisfaction Date, and Parent shall be deemed to have irrevocably waived on the Satisfaction Date all rights to assert such conditions.

(iii) For the avoidance of doubt, under no circumstances will the failure or refusal to take any actions requested by Parent under Section 5.4(e)(i)(y) that could, in the sole determination of the Company, (x) have an adverse effect on the Company or (y) be incapable of completion within five Business Days after the Satisfaction Date or otherwise result in a delay in Closing of more than five Business Days be deemed to be a breach by the Company of its obligations under this Section 5.4(e), and, in no event, shall any such failure, refusal, or inability, to take the actions requested by Parent under Section 5.4(e)(i)(y) form the basis for any termination by Parent or Merger Sub of this Agreement, any failure of the conditions set forth in Section 6.2(b) to be satisfied, or any claim for damages or expenses by Parent or Merger Sub. Nothing in this Section 5.4(e)(iii) limits the Company's obligation to take any actions specifically set forth on Section 5.4(e)(ii) of the Company Disclosure Schedule to the extent required by Section 5.4(e)(ii).

5.5 Advice of Changes. Each of the Company, Parent and Merger Sub shall promptly advise the other parties to this Agreement orally and in writing to the extent it has knowledge of any change or event having a Parent Material Adverse Effect or any change or event reasonably likely to prevent, materially delay or materially impede the consummation of the transactions contemplated by this Agreement, in the case of Parent, or a Company Material Adverse Effect or any change or event reasonably likely to prevent, materially delay or materially impede the consummation of the transactions contemplated by this Agreement, in the case of the Company, or the ability of the conditions set forth in Article VI to be satisfied; provided, however, that no such notification or failure to deliver such notification will affect the representations, warranties, covenants or agreements of the parties (or remedies with respect thereto) or the conditions to the obligations of the parties under this Agreement.

5.6 Preparation of the Form S-4 and the Proxy Statement/Prospectus; Company Stockholders Meeting.

(a) As soon as reasonably practicable following the date of this Agreement, (i) Parent and the Company shall jointly prepare and file with the SEC (and each shall use their reasonable best efforts to cause such filing to occur within 30 days of the date of this Agreement) the proxy statement/prospectus (as part of the Form S-4) that includes (A) a prospectus for the issuance of Parent Shares in the Merger and (B) a proxy statement of the Company for use in the solicitation of proxies for the Company Stockholders Meeting (such proxy statement/prospectus, as amended or supplemented from time to time, the Proxy Statement/Prospectus), and (ii) Parent shall prepare and file with the SEC the Form S-4, in which the Proxy Statement/Prospectus will be included as a prospectus. Each of the Company and

Form S-4 declared effective under the Securities Act as promptly as practicable after such filing, and (iv) to keep the Form S-4 effective through the Closing in order to permit the consummation of the transactions contemplated by this Agreement. The Company shall use reasonable best efforts to cause the Proxy Statement/Prospectus to be mailed to the Company Stockholders as promptly as practicable after the Form S-4 is declared effective under the Securities Act. Parent and the Company will promptly provide all information concerning such entity to the other, and provide such other assistance as may be reasonably requested in connection with the preparation, filing and distribution of the Form S-4 and Proxy Statement/Prospectus (including that the Company shall cooperate in the preparation of any pro forma financial statements required to be included in the Form S-4 and Proxy Statement/Prospectus). No filing of, or amendment or supplement to, the Form S-4 will be made by Parent, and no filing of, or amendment or supplement to the Proxy Statement/Prospectus will be made by the Company or Parent, in each case, without providing the other party and its respective counsel the reasonable opportunity to review and comment thereon and giving due consideration to such comments. Notwithstanding the immediately preceding sentence and to the extent permitted under Section 5.3(d), the Company may amend or supplement (and Parent will, at the Company's request, amend or supplement) the Form S-4 or Proxy Statement/Prospectus to effect a Company Change of Recommendation. Parent shall also take any other action required to be taken under the Securities Act, the Exchange Act, and any applicable foreign or state securities or "blue sky" laws that are required to carry out the transactions contemplated by this Agreement. The parties shall notify each other promptly of the receipt of any comments from the SEC or its staff and any request by the SEC or its staff for amendments or supplements to the Proxy Statement/Prospectus or the Form S-4, or for additional information and shall supply each other with copies of all correspondence between such party or any of its representatives, on the one hand, and the SEC or its staff on the other hand, with respect to the Proxy Statement/Prospectus, the Form S-4 or the Merger. Parent will advise the Company, promptly after it receives notice thereof, of the time when the Form S-4 has become effective or any supplement or amendment thereto has been filed, the issuance of any stop order or the suspension of the qualification of the Parent Shares issuable in connection with the Merger for offering or sale in any jurisdiction and Parent and the Company will use reasonable best efforts to have any stop order or suspension lifted, reversed or otherwise terminated. If at any time prior to the Effective Time any information relating to the Company or Parent, or any of their respective affiliates, officers or directors, should be discovered by the Company or Parent which should be set forth in an amendment or supplement to the Form S-4 or the Proxy Statement/Prospectus, so that any of such documents would not include any misstatement of a material fact or omit to state any material fact necessary to make the statements therein, in light of the circumstances under which they were made, not misleading, the party which discovers such information shall promptly notify the other parties hereto and an appropriate amendment or supplement describing such information shall be promptly filed with the SEC and, to the extent required by Law, disseminated to the stockholders of the Company.

(b) The Company shall, as soon as practicable following the date the Form S-4 is declared effective by the SEC (and in no event later than 45 days following the date the Form S-4 is declared effective by the SEC), duly call, give notice of, convene and hold, at its option, either an annual or special meeting of its stockholders (the Company Stockholders Meeting) in accordance with applicable Law, the Company Charter and the Company Bylaws for the purpose of obtaining the Company Stockholder Approval and, in the case of an annual meeting of stockholders, for the other purposes as may be appropriate for an annual meeting of stockholders. Subject to Section 5.3(d), the Company shall (A) through the Company Board, recommend to its stockholders the approval and adoption of this Agreement, the Merger and the other the transactions contemplated by this Agreement and include in the Proxy Statement/Prospectus such recommendation and (B) subject to Section 5.3(d), use its reasonable best efforts to solicit and obtain such approval and adoption. Subject to Section 5.3(d), the Company shall use its reasonable best efforts to solicit or cause to be solicited from its stockholders proxies in favor of the transactions contemplated by this Agreement and the matters subject to the Company Stockholder Approval. Notwithstanding anything to the contrary contained in this Agreement and after consultation with Parent, the Company may adjourn or postpone the Company Stockholders Meeting if (and solely to the extent and for the minimum duration

5.7 Access to Information: Confidentiality.

Notwithstanding the foregoing, neither Parent nor the Company nor any of their respective Subsidiaries or Representatives shall conduct or cause to be conducted any sampling, testing or other invasive investigation of the air, soil, soil gas, surface water, groundwater, building materials or other environmental media. (b) Notwithstanding anything to the contrary contained in this Section 5.7, neither Parent nor the Company shall be required to (nor shall either of them be required to cause their respective Subsidiaries to) provide any access, or make available any document, correspondence or information, if doing so would, in such party's and its outside legal counsel's reasonable judgment, (i) jeopardize the attorney-client privilege of such party or any of its Subsidiaries or (ii) conflict with any (A) Law applicable to such party or any of its Subsidiaries or the assets, or operation of the business, of such party or any of its Subsidiaries or (B) Contract to which such party or any of its Subsidiaries is a party or by which any of their assets or properties are bound; provided, however, that in such instances such party shall inform the other party of the general nature of the information being withheld and, upon the other party's request, reasonably cooperate with the other party to provide such information, in whole or in part, in a manner that would not result in any of the outcomes described in the foregoing clauses (i) and (ii).

(d) Nothing contained in this Section 5.9 or any other provision of this Agreement (i) will be construed to amend or modify, as of the date of this Agreement, any benefit, compensation or severance plan, program, agreement, contract, policy or arrangement sponsored by the Company, Parent or their Affiliates, (ii) will limit the ability of Parent or any of its Affiliates to amend, modify or terminate any benefit, compensation or severance plan, program, agreement, contract, policy or arrangement that is assumed, established, sponsored or maintained by Parent or its Affiliates, provided any such amendment, modification or termination must comply with the terms thereof and applicable Law, (iii) will create any third-party beneficiary rights or obligations in any Person (including any Affected Employee) other than the parties to this Agreement, or (iv) will limit the right of Parent (or its Subsidiaries) to terminate, in accordance with applicable Law, the employment or service of any employee or other service provider during the Transition Period.

(e) If requested by Parent at least 10 days prior to the Closing, then effective as of no later than the day immediately preceding the Closing, the Company will terminate each of the Company Benefit Plans intended to be qualified within the meaning of Section 401(a) of the Code, in which case Parent will use commercially reasonable efforts to provide for the Microchip Technology Incorporated Savings Plan, to accept, on or after Closing, the rollover by Affected Employees of any eligible rollover distribution (within the meaning of Section 402(c)(4) of the Code) from the Atmel Corporation Tax Deferred Savings Plan, including plan loans, in accordance with applicable Code provisions.

5.10 Expenses. Except as otherwise provided in this Agreement, whether or not the Merger is consummated, all costs and expenses incurred in connection with this Agreement, the Merger and the other transactions contemplated by this Agreement will be paid by the party incurring such expense.

5.11 Indemnification: Directors and Officers Insurance.

(a) To the fullest extent required or permitted by Law, for a period of six years following the Effective Time, Parent will, and will cause the Surviving Company to, indemnify and hold harmless, and advance expenses as incurred to, in each case to the fullest extent required or permitted under applicable Law, each current and former director or officer of the Company or any of its Subsidiaries who, as of the date of this Agreement, is entitled to be indemnified under the Company Charter or Company Bylaws as in effect immediately prior to the Effective Time (collectively, the Indemnified Parties) against any costs, expenses (including reasonable attorneys' fees), judgments, fines, losses, claims, damages, liabilities and amounts paid in settlement incurred in connection with any claim, action, suit, proceeding or investigation, whether civil, criminal, administrative or investigative, arising out of or related to such Indemnified Party's service as a director, officer or representative of the Company or any of its Subsidiaries or services performed by such Persons at the request of the Company or any of its Subsidiaries at or prior to the Effective Time, whether asserted or claimed prior to, at or after the Effective Time, including, for the avoidance of doubt, in connection with (x) the Merger, the other transactions contemplated by this Agreement and the process and other events giving rise thereto, and (y) actions to enforce this provision or any other indemnification or advancement right of any Indemnified Party. In the event of any such action, Parent and the Surviving Company will, and Parent will cause the Surviving Company to, cooperate with the Indemnified Party in the defense of any such action.

(b) For a period of six years following the Effective Time, Parent will cause the Surviving Company to maintain in effect the provisions in its certificate of incorporation and bylaws to the extent they provide for indemnification, advancement and reimbursement of expenses and exculpation of Indemnified Parties, as applicable, with respect to facts or circumstances occurring at or prior to the Effective Time, on the same basis as set forth in the Company Charter or Company Bylaws in effect on the date of this Agreement, to the fullest extent permitted from time to time by applicable Law, which provisions will not be amended except as required by applicable Law or to make changes permitted by applicable Law that would enlarge the scope of the Indemnified Parties' indemnification rights thereunder.

(c) Prior to the Effective Time, the Company may obtain and fully pay the premium for tail insurance policies for the extension of (i) the directors and officers liability coverage of the Company's existing

directors and officers insurance policies for the Indemnified Parties (and such other persons who may be insureds under such policies) and (ii) the Company's existing fiduciary and employment practices liability insurance policies, in each case for a claims reporting or discovery period of at least six years from and after the Effective Time from an insurance carrier with the same or better credit rating as the Company's insurance carrier as of the date of this Agreement with respect to directors and officers liability insurance and fiduciary and employment practices liability insurance (collectively, D&O Insurance) with benefits, terms, conditions, retentions and levels of coverage that are at least as favorable to the Indemnified Parties (and such other persons who may be insureds under such policies) as the Company's existing policies with respect to any matters that existed or occurred at or prior to the Effective Time (including in connection with this Agreement or the transactions or actions contemplated hereby). Whether pursuant to such tail policy or otherwise, the Surviving Company will continue to maintain in effect for a period of at least six years from and after the Effective Time D&O Insurance with benefits, terms, conditions, retentions and levels of coverage that are at least as favorable to the insureds as provided in the Company's existing policies as of the date of this Agreement, or the Surviving Company will use reasonable best efforts to purchase comparable D&O Insurance for such six-year period with benefits, terms, conditions, retentions and levels of coverage that are at least as favorable to the insureds as provided in the Company's existing policies as of the date of this Agreement; provided, however, that in no event will the Surviving Company be required to expend for such policies pursuant to this sentence an annual premium amount in excess of 300% of the annual premiums currently paid by the Company for such insurance; and provided, further, that if the annual premiums of such insurance coverage exceed such amount, the Surviving Company will obtain a policy with the greatest coverage available for a cost not exceeding such amount.

(d) If the Surviving Company or any of their respective successors or assigns (i) consolidates with or merges into any other corporation or entity and is not the continuing or Surviving Company or entity of such consolidation or merger or (ii) transfers all or substantially all of its properties and assets to any individual, corporation or other entity, then, and in each such case, unless provided by operation of Law, proper provisions will be made so that the successors and assigns of the Surviving Company will assume all of the obligations set forth in this Section 5.11. This Section 5.11 may not be amended after the Effective Time in a manner as to adversely affect any Indemnified Party unless such Indemnified Party will have consented in writing to such amendment.

(e) The provisions of this Section 5.11 are intended to be for the benefit of, and will be enforceable by, each of the Indemnified Parties, who are intended third-party beneficiaries of this Section 5.11 as of and following the Effective Time.

(f) The rights of the Indemnified Parties under this Section 5.11 will be in addition to any rights such Indemnified Parties may have under the Company Charter or Company Bylaws or comparable governing documents of the Company or any of its Subsidiaries, or under any applicable Contracts or Laws. For a period of six years following the Effective Time, all rights to indemnification and exculpation from liabilities for acts or omissions occurring at or prior to the Effective Time and rights to advancement of expenses relating thereto now existing in favor of any Indemnified Party as provided in the Company Charter or Company Bylaws or comparable governing documents of the Company and its Subsidiaries or any indemnification agreement between such Indemnified Party and the Company or any of its Subsidiaries will survive the Merger and will not be amended, repealed or otherwise modified in any manner that would adversely affect any right thereunder of any such Indemnified Party.

5.12 Takeover Statutes. If any takeover statute is or may become applicable to the Merger or the other transactions contemplated by this Agreement, the Company and the Company Board each will use reasonable best efforts to ensure that the Merger and the other transactions contemplated hereby may be consummated as promptly as practicable on the terms contemplated by this Agreement and otherwise act to eliminate or minimize the effects of such Law on this Agreement, the Merger and the other transactions contemplated hereby.

(including derivative securities) or acquisitions of Parent equity securities (including derivative securities) in connection with this Agreement by each individual who is or will be subject to the reporting requirements of Section 16(a) of the Exchange Act with respect to the Company, to be exempt under Rule 16b-3 promulgated under the Exchange Act.

5.14 Parent Vote. Parent will vote (or consent, by written action in lieu of a meeting, with respect to) all voting stock of Merger Sub and all Company Common Stock owned of record or beneficially by Parent or Parent's Subsidiaries in favor of the adoption of this Agreement by Merger Sub and the Company and the consummation by Merger Sub and the Company of the Merger and the transactions contemplated by this Agreement.

5.15 Company Stock Options; Company Units; Company ESPP.

(a) Company Stock Options. At least 16 days prior to the Effective Time (such period through the day immediately preceding the Effective Time, the Option Notice Period), the Company shall provide written notice to each holder of a then-outstanding option to purchase Shares, whether vested or unvested (a Company Stock Option), whether granted under the Atmel Corporation 2005 Stock Plan, the Newport Media, Inc. 2005 Stock Incentive Plan and RSU Sub-Plan or the Ozmo, Inc. 2005 Equity Incentive Plan (together, the Company Stock Plans), that such Company Stock Option will, contingent on the occurrence of the Effective Time, accelerate and become vested and exercisable in full as of immediately prior to the Effective Time, and such holder will have the right to exercise his or her Company Stock Option during the Option Notice Period. To the extent not exercised prior by the conclusion of the Option Notice Period, each Company Stock Option will be automatically net-exercised immediately prior to the Effective Time, with the exercise price and applicable withholding taxes paid by the withholding of Shares otherwise issuable to such holder upon the exercise of the Company Stock Option. Upon such exercise, the former holder of the Company Stock Option will be issued the net number of shares resulting from the net exercise, and such stockholder will thereafter be entitled to receive the Merger Consideration in respect of these Shares as provided in Article II.

(b) Company Units. At the Effective Time, each then-outstanding and unvested restricted stock unit, deferred stock unit, performance-based restricted stock unit or similar right held by an individual who will continue in service at the Effective Time, in each case representing a right to receive one Share, whether or not granted under the Company Stock Plans (a Company Unit), including each performance share award denominated in Company Units, will be assumed by Parent (such Company Unit, an Assumed Unit) and converted into the right to receive, if as and when the Assumed Unit would otherwise have vested (taking into account, and without modification, any acceleration of vesting under the applicable award agreement or other Contract with the award holder), that number of shares of Parent Common Stock equal to the product obtained by multiplying (x) the number of Shares subject to such Assumed Unit immediately prior to the Effective Time by (y) \$8.15 divided by the Average Parent Closing Price (rounded down to the nearest whole share). Any Company Unit that is vested at the Effective Time (taking into account any acceleration of vesting under the applicable award agreement or other Contract with the award holder), but as to which the underlying Share has not been issued by the Effective Time, will be issued as of immediately prior to the Effective Time and will be treated as outstanding Company Common Stock for purposes of Section 2.1 and Section 2.2, and shall receive the Merger Consideration as provided in Article II, subject to applicable tax withholding.

(c) Notwithstanding the terms of Section 5.15(a) or Section 5.15(b), to the extent that Parent determines that the assumption and conversion of a Company Unit as provided in Section 5.15(b), would violate, in respect of the holder thereof, the applicable Laws of a non-U.S. jurisdiction, Parent may treat such Company Unit in a manner other than as prescribed by Section 5.15(b) so long as the holder of such Company Unit receives the full value of the Merger Consideration (less applicable tax withholdings) in cash not later than the vesting date originally applicable to the corresponding Shares subject to such Company Unit (such Company Unit and the Assumed Units, the Assumed Equity Awards). Parent and the Company

shall agree at least 10 days prior to the Effective Time to the treatment of any Company Unit that will be treated in a manner other than as prescribed by Section 5.15(b).

(d) Prior to the Effective Time, the Company will take all actions reasonably necessary to (i) terminate the Atmel Corporation 2010 Employee Stock Purchase Plan (the Company ESPP) as of immediately prior to the Effective Time, (ii) provide that any Offering Period (as defined in the Company ESPP) in progress on the Closing Date will be shortened in accordance with Section 19(c) of the Company ESPP, and the last day of each such Offering Period shall be the 10th Business Day prior to the Closing Date (the Final Purchase Date), with purchases made on the Final Purchase Date contingent upon the Closing, and (iii) avoid the commencement of any new Offering Period under the Company ESPP at or after the Final Purchase Date and prior to the earlier of the termination of this Agreement or the Effective Time. Any Shares acquired under the Company ESPP prior to or on the Final Purchase Date will be treated as outstanding Shares for purposes of Section 2.1 and Section 2.2.

(e) As soon as practicable following the Effective Time, but in no event later than 10 Business Days following the Effective Time, Parent shall file a registration statement under the Securities Act on Form S-8 or another appropriate form (and use its reasonable best efforts to maintain the effectiveness thereof and maintain the current status of the prospectuses contained therein) relating to shares of Parent Common Stock issuable with respect to all Assumed Equity Awards, and shall use its reasonable best efforts to cause such registration statement to remain in effect for so long as such Assumed Equity Awards remain outstanding. Prior to the Effective Time, Parent shall take all actions reasonably necessary so that Parent may assume, grant and convert the Assumed Equity Awards at the Effective Time in compliance with applicable Laws.

(f) Parent shall cause the assumption of the Assumed Equity Awards to occur in a manner so as to remain exempt from or comply with Section 409A of the Code, and this Section 5.15 shall be construed consistent with such intent. Each payment with respect to an Assumed Equity Award as to which payments will be made in installments is and will be treated as a separate payment for purposes of Section 409A of the Code. As soon as reasonably practicable following the date of this Agreement, the Company (and the Company Board and any applicable committees thereof) and Parent (and the Parent Board and any applicable committees thereof) will take all actions and adopt such resolutions as may be required to give effect to and accomplish the transactions contemplated by this Section 5.15.

5.16 Company Stock Options and Company Unit Information. The Company will provide, within 10 days after the date hereof, as of the most recent reasonably practicable date, a complete and correct list of each outstanding Company Stock Option or Company Unit, including the employee identification number of the grantee, the date of grant, the date of expiration, the number of shares of Company Common Stock subject to such award as of such date, the exercise price, the vesting schedule and the number of shares of Company Common Stock vested and unvested as of such date.

5.17 Stockholder Litigation. The parties to this Agreement shall cooperate and consult with one another in connection with any stockholder litigation against any of them or any of their respective directors or officers with respect to the transactions contemplated by this Agreement. In furtherance of and without in any way limiting the foregoing, each of the parties shall use its respective reasonable best efforts to prevail in such litigation so as to permit the consummation of the transactions contemplated by this Agreement in the manner contemplated by this Agreement, as promptly as reasonably practicable.

5.18 Financing.

(a) Prior to the Effective Time, the Company shall, and shall cause its Subsidiaries to, in connection with any financing of Parent or any of its Subsidiaries undertaken in connection with the Merger (a Financing), upon request:

(b) The Company shall (i) obtain customary payoff letters from third-party lenders and trustees with respect to the Retired Company Indebtedness and (ii) deliver or cause to be delivered such payoff letters to Parent at the Effective Time. At the Effective Time, subject to Parent making available necessary funds to do so, the Company shall, and shall cause its Subsidiaries to, permanently (A) terminate the credit facilities of the Company requested by Parent to be so terminated, if and to the extent such facilities are specified by Parent to the Company no later than 15 Business Days prior to the Effective Time, and all related contracts to which the Company or any of its Subsidiaries is a party (collectively, the Retired Company Indebtedness), and (B) cause to be released any Liens on its assets relating to such Retired Company Indebtedness.

In addition, no action, liability or obligation of the Company, any of its Subsidiaries or any of their respective Representatives pursuant to any certificate, agreement, arrangement, document or instrument relating to any such Financing will be effective until the Effective Time, and neither the Company nor any of its Subsidiaries will be required to take any action pursuant to any certificate, agreement, arrangement, document or instrument (including being an issuer or other obligor with respect to any such Financing) contemplated by this Section 5.18 that is not contingent on the occurrence of the Closing or that must be effective prior to the Effective Time. Nothing in this Agreement will require (A) any officer or Representative of the Company or any of its Subsidiaries to deliver any certificate or opinion or take any other action pursuant to this Section 5.18 or any other provision of this Agreement that could reasonably be expected to result in personal liability to such officer or Representative or (B) the members of the Company Board as of the date hereof to approve any financing or Contracts related thereto prior to the Effective Time.

(d) All non-public or other confidential information provided by the Company or any of its Representatives pursuant to this Agreement will be kept confidential in accordance with the Confidentiality and Non-Disclosure Agreement, except that Parent and Merger Sub will be permitted to disclose such information (i) as is legally required to be disclosed in any offering documents related to any Financing or (ii) to any Financing Sources or prospective Financing Sources, ratings agencies and other financial institutions and investors that are or may become parties to any Financing and to any underwriters, initial purchasers or placement agents in connection with any Financing (and, in each case, to their respective counsel and auditors) so long as such Persons (A) agree to be bound by the Confidentiality and Non-Disclosure Agreement as if parties thereto and (B) are subject to other confidentiality undertakings customary for financings of the same type as such Financing.

(e) Parent (i) indemnifies, defends and holds harmless the Company, its Subsidiaries and their respective Representatives from and against any loss, damages, claim, cost, liability, obligation or expense suffered or incurred in connection with any such Financing, any arrangement thereof and any information provided in connection therewith except (A) historical information relating thereto or other information furnished in writing by or on behalf of the Company and its Subsidiaries for use therein and (B) to the extent arising from the willful misconduct, gross negligence, fraud or intentional misrepresentation of the Company or its Subsidiaries and (ii) promptly, upon request of the Company, reimburse the Company and its Subsidiaries for all reasonable out-of-pocket costs incurred by the Company or its Subsidiaries in connection with this Section 5.18. (f) Parent and Merger Sub expressly acknowledge and agree that, notwithstanding anything in this Agreement to the contrary, their obligations hereunder, including their obligations to consummate the Closing, are not subject to, or conditioned on, receipt of any Financing.

(g) Notwithstanding anything in this Agreement to the contrary, the Company's breach of any of its covenants required to be performed by it under this Section 5.18 will not be considered in determining the satisfaction of the conditions in Section 6.2(b) unless such breach is intentional, material and directly results in Parent being unable to obtain the proceeds of the Financing prior to or at the Closing.

This Agreement may not be amended except by an instrument in writing signed on behalf of each of the parties. Pursuant to the Merger, the Company will become a wholly owned subsidiary of Parent, and each outstanding share of common stock, par value \$0.001 per share, of the Company (Company Common Stock), other than shares held in treasury or held by Parent or any subsidiary of Parent or the Company and shares as to which dissenters' right have been perfected, will be converted into the right to receive (i) \$7.00 in cash (the Cash Consideration), (ii) a fraction of a share of common stock of Parent (Parent Common Stock) equal to the lesser of (A) the quotient of (x) \$1.15 divided by the Average Parent Closing Price (as defined in the Merger Agreement) (the Implied Exchange Ratio) and (y) the Maximum Exchange Ratio (as defined in the Merger Agreement) (the lesser of the Implied Exchange Ratio and the Maximum Exchange Ratio being the Exchange Ratio), and (iii) in the event that the Implied Exchange Ratio exceeds the Maximum Exchange Ratio, an amount of cash equal to (A) the Implied Exchange Ratio minus the Maximum Exchange Ratio multiplied by (B) the Average Parent Closing Price (the Supplemental Cash Consideration) and, together with the Cash Consideration and the Exchange Ratio, the Merger Consideration). The terms and conditions of the Merger are more fully set forth in the Merger Agreement.

You have asked for our opinion as to whether the Merger Consideration to be received by holders of shares of Company Common Stock, other than Parent or any affiliate of Parent, (the Holders) pursuant to the Merger Agreement is fair, from a financial point of view, to such Holders.

For purposes of the opinion set forth herein, we have reviewed the Merger Agreement, certain related documents and certain publicly available financial statements and other business and financial information of the Company and Parent, respectively. We have also reviewed certain forward-looking information relating to the Company approved for our use by the management of the Company, including financial projections and operating data of the Company (the Extrapolated Street Case). discussed with, us by the Company and/or Parent. With respect to the Extrapolated Street Case, we have been advised by the management of the Company, and we have assumed, that, although the Company's actual financial performance and results have caused the Company's Board of Directors and management to be of the view that the future financial performance of the Company would not be expected to exceed the Extrapolated Street Case, the Company's Board of Directors believes that the Extrapolated Street Case is a reasonable basis on which to arrive at our opinion and has instructed us to use and rely upon such projections for purposes of this opinion. We have assumed that the Merger will be consummated in accordance with the terms set forth in the Merger Agreement, without any modification or delay. In addition, we have assumed that in connection with the receipt of all the necessary approvals of the proposed Merger, no delays, limitations, conditions or restrictions will be imposed that could have an adverse effect on the Company, Parent or the contemplated benefits expected to be derived in the proposed Merger. We have not made any independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of the Company or Parent, nor have we been furnished with any such evaluation or appraisal. In addition, we have relied, without independent verification, upon the assessments of the management of the Company and Parent as to the existing and future technology and products of the Company and Parent and the risks associated with such technology and products.

We have acted as financial advisor to the Board of Directors of the Company in connection with this transaction, received a fee upon rendering of an opinion in connection with the Dialog Merger Agreement (as defined in the Agreement) and will receive a fee for our services payable upon rendering of this opinion. We will also receive an additional, larger fee if the Merger is consummated. In addition, the Company has agreed to reimburse our expenses and indemnify us for certain liabilities arising out of our engagement. During the two year period prior to the date hereof, no material relationship existed between Qatalyst and its affiliates and the Company or Parent pursuant to which compensation was received by Qatalyst or its affiliates other than Qatalyst acting as financial advisor to the Company in connection with its acquisition of Newport Media, Inc.; however Qatalyst and its affiliates may in the future may provide investment banking and other financial services to the Company and Parent and their respective affiliates for which they would expect to receive compensation.

Qatalyst provides investment banking and other services to a wide range of corporations and individuals, domestically and offshore, from which conflicting interests or duties may arise. In the ordinary course of these activities, affiliates of Qatalyst may at any time hold long or short positions, and may trade or otherwise effect transactions in debt or equity securities or loans of the Company, Parent or certain of their respective affiliates.

This opinion has been approved by our opinion committee in accordance with our customary practice. This opinion is for the information of the Board of Directors of the Company and may not be used for any other purpose without our prior written consent. This opinion does not constitute a recommendation to any Holder as to how to vote with respect to the Merger or any other matter and does not in any manner address the prices at which Company Common Stock or Parent Common Stock will trade at any time.

Our opinion is necessarily based on financial, economic, market and other conditions as in effect on, and the information made available to us as of, the date hereof. Events occurring after the date hereof may affect this opinion and the assumptions used in preparing it, and we do not assume any obligation to update, revise or reaffirm this opinion. Our opinion does not address the underlying business decision of the Company to engage in the Merger, or the relative merits of the Merger as compared to any strategic alternatives that may be available to the Company. Our opinion is limited to the fairness, from a financial point of view, of the Merger Consideration to be received by the Holders pursuant to the Merger Agreement, and we express no opinion with respect to the fairness of the amount or nature of the compensation to any of the Company's officers, directors or employees, or any class of such persons, relative to such consideration.

Based on and subject to the foregoing, we are of the opinion on the date hereof that the Merger Consideration to be received by Holders pursuant to the Merger Agreement is fair, from a financial point of view, to such Holders.

Yours faithfully,

Annex C

SECTION 262 OF THE DELAWARE GENERAL CORPORATION LAW

(a) Any stockholder of a corporation of this State who holds shares of stock on the date of the making of a demand pursuant to subsection (d) of this section with respect to such shares, who continuously holds such shares through the effective date of the merger or consolidation, who has otherwise complied with subsection (d) of this section and who has neither voted in favor of the merger or consolidation nor consented thereto in writing pursuant to § 228 of this title shall be entitled to an appraisal by the Court of Chancery of the fair value of the stockholder's shares of stock under the circumstances described in subsections (b) and (c) of this section. As used in this section, the word "stockholder" means a holder of record of stock in a corporation; the words "stock" and "share" mean and include what is ordinarily meant by those words; and the words "depository receipt" mean a receipt or other instrument issued by a depository representing an interest in 1 or more shares, or fractions thereof, solely of stock of a corporation, which stock is deposited with the depository.

(b) Appraisal rights shall be available for the shares of any class or series of stock of a constituent corporation in a merger or consolidation to be effected pursuant to § 251 (other than a merger effected pursuant to § 251(g) of this title and, subject to paragraph (b)(3) of this section, § 251(h) of this title), § 252, § 254, § 255, § 256, § 257, § 258, § 263 or § 264 of this title:

(1) Provided, however, that, except as expressly provided in § 363(b) of this title, no appraisal rights under this section shall be available for the shares of any class or series of stock, which stock, or depository receipts in respect thereof, at the record date fixed to determine the stockholders entitled to receive notice of the meeting of stockholders to act upon the agreement of merger or consolidation, were either: (i) listed on a national securities exchange or (ii) held of record by more than 2,000 holders; and further provided that no appraisal rights shall be available for any shares of stock of the constituent corporation surviving a merger if the merger did not require for its approval the vote of the stockholders of the surviving corporation as provided in § 251(f) of this title.

(2) Notwithstanding paragraph (b)(1) of this section, appraisal rights under this section shall be available for the shares of any class or series of stock of a constituent corporation if the holders thereof are required by the terms of an agreement of merger or consolidation pursuant to §§ 251, 252, 254, 255, 256, 257, 258, 263 and 264 of this title to accept for such stock anything except:

a. Shares of stock of the corporation surviving or resulting from such merger or consolidation, or depository receipts in respect thereof;

b. Shares of stock of any other corporation, or depository receipts in respect thereof, which shares of stock (or depository receipts in respect thereof) or depository receipts at the effective date of the merger or consolidation will be either listed on a national securities exchange or held of record by more than 2,000 holders;

c. Cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a. and b. of this section; or

d. Any combination of the shares of stock, depository receipts and cash in lieu of fractional shares or fractional depository receipts described in the foregoing paragraphs (b)(2)a., b. and c. of this section.

(3) In the event all of the stock of a subsidiary Delaware corporation party to a merger effected under § 251(h), § 253 or § 267 of this title is not owned by the parent immediately prior to the merger, appraisal rights shall be available for

the shares of the subsidiary Delaware corporation.

(4) In the event of an amendment to a corporation's certificate of incorporation contemplated by § 363(a) of this title, appraisal rights shall be available as contemplated by § 363(b) of this title, and the

procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as practicable, with the word "amendment" substituted for the words "merger or consolidation", and the word "corporation" substituted for the words "constituent corporation" and/or "surviving or resulting corporation".

(c) Any corporation may provide in its certificate of incorporation that appraisal rights under this section shall be available for the shares of any class or series of its stock as a result of an amendment to its certificate of incorporation, any merger or consolidation in which the corporation is a constituent corporation or the sale of all or substantially all of the assets of the corporation. If the certificate of incorporation contains such a provision, the procedures of this section, including those set forth in subsections (d) and (e) of this section, shall apply as nearly as is practicable.

(d) Appraisal rights shall be perfected as follows:

(1) If a proposed merger or consolidation for which appraisal rights are provided under this section is to be submitted for approval at a meeting of stockholders, the corporation, not less than 20 days prior to the meeting, shall notify each of its stockholders who was such on the record date for notice of such meeting (or such members who received notice in accordance with § 255(c) of this title) with respect to shares for which appraisal rights are available pursuant to subsection (b) or (c) of this section that appraisal rights are available for any or all of the shares of the constituent corporations, and shall include in such notice a copy of this section and, if 1 of the constituent corporations is a nonstock corporation, a copy of § 114 of this title. Each stockholder electing to demand the appraisal of such stockholder's shares shall deliver to the corporation, before the taking of the vote on the merger or consolidation, a written demand for appraisal of such stockholder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such stockholder's shares. A proxy or vote against the merger or consolidation shall not constitute such a demand. A stockholder electing to take such action must do so by a separate written demand as herein provided. Within ten days after the effective date of such merger or consolidation, the surviving or resulting corporation shall notify each stockholder of each constituent corporation who has complied with this subsection and has not voted in favor of or consented to the merger or consolidation of the date that the merger or consolidation has become effective; or

(2) If the merger or consolidation was approved pursuant to § 228, § 251(h), § 253, or § 267 of this title, then either a constituent corporation before the effective date of the merger or consolidation or the surviving or resulting corporation within ten days thereafter shall notify each of the holders of any class or series of stock of such constituent corporation who are entitled to appraisal rights of the approval of the merger or consolidation and that appraisal rights are available for any or all shares of such class or series of stock of such constituent corporation, and shall include in such notice a copy of this section and, if 1 of the constituent corporations is a nonstock corporation, a copy of § 114 of this title. Such notice may, and, if given on or after the effective date of the merger or consolidation, shall, also notify such stockholders of the effective date of the merger or consolidation. Any stockholder entitled to appraisal rights may, within 20 days after the date of mailing of such notice or, in the case of a merger approved pursuant to § 251(h) of this title, within the later of the consummation of the tender or exchange offer contemplated by § 251(h) of this title and 20 days after the date of mailing of such notice, demand in writing from the surviving or resulting corporation the appraisal of such holder's shares. Such demand will be sufficient if it reasonably informs the corporation of the identity of the stockholder and that the stockholder intends thereby to demand the appraisal of such holder's shares. If such notice did not notify stockholders of the effective date of the merger or consolidation, either (i) each such constituent corporation shall send a second notice before the effective date of the merger or consolidation notifying each of the holders of any class or series of stock of such constituent corporation that are entitled to appraisal rights of the effective date of the merger or consolidation or (ii) the surviving or resulting corporation shall send such a second notice to all such holders on or within ten days after such effective date; provided, however, that if such second notice is sent more than 20 days following the sending of the first notice or, in the case of a merger approved pursuant to § 251(h) of this title, later than the later of the consummation of the tender or exchange offer contemplated by

§ 251(h) of this title and 20 days following the sending of the first notice, such second notice need only be sent to

each stockholder who is entitled to appraisal rights and who has demanded appraisal of such holder's shares in accordance with this subsection. An affidavit of the secretary or assistant secretary or of the transfer agent of the corporation that is required to give either notice that such notice has been given shall, in the absence of fraud, be prima facie evidence of the facts stated therein. For purposes of determining the stockholders entitled to receive either notice, each constituent corporation may fix, in advance, a record date that shall be not more than ten days prior to the date the notice is given, provided, that if the notice is given on or after the effective date of the merger or consolidation, the record date shall be such effective date. If no record date is fixed and the notice is given prior to the effective date, the record date shall be the close of business on the day next preceding the day on which the notice is given.

(e) Within 120 days after the effective date of the merger or consolidation, the surviving or resulting corporation or any stockholder who has complied with subsections (a) and (d) of this section hereof and who is otherwise entitled to appraisal rights, may commence an appraisal proceeding by filing a petition in the Court of Chancery demanding a determination of the value of the stock of all such stockholders. Notwithstanding the foregoing, at any time within 60 days after the effective date of the merger or consolidation, any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party shall have the right to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation. Within 120 days after the effective date of the merger or consolidation, any stockholder who has complied with the requirements of subsections (a) and (d) of this section hereof, upon written request, shall be entitled to receive from the corporation surviving the merger or resulting from the consolidation a statement setting forth the aggregate number of shares not voted in favor of the merger or consolidation and with respect to which demands for appraisal have been received and the aggregate number of holders of such shares. Such written statement shall be mailed to the stockholder within ten days after such stockholder's written request for such a statement is received by the surviving or resulting corporation or within ten days after expiration of the period for delivery of demands for appraisal under subsection (d) of this section hereof, whichever is later. Notwithstanding subsection (a) of this section, a person who is the beneficial owner of shares of such stock held either in a voting trust or by a nominee on behalf of such person may, in such person's own name, file a petition or request from the corporation the statement described in this subsection.

(f) Upon the filing of any such petition by a stockholder, service of a copy thereof shall be made upon the surviving or resulting corporation, which shall within 20 days after such service file in the office of the Register in Chancery in which the petition was filed a duly verified list containing the names and addresses of all stockholders who have demanded payment for their shares and with whom agreements as to the value of their shares have not been reached by the surviving or resulting corporation. If the petition shall be filed by the surviving or resulting corporation, the petition shall be accompanied by such a duly verified list. The Register in Chancery, if so ordered by the Court, shall give notice of the time and place fixed for the hearing of such petition by registered or certified mail to the surviving or resulting corporation and to the stockholders shown on the list at the addresses therein stated. Such notice shall also be given by 1 or more publications at least 1 week before the day of the hearing, in a newspaper of general circulation published in the City of Wilmington, Delaware or such publication as the Court deems advisable. The forms of the notices by mail and by publication shall be approved by the Court, and the costs thereof shall be borne by the surviving or resulting corporation.

(g) At the hearing on such petition, the Court shall determine the stockholders who have complied with this section and who have become entitled to appraisal rights. The Court may require the stockholders who have demanded an appraisal for their shares and who hold stock represented by certificates to submit their certificates of stock to the Register in Chancery for notation thereon of the pendency of the appraisal proceedings; and if any stockholder fails to comply with such direction, the Court may dismiss the proceedings as to such stockholder.

(h) After the Court determines the stockholders entitled to an appraisal, the appraisal proceeding shall be conducted in accordance with the rules of the Court of Chancery, including any rules specifically governing appraisal proceedings. Through such proceeding the Court shall determine the fair value of the shares exclusive of any element of value arising from the accomplishment or expectation of the merger or consolidation, together

with interest, if any, to be paid upon the amount determined to be the fair value. In determining such fair value, the Court shall take into account all relevant factors. Unless the Court in its discretion determines otherwise for good cause shown, interest from the effective date of the merger through the date of payment of the judgment shall be compounded quarterly and shall accrue at 5% over the Federal Reserve discount rate (including any surcharge) as established from time to time during the period between the effective date of the merger and the date of payment of the judgment. Upon application by the surviving or resulting corporation or by any stockholder entitled to participate in the appraisal proceeding, the Court may, in its discretion, proceed to trial upon the appraisal prior to the final determination of the stockholders entitled to an appraisal. Any stockholder whose name appears on the list filed by the surviving or resulting corporation pursuant to subsection (f) of this section and who has submitted such stockholder's certificates of stock to the Register in Chancery, if such is required, may participate fully in all proceedings until it is finally determined that such stockholder is not entitled to appraisal rights under this section.

(i) The Court shall direct the payment of the fair value of the shares, together with interest, if any, by the surviving or resulting corporation to the stockholders entitled thereto. Payment shall be so made to each such stockholder, in the case of holders of uncertificated stock forthwith, and the case of holders of shares represented by certificates upon the surrender to the corporation of the certificates representing such stock. The Court's decree may be enforced as other decrees in the Court of Chancery may be enforced, whether such surviving or resulting corporation be a corporation of this State or of any state.

(j) The costs of the proceeding may be determined by the Court and taxed upon the parties as the Court deems equitable in the circumstances. Upon application of a stockholder, the Court may order all or a portion of the expenses incurred by any stockholder in connection with the appraisal proceeding, including, without limitation, reasonable attorney's fees and the fees and expenses of experts, to be charged pro rata against the value of all the shares entitled to an appraisal.

(k) From and after the effective date of the merger or consolidation, no stockholder who has demanded appraisal rights as provided in subsection (d) of this section shall be entitled to vote such stock for any purpose or to receive payment of dividends or other distributions on the stock (except dividends or other distributions payable to stockholders of record at a date which is prior to the effective date of the merger or consolidation); provided, however, that if no petition for an appraisal shall be filed within the time provided in subsection (e) of this section, or if such stockholder shall deliver to the surviving or resulting corporation a written withdrawal of such stockholder's demand for an appraisal and an acceptance of the merger or consolidation, either within 60 days after the effective date of the merger or consolidation as provided in subsection (e) of this section or thereafter with the written approval of the corporation, then the right of such stockholder to an appraisal shall cease. Notwithstanding the foregoing, no appraisal proceeding in the Court of Chancery shall be dismissed as to any stockholder without the approval of the Court, and such approval may be conditioned upon such terms as the Court deems just; provided, however that this provision shall not affect the right of any stockholder who has not commenced an appraisal proceeding or joined that proceeding as a named party to withdraw such stockholder's demand for appraisal and to accept the terms offered upon the merger or consolidation within 60 days after the effective date of the merger or consolidation, as set forth in subsection (e) of this section.

(l) The shares of the surviving or resulting corporation to which the shares of such objecting stockholders would have been converted had they assented to the merger or consolidation shall have the status of authorized and unissued shares of the surviving or resulting corporation.
