Section 1 Conflict Minerals Disclosure

Item 1.01 Conflict Minerals Disclosure and Report

Introduction

Kyocera Corporation and its subsidiaries* (Kyocera) manufactures and sells components and applied ceramic products using fine ceramic technologies as well as telecommunications equipment, information equipment and other products that cover an extremely diverse range. Kyocera conducted a Reasonable Country of Origin Inquiry (RCOI) as detailed below to determine whether or not any conflict minerals from the Democratic Republic of the Congo and its adjoining countries (DRC Countries) are being used in the products it manufactures in accordance with Rule 13P-1 under the Securities Exchange Act.

Description of Reasonable Country of Origin Inquiry (RCOI)

In conducting the RCOI, Kyocera used the Conflict Minerals Reporting Template (the Template), the industry standard provided by the Conflict-Free Sourcing Initiative (CFSI), which was founded by the Electronics Industry Citizenship Coalition (EICC) and the Global e-Sustainability Initiative (GeSI). All suppliers were subject to the survey except those that are clearly not related to tin, tantalum, tungsten and gold (3TG) and those that solely provide services. As a result of continued and proactive efforts encouraging suppliers to complete the survey, 96.1% of the Templates were collected in 2015.

Results of RCOI

Kyocera identified suppliers found to be using minerals from DRC Countries as a result of the RCOI, as critical suppliers and conducted due diligence. Details are included in Exhibit 1.01 Conflict Minerals Report of Kyocera Corporation for 2015.

* Except AVX Corporation and its subsidiaries (AVX). AVX Corporation, a U.S.-based consolidated subsidiary of Kyocera Corporation, is listed on the New York Stock Exchange and registered with the U.S. Securities and Exchange Commission. AVX is subject to Rule 13p-1, and has prepared and filed a Form SD with the Commission in May 2016 (AVX Form SD) which contains as an exhibit a Conflict Minerals Report relating to its own activities for the calendar year ended December 31, 2015 (AVX CMR). The Kyocera CMR does not set out descriptions of the activities of AVX.

Conflict Minerals Disclosure

In accordance with Rule 13p-1 under the Securities Exchange Act of 1934, Kyocera Corporation has prepared and filed the Form SD and the Conflict Minerals Report for the calendar year ended December 31, 2015 here within as Exhibit 1.01.
