## Item 7.01 Regulation FD Disclosure

As previously disclosed, on April 13, 2016, Peabody Energy Corporation, a Delaware corporation (the "Company"), and a majority of the Company's wholly owned domestic subsidiaries, as well as one international subsidiary in Gibraltar (collectively with the Company, the "Debtors"), filed voluntary petitions under Chapter 11 of Title 11 of the U.S. Code (the "Bankruptcy Code") in the United States Bankruptcy Court for the Eastern District of Missouri (the "Bankruptcy Court"). The Debtors' Chapter 11 cases (collectively, the "Chapter 11 Cases") are being jointly administered under the caption In re Peabody Energy Corporation, et al., Case No. 16-42529.

Also as previously disclosed, on December 22, 2016, the Debtors filed with the Bankruptcy Court a Joint Plan of Reorganization under Chapter 11 of the Bankruptcy Code and a related Disclosure Statement. On January 25, 2017, the Debtors filed with the Bankruptcy Court the First Amended Joint Plan of Reorganization and the First Amended Disclosure Statement. On January 27, 2017, the Debtors filed with the Bankruptcy Court the Second Amended Joint Plan of Reorganization (as amended, the "Plan") and the Second Amended Disclosure Statement (as amended, the "Disclosure Statement") to address certain modifications resulting from a hearing before the Bankruptcy Court on January 26, 2017. Thereafter, on January 27, 2017, the Bankruptcy Court issued an order approving the Disclosure Statement. Capitalized terms used but not defined in this Current Report on Form 8-K have the meanings set forth in the Plan.

As contemplated by the Plan, On March 6, 2017, the Debtors filed with the Bankruptcy Court a supplement (the "Plan Supplement") to the Plan. The Plan Supplement includes draft versions of certain documents (the "Documents") related to the Plan and referenced therein, including, among other things, (i) the trust agreement, to be dated prior to the effective date of the Plan, between the Debtors, the Gold Fields Debtors and the Gold Fields Liquidating Trustee, governing the Gold Fields Liquidating Trust; (ii) the revised material terms of Reorganized PEC's Long Term Incentive Plan; (iii) the registration rights agreement between Reorganized PEC, the holders of Reorganized PEC Common Stock and the holders of the Preferred Equity; (iv) a revised list of executory contracts and unexpired leases to be assumed or assumed and assigned; (v) a revised list of executory contracts and unexpired leases to be rejected; (vi) a description of the Restructuring Transactions; (vii) forms of constituent documents for Reorganized PEC; (viii) forms of constituent documents for the other reorganized Debtors; and (ix) a list of initial officers and directors of Reorganized PEC and the other reorganized debtors. The Debtors reserve the right to add additional documents to the Plan Supplement or to alter, amend, modify or supplement any of the Documents. In addition, on March 6, 2017, the Company filed with the Bankruptcy Court a Notice Regarding Debtors' Achievement of Bonding Solution (the "Notice"). Copies of the Plan, Plan Supplement and Notice are available free of charge at [www.kccllc.net/Peabody](http://www.kccllc.net/Peabody). The information set forth on the foregoing website shall not be deemed to be a part of or incorporated by reference into this Form 8-K.

Also on March 6, 2017, the Company issued press releases announcing (i) the selection of the members of the Company's board of directors following emergence from the Chapter 11 Cases and (ii) the Company's plans for its U.S. reclamation assurances, which relates to the Notice. Copies of the press releases are attached hereto as Exhibits 99.1 and 99.2 and incorporated herein by reference.

Nothing contained herein is intended to be, nor should it be construed as, a solicitation for a vote on the Plan. The Plan will become effective only if it is confirmed by the Bankruptcy Court. There can be no assurance that the Bankruptcy Court will confirm the Plan or that the Plan will be implemented successfully.

The information set forth in and incorporated into this Item 7.01 of this Current Report on Form 8-K is being furnished pursuant to Item 7.01 of Form 8-K and shall not be deemed filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section, nor shall it be deemed incorporated by reference into any of Peabody Energy's filings under the Securities Act of 1933, as amended (the "Securities Act"), or the Securities Exchange Act of 1934, as amended, whether made before or after the date hereof and regardless of any general incorporation language in such filings, except to the extent expressly set forth by specific

reference in such a filing. The filing of this Item 7.01 of this Current Report on Form 8-K shall not be deemed an admission as to the materiality of any information herein that is required to be disclosed solely by reason of Regulation FD.

### **Cautionary Note Regarding Forward-Looking Statements**

This Current Report contains forward-looking statements as that term is defined in the Private Securities Litigation Reform Act of 1995. These forward-looking statements include statements that relate to the intent, beliefs, plans or expectations of Peabody Energy or its management at the time of this Current Report, as well as any estimates or projections for the outcome of events that have not yet occurred at the time of this Current Report. All statements other than statements of historical fact are forward-looking statements. Forward-looking statements include expressions such as believe, anticipate, expect, estimate, intend, may, plan, predict, will and similar terms and expressions. All forward-looking statements made by Peabody Energy are predictions and not guarantees of future performance and are subject to various risks, uncertainties and factors relating to Peabody Energy's operations and business environment, and the progress of its Chapter 11 Cases, all of which are difficult to predict and many of which are beyond Peabody Energy's control. These risks, uncertainties and factors could cause Peabody Energy's actual results to differ materially from those matters expressed in or implied by these forward-looking statements. Such factors include, but are not limited to: those described under the Risk Factors section and elsewhere in Peabody Energy's most recently filed Annual Report on Form 10-K and subsequent filings with the SEC, including its Quarterly Reports on Form 10-Q for the quarters ended March 31, 2016 and June 30, 2016, which are available on Peabody Energy's website at [www.peabodyenergy.com](http://www.peabodyenergy.com) and on the SEC's website at [www.sec.gov](http://www.sec.gov), such as unfavorable economic, financial and business conditions, as well as risks and uncertainties relating to the Chapter 11 Cases, including, but not limited to:

Peabody Energy's ability to obtain bankruptcy court approval with respect to motions or other requests made to the bankruptcy court in connection with the Chapter 11 Cases, including maintaining strategic control as debtor-in-possession;

Peabody Energy's ability to negotiate, develop, confirm and consummate the Plan;

the effects of the Chapter 11 Cases on Peabody Energy's operations, including customer, supplier, banking, insurance and other relationships and agreements;

bankruptcy court rulings in the Chapter 11 Cases as well as the outcome of all other pending litigation and the outcome of the Chapter 11 Cases in general;

the length of time that Peabody Energy will operate under Chapter 11 protection and the continued availability of operating capital during the pendency of the proceedings;

risks associated with third-party motions in the Chapter 11 Cases, which may interfere with Peabody Energy's ability to confirm and consummate a plan of reorganization and restructuring generally;

increased advisory costs to execute a plan of reorganization;

the impact of the New York Stock Exchange's delisting of Peabody Energy's common stock on the liquidity and market price of Peabody Energy's common stock and on Peabody Energy's ability to access the public capital markets;

the likelihood that Peabody Energy's common stock will be cancelled and extinguished upon confirmation of a proposed plan of reorganization with no payments made to the holders of Peabody Energy's common stock;

the volatility of the trading price of Peabody Energy's common stock and the absence of correlation between any increases in the trading price and Peabody Energy's expectation that the common stock will be cancelled and extinguished upon confirmation of a proposed plan of reorganization with no payments made to the holders of Peabody Energy's common stock;

Peabody Energy's ability to continue as a going concern including its ability to confirm a plan of reorganization that restructures Peabody Energy's debt obligations to address liquidity issues and allows emergence from the Chapter 11 Cases;

the risk that the Plan may not be accepted or confirmed, in which case there can be no assurance that the Chapter 11 Cases will continue rather than be converted to chapter 7 liquidation cases or that any alternative plan of reorganization would be on terms as favorable to holders of claims and interests as the terms of the Plan;

Peabody Energy's ability to use cash collateral;

the effect of the Chapter 11 Cases on Peabody Energy's relationships with third parties, regulatory authorities and employees;

the potential adverse effects of the Chapter 11 Cases on Peabody Energy's liquidity, results of operations, or business prospects;

Peabody Energy's ability to execute its business and restructuring plan;

increased administrative and legal costs related to the Chapter 11 Cases and other litigation and the inherent risks involved in a bankruptcy process;

the cost, availability and access to capital and financial markets, including the ability to secure new financing after emerging from the Chapter 11 Cases;

the risk that the Chapter 11 Cases will disrupt or impede Peabody Energy's international operations, including its business operations in Australia;

and other risks and uncertainties. Forward-looking statements made by Peabody Energy in this Current Report, or elsewhere, speak only as of the date on which the statements were made. New risks and uncertainties arise from time to time, and it is not possible for Peabody Energy to predict all of these events or how they may affect it or its anticipated results. Peabody Energy does not undertake any obligation to publicly update any forward-looking statements except as may be required by law. In light of these risks and uncertainties, readers should keep in mind that the events referenced by any forward-looking statements made in this Current Report may not occur and should not place undue reliance on any forward-looking statements.

The Plan provides that Peabody Energy equity securities will be canceled and extinguished upon confirmation of the Plan by the Bankruptcy Court, and that the holders thereof would not be entitled to receive, and would not receive or retain, any property or interest in property on account of such equity interests. The Plan also sets forth the proposed recoveries for Peabody Energy's other securities. Trading prices for Peabody Energy's equity or other securities may bear little or no relationship during the pendency of the Chapter 11 Cases to the actual recovery, if any, by the holders thereof at the conclusion of the Chapter 11 Cases. In the event of cancellation of Peabody Energy equity securities, as contemplated by the Plan, amounts invested by the holders of such securities would not be recoverable and such

securities would have no value. Accordingly, Peabody Energy urges caution with respect to existing and future investments in its equity or other securities.
