Record Date, Common and Preferred Stock Voting Rights and Quorum

Only stockholders of record at the close of business on April 6, 2018 (the Record Date) are entitled to notice of and to vote at the Annual Meeting or at any adjournment thereof. At that date there were 8,751,429 shares of Common Stock and 1,000,000 shares of Series A Convertible Preferred Stock (the Series A Preferred Stock) outstanding. At the Annual Meeting, each issued and outstanding share of Common Stock will be entitled to one vote. Each share of Series A Preferred Stock will be entitled to 1.740 votes (which represents the number of shares of Common Stock into which each share of Series A Preferred Stock is currently convertible limited to 19.9% of the voting rights of the holders of the Common Stock issued and outstanding as of August 1, 2017 pursuant to NASDAQ Rules). The holders of Common Stock and the Series A Preferred Stock vote together as a single class on all matters to be presented at the Annual Meeting, other than the Election of Preferred Director, as described below, on which only the holders of the Series A Convertible Stock may vote and Proposal No. 5, set forth below, on which only the holders of the Common Stock may vote. Accordingly, on the election of the five directors to be elected by all stockholders, described in Proposal 1, set forth below and Proposals No. 2, 3, 4 and 6, as set forth below, the Common Stock and Series A Preferred Stock may cast an aggregate of 10,491,429 votes at the Annual Meeting. Proxies marked withheld as to any director nominee or abstain or against as to a particular proposal and broker non-votes will be counted for purposes of determining the presence or absence of a quorum.

Broker non-votes are shares held by brokers or nominees which are present in person or represented by proxy, but which are not voted on a particular matter because instructions have not been received from the beneficial owner. The effect of proxies marked withheld as to any director nominee or abstain or against as to a particular proposal and broker non-votes on each Proposal is discussed under each respective Proposal.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Company currently has six directors, one of whom is elected solely by the holder of our Series A Preferred Stock. Accordingly, five directors will be elected by the stockholders as of the Record Date at the Annual Meeting to hold office until the 2019 annual meeting and until their successors are elected and have qualified. Unless otherwise instructed, the proxy holders named in the enclosed proxy will vote the proxies received by them for the five nominees of the Board of Directors named below.

Each nominee of the Board of Directors has indicated that he is willing and able to serve as director if elected. If any nominee of the Board of Directors becomes unavailable for any reason before the election, proxies will be voted for the election of such substitute nominee or nominees, if any, as shall be designated by the Corporate Governance and Nominating Committee of the Board of Directors. The Corporate Governance and Nominating Committee has no reason to believe that any of the nominees will be unavailable to serve.

Vote Required

The five nominees who receive the highest number of affirmative votes of the shares present in person or represented by proxy and entitled to vote, a quorum being present, shall be elected as directors. Only votes cast FOR a nominee will be counted, except that the accompanying proxy will be voted FOR all nominees in the absence of instructions to the contrary. Broker non-votes and proxies marked withheld as to one or more nominees will have no effect on the election since only votes FOR a nominee are counted in order to determine the five nominees with the highest number of votes.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH OF THE NOMINEES NAMED BELOW.

Nominees of the Board of Directors

The following five nominees have been recommended for election by the Corporate Governance and Nominating Committee and are the nominees of the Board of Directors. Certain information about the nominees, including their experience, qualifications, attributes or skills that led the Corporate Governance and Nominating Committee and the Board to conclude that the nominees should continue to serve as directors of the Company is set forth below. All of the nominees are currently members of the Board of Directors and were elected by the stockholders at the 2017 Annual Meeting.

The Board believes that Mr. Peacock's legal experience aids the Board and management in assessing and managing the legal risks facing the Company's current operations as well as in considering the legal risks of potential future activities.

Election of Preferred Director

On May 2, 2012 the Company completed a private placement of Series A Preferred Stock and Common Stock Purchase Warrants to JCH Crenshaw Holdings, LLC pursuant to a Securities Purchase Agreement dated April 13, 2012. Pursuant to such agreement, the Company agreed to increase the Board by one director and the holders of the Series A Preferred Stock, voting as a separate class, are entitled to elect one director (the Preferred Director). As required by the agreement, the Board appointed Casey Crenshaw as the Preferred Director as of May 2, 2012 and he was elected as the Preferred Director by the holder of the Series A Preferred Stock as of the dates of the 2013, 2014, 2015 and 2016 Annual Meetings. The holder of the Series A Preferred Stock has advised the Company that Casey Crenshaw will be elected by written consent as the Preferred Director for a term commencing on the date of the 2018 Annual Meeting and continuing until the next annual meeting of stockholders and until his successor has been duly elected and qualified. **Proxies for the Preferred Director are not being solicited.**

Casey Crenshaw, age 43, is currently serving as President and as a member of the Board of Directors of The Modern Group, Ltd, a privately owned diversified manufacturing, parts and distribution, rental/leasing and finance business. Mr. Crenshaw has held various positions with The Modern Group since 1997, including over 10 years as CFO. Mr. Crenshaw holds a BA in Finance from Texas A&M University.

The Board believes that Mr. Crenshaw brings to the Board leadership perspective on the operation, management and financing of a successful diversified manufacturing and service company.

Director Independence

The Board of Directors discussed and reviewed whether each nominee is independent within the Company's corporate governance guidelines which are consistent with the director independence standards established by the NASDAQ Stock Market. In determining independence, the Board reviews and seeks to determine whether directors have any material relationship with the Company, direct or indirect, which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. The Board reviews business, professional, charitable and familial relationships of the independent directors in determining independence. The Board determined that Peter Menikoff, Edward L. Kuntz, J. Hoke Peacock II, Casey Crenshaw and Neal M. Dikeman are independent. In determining the independence of Mr. Peacock, the Board considered that M&I utilized Mr. Peacock's law firm for matters which generated \$67,986 in fees and expenses to such firm in 2017. Such arrangement does not reflect on Mr. Peacock's independence under NASDAQ Stock Market director independence standards. In determining the independence of Mr. Dikeman, the Board considered the additional compensation in the form of restricted stock units for board services requiring substantial additional time and attention.

Directors, other than the Preferred Director, who are not employees of the Company or any of its subsidiaries and who do not have a compensatory agreement providing for service as a director of the Company or any of its subsidiaries received the following compensation for 2017:

Annual retainer for each Director, paid quarterly in advance	\$ 31,500
Additional annual retainer for Chairman of the Board, and the Chairs of the Compensation and Nominating and Governance Committees	\$ 4,500
Additional annual retainer for Chair of the Audit Committee	\$ 13,500

The Company pays each director's reasonable travel, lodging, meals and other expenses connected with their Board service.

The Non-Employee Directors' Deferred Compensation Plan provides that eligible directors may elect to defer 50% to 100% of their retainer fees. Each deferral election must be made prior to the year such retainer payment is due and will last for the entire year. Deferral elections may be terminated for the next year. Deferred amounts may be used to acquire our common stock at fair market value on the date each retainer payment would be otherwise paid to an eligible director, to acquire stock units equivalent to the fair market value of our common stock on the date each retainer payment would be otherwise paid or may be paid in cash following termination of service as a director with interest accruing at the prime rate on such deferred fees.

Directors who are employees and non-employee directors who are not eligible for the foregoing non-employee director compensation receive no separate compensation for director service.

Audit Committee's Pre-Approval Policies

The Audit Committee's policy is to pre-approve all audit services and all permitted non-audit services (including the fees and terms thereof) to be provided by the Company's independent registered public accounting firm; provided, however, pre-approval requirements for non-audit services are not required if all such services (1) do not aggregate to more than five percent of total revenues paid by the Company to its independent registered public accounting firm in the fiscal year when services are provided; (2) were not recognized as non-audit services at the time of the engagement; and (3) are promptly brought to the attention of the Audit Committee and approved prior to the completion of the audit by the Audit Committee.

The Audit Committee pre-approved all of the fees described above.

The Audit Committee has considered whether the provision of the above services other than audit services is compatible with maintaining auditor independence.

Vote Required

The affirmative vote of a majority of the shares of voting stock present at the Annual Meeting and voting on the proposal as a single class is required to ratify the selection of the Company's independent registered public accounting firm for 2018. Abstentions and broker non-votes have no effect on the vote on the proposal.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR PROPOSAL NO. 2, TO RATIFY THE SELECTION OF THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR 2018.

PROPOSAL NO. 3

ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

The Board of Directors is providing the Company's stockholders the opportunity to cast an advisory vote to approve the compensation of the Company's named executive officers as disclosed in this Proxy Statement pursuant to the compensation disclosure rules of the Securities and Exchange Commission, which disclosure includes the compensation discussion and analysis, the compensation tables and the related disclosures concerning executive compensation.

The primary objectives of our executive compensation program are to:

enable the Company to recruit, retain and motivate skilled and knowledgeable executives;

ensure that executive compensation is aligned with our corporate strategies and business objectives;

promote the achievement of key strategic and financial performance measures by linking incentive compensation to the achievement of measurable corporate and individual performance goals; and

align executives' incentives with the creation of stockholder value.

The Board of Directors believes that the achievement of these objectives is important to the Company's long term success and requests stockholder approval the compensation of our named executive officers as disclosed in this Proxy Statement by adopting the following resolution at the Annual Meeting:

RESOLVED, that the compensation of the Company's named executive officers, as disclosed in the definitive proxy statement for this meeting, is hereby approved.

While the Board of Directors intends to carefully consider the stockholder vote on the proposal, the final vote will not be binding on the Board and is advisory in nature.

Vote Required

The affirmative vote of a majority of the voting shares of voting stock present at the Annual Meeting and voting on the proposal as a single class is required to approve the compensation of the named executive officers as disclosed in this Proxy Statement. Abstentions and broker non-votes have no effect on the vote on the proposal.

PROPOSAL NO. 4

FREQUENCY OF ADVISORY VOTE TO APPROVE EXECUTIVE COMPENSATION

This proposal provides the Company's stockholders the opportunity to inform the Board as to how often they wish the Company to include a proposal, similar to Proposal No. 3 in this Proxy Statement, to approve the Company's executive compensation program. The Board of Directors believes that an advisory vote on the approval of executive compensation should take place **every three years**. The Board believes that such frequency is sufficient to keep it advised of the stockholders' opinion of the Company's executive compensation program. The Board will consider the results of the voting on this proposal in determining the frequency of the advisory vote on executive compensation but the vote is not binding on the Board and is advisory in nature.

The proxy allows the stockholders to vote on the frequency of the advisory vote on executive compensation:

Three years;

Two years; or

One year.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE TO HOLD AN ADVISORY VOTE ON THE APPROVAL OF EXECUTIVE COMPENSATION EVERY THREE YEARS. PROXIES WILL BE VOTED FOR A THREE YEAR FREQUENCY ON THE PROPOSAL UNLESS OTHERWISE SPECIFIED.

PROPOSAL NO. 5

TO APPROVE THE ISSUANCE OF ALL SHARES OF COMMON STOCK UPON CONVERSION OF AND PAYMENT OF DIVIDENDS ON OUR SERIES A CONVERTIBLE PREFERRED STOCK AND EXERCISE OF OUR SERIES A AND SERIES B COMMON STOCK PURCHASE WARRANTS

Introduction

On May 2, 2012 the Company sold to JCH Crenshaw Holdings, LLC (the Investor), in a private placement, \$5,000,000 of Series A Convertible Preferred Stock (the Series A Preferred Stock), initially convertible into 1,000,000 shares of common stock at a conversion price of \$5.00 per share, and Common Stock Purchase Warrants (the Warrants), exercisable until May 2, 2020, for 125,000 shares of common stock at an exercise price of \$6.00 per share (the Series A Purchase Warrants) and 200,000 shares of common stock at an exercise price of \$7.00 per share (the Series B Purchase Warrants). The Series A Preferred Stock and Common Stock Purchase Warrants were sold to the Investor pursuant to a securities purchase agreement (the Securities Purchase Agreement) dated April 13, 2012.

Pursuant to the terms of the Securities Purchase Agreement, Casey Crenshaw, the beneficial owner of the Investor, became a member of the Company's Board of Directors on May 2, 2012 as the Preferred Director, and continues to serve as a director of the Company.

As previously disclosed in the Company's Current Report on Form 8-K filed March 27, 2017, the Company and the Investor entered into an agreement restricting payment of cash dividends on and redemption of the Series A Preferred Stock to facilitate the sale of the Company's senior secured Term Note in March 2017 (the Standstill Agreement). In consideration for the Investor's agreement to the foregoing restrictions on cash dividends on and redemption of the Series A Preferred Stock the Company and the Investor agreed, pursuant to an agreement dated August 1, 2017 (the Repricing Agreement), to an adjustment to the initial conversion price of the Common Stock upon conversion of the Series A Preferred Stock and the initial exercise price of the Series A and B Purchase Warrants to reflect the current market value of the Company's common stock.

Pursuant to the Repricing Agreement, the 1,000,000 outstanding shares of Series A Preferred Stock is convertible into 2,212,389 shares of common stock at an initial conversion price of \$2.26 per share. If the Investor were to convert the shares of Series A Preferred Stock into our common stock, it would receive an amount of shares which is 25.3% of our outstanding common stock as of March 15, 2018. The Series A Purchase Warrants are exercisable for 125,000 shares of common stock at an initial exercise price of \$2.72 per share and the Series B Purchase Warrants are exercisable for 200,000 shares of common stock at an initial exercise price of \$3.17 per share. If the Investor were to purchase the 325,000 shares pursuant to the Warrants it would receive an amount of shares which is 3.7% of our outstanding shares as of March 15, 2018 and the Company would receive the purchase price of \$974,000; however the Warrants have a cashless exercise provision. Until Proposal 5 is approved, the Series A Preferred Stock and the Warrants cannot be converted or exercised into more than 19.99% of our total outstanding common stock and shall not be entitled to more than 19.99% of the total voting power of all our equity securities prior to such issuance or conversion.

Why the Company Needs Stockholder Approval

The Company's common stock is listed on the NASDAQ Stock Market and we must comply with certain rules of The NASDAQ Stock Market (the NASDAQ Stock Market Rules) in order to retain the NASDAQ listing of our common stock. The Company is required to seek stockholder approval for the common stock issuances described in Proposal 5 in order to ensure compliance with Rule 5635 of the NASDAQ Rules and the limitations set forth therein (NASDAQ Rule 5635).

NASDAQ Stock Market Rule 5635(d) requires stockholder approval prior to the issuance of securities in connection with a transaction, other than a public offering, which may result in the issuance or potential issuance

of common stock (or securities convertible into or exercisable for common stock) equal to 20% or more of the common stock or 20% or more of the voting power outstanding prior to the issuance for less than the greater of book or market value. Because of the anti-dilution provisions of the Series A Preferred Stock and the Warrants, as well as our ability to pay dividends on the Series A Preferred Stock by issuance of our common stock, we cannot currently determine the total number of shares of our common stock or voting power that will be issued to the Investor pursuant to a conversion of the Series A Preferred Stock into common stock, exercise of the Warrants and payment of dividends on the Series A Preferred Stock by issuance of our common stock. Due to these uncertainties, the Series A Preferred Stock and the Warrants have the potential to provide for the issuance of securities equal to 20% or more of the Company's common stock or 20% or more of its voting power for less than the greater of book or market value of the stock.

In addition, NASDAQ Rule 5635(b) requires stockholder approval prior to the issuance of securities when the issuance or potential issuance will result in a change of control of the issuer. Generally, NASDAQ interpretations provide that the acquisition of 20% of the shares of an issuer by one person or a group of affiliated persons may be deemed a change of control of such issuer. Conversion of the Series A Preferred Stock and exercise of the Warrants at the initial prices set forth in the Repricing Agreement would result in the issuance of more than 20% of our common stock to the Investor and would result in a change of control under the NASDAQ interpretations of Rule 5635(b).

At the Annual Meeting of Stockholders held June 14, 2012, our stockholders approved the issuance of all shares of common stock upon conversion of the Series A Preferred Stock and exercise of the Warrants issued under the Securities Purchase Agreement. Due to the reduction of the initial conversion price of the Series A Preferred Stock and initial exercise price of the Warrants pursuant to the Repricing Agreement the Company is seeking stockholder approval at the 2018 Annual Meeting to issue of all shares of common stock issuable upon conversion of the Series A Convertible Preferred Stock, exercise of the Common Stock Purchase Warrants and payment of dividends on the Series A Convertible Stock in shares of common stock.

Material Terms of the Series A Preferred Stock

Series A Preferred Stock Ranking

The Series A Preferred Stock ranks senior to the Company's junior equity securities, including our common stock.

Dividends

The Series A Preferred Stock will accrue cumulative dividends at a rate of 6% per annum whether or not dividends have been declared by the Board of Directors and whether or not there are profits, surplus or other funds available for the payment of such dividends. Such dividends are in preference to all other classes of stock junior in rank to the Series A Preferred Stock, including our common stock. The Company may pay such dividends in shares of the Company's common stock based on the then current market price of our common stock. The Standstill Agreement currently prohibits the Company from paying cash dividends on the Series A Preferred Stock.

Conversion

Pursuant to the Repricing Agreement, each share of Series A Preferred Stock is initially convertible, at the option of the holder, into one (1) share of common stock at a conversion price of \$2.26 per share of common stock, so that the 1,000,000 shares Series A Preferred Stock held by the Investor is initially convertible into an aggregate of 2,212,389 shares of common stock.

Adjustment of Conversion Price

The conversion price of the Series A Preferred Stock is subject to adjustment for specified events, including stock splits, reclassifications and exchanges, issuance of stock dividends, mergers and certain sales of assets and

certain issuances of common stock or other securities convertible into or exercisable for common stock at prices that are or are deemed to be below the conversion price at the time of such issuance. A decrease in the conversion price due to our issuance of common stock in the future at prices below the then applicable conversion price will result in the holders of the Series A Preferred Stock receiving more than the 2,212,389 shares of our common stock into which the shares are convertible pursuant to the Repricing Agreement.

Mandatory Conversion

The Company has the right to cause all of the outstanding Series A Preferred Stock to be converted into common stock at the then applicable conversion price if the closing price of our common stock has equaled or exceeded 150% of the conversion price then in effect for at least 90 consecutive stock market trading days. The Company must pay all accrued and unpaid dividends on the Series A Preferred Stock prior to exercising its right to cause the conversion of the Series A Preferred Stock.

Redemption Rights

Subject to the restrictions in the Standstill Agreement, the holders of a majority of the outstanding Series A Preferred Stock, may require the Company to redeem all of the then outstanding Series A Preferred Stock for an amount in cash equal to the lesser of (i) 100% of the aggregate Liquidation Preference of the Series A Preferred Stock, currently \$5.00 per share, then outstanding or (ii) the fair market value of the Series A Preferred Stock as determined in good faith by the Board of Directors. The holders of a majority of the outstanding Series A Preferred Stock may also require the Company to redeem all of the then outstanding Series A Preferred Stock at any time following a material default by the Company of any of the representations, warranties or covenants of the Company in the Securities Purchase Agreement. The Standstill Agreement currently prohibits the Company from redeeming the Series A Preferred Stock.

Liquidation Preference

Upon any liquidation, dissolution or winding-up of the Company, whether voluntary or involuntary (a *Liquidation*), the holders of the Series A Preferred Stock will be entitled to receive out of the assets of the Company, whether such assets are capital or surplus, for each share of Series A Preferred Stock to the Liquidation Value the Series A Preferred Stock plus any accrued and unpaid dividends thereon before any distribution or payment shall be made to the holders of any junior securities (including, without limitation, the common stock). Certain mergers or consolidations involving the Company or sales of all or substantially all of the capital stock or assets of the Company will be deemed to be a liquidation, dissolution or winding up of the Company unless the holders of a majority of the then outstanding Series A Preferred Stock elect not to treat such transactions as liquidation events.

Voting, Right to Appoint a Director and Approval Rights

The Series A Preferred Stock votes on an as converted basis with the Company's common stock, subject to certain limitations. The holders of a majority of the outstanding Series A Preferred Stock have the right to appoint one individual to serve as a voting member of the Company's Board of Directors (the *Preferred Director*). Casey Crenshaw has been the Preferred Director since May 2, 2012.

So long as the shares of Series A Preferred Stock on an as converted to Common Stock basis represent 5% or more of the Corporation's outstanding capital stock, the Company shall not (by amendment, merger, consolidation or otherwise) without first obtaining the approval of the holders of at least a majority of the then outstanding shares of Series A Preferred Stock:

(a) amend, alter, waive, repeal or modify any provision of its Articles of Incorporation or Bylaws of the Corporation so as to adversely affect or otherwise impair any of the rights, preferences, privileges, qualifications, limitations or

restrictions of, or applicable to, the Series A Preferred Stock;

- (b) authorize or issue, or obligate itself to issue, any other equity security, including any security convertible into or exercisable for any equity security, having rights, preferences or privileges senior to or on a parity with the Series A Preferred Stock;
- (c) alter or change any rights, preferences or privileges of the Series A Preferred Stock; or
- (d) increase or decrease (other than by conversion) the total number of authorized shares of Series A Preferred Stock.

The holders of Series A Preferred Stock may not vote their shares of Series A Preferred Stock or shares acquired on exercise of the Warrants in connection with this Proposal No. 5.

Rights to Participate in Future Financings

At any time while the Series A Preferred Stock owned by the Investor represents on an as converted basis 5% or more of our common stock the Investor shall have a right to participate pro-rata with respect to the issuance by the Company of any future equity or equity-linked securities or debt which is convertible into or exercisable or exchangeable for equity or in which there is an equity component on the same terms and conditions as offered by the Company to the other purchasers of such securities. Such rights do not apply to any issuances made: (a) to employees, officers, directors, consultants and advisors of the Company pursuant to any incentive plan, stock purchase plan, agreement or other arrangement duly adopted by the Company and approved by the compensation committee of the Board; (b) upon exercise of the Warrants; (c) upon issuance or conversion of the Series A Preferred Stock; (c) in connection with a merger, acquisition, asset acquisition, lease, joint venture or similar acquisitive transaction approved by the Board; and (d) for services to financial institutions in connection with investment banking, commercial credit transactions, equipment financing or similar transactions approved by the Board.

Material Terms of the Warrants

Pursuant to the Repricing Agreement, the Warrants are exercisable for 125,000 shares of common stock at an exercise price of \$2.72 per share and 200,000 shares at an exercise price of \$3.17 per share. The exercise price of the Warrants is subject to adjustment for specified events, including stock splits, reclassifications and exchanges, issuance of stock dividends, mergers and certain sales of assets and certain issuances of common stock or other securities convertible into or exercisable for common stock at prices that are or are deemed to be below the exercise price at the time of such issuance. The holders of the Warrants have the option to exercise the warrants on a net share or cashless basis, in which warrant shares are forfeited in lieu of paying the cash exercise price, in which case the Company would receive no additional proceeds upon their exercise, but fewer shares would be issued. The Warrants are exercisable until May 2, 2020.

Certain Consequences if Proposal No. 5 is Approved

If Proposal No. 5 is approved, the Company may issue all shares of common stock upon conversion of the Series A Preferred Stock, exercise of the Warrants and payment of dividends in common stock, even if such shares represent 20% or more of the total number of shares of our common stock outstanding and our existing stockholders will incur dilution to their voting and economic interests and will own a smaller percentage of our outstanding common stock. Additionally, the Investor will be able to exercise as converted full voting power on the Series A Preferred Stock and shares issued on exercise of the Warrants and dividend payments even if this represents 20% or more of the total voting power.

Certain Consequences if Proposal No. 5 is Not Approved

If Proposal No. 5 is not approved, then the Series A Preferred Stock and the Warrants cannot be converted or exercised into more than 19.99% of our total outstanding common stock and shall not be entitled to more than

19.99% of the total voting power of all our equity securities prior to such issuance or conversion. To the extent the Series A Preferred Stock could not be converted above 19.99%, the unconverted Series A Preferred Stock would remain outstanding and accruing dividends, and the Company could be prohibited from requiring conversion of such Series A Preferred Stock at a time when it is advantageous for the Company to do so.

Vote Required

The affirmative vote of a majority of the shares of common stock present at the Special Meeting and voting on the proposal is required to approve Proposal 5. Abstentions and broker non-votes will have no effect since only shares voting on the transaction will be counted.

Recommendation of Special Conflicts Committee

A Special Conflicts Committee of the Company's Board of Directors, comprised of three independent directors, has unanimously determined that the repricing of the initial conversion price of the Series A Preferred Stock and the initial exercise price of the Warrants is desirable and in the best interests of the Company.

Recommendation of the Board of Directors

THE COMPANY'S BOARD OF DIRECTORS HAS DETERMINED THAT PROPOSAL NO. 5 IS DESIRABLE AND IN THE BEST INTERESTS OF THE COMPANY AND RECOMMENDS APPROVAL OF PROPOSAL NO. 5. PROXIES WILL BE VOTED FOR PROPOSAL NO. 5 UNLESS OTHERWISE SPECIFIED.

PROPOSAL NO. 6

TO APPROVE AMENDMENT OF THE 2007 EMPLOYEE STOCK INCENTIVE PLAN TO AUTHORIZE THE ISSUANCE OF AN ADDITIONAL 500,000 SHARES OF COMMON STOCK UNDER THE PLAN AND TO MAKE NON-EMPLOYEE DIRECTORS ELIGIBLE TO RECEIVE AWARDS UNDER THE PLAN.

General

The Board of Directors is seeking approval of amendments to the 2007 Employee Stock Incentive Plan (the *Plan*) to authorize the issuance of an additional 500,000 shares of common stock under the Plan and to make non-employee directors eligible to receive awards under the Plan. Currently, 1,700,000 shares of common stock are authorized for issuance under the Plan and awards under the Plan may be granted only to employees (including employees who may be directors who are also officers), independent contractors and consultants of the Company and its subsidiaries.

The Board of Directors believes that the Plan has proven to be an important long-term incentive that is critical to enable the Company to attract and retain qualified personnel and encourage participants to focus on the long-term growth of stockholder value as well as promoting a closer identity of interest between participants and stockholders of the Company. The Board of Directors believes that the Company would receive similar benefits if the Plan were to be extended to non-employee directors. For further information, see the *Executive Compensation* and *Director Compensation* discussion contained in this Proxy Statement.

As of March 29, 2018 there were outstanding awards issued under the Plan covering 605,000 shares of common stock and 562,018 shares were available for future awards under the Plan, including shares which have become available as a result of termination of prior awards under the Plan.

If the stockholders do not approve the amendment, the Plan will be limited to the current 1,700,000 shares authorized, the Company will not be able to make the additional 500,000 shares available for issuance under the Plan and our non-employee directors will continue to be ineligible to receive awards under the Plan.

The Plan, as originally approved by the stockholders on November 7, 2007, authorized the issuance of up to 300,000 shares. The stockholders approved an additional 500,000 for issuance under the Plan at the 2010 Annual Meeting, an additional 300,000 shares were approved for issuance under the Plan at the 2012 Annual Meeting and an additional 600,000 shares were approved for issuance at the 2014 Annual Meeting.

Description of the 2007 Employee Stock Incentive Plan

The following is a description of the material features of the 2007 Employee Stock Incentive Plan, as amended.

Eligibility

Awards under the Plan may be granted to employees (including employees who may be directors and officers), independent contractors and consultants of the Company and its subsidiaries. Upon approval of Proposal No. 5 at the Annual Meeting our non-employee directors would also be eligible to receive awards under the Plan. Approximately 75% of our employees are eligible to participate in the Plan.

Shares Subject to the Plan

The Plan currently authorizes the issuance of up to 1,700,000 shares of the Company's common stock. Upon approval of Proposal No. 5 at the Annual Meeting an additional 500,000 shares would be authorized for issuance

pursuant to awards under the Plan. In the event of certain changes in the Company's common stock such as recapitalization, reclassification, stock split, combination or exchange of shares, stock dividends or the like, appropriate adjustment will be made in the number and kind of shares available for issuance under the Plan and the purchase price, if any, per share. The closing price of our common stock on the NASDAQ Stock Market on March 29, 2018 was \$1.50 per share.

Administration

The Plan is administered by the Compensation Committee (the Committee) of the Board of Directors of the Company. The Committee has the full and exclusive power to construe, interpret and administer the Plan, including, but not limited to, the authority to designate which eligible participants are to be granted awards and to determine the type of award and the number of shares to be subject thereto and the terms and conditions thereof, consistent with the terms of the Plan. The Committee is also authorized to adopt, amend and revoke rules relating to the administration of the Plan.

Awards Under the Plan

The Plan provides that the Committee may grant or issue stock options, stock appreciation rights, restricted stock, restricted units, performance shares, performance units and stock-based awards pursuant to a written agreement and may contain such terms as the Committee determines. Subject to the provisions of the Plan, the Committee has the sole and complete authority to determine the eligible recipients of awards under the Plan. All awards shall be subject to such terms, conditions and restrictions determined by the Compensation Committee and included in the award agreement. Such terms, conditions and restrictions may include provisions related to vesting of awards, and the effect of a participant's termination of employment and change of control of the Company on outstanding awards under the Plan. No participant may receive a grant covering more than 200,000 shares in any year.

Share Counting Rules

When the Committee grants an award under the Plan, the full number of shares subject to the award is charged against the number of shares that remain available for delivery pursuant to awards. After grant, the number of shares subject to any portion of an award that is canceled or that expires without having been settled in shares, or that is settled through the delivery of consideration other than shares, will be available for new awards. If shares are tendered or withheld to pay the exercise price of an award or to satisfy a tax withholding obligation, those tendered or withheld shares will be available for new awards.

Stock Options

Stock Options provide for the right to purchase shares of Company common stock at a specified price as determined by the Committee, provided that the exercise price per share of common stock option may not be less than 100% of the fair market value of a share as of the date the option is granted. Stock options granted under the Plan may be incentive stock options (ISOs) that are designed to comply with the provisions of Section 422 of the Internal Revenue Code (the Code) and will be subject to restrictions contained in the Code or nonqualified stock options (NQSOs). The maximum number of shares of Company common stock that may be issued upon the exercise of ISOs may not exceed the total number of shares available for grant under the Plan as set forth above under Shares Subject to the Plan. Stock options may be granted for a term specified by the Committee, provided that no option may be exercisable after ten years from the date of grant. The Committee may accelerate the exercisability of any option or portion thereof at any time. The Committee may provide in the option agreement that all or a part of the shares received by an optionee upon the exercise of a NQSO shall be restricted shares subject to any or all of the restrictions or conditions described below.

Exercise Price. The exercise price for each Option will be determined by the Committee, but will not be less than 100% of the fair market value of a share of common stock on the date of grant. If an ISO is granted to a ten

percent stockholder of the Company (as defined in the Plan), the exercise price will be at least 110% of the fair market value of a share on the date of grant.

Exercise of Options. The Committee determines when Options become exercisable and in its discretion may accelerate the vesting of any outstanding Option or extend the term of a NQSO option set to expire prior to ten years from the date of issuance. The means of payment for shares issued upon exercise of an Option are specified in each option agreement. The Plan permits payment to be made by cash, check, wire transfer, other shares of Company common stock and Options issued under the Plan. All payment methods other than payment of cash, check and wire transfer will be subject to such restrictions as may be established by the Committee or applicable law or the rules of any applicable stock exchange. The participant must pay any required tax withholding in cash at the time of exercise or the Company may make other arrangements for the payment of such withholding tax obligations, including withholding compensation otherwise due the participant or utilizing Company Stock due under the award.

Limits on Exercisability. No Option will be exercisable after the expiration of ten years from the date an Option is granted (five years with respect to an ISO held by an Optionee who is a ten percent stockholder of the Company). Options will be exercisable at such times as determined by the Committee. Unless otherwise specified at the time of grant of the Option, an Option will become exercisable as to one-third of the shares in the first year after grant, an additional one-third on the first anniversary of the date of grant and fully exercisable on the second anniversary of the date of grant. An option granted under the Plan will generally expire on the first to occur of: (i) conviction of a felony against the Company (ii) three (3) months after the date of a termination of employment or retention for any reason other than death or (ii) six (6) months after death of the optionee; provided that the Committee may specify in the document governing the option that an Option may be exercisable during a longer period. ISOs held by a participant under the Plan and any other plans of the Company may not become exercisable for the first time during any calendar year in excess of \$100,000.

Stock Appreciation Rights

A stock appreciation right may be granted by the Compensation Committee in its discretion. The grant price for each stock appreciation right shall be determined by the Compensation Committee and shall be specified in the Award agreement, but in no event shall the grant price be less than the fair market value of the shares of common stock of the company on the date the stock appreciation right is granted. The term of the stock appreciation right shall be determined by the Compensation Committee and specified in the Award agreement, which relates to the stock appreciation right. No stock appreciation right will be exercised after the tenth anniversary from the date of its grant. Stock appreciation rights may be exercised subject to the terms and conditions the Compensation Committee imposes. Upon the exercise of a Stock Appreciation Right the participant is entitled to receive Company common stock valued at the time of exercise in the amount of the difference between the grant price of the exercised stock appreciation right and the fair market value of the shares at the time the stock appreciation right is exercised.

Restricted Stock

Shares of common stock may be granted by the Compensation Committee to an eligible participant and made subject to restrictions on sale, pledge or other transfer by the participant for a certain period (the restricted period). All shares of restricted stock will be subject to such restrictions as the Compensation Committee may provide in an Award agreement with the participant, including provisions obligating the participant to forfeit or resell the shares to us in the event of termination of employment or service. Participant's rights with respect to such shares shall be subject to the restrictions provided in the Award agreement and the Plan.

Restricted Stock Units

A restricted stock unit represents the right to receive from us, on the respective scheduled vesting or payment date for such restricted stock unit, one share of common stock. An award of restricted stock units may

be subject to forfeiture provisions and such other terms and conditions as the Compensation Committee may determine, subject to the provisions of the Plan.

Performance Shares and Performance Units

Shares of common stock may be granted by the Compensation Committee to an eligible participant and made subject to the achievement of pre-established performance goals for a specified period following the grant which, depending on the extent to which such performance criteria are met in such performance period, will determine, in the manner set forth in the Award Agreement, the value and/or number of each Performance Share or Performance Unit that will be paid to the Participant. The pre-established performance goals will be based on any or a combination of the following business criteria applied to the Company as a whole, a Company division or a subsidiary: (i) the attainment of certain target levels of, or a specified percentage increase in, revenues, income before income taxes and extraordinary items, net income, earnings before income tax, earnings before interest, taxes, depreciation and amortization, or a combination of any or all of the foregoing; (ii) the attainment of certain target levels of, or a percentage increase in, after-tax or pre-tax profits including, without limitation, that attributable to continuing and/or other operations; (iii) the attainment of certain target levels of, or a specified increase in, operational cash flow; (iv) the achievement of a certain level of, reduction of, or other specified objectives with regard to limiting the level of increase in, all or a portion of, the Company's bank debt or other long-term or short-term public or private debt or other similar financial obligations of the Company, which may be calculated net of such cash balances and/or other offsets and adjustments as may be established by the Committee; (v) the attainment of a specified percentage increase in earnings per share or earnings per share from continuing operations; (vi) the attainment of certain target levels of, or a specified increase in return on capital employed or return on invested capital; (vii) the attainment of certain target levels of, or a percentage increase in, after-tax or pre-tax return on stockholders' equity; (viii) the attainment of certain target levels of, or a specified increase in, economic value added targets based on a cash flow return on investment formula; (ix) the attainment of certain target levels in the fair market value of the shares of the Company's common stock; (x) the growth in the value of an investment in the Company's common stock assuming the reinvestment of dividends; and (xi) reducing costs of the Company, as evidenced by meeting or reducing budgeted expenses established by the Company. For purposes of item (i) above, extraordinary items shall mean all items of gain, loss or expense for the fiscal year determined to be extraordinary or unusual in nature or infrequent in occurrence or related to a corporate transaction (including, without limitation, a disposition or acquisition) or related to a change in accounting principle.

Stock Awards

Each stock award under the Plan will contain provisions regarding (1) the number of shares subject to such stock award or a formula for determining such number, (2) the purchase price of the shares, if any, and the means of payment for the shares, (3) the performance criteria, if any, and level of achievement versus these criteria that will determine the number of shares granted, issued, retainable and vested, as applicable, (4) such terms and conditions on the grant, issuance, vesting and forfeiture of the shares, as applicable, as may be determined from time to time by the Committee, (5) restrictions on the transferability of the stock award, and (6) such further terms and conditions, in each case not inconsistent with the Plan, as may be determined from time to time by the Committee. Such awards may be granted or sold in respect of past services and other valid consideration, or in lieu of, or in addition to, any cash compensation due to such participant.

New Plan Benefits

On August 22, 2017 Neal M. Dikeman, a non-employee director, was issued 200,000 Restricted Stock Units subject to vesting upon achievement of certain contingencies. Based on the closing price of the Company's common stock on December 31, 2017 of \$1.50, the value of the RSU grant to Mr. Dikeman will be \$300,000 assuming all 200,000 RSU's will vest and convert to 200,000 shares of common stock. In the event the amendment of the Plan to extend eligibility to non-employee directors is not approved at the Annual Meeting, the

RSU grant to Mr. Dikeman will be void, in which event the Company will pay him the monetary value of such award upon achievement of the contingencies.

The Company has agreed to issue future awards under the Plan as follows:

Pursuant to William Brod's employment agreement, Mr. Brod is entitled to receive an annual award of performance-based restricted stock units valued at \$70,000 in common stock at time of issuance. The restricted stock units are subject to vesting upon achievement of individual and Company performance objectives for the year of issuance. Vested restricted stock units convert into common stock on a one-to-one basis in four equal annual installments from the original grant date, subject to a continuing employment requirement. Based on the closing price of the Company's common stock on December 31, 2017 of \$1.50 per share, Mr. Brod would receive an annual grant of 46,667 restricted stock units and the value of the annual future grants to Mr. Brod would be \$70,000 assuming all RSU's will vest and convert to shares of common stock.

All other future grants of awards under the Plan, if any, that will be made to eligible participants are subject to the discretion of the Compensation Committee and, therefore, it is not possible to determine the awards under the Plan that will be received by our executive officers and other participants if the amendment to the Plan is approved by the stockholders.

Amendment, Suspension and Termination

The Plan may be amended, suspended, or terminated at any time or from time to time by the Compensation Committee, provided that (i) no such amendment or modification may, without written consent of the participant, alter or impair any rights or obligations under any outstanding awards under the Plan; and (ii) no amendment will be effective unless approved by the affirmative vote of the holders of a majority of shares of the Company present, or represented, and entitled to vote at a meeting of stockholders of the Company duly held within twelve months of the date of adoption where such amendment will: (a) increase the total number of shares reserved for the issuance under the Plan; or (b) materially change the standards of eligibility under the Plan; (c) materially increase the benefits which may accrue to participants under the Plan; or (d) result in the adoption of a new plan or require the approval of the stockholders under any applicable tax, regulatory or stock market requirement.

Subject to the foregoing, the Compensation Committee may amend, extend, modify or terminate any outstanding award with the participant's written consent at any time prior to payment or exercise in any manner not inconsistent with the terms of the Plan.

Transfer Restrictions

Except as otherwise determined by the Compensation Committee, no award shall be assignable or transferable except by will or the laws of descent and distribution, and no right or interest of any participant shall be subject to any lien, obligation or liability of the participant.

Securities Law Compliance

In the event that the shares to be acquired pursuant to the Plan are not covered by a then current registration statement under the Securities Act of 1933 (the "Securities Act"), and is not otherwise exempt, such shares will be restricted against transfer to the extent required by the Securities Act and the Compensation Committee may require any participant to represent in writing an intention to invest, rather than distribute, the shares.

Miscellaneous Provisions

The adoption of the Plan will not affect any other compensation or incentive plans in effect for the Company or any subsidiary. Nothing in the Plan guarantees continued employment for any participating employee. The Company and its subsidiaries reserve the right to remove, terminate or discharge any employee at any time and for any reason.

Federal Income Tax Consequences of Stock Options

The following is a brief summary of certain of the federal income tax consequences of certain transactions under the Plan based on federal income tax laws in effect on the date hereof. This summary is not intended to be exhaustive and does not describe state, local or foreign tax consequences.

Tax Consequences to Participants

With respect to a non-qualified stock option (NQSO), in general: (i) no income will be recognized by an optionee at the time an NQSO is granted; (ii) at the time of exercise of an NQSO, ordinary income will be recognized by the optionee in an amount equal to the difference between the option price paid for the shares and the fair market value of the shares if they are nonrestricted on the date of exercise; and (iii) at the time of sale of shares acquired pursuant to the exercise of an NQSO, any appreciation (or depreciation) in the value of the shares after the date of exercise will be treated as either short-term or long-term capital gain (or loss) depending on how long the shares have been held.

With respect to an incentive stock option (ISO), no income generally will be recognized by an optionee upon the grant or exercise of an ISO. However, any excess of the fair market value of the shares at the time of exercise over the option price will be subject to the alternative minimum tax. If no disposition of shares issued to an optionee is made within two years after the date of grant or within one year after the transfer of the shares to the optionee, then upon the sale of the shares any amount realized in excess of the option price will be taxed to the optionee as long-term capital gain and any loss sustained will be a long-term capital loss.

If shares acquired upon the exercise of an ISO are disposed of prior to the expiration of either holding period described above, the optionee generally will recognize ordinary income in the year of disposition in an amount equal to any excess of the fair market value of the shares at the time of exercise (or, if less, the amount realized on the disposition of the shares if a sale or exchange) over the option price paid for the shares. Any further gain (or loss) realized by the optionee generally will be taxed as short-term or long-term capital gain (or loss) depending on the holding period.

Stock Awards

Stock awards will generally be taxed as ordinary income when the participant receives the unrestricted right to the shares in the award. In the event the shares in the award are subject to a substantial risk of forfeiture within the meaning of Section 83 of the Code, the participant will not recognize ordinary income at the time of grant of the award. Instead, the participant will recognize ordinary income on the dates when the stock is no longer subject to a substantial risk of forfeiture, or when the stock becomes transferable, if earlier. The participant's ordinary income is measured as the difference between the amount paid for the stock, if any, and the fair market value of the stock on the date the stock is no longer subject to forfeiture or becomes transferable. Upon a disposition of such shares by the participant, any difference between the sale price and the amount recognized as taxable income as provided above, is treated as long-term or short-term capital gain or loss, depending on the holding period.

The participant may accelerate his or her recognition of ordinary income, if any, and begin his or her capital gains holding period by timely filing (i.e., within thirty days of the award) an election pursuant to Section 83(b) of the Code. In such event, the ordinary income recognized, if any, is measured as the difference between the amount paid for the stock, if any, and the fair market value of the stock on the date of award, and the capital gain holding period commences on such date. The ordinary income recognized by an employee will be subject to tax withholding by the Company.

Payment of Withholding Taxes

We may withhold from any stock issuances under the Plan, or collect as a condition of payment, any taxes required by law to be withheld. With the Compensation Committee's approval a participant may be allowed to

satisfy his or her withholding tax obligation by electing to deliver currently owned shares of common stock or to have us withhold, from the shares the participant would otherwise receive, shares of common stock, in each case having a value equal to the minimum amount required to be withheld.

Tax Consequences to the Company

To the extent that a participant recognizes ordinary income in the circumstances described above, the Company or the subsidiary for which the participant performs services will be entitled to a corresponding deduction provided that, among other things, the income meets the tests of reasonableness, is an ordinary and necessary business expense, is not an excess parachute payment under the Code and is not disallowed by Section 162(m) of the Code.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The primary objectives of our executive compensation program are to:

enable the Company to recruit, retain and motivate skilled and knowledgeable executives;

ensure that executive compensation is aligned with our corporate strategies and business objectives;

promote the achievement of key strategic and financial performance measures by linking incentive compensation to the achievement of measurable corporate and individual performance goals; and

align executive incentives with the creation of stockholder value.

To achieve these objectives, we expect to maintain our executive compensation at levels which are competitive with those of other companies with which we compete for executive talent. In addition, all our named executive officers will have an annual bonus compensation program providing a cash bonus for achieving corporate and individual goals. We provide certain of our senior executive officers with performance based compensation in the form of equity awards that vest over time in amounts related to achieving specific corporate financial goals, personal goals and/or continued employment, which we believe will help to retain our executives and align their interests with those of our stockholders by allowing the executives to participate in the longer term success of our Company as reflected in stock price appreciation.

Elements of Our Executive Compensation Program

The following elements comprise compensation currently paid to our executive officers:

Base salary. We fix the chief executive officer's base compensation and review his recommendations regarding the base compensation of the executive officers to provide assurance that we are able to hire and retain individuals in a competitive environment and rewards satisfactory individual performance and a satisfactory level of contribution to our overall business goals. At least annually, the Compensation Committee evaluates the base salaries for our executives, together with other components of compensation, and considers adjustments based on an assessment of each executive's performance, competitive compensation trends and their review and consideration of compensation surveys and other information provided by our human resources department or from independent sources. We expect our CEO, as manager of our other senior executives, to keep the Compensation Committee advised as to how our senior executives are performing.

Executive Performance Cash Bonus Program. The performance bonus element of the cash compensation of our executive officers is based upon achievement of Company and individual performance goals recommended by our CEO and approved by our Compensation Committee. The 2017 performance bonus compensation program for our senior executives provides for cash bonus targets ranging from approximately 15% to 50% of base salary. Our CEO is primarily responsible for recommending to the Board of Directors the Company financial objectives and individual performance goals of our senior executives. A minimum targeted Company financial performance must be achieved for the cash bonus to be earned. The bonus is calculated including both individual and company performance metrics. Each of the individual and performance metrics includes financial and operating metrics. Some of each officer's

individual performance goals and objectives may require a subjective evaluation and judgment with respect to achievement of these goals. Company performance targets make up approximately 75% of total bonus with individual goals encompassing the remainder. The Company financial performance element of each executive's bonus is designated in a business area where the executive contributes and may include such performance metrics as earnings of the entire Company or one or more business segments. The Compensation Committee may also recognize exceptional performance in excess of targeted goals by granting bonus awards in excess of targeted amounts.

Our CEO reviews each senior executive's performance against Company and individual performance goals set for that executive during the previous year. Based on this assessment, the CEO will then recommend to the

Compensation Committee what percentage of each executive's target bonus the executive should receive. The Compensation Committee, without the CEO's participation, evaluates the CEO's performance to determine the CEO's bonus by reviewing the CEO's success in achieving the Company and personal performance goals established by the committee in the prior year.

Equity Incentives. Our equity incentive program is the primary vehicle for offering long-term incentives to our employees, including our executive officers. Executives are eligible to receive grants of stock options, restricted stock awards, restricted stock unit awards, stock appreciation rights and other stock-based equity awards at the discretion of the Compensation Committee. Our 2007 Employee Stock Incentive Plan authorizes the issuance of up to 1,700,000 shares of our common stock. In 2016 and 2017 certain executives were awarded performance-based restricted stock units. Some of these awards were subject to achievement of performance targets in the year of grant and continued employment to become fully vested, and some of such awards required only continued employment to become fully vested. The Compensation Committee will also recognize exceptional performance in excess of targeted goals by granting equity awards in excess of targeted amounts.

We believe equity awards provide our executive officers with an incentive to focus on our long-term performance, create an ownership culture among our management team and our employees, and align the interests of our executive officers with those of our stockholders. In addition, the vesting feature of our equity awards is designed to further our objective of executive retention by providing an incentive to our executive officers to remain employed with us during the vesting period. We believe the long-term performance of our business is improved through the grant of stock-based awards so that the interests of our executive officers are aligned with the creation of value for our stockholders. In determining the size of equity grants to our executive officers, our Compensation Committee will consider our overall performance, the applicable executive officer's performance, the achievement of certain strategic initiatives, the amount of equity previously awarded to the executive officer, and the vesting of such awards, as well as their own business judgment and experiences. The Compensation Committee may also make the receipt of equity incentives subject to the achievement of specific objective Company financial goals and/or continued employment.

Grants of equity awards, including those to our named executive officers, are required to be approved by our Compensation Committee. We may grant equity awards to executive officers upon their initial hire and in connection with a promotion. In addition, grants of equity awards may be made from time to time in the discretion of our Compensation Committee and our Board of Directors consistent with our incentive compensation program objectives.

Other Compensation. Each of our executive officers is eligible to participate in our employee benefits programs on the same terms as non-executive employees, including our 401(k), medical, dental and vision care plans. In addition, employees, including executive officers, participate in our life and accidental death and dismemberment insurance policies, long-term and short-term disability plans, employee assistance program, and standard Company holidays.

Tax Considerations. Section 162(m) of the Internal Revenue Code generally disallows a tax deduction for compensation in excess of \$1.0 million paid to our chief executive officer and our four other most highly paid executive officers. Qualifying performance-based compensation is not subject to the deduction limitation if specified requirements are met. We generally intend to structure the performance-based portion of our executive compensation, when feasible, to comply with exemptions in Section 162(m) so that the compensation remains tax deductible to us. Our compensation committee and our board of directors may, in their judgment, authorize compensation payments that do not comply with the exemptions in Section 162(m) when it believes such payments are appropriate to attract and retain executive talent. To date we have made no compensation payments which did not comply with exemptions in Section 162(m).

Risk Considerations. The Compensation Committee considers whether the Company's compensation policies and practices for both executives and other employees encourage unnecessary or excessive risk taking.

Base salaries are not believed to encourage excessive risk taking. The Company's Executive Performance Bonus Program does focus on achievement of annual Company and/or individual performance goals, but both the Company and individual goals are considered appropriate for achievement without unnecessary and excess risk taking.

CEO Compensation. In connection with the CEO transition plan the Company entered into an employment agreement with Charles M. Dauber for his services as President and CEO of the Company. The Compensation Committee utilized an independent compensation consultant to assist it in setting Mr. Dauber's salary. Such consultant has provided no other services to the Company or the Compensation Committee. The Compensation Committee believes the compensation package for Mr. Dauber is reasonable based upon Mr. Dauber's experience, duties and responsibilities and the contributions made and expected to be made by him to the Company.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed with management the foregoing Compensation Discussion and Analysis. Employment Agreements With Named Executive Officers

With the approval of the Compensation Committee, the Company has entered into employment agreements with the following current executive officers. These employment agreements are intended to provide each executive with job security for the term of the agreement by specifying the reasons pursuant to which their employment may be terminated by the Company and provide them with certain compensation and benefits upon certain termination of employment other than for cause or disability, including an involuntary termination after a change in control of the Company. These employment agreements also protect the Company’s interests during and following termination of employment by prohibiting the executives from engaging directly or indirectly in competition with the Company, from soliciting any employees, or from disclosing confidential Company information.

Charles M. Dauber has an employment agreement with the Company which provided for his employment to December 31, 2017. The Company is currently negotiating a new employment agreement with Mr. Dauber and he is currently employed by the Company with no fixed term of employment. In the event Mr. Dauber’s employment terminates after a change of control of the Company he will be entitled to payment of one year’s salary and expected bonus, and vesting of any already awarded but unvested stock options and restricted stock units which would have vested within 18 months following his termination date. Mr. Dauber continues to be subject to the non-competition and non-disclosure of confidential information provisions of his written employment agreement following his termination of employment.

William Brod entered into an employment letter agreement with M&I Electric Industries, Inc. upon commencement of his employment in November 2015 and amended in June 2016 which specifies his compensation but does not establish any fixed term of employment. It provides for an annual salary at the rate of \$200,000 with a performance-based target bonus of \$60,000. Mr. Brod is entitled to receive an annual award of performance-based restricted stock units valued at \$70,000 in common stock at time of issuance. The restricted stock units are subject to vesting upon achievement of individual and Company performance objectives for the year of issuance. Vested restricted stock units convert into common stock on a one-to-one basis in four equal annual installments from the original grant date, subject to a continuing employment requirement. In the event Mr. Brod’s employment is terminated for other than cause or disability, or in the event there is a change of control/acquisition resulting in his termination or a substantial reduction of his responsibilities, he will receive a severance package equal to up to twelve months of his then current base salary, \$80,000 of cash bonus and reimbursement of COBRA medical insurance costs, if elected, for Mr. Brod and his family for up to twelve months. The severance and COBRA benefits will be paid out on a monthly basis and will cease upon commencement of other employment. Mr. Brod will also receive a retention bonus of \$100,000 in March 2017 subject to continued employment through February 15, 2017.

Our other named executive officers are also at will employees and are eligible to receive employee benefits generally available to all employees of the subsidiary by which they are employed and other benefits approved by the Compensation Committee.

In March 2018, the Compensation Committee of the Board of Directors established 2018 salary and target bonus applicable to our named executive officers as follows:

Named Executive	2018 Base Salary(\$)	2018 Target Bonus(\$)
------------------------	---------------------------------	----------------------------------

Edgar Filing: American Electric Technologies Inc - Form PRE 14A

Charles M. Dauber	332,501	175,000
Neal T. Hare	156,568	100,000
William Brod	189,945	60,000

Actual bonus amounts payable to each executive will be based on the achievement of 2018 Company and individual performance goals established for each executive. A minimum targeted company financial performance must be achieved for the component of the bonus to be earned and must be achieved at the 100% level for the full bonus to be earned. Some of each executive's individual goals may require a subjective evaluation and judgment with respect to achievement of these goals. Company performance targets make up approximately 75% of total bonus with individual goals encompassing the remainder.

In connection with the 2018 salary and target bonus established for our named executive officers, the following were awarded performance-based restricted stock units under the 2007 Employee Stock Incentive Plan:

Named Executive	Restricted Stock Units
Charles M. Dauber	80,000
William Brod	51,852

Vesting of the foregoing 2018 restricted stock unit awards is subject to achievement of the 2018 Company and individual performance goals established for each executive. The vested restricted stock units convert into common stock on a one-to-one basis in four equal annual installments from the date of grant and are subject to a continuing employment obligation through the date of conversion.

A-1

5. Administration of the Plan.

(a) The Plan shall be administered by a Compensation Committee of the Board of Directors of the Company (the Committee) comprised of at least two outside directors (as described under Rule 16b-3, promulgated under the Securities Exchange Act of 1934 (the 1934 Act), and in accordance with the requirement of Section 162(m) of the Code, appointed by the Board of Directors of the Company. In the event such Committee is not comprised of said outside directors, any award granted hereunder shall not be deemed automatically null and void, except as otherwise provided below. Within the limits of the express provisions of the Plan, the Committee shall have the authority, in its discretion, to determine the individuals to whom, and the time or times at which, awards shall be granted, the character of such and the number of shares of Common Stock to be subject to each award, and to interpret the Plan, to prescribe, amend and rescind rules and regulations relating to the Plan, to determine the terms and provisions of agreements that may be entered into in connection with awards (which need not be identical), and to make all other determinations and take all other actions necessary or advisable for the administration of the Plan. In making such determinations, the Committee may take into account the nature of the services rendered by such individuals, their present and potential contributions to the Company's success, and such other factors as the Committee, in its discretion, shall deem relevant. The Committee's determinations on the matters referred to in this Section shall be conclusive.

(b) Notwithstanding anything contained herein to the contrary, the Committee shall have the exclusive right to grant awards to persons subject to Section 16 of the 1934 Act and set forth the terms and conditions thereof. With respect to persons subject to Section 16 of the 1934 Act, transactions under the Plan are intended to comply with all applicable conditions of Rule 16b-3, as amended from time to time (and its successor provisions, if any), under the 1934 Act. To the extent any provision of the Plan or action by the Board of Directors or Committee fails to so comply, it shall be deemed null and void to the extent required by law and to the extent deemed advisable by the Board of Directors and/or such Committee.

6. Stock Options.

The Committee may award Incentive Stock Options (ISOs) (as defined in Section 422(b) of the Code) and Non-Qualified Stock Options (NQSOs), not intended to qualify under Section 422(b) of the Code (ISOs and NQSOs hereinafter collectively the Options) under the Plan. An ISO or an NQSO enables the participant to purchase from the Company, at any time during a specified exercise period, a specified number of shares Company Common Stock at a specified price (the Option Price). Options may be granted to Participants in such number and on such terms as shall be determined by the Committee in its discretion, subject to the following:

(a) No Options may be granted more than ten (10) years after the Effective Date of the Plan.

(b) Each Option grant shall be evidenced by an Award Agreement that shall specify the Option Price, the duration of the Option, the number of Shares to which the Option pertains, the conditions on which an Option shall become vested and exercisable, the method of exercise of an Option and such other provisions as the Committee shall determine. The Award Agreement also shall specify whether the Option is intended to be an ISO or a NQSO.

(c) The Option Price for each grant of an Option under the Plan shall be determined by the Committee and shall be specified in the Award Agreement but in no event shall the Option Price be less than the fair market value of the Company's Common Stock on the date of grant. For all purposes under the Plan, the fair market value of a share of the Company's Common Stock on a particular date shall be equal to the NASDAQ official closing price on that date or if no sales are reported on that date, on the last preceding date on which the official closing price of shares are so reported. If the stock is traded over the counter at the time a determination of its fair market value is required to be made hereunder, its fair market value shall be deemed to be equal to the average between the reported high and low prices of Stock on the most recent date on which the shares were publicly traded. In the event the Company's Common

Stock is not publicly traded at the time a determination of its value is required to be made hereunder, the determination of its fair market value shall be made by the Committee in such manner as it deems appropriate. If an ISO is granted to an

A-2

individual who, immediately before the ISO is to be granted, owns directly or through attribution) more than 10% of the total combined voting power of all classes of capital stock of the Company or a subsidiary or parent of the Company, the Option Price of the shares of Common Stock subject to such ISO shall not be less than 110% of the fair market value per share of the shares of Common Stock at the time such ISO is granted.

(d) Each Option granted under the Plan shall expire and not be exercisable after ten (10) years from the date of grant or at such earlier time as the Committee shall determine at the time of grant, provided, however, if an ISO is granted to any individual who, immediately before the ISO is granted, owns (directly or through attribution) more than 10% of the total combined voting power of all classes of capital stock of the Company or of a subsidiary or parent of the Company, such ISO shall by its terms expire and shall not be exercisable after the expiration of five (5) years from the date of its grant.

(e) Options granted under the Plan shall be exercisable at such times and on the occurrence of such events, and be subject to such terms and conditions, as the Committee shall in each instance set forth in the Award Agreement, which need not be the same for each grant or for each Participant.

(f) The Option Price on exercise of any Option shall be payable to the Company in full either: (i) in cash or its equivalent; (ii) by tendering (either by actual delivery or attestation) previously acquired Shares having an aggregate fair market value at the time of exercise equal to the total Option Price; (iii) by tendering unexercised Options having a fair market value at the time of exercise equal to the Option Price; (iv) by a combination of (i), (ii) and (iii); or (v) any other method approved or accepted by the Committee in its sole discretion subject to such rules and regulations as the Committee may establish. For all purposes under the Plan, the fair market value of an Option on a particular date shall be equal to the excess of the fair market value of the Company's Common Stock on such date over the Option Price of such Option on such date.

(g) The Committee may impose such restrictions on any Shares acquired under the exercise of an Option granted under the Plan as it may deem advisable, including, without limitation, requiring the Participant to hold the Shares acquired for a specified period of time, or restrictions under applicable laws or under the requirements of any stock exchange or market on which such Shares are listed and/or traded.

(h) Each Participant's Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the Option following termination of the Participant's employment with the Company. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Options issued under the Plan, and may reflect distinctions based on the reasons for termination.

(i) No ISO granted under this Plan may be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, all ISOs granted to a Participant shall be exercisable during his or her lifetime only by such Participant. Except as otherwise provided in a Participant's Award Agreement at the time of grant, or thereafter by the Committee, NQSOs granted under the Plan may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except as otherwise provided in a Participant's Award Agreement at the time of grant or thereafter by the Committee, all NQSOs granted to a Participant under the Plan shall be exercisable during the Participant's lifetime only by such Participant.

(j) The holder of an Option shall have none of the rights of a stockholder with respect to the shares of Common Stock covered by such holder's Option until such shares of Common Stock shall be issued to such holder upon the exercise of the Option.

(k) All Options granted under the Plan shall not be transferable otherwise than by will or the laws of descent and distribution, and any Option granted under the Plan may be exercised during the lifetime of the holder thereof only by the holder. No Option granted under the Plan shall be subject to execution, attachment or other process.

A-3

(l) Options granted under the Plan shall be exercisable at such times and on the occurrence of such events, and be subject to such restrictions and conditions, as the Committee shall in each instance approve, which need not be the same for each grant or for each Participant.

(m) The aggregate fair market value of the shares of Common Stock with respect to which ISOs granted under the Plan are exercisable for the first time during any calendar year and under incentive stock options qualifying as such in accordance with Section 422 of the Code granted under any other incentive stock option plan maintained by the Company or its parent or subsidiary corporations, shall not exceed \$100,000. Any grant of Options in excess of such amount shall be deemed a grant of a NQSO. In addition, and notwithstanding anything contained herein to the contrary, in the event an ISO granted hereunder does not, for any reason, at the time of grant or during the term of the ISO satisfy all of the conditions under the Code with respect to being deemed an ISO, then said ISO shall be deemed a NQSO, but only to the extent, if applicable, said ISO exceeds any such conditions, and any said determination that said ISO is deemed an NQSO shall not be deemed the grant of a new Option hereunder.

7. Stock Appreciation Rights.

The Committee may award Stock Appreciation Rights (SAR) under the Plan. SARs may be granted to Participants in such number and on such terms as shall be determined by the Committee in its discretion, subject to the following:

(a) Each SAR grant shall be evidenced by an Award Agreement that shall specify the Grant Price, which shall not be less than the fair market value of the Company's Common Stock on the date of grant, the duration of the SAR, the number of Shares to which the SAR pertains, the conditions on which an SAR shall become vested and exercisable, the method of exercise of an SAR and any such other provisions as the Committee shall determine.

(b) No SAR shall be exercisable later than the tenth (10th) anniversary of the date of its grant.

(c) On the exercise of an SAR, a participant shall be entitled to receive payment from the Company in an amount determined by multiplying the excess of the fair market value of a share of Company Common Stock on the date of exercise over the Grant Price by the number of such shares with respect to which the SAR is exercised. The payment on SAR exercise shall be in Company Common Stock of equivalent value based on the fair market value on the date of exercise of the SAR.

(d) Each Award Agreement shall set forth the extent to which the Participant shall have the right to exercise the SAR following termination of the Participant's employment with the Company. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement, need not be uniform among all SARs issued under the Plan, and may reflect distinctions based on the reasons for termination.

(e) Except as otherwise provided in a Participant's Award Agreement at the time of grant or thereafter by the Committee, an SAR granted under this Plan may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution. Further, except as otherwise provided in a Participant's Award Agreement at the time of grant or thereafter by the Committee, all SARs granted to a Participant under this Plan shall be exercisable during his or her lifetime only by such Participant.

(f) Subject to the other provisions of this Plan, the Committee may impose such other conditions and/or restrictions on any Shares received on exercise of an SAR granted under the Plan as it may deem advisable. This includes, but is not limited to, requiring the Participant to hold the Shares received on exercise of an SAR for a specified period of time.

8. Restricted Stock and Restricted Stock Units.

Restricted Stock and Restricted Stock Units may be granted to Participants in such number and on such terms as shall be determined by the Committee in its discretion, subject to the following:

- (a) Each Restricted Stock and Restricted Stock Unit award shall be evidenced by an Award Agreement that shall specify the restrictions applicable to the award, the number of shares of Restricted Stock or the number of Restricted Stock Units granted, and such other provisions as the Committee shall determine.
- (b) Except as otherwise provided in the Plan or the Award Agreement, the Shares of Restricted Stock or Restricted Stock Units granted may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated until the termination of the restrictions specified in the Award Agreement (and in the case of Restricted Stock Units until the date of delivery of the shares related to the award). All rights with respect to the Restricted Stock and Restricted Stock Units granted to a Participant under this Plan shall be available during his or her lifetime only to such Participant, except as otherwise provided in the Award Agreement at the time of grant or thereafter by the Committee.
- (c) Shares of Restricted Stock covered by each Restricted Stock Award shall become freely transferable by the Participant after all conditions and restrictions applicable to such award have been satisfied or lapse.
- (d) When Restricted Stock Units become payable, a Participant having received the grant of such units shall be entitled to receive payment from the Company in shares of equivalent value based on the fair market value as defined in the Award Agreement at the time of grant.
- (e) Each Award Agreement shall set forth the extent to which the Participant shall have the right to retain Restricted Stock and Restricted Stock Units following termination of the Participant's employment with the Company. These provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all awards of Restricted Stock and Restricted Stock Units issued under this Plan, and may reflect distinctions based on the reasons for termination.

9. Performance Shares and Performance Units.

Performance Shares and Performance Units may be granted to Participants in such number and on such terms as shall be determined by the Committee in its discretion, subject to the following:

- (a) Each Performance Share shall have an initial value equal to the fair market value of Company Common Stock on the date of grant. Each Performance Unit shall have an initial value that is established by the Committee at the time of grant which shall in no event be less than the fair market value of Company Common Stock on the date of grant. The Committee shall set performance criteria for a specified period following the grant (the Performance Period) which, depending on the extent to which such performance criteria are met in such Performance Period, will determine, in the manner set forth in the Award Agreement, the value and/or number of each Performance Share or Performance Unit that will be paid to the Participant. Such performance criteria shall be based on one or more of the following on a consolidated basis or for specified subsidiaries, divisions, affiliates or other business units of the Company: (i) the attainment of certain target levels of, or a specified percentage increase in, revenues, income before income taxes and extraordinary items, net income, earnings before income tax, earnings before interest, taxes, depreciation and amortization, or a combination of any or all of the foregoing; (ii) the attainment of certain target levels of, or a percentage increase in, after-tax or pre-tax profits including, without limitation, that attributable to continuing and/or other operations; (iii) the attainment of certain target levels of, or a specified increase in, operational cash flow; (iv) the achievement of a certain level of, reduction of, or other specified objectives with regard to limiting the level of increase in, all or a portion of, the Company's bank debt or other long term or short term public or private debt or other similar financial obligations of the Company, which may be calculated net of such cash balances and/or other offsets

and adjustments as may

be established by the Committee; (v) the attainment of a specified percentage increase in earnings per share or earnings per share from continuing operations; (vi) the attainment of certain target levels of, or a specified increase in return on capital employed or return on invested capital; (vii) the attainment of certain target levels of, or a percentage increase in, after-tax or pre-tax return on stockholders' equity; (viii) the attainment of certain target levels of, or a specified increase in, economic value added targets based on a cash flow return on investment formula; (ix) the attainment of certain target levels in the fair market value of the shares of the Company's common stock; (x) the growth in the value of an investment in the Company's Common Stock assuming the reinvestment of dividends; and (xi) reducing costs of the Company, as evidenced by meeting or reducing budgeted expenses established by the Company. For purposes of item (i) above, extraordinary items shall mean all items of gain, loss or expense for the fiscal year determined to be extraordinary or unusual in nature or infrequent in occurrence or related to a corporate transaction (including, without limitation, a disposition or acquisition) or related to a change in accounting principle, all as determined in accordance with standards established by Opinion No. 30 of the Accounting Principles Board.

(b) Subject to the terms of the Plan, after the applicable Performance Period has ended, the holder of Performance Shares and Performance Units shall be entitled to receive payout in Company Common Stock based on the value and number of Performance Shares and Performance Units determined as a function of the extent to which the corresponding performance criteria have been achieved. Despite the foregoing, the Award Agreement may require the Participant to hold the shares received for a specified period of time after issuance.

(c) Payment of earned Performance Shares and Performance Units shall be as set forth in the Award Agreement. Earned Performance Shares and Performance Units shall be paid in Company Common Stock equal to the value of the earned Performance Shares and Performance Units at the close of the applicable Performance Period. Any shares may be granted subject to such restrictions deemed appropriate by the Committee.

(d) Each Award Agreement shall set forth the extent to which the Participant shall have the right to retain Performance Shares and Performance Units following termination of the Participant's employment with the Company. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the Award Agreement entered into with each Participant, need not be uniform among all Awards of Performance Shares and Performance Units issued under the Plan, and may reflect distinctions based on the reasons for termination.

(e) Except as otherwise provided in a Participant's Award Agreement, Performance Shares and Performance Units may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution.

10. Stock-Based Awards.

Stock-Based Awards may be granted in such number and on such terms as shall be determined by the Committee in its discretion in satisfaction of such obligations, past services and other valid consideration, or in lieu of, or in addition to, any cash compensation due to a Participant, subject to the following:

(a) Each Stock-Based Award shall be evidenced by an Award Agreement that shall specify the (i) the number of shares of Company Common Stock subject to such award or a formula for determining such number; (ii) the purchase price of the shares, if any, and the means of payment for the shares; (iii) such terms and conditions on the grant, issuance, vesting and forfeiture of the shares; and (iv) such further terms and conditions, in each case not inconsistent with the Plan.

(b) Each Award Agreement shall set forth the extent to which the Participant shall have the right to receive Stock-Based Awards following termination of the Participant's employment with the Company. Such provisions shall be determined in the sole discretion of the Committee, shall be included in the applicable Award Agreement, need not be uniform among all Awards of Stock-Based Awards issued under this Plan, and may reflect distinctions based on

the reasons for termination.

A-6

(c) Except as otherwise provided in a Participant's Award Agreement, Stock-Based Awards may not be sold, transferred, pledged, assigned, or otherwise alienated or hypothecated, other than by will or by the laws of descent and distribution.

11. Adjustment Upon Changes in Capitalization.

(a) In the event that the outstanding shares of Company Common Stock are hereafter changed by reason of recapitalization, reclassification, stock split, combination or exchange of shares of Common Stock or the like, or by the issuance of dividends payable in shares of Common Stock, an appropriate adjustment shall be made by the Committee, in the aggregate number of shares of Common Stock available under the Plan, in the number of shares of Common Stock issuable upon exercise of outstanding Options and SARs and the Option Price per share and the provisions of other outstanding awards. In the event of any consolidation or merger of the Company with or into another company, or the conveyance of all or substantially all of the assets of the Company to another company, each then outstanding Option, SAR or other award under the Plan shall thereafter entitle the holder thereof to such number of shares of Common Stock or other securities or property to which a holder of shares of Common Stock of the Company would have been entitled to upon such consolidation, merger or conveyance; and in any such case appropriate adjustment, as determined by the Committee shall be made as set forth above with respect to any future changes in the capitalization of the Company or its successor entity. In the event of the dissolution or liquidation of the Company, all outstanding Options and SARs under the Plan will automatically terminate, unless otherwise provided by the Board of Directors of the Company or any authorized committee thereof.

(b) Any adjustment in the number of shares of Common Stock shall apply proportionately to only the unexercised portion of the Options and SARs granted hereunder. If fractions of shares of Common Stock would result from any such adjustment, the adjustment shall be revised to the next higher whole number of shares of Common Stock.

12. Further Conditions of Issuance.

(a) Unless the shares of Common Stock issuable pursuant to an award under the Plan have been registered under the Securities Act of 1933, as amended, prior to the exercise of any Option or SAR or issuance pursuant to an award, a participant must represent in writing to the Company that such shares of Common Stock are being acquired for investment purposes only and not with a view towards the further resale or distribution thereof, and must supply to the Company such other documentation as may be required by the Company, unless in the opinion of counsel to the Company such representation, agreement or documentation is not necessary to comply with said Act.

(b) The Company shall not be obligated to deliver any shares of Common Stock until they have been listed on each securities exchange on which the shares of Common Stock may then be listed or until there has been qualification under or compliance with such state or federal laws, rules or regulations as the Company may deem applicable. The Company shall use reasonable efforts to obtain such listing, qualification and compliance.

(c) The Committee may make such provisions and take such steps as it may deem necessary or appropriate for the withholding of any taxes by the Company that is required by any law or regulation of any governmental authority, whether federal, state or local, domestic or foreign, in connection with any award under the Plan including, but not limited to, withholding the amount due from any such person's wages or compensation due such person. With the consent of the Committee, the participant may authorize the Company to withhold a sufficient number of the shares of Common Stock otherwise issuable to the participant as payment of his or her obligation with respect to the withholding taxes (such shares to be valued on the basis of the fair market value of the shares on the date of the event giving rise to such tax withholding obligation).

13. Termination, Modification and Amendment.

(a) The Plan (but not Options and awards previously granted under the Plan) shall terminate ten (10) years from the earliest of the date of its adoption by the Board of Directors, or the date the Plan is approved by the stockholders of the Company, or such date of termination, as hereinafter provided, and no award shall be granted after termination of the Plan.

(b) The Plan may from time to time be terminated, modified or amended by the affirmative vote of the holders of a majority of the outstanding shares of capital stock of the Company voting as a single class, and entitled to vote thereon, present, or represented, and entitled to vote at a meeting duly held in accordance with the applicable laws of the state or other jurisdiction in which the Company is incorporated.

(c) The Plan may be amended, suspended, or terminated at any time or from time to time by the Committee, provided that (i) no such amendment or modification may, without written consent of the participant, alter or impair any rights or obligations under any outstanding awards under the Plan; and (ii) no amendment will be effective unless approved by the affirmative vote of the holders of a majority of shares of the Company present, or represented, and entitled to vote at a meeting of stockholders of the Company duly held within twelve months of the date of adoption where such amendment will: (i) increase the total number of shares reserved for the issuance under the Plan (other than for adjustments required to be made under Section 9 herein); (ii) materially change the standards of eligibility under the Plan; (iii) materially increase the benefits which may accrue to Participants under the Plan; or (iv) result in the adoption of a new plan or require the approval of the stockholders under any applicable tax, regulatory or stock market requirement.

(d) No termination, modification or amendment of the Plan may adversely affect the rights under any outstanding Option, SAR or other award without the consent of the individual to whom such award shall have been previously granted.

14. Effective Date of the Plan.

The Plan shall become effective (the Effective Date) upon adoption by the Board of Directors of the Company. The Plan shall be subject to approval by the affirmative vote of the holders of a majority of the outstanding shares of capital stock of the Company entitled to vote thereon, present, or represented, and entitled to vote at a meeting duly held in accordance with the applicable laws of the state or other jurisdiction in which the Company is incorporated, within one year after adoption of the Plan by the Board of Directors. No shares may be issued under the Plan until such stockholder approval is obtained. Any Options, SARs or other awards issued pursuant to the Plan are issued subject to such stockholder approval.

15. Not a Contract of Employment.

Nothing contained in the Plan or in any award agreement executed pursuant hereto shall be deemed to confer upon any individual to whom an award is or may be granted hereunder any right to remain in the employ of the Company or of a subsidiary or parent of the Company or in any way limit the right of the Company, or of any parent or subsidiary thereof, to terminate the employment of any employee, or to terminate any other relationship with a participant, including that of independent contractor or consultant. Notwithstanding anything contained herein to the contrary, and except as otherwise provided at the time of grant, all references hereunder to termination of employment shall with respect to consultants and independent contractors mean the termination of retention of their services with or for the Company or of a subsidiary or parent of the Company.

16. Other Compensation Plans.

This Plan shall serve as the successor to the Company's 2004 Employee Stock Incentive Plan and 2000 Employee Stock Option Plan (the "Predecessor Plans"), and no further grants shall be made under the Predecessor Plans from and after the Effective Date of this Plan. The adoption of the Plan shall not affect any other stock option plan, incentive plan or any other compensation plan in effect for the Company, nor shall the Plan preclude the Company from establishing any other form of stock option plan, incentive plan or any other compensation plan.
