The following table sets forth, to our knowledge, certain information as of November 28, 2018 regarding the beneficial ownership of our common stock by the selling stockholder and the shares being offered by the selling stockholder. Information with respect to beneficial ownership is based upon information obtained from the selling stockholder. We believe, based on the information furnished to us, that the selling stockholder named in the table below has sole voting and investment power with respect to all shares of common stock that he beneficially owns, subject to applicable community property laws. Information with respect to shares beneficially owned after the offering assumes the sale of all of the shares of common stock offered and no other purchases or sales of our common stock. The selling stockholder may offer and sell some, all or none of his shares.

Name of Selling Stockholder	Shares Beneficially Owned Prior to Offering		Number of Shares Being Offered	Shares Beneficially Owned After Offering

PLAN OF DISTRIBUTION

The selling stockholder, which as used herein includes donees, pledgees, transferees or other successors-in-interest selling shares of common stock or interests in shares of common stock received after the date of this prospectus from

the selling stockholder as a gift, pledge, partnership distribution or other transfer, may, from time to time, sell, transfer or otherwise dispose of any or all of their shares of common stock or interests in shares of common stock on any stock exchange, market or trading facility on which the shares are traded or in private transactions. These dispositions may be at fixed prices, at prevailing market prices at the time of sale, at prices related to the prevailing market price, at varying prices determined at the time of sale, or at negotiated prices.

Table of Contents

The selling stockholder may use any one or more of the following methods when disposing of shares or interests therein:

ordinary brokerage transactions and transactions in which the broker-dealer solicits purchasers;

block trades in which the broker-dealer will attempt to sell the shares as agent, but may position and resell a portion of the block as principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

an exchange distribution in accordance with the rules of the applicable exchange;

privately negotiated transactions;

underwritten transactions;

short sales effected after the date the registration statement of which this prospectus is a part is declared effective by the SEC;

through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;

through the distribution of the common stock by any selling stockholder to its partners, members or stockholders;

broker-dealers may agree with the selling stockholder to sell a specified number of such shares at a stipulated price per share;

a combination of any such methods of sale; and

any other method permitted pursuant to applicable law.

In addition, any shares covered by this prospectus that qualify for sale pursuant to Rule 144 under the Securities Act may be sold under Rule 144 rather than under this prospectus.

The selling stockholder may, from time to time, pledge or grant a security interest in some or all of the shares of common stock owned by him and, if he defaults in the performance of his secured obligations, the pledgees or secured parties may offer and sell the shares of common stock, from time to time, under this prospectus, or under an amendment or supplement to this prospectus amending the list of selling stockholders to include the pledgee, transferee or other successors in interest as selling stockholders under this prospectus. The selling stockholder also may transfer the shares of common stock in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

In connection with the sale of our common stock or interests therein, the selling stockholder may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of the common stock in the course of hedging the positions they assume. The selling stockholder may also sell shares of our common stock short and deliver these securities to close out his short positions, or loan or pledge the common stock to broker-dealers that in turn may sell these securities. The selling stockholder may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities which require the delivery to such broker-dealer or other financial institution of shares offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The aggregate proceeds to the selling stockholder from the sale of the common stock offered by him will be the purchase price of the common stock less discounts or commissions, if any. The selling stockholder reserves the right to accept and, together with his agents from time to time, to reject, in whole or in part, any proposed purchase of common stock to be made directly or through agents. We will not receive any of the proceeds from this offering.

Table of Contents

The selling stockholder and any underwriters, broker-dealers or agents that participate in the sale of the common stock or interests therein may be deemed to be underwriters within the meaning of the Securities Act. Any discounts, commissions, concessions or profit they earn on any resale of the shares may be underwriting discounts and commissions under the Securities Act. Selling stockholders who are deemed to be underwriters within the meaning of the Securities Act will be subject to the prospectus delivery requirements of the Securities Act. Underwriters and their controlling persons, dealers and agents may be entitled, under agreements entered into with us and the selling stockholder, to indemnification against and contribution toward specific civil liabilities, including liabilities under the Securities Act.

To the extent required, the shares of our common stock to be sold, the name of the selling stockholder, the respective purchase prices and public offering prices, the names of any agents, dealer or underwriter, and any applicable discounts, commissions, concessions or other compensation with respect to a particular offer will be set forth in an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement that includes this prospectus.

To facilitate the offering of the shares offered by the selling stockholder, certain persons participating in the offering may engage in transactions that stabilize, maintain or otherwise affect the price of the common stock. This may include over-allotments or short sales, which involve the sale by persons participating in the offering of more shares than were sold to them. In these circumstances, these persons would cover such over-allotments or short positions by making purchases in the open market or by exercising their over-allotment option, if any. In addition, these persons may stabilize or maintain the price of the common stock by bidding for or purchasing shares in the open market or by imposing penalty bids, whereby selling concessions allowed to dealers participating in the offering may be reclaimed if shares sold by them are repurchased in connection with stabilization transactions. The effect of these transactions may be to stabilize or maintain the market price of the common stock at a level above that which might otherwise prevail in the open market. These transactions may be discontinued at any time.

We have agreed to indemnify the selling stockholder against certain liabilities, including liabilities under the Securities Act, relating to the registration of the shares offered by this prospectus.

There are no family relationships among any of the nominees named above or among any of such nominees and any of the other executive officers of the Company.

The Company was not during the 2014 fiscal year, and is not, engaged in any transaction with Dale Blanchfield, Emily J. Groehl, Peter Maurer or Steven T. Warshaw, except Ms. Groehl provided consulting services to the Company for which the Company paid consulting fees to Ms. Groehl, as described below under **Director Independence**.

Director Independence

The Board has determined that the following current directors and/or nominees have no material relationships with the Company and are independent as required by and as defined in the director independence standards of the New York Stock Exchange: Dale Blanchfield, Emily J. Groehl, Peter Maurer and Steven T. Warshaw. The Board also had

determined that Lloyd Frank, who served as a director for a portion of the last fiscal year, was independent during the time he was a director. In determining that Ms. Groehl is independent, the Board considered the fact that she provided consulting services to the Company during the Company's last two fiscal years for which the Company paid consulting fees to Ms. Groehl in the amounts of \$2,715 and \$14,500 during the 2014 and 2013 fiscal years, respectively. Brian E. Shore does not satisfy such independence standards because he is an employee of the Company.

Board Committees

The Company's Audit Committee currently consists of Dale Blanchfield, Peter Maurer and Steven T. Warshaw. The Board of Directors has determined that Mr. Warshaw is an audit committee financial expert as defined in rules of the Securities and Exchange Commission and that each of Messrs. Blanchfield, Maurer and Warshaw is independent as required by and as defined in the audit committee independence standards of the Securities and Exchange Commission and of the New York Stock Exchange. The duties and responsibilities of the Audit Committee are set forth in a written charter of such Committee, first adopted by the Board in July 2000 and subsequently amended and restated in May 2004, and are described elsewhere in this Proxy Statement under the caption Other Matters Audit Committee Report . The Audit Committee also issues the Audit Committee Report required to be included in the Company's Proxy Statement by rules of the Securities and Exchange Commission. The Audit Committee Report for the Company's 2014 fiscal year is set forth elsewhere in this Proxy Statement under the caption Other Matters Audit Committee Report .

The Company has a Compensation Committee and a Stock Option Committee each currently consisting of Dale Blanchfield, Peter Maurer and Steven T. Warshaw. The functions of the Compensation and Stock Option Committees are set forth in written charters of such Committees adopted by the Board, and such functions are described elsewhere in this Proxy Statement under the caption Executive Compensation Compensation Discussion and Analysis Board Process .

The Company has a Nominating Committee currently consisting of Dale Blanchfield, Peter Maurer and Steven T. Warshaw. The functions of the Nominating Committee, which are to identify and recommend to the Board of Directors individuals qualified to serve as directors of the Company and on committees of the Board and to oversee the evaluation of the Board and the Company's management, are set forth in a written charter of such Committee adopted by the Board. The Nominating Committee recommended to the Board, and the Board nominated, Dale Blanchfield, Emily J. Groehl, Peter Maurer, Brian E. Shore and Steven T. Warshaw as nominees for election as directors at the Meeting.

The Company has a Corporate Governance Committee currently consisting of Dale Blanchfield, Peter Maurer and Steven T. Warshaw. The functions of the Corporate Governance Committee, which are to advise the Board of Directors with respect to Board composition, procedures and committees and to develop and recommend to the Board a set of corporate governance principles applicable to the Company, are set forth in a written charter of such Committee adopted by the Board.

Each member of the Compensation, Stock Option, Nominating and Corporate Governance Committees is independent as required by and as defined in the director independence standards of the New York Stock Exchange.

The charters of the Audit, Compensation, Stock Option, Nominating and Corporate Governance Committees are available on the Company's web site at www.parkselectro.com under the caption Shareholders Charters and Codes as required by rules of the New York Stock Exchange. In addition, the charters of such Committees are available in print to any shareholder upon request submitted to the Corporate Secretary at the Company's office at 48 South Service Road, Melville, New York 11747.

During the Company's last fiscal year, the Board met eight times and authorized action by unanimous written consent on seven occasions, the Audit Committee met nine times, the Compensation Committee met three times, the Stock Option Committee met six times and authorized action by unanimous written consent on one occasion, the Nominating Committee met once, the Corporate Governance Committee met once, and the non-management directors

met in executive session without management once. At each meeting of the non-management directors, the Lead Independent Director presides. The functions of the Lead Independent Director are described elsewhere in this Proxy Statement under the caption Election of Directors Board Leadership Structure . Each of the directors attended more than 75% of all of the meetings held by the Board and each committee thereof of which such director was a member during the Company's last fiscal year.

The Board's Role in Risk Oversight

One of the Board's functions is oversight of risk management. Risk is inherent in business, and the Board seeks to understand and advise on risk in conjunction with the activities of the Board and the Board's committees. Management of the Company is responsible for identifying risk and risk controls related to significant business activities; mapping the risks to Company strategy; and developing programs and recommendations to determine the sufficiency of risk identification, the balance of potential risk to potential reward, and the appropriate manner in which to control risk.

The Board implements its risk oversight responsibilities by having management provide periodic briefings on the significant voluntary and involuntary risks that the Company faces and how the Company is seeking to manage risk. In some cases, as with risks of new technology and risks related to product acceptance, risk oversight is addressed as part of the Board's oversight of business and strategic developments. In other cases, a Board committee is responsible for oversight of specific risk topics. The Audit Committee oversees issues related to internal control over financial reporting, the Compensation Committee reviews risks that may be implicated by the Company's compensation programs, as discussed below, and the Corporate Governance Committee oversees risks related to governance policies and practices. The Board and Board committees generally discuss relevant risks and risk control; and the Board members assess and oversee the risks as a part of their review of the related business, financial, or other activities of the Company. In addition, the Board receives presentations during the year from management regarding specific potential risks and trends as necessary. At each Board meeting, the Chief Executive Officer addresses matters of particular importance or concern, including any significant areas of risk requiring Board attention. The Board believes that the practices described above and the current leadership structure facilitate effective Board oversight of the Company's significant risks.

Risk Assessment in Compensation Programs

The Board has assessed the Company's compensation programs and has concluded that the Company's compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the Company.

Board Leadership Structure

Chairman of the Board. Brian E. Shore has served as the Company's Chairman of the Board and Chief Executive Officer since 2004. The Board believes that having a combined Chairman of the Board and Chief Executive Officer and independent members of the Board, with a lead independent director, provides the best board leadership structure for the Company. This structure, together with the Company's other corporate governance practices, provides independent oversight of management while ensuring clear strategic alignment throughout the Company. Specifically, Mr. Shore proposes strategic priorities to the Board, communicates its guidance to management, and is ultimately responsible for implementing the Company's key strategic initiatives. The Board has determined that this leadership structure is optimal for the Company because it provides the Company with strong and consistent leadership. Given the current regulatory and market environments, the Board believes that having one leader serving as both the Chairman of the Board and Chief Executive Officer provides decisive and effective leadership.

Lead Independent Director. During the Company's 2013 fiscal year, the Board amended the Company's Corporate Governance Guidelines to provide that the independent directors of the Board will annually elect by majority vote a Lead Independent Director, who may be removed or replaced at any time with or without cause by a majority of the independent directors, and the independent directors of the Board elected Dale Blanchfield as the Lead Independent Director.

Edgar Filing: Identiv, Inc. - Form 424B3

Pursuant to the Company's Corporate Governance Guidelines, as amended, the Lead Independent Director has the authority to call meetings of the non-management directors or the independent directors; develops agendas for meetings of the non-management directors or independent directors in consultation with the Chairman and Chief Executive Officer; presides at all meetings of the non-management directors or independent directors; provides input on the agenda for meetings of the Board; leads the independent directors in the annual evaluation of the performance of the Chief Executive Officer and communicates that evaluation to the Chief Executive Officer; consults with the Chairman on other matters that are pertinent to the Board and the Company; and has such other powers and responsibilities as requested by the Board.

7

Annual Meeting Attendance

It is the Company's policy that all directors are invited to and encouraged to attend Annual Meetings of Shareholders, and all then current members of the Board of Directors attended the Annual Meeting of Shareholders held on July 23, 2013.

Director Compensation

Each director who is not an employee of the Company or any of its subsidiaries receives a fee of \$22,000 per annum for services as a director; each member of the Audit Committee, other than the Chairman of the Committee, receives a fee of \$2,000 per annum for services as a member of the Committee, and the Chairman of the Audit Committee receives a fee of \$4,000 per annum for services as Chairman of the Committee; each member of the Compensation Committee receives a fee of \$2,000 per annum for services as a member of such Committee; and each Director and each Committee member is reimbursed for travel expenses incurred in attending meetings of the Board and of Committees of the Board. In May 2013, the Board increased the director's fee to \$22,000 per annum and established an additional fee of \$7,000 per annum for the Lead Independent Director.

On February 26, 2014, Messrs. Blanchfield and Warshaw and Ms. Groehl each received a non-qualified stock option for 3,000 shares of Common Stock, and Mr. Maurer received a non-qualified stock option for 7,500 shares of Common Stock, at an exercise price of \$27.38 per share under the Company's 2002 Stock Option Plan. Each of these options expires on February 26, 2024, and each is exercisable 25 percent after one year from date of grant, 50 percent after two years from date of grant, 75 percent after three years from date of grant and 100 percent after four years from date of grant. In the event that the service of an optionee as a director of the Company is terminated during the term of the option, the option may be exercised by the optionee, to the extent the optionee was entitled to do so on the date of such termination, until (1) one year following the director's ceasing to serve as a director of the Company on account of disability, (2) six months following the director's ceasing to serve as a director of the Company on account of death, or (3) three months following the director's ceasing to be a director for any other reason, but in no event after the date on which the option would otherwise expire; provided, however, if the director is removed as a director for cause or ceases to be a director without the Company's consent, the option will terminate immediately.

The following table shows all the compensation paid by the Company for the most recent fiscal year, March 4, 2013 to March 2, 2014, for each of the directors of the Company, other than Brian E. Shore. Mr. Shore did not receive any compensation in his capacity as a director. Mr. Shore's compensation is set forth elsewhere in this Proxy Statement under the caption "Executive Compensation Summary Compensation Table".

Name	Fees Earned or Paid in Cash (\$)	Option Awards (\$)(a)	Total (\$)
Dale Blanchfield	\$ 32,000	\$ 27,720	\$ 59,720
Lloyd Frank (b)	11,750	0	11,750
Emily J. Groehl	20,750	27,720	48,470
Peter Maurer	22,750	69,300	92,050
Steven T. Warshaw	24,750	27,720	52,470

The amounts in this column are the grant date fair values of stock options granted to each of the named directors during the 2014 fiscal year, estimated at the date of grant using the Black-Scholes option-pricing model with the assumptions described in Note 5 of the Notes to Consolidated Financial Statements in Item 8 of Part II of the Company's Form 10-K Annual Report for the fiscal year ended March 2, 2014 filed with the Securities and Exchange Commission (disregarding estimates of forfeitures for service-based vesting). These amounts do not correspond to the actual value that will be realized by the named directors if and when they exercise the options. At March 2, 2014, the end of the Company's last fiscal year, Mr. Blanchfield held 30,000 outstanding stock options, Ms. Groehl held 12,509 outstanding stock options, Mr. Maurer held 7,500 outstanding stock options, and Mr. Warshaw held 27,500 outstanding stock options.

(b) Mr. Frank retired as a director in June 2013.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

General. The Company's compensation of its executive officers is composed of annual base salary, annual discretionary cash bonus, annual stock option grant and the profit sharing portion of the Company's Employees' Profit Sharing and 401(k) Retirement Savings Plan (the "Profit Sharing Plan"). The Company does not have employment agreements or employment termination or severance agreements or change-of-control agreements with any of its executive officers or any of its other employees. The Compensation Committee of the Board fully supports and endorses this compensation structure, which is designed to provide fair current income to the Company's officers, a discretionary cash award for individual and enterprise performance, equity participation in the Company's long-term performance as assessed by the capital markets in which the Company's common stock is traded and participation in the Company's profits through discretionary awards to the Profit Sharing Plan.

The Company's compensation of its executive officers is intended to be competitive with the compensation of executive officers at comparable companies, except for the compensation of the Chief Executive Officer, who has declined to accept the Compensation Committee's offer of a bonus and a salary increase each year since the Company's 2001 fiscal year, except for bonuses for the 2008 through 2013 fiscal years, which he donated in their entirety to charity. However, it is difficult for the Company to ascertain meaningful comparisons because the Company has few, if any, peer-group companies which disclose compensation information since most of its competitors are privately owned or are divisions or business units or subsidiaries of larger publicly owned companies which do not disclose

compensation information about the officers of the divisions, business units or subsidiaries of the companies that would serve as a basis for comparison. The Company's compensation of its senior management is also intended to align management's incentives with the long-term interests of the Company's shareholders and to be fair and equitable to the individual and to the Company's employees and shareholders.

The Compensation and Stock Option Committees determine specific amounts of salary increases, if any, bonuses, if any, and stock option awards, if any, based generally on the Chief Executive Officer's and the

Committees' subjective view of the overall performance of each individual, any changes in functional responsibility, promotions, the significance of the individual's position to the Company, the individual's experience and expertise, information gathered informally as to compensation levels of comparable companies in the same geographic location as the Company and the Company's overall results of operations.

The Compensation Committee does not consider specific items of corporate or individual performance, other than the Company's overall results of operations, in setting compensation policies and making compensation decisions. Consequently, specific forms of compensation are not structured and implemented to reflect any specific performance items. In addition, there are no target levels with respect to certain performance-related factors, and the Committee does not utilize or consider any pre-determined or other objective criteria.

The Company and the Compensation Committee informally gather information as to compensation levels of comparable companies in the same geographic location as the Company, but the Company does not engage in benchmarking total compensation or any element of compensation. The Company's conduct in informally gathering information is not an active or organized process. It consists primarily of the Committee members and the Chief Executive Officer's receipt of anecdotal information, proxy statements of other companies, which they receive because of their personal investments or otherwise, and information in newspapers, magazines and other publications. The Committee and the Chief Executive Officer consider this information in an informal way to assist them in understanding the state of the market for executive talent generally and in their deliberations and efforts to provide fair and equitable compensation to the Company's executive officers and other employees.

The amounts of compensation awarded for each element of the Company's compensation program (i.e., salary increases, bonuses and stock options) are subjective and not based on any formula or any pre-determined or other objective criteria. The Compensation Committee's subjective assessments of the Company's overall results of operations include the Company's gross operating margins, operating income and net income. The Committee's assessment of an executive's overall performance may include such performance factors as leadership qualities, intensity of efforts, cost containment efforts and the success of product promotions. These qualitative inputs are not translated into objective pay determinations for the amounts of salary increases, bonuses or stock option grants.

Base Salaries. Salaries of executive officers are determined based on the significance of the position to the Company, individual experience and expertise, individual performance and information gathered informally as to compensation levels of comparable companies in the same geographic location as the Company, except the salary of the Chief Executive Officer, who has declined to accept the Compensation Committee's offer of a salary increase each year since the Company's 2001 fiscal year. The Compensation Committee reviews the salary of each executive officer annually and makes adjustments as appropriate, taking into account the recommendations of the Chief Executive Officer.

The Compensation Committee generally provides annual increases in base salaries to compensate for general inflation and cost-of-living increases and occasional, special increases as a result of changes in functional responsibility, promotions, extraordinary efforts, or special accomplishments and the other factors described elsewhere in this Compensation Discussion and Analysis .

Discretionary Annual Bonuses. Decisions as to the award of annual cash bonuses to executive officers with respect to each fiscal year are made after the close of the fiscal year. The amount awarded to each executive officer is based on the Company's overall performance, individual performance, base salary level, bonuses paid in prior years and overall equity and fairness, except the Chief Executive Officer, who has declined to accept the Compensation Committee's offer of a bonus each year since the Company's 2001 fiscal year, except for bonuses for the 2008 through 2013 fiscal years, which he donated in their entirety to charity.

The amounts of bonuses are based on the Chief Executive Officer's subjective assessments of the individual's overall performance and the other factors described elsewhere in this Compensation Discussion and Analysis and his recommendations to the Compensation Committee, which the Committee then reviews with the Chief Executive Officer.

Equity Compensation. The only form of equity compensation that the Company has awarded consists of incentive stock options and non-qualified stock options under the Company's stock option plans.

The Stock Option Committee determines the number of options that it considers appropriate for each executive officer and other key employees of the Company. With the exception of significant promotions and significant new hires, the

Stock Option Committee generally grants stock options under the Company's Stock Option Plan once each year following the availability to the Stock Option Committee of the financial results of operations of the Company and its subsidiaries for the prior year, the business plans of the Company's subsidiaries for the current fiscal year, the option grant recommendations of the presidents of the Company's subsidiaries and the evaluation of such recommendations by the senior management of the Company and the recommendations of the Chief Executive Officer of the Company.

The Stock Option Committee provides annual stock option grants based generally on the individual's position in the Company, the individual's salary level, the amounts of grants in the past and the total amount expected to be expensed by the Company in the fiscal year for stock option grants and on the Chief Executive Officer's subjective view of the individual's overall performance and the other factors described elsewhere in this Compensation Discussion and Analysis and his recommendations to the Committee, which the Committee then reviews with the Chief Executive Officer. In granting stock options, the Stock Option Committee generally does not consider the equity ownership levels of the recipients. The grants for the 2014 fiscal year to the named executive officers and certain other employees of the Company were made on February 26, 2014. This timing was selected because it enabled the Committee to consider prior year performance by the Company and the potential recipients and the Company's expectations and plans for the 2014 fiscal year and the effects of the special dividend declared by the Company in January 2014. The Stock Option Committee has the sole authority to grant stock options and has not delegated any authority to grant stock options.

The Company has not had, and does not have, a program, plan or practice to select the dates of grants of stock options to executive officers or to any employee or director of the Company in coordination with the release of material non-public information. The Company does not plan to time, and it has not previously timed, its release of material non-public information for the purpose of affecting the value of executive compensation. In addition, the Company does not have a program, plan or practice of granting stock options and setting the exercise price or prices of such options based on the price of the Company's Common Stock on a date other than the grant date. Pursuant to the terms of the Company's 2002 Stock Option Plan, which was approved by shareholders of the Company at the Annual Meeting of Shareholders held on July 17, 2002, the purchase price of the Common Stock under each stock option granted by the Company is no less than the fair market value of the Common Stock at the time of grant, which, pursuant to the terms of such Plan, is the reported closing price of the Common Stock on the New York Stock Exchange on the date preceding the date the option is granted.

Severance Benefits. The Company does not provide employment termination or severance agreements or change-of-control agreements for its employees and does not have a policy to provide specified severance benefits to employees whose employment is terminated by the Company.

Pension Benefits. The Board decides annually the amount of the Company's contribution to the Profit Sharing Plan, which is described elsewhere in this Proxy Statement under the caption Executive Compensation Summary Compensation Table . The amount of such contribution is discretionary, but may not exceed 25% of the total remuneration paid to eligible employees or such other amount as is allowed under the Internal Revenue Code of 1986, as amended (the Code). Subject to this limit, the Board determines the amount to be contributed for each year based on the Company's overall performance, the amounts contributed in prior years, the amounts of prior contributions recently forfeited by eligible employees due to termination of employment prior to vesting and recommendations from the Company's Chief Executive Officer.

When the Company calculates overall compensation for its senior management, it considers the benefits expected to be received under the Profit Sharing Plan.

Perquisites and Other Benefits. The only perquisites for senior managers are the provision of automobiles leased or owned by the Company to certain executive officers and other members of management.

Senior management also participates in the Company's other employee benefit plans on the same terms as other employees. These plans include medical and dental insurance and life insurance.

Board Process. The Compensation Committee of the Board approves all salary and bonus compensation and the Stock Option Committee of the Board approves all grants of stock options for executive officers. Executive officers include the Chief Executive Officer, the Chief Financial Officer and the three other executive officers named in the Summary Compensation Table elsewhere in this Proxy Statement and the Vice President Aerospace of the Company. The Compensation Committee and the Stock Option Committee review the performance and compensation of the Chief Executive Officer and, following discussions with him, establish his compensation level. As he has in the past since the Company's 2001 fiscal year, the Chief Executive Officer, Brian E. Shore, declined to accept the Compensation Committee's offer of a salary increase for the fiscal year ended March 2, 2014. For the remaining executive officers, the Chief Executive Officer makes recommendations to the Compensation Committee and to the Stock Option Committee. The amount of discretionary contributions to the Profit Sharing Plan for each fiscal year is determined by the Board taking into account the recommendations of the Chief Executive Officer.

The Board, the Compensation Committee and the Stock Option Committee, as the case may be, use no set formulas in making their determinations and may ascribe different weight to different factors for each executive officer. The weight ascribed to each factor may vary from year to year.

Section 162(m) of the Internal Revenue Code. The Board and the Compensation Committee have reviewed the impact of Section 162(m) of the Code, which limits the deductibility of certain otherwise deductible compensation in excess of \$1 million paid to the Chief Executive Officer and the other executive officers named in the Summary Compensation Table elsewhere in this Proxy Statement. It is the Company's policy to attempt to design its executive compensation plans and arrangements to be treated as tax deductible compensation wherever, in the judgment of the Board or the Compensation Committee, as the case may be, to do so would be consistent with the objectives of that compensation plan or arrangement. Accordingly, the Board and the Compensation Committee from time to time may consider whether changes in the Company's compensation plans and arrangements may be appropriate to continue to fulfill the requirements for treatment as tax deductible compensation under the Code.

Shareholder Vote on Executive Compensation. The Company has considered the results of the most recent shareholder advisory vote on executive compensation required by the Securities and Exchange Commission's proxy rules in determining its compensation policies and decisions. In light of the high level of support the proposal to approve the compensation of the named executive officers received at the July 23, 2013 Annual Meeting and at prior Annual Meetings, the Company's compensation policies and decisions, explained in detail in this Compensation Discussion and Analysis, continue to be designed to focus on pay for performance and to align the long-term interests of the Company's executive officers with the long-term interests of the Company's shareholders. The Company will include a shareholder vote on executive compensation in its proxy materials each year until the next required vote on the frequency of shareholder votes on executive compensation or until the Company's Board of Directors otherwise determines that a different frequency is in the best interests of the Company and its shareholders.

Summary Compensation Table

The following table shows all the compensation paid by the Company for the last three completed fiscal years for the Company's Chief Executive Officer, the Company's Chief Financial Officer and the three other most highly compensated executive officers who were serving in such capacities at the end of the Company's last completed fiscal year, which was March 2, 2014.

The salary amount for Mr. Shore for the 2013 fiscal year is more than the salary amounts for the 2014 and 2012 fiscal years, not because of any salary increase, but because the 2013 fiscal year consisted of 53 weeks while the 2014 and 2012 fiscal years each consisted of 52 weeks. Mr. Shore has declined to accept the Compensation Committee's offer of a salary increase and a bonus each year since the Company's 2001 fiscal year, except for the bonuses for the 2008 through 2013 fiscal years, which he donated in their entirety to charity.

(a) Information is provided for the Company's fiscal years ended March 2, 2014, March 3, 2013 and February 26, 2012.

(b) The amounts of bonuses for the 2014 fiscal year have not yet been determined.

The amounts in this column are the grant date fair values of stock options granted to each of the named executive officers during such fiscal years, estimated at the date of grant using the Black-Scholes option-pricing model with the assumptions described in Note 5 of the Notes to Consolidated Financial Statements in Item 8 of Part II of the Company's Form 10-K Annual Report for the fiscal year ended March 2, 2014 filed with the Securities and Exchange Commission (disregarding estimates of forfeitures for service-based vesting). These amounts do not correspond to the actual value that will be realized by the named officers if and when they exercise the options. (c) Consists solely of the amounts of the Company's annual profit sharing contributions to the Profit Sharing Plan (d) which were accrued for the accounts of the named executive officers for the fiscal years shown. These amounts vest in accordance with a graduated scale based on years of service of the employee with the Company.

Substantially all full-time employees of the Company and its subsidiaries in the United States, including the Company's executive officers, participate in the profit sharing portion of the Profit Sharing Plan, which is intended to provide retirement benefits to such employees and which is subject to the provisions of the Employee Retirement

Income Security Act of 1974 (ERISA). The amounts of profit sharing contributions, if any, by the Company and its subsidiaries to the accounts of participating employees are percentages of the eligible compensation of the participating employees up to a maximum amount of compensation for each employee established under the Code, which was \$260,000 for the Company s most recent fiscal year. The Board decides annually the amount of the Company s profit sharing

contribution, which is discretionary, but may not exceed 25% of the total remuneration paid to eligible employees or such other amount as is allowed under the Code. Subject to this limit, the Board determines the amount to be contributed for each year based on the Company's overall performance, the amounts contributed in prior years, the amounts of prior contributions recently forfeited by eligible employees due to termination of employment prior to vesting and recommendations from the Company's Chief Executive Officer. The percentages of compensation contributed to the Plan may vary between the Company and each subsidiary, but the percentage must be the same for each participating employee of the Company or the subsidiary, as the case may be. The percentages of compensation to be contributed to the Plan for the 2014 fiscal year have not yet been determined.

The Company provides no personal benefits to its executive officers other than automobiles for certain officers, the (e) incremental cost to the Company of which is less than \$10,000 per year and is not included in the Summary Compensation Table.

Mr. Farabaugh was appointed Vice President and Controller (the person performing the functions similar to those performed by a principal financial officer) effective October 8, 2007. He ceased to be the person performing the (f) functions similar to those performed by a principal financial officer on March 24, 2010, when Mr. Dahlquist was elected Vice President and Chief Financial Officer of the Company effective March 24, 2010. Mr. Farabaugh was elected Vice President and Chief Financial Officer effective April 9, 2012, succeeding Mr. Dahlquist.

Mr. Gilhuley was Executive Vice President, Secretary and General Counsel from October 2006 to October 31, (g) 2011 and Executive Vice President and Secretary from October 31, 2011 to April 5, 2012, when he was elected Executive Vice President-Administration and Secretary.

Mr. Mastrogiacomo joined the Company as Vice President of Strategic Marketing in September 2010 and was (h) appointed Senior Vice President of Strategic Marketing on December 8, 2010. He was elected Executive Vice President and Chief Operating Officer effective June 1, 2011.

Mr. Banker joined the Company as Vice President and General Counsel on October 31, 2011. Mr. Banker resigned (i) as Vice President and General Counsel effective May 2, 2014.

Grants of Plan-Based Awards in 2014 Fiscal Year

During the last completed fiscal year, the only plan pursuant to which the Company granted awards of any kind to its executive officers was its 2002 Stock Option Plan. The 2002 Stock Option Plan has been approved by the Company's stockholders and provides for the grant of stock options to directors and key employees of the Company. The Company's 2002 Stock Option Plan provides for the grant of both options which qualify as incentive stock options under the Code and non-qualified stock options. All options granted under the 2002 Stock Option Plan have exercise prices equal to the market value of the underlying Common Stock of the Company on the dates of grant, which, in accordance with the terms of the Plan, is the reported closing price of the Common Stock on the New York Stock Exchange on the date preceding the date the option is granted. Options granted under the Plan become exercisable 25% one year from the date of grant, with an additional 25% exercisable each succeeding anniversary of the date of grant, and expire 10 years from the date of grant. The 2002 Stock Option Plan is administered by the Stock Option Committee.

The following table provides information with respect to options to purchase shares of Common Stock granted pursuant to the 2002 Stock Option Plan to the named executive officers during the Company's last fiscal year. The table provides no information regarding non-equity incentive plan awards or equity incentive plan awards or stock awards because the Company does not have any non-equity or equity incentive plan and does not award stock to any of its executive officers or to any of its other employees.

(a) Grant date is the date on which stock options were granted to the named executive officers under the Company's 2002 Stock Option Plan.

All options granted under the 2002 Stock Option Plan have exercise prices equal to the market value of the underlying Common Stock of the Company on the dates of grant, which, in accordance with the terms of such (b) Plan, is the reported closing price of the Common Stock on the New York Stock Exchange on the date preceding the date the option is granted. The reported closing price of the Common Stock on the New York Stock Exchange on February 26, 2014, the date of grant, was \$28.09.

The value for options was estimated at the dates of grant using the Black-Scholes option-pricing model with the assumptions described in Note 5 of the Notes to Consolidated Financial Statements in Item 8 of Part II of the (c) Company's Form 10-K Annual Report for the fiscal year ended March 2, 2014 filed with the Securities and Exchange Commission. These amounts do not correspond to the actual value that will be realized by the named officers if and when they exercise the options.

Outstanding Equity Awards at 2014 Fiscal Year-End

The following table provides information regarding unexercised stock options held by the named executive officers as of the end of the Company's last fiscal year. The table provides no information regarding equity incentive plan awards or stock awards because the Company does not have any equity incentive plan and does not award stock to any of its executive officers or to any of its other employees.

All stock options held by the named executive officers and by all other employees of the Company have been granted under the Company's 2002 Stock Option Plan. The 2002 Stock Option Plan has been approved by the Company's shareholders and provides for the grant of stock options to directors and key employees of the Company. All options granted under such Plan have exercise prices equal to the market value of the underlying common stock of the Company on the dates of grant which, in accordance with such Plan, is the reported closing price of the Common Stock on the New York Stock Exchange on the date preceding the date the option is granted. Options granted under the Plan become exercisable 25% one year after the date of grant, with an additional 25% exercisable each succeeding anniversary of the date of grant, and expire ten years after the date of grant.

Option Exercises in 2014 Fiscal Year

The following table provides information regarding the pre-tax value realized from the exercise of stock options by the named executive officers during the Company's last completed fiscal year. The table provides no information regarding stock awards because the Company does not award stock to any of its executive officers or to any of its other employees.

Name	Option Awards	
	Number of Shares Acquired On Exercise (#)	Value Realized On Exercise (\$)(a)
Brian E. Shore	-0-	-0-

Stephen E. Gilhuley	7,500	\$51,075
Christopher T. Mastrogiacomo	-0-	-0-
Stephen M. Banker	-0-	-0-

The Company has not granted stock appreciation rights. Value realized equals market value of the underlying shares of Common Stock on the date of exercise, which is the reported closing price of the Common Stock on the New York Stock Exchange on such date, less the exercise price, times the number of shares acquired, without deducting any taxes paid by the employee.

Equity Compensation Plan Information

The following table provides information as of the end of the Company's most recent fiscal year with respect to compensation plans (including individual compensation arrangements) under which equity securities of the Company are authorized for issuance.

Plan Category	Number of securities to be issued upon exercise of outstanding options, warrants and rights	Weighted-average exercise price of outstanding options, warrants and rights	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in column (A))
	(A)	(B)	(C)
Equity compensation plans approved by security holders (a)	1,081,117	\$ 23.84	467,213
Equity compensation plans not approved by security holders (a)	-0-	-0-	-0-
Total	1,081,117	\$ 23.84	467,213

The Company's only equity compensation plan is its 2002 Stock Option Plan, which was approved by the Company's shareholders in July 2002. Authority to grant additional options under the 2002 Plan will expire on May 21, 2018, and all options granted to date under the 2002 Plan will expire in February 2024 or earlier.

Pension Benefits and Non-Qualified Defined Contribution and Other Non-Qualified Deferred Compensation Plans

The Company does not have a defined benefit pension plan and does not provide pension benefits for its executive officers or for any of its other employees, and the Company does not have any non-qualified supplemental pension, defined contribution or other deferred compensation plan for its executive officers or for any of its other employees.

Employment, Severance and Change-in-Control Agreements

The company does not have employment agreements or employment termination or severance agreements or change-of-control agreements with any of its executive officers or any of its other employees, other than a provision in its 2002 Stock Option Plan that in the event of a Change of Control, as defined in such Plan, any outstanding options will become fully exercisable. All of the Company's executive officers and other employees are employees-at-will, meaning that either the employee or the Company may terminate the employee's employment at any time for any reason or for no stated reason and with or without an explanation.

If a Change of Control, as defined in the 2002 Stock Option Plan, had occurred on February 28, 2014, the last business day the Company's last completed fiscal year, the named executive officers could have realized the following values from the unexercisable stock options listed in the table elsewhere in this Proxy Statement under the caption Executive Compensation Outstanding Equity Awards at 2014 Fiscal Year-End (with value realized equaling the market value of the underlying shares of Common Stock on February 28, 2014, which is the reported closing price of the Common Stock on the New York Stock Exchange on such date, which was \$28.49, less the exercise price, times the number of shares that could be acquired, without deducting any taxes): Mr. Shore \$369,775; Mr. Farabaugh \$68,455; Mr. Gilhuley \$55,470; Mr. Mastrogiacomo \$129,619; and Mr. Banker \$32,625.

Transactions with Related Persons

The Company's Related Person Transactions Policy provides that any transaction between the Company and any director or executive officer of the Company or any beneficial owner of more than 5% of any class of the Company's voting securities or any immediate family member of a director or executive officer of the Company or such beneficial owner, in which the amount involved exceeds \$120,000, requires the approval of the Company's General Counsel or Chief Executive Officer and the Board. The Policy, together with the Company's Code of Ethics and Code of Business Conduct and Ethics, provides that related person transactions generally are prohibited unless the Board determines in advance that any such transaction is conducted on terms that are fair to the Company and in the best interests of the Company and its shareholders. The Company's Related Person Transactions Policy is available on the Company's web site at www.parkelectro.com under the caption Shareholders Charters and Codes.

During the last fiscal year, Brian E. Shore, the Company's President and Chief Executive Officer, from time to time used an aircraft owned by him to conduct business on behalf of the Company. The Company paid Mr. Shore an aggregate of \$180,300 as reimbursement for a portion of the costs associated with the use of this aircraft for Company business. The Board believes that the amounts paid by the Company to Mr. Shore as reimbursement for use of this aircraft for Company business were substantially less than the amounts that the Company would have paid for the use of a similar aircraft owned by an independent third-party. The Board also believes that such amounts reimbursed to Mr. Shore were substantially less than the variable and fixed costs incurred by Mr. Shore and attributable to such use of this aircraft and substantially less than the costs associated with the type of aircraft owned by Mr. Shore provided by an independent aircraft expert and that the use of Mr. Shore's aircraft for Company business inured to the benefit of the Company.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis included elsewhere in this Proxy Statement with management of the Company; and based on such review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

ADVISORY (NON-BINDING) RESOLUTION RELATING TO 2014 FISCAL YEAR COMPENSATION OF THE NAMED EXECUTIVE OFFICERS

The Dodd-Frank Wall Street Reform and Consumer Protection Act (the Dodd-Frank Act), which was signed into law by President Obama on July 21, 2010, requires public companies to provide their shareholders with a non-binding vote to approve executive compensation at least once every three years. The Company is providing this shareholder advisory vote on its executive compensation in accordance with Section 14A of the Exchange Act and new Exchange Act Rule 14a-21(a), which the Securities and Exchange Commission (the SEC) adopted on January 25, 2011 in order to implement the Dodd-Frank Act s requirement.

As described in the Compensation Discussion and Analysis elsewhere in this Proxy Statement, the Compensation and Stock Option Committees have developed an executive compensation program designed to pay for performance and to align the long-term interests of the Company s named executive officers with the long-term interests of the Company s shareholders. The Company s disclosure in the Compensation Discussion and Analysis and the disclosure included elsewhere in this Proxy Statement under the caption Executive Compensation have been provided in response to the requirements of Item 402 of Regulation S-K of the SEC and explain the compensation policies under which the Company paid its named executive officers for the 2014 fiscal year.

Under the Dodd-Frank Act and the related SEC rules, the Company s shareholders vote on this resolution is an advisory or non-binding vote. This means that the purpose of the vote is to provide shareholders with a method to give their opinion to the Board about the Company s executive compensation. The Board is not required by law to take any action in response to the shareholder vote. As an advisory vote, the outcome of this vote is not binding on the Company or on the Board. However, the Board and the Compensation and Stock Option Committees will consider the voting outcome in connection with their ongoing evaluation of the Company s compensation programs and arrangements.

The Board recommends that shareholders approve the following resolution:

RESOLVED, that the shareholders approve the 2014 fiscal year compensation of the named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K of the Securities and Exchange Commission (including the Compensation Discussion and Analysis, the compensation tables and other narrative executive compensation disclosures).

Vote Required

Approval of the 2014 fiscal year compensation of the Company s named executive officers, on an advisory basis, requires the affirmative vote of the holders of a majority of the shares casting votes in person or by proxy on this proposal at the Meeting. Abstentions and broker non-votes will have no effect on the outcome of the vote.

The Board recommends that shareholders vote FOR approval of the 2014 fiscal year compensation of named executive officers, as disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K of the Securities and Exchange Commission. Proxies will be voted in accordance with their terms and, in the absence of contrary instructions, for the approval, on an advisory basis, of the Company s 2014 fiscal year executive compensation.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Ratification of Appointment of Independent Registered Public Accounting Firm

The Audit Committee has appointed CohnReznick LLP as the Company's independent registered public accounting firm for the current fiscal year, which ends March 1, 2015, to audit the consolidated financial statements of the Company and its subsidiaries for the 2015 fiscal year and the Company's internal control over financial reporting; and the Board is requesting ratification of such appointment by the shareholders at the Meeting. If this appointment is not ratified by the holders of a majority of the shares voting in person or by proxy at the Meeting, the Audit Committee will consider appointing another independent registered public accounting firm. The Audit Committee may terminate the appointment of CohnReznick LLP as the Company's independent registered public accounting firm without the approval or ratification of the Company's shareholders whenever the Audit Committee considers such termination to be appropriate. A representative of CohnReznick LLP is expected to be present at the Meeting and will have an opportunity to make a statement if such representative so desires and will be available to respond to appropriate questions.

Vote Required

Ratification of CohnReznick LLP as the Company's independent registered public accounting firm requires the affirmative vote of the holders of a majority of the shares casting votes in person or by proxy on this proposal at the Meeting. Abstentions will have no effect on the outcome of the vote.

The Board recommends that shareholders vote FOR the ratification of the appointment of CohnReznick LLP as the Company's independent registered public accounting firm. Proxies will be voted in accordance with their terms and, in the absence of contrary instructions, for the ratification of such appointment.

Change in Independent Registered Public Accounting Firm

On May 16, 2014 the Audit Committee of the Board of Directors of the Company authorized the immediate dismissal of Grant Thornton LLP as the Company's independent registered public accounting firm. Grant Thornton had served as the Company's independent registered public accounting firm since August 5, 2004 for the fiscal year commencing March 1, 2004. On June 11, 2014, the Audit Committee engaged CohnReznick LLP as the Company's independent registered public accounting firm to audit the Company's financial statements and internal controls over financial reporting.

The reports of Grant Thornton on the Company's financial statements for the years ended March 3, 2013 and March 2, 2014 did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope, or accounting principles.

During the Company's fiscal years ended March 3, 2013 and March 2, 2014, and during the subsequent period preceding the date of the Audit Committee's determination to dismiss Grant Thornton, there were no disagreements with Grant Thornton on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to the satisfaction of Grant Thornton, would have caused it

to make reference to the subject matter of the disagreements in connection with its reports, except as follows:

(i) in connection with Grant Thornton's audit of the Company's financial statements for the fiscal year ended March 2, 2014 (the 2014 Audit), the Company had a disagreement with Grant Thornton regarding the accounting for a non-cash charge for the accrual of U.S. income taxes on the undistributed earnings of the Company's subsidiary in Singapore, which was resolved to Grant Thornton's satisfaction; and

(ii) in connection with the 2014 Audit, the Company had a disagreement with Grant Thornton regarding Grant Thornton's finding or assertion of a material weakness in the Company's internal control over financial reporting, which was resolved to Grant Thornton's satisfaction.

Grant Thornton reviewed the subject matter of the aforementioned disagreements with the Audit Committee, and the Company has authorized Grant Thornton to respond fully to the inquiries of CohnReznick LLP concerning the subject matter of such disagreements.

Except as described in paragraph (ii) above, during the Company's fiscal years ended March 3, 2013 and March 2, 2014, and the subsequent period preceding the date of the Audit Committee's determination to dismiss Grant Thornton, there were no reportable events, as defined in Item 304(a)(1)(v) of Regulation S-K of the Securities and Exchange Commission.

Grant Thornton has furnished the Company with a letter addressed to the Securities and Exchange Commission stating that it agrees with the above statements. The letter has been filed as an Exhibit to the Company's Form 8-K Current Report, dated May 16, 2014, filed with the Securities and Exchange Commission on May 22, 2014.

A representative of Grant Thornton is not expected to be present at the Meeting.

Independent Registered Public Accounting Firm Fees

The following table shows the fees paid or accrued for audit, audit-related, tax and all other services rendered by Grant Thornton LLP for the last two fiscal years ended March 2, 2014 and March 3, 2013:

	2014	2013
Audit Fees (a)	\$ 738,981	\$ 766,940
Audit-Related Fees	0	0
Tax Fees	0	0
All Other Fees	0	0
	\$ 738,981	\$ 766,940

Audit fees include fees for the audit of the Company's consolidated financial statements, interim reviews of the (a) Company's quarterly financial statements, audit services provided in connection with required statutory audits of many of the Company's subsidiaries and the audit of the Company's internal control over financial reporting. The services performed by Grant Thornton were pre-approved in accordance with the pre-approval policy adopted by the Audit Committee.

Audit Committee Pre-Approval Policy

The policy of the Audit Committee is to require that all services to be provided to the Company by the Company's auditor must be approved by the Audit Committee before such services are provided by the auditor.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's officers and directors, and persons who own more than 10 percent of a registered class of the Company's equity securities, to file reports of ownership and changes in ownership with the Securities and Exchange Commission and the New York Stock Exchange. Officers, directors and greater than

10 percent shareholders are required by regulations of the Securities and Exchange Commission to furnish the Company with copies of all Section 16(a) reports they file. Based solely on a review of the copies of such reports furnished to the Company, or written representations that no Form 5 reports were required, the Company believes that all Section 16(a) filing requirements applicable to its officers, directors and greater than 10 percent beneficial owners were complied with during the 2014 fiscal year, except that John Jongebloed, Vice President-Aerospace of the Company, inadvertently did not file his Form 4 Statement of Changes in Beneficial Ownership of Securities in a timely manner reporting his acquisition of a stock option from the Company on February 26, 2014. Such Statement was filed on April 18, 2014 by Mr. Jongebloed.

SHAREHOLDER PROPOSALS

Shareholder proposals intended to be presented at the 2014 Annual Meeting of Shareholders pursuant to Rule 14a-8 under the Exchange Act must be received by the Company at the Company's principal executive offices for inclusion in the Proxy Statement and form of Proxy relating to that meeting by February 20, 2015. In order for shareholder proposals made outside of Rule 14a-8 under the Exchange Act to be considered timely within the meaning of Rule 14a-4(c) under the Exchange Act, such proposals must be received by the Company at the Company's principal executive offices by April 23, 2015. The Company's By-Laws require that proposals of shareholders made outside of Rule 14a-8 under the Exchange Act must be submitted, in accordance with the requirements of the By-Laws, not later than April 23, 2015 and not earlier than March 24, 2015.

OTHER MATTERS

Audit Committee Report

The Audit Committee assists the Board in fulfilling its oversight responsibilities with respect to the accounting, auditing, financial reporting, internal control and legal compliance functions of the Company and its subsidiaries. The Board of Directors has determined that all members of the Audit Committee are independent, as required by the current rules of the New York Stock Exchange. The Committee functions pursuant to a Charter that has been adopted by the Board, as required by rules of the New York Stock Exchange.

Management of the Company is responsible for the preparation, presentation and integrity of the Company's financial statements, and for maintaining appropriate accounting and financial reporting principles and policies and internal controls and procedures designed to provide reasonable assurance of compliance with accounting standards and applicable laws and regulations. The independent registered public accounting firm is responsible for planning and carrying out an audit in accordance with generally accepted auditing standards and expressing an opinion as to the conformity of the financial statements with generally accepted accounting principles.

In the performance of its oversight function, the Audit Committee has reviewed and discussed the audited financial statements for the fiscal year ended March 2, 2014 with management and with Grant Thornton LLP, the Company's

independent registered public accounting firm for the 2014 fiscal year. The Audit Committee has also received from the independent registered public accounting firm a letter pursuant to Auditing Standard No. 16, *Communications with Audit Committees*, as currently in effect, and has discussed the matters required by Auditing Standard No. 16 with such firm. The Audit Committee has also received the written communication regarding independence from Grant Thornton LLP required under the rules of the Public Company Accounting Oversight Board and has discussed with Grant Thornton LLP its independence from the Company. The Audit Committee has considered whether the provision of non-audit services by the independent registered public accounting firm to the Company is compatible with maintaining such firm's independence and has discussed with Grant Thornton LLP their independence.

The members of the Audit Committee are not professionally engaged in the practice of auditing or accounting. The Audit Committee's considerations and discussions referred to above do not assure that the audit of the Company's financial statements for the fiscal year ended March 2, 2014 has been carried out in accordance with generally accepted auditing standards or that the financial statements are presented in accordance with generally accepted accounting principles.

Based upon the review and discussions described in this Report, and subject to the limitations on the role and responsibilities of the Audit Committee referred to above and in the Charter, the Audit Committee has recommended to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended March 2, 2014 for filing with the Securities and Exchange Commission.

Directors' and Officers' Liability Insurance

The Company maintains directors' and officers' liability insurance and fiduciary liability insurance covering the directors and officers of the Company and its subsidiaries against certain claims arising out of their service to the Company and its subsidiaries and to certain employee benefit plans of the Company and its subsidiaries. The current directors' and officers' liability insurance policy runs for a period of one year expiring May 17, 2015 at a total cost of \$162,227; and the current fiduciary liability insurance policy runs for a period of one year expiring May 17, 2015 at a cost of \$11,000. The Directors and officers liability insurance policy is provided by Federal Insurance Company, a member of the Chubb Group of Insurance Companies, and the fiduciary liability insurance is provided by Illinois National Insurance Company, a member of the American International Group.

Proxy Solicitation

The Company will bear the expense of proxy solicitation. Directors, officers and employees of the Company and its subsidiaries may solicit proxies by mail, telephone, electronic-mail, facsimile or in person (but will receive no additional compensation for such solicitation). The Company also has retained Morrow & Co., LLC., Stamford, Connecticut, to assist in the solicitation of proxies in the same manner at an anticipated fee of approximately \$7,500, plus reimbursement of certain out-of-pocket expenses. In addition, brokerage houses and other custodians, nominees and fiduciaries will be requested to forward the soliciting material to beneficial owners and to obtain authorizations for the execution of proxies, and if they in turn so request, the Company will reimburse such brokerage houses and other custodians, nominees and fiduciaries for their expenses in forwarding such material.

Director Candidates

The Nominating Committee will consider director candidates recommended by shareholders. In considering candidates submitted by shareholders, the Nominating Committee will take into consideration the needs of the Board and the qualifications of the candidate. The Committee may also consider the number of shares held by the recommending shareholder and the length of time that such shares have been held. To have a candidate considered by the Nominating Committee, a shareholder must submit the recommendation in writing and must include the name of the shareholder and evidence of the person's ownership of Company stock, including the number of shares owned and the length of time of ownership, and the name of the candidate, the candidate's resume or a listing of his or her

qualifications to be a director of the Company and the person's consent to be named as a director if selected by the Nominating Committee and nominated by the Board.

The shareholder recommendation and information described above must be sent to the Corporate Secretary at the Company's office at 48 South Service Road, Melville, New York 11747 and must be received by the Corporate Secretary not less than 120 days prior to the anniversary date of the Company's most recent annual meeting of shareholders.

The Nominating Committee believes that the minimum qualifications for serving as a director of the Company are that a nominee demonstrate, by significant accomplishment in his or her field, an ability to make a meaningful contribution to the Board's oversight of the business and affairs of the Company and have an impeccable record and reputation for honest and ethical conduct in both his or her professional and personal activities. In addition, the Nominating Committee considers a candidate's experiences, skills, expertise, diversity, character, business judgment, dedication, time availability in light of other commitments, potential conflicts of interest and such other relevant factors that the Committee considers appropriate in the context of the needs of the Board. While the Nominating Committee does not have a diversity policy, it considers diversity of knowledge, skills, professional experience, education and background in industries relevant to the Company as factors as it evaluates director candidates.

The Nominating Committee identifies potential nominees by asking current directors and executive officers to notify the Committee if they become aware of persons, meeting the criteria described above, who have had a change in circumstances that might make them available to serve on the Board for example, retirement as a CEO or CFO of a public company. As described above, the Nominating Committee will also consider candidates recommended by shareholders.

When a person has been identified by the Nominating Committee as a potential candidate, the Committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. If the Nominating Committee determines that the candidate warrants further consideration, the Chairman or another member of the Committee contacts the person. Generally, if the person expresses a willingness to be considered and to serve on the Board, the Nominating Committee requests information from the candidate, reviews the candidate's accomplishments and qualifications, including in light of any other candidates whom the Committee might be considering, and conducts one or more interviews with the candidate. In certain instances, Nominating Committee members may contact one or more references provided by the candidate or may contact other members of the business community or other persons who may have greater first-hand knowledge of the candidate's accomplishments. The Nominating Committee's evaluation process does not vary based on whether or not a candidate is recommended by a shareholder, although, as stated above, the Committee may take into consideration the number of shares held by the recommending shareholder and the length of time that such shares have been held.

Communications with Directors

The Board has established a process to receive communications from shareholders and other interested parties. Shareholders and other interested parties may contact any member (or all members) of the Board, including the non-management directors as a group, by mail. Any contents that are not in the nature of advertising, promotions of a product or service, or patently offensive material will be forwarded promptly to the addressee. In the case of communications to the Board or the non-management directors, the Corporate Secretary's office will make sufficient copies of the contents to send to each

director who is a member of the group to which the communication is addressed.
