#### PRESS RELEASE

São Paulo, Brazil - June 15, 2004 - Tele Centro Oeste Celular Participações S.A. - "TCO" (NYSE: TRO) (BOVESPA: TCOC3 (common share), TCOC4 (preferred share)), a company that does business under VIVO brand, today discloses details regarding the next stages of the corporate restructuring transaction disclosed on last May 14, involving the cellular telephone companies that operate in the Midwest region of Brazil, namely Tele Centro Oeste

Celular Participações S.A. ("TCO") and its controlled companies Telegoiás Celular S.A., Telems Celular S.A.; Telemat Celular S.A.; Teleacre Celular S.A. and Teleron Celular S.A. (collectively, "TCO Operators"). These stages shall comprise the transfer of part of the premium paid to the TCO Operators upon the acquisition of TCO and the final merger of the TCO Operators' shares into TCO, in such a manner that said operators will become TCO's wholly-owned subsidiaries. As previously disclosed, the premium transfer shall not adversely affect TCO's and TCO Operators' profits and the merger of TCO Operators' shares shall allow the minority shareholders thereof to become holders of shares in TCO, which shares are listed at the Bovespa (São Paulo Stock Exchange) and included in the IBOVESPA index. The transaction shall result in a simplified corporate structure with lower administrative costs and enhanced benefits for its shareholders.

## FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements. These statements are statements that are not historical facts, and are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.
