INFORMATICA CORPORATION

PROXY STATEMENT FOR 2004 ANNUAL MEETING OF STOCKHOLDERS

PROCEDURAL MATTERS

General

This Proxy Statement is being furnished to holders of common stock, par value \$0.001 per share (the "Common Stock"), of Informatica Corporation, a Delaware corporation ("Informatica" or the "Company"), in connection with the solicitation of proxies by the Board of Directors of Informatica for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held on Thursday, May 27, 2004 at 3:00 p.m., Pacific time, and at any adjournment or postponement thereof for the purpose of considering and acting upon the matters set forth herein. The Annual Meeting will be held at Informatica's corporate offices, located at 2100 Seaport Boulevard, Redwood City, CA 94063. The telephone number at that location is (650) 385-5000.

Edgar Filing: INFORMATICA CORP - Form DEF 14A

This Proxy Statement, the accompanying form of proxy card and the Company's Annual Report to Stockholders are first being mailed on or about April 14, 2004 to all stockholders entitled to vote at the Annual Meeting.

Stockholders Entitled to Vote; Record Date

Only holders of record of Informatica's Common Stock at the close of business on April 5, 2004 (the Record Date) are entitled to notice of and to vote at the Annual Meeting. Such stockholders are entitled to cast one vote for each share of Common Stock held as of the Record Date on all matters properly submitted for the vote of stockholders at the Annual Meeting. As of the record date, there were 85,506,673 shares of Common Stock outstanding and entitled to vote at the Annual Meeting. No shares of preferred stock were outstanding. For information regarding security ownership by management and by the beneficial owners of more than 5% of Informatica's Common Stock, see Share Ownership by Principal Stockholders and Management.

Quorum; Required Vote

The presence of the holders of a majority of the shares of Common Stock entitled to vote generally at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting. Such stockholders are counted as present at the meeting if they (1) are present in person at the Annual Meeting or (2) have properly submitted a proxy card or voted by telephone or by using the Internet.

A plurality of the votes duly cast is required for the election of directors. The affirmative vote of a majority of the votes duly cast is required to (1) approve the amendment to Informatica's 1999 Non-Employee Director Stock Incentive Plan and (2) ratify the appointment of Ernst & Young LLP as auditors.

Under the General Corporation Law of the State of Delaware, an abstaining vote and a broker non-vote are counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the Annual Meeting; however, broker non-votes are not deemed to be votes cast. As a result, broker non-votes are not included in the tabulation of the voting results on the election of directors or issues requiring approval of a majority of the votes cast and, therefore, do not have the effect of votes in opposition in such tabulations. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Voting

Voting by proxy card. All shares entitled to vote and represented by properly executed proxy cards received prior to the Annual Meeting, and not revoked, will be voted at the Annual Meeting in accordance with the instructions indicated on those proxy cards. If no instructions are indicated on a properly executed proxy card, the shares represented by that proxy card will be voted as recommended by the Board of Directors. If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named as proxies in the enclosed proxy card and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. The Company does not currently anticipate that any other matters will be raised at the Annual Meeting.

Voting by telephone or the Internet. A stockholder may vote his or her shares by calling the toll-free number indicated on the enclosed proxy card and following the recorded instructions or by accessing the website indicated on the enclosed proxy card and following the instructions provided. When a stockholder votes via the Internet or by telephone, his or her vote is recorded immediately. Informatica encourages its stockholders to vote using these methods whenever possible.

Voting by attending the meeting. A stockholder may vote his or her shares in person at the Annual Meeting. A stockholder planning to attend the Annual Meeting should bring proof of identification for entrance to the Annual Meeting. If a stockholder attends the Annual Meeting, he or she may also submit his or her vote in person, and any previous votes that were submitted by the stockholder, whether by Internet, telephone or mail, will be superseded by the vote that such stockholder casts at the Annual Meeting.

Revocability of proxy. Any proxy card given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. A proxy card may be revoked by (1) filing with the Secretary of the Company, at or before the taking of the vote at the Annual Meeting, a written notice of revocation or a duly executed proxy card, in either case dated later than the prior proxy card relating to the same shares, or (2) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not of itself revoke a proxy). Any written notice of revocation or subsequent proxy card must be received by the Secretary of the Company prior to the taking of the vote at the Annual Meeting. Such written notice of revocation or subsequent proxy card should be hand delivered to the Secretary of the Company or should be sent so as to be delivered to Informatica Corporation, 2100 Seaport Boulevard, Redwood City, CA 94063, Attention: Corporate Secretary.

Expenses of Solicitation

Informatica will bear all expenses of this solicitation, including the cost of preparing and mailing this solicitation material. The Company may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of Common Stock for their reasonable expenses in forwarding solicitation material to such beneficial owners. Directors, officers and employees of the Company may also solicit proxies in person or by telephone, letter, e-mail, telegram, facsimile or other means of communication. Such directors, officers and employees will not be additionally compensated, but they may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation. The Company may engage the services of a professional proxy solicitation firm to aid in the solicitation of proxies from certain brokers, bank nominees and other institutional owners. The Company's costs for such services, if retained, will not be significant.

Procedure for Submitting Stockholder Proposals

Requirements for stockholder proposals to be considered for inclusion in the Company's proxy materials. Stockholders may present proper proposals for inclusion in the Company's proxy statement and for consideration at the next annual meeting of its stockholders by submitting their proposals in writing to the Secretary of the Company in a timely manner. In order to be included in the Company's proxy materials for

2

the 2005 annual meeting of stockholders, stockholder proposals must be received by the Secretary of the Company no later than December 11, 2004, and must otherwise comply with the requirements of Rule 14a-8 of the Securities Exchange Act of 1934 (the Exchange Act).

Requirements for stockholder proposals to be brought before an annual meeting. In addition, the Company's Bylaws establish an advance notice procedure for stockholders who wish to present certain matters before an annual meeting of stockholders. In general, nominations for the election of directors may be made by (1) the Board of Directors, (2) the Corporate Governance and Nominating Committee or (3) any stockholder entitled to vote who has delivered written notice to the Secretary of the Company within the Notice Period (as defined below), which notice must contain specified information concerning the nominees and concerning the stockholder proposing such nominations. However, if a stockholder wishes only to recommend a candidate for consideration by the Corporate Governance and Nominating Committee as a potential nominee for the Company's Board of Directors, see the procedures discussed in Proposal One: Election of Directors Corporate Governance Matters.

The Company's Bylaws also provide that the only business that may be conducted at an annual meeting is business that is (1) specified in the notice of meeting given by or at the direction of the Board of Directors, (2) properly brought before the meeting by or at the direction of the Board of Directors, or (3) properly brought before the meeting by any stockholder entitled to vote who has written notice delivered to the Secretary of the Company within the Notice Period (as defined below), which notice must contain specified information concerning the matters to be brought before such meeting and concerning the stockholder proposing such matters.

The Notice Period is defined as that period not less than 45 days nor more than 75 days prior to the anniversary of the date on which the Company first mailed its proxy materials for the previous year's annual meeting of stockholders. As a result, the Notice Period for the 2005 annual stockholder meeting will start on January 25, 2005 and end on February 24, 2005.

If a stockholder who has notified the Company of his or her intention to present a proposal at an annual meeting does not appear to present his or her proposal at such meeting, the Company need not present the proposal for vote at such meeting.

A copy of the full text of the Bylaw provisions discussed above may be obtained by writing to the Secretary of the Company. All notices of proposals by stockholders, whether or not included in the Company's proxy materials, should be sent to Informatica Corporation, 2100 Seaport Boulevard, Redwood City, CA 94063, Attention: Corporate Secretary.

PROPOSAL ONE

ELECTION OF DIRECTORS

General

The Company's Board of Directors is currently comprised of seven members who are divided into three classes with overlapping three-year terms. A director serves in office until his or her respective successor is duly elected and qualified or until his or her earlier death or resignation. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as

Edgar Filing: INFORMATICA CORP - Form DEF 14A

possible, each class will consist of an equal number of directors. Two directors shall be elected at the Annual Meeting.

Nominees for Class I Directors

Two Class I directors are to be elected at the Annual Meeting for a three-year term ending in 2007. Upon the recommendation of the Corporate Governance and Nominating Committee, the Board of Directors has nominated **Janice D. Chaffin** and **Carl J. Yankowski** for re-election as Class I directors. Unless otherwise

3

instructed, the proxyholders will vote the proxies received by them for the re-election of Ms. Chaffin and Mr. Yankowski. The Company expects that Ms. Chaffin and Mr. Yankowski will accept such nomination; however, in the event that either such nominee is unable or declines to serve as a director at the time of the meeting, the proxies will be voted for any nominee who shall be designated by the Board of Directors to fill the vacancy. The term of office of each person elected as a director will continue until such director's term expires in 2007 or until such director's successor has been elected and qualified.

In 2003 a third-party search firm engaged by the Company recommended Mr. Yankowski as a member of the Board of Directors. After conducting its evaluation, including interviews with Mr. Yankowski, the Corporate Governance and Nominating Committee recommended his election to the Board of Directors. In July 2003 the Board of Directors appointed Mr. Yankowski as a director.

The Board of Directors recommends a vote FOR the nominees listed above.

Board Meetings and Committees

During 2003, the Board of Directors held seven meetings (including regularly scheduled and special meetings), and no directors attended fewer than 75% of the total number of meetings of the Board of Directors and the committees of which he or she was a member.

The Board of Directors currently has three standing committees: an Audit Committee, a Compensation Committee, and a Corporate Governance and Nominating Committee.

Audit Committee. The Audit Committee, which has been established in accordance with Section 3(a)(58)(A) of the Exchange Act, currently consists of Mr. Seawell, Ms. Chaffin and Mr. Yankowski, each of whom is independent, as such term is defined for audit committee members by the listing standards of The Nasdaq Stock Market. The Board of Directors has determined that Mr. Seawell is an audit committee financial expert as defined under the rules of the Securities Exchange Commission (the SEC). The Audit Committee met four times in 2003. The Audit Committee (1) provides oversight of the Company's accounting and financial reporting processes and the audit of the Company's financial statements, (2) assists the Board of Directors in oversight of the integrity of the Company's financial statements, the Company's compliance with legal and regulatory requirements, the independent auditor's qualifications, independence and performance, and the Company's internal accounting and financial controls, and (3) provides to the Board of Directors such information and materials as it may deem necessary to make the Board of Directors aware of significant financial matters that require the attention of the Board of Directors. The Audit Committee acts pursuant to a written charter adopted by the Board of Directors, which is attached to this Proxy Statement as Annex A. The Audit Committee

Charter is also available on our website at <http://www.informatica.com/Investor/Corporate+Governance/default.htm>.

Compensation Committee. The Compensation Committee currently consists of Mr. Pidwell and Mr. Seawell, each of whom is independent as defined in the listing standards of the Nasdaq Stock Market. The Compensation Committee met six times in 2003. In addition to holding regular meetings, the Compensation Committee took action by written consent at various times during the course of 2003. The Compensation Committee reviews and approves the compensation and benefits for the Company's executive officers, administers the Company's stock plans and performs such other duties as may from time to time be determined by the Board of Directors. The Compensation Committee Charter is available on our website at <http://www.informatica.com/Investor/Corporate+Governance/default.htm>.

Corporate Governance and Nominating Committee. The Corporate Governance and Nominating Committee currently consists of Mr. Pidwell, Ms. Chaffin and Mr. Bertelsen, each of whom is independent as defined in the listing standards of The Nasdaq Stock Market. The Corporate Governance and Nominating Committee took action by written consent at various times during the course of 2003. This committee is responsible for developing general criteria regarding the qualifications and selection of Board members, recommending candidates for election to the Board of Directors, reviewing and making recommendations regarding the composition and mandate of Board committees, developing overall governance guidelines, and overseeing the performance and compensation of the Board of Directors. It is the policy of the Corporate Governance and Nominating Committee to consider recommendations of candidates for the Board of Directors submitted by the stockholders of the Company; for more information see the discussion in Corporate Governance Matters. The Corporate Governance and Nominating Committee Charter is available on our website at <http://www.informatica.com/Investor/Corporate+Governance/default.htm>.

Director Compensation

Cash Compensation. Non-employee members of the Board of Directors receive an annual retainer of (1) \$25,000, paid quarterly in advance at the rate of \$6,250 per quarter and (2) \$5,000 for each Board committee on which the member serves (\$10,000 if such member is the chairperson).

Option Grants. Directors are eligible to receive options to purchase the Company's Common Stock pursuant to the Company's 1999 Non-Employee Director Stock Incentive Plan (the 1999 Director Plan), which provides for annual automatic grants of nonqualified stock options to continuing non-employee directors. Under the 1999 Director Plan, each non-employee director will automatically be granted a nonstatutory stock option grant of 60,000 shares of the Company's Common Stock upon his or her initial election to the Board of Directors (Initial Grant). Immediately following each annual stockholders' meeting, each non-employee director who continues to serve as a non-employee director following such annual meeting will automatically be granted a nonstatutory stock option to purchase 20,000 shares of the Company's Common Stock (Subsequent Grant), as long as the director had been a non-employee director for at least six months prior to such annual meeting of stockholders. Proposal Two, if approved, will amend the 1999 Director Plan to increase the number of shares of common stock underlying a Subsequent Grant from 20,000 to 25,000 (see a description at Proposal Two below). All options automatically granted to non-employee directors will have an exercise price equal to 100% of the fair market value on the date of grant. One third of the shares subject to the Initial Grant vests and becomes exercisable one year after the grant date and the remaining shares subject to the Initial Grant vest in equal monthly installments over the following 24-month period, such that the option is fully exercisable three (3) years after its date of grant. Each Subsequent Grant vests and becomes 100% exercisable one year after the date such option is granted. In 2003, each of Ms. Chaffin, Mr. Bertelsen, Mr. Seawell and Mr. Pidwell received Subsequent Grants. Mr. Yankowski received an Initial Grant in 2003.

Corporate Governance Matters

Independence of the Board of Directors. The Board of Directors has determined that, with the exception of Gaurav S. Dhillon, who is the Chief Executive Officer and President of Informatica, all of its members are independent directors as defined in the listing standards of The Nasdaq Stock Market.

Contacting the Board of Directors. Stockholders and other individuals may communicate with the Board of Directors by submitting either an e-mail to board@informatica.com or written communication addressed to the Board of Directors (or specific board member) c/o Peter McGoff, Vice President and General Counsel, Informatica Corporation, 2100 Seaport Boulevard, Redwood City, California 94063. E-mail communications that are intended for a specific director should be sent to the e-mail address above to the attention of the applicable director. The Chairman of the Corporate Governance and Nominating Committee will, with the assistance of the General Counsel, (1) review all communications to the Board of Directors, (2) determine if such communications relate to substantive matters, (3) if such communications relate to substantive matters, provide copies (or summaries) of such communications to the other directors as he or she considers appropriate, and (4) if such communications do not relate to substantive matters, determine what action, if any, will be taken with such communications.

Edgar Filing: INFORMATICA CORP - Form DEF 14A

Attendance at annual stockholder meetings by the Board of Directors. Although the Company does not have a formal policy regarding attendance by members of the Board of Directors at the Company's annual meeting of stockholders, the Company encourages, but does not require, directors to attend. Mr. Dhillon attended the Company's 2003 annual meeting of stockholders; the other Board members did not attend.

Process for recommending candidates for election to the Board of Directors. The Corporate Governance and Nominating Committee is responsible for, among other things, determining the criteria for membership to the Board of Directors and recommending candidates for election to the Board of Directors. It is the policy of the Committee to consider recommendations for candidates to the Board of Directors from stockholders. Stockholder recommendations for candidates to the Board of Directors must be directed in writing to Informatica Corporation, Corporate Secretary, 2100 Seaport Boulevard, Redwood City, CA 94063 and must

7

include the candidate's name, home and business contact information, detailed biographical data and qualifications, information regarding any relationships between the candidate and the Company within the last three years, and evidence of the nominating person's ownership of the Company's Common Stock.

The Committee's general criteria and process for evaluating and identifying the candidates that it recommends to the full Board of Directors for selection as director nominees, are as follows:

The Committee regularly reviews the current composition and size of the Board of Directors.

In its evaluation of director candidates, including the members of the Board of Directors eligible for re-election, the Committee seeks to achieve a balance of knowledge, experience and capability on the Board of Directors and considers (1) the current size and composition of the Board of Directors and the needs of the Board of Directors and the respective committees of the Board of Directors, (2) such factors as issues of character, judgment, diversity, age, expertise, business experience, length of service, independence, other commitments, and (3) such other factors as the Committee may consider appropriate.

While the Committee has not established specific minimum qualifications for director candidates, the Committee believes that candidates and nominees must reflect a Board that is comprised of directors who (1) are predominantly independent, (2) are of high integrity, (3) have broad, business-related knowledge and experience at the policy-making level in business, government or technology, including their understanding of the enterprise software industry and Informatica's business in particular, (4) have qualifications that will increase overall Board effectiveness and (5) meet other requirements as may be required by applicable rules, such as financial literacy or financial expertise with respect to audit committee members.

In evaluating and identifying candidates, the Committee has the authority to retain third-party search firms with regard to candidates who are properly recommended by stockholders or by other means, the Committee will review the qualifications of any such candidate, which review may, in the Committee's discretion, include interviewing references for the candidate, direct interviews with the candidate, or other actions that the Committee deems necessary or proper.

The Committee will apply these same principles when evaluating Board candidates who may be elected initially by the full Board of Directors to fill vacancies or add additional directors prior to the annual meeting of stockholders at which directors are elected.

After completing its review and evaluation of director candidates, the Committee recommends to the full Board of Directors for selection, the director nominees.

In 2003 the Company retained a third-party search firm to assist in identifying and evaluating potential director nominees. Messrs. Yankowski and Abbasi were recommended by the search firm. The Committee conducted evaluations of both candidates, including interviews, and recommended their selection to the Board of Directors.

PROPOSAL TWO

APPROVAL OF AMENDMENT TO INFORMATICA'S 1999 NON-EMPLOYEE DIRECTOR STOCK INCENTIVE PLAN

General

Edgar Filing: INFORMATICA CORP - Form DEF 14A

Informatica's 1999 Non-Employee Director Stock Incentive Plan (the "Director Plan") was adopted by the Board of Directors in March 1999 and approved by the stockholders in April 1999. The Director Plan provides for the grant of nonstatutory stock options to Informatica's non-employee directors (a "Non-Employee Director"). Prior to the amendment of the Director Plan that is the subject of this Proposal Two, the Director Plan granted options to Informatica's Non-Employee Directors as follows: (1) on the date an individual first becomes a Non-Employee Director, such individual would automatically be granted a one-time

8

nonstatutory stock option to purchase 60,000 shares of the Company's Common Stock (the "Initial Grant") and (2) immediately following each annual stockholder meeting, each Non-Employee Director who continues as a Non-Employee Director following such annual meeting would automatically be granted a nonstatutory stock option to purchase 20,000 shares of Common Stock (a "Subsequent Grant"), as long as the director had been a Non-Employee Director for at least six months prior to such annual meeting of stockholders.

A total of 1,000,000 shares of Common Stock have been reserved for issuance under the Director Plan. As of March 1, 2003, 520,000 shares remained available for future grant under the Director Plan.

Proposal

In February 2004, the Board of Directors adopted, subject to stockholder approval, an amendment to the Director Plan to increase the number of shares of Common Stock underlying a Subsequent Grant from 20,000 to 25,000.

We believe strongly that the approval of the amended Director Plan is essential to our continued success. Stock options such as those provided under the Director Plan are vital to our ability to attract and retain outstanding and highly skilled individuals to serve on the Board of Directors. In addition, due to recent statutory and regulatory changes, directors are required to accept greater responsibility, devote more time to their service as directors, and in many instances require a specific expertise to serve. The increase in the number of shares subject to a Subsequent Option reflects the competitive market Informatica must face to attract and retain highly competent individuals to the Board of Directors on whose judgment, initiative, leadership and continued efforts the growth and profitability of the Company depend.

Recommendation

The Board of Directors recommends a vote FOR the amendment to the Director Plan.

Summary of Director Plan

The following summary of the amended Director Plan is qualified in its entirety by the specific language of the Director Plan.

Purposes. The purposes of the Director Plan are to attract and retain the best available Non-Employee Directors, to provide them additional incentives, and to promote the success of Informatica's business.

Administration of the Plan. The Director Plan is administered by the Board of Directors or by a committee designated by the Board of Directors (the "Administrator"). The Administrator has sole discretion as to the interpretation and construction of any provision of the Director Plan, and the determination of the terms and conditions (not inconsistent with the terms of the Director Plan) of options granted thereunder. The Compensation Committee currently administers the Director Plan.

Automatic Option Grant Program. The Director Plan provides that each Non-Employee Director will automatically be granted an Initial and Subsequent Grant in the manner described under the subsection titled "General" in this Proposal Two. However, if the amendment to the Director Plan is approved by Informatica's stockholders, the Subsequent Grant will be an option to purchase 25,000 shares of Common Stock, rather than an option to purchase 20,000 shares of Common Stock.

Eligibility. The Director Plan provides that options may be granted only to Informatica's Non-Employee Directors.

Terms and Conditions of Options. Each option granted under the Director Plan is evidenced by a written stock option agreement between the optionee and Informatica and is subject to the following terms and conditions:

- (a) **Terms of Options.** Initial and Subsequent Grants under the Plan have maximum terms of five (5) years from the date of grant. No option may be exercised after the expiration of its term.

-
- (b) *Exercise Price.* The exercise price to be paid for shares of Common Stock upon the exercise of an option granted under the Director Plan shall be 100% of the fair market value of the Common Stock on the date the option is granted. The fair market value of a share of Common Stock will be the closing sales price for such stock on the last trading day prior to the time of determination (or, if no closing price was reported on that date, on the last trading date on which a closing price was reported) on the stock exchange determined by the Administrator to be the primary market for the Common Stock or the Nasdaq National Market.
 - (c) *Vesting.* One third of the shares subject to the Initial Grant vests and becomes exercisable one year after the grant date and the remaining shares subject to the Initial Grant vest in equal monthly installments over the following 24-month period, such that the option is fully exercisable three (3) years after its date of grant. Each Subsequent Grant vests and becomes 100% exercisable one year after the date such option is granted. Vesting of options is subject to the optionee continuing to server as a director through the vesting date.
 - (d) *Exercise of the Option.* An option is exercised by giving written notice of exercise to Informatica, specifying the number of shares of Common Stock to be purchased and by tendering full payment of the purchase price to Informatica in the form described below.
 - (e) *Form of Consideration.* The consideration to be paid for the shares of Common Stock issued upon exercise of an option shall be determined by the Administrator and is set forth in the stock option agreement. Such form of consideration may vary for each option, and may consist entirely of cash, check, certain other shares of Informatica's Common Stock, cashless exercise, or any combination of these methods of payment.
 - (f) *Termination of Status as a Director.* If an optionee ceases to serve as a director of Informatica for reasons other than death or disability, the optionee may, but only within three months after the date the optionee ceases to be a director, exercise an option to the extent that the optionee was entitled to exercise it at the date of such termination. In the event an optionee's status as a director terminates as a result of the optionee's death or disability, all of the options held by the optionee under the Director Plan will be exercisable (to the extent the option was exercisable on the date of termination) for a period of twelve (12) months following the date of such death or disability. However, in no event may the period of exercisability extend beyond the expiration date of the option.
 - (g) *Transferability of Options.* Each option awarded under the Director Plan shall be transferable to the extent provided in the applicable stock option agreement.
 - (h) *Other Provisions.* The option agreement may contain such terms, provisions and conditions not inconsistent with the Director Plan as may be determined by the Administrator.

Adjustment Upon Changes in Capitalization. In the event of changes in the outstanding Common Stock of Informatica by reason of any stock splits, reverse stock splits, stock dividends, combinations, or reclassifications of the Common Stock, or any other increase or decrease in the number of issued shares effected without receipt of consideration by Informatica, an appropriate adjustment shall be made by the Administrator, subject to any required stockholder action, to:

- (a) the number of shares covered by each option,
- (b) the number of shares authorized for issuance under the Director Plan,
- (c) the price per share, and
- (d) any other terms the Administrator determines require adjustment.

Corporate Transactions. In the event of an acquisition of Informatica through the sale of all or substantially all of its assets, a merger or other business combination in which Informatica is not the surviving entity, any reverse merger where Informatica is the surviving entity but more than 50% of Informatica's combined voting power is transferred to a person(s) different from those holding such voting power

immediately prior to such acquisition or an acquisition by any person or related group of persons, other than Informatica, of beneficial ownership of securities possessing more than 50% of the total combined voting power of Informatica's outstanding securities, all outstanding options under the Director Plan, except as otherwise provided in a specific stock option agreement, shall terminate unless assumed by the successor company or its parent.

Amendment, Suspension or Termination of the Director Plan. The Board of Directors may at any time amend, suspend or terminate the Director Plan. Informatica shall obtain stockholder approval of any amendment to the Director Plan in such a manner and to such a degree as is necessary and desirable to comply with Rule 16b-3 under the Exchange Act (or any other applicable law or regulation, including the requirements of any exchange or quotation system on which the Common Stock is traded). No options may be granted during any suspension of the Director Plan or after termination of the Director Plan. Any amendment, suspension or termination of the Director Plan shall not affect options already granted and such options shall remain in full force and effect as if the Director Plan had not been amended, suspended or terminated, unless mutually agreed otherwise between the optionee and Informatica, which agreement must be in writing and signed by the optionee and Informatica. In any event, the Director Plan shall terminate in April 2019. Any options outstanding under the Director Plan at the time of its termination shall remain outstanding until they expire by their terms.

Federal Income Tax Consequences

The following discussion summarizes certain U.S. federal income tax considerations for Non-Employee Directors receiving options under the Director Plan and certain tax effects on Informatica, based upon the provisions of the Internal Revenue Code and as in effect on the date of this proxy statement, and current regulations and existing administrative rulings of the Internal Revenue Service. However, the summary is not intended to be a complete discussion of all the federal income tax consequences of the Director Plan and does not discuss the tax consequences of a Non-Employee Director's death or the provisions of the income tax laws of any municipality, state or foreign country in which the Non-Employee Director may reside.

Stock Options. No taxable income is reportable when a stock option is granted to a Non-Employee Director. Upon exercise of a nonstatutory stock option, the Non-Employee Director will recognize ordinary income in an amount equal to the excess of the fair market value (on the exercise date) of the shares purchased over the exercise price of the option. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Tax Effect for the Company. Informatica generally will be entitled to a tax deduction in connection with an option under the Director Plan in an amount equal to the ordinary income realized by a Non-Employee Director and at the time the Non-Employee Director recognizes such income.

Participation in the Director Plan in Fiscal 2003

The participation of the Non-Employee Directors in the Director Plan in fiscal 2003 and in subsequent periods is set forth above in Proposal One: Election of Directors Director Compensation.

PROPOSAL THREE

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS

The Audit Committee has appointed Ernst & Young LLP (E&Y) as independent auditors of the Company. Notwithstanding its selection, the Audit Committee, in its discretion, may appoint new independent auditors at any time during the year if the Audit Committee believes that such a change would be in the best interest of the Company and its stockholders. If the stockholders do not ratify the appointment of E&Y, the Audit Committee may reconsider its selection.

E&Y has audited the Company's financial statements since the Company's inception. A representative of E&Y is expected to be present at the Annual Meeting with the opportunity to make a statement if he or she desires to do so, and is expected to be available to respond to appropriate questions.

The Board of Directors recommends a vote FOR the ratification of E&Y as independent auditors.

Accounting Fees

The following table shows the fees paid or accrued by the Company for the audit and other services provided by E&Y for fiscal years 2002 and 2003.

	Fiscal Year	
	2002 (1)	2003
Audit Fees (2)	\$ 621,000	\$ 694,000
Audit-Related Fees (3)	106,000	95,000
Tax Fees (4)	707,000	741,000
All Other Fees		
Total	\$ 1,434,000	\$ 1,530,000

- (1) The annual accounting fees for 2002 have been adjusted from the amounts disclosed in last year's proxy statement by an aggregate of \$28,000 to reflect final fiscal year 2002 fees invoiced after the 2003 proxy was filed.
- (2) Audit fees are for professional services rendered for the audit of the Company's annual financial statements and reviews of its quarterly financial statements. This category also includes fees for international statutory audits, consents, assistance with and review of documents filed with the SEC, attest services, work done by tax professionals in connection with the audit or quarterly reviews and accounting consultations and research work necessary to comply with generally accepted auditing standards.
- (3) These are fees for assurance and related services performed by E&Y that are reasonably related to the performance of the audit or review of Informatica's financial statements, which include fees for accounting consultations, internal control reviews and attest services not required by statute or regulation.
- (4) These are fees for professional services performed by E&Y with respect to tax compliance and tax planning and advice. Tax compliance includes preparation of original and amended tax returns for the Company, refund claims, tax payment planning and tax audit assistance. Tax compliance fees totaled \$289,000 and \$222,000 for fiscal years 2002 and 2003, respectively. Tax planning and advice includes tax strategy planning and modeling, merger and acquisition related projects, intellectual property tax issues, intercompany and transfer pricing design and foreign employee tax matters. Tax planning and advice totaled \$418,000 and \$519,000 for fiscal years 2002 and 2003, respectively.

Pre-Approval of Audit and Non-Audit Services

All audit and non-audit services provided by E&Y to the Company must be pre-approved by the Audit Committee. The Audit Committee utilizes the following procedures in pre-approving all audit and non-audit services provided by E&Y. At or before the first meeting of the Audit Committee each year, the Audit Committee is presented with a detailed listing of the individual audit and non-audit services and fees (separately describing audit-related services, tax services and other services) expected to be provided by E&Y during the year. Before each subsequent meeting, the Audit Committee is presented with an updated listing of approved services highlighting any new audit and non-audit services to be provided by E&Y. The Audit Committee reviews these listings and approves the services outlined therein if such services are acceptable to the Audit Committee.

To ensure prompt handling of unexpected matters, the Audit Committee delegates to the Chairman of the Audit Committee the authority to amend or modify the list of audit and non-audit services and fees; provided,

Edgar Filing: INFORMATICA CORP - Form DEF 14A

however, that such additional or amended services may not affect E&Y's independence under applicable SEC rules. The Chairman reports any such action taken to the Audit Committee at the subsequent Audit Committee meeting.

All E&Y services and fees in 2003 were pre-approved by the Audit Committee.

- (1) The options in this table are incentive stock options or non-qualified stock options granted under the 1999 Stock Incentive Plan. These options have exercise prices equal to the fair market value of the Company's Common Stock on the date of grant. All such options have seven-year terms and vest over a period of four years at a rate of 1/48th each month. With respect to Mr. Dhillon's first option grant for 300,000 shares, such option will vest 5/48th of the shares subject to such options on June 1, 2003, and 1/48th at the end of each month thereafter. With respect to the second option grant for 300,000 shares, such option will vest 1/48th of shares subject to such option on February 1, 2008 and 1/48th at the end of each month thereafter. However, in the event the Company achieves a certain annual revenue target in one calendar year, the vesting of such option shall accelerate so that such option will vest 1/48th per month beginning on February 1 of the year following the year in which the Company achieves the revenue target.
- (2) The Company granted options to purchase 4,368,235 shares of Common Stock in the year ended December 31, 2003.
- (3) The options in this table may terminate before their expiration upon the termination of optionee's status as an employee or consultant or upon the optionee's disability or death.
- (4) Under rules promulgated by the SEC, the amounts in these two columns represent the hypothetical gain or option spread that would exist for the options in this table based on assumed stock price appreciation

17

from the date of grant until the end of such options' ten-year term at assumed annual rates of 5% and 10%. Annual compounding results in total appreciation of 63% (at 5% per year) and 159% (at 10% per year). The 5% and 10% assumed annual rates of appreciation are specified in SEC rules and do not represent the Company's estimate or projection of future stock price growth. The Company does not necessarily agree that this method can properly determine the value of an option, and there can be no assurance that the potential realizable values shown in this table will be achieved.

Employment Agreements and Change-in-Control Arrangements

Edgar Filing: INFORMATICA CORP - Form DEF 14A

Mr. Paul Albright, an executive officer of the Company, signed an offer letter for employment dated January 8, 2004 which contains a change of control and severance arrangement, providing for certain severance payments and vesting acceleration as to unvested options in the event (1) there is a change in control where Informatica is not the surviving entity and (2) where (i) a substantially similar position is not available or is not offered to Mr. Albright, (ii) there is a material adverse change in Mr. Albright's position, causing such position to be of significantly less stature or of significantly less responsibility, (iii) there is a reduction of more than ten percent (10%) of Mr. Albright's base compensation, unless in connection with similar decreases of other similarly situated executives of the Company, or (iv) Mr. Albright is asked and refuses to relocate to a facility or location more than fifty (50) miles from the Company's current location. Should the conditions identified in (1) or (2) above occur on or prior to July 16, 2004, then Mr. Albright shall receive a payment equal to Mr. Albright's base salary for the period beginning on his termination date and ending on January 16, 2005, and acceleration of stock option vesting for the same period. Should the conditions identified in (1) or (2) above occur at any other time, then Mr. Albright shall receive a payment equal to six months base salary and six months acceleration of stock option vesting.

TRANSACTIONS WITH MANAGEMENT

Mr. Fry, an executive officer of the Company, entered into an Agreement on the Forgiveness of Employee Loan with the Company on September 13, 2001. Pursuant to this agreement, Mr. Fry delivered a promissory note to the Company in exchange for loan proceeds from the Company in the amount of \$150,000. The interest rate on the principal amount of the loan was 3.82% per annum. Pursuant to the terms of this transaction, Mr. Fry's loan was forgiven in pro rata quarterly installments over a period of two years so long as he remained an employee of the Company. Mr. Fry's loan was fully forgiven as of September 30, 2003.

18

Pursuant to a separation agreement between Sanjay Poonen and Informatica dated January 30, 2004, Mr. Poonen received the following severance payments: (1) \$92,000, which equals six months of Mr. Poonen's annual base salary; (2) \$30,000, which represents Mr. Poonen's expected future awards under the Company's bonus plans; (3) \$50,000 which represents Mr. Poonen's contribution to the Company's achievement of certain sales performance objectives in the third and fourth quarters of 2003; and (4) \$2,359, which equals 6 months of COBRA premiums. In addition, Mr. Poonen's outstanding options to purchase Common Stock were accelerated to provide for six additional months of vesting.

During fiscal year 2003, the law firm of Wilson Sonsini Goodrich & Rosati (WSGR) acted as principal outside counsel to Informatica. Mark A. Bertelsen, a director of Informatica, is a member of WSGR. The Company believes that the services performed by WSGR were provided on terms no more or less favorable than those with unrelated parties. Payments by the Company to WSGR were less than one percent of the firm's gross revenues in the last fiscal year.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

With respect to the Company's financial reporting process, the management of the Company is responsible for (1) establishing and maintaining internal controls and (2) preparing the Company's consolidated financial statements. The independent auditors, E&Y, are responsible for auditing these financial statements. It is the responsibility of the Audit Committee to oversee these activities. In the performance of its oversight function, the Audit Committee has:

reviewed and discussed the audited financial statements with E&Y and management;

discussed with E&Y, the independent auditors the matters required to be discussed by the Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as currently in effect; and

received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, as currently in effect, and has discussed with the independent auditors their independence.

Based upon the reviews and discussions described in this Report, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee was formed in March 1999 and currently consists of Messrs. Seawell and Pidwell. The Compensation Committee generally reviews and approves the Company's executive compensation policies, including the base salary levels and target incentives for the Company's executive officers at the beginning of each year, and approves the performance objectives of the executive officers in their areas of responsibility. The Compensation Committee also administers the Company's stock plans. No member of the Compensation Committee is a former or current officer or employee of Informatica or any of its subsidiaries. Certain meetings of the Compensation Committee are also attended by Gaurav Dhillon and Earl Fry, who provide background and market information and make recommendations to the Compensation Committee on salary levels, officer performance objectives and corporate financial goals. However, Messrs. Dhillon and Fry are not entitled to vote on any actions taken by the Compensation Committee.

Executive Officer Compensation Programs

The objectives of the executive officer compensation program are to attract, retain, motivate and reward key personnel who possess the necessary leadership and management skills through competitive base salary, annual cash bonus incentives, long-term incentive compensation in the form of stock options and various benefits, including medical and life insurance plans. The executive compensation policies of the Compensation Committee are intended to combine competitive levels of compensation and rewards for above average performance and to align relative compensation with the achievements of key business objectives, optimal satisfaction of customers and maximization of stockholder value. The Compensation Committee believes that stock ownership by management is beneficial in aligning management and stockholder interests, thereby enhancing stockholder value.

Base Salaries. Salaries for the Company's executive officers are determined primarily on the basis of the executive officer's level of responsibility, general salary practices of peer companies and the officer's individual qualifications and experience. The base salaries are reviewed annually and may be adjusted by the Compensation Committee in accordance with certain criteria which include individual performance, the functions performed by the executive officer, the scope of the executive officer's on-going duties, general changes in the compensation peer group in which the Company competes for executive talent, and the Company's financial performance generally. The weight given each such factor by the Compensation Committee may vary from individual to individual. For purposes of determining base salaries, the Company considers the following corporations to be in its peer group: BEA Systems, Business Objects, Cognos, Tibco, WebMethods, Ascential Software, PeopleSoft, Siebel Systems and E.piphany.

Incentive Bonuses. The Compensation Committee believes that a cash incentive bonus plan can serve to motivate the Company's executive officers and management to address annual performance goals, using more immediate measures for performance than those reflected in the appreciation in value of stock options. The bonus amounts are based upon recommendations by management and a subjective consideration of factors including such officer's level of responsibility, individual performance, contributions to the Company's success and the Company's general financial performance.

Stock Option Grants. Stock options may be granted to executive officers and other employees under the 1999 Stock Incentive Plan or the 2000 Incentive Plan. Because of the direct relationship between the value of an option and the stock price, the Compensation Committee believes that options motivate executive officers to manage the Company in a manner that is consistent with stockholder interests. Stock option grants are intended to focus the attention of the recipient on the Company's long-term performance which the Company believes results in improved stockholder value, and to retain the services of the executive officers in a competitive job market by providing significant long-term earnings potential. To this end, stock options generally vest and become fully exercisable over a four-year period. The principal factors considered in granting stock options to executive officers of the Company are prior performance, level of responsibility, other compensation and the executive

officer's ability to influence the Company's long-term growth and profitability. However, neither the 1999 Stock Incentive Plan nor the 2000 Incentive Plan provides any

quantitative method for weighting these factors, and a decision to grant an award is primarily based upon a subjective evaluation of the past as well as future anticipated performance of the executive officer.

Other Compensation Plans. The Company has adopted certain general employee benefit plans in which executive officers are permitted to participate on parity with other employees. The Company also provides a 401(k) deferred compensation plan.

Deductibility of Compensation. Section 162(m) of the Internal Revenue Code (IRC) disallows a deduction by the Company for compensation exceeding \$1.0 million paid to certain executive officers, excluding, among other things, performance based compensation. Because the compensation paid to executive officers has not approached the limitation, the Compensation Committee has not had to use any of the available exemptions from the deduction limit with regard to such officers' compensation. The Compensation Committee remains aware of the IRC Section 162(m) limitations, and the available exemptions, and will address the issue of deductibility when and if circumstances warrant the use of such exemptions.

Chief Executive Officer Compensation

The compensation of the Chief Executive Officer is reviewed annually on the same basis as discussed above for all executive officers. Mr. Dhillon's base salary for the year ended December 31, 2003 was \$247,500. Mr. Dhillon's base salary was established in part by comparing the base salaries of chief executive officers of the Company's peer group. Mr. Dhillon's base salary was below the median of the base salary range for chief executive officers of comparable companies. Mr. Dhillon received two options, each to purchase 300,000 shares of the Company's Common Stock and a bonus of \$125,688 for the year ended December 31, 2003. Mr. Dhillon's first option grant for 300,000 shares was larger than his option grant in 2002 because of the additional duties of President that he assumed in the second half of 2002. His second option grant for 300,000 shares is tied to the Company's future performance, as discussed in the Option Grants in Last Fiscal Year table above. Mr. Dhillon's bonus in 2003 was larger than his 2002 bonus because the Company was more profitable in 2003.

 - (vi) and to take such other action, not inconsistent with the terms of the Plan, as the Administrator deems appropriate.

Each such Subsequent Grant shall be made on the date of the annual stockholders' meeting in question.
- (c) *Vesting.* Each Initial Grant shall vest and become exercisable as to one-third (1/3) of the Shares subject to such Option twelve (12) months after the grant date, and the remainder of the Initial Grant shall vest in equal monthly installments over the following 24-month period, such that the Option will be fully exercisable three (3) years after its date of grant. Each Subsequent Grant shall vest and

- (f) *Disability of Grantee.* In the event of termination of a Grantee's Continuous Service as a result of his or her Disability, such Grantee may, but only within twelve (12) months from the date of such termination, exercise the Grantee's Option to the extent that the Grantee was entitled to exercise it at the date of such termination (but in no event later than the expiration date of the term of such Option as set forth in the Award Agreement). To the extent that the Grantee is not entitled to exercise the Option at the date of termination, or if Grantee does not exercise such Option to the extent so entitled within the time specified herein, the Option shall terminate.
- (g) *Death of Grantee.* In the event of the death of a Grantee, the Grantee's Option may be exercised at any time within twelve (12) months following the date of death (but in no event later than the expiration of the term of such Option as set forth in the Award Agreement), by the Grantee's estate or by a person who acquired the right to exercise the Option by bequest or inheritance, but only to the extent that the Grantee was entitled to exercise the Option at the date of death. To the extent that the Grantee is not entitled to exercise the Option at the time of death, the Option shall terminate. (k) *Consideration.* Subject to Applicable Laws, the consideration to be paid for the Shares to be issued upon exercise of an Option under this Automatic Option Grant Program shall be the following, provided that the portion of the consideration equal to the par value of the Shares must be paid in cash or other legal consideration permitted by the Delaware General Corporation Law:

(i) cash;

(ii) check;

(iii) surrender of Shares or delivery of a properly executed form of attestation of ownership of Shares as the Administrator may require (including withholding of Shares otherwise deliverable upon exercise of the Option) which have a Fair Market Value on the date of surrender or attestation equal to the aggregate exercise price of the Shares as to which said Option shall be exercised (but only to the extent that such exercise of the Option would not result in an accounting compensation charge with respect to the Shares used to pay the exercise price unless otherwise determined by the Administrator);

(iv) payment through a broker-dealer sale and remittance procedure pursuant to which the Grantee (A) shall provide written instructions to a Company designated brokerage firm to effect the immediate sale of some or all of the purchased Shares and remit to the Company, out of the sale proceeds available on the settlement date, sufficient funds to cover the aggregate exercise price payable for the purchased Shares and (B) shall provide written directives to the Company to deliver the certificates for the purchased Shares directly to such brokerage firm in order to complete the sale transaction; or

(v) any combination of the foregoing methods of payment.

(l) *Taxes.* No Shares shall be delivered under the Plan to any Grantee or other person until such Grantee or other person has made arrangements acceptable to the Administrator for the satisfaction of any foreign, federal, state, or local tax withholding obligations. Upon exercise of an Award, the Company shall withhold or collect from Grantee an amount sufficient to satisfy such tax obligations.

(m) *Other Terms.* The Administrator shall determine the remaining terms and conditions of the Options awarded under this Automatic Option Grant Program.

6. *Procedure for Exercise; Rights as a Stockholder.*

(a) Any Award granted hereunder shall be exercisable at such times and under such conditions as determined by the Administrator under the terms of the Plan and specified in the Award Agreement.

(b) An Award shall be deemed to be exercised when written notice of such exercise has been given to the Company in accordance with the terms of the Award by the person entitled to exercise the Award and full payment for the Shares with respect to which the Award is exercised, including, to the extent selected, use of the broker-dealer sale and remittance procedure to pay the purchase price as provided in Section 5(k)(iv). Until the issuance (as evidenced by the appropriate entry on the books of the Company or of a duly authorized transfer agent of the Company) of the stock certificate evidencing such Shares, no right to vote or receive dividends or any other rights as a stockholder shall exist with respect to Shares subject to an Award, notwithstanding the exercise of an Option or other Award. The Company shall issue (or cause to be issued) such stock certificate promptly upon exercise of the Award. No adjustment will be made for a dividend or other right for which the record date is prior to the date the stock certificate is issued, except as provided in the Award Agreement or Section 8, below.

7. *Conditions Upon Issuance of Shares.*

(a) Shares shall not be issued pursuant to the exercise of an Award unless the exercise of such Award and the issuance and delivery of such Shares pursuant thereto shall comply with all Applicable Laws, and shall be further subject to the approval of counsel for the Company with respect to such compliance.

(b) As a condition to the exercise of an Award, the Company may require the person exercising such Award to represent and warrant at the time of any such exercise that the Shares are being purchased only for investment and without any present intention to sell or distribute such Shares if, in the opinion of counsel for the Company, such a representation is required by any Applicable Laws.

8. *Adjustments Upon Changes in Capitalization.* Subject to any required action by the shareholders of the Company, the number of Shares covered by each outstanding Award, and the number of Shares which

have been authorized for issuance under the Plan but as to which no Awards have yet been granted or which have been returned to the Plan, the exercise or purchase price of each such outstanding Award, as well as any other terms that the Administrator determines require adjustment shall be proportionately adjusted for (i) any increase or decrease in the number of issued Shares resulting from a stock split, reverse stock split, stock dividend, combination or reclassification of the Shares, or similar transaction affecting the Shares, (ii) any other increase or decrease in the number of issued Shares effected without receipt of consideration by the Company, or (iii) as the Administrator may determine in its discretion, any other transaction with respect to Common Stock to which Section 424(a) of the Code applies or a similar transaction; provided, however that conversion of any convertible securities of the Company shall not be deemed to have been effected without receipt of consideration. Such adjustment shall be made by the Administrator and its determination shall be final, binding and conclusive. Except as the Administrator determines, no issuance by the Company of shares of stock of any class, or securities convertible into shares of stock of any class, shall affect, and no adjustment by reason hereof shall be made with respect to, the number or price of Shares subject to an Award.

9. *Effective Date and Term of Plan.* The Plan shall become effective upon the earlier to occur of its adoption by the Board or its approval by the stockholders of the Company. It shall continue in effect for a term of twenty (20) years unless sooner terminated.

10. *Amendment, Suspension or Termination of the Plan.*

- (a) The Board may at any time amend, suspend or terminate the Plan. To the extent necessary to comply with Applicable Laws, the Company shall obtain stockholder approval of any Plan amendment in such a manner and to such a degree as required.
- (b) No Award may be granted during any suspension of the Plan or after termination of the Plan.
- (c) Any amendment, suspension or termination of the Plan (including termination of the Plan under Section 9, above) shall not affect Awards already granted, and such Awards shall remain in full force and effect as if the Plan had not been amended, suspended or terminated, unless mutually agreed otherwise between the Grantee and the Administrator, which agreement must be in writing and signed by the Grantee and the Company.

11. *Reservation of Shares.*

- (a) The Company, during the term of the Plan, will at all times reserve and keep available such number of Shares as shall be sufficient to satisfy the requirements of the Plan.
- (b) The inability of the Company to obtain authority from any regulatory body having jurisdiction, which authority is deemed by the Company's counsel to be necessary to the lawful issuance and sale of any Shares hereunder, shall relieve the Company of any liability in respect of the failure to issue or sell such Shares as to which such requisite authority shall not have been obtained.

12. *No Effect on Retirement and Other Benefit Plans.* Except as specifically provided in a retirement or other benefit plan of the Company or a Related Entity, Awards shall not be deemed compensation for purposes of computing benefits or contributions under any retirement plan of the Company or a Related Entity, and shall not affect any benefits under any other benefit plan of any kind or any benefit plan subsequently instituted under which the availability or amount of benefits is related to level of compensation. The Plan is not a Retirement Plan or Welfare Plan under the Employee Retirement Income Security Act of 1974, as amended.
