Table of Contents

CORPORATE GOVERNANCE HIGHLIGHTS

INDEPENDENCE

We have an Executive Compensation Committee that is 100% independent. The Committee engages its own compensation consultant and affirms each year that the consultant has no conflicts of interest and is independent.

NO HEDGING OR PLEDGING TRANSACTIONS

We have a policy prohibiting all directors and named executive officers (NEOs) from engaging in any hedging transactions with respect to equity securities of the Company held by them, which includes the purchase of any financial instrument (including prepaid variable forward contracts, equity swaps, and collars) designed to hedge or offset any decrease in the market value of our equity securities. We also have a policy that prohibits directors and NEOs from using the Company's Common Stock in any pledging transactions.

COMPENSATION CLAWBACK POLICY

We may seek repayment of cash and equity incentive compensation paid to NEOs in the event of a material misstatement of the Company's financial results where an NEO engaged in actual fraud or willful unlawful misconduct that materially contributed to the need to restate the Company's financial results.

STOCK OWNERSHIP

We have stock ownership guidelines for our directors and executive officers. As of December 31, 2016, each of the directors and executive officers who were employed with us satisfied his or her individual stock ownership requirement.

Ms. Hogan Preusse became a director of the Company on February 1, 2017 and has until February 1, 2022 to meet her required ownership levels under our current stock ownership guidelines. See page 21 for a detailed discussion of our stock ownership guidelines.

CHANGE OF CONTROL PAYMENTS

We maintain an executive severance plan with a double trigger change in control arrangement that covers certain of our NEOs. The executive severance plan does not provide for any gross-up payments for taxes.

STOCKHOLDER ENGAGEMENT

The Board of Directors believes that accountability to stockholders is a mark of good corporate governance and is critical to the Company's success. The Company regularly communicates with its stockholders throughout the year to better understand their views on a range of topics and to provide perspective on the Company's corporate governance policies and practices.

During 2016, the Company met with more than half of our top 20 stockholders (representing approximately 33% of the outstanding shares of our Common Stock). Topics discussed included our strategy and performance, board composition and structure, executive compensation program and sustainability initiatives. We solicited feedback from stockholders on these subjects and reported their responses to our Board of Directors.

Table of Contents

ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION (PROPOSAL 2)

We are requesting that the stockholders approve, on a non-binding, advisory basis, the compensation of the NEOs as described in this Proxy Statement. The Board of Directors recommends a vote FOR Proposal 2 as it believes that the 2016 compensation decisions are consistent with key objectives of Kimco's executive compensation program: to promote long-term performance through emphasis on the individual performances and achievements of our executive officers, commensurate with our business results, and to successfully execute our strategy to be the premier owner and operator of open-air shopping centers through investments primarily in the U.S. This proposal was supported by over 98% of the votes cast in 2016 and 2015. Please see the Compensation Discussion and Analysis, Summary Compensation Table and other compensation tables and disclosures beginning on page 28 of this Proxy Statement for a full discussion of our executive compensation.

The increase in pro-rata U.S. cash-basis leasing spreads represents the difference between new rent and prior rent for the same spaces on all renewals, options, or new leases executed during 2016, subject to certain exclusions. Small shop (under 10,000 square feet) pro-rata occupancy refers to our proportional ownership percentage being applied against properties in which we own less than a 100% interest.

We were able to deliver improved financial results and make progress on our business development strategies. Highlights of the 2016 fiscal year included:

Increased U.S. Same Property NOI (non-GAAP) to \$920.4 million for the year ended December 31, 2016, representing a 2.8% increase from \$895.7 million for the year ended December 31, 2015. See Annex A starting on page 57 for the definition of U.S. Same Property NOI and a reconciliation of income from continuing operations to U.S. Same Property NOI.

Small shop pro-rata occupancy reached 89.9% as of December 31, 2016, representing an increase of 120 basis points from the 2015 year end level of 88.7%.

Achieved FFO as adjusted (non-GAAP) of \$1.50 per diluted share for the full year 2016, representing a 2.7% increase over 2015 FFO as adjusted of \$1.46 per diluted share. See Annex A starting on page 57 for the definition of FFO as adjusted and a reconciliation of net income to FFO as adjusted.

Executed 935 leases totaling over 6.8 million square feet in the Company's consolidated operating portfolio comprised of 344 new leases and 591 renewals and options.

ALIGNMENT OF PAY WITH PERFORMANCE

The following graph shows pay and performance over the five-year period from 2012 to 2016 (as more fully described in the section titled Compensation Discussion and Analysis Executive Summary beginning on page 28 of this Proxy Statement). This graph shows the correlation between our EBITDA as adjusted and FFO as adjusted per diluted share, and the total compensation we paid to our Chief Executive Officer (CEO), Conor C. Flynn, in 2016 and to his predecessor, David B. Henry, from 2012 to 2015, based on the amounts reported in the summary compensation tables of our proxy statements for those years.

*In the graph EBITDA, as adjusted is replaced by Retail EBITDA, as adjusted for the years 2012 to 2014, as this measure was used to determine performance-based compensation during 2012 to 2014. Retail EBITDA, as adjusted excludes the effect of non-retail EBITDA.

**Total Compensation for 2016 excludes 100,000 shares of restricted stock which vest 20% each year over five years and 100,000 shares of restricted stock which vest in a single installment on the fifth anniversary of the grant date, each of which Mr. Flynn received on January 1, 2016 in connection with his election as President and CEO.

2016 COMPENSATION PAID

The table below summarizes the 2016 total compensation paid to each NEO (see pages 28 through 48 of this Proxy Statement for further detail).

650,000	1,270,169	762,638	23,613

SIGNIFICANT PORTION OF PAY IS PERFORMANCE-BASED & AT RISK*

Consistent with our executive compensation program, the significant majority of the total compensation during 2016 for our CEO, Mr. Flynn, and all other NEOs was incentive-based, commensurate with business results, and at risk unless such business results were achieved, as illustrated below. See page 31 for a discussion of the components of our executive compensation program.

* Amounts are based on the Summary Compensation Table on page 41 and, for the CEO, exclude 100,000 shares of restricted stock which vest 20% each year over five years and 100,000 shares of restricted stock which vest in a single installment on the fifth anniversary of the grant date, each of which Mr. Flynn received on January 1, 2016 in connection with his election as President and CEO.

Table of Contents

If you own shares through a broker or other nominee in street name, you may instruct your broker or other nominee as to how to vote your shares. A broker non-vote occurs when you fail to provide a broker or other nominee with voting instructions and a broker or other nominee does not have the discretionary authority to vote your shares on a particular matter because the matter is not a routine matter under the New York Stock Exchange (NYSE) rules. Broker non-votes and abstentions will be counted for purposes of calculating whether a quorum is present at the Meeting. The vote required for each proposal is listed below:

Election of nine directors	Majority of the votes cast with respect to a nominee	No
Resolution to approve, on a non-binding, advisory basis, the Company's executive compensation	Majority of the votes cast on the Proposal	No
Advisory vote on the frequency of future Say-on-Pay votes	Majority of the votes cast on the Proposal. If no option receives a majority of the votes cast, the option that receives the most votes will be considered the option selected by stockholders.	No
Ratification of the appointment of the Company's auditor for fiscal year 2017	Majority of the votes cast on the Proposal	Yes

With respect to Proposal 1, you may vote FOR, AGAINST or ABSTAIN for each nominee. If you ABSTAIN from voting on Proposal 1, the abstention will have no effect because it will not be a vote cast. The nominees receiving a majority of the votes cast will be elected as directors (i.e., the number of votes cast for a nominee must exceed the number of votes against that nominee).

With respect to Proposals 2 and 4, you may vote FOR, AGAINST or ABSTAIN. If you ABSTAIN from voting on Proposal 2 or 4, the abstention will have no effect because it will not be a vote cast.

With respect to Proposal 3, you may vote for EVERY YEAR, EVERY TWO YEARS, EVERY THREE YEARS or ABSTAIN. If you ABSTAIN from voting on Proposal 3, the abstention will have no effect because it will not be a vote cast.

The U.S. Securities and Exchange Commission's rules permit us to deliver a single Notice of Internet Availability of Proxy Materials (the Notice of Internet Availability) or single set of Meeting materials to one address shared by two or more of our

stockholders. We have delivered only one Notice of Internet Availability, Proxy Statement or annual report, as applicable, to multiple stockholders who share an address, unless we received contrary instructions from the impacted stockholders prior to the mailing date. TERM OF OFFICE

All directors of the Company elected at the Meeting will serve terms ending at the 2018 annual meeting of stockholders and until their respective successors are duly elected and qualify.

ATTENDANCE AT BOARD OF DIRECTORS, COMMITTEE MEETINGS AND 2016 ANNUAL MEETING.

The Board of Directors met five times in person or telephonically in 2016. Attendance at Board and Committee meetings during 2016 averaged over 99% for the directors as a group, and no director attended fewer than 95% of the aggregate of the total meetings of the Board and of the Committees on which each director serves. The Company encourages directors to attend each annual meeting of stockholders, and all of the directors were in attendance at the 2016 Annual Meeting of Stockholders held on April 26, 2016. Our director attendance policy is included in our Corporate Governance Guidelines, which are available on the Company's website located at www.kimcorealty.com and are available in print to any stockholder who requests them.

COMMUNICATIONS WITH DIRECTORS

The Audit Committee and the non-management directors welcome anyone who has a concern about the Company's conduct or policies, or any employee who has a concern about the Company's accounting, internal accounting controls or auditing matters, to communicate that concern directly to the Board of Directors, the Lead Independent Director, the non-management directors or the Audit Committee. Such communications may be confidential or anonymous, and may be submitted in writing to the Board of Directors, the Lead Independent Director, the non-management directors or the Audit Committee by sending a letter by mail addressed to the Board of Directors, the Lead Independent Director, the non-management directors or the Audit Committee, as applicable, c/o Secretary of the Company, Kimco Realty Corporation, 3333 New Hyde Park Road, Suite 100, New Hyde Park, NY, 11042-0020. The Board of Directors has designated Richard G. Dooley as its Lead Independent Director to review these communications and present them to the entire Board of Directors or forward them to the appropriate directors. In addition, the Company maintains an Ethics Helpline, as further discussed in the Company's Code of Conduct, which allows employees and contractors to submit concerns anonymously via phone or the Internet.

DIRECTOR INDEPENDENCE

Our Board of Directors has adopted a formal set of categorical independence standards for directors. These categorical standards specify the criteria by which the independence of our directors will be determined, including guidelines for directors and their immediate families with respect to past employment or affiliation with the Company or its independent registered public accounting firm. These categorical standards meet, and in some areas exceed, the listing standards of the NYSE. The Board of Directors categorical standards are available along with our Corporate Governance Guidelines on the Company's website located at www.kimcorealty.com and are available in print to any stockholder who requests them. In accordance with these categorical standards and the NYSE listing standards, the Board of Directors undertook its annual review of the independence of its directors on February 1, 2017. During this review, the Board of Directors considered transactions and relationships between each director or members of his or her immediate family and the Company. The Board of Directors also considered whether there were any transactions or relationships between directors or members of their immediate family (or any entity of which a director or an immediate family member is an executive officer, general partner or significant equity holder).

The purpose of this review was to determine whether any such relationships or transactions existed that were inconsistent with a determination that the director is independent.

As a result of this review, the Board of Directors affirmatively determined that the following nominees for director are independent of the Company and its management under the standards set forth in the categorical standards and the NYSE listing standards:

Philip E. Coviello
Richard G. Dooley
Joe Grills
Frank Lourenso

Colombe M. Nicholas
Mary Hogan Preusse
Richard B. Saltzman

In making these determinations, the Board of Directors considered the relationships and transactions described under the caption Certain Relationships and Related Transactions beginning on page 48.

In addition, none of the independent directors' family members serves as an executive officer, as defined by Rule 3b-7 under the Securities Exchange Act of 1934, as amended, of the Company.

CORPORATE GOVERNANCE

BOARD LEADERSHIP STRUCTURE

The Board of Directors has separated the roles of the Executive Chairman of the Board of Directors and the CEO in recognition of the differences between the two roles. The CEO is responsible for setting the strategic direction for the Company and the day-to-day leadership and performance of the Company, while the Executive Chairman of the Board of Directors provides guidance to the CEO, establishes the agenda for Board of Directors meetings in consultation with the CEO and presides over meetings of the full Board of Directors. Because Mr. Cooper, the Executive Chairman, is an employee of the Company and is, therefore, not independent, the Board of Directors has appointed the Chairman of the Nominating and Corporate Governance Committee, Richard G. Dooley, as Lead Independent Director to preside at all executive sessions of non-management directors, as defined under the NYSE Listed Company Manual.

LEAD INDEPENDENT DIRECTOR

The Lead Independent Director is elected by the other independent directors and presides at all meetings of the Board of Directors at which the Executive Chairman is not present, including executive sessions of the independent directors. The Lead Independent Director encourages and facilitates active participation of all directors and serves as a liaison between management and the other independent directors. The Lead Independent Director also has the authority to call meetings of the independent directors, monitors and coordinates with management on corporate governance issues and developments and approves meeting agendas and the information sent to the Board of Directors, including the quality, quantity and timeliness of such information.

STOCKHOLDER ENGAGEMENT

The Board of Directors believes that accountability to stockholders is a mark of good corporate governance and is critical to the Company's success. The Company regularly communicates with its stockholders throughout the year to better understand their views on a range of topics and to provide perspective on the Company's corporate governance policies and practices.

During 2016, the Company met with more than half of our top 20 stockholders (representing approximately 33% of the outstanding shares of our Common Stock). Topics discussed included our strategy and performance, board composition and structure, executive compensation program and sustainability initiatives. We solicited feedback from stockholders on these subjects and reported their responses to our Board of Directors.

STOCK OWNERSHIP GUIDELINES

The Board of Directors adopted revised stock ownership guidelines in July 2012 for non-employee directors and executive officers that require each non-employee director and executive officer to own shares of our Common Stock. Under the guidelines, all current non-employee directors must own shares of our Common Stock with a value equal to five times the annual Board of Directors retainer. Executive officers must own shares of our Common Stock with a value equal

to a certain multiple of his or her base salary. Our Executive Chairman must own shares of our Common Stock with a value equal to five times base salary; our CEO must own shares of our Common Stock with a value equal to five times base salary; our Chief Operating Officer must own shares of our Common Stock with a value equal to three times base salary; and our Chief Financial Officer must own shares of our Common Stock with a value equal to two times base salary. Equity interests that count towards the satisfaction of the ownership guidelines include shares owned outright, shares jointly owned, restricted shares and shares held in a 401(k) retirement plan. Directors and executive officers have five years from the date they become a member of the Board of Directors or an executive officer to meet the ownership levels. All of our directors and executive officers are currently in compliance with the stock ownership requirements, except for Ms. Hogan Preusse, who was appointed to the Board of Directors on February 1, 2017 and has until February 1, 2022 to meet the required ownership levels.

DIRECTOR CONTINUING EDUCATION

The Company maintains a formal program of continuing education for directors. In 2016, directors participated in customized Company-sponsored sessions on business-related topics, corporate governance matters, SEC rule changes, and other current topics such as cyber security, including issues applicable to particular committees of the Board of Directors. These sessions included detailed presentations on these matters and discussions on each of the covered topics.

CLAWBACK POLICY

The Company may seek repayment of cash and equity incentive compensation paid to NEOs in the event of a material misstatement of the Company's financial results where an NEO engaged in actual fraud or willful or unlawful misconduct that

materially contributed to the need to restate. When the Executive Compensation Committee of the Board of Directors determines that these circumstances exist, the Committee may direct the Company to recover the after-tax portion of the difference between the compensation actually paid or awarded and the compensation calculated using the restated financial statements, based upon the Committee's view of all relevant facts and circumstances and the best interests of the Company.

RISK OVERSIGHT

Our Board of Directors oversees an enterprise-wide approach to risk management designed to support the achievement of organizational objectives, including strategic objectives, to improve long-term organizational performance and enhance stockholder value. A fundamental part of risk management is not only understanding the risks a company faces and what steps management is taking to manage those risks, but also understanding what level of risk is appropriate for the Company. Management is responsible for establishing our business strategy, identifying and assessing the related risks and establishing appropriate risk management practices. Our Board of Directors reviews our business strategy and management's assessment of the related risk, and discusses with management the appropriate level of risk for the Company.

Table of Contents

Our Board of Directors administers its risk oversight function with respect to our operating risk as a whole, and meets with management at least quarterly to receive updates with respect to our operations, business strategies and the monitoring of related risks. The Board of Directors also delegates oversight to the Audit, Executive Compensation and Nominating and Corporate Governance Committees to oversee selected elements of risk:

Our Audit Committee selects and engages our independent registered public accounting firm and oversees financial risk exposures, including monitoring the integrity of the financial statements, internal control over financial reporting and the independence of the auditor of the Company. The Audit Committee receives a risk and internal controls assessment report from the Company's internal auditors on at least an annual basis and more frequently as appropriate, assists the Board of Directors in fulfilling its oversight responsibility with respect to compliance with legal and regulatory matters related to the Company's financial statements and meets quarterly with our financial management, independent auditors and legal advisors for updates on risks related to our financial reporting function. The Audit Committee also reviews and monitors our compliance programs, including the whistleblower program and whistleblower helpline with respect to financial reporting and other matters and oversees financial, credit and liquidity risk by working with our treasury function to evaluate elements of financial and credit risk and advise on our financial

strategy, capital structure and long-term liquidity needs, and the implementation of risk mitigating strategies. Individuals who supervise day-to-day risk in this area have direct access to the Board of Directors, and our Chief Financial Officer meets regularly with our Audit Committee to discuss and advise on elements of risks related to our credit risk. The Audit Committee also oversees risk by working with management to review annually, or on an as needed basis, cybersecurity risk mitigation policies and initiatives as well as a code of conduct designed to support the highest standards of business ethics.

Our Executive Compensation Committee oversees risk management by participating in the creation of compensation structures that create incentives to support an appropriate level of risk-taking behavior consistent with the Company's business strategy and stockholder interests.

Our Nominating and Corporate Governance Committee oversees governance related risks by working with management to establish corporate governance guidelines applicable to the Company, including recommendations regarding director nominees, the determination of director independence, Board of Directors leadership structure and membership on Board of Directors committees.

Our Board of Directors and committees' risk oversight responsibilities are discussed further in Committees of the Board of Directors below.

AUDIT COMMITTEE.

The Audit Committee currently consists of Mr. Coviello who is Chair of the Audit Committee, Messrs. Dooley, Grills and Lourenso and Ms. Hogan Preusse, all of whom are independent directors. Messrs. Coviello, Dooley, Grills and Lourenso and Ms. Hogan Preusse are each an audit committee financial expert, as determined by the Board of Directors in accordance with Item 407(d)(5) of Regulation S-K, and Messrs. Coviello, Dooley, Grills and Lourenso and Ms. Hogan Preusse are each independent from the Company as defined by the current listing standards of the NYSE.

Five meetings of the Audit Committee were held in person or telephonically during 2016. The Audit Committee operates under a written charter adopted by the Board of Directors. A copy of the Audit Committee Charter is available on the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities as related to the Company's risk management processes. The Board of Directors and Audit Committee oversee (i) the integrity of the Company's financial statements and financial reporting process and the Company's systems of internal accounting and financial controls; (ii) the performance of the internal audit function; (iii) the annual independent integrated audit of the Company's consolidated financial statements and internal control over financial reporting, including the engagement of the independent registered public accounting firm and the evaluation of the independent registered public accounting firm's qualifications, independence and performance; (iv) policy standards and guidelines for risk assessment and risk management; (v) the Company's compliance with legal and regulatory requirements, including the Company's disclosure controls and procedures; and (vi) the fulfillment of the other responsibilities set out in the Audit Committee Charter, as adopted by the Board of Directors. The Audit Committee receives regular reports from management regarding the Company's assessment of risks. In addition, the Audit Committee reports regularly to the Board of Directors. The Board of Directors and Audit Committee focus on the Company's general risk management strategy, and also ensure that risks undertaken by the Company are consistent with the business strategies approved by the Board of Directors. While the Board of Directors oversees the Company's risk management, management is responsible for the day-to-day risk management processes and reports directly to both the Board of Directors and Audit Committee on a regular basis and more frequently as appropriate. The Board of Directors believes this division of responsibilities is an effective approach for addressing the risks facing the Company.

The Audit Committee works with management to adopt and annually reviews a code of conduct designed to support the highest standards of business ethics. The Company's Code of Business Conduct and Ethics (Code of Conduct) is available on the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

EXECUTIVE COMPENSATION COMMITTEE

The Executive Compensation Committee currently consists of Mr. Grills, who is Chair of the Executive Compensation Committee, Messrs. Coviello, Dooley, Lourenso and Saltzman and Ms. Nicholas and Hogan Preusse, all of whom are independent directors. The Board of Directors has established an Executive Compensation Committee to: (i) evaluate (in consultation with management and the Board of Directors) and recommend to the Board of Directors for approval the compensation plans, policies and programs of the Company, especially those regarding executive compensation; and (ii) determine and recommend to the Board of Directors for approval the compensation of the Chief Executive Officer and all other executive officers of the Company. More specifically, the Executive Compensation Committee annually reviews and approves corporate goals and objectives relevant to the total direct compensation of the CEO and the other NEOs, including changes in base salary, bonus and equity awards. The Executive Compensation Committee also reviews the performance of the CEO and the other NEOs against these goals and objectives and, based on its evaluation, approves their total direct compensation. The details of the processes and procedures involved are described in the Compensation Discussion and Analysis beginning on page 28.

Five meetings of the Executive Compensation Committee were held in person or telephonically during 2016. The Executive Compensation Committee operates under a written charter adopted by the Board of Directors. A copy of the Executive Compensation Committee Charter is on the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

The Board of Directors and Executive Compensation Committee, in consultation with the Executive Compensation Committee's independent compensation consultant, Pay Governance LLC (Pay Governance) and management, have reviewed the design and operation of the Company's incentive compensation arrangements, including the performance objectives and target levels used in connection with incentive awards, and evaluated the relationship between the Company's risk management policies and practices and these arrangements. As a result of this review, management has determined, and the Board of Directors has affirmed management's determination, that the Company's compensation policies and practices are not reasonably likely to have a material

adverse effect on the Company because they do not encourage the Company's employees to take excessive or unnecessary risks. The Executive Compensation Committee believes that the combination of the Company's (i) balanced approach to compensation, (ii) reliance on a variety of performance measures and (iii) use of both quantitative and qualitative assessments of performance reflected in the Company's compensation program is consistent with the Company's objectives and risk profile. Accordingly, the performance objectives in the Company's annual incentive compensation plan are balanced with those contained in the Company's long-term incentive compensation plan to ensure that both are aligned and consistent with the

Table of Contents

Company's long-term business plan. The Company's mix of equity-based awards has been allocated to ensure an appropriate combination of incentive and retention objectives, and the Company has established stock ownership guidelines to ensure that the interests of the Company's executive officers are aligned with the interests of the Company's stockholders.

In reaching its conclusion that the Company's compensation policies and practices do not encourage excessive and unnecessary risk taking, the Executive Compensation Committee considered several factors including salaries, bonuses and equity awards. There is an annual performance-based bonus program for employees other than NEOs that provides a discretionary award based on their respective levels in the Company, individual performance and overall Company performance. While the Company's bonus program for its leasing personnel is tied to personal production for new lease deals and renewals, management is comfortable that this bonus opportunity fairly incentivizes leasing personnel without being excessive. In addition, executive bonuses and equity awards are based on certain performance measures (established by the Executive Compensation Committee and management) including, but not limited to, funds from operations, results from operations, contributions from real estate investment programs, individual performance and enterprise-wide performance. The Company's long-term equity awards consist of performance shares and restricted stock. These awards are intended to further link recipients' interests with stockholder interests. The Company's benefits and retirement plans are not linked to performance. The Company's Executive Severance Plan with certain of its NEOs and members of management provides severance protections. Since there are no performance-based aspects of these severance arrangements, and the Company generally retains the ability to terminate an executive for cause without triggering severance, the Executive Compensation Committee does not believe these agreements encourage excessive risk taking. The Executive Compensation Committee believes it is not overly reliant on any single measure of performance and assesses actual results against each performance measure and takes into account overall performance compared to targets. In addition to the quantitative performance measures, the Executive Compensation Committee also assesses the broader business environment and relative performance of the Company in order to evaluate individual performance. Finally, the Executive Compensation Committee considers changes in the business, industry and capital markets environment in determining compensation policies and practices.

NOMINATING AND CORPORATE GOVERNANCE COMMITTEE.

The Nominating and Corporate Governance Committee currently consists of Mr. Dooley, who is Chair of the Nominating and Corporate Governance Committee, Messrs. Coviello, Grills, Lourenso and Saltzman and Ms. Nicholas and Hogan Preusse, all of whom are independent directors. The functions of the Nominating and Corporate Governance Committee include recommending candidates for annual election to the Board of Directors and the filling of vacancies on the Board of Directors that may arise from time-to-time and senior management succession. The Nominating and Corporate Governance Committee is not limited to any specific

process in identifying candidates and will consider candidates suggested by other members of the Board of Directors, as well as candidates recommended by stockholders. Such recommendations should include the name and address and other pertinent information about the candidate as is required to be included in the Company's Proxy Statement. Recommendations should be submitted to the Secretary of the Company. In addition, the Nominating and Corporate Governance Committee is authorized to retain search firms and other consultants to assist it in identifying candidates and fulfilling other duties.

As described in the Company's Corporate Governance Guidelines, consideration is given to assuring that the Board of Directors, as a whole, considers diversity in its broadest sense, including persons diverse in geography, gender and ethnicity as well as representing diverse experiences, skills and backgrounds. We believe a diverse group of directors can best perpetuate the success of the business and represent stockholder interests through the exercise of sound business judgment. The Board of Directors and Nominating and Corporate Governance Committee take into account many factors in recommending candidates for a director position. These factors include, but are not limited to, the ability to make independent analytical inquiries; general understanding of marketing, finance, accounting and other elements relevant to the success of a publicly-traded company in today's business environment; understanding of the Company's business on a technical level; other board service; and educational and professional background. In addition, each candidate nominee must possess fundamental qualities of intelligence, honesty, good judgment, high ethics and standards of integrity, fairness and responsibility. The Board of Directors and the Nominating and Corporate Governance Committee evaluate each individual candidate by considering all appropriate factors as a whole. The Company's approach favors active deliberation rather than using rigid formulas to assign relative weights to these factors. Following the end of each fiscal year, the Nominating and Corporate Governance Committee establishes the criteria for and conducts an annual assessment of the performance of each member of the Board of Directors with respect to these factors. Consideration of other corporate governance principles or modifications of such principles may also be discussed at that time.

The Nominating and Corporate Governance Committee is also responsible for ensuring that the Company adheres to good corporate governance principles and developing and implementing the Company's Corporate Governance Guidelines that apply to

all of its directors and management. The Nominating and Corporate Governance Committee is also charged with ensuring the Company's compliance with all NYSE listing requirements. Four meetings of the Nominating and Corporate Governance Committee were held in person or telephonically during 2016. The Nominating and Corporate Governance Committee operates under a written charter adopted by the Board of Directors. Copies of the Nominating and Corporate Governance Committee Charter and the Corporate Governance Guidelines are available on the Company's website located at www.kimcorealty.com and are available in print to any stockholder who requests either document.

COMPENSATION DISCUSSION & ANALYSIS

INTRODUCTION

We pay our NEOs using salary, annual incentive and equity awards. We seek to pay our NEOs in a way that encourages long-term increases in stockholder value and long-term employee retention. We also recognize that our NEO pay must compete with what comparable employers pay. For 2016, our NEOs were:

Milton Cooper, Executive Chairman of the Board of Directors;

Conor C. Flynn, President and Chief Executive Officer; and

Glenn G. Cohen, Executive Vice President, Chief Financial Officer and Treasurer.

Our Board of Directors has an Executive Compensation Committee (the Committee) that administers and monitors what and how we pay our NEOs and other executives. The Committee held five meetings in person or by phone during

2016. The Committee is comprised of Joe Grills (Chairman), Philip E. Coviello, Richard G. Dooley, Frank Lourenso, Colombe M. Nicholas, Mary Hogan Preusse and Richard B. Saltzman. We encourage feedback from our stockholders regarding our executive compensation program. In 2016, over 98% of the votes cast (i.e., excluding abstentions and broker non-votes) in our Say-on-Pay advisory vote were to approve the proposal.

Our senior management team worked in 2016 to strategically position Kimco for long-term performance by focusing their efforts on strengthening our portfolio, maintaining our capital and liquidity positions and operating competitively. Our compensation decisions in 2016 emphasized rewarding corporate / financial performance and individual performance and achievements by our NEOs, commensurate with our business results, to successfully execute our strategy to be the premier owner and operator of open-air shopping centers through investments primarily in the U.S.

EXECUTIVE COMPENSATION AND CORPORATE GOVERNANCE HIGHLIGHTS

Our compensation philosophy and corporate governance standards are designed to align executive compensation with long-term stockholder interests:

We maintain a majority vote for the annual election of directors (uncontested elections) and we have no supermajority voting requirements.

The leadership structure of our Board of Directors consists of an Executive Chairman, a Lead Independent Director, who is elected by the independent directors, and knowledgeable committee chairs with appropriate experience.

The Committee's independent compensation consultant, Pay Governance, is retained directly by the Committee and performs no other services for the Company.

The Committee conducts periodic reviews of our compensation strategy, including a review of our compensation-related risk profile so that our compensation-related policies and programs do not create risks that are reasonably likely to have a material adverse effect on the Company.

A significant portion of our NEOs' pay is performance-based. For example, in 2016, approximately 76% of our CEO's total compensation (not including 200,000 shares of restricted stock that he received in connection with his promotion to CEO) was linked directly to the Company's performance and 67% of annual long-term incentive opportunities for NEOs other than the CEO were delivered in performance-based equity awards in the form of performance shares.

We have stock ownership guidelines for our NEOs and directors. As of December 31, 2016, each of the NEOs and directors who were employed with us satisfied his or her individual stock ownership level. Ms. Hogan Preusse became a director of the Company on February 1, 2017 and has until February 1, 2022 to meet the required ownership levels under our current stock ownership guidelines. See [Corporate Governance Stock Ownership Guidelines](#) on page 21 for more information.

We maintain a formal program of continuing education for our directors. In 2016, directors participated in customized Company-sponsored sessions on business-related topics, corporate governance matters, SEC rule changes, and other current topics such as cyber security, including issues applicable to particular committees of the Board of Directors.

Our Board of Directors has a policy prohibiting our NEOs and members of the Board of Directors from engaging in any hedging transactions with respect to equity securities of the Company held by them, which includes the purchase of any financial instrument (including prepaid variable forward contracts, equity swaps, collars and exchange funds) designed to hedge or offset any decrease in the market value of such equity securities.

The Company has a policy that prohibits use of the Company's Common Stock by NEOs or members of the Board of Directors for any pledging transactions.

Edgar Filing: KIMCO REALTY CORP - Form DEF 14A

The Company has adopted a clawback policy as further described on page 21.

We maintain an executive severance plan with a double trigger change in control arrangement that covers certain of our NEOs. The executive severance plan does not provide for any gross-up payments for Parachute Payment Taxes (as defined on page 39).

COMPENSATION DISCUSSION & ANALYSIS

STOCKHOLDER SAY-ON-PAY VOTES

At our 2016 Annual Meeting of Stockholders, we provided our stockholders with the opportunity to cast an advisory vote on executive compensation, and in future years we expect such advisory vote will occur annually. Over 98% of the votes cast (i.e., excluding abstentions and broker non-votes) on the 2016 Say-on-Pay vote were voted in favor of the proposal. We have considered the results of the 2016 vote and believe the support of our stockholders for that proposal indicates that our stockholders are supportive of our approach to

executive compensation, including the ratio of performance-based compensation to all other compensation, the ratio of performance-based equity compensation to time-based equity compensation, and the integrity of our peer group. Thus, we did not make changes to our executive compensation arrangements in response to the vote. In the future, we will continue to consider the outcome of our Say-on-Pay votes when making compensation decisions regarding our NEOs.

ELEMENTS OF OUR EXECUTIVE COMPENSATION PROGRAM

Our executive compensation program provides pay-for performance compensation that we believe is aligned with the interests of our stockholders and is designed to continue to attract, retain and appropriately motivate our key employees who drive long-term value creation. The following graph shows the correlation between our EBITDA as adjusted, and FFO as adjusted per diluted share, and the total compensation we paid to our CEO, Conor C. Flynn, in 2016 and to his predecessor, David B. Henry, from 2012 to 2015, based on the amounts reported in the summary compensation tables of our proxy statements for those years.

FFO as adjusted, EBITDA as adjusted, and leverage, calculated from debt to total assets, defined as consolidated debt plus JV pro rata share of debt divided by the total gross consolidated assets and JV share of pro rata gross assets, are the metrics used in our annual incentive program, ensuring that pay and performance, as measured in our executive compensation program, are aligned. See Annex A starting on page 57 for the definitions of FFO as adjusted and EBITDA as adjusted and reconciliations of net income to FFO as adjusted, and to EBITDA as adjusted.

*In the graph EBITDA, as adjusted is replaced by Retail EBITDA, as adjusted for the years 2012 to 2014, as this measure was used to determine performance-based compensation during 2012 to 2014. Retail EBITDA, as adjusted excludes the effect of non-retail EBITDA.

**Total Compensation for 2016 excludes 100,000 shares of restricted stock which vest 20% each year over five years and 100,000 shares of restricted stock which vest in a single installment on the fifth anniversary of the grant date, each of which Mr. Flynn received on January 1, 2016 in connection with his election as President and CEO.

Table of Contents

COMPENSATION DISCUSSION & ANALYSIS

Consistent with our executive compensation program, the significant majority of the total compensation for our CEO and all other NEOs for 2016 was incentive-based, commensurate with business results, and at risk unless such business results were achieved, as illustrated below.

* Amounts are based on the Summary Compensation Table on page 41 and, for the CEO, exclude 100,000 shares of restricted stock which vest 20% each year over five years and 100,000 shares of restricted stock which vest in a single installment on the fifth anniversary of the grant date, each of which Mr. Flynn received on January 1, 2016 in connection with his election as President and CEO.

BASE SALARY

In reviewing our NEOs' base salaries, the Committee considers each NEO's scope of responsibilities, individual qualifications and experience, future potential, past performance and the practices of our peer group, without applying a quantitative formula. We did not seek a specific target within our peer group. Base salary increases, if any, are effective January 1 and are approved by the Board of Directors and the Committee. No formulaic base salary increases are provided to the NEOs, and other forms of compensation are generally used to reward overall Company performance or exceptional performance of a particular NEO.

Mr. Cooper received a base salary of \$750,000 in 2016.

Mr. Flynn received a base salary of \$850,000 in 2016.

Mr. Cohen received a base salary of \$650,000 in 2016.

ANNUAL INCENTIVE PLAN

Under our executive compensation program, each NEO is eligible to receive an annual cash bonus based on the Company's corporate / financial performance compared to targets and the NEO's individual performance against specific quantitative and qualitative goals as further discussed starting

on page 35. For each NEO's annual bonus opportunity for 2016, 60% was based on the Company's corporate / financial performance for the performance year compared to targets as measured by the Company's (1) FFO as adjusted per diluted share for the performance year compared to Target FFO,

Table of Contents**COMPENSATION DISCUSSION & ANALYSIS**

(2) EBITDA as adjusted compared to Target EBITDA and

(3) leverage compared to Target Leverage, and 40% was based on individual NEO performance against specific quantitative and qualitative goals as discussed starting on page 35 and as evaluated by the Committee. The table on the

next page shows the percentage of the Total Annual Target Bonus each NEO would receive based on achievement of threshold, target and maximum levels for corporate / financial performance and individual performance.

	Threshold	Target	Maximum
Corporate / Financial Performance	30%	60%	90%
<u>Threshold</u>	Level achieved if 90% of target measures are attained		
<u>Target</u>	Level achieved if 100% of target measures are attained		
<u>Maximum</u>	Level achieved if 110% of target-measures are attained		
Individual Performance	10%	40%	60%
Evaluation of individual NEO performance by the Executive Compensation Committee against Specific Goals approved by the Board			
Total Annual Bonus Paid	40%	100%	150%

(1) The annual bonus is linearly interpolated between the threshold and target, and target and maximum performance levels.

The table on page 34 shows the target bonus and the bonus actually earned in 2016 for each NEO. In establishing the target bonuses, we considered the responsibilities of each NEO, Mr. Flynn's recommendations and the peer group practices discussed in

Comparison to Competitive Market. The Committee awarded 2016 bonuses based on the following analysis of our corporate / financial performance and each NEO's individual performance:

CORPORATE / FINANCIAL PERFORMANCE.

In 2016, the corporate / financial incentive was based upon the percentage weighting of 60% FFO as adjusted, 20% EBITDA as adjusted, and 20% leverage. For 2016, the Company's Target FFO was \$1.50 on a diluted per share basis, Target EBITDA was \$938 million and Target Leverage was 41.2%. After the Committee considered the Company's actual 2016 FFO as adjusted of \$1.50 per diluted share, EBITDA as adjusted of \$919.2 million and leverage of 39%, the Committee's payout for the corporate financial incentive was based on the Company meeting Target FFO, achieving 98% of Target EBITDA and exceeding Target Leverage by 10%. Interpolating linearly between target and maximum performance levels for each of the three financial measures resulted in a payout for the corporate / financial incentive of 62.02% of each NEO's total annual target bonus, which is 103.37% of each NEO's 2016 target corporate / financial performance bonus of 60%.

INDIVIDUAL PERFORMANCE.

The Committee's evaluation of each NEO's individual performance against, among other factors, specific quantitative and qualitative goals is detailed below in Analysis of Each NEO's Compensation as further discussed starting on page 35. In general, in determining each NEO's achievement compared to target, the Committee considered each NEO's scope of responsibilities, individual qualifications and experience, performance in 2016 and the practices of our peer group, without applying a quantitative formula. In 2016, the Committee also considered the NEOs' efforts to successfully refocus the Company on its core assets and business amidst continuing economic challenges and uncertainties. The Committee agreed to award each NEO individual performance bonuses of 60% of each NEO's total annual target bonus, which is 150% of each NEO's 2016 target individual performance bonus of 40%.

CALCULATION OF TOTAL 2016 BONUS.

The bonus actually received by each NEO was determined by adding the corporate / financial performance bonus and the individual performance bonus together. Thus, each NEO earned a total 2016 bonus of approximately 122% of the 2016 target bonus.

LONG-TERM INCENTIVE PLAN

The Company maintains a long-term incentive plan pursuant to which the Company makes annual equity-based compensation awards to the NEOs. The target number of performance shares underlying the long-term incentive equity awards were established in February 2016 for the calendar year 2016. In establishing the equity awards, we considered the qualitative factors discussed in Analysis of Each NEO's Compensation, Mr. Flynn's recommendations, and peer group practices discussed in Comparison to Competitive Market. We also used our business judgment to determine appropriate equity compensation in order to recognize the potential of our executive officers for our business and retain our executive officers for the long term.

For NEOs other than the CEO, approximately 33% of the value of the equity awards granted in 2016 was awarded in the form of time-vesting restricted stock eligible to vest, at the election of the NEO, either in 25% increments on each of the first, second, third and fourth anniversaries of the grant date, or in a single installment on the fourth anniversary of the grant date. For 2016, the time-vesting awards were granted under the Company's 2010 Equity Participation Plan. The actual time-vesting awards granted are set out in the Grants of Plan-Based Awards for 2016 table on page 42. In connection with his election as President and CEO, on January 1, 2016, Mr. Flynn received 100,000 shares of restricted stock which vest 20% each year over five years and 100,000 shares of restricted stock which vest in a single installment on the fifth anniversary of the grant date. As a result of this award, approximately 84% of the value of the equity awards granted to Mr. Flynn in 2016 was awarded in the form of time-vesting restricted stock.

For NEOs other than the CEO, approximately 67% of the value of the equity awards granted in 2016 was awarded in the form of performance shares. For the CEO, approximately 16% of the value of his equity awards granted in 2016 was awarded in the form of performance shares. The performance shares granted in 2016 permit the NEOs to earn vested shares of the Company's Common Stock based on the Company's total stockholder return compared to peers listed in the NAREIT Retail Index over a three-year performance period, which commences with the year of grant. The performance shares granted in 2016 also include the right to receive, if and when the underlying shares are earned, the equivalent value (paid in shares without interest) of dividends declared on the earned shares following issuance of the performance shares and before issuance of any earned stock. The 2016 performance shares provide a target number of shares that may be earned in the performance period if the Company's total stockholder return for the period equals the 50th percentile of its peers listed in the NAREIT Retail Index. The number of performance shares actually earned for the performance period may range between a threshold of 50% of the target number of shares if the Company's total stockholder return for the period is at least in the 25th percentile of its peers listed in the NAREIT Retail Index and a maximum of 150% of the target number of shares for the period if the Company's total stockholder return for the period equals or exceeds the 75th percentile of its peers listed in the NAREIT Retail Index. Linear interpolation is used to determine the shares earned for the performance period if the Company's total stockholder return falls between the threshold, target and maximum percentile levels. If the Company's total stockholder return for the performance period is less than the threshold level, no performance shares are earned or issued for the period.

GLENN G. COHEN

During 2016, Mr. Cohen served as the Company's Executive Vice President, Chief Financial Officer and Treasurer and earned total compensation as set forth in the Summary Compensation Table below.

For Mr. Cohen, the following individual performance factors were considered in determining his compensation:

Contributed to achieving 2016 FFO as adjusted of \$1.50 per diluted share through prepayment of \$428 million of U.S. debt and \$350 million Canadian denominated debt while refinancing at lower rates; tax savings from merging our Taxable REIT subsidiary into the parent REIT; and reduced General and Administrative expenses as well as helped grow U.S. same property NOI by 2.8%.

As a member of the Investment Committee, supported the disposition of 31 U.S. properties for \$410.9 million and 34 Canadian properties for US\$ 571.5 million, as part of our exit from Canada. The proceeds repaid \$776 million of maturing debt and repaid \$400 million of our \$650 million term loan, significantly reduced our cost of capital and extending our weighted average debt maturity profile to 8.7 years at the end of 2016, one of the longest in the REIT industry.

COMPENSATION DISCUSSION & ANALYSIS

COMPARISON TO COMPETITIVE MARKET

We review competitive compensation data from a select group of peer companies and broader survey sources. However, we do not set our NEOs' compensation as a direct function of market pay levels. Instead, we use market data to help confirm that our pay practices are reasonable. For 2016, we reviewed the following REITs with market capitalizations comparable to ours and with whom we compete for executive talent. For 2016, we removed CBL & Associates Properties, Inc. and Marriott International Inc. from our group of peer companies, as we did not believe they should remain in the group due to their size and market focus. For 2016, we added Urban Edge Properties, a new public company that we believe has a market capitalization comparable to us.

ADDITIONAL COMPENSATION CONSIDERATIONS

LONG-TERM INCENTIVES EQUITY AWARDS

Our NEOs are eligible to retire at the earlier of age 65 or 20 years of service to the Company. Messrs. Cooper and Cohen are currently eligible to retire from the Company. See Compensation Tables Assumed Termination for Death, Disability or Retirement for information regarding the amounts each of them would be eligible to receive upon a retirement that occurred December 31, 2016. The Executive Compensation Committee may accelerate equity vesting upon an NEO's retirement or termination at its discretion. We do not maintain special pension plans for our NEOs because we believe the accelerated vesting of certain equity awards in connection with retirement offsets the lack of such plans.

If an NEO holding restricted stock is terminated prior to vesting for reasons other than death, disability, retirement, without cause or change of control, the employee would forfeit the unvested stock. Prior to vesting, recipients of restricted stock may vote the shares and also receive dividends.

EXECUTIVE SEVERANCE PLAN DOUBLE-TRIGGER CHANGE IN CONTROL SEVERANCE ARRANGEMENT

On March 15, 2010, the Executive Compensation Committee adopted the Kimco Realty Corporation Executive Severance Plan, as amended from time to time (the Executive Severance Plan) pursuant to which certain of our NEOs and other members of the Company's senior management are eligible for severance payments if the covered executive's employment is terminated by the Company without Cause or, following a change in control, by the executive for Good Reason (each as defined in the Executive

Severance Plan), subject in all cases to the terms and conditions described in the Executive Severance Plan. Upon a covered termination of employment, a participant will receive two times the sum of (a) the participant's annual base salary and (b) the amount of the participant's annual bonus received in the prior year, payable in equal installments over the two years following the termination or in a lump sum if the termination occurs within two years following a change in control.

Table of Contents

COMPENSATION DISCUSSION & ANALYSIS

The participant will also receive eighteen months of continued participation in the Company's health insurance plans or successor plans (running concurrently with the COBRA period) and accelerated vesting of all unvested stock options and restricted stock awards. In certain circumstances, if a participant would otherwise have incurred excise taxes under Section 4999 of the Internal Revenue Code (Parachute Payment Taxes), his or her payments will be reduced to the safe harbor amount, such that no such excise taxes would be due. The Executive Severance Plan does not provide for any gross-up payments for Parachute Payment Taxes incurred by any participant. Mr. Cooper does not participate in the Company's Executive Severance Plan.

RETIREMENT PLANS

We maintain a 401(k) retirement plan (the 401(k) Plan) in which substantially all employees, including our NEOs, are eligible to participate. The 401(k) Plan permits participants to defer up to a maximum of 100% of their eligible base salary compensation, up to the federal limit. The Company currently makes matching contributions on a dollar-for-dollar basis to all employees contributing to their 401(k) accounts and who have completed one year of employment with the Company, of up to 5% of the employee's base salary compensation (and subject to a maximum of \$8,500 for highly compensated employees). Participants in the 401(k) Plan are not subject to federal and state income tax on salary deferral contributions or Company contributions or on the earnings thereon until such amounts are withdrawn from the 401(k) Plan. Salary reduction contributions are treated as wages subject to FICA and Medicare tax. Withdrawals from the 401(k) Plan may only be made upon termination of employment, or in connection with certain provisions of the 401(k) Plan that permit hardship withdrawals, allow in-service distributions and loans, or require minimum distributions. The 401(k) Plan also includes a Roth 401(k) feature which enables participants to defer some or all of their 401(k) contributions on an after-tax rather than pre-tax basis, allowing for tax-free (federal and most state) distributions on both participant contributions and related earnings at retirement. Generally, participation in the Roth 401(k) allows for tax free distributions if the Roth account has been in place for 5 years and the participant has attained age 59 ½. We do not maintain any other retirement plans for our NEOs or employees. The Company does not provide any pension benefits or any nonqualified deferred compensation to its NEOs or employees.

TAX AND ACCOUNTING CONSIDERATIONS

The recognition or deferral of period expense in our financial statements did not factor into the allocation of compensation among base salary, bonus and equity awards for 2016. Cash salary and bonuses are charged as an expense in the period in which the amounts are earned by the NEO.

Certain provisions of the Internal Revenue Code may affect compensation decisions. Section 409A of the Internal Revenue Code, which governs the form and timing of payment of deferred compensation, imposes sanctions, including a 20% penalty and an interest penalty, on the recipient of deferred compensation that does not comply with Section 409A. The Committee takes into account the implications of Section 409A in determining the form and timing of compensation awarded to our executives and strives to structure any nonqualified deferred compensation plans or arrangements to be exempt from or to comply with the requirements of Section 409A.

Section 280G of the Internal Revenue Code disallows a company's tax deduction for payments received by certain individuals in connection with a change in control to the extent that the payments exceed an amount approximately equal to three times their average annual compensation, and Section 4999 of the Internal Revenue Code imposes a 20% excise tax on those payments. The Committee takes into account the implications of Section 280G in determining potential payments to be made to our executives in connection with a change in control. Nevertheless, to the extent that certain payments upon a change in control are classified as excess parachute payments, such payments may not be deductible pursuant to Section 280G.

PERQUISITES

We do not believe we treat our NEOs materially differently from our other senior employees with respect to perquisites. We provided the following additional perquisites to our NEOs in 2016:

We provided Mr. Cooper with the use of a car and driver to travel for Company business. Other employees may use this benefit for Company business when this car is not in use by Mr. Cooper. We also provided Mr. Flynn with the use of a car to conduct his duties as an executive officer of the Company. In 2016, Messrs. Cooper and Flynn were allowed to use the car without a driver for personal use. In 2016, Mr. Cohen received a car allowance in the amount of \$10,920. We also provide car allowances to certain

of our other officers.

We provide certain of our officers (including all NEOs) a limited long-term care benefit of \$3,500 per month as part of a group policy. These individuals may elect to purchase additional long-term care insurance at their own cost.

(1) Amounts reflect the compensation cost to the Company in 2016, 2015 and 2014 of the equity awards based on the aggregate grant date fair value calculated in accordance with the provision of FASB ASC 718, excluding the effect of estimated forfeitures. Fair value is determined, depending on the type of award, using the closing price on the date immediately preceding the grant date or the Monte Carlo method, both of which are intended to estimate the fair value of the awards at the grant date. The assumptions used by the Company in calculating these amounts are incorporated herein by reference to Note 21 to Consolidated Financial Statements in the Company's annual report on Form 10-K for the year ended December 31, 2016 (the "2016 Form 10-K"). The maximum possible value of the 2016 performance shares, based on the closing price per share of our Common Stock on the date they were granted (\$26.29), was as follows: \$1,200,007 for Mr. Cooper; \$1,550,190 for Mr. Flynn and \$1,200,007 for Mr. Cohen. For additional information regarding the equity awards granted to the NEOs in 2016 refer to the 2016 Grants of Plan-Based Awards table.

(2) The Company provided Mr. Cooper with the use of a car and driver to travel for Company business. The Company also provided Mr. Flynn with the use of a car to conduct his duties as an executive officer of the Company. In 2016, Messrs. Cooper and Flynn were allowed to use the car without a driver for personal use. Mr. Cohen received a car allowance in the amount of \$10,920 for the year 2016. The NEOs' drivers are employees who have additional responsibilities at the Company. In 2016, the Company calculated the cost of this perquisite by prorating the cost of each driver's base salary to reflect the amount of the employee's working time used driving the NEOs for personal commuting. The Company also included the pro-rated value of the NEOs' cars in the cost of the perquisite based on leased value and usage. Accordingly, the aggregate incremental cost of this perquisite to the Company in 2016 for Messrs. Cooper and Flynn was \$22,882 and \$20,281, respectively. The policy on the use of the cars for 2016, 2015 and 2014 is outlined below:

- the cars and drivers were available, when not in use by the foregoing executive officers, for other employees conducting Company business;
- these services were also available under certain circumstances to third parties involved in Company business at the Company's New Hyde Park location;
- the cars and drivers were used from time to time for deliveries and other transportation of documents or other materials; and
- the cars were available to these officers with drivers for commuting and business related travel and without drivers for personal use.

(3) The Company's policy on paid time off provides employees having attained 10 years of service one week of pay in lieu of one additional week of paid time off annually. Messrs. Flynn and Cohen each received such payment in the amount of \$16,346 and \$12,500, respectively. Mr. Cooper is excluded from this paid time off benefit.

Unless otherwise noted, restricted stock awards vest in 25% increments on each of the first, second, third and fourth anniversaries of the grant date, subject to continued employment with the Company on the applicable vesting date. Messrs. Cooper and Flynn both elected for their respective stock awards to instead vest entirely on the fourth anniversary of the grant date, subject to continued employment with the Company on the applicable vesting date. Mr. Flynn also received two grants of time-vesting restricted stock on January 1, 2016 in connection with his election as President and CEO for which, one award vests in 20% increments on each of the first five anniversaries of the grant date, while the second award vests in a single installment on the fifth anniversary of the grant date.

(3) Fair value is determined, depending on the type of award, using the Monte Carlo method or the closing price per share of our Common Stock on the date immediately preceding the grant date, which are intended to estimate the grant date fair value of the performance shares and restricted stock, respectively. The assumptions used by the Company in calculating these amounts are incorporated herein by reference to Note 21 to Consolidated Financial Statements in the Company's 2016 Form 10-K.

(4) The actual payout amounts are set out in the Summary Compensation Table.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Please see "Additional Compensation Considerations," "Executive Severance Plan," "Double-Trigger," "Change in Control Severance Arrangement" above for a discussion of certain compensation and benefits which our NEOs would receive upon a termination or change in control. None of the NEOs have "single trigger" arrangements that entitle them to benefits solely due to a change in control. However, upon a change in control, our performance share awards would be evaluated based on a shortened performance period ending on the date of the change in control, and any resulting restricted stock as well as any other unvested shares of restricted stock would, if not assumed in the change in control, automatically vest in full.

Table of Contents**COMPENSATION TABLES****ASSUMED TERMINATION WITHOUT CAUSE**

The following table was prepared as though each of the NEOs had been terminated without Cause on December 31, 2016. The assumptions and valuations are noted in the footnotes to the table.

-	-	2,608,991	-	-	2,608,991
1,700,000	1,987,160	9,158,492	1,404	52,789	12,899,845
1,300,000	1,192,296	2,853,949	-	52,789	5,399,034

(1) In accordance with the Executive Severance Plan, Messrs. Flynn and Cohen are entitled to 2 times their base salary plus bonus upon a termination without Cause.

(2) In accordance with the Executive Severance Plan, 2015 (prior year) bonus amounts are used for the bonus component in this table.

(3) In accordance with the Executive Severance Plan, Messrs. Flynn and Cohen are entitled to full vesting of annual restricted stock awards, with the exception of retention awards, upon a termination without Cause. In addition, each NEO would remain eligible to earn and be issued the portion of the 2014 performance shares that relate to the 2014-2016 performance period, would remain eligible to earn and be issued the portion of the 2015 performance shares that relate to the 2015-2016 performance period and the 2015-2017 performance period, and would remain eligible to earn and be issued the portion of the 2016 performance shares that relate to the 2016-2018 performance period. The actual number of shares earned and issued would depend on the Company's total stockholder return during the performance periods. Assuming performance at target level and based on the market price of our stock on December 31, 2016 (\$25.16), the total performance share values, disregarding any discount for the time-value of money, would be \$1,365,785 for Mr. Cooper, \$1,660,157 for Mr. Flynn and \$1,265,800 for Mr. Cohen.

(4) Under the Executive Severance Plan, a termination without Cause would result in acceleration of all stock options awards. Amount was determined by subtracting the option strike price from the market price of the stock on December 31, 2016 (\$25.16), multiplied by the number of shares for all unvested options as of December 31, 2016 that were in the money.

(5) Amounts are based on the cost of coverage during 2016.

(6) In certain circumstances, these amounts may be reduced so as to avoid any potential issues relating to Section 280G or excise taxes imposed under Section 4999 of the Internal Revenue Code. See Additional Compensation Considerations - Tax and Accounting Considerations and Additional Compensation Considerations Executive Severance Plan Double-Trigger Change in Control Severance Arrangement.

(7) Mr. Cooper does not participate in the Company's Executive Severance Plan. Mr. Cooper qualifies for Retirement under the terms of his equity award agreements. Accordingly, all of his equity awards would become fully vested upon the termination of his employment without Cause.

ASSUMED TERMINATION FOR DEATH, DISABILITY OR RETIREMENT

The following table was prepared as though each of the NEOs had been terminated due to death, disability or retirement on December 31, 2016. The assumptions and valuations are noted in the footnotes to the table.

2,608,991	-	2,608,991
10,039,092	1,404	10,040,496
4,111,949	-	4,111,949

(1) The vesting of Mr. Cooper's 49,412, Mr. Flynn's 333,026 and Mr. Cohen's 113,122 unvested time-based shares of restricted stock would accelerate as a result of termination due to death or disability. Messrs. Cooper and Cohen would also be entitled to these amounts on retirement. In addition, each NEO would remain eligible to earn and be issued the portion of the 2014 performance shares that relate to the 2014-2016 performance period, would remain eligible to earn and be issued the portion of the 2015 performance shares that relate to the 2015-2016 performance period and the 2015-2017 performance period, and would remain eligible to earn and be issued the portion of the 2016 performance shares that relate to the 2016-2018 performance period. The actual number of shares earned and issued would depend on the Company's total stockholder return during the performance periods. Assuming performance at target level and based on the market price of our stock on December 31, 2016 (\$25.16), the total performance share values, disregarding any discount for the time-value of money, would be \$1,365,785 for Mr. Cooper, \$1,660,157 for Mr. Flynn and \$1,265,800 for Mr. Cohen.

(2) Under the stock option agreements, termination due to death or disability would result in acceleration of stock options. Amount was determined by subtracting the option strike price from the market price of the stock on December 31, 2016 (\$25.16), multiplied by the number of shares for all unvested options as of December 31, 2016 that were in the money. Messrs. Cooper and Cohen would also be entitled to these amounts on retirement.

(3) The vesting of Mr. Flynn's retention award of 35,000 restricted shares and Mr. Cohen's retention award of 50,000 restricted shares would accelerate as a result of termination due to death or disability only. As of December 31, 2016, the value of Mr. Flynn's and Mr. Cohen's retention awards was \$880,600 and \$1,258,000, respectively.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company reviews all relationships and transactions in which the Company and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. Our current written policies and procedures for review, approval or ratification of relationships or transactions with related persons are set forth in our:

- Code of Conduct;
- Corporate Governance Guidelines;
- Nominating and Corporate Governance Committee Charter; and
- Audit Committee Charter.

Our Code of Conduct applies to all of our directors and employees. Review and approval of potential conflicts of interest involving our directors, executive officers or other principal officers may only be conducted by our Board of Directors. A copy of the Company's Code of Conduct is available through the Investors/Governance/Governance Documents section of the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

Our Corporate Governance Guidelines provide that the Nominating and Corporate Governance Committee will review annually the relationships that each director has with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company), in the course of making independence determinations under the Company's categorical independence standards for directors and the NYSE listing standards. Directors are expected to avoid any action, position or interest that conflicts with the interests of the Company or gives the appearance of a conflict. If an actual or potential conflict of interest develops, the director should immediately report the matter to the Chairman of the Board of Directors. Any significant conflict must be resolved or the director should resign. If a director has a personal interest in a matter before the Board of Directors, the director will disclose the interest to the Board of Directors, excuse himself or herself from discussion on the matter and not vote on the matter. The Corporate Governance Guidelines further provide that the Board of Directors is responsible for reviewing and, where appropriate, approving major changes in and determinations under the Company's Corporate Governance Guidelines, Code of Conduct and other Company policies. The Corporate Governance Guidelines also provide

that the Board of Directors has the responsibility to ensure that the Company's business is conducted with the highest standards of ethical conduct and in conformity with applicable laws and regulations.

Our Nominating and Corporate Governance Committee Charter provides that the Committee will, at least annually, review the relationships that each director has with the Company (either directly or as a partner, stockholder or officer of an organization that has a relationship with the Company). In addition, the Company's legal staff, including its outside legal advisers, is primarily responsible for obtaining information through questionnaires and other procedures from the directors and executive officers with respect to related-person transactions and then determining whether the Company or a related person has a direct or indirect material interest in the transaction. As required under SEC rules, transactions that are determined to be directly or indirectly material to the Company or a related person are disclosed in the Company's Proxy Statement.

Pursuant to the Audit Committee Charter and the Audit Committee's policy regarding related-person transactions, as recorded in its minutes, the Audit Committee reviews and approves or ratifies related-person transactions that are required to be disclosed as well as all other related-person transactions identified to the Audit Committee by management or the Company's internal audit function. In the course of its review and approval or ratification of a related-party transaction for which disclosure is required, the Audit Committee routinely considers: the nature of the related-person's interest in the transaction; the material terms of the transaction; the importance of the transaction to the related person and to the Company and the extent to which such transaction would impair the judgment of a director or executive officer to act in the best interest of the Company; and any other matters deemed appropriate by the Audit Committee. All related-party transactions described in this Proxy Statement have been reviewed in accordance with this policy.

AUDIT COMMITTEE REPORT

The Audit Committee (the "Audit Committee") of the Board of Directors (the "Board of Directors") of Kimco Realty Corporation, a Maryland Corporation (the "Company"), is responsible for providing objective oversight of the Company's financial accounting and reporting functions, system of internal control and audit process. During 2016, all of the directors who served on the Audit Committee were independent as defined under the current listing standards of the New York Stock Exchange. The Audit Committee operates under a written charter adopted by the Board of Directors. A copy of the Audit Committee Charter, as amended, is available on the Company's website located at www.kimcorealty.com and is available in print to any stockholder who requests it.

Management of the Company is responsible for the Company's system of internal control and its financial reporting process. The independent registered public accountants, PricewaterhouseCoopers LLP, are responsible for performing an independent integrated audit of the Company's consolidated financial statements and its internal control over financial reporting in accordance with the standards of the Public Company Accounting Oversight Board (United States) and to issue a report thereon. The Audit Committee is responsible for the monitoring and oversight of these processes.

In connection with these responsibilities, the Audit Committee met with management and the Company's independent registered public accounting firm to review and discuss the December 31, 2016 audited consolidated financial statements and the effectiveness of the Company's internal control over financial reporting. The Audit Committee also discussed with the independent registered public accountants the matters required by Auditing Standard No. 1301 (Communications with Audit Committees). The Audit Committee also received written disclosures and the letter from the independent registered public accountants required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and the Audit Committee discussed with the independent registered public accountants their independence.

Based upon the Audit Committee's discussions with management and the independent registered public accountants and the Audit Committee's review of the December 31, 2016 audited consolidated financial statements and the representations of management and required communications from the Company's independent registered public accountants, the Audit Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's annual report on Form 10-K for the year ended December 31, 2016 filed with the Securities and Exchange Commission.

PROPOSAL 2

**ADVISORY RESOLUTION TO APPROVE THE COMPANY'S
EXECUTIVE COMPENSATION**

In accordance with the Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, we are providing our stockholders with a vote for the approval, on a non-binding, advisory basis of the Company's executive compensation as disclosed in this Proxy Statement in accordance with the SEC Rules.

Our Board of Directors is committed to corporate governance best practices and recognizes the substantial interests that stockholders have in executive compensation matters. The Executive Compensation Committee of our Board of Directors has designed our executive compensation programs to achieve the following key objectives:

- Align executive compensation with the Company's and the individual's performance
- Make a substantial portion of total compensation variable with performance
- Provide executives with the opportunity to participate in the ownership of the Company
- Reward executives for long-term growth in the value of our stock
- Link executive pay to specific, measurable results intended to create value for stockholders
- Compensate executives with performance-based awards that depend upon the achievement of established corporate targets
- Reward executives for individual contributions to the Company's achievement of Company-wide performance measures
- Utilize independent compensation consultants and market survey data to understand pay relative to peer companies

We encourage stockholders to review the Compensation Discussion and Analysis section beginning on page 28 of this Proxy Statement, which describes in detail our executive compensation philosophy and the design of our executive compensation programs. Our Board of Directors believes the Company's executive compensation programs are effective in creating value for our stockholders and moving the Company towards realizing its long-term goals.

In accordance with this determination and Section 14A of the Securities Exchange Act of 1934, as amended, (the "Exchange Act"), we are asking our stockholders to approve the compensation of our NEOs by casting a vote "FOR" the following resolution:

RESOLVED, that the Company's stockholders approve, on a non-binding, advisory basis, the compensation of the Company's named executive officers, as disclosed in the Proxy Statement for the 2017 Annual Meeting of Stockholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the Summary Compensation Table and the other related tables and narrative disclosure.

The vote sought by this proposal is advisory and not binding on the Company, the Board of Directors or the Executive Compensation Committee. Although the vote is advisory and

non-binding, the Company, the Board of Directors and the Executive Compensation Committee value the input of the Company's stockholders, and the Executive Compensation Committee will consider the outcome of the vote when making future executive compensation determinations. The timing of the next Say-on-Pay advisory vote will be determined after the Company reviews the voting results of Proposal 3 as described on the next page.

VOTE REQUIRED

The vote on the advisory resolution to approve the Company's executive compensation requires the affirmative vote of a majority of the votes cast on the matter. For purposes of this advisory vote, abstentions and broker non-votes will not be counted as votes cast

and will have no effect on the result of the vote.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE ADVISORY RESOLUTION TO APPROVE THE COMPANY'S EXECUTIVE COMPENSATION, AS DISCLOSED IN THIS PROXY STATEMENT PURSUANT TO THE COMPENSATION DISCLOSURE RULES OF THE SECURITIES AND EXCHANGE COMMISSION.

PROPOSAL 3

ADVISORY VOTE ON THE FREQUENCY OF FUTURE SAY-ON-PAY VOTES

In accordance with the Dodd-Frank Act, we are providing our stockholders with a non-binding advisory vote on whether future advisory votes on executive compensation of the nature reflected in Proposal 2 above should occur every year, every two years or every three years.

After careful consideration, the Board of Directors recommends that stockholders vote for **EVERY YEAR** as the frequency of future Say-on-Pay votes. Annual advisory votes on executive compensation allow our stockholders to provide us with their direct input on our compensation philosophy, policies and practices as disclosed in the proxy statement each year and are consistent with our policy of seeking input from, and engaging in discussions with, our stockholders on corporate governance matters and our executive compensation philosophy, policies and practices.

Stockholders may indicate their preferred voting frequency by choosing the option of every year, every two years or every three years or Stockholders may abstain from voting. Stockholders are not voting to approve or disapprove the Board of Directors recommendation, and should instead select their preferred voting frequency. This advisory vote on the frequency of future Say-on-Pay votes is not binding on the Company and the Board of Directors.

Although the vote is advisory and non-binding, the Board of Directors will carefully consider the outcome of the vote. Notwithstanding the outcome of the vote or the Board of Directors' recommendation, the Board of Directors may decide to conduct future Say-on-Pay votes on a more or less frequent basis and may vary its practice based upon any relevant factors including discussions with the Company's stockholders or material changes to the Company's executive compensation programs.

VOTE REQUIRED

The option of every year, every two years or every three years that receives a majority of the votes cast on the matter will be the frequency for future Say-on-Pay votes that is recommended by our stockholders. In the event that no option receives a majority of the votes cast, we will consider the option that receives the most votes to be the option recommended by stockholders. For purposes of this advisory vote, abstentions and broker non-votes will not be counted as votes cast and will have no effect on the result of the vote.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR **EVERY YEAR AS THE FREQUENCY OF FUTURE SAY-ON-PAY VOTES.**

(2) All other fees consisted of fees billed for other products and services. The fees relate to a publication subscription service and software licensing for accounting and professional standards.

POLICY ON AUDIT COMMITTEE PRE-APPROVAL OF AUDIT AND NON-AUDIT SERVICES OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent registered public accounting firm retained to audit the Company's financial statements. The Audit Committee is responsible for the audit fee negotiations associated with the Company's retention of PricewaterhouseCoopers LLP. The Audit Committee has established a policy regarding pre-approval of all audit and non-audit services provided by the independent registered public accountants.

On an ongoing basis, management communicates specific projects and categories of services for which the advance approval of the Audit Committee is requested. The Audit Committee reviews these requests and advises management if the Audit Committee approves the engagement of the independent registered public accountants. On a periodic basis, management reports to the Audit Committee regarding the actual spending for such projects and services as compared to the approved amounts. The Audit Committee may also delegate the ability to pre-approve audit and permitted non-audit services to a subcommittee consisting of one or more members, provided that such pre-approvals are reported on at a subsequent Audit Committee meeting. All services performed for 2016 and 2015 were pre-approved by the Audit Committee.

PROPOSAL 4

RATIFICATION OF APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee has appointed PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2017. PricewaterhouseCoopers LLP has been retained as the Company's external auditor continuously since 1986. In order to assure continuing auditor independence, the Audit Committee periodically considers whether there should be a regular rotation of the independent registered public accounting firm. Additionally, in conjunction with the mandated rotation of the independent registered public accounting firm's lead engagement partner, the Audit Committee and its chairperson are directly involved in the selection of PricewaterhouseCoopers LLP's new lead engagement partner. The members of the Audit Committee and the Board of Directors believe that the continued retention of PricewaterhouseCoopers LLP to serve as the Company's independent registered public accounting firm is in the best interests of the Company and its stockholders.

VOTE REQUIRED

The ratification of the appointment of our independent registered public accounting firm requires the affirmative vote a majority of the votes cast on the matter. For purposes of this proposal, abstentions will not be counted as votes cast and will have no effect on the result of the vote. Because brokers have discretionary voting authority with regard to this proposal under the rules of the New York Stock Exchange, we do not expect any broker non-votes.

**THE BOARD OF DIRECTORS AND THE AUDIT COMMITTEE UNANIMOUSLY RECOMMEND A VOTE FOR THE
RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT
REGISTERED PUBLIC ACCOUNTING FIRM FOR 2017.**

OTHER MATTERS

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's directors and officers and persons who own more than 10% of a registered class of the Company's equity securities, to file reports (Forms 3, 4 and 5) of the ownership and changes in the ownership of such equity securities with the SEC and the NYSE. Directors, officers and beneficial owners of more than 10% of the Company's stock are required by SEC regulation to furnish the Company with copies of all such forms which they file.

Based solely on the Company's review of the copies of Forms 3, 4 and 5 and amendments thereto received by it for the year ended December 31, 2016, or written representations from certain reporting persons that no such forms were required to be filed by those persons, the Company believes that during the year ended December 31, 2016, all such filings under Section 16(a) of the Exchange Act were filed on a timely basis by its directors, officers, beneficial owners of more than 10% of shares of Common Stock and other persons subject to Section 16(a) of the Exchange Act other than two gifts of shares by a foundation controlled by Milton Cooper during 2015, which gifts were subsequently disclosed on a Form 4 filed on March 15, 2017.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During 2016, Messrs. Grills, Coviello, Dooley, Lourenso and Saltzman and Ms. Nicholas served on the Executive Compensation Committee of the Company. No member of the Executive Compensation Committee was, during 2016, an officer or employee of the Company or was formerly an officer of the Company. See the discussion of certain relationships and related transactions beginning on page 48, some of which involve members of the Executive Compensation Committee. In addition, proponents must provide all of the information required by our current Bylaws. We also may require any proposed nominee to furnish such other information as may be reasonably required to determine whether the proposed nominee is eligible to serve as a director or that could be material to a reasonable stockholder's understanding of the nominee's independence or lack thereof. We calculate Combined Same Property NOI (a non-GAAP financial measure within the meaning of the rules of the SEC) using revenues from rental properties (excluding straight-line rents, lease termination fees, above/below market rents and including charges for bad debt) less operating and maintenance expense, real estate taxes, rent expense and the impact for foreign currency exchange rate movements, plus the Company's proportionate share of Combined Same Property NOI from unconsolidated real estate joint ventures, calculated on the same basis. The effect of foreign currency exchange rate movements is determined by using the current period exchange rate to translate from local currency into U.S. dollars for both periods. We also present U.S. Same Property NOI, which excludes the impact of foreign currency exchange rates and our Canadian operations from Combined same property NOI. We provide U.S. Same Property NOI because we believe such measure is frequently used by securities analysts and investors as a valuable measure of period-to-period U.S. operating performance.

Our method of calculating Combined Same Property NOI and U.S. Same Property NOI may differ from methods used by other REITs and, accordingly, may not be comparable to such other REITs. We believe that Combined Same Property NOI and U.S. Same Property NOI are important metrics in determining the success of our business as a real estate owner and operator. See the reconciliations to the applicable GAAP measure below.

We calculate funds from operations (FFO) (a non-GAAP financial measure within the meaning of the rules of the SEC) from net income available to the Company's common stockholders, as shown on our Consolidated Statements of Operations, excluding (i) gains or losses from sales of operating real estate assets and change in control of interest, (ii) impairments of depreciable real estate and (iii) impairments of non-consolidated entities that are in-substance real estate investments, plus depreciation and amortization, after adjustments for unconsolidated partnerships and joint ventures. We present FFO as adjusted as an additional supplemental measure as we believe it is more reflective of the Company's core operating performance. We believe FFO as adjusted provides investors and analysts an additional measure in comparing the Company's performance across reporting periods on a consistent basis by excluding items that we do not believe are indicative of our core operating performance. We calculate FFO as adjusted, (a non-GAAP financial measure within the meaning of the rules of the SEC) starting with the calculation of FFO as described previously and excluding the effects of certain transactional income and expenses and non-operating impairments.

Our method of calculating FFO and FFO as adjusted may be different from methods used by other REITs and, accordingly, may not be comparable to such other REITs. We believe that FFO and FFO as adjusted, are important metrics in determining the success of our business as a real estate owner and operator.
