This Proxy Statement is expected to be mailed to stockholders of record on or about March 29, 2005.

SOLICITATION AND REVOCATION

Proxies in the form enclosed are solicited by and on behalf of the Board of Directors. The persons named in the proxy form have been designated as proxies by the Board of Directors. Shares represented by properly executed proxies received will be voted at the Meeting in accordance with the instructions you specify in the proxy. If you do not give instructions to the contrary, each proxy received will be voted for the matters described below. Any proxy given as a result of this solicitation may be revoked, at any time before it is exercised, by the stockholder in the following manner: (i) submitting a written notification to the Secretary of First BanCorp, (ii) submitting a duly executed proxy bearing a later date, or (iii) appearing at the Annual Meeting and giving proper notice to the Secretary of his or her intention to vote in person. The proxies that are being solicited may be exercised only at the Annual Meeting of First BanCorp or at any adjournment of the Meeting.

Each proxy solicited hereby gives discretionary authority to the Board of Directors of the Corporation to vote the proxy with respect to (i) the election of any person as director if any nominee is unable to serve, or for good cause will not serve; (ii) matters incident to the conduct of the meeting; (iii) the approval of minutes of the previous Annual Meeting held on April 29, 2004; and (iv) such other matters as may properly come before the Annual Meeting. VOTING SECURITIES

The Board of Directors has fixed the close of business on March 14, 2005, as the record date for the determination of stockholders entitled to receive notice of, and to vote at, the Annual Meeting of Stockholders. At the close of business on the record date there were 40,393,155 shares of the issued and

Edgar Filing: FIRST BANCORP /PR/ - Form DEF 14A

outstanding common stock of the Corporation in circulation, each of which is entitled to one vote at the Annual Meeting.

The presence, either in person or by proxy, of at least a majority of the Corporation's issued and outstanding shares of common stock in circulation is necessary to constitute a quorum. For purposes of determining quorum, abstentions and broker non-votes will be treated as shares that are present and entitled to vote. A broker non-vote results when a broker or nominee has expressly indicated that it does not have discretionary authority to vote on a particular matter. Action with respect to Proposal 1: Election of three Directors for a three year term, Proposal 2: Ratification of Appointment of Independent Registered Public Accounting Firm shall be taken by a majority of the total votes present in person or by proxy and entitled to vote. Therefore, as to such prospect, abstentions and broker non-votes will have the same effect as a vote against the proposals. Each share of common stock is entitled to one vote for the proposals to be considered.

STOCK OPTION PLAN

The Stock Option Plan is intended to encourage optionees to remain in the employ of the Corporation, the Bank or its subsidiaries and to assist the Board of Directors and Management in its efforts to attract and to recruit qualified officers to serve the Corporation, the Bank or its subsidiaries. The stock subject to such stock options shall be authorized but unissued shares of the Corporation's \$1.00 par value common stock.

The Plan is administered by the Compensation and Benefits Committee (the "Committee"). Please see the Compensation and Benefits Committee section for detailed description of its functions and responsibilities. The Committee has discretion to select which eligible persons will be granted stock options, the number of shares of common stock that may be subject to such options, whether stock appreciation rights will be granted for such options and, generally, to determine the terms and conditions in accordance with the Plan. The Plan also provides for proportionate adjustments in the event of changes in capitalization resulting from, among other things, merger, consolidation, reorganization, recapitalization, reclassification, and stock dividends or splits. All options must be granted within ten years of the effective dates of the Plan. All options granted expire on the date specified in each individual option agreement, which date will not be later than the tenth anniversary of the date the option was granted. An eligible person may hold more than one option at a time. The purchase price of options granted shall not be less than the fair market value of the Corporation's common stock at the date of the grant.

The Plan may be amended at any time by the Board of Directors, subject to any applicable regulatory limitation or regulatory approval requirement. However, shareholder approval is required if an amendment increases the number of shares of common stock that may be subject to options, materially changes the eligibility criteria, changes the minimum purchase price or increases the maximum term of the options.

The Plan also provides that no person shall be eligible for a stock option grant if at the date of such grant such person beneficially owns more than ten percent (10%) of the outstanding common stock of the Corporation. In addition, pursuant to the change of control provisions contained in Section 12 of the Banking Law of Puerto Rico, as amended (7 L.P.R.A. 39), to the extent that by the exercise of an option a person would acquire the beneficial ownership of five percent (5%) or more of the issued and outstanding common stock of the Corporation, such person must obtain the approval of the Commissioner of Financial Institutions of Puerto Rico prior to the exercise of such option. Options granted under the Plan are not transferable other than by will or the laws of descent and distribution. During the life of the optionee, the options may be exercised only by such optionee. In the event of the death or disability of an optionee, options may be exercised whether or not exercisable at the time of such death or disability within one year after the date of such death or disability, but not later than the date the option would otherwise have expired.

If the employment of an employee is terminated by retirement in accordance with the Corporation's normal retirement policies or is voluntarily or involuntarily terminated within one year after the date of a change in control, the option may be exercised within three months of such occurrence whether or not the option is exercisable at such time, but not later than the date that the

Edgar Filing: FIRST BANCORP /PR/ - Form DEF 14A

option would otherwise have expired.

Options may be exercised by payment of the fair market price per share established in the Option Agreement, as adjusted for any changes in capitalization, if applicable. Payment may be in cash or at the election of the optionee, common stock of the Corporation having an aggregate fair market value equal to or less than the total option price (i.e. purchase price multiplied by the number of shares bought), plus cash. At the discretion of the Committee, the optionee could be granted stock appreciation rights with respect to an option.

In April 1987, the Stockholders ratified the Corporation's first Stock Option Plan (the "1987 Plan"), which expired on January 21, 1997. As of such expiration date, no new options have been granted under the expired 1987 Plan. On April 19, 1997, the Stockholders ratified a new Stock Option Plan (the "1997 Plan"), for which 2,898,704 shares were set aside. As of December 31, 2004, there were a total of 2,394,030 shares subject to unexercised options granted under the 1997 Plan. Except to the extent limited by the Puerto Rico Internal Revenue Code of 1994, as amended, all outstanding options are now exercisable.

OPTION/GRANTS IN LAST FISCAL YEAR

The table set forth below discloses the information regarding the stock options granted to the Corporation's Chief Executive Officer and the most highly paid executives during 2004.

| NAME | SHARES UNDERLYING OPTIONS/SAR GRANTED 2004 | % GRANTED IN FISCAL 2004 | EXERCISE BASE PRICE (\$) |
|-----------------------|---|-----------------------------|-----------------------------|
| Angel Alvarez-Perez | 180,000 | 38.64% | \$ 42.90 |
| Annie Astor-Carbonell | 36,000 | 7.73% | \$ 42.90 |
| Luis M. Beauchamp | 38,400 | 8.24% | \$ 42.90 |
| Aurelio Aleman | 36,000 | 7.73% | \$ 42.90 |
| Fernando L. Batlle | 36,000 | 7.73% | \$ 42.90 |
| Dacio Pasarell | 12,000 | 2.58% | \$ 42.90 |
| Randolfo Rivera | 30,000 | 6.43% | \$ 42.90 |

*As permitted by SEC rules the Black/Scholes pricing model was used to value these stock options. It should be noted that this model is only one method of valuing options and First BanCorp's use of the model is not an endorsement of its accuracy. The actual value of the options may be significantly different, and the value actually realized, if any, will depend upon the excess of the market value of the common stock over the option exercise price and the time of exercise. Options granted on February 20, 2004, were granted at \$42.90. All options were granted at the market price of First BanCorp's common stock on the day of the grant. All options were granted for a term of ten years and, except to the extent limited by law, are exercisable at any time during the term of the option. In calculating the value of such option, the following assumptions were made:

- o Estimated time until exercise of 3.28 years for all options granted during fiscal 2004.

Edgar Filing: FIRST BANCORP /PR/ - Form DEF 14A

- o The risk-free rate, which was obtained from U.S. Federal Government obligations maturing close to the estimated time until exercise of the option is 2.362% for options granted on February 20, 2004.
- o Volatility assumption is the historical price volatility of the corporation's closing stock price as measured by standard deviation of day-to-day logarithmic price changes. The volatility for the options granted on 02/20/04 is 28.556%.
- o Based on the above assumptions, the theoretical value of the stock options granted on 2/20/04 is \$9.115. These valuations do not take into account the non-transferability provisions of the Stock Option Plan.

At the close of business on December 31, 2004, the closing price of First BanCorp's common stock was \$63.51.
