Start up of FPSO BW Cidade de São Vicente at well RJS-647 in

Santos Basin Pre-Salt

Rio de Janeiro, March 2nd, 2012 -Petróleo Brasileiro S.A. – Petrobras announces the start up of FPSO BW Cidade de São Vicente at the Iracema area (Block BM-S-11), in the pre-salt layer of Santos Basin. The platform was connected to well RJS-647, at a water depth of 2,212 meters.

The platform will operate in the area for approximately six months, gathering technical data on of reservoir behavior and oil flow in the subsea lines, amongst other data. The information gathered will support the development of the final production system, expected to be in operation by the end of 2014, with the installation of FPSO Cidade de Mangaratiba.

During the test period, the well is expected to produce a restricted flow of some 10,000 barrels of oil per day. The project is being developed by the consortium formed by Petrobras (Operator, with a stake of 65%), BG E&P Brasil Ltda. - BG Group (25%) and Petrogal Brasil S.A. (10%).

FORWARD-LOOKING STATEMENTS

This press release may contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended (Securities Act), and Section 21E of the Securities Exchange Act of 1934, as amended (Exchange Act) that are not based on historical facts and are not assurances of future results. These forward-looking statements are based on management's current view and estimates of future economic circumstances, industry conditions, company performance and financial results. The words "anticipates", "believes", "estimates", "expects", "plans" and similar expressions, as they relate to the company, are intended to identify forward-looking statements. Statements regarding the declaration or payment of dividends, the implementation of principal operating and financing strategies and capital expenditure plans, the direction of future operations and the factors or trends affecting financial condition, liquidity or results of operations are examples of forward-looking statements. Such statements reflect the current views of management and are subject to a number of risks and uncertainties. There is no guarantee that the expected events, trends or results will actually occur. The statements are based on many assumptions and factors, including general economic and market conditions, industry conditions, and operating factors. Any changes in such assumptions or factors could cause actual results to differ materially from current expectations.

All forward-looking statements are expressly qualified in their entirety by this cautionary statement, and you should not place reliance on any forward-looking statement contained in this press release. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information or future events or for any other reason.
